OFFICE OF THE UNDER SECRETARY OF DEFENSE

3000 DEFENSE PENTAGON
WASHINGTON, DC 20301-3000

SEP 30 2014

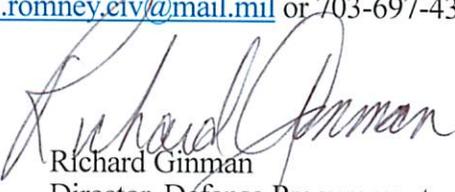

MEMORANDUM FOR COMMANDER, UNITED STATES SPECIAL OPERATIONS
COMMAND (ATTN: ACQUISITION EXECUTIVE)
COMMANDER, UNITED STATES TRANSPORTATION
COMMAND (ATTN: ACQUISITION EXECUTIVE)
DEPUTY ASSISTANT OF THE ARMY
(PROCUREMENT)
DEPUTY ASSISTANT SECRETARY OF THE NAVY
(ACQUISITION AND PROCUREMENT)
DEPUTY ASSISTANT SECRETARY OF THE AIR FORCE
(CONTRACTING)
DIRECTORS OF THE DEFENSE AGENCIES
DIRECTORS OF THE DOD FIELD ACTIVITIES

SUBJECT: FY14 Procurement Data Validation Certification and Federal Procurement Data System Reporting Updates

This memorandum is a reminder that your annual data validation certification is due December 3, 2014. As you review your data, I ask that you pay special attention to ensuring that actions identified in anomaly reports are reviewed and corrected; and that actions identified as missing in Federal Procurement Data Systems (FPDS) from the monthly Contract Reporting Scorecard this office provides are reported prior to your certification. Please also ensure that all terminations for default or cause are reported to both FPDS and the Federal Awardee Performance and Integrity Information System.

There is one significant change in FPDS that will occur at the beginning of FY15. Any new award reported with a "Date signed" of October 1, 2014, forward will be presented with only the current list of Acquisition Category (ACAT) I system codes and the five specific "Z" codes (as shown on the attached list) in the "Program, System, or Equipment" data element field. Special interest programs are not included. All other older codes will be end dated and no longer available to be used when reporting new FY15 awards. If these end dated codes have been used on FY14 and earlier awards, they will continue to pre-populate contract actions reports for related modifications. The Standard Procurement System program office is updating the FPDS Engine in Procurement Desktop-Defense to reflect the same list in order to reduce error records. Going forward, it is our intent to update the list of available codes for new or ended ACAT I programs on a quarterly basis.

Thank you for your continued dedication to improving the data reported to FPDS. DoD organizations' efforts have improved the accuracy and reliability of the data significantly over the last several years. PGI subpart 204.606 was updated July 31, 2014, for FPDS-related updates. My action officer for FPDS reporting is Lisa Romney, janice.l.romney.civ@mail.mil or 703-697-4396, if you have any questions or comments.

Richard Ginman
Director, Defense Procurement
and Acquisition Policy
