

## **F/A-22 Program Acquisition Decision Information Paper**

- On November 10, 2004, the Acting Under Secretary of Defense (Acquisition, Technology, and Logistics) approved exit criteria in the F/A-22 program for low-rate initial production (LRIP) of Lot 5 and advance procurement for Lot 6. He also approved exit criteria for full rate production (FRP).
- He provided direction for proceeding to the FRP Defense Acquisition Board meeting, including satisfying the FRP exit criteria, submitting milestone documentation, having an Office of Secretary of Defense approved Test and Evaluation Master Plan, and having a beyond LRIP report delivered to the Congress.
- Further, he provided direction concerning oversight of F/A-22 modernization efforts.
