See DoD Class Deviation [2013-00019](#), Commercial Item Omnibus Clause for Acquisitions Using the Standard Procurement System, issued September 25, 2013. In accordance with Section 819 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109-163), the contracting officer may use an evaluation factor that considers whether an offeror intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve. See PGI [215.370-2](#) for guidance on use of this evaluation factor.

215.370-3 Solicitation provision and contract clause.

(a) Use the provision at [252.215-7005](#), Evaluation Factor for Employing or Subcontracting with Members of the Selected Reserve, in solicitations that include an evaluation factor considering whether an offeror intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve.

(b) Use the clause at [252.215-7006](#), Use of Employees or Individual Subcontractors Who are Members of the Selected Reserve, in solicitations that include the provision at [252.215-7005](#). Include the clause in the resultant contract only if the contractor stated in its proposal that it intends to perform the contract using employees or individual subcontractors who are members of the Selected Reserve, and that statement was used as an evaluation factor in the award decision.

Part 215—Contracting By Negotiation

215.371 Only one offer.

215.371-1 Policy.

It is DoD policy, if only one offer is received in response to a competitive solicitation—

(a) To take the required actions to promote competition (see [215.371-2](#)); and

(b) To ensure that the price is fair and reasonable (see [215.371-3](#)) and to comply with the statutory requirement for certified cost or pricing data (see FAR 15.403-4).

215.371-2 Promote competition.

Except as provided in sections [215.371-4](#) and [215.371-5](#), if only one offer is received when competitive procedures were used and the solicitation allowed fewer than 30 days for receipt of proposals, the contracting officer shall—

(a) Consult with the requiring activity as to whether the requirements document should be revised in order to promote more competition (see FAR 6.502(b) and 11.002); and

(b) Resolicit, allowing an additional period of at least 30 days for receipt of proposals.

215.371-3 Fair and reasonable price.

(a) If there was “reasonable expectation...that two or more offerors, competing independently, would submit priced offers” but only one offer is received, this circumstance does not constitute adequate price competition unless an official at a level above the contracting officer approves the determination that the price is reasonable (see FAR 15.403-1(c)(1)(ii)).

(b) Except as provided in section [215.371-4](#)(a), if only one offer is received when competitive procedures were used and the solicitation allowed at least 30 days for receipt of proposals (unless the 30-day requirement is not applicable in accordance with [215.371-4](#)(a)(3) or has been waived in accordance with section [215.371-5](#)), the contracting officer shall—

(1) Determine through cost or price analysis that the offered price is fair and reasonable and that adequate price competition exists (with approval of the determination at a level above the contracting officer) or another exception to the requirement for certified cost or pricing data applies (see FAR 15.403-1(c) and 15.403-4). In these circumstances, no further cost or pricing data is required; or

(2)(i) Obtain from the offeror cost or pricing data necessary to determine a fair and reasonable price and comply with the requirement for certified cost or pricing data at FAR 15.403-4. For acquisitions that exceed the cost or pricing data threshold, if no exception at FAR 15.403-1(b) applies, the cost or pricing data shall be certified; and

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(ii) Enter into negotiations with the offeror as necessary to establish a fair and reasonable price. The negotiated price should not exceed the offered price.

215.371-4 Exceptions.

(a) The requirements at section [215.371-2](#) do not apply to—

- (1) Acquisitions at or below the simplified acquisition threshold;
- (2) Acquisitions in support of contingency, humanitarian or peacekeeping operations, or to facilitate defense against or recovery from nuclear, biological, chemical, or radiological attack;
- (3) Small business set-asides under FAR subpart 19.5, set asides offered and accepted into the 8(a) Program under FAR subpart 19.8, or set-asides under the HUBZone Program (see FAR 19.1305(c)), the Service-Disabled Veteran-Owned Small Business Procurement Program (see FAR 19.1405(c)), or the Women-Owned Small Business Program (see FAR 19.1505(d));
- (4) Acquisitions of basic or applied research or development, as specified in FAR 35.016(a), that use a broad agency announcement; or
- (5) Acquisitions of architect-engineer services (see FAR 36.601-2).

(b) The applicability of an exception in paragraph (a) of this section does not eliminate the need for the contracting officer to seek maximum practicable competition and to ensure that the price is fair and reasonable.

215.371-5 Waiver.

(a) The head of the contracting activity is authorized to waive the requirement at [215.371-2](#) to resolicit for an additional period of at least 30 days.

(b) This waiver authority cannot be delegated below one level above the contracting officer.

215.371-6 Solicitation provision.

Use the provision at [252.215-7007](#), Notice of Intent to Resolicit, in competitive solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that will be solicited for fewer than 30 days, unless an exception at [215.371-4](#) applies or the requirement is waived in accordance with [215.371-5](#).

SUBPART 215.4—CONTRACT PRICING

(Revised October 31, 2013)

215.402 Pricing policy.

Follow the procedures at PGI 215.402 when conducting cost or price analysis, particularly with regard to acquisitions for sole source commercial items.

215.403 Obtaining certified cost or pricing data.

215.403-1 Prohibition on obtaining certified cost or pricing data (10 U.S.C. 2306a and 41 U.S.C. chapter 35).

(b) *Exceptions to certified cost or pricing data requirements.* Follow the procedures at PGI 215.403-1(b).

(c) *Standards for exceptions from certified cost or pricing data requirements.*

(1) *Adequate price competition.*

(A) For acquisitions under dual or multiple source programs—

(1) The determination of adequate price competition must be made on a case-by-case basis. Even when adequate price competition exists, in certain cases it may be appropriate to obtain additional data to assist in price analysis; and

(2) Adequate price competition normally exists when—

(i) Prices are solicited across a full range of step quantities, normally including a 0-100 percent split, from at least two offerors that are individually capable of producing the full quantity; and

(ii) The reasonableness of all prices awarded is clearly established on the basis of price analysis (see FAR 15.404-1(b)).

(B) If only one offer is received in response to a competitive solicitation, see 215.371-3.

(3) *Commercial items.*

(A) Follow the procedures at PGI 215.403-1(c)(3)(A) for pricing commercial items.

(B) By November 30th of each year, departments and agencies shall provide a report to the Director, Defense Procurement and Acquisition Policy (DPAP), ATTN: DPAP/CPIC, of all contracting officer determinations that commercial item exceptions apply under FAR 15.403-1(b)(3), during the previous fiscal year, for any contract, subcontract, or modification expected to have a value of \$15,000,000 or more. See PGI 215.403-1(c)(3)(B) for the format and guidance for the report. The Director, DPAP, will submit a consolidated report to the congressional defense committees.

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(4) *Waivers.*

(A) The head of the contracting activity may, without power of delegation, apply the exceptional circumstances authority when a determination is made that—

(1) The property or services cannot reasonably be obtained under the contract, subcontract, or modification, without the granting of the waiver;

(2) The price can be determined to be fair and reasonable without the submission of certified cost or pricing data; and

(3) There are demonstrated benefits to granting the waiver. Follow the procedures at PGI 215.403-1(c)(4)(A) for determining when an exceptional case waiver is appropriate, for approval of such waivers, for partial waivers, and for waivers applicable to unpriced supplies or services.

(B) By November 30th of each year, departments and agencies shall provide a report to the Director, DPAP, ATTN: DPAP/CPIC, of all waivers granted under FAR 15.403-1(b)(4), during the previous fiscal year, for any contract, subcontract, or modification expected to have a value of \$15,000,000 or more. See PGI 215.403-1(c)(4)(B) for the format and guidance for the report. The Director, DPAP, will submit a consolidated report to the congressional defense committees.

(C) DoD has waived the requirement for submission of certified cost or pricing data for the Canadian Commercial Corporation and its subcontractors (but see 215.408(3) and 225.870-4(c)).

