212.7000 Scope.

This subpart establishes the pilot program authorized by Section 847 of the National Defense Authorization Act for Fiscal Year 2004 (Pub. L. 108-136).

212.7001 Definitions.

As used in this subpart—

“Nontraditional defense contractor” means a business unit that—

- (1) Has entered into an other transaction agreement with DoD; and
- (2) Has not, for a period of at least 1 year prior to the date of the other transaction agreement, entered into or performed on—
 - (i) Any contract that is subject to full coverage under the cost accounting standards described in FAR Part 30; or
 - (ii) Any other contract exceeding \$500,000 to carry out prototype projects or to perform basic, applied, or advanced research projects for a Federal agency that is subject to the FAR.

“Other transaction” means a transaction that—

- (1) Is other than a contract, grant, or cooperative agreement;
- (2) Is not subject to the FAR or its supplements; and
- (3) Is entered into in accordance with 32 CFR Part 3.

212.7002 Pilot program.

212.7002-1 Contracts under the program.

(a) The contracting officer may use FAR Part 12 procedures to award a contract for an item or process that does not meet the definition of “commercial item,” if the contract—

- (1) Is awarded to a nontraditional defense contractor;
- (2) Is a follow-on contract for the production of an item or process begun as a prototype project under an other transaction agreement;
- (3) Does not exceed \$50,000,000;
- (4) Is awarded on or before September 30, 2013; and
- (5) Is either—

- (i) A firm-fixed-price contract; or

212.7002-2 Subcontracts under the program.

(a) A subcontract for an item or process that does not meet the definition of “commercial item” may be treated as a subcontract for a commercial item, if the subcontract—

(1) Is for the production of an item or process begun as a prototype project under an other transaction agreement;

(2) Does not exceed \$50,000,000;

(3) Is awarded on or before September 30, 2013;

(4) Is awarded to a nontraditional defense contractor; and

(5) Is either—

(ii) A fixed-price subcontract with economic price adjustment.

(b) See 212.7003 for special procedures pertaining to technical data and computer software.

212.7003 Technical data and computer software.

For purposes of establishing delivery requirements and license rights for technical data under 227.7102 and for computer software under 227.7202, there shall be a rebuttable presumption that items or processes acquired under a contract or subcontract awarded in accordance with 212.7002 were developed in part with Federal funds and in part at private expense (i.e., mixed funding).

(a) *Delivery requirements.* Acquire only the technical data and computer software that are necessary to satisfy agency needs. Follow the requirements at 227.7103-1 and 227.7103-2 for technical data, and 227.7203-1 and 227.7203-2 for computer software.

(b) *License rights.* Acquire only the license rights in technical data and computer software that are necessary to satisfy agency needs.

(1) For technical data, use the clauses at 252.227-7013, Rights in Technical Data—Noncommercial Items, and 252.227-7037, Validation of Restrictive Markings on Technical Data.

Documentation, and 252.227-7019, Validation of Asserted Restrictions—Computer Software.

(3) Require the contractor to include the clauses prescribed by paragraphs (b)(1) and (2) of this section in subcontracts awarded in accordance with 212.7002-2.

(4) When the standard license rights for items or processes developed with mixed funding do not provide the minimum rights necessary to satisfy agency needs, negotiate for special license rights in accordance with 227.7103-5(d) and 227.7203-5(d).

**SUBPART 225.70—AUTHORIZATION ACTS, APPROPRIATIONS ACTS, AND

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

Year 2005 (Pub. L. 108-287), this exception does not apply to fish, shellfish, or seafood manufactured or processed in the United States or fish, shellfish, or seafood contained in foods manufactured or processed in the United States.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(B) Such sole source contracts or subcontracts would not be in the best interest of the Government or consistent with the objectives of the Competition in Contracting Act (10 U.S.C. 2304); and

(C) The qualifying country permits U.S. firms that manufacture para-aramid fibers and yarns to compete with foreign firms for the sale of para-aramid fibers and yarns in that country.

