Notes:

*Waivers with 31Oct16 expiration dates have been extended by the Dept of Labor, OWCP office to allow DoD/DPAP to research additional information to justify new waiver requests. In the event the waiver requests are denied we will update this listing as soon as possible to allow organizations time to transition contracts/contractors to DBA for these countries. Please monitor the site for updates as packages are approved or denied.

**DBA is not required for Guam due to a special waiver previously granted and recognized by the Dept of Labor.
