SUBPART 203.10—CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT

(Revised October 1, 2025)

203.1003 Requirements.

(b) *Notification of possible contractor violation.* Upon notification of a possible contractor violation of the type described in FAR 3.1003(b), coordinate the matter with the following office:

Department of Defense Office of Inspector General
Administrative Investigations
Contractor Disclosure Program
4800 Mark Center Drive, Suite 14L25
Arlington, VA 22350-1500
Toll-Free Telephone: 866-429-8011.

Website: https://www.dodig.mil/Programs/Contractor-Disclosure-Program/.

(c) *Fraud hotline poster.* For contracts performed outside the United States, when security concerns can be appropriately demonstrated, the contracting officer may provide the contractor the option to publicize the program to contractor personnel in a manner other than public display of the poster required by 203.1004(b)(2)(ii), such as private employee written instructions and briefings.

203.1004 Contract clauses.

(a) Use the clause at 252.203-7003, Agency Office of the Inspector General, in solicitations and contracts that include the FAR clause 52.203-13, Contractor Code of Business Ethics and Conduct.

(b)(2)(ii) Unless the contract is for the acquisition of a commercial product or commercial service, use the clause at 252.203-7004, Display of Hotline Posters, in lieu of the clause at FAR 52.203-14, Display of Hotline Poster(s), in solicitations and contracts, if the contract value exceeds $7.5 million. If the Department of Homeland Security (DHS) provides disaster relief funds for the contract, DHS will provide information on how to obtain and display the DHS fraud hotline poster (see FAR 3.1003).

SUBPART 205.3—SYNOPSES OF CONTRACT AWARDS

(Revised October 1, 2025)

205.301 General.

(a)(S-70) *Synopsis of exceptions to domestic source requirements.*

(i) In accordance with 10 U.S.C. 4862(k), contracting officers also must synopsize through the Governmentwide point of entry (*https://www.sam.gov*), awards exceeding the simplified acquisition threshold that are for the acquisition of any clothing, fiber, yarn, or fabric items described in 225.7002-1(a)(1)(ii) through (x), if—

(A) The Secretary concerned has determined that domestic items are not available, in accordance with 225.7002-2(b); or

(B) The acquisition is for chemical warfare protective clothing, and the contracting officer has determined that an exception to domestic source requirements applies because the acquisition furthers an agreement with a qualifying country, in accordance with 225.7002-2(n).

(ii) The synopsis must be submitted in sufficient time to permit its publication not later than 7 days after contract award.

(iii) In addition to the information otherwise required in a synopsis of contract award, the synopsis must include one of the following statements as applicable:

(A) "The exception at DFARS 225.7002-2(b) applies to this acquisition, because the Secretary concerned has determined that items grown, reprocessed, reused, or produced in the United States cannot be acquired as and when needed in satisfactory quality and sufficient quantity at U.S. market prices."

(B) "The exception at DFARS 225.7002-2(n) applies to this acquisition, because the contracting officer has determined that this acquisition of chemical warfare protective clothing furthers an agreement with a qualifying country identified in DFARS 225.003."

205.303 Announcement of contract awards.

(a) *Public Announcement.*

(i) The threshold for DoD awards is $9 million. Report all contractual actions, including modifications, that have a face value, excluding unexercised options, of more than $9 million.

(A) For undefinitized contractual actions, report the not-to-exceed (NTE) amount. Later, if the definitized amount exceeds the NTE amount by more than $9 million, report only the amount exceeding the NTE.

(B) For indefinite delivery, time and material, labor hour, and similar contracts, report the initial award if the estimated face value, excluding unexercised options, is more than $9 million. Do not report orders up to the estimated value, but

after the estimated value is reached, report subsequent modifications and orders that have a face value of more than $9 million.

(C) Do not report the same work twice.

(ii) Departments and agencies submit the information—

(A) To the Office of the Assistant to the Secretary of Defense for Public Affairs;

(B) By the close of business the day before the date of the proposed award;

(C) Using report control symbol DD-LA-(AR) 1279;

(D) Including, as a minimum, the following—

(*1*) *Contract data.* Contract number, modification number, or delivery order number, face value of this action, total cumulative face value of the contract, description of what is being bought, contract type, whether any of the buy was for foreign military sales (FMS) and identification of the FMS customer*;*

(*2*) *Competition information.* Number of solicitations mailed and number of offers received;

(*3*) *Contractor data.* Name, address, and place of performance (if significant work is performed at a different location);

(*4*) *Funding data.* Type of appropriation and fiscal year of the funds, and whether the contract is multiyear (see FAR Subpart 17.1); and

(*5*) *Miscellaneous data.* Identification of the contracting office, the contracting office point of contact, known congressional interest, and the information release date.

(iii) Departments and agencies, in accordance with department/agency procedures and concurrent with the public announcement, shall provide information similar to that required by paragraph (a)(ii) of this section to members of Congress in whose State or district the contractor is located and the work is to be performed.

SUBPART 209.4—DEBARMENT, SUSPENSION, AND INELIGIBILITY

(Revised October 1, 2025)

209.402 Policy.

(d) The suspension and debarment procedures in Appendix H are to be followed by all debarring and suspending officials.

(e) The department or agency shall provide a copy of Appendix H, Debarment and Suspension Procedures, to contractors at the time of their suspension or when they are proposed for debarment, and upon request to other interested parties.

209.403 Definitions.

"Debarring and suspending official."

(1) For DoD, the designees are—

(i) Army—Director, Soldier & Family Legal Services.

(ii) Navy/Marine Corps—The Assistant General Counsel (Acquisition Integrity).

(iii) Air Force—Deputy General Counsel (Contractor Responsibility).

(iv) Defense Advanced Research Projects Agency—The Director.

(v) Defense Health Agency—The Principal Deputy General Counsel.

(vi) Defense Information Systems Agency—The General Counsel.

(vii) Defense Intelligence Agency—The Senior Procurement Executive.

(viii) Defense Logistics Agency—The Special Assistant for Contracting Integrity.

(ix) Defense Threat Reduction Agency—The Director.

(x) Missile Defense Agency—The General Counsel.

(xi) National Geospatial-Intelligence Agency—The General Counsel.

(xii) National Security Agency—The Senior Acquisition Executive.

(xiii) United States Cyber Command—The Staff Judge Advocate.

(xiv) Overseas installations—as designated by the agency head.

(2) Overseas debarring and suspending officials—

(i) Are authorized to debar or suspend contractors located within the official's geographic area of responsibility under any delegation of authority they receive from their agency head.

(ii) Debar or suspend in accordance with the procedures in FAR Subpart 9.4 or under modified procedures approved by the agency head based on consideration of the laws or customs of the foreign countries concerned.

(iii) In addition to the bases for debarment in FAR 9.406-2, may consider the following additional bases—

(A) The foreign country concerned determines that a contractor has engaged in bid-rigging, price-fixing, or other anti-competitive behavior; or

(B) The foreign country concerned declares the contractor to be formally debarred, suspended, or otherwise ineligible to contract with that foreign government or its instrumentalities.

(3) The Defense Logistics Agency Special Assistant for Contracting Integrity is the exclusive representative of the Secretary of Defense to suspend and debar contractors from the purchase of Federal personal property under the Federal Property Management Regulations (41 CFR 101-45.6) and the Defense Materiel Disposition Manual (DoD 4160.21-M).

209.405 Effect of listing.

(a) Under 10 U.S.C. 4654(b), when a department or agency determines that a compelling reason exists for it to conduct business with a contractor that is debarred or suspended from procurement programs, it must provide written notice of the determination to the General Services Administration (GSA), GSA Suspension and Debarment Official, Office of Acquisition Policy, 1275 First Street, N.E., Washington, DC 20417. Examples of compelling reasons are—

(i) Only a debarred or suspended contractor can provide the supplies or services;

(ii) Urgency requires contracting with a debarred or suspended contractor;

(iii) The contractor and a department or agency have an agreement covering the same events that resulted in the debarment or suspension and the agreement includes the department or agency decision not to debar or suspend the contractor; or

(iv) The national defense requires continued business dealings with the debarred or suspended contractor.

(b)(i) The Procurement Cause and Treatment Code "H" annotation in the Exclusions section of the System for Award Management (SAM Exclusions) identifies contractor facilities where no part of a contract or subcontract may be performed because of a violation of the Clean Air Act (42 U.S.C. 7606) or the Clean Water Act (33 U.S.C. 1368).

(ii) Under the authority of Section 8 of Executive Order 11738, the agency head may grant an exemption permitting award to a contractor using a Code "H" ineligible facility if the agency head determines that such an exemption is in the paramount interest of the United States.

(A) The agency head may delegate this exemption authority to a level no lower than a general or flag officer or a member of the Senior Executive Service.

(B) The official granting the exemption—

(1) Shall promptly notify the Environmental Protection Agency suspending and debarring official of the exemption and the corresponding justification; and

(2) May grant a class exemption only after consulting with the Environmental Protection Agency suspending and debarring official.

(C) Exemptions shall be for a period not to exceed one year. The continuing necessity for each exemption shall be reviewed annually and, upon the making of a new determination, may be extended for periods not to exceed one year.

(D) All exemptions must be reported annually to the Environmental Protection Agency suspending and debarring official.

(E) See PGI 209.405 for additional procedures and information.

209.405-2 Restrictions on subcontracting.

(a) The contracting officer shall not consent to any subcontract with a firm, or a subsidiary of a firm, that is identified by the Secretary of Defense in SAM Exclusions as being owned or controlled by the government of a country that is a state sponsor of terrorism unless the agency head states in writing the compelling reasons for the subcontract. (See also 225.771.)

209.406 Debarment.

209.406-1 General.

(a)(i) When the debarring official decides that debarment is not necessary, the official may require the contractor to enter into a written agreement which includes—

(A) A requirement for the contractor to establish, if not already established, and to maintain the standards of conduct and internal control systems prescribed by FAR subpart 3.10; and

(B) Other requirements the debarring official considers appropriate.

(ii) Before the debarring official decides not to suspend or debar in the case of an indictment or conviction for a felony, the debarring official must determine that the contractor has addressed adequately the circumstances that gave rise to the misconduct, and that appropriate standards of ethics and integrity are in place and are working.

209.406-2 Causes for debarment.

(1) Any person shall be considered for debarment if criminally convicted of intentionally affixing a label bearing a "Made in America" inscription to any product

sold in or shipped to the United States or its outlying areas that was not made in the United States or its outlying areas (10 U.S.C. 4658).

(i) The debarring official will make a determination concerning debarment not later than 90 days after determining that a person has been so convicted.

(ii) In cases where the debarring official decides not to debar, the debarring official will report that decision to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy, who will notify Congress within 30 days after the decision is made.

(2) Any contractor that knowingly provides compensation to a former DoD official in violation of section 847 of the National Defense Authorization Act for Fiscal Year 2008 may face suspension and debarment proceedings in accordance with 41 U.S.C. 2105(c)(1)(C).

209.406-3 Procedures.
Refer all matters appropriate for consideration by an agency debarring and suspending official as soon as practicable to the appropriate debarring and suspending official identified in 209.403. Any person may refer a matter to the debarring and suspending official. Follow the procedures at PGI 209.406-3.

209.407 Suspension.

209.407-3 Procedures.
Refer all matters appropriate for consideration by an agency debarring and suspending official as soon as practicable to the appropriate debarring and suspending official identified in 209.403. Any person may refer a matter to the debarring and suspending official. Follow the procedures at PGI 209.407-3.

209.409 Contract clause.
Use the clause at 252.209-7004, Subcontracting with Firms that are Owned or Controlled by the Government of a Country that is a State Sponsor of Terrorism, in solicitations and contracts with a value of $200,000 or more.

209.470 Reserved.

209.471 Congressional Medal of Honor.
In accordance with Section 8118 of Pub. L. 105-262, do not award a contract to, extend a contract with, or approve the award of a subcontract to any entity that, within the preceding 15 years, has been convicted under 18 U.S.C. 704 of the unlawful manufacture or sale of the Congressional Medal of Honor. Any entity so convicted will be listed as ineligible on the List of Parties Excluded from Federal Procurement and Nonprocurement Programs published by the General Services Administration.

SUBPART 211.5—LIQUIDATED DAMAGES

(Revised October 1, 2025)

211.500 Scope.

This subpart and FAR subpart 11.5 do not apply to liquidated damages for comprehensive subcontracting plans under the Test Program for Negotiation of Comprehensive Small Business Subcontracting Plans. See 219.702-70 for coverage of liquidated damages for comprehensive subcontracting plans.

211.503 Contract clauses.

(b) Use the clause at FAR 52.211-12, Liquidated Damages—Construction, in all construction contracts exceeding $900,000, except cost-plus-fixed-fee contracts or contracts where the contractor cannot control the pace of the work. Use of the clause in contracts of $900,000 or less is optional.

SUBPART 212.2—SPECIAL REQUIREMENTS FOR THE ACQUISITION OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

(Revised October 1, 2025)

212.203 Procedures for solicitation, evaluation, and award.

(1) See 215.101-2-70 for the limitations and prohibitions on the use of the lowest price technically acceptable source selection process, which are applicable to the acquisition of commercial products and commercial services.

(2) See 217.7801 for the prohibition on the use of reverse auctions for personal protective equipment and aviation critical safety items.

(3) See 204.7603 for procedures on the required use of Supplier Performance Risk System risk assessments as part of the award decision.

(4) See subpart 212.70 for acquisitions resulting from a commercial solutions opening.

(5) See 215.101-71 and 225.7024 for the acquisition of fuel for overseas contingency operations.

(6) See the procedures at PGI 205.102-70 for use of the Solicitation Module within the Procurement Integrated Enterprise Environment.

212.207 Contract type.

(b) In accordance with section 805 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181), use of time-and-materials and labor-hour contracts for the acquisition of commercial services is authorized only for the following:

(i) Services acquired for support of a commercial product, as described in paragraph (1) of the definition of "commercial service" at FAR 2.101 (41 U.S.C. 103a).

(ii) Emergency repair services.

(iii) Any other commercial services only to the extent that the head of the agency concerned approves a written determination by the contracting officer that—

(A) The services to be acquired are commercial services as defined in paragraph (2) of the definition of "commercial service" at FAR 2.101 (41 U.S.C. 103a);

(B) If the services to be acquired are subject to FAR 15.403-1(c)(3)(ii), the offeror of the services has submitted sufficient information in accordance with that subsection;

(C) Such services are commonly sold to the general public through use of time-and-materials or labor-hour contracts; and

(D) The use of a time-and-materials or labor-hour contract type is in the best interest of the Government.

212.209 Determination of price reasonableness.

(a) In accordance with 10 U.S.C. 3453(d), agencies shall conduct or obtain market research to support the determination of the reasonableness of price for commercial products and commercial services contained in any bid or offer submitted in response to an agency solicitation. To the extent necessary to support such market research, the contracting officer—

(1) In the case of major weapon systems, for subsystems of major weapon systems and components and spare parts of major weapon systems and of subsystems of major weapon systems acquired as commercial products in accordance with subpart 234.70, shall use information submitted under 234.7002(e); and

(2) In the case of other items, may require the offeror to submit other relevant information.

(b) If the contracting officer determines that the information obtained through market research pursuant to paragraph (a) of this section is insufficient to determine the reasonableness of price, the contracting officer shall consider information submitted by the offeror of recent purchase prices paid by the Government and commercial customers for the same or similar commercial products or commercial services under comparable terms and conditions in establishing price reasonableness on a subsequent purchase if the contracting officer is satisfied that the prices previously paid remain a valid reference for comparison. In assessing whether the prices previously paid remain a valid reference for comparison, the contracting officer shall consider the totality of other relevant factors such as the time elapsed since the prior purchase and any differences in the quantities purchased (10 U.S.C. 3703(e)).

(c) If the contracting officer determines that the offeror cannot provide sufficient information as described in paragraph (b) of this section to determine the reasonableness of price, the contracting officer should request the offeror to submit information on—

(1) Prices paid for the same or similar items sold under different terms and conditions;

(2) Prices paid for similar levels of work or effort on related products or services;

(3) Prices paid for alternative solutions or approaches; and

(4) Other relevant information that can serve as the basis for determining the reasonableness of price.

(d) Nothing in this section shall be construed to preclude the contracting officer from requiring the contractor to supply information that is sufficient to determine the reasonableness of price, regardless of whether or not the contractor was required to provide such information in connection with any earlier procurement. If the contracting officer determines that the pricing information submitted is not sufficient to determine the reasonableness of price, the contracting officer may request other relevant information regarding the basis for price or cost, including uncertified cost data such as labor costs, material costs, and other direct and indirect costs.

212.211 Technical data.
The DoD policy for acquiring technical data for commercial products or commercial services is at 227.7102.

212.212 Computer software.

(1) Departments and agencies shall identify and evaluate, at all stages of the acquisition process (including concept refinement, concept decision, and technology development), opportunities for the use of commercial computer software and other non-developmental software in accordance with Section 803 of the National Defense Authorization Act for Fiscal Year 2009 (Pub. L. 110-417).

(2) See Subpart 208.74 when acquiring commercial software or software maintenance. See 227.7202 for policy on the acquisition of commercial computer software and commercial computer software documentation.

212.270 Major weapon systems as commercial products.
The DoD policy for acquiring major weapon systems as commercial products is in subpart 234.70.

212.271 Limitation on acquisition of right-hand drive passenger sedans.
10 U.S.C. 2253(a)(2) limits the authority to purchase right-hand drive passenger sedans to a cost of not more than $55,000 per vehicle.

212.272 Preference for certain commercial products and commercial services.

(a) As required by section 855 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114-92), for requirements relating to the acquisition of commercial information technology products and services, see 239.101.

(b)(1) As required by section 876 of the National Defense Authorization Act of Fiscal Year 2017 (Pub. L. 114-328), a contracting officer may not enter into a contract above the simplified acquisition threshold for facilities-related services, knowledge-based services (except engineering services), medical services, or transportation services that are not commercial services unless the appropriate official specified in paragraph (b)(2) of this section determines in writing that no commercial services are suitable to meet the agency's needs as provided in 10 U.S.C. 3453(c)(2).

(2) The following officials are authorized to make the determination specified in paragraph (b)(1) of this section:

(i) For contracts above $10 million, the head of the contracting activity, the combatant commander of the combatant command concerned, or the Under Secretary of Defense for Acquisition and Sustainment (as applicable).

(ii) For contracts in an amount above the simplified acquisition threshold and at or below $10 million, the contracting officer.

SUBPART 215.4—CONTRACT PRICING

(Revised October 1, 2025)

215.401 Definitions.

As used in this subpart—

"Market prices" means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

"Relevant sales data" means information on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets or other adjustments).

215.402 Pricing policy.

(a)(i) Pursuant to section 831 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239)—

(A) The contracting officer is responsible for determining if the information provided by the offeror is sufficient to determine price reasonableness. This responsibility includes determining whether information on the prices at which the same or similar items have previously been sold is adequate for evaluating the reasonableness of price, and determining the extent of uncertified cost data that should be required in cases in which price information is not adequate;

(B) The contracting officer shall not limit the Government's ability to obtain information that may be necessary to support a determination of fair and reasonable pricing by agreeing to contract terms that preclude obtaining necessary supporting information; and

(C) When obtaining uncertified cost data, the contracting officer shall require the offeror to provide the information in the form in which it is regularly maintained in the offeror's business operations.

(ii) Follow the procedures at PGI 215.402 when conducting cost or price analysis, particularly with regard to acquisitions for sole source commercial products or commercial services.

215.403 Obtaining certified cost or pricing data.

215.403-1 Prohibition on obtaining certified cost or pricing data (10 U.S.C. chapter 271 and 41 U.S.C. chapter 35).

(b) *Exceptions to certified cost or pricing data requirements.*

(i) Follow the procedures at PGI 215.403-1(b).

(ii) Submission of certified cost or pricing data shall not be required in the case of a contract, subcontract, or modification of a contract or subcontract to the extent such data relates to an indirect offset.

(c) *Standards for exceptions from certified cost or pricing data requirements.*

(1) *Adequate price competition.*

(A) For acquisitions under dual or multiple source programs—

(*1*) The determination of adequate price competition must be made on a case-by-case basis. Even when adequate price competition exists, in certain cases it may be appropriate to obtain additional data to assist in price analysis; and

(*2*) Adequate price competition normally exists when—

(i) Prices are solicited across a full range of step quantities, normally including a 0-100 percent split, from at least two offerors that are individually capable of producing the full quantity; and

(ii) The reasonableness of all prices awarded is clearly established on the basis of price analysis (see FAR 15.404-1(b)).

(B) If only one offer is received in response to a competitive solicitation, see 215.371-3.

(3) *Commercial products or commercial services.*

(A) Follow the procedures at PGI 215.403-1(c)(3)(A) for pricing commercial products or commercial services, except see 234.7002(e) for pricing commercial subsystems of major weapon systems and components and spare parts of major weapon systems and of subsystems of major weapon systems.

(B) When applying the commercial product or commercial service exception under FAR 15.403-1(b)(3), see 212.102(a)(ii) regarding prior commercial product or commercial service determinations.

(4) *Waivers.*

(A) The head of the contracting activity may, without power of delegation, apply the exceptional circumstances authority when a determination is made that—

(1) The property or services cannot reasonably be obtained under the contract, subcontract, or modification, without the granting of the waiver;

(2) The price can be determined to be fair and reasonable without the submission of certified cost or pricing data; and

(3) There are demonstrated benefits to granting the waiver. Follow the procedures at PGI 215.403-1(c)(4)(A) for determining when an exceptional case waiver is appropriate, for approval of such waivers, for partial waivers, and for waivers applicable to unpriced supplies or services.

(B) By November 30th of each year, departments and agencies shall provide a report to the Office of the Principal Director, Defense Pricing, Contracting, and Acquisition Policy (Price, Cost and Finance), of all waivers granted under FAR 15.403-1(b)(4), during the previous fiscal year, for any contract, subcontract, or modification expected to have a value of $25 million or more. See PGI 215.403-1(c)(4)(B) for the format and guidance for the report.

(C) DoD has waived the requirement for submission of certified cost or pricing data for the Canadian Commercial Corporation and its subcontractors (but see 215.408(3) and 225.870-4(c)).

(D) DoD has waived certified cost or pricing data requirements for nonprofit organizations (including educational institutions) on cost-reimbursement-no-fee contracts. The contracting officer shall require—

(1) Submission of data other than certified cost or pricing data to the extent necessary to determine price reasonableness and cost realism; and

(2) Certified cost or pricing data from subcontractors that are not nonprofit organizations when the subcontractor's proposal exceeds the certified cost or pricing data threshold at FAR 15.403-4(a)(1).

215.403-3 Requiring data other than certified cost or pricing data.
Follow the procedures at PGI 215.403-3.

(a) In accordance with 10 U.S.C. 3705—

(1) Contracting officers shall not determine the price of a contract or subcontract to be fair and reasonable based solely on historical prices paid by the Government (see PGI 215.403-3(4)); and

(4) In lieu of the factors for consideration listed in FAR 15.403-3(a)(4), a determination by the head of the contracting activity (see PGI 215.403-3(7)) that it is in the best interest of the Government to make the award to an offeror that does not make a good faith effort to comply with a reasonable request to submit data other than certified cost or pricing data shall be based on consideration of pertinent factors, including the following:

(i) The effort to obtain the data.

(ii) Availability of other sources of supply of the item or service.

(iii) The urgency or criticality of the Government's need for the item or service.

(iv) Reasonableness of the price of the contract, subcontract, or modification of the contract or subcontract based on information available to the contracting officer.

(v) Rationale or justification made by the offeror for not providing the requested data.

(vi) Risk to the Government if award is not made.

(c) *Commercial products or commercial services.* For determinations of price reasonableness of major weapon systems acquired as commercial products, see 234.7002(e).

215.403-5 Instructions for submission of certified cost or pricing data and data other than certified cost or pricing data.

(b)(3) For contractors following the contract cost principles in FAR subpart 31.2, Contracts With Commercial Organizations, pursuant to the procedures in FAR 42.1701(b), the administrative contracting officer shall require contractors to comply with the submission items in Table 215.403-1 in order to ensure that their forward pricing rate proposal is submitted in an acceptable form in accordance with FAR 15.403-5(b)(3). The contracting officer should request that the proposal be submitted to the Government at least 90 days prior to the proposed effective date of the rates. To ensure the proposal is complete, the contracting officer shall request that the contractor complete the Contractor Forward Pricing Rate Proposal Adequacy Checklist at Table 215.403-1, and submit it with the forward pricing rate proposal.

Table 215.403-1 – Contractor Forward Pricing Rate Proposal Adequacy Checklist

Complete the following checklist, providing the location of requested information, or an explanation of why the requested information is not provided, and submit it with the forward pricing rate proposal.

	proposed pool and base costs for each proposed indirect rate and factor.	proposal cover page	
	Table of Contents or index. a. Does the proposal include a table of contents or index identifying and referencing all supporting data accompanying or identified in the proposal? b. For supporting documentation not provided with the proposal, does the basis of each estimate in the proposal include the location of the documentation and the point of contact (custodian) name, phone number, and email address?		
	Does the proposal disclose known or anticipated changes in business activities or processes that could materially impact the proposed rates (if not previously provided)? For example— a. Management initiatives to reduce costs; b. Changes in management objectives as a result of economic conditions and increased competitiveness; c. Changes in accounting policies, procedures, and practices including (i) reclassification of expenses from direct to indirect or vice versa; (ii) new methods of accumulating and allocating indirect costs and the related impact; and (iii) advance agreements; d. Company reorganizations (including acquisitions or divestitures); e. Shutdown of facilities; or f. Changes in business volume and/or contract mix/type.		
5.	Do proposed costs based on judgmental factors include an explanation of the		

	SUBMISSION ITEM	PROPOSAL PAGE No. (if applicable)	If not provided, EXPLAIN (may use continuation pages)
	GENERAL INSTRUCTIONS		
	estimating processes and methods used, including those used in projecting from known data?		
6.	Does the proposal show trends and budgetary data? Does the proposal provide an explanation of how the data, as well as any adjustments to the data, were used?		
7.	The proposal should reconcile to the supporting data referenced. If the proposal does not reconcile to the supporting data referenced, identify applicable page(s) and explain.		
8.	The proposal should be internally consistent. If the proposal is not internally consistent, identify applicable page(s) and explain.		
	Direct Labor		
9.	Direct Labor Rates Methodology and Basis of Each Estimate. a. Does the proposal include an explanation of the methodology used to develop the direct labor rates and identify the basis of each estimate? b. Does the proposal include or identify the location of the supporting documents for the base-period labor rates (e.g., payroll records)?		
10.	Does the proposal identify escalation factors for the out-year labor rates, the costs to which escalation is applicable, and the basis of each factor used?		
11.	Does the proposal identify planned or anticipated changes in the composition of labor rates, labor categories, union agreements, headcounts, or other		

	SUBMISSION ITEM	PROPOSAL PAGE No. (if applicable)	If not provided, EXPLAIN (may use continuation pages)
	GENERAL INSTRUCTIONS		
	factors that could significantly impact the direct labor rates?		
	Indirect Rates (Fringe, Overhead, G&A, etc.)		
12.	Indirect Rates Methodology and Basis of Each Estimate. a. Does the proposal identify the basis of each estimate and provide an explanation of the methodology used to develop the indirect rates? b. Does the proposal include or identify the location of the supporting documents for the proposed rates?		
13.	Does the proposal identify indirect expenses by burden center, by cost element, by year (including any voluntary deletions, if applicable) in a format that is consistent with the accounting system used to accumulate actual expenses?		
14.	Does the proposal identify any contingencies?		
15.	Does the proposal identify planned or anticipated changes in the nature, type, or level of indirect costs, including fringe benefits?		
16.	Does the proposal identify corporate, home office, shared services, or other incoming allocated costs and the source for those costs, including location and point of contact (custodian) name, phone number, and email address?		
17.	Does the proposal separately identify all intermediate cost pools and provide a reconciliation to show where the costs will be allocated?		

	SUBMISSION ITEM	PROPOSAL PAGE No. (if applicable)	If not provided, EXPLAIN (may use continuation pages)
	GENERAL INSTRUCTIONS		
18.	Does the proposal identify the escalation factors used to escalate indirect costs for the out-years, the costs to which escalation is applicable, and the basis of each factor used?		
19.	Does the proposal provide details of the development of the allocation base?		
20.	Does the proposal include or reference the supporting data for the allocation base such as program budgets, negotiation memoranda, proposals, contract values, etc.?		
21.	Does the proposal identify how the proposed allocation bases reconcile with its long range plans, strategic plan, operating budgets, sales forecasts, program budgets, etc.?		
	Cost of Money (COM)		
22.	Cost of Money. a. Are Cost of Money rates submitted on Form CASB-CMF, with the Treasury Rate used to compute COM identified and a summary of the net book value of assets, identified as distributed and non-distributed? b. Does the proposal identify the support for the Form CASB-CMF, for example, the underlying reports and records supporting the net book value of assets contained in the form?		
	OTHER		
23.	Does the proposal include a comparison of prior forecasted costs to actual results in the same format as the proposal and an explanation/analysis of any differences?		

	SUBMISSION ITEM	PROPOSAL PAGE No. (if applicable)	If not provided, EXPLAIN (may use continuation pages)
	GENERAL INSTRUCTIONS		
24.	If this is a revision to a previous rate proposal or a forward pricing rate agreement, does the new proposal provide a summary of the changes in the circumstances or the facts that the contractor asserts require the change to the rates?		

215.404 Proposal analysis.

215.404-1 Proposal analysis techniques.

(a) *General.*

(i) Follow the procedures at PGI 215.404-1 for proposal analysis.

(ii) For spare parts or support equipment, perform an analysis of—

(A) Those line items where the proposed price exceeds by 25 percent or more the lowest price the Government has paid within the most recent 12-month period based on reasonably available data;

(B) Those line items where a comparison of the item description and the proposed price indicates a potential for overpricing;

(C) Significant high-dollar-value items. If there are no obvious high-dollar-value items, include an analysis of a random sample of items; and

(D) A random sample of the remaining low-dollar value items. Sample size may be determined by subjective judgment, e.g., experience with the offeror and the reliability of its estimating and accounting systems.

(b) *Price analysis.*

(i) In the absence of adequate price competition in response to the solicitation, pricing based on market prices is the preferred method to establish a fair and reasonable price (see PGI 215.404-1(b)(i)).

