Part 225—Foreign Acquisition

(1) The fabric is to be used as a component of an end product that is not a textile product. Examples of textile products, made in whole or in part of fabric, include—

(i) Draperies, floor coverings, furnishings, and bedding (Federal Supply Group 72, Household and Commercial Furnishings and Appliances);

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(2) Does not include—

(i) A commercially available off-the-shelf vehicle; or

(ii) Construction equipment (such as bulldozers, excavators, lifts, or loaders) or other self-propelled equipment (such as cranes or aircraft ground support equipment).

(c) “Produce” and “specialty metal” are defined in the clauses at 252.225-7008, Restriction on Acquisition of Specialty Metals, and 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals.

225.7003-2 Restrictions.

The following restrictions implement 10 U.S.C. 2533b. Except as provided in 225.7003-3—

(a) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at PGI 225.7003-2(a)):

- (1) Aircraft.
- (2) Missile or space systems.
- (3) Ships.
- (4) Tank or automotive items.
- (5) Weapon systems.
- (6) Ammunition.

(b) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

225.7003-3 Exceptions.

Procedures for submitting requests to the Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)) for a determination or approval as required in paragraph (b)(5), (c), or (d) of this subsection are at PGI 225.7003-3.

(a) Acquisitions in the following categories are not subject to the restrictions in 225.7003-2:

- (1) Acquisitions at or below the simplified acquisition threshold.
- (2) Acquisitions outside the United States in support of combat operations.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(3) Acquisitions in support of contingency operations.

(4) Acquisitions for which the use of other than competitive procedures has been approved on the basis of unusual and compelling urgency in accordance with FAR 6.302-2.

(5) Acquisitions of items specifically for commissary resale.

(6) Acquisitions of items for test and evaluation under the foreign comparative testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any acquisitions under follow-on production contracts.

(b) One or more of the following exceptions may apply to an end item or component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in 225.7003-2 do not apply to the following:

(1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic Materials Protection Board pursuant to 10 U.S.C. 187, determines that the domestic availability of a particular electronic component is critical to national security.

(2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

(2) The fasteners qualify for the commercial item exception in paragraph (b)(3) of this subsection.

(ii) If this exception is used for an acquisition of COTS end items valued at \$5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at PGI 225.7003-3(b)(2).

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(iii) During fiscal year 2009, contractors are required to report use of this exception to acquire COTS items containing specialty metal that are incorporated into a noncommercial end item (see 252.225-7029).

(3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in 225.7003-2(a), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in 225.7003-2 if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (i.e., a domestic nonavailability determination). See guidance in PGI 225.7003-3(b)(5).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract.

The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (i.e., a class domestic nonavailability determination), requires the approval of the USD(AT&L).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities website (www.FedBizOpps.gov or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at 252.225-7010; and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at PGI 225.7003-3). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(AT&L) may waive the restrictions at 225.7003-2 if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at PGI 225.7003-3). This authority may not be delegated.

(1) The written determination of the USD(AT&L)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(2) After making such a determination, the USD(AT&L) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

225.7003-4 One-time waiver.

DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

(a) Final acceptance takes place before September 30, 2010;

(b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;

(c) The contracting officer determines in writing that—

(1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;

(2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for future items produced, manufactured, or assembled in the United States; and

(3) The non-compliance was not knowing or willful;

(d) The determination is approved by—

(1) The USD(AT&L); or

(2) The service acquisition executive of the military department concerned; and

(e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities website at www.FedBizOpps.gov, stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

225.7003-5 Solicitation provision and contract clauses.

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at 225.7003-2 because the acquisition is covered by an exception in 225.7003-3(a) or (d) (but see paragraph (d) of this subsection)—

(1) Use the clause at 252.225-7008, Restriction on Acquisition of Specialty Metals, in solicitations and contracts that—

- (i) Exceed the simplified acquisition threshold; and
- (ii) Require the delivery of specialty metals as end items.

(2) Use the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts that—

- (i) Exceed the simplified acquisition threshold; and
- (ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

- (A) Aircraft.
- (B) Missile or space systems.
- (C) Ships.
- (D) Tank or automotive items.
- (E) Weapon systems.
- (F) Ammunition.

(b) Use the provision at 252.225-7010, Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations—

- (1) That contain the clause at 252.225-7009; and
- (2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) Use the clause at 252.225-7029, Reporting of Commercially Available Off-the-Shelf Items that Contain Specialty Metals and are Incorporated into Noncommercial End Items, in solicitations and contracts that—

- (1) Contain the clause at 252.225-7009;
- (2) Are for the acquisition of noncommercial end items; and
- (3) Are awarded in fiscal year 2009.

(d) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at 225.7003-3(a)(2) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(e) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

225.7004 Restriction on acquisition of foreign buses.

225.7004-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States or Canada.

225.7004-2 Applicability.

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

225.7004-3 Exceptions.

This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States and Canada are needed for temporary use because buses manufactured in the United States or Canada are not available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

225.7004-4 Waiver.

The waiver criteria at 225.7008(a) apply to this restriction.