(q) Acquisitions of commercially available off-the-shelf items containing specialty metals. This exception does not apply when the specialty metal (e.g., raw stock) is acquired directly by the Government or by a prime contractor for delivery to the Government as the end item.

225.7002-3 Contract clauses.

Unless an exception applies—

(a) Use the clause at 252.225-7012, Preference for Certain Domestic Commodities, in solicitations and contracts exceeding the simplified acquisition threshold.

(b)(1) Use the clause at 252.225-7014, Preference for Domestic Specialty Metals, in solicitations and contracts exceeding the simplified acquisition threshold that require delivery of an article containing specialty metals.

- (i) Aircraft.
- (ii) Missile and space systems.
- (iii) Ships.
- (iv) Tank-automotive.
- (v) Weapons.
- (vi) Ammunition.

See DoD Class Deviation [2008-O0002](#), Implementation of New Specialty Metals Restriction, issued on January 29, 2008. This deviation is effective until incorporated into the DFARS or rescinded. See PGI 225.7002-3 for guidance on use of this deviation.

(c) Use the clause at 252.225-7015, Restriction on Acquisition of Hand or Measuring Tools, in solicitations and contracts exceeding the simplified acquisition threshold that require delivery of hand or measuring tools.

225.7003 Waiver of restrictions of 10 U.S.C. 2534.

(a) The waiver procedures of this section apply only if specifically authorized by reference elsewhere in this subpart. The restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see 225.7006). This waiver applies to—

(1) Procurements under solicitations issued on or after August 4, 1998; and

225.7004 Restriction on acquisition of foreign buses.

225.7004-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States or Canada.

225.7004-2 Applicability.

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

225.7004-3 Exceptions.

This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States and Canada are needed for temporary use because buses manufactured in the United States or Canada are not available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

225.7004-4 Waiver.

The waiver criteria at 225.7003(a) apply to this restriction.

225.7005 Restriction on certain chemical weapons antidote.

225.7005-1 Restriction.

In accordance with 10 U.S.C. 2534 and defense industrial mobilization requirements, do not acquire chemical weapons antidote contained in automatic injectors, or the components for such injectors, unless the chemical weapons antidote or component is manufactured in the United States or Canada by a company that—

(a) Is a producer under the industrial preparedness program at the time of contract award;

(b) Has received all required regulatory approvals; and

(c) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

225.7005-2 Exception.

This restriction does not apply if the acquisition is for an amount at or below the simplified acquisition threshold.

225.7005-3 Waiver.

The waiver criteria at 225.7003(a) apply to this restriction.

225.7006 Restriction on air circuit breakers for naval vessels.

225.7006-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire air circuit breakers for naval vessels unless they are manufactured in the United States or Canada.

225.7006-2 Exceptions.

This restriction does not apply if the acquisition is—

(a) For an amount at or below the simplified acquisition threshold; or

(b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

225.7006-3 Waiver.

(a) The waiver criteria at 225.7003(a) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction for air circuit breakers manufactured in the United Kingdom. See 225.7003(b) for applicability.

225.7006-4 Solicitation provision and contract clause.

(a) Use the provision at 252.225-7037, Evaluation of Offers for Air Circuit Breakers, in solicitations requiring air circuit breakers for naval vessels unless--

(b) Use the clause at 252.225-7038, Restriction on Acquisition of Air Circuit Breakers, in solicitations and contracts requiring air circuit breakers for naval vessels unless--

(1) An exception applies; or

(2) A waiver has been granted, other than the waiver for the United Kingdom, which has been incorporated into the clause.

225.7007 Restrictions on anchor and mooring chain.

225.7007-1 Restrictions.

(a) In accordance with Section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, four inches or less in diameter, unless--

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

225.7007-2 Waiver.

