**Plans in Review:** Aerojet (Sacramento), 3 ATK sites, 2 Honeywell sites, Harris GCSD, Hamilton Sundstrand, Parker Hannifin, Pratt Whitney.

**Rockwell Collins and Rolls Royce have been approved to proceed**

**Plans need to be specific about affected customers/buying commands and they need to be clear as to the desired outcome**

**Some Plans are being reviewed jointly with the customers at the site level and implemented (this is good!!!)**

**Often the site plan and the ACAT program plan are becoming a single plan**