(D) DoD has waived certified cost or pricing data requirements for nonprofit organizations (including educational institutions) on cost-reimbursement-no-fee contracts. The contracting officer shall require—

(1) Submission of data other than certified cost or pricing data to the extent necessary to determine price reasonableness and cost realism; and

(2) Certified cost or pricing data from subcontractors that are not nonprofit organizations when the subcontractor's proposal exceeds the certified cost or pricing data threshold at FAR 15.403-4(a)(1).

215.403-3 Requiring data other than certified cost or pricing data.

Follow the procedures at PGI 215.403-3.

215.404 Proposal analysis.

215.404-1 Proposal analysis techniques.

(1) Follow the procedures at PGI 215.404-1 for proposal analysis.

(2) For spare parts or support equipment, perform an analysis of—

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(i) Those line items where the proposed price exceeds by 25 percent or more the lowest price the Government has paid within the most recent 12-month period based on reasonably available data;

(ii) Those line items where a comparison of the item description and the proposed price indicates a potential for overpricing;

(iii) Significant high-dollar-value items. If there are no obvious high-dollar-value items, include an analysis of a random sample of items; and

(iv) A random sample of the remaining low-dollar value items. Sample size may be determined by subjective judgment, e.g., experience with the offeror and the reliability of its estimating and accounting systems.

215.404-2 Data to support proposal analysis.

See PGI 215.404-2 for guidance on obtaining field pricing or audit assistance.

215.404-3 Subcontract pricing considerations.

Follow the procedures at PGI 215.404-3 when reviewing a subcontractor's proposal.

215.404-4 Profit.

(b) Policy.

(1) Contracting officers shall use a structured approach for developing a prenegotiation profit or fee objective on any negotiated contract action when certified cost or pricing data is obtained, except for cost-plus-award-fee contracts (see 215.404-74, 216.405-2, and FAR 16.405-2) or contracts with Federally Funded Research and Development Centers (FFRDCs) (see 215.404-75). There are three structured approaches—

- (A) The weighted guidelines method;
- (B) The modified weighted guidelines method; and
- (C) An alternate structured approach.

(c) Contracting officer responsibilities.

(1) Also, do not perform a profit analysis when assessing cost realism in competitive acquisitions.

(2) When using a structured approach, the contracting officer—

(A) Shall use the weighted guidelines method (see 215.404-71), except as provided in paragraphs (c)(2)(B) and (c)(2)(C) of this subsection.

(B) Shall use the modified weighted guidelines method (see 215.404-72) on contract actions with nonprofit organizations other than FFRDCs.

(C) May use an alternate structured approach (see 215.404-73) when—

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(1) The contract action is—

(i) At or below the certified cost or pricing data threshold (see FAR 15.403-4(a)(1));

(ii) For architect-engineer or construction work;

(iii) Primarily for delivery of material from subcontractors; or

(iv) A termination settlement; or

(2) The weighted guidelines method does not produce a reasonable overall profit objective and the head of the contracting activity approves use of the alternate approach in writing.

(D) Shall use the weighted guidelines method to establish a basic profit rate under a formula-type pricing agreement, and may then use the basic rate on all actions under the agreement, provided that conditions affecting profit do not change.

(E) Shall document the profit analysis in the contract file.

(5) Although specific agreement on the applied weights or values for individual profit factors shall not be attempted, the contracting officer may encourage the contractor to—

(A) Present the details of its proposed profit amounts in the weighted guidelines format or similar structured approach; and

(B) Use the weighted guidelines method in developing profit objectives for negotiated subcontracts.

(6) The contracting officer must also verify that relevant variables have not materially changed (e.g., performance risk, interest rates, progress payment rates, distribution of facilities capital).

(d) *Profit-analysis factors.*

(1) *Common factors.* The common factors are embodied in the DoD structured approaches and need not be further considered by the contracting officer.

215.404-70 DD Form 1547, Record of Weighted Guidelines Method Application.

Follow the procedures at PGI 215.404-70 for use of DD Form 1547 whenever a structured approach to profit analysis is required.

215.404-71 Weighted guidelines method.

215.404-71-1 General.

(a) The weighted guidelines method focuses on four profit factors—

(1) Performance risk;

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

- (2) Contract type risk;
- (3) Facilities capital employed; and
- (4) Cost efficiency.

(b) The contracting officer assigns values to each profit factor; the value multiplied by the base results in the profit objective for that factor. Except for the cost efficiency special factor, each profit factor has a normal value and a designated range of values. The normal value is representative of average conditions on the prospective contract when compared to all goods and services acquired by DoD. The designated range provides values based on above normal or below normal conditions. In the price negotiation documentation, the contracting officer need not explain assignment of the normal value, but should address conditions that justify assignment of other than the normal value. The cost efficiency special factor has no normal value. The contracting officer shall exercise sound business judgment in selecting a value when this special factor is used (see 215.404-71-5).

215.404-71-2 Performance risk.

(a) *Description.* This profit factor addresses the contractor's degree of risk in fulfilling the contract requirements. The factor consists of two parts:

- (1) Technical--the technical uncertainties of performance.
- (2) Management/cost control--the degree of management effort necessary--
 - (i) To ensure that contract requirements are met; and
 - (ii) To reduce and control costs.

(b) *Determination.* The following extract from the DD Form 1547 is annotated to describe the process.

Item	Contractor Risk Factors	Assigned Weighting	Assigned Value	Base (Item 20)	Profit Objective
21.	Technical	(1)	(2)	N/A	N/A
22.	Management/ Cost Control	(1)	(2)	N/A	N/A
23.	Performance Risk (Composite)	N/A	(3)	(4)	(5)

(1) Assign a weight (percentage) to each element according to its input to the total performance risk. The total of the two weights equals 100 percent.

(2) Select a value for each element from the list in paragraph (c) of this subsection using the evaluation criteria in paragraphs (d) and (e) of this subsection.

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(3) Compute the composite as shown in the following example:

	Assigned Weighting	Assigned Value	Weighted Value
Technical	60%	5.0%	3.0%
Management/ Cost Control	40%	4.0%	1.6%
Composite Value	100%		4.6%

(4) Insert the amount from Block 20 of the DD Form 1547. Block 20 is total contract costs, excluding facilities capital cost of money.

(5) Multiply (3) by (4).

(c) *Values: Normal and designated ranges.*

	Normal Value	Designated Range
Standard	5%	3% to 7%
Technology Incentive	9%	7% to 11%

(1) *Standard.* The standard designated range should apply to most contracts.

(2) *Technology incentive.* For the technical factor only, contracting officers may use the technology incentive range for acquisitions that include development, production, or application of innovative new technologies. The technology incentive range does not apply to efforts restricted to studies, analyses, or demonstrations that have a technical report as their primary deliverable.

(d) *Evaluation criteria for technical.*

(1) Review the contract requirements and focus on the critical performance elements in the statement of work or specifications. Factors to consider include—

- (i) Technology being applied or developed by the contractor;
- (ii) Technical complexity;
- (iii) Program maturity;
- (iv) Performance specifications and tolerances;
- (v) Delivery schedule; and
- (vi) Extent of a warranty or guarantee.

(2) *Above normal conditions.*

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(i) The contracting officer may assign a higher than normal value in those cases where there is a substantial technical risk. Indicators are—

(A) Items are being manufactured using specifications with stringent tolerance limits;

(B) The efforts require highly skilled personnel or require the use of state-of-the-art machinery;

(C) The services and analytical efforts are extremely important to the Government and must be performed to exacting standards;

(D) The contractor's independent development and investment has reduced the Government's risk or cost;

(E) The contractor has accepted an accelerated delivery schedule to meet DoD requirements; or

(F) The contractor has assumed additional risk through warranty provisions.