(a) The Secretary of the department responsible for acquisition may waive the restriction in 225.7007-1(a), on a case-by-case basis, if--

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing--

(1) The factors supporting the waiver; and

(2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

225.7007-3 Contract clause.

Unless a waiver has been granted, use the clause at 252.225-7019, Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

225.7008 Reserved.

225.7009 Restriction on ball and roller bearings.

225.7009-1 Scope.

This section implements Section 8065 of the Fiscal Year 2002 DoD Appropriations Act (Pub. L. 107-117) and the same restriction in subsequent DoD appropriations acts.

225.7009-2 Restriction.

Do not acquire ball and roller bearings or bearing components unless the bearings and bearing components are manufactured in the United States or Canada.

225.7009-3 Exception.

The restriction in 225.7009-2 does not apply to contracts or subcontracts for the acquisition of commercial items, except for commercial ball and roller bearings acquired as end items.

225.7009-4 Waiver.

The Secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in 225.7009-2, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that--

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7009-5 Contract clause.

Use the clause at 252.225-7016, Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, unless—

(a) The items being acquired are commercial items other than ball or roller bearings acquired as end items;

L. 102-172) and similar sections in subsequent DoD appropriations acts, do not acquire any of the following types of carbon, alloy, or armor steel plate for use in a Government-owned facility or a facility under the control of (e.g., leased by) DoD, unless it is melted and rolled in the United States or Canada:

(1) Carbon, alloy, or armor steel plate in Federal Supply Class 9515.

(2) Carbon, alloy, or armor steel plate described by specifications of the American Society for Testing Materials or the American Iron and Steel Institute.

(b) This restriction—

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used “as is” or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

225.7011-2 Waiver.

The Secretary of the department responsible for acquisition may waive this restriction, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements on a timely basis; and

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

225.7012-2 Waiver.

The Secretary of Defense may waive this restriction, on a case-by-case basis, after certifying to the Armed Services and Appropriations Committees of Congress that—

- (a) Adequate U.S. supplies are not available to meet requirements on a timely basis; and
- (b) The acquisition must be made in order to acquire capability for national security purposes.

225.7012-3 Contract clause.

Unless a waiver has been granted, use the clause at 252.225-7011, Restriction on Acquisition of Supercomputers, in solicitations and contracts for the acquisition of supercomputers.

225.7013 Restrictions on construction or repair of vessels in foreign shipyards.

In accordance with 10 U.S.C. 7309 and 7310—

- (a) Do not award a contract to construct in a foreign shipyard--
 - (1) A vessel for any of the armed forces; or
 - (2) A major component of the hull or superstructure of a vessel for any of the armed forces; and
- (b) Do not overhaul, repair, or maintain in a foreign shipyard, a naval vessel (or any other vessel under the jurisdiction of the Secretary of the Navy) homeported in the United States. This restriction does not apply to voyage repairs.

225.7014 Restriction on overseas military construction.

For restriction on award of military construction contracts to be performed in the United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf, see 236.273(a).

225.7015 Restriction on overseas architect-engineer services.

For restriction on award of architect-engineer contracts to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, see 236.602-70.

225.7016 Restriction on research and development.

- (a) In accordance with Pub. L. 92-570, do not use DoD appropriations to make an award to any foreign corporation, organization, person, or entity, for research and development in connection with any weapon system or other military equipment, if there is a U.S. corporation, organization, person, or entity--
 - (1) Equally competent; and
 - (2) Willing to perform at a lower cost.

(b) This restriction does not affect the requirements of FAR Part 35 for selection of research and development contractors. However, when a U.S. source and a foreign source are equally competent, award to the source that will provide the services at the lower cost.

225.7017 Restriction on Ballistic Missile Defense research, development, test, and evaluation.

225.7017-1 Definitions.

“Competent,” “foreign firm,” and “U.S. firm” are defined in the provision at 252.225-7018, Notice of Prohibition of Certain Contracts with Foreign Entities for the Conduct of Ballistic Missile Defense Research, Development, Test, and Evaluation.

