

SUBPART 213.1—PROCEDURES

(Revised December 8, 2017)

213.101 General.

Structure awards valued above the micro-purchase threshold (e.g., contract line items, delivery schedule, and invoice instructions) in a manner that will minimize the generation of invoices valued at or below the micro-purchase threshold.

213.104 Promoting competition.

For information on the various approaches that may be used to competitively fulfill DoD requirements, see [PGI 213.104](#).

213.106-1 Soliciting competition.

(a)(2) Include an evaluation factor regarding supply chain risk (see subpart [239.73](#)) when acquiring information technology, whether as a service or as a supply, that is a covered system, is a part of a covered system, or is in support of a covered system, as defined in 239.7301.

213.106-1-70 Soliciting competition – tiered evaluation of offers.

See limitations on the use of tiered evaluation of offers at [215.203-70](#).

213.106-2 Evaluation of quotations or offers.

(b)(i) For competitive solicitations for supplies using FAR part 13 simplified acquisition procedures, including acquisitions valued at less than or equal to \$1 million under the authority at FAR subpart 13.5, the contracting officer shall—

(A) Consider data available in the statistical reporting module of the Past Performance Information Retrieval System (PPIRS-SR) regarding the supplier's past performance history for the Federal supply class (FSC) and product or service code (PSC) of the supplies being purchased. Procedures for the use of PPIRS-SR in the evaluation of quotations or offers are provided in the PPIRS-SR User's Manual available under the references section of the PPIRS website at www.ppirs.gov;

(B) Ensure the basis for award includes an evaluation of each supplier's past performance history in PPIRS-SR for the FSC and PSC of the supplies being purchased; and

(C) In the case of a supplier without a record of relevant past performance history in PPIRS-SR for the FSC or PSC of the supplies being purchased, the supplier may not be evaluated favorably or unfavorably for its past performance history.

213.106-2-70 Solicitation provision.

Use the provision at [252.213-7000](#), Notice to Prospective Suppliers on the Use of Past Performance Information Retrieval System—Statistical Reporting in Past Performance Evaluations, in competitive solicitations for supplies when using FAR part 13 simplified acquisition procedures, including competitive solicitations using FAR part 12 procedures for the acquisition of commercial items and acquisitions valued at less than or equal to \$1 million under the authority at FAR subpart 13.5.

SUBPART 217.74—UNDEFINITIZED CONTRACT ACTIONS
(Revised December 8, 2017)

217.7400 Scope.

This subpart prescribes policies and procedures implementing 10 U.S.C. 2326.

217.7401 Definitions.

As used in this subpart—

(a) “Contract action” means an action which results in a contract.

(1) It includes contract modifications for additional supplies or services.

(2) It includes task orders and delivery orders.

(3) It does not include change orders, administrative changes, funding modifications, or any other contract modifications that are within the scope and under the terms of the contract, e.g., engineering change proposals, value engineering change proposals, and over and above work requests as described in Subpart [217.77](#). For policy relating to definitization of change orders, see [243.204-70](#).

(b) “Definitization” means the agreement on, or determination of, contract terms, specifications, and price, which converts the undefinitized contract action to a definitive contract.

(c) “Qualifying proposal” means a proposal containing sufficient data for the DoD to do complete and meaningful analyses and audits of the—

(1) Data in the proposal; and

(2) Any other data that the contracting officer has determined DoD needs to review in connection with the contract.

(d) “Undefinitized contract action” means any contract action for which the contract terms, specifications, or price are not agreed upon before performance is begun under the action. Examples are letter contracts, orders under basic ordering agreements, and provisioned item orders, for which the price has not been agreed upon before performance has begun. For policy relating to definitization of change orders, see [243.204-70](#).

217.7402 Exceptions.

(a) The following undefinitized contract actions (UCAs) are not subject to this subpart. However, the contracting officer shall apply the policy and procedures to them to the maximum extent practicable (also see paragraph (b) of this section)—

(1) UCAs for foreign military sales;

(2) Purchases at or below the simplified acquisition threshold;

(3) Special access programs;

Defense Federal Acquisition Regulation Supplement

Part 217—Special Contracting Methods

(4) Congressionally mandated long-lead procurement contracts.

(b) If the contracting officer determines that it is impracticable to adhere to the procedures of this subpart for a particular contract action that falls within one of the categories in paragraph (a)(1), (3), or (4) of this section, the contracting officer shall provide prior notice, through agency channels, to the Deputy Director, Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), 3060 Defense Pentagon, Washington, DC 20301-3060.

217.7403 Policy.

DoD policy is that undefinitized contract actions shall—

(a) Be used only when—

(1) The negotiation of a definitive contract action is not possible in sufficient time to meet the Government's requirements; and

(2) The Government's interest demands that the contractor be given a binding commitment so that contract performance can begin immediately.

(b) Be as complete and definite as practicable under the particular circumstances.

217.7404 Limitations.

See [PGI 217.7404](#) for additional guidance on obtaining approval to authorize use of an undefinitized contract action, documentation requirements, and other limitations on their use.

217.7404-1 Authorization.

The contracting officer shall obtain approval from the head of the contracting activity before—

(a) Entering into a UCA. The request for approval must fully explain the need to begin performance before definitization, including the adverse impact on agency requirements resulting from delays in beginning performance.

(b) Including requirements for non-urgent spare parts and support equipment in a UCA. The request should show that inclusion of the non-urgent items is consistent with good business practices and in the best interest of the United States.

(c) Modifying the scope of a UCA when performance has already begun. The request should show that the modification is consistent with good business practices and in the best interests of the United States.

217.7404-2 Price ceiling.

UCAs shall include a not-to-exceed price.