225.7005 Restriction on certain chemical weapons antidote.

225.7005-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire chemical weapons antidote contained in automatic injectors, or the components for such injectors, unless the chemical weapons antidote or component is manufactured in the United States or Canada by a company that—

(a) Has received all required regulatory approvals; and

(b) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

225.7005-2 Exception.

This restriction does not apply if the acquisition is for an amount at or below the simplified acquisition threshold.

225.7005-3 Waiver.

The waiver criteria at 225.7008(a) apply to this restriction.

225.7006 Restriction on air circuit breakers for naval vessels.

225.7006-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire air circuit breakers for naval vessels unless they are manufactured in the United States or Canada.

225.7006-2 Exceptions.

This restriction does not apply if the acquisition is—

(a) For an amount at or below the simplified acquisition threshold; or

(b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

225.7006-3 Waiver.

(a) The waiver criteria at 225.7008(a) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction for air circuit breakers manufactured in the United Kingdom. See 225.7008(b) for applicability.

225.7006-4 Solicitation provision and contract clause.

(a) Use the provision at 252.225-7037, Evaluation of Offers for Air Circuit Breakers, in solicitations requiring air circuit breakers for naval vessels unless--

(1) An exception applies; or

(2) A waiver has been granted, other than the waiver for the United Kingdom, which has been incorporated into the provision.

(b) Use the clause at 252.225-7038, Restriction on Acquisition of Air Circuit Breakers, in solicitations and contracts requiring air circuit breakers for naval vessels unless--

(1) An exception applies; or

(2) A waiver has been granted, other than the waiver for the United Kingdom, which has been incorporated into the clause.

225.7007 Restrictions on anchor and mooring chain.

225.7007-1 Restrictions.

(a) In accordance with Section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, four inches or less in diameter, unless--

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

225.7007-2 Waiver.

(a) The Secretary of the department responsible for acquisition may waive the restriction in 225.7007-1(a), on a case-by-case basis, if--

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing--

(1) The factors supporting the waiver; and

(2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

225.7007-3 Contract clause.

Unless a waiver has been granted, use the clause at 252.225-7019, Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

225.7008 Waiver of restrictions of 10 U.S.C. 2534.

(a) When specifically authorized by reference elsewhere in this subpart, the

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see 225.7006). This waiver applies to—

(1) Procurements under solicitations issued on or after August 4, 1998; and

(2) Subcontracts and options under contracts entered into prior to August 4, 1998, under the conditions described in paragraph (a)(1)(iv) of this section.

225.7009 Restriction on ball and roller bearings.

225.7009-1 Scope.

This section implements Section 8065 of the Fiscal Year 2002 DoD Appropriations Act (Pub. L. 107-117) and the same restriction in subsequent DoD appropriations acts.

225.7009-2 Restriction.

Do not acquire ball and roller bearings or bearing components unless the bearings and bearing components are manufactured in the United States or Canada.

225.7009-3 Exception.

The restriction in 225.7009-2 does not apply to contracts or subcontracts for the acquisition of commercial items, except for commercial ball and roller bearings acquired as end items.

225.7009-4 Waiver.

The Secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in 225.7009-2, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that--

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7009-5 Contract clause.

Use the clause at 252.225-7016, Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, unless—

(a) The items being acquired are commercial items other than ball or roller bearings acquired as end items;

(b) The items being acquired do not contain ball and roller bearings; or

(c) A waiver has been granted in accordance with 225.7009-4.

225.7010 Reserved.

225.7011 Restriction on carbon, alloy, and armor steel plate.

225.7011-1 Restriction.

(a) In accordance with Section 8111 of the Fiscal Year 1992 DoD Appropriations Act (Pub. L. 102-172) and similar sections in subsequent DoD appropriations acts, do not acquire any of the following types of carbon, alloy, or armor steel plate for use in a Government-owned facility or a facility under the control of (e.g., leased by) DoD, unless it is melted and rolled in the United States or Canada:

(1) Carbon, alloy, or armor steel plate in Federal Supply Class 9515.

(2) Carbon, alloy, or armor steel plate described by specifications of the American Society for Testing Materials or the American Iron and Steel Institute.

(b) This restriction—

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used “as is” or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

225.7011-2 Waiver.

The Secretary of the department responsible for acquisition may waive this restriction, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7011-3 Contract clause.

Unless a waiver has been granted, use the clause at 252.225-7030, Restriction on Acquisition of Carbon, Alloy, and Armor Steel Plate, in solicitations and contracts that—

(a) Require the delivery to the Government of carbon, alloy, or armor steel plate that will be used in a Government-owned facility or a facility under the control of DoD; or

(b) Require contractors operating in a Government-owned facility or a facility under the control of DoD to purchase carbon, alloy, or armor steel plate.

225.7012 Restriction on supercomputers.

225.7012-1 Restriction.

In accordance with Section 8112 of Pub. L. 100-202, and similar sections in subsequent DoD appropriations acts, do not purchase a supercomputer unless it is manufactured in the United States.

225.7012-2 Waiver.