225.7017-2 Restriction.

In accordance with Section 222 of the DoD Authorization Act for Fiscal Years 1988 and 1989 (Pub. L. 100-180), do not use any funds appropriated to or for the use of DoD to enter into or carry out a contract with a foreign government or firm, including any contract awarded as a result of a broad agency announcement, if the contract provides for the conduct of research, development, test, and evaluation (RDT&E) in connection with the Ballistic Missile Defense Program.

225.7017-3 Exceptions.

This restriction does not apply—

(a) To contracts awarded to a foreign government or firm if the contracting officer determines that—

- (1) The contract will be performed within the United States;
- (2) The contract is exclusively for RDT&E in connection with antitactical ballistic missile systems; or
- (3) The foreign government or firm agrees to share a substantial portion of the total contract cost. Consider the foreign share as substantial if it is equitable with respect to the relative benefits that the United States and the foreign parties will derive from the contract. For example, if the contract is more beneficial to the foreign party, its share of the cost should be correspondingly higher; or

(b) If the head of the contracting activity certifies in writing, before contract award, that a U.S. firm cannot competently perform a contract for RDT&E at a price equal to or less than the price at which a foreign government or firm would perform the RDT&E. The contracting officer or source selection authority, as applicable, shall make a determination, in accordance with PGI 225.7017-3(b), that will be the basis for the certification.

225.7017-4 Solicitation provision.

Unless foreign participation is otherwise excluded, use the provision at 252.225-7018, Notice of Prohibition of Certain Contracts With Foreign Entities for the Conduct of Ballistic Missile Defense Research, Development, Test, and Evaluation, in competitively negotiated solicitations for RDT&E in connection with the Ballistic Missile Defense Program.

(iii) If a cost-type contract is selected, the contract file shall include the Milestone Decision Authority's written determination that—

(A) The program is so complex and technically challenging that it would not be practicable to reduce program risk to a level that would permit the use of a fixed-price type contract; and

(B) The complexity and technical challenge of the program is not the result of a failure to meet the requirements of 10 U.S.C. 2366a.

SUBPART 234.2—EARNED VALUE MANAGEMENT SYSTEM
(Added April 23, 2008)

234.201 Policy.

(C) Follow the procedures at PGI 234.201(1)(iii) for conducting a cost-benefit analysis.

(iv) For firm-fixed-price contracts and subcontracts of any dollar value—

(A) The application of earned value management is discouraged; and

(B) Follow the procedures at PGI 234.201(1)(iv) for obtaining a waiver before applying earned value management.

(2) When an offeror proposes a plan for compliance with the earned value management system guidelines in ANSI/EIA-748, follow the review procedures at PGI 234.201(2).

(3) The Defense Contract Management Agency is responsible for determining earned value management system compliance when DoD is the cognizant Federal agency.

252.225-7044 Balance of Payments Program—Construction Material.

As prescribed in 225.7503(a), use the following clause:

BALANCE OF PAYMENTS PROGRAM--CONSTRUCTION MATERIAL (JUN 2005)

(a) *Definitions.* As used in this clause--

“Component” means any article, material, or supply incorporated directly into construction material.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means--

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

“Domestic construction material” means--

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.

“United States” means the 50 States, the District of Columbia, and outlying areas.

(b) *Domestic preference.* This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except for--

(1) Construction material valued at or below the simplified acquisition threshold in Part 2 of the Federal Acquisition Regulation; or

Part 252—Solicitation Provisions and Contract Clauses

(2) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate “none”]

(End of clause)

252.225-7045 Balance of Payments Program—Construction Material Under Trade Agreements.