(ii) Extremely complex, vital efforts to overcome difficult technical obstacles that require personnel with exceptional abilities, experience, and professional credentials may justify a value significantly above normal.

(iii) The following may justify a maximum value—

(A) Development or initial production of a new item, particularly if performance or quality specifications are tight; or

(B) A high degree of development or production concurrency.

(3) *Below normal conditions.*

(i) The contracting officer may assign a lower than normal value in those cases where the technical risk is low. Indicators are—

(A) Requirements are relatively simple;

(B) Technology is not complex;

(C) Efforts do not require highly skilled personnel;

(D) Efforts are routine;

(E) Programs are mature; or

(F) Acquisition is a follow-on effort or a repetitive type acquisition.

(ii) The contracting officer may assign a value significantly below normal for—

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

- (A) Routine services;
- (B) Production of simple items;
- (C) Rote entry or routine integration of Government-furnished information; or
- (D) Simple operations with Government-furnished property.

(4) *Technology incentive range.*

(i) The contracting officer may assign values within the technology incentive range when contract performance includes the introduction of new, significant technological innovation. Use the technology incentive range only for the most innovative contract efforts. Innovation may be in the form of--

(A) Development or application of new technology that fundamentally changes the characteristics of an existing product or system and that results in increased technical performance, improved reliability, or reduced costs; or

(B) New products or systems that contain significant technological advances over the products or systems they are replacing.

(ii) When selecting a value within the technology incentive range, the contracting officer should consider the relative value of the proposed innovation to the acquisition as a whole. When the innovation represents a minor benefit, the contracting officer should consider using values less than the norm. For innovative efforts that will have a major positive impact on the product or program, the contracting officer may use values above the norm.

(e) *Evaluation criteria for management/cost control.*

(1) The contracting officer should evaluate--

(i) The contractor's management and internal control systems using contracting office data, information and reviews made by field contract administration offices or other DoD field offices;

(ii) The management involvement expected on the prospective contract action;

(iii) The degree of cost mix as an indication of the types of resources applied and value added by the contractor;

(iv) The contractor's support of Federal socioeconomic programs;

(v) The expected reliability of the contractor's cost estimates (including the contractor's cost estimating system);

(vi) The adequacy of the contractor's management approach to controlling cost and schedule; and

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(vii) Any other factors that affect the contractor's ability to meet the cost targets (e.g., foreign currency exchange rates and inflation rates).

(2) *Above normal conditions.*

(i) The contracting officer may assign a higher than normal value when there is a high degree of management effort. Indicators of this are—

difficult; (A) The contractor's value added is both considerable and reasonably

(B) The effort involves a high degree of integration or coordination;

(C) The contractor has a good record of past performance;

(D) The contractor has a substantial record of active participation in Federal socioeconomic programs;

estimates; (E) The contractor provides fully documented and reliable cost

(F) The contractor makes appropriate make-or-buy decisions; or

(G) The contractor has a proven record of cost tracking and control.

(ii) The contracting officer may justify a maximum value when the effort—

(A) Requires large scale integration of the most complex nature;

(B) Involves major international activities with significant management coordination (e.g., offsets with foreign vendors); or

(C) Has critically important milestones.

(3) *Below normal conditions.*

(i) The contracting officer may assign a lower than normal value when the management effort is minimal. Indicators of this are—

made; (A) The program is mature and many end item deliveries have been

(B) The contractor adds minimal value to an item;

(C) The efforts are routine and require minimal supervision;

(D) The contractor provides poor quality, untimely proposals;

(E) The contractor fails to provide an adequate analysis of subcontractor costs;

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(F) The contractor does not cooperate in the evaluation and negotiation of the proposal;

(G) The contractor's cost estimating system is marginal;

(H) The contractor has made minimal effort to initiate cost reduction programs;

(I) The contractor's cost proposal is inadequate;

(J) The contractor has a record of cost overruns or another indication of unreliable cost estimates and lack of cost control; or

(K) The contractor has a poor record of past performance.

(ii) The following may justify a value significantly below normal—

(A) Reviews performed by the field contract administration offices disclose unsatisfactory management and internal control systems (e.g., quality assurance, property control, safety, security); or

(B) The effort requires an unusually low degree of management involvement.

215.404-71-3 Contract type risk and working capital adjustment.

(a) *Description.* The contract type risk factor focuses on the degree of cost risk accepted by the contractor under varying contract types. The working capital adjustment is an adjustment added to the profit objective for contract type risk. It only applies to fixed-price contracts that provide for progress payments. Though it uses a formula approach, it is not intended to be an exact calculation of the cost of working capital. Its purpose is to give general recognition to the contractor's cost of working capital under varying contract circumstances, financing policies, and the economic environment.

(b) *Determination.* The following extract from the DD 1547 is annotated to explain the process.

Item	Contractor Risk Factors	Assigned Value	Base (Item 20)	Profit Objective
24.	Contract Type Risk	(1)	(2)	(3)

		Cost Financed	Length Factor	Interest Rate	
25.	Working Capital (4)	(5)	(6)	(7)	(8)

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(1) Select a value from the list of contract types in paragraph (c) of this subsection using the evaluation criteria in paragraph (d) of this subsection.

(2) Insert the amount from Block 20, i.e., the total allowable costs excluding facilities capital cost of money.

(3) Multiply (1) by (2).

(4) Only complete this block when the prospective contract is a fixed-price contract containing provisions for progress payments.

(5) Insert the amount computed per paragraph (e) of this subsection.

(6) Insert the appropriate figure from paragraph (f) of this subsection.

(7) Use the interest rate established by the Secretary of the Treasury (see http://www.treasurydirect.gov/govt/rates/tcir/tcir_opdirsemi.htm). Do not use any other interest rate.

(8) Multiply (5) by (6) by (7). This is the working capital adjustment. It shall not exceed 4 percent of the contract costs in Block 20.

(c) *Values: Normal and designated ranges.*

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

Contract Type	Notes	Normal Value (percent)	Designated Range (percent)
Firm-fixed-price, no financing	(1)	5	4 to 6.
Firm-fixed-price, with performance-based payments	(6)	4	2.5 to 5.5.
Firm-fixed-price, with progress payments	(2)	3	2 to 4.
Fixed-price incentive, no financing	(1)	3	2 to 4.
Fixed-price incentive, with performance-based payments	(6)	2	0.5 to 3.5.
Fixed-price with redetermination provision	(3)		
Fixed-price incentive, with progress payments	(2)	1	0 to 2.
Cost-plus-incentive-fee	(4)	1	0 to 2.
Cost-plus-fixed-fee	(4)	.5	0 to 1.
Time-and-materials (including overhaul contracts priced on time-and-materials basis)	(5)	.5	0 to 1.
Labor-hour	(5)	.5	0 to 1.
Firm-fixed-price, level-of-effort	(5)	.5	0 to 1.

(1) “No financing” means either that the contract does not provide progress payments or performance-based payments, or that the contract provides them only on a limited basis, such as financing of first articles. Do not compute a working capital adjustment.

(2) When the contract contains provisions for progress payments, compute a working capital adjustment (Block 25).

(3) For the purposes of assigning profit values, treat a fixed-price contract with redetermination provisions as if it were a fixed-price incentive contract with below normal conditions.

(4) Cost-plus contracts shall not receive the working capital adjustment.

(5) These types of contracts are considered cost-plus-fixed-fee contracts for the purposes of assigning profit values. They shall not receive the working capital adjustment in Block 25. However, they may receive higher than normal values within the designated range to the extent that portions of cost are fixed.

(6) When the contract contains provisions for performance-based payments, do not compute a working capital adjustment.

