PGI 236—Construction and Architect-Engineer Contracts

(Revised October 1, 2010)

PGI 236.2—SPECIAL ASPECTS OF CONTRACTING FOR CONSTRUCTION

PGI 236.201 Evaluation of contractor performance.

(c)(i) Send each contractor performance evaluation report to the central data base immediately upon its completion.

(A) The central data base—

(1) Is operated by—

U.S. Army Corps of Engineers, Portland District
ATTN: CENWP-CT-I
PO Box 2946
Portland, OR 97208-2946
Telephone: (503) 808-4590.

(2) Keeps reports on file for 6 years.

(B) For computer access to the files, contact the Portland District for user log-on and procedures.

(ii) Use performance records when making responsibility determinations under FAR Subpart 9.1.

(A) For each contract expected to exceed \$1.5 million, retrieve all performance records on file in the central data base for all prospective contractors that have a reasonable chance of being selected for award. The central data base will provide—

(1) Overall current performance ratings;

(2) Descriptions of contracts on which ratings are based (e.g., type of facility, contract value, applicable performance elements); and

(3) A telephone number to obtain transcripts and documentation of pertinent evaluation details.

(B) Consider using the performance records in the data base for lower value contracts and to assess a contractor's performance record for reasons other than an award decision, such as subcontractor approval and awards for excellence.

PGI 236.203 Government estimate of construction costs.

(1) Designate the Government estimate as “For Official Use Only,” unless the information is classified. If it is, handle the estimate in accordance with security regulations.

(2) For sealed bid acquisitions—

(i) File a sealed copy of the Government estimate with the bids. (In the case of two-step acquisitions, this is done in the second step.)

(ii) After the bids are read and recorded, remove the “For Official Use Only” designation and read and record the estimate as if it were a bid, in the same detail as the bids.

PGI 236.213 Special procedures for sealed bidding in construction contracting.

For additive or deductive items—

(1) Use a bid schedule with—

(i) A first or base bid item covering the work generally as specified; and

(ii) A list of priorities that contains one or more additive or deductive bid items that progressively add or omit specified features of the work in a stated order of priority. (Normally, do not mix additive and deductive bid items in the same solicitation.)

(2) Before opening the bids, record in the contract file the amount of funds available for the project.

(3) Determine the low bidder and the items to be awarded in accordance with the procedures in the clause at 252.236-7007, Additive or Deductive Items.

PGI 236.273 Construction in foreign countries.

(b) When a technical working agreement with a foreign government is required for a construction contract—

(i) Consider inviting the Army Office of the Chief of Engineers, or the Naval Facilities Engineering Command, to participate in the negotiations.

(ii) The agreement should, as feasible and where not otherwise provided for in other agreements, cover all elements necessary for the construction that are required by laws, regulations, and customs of the United States and the foreign government, including—