As prescribed in 225.7503(b), use the following clause:

**BALANCE OF PAYMENTS PROGRAM--CONSTRUCTION MATERIAL UNDER
TRADE AGREEMENTS (MAR 2007)**

(a) *Definitions.* As used in this clause--

“Caribbean Basin country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country;
or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

“Component” means any article, material, or supply incorporated directly into construction material.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means--

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

“Designated country” means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, or the United Kingdom);

“Designated country construction material” means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

“Domestic construction material” means--

Part 252—Solicitation Provisions and Contract Clauses

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.

“Free Trade Agreement country construction material” means a construction material that--

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

“Least developed country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“WTO GPA country construction material” means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has

determined that the WTO GPA and Free Trade Agreements apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction materials.

(c) The Contractor shall use only domestic or designated country construction material in performing this contract, except for--

(1) Construction material valued at or below the simplified acquisition threshold in Part 2 of the Federal Acquisition Regulation; or

(2) The construction material or components listed by the Government as follows:

ALTERNATE I (OCT 2006). As prescribed in 225.7503(b), add the following definition of "Bahrainian or Mexican construction material" to paragraph (a) of the basic clause, and substitute the following paragraphs (b) and (c) for paragraphs (b) and (c) of the basic clause:

"Bahrainian or Mexican construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of Bahrain or Mexico; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain or Mexico into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and all Free Trade Agreements except NAFTA apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction material other than Bahrainian or Mexican construction material.

(c) The Contractor shall use only domestic or designated country construction material other than Bahrainian or Mexican construction material in performing this contract, except for--

(Added April 23, 2008)

252.234-7001 Notice of Earned Value Management System.

As prescribed in 234.203(1), use the following provision:

NOTICE OF EARNED VALUE MANAGEMENT SYSTEM (APR 2008)

(a) If the offeror submits a proposal in the amount of \$50,000,000 or more—

(1) The offeror shall provide documentation that the Cognizant Federal Agency (CFA) has determined that the proposed Earned Value Management System (EVMS) complies with the EVMS guidelines in the American National Standards Institute/Electronic Industries Alliance Standard 748, Earned Value Management Systems (ANSI/EIA-748) (current version at time of solicitation). The Government reserves the right to perform reviews of the EVMS when deemed necessary to verify compliance.

(2) If the offeror proposes to use a system that has not been determined to be in compliance with the requirements of paragraph (a)(1) of this provision, the offeror shall submit a comprehensive plan for compliance with the guidelines in ANSI/EIA-748.

(i) The plan shall—

(A) Describe the EVMS the offeror intends to use in performance of the contract, and how the proposed EVMS complies with the EVMS guidelines in ANSI/EIA-748;

(B) Distinguish between the offeror's existing management system and modifications proposed to meet the EVMS guidelines;

(C) Describe the management system and its application in terms of the EVMS guidelines;

(D) Describe the proposed procedure for administration of the EVMS guidelines as applied to subcontractors; and

(E) Describe the process the offeror will use to determine subcontractor compliance with ANSI/EIA-748.

(ii) The offeror shall provide information and assistance as required by the Contracting Officer to support review of the plan.

(iii) The offeror's EVMS plan must provide milestones that indicate when the offeror anticipates that the EVMS will be compliant with the guidelines in ANSI/EIA-748.

(b) If the offeror submits a proposal in an amount less than \$50,000,000—

(1) The offeror shall submit a written description of the management procedures it will use and maintain in the performance of any resultant contract to comply with the requirements of the Earned Value Management System clause of the

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

contract. The description shall include—

(i) A matrix that correlates each guideline in ANSI/EIA-748 (current version at time of solicitation) to the corresponding process in the offeror's written management procedures; and

(ii) The process the offeror will use to determine subcontractor compliance with ANSI/EIA-748.

(2) If the offeror proposes to use an EVMS that has been determined by the CFA to be in compliance with the EVMS guidelines in ANSI/EIA-748, the offeror may submit a copy of the documentation of such determination instead of the written description required by paragraph (b)(1) of this provision.

