The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 16, 2015. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

**DEPARTMENT OF DEFENSE**

**Defense Acquisition Regulations System**

**48 CFR Parts 212, 225, and 245**

**Defense Federal Acquisition Regulation Supplement; Technical Amendments**

**AGENCY:** Defense Acquisition Regulations System, Department of Defense (DoD).

**ACTION:** Final rule.

**SUMMARY:** DoD is making technical amendments to the Defense Federal Acquisition Regulation Supplement (DFARS) to provide needed editorial changes.

**DATES:** Effective January 15, 2015.

**FOR FURTHER INFORMATION CONTACT:** Mr. Manuel Quinones, Defense Acquisition Regulations System, OUSD (AT&L) DPAP (DARS), Room 3B941, 3060 Defense Pentagon, Washington, DC 20301-3060. Telephone 571-372-6088; facsimile 571-372-6094.

**SUPPLEMENTARY INFORMATION:** This final rule amends the DFARS as follows:

- 1. Revises the format and presentation of the list of solicitation provisions and

contract clauses for the acquisition of commercial items at DFARS 212.301(f). No changes are made to the provisions and clauses or to the prescriptions for their use, only the manner in which they are listed. Instead of a single continuous list, the provisions and clauses are being grouped and listed by the applicable DFARS part. This change will facilitate making additions or deletions to the appropriate part of the list without having to redesignate and renumber unaffected paragraphs in other parts to accommodate such changes.

2. Revises the provision prescriptive language at DFARS 225.1101, paragraph (9), for clarity and to align with the format used for other prescription paragraphs within this section. No changes are made to the provision or the substance of the prescriptive language for using the provision.

3. Corrects the estimated value cited at DFARS 225.1101(10)(i) to read \$100,000 in lieu of \$79,507.

4. Updates the address of the National GeoSpatial-Intelligence Agency at DFARS 245.102(1)(ii)(A).

### Magnuson-Stevens Fishery Conservation and Management Act Provisions; Fisheries of the Northeastern United States; Northeast Groundfish Fishery; Framework Adjustment 52

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule.

**SUMMARY:** NMFS has approved Framework Adjustment 52 to the Northeast Multispecies Fishery Management Plan. This final rule contains two modifications to the current windowpane flounder accountability measures. First, the size of the accountability measure gear-restricted areas can be reduced if we determine that improvements in windowpane flounder stock health occurred despite the catch limits being exceeded. Second, the duration of the accountability measure can be shortened if we determine that an overage of the catch limit did not occur in the year following the overage. This action allows us to implement accountability measures based on more current survey and catch data and increases fishing opportunities for the groundfish fishery while still preventing overfishing.

**DATES:** This final rule is effective on January 14, 2015.
