Such reprisal is prohibited even if it is undertaken at the request of an executive branch official, unless the request takes the form of a non-discretionary directive and is within the authority of the executive branch official making the request.

(2) *Entities to whom disclosure may be made:*

- (i) A Member of Congress or a representative of a committee of Congress.
- (ii) An Inspector General that receives funding from or has oversight over contracts awarded for or on behalf of DoD.

(i) Order the contractor to take affirmative action to abate the reprisal.

(ii) Order the contractor to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including

(iii) Order the contractor to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the agency.

(i) The complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint; and

(ii) The complainant may bring a de novo action at law or equity against the contractor to seek compensatory damages and other relief available under 10 U.S.C. 2409 in the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury. In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and reasonable attorney fees and costs. The person upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the agency.

(5) Any person adversely affected or aggrieved by an order issued by the head of the agency in accordance with 10 U.S.C. 2409 may obtain judicial review of the order's conformance with the law, and the implementing regulation, in the United States Court of Appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the agency or designee. Review shall conform to Chapter 7 of Title 5, United States Code. Filing such an appeal shall not act to stay the enforcement of the order by the head of an agency, unless a stay is specifically entered by the court.

*(Revised September 30, 2013)*

**225.401 Exceptions.**

(a)(2)(A) If a department or agency considers an individual acquisition of a product to be indispensable for national security or national defense purposes and appropriate for exclusion from the provisions of FAR subpart 25.4, it may submit a request with supporting rationale to the Director of Defense Procurement and Acquisition Policy (OUSD(AT&L)DPAP). Approval by OUSD(AT&L)DPAP is not required if—

- (1) Purchase from foreign sources is restricted by statute (see Subpart 225.70);
- (2) Another exception in FAR 25.401 applies to the acquisition; or
- (3) Competition from foreign sources is restricted under subpart [225.71](#).

(B) Public interest exceptions for certain countries when acquiring products or services in support of operations in Afghanistan are in [225.7704-1](#).

**225.401-70 End products subject to trade agreements.**

Acquisitions of end products in the following Federal supply groups (FSG) are covered by trade agreements if the value of the acquisition is at or above the applicable trade agreement threshold and no exception applies. If an end product is not in one of the listed groups, the trade agreements do not apply. The definition of Caribbean Basin country end products in FAR 25.003 excludes those end products that are not eligible for duty-free treatment under 19 U.S.C. 2703(b). Therefore certain watches, watch parts, and luggage from certain Caribbean Basin countries are not eligible products. However, [225.003](#) expands the definition of Caribbean Basin country end products to include petroleum and any product derived from petroleum, in accordance with Section 8094 of Pub. L. 103-139.

**225.401-71 Products or services in support of operations in Afghanistan.**

When acquiring products or services, other than small arms, in support of operations in Afghanistan if using a procedure specified in [225.7703-1\(a\)](#) (2) or (3), the procedures of subpart 25.4 are not applicable.

**225.402 General.**

To estimate the value of the acquisition, use the total estimated value of end products covered by trade agreements (see [225.401-70](#)).

**225.403 World Trade Organization Government Procurement Agreement and Free Trade Agreements.**

(c) For acquisitions of supplies covered by the World Trade Organization Government Procurement Agreement, acquire only U.S.-made, qualifying country, or designated country end products unless—

(i) The contracting officer determines that offers of U.S.-made, qualifying country, or designated country end products from responsive, responsible offerors are either—

(A) Not received; or

(B) Insufficient to fill the Government's requirements. In this case, accept all responsive, responsible offers of U.S.-made, qualifying country, and eligible products before accepting any other offers;

(ii) A national interest waiver under 19 U.S.C. 2512(b)(2) is granted on a case-by-case basis. Except as delegated in paragraphs (c)(i)(A) and (B) of this section, submit any request for a national interest waiver to the Director of Defense Procurement and Acquisition Policy in accordance with department or agency procedures. Include supporting rationale with the request.

(A) The head of the contracting activity may approve a national interest waiver for a purchase by an overseas purchasing activity, if the waiver is supported by a written statement from the requiring activity that the products being acquired are critical for the support of U.S. forces stationed abroad.

(B) The Commander or Director, Defense Energy Support Center, may approve national interest waivers for purchases of fuel for use by U.S. forces overseas; or

(iii) The acquisition is in support of operations in Afghanistan (see [225.7704-1](#)).