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(d) *Evaluation criteria.*

(1) *General.* The contracting officer should consider elements that affect contract type risk such as—

- (i) Length of contract;
- (ii) Adequacy of cost data for projections;
- (iii) Economic environment;
- (iv) Nature and extent of subcontracted activity;
- (v) Protection provided to the contractor under contract provisions (e.g., economic price adjustment clauses);
- (vi) The ceilings and share lines contained in incentive provisions;
- (vii) Risks associated with contracts for foreign military sales (FMS) that are not funded by U.S. appropriations; and
- (viii) When the contract contains provisions for performance-based payments—
 - (A) The frequency of payments;
 - (B) The total amount of payments compared to the maximum allowable amount specified at FAR 32.1004(b)(2); and
 - (C) The risk of the payment schedule to the contractor.

(2) *Mandatory.* The contracting officer shall assess the extent to which costs have been incurred prior to definitization of the contract action (also see 217.7404-6(a) and 243.204-70-6). The assessment shall include any reduced contractor risk on both the contract before definitization and the remaining portion of the contract. When costs have been incurred prior to definitization, generally regard the contract type risk to be in the low end of the designated range. If a substantial portion of the costs have been incurred prior to definitization, the contracting officer may assign a value as low as 0 percent, regardless of contract type.

(3) *Above normal conditions.* The contracting officer may assign a higher than normal value when there is substantial contract type risk. Indicators of this are—

- (i) Efforts where there is minimal cost history;
- (ii) Long-term contracts without provisions protecting the contractor, particularly when there is considerable economic uncertainty;
- (iii) Incentive provisions (e.g., cost and performance incentives) that place a high degree of risk on the contractor;

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(iv) FMS sales (other than those under DoD cooperative logistics support arrangements or those made from U.S. Government inventories or stocks) where the contractor can demonstrate that there are substantial risks above those normally present in DoD contracts for similar items; or

(v) An aggressive performance-based payment schedule that increases risk.

(4) *Below normal conditions.* The contracting officer may assign a lower than normal value when the contract type risk is low. Indicators of this are—

(i) Very mature product line with extensive cost history;

(ii) Relatively short-term contracts;

(iii) Contractual provisions that substantially reduce the contractor's risk;

(iv) Incentive provisions that place a low degree of risk on the contractor;

(v) Performance-based payments totaling the maximum allowable amount(s) specified at FAR 32.1004(b)(2); or

(vi) A performance-based payment schedule that is routine with minimal risk.

(e) *Costs financed.*

(1) Costs financed equal total costs multiplied by the portion (percent) of costs financed by the contractor.

(2) Total costs equal Block 20 (i.e., all allowable costs excluding facilities capital cost of money), reduced as appropriate when—

(i) The contractor has little cash investment (e.g., subcontractor progress payments liquidated late in period of performance);

(ii) Some costs are covered by special financing provisions, such as advance payments; or

(iii) The contract is multiyear and there are special funding arrangements.

(3) The portion that the contractor finances is generally the portion not covered by progress payments, i.e., 100 percent minus the customary progress payment rate (see FAR 32.501). For example, if a contractor receives progress payments at 80 percent, the portion that the contractor finances is 20 percent. On contracts that provide progress payments to small businesses, use the customary progress payment rate for large businesses.

(f) *Contract length factor.*

(1) This is the period of time that the contractor has a working capital investment in the contract. It—

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(i) Is based on the time necessary for the contractor to complete the substantive portion of the work;

(ii) Is not necessarily the period of time between contract award and final delivery (or final payment), as periods of minimal effort should be excluded;

(iii) Should not include periods of performance contained in option provisions; and

(iv) Should not, for multiyear contracts, include periods of performance beyond that required to complete the initial program year's requirements.

(2) The contracting officer—

(i) Should use the following table to select the contract length factor;

(ii) Should develop a weighted average contract length when the contract has multiple deliveries; and

(iii) May use sampling techniques provided they produce a representative result.

TABLE	
Period to Perform Substantive Portion (in months)	Contract Length Factor
21 or less	.40
22 to 27	.65
28 to 33	.90
34 to 39	1.15
40 to 45	1.40
46 to 51	1.65
52 to 57	1.90
58 to 63	2.15
64 to 69	2.40
70 to 75	2.65
76 or more	2.90

(3) Example: A prospective contract has a performance period of 40 months with end items being delivered in the 34th, 36th, 38th, and 40th months of the contract. The average period is 37 months and the contract length factor is 1.15.

215.404-71-4 Facilities capital employed.

(a) *Description.* This factor focuses on encouraging and rewarding capital investment in facilities that benefit DoD. It recognizes both the facilities capital that the contractor will employ in contract performance and the contractor's commitment to improving productivity.

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(b) *Contract facilities capital estimates.* The contracting officer shall estimate the facilities capital cost of money and capital employed using—

(1) An analysis of the appropriate Forms CASB-CMF and cost of money factors (48 CFR 9904.414 and FAR 31.205-10); and

(2) DD Form 1861, Contract Facilities Capital Cost of Money.

(c) *Use of DD Form 1861.* See PGI 215.404-71-4(c) for obtaining field pricing support for preparing DD Form 1861.

(1) *Purpose.* The DD Form 1861 provides a means of linking the Form CASB-CMF and DD Form 1547, Record of Weighted Guidelines Application. It—

(i) Enables the contracting officer to differentiate profit objectives for various types of assets (land, buildings, equipment). The procedure is similar to applying overhead rates to appropriate overhead allocation bases to determine contract overhead costs.

(ii) Is designed to record and compute the contract facilities capital cost of money and capital employed which is carried forward to DD Form 1547.

(2) *Completion instructions.* Complete a DD Form 1861 only after evaluating the contractor's cost proposal, establishing cost of money factors, and establishing a prenegotiation objective on cost. Complete the form as follows:

(i) List overhead pools and direct-charging service centers (if used) in the same structure as they appear on the contractor's cost proposal and Form CASB-CMF. The structure and allocation base units-of-measure must be compatible on all three displays.

(ii) Extract appropriate contract overhead allocation base data, by year, from the evaluated cost breakdown or prenegotiation cost objective and list against each overhead pool and direct-charging service center.

(iii) Multiply each allocation base by its corresponding cost of money factor to get the facilities capital cost of money estimated to be incurred each year. The sum of these products represents the estimated contract facilities capital cost of money for the year's effort.

(iv) Total contract facilities cost of money is the sum of the yearly amounts.

(v) Since the facilities capital cost of money factors reflect the applicable cost of money rate in Column 1 of Form CASB-CMF, divide the contract cost of money by that same rate to determine the contract facilities capital employed.

(d) *Preaward facilities capital applications.* To establish cost and price objectives, apply the facilities capital cost of money and capital employed as follows:

(1) *Cost of Money.*

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(i) *Cost Objective.* Use the imputed facilities capital cost of money, with normal, booked costs, to establish a cost objective or the target cost when structuring an incentive type contract. Do not adjust target costs established at the outset even though actual cost of money rates become available during the period of contract performance.

(ii) *Profit Objective.* When measuring the contractor's effort for the purpose of establishing a prenegotiation profit objective, restrict the cost base to normal, booked costs. Do not include cost of money as part of the cost base.

(2) *Facilities Capital Employed.* Assess and weight the profit objective for risk associated with facilities capital employed in accordance with the profit guidelines at 215.404-71-4.

(e) *Determination.* The following extract from the DD Form 1547 has been annotated to explain the process.

Item	Contractor Facilities Capital Employed	Assigned Value	Amount Employed	Profit Objective
26.	Land	N/A	(2)	N/A
27.	Buildings	N/A	(2)	N/A
28.	Equipment	(1)	(2)	(3)

(1) Select a value from the list in paragraph (f) of this subsection using the evaluation criteria in paragraph (g) of this subsection.

(2) Use the allocated facilities capital attributable to land, buildings, and equipment, as derived in DD Form 1861, Contract Facilities Capital Cost of Money.