The Secretary of Defense may waive this restriction, on a case-by-case basis, after certifying to the Armed Services and Appropriations Committees of Congress that—

(a) Adequate U.S. supplies are not available to meet requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7012-3 Contract clause.

Unless a waiver has been granted, use the clause at 252.225-7011, Restriction on Acquisition of Supercomputers, in solicitations and contracts for the acquisition of supercomputers.

225.7013 Restrictions on construction or repair of vessels in foreign shipyards.

In accordance with 10 U.S.C. 7309 and 7310—

(a) Do not award a contract to construct in a foreign shipyard--

(1) A vessel for any of the armed forces; or

(2) A major component of the hull or superstructure of a vessel for any of the armed forces; and

(b) Do not overhaul, repair, or maintain in a foreign shipyard, a naval vessel (or any other vessel under the jurisdiction of the Secretary of the Navy) homeported in the United States. This restriction does not apply to voyage repairs.

225.7014 Restrictions on military construction.

(a) For restriction on award of military construction contracts to be performed in the United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf, see 236.273(a).

(b) For restriction on acquisition of steel for use in military construction projects, see 236.274.

225.7015 Restriction on overseas architect-engineer services.

For restriction on award of architect-engineer contracts to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, see 236.602-70.

225.7016 Restriction on Ballistic Missile Defense research, development, test, and evaluation.

225.7016-1 Definitions.

“Competent,” “foreign firm,” and “U.S. firm” are defined in the provision at 252.225-7018, Notice of Prohibition of Certain Contracts with Foreign Entities for the Conduct of Ballistic Missile Defense Research, Development, Test, and Evaluation.

225.7016-2 Restriction.

In accordance with Section 222 of the DoD Authorization Act for Fiscal Years 1988 and 1989 (Pub. L. 100-180), do not use any funds appropriated to or for the use of DoD to enter into or carry out a contract with a foreign government or firm, including any contract awarded as a result of a broad agency announcement, if the contract provides for the conduct of research, development, test, and evaluation (RDT&E) in connection with the Ballistic Missile Defense Program.

225.7016-3 Exceptions.

This restriction does not apply—

(a) To contracts awarded to a foreign government or firm if the contracting officer determines that—

(1) The contract will be performed within the United States;

(2) The contract is exclusively for RDT&E in connection with antitactical ballistic missile systems; or

(3) The foreign government or firm agrees to share a substantial portion of the total contract cost. Consider the foreign share as substantial if it is equitable with respect to the relative benefits that the United States and the foreign parties will derive from the contract. For example, if the contract is more beneficial to the foreign party, its share of the cost should be correspondingly higher; or

(b) If the head of the contracting activity certifies in writing, before contract award, that a U.S. firm cannot competently perform a contract for RDT&E at a price equal to or less than the price at which a foreign government or firm would perform the RDT&E. The contracting officer or source selection authority, as applicable, shall make a determination, in accordance with PGI 225.7016-3(b), that will be the basis for the certification.

225.7016-4 Solicitation provision.

Unless foreign participation is otherwise excluded, use the provision at 252.225-7018, Notice of Prohibition of Certain Contracts With Foreign Entities for the Conduct of Ballistic Missile Defense Research, Development, Test, and Evaluation, in competitively negotiated solicitations for RDT&E in connection with the Ballistic Missile Defense Program.

SUBPART 225.71—OTHER RESTRICTIONS ON FOREIGN ACQUISITION
(Revised December 24, 2009)

225.7100 Scope of subpart.

This subpart contains foreign product restrictions that are based on policies designed to protect the defense industrial base.

225.7101 Definitions.

“Component” and “domestic manufacture,” as used in this subpart, are defined in the clause at 252.225-7025, Restriction on Acquisition of Forgings.

225.7102 Forgings.

225.7102-1 Policy.

When acquiring the following forging items, whether as end items or components, acquire items that are of domestic manufacture to the maximum extent practicable:

ITEMS

CATEGORIES

Ship propulsion shafts
Periscope tubes
Ring forgings for bull gears

Excludes service and landing craft shafts
All
All greater than 120 inches in diameter

225.7102-2 Exceptions.

The policy in 225.7102-1 does not apply to acquisitions—

(a) Using simplified acquisition procedures, unless the restricted item is the end item being purchased;

(b) Overseas for overseas use; or

(c) When the quantity acquired exceeds the amount needed to maintain the U.S. defense mobilization base (provided the excess quantity is an economical purchase quantity). The requirement for domestic manufacture does not apply to the quantity above that required to maintain the base, in which case, qualifying country sources may compete.

225.7102-3 Waiver.

Upon request from a contractor, the contracting officer may waive the requirement for domestic manufacture of the items listed in 225.7102-1.

225.7102-4 Contract clause.

Use the clause at 252.225-7025, Restriction on Acquisition of Forgings, in solicitations and contracts, unless—

(a) The supplies being acquired do not contain any of the items listed in 225.7102-1;
or

(b) An exception in 225.7102-2 applies. If an exception applies to only a portion of the acquisition, specify the excepted portion in the solicitation and contract.