(c) The offeror shall identify the subcontractors (or the subcontracted effort if subcontractors have not been selected) to whom the EVMS requirements will apply. The offeror and the Government shall agree to the subcontractors or the subcontracted effort selected for application of the EVMS requirements. The offeror shall be responsible for ensuring that the selected subcontractors comply with the requirements of the Earned Value Management System clause of the contract.

(End of provision)

252.234-7002 Earned Value Management System.

As prescribed in 234.203(2), use the following clause:

EARNED VALUE MANAGEMENT SYSTEM (APR 2008)

(a) In the performance of this contract, the Contractor shall use—

(1) An Earned Value Management System (EVMS) that complies with the EVMS guidelines in the American National Standards Institute/Electronic Industries Alliance Standard 748, Earned Value Management Systems (ANSI/EIA-748); and

(2) Management procedures that provide for generation of timely, reliable, and verifiable information for the Contract Performance Report (CPR) and the Integrated Master Schedule (IMS) required by the CPR and IMS data items of this contract.

(b) If this contract has a value of \$50,000,000 or more, the Contractor shall use an EVMS that has been determined by the Cognizant Federal Agency (CFA) to be in compliance with the EVMS guidelines as stated in paragraph (a)(1) of this clause. If, at the time of award, the Contractor's EVMS has not been determined by the CFA to be in compliance with the EVMS guidelines as stated in paragraph (a)(1) of this clause, the Contractor shall apply its current system to the contract and shall take necessary actions to meet the milestones in the Contractor's EVMS plan.

(c) If this contract has a value of less than \$50,000,000, the Government will not make a formal determination that the Contractor's EVMS complies with the EVMS guidelines in ANSI/EIA-748 with respect to the contract. The use of the Contractor's EVMS for this contract does not imply a Government determination of the Contractor's compliance with the EVMS guidelines in ANSI/EIA-748 for application to future contracts. The Government will allow the use of a Contractor's EVMS that has been

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

formally reviewed and determined by the CFA to be in compliance with the EVMS guidelines in ANSI/EIA-748.

(d) The Contractor shall submit notification of any proposed substantive changes to the EVMS procedures and the impact of those changes to the CFA. If this contract has a value of \$50,000,000 or more, unless a waiver is granted by the CFA, any EVMS changes proposed by the Contractor require approval of the CFA prior to implementation. The CFA will advise the Contractor of the acceptability of such changes as soon as practicable (generally within 30 calendar days) after receipt of the Contractor's notice of proposed changes. If the CFA waives the advance approval requirements, the Contractor shall disclose EVMS changes to the CFA at least 14 calendar days prior to the effective date of implementation.

(e) The Government will schedule integrated baseline reviews as early as practicable, and the review process will be conducted not later than 180 calendar days after (1) contract award, (2) the exercise of significant contract options, and (3) the incorporation of major modifications. During such reviews, the Government and the Contractor will jointly assess the Contractor's baseline to be used for performance measurement to ensure complete coverage of the statement of work, logical scheduling of the work activities, adequate resourcing, and identification of inherent risks.

(f) The Contractor shall provide access to all pertinent records and data requested by the Contracting Officer or duly authorized representative as necessary to permit Government surveillance to ensure that the EVMS complies, and continues to comply, with the performance criteria referenced in paragraph (a) of this clause.

(g) When indicated by contract performance, the Contractor shall submit a request for approval to initiate an over-target baseline or over-target schedule to the Contracting Officer. The request shall include a top-level projection of cost and/or schedule growth, a determination of whether or not performance variances will be retained, and a schedule of implementation for the rebaselining. The Government will acknowledge receipt of the request in a timely manner (generally within 30 calendar days).

(h) The Contractor shall require its subcontractors to comply with EVMS requirements as follows:

(1) For subcontracts valued at \$50,000,000 or more, the following subcontractors shall comply with the requirements of this clause:

[Contracting Officer to insert names of subcontractors (or subcontracted effort if subcontractors have not been selected) designated for application of the EVMS requirements of this clause.]