(i) In addition to the net book value of facilities capital employed, consider facilities capital that is part of a formal investment plan if the contractor submits reasonable evidence that—

(A) Achievable benefits to DoD will result from the investment; and

(B) The benefits of the investment are included in the forward pricing structure.

(ii) If the value of intracompany transfers has been included in Block 20 at cost (i.e., excluding general and administrative (G&A) expenses and profit), add to the contractor's allocated facilities capital, the allocated facilities capital attributable to the buildings and equipment of those corporate divisions supplying the intracompany transfers. Do not make this addition if the value of intracompany transfers has been included in Block 20 at price (i.e., including G&A expenses and profit).

(3) Multiply (1) by (2).

(f) *Values: Normal and designated ranges.*

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

Asset Type	Normal Value	Designated Range
Land	0%	N/A
Buildings	0%	N/A
Equipment	17.5%	10% to 25%

(g) *Evaluation criteria.*

(1) In evaluating facilities capital employed, the contracting officer—

(i) Should relate the usefulness of the facilities capital to the goods or services being acquired under the prospective contract;

(ii) Should analyze the productivity improvements and other anticipated industrial base enhancing benefits resulting from the facilities capital investment, including—

(A) The economic value of the facilities capital, such as physical age, undepreciated value, idleness, and expected contribution to future defense needs; and

(B) The contractor's level of investment in defense related facilities as compared with the portion of the contractor's total business that is derived from DoD; and

(iii) Should consider any contractual provisions that reduce the contractor's risk of investment recovery, such as termination protection clauses and capital investment indemnification.

(2) *Above normal conditions.*

(i) The contracting officer may assign a higher than normal value if the facilities capital investment has direct, identifiable, and exceptional benefits. Indicators are—

(A) New investments in state-of-the-art technology that reduce acquisition cost or yield other tangible benefits such as improved product quality or accelerated deliveries; or

(B) Investments in new equipment for research and development applications.

(ii) The contracting officer may assign a value significantly above normal when there are direct and measurable benefits in efficiency and significantly reduced acquisition costs on the effort being priced. Maximum values apply only to those cases where the benefits of the facilities capital investment are substantially above normal.

(3) *Below normal conditions.*

(i) The contracting officer may assign a lower than normal value if the facilities capital investment has little benefit to DoD. Indicators are—

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

- (A) Allocations of capital apply predominantly to commercial item lines;
 - (B) Investments are for such things as furniture and fixtures, home or group level administrative offices, corporate aircraft and hangars, gymnasiums; or
 - (C) Facilities are old or extensively idle.
- (ii) The contracting officer may assign a value significantly below normal when a significant portion of defense manufacturing is done in an environment characterized by outdated, inefficient, and labor-intensive capital equipment.

215.404-71-5 Cost efficiency factor.

(a) This special factor provides an incentive for contractors to reduce costs. To the extent that the contractor can demonstrate cost reduction efforts that benefit the pending contract, the contracting officer may increase the prenegotiation profit objective by an amount not to exceed 4 percent of total objective cost (Block 20 of the DD Form 1547) to recognize these efforts (Block 29).

(b) To determine if using this factor is appropriate, the contracting officer shall consider criteria, such as the following, to evaluate the benefit the contractor's cost reduction efforts will have on the pending contract:

- (1) The contractor's participation in Single Process Initiative improvements;
 - (2) Actual cost reductions achieved on prior contracts;
 - (3) Reduction or elimination of excess or idle facilities;
 - (4) The contractor's cost reduction initiatives (e.g., competition advocacy programs, technical insertion programs, obsolete parts control programs, spare parts pricing reform, value engineering, outsourcing of functions such as information technology). Metrics developed by the contractor such as fully loaded labor hours (i.e., cost per labor hour, including all direct and indirect costs) or other productivity measures may provide the basis for assessing the effectiveness of the contractor's cost reduction initiatives over time;
 - (5) The contractor's adoption of process improvements to reduce costs;
 - (6) Subcontractor cost reduction efforts;
 - (7) The contractor's effective incorporation of commercial items and processes;
- or
- (8) The contractor's investment in new facilities when such investments contribute to better asset utilization or improved productivity.

(c) When selecting the percentage to use for this special factor, the contracting officer has maximum flexibility in determining the best way to evaluate the benefit the contractor's cost reduction efforts will have on the pending contract. However, the contracting officer shall consider the impact that quantity differences, learning, changes

in scope, and economic factors such as inflation and deflation will have on cost reduction.

215.404-72 Modified weighted guidelines method for nonprofit organizations other than FFRDCs.

(a) *Definition.* As used in this subpart, a nonprofit organization is a business entity—

- (1) That operates exclusively for charitable, scientific, or educational purposes;
- (2) Whose earnings do not benefit any private shareholder or individual;
- (3) Whose activities do not involve influencing legislation or political campaigning for any candidate for public office; and
- (4) That is exempted from Federal income taxation under section 501 of the Internal Revenue Code.

(b) For nonprofit organizations that are entities that have been identified by the Secretary of Defense or a Secretary of a Department as receiving sustaining support on a cost-plus-fixed-fee basis from a particular DoD department or agency, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, with the following modifications:

- (1) *Modifications to performance risk (Blocks 21-23 of the DD Form 1547).*
 - (i) If the contracting officer assigns a value from the standard designated range (see 215.404-71-2(c)), reduce the fee objective by an amount equal to 1 percent of the costs in Block 20 of the DD Form 1547. Show the net (reduced) amount on the DD Form 1547.
 - (ii) Do not assign a value from the technology incentive designated range.

(2) *Modifications to contract type risk (Block 24 of the DD Form 1547).* Use a designated range of -1 percent to 0 percent instead of the values in 215.404-71-3. There is no normal value.

(c) For all other nonprofit organizations except FFRDCs, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, modified as described in paragraph (b)(1) of this subsection.

215.404-73 Alternate structured approaches.

(a) The contracting officer may use an alternate structured approach under 215.404-4(c).

(b) The contracting officer may design the structure of the alternate, but it shall include—

- (1) Consideration of the three basic components of profit--performance risk, contract type risk (including working capital), and facilities capital employed. However,

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

the contracting officer is not required to complete Blocks 21 through 30 of the DD Form 1547.

(2) Offset for facilities capital cost of money.

(i) The contracting officer shall reduce the overall prenegotiation profit objective by the amount of facilities capital cost of money under Cost Accounting Standard (CAS) 414, Cost of Money as an Element of the Cost of Facilities Capital (48 CFR 9904.414). Cost of money under CAS 417, Cost of Money as an Element of the Cost of Capital Assets Under Construction (48 CFR 9904.417), should not be used to reduce the overall prenegotiation profit objective. The profit amount in the negotiation summary of the DD Form 1547 must be net of the offset.

(ii) This adjustment is needed for the following reason: The values of the profit factors used in the weighted guidelines method were adjusted to recognize the shift in facilities capital cost of money from an element of profit to an element of contract cost (see FAR 31.205-10) and reductions were made directly to the profit factors for performance risk. In order to ensure that this policy is applied to all DoD contracts that allow facilities capital cost of money, similar adjustments shall be made to contracts that use alternate structured approaches.

215.404-74 Fee requirements for cost-plus-award-fee contracts.

In developing a fee objective for cost-plus-award-fee contracts, the contracting officer shall—

- (a) Follow the guidance in FAR 16.405-2 and 216.405-2;
- (b) Not use the weighted guidelines method or alternate structured approach;
- (c) Apply the offset policy in 215.404-73(b)(2) for facilities capital cost of money, i.e., reduce the base fee by the amount of facilities capital cost of money; and
- (d) Not complete a DD Form 1547.

215.404-75 Fee requirements for FFRDCs.