SUBPART 225.73—ACQUISITIONS FOR FOREIGN MILITARY SALES
(Revised December 24, 2009)

225.7300 Scope of subpart.

(a) This subpart contains policies and procedures for acquisitions for foreign military sales (FMS) under the Arms Export Control Act (22 U.S.C. Chapter 39). Section 22 of the Arms Export Control Act (22 U.S.C. 2762) authorizes DoD to enter into contracts for resale to foreign countries or international organizations.

(b) This subpart does not apply to—

- (1) FMS made from inventories or stocks;
- (2) Acquisitions for replenishment of inventories or stocks; or
- (3) Acquisitions made under DoD cooperative logistic supply support arrangements.

225.7301 General.

(a) The U.S. Government sells defense articles and services to foreign governments or international organizations through FMS agreements. The agreement is documented in a Letter of Offer and Acceptance (LOA) (see DoD 5105.38-M, Security Assistance Management Manual).

(b) Conduct FMS acquisitions under the same acquisition and contract management procedures used for other defense acquisitions.

(c) Follow the additional procedures at PGI 225.7301(c) for preparation of solicitations and contracts that include FMS requirements.

(d) See 229.170 for policy on contracts financed under U.S. assistance programs that involve payment of foreign country value added taxes or customs duties.

225.7302 Guidance.

For guidance on the role of the contracting officer in FMS programs that will require an acquisition, see PGI 225.7302.

225.7303 Pricing acquisitions for FMS.

(a) Price FMS contracts using the same principles used in pricing other defense contracts. However, application of the pricing principles in FAR Parts 15 and 31 to an FMS contract may result in prices that differ from other defense contract prices for the same item due to the considerations in this section.

(b) If the foreign government has conducted a competition resulting in adequate price competition (see FAR 15.403-1(b)(1)), the contracting officer shall not require the submission of cost or pricing data. The contracting officer should consult with the foreign government through security assistance personnel to determine if adequate price competition has occurred.

225.7303-1 Contractor sales to other foreign customers.

If the contractor has made sales of the item required for the foreign military sale to foreign customers under comparable conditions, including quantity and delivery, price the FMS contract in accordance with FAR Part 15.

225.7303-2 Cost of doing business with a foreign government or an international organization.

(a) In pricing FMS contracts where non-U.S. Government prices as described in 225.7303-1 do not exist, except as provided in 225.7303-5, recognize the reasonable and allocable costs of doing business with a foreign government or international organization, even though such costs might not be recognized in the same amounts in pricing other defense contracts. Examples of such costs include, but are not limited to, the following:

- (1) Selling expenses (not otherwise limited by FAR Part 31), such as—
 - (i) Maintaining international sales and service organizations;
 - (ii) Sales commissions and fees in accordance with FAR Subpart 3.4;
 - (iii) Sales promotions, demonstrations, and related travel for sales to foreign governments. Section 126.8 of the International Traffic in Arms Regulations (22 CFR 126.8) may require Government approval for these costs to be allowable, in which case the appropriate Government approval shall be obtained; and
 - (iv) Configuration studies and related technical services undertaken as a direct selling effort to a foreign country.
- (2) Product support and post-delivery service expenses, such as—
 - (i) Operations or maintenance training, training or tactics films, manuals, or other related data; and
 - (ii) Technical field services provided in a foreign country related to accident investigations, weapon system problems, or operations/tactics enhancement, and related travel to foreign countries.
- (3) Offset costs (also see 225.7306).
 - (i) A U.S. defense contractor may recover all costs incurred for offset agreements with a foreign government or international organization if the LOA is financed wholly with customer cash or repayable foreign military finance credits.
 - (ii) The U.S. Government assumes no obligation to satisfy or administer the offset requirement or to bear any of the associated costs.
- (4) Costs that are the subject of advance agreement under the appropriate provisions of FAR Part 31; or where the advance understanding places a limit on the amounts of cost that will be recognized as allowable in defense contract pricing, and the

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

agreement contemplated that it will apply only to DoD contracts for the U.S. Government's own requirements (as distinguished from contracts for FMS).

(b) Costs not allowable under FAR Part 31 are not allowable in pricing FMS contracts, except as noted in paragraphs (c) and (e) of this subsection.

(c) The limitations for major contractors on independent research and development and bid and proposal (IR&D/B&P) costs for projects that are of potential interest to DoD, in 231.205-18(c)(iii), do not apply to FMS contracts, except as provided in 225.7303-5. The allowability of IR&D/B&P costs on contracts for FMS not wholly paid for from funds made available on a nonrepayable basis is limited to the contract's allocable share of the contractor's total IR&D/B&P expenditures. In pricing contracts for such FMS—

(1) Use the best estimate of reasonable costs in forward pricing; and

(2) Use actual expenditures, to the extent that they are reasonable, in determining final cost.

(d) Under paragraph (e)(1)(A) of Section 21 of the Arms Export Control Act (22 U.S.C. 2761), the United States must charge for administrative services to recover the estimated cost of administration of sales made under the Arms Export Control Act.

