IUID Certificate of Appreciation

Press Release

May, 2009

Ms. Shanna Poole Department of Navy Lead for IUID

Since becoming the Lead for the Department of Navy's IUID implementation, Shanna Poole has been a tremendous success in furthering OSD's IUID vision both within the Navy and throughout the Department of Defense.

Working out of the Office of the Deputy Assistant Secretary of the Navy for Acquisition and Logistics Management, Shanna took on IUID because as she says, "no one else wanted it". She obviously likes a challenge.

She quickly developed and communicated a vision for IUID implementation to allow the DoN to begin realizing the benefits of IUID as quickly and inexpensively as possible by:

- ♦ Defining an evolutionary approach for cost effectively implementing IUID;
- ♦ Focusing on IUID implementation occurring as a by-product of normal DoN activities;
- ♦ Promoting standardized processes and tools;
- ♦ Initiating a single Information Systems approach spanning the DoN to meet the Investment Review Board (IRB) criteria; and
- ♦ Establishing a governance structure for long-term institutionalization.

In her 18 months as the Department of Navy lead, Shanna has established herself as a fierce advocate for DoN IUID implementation. As a testament to her vision, her successes to date not only apply to the DoN, but also to DoD and other Federal Agencies that are implementing IUID for identification and tracking.

Shanna is a classic example of a focused leader persevering in the diverse environment of the Department of Navy. She accomplished this in an inclusive and pro-active manner that enhances the participation of all staff and partners. In recognition of her outstanding accomplishments in creating a vigorous and forward-moving IUID program throughout the Department of Navy, Ms. Poole received the IUID Certificate of Appreciation.