For nonprofit organizations that are FFRDCs, the contracting officer—

(a) Should consider whether any fee is appropriate. Considerations shall include the FFRDC's—

(1) Proportion of retained earnings (as established under generally accepted accounting methods) that relates to DoD contracted effort;

(2) Facilities capital acquisition plans;

(3) Working capital funding as assessed on operating cycle cash needs; and

(4) Provision for funding unreimbursed costs deemed ordinary and necessary to the FFRDC.

(b) Shall, when a fee is considered appropriate, establish the fee objective in accordance with FFRDC fee policies in the DoD FFRDC Management Plan.

(c) Shall not use the weighted guidelines method or an alternate structured approach.

215.404-76 Reporting profit and fee statistics.

Follow the procedures at PGI 215.404-76 for reporting profit and fee statistics.

215.406-1 Prenegotiation objectives.

Follow the procedures at PGI 215.406-1 for establishing prenegotiation objectives.

215.406-3 Documenting the negotiation.

Follow the procedures at PGI 215.406-3 for documenting the negotiation.

215.407-2 Make-or-buy programs.

(a) *General.* See PGI for guidance on factors to consider when deciding whether to request a make-or-buy plan and for factors to consider when evaluating make-or-buy plan submissions.

(e) *Program requirements.*

(1) *Items and work included.* The minimum dollar amount is \$1.5 million.

215.407-3 Forward pricing rate agreements.

(b)(i) Use forward pricing rate agreement (FPRA) rates when such rates are available, unless waived on a case-by-case basis by the head of the contracting activity.

(ii) Advise the ACO of each case waived.

(iii) Contact the ACO for questions on FPRAs or recommended rates.

215.407-4 Should-cost review.

See PGI 215.407-4 for guidance on determining whether to perform a program or overhead should-cost review.

215.407-5 Estimating systems.

215.407-5-70 Disclosure, maintenance, and review requirements.

(a) *Definitions.*

(1) “Acceptable estimating system” is defined in the clause at 252.215-7002, Cost Estimating System Requirements.

(2) “Contractor” means a business unit as defined in FAR 2.101.

(3) “Estimating system” is as defined in the clause at 252.215-7002, Cost Estimating System Requirements.

(4) “Significant deficiency” is defined in the clause at 252.215-7002, Cost Estimating System Requirements.

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(b) *Applicability.*

(1) DoD policy is that all contractors have acceptable estimating systems that consistently produce well-supported proposals that are acceptable as a basis for negotiation of fair and reasonable prices.

(2) A large business contractor is subject to estimating system disclosure, maintenance, and review requirements if—

(i) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling \$50 million or more for which certified cost or pricing were required; or

(ii) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling \$10 million or more (but less than \$50 million) for which certified cost or pricing data were required and the contracting officer, with concurrence or at the request of the ACO, determines it to be in the best interest of the Government (e.g., significant estimating problems are believed to exist or the contractor's sales are predominantly Government).

(c) *Policy.*

(1) The contracting officer shall—

(i) Through use of the clause at 252.215-7002, Cost Estimating System Requirements, apply the disclosure, maintenance, and review requirements to large business contractors meeting the criteria in paragraph (b)(2)(i) of this section;

(ii) Consider whether to apply the disclosure, maintenance, and review requirements to large business contractors under paragraph (b)(2)(ii) of this section; and

(iii) Not apply the disclosure, maintenance, and review requirements to other than large business contractors.

(2) The cognizant contracting officer, in consultation with the auditor, for contractors subject to paragraph (b)(2) of this section, shall—

(i) Determine the acceptability of the disclosure and approve or disapprove the system; and

(ii) Pursue correction of any deficiencies.

(3) The auditor conducts estimating system reviews.

(4) An acceptable system shall provide for the use of appropriate source data, utilize sound estimating techniques and good judgment, maintain a consistent approach, and adhere to established policies and procedures.

(5) In evaluating the acceptability of a contractor's estimating system, the contracting officer, in consultation with the auditor, shall determine whether the contractor's estimating system complies with the system criteria for an acceptable

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

estimating system as prescribed in the clause at 252.215-7002, Cost Estimating System Requirements.

(d) *Disposition of findings*—

(1) *Reporting of findings.* The auditor shall document findings and recommendations in a report to the contracting officer. If the auditor identifies any significant estimating system deficiencies, the report shall describe the deficiencies in sufficient detail to allow the contracting officer to understand the deficiencies.

(2) *Initial determination.* (i) The contracting officer shall review all findings and recommendations and, if there are no significant deficiencies, shall promptly notify the contractor, in writing, that the contractor's estimating system is acceptable and approved; or

(ii) If the contracting officer finds that there are one or more significant deficiencies (as defined in the clause at 252.215-7002, Cost Estimating System Requirements) due to the contractor's failure to meet one or more of the estimating system criteria in the clause at 252.215-7002, the contracting officer shall—

(A) Promptly make an initial written determination on any significant deficiencies and notify the contractor, in writing, providing a description of each significant deficiency in sufficient detail to allow the contractor to understand the deficiency;

(B) Request the contractor to respond, in writing, to the initial determination within 30 days; and

(C) Promptly evaluate the contractor's responses to the initial determination, in consultation with the auditor or functional specialist, and make a final determination.

(3) *Final determination.* (i) The contracting officer shall make a final determination and notify the contractor, in writing, that—

(A) The contractor's estimating system is acceptable and approved, and no significant deficiencies remain, or

(B) Significant deficiencies remain. The notice shall identify any remaining significant deficiencies, and indicate the adequacy of any proposed or completed corrective action. The contracting officer shall—

(1) Request that the contractor, within 45 days of receipt of the final determination, either correct the deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the deficiencies;

(2) Disapprove the system in accordance with the clause at 252.215-7002, Cost Estimating System Requirements; and

(3) Withhold payments in accordance with the clause at 252.242-7005, Contractor Business Systems, if the clause is included in the contract.

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(ii) Follow the procedures relating to monitoring a contractor's corrective action and the correction of significant deficiencies in PGI 215.407-5-70(e).

(e) *System approval.* The contracting officer shall promptly approve a previously disapproved estimating system and notify the contractor when the contracting officer determines that there are no remaining significant deficiencies.

(f) *Contracting officer notifications.* The cognizant contracting officer shall promptly distribute copies of a determination to approve a system, disapprove a system and withhold payments, or approve a previously disapproved system and release withheld payments, to the auditor; payment office; affected contracting officers at the buying activities; and cognizant contracting officers in contract administration activities.

215.408 Solicitation provisions and contract clauses.

(1) Use the clause at 252.215-7000, Pricing Adjustments, in solicitations and contracts that contain the clause at—

(i) FAR 52.215-11, Price Reduction for Defective Certified Cost or Pricing Data--Modifications;

(ii) FAR 52.215-12, Subcontractor Certified Cost or Pricing Data; or

(iii) FAR 52.215-13, Subcontractor Certified Cost or Pricing Data--Modifications.

(2) Use the clause at 252.215-7002, Cost Estimating System Requirements, in all solicitations and contracts to be awarded on the basis of certified cost or pricing data.