217.7404-3 Definitization schedule.

(a) UCAs shall contain definitization schedules that provide for definitization by the earlier of—

Defense Federal Acquisition Regulation Supplement

Part 217—Special Contracting Methods

(1) The date that is 180 days after issuance of the action (this date may be extended but may not exceed the date that is 180 days after the contractor submits a qualifying proposal); or

(2) The date on which the amount of funds obligated under the contract action is equal to more than 50 percent of the not-to-exceed price.

(b) Submission of a qualifying proposal in accordance with the definitization schedule is a material element of the contract. If the contractor does not submit a timely qualifying proposal, the contracting officer may suspend or reduce progress payments under FAR 32.503-6, or take other appropriate action.

217.7404-4 Limitations on obligations.

(a) The Government shall not obligate more than 50 percent of the not-to-exceed price before definitization. However, if a contractor submits a qualifying proposal before 50 percent of the not-to-exceed price has been obligated by the Government, then the limitation on obligations before definitization may be increased to no more than 75 percent (see [232.102-70](#) for coverage on provisional delivery payments).

(b) In determining the appropriate amount to obligate, the contracting officer shall assess the contractor's proposal for the undefinitized period and shall obligate funds only in an amount consistent with the contractor's requirements for the undefinitized period.

217.7404-5 Exceptions.

(a) The limitations in [217.7404-2](#), [217.7404-3](#), and [217.7404-4](#) do not apply to UCAs for the purchase of initial spares.

(b) The head of an agency may waive the limitations in [217.7404-2](#), [217.7404-3](#), and [217.7404-4](#) for UCAs if the head of the agency determines that the waiver is necessary to support—

(1) A contingency operation; or

(2) A humanitarian or peacekeeping operation.

217.7404-6 Allowable profit.

When the final price of a UCA is negotiated after a substantial portion of the required performance has been completed, the head of the contracting activity shall ensure the profit allowed reflects—

(a) Any reduced cost risk to the contractor for costs incurred during contract performance before negotiation of the final price;

(b) The contractor's reduced cost risk for costs incurred during performance of the remainder of the contract; and

(c) The requirements at [215.404-71-3\(d\)\(2\)](#). The risk assessment shall be documented in the contract file.

217.7405 Plans and reports.

(a) To provide for enhanced management and oversight of UCAs, departments and agencies shall—

(1) Prepare and maintain a Consolidated UCA Management Plan; and

(2) Prepare semi-annual Consolidated UCA Management Reports addressing each UCA with an estimated value exceeding \$5 million.

(b) Consolidated UCA Management Reports and Consolidated UCA Management Plan updates shall be submitted to the Office of the Director, Defense Procurement and Acquisition Policy, by October 31 and April 30 of each year in accordance with the procedures at [PGI 217.7405](#).

(c) Consolidated UCA Management Reports shall include information about all change orders that are not forward priced (i.e., unpriced) and have an estimated value exceeding \$5 million.

217.7406 Contract clauses.

(a) Use the clause at FAR 52.216-24, Limitation of Government Liability, in—

(1) All UCAs;

(2) Solicitations associated with UCAs;

(3) Basic ordering agreements;

(4) Indefinite delivery contracts;

(5) Any other type of contract providing for the use of UCAs; and

(6) Unpriced change orders with an estimated value exceeding \$5 million.

(b)(1) Use the clause at [252.217-7027](#), Contract Definitization, in—

(i) All UCAs;

(ii) Solicitations associated with UCAs;

(iii) Basic ordering agreements;

(iv) Indefinite delivery contracts;

(v) Any other type of contract providing for the use of UCAs; and

(vi) Unpriced change orders with an estimated value exceeding \$5 million.

(2) Insert the applicable information in paragraphs (a), (b), and (d) of the clause.

Defense Federal Acquisition Regulation Supplement

Part 217—Special Contracting Methods

(3) If, at the time of entering into the UCA or unpriced change order, the contracting officer knows that the definitive contract action will meet the criteria of FAR 15.403-1, 15.403-2, or 15.403-3 for not requiring submission of certified cost or pricing data, the words “and certified cost or pricing data” may be deleted from paragraph (a) of the clause.

SUBPART 231.2—CONTRACTS WITH COMMERCIAL ORGANIZATIONS
(Revised December 8, 2017)

231.205 Selected costs.

231.205-1 Public relations and advertising costs.

(e) See [225.7303-2](#)(e) for allowability provisions affecting foreign military sales contracts.

(f) Unallowable public relations and advertising costs include the following:

(1) Monies paid to the Government associated with the leasing of Government equipment, including lease payments and reimbursements for support services, except for foreign military sales contracts as provided for at [225.7303-2](#).

231.205-6 Compensation for personal services.

(f)(1) In accordance with Section 8122 of Pub. L. 104-61, and similar sections in subsequent Defense appropriations acts, costs for bonuses or other payments in excess of the normal salary paid by the contractor to an employee, that are part of restructuring costs associated with a business combination, are unallowable under DoD contracts funded by fiscal year 1996 or subsequent appropriations. This limitation does not apply to severance payments or early retirement incentive payments. (See [231.205-70](#)(b) for the definitions of “business combination” and “restructuring costs.”)

(m)(1) Fringe benefit costs that are contrary to law, employer-employee agreement, or an established policy of the contractor are unallowable.

231.205-18 Independent research and development and bid and proposal costs.

(a) *Definitions.* As used in this subsection—

(i) “Covered contract” means a DoD prime contract for an amount exceeding the simplified acquisition threshold, except for a fixed-price contract without cost incentives. The term also includes a subcontract for an amount exceeding the simplified acquisition threshold, except for a fixed-price subcontract without cost incentives under such a prime contract.