(ii) If the contracting officer determines that the information obtained through market research is insufficient to determine the reasonableness of price, the contracting officer shall consider information submitted by the offeror of recent purchase prices paid by the Government and commercial customers for the same or similar commercial

products or commercial services under comparable terms and conditions in establishing price reasonableness on a subsequent purchase if the contracting officer is satisfied that the prices previously paid remain a valid reference for comparison. Price reasonableness shall not be based solely on historical prices paid by the Government (see 215.403-3(a)(1)). The contracting officer shall consider the totality of other relevant factors such as the time elapsed since the prior purchase and any differences in the quantities purchased (10 U.S.C. 3703(e)).

(iii) If the contracting officer determines that the offeror cannot provide sufficient information as described in paragraph (b)(ii) of this section to determine the reasonableness of price, the contracting officer should request the offeror to submit 1information on—

(A) Prices paid for the same or similar items sold under different terms and conditions;

(B) Prices paid for similar levels of work or effort on related products or services;

(C) Prices paid for alternative solutions or approaches; and

(D) Other relevant information that can serve as the basis for determining the reasonableness of price.

(iv) If the contracting officer determines that the pricing information submitted is not sufficient to determine the reasonableness of price, the contracting officer shall request other relevant information, to include cost data. However, no cost data may be required in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price (section 831 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239)).

(v) When evaluating pricing data, the contracting officer shall consider materially differing terms and conditions, quantities, and market and economic factors (see PGI 215.404-1(b)(v)). For similar items, the contracting officer shall also consider material differences between the similar item and the item being procured (see FAR 15.404-1(b)(2)(ii)(B)). Material differences are those that could reasonably be expected to influence the contracting officer's determination of price reasonableness. The contracting officer shall consider the following factors when evaluating the relevance of the information available:

(A) *Market prices.*

(B) *Age of data.*

(*1*) Whether data is too old to be relevant depends on the industry (e.g., rapidly evolving technologies), product maturity (e.g., stable), economic factors (e.g., new sellers in the marketplace), and various other considerations.

(*2*) A pending sale may be relevant if, in the judgement of the contracting officer, it is probable at the anticipated price, and the sale could reasonably be expected to materially influence the contracting officer's determination of price

reasonableness. The contracting officer may consult with the cognizant administrative contracting officers (ACOs) as they may have information about pending sales.

(C) *Volume and completeness of transaction data.* Data must include a sufficient number of transactions to represent the range of relevant sales to all types of customers. The data must also include key information, such as date, quantity sold, part number, part nomenclature, sales price, and customer. If the number of transactions is insufficient or the data is incomplete, the contracting officer shall request additional sales data to evaluate price reasonableness. If the contractor cannot provide sufficient sales data, the contracting officer shall request other relevant information.

(D) *Nature of transactions.* The nature of a sales transaction includes the information necessary to understand the transaction, such as terms and conditions, date, quantity sold, sale price, unique requirements, the type of customer (government, distributor, retail end-user, etc.), and related agreements. It also includes warranties, key product technical specifications, maintenance agreements, and preferred customer rewards.

(vi) The contracting officer shall consider catalog prices to be reliable when they are regularly maintained and supported by relevant sales data (including any related discounts, refunds, rebates, offsets, or other adjustments). The contracting officer may request that the offeror support differences between the proposed price(s), catalog price(s), and relevant sales data.

(vii) The contracting officer may consult with the DoD cadre of experts who are available to provide expert advice to the acquisition workforce in assisting with commercial product or commercial service determinations and price reasonableness determinations. The DoD cadre of experts is identified at PGI 215.404-1(b)(vii).

(viii) When procuring a service or an end product identified by a material identifier that is available as described at PGI 204.7603, the contracting officer shall consider the Supplier Performance Risk System price risk assessments in determining if a proposed price is consistent with historical prices paid for an item or otherwise creates a risk to the Government. See also 215.403-3(a)(1).

(h) *Review and justification of pass-through contracts.* Follow the procedures at PGI 215.404-1(h)(2) when considering alternative approaches or making the determination that the contracting approach selected is in the best interest of the Government, as required by FAR 15.404-1(h)(2).

215.404-2 Data to support proposal analysis.
See PGI 215.404-2 for guidance on obtaining field pricing or audit assistance.

215.404-3 Subcontract pricing considerations.
Follow the procedures at PGI 215.404-3 when reviewing a subcontractor's proposal.

215.404-4 Profit.

(b) *Policy.*

(1) Contracting officers shall use a structured approach for developing a prenegotiation profit or fee objective on any negotiated contract action when certified cost or pricing data is obtained, except for cost-plus-award-fee contracts (see 215.404-74, 216.405-2, and FAR 16.405-2) or contracts with Federally Funded Research and Development Centers (FFRDCs) (see 215.404-75). There are three structured approaches—

(A) The weighted guidelines method;

(B) The modified weighted guidelines method; and

(C) An alternate structured approach.

(c) *Contracting officer responsibilities.*

(1) Also, do not perform a profit analysis when assessing cost realism in competitive acquisitions.

(2) When using a structured approach, the contracting officer—

(A) Shall use the weighted guidelines method (see 215.404-71), except as provided in paragraphs (c)(2)(B) and (c)(2)(C) of this subsection.

(B) Shall use the modified weighted guidelines method (see 215.404-72) on contract actions with nonprofit organizations other than FFRDCs.

(C) May use an alternate structured approach (see 215.404-73) when—

(1) The contract action is—

(i) At or below the certified cost or pricing data threshold (see FAR 15.403-4(a)(1));

(ii) For architect-engineer or construction work;

(iii) Primarily for delivery of material from subcontractors; or

(iv) A termination settlement; or

(2) The weighted guidelines method does not produce a reasonable overall profit objective and the head of the contracting activity approves use of the alternate approach in writing.

(D) Shall use the weighted guidelines method to establish a basic profit rate under a formula-type pricing agreement, and may then use the basic rate on all actions under the agreement, provided that conditions affecting profit do not change.

(E) Shall document the profit analysis in the contract file.

(5) Although specific agreement on the applied weights or values for individual profit factors shall not be attempted, the contracting officer may encourage the contractor to—

(A) Present the details of its proposed profit amounts in the weighted guidelines format or similar structured approach; and

(B) Use the weighted guidelines method in developing profit objectives for negotiated subcontracts.

(6) The contracting officer must also verify that relevant variables have not materially changed (e.g., performance risk, interest rates, progress payment rates, distribution of facilities capital).

(d) *Profit-analysis factors.*

(1) *Common factors.* The common factors are embodied in the DoD structured approaches and need not be further considered by the contracting officer.

215.404-70 DD Form 1547, Record of Weighted Guidelines Method Application.

Follow the procedures at PGI 215.404-70 for use of DD Form 1547 whenever a structured approach to profit analysis is required.

215.404-71 Weighted guidelines method.

215.404-71-1 General.

(a) The weighted guidelines method focuses on four profit factors—

(1) Performance risk;

(2) Contract type risk;

(3) Facilities capital employed; and

(4) Cost efficiency.

(b) The contracting officer assigns values to each profit factor; the value multiplied by the base results in the profit objective for that factor. Except for the cost efficiency special factor, each profit factor has a normal value and a designated range of values. The normal value is representative of average conditions on the prospective contract when compared to all goods and services acquired by DoD. The designated range provides values based on above normal or below normal conditions. In the price negotiation documentation, the contracting officer need not explain assignment of the normal value, but should address conditions that justify assignment of other than the normal value. The cost efficiency special factor has no normal value. The contracting officer shall exercise sound business judgment in selecting a value when this special factor is used (see 215.404-71-5).

215.404-71-2 Performance risk.

(a) *Description.* This profit factor addresses the contractor's degree of risk in fulfilling the contract requirements. The factor consists of two parts:

(1) Technical--the technical uncertainties of performance.

(2) Management/cost control--the degree of management effort necessary—

(i) To ensure that contract requirements are met; and

(ii) To reduce and control costs.

(b) *Determination.* The following extract from the DD Form 1547 is annotated to describe the process.

Item	Contractor Risk Factors	Assigned Weighting	Assigned Value	Base (Item 20)	Profit Objective
21.	Technical	(1)	(2)	N/A	N/A
22.	Management/ Cost Control	(1)	(2)	N/A	N/A
23.	Performance Risk (Composite)	N/A	(3)	(4)	(5)

(1) Assign a weight (percentage) to each element according to its input to the total performance risk. The total of the two weights equals 100 percent.

(2) Select a value for each element from the list in paragraph (c) of this subsection using the evaluation criteria in paragraphs (d) and (e) of this subsection.

(3) Compute the composite as shown in the following example:

	Assigned Weighting	Assigned Value	Weighted Value
Technical	60%	5.0%	3.0%
Management/ Cost Control	40%	4.0%	1.6%
Composite Value	100%		4.6%

(4) Insert the amount from Block 20 of the DD Form 1547. Block 20 is total contract costs, excluding facilities capital cost of money.

(5) Multiply (3) by (4).

(c) *Values: Normal and designated ranges.*

	Normal Value	Designated Range
Standard	5%	3% to 7%
Technology Incentive	9%	7% to 11%

(1) *Standard.* The standard designated range should apply to most contracts.

(2) *Technology incentive.* For the technical factor only, contracting officers may use the technology incentive range for acquisitions that include development, production, or application of innovative new technologies. The technology incentive range does not apply to efforts restricted to studies, analyses, or demonstrations that have a technical report as their primary deliverable.

(d) *Evaluation criteria for technical.*

(1) Review the contract requirements and focus on the critical performance elements in the statement of work or specifications. Factors to consider include—

(i) Technology being applied or developed by the contractor;

(ii) Technical complexity;

(iii) Program maturity;

(iv) Performance specifications and tolerances;

(v) Delivery schedule; and

(vi) Extent of a warranty or guarantee.

(2) *Above normal conditions.*

(i) The contracting officer may assign a higher than normal value in those cases where there is a substantial technical risk. Indicators are—

(A) Items are being manufactured using specifications with stringent tolerance limits;

(B) The efforts require highly skilled personnel or require the use of state-of-the-art machinery;

(C) The services and analytical efforts are extremely important to the Government and must be performed to exacting standards;

(D) The contractor's independent development and investment has reduced the Government's risk or cost;

(E) The contractor has accepted an accelerated delivery schedule to meet DoD requirements; or

(F) The contractor has assumed additional risk through warranty provisions.

(ii) Extremely complex, vital efforts to overcome difficult technical obstacles that require personnel with exceptional abilities, experience, and professional credentials may justify a value significantly above normal.

(iii) The following may justify a maximum value—

(A) Development or initial production of a new item, particularly if performance or quality specifications are tight; or

(B) A high degree of development or production concurrency.

(3) *Below normal conditions.*

(i) The contracting officer may assign a lower than normal value in those cases where the technical risk is low. Indicators are—

(A) Requirements are relatively simple;

(B) Technology is not complex;

(C) Efforts do not require highly skilled personnel;

(D) Efforts are routine;

(E) Programs are mature; or

(F) Acquisition is a follow-on effort or a repetitive type acquisition.

(ii) The contracting officer may assign a value significantly below normal for—

(A) Routine services;

(B) Production of simple items;

(C) Rote entry or routine integration of Government-furnished information; or

(D) Simple operations with Government-furnished property.

(4) *Technology incentive range.*

(i) The contracting officer may assign values within the technology incentive range when contract performance includes the introduction of new, significant technological innovation. Use the technology incentive range only for the most innovative contract efforts. Innovation may be in the form of—

(A) Development or application of new technology that fundamentally changes the characteristics of an existing product or system and that results in increased technical performance, improved reliability, or reduced costs; or

(B) New products or systems that contain significant technological advances over the products or systems they are replacing.

(ii) When selecting a value within the technology incentive range, the contracting officer should consider the relative value of the proposed innovation to the acquisition as a whole. When the innovation represents a minor benefit, the contracting officer should consider using values less than the norm. For innovative efforts that will

have a major positive impact on the product or program, the contracting officer may use values above the norm.

(e) *Evaluation criteria for management/cost control.*

(1) The contracting officer should evaluate—

(i) The contractor's management and internal control systems using contracting office data, information and reviews made by field contract administration offices or other DoD field offices;

(ii) The management involvement expected on the prospective contract action;

(iii) The degree of cost mix as an indication of the types of resources applied and value added by the contractor;

(iv) The contractor's support of Federal socioeconomic programs;

(v) The expected reliability of the contractor's cost estimates (including the contractor's cost estimating system);

(vi) The adequacy of the contractor's management approach to controlling cost and schedule; and

(vii) Any other factors that affect the contractor's ability to meet the cost targets (e.g., foreign currency exchange rates and inflation rates).

(2) *Above normal conditions.*

(i) The contracting officer may assign a higher than normal value when there is a high degree of management effort. Indicators of this are—

(A) The contractor's value added is both considerable and reasonably difficult;

(B) The effort involves a high degree of integration or coordination;

(C) The contractor has a good record of past performance;

(D) The contractor has a substantial record of active participation in Federal socioeconomic programs;

(E) The contractor provides fully documented and reliable cost estimates;

(F) The contractor makes appropriate make-or-buy decisions; or

(G) The contractor has a proven record of cost tracking and control.

(ii) The contracting officer may justify a maximum value when the effort—

(A) Requires large scale integration of the most complex nature;

(B) Involves major international activities with significant management coordination (e.g., offsets with foreign vendors); or

(C) Has critically important milestones.

(iii) If the contractor demonstrates efficient management and cost control through the submittal of a timely, qualifying proposal (as defined in 217.7401) in furtherance of definitization of an undefinitized contract action, and the proposal demonstrates effective cost control from the time of award to the present, the contracting officer may add 1 percentage point to the value determined for management/cost control up to the maximum of 7 percent.

(3) *Below normal conditions.*

(i) The contracting officer may assign a lower than normal value when the management effort is minimal. Indicators of this are—

(A) The program is mature and many end item deliveries have been made;

(B) The contractor adds minimal value to an item;

(C) The efforts are routine and require minimal supervision;

(D) The contractor provides poor quality, untimely proposals;

(E) The contractor fails to provide an adequate analysis of subcontractor costs;

(F) The contractor does not cooperate in the evaluation and negotiation of the proposal;

(G) The contractor's cost estimating system is marginal;

(H) The contractor has made minimal effort to initiate cost reduction programs;

(I) The contractor's cost proposal is inadequate;

(J) The contractor has a record of cost overruns or another indication of unreliable cost estimates and lack of cost control; or

(K) The contractor has a poor record of past performance.

(ii) The following may justify a value significantly below normal—

(A) Reviews performed by the field contract administration offices disclose unsatisfactory management and internal control systems (e.g., quality assurance, property control, safety, security); or

(B) The effort requires an unusually low degree of management involvement.

215.404-71-3 Contract type risk and working capital adjustment.

(a) *Description.* The contract type risk factor focuses on the degree of cost risk accepted by the contractor under varying contract types. The working capital adjustment is an adjustment added to the profit objective for contract type risk. It only applies to fixed-price contracts that provide for progress payments. Though it uses a formula approach, it is not intended to be an exact calculation of the cost of working capital. Its purpose is to give general recognition to the contractor's cost of working capital under varying contract circumstances, financing policies, and the economic environment.

(b) *Determination.* The following extract from the DD 1547 is annotated to explain the process.

Item	Contractor Risk Factors	Assigned Value	Base	Profit Objective
24a	Contract Type Risk (based on incurred costs at the time of qualifying proposal submission)	(1)	(2)(i)	(3)
24b	Contract Type Risk (based on Government estimated cost to complete)	(1)	(2)(ii)	(3)
24c	Totals		(3)	(3)

Item	Contractor Risk Factors	Costs Financed	Length Factor	Interest Rate	Profit Objective
25	Working Capital (4)	(5)	(6)	(7)	(8)

(1) Select a value from the list of contract types in paragraph (c) of this section using the evaluation criteria in paragraph (d) of this section. See paragraph (d)(2) of this section.

(2)(i) Insert the amount of costs incurred as of the date the contractor submits a qualifying proposal, such as under an undefinitized contract action (excluding facilities capital cost of money) into the Block 24a column titled Base.

(ii) Insert the amount of Government estimated cost to complete (excluding facilities capital cost of money) into the Block 24b column titled Base.

(3) Multiply (1) by (2)(i) and (2)(ii), respectively for blocks 24a and 24b. Add Blocks 24a and 24b and insert the totals in Block 24c.

(4) Only complete this block when the prospective contract is a fixed-price contract containing provisions for progress payments.

(5) Insert the amount computed per paragraph (e) of this subsection.

(6) Insert the appropriate figure from paragraph (f) of this subsection.

(7) Use the interest rate established by the Secretary of the Treasury (see http://www.treasurydirect.gov/govt/rates/tcir/tcir_opdirsemi.htm). Do not use any other interest rate.

(8) Multiply (5) by (6) by (7). This is the working capital adjustment. It shall not exceed 4 percent of the contract costs in Block 20.

(c) *Values: Normal and designated ranges.*

Contract Type	Notes	Normal Value (percent)	Designated Range (percent)
Firm-fixed-price, no financing	(1)	5	4 to 6
Firm-fixed-price, with performance-based payments	(6)	4	2.5 to 5.5
Firm-fixed-price, with progress payments	(2)	3	2 to 4
Fixed-price incentive, no financing	(1)	3	2 to 4
Fixed-price incentive, with performance-based payments	(6)	2	0.5 to 3.5
Fixed-price with redetermination provision	(3)		
Fixed-price incentive, with progress payments	(2)	1	0 to 2
Cost-plus-incentive-fee	(4)	1	0 to 2
Cost-plus-fixed-fee	(4)	0.5	0 to 1
Time-and-materials (including overhaul contracts priced on time-and-materials basis)	(5)	0.5	0 to 1
Labor-hour	(5)	0.5	0 to 1
Firm-fixed-price, level-of-effort	(5)	0.5	0 to 1

(1) "No financing" means either that the contract does not provide progress payments or performance-based payments, or that the contract provides them only on a limited basis, such as financing of first articles. Do not compute a working capital adjustment.

(2) When the contract contains provisions for progress payments, compute a working capital adjustment (Block 25).

(3) For the purposes of assigning profit values, treat a fixed-price contract with redetermination provisions as if it were a fixed-price incentive contract with below normal conditions.

(4) Cost-plus contracts shall not receive the working capital adjustment.

(5) These types of contracts are considered cost-plus-fixed-fee contracts for the purposes of assigning profit values. They shall not receive the working capital adjustment in Block 25. However, they may receive higher than normal values within the designated range to the extent that portions of cost are fixed.

(6) When the contract contains provisions for performance-based payments, do not compute a working capital adjustment.

(d) *Evaluation criteria.*

(1*) General.* The contracting officer should consider elements that affect contract type risk such as—

(i) Length of contract;

(ii) Adequacy of cost data for projections;

(iii) Economic environment;

(iv) Nature and extent of subcontracted activity;

(v) Protection provided to the contractor under contract provisions (e.g., economic price adjustment clauses);

(vi) The ceilings and share lines contained in incentive provisions;

(vii) Risks associated with contracts for foreign military sales (FMS) that are not funded by U.S. appropriations; and

(viii) When the contract contains provisions for performance-based payments—

(A) The frequency of payments;

(B) The total amount of payments compared to the maximum allowable amount specified at FAR 32.1004(b)(2); and

(C) The risk of the payment schedule to the contractor.

(2) *Mandatory.*

(i) The contracting officer shall assess the extent to which costs have been incurred prior to definitization of the contract action (also see 217.7404-6(a) and 243.204-70-6). When considering the reduced cost risks associated with allowable incurred costs on an undefinitized contract action, it is appropriate to apply separate contract risk factors for allowable incurred costs and estimated costs to complete when

completing the contract risk sections of DD Form 1547, Record of Weighted Guidelines. When costs have been incurred prior to definitization, generally regard the contract type risk to be in the low end of the designated range. If a substantial portion of the costs has been incurred prior to definitization, the contracting officer may assign a value as low as zero percent, regardless of contract type. However, if a contractor submits a qualifying proposal to definitize an undefinitized contract action and the contracting officer for such action definitizes the contract after the end of the 180-day period beginning on the date on which the contractor submitted the qualifying proposal as defined in 217.7401, the profit allowed on the contract shall accurately reflect the cost risk of the contractor as such risk existed on the date the contractor submitted the qualifying proposal.

(ii) Contracting officers shall document in the price negotiation memorandum the reason for assigning a specific contract type risk value, to include the extent to which any reduced cost risk during the undefinitized period of performance was considered, in determining the negotiation objective.

(3) *Above normal conditions.* The contracting officer may assign a higher than normal value when there is substantial contract type risk. Indicators of this are—

(i) Efforts where there is minimal cost history;

(ii) Long-term contracts without provisions protecting the contractor, particularly when there is considerable economic uncertainty;

(iii) Incentive provisions (e.g., cost and performance incentives) that place a high degree of risk on the contractor;

(iv) FMS sales (other than those under DoD cooperative logistics support arrangements or those made from U.S. Government inventories or stocks) where the contractor can demonstrate that there are substantial risks above those normally present in DoD contracts for similar items; or

(v) An aggressive performance-based payment schedule that increases risk.

(4) *Below normal conditions.* The contracting officer may assign a lower than normal value when the contract type risk is low. Indicators of this are—

(i) Very mature product line with extensive cost history;

(ii) Relatively short-term contracts;

(iii) Contractual provisions that substantially reduce the contractor's risk;

(iv) Incentive provisions that place a low degree of risk on the contractor;

(v) Performance-based payments totaling the maximum allowable amount(s) specified at FAR 32.1004(b)(2); or

(vi) A performance-based payment schedule that is routine with minimal risk.

(e) *Costs financed.*

(1) Costs financed equal total costs multiplied by the portion (percent) of costs financed by the contractor.

(2) Total costs equal Block 20 (i.e., all allowable costs excluding facilities capital cost of money), reduced as appropriate when—

(i) The contractor has little cash investment (e.g., subcontractor progress payments liquidated late in period of performance);

(ii) Some costs are covered by special financing provisions, such as advance payments; or

(iii) The contract is multiyear and there are special funding arrangements.

(3) The portion that the contractor finances is generally the portion not covered by progress payments, i.e., 100 percent minus the customary progress payment rate (see FAR 32.501). For example, if a contractor receives progress payments at 80 percent, the portion that the contractor finances is 20 percent. On contracts that provide progress payments to small businesses, use the customary progress payment rate for large businesses.

(f) *Contract length factor.*

(1) This is the period of time that the contractor has a working capital investment in the contract. It—

(i) Is based on the time necessary for the contractor to complete the substantive portion of the work;

(ii) Is not necessarily the period of time between contract award and final delivery (or final payment), as periods of minimal effort should be excluded;

(iii) Should not include periods of performance contained in option provisions; and

(iv) Should not, for multiyear contracts, include periods of performance beyond that required to complete the initial program year's requirements.

(2) The contracting officer—

(i) Should use the following table to select the contract length factor;

(ii) Should develop a weighted average contract length when the contract has multiple deliveries; and

(iii) May use sampling techniques provided they produce a representative result.

TABLE	
Period to Perform Substantive Portion (in months)	Contract Length Factor
21 or less	.40
22 to 27	.65
28 to 33	.90
34 to 39	1.15
40 to 45	1.40
46 to 51	1.65
52 to 57	1.90
58 to 63	2.15
64 to 69	2.40
70 to 75	2.65
76 or more	2.90

(3) Example: A prospective contract has a performance period of 40 months with end items being delivered in the 34th, 36th, 38th, and 40th months of the contract. The average period is 37 months and the contract length factor is 1.15.

215.404-71-4 Facilities capital employed.

(a) *Description.* This factor focuses on encouraging and rewarding capital investment in facilities that benefit DoD. It recognizes both the facilities capital that the contractor will employ in contract performance and the contractor's commitment to improving productivity.

(b) *Contract facilities capital estimates.* The contracting officer shall estimate the facilities capital cost of money and capital employed using—

(1) An analysis of the appropriate Forms CASB-CMF and cost of money factors (48 CFR 9904.414 and FAR 31.205-10); and

(2) DD Form 1861, Contract Facilities Capital Cost of Money.

(c) *Use of DD Form 1861.* See PGI 215.404-71-4(c) for obtaining field pricing support for preparing DD Form 1861.

(1) *Purpose.* The DD Form 1861 provides a means of linking the Form CASB-CMF and DD Form 1547, Record of Weighted Guidelines Application. It—

(i) Enables the contracting officer to differentiate profit objectives for various types of assets (land, buildings, equipment). The procedure is similar to applying overhead rates to appropriate overhead allocation bases to determine contract overhead costs.

(ii) Is designed to record and compute the contract facilities capital cost of money and capital employed which is carried forward to DD Form 1547.

(2) *Completion instructions.* Complete a DD Form 1861 only after evaluating the contractor's cost proposal, establishing cost of money factors, and establishing a prenegotiation objective on cost. Complete the form as follows:

(i) List overhead pools and direct-charging service centers (if used) in the same structure as they appear on the contractor's cost proposal and Form CASB-CMF. The structure and allocation base units-of-measure must be compatible on all three displays.

(ii) Extract appropriate contract overhead allocation base data, by year, from the evaluated cost breakdown or prenegotiation cost objective and list against each overhead pool and direct-charging service center.

(iii) Multiply each allocation base by its corresponding cost of money factor to get the facilities capital cost of money estimated to be incurred each year. The sum of these products represents the estimated contract facilities capital cost of money for the year's effort.

(iv) Total contract facilities cost of money is the sum of the yearly amounts.

(v) Since the facilities capital cost of money factors reflect the applicable cost of money rate in Column 1 of Form CASB-CMF, divide the contract cost of money by that same rate to determine the contract facilities capital employed.

(d) *Preaward facilities capital applications*. To establish cost and price objectives, apply the facilities capital cost of money and capital employed as follows:

(1) *Cost of Money*.

(i) *Cost Objective*. Use the imputed facilities capital cost of money, with normal, booked costs, to establish a cost objective or the target cost when structuring an incentive type contract. Do not adjust target costs established at the outset even though actual cost of money rates become available during the period of contract performance.

(ii) *Profit Objective*. When measuring the contractor's effort for the purpose of establishing a prenegotiation profit objective, restrict the cost base to normal, booked costs. Do not include cost of money as part of the cost base.

(2) *Facilities Capital Employed*. Assess and weight the profit objective for risk associated with facilities capital employed in accordance with the profit guidelines at 215.404-71-4.

(e) *Determination*. The following extract from the DD Form 1547 has been annotated to explain the process.

Item	Contractor Facilities Capital Employed	Assigned Value	Amount Employed	Profit Objective
26.	Land	N/A	(2)	N/A
27.	Buildings	N/A	(2)	N/A
28.	Equipment	(1)	(2)	(3)

(1) Select a value from the list in paragraph (f) of this subsection using the evaluation criteria in paragraph (g) of this subsection.

(2) Use the allocated facilities capital attributable to land, buildings, and equipment, as derived in DD Form 1861, Contract Facilities Capital Cost of Money.

(i) In addition to the net book value of facilities capital employed, consider facilities capital that is part of a formal investment plan if the contractor submits reasonable evidence that—

(A) Achievable benefits to DoD will result from the investment; and

(B) The benefits of the investment are included in the forward pricing structure.

(ii) If the value of intracompany transfers has been included in Block 20 at cost (i.e., excluding general and administrative (G&A) expenses and profit), add to the contractor's allocated facilities capital, the allocated facilities capital attributable to the buildings and equipment of those corporate divisions supplying the intracompany transfers. Do not make this addition if the value of intracompany transfers has been included in Block 20 at price (i.e., including G&A expenses and profit).

(3) Multiply (1) by (2).

(f) *Values: Normal and designated ranges.*

Asset Type	Normal Value	Designated Range
Land	0%	N/A
Buildings	0%	N/A
Equipment	17.5%	10% to 25%

(g) *Evaluation criteria.*

(1) In evaluating facilities capital employed, the contracting officer—

(i) Should relate the usefulness of the facilities capital to the goods or services being acquired under the prospective contract;

(ii) Should analyze the productivity improvements and other anticipated industrial base enhancing benefits resulting from the facilities capital investment, including—

(A) The economic value of the facilities capital, such as physical age, undepreciated value, idleness, and expected contribution to future defense needs; and

(B) The contractor's level of investment in defense related facilities as compared with the portion of the contractor's total business that is derived from DoD; and

(iii) Should consider any contractual provisions that reduce the contractor's risk of investment recovery, such as termination protection clauses and capital investment indemnification.

(2) *Above normal conditions.*

(i) The contracting officer may assign a higher than normal value if the facilities capital investment has direct, identifiable, and exceptional benefits. Indicators are—

(A) New investments in state-of-the-art technology that reduce acquisition cost or yield other tangible benefits such as improved product quality or accelerated deliveries; or

(B) Investments in new equipment for research and development applications.

(ii) The contracting officer may assign a value significantly above normal when there are direct and measurable benefits in efficiency and significantly reduced acquisition costs on the effort being priced. Maximum values apply only to those cases where the benefits of the facilities capital investment are substantially above normal.

(3) *Below normal conditions.*

(i) The contracting officer may assign a lower than normal value if the facilities capital investment has little benefit to DoD. Indicators are—

(A) Allocations of capital apply predominantly to commercial product lines;

(B) Investments are for such things as furniture and fixtures, home or group level administrative offices, corporate aircraft and hangars, gymnasiums; or

(C) Facilities are old or extensively idle.

(ii) The contracting officer may assign a value significantly below normal when a significant portion of defense manufacturing is done in an environment characterized by outdated, inefficient, and labor-intensive capital equipment.

215.404-71-5 Cost efficiency factor.

(a) This special factor provides an incentive for contractors to reduce costs. To the extent that the contractor can demonstrate cost reduction efforts that benefit the pending contract, the contracting officer may increase the prenegotiation profit objective by an amount not to exceed 4 percent of total objective cost (Block 20 of the DD Form 1547) to recognize these efforts (Block 29).

(b) To determine if using this factor is appropriate, the contracting officer shall consider criteria, such as the following, to evaluate the benefit the contractor's cost reduction efforts will have on the pending contract:

(1) The contractor's participation in Single Process Initiative improvements;

(2) Actual cost reductions achieved on prior contracts;

(3) Reduction or elimination of excess or idle facilities;

(4) The contractor's cost reduction initiatives (e.g., competition advocacy programs, technical insertion programs, obsolete parts control programs, spare parts pricing reform, value engineering, outsourcing of functions such as information technology). Metrics developed by the contractor such as fully loaded labor hours (i.e., cost per labor hour, including all direct and indirect costs) or other productivity measures may provide the basis for assessing the effectiveness of the contractor's cost reduction initiatives over time;

(5) The contractor's adoption of process improvements to reduce costs;

(6) Subcontractor cost reduction efforts;

(7) The contractor's effective incorporation of commercial products or commercial services and commercial processes; or

(8) The contractor's investment in new facilities when such investments contribute to better asset utilization or improved productivity.