(e) The limitations in 231.205-1 on allowability of costs associated with leasing Government equipment do not apply to FMS contracts.

225.7303-3 Government-to-government agreements.

If a government-to-government agreement between the United States and a foreign government for the sale, coproduction, or cooperative logistic support of a specifically defined weapon system, major end item, or support item, contains language in conflict with the provisions of this section, the language of the government-to-government agreement prevails.

225.7303-4 Contingent fees.

(a) Except as provided in paragraph (b) of this subsection, contingent fees are generally allowable under DoD contracts, provided--

(1) The fees are paid to a bona fide employee or a bona fide established commercial or selling agency maintained by the prospective contractor for the purpose of securing business (see FAR Part 31 and FAR Subpart 3.4); and

(2) The contracting officer determines that the fees are fair and reasonable.

(b)(1) Under DoD 5105.38-M, LOAs for requirements for the governments of Australia, Taiwan, Egypt, Greece, Israel, Japan, Jordan, Republic of Korea, Kuwait, Pakistan, Philippines, Saudi Arabia, Turkey, Thailand, or Venezuela (Air Force) shall provide that all U.S. Government contracts resulting from the LOAs prohibit the reimbursement of contingent fees as an allowable cost under the contract, unless the contractor identifies the payments and the foreign customer approves the payments in writing before contract award (see 225.7307(a)).

(2) For FMS to countries not listed in paragraph (b)(1) of this subsection, contingent fees exceeding \$50,000 per FMS case are unallowable under DoD contracts, unless the contractor identifies the payment and the foreign customer approves the payment in writing before contract award.

225.7303-5 Acquisitions wholly paid for from nonrepayable funds.

(a) In accordance with 22 U.S.C. 2762(d), price FMS wholly paid for from funds made available on a nonrepayable basis on the same costing basis with regard to profit, overhead, IR&D/B&P, and other costing elements as is applicable to acquisitions of like items purchased by DoD for its own use.

(b) Direct costs associated with meeting a foreign customer's additional or unique requirements are allowable under such contracts. Indirect burden rates applicable to such direct costs are permitted at the same rates applicable to acquisitions of like items purchased by DoD for its own use.

(c) A U.S. defense contractor may not recover costs incurred for offset agreements with a foreign government or international organization if the LOA is financed with funds made available on a nonrepayable basis.

225.7304 FMS customer involvement.

(a) FMS customers may request that a defense article or defense service be obtained from a particular contractor. In such cases, FAR 6.302-4 provides authority to contract without full and open competition. The FMS customer may also request that a subcontract be placed with a particular firm. The contracting officer shall honor such requests from the FMS customer only if the LOA or other written direction sufficiently fulfills the requirements of FAR Subpart 6.3.

(b) FMS customers should be encouraged to participate with U.S. Government acquisition personnel in discussions with industry to--

- (1) Develop technical specifications;
- (2) Establish delivery schedules;
- (3) Identify any special warranty provisions or other requirements unique to the FMS customer; and
- (4) Review prices of varying alternatives, quantities, and options needed to make price-performance tradeoffs.

(c) Do not disclose to the FMS customer any data, including cost or pricing data, that is contractor proprietary unless the contractor authorizes its release.

(d) Except as provided in paragraph (e)(3) of this section, the degree of FMS customer participation in contract negotiations is left to the discretion of the contracting officer after consultation with the contractor. The contracting officer shall provide an explanation to the FMS customer if its participation in negotiations will be limited. Factors that may limit FMS customer participation include situations where--

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

- (1) The contract includes requirements for more than one FMS customer;
 - (2) The contract includes unique U.S. requirements; or
 - (3) Contractor proprietary data is a subject of negotiations.
- (e) Do not allow representatives of the FMS customer to—
- (1) Direct the exclusion of certain firms from the solicitation process (they may suggest the inclusion of certain firms);
 - (2) Interfere with a contractor's placement of subcontracts; or
 - (3) Observe or participate in negotiations between the U.S. Government and the contractor involving cost or pricing data, unless a deviation is granted in accordance with Subpart 201.4.
- (f) Do not accept directions from the FMS customer on source selection decisions or contract terms (except that, upon timely notice, the contracting officer may attempt to obtain any special contract provisions, warranties, or other unique requirements requested by the FMS customer).
- (g) Do not honor any requests by the FMS customer to reject any bid or proposal.
- (h) If an FMS customer requests additional information concerning FMS contract prices, the contracting officer shall, after consultation with the contractor, provide sufficient information to demonstrate the reasonableness of the price and reasonable responses to relevant questions concerning contract price. This information--
- (1) May include tailored responses, top-level pricing summaries, historical prices, or an explanation of any significant differences between the actual contract price and the estimated contract price included in the initial LOA; and
 - (2) May be provided orally, in writing, or by any other method acceptable to the contracting officer.

225.7305 Limitation of liability.

Advise the contractor when the foreign customer will assume the risk for loss or damage under the appropriate limitation of liability clause(s) (see FAR Subpart 46.8). Consider the costs of necessary insurance, if any, obtained by the contractor to cover the risk of loss or damage in establishing the FMS contract price.