(ii) “Covered segment” means a product division of the contractor that allocated more than \$1,100,000 in independent research and development and bid and proposal (IR&D/B&P) costs to covered contracts during the preceding fiscal year. In the case of a contractor that has no product divisions, the term means that contractor as a whole. A product division of the contractor that allocated less than \$1,100,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year is not subject to the limitations in paragraph (c) of this subsection.

(iii) “Major contractor” means any contractor whose covered segments allocated a total of more than \$11,000,000 in IR&D/B&P costs to covered contracts during the preceding fiscal year. For purposes of calculating the dollar threshold amounts to

Part 231—Contract Cost Principles and Procedures

determine whether a contractor meets the definition of “major contractor,” do not include contractor segments allocating less than \$1,100,000 of IR&D/B&P costs to covered contracts during the preceding fiscal year.

(c) *Allowability.*

(i) Departments/agencies shall not supplement this regulation in any way that limits IR&D/B&P cost allowability.

(ii) See [225.7303-2\(c\)](#) for allowability provisions affecting foreign military sale contracts.

(iii) For major contractors, the following limitations apply:

(A) The amount of IR&D/B&P costs allowable under DoD contracts shall not exceed the lesser of—

(1) Such contracts’ allocable share of total incurred IR&D/B&P costs; or

(2) The amount of incurred IR&D/B&P costs for projects having potential interest to DoD.

(B) Allowable IR&D/B&P costs are limited to those for projects that are of potential interest to DoD, including activities intended to accomplish any of the following:

(1) Enable superior performance of future U.S. weapon systems and components.

(2) Reduce acquisition costs and life-cycle costs of military systems.

(3) Strengthen the defense industrial and technology base of the United States.

(4) Enhance the industrial competitiveness of the United States.

(5) Promote the development of technologies identified as critical under 10 U.S.C. 2522.

(6) Increase the development and promotion of efficient and effective applications of dual-use technologies.

(7) Provide efficient and effective technologies for achieving such environmental benefits as: improved environmental data gathering, environmental cleanup and restoration, pollution reduction in manufacturing, environmental conservation, and environmentally safe management of facilities.

(C) For annual IR&D costs to be allowable—

(1) The IR&D projects generating the costs must be reported to the Defense Technical Information Center (DTIC) using the DTIC's on-line input form and instructions at <http://www.defenseinnovationmarketplace.mil>;

Defense Federal Acquisition Regulation Supplement

Part 231—Contract Cost Principles and Procedures

(2) The inputs must be updated at least annually and when the project is completed;

(3) Copies of the input and updates must be made available for review by the cognizant administrative contracting officer (ACO) and the cognizant Defense Contract Audit Agency auditor to support the allowability of the costs; and

(4) For IR&D projects initiated in the contractor's fiscal year 2017 and later, as a prerequisite for the subsequent determination of allowability, the contractor shall—

(i) Engage in a technical interchange with a technical or operational DoD Government employee before IR&D costs are generated so that contractor plans and goals for IR&D projects benefit from the awareness of and feedback by a DoD Government employee who is informed of related ongoing and future potential interest opportunities. If the contractor does not have a point of contact for the technical interchange, the contractor may contact the Office of the Assistant Secretary of Defense for Research and Engineering (OASD R&E). Contact information for OASD R&E can be found at <http://www.acq.osd.mil/rd/contacts/>; and

(ii) Use the online input form for IR&D projects reported to DTIC to document the technical interchange, which includes the name of the DoD Government employee and the date the technical interchange occurred.

(iv) Contractors not meeting the threshold of a major contractor are encouraged to use the DTIC online input form to report IR&D projects to provide DoD with visibility into the technical content of the contractors' IR&D activities.

(v) For major contractors, the ACO or corporate ACO shall—

(A) Determine whether IR&D/B&P projects are of potential interest to DoD; and

(B) Provide the results of the determination to the contractor.

(vi) The cognizant contract administration office shall furnish contractors with guidance on financial information needed to support IR&D/B&P costs and on technical information needed from major contractors to support the potential interest to DoD determination (also see [242.771-3\(a\)](#)).

231.205-19 Insurance and indemnification.

(e) In addition to the cost limitations in FAR 31.205-19(e), self-insurance and purchased insurance costs are subject to the requirements of the clauses at [252.217-7012](#), Liability and Insurance, and [252.228-7001](#), Ground and Flight Risk.

231.205-22 Legislative lobbying costs.

(a) Costs associated with preparing any material, report, list, or analysis on the actual or projected economic or employment impact in a particular State or

congressional district of an acquisition program for which all research, development, testing, and evaluation has not been completed also are unallowable (10 U.S.C. 2249).

231.205-70 External restructuring costs.

(a) *Scope.* This subsection—

(1) Prescribes policies and procedures for allowing contractor external restructuring costs when savings would result for DoD; and

(2) Implements 10 U.S.C. 2325.

(b) *Definitions.* As used in this subsection:

(1) “Business combination” means a transaction whereby assets or operations of two or more companies not previously under common ownership or control are combined, whether by merger, acquisition, or sale/purchase of assets.

(2) “External restructuring activities” means restructuring activities occurring after a business combination that affect the operations of companies not previously under common ownership or control. They do not include restructuring activities occurring after a business combination that affect the operations of only one of the companies not previously under common ownership or control, or, when there has been no business combination, restructuring activities undertaken within one company. External restructuring activities are a direct outgrowth of a business combination. They normally will be initiated within 3 years of the business combination.

