

F-35 Joint Strike Fighter (JSF) Program Acquisition Decision Information Paper

- On June 25, 2004, the Acting Under Secretary of Defense (Acquisition, Technology, and Logistics) approved the Joint Program Office's event-based re-plan strategy for the F-35 JSF program.
- He endorsed the trades process which is intended to recapture performance for the three F-35 variants and lead to the optimized Short Take Off and Vertical Landing design.
- He also endorsed the JPO's plan to provide a briefing to the congressional defense committees on the re-plan strategy and a summary of the results of the Independent Review Team's assessment.