**225.408 Procedures.**

(a)(4) The requirements of FAR 25.408(a)(4), on submission of offers in U.S. dollars, do not apply to overseas acquisitions or to Defense Energy Support Center post, camp, or station overseas requirements.

**SUBPART 225.5—EVALUATING FOREIGN OFFERS—SUPPLY CONTRACTS**  
*(Revised September 30, 2013)*

**225.502 Application.**

(a) Whenever the acquisition is in support of operations in Afghanistan, treat the offers of end products from South Caucasus or Central and South Asian states listed in [225.401-70](#) the same as qualifying country offers.

(b) Use the following procedures instead of the procedures in FAR 25.502(b) for acquisitions subject to the World Trade Organization Government Procurement Agreement:

(i) Consider only offers of U.S.-made, qualifying country, or designated country end products, except as permitted by [225.403](#) or [225.7703-1](#).

(ii) If price is the determining factor, award on the low offer.

(c) Use the following procedures instead of those in FAR 25.502(c) for acquisitions subject to the Buy American statute or the Balance of Payments Program:

(i)(A) If the acquisition is subject only to the Buy American statute or the Balance of Payments Program, then only qualifying country end products are exempt from application of the Buy American or Balance of Payments Program evaluation factor.

(B) If the acquisition is also subject to a Free Trade Agreement, then eligible products of the applicable Free Trade Agreement country are also exempt from application of the Buy American or Balance of Payments Program evaluation factor.

(ii) If price is the determining factor, use the following procedures:

(A) If the low offer is a domestic offer, award on that offer.

(B) If there are no domestic offers, award on the low offer (see example in [225.504\(1\)](#)).

(C) If the low offer is a foreign offer that is exempt from application of the Buy American or Balance of Payments Program evaluation factor, award on that offer. (If the low offer is a qualifying country offer from a country listed at [225.872-1\(b\)](#), execute a determination in accordance with [225.872-4](#)).

(D) If the low offer is a foreign offer that is not exempt from application of the Buy American or Balance of Payments Program evaluation factor, and there is another foreign offer that is exempt and is lower than the lowest domestic offer, award on the low foreign offer (see example in [225.504\(2\)](#)).

(E) Otherwise, apply the 50 percent evaluation factor to the low foreign offer.

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(1) If the price of the low domestic offer is less than the evaluated price of the low foreign offer, award on the low domestic offer (see example in [225.504\(3\)](#)).

(2) If the evaluated price of the low foreign offer remains less than the low domestic offer, award on the low foreign offer (see example in [225.504\(4\)](#)).

(iii) If price is not the determining factor, use the following procedures:

(A) If there are domestic offers, apply the 50 percent Buy American or Balance of Payments Program evaluation factor to all foreign offers unless an exemption applies.

(B) Evaluate in accordance with the criteria of the solicitation.

(C) If these procedures will not result in award on a domestic offer, re-evaluate offers without the 50 percent factor. If this will result in award on an offer to which the Buy American statute or Balance of Payments Program applies, but evaluation in accordance with paragraph (c)(ii) of this section would result in award on a domestic offer, proceed with award only after execution of a determination in accordance with [225.103\(a\)\(ii\)\(B\)](#), that domestic preference would be inconsistent with the public interest.

(iv) If the solicitation includes the provision at [252.225-7023](#), Preference for Products or Services from Afghanistan, use the evaluation procedures at [225.7703-3](#).

#### **225.503 Group offers.**

Evaluate group offers in accordance with FAR 25.503, but apply the evaluation procedures of [225.502](#).

#### **225.504 Evaluation examples.**

For examples that illustrate the evaluation procedures in [225.502\(c\)\(ii\)](#), see [PGI 225.504](#).

**225.1101 Acquisition of supplies.**

(1)(i) Use the provision at [252.225-7000](#), Buy American—Balance of Payments Program Certificate, instead of the provision at FAR 52.225-2, Buy American Certificate. (A) All line items will be acquired from a particular source or sources under the authority of FAR 6.302-3;

(B) All line items must be domestic or qualifying country end products in accordance with Subpart [225.70](#). (However, the clause may still be required if Subpart [225.70](#) requires manufacture of the end product in the United States or in the United States or Canada, without a corresponding requirement for use of domestic components);

(C) An exception to the Buy American statute or Balance of Payments Program applies (see FAR 25.103, 225.103, and [225.7501](#));

(D) One or both of the following clauses will apply to all line items in the contract:

(1) [252.225-7021](#), Trade Agreements.