(3) “Restructuring activities” means nonroutine, nonrecurring, or extraordinary activities to combine facilities, operations, or workforce, in order to eliminate redundant capabilities, improve future operations, and reduce overall costs. Restructuring activities do not include routine or ongoing repositionings and redeployments of a contractor’s productive facilities or workforce (e.g., normal plant rearrangement or employee relocation), nor do they include other routine or ordinary activities charged as indirect costs that would otherwise have been incurred (e.g., planning and analysis, contract administration and oversight, or recurring financial and administrative support).

(4) “Restructuring costs” means the costs, including both direct and indirect, of restructuring activities. Restructuring costs that may be allowed include, but are not limited to, severance pay for employees, early retirement incentive payments for employees, employee retraining costs, relocation expense for retained employees, and relocation and rearrangement of plant and equipment. For purposes of this definition, if restructuring costs associated with external restructuring activities allocated to DoD contracts are less than \$2.5 million, the costs shall not be subject to the audit, review, and determination requirements of paragraph (c)(4) of this subsection; instead, the normal rules for determining cost allowability in accordance with FAR Part 31 shall apply.

(5) “Restructuring savings” means cost reductions, including both direct and indirect cost reductions, that result from restructuring activities. Reassignments of cost to future periods are not restructuring savings.

Defense Federal Acquisition Regulation Supplement

Part 231—Contract Cost Principles and Procedures

(c) *Limitations on cost allowability.* Restructuring costs associated with external restructuring activities shall not be allowed unless—

(1) Such costs are allowable in accordance with FAR Part 31 and DFARS Part 231;

(2) An audit of projected restructuring costs and restructuring savings is performed;

(3) The cognizant administrative contracting officer (ACO) reviews the audit report and the projected costs and projected savings, and negotiates an advance agreement in accordance with paragraph (d) of this subsection; and

(4)(i) The official designated in paragraph (c)(4)(ii) of this subsection determines in writing that the audited projected savings, on a present value basis, for DoD resulting from the restructuring will exceed either—

(A) The costs allowed by a factor of at least two to one; or

(B) The costs allowed, and the business combination will result in the preservation of a critical capability that might otherwise be lost to DoD.

(ii)(A) If the amount of restructuring costs is expected to exceed \$25 million over a 5-year period, the designated official is the Under Secretary of Defense (Acquisition, Technology, and Logistics) or the Principal Deputy. This authority may not be delegated below the level of an Assistant Secretary of Defense.

(B) For all other cases, the designated official is the Director of the Defense Contract Management Agency. The Director may not delegate this authority.

(d) *Procedures and ACO responsibilities.* As soon as it is known that the contractor will incur restructuring costs for external restructuring activities, the cognizant ACO shall follow the procedures at [PGI 231.205-70\(d\)](#).

(e) *Information needed to obtain a determination.*

(1) The novation agreement (if one is required).

(2) The contractor's restructuring proposal.

(3) The proposed advance agreement.

(4) The audit report.

(5) Any other pertinent information.

(6) The cognizant ACO's recommendation for a determination. This recommendation must clearly indicate one of the following, consistent with paragraph (c)(4)(i) of this subsection:

(i) The audited projected savings for DoD will exceed the costs allowed by a factor of at least two to one on a present value basis.

(ii) The business combination will result in the preservation of a critical capability that might otherwise be lost to DoD, and the audited projected savings for DoD will exceed the costs allowed on a present value basis.

(f) *Contracting officer responsibilities.*

(1) The contracting officer, in consultation with the cognizant ACO, should consider including a repricing clause in noncompetitive fixed-price contracts that are negotiated during the period between—

(i) The time a business combination is announced; and

(ii) The time the contractor's forward pricing rates are adjusted to reflect the impact of restructuring.

(2) The decision to use a repricing clause will depend upon the particular circumstances involved, including—

(i) When the restructuring will take place;

(ii) When restructuring savings will begin to be realized;

(iii) The contract performance period;

(iv) Whether the contracting parties are able to make a reasonable estimate of the impact of restructuring on the contract; and

(v) The size of the potential dollar impact of restructuring on the contract.

(3) If the contracting officer decides to use a repricing clause, the clause must provide for a downward-only price adjustment to ensure that DoD receives its appropriate share of restructuring net savings.

231.205-71 Costs related to counterfeit electronic parts and suspect counterfeit electronic parts.

(a) *Scope.* This section implements the requirements of section 818(c)(2), National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81), as modified by section 833, National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239), and section 885 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114-92).

(b) The costs of counterfeit electronic parts and suspect counterfeit electronic parts and the costs of rework or corrective action that may be required to remedy the use or inclusion of such parts are unallowable, unless—

(1) The contractor has an operational system to detect and avoid counterfeit electronic parts and suspect counterfeit electronic parts that has been reviewed and approved by DoD pursuant to [244.303](#);

Defense Federal Acquisition Regulation Supplement

Part 231—Contract Cost Principles and Procedures

(2) The counterfeit electronic parts or suspect counterfeit electronic parts are Government-furnished property as defined in FAR 45.101 or were obtained by the contractor in accordance with the clause at [252.246-7008](#), Sources of Electronic Parts; and

(3) The contractor—

(i) Becomes aware of the counterfeit electronic parts or suspect counterfeit electronic parts through inspection, testing, and authentication efforts of the contractor or its subcontractors; through a Government Industry Data Exchange Program (GIDEP) alert; or by other means; and

(ii) Provides timely (i.e., within 60 days after the contractor becomes aware) written notice to—

(A) The cognizant contracting officer(s); and

(B) GIDEP (unless the contractor is a foreign corporation or partnership that does not have an office, place of business, or fiscal paying agent in the United States; or the counterfeit electronic part or suspect counterfeit electronic part is the subject of an on-going criminal investigation).