(3) When contracting with the Canadian Commercial Corporation—

(i)(A) Use the provision at 252.215-7003, Requirement for Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation—

(1) In lieu of FAR 52.215-20, Requirement for Data Other Than Certified Cost or Pricing Data, in a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition from the Canadian Commercial Corporation that is—

(i) Cost-reimbursement, if the contract value is expected to exceed \$700,000; or

(ii) Fixed-price, if the contract value is expected to exceed \$500 million;
or

(2) In lieu of FAR 52.215-20, in a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition from the Canadian Commercial Corporation that does not meet the thresholds specified in paragraph (3)(i)(A)(1), if approval is obtained as required at 225.870-4(c)(2)(ii); and

Defense Federal Acquisition Regulation Supplement

Part 215—Contracting By Negotiation

(B) Do not use 252.225-7003 in lieu of FAR 52.215-20 in competitive acquisitions. The contracting officer may use FAR 52.215-20 with its Alternate IV, as prescribed at 15.408(l)(3), even if offers from the Canadian Commercial Corporation are anticipated; and

(ii)(A) Use the clause at 252.215-7004, Requirement for Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation—

(1) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition, from the Canadian Commercial Corporation and resultant contract that is—

(i) Cost-reimbursement, if the contract value is expected to exceed \$700,000; or

(ii) Fixed-price, if the contract value is expected to exceed \$500 million;

(2) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a sole source acquisition from the Canadian Commercial Corporation and resultant contract that does not meet the thresholds specified in paragraph (3)(ii)(A) (1), if approval is obtained as required at 225.870-4(c)(2)(ii); or

(3)(i) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a competitive acquisition that includes FAR 52.215-21, Requirement for Data Other Than Certified Cost or Pricing Data—Modifications, or that meets the thresholds specified in paragraph (3)(ii)(A) (1).

(ii) The contracting officer shall then select the appropriate clause to include in the contract (52.215-21 only if award is not to the Canadian Commercial Corporation; or 252.215-7004 if award is to the Canadian Commercial Corporation and necessary approval is obtained in accordance with 225.870-4(c)(2)(ii)); and

(B) The contracting officer may specify a higher threshold in paragraph (b) of the clause 252.215-7004.

(4)(i) Use the provision at 252.215-7008, Only One Offer, in competitive solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, unless an exception at 215.371-4(a) applies.

(ii) In solicitations that include 252.215-7008, Only One Offer, also include the provision at FAR 52.215-20, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, with any appropriate alternate as prescribed at FAR 15.408-1 if the contracting officer is requesting submission of data other than certified cost or pricing data with the offer.

(5) When the solicitation requires the submission of certified cost or pricing data, the contracting officer should include 252.215-7009, Proposal Adequacy Checklist, in the solicitation to facilitate submission of a thorough, accurate, and complete proposal.

215.470 Estimated data prices.

(a) DoD requires estimates of the prices of data in order to evaluate the cost to the Government of data items in terms of their management, product, or engineering value.

(b) When data are required to be delivered under a contract, include DD Form 1423, Contract Data Requirements List, in the solicitation. See PGI 215.470(b) for guidance on the use of DD Form 1423.

(c) The contracting officer shall ensure that the contract does not include a requirement for data that the contractor has delivered or is obligated to deliver to the Government under another contract or subcontract, and that the successful offeror identifies any such data required by the solicitation. However, where duplicate data are desired, the contract price shall include the costs of duplication, but not of preparation, of such data.

**SUBPART 225.8—OTHER INTERNATIONAL AGREEMENTS AND
COORDINATION**

(Revised October 31, 2013)

225.802 Procedures.

(b) Information on memoranda of understanding and other international agreements is available at [PGI 225.802\(b\)](#).

225.802-70 Contracts for performance outside the United States and Canada. Follow the procedures at [PGI 225.802-70](#) when placing a contract requiring performance outside the United States and Canada. Also see subpart [225.74](#), Defense Contractors Outside the United States.

225.802-71 End use certificates.

Contracting officers considering the purchase of an item from a foreign source may encounter a request for the signing of a certificate to indicate that the Armed Forces of the United States is the end user of the item, and that the U.S. Government will not transfer the item to third parties without authorization from the Government of the country selling the item. When encountering this situation, refer to DoD Directive 2040.3, End Use Certificates, for guidance.

225.870 Contracting with Canadian contractors.

225.870-1 General.

(a) The Canadian government guarantees to the U.S. Government all commitments, obligations, and covenants of the Canadian Commercial Corporation under any contract or order issued to the Corporation by any contracting office of the U.S. Government. The Canadian government has waived notice of any change or modification that may be made, from time to time, in these commitments, obligations, or covenants.

(b) For production planning purposes, Canada is part of the defense industrial base (see [225.870-2\(b\)](#)).

(c) The Canadian Commercial Corporation will award and administer contracts with contractors located in Canada, except for—

(1) Negotiated acquisitions for experimental, developmental, or research work under projects other than the Defense Development Sharing Program;

(2) Acquisitions of unusual or compelling urgency;

(3) Acquisitions at or below the simplified acquisition threshold; or

(4) Acquisitions made by DoD activities located in Canada.

(d) For additional information on production rights, data, and information; services provided by Canadian Commercial Corporation; audit; and inspection, see [PGI 225.870-1\(d\)](#).

225.870-2 Solicitation of Canadian contractors.

(a) If requested, furnish a solicitation to the Canadian Commercial Corporation even if no Canadian firm is solicited.

(b) Handle acquisitions at or below the simplified acquisition threshold directly with Canadian firms and not through the Canadian Commercial Corporation.

225.870-3 Submission of offers.

(a) As indicated in [225.870-4](#), the Canadian Commercial Corporation is the prime contractor. To indicate acceptance of offers by individual Canadian companies, the Canadian Commercial Corporation issues a letter supporting the Canadian offer and containing the following information:

(1) Name of the Canadian offeror.

(2) Confirmation and endorsement of the offer in the name of the Canadian Commercial Corporation.

(3) A statement that the Corporation shall subcontract 100 percent with the offeror.

(b) When a Canadian offer cannot be processed through the Canadian Commercial Corporation in time to meet the date for receipt of offers, the Corporation may permit Canadian firms to submit offers directly. However, the contracting officer shall receive the Canadian Commercial Corporation's endorsement before contract award.

(c) The Canadian Commercial Corporation will submit all sealed bids in terms of U.S. currency. Do not adjust contracts awarded under sealed bidding for losses or gains from fluctuation in exchange rates.

(d) Except for sealed bids, the Canadian Commercial Corporation normally will submit offers and quotations in terms of Canadian currency. The Corporation may, at the time of submitting an offer, elect to quote and receive payment in terms of U.S. currency, in which case the contract—

(1) Shall provide for payment in U.S. currency; and

(2) Shall not be adjusted for losses or gains from fluctuation in exchange rates.

225.870-4 Contracting procedures.

(a) Except for contracts described in [225.870-1\(c\)\(1\)](#) through (4), award individual contracts covering purchases from suppliers located in Canada to the Canadian Commercial Corporation, 11th Floor, 50 O'Connor Street, Ottawa, Ontario, Canada, K1A-0S6.

(b) Direct communication with the Canadian supplier is authorized and encouraged in connection with all technical aspects of the contract, provided the Corporation's approval is obtained on any matters involving changes to the contract.

(2) The Canadian Commercial Corporation is not exempt from the requirement to submit data other than certified cost or pricing data, as defined in FAR 2.101. In accordance with FAR 15.403-3(a)(1)(ii), the contracting officer shall require submission of data other than certified cost or pricing data from the offeror, to the extent necessary to determine a fair and reasonable price.

(i) No further approval is required to request data other than certified cost or pricing data from the Canadian Commercial Corporation in the following circumstances:

(ii) In any circumstances other than those specified in paragraph (2)(i) of this section, the contracting officer shall only require data other than certified cost or pricing data from the Canadian Commercial Corporation if the head of the contracting activity, or designee no lower than two levels above the contracting officer, determines that data other than certified cost or pricing data are needed (or in the case of modifications that it is reasonably certain that data other than certified cost or pricing data will be needed) in order to determine that the price is fair and reasonable) (see FAR 15.403-3(a)).

(3) The contracting officer shall use the provision at [252.215-7003](#), Requirement for Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation, and the clause at [252.215-7004](#), Requirement for Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation, as prescribed at [215.408\(3\)\(i\)](#) and (ii), respectively.