225.7306 Offset arrangements.

In accordance with the Presidential policy statement of April 16, 1990, DoD does not encourage, enter into, or commit U.S. firms to FMS offset arrangements. The decision whether to engage in offsets, and the responsibility for negotiating and implementing offset arrangements, resides with the companies involved. (Also see 225.7303-2(a)(3).)

225.7307 Contract clauses.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(a) Use the clause at 252.225-7027, Restriction on Contingent Fees for Foreign Military Sales, in solicitations and contracts for FMS. Insert in paragraph (b)(1) of the clause the name(s) of any foreign country customer(s) listed in 225.7303-4(b).

(b) Use the clause at 252.225-7028, Exclusionary Policies and Practices of Foreign Governments, in solicitations and contracts for the purchase of supplies and services for international military education training and FMS.

SUBPART 225.9—CUSTOMS AND DUTIES

(Revised December 24, 2009)

225.900-70 Definition.

“Component,” as used in this subpart, means any item supplied to the Government as part of an end product or of another component.

225.901 Policy.

Unless the supplies are entitled to duty-free treatment under a special category in the Harmonized Tariff Schedule of the United States (e.g., the Caribbean Basin Economic Recovery Act or a Free Trade Agreement), or unless the supplies already have entered into the customs territory of the United States and the contractor already has paid the duty, DoD will issue duty-free entry certificates for—

- (1) Qualifying country supplies (end products and components);
- (2) Eligible products (end products but not components) under contracts covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement; and
- (3) Other foreign supplies for which the contractor estimates that duty will exceed \$200 per shipment into the customs territory of the United States.

225.902 Procedures.

Follow the entry and release procedures at PGI 225.902.

225.903 Exempted supplies.

- (b)(i) For an explanation of the term “supplies,” see PGI 225.903(b)(i).
- (ii) The duty-free certificate shall be printed, stamped, or typed on the face of, or attached to, Customs Form 7501. A duly designated officer or civilian official of the appropriate department or agency shall execute the certificate in the format provided at PGI 225.903(b)(ii).

SUBPART 231.2—CONTRACTS WITH COMMERCIAL ORGANIZATIONS
(Revised December 24, 2009)

231.201-2 Determining allowability.

(a) In addition to the requirements at FAR 31.201-2(a), a cost is allowable only when it complies with the clause at 252.215-7004, Excessive Pass-Through Charges.

231.203 Indirect costs.

See DoD Class Deviation [2008-O0009](#), FAR 31.203(c), Indirect Costs, issued on February 18, 2009. This deviation expires on September 30, 2011.

(d) Indirect costs related to excessive pass-through charges, as defined in the clause at 252.215-7004, are unallowable.

231.205 Selected costs.

231.205-1 Public relations and advertising costs.

(e) See 225.7303-2(e) for allowability provisions affecting foreign military sales contracts.

(f) Unallowable public relations and advertising costs include the following:

(1) Monies paid to the Government associated with the leasing of Government equipment, including lease payments and reimbursements for support services, except for foreign military sales contracts as provided for at 225.7303-2.

231.205-6 Compensation for personal services.

(f)(1) In accordance with Section 8122 of Pub. L. 104-61, and similar sections in subsequent Defense appropriations acts, costs for bonuses or other payments in excess of the normal salary paid by the contractor to an employee, that are part of restructuring costs associated with a business combination, are unallowable under DoD contracts funded by fiscal year 1996 or subsequent appropriations. This limitation does not apply to severance payments or early retirement incentive payments. (See 231.205-70(b) for the definitions of “business combination” and “restructuring costs.”)

231.205-18 Independent research and development and bid and proposal costs.

(a) *Definitions.* As used in this subsection—

(i) “Covered contract” means a DoD prime contract for an amount exceeding the simplified acquisition threshold, except for a fixed-price contract without cost incentives. The term also includes a subcontract for an amount exceeding the simplified acquisition threshold, except for a fixed-price subcontract without cost incentives under such a prime contract.

Defense Federal Acquisition Regulation Supplement

Part 231—Contract Cost Principles and Procedures

(ii) “Covered segment” means a product division of the contractor that allocated more than \$1,100,000 in independent research and development and bid and proposal (IR&D/B&P) costs to covered contracts during the preceding fiscal year. In the case of a contractor that has no product divisions, the term means that contractor as a whole. A product division of the contractor that allocated less than \$1,100,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year is not subject to the limitations in paragraph (c) of this subsection.

(iii) “Major contractor” means any contractor whose covered segments allocated a total of more than \$11,000,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year. For purposes of calculating the dollar threshold amounts to determine whether a contractor meets the definition of “major contractor,” do not include contractor segments allocating less than \$1,100,000 of IR&D/B&P costs to covered contracts during the preceding fiscal year.

(c) *Allowability.*

(i) Departments/agencies shall not supplement this regulation in any way that limits IR&D/B&P cost allowability.