(b) As used in the subpart—

(1) “Facilities” does not include the institution's dining rooms or dormitories;
and

(2) “Fees” does not include charges for meals or lodging.

237.7201 Educational service agreement.

(a) An educational service agreement is not a contract, but is an ordering agreement under which the Government may order educational services.

(b) Educational service agreements provide for ordering educational services when—

(1) The Government pays normal tuition and fees for educational services provided to a student by the institution under its normal schedule of tuition and fees applicable to all students generally; and

(b) Educational service agreements are not used to provide special courses or special fees for Government students.

237.7203 Duration.

(a) Educational service agreements are for an indefinite duration and remain in effect until terminated.

(b) The issuing activity must establish procedures to review each educational service agreement at least once each year. Review dates should consider the institution's academic calendar and occur at least 30 days before the beginning of a

(c) If the Contractor regularly charges higher tuition and fees for nonresident students, the Contractor may charge the Government the normal nonresident tuition and fees for students under this agreement who are nonresidents. The Government shall not claim resident tuition and fees for any student solely on the basis of the student residing in the State as a consequence of enrollment under this agreement.

(d) The Contractor shall charge the Government only the tuition and fees which relate directly to enrollment as a student. Tuition and fees may include—

(i) Penalty fees for late registration or change of course caused by the Government;

(ii) Mandatory health fees and health insurance charges; and

(iii) Any flat rate charge applicable to all students registered for research that appears in the Contractor's publicly announced fee schedule.

(e) The Contractor shall not charge the Government for—

(i) Permit charges, such as vehicle registration or parking fees, unless specifically authorized in the request for service; and

(ii) Any equipment, refundable deposits, or any items or services (such as computer time) related to student research.

(f) Normally, the Contractor shall not directly charge individual students for application fees or any other fee chargeable to this agreement. However, if the Contractor's standard procedures require payment of any fee before the student is enrolled under this agreement, the Contractor may charge the student. When the Contractor receives payment from the Government, the Contractor shall fully reimburse the student.

(g) For each term the Contractor enrolls students under this agreement, the Contractor shall submit _____ copies of an invoice listing charges for each student separately. The Contractor shall submit invoices within _____ days after the start of the term and shall include—

(i) Agreement number and inclusive dates of the term;

(ii) Name of each student;

(iii) A list showing each course for each student if the school charges by credit hour;

Part 237—Service Contracting

(iv) The resident or nonresident status of each student (if applicable to the Contractor's school); and

(v) A breakdown of charges for each student, including credit hours, tuition, application fee, and other fees. Provide a total for each student and a grand total for all students listed on the invoice.

(h) If unforeseen events require additional charges that are otherwise payable under the Contractor's normal tuition and fee schedule, the Contractor may submit a supplemental invoice or make the adjustment on the next regular invoice under this agreement. The Contractor shall clearly identify and explain the supplemental invoice or the adjustment.

(i) The Contractor shall apply any credits resulting from withdrawal of students, or from any other cause under its standard procedures, to subsequent invoices submitted under this agreement. Credits should appear on the first invoice submitted after the action resulting in the credits. If no subsequent invoice is submitted, the Contractor shall deliver to the Contracting Officer a check drawn to the order of the office designated for contract administration. The Contractor shall identify the reason for the credit and the applicable term dates in all cases.

4. *Withdrawal of students.*

(a) The Government may, at its option and at any time, withdraw financial support for any student by issuing official orders. The Government will furnish _____ copies of the orders to the Contractor within a reasonable time after publication.

(b) The Contractor may request withdrawal by the Government of any student for academic or disciplinary reasons.

(c) If withdrawal occurs before the end of a term, the Government will pay any tuition and fees due for the current term. The Contractor shall credit the Government with any charges eligible for refund under the Contractor's standard procedures for any students in effect on the date of withdrawal.

(d) Withdrawal of students by the Government will not be the basis for any special charge or claim by the Contractor other than charges under the Contractor's standard procedures.

5. *Transcripts.* Within a reasonable time after withdrawal of a student for any reason, or after graduation, the Contractor shall send to the Contracting Officer (or to an address supplied by the Contracting Officer) one copy of an official transcript showing all work by the student at the institution until such withdrawal or graduation.

6. *Student teaching.* The Government does not anticipate the Contractor awarding fellowships and assistantships to students attending school under this agreement. However, for graduate students, should both the student and the Contractor decide it to be in the student's best interests to assist in the institution's teaching program, the Contractor may provide nominal compensation for part-time service. Base the compensation on the Contractor's practices and procedures for other students of similar accomplishment in that department or field. The Contractor shall apply the

compensation as a credit against any invoices presented for payment for any period in which the student performed the part-time teaching service.

7. *Termination of agreement.*

(a) Either party may terminate this agreement by giving 30 days advance written notice of the effective date of termination. In the event of termination, the Government shall have the right, at its option, to continue to receive educational services for those students already enrolled in the contractor's institution under this agreement until such time that the students complete their courses or curricula or the Government withdraws them from the Contractor's institution. The terms and conditions of this agreement in effect on the effective date of the termination shall continue to apply to such students remaining in the Contractor's institution.

(b) Withdrawal of students under Schedule provision 4 shall not be considered a termination within the meaning of this provision 7.

(c) Termination by either party shall not be the basis for any special charge or claim by the Contractor, other than as provided by the Contractor's standard procedures.