(c) When selecting the percentage to use for this special factor, the contracting officer has maximum flexibility in determining the best way to evaluate the benefit the contractor's cost reduction efforts will have on the pending contract. However, the contracting officer shall consider the impact that quantity differences, learning, changes in scope, and economic factors such as inflation and deflation will have on cost reduction.

215.404-72 Modified weighted guidelines method for nonprofit organizations other than FFRDCs.

(a) *Definition.* As used in this subpart, a nonprofit organization is a business entity—

(1) That operates exclusively for charitable, scientific, or educational purposes;

(2) Whose earnings do not benefit any private shareholder or individual;

(3) Whose activities do not involve influencing legislation or political campaigning for any candidate for public office; and

(4) That is exempted from Federal income taxation under section 501 of the Internal Revenue Code.

(b) For nonprofit organizations that are entities that have been identified by the Secretary of Defense or a Secretary of a Department as receiving sustaining support on a cost-plus-fixed-fee basis from a particular DoD department or agency, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, with the following modifications:

(1) *Modifications to performance risk (Blocks 21-23 of the DD Form 1547).*

(i) If the contracting officer assigns a value from the standard designated range (see 215.404-71-2(c)), reduce the fee objective by an amount equal to 1 percent of

the costs in Block 20 of the DD Form 1547. Show the net (reduced) amount on the DD Form 1547.

(ii) Do not assign a value from the technology incentive designated range.

(2) *Modifications to contract type risk (Block 24 of the DD Form 1547).* Use a designated range of –1 percent to 0 percent instead of the values in 215.404-71-3. There is no normal value.

(c) For all other nonprofit organizations except FFRDCs, compute a fee objective for covered actions using the weighted guidelines method in 215.404-71, modified as described in paragraph (b)(1) of this subsection.

215.404-73 Alternate structured approaches.

(a) The contracting officer may use an alternate structured approach under 215.404-4(c).

(b) The contracting officer may design the structure of the alternate, but it shall include—

(1) Consideration of the three basic components of profit--performance risk, contract type risk (including working capital), and facilities capital employed. However, the contracting officer is not required to complete Blocks 21 through 30 of the DD Form 1547.

(2) Offset for facilities capital cost of money.

(i) The contracting officer shall reduce the overall prenegotiation profit objective by the amount of facilities capital cost of money under Cost Accounting Standard (CAS) 414, Cost of Money as an Element of the Cost of Facilities Capital (48 CFR 9904.414). Cost of money under CAS 417, Cost of Money as an Element of the Cost of Capital Assets Under Construction (48 CFR 9904.417), should not be used to reduce the overall prenegotiation profit objective. The profit amount in the negotiation summary of the DD Form 1547 must be net of the offset.

(ii) This adjustment is needed for the following reason: The values of the profit factors used in the weighted guidelines method were adjusted to recognize the shift in facilities capital cost of money from an element of profit to an element of contract cost (see FAR 31.205-10) and reductions were made directly to the profit factors for performance risk. In order to ensure that this policy is applied to all DoD contracts that allow facilities capital cost of money, similar adjustments shall be made to contracts that use alternate structured approaches.

215.404-74 Fee requirements for cost-plus-award-fee contracts.
In developing a fee objective for cost-plus-award-fee contracts, the contracting officer shall—

(a) Follow the guidance in FAR 16.405-2 and 216.405-2;

(b) Not use the weighted guidelines method or alternate structured approach;

(c) Apply the offset policy in 215.404-73(b)(2) for facilities capital cost of money, i.e., reduce the base fee by the amount of facilities capital cost of money; and

(d) Not complete a DD Form 1547.

215.404-75 Fee requirements for FFRDCs.
For nonprofit organizations that are FFRDCs, the contracting officer—

(a) Should consider whether any fee is appropriate. Considerations shall include the FFRDC's—

(1) Proportion of retained earnings (as established under generally accepted accounting methods) that relates to DoD contracted effort;

(2) Facilities capital acquisition plans;

(3) Working capital funding as assessed on operating cycle cash needs; and

(4) Provision for funding unreimbursed costs deemed ordinary and necessary to the FFRDC.

(b) Shall, when a fee is considered appropriate, establish the fee objective in accordance with FFRDC fee policies in the DoD Instruction 5000.77, DoD Federally Funded Research and Development Center Program.

(c) Shall not use the weighted guidelines method or an alternate structured approach.

215.406 Documentation.

215.406-1 Prenegotiation objectives.
Follow the procedures at PGI 215.406-1 for establishing prenegotiation objectives.

215.406-2 Certificate of current cost or pricing data.
See PGI 215.406-2 for additional information and guidance on Certificates of Current Cost or Pricing Data.

215.406-3 Documenting the negotiation.
Follow the procedures at PGI 215.406-3 for documenting the negotiation.

215.407 Special cost or pricing areas.

215.407-1 Defective certified cost or pricing data.

(c)(i) When a contractor voluntarily discloses defective pricing after contract award, the contracting officer shall discuss the disclosure with the Defense Contract Audit Agency (DCAA). This discussion will assist in the contracting officer determining the involvement of DCAA, which could be a limited-scope audit (e.g., limited to the affected cost elements of the defective pricing disclosure), a full-scope audit, or technical assistance as appropriate for the circumstances (e.g., nature or dollar amount of the

defective pricing disclosure). At a minimum, the contracting officer shall discuss with DCAA the following:

(A) Completeness of the contractor's voluntary disclosure on the affected contract.

(B) Accuracy of the contractor's cost impact calculation for the affected contract.

(C) Potential impact on existing contracts, task or deliver orders, or other proposals the contractor has submitted to the Government.

(ii) Voluntary disclosure of defective pricing is not a voluntary refund as defined in 242.7100 and does not waive the Government entitlement to the recovery of any overpayment plus interest on the overpayments in accordance with FAR 15.407-1(b)(7).

(iii) Voluntary disclosure of defective pricing does not waive the Government's rights to pursue defective pricing claims on the affected contract or any other Government contract.

215.407-2 Make-or-buy programs.

(a) *General.* See PGI for guidance on factors to consider when deciding whether to request a make-or-buy plan and for factors to consider when evaluating make-or-buy plan submissions.

(e) *Program requirements.*

(1) *Items and work included.* The minimum dollar amount is $1.5 million.

215.407-3 Forward pricing rate agreements.

(b)(i) Use forward pricing rate agreement (FPRA) rates when such rates are available, unless waived on a case-by-case basis by the head of the contracting activity.

(ii) Advise the ACO of each case waived.

(iii) Contact the ACO for questions on FPRAs or recommended rates.

215.407-4 Should-cost review.

(a) *General.* See PGI 215.407-4 for guidance on determining whether to perform a program or overhead should-cost review.

(b) *Program should-cost review.* Major weapon system should-cost program reviews shall be conducted in a manner that is transparent, objective, and provides for the efficiency of the DoD systems acquisition process (section 837 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91)).

(i) Major weapon system should-cost reviews may include the following features:

(A) A thorough review of each contributing element of the program cost and the justification for each cost.

(B) An analysis of non-value added overhead and unnecessary reporting requirements.

(C) Benchmarking against similar DoD programs, similar commercial programs (where appropriate), and other programs by the same contractor at the same facility.

(D) An analysis of supply chain management to encourage competition and incentive cost performance at lower tiers.

(E) A review of how to restructure the program (Government and contractor) team in a streamlined manner, if necessary.

(F) Identification of opportunities to break out Government-furnished equipment versus prime contractor-furnished materials.

(G) Identification of items or services contracted through third parties that result in unnecessary pass-through costs.

(H) Evaluation of ability to use integrated developmental and operational testing and modeling and simulation to reduce overall costs.

(I) Identification of alternative technology and materials to reduce developmental or lifecycle costs for a program.

(J) Identification and prioritization of cost savings opportunities.

(K) Establishment of measurable targets and ongoing tracking systems.

(ii) The should-cost review shall provide for sufficient analysis while minimizing the impact on program schedule by engaging stakeholders early, relying on information already available before requesting additional data, and establishing a team with the relevant expertise early.

(iii) The should-cost review team shall be comprised of members, including third-party experts if necessary, with the training, skills, and experience in analysis of cost elements, production or sustainment processes, and technologies relevant to the program under review. The review team may include members from the Defense Contract Management Agency, the department or agency's cost analysis center, and appropriate functional organizations, as necessary.

(iv) The should-cost review team shall establish a process for communicating and collaborating with the contractor throughout the should-cost review, including notification to the contractor regarding which elements of the contractor's operations will be reviewed and what information will be necessary to perform the review, as soon as practicable, both prior to and during the review.

(v) The should-cost review team report shall ensure, to the maximum extent practicable, review of current, accurate, and complete data, and shall identify cost

savings opportunities associated with specific engineering or business changes that can be quantified and tracked.

215.407-5 Estimating systems.

215.407-5-70 Disclosure, maintenance, and review requirements.

(a) *Definitions.* As used in this section—

"Acceptable estimating system" means an estimating system that complies with the system criteria in paragraph (d) of 252.215-7002, Cost Estimating System Requirements, and provides for a system that—

(i) Is maintained, reliable, and consistently applied;

(ii) Produces verifiable, supportable, documented, and timely cost estimates that are an acceptable basis for negotiation of fair and reasonable prices;

(iii) Is consistent with and integrated with the contractor's related management systems; and

(iv) Is subject to applicable financial control systems.

"Contractor" means a business unit as defined in FAR 2.101.

"Estimating system" means the contractor's policies, procedures, and practices for budgeting and planning controls and for generating estimates of costs and other data included in proposals submitted to customers in the expectation of receiving contract awards. Estimating system includes the contractor's—

(i) Organizational structure;

(ii) Established lines of authority, duties, and responsibilities;

(iii) Internal controls and managerial reviews;

(iv) Flow of work, coordination, and communication; and

(v) Budgeting, planning, estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.

(b) *Applicability.*

(1) DoD policy is that all contractors have acceptable estimating systems that consistently produce well-supported proposals that are acceptable as a basis for negotiation of fair and reasonable prices.

(2) A large business contractor is subject to estimating system disclosure, maintenance, and review requirements if—

(i) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling $50 million or more for which certified cost or pricing were required; or

(ii) In its preceding fiscal year, the contractor received DoD prime contracts or subcontracts totaling $10 million or more (but less than $50 million) for which certified cost or pricing data were required and the contracting officer, with concurrence or at the request of the ACO, determines it to be in the best interest of the Government (e.g., significant estimating problems are believed to exist or the contractor's sales are predominantly Government).

(c) *Policy*.

(1) The contracting officer shall—

(i) Through use of the clause at 252.215-7002, Cost Estimating System Requirements, apply the disclosure, maintenance, and review requirements to large business contractors meeting the criteria in paragraph (b)(2)(i) of this section;

(ii) Consider whether to apply the disclosure, maintenance, and review requirements to large business contractors under paragraph (b)(2)(ii) of this section; and

(iii) Not apply the disclosure, maintenance, and review requirements to other than large business contractors.

(2) The cognizant contracting officer, in consultation with the auditor, for contractors subject to paragraph (b)(2) of this section, shall—

(i) Determine the acceptability of the disclosure and approve or disapprove the system; and

(ii) Pursue correction of any weaknesses or deficiencies.

(3) The auditor conducts estimating system reviews.

(4) An acceptable system shall provide for the use of appropriate source data, utilize sound estimating techniques and good judgment, maintain a consistent approach, and adhere to established policies and procedures.

(5) In evaluating the acceptability of a contractor's estimating system, the contracting officer, in consultation with the auditor, shall determine whether the contractor's estimating system complies with the system criteria for an acceptable estimating system as prescribed in the clause at 252.215-7002, Cost Estimating System Requirements.

(d) *Disposition of findings*—

(1) *Reporting of findings*. The auditor shall document findings and recommendations in a report to the contracting officer. If the auditor identifies any material weaknesses, the report shall describe the underlying deficiencies in sufficient detail to allow the contracting officer to understand the weaknesses or deficiencies.

(2) *Initial determination.*

(i) The contracting officer shall review all findings and recommendations and, if there are no material weaknesses, shall promptly notify the contractor, in writing, that the contractor's estimating system is acceptable and approved; or

(ii) If the contracting officer finds that there are one or more material weaknesses due to the contractor's failure to meet one or more of the estimating system criteria in the clause at 252.215-7002, the contracting officer shall—

(A) Promptly make an initial written determination on any material weaknesses and notify the contractor, in writing, providing a description of each material weakness in sufficient detail to allow the contractor to understand the deficiency (see PGI 215.407-5-70(d)(2));

(B) Request the contractor to respond, in writing, to the initial determination within 30 days; and

(C) Promptly evaluate the contractor's responses to the initial determination, in consultation with the auditor or functional specialist, and make a final determination.

(3) *Final determination.*

(i) The contracting officer shall make a final determination and notify the contractor, in writing, that—

(A) The contractor's estimating system is acceptable and approved, and no material weaknesses remain; or

(B) Material weaknesses remain. The notice shall identify any remaining material weaknesses and indicate the adequacy of any proposed or completed corrective action. The contracting officer shall—

(*1*) Request that the contractor, within 45 days of receipt of the final determination, either correct the deficiencies or submit an acceptable corrective action plan showing milestones and actions to eliminate the weaknesses;

(*2*) Disapprove the system in accordance with the clause at 252.215-7002; and

(*3*) Withhold payments in accordance with the clause at 252.242-7005, Contractor Business Systems, if the clause is included in the contract.

(ii) Follow the procedures relating to monitoring a contractor's corrective action and the correction of material weaknesses in PGI 215.407-5-70(d)(3).

(e) *System approval.* The contracting officer shall promptly approve a previously disapproved estimating system and notify the contractor when the contracting officer determines that there are no remaining material weaknesses.

(f) *Contracting officer notifications.* The cognizant contracting officer shall promptly distribute copies of a determination to approve a system, disapprove a system and withhold payments, or approve a previously disapproved system and release withheld payments, to the auditor; payment office; affected contracting officers at the buying activities; and cognizant contracting officers in contract administration activities.

215.408 Solicitation provisions and contract clauses.

(1) Use the clause at 252.215-7002, Cost Estimating System Requirements, in all solicitations and contracts to be awarded on the basis of certified cost or pricing data.

(2) When contracting with the Canadian Commercial Corporation—

(i)(A) Use the provision at 252.215-7003, Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation—

(*1*) In lieu of 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, for a sole source acquisition from the Canadian Commercial Corporation that is—

(*i*) Cost-reimbursement, if the contract value is expected to exceed $700,000; or

(*ii*) Fixed-price, if the contract value is expected to exceed $500 million; or

(*2*) In lieu of 252.215-7010, in a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, for a sole source acquisition from the Canadian Commercial Corporation that does not meet the thresholds specified in paragraph (2)(i)(A)(*1*), if approval is obtained as required at 225.870-4(c)(2)(ii); and

(B) Do not use 252.225-7003 in lieu of 252.215-7010 in competitive acquisitions; and

(ii)(A) Use the clause at 252.215-7004, Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation—

(*1*) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, for a sole source acquisition, from the Canadian Commercial Corporation and resultant contract that is—

(*i*) Cost-reimbursement, if the contract value is expected to exceed $700,000; or

(*ii*) Fixed-price, if the contract value is expected to exceed $500 million;

(*2*) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, for a sole source acquisition from the Canadian Commercial Corporation and resultant contract that does not meet the thresholds specified in paragraph (2)(ii)(A)(*1*), if approval is obtained as required at 225.870-4(c)(2)(ii); or

(3)(i) In a solicitation, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, for a competitive acquisition that includes FAR 52.215-21, Requirement for Data Other Than Certified Cost or Pricing Data—Modifications, or that meets the thresholds specified in paragraph (2)(ii)(A)(*1*) of this section.

(ii) The contracting officer shall then select the appropriate clause to include in the contract (52.215-21 only if award is not to the Canadian Commercial Corporation; or 252.215-7004 if award is to the Canadian Commercial Corporation and necessary approval is obtained in accordance with 225.870-4(c)(2)(ii)); and

(B) The contracting officer may specify a higher threshold in paragraph (b) of the clause 252.215-7004.

(3) Use the provision at 252.215-7008, Only One Offer, in competitive solicitations that exceed the simplified acquisition threshold, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services.

(4) When the solicitation requires the submission of certified cost or pricing data, the contracting officer should include 252.215-7009, Proposal Adequacy Checklist, in the solicitation to facilitate submission of a thorough, accurate, and complete proposal.

(5) When reasonably certain that the submission of certified cost or pricing data or data other than certified cost or pricing data will be required or when using the provision at 252.215-7008—

(i) Use the basic or alternate of the provision at 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in lieu of the provision at FAR 52.215-20, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services.

(A) Use the basic provision when submission of certified cost or pricing data is required to be in the FAR Table 15-2 format, or if it is anticipated, at the time of solicitation, that the submission of certified cost or pricing data may not be required.

(B) Use the alternate I provision to specify a format for certified cost or pricing data other than the format required by FAR Table 15-2;

(ii) Use the provision at 252.215-7011, Requirements for Submission of Proposals to the Administrative Contracting Officer and Contract Auditor, when using the basic or alternate of the provision at 252.215-7010 and copies of the proposal are to be sent to the ACO and contract auditor; and

(iii) Use the provision at 252.215-7012, Requirements for Submission of Proposals via Electronic Media, when using the basic or alternate of the provision at 252.215-7010 and submission via electronic media is required.

(6) Use the provision at 252.215-7013, Supplies and Services Provided by Nontraditional Defense Contractors, in all solicitations.

(7) Use the clause at 252.215-7014, Exception from Certified Cost or Pricing Data Requirements for Foreign Military Sales Indirect Offsets, in solicitations and contracts that contain the provision at 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, when it is reasonably certain that—

(i) The contract is expected to include costs associated with an indirect offset; and

(ii) The submission of certified cost or pricing data or data other than certified cost or pricing data will be required.

(8) Use the clause at 252.215-7015, Program Should-Cost Review, in all solicitations and contracts for the development or production of a major weapon system, as defined in 234.7001.

215.470 Estimated data prices.

(a) DoD requires estimates of the prices of data in order to evaluate the cost to the Government of data items in terms of their management, product, or engineering value.

(b) When data are required to be delivered under a contract, include DD Form 1423, Contract Data Requirements List, in the solicitation. See PGI 215.470(b) for guidance on the use of DD Form 1423.

(c) The contracting officer shall ensure that the contract does not include a requirement for data that the contractor has delivered or is obligated to deliver to the Government under another contract or subcontract, and that the successful offeror identifies any such data required by the solicitation. However, where duplicate data are desired, the contract price shall include the costs of duplication, but not of preparation, of such data.

SUBPART 215.5—PREAWARD, AWARD, AND POSTAWARD NOTIFICATIONS, PROTESTS, AND MISTAKES

(Revised October 1, 2025)

215.503 Notifications to unsuccessful offerors.
If the Government exercises the authority provided in 239.7305(d), the notifications to unsuccessful offerors, either preaward or postaward, shall not reveal any information that is determined to be withheld from disclosure in accordance with 10 U.S.C. 3252 (see subpart 239.73).

215.506 Postaward debriefing of offerors.

(b) Notwithstanding FAR 15.506(b), when requested by a successful or unsuccessful offeror, a written or oral debriefing is required for contract awards valued at $15 million or more (section 818 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91)).

(d) In addition to the requirements of FAR 15.506(d), the minimum debriefing information shall include the following:

(i) For award of a contract in excess of $15 million and not in excess of $150 million with a small business or nontraditional defense contractor, an option for the small business or nontraditional defense contractor to request disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(ii) For award of a contract in excess of $150 million, disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(e) If the Government exercises the authority provided in 239.7305(d), the debriefing shall not reveal any information that is determined to be withheld from disclosure in accordance with 10 U.S.C. 3252 (see subpart 239.73).

215.506-70 Opportunity for follow-up questions.
When providing a required postaward debriefing to successful and unsuccessful offerors, contracting officers shall—

(a) Provide an opportunity to submit additional written questions related to the required debriefing not later than 2 business days after receiving the postaward debriefing;

(b) Respond in writing to timely submitted additional questions within 5 business days after receipt of the questions; and

(c) Not consider the postaward debriefing to be concluded until the later of—

(1) The date that the postaward debriefing is delivered, orally or in writing; or

(2) If additional written questions related to the debriefing are timely received, the date the agency delivers its written response.

215.570 Solicitation provision.
Use the provision at 252.215-7016, Notification to Offerors—Postaward Debriefings, in competitive negotiated solicitations for contract awards valued at $15 million or more, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services.

SUBPART 216.5—INDEFINITE-DELIVERY CONTRACTS
(Revised October 1, 2025)

216.500 Scope of subpart.

(d)(i) When awarding task orders or delivery orders for architect-engineer services under a multiple-award contract, follow the procedures for the selection of contractors and placement of orders at FAR 36.6 to implement 10 U.S.C. 3406(h)(1).

(ii) Contracting officers shall not request additional information related to contractor qualifications, unless it is necessary to determine the most highly qualified contractor for the particular task order or delivery order (10 U.S.C. 3406(h)(2)).

216.501-2-70 General.

(a)(i) For items with a shelf-life of less than six months, consider the use of indefinite-delivery type contracts with orders to be placed either—

(A) Directly by the users; or

(B) By central purchasing offices with deliveries direct to users.

(ii) Whenever an indefinite-delivery contract is issued, the issuing office must furnish all ordering offices sufficient information for the ordering office to complete its contract reporting responsibilities under 204.670-2. This data must be furnished to the ordering activity in sufficient time for the activity to prepare its report for the action within three working days of the order.

(b) See 217.204(e)(i) for limitations on the period for task order or delivery order contracts awarded by DoD pursuant to 10 U.S.C. 3403.

216.504 Indefinite-quantity contracts.

(c) *Multiple award preference—*

(1) *Planning the acquisition.*

(ii)(D)*(1)* The senior procurement executive has the authority to make the determination authorized in FAR 16.504(c)(1)(ii)(D)*(1)*.

(*i*) In accordance with 10 U.S.C. 3403(d)(3), when making the determination at FAR 16.504(c)(1)(ii)(D)(*1*)(*i*), the senior procurement executive shall determine that the task or delivery orders expected under the contract are so integrally related that only a single source can "efficiently perform the work," instead of "reasonably perform the work" as required by the FAR.

(*2*) The congressional notification requirement at FAR 16.504(c)(1)(ii)(D)(2) does not apply to DoD.

(*3*)(*i*) In accordance with 10 U.S.C. 3403(d)(3), the determination at FAR 16.504(c)(1)(ii)(D)(*1*) is not required if a justification has been executed, in accordance with FAR 6.3 and subpart 206.3.

216.505 Ordering.

(a) *General.*

(6) Orders placed under indefinite-delivery contracts may be issued on DD Form 1155, Order for Supplies or Services.

(S-70) Departments and agencies shall comply with the review, approval, and reporting requirements established in accordance with subpart 217.7 when placing orders under non-DoD contracts in amounts exceeding the simplified acquisition threshold.

(S-71) See 204.7603 for procedures on the required use of the Supplier Performance Risk System (SPRS) risk assessments.

(i) The contracting officer shall ensure SPRS assessments of price risk and supplier risk are considered as a part of the award decision.

(ii) When placing an order for an end product identified by a material identifier that is available as described at PGI 204.7603, and item risk was not previously considered during award of the contract, the contracting officer shall also consider SPRS assessments of item risk in the award decision.

(iii) Use the provision at 252.204-7024, Notice on the Use of the Supplier Performance Risk System, as prescribed in 204.7604 to the extent permitted by the contract.

(b) *Orders under multiple-award contracts.*

(1) *Fair opportunity.*

(A) See 215.101-2-70 for the limitations and prohibitions on the use of the lowest price technically acceptable source selection process, which are applicable to orders placed against multiple award indefinite delivery contracts.

(B) See 217.7801 for the prohibition on the use of reverse auctions for personal protective equipment and aviation critical safety items.

(2) *Exceptions to the fair opportunity process.* For an order exceeding the simplified acquisition threshold, that is a follow-on to an order previously issued for the same supply or service based on a justification for an exception to fair opportunity citing the authority at FAR 16.505(b)(2)(i)(B) or (C), follow the procedures at PGI 216.505(b)(2).

(6) *Postaward notices and debriefing of awardees for orders exceeding $7.5 million.* In addition to the notice required at FAR 16.505(b)(6), a written or oral postaward debriefing of successful and unsuccessful awardees is required for task orders and delivery orders valued at $15 million or more (section 818 of the National

Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91)).

(ii) Follow the procedures at 215.506 and 215.506-70 when providing the postaward debriefing to successful and unsuccessful awardees for task orders or delivery orders valued at $15 million or more.

216.505-70 Orders under multiple award contracts.

(a) If only one offer is received in response to an order exceeding the simplified acquisition threshold that is placed on a competitive basis, the contracting officer shall follow the procedures at 215.371.

(b) See PGI 216.505-70 for guidance regarding minimum labor category qualifications for orders issued under multiple-award services contracts.

216.506 Solicitation provisions and contract clauses.

216.506-70 Additional solicitation provisions and contract clause.

(a) Use the provisions at 252.215-7007, Notice of Intent to Resolicit, and 252.215-7008, Only One Offer, as prescribed at 215.371-6 and 215.408(3), respectively.

(b) Use the clause at 252.216-7010, Postaward Debriefings for Task Orders and Delivery Orders, in competitive negotiated solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, when a multiple-award contract is contemplated and task orders or delivery orders placed under the contract may be valued at $15 million or more.

SUBPART 217.1—MULTIYEAR CONTRACTING

(Revised October 1, 2025)

217.103 Definitions.

As used in this subpart—

"Advance procurement" means an exception to the full funding policy that allows acquisition of long lead time items (advance long lead acquisition) or economic order quantities (EOQ) of items (advance EOQ acquisition) in a fiscal year in advance of that in which the related end item is to be acquired. Advance procurements may include materials, parts, components, and effort that must be funded in advance to maintain a planned production schedule.

"Congressional defense committees," means—

(1) The Committee on Armed Services of the Senate;

(2) The Committee on Appropriations of the Senate;

(3) The Subcommittee on Defense of the Committee on Appropriations of the Senate;

(4) The Committee on Armed Services of the House of Representatives ;

(5) The Committee on Appropriations of the House of Representatives; and

(6) The Subcommittee on Defense of the Committee on Appropriations of the House of Representatives.

"Military installation" means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (10 U.S.C. 2801(c)(4)).

217.170 General.

(a) Before awarding a multiyear contract, the head of the agency must compare the cost of that contract to the cost of an annual procurement approach, using a present value analysis. Do not award the multiyear contract unless the analysis shows that the multiyear contract will result in the lower cost (10 U.S.C. 3501(l)(7); section 8008(a) of Pub. L. 105-56, and similar sections in subsequent DoD appropriations acts).

(b) The head of the agency must provide written notice to the congressional defense committees at least 30 days before termination of any multiyear contract (section 8010 of Division C, Title VIII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar sections in subsequent DoD appropriations acts).

(c) Every multiyear contract must comply with FAR 17.104(c), unless an exception is approved through the budget process in coordination with the cognizant comptroller.

(d)(1) DoD must provide notification to the congressional defense committees at least 30 days before entering into a multiyear contract for certain procurements, including those expected to—

(i) Employ an unfunded contingent liability in excess of $20 million (see 10 U.S.C. 3501(l)(1), 10 U.S.C. 3531(d)(1), and section 8008(a) of Pub. L. 105-56 and similar sections in subsequent DoD appropriations acts);

(ii) Employ economic order quantity procurement in excess of $20 million in any one year of the contract (see 10 U.S.C. 3501(l)(1)) and section 8008(a) of Pub. L. 105-56 and similar sections in subsequent DoD appropriations acts);

(iii) Involve a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of $20 million in any one year (see 10 U.S.C. 3501(l)(1) and section 8008(a) of Pub. L. 105-56 and similar sections in subsequent DoD appropriations acts); or

(iv) Include a cancellation ceiling in excess of $200 million (see 10 U.S.C. 3531(d)(4) and 10 U.S.C. 3501(g)(1).

(2) A DoD component must submit a request for authority to enter into multiyear contracts described in paragraphs (d)(1)(i) through (iv) of this section as part of the component's budget submission for the fiscal year in which the multiyear contract will be initiated. DoD will include the request, for each candidate it supports, as part of the President's Budget for that year and in the Appendix to that budget as part of proposed legislative language for the appropriations bill for that year (section 8008(b) of Pub. L. 105-56).

(3) If the advisability of using a multiyear contract becomes apparent too late to satisfy the requirements in paragraph (d)(2) of this section, the request for authority to enter into a multiyear contract must be—

(i) Formally submitted by the President as a budget amendment; or

(ii) Made by the Secretary of Defense, in writing, to the congressional defense committees (section 8008(b) of Pub. L. 105-56).

(4) Agencies must establish reporting procedures to meet the congressional notification requirements of paragraph (d)(1) of this section. The head of the agency must submit a copy of each notice to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy (DPCAP), Office of the Under Secretary of Defense (Acquisition and Sustainment) (OUSD(A&S)), and to the Deputy Under Secretary of Defense (Comptroller) (Program/Budget) (OUSD(C)(P/B)).

(5) If the budget for a contract that contains a cancellation ceiling in excess of $200 million does not include proposed funding for the costs of contract cancellation up to the cancellation ceiling established in the contract—

(i) The notification required by paragraph (d)(1) of this section shall include—

(A) The cancellation ceiling amounts planned for each program year in the proposed multiyear contract, together with the reasons for the amounts planned;

(B) The extent to which costs of contract cancellation are not included in the budget for the contract; and

(C) A financial risk assessment of not including budgeting for costs of contract cancellation (10 U.S.C. 3501(g) and 10 U.S.C. 3531(d)); and

(ii) The head of the agency shall provide copies of the notification to the Office of Management and Budget at least 14 days before contract award.

