

Janae Lockett-Reynolds & John Warner – DOD HFE TAG #64 San Jose, CA  
SubTAG: HFE/HSI: Management and Applications.

We had 40 attendees, including 10 new attendees.

John Warner was designated lead chair. Major Jeff Scott of AFHSIO was nominated to become the new Co-chair. Concurrence by the attending membership was unanimous.

We then had 4 presentations:

***“Air Force Human Systems Integration”***

Major Jeff Scott, USAF, BSC  
US Air Force Human Systems Integration Office (AFHSIO)

This talk provided the Sub-TAG with an update on the Air Force Human Systems Integration Office (AFHSIO) in terms of accomplishments and new challenges over the past few months.

***“HSI in DHS Acquisition Policy: Management Directive 102”***

Bonnie B. Novak  
BMT Designers & Planners, Inc.

This talk provided the Sub-TAG with an overview of recent and on-going efforts by the Department of Homeland Security to incorporate HSI and HFE language into DHS Acquisition Policy.

***“The DHS HSI Community of Practice (CoP) and Portal Development Effort”***

Sylvain Bruni  
Aptima

This talk reviewed the conceptual framework being developed to implement a web-based Community of Interest portal for HSI to foster collaboration, knowledge management and networking amongst HSI practitioners in DHS.

***“An Analytical Approach to Tradeoff Analysis for HSI Practitioners”***

Lawrence G. Shattuck & Anthony P. Tvaryanas  
Naval Postgraduate School

This talk discussed the delivery of different educational products and tracks for HSI at the Naval Post-Graduate School. Then it focused on the importance of trade-off analysis in HSI and suggested an approach for applying optimization algorithms to domain trade-offs.

Lively discussion of the topics followed each presentation, many comments bridging across presentations.