(D) For COTS items that are normally sold in the commercial marketplace with various options, items that include such options are also COTS items. However, if a COTS item is offered to the Government with an option that is not normally offered in the commercial marketplace, that option is subject to the restriction in paragraph (b) of this clause (e.g. - An aircraft is normally sold to the public with an option for installation kits. The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(3) Fasteners that are commercial items, if the manufacturer of the fasteners certifies it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of

- (ii) A sufficient quantity; and
- (iii) The required form.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.*

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(i) The Contracting Officer has notified the Contractor of the items to be delivered under this contract that have been determined by the Government to meet the definition of “commercial derivative military article”; and

(A) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(B) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during

Defense Federal Acquisition Regulation Supplement

such period in the production of the commercial derivative military article and the related commercial article.

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) *Subcontracts.*

(1) The Contractor shall exclude and reserve paragraph (d) and this paragraph (e)(1) when flowing down this clause to subcontracts.

(2) The Contractor shall insert paragraphs (a) through (c) and this paragraph (e)(2) of this clause in subcontracts, including subcontracts for commercial items, that are for items containing specialty metals to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting this clause in subcontracts, the Contractor shall—

(i) Modify paragraph (c)(6) of this clause only as necessary to facilitate management of the minimal content exception at the prime contract level. The minimal content exception does not apply to specialty metals contained in high-performance magnets; and

(ii) Not further alter the clause other than to identify the appropriate parties.

“Contractors authorized to accompany the Force,” or “CAAF,” means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen n and

third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Designated operational area” means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

“Designated reception site” means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

“Law of war” means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a party, and applicable customary international law.

“Non-CAAF” means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Subordinate joint force commander” means a sub-unified commander or joint task force commander.

(b) *General.*

(1) This clause applies to both CAAF and non-CAAF when performing in a designated operational area outside the United States to support U.S. Armed Forces deployed outside the United States in—

- (iii) Other military operations or military exercises, when designated by the

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

Combatant Commander or as directed by the Secretary of Defense.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel supporting the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.*

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

- (A) The Contractor cannot obtain effective security services;
- (B) Effective security services are unavailable at a reasonable cost; or
- (C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U. S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(d) *Compliance with laws and regulations.*

Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

(iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences to the contractor employees (see paragraph (h)(1) of this clause).

252.242-7004 Material Management and Accounting System.

As prescribed in [242.7204](#), use the following clause:

MATERIAL MANAGEMENT AND ACCOUNTING SYSTEM (MAY 2011)

(a) *Definitions.* As used in this clause—

(1) “Material management and accounting system (MMAS)” means the Contractor's system or systems for planning, controlling, and accounting for the acquisition, use, issuing, and disposition of material. Material management and accounting systems may be manual or automated. They may be stand-alone systems or they may be integrated with planning, engineering, estimating, purchasing, inventory, accounting, or other systems.

(2) “Valid time-phased requirements” means material that is—

(i) Needed to fulfill the production plan, including reasonable quantities for scrap, shrinkage, yield, etc.; and

(ii) Charged/billed to contracts or other cost objectives in a manner consistent with the need to fulfill the production plan.

(3) “Contractor” means a business unit as defined in section 31.001 of the Federal Acquisition Regulation (FAR).

(4) “Acceptable material management and accounting system” means a MMAS that generally complies with the system criteria in paragraph (d) of this clause.

(5) “Significant deficiency” means a shortcoming in the system that materially affects the ability of officials of the Department of Defense to rely upon information produced by the system that is needed for management purposes.

(b) *General.* The Contractor shall—

(1) Maintain an MMAS that—

(i) Reasonably forecasts material requirements;

(ii) Ensures that costs of purchased and fabricated material charged or allocated to a contract are based on valid time-phased requirements; and

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

(iii) Maintains a consistent, equitable, and unbiased logic for costing of material transactions; and

(2) Assess its MMAS and take reasonable action to comply with the MMAS standards in paragraph (e) of this clause.

(c) *Disclosure and maintenance requirements.* The Contractor shall—

(1) Have policies, procedures, and operating instructions that adequately describe its MMAS;

(2) Provide to the Administrative Contracting Officer (ACO), upon request, the results of internal reviews that it has conducted to ensure compliance with established MMAS policies, procedures, and operating instructions; and

(3) Disclose significant changes in its MMAS to the ACO at least 30 days prior to implementation.

(d) *System criteria.* The MMAS shall have adequate internal controls to ensure system and data integrity, and shall—

(1) Have an adequate system description including policies, procedures, and operating instructions that comply with the FAR and Defense FAR Supplement;

(2) Ensure that costs of purchased and fabricated material charged or allocated to a contract are based on valid time-phased requirements as impacted by minimum/economic order quantity restrictions.

(i) A 98 percent bill of material accuracy and a 95 percent master production schedule accuracy are desirable as a goal in order to ensure that requirements are both valid and appropriately time-phased.

(ii) If systems have accuracy levels below these, the Contractor shall provide adequate evidence that—

(A) There is no material harm to the Government due to lower accuracy levels; and

(B) The cost to meet the accuracy goals is excessive in relation to the impact on the Government;

(3) Provide a mechanism to identify, report, and resolve system control weaknesses and manual override. Systems should identify operational exceptions, such as excess/residual inventory, as soon as known;

(4) Provide audit trails and maintain records (manual and those in machine-readable form) necessary to evaluate system logic and to verify through transaction testing that the system is operating as desired;

(5) Establish and maintain adequate levels of record accuracy, and include reconciliation of recorded inventory quantities to physical inventory by part number on

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

a periodic basis. A 95 percent accuracy level is desirable. If systems have an accuracy level below 95 percent, the Contractor shall provide adequate evidence that—

(i) There is no material harm to the Government due to lower accuracy levels; and

(ii) The cost to meet the accuracy goal is excessive in relation to the impact on the Government;

(6) Provide detailed descriptions of circumstances that will result in manual or system generated transfers of parts;

(7) Maintain a consistent, equitable, and unbiased logic for costing of material transactions as follows:

(i) The Contractor shall maintain and disclose written policies describing the transfer methodology and the loan/pay-back technique.