217.171 Multiyear contracts for services.

(a) The head of the agency may enter into a multiyear contract for a period of not more than 5 years for the following types of services (and items of supply relating to such services), even though funds are limited by statute to obligation only during the fiscal year for which they were appropriated (10 U.S.C. 3531(a)). Covered services are—

(1) Operation, maintenance, and support of facilities and installations;

(2) Maintenance or modification of aircraft, ships, vehicles, and other highly complex military equipment;

(3) Specialized training requiring high quality instructor skills (e.g., training for pilots and aircrew members or foreign language training);

(4) Base services (e.g., ground maintenance, in-plane refueling, bus transportation, and refuse collection and disposal); and

(5) Environmental remediation services for—

(i) An active military installation;

(ii) A military installation being closed or realigned under a base closure law as defined in 10 U.S.C. 2667(h)(2); or

(iii) A site formerly used by DoD (10 U.S.C. 3531(b)).

(b) The head of the agency must be guided by the following principles when entering into a multiyear contract for services:

(1) The portion of the cost of any plant or equipment amortized as a cost of contract performance should not exceed the ratio between the period of contract performance and the anticipated useful commercial life of the plant or equipment. As used in this section, "useful commercial life" means the commercial utility of the facilities rather than the physical life, with due consideration given to such factors as the location, specialized nature, and obsolescence of the facilities.

(2) Consider the desirability of obtaining an option to extend the term of the contract for a reasonable period not to exceed 3 years at prices that do not include charges for plant, equipment, or other nonrecurring costs already amortized.

(3) Consider the desirability of reserving the right to take title, under the appropriate circumstances, to the plant or equipment upon payment of the unamortized portion of the cost (10 U.S.C. 3531(c)).

(c) Before entering into a multiyear contract for services, the head of the agency must make a written determination that—

(1) There will be a continuing requirement for the services consistent with current plans for the proposed contract period;

(2) Furnishing the services will require—

(i) A substantial initial investment in plant or equipment; or

(ii) The incurrence of substantial contingent liabilities for the assembly, training, or transportation of a specialized work force; and

(3) Using a multiyear contract will promote the best interests of the United States by encouraging effective competition and promoting economies in operations (10 U.S.C. 3531(a)).

(d) The head of an agency may not initiate a multiyear contract for services if the value of the multiyear contract exceeds $900 million unless a law specifically provides authority for the contract (10 U.S.C. 3531(d)(2)).

217.172 Multiyear contracts for supplies.

(a) This section applies to all multiyear contracts for supplies, including weapon systems and other multiyear acquisitions specifically authorized by law (10 U.S.C. 3501).

(b) The head of the agency may enter into a multiyear contract for supplies if, in addition to the conditions listed in FAR 17.105-1(b), the use of such a contract will promote the national security of the United States (10 U.S.C. 3501(a)(6)).

(c) Multiyear contracts in amounts exceeding $900 million must be specifically authorized by law in an act other than an appropriations act (10 U.S.C. 3501(i)(1)).

(d) The head of the agency may not initiate a multiyear procurement contract for any system (or component thereof) if the value of the multiyear contract would exceed $900 million unless authority for the contract is specifically provided in an appropriations act (10 U.S.C. 3501(l)(3)).

(e) The head of the agency shall not enter into a multiyear contract unless—

(1) The Secretary of Defense has submitted to Congress a budget request for full funding of units to be procured through the contract;

(2) In the case of a contract for procurement of aircraft, the budget request includes full funding of procurement funds for production beyond advance procurement activities of aircraft units to be produced in the fiscal year covered by the budget;

(3) Cancellation provisions in the contract do not include consideration of recurring manufacturing costs of the contractor associated with the production of unfunded units to be delivered under the contract;

(4) The contract provides that payments to the contractor under the contract shall not be made in advance of incurred costs on funded units; and

(5) The contract does not provide for a price adjustment based on a failure to award a follow-on contract (section 8010 of Division C, Title VIII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and similar sections in subsequent DoD appropriations acts).

(f)(1) The head of the agency must not enter into or extend a multiyear contract that exceeds $900 million (when entered into or extended) until the Secretary of Defense identifies the contract and any extension in a report submitted to the congressional defense committees (10 U.S.C. 3501(l)(5)).

(2) In addition, for contracts equal to or greater than $900 million, the head of the contracting activity must determine that the conditions required by paragraphs (h)(2)(i) through (vii) of this section will be met by such contract, in accordance with the Secretary's certification and determination required by paragraph (h)(2) of this section.

(g) The head of the agency may enter into a multiyear contract for—

(1) A weapon system and associated items, services, and logistics support for a weapon system (10 U.S.C. 3501(h)(1)); and

(2) Advance procurement of components, parts, and materials necessary to manufacture a weapon system, including advance procurement to achieve economic lot purchases or more efficient production rates (see 217.172(h)(3) and (4) of this section regarding economic order quantity procurements) (10 U.S.C. 3501(h)(2)). Before initiating an advance procurement, the contracting officer must verify that it is consistent with DoD policy (e.g., the full funding policy in Volume 2A, chapter 1, of DoD 7000.14-R, Financial Management Regulation).

(h) The head of the agency shall ensure that the following conditions are satisfied before awarding a multiyear contract for a defense acquisition program that has been specifically authorized by law to be carried out using multiyear contract authority:

(1) The multiyear exhibits required by DoD 7000.14-R, Financial Management Regulation, are included in the agency's budget estimate submission and the President's budget request.

(2) The Secretary of Defense certifies to Congress in writing, by no later than 30 days before entry into such contracts, that each of the conditions in paragraphs (h)(2)(i) through (vii) of this section is satisfied (10 U.S.C. 3501(i)(3)).

(i) The Secretary has determined that each of the requirements in FAR 17.105-1, paragraphs (b)(1) through (b)(5), will be met by such contract and has provided the basis for such determination to the congressional defense committees (10 U.S.C. 3501(i)(3)(A)).

(ii) The Secretary's determination under paragraph (h)(2)(i) of this section was made after the completion of a cost analysis performed by the Defense Cost and Resource Center of the Department of Defense and such analysis supports the findings (10 U.S.C. 3501(i)(3)(B)).

(iii) The system being acquired pursuant to such contract has not been determined to have experienced cost growth in excess of the critical cost growth threshold pursuant to 10 U.S.C. 4371(a)(3) within 5 years prior to the date the Secretary anticipates such contract (or a contract for advance procurement entered into consistent with the authorization for such contract) will be awarded (10 U.S.C. 3501(i)(3)(C)).

(iv) A sufficient number of end items of the system being acquired under such contract have been delivered at or within the most current estimates of the program acquisition unit cost or procurement unit cost for such system to determine that current estimates of such unit costs are realistic (10 U.S.C. 3501(i)(3)(D)).

(v) Sufficient funds will be available in the fiscal year in which the contract is to be awarded to perform the contract, and the future-years defense program for such fiscal year will include the funding required to execute the program without cancellation (10 U.S.C. 3501(i)(3)(E)).

(vi) The contract is a fixed price type contract (10 U.S.C. 3501(i)(3)(F)).

(vii) The proposed multiyear contract provides for production at not less than minimum economic rates, given the existing tooling and facilities (10 U.S.C. 3501(i)(3)(G)). The head of the agency shall submit to OUSD(C)(P/B) information supporting the agency's determination that this requirement has been met.

(viii) The head of the agency shall submit information supporting this certification to OUSD(C)(P/B) for transmission to Congress through the Secretary of Defense.

(A) The head of the agency shall, as part of this certification, give written notification to the congressional defense committees of—

(1) The cancellation ceiling amounts planned for each program year in the proposed multiyear contract, together with the reasons for the amounts planned;

(2) The extent to which costs of contract cancellation are not included in the budget for the contract; and

(3) A financial risk assessment of not including the budgeting for costs of contract cancellation (10 U.S.C. 3501(g)); and

(B) The head of the agency shall provide copies of the notification to the Office of Management and Budget at least 14 days before contract award.

(3) The contract is for the procurement of a complete and usable end item (10 U.S.C. 3501(i)(5)(A)).

(4) Funds appropriated for any fiscal year for advance procurement are obligated only for the procurement of those long-lead items that are necessary in order to meet a planned delivery schedule for complete major end items that are programmed under the contract to be acquired with funds appropriated for a subsequent fiscal year (including an economic order quantity of such long-lead items when authorized by law (10 U.S.C. 3501(i)(5)(B)).

(5) The Secretary may make the certification under paragraph (h)(2) of this section notwithstanding the fact that one or more of the conditions of such certification are not met if the Secretary determines that, due to exceptional circumstances, proceeding with a multiyear contract under this section is in the best interest of the Department of Defense and the Secretary provides the basis for such determination with the certification (10 U.S.C. 3501(i)(6)).

(6) The Secretary of Defense may not delegate this authority to make the certification under paragraph (h)(2) of this section or the determination under paragraph (h)(5) of this section to an official below the level of the Under Secretary of Defense for Acquisition and Sustainment (10 U.S.C. 3501(i)(7)).

(7) All other requirements of law are met and there are no other statutory restrictions on using a multiyear contract for the specific system or component. One such restriction may be the achievement of specified cost savings. If the agency finds, after negotiations with the contractor(s), that the specified savings cannot be achieved, the head of the agency shall assess the savings that, nevertheless, could be achieved by using a multiyear contract. If the savings are substantial, the head of the agency may request relief from the law's specific savings requirement (10 U.S.C. 3501(i)(4)). The request shall—

(i) Quantify the savings that can be achieved;

(ii) Explain any other benefits to the Government of using the multiyear contract;

(iii) Include details regarding the negotiated contract terms and conditions; and

(iv) Be submitted to OUSD(A&S)DPCAP for transmission to Congress via the Secretary of Defense and the President.

(i) The Secretary of Defense may instruct the head of the agency proposing a multiyear contract to include in that contract negotiated priced options for varying the quantities of end items to be procured over the life of the contract (10 U.S.C. 3501(j)).

(j) Any requests for increased funding or reprogramming for procurement of a major system under a multiyear contract shall be accompanied by an explanation of how the request for increased funding affects the determinations made by the Secretary of Defense under 217.172(h)(2) (10 U.S.C. 3501(m)).

217.173 Multiyear contracts for military family housing.

The head of the agency may enter into multiyear contracts for periods up to 4 years for supplies and services required for management, maintenance, and operation of military

family housing and may pay the costs of such contracts for each year from annual appropriations for that year (10 U.S.C. 2829).

217.174 Multiyear contracts for electricity from renewable energy sources.

(a) The head of the contracting activity may enter into a contract for a period not to exceed 10 years for the purchase of electricity from sources of renewable energy, as that term is defined in section 203(b)(2) of the Energy Policy Act of 2005 (42 U.S.C. 15852(b)(2)).

(b) *Limitations.* The head of the contracting activity may exercise the authority in paragraph (a) of this section to enter into a contract for a period in excess of five years only if the head of the contracting activity determines, on the basis of a business case analysis (see PGI 217.1, Supplemental Information TAB, for a business case analysis template and guidance) prepared by the requiring activity, that—

(1) The proposed purchase of electricity under such contract is cost effective; and

(2) It would not be possible to purchase electricity from the source in an economical manner without the use of a contract for a period in excess of five years.

(c) Nothing in this section shall be construed to preclude the DoD from using other multiyear contracting authority of DoD to purchase renewable energy.

SUBPART 219.5—SMALL BUSINESS TOTAL SET-ASIDES, PARTIAL SET-ASIDES, AND RESERVES

(Revised October 1, 2025)

219.502 Setting aside acquisitions.

219.502-1 Requirements for setting aside acquisitions.

Do not set aside acquisitions for supplies that were developed and financed, in whole or in part, by Canadian sources under the U.S.-Canadian Defense Development Sharing Program.

219.502-2 Total small business set-asides.

Unless the contracting officer determines that the criteria for set-aside cannot be met, set aside for small business concerns acquisitions for—

(1) Construction, including maintenance and repairs, under $3.5 million;

(2) Dredging under $2 million; and

(3) Architect-engineer services for military construction or family housing projects under $1 million (10 U.S.C. 2855).

219.502-8 Rejecting Small Business Administration recommendations.

(b) The designee shall be at a level no lower than chief of the contracting office.

SUBPART 225.1—BUY AMERICAN—SUPPLIES

(Revised October 1, 2025)

225.101 General.

(a) For DoD, the following two-part test determines whether a manufactured end product is a domestic end product:

(i) The end product is manufactured in the United States; and

(ii)(A) Except for an end product that consists wholly or predominantly of iron or steel or a combination of both, the cost of its U.S. and qualifying country components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, but see paragraph (d) of this section. This test is applied to end products only and not to individual components.

(B) For an end product that consists wholly or predominantly of iron or steel or a combination of both, the cost of iron and steel not produced in the United States or a qualifying country must constitute less than 5 percent of the cost of all the components used in the end product. The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding commercially available off-the-shelf (COTS) fasteners. The domestic content test of the Buy American statute has not been waived for acquisitions of COTS items in this category, except for COTS fasteners.

(c) Additional exceptions that allow the purchase of foreign end products are listed at 225.103.

(d)(1) In lieu of the threshold increases in FAR 25.101(a)(2)(i), use the domestic content threshold increases in paragraph (a)(ii) of this section. The senior procurement executive may approve application of an alternate domestic content test, under which the domestic content threshold in effect at the time of contract award will apply to the entire period of performance of the contract, following consultation with the Office of Management and Budget's Made in America Office. See PGI 225.101 for guidance on documentation requirements when the senior procurement executive approves application of an alternate domestic content test.

(2) When the senior procurement executive allows for application of an alternate domestic content test for the contract pursuant to FAR 25.101(d)(1) (but see paragraph (d)(1) of this section)—

(A) See 225.1101(2)(iv) for use of alternate II of the clause at 252.225-7001, Buy American and Balance of Payments Program;

(B) See 225.1101(2)(v) for use of alternate III of the clause at 252.225-7001, Buy American and Balance of Payments Program;

(C) See 225.1101(9) for use of the basic or alternate provision at 252.225-7035, Buy American—Free Trade Agreements—Balance of Payments Program Certificate, or the basic or alternate clause at 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program; and

(D) See 225.1101(10)(i) for use of the basic or alternate clause at 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program.

225.103 Exceptions.

(a)(i)(A) Public interest exceptions for certain countries are in 225.872.

(B) For procurements covered by the World Trade Organization Government Procurement Agreement, the Under Secretary of Defense (Acquisition and Sustainment) has determined that it is inconsistent with the public interest to apply the Buy American statute to end products that are substantially transformed in the United States.

(ii)(A) Normally, use the evaluation procedures in subpart 225.5, but consider recommending a public interest exception if the purposes of the Buy American statute are not served, or in order to meet a need set forth in 10 U.S.C. 4861. For example, a public interest exception may be appropriate—

(1) If accepting the low domestic offer will involve substantial foreign expenditures, or accepting the low foreign offer will involve substantial domestic expenditures;

(2) To ensure access to advanced state-of-the-art commercial technology; or

(3) To maintain the same source of supply for spare and replacement parts (also see paragraph (b)(iii)(B) of this section)—

(i) For an end item that qualifies as a domestic end product; or

(ii) In order not to impair integration of the military and commercial industrial base.

(B) Except as provided in PGI 225.872-4, process a determination for a public interest exception after consideration of the factors in 10 U.S.C. 4861—

(1) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(2) By the head of the contracting activity for acquisitions with a value greater than the simplified acquisition threshold but less than $2 million; or

(3) By the agency head for acquisitions valued at $2 million or more.

(b)(i) A determination that an article, material, or supply is not reasonably available is required when domestic offers are insufficient to meet the requirement and award is to be made on other than a qualifying country or eligible end product.

(ii) A determination is not required before January 1, 2030, if there is an offer for a foreign end product that exceeds 55 percent domestic content. Except as provided in FAR 25.103(b)(3), the determination shall be approved—

(A) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(B) By the chief of the contracting office for acquisitions with a value greater than the simplified acquisition threshold but less than $2 million; or

(C) By the head of the contracting activity or immediate deputy for acquisitions valued at $2 million or more.

(iii) A separate determination as to whether an article is reasonably available is not required for the following articles. DoD has already determined that these articles are not reasonably available from domestic sources:

(A) Spare or replacement parts that must be acquired from the original foreign manufacturer or supplier.

(B) Foreign drugs acquired by the Defense Supply Center, Philadelphia, when the Director, Pharmaceuticals Group, Directorate of Medical Materiel, determines that only the requested foreign drug will fulfill the requirements.

(iv) Under coordinated acquisition (see Subpart 208.70), the determination is the responsibility of the requiring department when the requiring department specifies acquisition of a foreign end product.

(c) The cost of a domestic end product is unreasonable if it is not the low evaluated offer when evaluated under subpart 225.5.

225.106 Determining reasonableness of cost.

(b) Use an evaluation factor of 50 percent instead of the factors specified in FAR 25.106(b)(1)(i) and (c)(1)(i).

225.170 Acquisition from or through other Government agencies.
Contracting activities must apply the evaluation procedures in subpart 225.5 when using Federal supply schedules.

SUBPART 225.7—PROHIBITED SOURCES

(Revised October 1, 2025)

225.701 Restrictions administered by the Department of the Treasury on acquisitions of supplies or services from prohibited sources.

225.701-70 Exception.

DoD personnel are authorized to make emergency acquisitions in direct support of U.S. or allied forces deployed in military contingency, humanitarian, or peacekeeping operations in a country or region subject to economic sanctions administered by the Department of the Treasury, Office of Foreign Assets Control.

225.770 Prohibition on acquisition of certain items from Communist Chinese military companies.

This section implements section 1211 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109-163), section 1243 of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81), and section 1296 of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L. 114-328). See PGI 225.770 for additional information relating to this statute, the terms used in this section, the United States Munitions List (USML), and the 600 series of the Commerce Control List (CCL).

225.770-1 Definitions.

As used in this section—

"Component" means an item that is useful only when used in conjunction with an end item (15 CFR 772.1 and 22 CFR 120.45(b)).

"Item" means—

(1) A USML defense article, as defined at 22 CFR 120.6;

(2) A USML defense service, as defined at 22 CFR 120.9; or

(3) A 600 series item, as defined at 15 CFR 772.1.

"Part" means any single unassembled element of a major or minor component, accessory, or attachment, that is not normally subject to disassembly without the destruction or impairment of designed use (15 CFR 772.1 and 22 CFR 120.45(d)).

225.770-2 Prohibition.

Do not acquire items covered by the USML or the 600 series of the CCL, through a contract or subcontract at any tier, from any Communist Chinese military company. This prohibition does not apply to components and parts of covered items unless the components and parts are themselves covered by the USML or the 600 series of the CCL.

225.770-3 Exceptions.

The prohibition in 225.770-2 does not apply to items acquired—

(a) In connection with a visit to the People's Republic of China by a vessel or an

aircraft of the U.S. armed forces;

(b) For testing purposes; or

(c) For the purpose of gathering intelligence.

225.770-4 Identifying items covered by the USML or the 600 series of the CCL.

(a) Before issuance of a solicitation, the requiring activity will notify the contracting officer in writing whether the items to be acquired are covered by the USML or the 600 series of the CCL. The notification will identify any covered item(s) and will provide the pertinent USML reference(s) from 22 CFR part 121 or the 600 series of the CCL references from 15 CFR part 774, Supplement No. 1.

(b) The USML includes defense articles and defense services that fall into 21 categories. The CCL includes ten categories and five product groups in each category, many of which contain 600 series items. Since not all items covered by the USML or 600 series of the CCL are themselves munitions (e.g., protective personnel equipment, military training equipment), the requiring activity should consult the USML and the 600 series of the CCL before concluding that an item is or is not covered. See PGI 225.770-4.

225.770-5 Waiver of prohibition.

(a) The prohibition in 225.770-2 may be waived, on a case-by-case basis, if an official identified in paragraph (b) of this subsection determines that a waiver is necessary for national security purposes.

(b) The following officials are authorized, without power of delegation, to make the determination specified in paragraph (a) of this subsection:

(1) The Under Secretary of Defense (Acquisition and Sustainment).

(2) The Secretaries of the military departments.

(3) The Component Acquisition Executive of the Defense Logistics Agency.

(c)(1) The official granting a waiver shall submit a report to the congressional defense committees, with a copy to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy (see PGI 225.770-5), not less than 15 days before issuing the waiver.

(2) In the report, the official shall—

(i) Identify the specific reasons for the waiver; and

(ii) Include recommendations as to what actions may be taken to develop alternative sourcing capabilities in the future.

225.771 Prohibition on contracting or subcontracting with a firm that is owned or controlled by the government of a country that is a state sponsor of terrorism.

225.771-0 Scope.
This section implements 10 U.S.C. 4871(b).

225.771-1 Definition.
"State sponsor of terrorism," as used in this section, is defined in the provision at 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism.

225.771-2 Prohibition.

(a) The contracting officer shall not award a contract of $200,000 or more to a firm when a foreign government that is a state sponsor of terrorism owns or controls, either directly or indirectly, a significant interest in—

(i) The firm;

(ii) A subsidiary of the firm; or

(iii) Any other firm that owns or controls the firm.

(b) For restrictions on subcontracting with a firm, or a subsidiary of a firm, that is identified by the Secretary of Defense as being owned or controlled by the government of a country that is a state sponsor of terrorism, see 209.405-2.

225.771-3 Notification.
Any disclosure that the government of a country that is a state sponsor of terrorism has a significant interest in an offeror, a subsidiary of an offeror, or any other firm that owns or controls an offeror shall be forwarded through agency channels to the address at PGI 225.771-3.

225.771-4 Waiver of prohibition.
The prohibition in 225.771-2 may be waived if the Secretary of Defense determines that a waiver is not inconsistent with the national security objectives of the United States in accordance with 10 U.S.C. 4871(c).

225.771-5 Solicitation provision.
Use the provision at 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services (other than commercial satellite services), that are expected to result in contracts of $200,000 or more. If the solicitation includes the provision at FAR 52.204-7, do not separately list the provision 252.225-7050 in the solicitation.

225.772 Prohibition on acquisition of certain foreign commercial satellite services.

225.772-0 Scope.
This section implements 10 U.S.C. 2279.

225.772-1 Definitions.

As used in this section—

"Covered foreign country" means—

(1) The People's Republic of China;

(2) North Korea;

(3) The Russian Federation; or

(4) Any country that is a state sponsor of terrorism. (10 U.S.C. 2279)

"Cybersecurity risk" means threats to and vulnerabilities of information or information systems and any related consequences caused by or resulting from unauthorized access, use, disclosure, degradation, disruption, modification, or destruction of such information or information systems, including such related consequences caused by an act of terrorism. (10 U.S.C. 2279)

"Foreign entity" means—

(1) Any branch, partnership, group or sub-group, association, estate, trust, corporation or division of a corporation, or organization organized under the laws of a foreign state if either its principal place of business is outside the United States or its equity securities are primarily traded on one or more foreign exchanges.

(2) Notwithstanding paragraph (1) of this definition, any branch, partnership, group or sub-group, association, estate, trust, corporation or division of a corporation, or organization that demonstrates that a majority of the equity interest in such entity is ultimately owned by U.S. nationals is not a foreign entity. (31 CFR 800.212)

"Government of a covered foreign country" includes the state and the government of a covered foreign country, as well as any political subdivision, agency, or instrumentality thereof.

"Launch vehicle" means a fully integrated space launch vehicle. (10 U.S.C. 2279)

"Satellite services" means communications capabilities that utilize an on-orbit satellite for transmitting the signal from one location to another.

"State sponsor of terrorism" means a country determined by the Secretary of State, under section 1754(c)(1)(A)(i) of the Export Control Reform Act of 2018 (Title XVII, Subtitle B, of the National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232), to be a country the government of which has repeatedly provided support for acts of international terrorism. As of December 14, 2020, state sponsors of terrorism include Iran, North Korea, and Syria. (10 U.S.C. 4871).

225.772-2 Prohibitions.

Except as provided in 225.772-4, the contracting officer shall not award a contract for commercial satellite services to—

(a)(1) A foreign entity if the Under Secretary of Defense for Acquisition and Sustainment or the Under Secretary of Defense for Policy reasonably believes that—

(i) The foreign entity is an entity in which the government of a covered foreign country has an ownership interest that enables the government to affect satellite operations;

(ii) The foreign entity plans to or is expected to provide satellite services under the contract from a covered foreign country; or

(iii) Entering into such contract would create an unacceptable cybersecurity risk for DoD, as determined by the Under Secretary of Defense for Acquisition and Sustainment or the Under Secretary of Defense for Policy; or

(2) An offeror that is offering commercial satellite services provided by a foreign entity as described in paragraph (a) of this section; or

(b)(1) Any entity, except as provided in paragraph (b)(2) of this section, for a launch that occurs on or after December 31, 2022, if the Under Secretary of Defense for Acquisition and Sustainment or the Under Secretary of Defense for Policy reasonably believes that such satellite services will be provided using satellites that will be—

(i) Designed or manufactured—

(A) In a covered foreign country; or

(B) By an entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country; or

(ii) Launched outside the United States using a launch vehicle that is—

(A) Designed or manufactured in a covered foreign country; or

(B) Provided by—

(*1*) The government of a covered foreign country; or

(*2*) An entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country.

(2) The prohibition in paragraph (b)(1) of this section does not apply with respect to launch services for which a satellite service provider has a contract or other agreement that, prior to June 10, 2018, was either fully paid for by the satellite service provider or covered by a legally binding commitment of the satellite service provider to pay for such services.

225.772-3 Procedures.

(a)(1) The contracting officer shall not award to any source that is a foreign satellite service provider or is offering satellite services provided by a foreign entity if such award presents an unacceptable cybersecurity risk, as determined by the Under Secretary of Defense for Acquisition and Sustainment or the Under Secretary of Defense for Policy.

(2) When procuring commercial satellite services from a foreign entity, the contracting officer shall review the exclusion records in the System for Award Management (SAM) database as required at FAR 9.405, to ensure that an entity identified in, or otherwise known to be involved in, the otherwise successful offer is not listed as ineligible in the SAM database (see FAR 9.405).

(b) If an offeror discloses information in accordance with paragraph (c) of the provision 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services—Representations, the contracting officer—

(1) Shall forward the information regarding the offeror through agency channels to the address at PGI 225.772-3; and

(2) Shall not award to that offeror, unless an exception is determined to apply in accordance with 225.772-4.

(c)(1) If the otherwise successful offeror provides negative responses to all representations in the provision at 252.225-7049, the contracting officer may rely on the representations, unless the contracting officer has an independent reason to question the representations.

(2) If the contracting officer has an independent reason to question a negative representation of the otherwise successful offeror, the contracting officer shall consult with the office specified in PGI 225.772-3, prior to deciding whether to award to that offeror.

225.772-4 Exception.

(a) The prohibitions in 225.772-2(a) and (b) do not apply if–

(1) The Under Secretary of Defense for Acquisition and Sustainment, or the Under Secretary of Defense for Policy, without power of redelegation, determines that it is in the national security interest of the United States to enter into such contract; and

(2) Not later than seven days before entering into such contract, the Under Secretary of Defense making the determination in paragraph (a)(1) of this section, in consultation with the Director of National Intelligence, submits to the congressional defense committees a national security assessment, in accordance with 10 U.S.C. 2279.

(b) If requesting an exception pursuant to paragraph (a) of this section, the contracting officer shall forward the request through agency channels to the address at PGI 225.772-3, providing any available information necessary for the Under Secretary of Defense making the determination in paragraph (a)(1) of this section to evaluate the request and perform a national security assessment, in accordance with 10 U.S.C. 2279.

225.772-5 Solicitation provision and contract clauses.

(a) Use the provision at 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services—Representations, in solicitations that include the clause at 252.225-7051, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services. If the solicitation includes the provision at FAR 52.204-7, do not separately list the provision 252.225-7049 in the solicitation.

(b) Use the clause at 252.225-7051, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services, in solicitations and contracts for the acquisition of commercial satellite services, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services.

(c) Use the clause at 252.239-7018, Supply Chain Risk, as prescribed at 239.7306(b), when applicable.

SUBPART 225.70—AUTHORIZATION ACTS, APPROPRIATIONS ACTS, AND OTHER STATUTORY RESTRICTIONS ON FOREIGN ACQUISITION

(Revised October 1, 2025)

225.7000 Scope of subpart.

(a) This subpart contains restrictions on the acquisition of foreign products and services, imposed by DoD appropriations and authorization acts and other statutes. Refer to the acts to verify current applicability of the restrictions.

(b) Nothing in this subpart affects the applicability of the Buy American statute or the Balance of Payments Program.

225.7001 Definitions.

As used in this subpart—

"Assembly" means an item forming a portion of a system or subsystem that—

(1) Can be provisioned and replaced as an entity; and

(2) Incorporates multiple, replaceable parts.

"Bearing components" means the bearing element, retainer, inner race, or outer race.

"Component" means any item supplied to the Government as part of an end item or of another component, except that for use in 225.7004-2(b)(6), the term means an article, material, or supply incorporated directly into an end product.

"Covered country" means—

(1) The Democratic People's Republic of North Korea;

(2) The People's Republic of China;

(3) The Russian Federation; and

(4) The Islamic Republic of Iran (10 U.S.C. 4872 and 4875).

"End item," as used in sections 225.7003 and 225.7018, means the final production product when assembled or completed and ready for delivery under a line item of the contract (10 U.S.C. 4863(m)).

"End product" means supplies delivered under a line item of the contract.

"Hand or measuring tools" means those tools listed in Federal supply classifications 51 and 52, respectively.

"Large medium-speed diesel engines" means diesel engines whose revolutions per minute (RPM) fall between 300 and 1500 RPM with a displacement greater than 1500 cubic inches per cylinder.

"Structural component of a tent"—

(1) Means a component that contributes to the form and stability of the tent (e.g., poles, frames, flooring, guy ropes, pegs); and

(2) Does not include equipment such as heating, cooling, or lighting.

"Subsystem" means a functional grouping of items that combine to perform a major function within an end item, such as electrical power, altitude control, and propulsion.

225.7002 Restrictions on food, clothing, fabrics, hand or measuring tools, and flags.

225.7002-1 Restrictions.

(a) The following restrictions implement 10 U.S.C. 4862 (the "Berry Amendment"). Except as provided in section 225.7002-2, do not acquire—

(1) Any of the following items, either as end products or components, unless the items have been grown, reprocessed, reused, or produced in the United States:

(i) Food.

(ii) Clothing and the materials and components thereof, other than sensors, electronics, or other items added to, and not normally associated with, clothing and the materials and components thereof. Clothing includes items such as outerwear, headwear, underwear, nightwear, footwear, hosiery, handwear, belts, badges, and insignia. For additional guidance and examples, see PGI 225.7002-1(a)(1)(ii).

