

**Expeditionary Fighting Vehicle (EFV)  
Program Acquisition Decision Information Paper**

On October 28, 2004, the Acting Under Secretary of Defense for Acquisition, Technology, and Logistics (USD(AT&L)) signed an Acquisition Decision Memorandum (ADM) approving the Navy's updated Exit Criteria for the System Design and Development (SDD) Phase for the EFV.

The updated Exit Criteria removes the Ballistic Vulnerability Test (BVT) from the required actions before reaching a Milestone C decision. The new Test and Evaluation Master Plan precludes the need for the BVT test.