(ii) The costing methodology may be standard or actual cost, or any of the inventory costing methods in 48 CFR 9904.411-50(b). The Contractor shall maintain consistency across all contract and customer types, and from accounting period to accounting period for initial charging and transfer charging.

(iii) The system should transfer parts and associated costs within the same billing period. In the few instances where this may not be appropriate, the Contractor may accomplish the material transaction using a loan/pay-back technique. The “loan/pay-back technique” means that the physical part is moved temporarily from the contract, but the cost of the part remains on the contract. The procedures for the loan/pay-back technique must be approved by the ACO. When the technique is used, the Contractor shall have controls to ensure—

(A) Parts are paid back expeditiously;

(B) Procedures and controls are in place to correct any overbilling that might occur;

(C) Monthly, at a minimum, identification of the borrowing contract and the date the part was borrowed; and

(D) The cost of the replacement part is charged to the borrowing contract;

(8) Where allocations from common inventory accounts are used, have controls (in addition to those in paragraphs (d)(2) and (7) of this clause) to ensure that—

(i) Reallocations and any credit due are processed no less frequently than the routine billing cycle;

(ii) Inventories retained for requirements that are not under contract are not allocated to contracts; and

(iii) Algorithms are maintained based on valid and current data;

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

(9) Have adequate controls to ensure that physically commingled inventories that may include material for which costs are charged or allocated to fixed-price, cost-reimbursement, and commercial contracts do not compromise requirements of any of the standards in paragraphs (d)(1) through (8) of this clause. Government-furnished material shall not be—

- (i) Physically commingled with other material; or
- (ii) Used on commercial work; and

(10) Be subjected to periodic internal reviews to ensure compliance with established policies and procedures.

(e) *Significant deficiencies.* (1) The Contracting Officer will provide an initial determination to the Contractor, in writing, of any significant deficiencies. The initial determination will describe the deficiency in sufficient detail to allow the Contractor to understand the deficiency.

(2) The Contractor shall respond within 30 days to a written initial determination from the Contracting Officer that identifies significant deficiencies in the Contractor's MMAS. If the Contractor disagrees with the initial determination, the Contractor shall state, in writing, its rationale for disagreeing.

(3) The Contracting Officer will evaluate the Contractor's response and notify the Contractor, in writing, of the Contracting Officer's final determination concerning—

- (i) Remaining significant deficiencies;
- (ii) The adequacy of any proposed or completed corrective action; and
- (iii) System disapproval if the Contracting Officer determines that one or more significant deficiencies remain.

(f) If the Contractor receives the Contracting Officer's final determination of significant deficiencies, the Contractor shall, within 45 days of receipt of the final determination, either correct the significant deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the significant deficiencies.

(g) *Withholding payments.* If the Contracting Officer makes a final determination to disapprove the Contractor's MMAS, and the contract includes the clause at [252.242-7005](#), Contractor Business Systems, the Contracting Officer will withhold payments in accordance with that clause.

(End of clause)

252.242-7005 Contractor Business Systems.

As prescribed in [242.7001](#), use the following clause:

CONTRACTOR BUSINESS SYSTEMS (FEB 2012)

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

(a) This clause only applies to covered contracts that are subject to the Cost Accounting Standards under 41 U.S.C. chapter 15, as implemented in regulations found at 48 CFR 9903.201-1 (see the FAR Appendix).

(b) *Definitions.* As used in this clause—

“Acceptable contractor business systems” means contractor business systems that comply with the terms and conditions of the applicable business system clauses listed in the definition of “contractor business systems” in this clause.

“Contractor business systems” means—

(1) Accounting system, if this contract includes the clause at [252.242-7006](#), Accounting System Administration;

(2) Earned value management system, if this contract includes the clause at [252.234-7002](#), Earned Value Management System;

(3) Estimating system, if this contract includes the clause at [252.215-7002](#), Cost Estimating System Requirements;

(4) Material management and accounting system, if this contract includes the clause at [252.242-7004](#), Material Management and Accounting System;

(5) Property management system, if this contract includes the clause at [252.245-7003](#), Contractor Property Management System Administration; and

(6) Purchasing system, if this contract includes the clause at [252.244-7001](#), Contractor Purchasing System Administration.

“Significant deficiency,” in the case of a contractor business system, means a shortcoming in the system that materially affects the ability of officials of the Department of Defense to rely upon information produced by the system that is needed for management purposes.

(c) *General.* The Contractor shall establish and maintain acceptable business systems in accordance with the terms and conditions of this contract.

(d) *Significant deficiencies.* (1) The Contractor shall respond, in writing, within 30 days to an initial determination that there are one or more significant deficiencies in one or more of the Contractor’s business systems.

(2) The Contracting Officer will evaluate the Contractor's response and notify the Contractor, in writing, of the final determination as to whether the Contractor’s business system contains significant deficiencies. If the Contracting Officer determines that the Contractor’s business system contains significant deficiencies, the final determination will include a notice to withhold payments.

(e) *Withholding payments.* (1) If the Contracting Officer issues the final determination with a notice to withhold payments for significant deficiencies in a

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

contractor business system required under this contract, the Contracting Officer will withhold five percent of amounts due from progress payments and performance-based payments, and direct the Contractor, in writing, to withhold five percent from its billings on interim cost vouchers on cost-reimbursement, labor-hour, and time-and-materials contracts until the Contracting Officer has determined that the Contractor has corrected all significant deficiencies as directed by the Contracting Officer's final determination. The Contractor shall, within 45 days of receipt of the notice, either correct the deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the deficiencies.