(2) For subcontracts valued at less than \$50,000,000, the following subcontractors shall comply with the requirements of this clause, excluding the

requirements of paragraph (b) of this clause:

[Contracting Officer to insert names of subcontractors (or subcontracted effort if subcontractors have not been selected) designated for application of the EVMS requirements of this clause.]

- (b) Contract administration office.

(End of clause)

252.242-7004 Material Management and Accounting System.

As prescribed in 242.7204, use the following clause:

MATERIAL MANAGEMENT AND ACCOUNTING SYSTEM (NOV 2005)

(a) *Definitions.* As used in this clause—

(1) “Material management and accounting system (MMAS)” means the Contractor's system or systems for planning, controlling, and accounting for the acquisition, use, issuing, and disposition of material. Material management and accounting systems may be manual or automated. They may be stand-alone systems or they may be integrated with planning, engineering, estimating, purchasing, inventory, accounting, or other systems.

(2) “Valid time-phased requirements” means material that is—

(i) Needed to fulfill the production plan, including reasonable quantities for scrap, shrinkage, yield, etc.; and

(ii) Charged/billed to contracts or other cost objectives in a manner consistent with the need to fulfill the production plan.

(3) “Contractor” means a business unit as defined in section 31.001 of the Federal Acquisition Regulation (FAR).

(b) *General.* The Contractor shall—

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

- (1) Maintain an MMAS that—
 - (i) Reasonably forecasts material requirements;
 - (ii) Ensures that costs of purchased and fabricated material charged or allocated to a contract are based on valid time-phased requirements; and
 - (iii) Maintains a consistent, equitable, and unbiased logic for costing of material transactions; and
 - (2) Assess its MMAS and take reasonable action to comply with the MMAS standards in paragraph (e) of this clause.
- (c) *Disclosure and maintenance requirements.* The Contractor shall—
- (1) Have policies, procedures, and operating instructions that adequately describe its MMAS;
 - (2) Provide to the Administrative Contracting Officer (ACO), upon request, the results of internal reviews that it has conducted to ensure compliance with established MMAS policies, procedures, and operating instructions; and
 - (3) Disclose significant changes in its MMAS to the ACO at least 30 days prior to implementation.
- (d) *Deficiencies.*
- (1) If the Contractor receives a report from the ACO that identifies any deficiencies in its MMAS, the Contractor shall respond as follows:
 - (i) If the Contractor agrees with the report findings and recommendations, the Contractor shall—
 - (A) Within 30 days (or such other date as may be mutually agreed to by the ACO and the Contractor), state its agreement in writing; and
 - (B) Within 60 days (or such other date as may be mutually agreed to by the ACO and the Contractor), correct the deficiencies or submit a corrective action plan showing milestones and actions to eliminate the deficiencies.
 - (ii) If the Contractor disagrees with the report findings and recommendations, the Contractor shall, within 30 days (or such other date as may be mutually agreed to by the ACO and the Contractor), state its rationale for each area of disagreement.
 - (2) The ACO will evaluate the Contractor's response and will notify the Contractor in writing of the—
 - (i) Determination concerning any remaining deficiencies;
 - (ii) Adequacy of any proposed or completed corrective action plan; and

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

(iii) Need for any new or revised corrective action plan.

(3) When the ACO determines the MMAS deficiencies have a material impact on Government contract costs, the ACO must reduce progress payments by an appropriate percentage based on affected costs (in accordance with FAR 32.503-6) and/or disallow costs on vouchers (in accordance with FAR 42.803) until the ACO determines that--

- (i) The deficiencies are corrected; or
- (ii) The amount of the impact is immaterial.