(2) [252.225-7036](#), Buy American—Free Trade Agreements—Balance of Payments Program; or

(7) The contracting officer determines that a requirement can best be filled by a foreign end product or construction material, including determinations that—

(i) A subsistence product is perishable and delivery from the United States would significantly impair the quality at the point of consumption;

(ii) An end product or construction material, by its nature or as a practical matter, can best be acquired in the geographic area concerned, e.g., ice or books; or bulk material, such as sand, gravel, or other soil material, stone, concrete masonry units, or fired brick;

(iii) A particular domestic construction material is not available;

(iv) The cost of domestic construction material would exceed the cost of foreign construction material by more than 50 percent, calculated on the basis of—

(A) A particular construction material; or

(B) The comparative cost of application of the Balance of Payments Program to the total acquisition; or

(v) Use of a particular domestic construction material is impracticable;

(b) After receipt of offers—

(1) The evaluated low offer (see Subpart [225.5](#)) is an offer of an end product that—

(iv) Is a nonqualifying country end product, but application of the Balance of Payments Program evaluation factor would not result in award on a domestic offer; or

(2) The construction material is an eligible product or, if the acquisition is in support of operations in Afghanistan, the construction material is a South Caucasus/Central and South Asian state construction material (see [225.7704-2](#)); or

#### **225.7503 Contract clauses.**

Unless the entire acquisition is exempt from the Balance of Payments Program—

(a)(1) Use the clause at [252.225-7044](#), Balance of Payments Program—Construction Material, in solicitations and contracts for construction to be performed outside the United States, including acquisitions of commercial items or components, with a value greater than the simplified acquisition threshold but less than \$7,777,000.

(1) Use full and open competition to the maximum extent practicable, consistent with the provisions of 10 U.S.C. 2304;

### Part 252—Solicitation Provisions and Contract Clauses

---

(Revised September 30, 2013)

#### **252.216-7000 Economic Price Adjustment—Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products.**

As prescribed in [216.203-4-70](#)(a)(1), use the following clause:

#### ECONOMIC PRICE ADJUSTMENT—BASIC STEEL, ALUMINUM, BRASS, BRONZE, OR COPPER MILL PRODUCTS (MAR 2012)

(a) *Definitions.* As used in this clause—

“Established price” means a price which is an established catalog or market price for a commercial item sold in substantial quantities to the general public.

“Unit price” excludes any part of the price which reflects requirements for preservation, packaging, and packing beyond standard commercial practice.

(b) As represented by the Contractor in its offer, the unit price stated for \_\_\_\_\_ (*Identify the item*) is not in excess of the Contractor's established price in effect on the date set for opening of bids (or the contract date if this is a negotiated contract) for like quantities of the same item. This price is the net price after applying any applicable standard trade discounts offered by the Contractor from its catalog, list, or schedule price.

(c) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in any established price.

(1) Each corresponding contract unit price shall be decreased by the same percentage that the established price is decreased.

(2) This decrease shall apply to items delivered on or after the effective date of the decrease in the Contractor's established price.

(3) This contract shall be modified accordingly.

(d) If the Contractor's established price is increased after the date set for opening of bids (or the contract date if this is a negotiated contract), upon the Contractor's written request to the Contracting Officer, the corresponding contract unit price shall be increased by the same percentage that the established price is increased, and this contract shall be modified accordingly, provided—

(1) The aggregate of the increases in any contract unit price under this contract shall not exceed 10 percent of the original contract unit price;

(2) The increased contract unit price shall be effective on the effective date of the increase in the applicable established price if the Contractor's written request is received by the Contracting Officer within ten days of the change. If it is not, the effective date of the increased unit price shall be the date of receipt of the request by the Contracting Officer; and

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

(3) The increased contract unit price shall not apply to quantities scheduled for delivery before the effective date of the increased contract unit price unless the Contractor's failure to deliver before that date results from causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the Default clause of this contract.

(4) The Contracting Officer shall not execute a modification incorporating an increase in a contract unit price under this clause until the increase is verified.