(2) If the Contractor submits an acceptable corrective action plan within 45 days of receipt of a notice of the Contracting Officer's intent to withhold payments, and the Contracting Officer, in consultation with the auditor or functional specialist, determines that the Contractor is effectively implementing such plan, the Contracting Officer will reduce withholding directly related to the significant deficiencies covered under the corrective action plan, to two percent from progress payments and performance-based payments, and direct the Contractor, in writing, to reduce the percentage withheld on interim cost vouchers to two percent until the Contracting Officer determines the Contractor has corrected all significant deficiencies as directed by the Contracting Officer's final determination. However, if at any time, the Contracting Officer determines that the Contractor has failed to follow the accepted corrective action plan, the Contracting Officer will increase withholding from progress payments and performance-based payments, and direct the Contractor, in writing, to increase the percentage withheld on interim cost vouchers to the percentage initially withheld, until the Contracting Officer determines that the Contractor has corrected all significant deficiencies as directed by the Contracting Officer's final determination.

(3) *Payment withhold percentage limits.*

(i) The total percentage of payments withheld on amounts due under each progress payment, performance-based payment, or interim cost voucher, on this contract shall not exceed--

(A) Five percent for one or more significant deficiencies in any single contractor business system; and

(B) Ten percent for significant deficiencies in multiple contractor business systems.

(ii) If this contract contains pre-existing withholds, and the application of any subsequent payment withholds will cause withholding under this clause to exceed the payment withhold percentage limits in paragraph (e)(3)(i) of this clause, the Contracting Officer will reduce the payment withhold percentage in the final determination to an amount that will not exceed the payment withhold percentage limits.

(4) For the purpose of this clause, payment means any of the following payments authorized under this contract:

(i) Interim payments under—

(A) Cost-reimbursement contracts;

Defense Federal Acquisition Regulation Supplement

Part 252-Solicitation Provisions and Contract Clauses

- (B) Incentive type contracts;
- (C) Time-and-materials contracts;
- (D) Labor-hour contracts.

- (ii) Progress payments.
- (iii) Performance-based payments.

(5) Payment withholding shall not apply to payments on fixed-price line items where performance is complete and the items were accepted by the Government.

(6) The withholding of any amount or subsequent payment to the Contractor shall not be construed as a waiver of any rights or remedies the Government has under this contract.

(7) Notwithstanding the provisions of any clause in this contract providing for interim, partial, or other payment withholding on any basis, the Contracting Officer may withhold payment in accordance with the provisions of this clause.

(8) The payment withholding authorized in this clause is not subject to the interest-penalty provisions of the Prompt Payment Act.

(f) *Correction of deficiencies.* (1) The Contractor shall notify the Contracting Officer, in writing, when the Contractor has corrected the business system's deficiencies.

(2) Once the Contractor has notified the Contracting Officer that all deficiencies have been corrected, the Contracting Officer will take one of the following actions:

(i) If the Contracting Officer determines that the Contractor has corrected all significant deficiencies as directed by the Contracting Officer's final determination, the Contracting Officer will, as appropriate, discontinue the withholding of progress payments and performance-based payments, and direct the Contractor, in writing, to discontinue the payment withholding from billings on interim cost vouchers under this contract associated with the Contracting Officer's final determination, and authorize the Contractor to bill for any monies previously withheld that are not also being withheld due to other significant deficiencies. Any payment withholding under this contract due to other significant deficiencies, will remain in effect until the Contracting Officer determines that those significant deficiencies are corrected.

(ii) If the Contracting Officer determines that the Contractor still has significant deficiencies, the Contracting Officer will continue the withholding of progress payments and performance-based payments, and the Contractor shall continue withholding amounts from its billings on interim cost vouchers in accordance with paragraph (e) of this clause, and not bill for any monies previously withheld.

(iii) If the Contracting Officer determines, based on the evidence submitted by the Contractor, that there is a reasonable expectation that the corrective actions have been implemented and are expected to correct the significant deficiencies, the

Contracting Officer will discontinue withholding payments, and release any payments previously withheld directly related to the significant deficiencies identified in the Contractor notification, and direct the Contractor, in writing, to discontinue the payment withholding from billings on interim cost vouchers associated with the Contracting Officer's final determination, and authorize the Contractor to bill for any monies previously withheld.

(iv) If, within 90 days of receipt of the Contractor notification that the Contractor has corrected the significant deficiencies, the Contracting Officer has not made a determination in accordance with paragraphs (f)(2)(i), (ii), or (iii) of this clause, the Contracting Officer will reduce withholding directly related to the significant deficiencies identified in the Contractor notification by at least 50 percent of the amount being withheld from progress payments and performance-based payments, and direct the Contractor, in writing, to reduce the payment withholding from billings on interim cost vouchers directly related to the significant deficiencies identified in the Contractor notification by a specified percentage that is at least 50 percent, but not authorize the Contractor to bill for any monies previously withheld until the Contracting Officer makes a determination in accordance with paragraphs (f)(2)(i), (ii), or (iii) of this clause.

(v) At any time after the Contracting Officer reduces or discontinues the withholding of progress payments and performance-based payments, or directs the Contractor to reduce or discontinue the payment withholding from billings on interim cost vouchers under this contract, if the Contracting Officer determines that the Contractor has failed to correct the significant deficiencies identified in the Contractor's notification, the Contracting Officer will reinstate or increase withholding from progress payments and performance-based payments, and direct the Contractor, in writing, to reinstate or increase the percentage withheld on interim cost vouchers to the percentage initially withheld, until the Contracting Officer determines that the Contractor has corrected all significant deficiencies as directed by the Contracting Officer's final determination.
