

DEPARTMENT OF DEFENSE
PHYSICAL SECURITY EQUIPMENT ACTION GROUP

GOALS

1. Synergistic RDT&E Solutions:

Leverage investments to achieve Physical Security enterprise-wide solutions across conventional and nuclear environments: simultaneously, focus on Countering Nuclear Threats.

2. Physical Security RDT&E Focal Point:

Be the Department of Defense's (DoD) focal point for Physical Security RDT&E initiatives and information sharing both inside and outside the Department.

3. Optimize Program Effectiveness:

Assist the DoD Capabilities/ Requirements community to harmonize requirements, reduce duplicative initiatives and improve Program Management.

4. Achieve Interoperability for Physical Security Solutions:

Develop and sustain, as necessary, architectures and standards to achieve Interoperability for Physical Security systems across the DoD community.

5. Reduce DoD-Wide and Component-specific Physical Security Gaps:

Sponsor initiatives to meet federal and Department-wide major policy objectives, improve overall DoD performance, and pursue initiatives that also support and facilitate closing Component capability gaps.
