REPORT TO CONGRESS ON  
DEPARTMENT OF DEFENSE  
FISCAL YEAR 2011 PURCHASES  
FROM FOREIGN ENTITIES

Under Secretary of Defense for  
Acquisition, Technology and Logistics

April 2012

Preparation of this report/study cost the Department of Defense a total of approximately \$28,000 in Fiscal Year 2012.\*

Generated on 2012Mar29

Reference: [C-DB16345](#)

\* \$28,000 is the combined cost estimate for this report, as well as the report satisfying section 8028(b) of the DoD Appropriations Act, 2012 (P.L. 112-10)

## **Background**

Pursuant to section 827 of the National Defense Authorization Act for Fiscal Year 1997 (P.L.104-201), as amended, and section 8028(b) of the Department of Defense Appropriations Act, 2011 (P.L. 112-10), enclosed is the required report on Department of Defense (DoD) purchases from foreign entities in FY 2011. The report is to separately indicate the dollar value of items for which the Buy American Act (BAA) was waived pursuant to any reciprocal defense procurement memorandum of understanding (MOU), the Trade Agreements Act (TAA) or any international agreement to which the United States is a party.

## **Discussion**

The information presented in this report addresses FY 2011 and is based on data from the Federal Procurement Data System – Next Generation (FPDS-NG), data compiled and distributed by the DoD Defense Manpower Data Center, Statistical Analysis Information Division, and data published by the Defense Security Cooperation Agency (DSCA). The FPDS-NG data addresses contracting procedures, competition, financing, statutory requirements, socioeconomic programs, and other information relating to DoD acquisitions. The data was then certified by the applicable Military Departments and Defense Agencies.

### **Section 1 – All procurements from foreign entities**

DoD procurement actions recorded in FPDS-NG during FY 2011 totaled approximately \$374 billion. Of that amount, approximately \$24 billion, or 6.4 percent, was expended on purchases from foreign entities. A detailed breakout of the dollars by country is contained in Table 1.

The \$24 billion covers military hardware, subsistence, fuel, construction, services, and other miscellaneous items that are for use outside the United States. Defense equipment constitutes approximately 18 percent of the purchases from foreign entities. Fuel, services, construction, and subsistence account for approximately 27 percent, 15 percent, 12 percent, and 13 percent respectively, or approximately 67 percent of the total purchases from foreign entities. Table 2 provides a breakout of the \$24 billion by category and percentage of the total.

### **Section 2 – Dollar value of items for which the BAA was waived pursuant to any MOUs, the TAA, or other international agreements**

FPDS data reflect that 2,645 waivers during FY 2011 were granted to Qualifying Countries for a total dollar value of \$1.1 billion dollars, representing 9.1 percent of the total \$12.4 billion in DoD purchases from foreign entities that were not subject to the Buy American Act. DoD purchases from foreign entities during FY 2011 also included 1,161 transactions for \$256 million dollars were pursuant to the Trade Agreement Act of 1979 or other international agreements. This authorized exception to the Buy American Act represents 2.1 percent of all DoD purchases from foreign entities.

Other authorized exceptions to the Buy American Act represent 4,691 purchases for approximately \$874 million dollars or 7.1 percent of all purchases from foreign entities during FY 2011. These exceptions provided in the law include: (1) manufactured outside the United States – Resale; (2) manufactured outside the United States – Commercial IT; (3) manufactured outside the United States – Public Interest Determinations; (4) manufactured outside the United States – Unreasonable Cost of Domestic End Product.

Finally, 39,055 of DoD purchases from foreign entities, or approximately \$10.1 of the \$12.4 billion dollars (82 percent), represent items manufactured and used outside the United States to which the Buy American Act does not apply. Table 3 provides a detailed breakout of the actions and dollars by category and an explanation of the authority for each of the categories.