Part 225—Foreign Acquisition

(5) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the contracting officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award, unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror, based on consideration of the following:

- (i) The effort made to obtain the data.
- (ii) The need for the item or service.
- (iii) Increased cost or significant harm to the Government if award is not made.

(d) Identify in the contract, the type of currency, i.e., U.S. or Canadian. Contracts that provide for payment in Canadian currency shall—

225.872 Contracting with qualifying country sources.

225.872-1 General.

(a) As a result of memoranda of understanding and other international agreements, DoD has determined it inconsistent with the public interest to apply restrictions of the Buy American statute or the Balance of Payments Program to the acquisition of qualifying country end products from the following qualifying countries:

Australia
Belgium
Canada
Czech Republic
Denmark
Egypt
Federal Republic of Germany
Finland
France
Greece
Israel
Italy
Luxembourg
Netherlands
Norway
Poland
Portugal
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland

(b) Individual acquisitions of qualifying country end products from the following qualifying country may, on a purchase-by-purchase basis (see [225.872-4](#)), be exempted from application of the Buy American statute and the Balance of Payments Program as inconsistent with the public interest:

Austria

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(c) The determination in paragraph (a) of this subsection does not limit the authority of the Secretary concerned to restrict acquisitions to domestic sources or reject an otherwise acceptable offer from a qualifying country source when considered necessary for national defense reasons.

225.872-2 Applicability.

(a) This section applies to all acquisitions of supplies except those restricted by—

(1) U.S. National Disclosure Policy, DoDD 5230.11, Disclosure of Classified Military Information to Foreign Governments and International Organizations;

(2) U.S. defense mobilization base requirements purchased under the authority of FAR 6.302-3(a)(2)(i), except for quantities in excess of that required to maintain the defense mobilization base. This restriction does not apply to Canadian planned producers.

(i) Review individual solicitations to determine whether this restriction applies.

(ii) Information concerning restricted items may be obtained from the Deputy Under Secretary of Defense (Industrial Affairs);

(3) Other U.S. laws or regulations (e.g., the annual DoD appropriations act); and

(4) U.S. industrial security requirements.

(b) This section does not apply to construction contracts.

225.872-3 Solicitation procedures.

(a) Except for items developed under the U.S./Canadian Development Sharing Program, use the criteria for soliciting and awarding contracts to small business concerns under FAR Part 19 without regard to whether there are potential qualifying country sources for the end product. Do not consider an offer of a qualifying country end product if the solicitation is identified for the exclusive participation of small business concerns.

(b) Send solicitations directly to qualifying country sources. Solicit Canadian sources through the Canadian Commercial Corporation in accordance with [225.870](#).

(c) Use international air mail if solicitation destinations are outside the United States and security classification permits such use.

(d) If unusual technical or security requirements preclude the acquisition of otherwise acceptable defense equipment from qualifying country sources, review the need for such requirements. Do not impose unusual technical or security requirements solely for the purpose of precluding the acquisition of defense equipment from qualifying countries.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(e) Do not automatically exclude qualifying country sources from submitting offers because their supplies have not been tested and evaluated by the department or agency.

(1) Consider the adequacy of qualifying country service testing on a case-by-case basis. Departments or agencies that must limit solicitations to sources whose items have been tested and evaluated by the department or agency shall consider supplies from qualifying country sources that have been tested and accepted by the qualifying country for service use.

(2) The department or agency may perform a confirmatory test, if necessary.

(3) Apply U.S. test and evaluation standards, policies, and procedures when the department or agency decides that confirmatory tests of qualifying country end products are necessary.

(4) If it appears that these provisions might adversely delay service programs, obtain the concurrence of the Under Secretary of Defense (Acquisition, Technology, and Logistics), before excluding the qualifying country source from consideration.

(f) Permit industry representatives from a qualifying country to attend symposia, program briefings, prebid conferences (see FAR 14.207 and 15.201(c)), and similar meetings that address U.S. defense equipment needs and requirements. When practical, structure these meetings to allow attendance by representatives of qualifying country concerns.

225.872-4 Individual determinations.

If the offer of an end product from a qualifying country source listed in [225.872-1\(b\)](#), as evaluated, is low or otherwise eligible for award, prepare a determination and findings exempting the acquisition from the Buy American statute and the Balance of Payments Program as inconsistent with the public interest, unless another exception such as the Trade Agreements Act applies. Follow the procedures at [PGI 225.872-4](#).

225.872-5 Contract administration.

(a) Arrangements exist with some qualifying countries to provide reciprocal contract administration services. Some arrangements are at no cost to either government. To determine whether such an arrangement has been negotiated and what contract administration functions are covered, contact the Deputy Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), ((703) 697-9351, DSN 227-9351).

(b) Follow the contract administration procedures at [PGI 225.872-5\(b\)](#).

(c) Information on quality assurance delegations to foreign governments is in Subpart [246.4](#), Government Contract Quality Assurance.

225.872-6 Audit.

(a) Memoranda of understanding with some qualifying countries contain annexes that provide for reciprocal “no-cost” audits of contracts and subcontracts (pre- and post-award).

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(b) To determine if such an annex is applicable to a particular qualifying country, contact the Deputy Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), ((703) 697-9351, DSN 227-9351).

(c) Handle requests for audits in qualifying countries in accordance with [215.404-2\(c\)](#), but follow the additional procedures at [PGI 225.872-6\(c\)](#).

225.872-7 Industrial security for qualifying countries.

The required procedures for safeguarding classified defense information necessary for the performance of contracts awarded to qualifying country sources are in the DoD Industrial Security Regulation DoD 5220.22-R (implemented for the Army by AR 380-49; for the Navy by SECNAV Instruction 5510.1H; for the Air Force by AFI 31-601; for the Defense Information Systems Agency by DCA Instruction 240-110-8; and for the National Imagery and Mapping Agency by NIMA Instruction 5220.22).

225.872-8 Subcontracting with qualifying country sources.

In reviewing contractor subcontracting procedures, the contracting officer shall ensure that the contract does not preclude qualifying country sources from competing for subcontracts, except when restricted by national security interest reasons, mobilization base considerations, or applicable U.S. laws or regulations (see the clause at [252.225-7002](#), Qualifying Country Sources as Subcontractors).

225.873 Waiver of United Kingdom commercial exploitation levies.

225.873-1 Policy.

DoD and the Government of the United Kingdom (U.K.) have agreed to waive U.K. commercial exploitation levies and U.S. nonrecurring cost recoupment charges on a reciprocal basis. For U.K. levies to be waived, the offeror or contractor shall identify the levies and the contracting officer shall request a waiver before award of the contract or subcontract under which the levies are charged.

225.873-2 Procedures.

When an offeror or a contractor identifies a levy included in an offered or contract price, follow the procedures at [PGI 225.873-2](#).

252.225-7001 Buy American and Balance of Payments Program.

As prescribed in [225.1101\(2\)\(i\)](#), use the following clause:

BUY AMERICAN AND BALANCE OF PAYMENTS PROGRAM (DEC 2012)

(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

“Component” means an article, material, or supply incorporated directly into an end product.

“Domestic end product” means—

The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been

Part 252—Solicitation Provisions and Contract Clauses

mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

“Foreign end product” means an end product other than a domestic end product.

“Qualifying country” means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) *Subcontracts.* The Contractor shall insert the substance of this clause in subcontracts, including subcontracts for commercial items, that are for items containing specialty metals, to the extent necessary to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting the substance of this clause in subcontracts, the Contractor shall—

(1) Modify paragraph (c)(6) of this clause as necessary to facilitate management of the minimal content exception;

(2) Exclude paragraph (d) of this clause; and

(3) Include this paragraph (e).