(iii)(A) Tents and the structural components of tents;

(B) Tarpaulins; or

(C) Covers.

(iv) Cotton and other natural fiber products.

(v) Woven silk or woven silk blends.

(vi) Spun silk yarn for cartridge cloth.

(vii) Synthetic fabric or coated synthetic fabric, including all textile fibers and yarns that are for use in such fabrics.

(viii) Canvas products.

(ix) Wool (whether in the form of fiber or yarn or contained in fabrics, materials, or manufactured articles).

(x) Any item of individual equipment (Product or Service Code (PSC) 8465) manufactured from or containing any of the fibers, yarns, fabrics, or materials listed in this paragraph (a)(1).

(2) Hand or measuring tools, unless the tools were produced in the United States. For additional guidance, see PGI 225.7002-1(a)(2).

(b) In accordance with section 8123 of the Department of Defense Appropriations Act, 2014 (Pub. L. 113-76, division C, title VIII), and the same provision in subsequent Defense appropriations acts, except as provided in 225.7002-2, do not acquire a flag of the United States (PSC 8345), unless such flag, including the materials and components thereof, is manufactured in the United States, consistent with the requirements at 10 U.S.C. 4862. This restriction does not apply to the acquisition of any end items or components related to flying or displaying the flag (e.g., flag poles and accessories).

225.7002-2 Exceptions.

Acquisitions in the following categories are not subject to the restrictions in 225.7002-1:

(a) Acquisitions not exceeding $200,000, except for athletic footwear purchased by DoD for use by members of the Army, Navy, Air Force, or Marine Corps upon their initial entry into the Armed Forces (37 U.S.C. 418(b)(4)).

(b) Acquisitions of any of the items in 225.7002-1, if the secretary concerned determines that items grown, reprocessed, reused, or produced in the United States cannot be acquired as and when needed in a satisfactory quality and sufficient quantity at U.S. market prices. (See the requirement in 205.301 for synopsis within 7 days after contract award when using this exception.)

(1) The following officials are authorized, without power of redelegation, to make such a domestic nonavailability determination:

(i) The Under Secretary of Defense (Acquisition and Sustainment).

(ii) The Secretary of the Army.

(iii) The Secretary of the Navy.

(iv) The Secretary of the Air Force.

(v) The Director of the Defense Logistics Agency.

(2) The supporting documentation for the determination shall include an analysis and written certification by the requiring activity, with specificity, why alternatives that would not require a domestic nonavailability determination are unacceptable.

(3) Defense agencies other than the Defense Logistics Agency shall follow the procedures at PGI 225.7002-2(b)(3) when submitting a request for a domestic nonavailability determination.

(c) Acquisitions of items listed in FAR 25.104(a).

(d) Acquisitions outside the United States in support of combat operations.

(e) Acquisitions of perishable foods by or for activities located outside the United States for personnel of those activities.

(f) Acquisitions of food or hand or measuring tools—

(1) In support of contingency operations; or

(2) For which the use of other than competitive procedures has been approved on the basis of unusual and compelling urgency in accordance with FAR 6.302-2.

(g) Emergency acquisitions by activities located outside the United States for personnel of those activities.

(h) Acquisitions by vessels in foreign waters.

(i) Acquisitions of items specifically for commissary resale.

(j) Acquisitions of incidental amounts of cotton, other natural fibers, or wool incorporated in an end product, for which the estimated value of the cotton, other natural fibers, or wool—

(1) Is not more than 10 percent of the total price of the end product; and

(2) Does not exceed the threshold at 225.7002-2(a).

(k) Acquisitions of waste and byproducts of cotton or wool fiber for use in the production of propellants and explosives.

(l) Acquisitions of foods manufactured or processed in the United States, regardless of where the foods (and any component if applicable) were grown or produced. However, in accordance with section 8118 of the DoD Appropriations Act for Fiscal Year 2005 (Pub. L. 108-287), this exception does not apply to fish, shellfish, or seafood manufactured or processed in the United States or fish, shellfish, or seafood contained in foods manufactured or processed in the United States.

(m) Acquisitions of fibers and yarns that are for use in synthetic fabric or coated synthetic fabric (but not the purchase of the synthetic or coated synthetic fabric itself), if—

(1) The fabric is to be used as a component of an end product that is not a textile product. Examples of textile products, made in whole or in part of fabric, include—

(i) Draperies, floor coverings, furnishings, and bedding (Product or Service Group (PSG) 72, Household and Commercial Furnishings and Appliances);

(ii) Items made in whole or in part of fabric in PSG 83, Textile/leather/furs/apparel/findings/tents/flags, or Federal Supply Group 84, Clothing, Individual Equipment and Insignia;

(iii) Upholstered seats (whether for household, office, or other use); and

(iv) Parachutes (PSG 1670); or

(2) The fibers and yarns are para-aramid fibers and continuous filament para-aramid yarns manufactured in a qualifying country.

(n) Acquisitions of chemical warfare protective clothing when the acquisition furthers an agreement with a qualifying country. (See 225.003(10) and the requirement in 205.301 for synopsis within 7 days after contract award when using this exception.)

(o) Acquisitions that are interagency, State, or local purchases that are executed by DoD as a result of the transfer of contracts from the General Services Administration or for which DoD serves as an item manager for products on behalf of the General Services Administration. According to section 897 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114-92), such contracts shall not be subject to requirements under subchapter II of chapter 385, (including 10 U.S.C. 4862), to the extent such contracts are for purchases of products by other Federal agencies or State or local governments.

225.7002-3 Contract clauses.
Unless an exception at 225.7002-2 applies—

(a) Use the clause at 252.225-7012, Preference for Certain Domestic Commodities, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services.

(b) Use the clause at 252.225-7015, Restriction on Acquisition of Hand or Measuring Tools, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that exceed the threshold at 225.7002-2(a) that require delivery of hand or measuring tools.

(c) Use the clause at 252.225-7006, Acquisition of the American Flag, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that are for the acquisition of the American flag, with an estimated value that exceeds the threshold at 225.7002-2(a).

225.7003 Restrictions on acquisition of specialty metals.

225.7003-1 Definitions.
As used in this section—

"Alloy" means a metal consisting of a mixture of a basic metallic element and one or more metallic, or non-metallic, alloying elements.

(1) For alloys named by a single metallic element (e.g., titanium alloy), it means

that the alloy contains 50 percent or more of the named metal (by mass).

(2) If two metals are specified in the name (e.g., nickel-iron alloy), those metals are the two predominant elements in the alloy, and together they constitute 50 percent or more of the alloy (by mass).

"Automotive item"—

(1) Means a self-propelled military transport tactical vehicle, primarily intended for use by military personnel or for carrying cargo, such as—

(i) A high-mobility multipurpose wheeled vehicle;

(ii) An armored personnel carrier; or

(iii) A troop/cargo-carrying truckcar, truck, or van; and

(2) Does not include—

(i) A commercially available off-the-shelf vehicle; or

(ii) Construction equipment (such as bulldozers, excavators, lifts, or loaders) or other self-propelled equipment (such as cranes or aircraft ground support equipment).

"Commercial derivative military article" means an item acquired by the Department of Defense that is or will be produced using the same production facilities, a common supply chain, and the same or similar production processes that are used for the production of articles predominantly used by the general public or by nongovernmental entities for purposes other than governmental purposes.

"Electronic component" means an item that operates by controlling the flow of electrons or other electrically charged particles in circuits, using interconnections of electrical devices such as resistors, inductors, capacitors, diodes, switches, transistors, or integrated circuits. The term does not include structural or mechanical parts of an assembly containing an electronic component and does not include any high performance magnets that may be used in the electronic component.

"High performance magnet" means a permanent magnet that obtains a majority of its magnetic properties from rare earth metals (such as samarium).

"Produce" means—

(1) Atomization;

(2) Sputtering; or

(3) Final consolidation of non-melt derived metal powders.

"Specialty metal" means—

(1) Steel—

(i) With a maximum alloy content exceeding one or more of the following limits: manganese, 1.65 percent; silicon, 0.60 percent; or copper, 0.60 percent; or

(ii) Containing more than 0.25 percent of any of the following elements: aluminum, chromium, cobalt, molybdenum, nickel, niobium (columbium), titanium, tungsten, or vanadium;

(2) Metal alloys consisting of—

(i) Nickel or iron-nickel alloys that contain a total of alloying metals other than nickel and iron in excess of 10 percent; or

(ii) Cobalt alloys that contain a total of alloying metals other than cobalt and iron in excess of 10 percent;

(3) Titanium and titanium alloys; or

(4) Zirconium and zirconium alloys.

"Steel" means an iron alloy that includes between .02 and 2 percent carbon and may include other elements.

225.7003-2 Restrictions.

(a) The following restrictions implement 10 U.S.C. 4863. Except as provided in 225.7003-3—

(1) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at PGI 225.7003-2(a)):

(i) Aircraft.

(ii) Missile or space systems.

(iii) Ships.

(iv) Tank or automotive items.

(v) Weapon systems.

(vi) Ammunition.

(2) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

(b) For more information on specialty metals restrictions and reporting of

noncompliances, see *https://www.acq.osd.mil/asda/dpc/cp/ic/specialty-metals-restrictions.html*.

225.7003-3 Exceptions.

(a) Acquisitions in the following categories are not subject to the restrictions in 225.7003-2:

(1) Acquisitions at or below the simplified acquisition threshold.

(2) Acquisitions outside the United States in support of combat operations.

(3) Acquisitions in support of contingency operations.

(4) Acquisitions for which the use of other than competitive procedures has been approved on the basis of unusual and compelling urgency in accordance with FAR 6.302-2.

(5) Acquisitions of items specifically for commissary resale.

(6) Acquisitions of items for test and evaluation under the foreign comparative testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any acquisitions under follow-on production contracts.

(b) One or more of the following exceptions may apply to an end item or component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in 225.7003-2 do not apply to the following:

(1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic and Critical Materials Board of Directors pursuant to 50 U.S.C. 98h-1, determines that the domestic availability of a particular electronic component is critical to national security.

(2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

(*1*) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

(*2*) The fasteners qualify for the commercial product exception in paragraph (b)(3) of this section.

(ii) If this exception is used for an acquisition of COTS end items valued at $5 million or more per item, the acquiring department or agency shall submit an annual report to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy, in accordance with the procedures at PGI 225.7003-3(b)(2).

(3) Fasteners that are commercial products and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in 225.7003-2(a), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in 225.7003-2 if the USD(A&S), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (i.e., a domestic nonavailability determination). In accordance with 10 U.S.C. 4863(m)(4), the term "required form" in this section refers to the form of the mill product, such as bar, billet, wire, slab, plate, or sheet, in the grade appropriate for the production of a finished end item to be delivered to the Government under this contract; or a finished component assembled into an end item to be delivered to the Government under the contract. See guidance in PGI 225.7003-3(b)(5).

(i) The secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract. The supporting documentation for the determination shall include an analysis and written documentation by the requiring activity, with specificity, why alternatives that would not require a domestic nonavailability determination are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (i.e., a class domestic nonavailability determination), requires the approval of the USD(A&S).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(A&S) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(*1*) Publish a notice in the Governmentwide point of entry (GPE) (*https://www.sam.gov*) of the intent to make the domestic nonavailability

determination; and

(*2*) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(A&S)—

(*1*) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(*2*) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(*3*) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at 252.225-7010; and

(2) The USD(A&S), or the secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at PGI 225.7003-3(c)). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(A&S) may waive the restrictions at 225.7003-2 if the USD(A&S) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at PGI 225.7003-3(d)). This authority may not be delegated.

(1) The written determination of the USD(A&S)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(A&S) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(A&S) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

225.7003-4 Reserved.

225.7003-5 Solicitation provision and contract clauses.

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at 225.7003-2 because the acquisition is covered by an exception in 225.7003-3(a) or (d) (but see paragraph (d) of this section)—

(1) Use the clause at 252.225-7008, Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

(A) Aircraft.

(B) Missile or space systems.

(C) Ships.

(D) Tank or automotive items.

(E) Weapon systems.

(F) Ammunition.

(b) Use the provision at 252.225-7010, Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services—

(1) That contain the clause at 252.225-7009; and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at 225.7003-3(a)(2) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

225.7004 Restrictions on the procurement of goods other than U.S. goods.

225.7004-0 Scope.

This section implements 10 U.S.C. 4864.

225.7004-1 Definitions.

As used in this section—

"National technology and industrial base" means the persons and organizations that are engaged in production activities conducted within the United States, Australia, Canada, New Zealand, and the United Kingdom of Great Britain and Northern Ireland (United Kingdom). (10 U.S.C. 4801)

"Star tracker" means a navigational tool used in a satellite weighing more than 400 pounds whose principal purpose is to support the national security, defense, or intelligence needs of the U.S. Government.

225.7004-2 Restrictions.

Except as provided in 225.7004-3, do not acquire any of the following items, either as end products or components, unless the manufacturer of the items is part of the national technology and industrial base:

(a) Buses, if multipassenger motor vehicles are purchased, leased, rented, or made available under contracts for transportation services.

(b) Components for naval vessels, to the extent they are unique to marine applications (see also 225.7004-4 for implementation of the restriction for naval vessels):

(1) Gyrocompasses.

(2) Electronic navigation chart systems.

(3) Steering controls.

(4) Propulsion and machinery control systems.

(5) Totally enclosed lifeboats.

(6) Welded shipboard anchor and mooring chain. See also 225.7004-5.

(c) Large medium-speed diesel engines for new construction of auxiliary ships using funds available for National Defense Sealift Fund programs or Shipbuilding and Conversion, Navy.

(d) For T-AO 205 and T-ARC class vessels:

(1) Auxiliary equipment, including pumps, for all shipboard services.

(2) Propulsion system components, including engines, reduction gears, and propellers.

(3) Shipboard cranes.

(4) Spreaders for shipboard cranes.

(e) Star trackers.

225.7004-3 Exceptions.

(a) *Contracts under the simplified acquisition threshold.* The restrictions at 225.7004-2 do not apply to a contract or subcontract that does not exceed the simplified acquisition threshold.

(b) *Buses.* The restriction at 225.7004-2(a) does not apply in the following circumstances:

(1) Buses manufactured outside the national technology and industrial base are needed for temporary use because buses manufactured in the national technology and industrial base are not available to satisfy requirements that cannot be postponed.

Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the national technology and industrial base.

(2) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the national technology and industrial base may be used for temporary periods of time. Such use may not however, exceed the period of time needed to meet the special requirement.

(3) Buses manufactured outside the national technology and industrial base are available at no cost to the U.S. Government.

(c) *Components for naval vessels.* The restriction at 225.7004-2(b) does not apply to acquisition of spare or repair parts needed to support components for naval vessels manufactured outside the United States. Support includes the purchase of spare gyrocompasses, electronic navigation chart systems, steering controls, propulsion and machinery control systems, totally enclosed lifeboats, and welded shipboard anchor and mooring chain.

(d) *Components for auxiliary ships.* The restriction at 225.7004-2(c) does not apply to large medium-speed engines for icebreakers or special mission ships.

(e) *Star trackers.* The restriction at 225.7004-2(e) does not apply to acquisition programs that have received Milestone A approval as defined in 10 U.S.C. 4211 before October 1, 2021, as documented by the requiring activity official performing program management responsibilities. The contracting officer shall include the Milestone A approval documentation in the contract file.

225.7004-4 Implementation of restriction on certain naval vessel components.

(a) The statute at 10 U.S.C. 4864(h) prohibits the use of contract clauses or certifications to implement the restriction at 225.7004-2(b) for naval vessel components.

(b) Agencies shall accomplish implementation of the restriction at 225.7004-2(b) through use of management and oversight techniques that achieve the objectives of this section without imposing a significant management burden on the Government or the contractor involved.

225.7004-5 Additional restrictions on anchor and mooring chain.

(a) In accordance with section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, unless—

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) The statute at 10 U.S.C. 4864 also restricts acquisition of welded shipboard anchor and mooring chain, when used as a component of a naval vessel; however, the

Appropriations Act restriction described in paragraph (a) of this section takes precedence over the restriction of 10 U.S.C. 4864 cited in 225.7004-2(b)(6).

225.7004-6 Waiver of restrictions.

(a) *Welded shipboard anchor and mooring chain.*

(1) In accordance with section 8016 of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328), the secretary of the department responsible for acquisition may waive the restrictions in 225.7004-2(b)(6) and 225.7004-5, on a case-by-case basis, if—

(i) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(ii) The acquisition is necessary to acquire capability for national security purposes.

(2) Document the waiver in a written determination and findings containing—

(i) The factors supporting the waiver; and

(ii) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(3) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

(b) *Star trackers.* The waiver criteria at paragraph (c) of this section apply, except that the USD(A&S) may delegate the authority to waive a restriction for a star tracker for a particular foreign country to the service acquisition executive, without power of redelegation (section 1603, National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116-283)).

(c) *Waiver of restrictions of 10 U.S.C. 4864(a).* The restrictions on certain foreign purchases at 225.7004-2 may be waived, except as provided in paragraphs (a) and (b) of this section, as follows:

(1)(i) USD(A&S), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) U.S. producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the national technology and industrial base are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the national technology and industrial base.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of national technology and industrial base origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of national technology and industrial base origin.

225.7004-7 Contract clauses.

(a) Unless a waiver has been granted, use the clause at 252.225-7019, Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that exceed the simplified acquisition threshold and that require welded shipboard anchor or mooring chain.

(b) Use the clause at 252.225-7062, Restriction on Acquisition of Large Medium-Speed Diesel Engines, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that exceed the simplified acquisition threshold and that require large medium-speed diesel engines for new construction of auxiliary ships using funds

available for National Defense Sealift Fund programs or Shipbuilding and Conversion, Navy unless—

(1) An exception at 225.7004-3(d) applies; or

(2) A waiver has been granted.

(c) Unless a waiver has been granted, use the clause at 252.225-7063, Restriction on Acquisition of Components of T-AO 205 and T-ARC Class Vessels, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that exceed the simplified acquisition threshold and that require components of T-AO 205 and T-ARC class vessels.

(d) Use the clause at 252.225-7064, Restriction on Acquisition of Certain Satellite Components, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that exceed the simplified acquisition threshold and that include the acquisition of star trackers unless—

(1) An exception at 225.7004-3(e) applies; or

(2) A waiver has been granted.

225.7005 Reserved.

225.7006 Reserved.

225.7007 Reserved.

225.7008 Reserved.

225.7009 Restriction on ball and roller bearings.

225.7009-1 Scope.
This section implements section 8065 of the Fiscal Year 2002 DoD Appropriations Act (Pub. L. 107-117) and the same restriction in subsequent DoD appropriations acts.

225.7009-2 Restriction.

(a) Do not acquire ball and roller bearings unless—

(1) The bearings are manufactured in the United States or Canada; and

(2) For each ball or roller bearing, the cost of the bearing components manufactured in the United States or Canada exceeds 50 percent of the total cost of the bearing components of that ball or roller bearing.

(b) The restriction at 225.7003-2 may also apply to bearings that are made from specialty metals, such as high carbon chrome steel (bearing steel).

225.7009-3 Exception.

The restriction in 225.7009-2 does not apply to contracts or subcontracts for the acquisition of commercial products, except for commercial ball and roller bearings acquired as end items.

225.7009-4 Waiver.
The secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in 225.7009-2, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7009-5 Contract clause.
Use the clause at 252.225-7016, Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, unless—

(a) The items being acquired are commercial products other than ball or roller bearings acquired as end items;

(b) The items being acquired do not contain ball and roller bearings; or

(c) A waiver has been granted in accordance with 225.7009-4.

225.7010 Reserved.

225.7011 Restriction on carbon, alloy, and armor steel plate.

225.7011-1 Restriction.

(a) In accordance with Section 8111 of the Fiscal Year 1992 DoD Appropriations Act (Pub. L. 102-172) and similar sections in subsequent DoD appropriations acts, do not acquire any of the following types of carbon, alloy, or armor steel plate for use in a Government-owned facility or a facility under the control of (e.g., leased by) DoD, unless it is melted and rolled in the United States or Canada:

(1) Carbon, alloy, or armor steel plate in Federal Supply Class 9515.

(2) Carbon, alloy, or armor steel plate described by specifications of the American Society for Testing Materials or the American Iron and Steel Institute.

(b) This restriction—

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used "as is" or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to

be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

225.7011-2 Waiver.
The secretary of the department responsible for acquisition may waive this restriction, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7011-3 Contract clause.
Unless a waiver has been granted, use the clause at 252.225-7030, Restriction on Acquisition of Carbon, Alloy, and Armor Steel Plate, in solicitations and contracts that—

(a) Require the delivery to the Government of carbon, alloy, or armor steel plate that will be used in a Government-owned facility or a facility under the control of DoD; or

(b) Require contractors operating in a Government-owned facility or a facility under the control of DoD to purchase carbon, alloy, or armor steel plate.

225.7012 Restriction on supercomputers.

225.7012-1 Restriction.
In accordance with Section 8112 of Pub. L. 100-202, and similar sections in subsequent DoD appropriations acts, do not purchase a supercomputer unless it is manufactured in the United States.

225.7012-2 Waiver.
The Secretary of Defense may waive this restriction, on a case-by-case basis, after certifying to the Armed Services and Appropriations Committees of Congress that—

(a) Adequate U.S. supplies are not available to meet requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7012-3 Contract clause.
Unless a waiver has been granted, use the clause at 252.225-7011, Restriction on Acquisition of Supercomputers, in solicitations and contracts for the acquisition of supercomputers.

225.7013 Restrictions on construction or repair of vessels in foreign shipyards.

225.7013-0 Scope.
This section implements 10 U.S.C. 8679 and 10 U.S.C. 8680.

225.7013-1 Definitions.
As used in this section—

"Corrective and preventive maintenance or repair" means—

(1) Maintenance or repair actions performed as a result of a failure in order to return or restore equipment to acceptable performance levels; and

(2) Scheduled maintenance or repair actions to prevent or discover functional failures.

"Facilities maintenance" means the effort required to—

(1) Provide housekeeping services throughout the ship;

(2) Perform coating maintenance and repair to exterior and interior surfaces due to normal environmental conditions; and

(3) Clean mechanical spaces, mission zones, and topside spaces.

225.7013-2 Restrictions.

(a) *Contract award (10 U.S.C. 8679).* Do not award a contract to construct in a foreign shipyard—

(1) A vessel for any of the armed forces; or

(2) A major component of the hull or superstructure of a vessel for any of the armed forces.

(b) *Overhaul, repair, or maintenance (10 U.S.C. 8680).*

(1) Do not overhaul, repair, or maintain, in a shipyard outside the United States or Guam, a naval vessel (or any other vessel under the jurisdiction of the Secretary of the Navy) homeported in the United States or Guam.

(2) This restriction on overhaul, repair, or maintenance does not apply to—

(i) Voyage repairs; or

(ii) Repairs necessary to correct damage sustained due to hostile actions or interventions.

(3) For a naval vessel classified as a littoral combat ship and operating on deployment—

(i) Corrective and preventive maintenance or repair, whether intermediate or depot level, and facilities maintenance may be performed if the work is performed by U.S. Government personnel or U.S. contractor personnel—

(A) In a foreign shipyard;

(B) At a facility outside of a foreign shipyard; or

(C) At any other facility convenient to the vessel;

(ii) Foreign workers may be used to perform corrective and preventive maintenance or repair, only if the Secretary of the Navy, without power of delegation, determines that travel by U.S. Government or contractor personnel to perform the maintenance or repair is not advisable for health or safety reasons; and

(iii) Foreign contractors may perform facilities maintenance only as approved by the Secretary of the Navy.

225.7014 Restrictions on military construction.

(a) For restriction on award of military construction contracts to be performed in the United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf, see 236.273(a).

(b) For restriction on acquisition of steel for use in military construction projects, see 236.274.

225.7015 Restriction on overseas architect-engineer services.
For restriction on award of architect-engineer contracts to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, see 236.602-70.

225.7017 Utilization of domestic photovoltaic devices.

225.7017-1 Definitions.
As used in this section—

"Caribbean Basin country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a Caribbean Basin country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Caribbean Basin country.

"Covered contract" means an energy savings performance contract, a utility services contract, or a private housing contract awarded by DoD, to be performed in the United States, if such contract results in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products. DoD is deemed to own a photovoltaic device if the device is—

(1) Installed in the United States on DoD property or in a facility owned by DoD; and

(2) Reserved for the exclusive use of DoD in the United States for the full economic life of the device.

"Designated country photovoltaic device" means a World Trade Organization Government Procurement Agreement (WTO GPA) country photovoltaic device, a Free Trade Agreement country photovoltaic device, a least developed country photovoltaic device, or a Caribbean Basin country photovoltaic device.

"Domestic photovoltaic device" means a photovoltaic device that is manufactured in the United States.

"Foreign photovoltaic device" means a photovoltaic device other than a domestic photovoltaic device.

"Free Trade Agreement country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a Free Trade Agreement country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Free Trade Agreement country.

"Least developed country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a least developed country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a least developed country.

"Photovoltaic device" means a device that converts light directly into electricity through a solid-state, semiconductor process.

"Qualifying country photovoltaic device" means a photovoltaic device manufactured in a qualifying country.

"U.S.-made photovoltaic device" means a photovoltaic device that—

(1) Is manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of the United States.

"WTO GPA country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a WTO GPA country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a WTO GPA country.

225.7017-2 Restriction.
In accordance with section 846 of the National Defense Authorization Act for Fiscal Year 2011, photovoltaic devices provided under any covered contract shall comply with 41 U.S.C. chapter 83, Buy American, subject to the exceptions to that statute provided in the Trade Agreements Act of 1979 (19 U.S.C. 2501 et seq.).

225.7017-3 Exceptions.
DoD requires the contractor to utilize domestic photovoltaic devices in covered contracts that exceed the simplified acquisition threshold, with the following exceptions:

(a) *Qualifying country.* Qualifying country photovoltaic devices may be utilized in any covered contract, because 225.103(a)(i)(A) provides an exception to the Buy American statute for products of qualifying countries, as defined in 225.003.

(b) *Buy American—unreasonable cost.* For a covered contract that utilizes photovoltaic devices valued at less than $174,000, the exception for unreasonable cost may apply (see FAR 25.103(c)). If the cost of a foreign photovoltaic device plus 50 percent is less than the cost of a domestic photovoltaic device, then the foreign photovoltaic device may be utilized.

(c) *Trade agreements.*

(1) *Free Trade Agreements.* For a covered contract that utilizes photovoltaic devices, photovoltaic devices may be utilized from a country covered under the acquisition by a Free Trade Agreement, depending upon dollar threshold (see FAR subpart 25.4).

(2) *World Trade Organization—Government Procurement Agreement.* For covered contracts that utilize photovoltaic devices that are valued at $174,000 or more, only U.S.-made photovoltaic devices, designated country photovoltaic devices, or qualifying country photovoltaic devices may be utilized.

225.7017-4 Solicitation provision and contract clause.

(a)(1) Use the clause at 252.225-7017, Photovoltaic Devices, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, for a contract expected to exceed the simplified acquisition threshold that may be a covered contract, i.e., an energy savings performance contract, a utility service contract, or a private housing contract awarded by DoD, if such contract will result in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products.

(2) Use the clause in the resultant contract, including contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, if it is a covered contract.

(b) Use the provision at 252.225-7018, Photovoltaic Devices—Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, that contain the clause at 252.225-7017.

225.7018 Restriction on acquisition of certain magnets, tantalum, and tungsten.

225.7018-0 Scope.

This section implements 10 U.S.C. 4872.

225.7018-1 Definitions.

As used in this section—

"Covered material" means—

(1) Samarium-cobalt magnets;

(2) Neodymium-iron-boron magnets;

(3) Tantalum metals and alloys;

(4) Tungsten metal powder; and

(5) Tungsten heavy alloy or any finished or semi-finished component containing tungsten heavy alloy.

"Electronic device" means an item that operates by controlling the flow of electrons or other electrically charged particles in circuits, using interconnections such as resistors, inductors, capacitors, diodes, switches, transistors, or integrated circuits.

"Tungsten heavy alloy" means a tungsten base pseudo alloy that—

(1) Meets the specifications of ASTM B777 or SAE-AMS-T-21014 for a particular class of tungsten heavy alloy; or

(2) Contains at least 90 percent tungsten in a matrix of other metals (such as nickel-iron or nickel-copper) and has density of at least 16.5 g/cm3).

225.7018-2 Restriction.

(a) *General.* Except as provided in 225.7018-3 and 225.7018-4—

(1) Effective through December 31, 2026, do not acquire any covered material melted or produced in any covered country, or any end item, manufactured in any covered country, that contains a covered material; and

(2) Effective January 1, 2027, do not acquire any covered material mined, refined, separated, melted, or produced in any covered country, or any end item, manufactured in any covered country, that contains a covered material. (Section 854, Pub. L. 118-31; 10 U.S.C. 4872.)

(b) *Samarium-cobalt magnets and neodymium-iron-boron magnets.*

(1) Effective through December 31, 2026, for samarium-cobalt magnets and neodymium-iron-boron magnets, this restriction includes—

(i) Melting samarium with cobalt to produce the samarium-cobalt alloy or melting neodymium with iron and boron to produce the neodymium-iron-boron alloy; and

(ii) All subsequent phases of production of the magnets, such as powder formation, pressing, sintering or bonding, and magnetization.

(2) Effective January 1, 2027, for samarium-cobalt magnets this restriction includes the entire supply chain from mining or production of a cobalt and samarium ore or feedstock, including recycled material, through production of finished magnets, except as provided at 225.7018-3.

(3) The restriction on melting and producing of samarium-cobalt magnets is in addition to any applicable restrictions on melting of specialty metals at 225.7003 and the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals.

(4) Effective January 1, 2027, for neodymium-iron-boron magnets, this restriction includes the entire supply chain from mining of neodymium, iron, and boron through production of finished magnets, except as provided at 225.7018-3.

(c) *Tantalum metals and alloys.*

(1) Effective through December 31, 2026, for production of tantalum metals of any kind and alloys, this restriction includes the reduction or melting of any form of tantalum to create tantalum metal including unwrought, powder, mill products, and alloys. The restriction also covers all subsequent phases of production of tantalum metals and alloys.

(2) Effective January 1, 2027, for production of tantalum metals of any kind and alloys, this restriction includes mining or production of a tantalum ore or feedstock, including recycled material, through production of metals of any kind and alloys, except as provided at 225.7018-3.