(e) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability to either party, any portion of the contract affected by the requested increase and not delivered at the time of such cancellation, except as follows—

(1) The Contractor may, after that time, deliver any items that were completed or in the process of manufacture at the time of receipt of the cancellation notice, provided the Contractor notifies the Contracting Officer of such items within 10 days after the Contractor receives the cancellation notice.

(2) The Government shall pay for those items at the contract unit price increased to the extent provided by paragraph (d) of this clause.

(3) Any standard steel supply item shall be deemed to be in the process of manufacture when the steel for that item is in the state of processing after the beginning of the furnace melt.

(f) Pending any cancellation of this contract under paragraph (e) of this clause, or if there is no cancellation, the Contractor shall continue deliveries according to the delivery schedule of the contract. The Contractor shall be paid for those deliveries at the contract unit price increased to the extent provided by paragraph (d) of this clause.

(End of clause)

#### **252.216-7001 Economic Price Adjustment—Nonstandard Steel Items.**

As prescribed in [216.203-4-70\(b\)](#), use the following clause:

##### ECONOMIC PRICE ADJUSTMENT--NONSTANDARD STEEL ITEMS (JUL 1997)

(a) *Definitions.* As used in this clause—

“Base labor index” means the average of the labor indices for the three months which consist of the month of bid opening (or offer submission) and the months immediately preceding and following that month.

“Base steel index” means the Contractor's established price (see Note 6) including all applicable extras of \$\_\_\_\_\_ per \_\_\_\_\_ (see Note 1) for \_\_\_\_\_ (see Note 2) on the date set for bid opening (or the date of submission of the offer).

“Current labor index” means the average of the labor indices for the month in which delivery of supplies is required to be made and the month preceding.

## Defense Federal Acquisition Regulation Supplement

### Part 252—Solicitation Provisions and Contract Clauses

---

“Current steel index” means the Contractor's established price (see Note 6) for that item, including all applicable extras in effect \_\_\_ days (see Note 3) prior to the first day of the month in which delivery is required.

“Established price” is—

(1) A price which is an established catalog or market price of a commercial item sold in substantial quantities to the general public; and

(2) The net price after applying any applicable standard trade discounts offered by the Contractor from its catalog, list, or schedule price. (But see Note 6.)

“Labor index” means the average straight time hourly earnings of the Contractor's employees in the \_\_\_\_\_ shop of the Contractor's \_\_\_\_\_ plant (see Note 4) for any particular month.

“Month” means calendar month. However, if the Contractor's accounting period does not coincide with the calendar month, then that accounting period shall be used in lieu of “month.”

(b) Each contract unit price shall be subject to revision, under the terms of this clause, to reflect changes in the cost of labor and steel. For purpose of this price revision, the proportion of the contract unit price attributable to costs of labor not otherwise included in the price of the steel item identified under the “base steel index” definition in paragraph (a) shall be \_\_\_\_\_ percent, and the proportion of the contract unit price attributable to the cost of steel shall be \_\_\_\_\_ percent. (See Note 5.)

(c)(1) Unless otherwise specified in this contract, the labor index shall be computed by dividing the total straight time earnings of the Contractor's employees in the shop identified in paragraph (a) for any given month by the total number of straight time hours worked by those employees in that month.

(2) Any revision in a contract unit price to reflect changes in the cost of labor shall be computed solely by reference to the “base labor index” and the “current labor index.”

(d) Any revision in a contract unit price to reflect changes in the cost of steel shall be computed solely by reference to the “base steel index” and the “current steel index.”

(e)(1) Each contract unit price shall be revised for each month in which delivery of supplies is required to be made.

(2) The revised contract unit price shall apply to the deliveries of those quantities required to be made in that month regardless of when actual delivery is made.

(3) Each revised contract unit price shall be computed by adding—

(i) The adjusted cost of labor (obtained by multiplying \_\_\_\_\_ percent of the contract unit price by a fraction, of which the numerator shall be the current labor index and the denominator shall be the base labor index);

## Defense Federal Acquisition Regulation Supplement

The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.*

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause in subcontracts, including subcontracts for commercial items, that are for items containing specialty metals, to the extent necessary to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting the substance of this clause in subcontracts, the Contractor shall—

(2) Exclude paragraph (d) of this clause; and

(3) Include this paragraph (e).
