MEMORANDUM FOR: SEE DISTRIBUTION

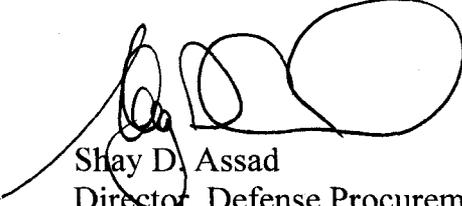

SUBJECT: Defense Acquisition University (DAU) Continuous Learning Module;
Packaging, Handling, Storage, and Transportation

A new Defense Packaging continuous learning module (CLL-013) is now available for the DoD Acquisition, Technology and Logistics (AT&L) workforce through the Defense Acquisition University (DAU) Continuous Learning website.

This module will allow individuals involved in the Packaging, Handling, Storage, and Transportation (PHS&T) process, as well as Program Managers, Logistics Managers, Contract Specialists and Product Specialists to obtain sufficient knowledge of the value of PHS&T throughout its lifecycle. An effective knowledge and application of PHS&T principles will benefit users throughout the life cycle of a program and ensure that the warfighter is properly supported.

The training module can be accessed on DAU's Continuous Learning website at <http://clc.dau.mil>. The module is available 24 hours, 7 days a week and is designed to provide selected training in specific subject matter content and provide members of the Defense Acquisition Workforce Improvement Act (DAWIA) workforce an opportunity to work toward their bi-annual 80 hours of continuous learning.

Please contact Mr. Edwayne Robinson at 703-602-8004 or edwayne.robinson@osd.mil with any questions.

Shay D. Assad
Director, Defense Procurement
and Acquisition Policy