(ii) See 225.7303-2(c) for allowability provisions affecting foreign military sale contracts.

(iii) For major contractors, the following limitations apply:

(A) The amount of IR&D/B&P costs allowable under DoD contracts shall not exceed the lesser of—

(1) Such contracts’ allocable share of total incurred IR&D/B&P costs; or

(2) The amount of incurred IR&D/B&P costs for projects having potential interest to DoD.

(B) Allowable IR&D/B&P costs are limited to those for projects that are of potential interest to DoD, including activities intended to accomplish any of the following:

(1) Enable superior performance of future U.S. weapon systems and components.

(2) Reduce acquisition costs and life-cycle costs of military systems.

(3) Strengthen the defense industrial and technology base of the United States.

(4) Enhance the industrial competitiveness of the United States.

(5) Promote the development of technologies identified as critical under 10 U.S.C. 2522.

(6) Increase the development and promotion of efficient and effective applications of dual-use technologies.

(7) Provide efficient and effective technologies for achieving such environmental benefits as: improved environmental data gathering, environmental cleanup and restoration, pollution reduction in manufacturing, environmental conservation, and environmentally safe management of facilities.

(iv) For major contractors, the cognizant administrative contracting officer (ACO) or corporate ACO shall—

and (A) Determine whether IR&D/B&P projects are of potential interest to DoD;

(B) Provide the results of the determination to the contractor.

(v) The cognizant contract administration office shall furnish contractors with guidance on financial information needed to support IR&D/B&P costs and on technical information needed from major contractors to support the potential interest to DoD determination (also see 242.771-3(a)).

231.205-22 Legislative lobbying costs.

(a) Costs associated with preparing any material, report, list, or analysis on the actual or projected economic or employment impact in a particular State or congressional district of an acquisition program for which all research, development, testing, and evaluation has not been completed also are unallowable (10 U.S.C. 2249).

231.205-70 External restructuring costs.

(a) *Scope.* This subsection—

(1) Prescribes policies and procedures for allowing contractor external restructuring costs when savings would result for DoD; and

(2) Implements 10 U.S.C. 2325.

(b) *Definitions.* As used in this subsection:

(1) “Business combination” means a transaction whereby assets or operations of two or more companies not previously under common ownership or control are combined, whether by merger, acquisition, or sale/purchase of assets.

(2) “External restructuring activities” means restructuring activities occurring after a business combination that affect the operations of companies not previously under common ownership or control. They do not include restructuring activities occurring after a business combination that affect the operations of only one of the companies not previously under common ownership or control, or, when there has been no business combination, restructuring activities undertaken within one company. External restructuring activities are a direct outgrowth of a business combination. They normally will be initiated within 3 years of the business combination.

(3) “Restructuring activities” means nonroutine, nonrecurring, or extraordinary activities to combine facilities, operations, or workforce, in order to eliminate redundant

Defense Federal Acquisition Regulation Supplement

Part 231—Contract Cost Principles and Procedures

capabilities, improve future operations, and reduce overall costs. Restructuring activities do not include routine or ongoing repositionings and redeployments of a contractor's productive facilities or workforce (e.g., normal plant rearrangement or employee relocation), nor do they include other routine or ordinary activities charged as indirect costs that would otherwise have been incurred (e.g., planning and analysis, contract administration and oversight, or recurring financial and administrative support).

(4) "Restructuring costs" means the costs, including both direct and indirect, of restructuring activities. Restructuring costs that may be allowed include, but are not limited to, severance pay for employees, early retirement incentive payments for employees, employee retraining costs, relocation expense for retained employees, and relocation and rearrangement of plant and equipment. For purposes of this definition, if restructuring costs associated with external restructuring activities allocated to DoD contracts are less than \$2.5 million, the costs shall not be subject to the audit, review, and determination requirements of paragraph (c)(4) of this subsection; instead, the normal rules for determining cost allowability in accordance with FAR Part 31 shall apply.

(5) "Restructuring savings" means cost reductions, including both direct and indirect cost reductions, that result from restructuring activities. Reassignments of cost to future periods are not restructuring savings.

(c) *Limitations on cost allowability.* Restructuring costs associated with external restructuring activities shall not be allowed unless—

(1) Such costs are allowable in accordance with FAR Part 31 and DFARS Part 231;

(2) An audit of projected restructuring costs and restructuring savings is performed;

(3) The cognizant administrative contracting officer (ACO) reviews the audit report and the projected costs and projected savings, and negotiates an advance agreement in accordance with paragraph (d) of this subsection; and

(4)(i) The official designated in paragraph (c)(4)(ii) of this subsection determines in writing that the audited projected savings, on a present value basis, for DoD resulting from the restructuring will exceed either—

(A) The costs allowed by a factor of at least two to one; or

(B) The costs allowed, and the business combination will result in the preservation of a critical capability that might otherwise be lost to DoD.

(ii)(A) If the amount of restructuring costs is expected to exceed \$25 million over a 5-year period, the designated official is the Under Secretary of Defense (Acquisition, Technology, and Logistics) or the Principal Deputy. This authority may not be delegated below the level of an Assistant Secretary of Defense.

