Part 242—Contract Administration and Audit Services

SUBPART 242.15—CONTRACTOR PERFORMANCE INFORMATION *(Added May 19, 2006)*

242.1502 Policy.

See DoD Class Deviation [2013-O0018](#), Past Performance Evaluation Thresholds and Reporting Requirements, issued on September 24, 2013. This class deviation establishes thresholds for past performance reporting on DoD actions and requires past performance reporting for contracts awarded under FAR 8.6, Acquisition from Federal Prison Industries, Inc., and FAR subpart 8.7, Acquisition from Nonprofit Agencies Employing People Who are Blind or Severely Handicapped, when the thresholds in this class deviation are exceeded. The class deviation also encourages contracting officers to manually register and complete assessment reports on science and technology contracts and delivery/task orders under budget accounts 6.1, 6.2, and 6.3 over \$1,000,000. This deviation is effective until incorporated in the DFARS or rescinded.
