SUBJECT: Updated Online Training Course at Defense Acquisition University (DAU)
entitled, "Strategies for Contracting with Service-Disabled Veteran-Owned
Small Businesses"

This memorandum provides notification to Department of Defense (DoD) acquisition personnel of the availability of a revised DAU training course on contracting with service-disabled veteran-owned small businesses (SDVOSBs). The course is directed at contracting and acquisition personnel and is intended as an aid that will help to increase their knowledge and understanding of the laws and regulations associated with contracting with service-disabled veteran-owned small businesses. I strongly encourage all acquisition personnel to take the course.

The course can be accessed through the Internet by visiting DAU's Website, at www.dau.mil, and is identified as online training module, CLC-009. Completing the course will help acquisition team members identify qualified service-disabled veteran-owned small businesses in DoD's contracting programs and is part of our efforts to increase contract awards to SDVOSBs.

Those completing the course will earn continuous learning credits towards the two year mandatory 80 hours of training required in the acquisition career field.

The point of contact for this matter is Mr. Mark Gazillo, DoD Office of Small Business Programs, who can be reached at 703-604-0157, ext. 182 or by email at Mark.Gazillo@osd.mil.