(4) If the Contractor fails to make adequate progress, the ACO must take further action. The ACO may—

- (i) Elevate the issue to higher level management;
- (ii) Further reduce progress payments and/or disallow costs on vouchers;
- (iii) Notify the Contractor of the inadequacy of the Contractor's cost estimating system and/or cost accounting system; and
- (iv) Issue cautions to contracting activities regarding the award of future contracts.

(e) *MMAS standards.* The MMAS shall have adequate internal controls to ensure system and data integrity, and shall--

(1) Have an adequate system description including policies, procedures, and operating instructions that comply with the FAR and Defense FAR Supplement;

(2) Ensure that costs of purchased and fabricated material charged or allocated to a contract are based on valid time-phased requirements as impacted by minimum/economic order quantity restrictions.

(i) A 98 percent bill of material accuracy and a 95 percent master production schedule accuracy are desirable as a goal in order to ensure that requirements are both valid and appropriately time-phased.

(ii) If systems have accuracy levels below these, the Contractor shall provide adequate evidence that—

(A) There is no material harm to the Government due to lower accuracy levels; and

(B) The cost to meet the accuracy goals is excessive in relation to the impact on the Government;

(3) Provide a mechanism to identify, report, and resolve system control weaknesses and manual override. Systems should identify operational exceptions such as excess/residual inventory as soon as known;

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

(4) Provide audit trails and maintain records (manual and those in machine readable form) necessary to evaluate system logic and to verify through transaction testing that the system is operating as desired;

(5) Establish and maintain adequate levels of record accuracy, and include reconciliation of recorded inventory quantities to physical inventory by part number on a periodic basis. A 95 percent accuracy level is desirable. If systems have an accuracy level below 95 percent, the Contractor shall provide adequate evidence that—

(i) There is no material harm to the Government due to lower accuracy levels; and

(ii) The cost to meet the accuracy goal is excessive in relation to the impact on the Government;

(6) Provide detailed descriptions of circumstances that will result in manual or system generated transfers of parts;

(7) Maintain a consistent, equitable, and unbiased logic for costing of material transactions as follows:

(i) The Contractor shall maintain and disclose written policies describing the transfer methodology and the loan/pay-back technique.

(ii) The costing methodology may be standard or actual cost, or any of the inventory costing methods in 48 CFR 9904.411-50(b). The Contractor shall maintain consistency across all contract and customer types, and from accounting period to accounting period for initial charging and transfer charging.

(iii) The system should transfer parts and associated costs within the same billing period. In the few instances where this may not be appropriate, the Contractor may accomplish the material transaction using a loan/pay-back technique. The “loan/pay-back technique” means that the physical part is moved temporarily from the contract, but the cost of the part remains on the contract. The procedures for the loan/pay-back technique must be approved by the ACO. When the technique is used, the Contractor shall have controls to ensure—

(A) Parts are paid back expeditiously;

(B) Procedures and controls are in place to correct any overbilling that might occur;

(C) Monthly, at a minimum, identification of the borrowing contract and the date the part was borrowed; and

(D) The cost of the replacement part is charged to the borrowing contract;

(8) Where allocations from common inventory accounts are used, have controls (in addition to those in paragraphs (e)(2) and (7) of this clause) to ensure that—

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

(i) Reallocations and any credit due are processed no less frequently than the routine billing cycle;

(ii) Inventories retained for requirements that are not under contract are not allocated to contracts; and

(iii) Algorithms are maintained based on valid and current data;

(9) Regardless of the provisions of FAR 45.505-3(f)(1)(ii), have adequate controls to ensure that physically commingled inventories that may include material for which costs are charged or allocated to fixed-price, cost-reimbursement, and commercial contracts do not compromise requirements of any of the standards in paragraphs (e)(1) through (8) of this clause. Government-furnished material shall not be—

(i) Physically commingled with other material; or

(ii) Used on commercial work; and

(10) Be subjected to periodic internal reviews to ensure compliance with established policies and procedures.
