

INFORMATION PAPER

Stryker

On September 9, 2004, the Acting Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)) chaired a Defense Acquisition Board (DAB) decision review to assess Stryker Nuclear, Biological, Chemical Reconnaissance Vehicle (NBCRV) and Mobile Gun System (MGS) vehicles' readiness for entrance into Low Rate Initial Production (LRIP).

LRIP was authorized for the NBCRV and limited-LRIP was authorized for the MGS.
