

AcqDemo 2.0!
“Strengthening the Acquisition Workforce”

The 2012 AcqDemo Conference, entitled, “**AcqDemo 2.0! Strengthening the Acquisition Workforce,**” will be held April 17-19, 2012 at [The National Conference Center](#), Leesburg Va.

Our conference theme reflects both the desire to continue shaping AcqDemo as a leading alternative personnel management system providing effective personnel initiatives, and as a primary tool in strengthening the quality and capabilities of the acquisition workforce. Over this three-day period, attendees will hear how our transition year went and be asked to participate in shaping program and policy design enhancements, geared toward preparing AcqDemo to address AT&L workforce challenges.

This conference is targeted for Pay Pool Managers, Pay Pool Administrators and AcqDemo Human Resources service providers. Employees who support AcqDemo operations in one of these roles should receive more information from their Component/4th Estate Organization AcqDemo POC.
