

IUID Individual Contribution Award

Ms. Dorothy R. Ritter

Process Integration Division
Serial Number Tracking Team
Project Lead

Ms. LeAntha Sumpter, (Deputy Director for Program Development and Implementation, Defense Procurement & Acquisition Policy in the Office of the Under Secretary of Defense for AT&L) presents Ms. Dorothy R. Ritter with the IUID Individual Contribution Award.

IUID Individual Contribution Award

Press Release May, 2009

Process Integration Division
Serial Number Tracking Team
Project Lead

Ms. Dorothy R. Ritter received the IUID Individual Contribution Award at the UID Forum, held April 6-8th 2009 in Denver, Colorado, sponsored by Defense Procurement & Acquisition Policy in the Office of the Under Secretary of Defense for AT&L.

Ms. Dorothy Ritter has been the catalyst within the US Army Materiel Command (USAMC) Logistics Support Activity (LOGSA) to enable widespread use of the existing US Army Aviation and Missile Command (AMCOM) Maintenance Consolidated Database System beyond the highly successful Aviation Application.

Her determined efforts to apply MCDS for the Small Arms Pilot effort at Anniston Army Depot will ultimately facilitate the Army's use of IUID and Serialized Item Management within the LOGSA Process Integration Division over an enormous range of assets and will result in a force multiplier.

Most remarkable are the successes that have been accomplished despite the limited resources available to Ms. Ritter as the Project Lead. Ms. Ritter is a credit to herself, the USAMC Logistics Support Activity, the United States Army and the Department of Defense.
