

## **DD(X) Program Acquisition Decision Information Paper**

The Under Secretary of Defense for Acquisition, Technology, and Logistics (USD(AT&L)) signed an Acquisition Decision Memorandum (ADM) stating that any change to the DD(X) Acquisition Strategy (AS) is premature at this time. In order to aid in a final decision on the AS, the Navy is authorized to send out a draft Request for Proposal (RFP) to industry to seek further input on the issue.

The Navy is also authorized to separate the system development and software development contracts from the Shipbuilder Detail Design effort to help ensure that all shipbuilder AS options are preserved.