(d) *Tungsten metal powder and tungsten heavy alloy.*

(1) Effective through December 31, 2026, for production of tungsten metal powder and tungsten heavy alloy, this restriction includes—

(i) Atomization;

(ii) Calcination and reduction into powder;

(iii) Final consolidation of non-melt derived metal powders; and

(iv) All subsequent phases of production of tungsten metal powder, tungsten heavy alloy, or any finished or semi-finished component containing tungsten heavy alloy.

(2) Effective January 1, 2027, for production of tungsten metal powder, tungsten heavy alloy, or any finished or semi-finished component containing tungsten heavy alloy, this restriction includes mining or production of a tungsten ore or feedstock, including recycled material, through production of tungsten metal powders, except as provided at 225.7018-3.

225.7018-3 Exceptions.
The restriction in section 225.7018-2 does not apply to an acquisition—

(a) At or below the simplified acquisition threshold;

(b) Outside the United States of an item for use outside the United States; or

(c) Of an end item containing a covered material that is—

(1) A commercially available off-the-shelf item (but see PGI 225.7018-3(c)(1) with regard to commercially available samarium-cobalt magnets), other than—

(i) A commercially available off-the-shelf item that is—

(A) 50 percent or more tungsten by weight effective through December 31, 2026; or

(B) 50 percent or more covered material by weight effective January 1, 2027;

(ii) Effective through December 31, 2026, a tantalum metal, tantalum alloy, or tungsten heavy alloy mill product, such as bar, billet, slab, wire, cube, sphere, block, blank, plate, or sheet, that has not been incorporated into an end item, subsystem, assembly, or component; or

(iii) Effective January 1, 2027, a covered material that is a mill product, such as bar, billet, slab, wire, cube, sphere, block, blank, plate, or sheet, that has not been incorporated into an end item, subsystem, assembly, or component;

(2) An electronic device, unless the Secretary of Defense, upon the recommendation of the Strategic and Critical Materials Board of Directors pursuant to 50 U.S.C. 98h-1 determines that the domestic availability of a particular electronic device is critical to national security (but see PGI 225.7018-3(c)(2) with regard to samarium-cobalt magnets used in electronic components); or

(3) A neodymium-iron-boron magnet manufactured from recycled material if the milling of the recycled material and sintering of the final magnet takes place in the United States.

(d) If the authorized agency official concerned, as specified in 225.7018-4, determines that compliant covered materials of satisfactory quality and quantity, in the required form, cannot be procured as and when needed at a reasonable price.

(1) For tantalum metal, tantalum alloy, or tungsten heavy alloy, the term "required form" refers to the form of the mill product, such as bar, billet, wire, slab, plate, or sheet, in the grade appropriate for the production of a finished end item to be delivered to the Government under the contract; or a finished component assembled into an end item to be delivered to the Government under the contract.

(2) For samarium-cobalt magnets or neodymium-iron-boron magnets, the term "required form" refers to the form and properties of the magnets.

225.7018-4 Nonavailability determination.

(a) *Individual nonavailability determinations.*

(1) The head of the contracting activity is authorized to make a nonavailability determination described in 225.7018-3(d) on an individual basis (i.e., applies to only one contract).

(2) The supporting documentation for the determination shall include an analysis and written certification by the requiring activity that describes, with specificity, why alternatives that would not require a nonavailability determination are unacceptable. The template for an individual nonavailability determination is available at PGI 225.7018-4(a)(2).

(3) Provide to USD(A&S) DASD (Industrial Policy), in accordance with the procedures at PGI 225.7018-4(a)(3)—

(i) A copy of individual nonavailability determinations with supporting documentation; and

(ii) Notification when individual nonavailability determinations are requested, but denied.

(b) *Class nonavailability determinations.*

A class nonavailability determination (i.e., a nonavailability determinations that applies to more than one contract) requires the approval of the USD(A&S). Follow the procedures at PGI 225.7018-4(b) when submitting a request for a class nonavailability determination.

(1) At least 30 days before making a nonavailability determination that would apply to more than one contract, the USD(A&S) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(i) Publish a notice in the GPE (*https://www.sam.gov*) of the intent to make the nonavailability determination; and

(ii) Solicit information relevant to such notice from interested parties, including producers of mill products from covered materials.

(2) The USD(A&S)—

(i) Will take into consideration all information submitted in response to the notice in making a class nonavailability determination;

(ii) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(iii) Will ensure that any such nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

225.7018-5 Contract clause.
Unless acquiring items outside the United States for use outside the United States or a nonavailability determination has been made in accordance with 225.7018-4, use the clause at 252.225-7052, Restriction on Acquisition of Certain Magnets, Tantalum, and Tungsten, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that exceed the simplified acquisition threshold.

225.7019 Prohibition on use of certain energy sourced from inside the Russian Federation.

225.7019-1 Definitions.
As used in this section—

"Covered military installation" means a military installation in Europe identified by DoD as a main operating base.

"Furnished energy" means energy furnished to a covered military installation in any form and for any purpose, including heating, cooling, and electricity.

"Main operating base" means a facility outside the United States and its territories with permanently stationed operating forces and robust infrastructure.

225.7019-2 Prohibition.
In accordance with section 2821 of the National Defense Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), contracts for the acquisition of furnished energy for a covered military installation shall not use any energy sourced from inside the Russian Federation as a means of generating the furnished energy for the covered military installation. The prohibition—

(a) Applies to all forms of energy that are furnished to a covered military installation; and

(b) Does not apply to energy converted by a third party into another form of energy and not directly delivered to a covered military installation.

225.7019-3 Waiver.

(a) *Request and approval of waiver.* The requiring activity may submit to the contracting activity a request for waiver of the prohibition in 225.7019-2 for a specific contract for the acquisition of furnished energy for a covered military installation. The head of the contracting activity, without power of redelegation, may approve the waiver, upon certification to the congressional defense committees that—

(1) The waiver of section 2821 is necessary to ensure an adequate supply of furnished energy for the covered military installation; and

(2) National security requirements have been balanced against the potential risk associated with reliance upon the Russian Federation for furnished energy.

(b) *Submission of waiver notice.*

(1) Not later than 14 days before the execution of any energy contract for which a waiver is granted under paragraph (a) of this section, the head of the contracting activity shall submit to the congressional defense committees a notice of the waiver. See PGI 225.7019-3 for waiver procedures.

(2) The waiver notice shall include the following:

(i) The rationale for the waiver, including the basis for the certifications required by paragraph (a) of this section.

(ii) An assessment of how the waiver may impact DoD's European energy resilience strategy.

(iii) An explanation of the measures DoD is taking to mitigate the risk of using Russian Federation furnished energy.

225.7019-4 Solicitation provision and contract clause.
Unless a waiver has been granted in accordance with 225.7019-3—

(a) Use the provision at 252.225-7053, Representation Regarding Prohibition on Use of Certain Energy Sourced from Inside the Russian Federation, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services and solicitations at or below the simplified acquisition threshold, that are for the acquisition of furnished energy for a covered military installation; and

(b) Use the clause at 252.225-7054, Prohibition on Use of Certain Energy Sourced from Inside the Russian Federation, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services and solicitations and contracts at or below the simplified acquisition threshold, that are for the acquisition of furnished energy for a covered military installation.

225.7020 Prohibition on contracting with the Maduro regime.

225.7020-1 Definitions.
As used in this section—

"Agency or instrumentality of the government of Venezuela" means an agency or instrumentality of a foreign state as defined in 28 U.S.C. 1603(b), with each reference in section 1603(b) to a foreign state deemed to be a reference to Venezuela.

"Business operations" means engaging in commerce in any form, including acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

"Government of Venezuela" means the government of any political subdivision of Venezuela, and any agency or instrumentality of the government of Venezuela.

"Person" means—

(1) A natural person, corporation, company, business association, partnership, society, trust, or any other nongovernmental entity, organization, or group;

(2) Any governmental entity or instrumentality of a government, including a multilateral development institution (as defined in section 1701(c)(3) of the International Financial Institutions Act (22 U.S.C. 262r(c)(3)); and

(3) Any successor, subunit, parent entity, or subsidiary of, or any entity under common ownership or control with, any entity described in paragraph (1) or (2) of this definition.

225.7020-2 Prohibition.
In accordance with section 890 of the National Defense Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), DoD is prohibited from entering into a contract for the procurement of products or services with any person that has business operations with an authority of the government of Venezuela that is not recognized as the legitimate government of Venezuela by the U.S. Government, except as provided in 225.7020-3 or 225.7020-4.

225.7020-3 Exceptions.
The prohibition in 225.7020-2 does not apply if—

(a) The person has a valid license to operate in Venezuela issued by the Office of Foreign Assets Control of the Department of the Treasury; or

(b) The acquisition is related to the operation and maintenance of the U.S. Government's consular office and diplomatic posts in Venezuela.

225.7020-4 Joint determination.

(a) The prohibition in section 225.7020-2 does not apply to an acquisition jointly determined by the Secretary of Defense and Secretary of State, without power of redelegation, to be—

(1) Necessary for purposes of—

(i) Providing humanitarian assistance to the people of Venezuela;

(ii) Disaster relief and other urgent lifesaving measures; or

(iii) Carrying out noncombatant evacuations; or

(2) Vital to the national security interests of the United States.

(b) Follow the procedures at PGI 225.7020-4(b) when entering into a contract on the basis of a joint determination.

225.7020-5 Solicitation provision and contract clause.

(a) Use the provision at 252.225-7055, Representation Regarding Business Operations with the Maduro Regime, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, that include the clause at 252.225-7056, Prohibition Regarding Business Operations with the Maduro Regime.

(b) Unless the exception at 225.7020-3(b) applies or a joint determination has been made in accordance with 225.7020-4, use the clause at 252.225-7056, Prohibition Regarding Business Operations with the Maduro Regime, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services.

225.7021 Disclosure requirements for employment transparency regarding individuals who perform work in the People's Republic of China.
See PGI 225.7021 for additional procedures regarding disclosures.

225.7021-1 Definitions.
As used in this section—

"Covered contract" means any DoD contract or subcontract with a value in excess of $5 million, not including contracts for commercial products and commercial services.

"Covered entity" means any corporation, company, limited liability company, limited partnership, business trust, business association, or other similar entity, including any subsidiary thereof, performing work on a covered contract in the People's Republic of China, including by leasing or owning real property used in the performance of the covered contract in the People's Republic of China.

225.7021-2 Restrictions.
In accordance with section 855 of the National Defense Authorization Act for Fiscal Year 2022 (Pub. L. 117-81, 10 U.S.C. 4651 note prec.), do not award, extend, or exercise an option on a covered contract unless a covered entity has submitted each required disclosure.

225.7021-3 National security waiver of disclosure.

The senior procurement executive (SPE) may waive the disclosure requirements at 225.7021-2 if the SPE determines in writing that such disclosure would not be in the national security interests of the United States. This authority may not be delegated. See PGI 225.7021-3 for procedures and content requirements regarding the SPE's written determination.

225.7021-4 Solicitation provision and contract clause.

(a) Use the provision at 252.225-7057, Preaward Disclosure of Employment of Individuals Who Work in the People's Republic of China, in solicitations that include the clause at 252.225-7058.

(b) Unless a waiver has been granted, use the clause at 252.225-7058, Postaward Disclosure of Employment of Individuals Who Work in the People's Republic of China, in solicitations and contracts with an estimated value in excess of $5 million.

225.7022 Prohibition on certain procurements from the Xinjiang Uyghur Autonomous Region.

225.7022–1 Scope.
This section implements section 855 of the National Defense Authorization Act for Fiscal Year 2023 (Pub. L. 117-263) and 10 U.S.C. 4661.

225.7022-2 Definitions.
As used in this section—

"Forced labor" means any work or service that is exacted from any person under the menace of any penalty for nonperformance and that the worker does not offer to perform (10 U.S.C. 2496).

"XUAR" means the Xinjiang Uyghur Autonomous Region of the People's Republic of China (10 U.S.C. 2496).

225.7022-3 Prohibition.
Contracting officers shall not award a contract utilizing funds appropriated or otherwise made available for any fiscal year for any products mined, produced, or manufactured wholly or in part by forced labor from XUAR or from an entity that has used labor from within or transferred from XUAR as part of any forced labor programs, unless an exception applies.

225.7022-4 Exceptions.
The prohibition at 225.7022-3 does not apply to—

(a) Purchases under the micro-purchase threshold made using the Governmentwide commercial purchase card; or

(b) Purchases using the SF 44 in accordance with 213.306.

225.7022-5 Solicitation provision and contract clause.

(a) Use the provision at 252.225-7059, Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region—Representation, in solicitations, including

solicitations using FAR part 12 procedures for the acquisition of commercial products, commercial services, and COTS items, that contain the clause at 252.225-7060, Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region.

(b) Use the clause at 252.225-7060, Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region, in solicitations, contracts, and orders for products utilizing funds appropriated or otherwise made available for any fiscal year, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products, commercial services, and COTS items.

225.7023 Restriction on acquisition of personal protective equipment and certain other items from non-allied foreign nations.

225.7023-1 Definitions.
As used in this section—

"Covered item" means an article or item of—

(1) Personal protective equipment for use in preventing spread of disease, such as by exposure to infected individuals or contamination or infection by infectious material, including—

(i) Nitrile and vinyl gloves;

(ii) Surgical masks;

(iii) Respirator masks and powered air purifying respirators and required filters;

(iv) Face shields and protective eyewear;

(v) Surgical and isolation gowns and head and foot coverings; or

(vi) Clothing; and

(vii) The materials and components thereof, other than sensors, electronics, or other items added to and not normally associated with such personal protective equipment or clothing; or

(2) Sanitizing and disinfecting wipes, testing swabs, gauze, and bandages.

225.7023-2 Restriction.
Except as provided in 225.7023-3, do not acquire a covered item from a covered country in accordance with 10 U.S.C. 4875.

225.7023-3 Exceptions.
The restriction in section 225.7023-2 does not apply to acquisitions—

(a) Of covered items for use outside of the United States;

(b) At or below $200,000; or

(c)(1) If the head of the contracting activity determines that a covered item of satisfactory quality and quantity, in the required form, cannot be procured as and when needed from nations other than a covered country to meet requirements at a reasonable price.

(2) The contracting officer shall include a copy of any such determination in the contract file.

225.7023-4 Contract clause.
Unless an exception applies, use the clause at 252.225-7061, Restriction on the Acquisition of Personal Protective Equipment and Certain Other Items from Non-Allied Foreign Nations, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products, including COTS items, and commercial services, and that—

(a) Are for the acquisition of covered items;

(b) Are for use within the United States; and

(c) Have an estimated value greater than $200,000.

225.7024 Restriction on acquisition of fuel for overseas contingency operations.

225.7024-1 Scope.
This section implements section 843 of the National Defense Authorization Act for Fiscal Year 2022 (Pub. L. 117-81), for the acquisition of fuel for overseas contingency operations.

225.7024-2 Prohibition.
Contracting officers shall not award, for an overseas contingency operation, a contract for fuel, in whole or in part, or derivatives of such fuel, that is sourced from nations or regions prohibited from selling petroleum to the United States. See FAR subpart 25.7 and the Office of Foreign Assets Control website at *https://ofac.treasury.gov/sanctions-programs-and-country-information* for prohibited sources.

225.7024-3 Procedures.

(a) For contracts for the acquisition of fuel for overseas contingency operations, including contracts using FAR part 12 procedures, expected to exceed the simplified acquisition threshold, the contracting officer—

(1) May request records from the prospective contractor to verify compliance with the following statutes and regulations only when the head of the contracting activity determines in writing that it is necessary:

(i) The Foreign Corrupt Practices Act (15 U.S.C. 78dd-1 *et seq*.).

(ii) International Traffic in Arms Regulations at 22 CFR 120 through 130 (see PGI 225.7901-2).

(iii) Export Administration Regulations at 15 CFR 730 through 774 (see PGI 225.7901-2).

(iv) Relevant regulations promulgated by the Office of Foreign Assets Control of the Department of the Treasury. Sanction information for specific countries and programs is available at *https://ofac.treasury.gov/sanctions-programs-and-country-information*.

(2) To the maximum extent practicable, shall not disqualify an otherwise responsible offeror on the basis of an unsupported denial of access to a facility or equipment by a host-nation government. The provision at 252.225-7065, Restriction on Acquisition of Fuel for Overseas Contingency Operations, requires offerors to report promptly to the contracting officer, prior to award, any instance of unsupported denial of access to a facility or equipment by a host-nation government that may prevent it from complying with the terms and conditions of the solicitation.

(b) See 215.101-71 for the requirement to consider using a tradeoff process.

225.7024-4 Solicitation provision.
Use the provision at 252.225-7065, Restriction on Acquisition of Fuel for Overseas Contingency Operations, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, that are for the acquisition of fuel for overseas contingency operations and are expected to exceed the simplified acquisition threshold.

SUBPART 225.72—REPORTING CONTRACT PERFORMANCE OUTSIDE THE UNITED STATES

(Revised October 1, 2025)

225.7201 Policy.

10 U.S.C. 4603 requires offerors and contractors to notify DoD of any intention to perform any part of a DoD contract outside the United States and Canada that—

(a) Exceeds $900,000 in value; and

(b) Could be performed inside the United States or Canada.

225.7202 Exception.

This subpart does not apply to contracts for commercial products, commercial services, construction, ores, natural gas, utilities, petroleum products and crudes, timber (logs), or subsistence.

225.7203 Contracting officer distribution of reports.

Follow the procedures at PGI 225.7203 for distribution of reports submitted with offers in accordance with the provision at 252.225-7003, Report of Intended Performance Outside the United States and Canada—Submission with Offer.

225.7204 Solicitation provision and contract clauses.

Except for acquisitions described in 225.7202—

(a) Use the provision at 252.225-7003, Report of Intended Performance Outside the United States and Canada—Submission with Offer, in solicitations with a value exceeding $20 million; and

(b) Use the clause at 252.225-7004, Report of Intended Performance Outside the United States and Canada—Submission after Award, in solicitations and contracts with a value exceeding $20 million.

SUBPART 225.77—ACQUISITIONS IN SUPPORT OF OPERATIONS IN AFGHANISTAN

(Revised October 1, 2025)

225.7700 Scope.

This subpart implements—

(a) Section 892 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181);

(b) Section 886 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181), as amended by section 842 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239);

(c) Section 826 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239); and

(d) The determinations by the Deputy Secretary of Defense regarding participation of the countries of the South Caucasus or Central and South Asia in acquisitions in support of operations in Afghanistan.

(e) Section 1216 of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L. 114-328).

225.7701 Definitions.

As used in this subpart—

"Product from Afghanistan" means a product that is mined, produced, or manufactured in Afghanistan.

"Service from Afghanistan" means a service including construction that is performed in Afghanistan predominantly by citizens or permanent resident aliens of Afghanistan.

"Small arms" means pistols and other weapons less than 0.50 caliber.

"Source from Afghanistan" means a source that—

(1) Is located in Afghanistan; and

(2) Offers products or services from Afghanistan.

"Textile component" is defined in the clause at 252.225-7029, Acquisition of Uniform Components for Afghan Military or Afghan National Police.

225.7702 Acquisitions not subject to the enhanced authority to acquire products or services from Afghanistan.

225.7702-1 Acquisition of small arms.

(a) Except as provided in paragraph (b) of this section, when acquiring small arms for assistance to the Army of Afghanistan, the Afghani Police Forces, or other Afghani security organizations—

(1) Use full and open competition to the maximum extent practicable, consistent with the provisions of 10 U.S.C. 3201;

(2) If use of other than full and open competition is justified in accordance with FAR Subpart 6.3, ensure that—

(i) No responsible U.S. manufacturer is excluded from competing for the acquisition; and

(ii) Products manufactured in the United States are not excluded from the competition; and

(3) If the exception at FAR 6.302-2 (unusual and compelling urgency) applies, do not exclude responsible U.S. manufacturers or products manufactured in the United States from the competition for the purpose of administrative expediency. However, such an offer may be rejected if it does not meet delivery schedule requirements.

(b) Paragraph (a)(2) of this section does not apply when—

(1) The exception at FAR 6.302-1 (only one or a limited number of responsible sources) applies, and the only responsible source or sources are not U.S. manufacturers or are not offering products manufactured in the United States; or

(2) The exception at FAR 6.302-4 (international agreement) applies, and United States manufacturers or products manufactured in the United States are not the source(s) specified in the written directions of the foreign government reimbursing the agency for the cost of the acquisition of the property or services for such government.

225.7702-2 Acquisition of uniform components for the Afghan military or the Afghan police.

Any textile components supplied by DoD to the Afghan National Army or the Afghan National Police for purpose of production of uniforms shall be produced in the United States.

225.7703 Enhanced authority to acquire products or services from Afghanistan.

225.7703-1 Acquisition procedures.

(a) Subject to the requirements of 225.7703-2, except as provided in 225.7702, a product or service (including construction), in support of operations in Afghanistan, may be acquired by—

(1) Providing a preference for products or services from Afghanistan in accordance with the evaluation procedures at 225.7703-3;

(2) Limiting competition to products or services from Afghanistan; or

(3) Using procedures other than competitive procedures to award a contract to a particular source or sources from Afghanistan. When other than competitive procedures are used, the contracting officer shall document the contract file with the rationale for selecting the particular source(s).

(b) For acquisitions conducted using a procedure specified in paragraph (a) of this subsection, the justification and approval addressed in FAR Subpart 6.3 is not required.

(c) When issuing solicitations and contracts for performance in Afghanistan, follow the procedures at PGI 225.7703-1(c).

225.7703-2 Determination requirements.
Before use of a procedure specified in 225.7703-1(a), a written determination must be prepared and executed as follows:

(a) For products or services to be used only by the military forces, police, or other security personnel of Afghanistan, the contracting officer shall—

(1) Determine in writing that the product or service is to be used only by the military forces, police, or other security personnel of Afghanistan; and

(2) Include the written determination in the contract file.

(b) For products or services not limited to use by the military forces, police, or other security personnel of Afghanistan, the following requirements apply:

(1) The appropriate official specified in paragraph (b)(2) of this subsection must determine in writing that it is in the national security interest of the United States to use a procedure specified in 225.7703-1(a), because—

(i) The procedure is necessary to provide a stable source of jobs in Afghanistan; and

(ii) Use of the procedure will not adversely affect—

(A) Operations in Afghanistan (including security, transition, reconstruction, and humanitarian relief activities); or

(B) The U.S. industrial base. The authorizing official generally may presume that there will not be an adverse effect on the U.S. industrial base. However, when in doubt, the authorizing official should coordinate with the applicable subject matter expert specified in PGI 225.7703-2(b).

(2) Determinations may be made for an individual acquisition or a class of acquisitions meeting the criteria in paragraph (b)(1) of this section as follows:

(i) The head of the contacting activity is authorized to make a determination that applies to an individual acquisition with a value of less than $150 million.

(ii) The Principal Director, Defense Pricing, Contracting, and Acquisition Policy, and the following officials, without power of redelegation, are authorized to make

a determination that applies to an individual acquisition with a value of $150 million or more or to a class of acquisitions:

(A) Defense Logistics Agency Component Acquisition Executive.

(B) Army Acquisition Executive.

(C) Navy Acquisition Executive.

(D) Air Force Acquisition Executive.

(E) Commander of the United States Central Command Joint Theater Support Contracting Command (C–JTSCC).

(3) The contracting officer—

(i) Shall include the applicable written determination in the contract file; and

(ii) Shall ensure that each contract action taken pursuant to the authority of a class determination is within the scope of the class determination, and shall document the contract file for each action accordingly.

(c) See PGI 225.7703-2(c) for formats for use in preparation of the determinations required by this subsection.

225.7703-3 Evaluating offers.
Evaluate offers submitted in response to solicitations that include the provision at 252.225-7023, Preference for Products or Services from Afghanistan, as follows:

(a) If the low offer is an offer of a product or service from Afghanistan, award on that offer.

(b) If there are no offers of a product or service from Afghanistan, award on the low offer.

(c) Otherwise, apply the evaluation factor specified in the solicitation to the low offer.

(1) If the price of the low offer of a product or service from Afghanistan is less than the evaluated price of the low offer, award on the low offer of a product or service from Afghanistan.

(2) If the evaluated price of the low offer remains less than the low offer of a product or service from Afghanistan, award on the low offer.

225.7703-4 Solicitation provisions and contract clauses.

(a) Use the provision at 252.225-7023, Preference for Products or Services from Afghanistan, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, that provide a preference for products or services from Afghanistan in accordance with 225.7703-

1(a)(1). The contracting officer may modify the 50 percent evaluation factor in accordance with contracting office procedures.

(b) Use the clause at 252.225-7024, Requirement for Products or Services from Afghanistan, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial products and commercial services, that include the provision at 252.225-7023, Preference for Products or Services from Afghanistan, and in the resulting contract.

(c) Use the clause at 252.225-7026, Acquisition Restricted to Products or Services from Afghanistan, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, that—

(1) Are restricted to the acquisition of products or services from Afghanistan in accordance with 225.7703-1(a)(2); or

(2) Will be directed to a particular source or sources from Afghanistan in accordance with 225.7703-1(a)(3).

(d) Use the clause at 252.225-7029, Acquisition of Uniform Components for Afghan Military or Afghan National Police, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, for the acquisition of any textile components that DoD intends to supply to the Afghan National Army or the Afghan National Police for purposes of production of uniforms.

(e) When the Trade Agreements Act applies to the acquisition, use the appropriate clause and provision as prescribed at 225.1101 (5), and (6).

(f) Do not use any of the following provisions or clauses in solicitations or contracts that include the provision at 252.225-7023, the clause at 252.225-7024, or the clause at 252.225-7026:

(1) 252.225-7000, Buy American—Balance of Payments Program Certificate.

(2) 252.225-7001, Buy American and Balance of Payments Program.

(3) 252.225-7002, Qualifying Country Sources as Subcontractors.

(4) 252.225-7035, Buy American—Free Trade Agreements—Balance of Payments Program Certificate.

(5) 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program.

(6) 252.225-7044, Balance of Payments Program—Construction Material.

(7) 252.225-7045, Balance of Payments Program—Construction Material Under Trade Agreements.

(g) Do not use the following clause or provision in solicitations or contracts that include the clause at 252.225-7026:

(1) 252.225-7020, Trade Agreements Certificate.

(2) 252.225-7021, Trade Agreements.

225.7704 Acquisitions of products and services from South Caucasus/Central and South Asian (SC/CASA) state in support of operations in Afghanistan.

225.7704-1 Applicability of trade agreements.
As authorized by the United States Trade Representative, the Secretary of Defense has waived the prohibition in section 302(a) of the Trade Agreements Act (see subpart 225.4) for acquisitions by DoD, and by GSA on behalf of DoD, of products and services from SC/CASA states in direct support of operations in Afghanistan.

225.7704-2 Applicability of Balance of Payments Program.
The Deputy Secretary of Defense has determined, because of importance to national security, that it would be inconsistent with the public interest to apply the provisions of the Balance of Payments Program (see subpart 225.75) to offers of end products other than arms, ammunition, and war materials (i.e., end products listed in 225.401-70) and construction materials from the SC/CASA states that are being acquired by or on behalf of DoD in direct support of operations in Afghanistan.

225.7704-3 Solicitation provisions and contract clauses.
Appropriate solicitation provisions and contract clauses are prescribed as alternates to the Buy American-Trade Agreements-Balance of Payments Program solicitation provisions and contract clauses prescribed at 225.1101 and 225.7503.

225.7705 Prohibition on use of funds for contracts of certain programs and projects in Afghanistan that cannot be safely accessed.
This section implements section 1216 of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L. 114-328).

225.7705-1 Prohibition.
The contracting officer shall not obligate or expend funds for a construction or other infrastructure program or project of the Department in Afghanistan if military or civilian personnel of the United States Government or their representatives, with authority to conduct oversight of such program or project, cannot safely access such program or project. In limited circumstances, this prohibition may be waived in accordance with section 225.7705-2.

225.7705-2 Waiver of prohibition.

(a) The prohibition in 225.7705-1 may be waived upon issuance of a determination, approved in accordance with paragraph (b) of this section, that—

(1) The program or project clearly contributes to United States national interests or strategic objectives;

(2) The Government of Afghanistan has requested or expressed a need for the program or project;

(3) The program or project has been coordinated with the Government of Afghanistan, and with any other implementing agencies or international donors;

(4) Security conditions permit effective implementation and oversight of the program or project;

(5) Safeguards to detect, deter, and mitigate corruption and waste, fraud, and abuse of funds are in place;

(6) Adequate arrangements have been made for the sustainment of the program or project following its completion, including arrangements with respect to funding and technical capacity for sustainment; and

(7) Meaningful metrics have been established to measure the progress and effectiveness of the program or project in meeting its objectives.

(b) The following officials are authorized to approve the determination described in paragraph (a) of this section:

(1) In the case of a program or project with an estimated lifecycle cost of less than $1 million, by the contracting officer.

(2) In the case of a program or project with an estimated lifecycle cost of $1 million or more, but less than $20 million, by the senior U.S. officer in the Combined Security Transition Command-Afghanistan.

(3) In the case of a program or project with an estimated lifecycle cost of $20 million or more, but less than $40 million, by the Commander of United States Forces-Afghanistan.

(4) In the case of a program or project with an estimated lifecycle cost of $40 million or more, by the Secretary of Defense.

(c) Congressional notification is required within 15 days of issuance of a determination to waive the prohibition for programs or projects valued at $40 million or more in accordance with paragraph (b)(4) of this section.

225.7705-3 Procedures.

(a) The contracting officer shall not obligate or expend funds for contracts for a construction or other infrastructure program or project in Afghanistan, awarded after December 23, 2016, unless the requiring activity provides the following documentation:

(1) Written affirmation that military or civilian personnel of the United States Government or their representatives, with authority to conduct oversight of such program or project, can safely access such program or project; or

(2)(i) For programs or projects valued at less than $1 million, sufficient information upon which to base the determination described in 225.7705-2(a); or

(ii)(A) For programs or projects valued at $1 million or more, a copy of the

approved determination described in 225.7705-2(a) and (b); and

(B) For programs or projects valued at $40 million or more, a copy of the Congressional notification described in 225.7705-2(c).

(b) After contract award, the contracting officer shall review the requiring activity's progress reports (e.g., contracting officer's representative reports) that addresses whether access continues to be safe or security conditions continue to permit effective implementation and oversight of the contract. If the requiring activity does not affirm continued safe access or, if a determination to waive the prohibition has been approved, that security conditions continue to permit effective implementation and oversight of the contract, then the contracting officer shall consult with the requiring activity to take any appropriate actions.