(B) For all other cases, the designated official is the Director of the Defense Contract Management Agency. The Director may not delegate this authority.

Defense Federal Acquisition Regulation Supplement

Part 231—Contract Cost Principles and Procedures

(d) *Procedures and ACO responsibilities.* As soon as it is known that the contractor will incur restructuring costs for external restructuring activities, the cognizant ACO shall follow the procedures at PGI 231.205-70(d).

(e) *Information needed to obtain a determination.*

- (1) The novation agreement (if one is required).
- (2) The contractor's restructuring proposal.
- (3) The proposed advance agreement.
- (4) The audit report.
- (5) Any other pertinent information.

(6) The cognizant ACO's recommendation for a determination. This recommendation must clearly indicate one of the following, consistent with paragraph (c)(4)(i) of this subsection:

(i) The audited projected savings for DoD will exceed the costs allowed by a factor of at least two to one on a present value basis.

(ii) The business combination will result in the preservation of a critical capability that might otherwise be lost to DoD, and the audited projected savings for DoD will exceed the costs allowed on a present value basis.

(f) *Contracting officer responsibilities.*

(1) The contracting officer, in consultation with the cognizant ACO, should consider including a repricing clause in noncompetitive fixed-price contracts that are negotiated during the period between—

(i) The time a business combination is announced; and

(ii) The time the contractor's forward pricing rates are adjusted to reflect the impact of restructuring.

(2) The decision to use a repricing clause will depend upon the particular circumstances involved, including—

(i) When the restructuring will take place;

(ii) When restructuring savings will begin to be realized;

(iii) The contract performance period;

(iv) Whether the contracting parties are able to make a reasonable estimate of the impact of restructuring on the contract; and

(v) The size of the potential dollar impact of restructuring on the contract.

Defense Federal Acquisition Regulation Supplement

Part 231—Contract Cost Principles and Procedures

(3) If the contracting officer decides to use a repricing clause, the clause must provide for a downward-only price adjustment to ensure that DoD receives its appropriate share of restructuring net savings.

Part 252—Solicitation Provisions and Contract Clauses

(Revised December 24, 2009)

252.225-7000 Buy American Act—Balance of Payments Program Certificate.

As prescribed in 225.1101(1), use the following provision:

252.225-7001 Buy American Act and Balance of Payments Program.

As prescribed in 225.1101(2), use the following clause:

BUY AMERICAN ACT AND BALANCE OF PAYMENTS PROGRAM (JAN 2009)

(a) *Definitions.* As used in this clause—

(1) “Commercially available off-the-shelf (COTS) item”—

(i) Means any item of supply (including construction material) that is—

(A) A commercial item (as defined in paragraph (1) of the definition of “commercial item” in section 2.101 of the Federal Acquisition Regulation);

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

(2) “Component” means an article, material, or supply incorporated directly into an end product.

(3) “Domestic end product” means—

(i) An unmanufactured end product that has been mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American Act; or

(B) The end product is a COTS item.

(4) “End product” means those articles, materials, and supplies to be acquired under this contract for public use.

(5) “Foreign end product” means an end product other than a domestic end product.

(6) “Qualifying country” means any country set forth in subsection 225.872-1 of the Defense Federal Acquisition Regulation Supplement (DFARS).

(7) “Qualifying country component” means a component mined, produced, or manufactured in a qualifying country.

(8) “Qualifying country end product” means—

(i) An unmanufactured end product mined or produced in a qualifying country; or

(ii) An end product manufactured in a qualifying country if the cost of the following types of components exceeds 50 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States.

(9) “United States” means the 50 States, the District of Columbia, and outlying areas.

(b) This clause implements the Buy American Act (41 U.S.C. Section 10a-d). In accordance with 41 U.S.C. 431, the component test of the Buy American Act is waived for an end product that is a COTS item (see section 12.505(a)(1) of the Federal Acquisition Regulation). Unless otherwise specified, this clause applies to all line items in the contract.

(c) The Contractor shall deliver only domestic end products unless, in its offer, it specified delivery of other end products in the Buy American Act—Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, the Contractor shall deliver a qualifying country end product or, at the Contractor’s option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

252.225-7002 Qualifying Country Sources as Subcontractors.

As prescribed in 225.1101(3), use the following clause:

(D) For COTS items that are normally sold in the commercial marketplace with various options, items that include such options are also COTS items. However, if a COTS item is offered to the Government with an option that is not normally offered in the commercial marketplace, that option is subject to the restriction in paragraph (b) of this clause (e.g. - An aircraft is normally sold to the public with an option for installation kits. The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(3) Fasteners that are commercial items, if the manufacturer of the fasteners certifies it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and other customers, that is not less than 50 percent of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers.

(4) Items manufactured in a qualifying country.

(i) A satisfactory quality;

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(ii) A sufficient quantity; and

(iii) The required form.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.*

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(i) The Contracting Officer has notified the Contractor of the items to be delivered under this contract that have been determined by the Government to meet the definition of “commercial derivative military article”; and
