MEMORANDUM FOR OFFICE OF THE DIRECTOR OF DEFENSE  
RESEARCH AND ENGINEERING COMPONENTS

SUBJECT: Director for Research and Director for Systems Engineering  
Appointments

I am pleased to announce the appointments of two senior political positions within DDR&E.

Dr. David Honey will serve as the Director for Research. Dave brings over 20 years of research and development experience to the Department. Dr. Honey is currently the Defense Sector General Manager and Senior Vice President for Information Systems Laboratories, Vienna, Virginia.

Mr. Stephen Welby will serve as the Director for Systems Engineering. Steve also has over 20 years of experience in advanced technology and product development. Mr. Welby is currently the Deputy for Advanced Missiles and Unmanned Systems at Raytheon Missile Systems, Tucson, Arizona.

The addition of Dr. Honey and Mr. Welby to the DDR&E team will continue to strengthen our ability to provide technology options for the future. We expect both Dr. Honey and Mr. Welby to assume their positions within the next couple of weeks.