SUBPART 236.3—TWO-PHASE DESIGN-BUILD SELECTION PROCEDURES

(Revised October 1, 2025)

236.303-1 Phase One.

(a)(4) In lieu of the limitations on the maximum number of offerors that may be selected to submit phase-two proposals at FAR 36.303-1(a)(4), for DoD—

(i) If the contract value exceeds $5.5 million, the maximum number of offerors specified in the solicitation that are to be selected to submit phase-two proposals shall not exceed five, unless—

(A) The solicitation is issued for an indefinite-delivery indefinite-quantity contract for design-build construction; or

(B) The head of the contracting activity, delegable to a level no lower than the senior contracting official within the contracting activity, approves the contracting officer's decision with respect to an individual solicitation, that a maximum number greater than five is in the best interest of the Government and is consistent with the purposes and objectives of the two-phase selection procedures. The decision shall be documented in the contract file (10 U.S.C. 3241(d)).

(ii) If the contract value is at or below $5.5 million, the maximum number of offerors specified in the solicitation that are to be selected to submit phase-two proposals is at the discretion of the contracting officer.

SUBPART 246.4—GOVERNMENT CONTRACT QUALITY ASSURANCE

(Revised October 1, 2025)

246.401 General.

The requirement for a quality assurance surveillance plan shall be addressed and documented in the contract file for each contract except for those awarded using simplified acquisition procedures. For contracts for services, the contracting officer should prepare a quality assurance surveillance plan to facilitate assessment of contractor performance, see 237.172. For contracts for supplies, the contracting officer should address the need for a quality assurance surveillance plan.

246.402 Government contract quality assurance at source.

Do not require Government contract quality assurance at source for contracts or delivery orders valued below $400,000, unless—

(1) Mandated by DoD regulation;

(2) Required by a memorandum of agreement between the acquiring department or agency and the contract administration agency; or

(3) The contracting officer determines that—

(i) Contract technical requirements are significant (e.g., the technical requirements include drawings, test procedures, or performance requirements);

(ii) The product being acquired—

(A) Has critical characteristics;

(B) Has specific features identified that make Government contract quality assurance at source necessary; or

(C) Has specific acquisition concerns identified that make Government contract quality assurance at source necessary; and

(iii) The contract is being awarded to—

(A) A manufacturer or producer; or

(B) A non-manufacturer or non-producer and specific Government verifications have been identified as necessary and feasible to perform.

246.404 Government contract quality assurance for acquisitions at or below the simplified acquisition threshold.

Do not require Government contract quality assurance at source for contracts or delivery orders valued at or below the simplified acquisition threshold unless the criteria at 246.402 have been met.

246.406 Foreign governments.

(1) *Quality assurance among North Atlantic Treaty Organization (NATO) countries.*

(i) NATO Standardization Agreement (STANAG) 4107, Mutual Acceptance of Government Quality Assurance and Usage of the Allied Quality Assurance Publications—

(A) Contains the processes, procedures, terms, and conditions under which one NATO member nation will perform quality assurance for another NATO member nation or NATO organization;

(B) Standardizes the development, updating, and application of the Allied Quality Assurance Publications; and

(C) Has been ratified by the United States and other nations in NATO with certain reservations identified in STANAG 4107.

(ii) Departments and agencies shall follow STANAG 4107 when—

(A) Asking a NATO member nation to perform quality assurance; or

(B) Performing quality assurance when requested by a NATO member nation or NATO organization.

(2) *International military sales (non-NATO).* Departments and agencies shall—

(i) Perform quality assurance services on international military sales contracts or in accordance with existing agreements;

(ii) Inform host or U.S. Government personnel and contractors on the use of quality assurance publications; and

(iii) Delegate quality assurance to the host government when satisfactory services are available.

(3) *Reciprocal quality assurance agreements.* A Memorandum of Understanding (MOU) with a foreign country may contain an annex that provides for the reciprocal performance of quality assurance services. MOUs should be checked to determine whether such an annex exists for the country where a defense contract will be performed. (See Subpart 225.8 for more information about MOUs.)

246.407 Nonconforming supplies or services.

(f) If nonconforming material or services are discovered after acceptance, the defect appears to be the fault of the contractor, any warranty has expired, and there are no other contractual remedies, the contracting officer—

(i) Shall notify the contractor in writing of the nonconforming material or service;

(ii) Shall request that the contractor repair or replace the material, or perform the service, at no cost to the Government; and

(iii) May accept consideration if offered. For guidance on solicitation of a refund, see Subpart 242.71.

(S-70) The head of the design control activity is the approval authority for acceptance of any nonconforming aviation or ship critical safety items or nonconforming modification, repair, or overhaul of such items (see 209.270). Authority for acceptance of minor nonconformances in aviation or ship critical safety items may be delegated as determined appropriate by the design control activity. See additional information at PGI 246.407.

246.408 Single-agency assignments of Government contract quality assurance.

246.408-70 Subsistence.

(a) The Surgeons General of the military departments are responsible for—

(1) Acceptance criteria;

(2) Technical requirements; and

(3) Inspection procedures needed to assure wholesomeness of foods.

(b) The contracting office may designate any Federal activity, capable of assuring wholesomeness and quality in food, to perform quality assurance for subsistence contract items. The designation may—

(1) Include medical service personnel of the military departments; and

(2) Be on a reimbursable basis.

246.408-71 Aircraft.

(a) The Federal Aviation Administration (FAA) has certain responsibilities and prerogatives in connection with some commercial aircraft and of aircraft equipment and accessories (Pub. L. 85-726 (72 Stat 776, 49 U.S.C. 1423)). This includes the issuance of various certificates applicable to design, manufacture, and airworthiness.

(b) FAA evaluations are not a substitute for normal DoD evaluations of the contractor's quality assurance measures. Actual records of FAA evaluations may be of use to the contract administration office (CAO) and should be used to their maximum advantage.

(c) The CAO shall ensure that the contractor possesses any required FAA certificates prior to acceptance.

246.470 Government contract quality assurance actions.

246.470-1 Assessment of additional costs.

(a) Under the clause at FAR 52.246-2, Inspection of Supplies—Fixed-Price, after considering the factors in paragraph (c) of this subsection, the quality assurance

representative (QAR) may believe that the assessment of additional costs is warranted. If so, the representative shall recommend that the contracting officer take the necessary action and provide a recommendation as to the amount of additional costs. Costs are based on the applicable Federal agency, foreign military sale, or public rate in effect at the time of the delay, reinspection, or retest.

(b) If the contracting officer agrees with the QAR, the contracting officer shall—

(1) Notify the contractor, in writing, of the determination to exercise the Government's right under the clause at FAR 52.246-2, Inspection of Supplies--Fixed-Price; and

(2) Demand payment of the costs in accordance with the collection procedures contained in FAR Subpart 32.6.

(c) In making a determination to assess additional costs, the contracting officer shall consider—

(1) The frequency of delays, reinspection, or retest under both current and prior contracts;

(2) The cause of such delay, reinspection, or retest; and

(3) The expense of recovering the additional costs.

246.470-2 Quality evaluation data.
The contract administration office shall establish a system for the collection, evaluation, and use of the types of quality evaluation data specified in PGI 246.470-2.

246.471 Authorizing shipment of supplies.

(a) *General.*

(1) Ordinarily, a representative of the contract administration office signs or stamps the shipping papers that accompany Government source-inspected supplies to release them for shipment. This is done for both prime and subcontracts.

(2) An alternative procedure (see paragraph (b) of this section) permits the contractor to assume the responsibility for releasing the supplies for shipment.

(3) The alternative procedure may include prime contractor release of supplies inspected at a subcontractor's facility.

(4) The use of the alternative procedure releases DoD manpower to perform technical functions by eliminating routine signing or stamping of the papers accompanying each shipment.

(b) *Alternative Procedures—Contract Release for Shipment.*

(1) For foreign military sales contracts, do not use alternative procedures.

(2) The contract administration office may authorize, in writing, the contractor to release supplies for shipment when—

(i) The stamping or signing of the shipping papers by a representative of the contract administration office interferes with the operation of the Government contract quality assurance program or takes too much of the Government representative's time;

(ii) There is sufficient continuity of production to permit the Government to establish a systematic and continuing evaluation of the contractor's control of quality; and

(iii) The contractor has a record of satisfactory quality, including that pertaining to preparation for shipment.

(3) The contract administration office shall withdraw, in writing, the authorization when there is an indication that the conditions in paragraph (b)(2) of this section no longer exist.

(4) When the alternative procedure is used, require the contractor to—

(i) Type or stamp, and sign, the following statement on the required copy or copies of the shipping paper(s), or on an attachment—

> The supplies in this shipment—
>
> 1. Have been subjected to and have passed all examinations and tests required by the contract;
>
> 2. Were shipped in accordance with authorized shipping instructions;
>
> 3. Conform to the quality, identity, and condition called for by the contract; and
>
> 4. Are of the quantity shown on this document.
>
> This shipment was—
>
> 1. Released in accordance with section 246.471 of the Defense FAR Supplement; and
>
> 2. Authorized by (name and title of the authorized representative of the contract administration office) in a letter dated (date of authorizing letter). (Signature and title of contractor's designated official.)

(ii) Release and process, in accordance with established instructions, the DD Form 250, Material Inspection and Receiving Report, or other authorized receiving report.

246.472 Inspection stamping.

(a) DoD quality inspection approval marking designs (stamps) may be used for both prime contracts and subcontracts. Follow the procedures at PGI 246.472(a) for use of DoD inspection stamps.

(b) Policies and procedures regarding the use of National Aeronautics and Space Administration (NASA) quality status stamps are contained in NASA publications. When requested by NASA centers, the DoD inspector shall use NASA quality status stamps in accordance with current NASA requirements.

SUBPART 250.1—EXTRAORDINARY CONTRACTUAL ACTIONS

(Revised October 1, 2025)

250.100 Definitions.

"Secretarial level," as used in this subpart, means—

(1) An official at or above the level of an Assistant Secretary (or Deputy) of Defense or of the Army, Navy, or Air Force; and

(2) A contract adjustment board established by the Secretary concerned.

250.101 General.

250.101-2 Policy.

250.101-2-70 Limitations on payment.

See 10 U.S.C. 3862 for limitations on Congressionally directed payment of a request for equitable adjustment to contract terms or a request for relief under Public Law 85-804.

250.101-3 Records.

Follow the procedures at PGI 250.101-3 for preparation of records.

250.102 Delegation of and limitations on exercise of authority.

250.102-1 Delegation of authority.

(b) Authority under FAR 50.104 to approve actions obligating $90,000 or less may not be delegated below the level of the head of the contracting activity.

(d) In accordance with the acquisition authority of the Under Secretary of Defense (Acquisition and Sustainment (USD(A&S)) under 10 U.S.C. 133b, in addition to the Secretary of Defense and the Secretaries of the military departments, the USD(A&S) may exercise authority to indemnify against unusually hazardous or nuclear risks.

250.102-1-70 Delegations.

(a) *Military departments.* The Departments of the Army, Navy, and Air Force will specify delegations and levels of authority for actions under the Act and the Executive Order in departmental supplements or agency acquisition guidance.

(b) *Defense agencies.* Subject to the restrictions on delegations of authority in 250.102-1(b) and FAR 50.102-1, the directors of the defense agencies may exercise and redelegate the authority contained in the Act and the Executive Order. The agency supplements or agency acquisition guidance shall specify the delegations and levels of authority.

(1) Requests to obligate the Government in excess of $90,000 must be submitted to the USD(A&S) for approval.

(2) Requests for indemnification against unusually hazardous or nuclear risks must be submitted to the USD(A&S) for approval before using the indemnification clause at FAR 52.250-1, Indemnification Under Public Law 85-804.

(c) *Approvals.* The Secretary of the military department or the agency director must approve any delegations in writing.

250.102-2 Contract adjustment boards.
The Departments of the Army, Navy, and Air Force each have a contract adjustment board. The board consists of a Chair and not less than two nor more than six other members, one of whom may be designated the Vice-Chair. A majority constitutes a quorum for any purpose and the concurring vote of a majority of the total board membership constitutes an action of the board. Alternates may be appointed to act in the absence of any member.

250.103 Contract adjustments.

250.103-3 Contract adjustment.

(a) Contractor requests should be filed with the procuring contracting officer (PCO). However, if filing with the PCO is impractical, requests may be filed with an authorized representative, an administrative contracting officer, or the Office of General Counsel of the applicable department or agency, for forwarding to the cognizant PCO.

250.103-5 Processing cases.

(1) At the time the request is filed, the activity shall prepare the record described at PGI 250.101-3(1)(i) and forward it to the appropriate official within 30 days after the close of the month in which the record is prepared.

(2) The officer or official responsible for the case shall forward to the contract adjustment board, through departmental channels, the documentation described at PGI 250.103-5.

(3) Contract adjustment boards will render decisions as expeditiously as practicable. The Chair shall sign a memorandum of decision disposing of the case. The decision shall be dated and shall contain the information required by FAR 50.103-6. The memorandum of decision shall not contain any information classified "Confidential" or higher. The board's decision will be sent to the appropriate official for implementation.

250.103-6 Disposition.
For requests denied or approved below the Secretarial level, follow the disposition procedures at PGI 250.103-6.

250.104 Residual powers.

250.104-3 Special procedures for unusually hazardous or nuclear risks.

250.104-3-70 Indemnification under contracts involving both research and development and other work.

When indemnification is to be provided on contracts requiring both research and development work and other work, the contracting officer shall insert an appropriate clause using the authority of both 10 U.S.C. 3861 and Public Law 85-804.

(a) The use of Public Law 85-804 is limited to work which cannot be indemnified under 10 U.S.C. 3861 and is subject to compliance with FAR 50.104.

(b) Indemnification under 10 U.S.C. 3861 is covered by 235.070.

(Revised October 1, 2025)

252.204-7000 Disclosure of Information.
As prescribed in 204.404-70(a), use the following clause:

DISCLOSURE OF INFORMATION (OCT 2016)

(a) The Contractor shall not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document), pertaining to any part of this contract or any program related to this contract, unless—

(1) The Contracting Officer has given prior written approval;

(2) The information is otherwise in the public domain before the date of release; or

(3) The information results from or arises during the performance of a project that involves no covered defense information (as defined in the clause at DFARS 252.204-7012) and has been scoped and negotiated by the contracting activity with the contractor and research performer and determined in writing by the contracting officer to be fundamental research (which by definition cannot involve any covered defense information), in accordance with National Security Decision Directive 189, National Policy on the Transfer of Scientific, Technical and Engineering Information, in effect on the date of contract award and the Under Secretary of Defense (Acquisition, Technology, and Logistics) memoranda on Fundamental Research, dated May 24, 2010, and on Contracted Fundamental Research, dated June 26, 2008 (available at DFARS PGI 204.4).

(b) Requests for approval under paragraph (a)(1) shall identify the specific information to be released, the medium to be used, and the purpose for the release. The Contractor shall submit its request to the Contracting Officer at least 10 business days before the proposed date for release.

(c) The Contractor agrees to include a similar requirement, including this paragraph (c), in each subcontract under this contract. Subcontractors shall submit requests for authorization to release through the prime contractor to the Contracting Officer.

(End of clause)

252.204-7001 Reserved.

252.204-7002 Payment for Contract Line or Subline Items Not Separately Priced.
As prescribed in 204.7109(a), use the following clause:

PAYMENT FOR CONTRACT LINE OR SUBLINE ITEMS NOT SEPARATELY PRICED (APR 2020)

(a) If the schedule in this contract contains any contract line or subline items identified as not separately priced (NSP), it means that the unit price for the NSP line or subline item is included in the unit price of another, related line or subline item.

(b) The Contractor shall not invoice the Government for an item that includes in its price an NSP item until—

(1) The Contractor has also delivered the NSP item included in the price of the item being invoiced; and

(2) The Government has accepted the NSP item.

(c) This clause does not apply to technical data.

(End of clause)

252.204-7003 Control of Government Personnel Work Product.
As prescribed in 204.404-70(b), use the following clause:

CONTROL OF GOVERNMENT PERSONNEL WORK PRODUCT (APR 1992)

The Contractor's procedures for protecting against unauthorized disclosure of information shall not require Department of Defense employees or members of the Armed Forces to relinquish control of their work products, whether classified or not, to the Contractor.

(End of clause)

252.204-7004 Antiterrorism Awareness Training for Contractors.
As prescribed in 204.7203, use the following clause:

ANTITERRORISM AWARENESS TRAINING FOR CONTRACTORS
(JAN 2023)

(a) *Definition.* As used in this clause—

"Military installation" means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

(b) *Training.* Contractor personnel who require routine physical access to a Federally-controlled facility or military installation shall complete Level I antiterrorism awareness training within 30 days of requiring access and annually thereafter. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I antiterrorism awareness training shall be completed—

(1) Through a DoD-sponsored and certified computer or web-based distance learning instruction for Level I antiterrorism awareness; or

(2) Under the instruction of a Level I antiterrorism awareness instructor.

(c) *Additional information.* Information and guidance pertaining to DoD antiterrorism awareness training is available at *https://jko.jten.mil/* or as otherwise identified in the performance work statement.

(d) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial products and commercial services, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

(End of clause)

252.204-7005 Reserved.

252.204-7006 Billing Instructions—Cost Vouchers.
As prescribed in 204.7109(b), use the following clause:

BILLING INSTRUCTIONS—COST VOUCHERS (MAY 2023)

When submitting a request for payment using a cost voucher, the Contractor shall—

(a) Identify the contract line item(s) on the payment request that reasonably reflect contract work performance; and

(b) Separately identify a payment amount for each contract line item included in the payment request.

(End of clause)

252.204-7007 Alternate A, Annual Representations and Certifications.
As prescribed in 204.1202, use the following provision:

ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (OCT 2025)

Substitute the following paragraphs (b), (d), and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at FAR 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at FAR 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

___ (i) Paragraph (e) applies.

___ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services—Representation. Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment—Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services—Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of $200,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)—Representation. Applies to solicitations and contracts when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)—Representation. Applies to solicitations and contracts when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer: *[Contracting Officer check as appropriate.]*

___ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

___ (ii) 252.225-7000, Buy American—Balance of Payments Program Certificate.

___ (iii) 252.225-7020, Trade Agreements Certificate.

___ Use with Alternate I.

___ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

___ (v) 252.225-7035, Buy American—Free Trade Agreements—Balance of Payments Program Certificate.

___ Use with Alternate I.

___ Use with Alternate II.

___ Use with Alternate III.

___Use with Alternate IV.

___ Use with Alternate V.

___ (vi) 252.226-7002, Representation for Demonstration Project for Contractors Employing Persons with Disabilities.

___ (vii) 252.232-7015, Performance-Based Payments—Representation.

(e) The Offeror has completed the annual representations and certifications electronically via the SAM website at *https://www.sam.gov*. After reviewing the SAM database information, the Offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-8(c) and paragraph (d) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below *[Offeror to insert changes, identifying change by provision number, title, date]*. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR/DFARS Provision #	Title	Date	Change

Any changes provided by the Offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications located in the SAM database.

(End of provision)

252.204-7008 Compliance with Safeguarding Covered Defense Information Controls.
As prescribed in 204.7304(a), use the following provision:

COMPLIANCE WITH SAFEGUARDING COVERED DEFENSE INFORMATION CONTROLS (OCT 2016)

(a) *Definitions*. As used in this provision—

"Controlled technical information," "covered contractor information system," "covered defense information," "cyber incident," "information system," and "technical information" are defined in clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting.

(b) The security requirements required by contract clause 252.204-7012, shall be implemented for all covered defense information on all covered contractor information systems that support the performance of this contract.

(c) For covered contractor information systems that are not part of an information technology service or system operated on behalf of the Government (see 252.204-7012(b)(2)—

(1) By submission of this offer, the Offeror represents that it will implement the security requirements specified by National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171 "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations" (see http://dx.doi.org/10.6028/NIST.SP.800-171) that are in effect at the time the solicitation is issued or as authorized by the contracting officer not later than December 31, 2017.

(2)(i) If the Offeror proposes to vary from any of the security requirements specified by NIST SP 800-171 that are in effect at the time the solicitation is issued or as authorized by the Contracting Officer, the Offeror shall submit to the Contracting Officer, for consideration by the DoD Chief Information Officer (CIO), a written explanation of—

(A) Why a particular security requirement is not applicable; or

(B) How an alternative but equally effective, security measure is used to compensate for the inability to satisfy a particular requirement and achieve equivalent protection.

(ii) An authorized representative of the DoD CIO will adjudicate offeror requests to vary from NIST SP 800-171 requirements in writing prior to contract award. Any accepted variance from NIST SP 800-171 shall be incorporated into the resulting contract.

(End of provision)

252.204-7009 Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.
As prescribed in 204.7304(b), use the following clause:

LIMITATIONS ON THE USE OR DISCLOSURE OF THIRD-PARTY CONTRACTOR REPORTED CYBER INCIDENT INFORMATION (JAN 2023)

(a) *Definitions.* As used in this clause—

"Compromise" means disclosure of information to unauthorized persons, or a violation of the security policy of a system, in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object, or the copying of information to unauthorized media may have occurred.

"Controlled technical information" means technical information with military or space application that is subject to controls on the access, use, reproduction, modification, performance, display, release, disclosure, or dissemination. Controlled technical information would meet the criteria, if disseminated, for distribution

statements B through F using the criteria set forth in DoD Instruction 5230.24, Distribution Statements on Technical Documents. The term does not include information that is lawfully publicly available without restrictions.

"Covered defense information" means unclassified controlled technical information or other information (as described in the Controlled Unclassified Information (CUI) Registry at http://www.archives.gov/cui/registry/category-list.html) that requires safeguarding or dissemination controls pursuant to and consistent with law, regulations, and Governmentwide policies, and is—

(1) Marked or otherwise identified in the contract, task order, or delivery order and provided to the contractor by or on behalf of DoD in support of the performance of the contract; or

(2) Collected, developed, received, transmitted, used, or stored by or on behalf of the contractor in support of the performance of the contract.

"Cyber incident" means actions taken through the use of computer networks that result in a compromise or an actual or potentially adverse effect on an information system and/or the information residing therein.

"Information system" means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

"Media" means physical devices or writing surfaces including, but is not limited to, magnetic tapes, optical disks, magnetic disks, large-scale integration memory chips, and printouts onto which covered defense information is recorded, stored, or printed within a covered contractor information system.

"Technical information" means technical data or computer software, as those terms are defined in the clause at DFARS 252.227-7013, Rights in Technical Data-Other Than Commercial Products and Commercial Services, regardless of whether or not the clause is incorporated in this solicitation or contract. Examples of technical information include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, technical orders, catalog-item identifications, data sets, studies and analyses and related information, and computer software executable code and source code.

(b) *Restrictions.* The Contractor agrees that the following conditions apply to any information it receives or creates in the performance of this contract that is information obtained from a third-party's reporting of a cyber incident pursuant to DFARS clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting (or derived from such information obtained under that clause):

(1) The Contractor shall access and use the information only for the purpose of furnishing advice or technical assistance directly to the Government in support of the Government's activities related to clause 252.204-7012, and shall not be used for any other purpose.

(2) The Contractor shall protect the information against unauthorized release or disclosure.

(3) The Contractor shall ensure that its employees are subject to use and non-disclosure obligations consistent with this clause prior to the employees being provided access to or use of the information.

(4) The third-party contractor that reported the cyber incident is a third-party beneficiary of the non-disclosure agreement between the Government and Contractor, as required by paragraph (b)(3) of this clause.

(5) A breach of these obligations or restrictions may subject the Contractor to—

(i) Criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(ii) Civil actions for damages and other appropriate remedies by the third party that reported the cyber incident, as a third party beneficiary of this clause.

(c) *Subcontracts.* The Contractor shall include this clause, including this paragraph (c), in subcontracts, or similar contractual instruments, for services that include support for the Government's activities related to safeguarding covered defense information and cyber incident reporting, including subcontracts for commercial products and commercial services, without alteration, except to identify the parties.

(End of clause)

252.204-7010 Requirement for Contractor to Notify DoD if the Contractor's Activities are Subject to Reporting Under the U.S.-International Atomic Energy Agency Additional Protocol.

As prescribed in 204.470-3, use the following clause:

REQUIREMENT FOR CONTRACTOR TO NOTIFY DOD IF THE CONTRACTOR'S ACTIVITIES ARE SUBJECT TO REPORTING UNDER THE U.S.-INTERNATIONAL ATOMIC ENERGY AGENCY ADDITIONAL PROTOCOL (JAN 2009)

(a) If the Contractor is required to report any of its activities in accordance with Department of Commerce regulations (15 CFR Part 781 *et seq*.) or Nuclear Regulatory Commission regulations (10 CFR Part 75) in order to implement the declarations required by the U.S.-International Atomic Energy Agency Additional Protocol (U.S.-IAEA AP), the Contractor shall—

(1) Immediately provide written notification to the following DoD Program Manager:

[Contracting Officer to insert Program Manager's name, mailing address, e-mail address, telephone number, and facsimile number];

(2) Include in the notification—

(i) Where DoD contract activities or information are located relative to the activities or information to be declared to the Department of Commerce or the Nuclear Regulatory Commission; and

(ii) If or when any current or former DoD contract activities and the activities to be declared to the Department of Commerce or the Nuclear Regulatory Commission have been or will be co-located or located near enough to one another to result in disclosure of the DoD activities during an IAEA inspection or visit; and

(3) Provide a copy of the notification to the Contracting Officer.

(b) After receipt of a notification submitted in accordance with paragraph (a) of this clause, the DoD Program Manager will—

(1) Conduct a security assessment to determine if and by what means access may be granted to the IAEA; or

(2) Provide written justification to the component or agency treaty office for a national security exclusion, in accordance with DoD Instruction 2060.03, Application of the National Security Exclusion to the Agreements Between the United States of America and the International Atomic Energy Agency for the Application of Safeguards in the United States of America. DoD will notify the Contractor if a national security exclusion is applied at the Contractor's location to prohibit access by the IAEA.

(c) If the DoD Program Manager determines that a security assessment is required—

(1) DoD will, at a minimum—

(i) Notify the Contractor that DoD officials intend to conduct an assessment of vulnerabilities to IAEA inspections or visits;

(ii) Notify the Contractor of the time at which the assessment will be conducted, at least 30 days prior to the assessment;

(iii) Provide the Contractor with advance notice of the credentials of the DoD officials who will conduct the assessment; and

(iv) To the maximum extent practicable, conduct the assessment in a manner that does not impede or delay operations at the Contractor's facility; and

(2) The Contractor shall provide access to the site and shall cooperate with DoD officials in the assessment of vulnerabilities to IAEA inspections or visits.

(d) Following a security assessment of the Contractor's facility, DoD officials will notify the Contractor as to—

(1) Whether the Contractor's facility has any vulnerabilities where potentially declarable activities under the U.S.-IAEA AP are taking place;

(2) Whether additional security measures are needed; and

(3) Whether DoD will apply a national security exclusion.

(e) If DoD applies a national security exclusion, the Contractor shall not grant access to IAEA inspectors.

(f) If DoD does not apply a national security exclusion, the Contractor shall apply managed access to prevent disclosure of program activities, locations, or information in the U.S. declaration.

(g) The Contractor shall not delay submission of any reports required by the Department of Commerce or the Nuclear Regulatory Commission while awaiting a DoD response to a notification provided in accordance with this clause.

(h) The Contractor shall incorporate the substance of this clause, including this paragraph (h), in all subcontracts that are subject to the provisions of the U.S.-IAEA AP.

(End of clause)

252.204-7011 Reserved.

252.204-7012 Safeguarding Covered Defense Information and Cyber Incident Reporting.
As prescribed in 204.7304(c), use the following clause:

SAFEGUARDING COVERED DEFENSE INFORMATION AND CYBER INCIDENT REPORTING (MAY 2024)

(a) *Definitions*. As used in this clause—

"Adequate security" means protective measures that are commensurate with the consequences and probability of loss, misuse, or unauthorized access to, or modification of information.

"Compromise" means disclosure of information to unauthorized persons, or a violation of the security policy of a system, in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object, or the copying of information to unauthorized media may have occurred.

"Contractor attributional/proprietary information" means information that identifies the contractor(s), whether directly or indirectly, by the grouping of information that can be traced back to the contractor(s) (e.g., program description, facility locations), personally identifiable information, as well as trade secrets, commercial or financial information, or other commercially sensitive information that is not customarily shared outside of the company.

"Controlled technical information" means technical information with military or space application that is subject to controls on the access, use, reproduction, modification, performance, display, release, disclosure, or dissemination. Controlled technical information would meet the criteria, if disseminated, for distribution statements B through F using the criteria set forth in DoD Instruction 5230.24, Distribution Statements on Technical Documents. The term does not include information that is lawfully publicly available without restrictions.

"Covered contractor information system" means an unclassified information system that is owned, or operated by or for, a contractor and that processes, stores, or transmits covered defense information.

"Covered defense information" means unclassified controlled technical information or other information, as described in the Controlled Unclassified Information (CUI) Registry at http://www.archives.gov/cui/registry/category-list.html, that requires safeguarding or dissemination controls pursuant to and consistent with law, regulations, and Governmentwide policies, and is—

(1) Marked or otherwise identified in the contract, task order, or delivery order and provided to the contractor by or on behalf of DoD in support of the performance of the contract; or

(2) Collected, developed, received, transmitted, used, or stored by or on behalf of the contractor in support of the performance of the contract.

"Cyber incident" means actions taken through the use of computer networks that result in a compromise or an actual or potentially adverse effect on an information system and/or the information residing therein.

"Forensic analysis" means the practice of gathering, retaining, and analyzing computer-related data for investigative purposes in a manner that maintains the integrity of the data.

"Information system" means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

"Malicious software" means computer software or firmware intended to perform an unauthorized process that will have adverse impact on the confidentiality, integrity, or availability of an information system. This definition includes a virus, worm, Trojan horse, or other code-based entity that infects a host, as well as spyware and some forms of adware.

"Media" means physical devices or writing surfaces including, but is not limited to, magnetic tapes, optical disks, magnetic disks, large-scale integration memory chips, and printouts onto which covered defense information is recorded, stored, or printed within a covered contractor information system.

"Operationally critical support" means supplies or services designated by the Government as critical for airlift, sealift, intermodal transportation services, or logistical support that is essential to the mobilization, deployment, or sustainment of the Armed Forces in a contingency operation.

"Rapidly report" means within 72 hours of discovery of any cyber incident.

