OFFICE OF THE SECRETARY OF DEFENSE
WASHINGTON, DC 20301

MEMORANDUM FOR SECRETARIES OF THE MILITARY DEPARTMENTS
CHAIRMAN, JOINT CHIEFS OF STAFF
DIRECTORS OF DEFENSE AGENCIES

SUBJECT: Designation of Programs for CY 2004 OSD Test and Evaluation (T&E) Oversight

The Department of Defense Instruction (DODI) 5000.2 (Operation of the Defense Acquisition System) instructs the Director, Operational Test and Evaluation and the Director, Defense Systems to jointly publish an annual T&E Oversight List of programs for OSD T&E oversight.

The attached list identifies these programs and specifies developmental, operational, and live fire T&E oversight requirements as of January 2004. This list supersedes all previous versions of the OSD T&E Oversight List. OSD will update the list as necessary during the year.

Designated programs are subject to DODI 5000.2 requirements pertaining to T&E Strategies, Test and Evaluation Master Plans (TEMPs), Operational T&E Plans, and reporting test results.

To accomplish the oversight mission, program offices shall submit appropriate supporting program documentation (including, but not limited to, the Operational Requirements Document/capability documents, Analysis of Alternatives, DIA approved System Threat Assessment, Acquisition Program Baseline, and developmental test reports) to OSD for each program on the list. Services/agencies will submit all TEMPs for programs on the Oversight List to DD,DT&E (Pentagon Room 2B278) for OSD approval processing.

Electronic Warfare programs on the oversight listed (identified by Note 2) shall submit their congressionally mandated annual progress report on the implementation of the DoD T&E Process for EW Systems to DD, DT&E (Pentagon Room 2B278).

EW PROGRAM REPORTING PROCEDURE

BACKGROUND: In compliance with Public Law 103-160-Nov. 30, 1993, OSD must report to Congress on progress toward implementing the DOD T&E Process for EW systems. For EW acquisition programs under OSD T&E oversight, the Services shall provide input to OSD by completing and forwarding this report at the end of each fiscal year. Originator may exceed the one page format shown as Attachment 3, as necessary. Report should be submitted through the respective Service Acquisition Executive to OUSD (AT&L)/DS/SE/DT&E. The DT&E will process the report data for input to the Joint Command and Control Warfare Center (JC2WC) for inclusion in the annual DOD EW Plan.

PROGRAM NAME: State complete name, including A/N nomenclature.

DATE OF REPORT: Indicate date report completed by the PM.

REPORTING PERIOD: Preceding fiscal year just completed.

FOR THE SYSTEM UNDER TEST, DESCRIBE THE T&E PROCESS APPLIED: List the current milestone, phase, and T&E process steps in progress. Describe the DT and/or OT for the T&E process steps in progress or completed during the reporting period. For Step 3 of the process, emphasize the test events conducted and report conformance to or deviation from the planned test events leading to the next acquisition milestone.

FOR THE SYSTEM UNDER TEST, ASSESS OVERALL RESULTS OF THE T&E PROCESS WITH REGARD TO:

TEST METHODOLOGY - Assess T&E planning, management, including how this interrelates with other programs, use of government and contractor testers and evaluators, use of management tools and techniques, etc.

TEST RESULTS - Indicate system demonstration or compliance with technical and operational performance criteria.

MAJOR ISSUES - Indicate major issues affecting testing, such as availability of resources, schedules, critical test assets, scope of testing, etc.

POTENTIAL DELAYS - For the above categories and their criteria, indicate problems which may result in testing or program delays.

FOR THE SYSTEM UNDER TEST, STATE ADEQUACY OF T&E RESOURCES - Indicate the adequacy of the resources to conduct T&E, defined in terms of the items listed in Part V of the TEMP.

FEEDBACK: Include suggestions for improving the T&E process and/or this report format and its utilization.

SUBMISSION: In order to meet the FY04 EW Plan publication schedule, Service reports must arrive at DT&E no later than December 1, 2004.
