

## **Space Based Infrared System (SBIRS) - High Information Paper**

- On May 24, 2004, the Acting Under Secretary of Defense (Acquisition, Technology, and Logistics) convened the Defense Acquisition Board (DAB) to review the status of the SBIRS-High program.
- The review focused on the technical status, as well as the cost and schedule of the re-planned program.
- The Secretary of the Air Force was also directed to continue to focus on the delivery of the Highly Elliptical Orbit – 1 sensor.
