SUBPART 204.17—SERVICES CONTRACTS INVENTORY
(Added July 9, 2021)

204.1700 Scope of subpart.

This subpart prescribes the requirement to report certain contracted services in accordance with 10 U.S.C. 2330a.

204.1701 Definitions.

As used in this subpart—

“First-tier subcontract” means a subcontract awarded directly by the contractor for the purpose of acquiring services for performance of a prime contract. It does not include the contractor’s supplier agreements with vendors, such as long-term arrangements for materials or supplies or services that benefit multiple contracts and/or the costs of which are normally applied to a contractor’s general and administrative expenses or indirect costs.

204.1703 Reporting requirements.

(a) *Thresholds.* Service contractor reporting of information is required in the System for Award Management (SAM) when a contract or order—

(i) Has a total estimated value, including options, that exceeds \$3 million; and

(ii) Is for services in the following service acquisition portfolio groups (see [PGI 204.1703](#) for a list of applicable product and service codes):

- (A) Logistics management services.
- (B) Equipment-related services.
- (C) Knowledge-based services.
- (D) Electronics and communications services.

(b) *Agency reporting responsibilities.* In the event the agency believes that revisions to the contractor-reported information are warranted, the agency shall notify the contractor.

(S-70) *Contractor reporting.*

(1) The basic and the alternate of the clause at [252.204-7023](#), Reporting Requirements for Contracted Services, require contractors to report annually, by October 31, on the services performed under the contract or order, including any first-tier subcontracts, during the preceding Government fiscal year.

(2) For indefinite-delivery contracts, basic ordering agreements, and blanket purchase agreements—

Defense Federal Acquisition Regulation Supplement

Part 204—Administrative and Information Matters

(i) Contractor reporting is required for each order issued under the contract or agreement that meets the requirements of paragraph (a) of this section; and

(ii) Service contract reporting is not required for the basic contract or agreement.

204.1705 Contract clauses.

(a)(i) Use the basic or the alternate of the clause at [252.204-7023](#), Reporting Requirements for Contracted Services, in solicitations, contracts, agreements, and orders, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(A) Have a total estimated value, including options, that exceeds \$3 million; and

(B) Are for services in the following service acquisition portfolio groups:

(1) Logistics management services.

(2) Equipment-related services.

(3) Knowledge-based services.

(4) Electronics and communications services.

(ii) Use the basic clause in solicitations and contracts, except solicitations and resultant awards of indefinite-delivery contracts, and orders placed under non-DoD contracts that meet the criteria in paragraph (a)(i) of this section.

(iii) Use the alternate I clause in solicitations and resultant awards of indefinite-delivery contracts, basic ordering agreements, and blanket purchase agreements, when one or more of the orders under the contract or agreement are expected to meet the criteria in paragraph (a)(i) of this section.

**SUBPART 212.3—SOLICITATION PROVISIONS AND CONTRACT CLAUSES
FOR THE ACQUISITION OF COMMERCIAL ITEMS**

(Revised July 9, 2021)

212.301 Solicitation provisions and contract clauses for the acquisition of commercial items.

See DoD Class Deviation [2018-O0021](#), Commercial Item Omnibus Clause for Acquisitions Using the Standard Procurement System, issued October 1, 2018. This class deviation allows the contracting officer to use the SPS clause logic capability to automatically select the clauses that are applicable to the specific solicitation and contract. The contracting officer shall ensure that the deviation clause is incorporated into these solicitations and contracts because the deviation clause fulfills the statutory requirements on auditing and subcontract clauses applicable to commercial items. The deviation also authorizes adjustments to the deviation clause required by future changes to the clause at 52.212-5 that are published in the FAR. This deviation is effective for five years, or until otherwise rescinded.

(c) Include an evaluation factor regarding supply chain risk (see subpart [239.73](#)) when acquiring information technology, whether as a service or as a supply, that is a covered system, is a part of a covered system, or is in support of a covered system, as defined in [239.7301](#).

(f) The following additional provisions and clauses apply to DoD solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items. If the offeror has completed any of the following provisions listed in this paragraph electronically as part of its annual representations and certifications at <https://www.acquisition.gov>, the contracting officer shall consider this information instead of requiring the offeror to complete these provisions for a particular solicitation.

is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (<https://www.fedramp.gov/resources/documents/>) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.

(c) *Cyber incident reporting requirement.*

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) *Other safeguarding or reporting requirements.* The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) *Subcontracts.* The Contractor shall—