"Technical information" means technical data or computer software, as those terms are defined in the clause at DFARS 252.227-7013, Rights in Technical Data—Other Than Commercial Products and Commercial Services, regardless of whether or not the clause is incorporated in this solicitation or contract. Examples of technical information include research and engineering data, engineering drawings, and associated lists,

specifications, standards, process sheets, manuals, technical reports, technical orders, catalog-item identifications, data sets, studies and analyses and related information, and computer software executable code and source code.

(b) *Adequate security*. The Contractor shall provide adequate security on all covered contractor information systems. To provide adequate security, the Contractor shall implement, at a minimum, the following information security protections:

(1) For covered contractor information systems that are part of an Information Technology (IT) service or system operated on behalf of the Government, the following security requirements apply:

(i) Cloud computing services shall be subject to the security requirements specified in the clause 252.239-7010, Cloud Computing Services, of this contract.

(ii) Any other such IT service or system (i.e., other than cloud computing) shall be subject to the security requirements specified elsewhere in this contract.

(2) For covered contractor information systems that are not part of an IT service or system operated on behalf of the Government and therefore are not subject to the security requirement specified at paragraph (b)(1) of this clause, the following security requirements apply:

(i) Except as provided in paragraph (b)(2)(ii) of this clause, the covered contractor information system shall be subject to the security requirements in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations" (available via the internet at *https://csrc.nist.gov/publications/sp800*) in effect at the time the solicitation is issued or as authorized by the Contracting Officer.

(ii)(A) The Contractor shall implement NIST SP 800-171, as soon as practical, but not later than December 31, 2017. For all contracts awarded prior to October 1, 2017, the Contractor shall notify the DoD Chief Information Officer (CIO), via email at osd.dibcsia@mail.mil, within 30 days of contract award, of any security requirements specified by NIST SP 800-171 not implemented at the time of contract award.

(B) The Contractor shall submit requests to vary from NIST SP 800-171 in writing to the Contracting Officer, for consideration by the DoD CIO. The Contractor need not implement any security requirement adjudicated by an authorized representative of the DoD CIO to be nonapplicable or to have an alternative, but equally effective, security measure that may be implemented in its place.

(C) If the DoD CIO has previously adjudicated the contractor's requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets

security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (*https://www.fedramp.gov/documents-templates/*) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.

(c) *Cyber incident reporting requirement.*

(1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall—

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor's network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor's ability to provide operationally critical support; and

(ii) Rapidly report cyber incidents to DoD at https://dibnet.dod.mil.

(2) *Cyber incident report.* The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at https://dibnet.dod.mil.

(3) *Medium assurance certificate requirement.* In order to report cyber incidents in accordance with this clause, the Contractor or subcontractor shall have or acquire a DoD-approved medium assurance certificate to report cyber incidents. For information on obtaining a DoD-approved medium assurance certificate, see https://public.cyber.mil/eca/.

(d) *Malicious software.* When the Contractor or subcontractors discover and isolate malicious software in connection with a reported cyber incident, submit the malicious software to DoD Cyber Crime Center (DC3) in accordance with instructions provided by DC3 or the Contracting Officer. Do not send the malicious software to the Contracting Officer.

(e) *Media preservation and protection.* When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known

affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) *Access to additional information or equipment necessary for forensic analysis.* Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.

(g) *Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) *DoD safeguarding and use of contractor attributional/proprietary information.* The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) *Use and release of contractor attributional/proprietary information not created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD—

(1) To entities with missions that may be affected by such information;

(2) To entities that may be called upon to assist in the diagnosis, detection, or mitigation of cyber incidents;

(3) To Government entities that conduct counterintelligence or law enforcement investigations;

(4) For national security purposes, including cyber situational awareness and defense purposes (including with Defense Industrial Base (DIB) participants in the program at 32 CFR part 236); or

(5) To a support services contractor ("recipient") that is directly supporting Government activities under a contract that includes the clause at 252.204-7009, Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.

(j) *Use and release of contractor attributional/proprietary information created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph

(i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government's use and release of such information.

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) *Other safeguarding or reporting requirements.* The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) *Subcontracts*. The Contractor shall—

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve covered defense information, including subcontracts for commercial products or commercial services, without alteration, except to identify the parties. The Contractor shall determine if the information required for subcontractor performance retains its identity as covered defense information and will require protection under this clause, and, if necessary, consult with the Contracting Officer; and

(2) Require subcontractors to—

(i) Notify the prime Contractor (or next higher-tier subcontractor) when submitting a request to vary from a NIST SP 800-171 security requirement to the Contracting Officer, in accordance with paragraph (b)(2)(ii)(B) of this clause; and

(ii) Provide the incident report number, automatically assigned by DoD, to the prime Contractor (or next higher-tier subcontractor) as soon as practicable, when reporting a cyber incident to DoD as required in paragraph (c) of this clause.

(End of clause)

252.204-7013 Reserved.

252.204-7014 Limitations on the Use or Disclosure of Information by Litigation Support Contractors.

As prescribed in 204.7403(a), use the following clause:

LIMITATIONS ON THE USE OR DISCLOSURE OF INFORMATION BY LITIGATION SUPPORT CONTRACTORS (JAN 2023)

(a) *Definitions*. As used in this clause—

"Computer software" means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or

recompiled. Computer software does not include computer data bases or computer software documentation.

"Litigation information" means any information, including sensitive information, that is furnished to the contractor by or on behalf of the Government, or that is generated or obtained by the contractor in the performance of litigation support work under a contract. The term does not include information that is lawfully, publicly available without restriction, including information contained in a publicly available solicitation.

"Litigation support" means administrative, technical, or professional services provided in support of the Government during or in anticipation of litigation.

"Litigation support contractor" means a contractor (including its experts, technical consultants, subcontractors, and suppliers) providing litigation support under a contract that contains this clause.

"Sensitive information" means controlled unclassified information of a commercial, financial, proprietary, or privileged nature. The term includes technical data and computer software, but does not include information that is lawfully, publicly available without restriction.

"Technical data" means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(b) *Limitations on use or disclosure of litigation information.* Notwithstanding any other provision of this contract, the Contractor shall—

(1) Access and use litigation information only for the purpose of providing litigation support under this contract;

(2) Not disclose litigation information to any entity outside the Contractor's organization unless, prior to such disclosure the Contracting Officer has provided written consent to such disclosure;

(3) Take all precautions necessary to prevent unauthorized disclosure of litigation information;

(4) Not use litigation information to compete against a third party for Government or nongovernment contracts; and

(5) Upon completion of the authorized litigation support activities, destroy or return to the Government at the request of the Contracting Officer all litigation information in its possession.

(c) Violation of paragraph (b)(1), (b)(2), (b)(3), (b)(4), or (b)(5) of this clause, is a basis for the Government to terminate this contract.

(d) *Indemnification and creation of third party beneficiary rights.* The Contractor agrees—

(1) To indemnify and hold harmless the Government, its agents, and employees from any claim or liability, including attorneys' fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of any litigation information; and

(2) That any third party holding proprietary rights or any other legally protectable interest in any litigation information, in addition to any other rights it may have, is a third party beneficiary under this contract who shall have a right of direct action against the Contractor, and against any person to whom the Contractor has released or disclosed such litigation information, for any such unauthorized use or disclosure of such information.

(e) *Contractor employees.* The Contractor shall ensure that its employees are subject to use and nondisclosure obligations consistent with this clause prior to the employees being provided access to or use of any litigation information covered by this clause.

(f) *Subcontracts.* Include the substance of this clause, including this paragraph (f), in all subcontracts, including subcontracts for commercial products or commercial services.

(End of clause)

252.204-7015 Notice of Authorized Disclosure of Information for Litigation Support.

As prescribed in 204.7403(b), use the following clause:

NOTICE OF AUTHORIZED DISCLOSURE OF INFORMATION FOR LITIGATION SUPPORT (JAN 2023)

(a) *Definitions.* As used in this clause—

"Computer software" means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer data bases or computer software documentation.

"Litigation support" means administrative, technical, or professional services provided in support of the Government during or in anticipation of litigation.

"Litigation support contractor" means a contractor (including its experts, technical consultants, subcontractors, and suppliers) providing litigation support under a contract that contains the clause at 252.204-7014, Limitations on the Use or Disclosure of Information by Litigation Support Contractors.

"Sensitive information" means controlled unclassified information of a commercial, financial, proprietary, or privileged nature. The term includes technical data and computer software, but does not include information that is lawfully, publicly available without restriction.

"Technical data" means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(b) *Notice of authorized disclosures.* Notwithstanding any other provision of this solicitation or contract, the Government may disclose to a litigation support contractor, for the sole purpose of litigation support activities, any information, including sensitive information, received--

(1) Within or in connection with a quotation or offer; or

(2) In the performance of or in connection with a contract.

(c) *Subcontracts.* Include the substance of this clause, including this paragraph (c), in all subcontracts, including subcontracts for commercial products or commercial services.

(End of clause)

252.204-7016 Covered Defense Telecommunications Equipment or Services—Representation.
As prescribed in 204.2105(a), use the following provision:

COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES—REPRESENTATION (DEC 2019)

(a) *Definitions.* As used in this provision, "covered defense telecommunications equipment or services" has the meaning provided in the clause 252.204-7018, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.

(b) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov/) for entities excluded from receiving federal awards for "covered defense telecommunications equipment or services".

(c) *Representation.* The Offeror represents that it [ ] does, [ ] does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(End of provision)

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services—Representation.
As prescribed in 204.2105(b), use the following provision:

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES—REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services—Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at *https://www.sam.gov* for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services—Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it [ ] will [ ] will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

252.204-7018 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.
As prescribed in 204.2105(c), use the following clause:

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES (JAN 2023)

(a) *Definitions*. As used in this clause—

"Covered defense telecommunications equipment or services" means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation, or any subsidiary or affiliate of such entities;

(2) Telecommunications services provided by such entities or using such equipment; or

(3) Telecommunications equipment or services produced or provided by an entity that the Secretary of Defense reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

"Covered foreign country" means—

(1) The People's Republic of China; or

(2) The Russian Federation.

"Covered missions" means—

(1) The nuclear deterrence mission of DoD, including with respect to nuclear command, control, and communications, integrated tactical warning and attack assessment, and continuity of Government; or

(2) The homeland defense mission of DoD, including with respect to ballistic missile defense.

"Critical technology" means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

"Substantial or essential component" means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition*. In accordance with section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91), the contractor shall not provide to the Government any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless the covered defense telecommunication equipment or services are covered by a waiver described in Defense Federal Acquisition Regulation Supplement 204.2104.

(c) *Procedures*. The Contractor shall review the list of excluded parties in the System for Award Management (SAM) at *https://www.sam.gov* for entities that are excluded when providing any equipment, system, or service, to carry out covered missions, that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Reporting*.

(1) In the event the Contractor identifies covered defense telecommunications equipment or services used as a substantial or essential

component of any system, or as critical technology as part of any system, during contract performance, the Contractor shall report at *https://dibnet.dod.mil* the information in paragraph (d)(2) of this clause.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause:

(i) Within 3 business days from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 30 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of a covered defense telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial products or commercial services.

(End of clause)

252.204-7019 Notice of NIST SP 800-171 DoD Assessment Requirements. As prescribed in 204.7304(d), use the following provision:

NOTICE OF NIST SP 800-171 DOD ASSESSMENT REQUIREMENTS (NOV 2023)

(a) *Definitions*.

"Basic Assessment", "Medium Assessment", and "High Assessment" have the meaning given in the clause 252.204-7020, NIST SP 800-171 DoD Assessments.

"Covered contractor information system" has the meaning given in the clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting, of this solicitation.

(b) *Requirement*. In order to be considered for award, if the Offeror is required to implement NIST SP 800-171, the Offeror shall have a current assessment (i.e., not more than 3 years old unless a lesser time is specified in the solicitation) (see 252.204-7020) for each covered contractor information system that is relevant to the offer, contract, task order, or delivery order. The Basic, Medium, and High NIST SP 800-171 DoD Assessments are described in the NIST SP 800-171 DoD Assessment Methodology located at *https://www.acq.osd.mil/asda/dpc/cp/cyber/docs/safeguarding/NIST-SP-800-171-Assessment-Methodology-Version-1.2.1-6.24.2020.pdf*.

(c) *Procedures.*

(1) The Offeror shall verify that summary level scores of a current NIST SP 800-171 DoD Assessment (i.e., not more than 3 years old unless a lesser time is specified in the solicitation) are posted in the Supplier Performance Risk System (SPRS) (https://www.sprs.csd.disa.mil/) for all covered contractor information systems relevant to the offer.

(2) If the Offeror does not have summary level scores of a current NIST SP 800-171 DoD Assessment (i.e., not more than 3 years old unless a lesser time is specified in the solicitation) posted in SPRS, the Offeror may conduct and submit a Basic Assessment to webptsmh@navy.mil for posting to SPRS in the format identified in paragraph (d) of this provision.

(d) *Summary level scores.* Summary level scores for all assessments will be posted 30 days post-assessment in SPRS to provide DoD Components visibility into the summary level scores of strategic assessments.

(1) *Basic Assessments.* An Offeror may follow the procedures in paragraph (c)(2) of this provision for posting Basic Assessments to SPRS.

(i) The email shall include the following information:

(A) Cybersecurity standard assessed (e.g., NIST SP 800-171 Rev 1).

(B) Organization conducting the assessment (e.g., Contractor self-assessment).

(C) For each system security plan (security requirement 3.12.4) supporting the performance of a DoD contract—

(*1*) All industry Commercial and Government Entity (CAGE) code(s) associated with the information system(s) addressed by the system security plan; and

(*2*) A brief description of the system security plan architecture, if more than one plan exists.

(D) Date the assessment was completed.

(E) Summary level score (e.g., 95 out of 110, NOT the individual value for each requirement).

(F) Date that all requirements are expected to be implemented (i.e., a score of 110 is expected to be achieved) based on information gathered from associated plan(s) of action developed in accordance with NIST SP 800-171.

(ii) If multiple system security plans are addressed in the email described at paragraph (d)(1)(i) of this section, the Offeror shall use the following format for the report:

System Security Plan	CAGE Codes supported by this plan	Brief description of the plan architecture	Date of assessment	Total Score	Date score of 110 will achieved

(2) *Medium and High Assessments.* DoD will post the following Medium and/or High Assessment summary level scores to SPRS for each system assessed:

(i) The standard assessed (e.g., NIST SP 800-171 Rev 1).

(ii) Organization conducting the assessment, e.g., DCMA, or a specific organization (identified by Department of Defense Activity Address Code (DoDAAC)).

(iii) All industry CAGE code(s) associated with the information system(s) addressed by the system security plan.

(iv) A brief description of the system security plan architecture, if more than one system security plan exists.

(v) Date and level of the assessment, i.e., medium or high.

(vi) Summary level score (e.g., 105 out of 110, not the individual value assigned for each requirement).

(vii) Date that all requirements are expected to be implemented (i.e., a score of 110 is expected to be achieved) based on information gathered from associated plan(s) of action developed in accordance with NIST SP 800-171.

(3) *Accessibility.*

(i) Assessment summary level scores posted in SPRS are available to DoD personnel, and are protected, in accordance with the standards set forth in DoD Instruction 5000.79, Defense-wide Sharing and Use of Supplier and Product Performance Information (PI).

(ii) Authorized representatives of the Offeror for which the assessment was conducted may access SPRS to view their own summary level scores, in accordance with the SPRS Software User's Guide for Awardees/Contractors available at https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf.

(iii) A High NIST SP 800-171 DoD Assessment may result in documentation in addition to that listed in this section. DoD will retain and protect any such documentation as "Controlled Unclassified Information (CUI)" and intended for internal DoD use only. The information will be protected against unauthorized use and release, including through the exercise of applicable exemptions under the Freedom of Information Act (e.g., Exemption 4 covers trade secrets and commercial or financial information obtained from a contractor that is privileged or confidential).

(End of provision)

252.204-7020 NIST SP 800-171 DoD Assessment Requirements.
As prescribed in 204.7304(e), use the following clause:

NIST SP 800-171 DOD ASSESSMENT REQUIREMENTS (NOV 2023)

(a) *Definitions.*

"Basic Assessment" means a contractor's self-assessment of the contractor's implementation of NIST SP 800-171 that—

(1) Is based on the Contractor's review of their system security plan(s) associated with covered contractor information system(s);

(2) Is conducted in accordance with the NIST SP 800-171 DoD Assessment Methodology; and

(3) Results in a confidence level of "Low" in the resulting score, because it is a self-generated score.

"Covered contractor information system" has the meaning given in the clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting, of this contract.

"High Assessment" means an assessment that is conducted by Government personnel using NIST SP 800-171A, Assessing Security Requirements for Controlled Unclassified Information that—

(1) Consists of—

(i) A review of a contractor's Basic Assessment;

(ii) A thorough document review;

(iii) Verification, examination, and demonstration of a Contractor's system security plan to validate that NIST SP 800-171 security requirements have been implemented as described in the contractor's system security plan; and

(iv) Discussions with the contractor to obtain additional information or clarification, as needed; and

(2) Results in a confidence level of "High" in the resulting score.

"Medium Assessment" means an assessment conducted by the Government that—

(1) Consists of—

(i) A review of a contractor's Basic Assessment;

(ii) A thorough document review; and

(iii) Discussions with the contractor to obtain additional information or clarification, as needed; and

(2) Results in a confidence level of "Medium" in the resulting score.

(b) *Applicability.* This clause applies to covered contractor information systems that are required to comply with the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, in accordance with Defense Federal Acquisition Regulation System (DFARS) clause at 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting, of this contract.

(c) *Requirements.* The Contractor shall provide access to its facilities, systems, and personnel necessary for the Government to conduct a Medium or High NIST SP 800-171 DoD Assessment, as described in NIST SP 800-171 DoD Assessment Methodology at *https://www.acq.osd.mil/asda/dpc/cp/cyber/docs/safeguarding/NIST-SP-800-171-Assessment-Methodology-Version-1.2.1-6.24.2020.pdf*, if necessary.

(d) *Procedures.* Summary level scores for all assessments will be posted in the Supplier Performance Risk System (SPRS) (https://www.sprs.csd.disa.mil/) to provide DoD Components visibility into the summary level scores of strategic assessments.

(1) *Basic Assessments.* A contractor may submit, via encrypted email, summary level scores of Basic Assessments conducted in accordance with the NIST SP 800-171 DoD Assessment Methodology to webptsmh@navy.mil for posting to SPRS.

(i) The email shall include the following information:

(A) Version of NIST SP 800-171 against which the assessment was conducted.

(B) Organization conducting the assessment (e.g., Contractor self-assessment).

(C) For each system security plan (security requirement 3.12.4) supporting the performance of a DoD contract—

(*1*) All industry Commercial and Government Entity (CAGE) code(s) associated with the information system(s) addressed by the system security plan; and

(*2*) A brief description of the system security plan architecture, if more than one plan exists.

(D) Date the assessment was completed.

(E) Summary level score (e.g., 95 out of 110, NOT the individual value for each requirement).

(F) Date that all requirements are expected to be implemented (i.e., a score of 110 is expected to be achieved) based on information gathered from associated plan(s) of action developed in accordance with NIST SP 800-171.

(ii) If multiple system security plans are addressed in the email described at paragraph (b)(1)(i) of this section, the Contractor shall use the following format for the report:

System Security Plan	CAGE Codes supported by this plan	Brief description of the plan architecture	Date of assessment	Total Score	Date score of 110 will achieved

(2) *Medium and High Assessments.* DoD will post the following Medium and/or High Assessment summary level scores to SPRS for each system security plan assessed:

(i) The standard assessed (e.g., NIST SP 800-171 Rev 1).

(ii) Organization conducting the assessment, e.g., DCMA, or a specific organization (identified by Department of Defense Activity Address Code (DoDAAC)).

(iii) All industry CAGE code(s) associated with the information system(s) addressed by the system security plan.

(iv) A brief description of the system security plan architecture, if more than one system security plan exists.

(v) Date and level of the assessment, i.e., medium or high.

(vi) Summary level score (e.g., 105 out of 110, not the individual value assigned for each requirement).

(vii) Date that all requirements are expected to be implemented (i.e., a score of 110 is expected to be achieved) based on information gathered from associated plan(s) of action developed in accordance with NIST SP 800-171.

(e) *Rebuttals.*

(1) DoD will provide Medium and High Assessment summary level scores to the Contractor and offer the opportunity for rebuttal and adjudication of assessment summary level scores prior to posting the summary level scores to SPRS (see SPRS User's Guide https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf).

(2) Upon completion of each assessment, the contractor has 14 business days to provide additional information to demonstrate that they meet any security requirements not observed by the assessment team or to rebut the findings that may be of question.

(f) *Accessibility.*

(1) Assessment summary level scores posted in SPRS are available to DoD personnel, and are protected, in accordance with the standards set forth in DoD Instruction 5000.79, Defense-wide Sharing and Use of Supplier and Product Performance Information (PI).

(2) Authorized representatives of the Contractor for which the assessment was conducted may access SPRS to view their own summary level scores, in accordance with the SPRS Software User's Guide for Awardees/Contractors available at https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf.

(3) A High NIST SP 800-171 DoD Assessment may result in documentation in addition to that listed in this clause. DoD will retain and protect any such documentation as "Controlled Unclassified Information (CUI)" and intended for internal DoD use only. The information will be protected against unauthorized use and release, including through the exercise of applicable exemptions under the Freedom of Information Act (e.g., Exemption 4 covers trade secrets and commercial or financial information obtained from a contractor that is privileged or confidential).

(g) *Subcontracts.*

(1) The Contractor shall insert the substance of this clause, including this paragraph (g), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial products or commercial services (excluding commercially available off-the-shelf items).

(2) The Contractor shall not award a subcontract or other contractual instrument, that is subject to the implementation of NIST SP 800-171 security requirements, in accordance with DFARS clause 252.204-7012 of this contract, unless the subcontractor has completed, within the last 3 years, at least a Basic NIST SP 800-171 DoD Assessment, as described in *https://www.acq.osd.mil/asda/dpc/cp/cyber/docs/safeguarding/NIST-SP-800-171-Assessment-Methodology-Version-1.2.1-6.24.2020.pdf*, for all covered contractor information systems relevant to its offer that are not part of an information technology service or system operated on behalf of the Government.

(3) If a subcontractor does not have summary level scores of a current NIST SP 800-171 DoD Assessment (i.e., not more than 3 years old unless a lesser time is specified in the solicitation) posted in SPRS, the subcontractor may conduct and submit a Basic Assessment, in accordance with the NIST SP 800-171 DoD Assessment Methodology, to webptsmh@navy.mil for posting to SPRS along with the information required by paragraph (d) of this clause.

(End of clause)

252.204-7021 Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirement.
As prescribed in 204.7503(a) and (b), insert the following clause:

CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENT
(JAN 2023)

(a) *Scope.* The Cybersecurity Maturity Model Certification (CMMC) CMMC is a framework that measures a contractor's cybersecurity maturity to include the implementation of cybersecurity practices and institutionalization of processes (see https://www.acq.osd.mil/cmmc/index.html).

(b) *Requirements.* The Contractor shall have a current (i.e. not older than 3 years) CMMC certificate at the CMMC level required by this contract and maintain the CMMC certificate at the required level for the duration of the contract.

(c) *Subcontracts.* The Contractor shall—

(1) Insert the substance of this clause, including this paragraph (c), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items; and

(2) Prior to awarding to a subcontractor, ensure that the subcontractor has a current (i.e., not older than 3 years) CMMC certificate at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor.

(End of clause)

252.204-7022 Expediting Contract Closeout.
As prescribed in 204.804-70, use the following clause:

EXPEDITING CONTRACT CLOSEOUT (MAY 2021)

(a) At the conclusion of all applicable closeout requirements of Federal Acquisition Regulation 4.804, the Government and Contractor shall mutually agree on the residual dollar amount remaining on the contract. Both the Government and Contractor agree to waive payment of any residual dollar amount of $1,000 or less to which either party may be entitled at the time of contract closeout.

(b) A residual dollar amount includes all money owed to either party at the end of the contract and as a result of the contract, excluding amounts connected in any way with taxation or a violation of law or regulation.

(c) For purposes of determining residual dollar amounts, offsets (e.g., across multiple contracts or orders) may be considered only to the extent permitted by law.

(End of clause)

252.204-7023 Reporting Requirements for Contracted Services.
Basic. As prescribed in 204.1705(a)(i) and (ii), use the following clause:

REPORTING REQUIREMENTS FOR CONTRACTED SERVICES—BASIC
(JUL 2021)

(a) *Definition.* As used in this clause—

"First-tier subcontract" means a subcontract awarded directly by the contractor for the purpose of acquiring services for performance of a prime contract. It does not include the contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies or services that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

(b) The Contractor shall report annually, by October 31, at *https://www.sam.gov*, on the services performed under this contract or order, including any first-tier subcontracts, during the preceding Government fiscal year (October 1 - September 30).

(c) The Contractor shall report the following information for the contract or order:

(1) The total dollar amount invoiced for services performed during the preceding Government fiscal year under the contract or order.

(2) The number of Contractor direct labor hours, to include first-tier subcontractor direct labor hours, as applicable, expended on the services performed under the contract or order during the previous Government fiscal year.

(d) The Government will review the Contractor's reported information for reasonableness and consistency with available contract information. In the event the Government believes that revisions to the Contractor's reported information are warranted, the Government will notify the Contractor. Upon notification, the Contractor shall revise the reported information or provide the Government with a supporting rationale for the information.

(End of clause)

Alternate I. As prescribed in 204.1705(a)(i) and (iii), use the following clause, which substitutes "contract or agreement for each order" in lieu of "contract or order" in paragraph (b) and "order" in lieu of "contract or order" in paragraphs (c) and (c)(1) and (2), and identifies the dollar threshold and service acquisition portfolio groups for which orders under the contract or agreement require service contract reporting.

REPORTING REQUIREMENTS FOR CONTRACTED SERVICES—ALTERNATE I
(JUL 2021)

(a) *Definition.* As used in this clause—

"First-tier subcontract" means a subcontract awarded directly by the contractor for the purpose of acquiring services for performance of a prime contract. It does not include the contractor's supplier agreements with vendors, such as long-

term arrangements for materials or supplies or services that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

(b) The contractor shall report annually, by October 31, at *https://www.sam.gov*, on services performed during the preceding Government fiscal year (October 1 - September 30) under this contract or agreement for each order, including any first-tier subcontract, which exceeds $3 million for services in the following service acquisition portfolio groups:

(1) Logistics management services.

(2) Equipment-related services.

(3) Knowledge-based services.

(4) Electronics and communications services.

(c) The Contractor shall report the following information for the order:

(1) The total dollar amount invoiced for services performed during the preceding Government fiscal year under the order.

(2) The number of Contractor direct labor hours, to include first-tier subcontractor direct labor hours, as applicable, expended on the services performed under the order during the previous Government fiscal year.

(d) The Government will review the Contractor's reported information for reasonableness and consistency with available contract information. In the event the Government believes that revisions to the Contractor's reported information are warranted, the Government will notify the Contractor. Upon notification, the Contractor shall revise the reported information or provide the Government with a supporting rationale for the information.

(End of clause)

252.204-7024 Notice on the Use of the Supplier Performance Risk System. As prescribed in 204.7604, use the following provision:

NOTICE ON THE USE OF THE SUPPLIER PERFORMANCE RISK SYSTEM
(MAR 2023)

(a) *Definitions.* As used in this provision—

"Item risk" means the probability that a product, based on intended use, will introduce performance risk resulting in safety issues, mission degradation, or monetary loss.

"Price risk" means a measure of whether a proposed price for a product or service is consistent with historical prices paid for that item or service.

"Supplier risk" means the probability that an award may subject the procurement to the risk of unsuccessful performance or to supply chain risk (see Defense Federal Acquisition Regulation Supplement 239.7301).

(b) The Supplier Performance Risk System (SPRS), available at *https://piee.eb.mil/*, will be used in the evaluation of the Quoter or Offeror's performance. SPRS retrieves item, price, quality, delivery, and contractor information on contracts from Government reporting systems in order to develop risk assessments.

(c) The Contracting Officer will consider SPRS risk assessments during the evaluation of quotations or offers received in response to this solicitation as follows:

(1) Item risk will be considered to determine whether the procurement represents a high performance risk to the Government.

(2) Price risk will be considered in determining if a proposed price is consistent with historical prices paid for a product or a service or otherwise creates a risk to the Government.

(3) Supplier risk, including but not limited to quality and delivery, will be considered to assess the risk of unsuccessful performance and supply chain risk.

(d) SPRS risk assessments are generated daily. Quoters or Offerors are able to access their risk assessments by following the access instructions in the SPRS user's guide available at *https://www.sprs.csd.disa.mil/reference.htm*. Quoters and Offerors are granted access to SPRS for their own risk assessment classifications only. SPRS reporting procedures and risk assessment methodology are detailed in the SPRS user's guide. The method to challenge a rating generated by SPRS is also provided in the user's guide. SPRS evaluation criteria are available at *https://www.sprs.csd.disa.mil/pdf/SPRS_DataEvaluationCriteria.pdf*.

(e) The Contracting Officer may consider any other available and relevant information when evaluating a quotation or an offer.

(End of provision)

(Revised October 1, 2025)

252.215-7000 Reserved.

252.215-7001 Reserved.

252.215-7002 Cost Estimating System Requirements.
As prescribed in 215.408(1), use the following clause:

COST ESTIMATING SYSTEM REQUIREMENTS (JAN 2025)

(a) *Definitions.*

"Acceptable estimating system" means an estimating system that complies with the system criteria in paragraph (d) of this clause, and provides for a system that—

(1) Is maintained, reliable, and consistently applied;

(2) Produces verifiable, supportable, documented, and timely cost estimates that are an acceptable basis for negotiation of fair and reasonable prices;

(3) Is consistent with and integrated with the Contractor's related management systems; and

(4) Is subject to applicable financial control systems.

"Estimating system" means the Contractor's policies, procedures, and practices for budgeting and planning controls, and generating estimates of costs and other data included in proposals submitted to customers in the expectation of receiving contract awards. Estimating system includes the Contractor's—

(1) Organizational structure;

(2) Established lines of authority, duties, and responsibilities;

(3) Internal controls and managerial reviews;

(4) Flow of work, coordination, and communication; and

(5) Budgeting, planning, estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.

"Material weakness" means a deficiency or combination of deficiencies in the internal control over information in contractor business systems, such that there is a reasonable possibility that a material misstatement of such information will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is—

(1) Probable; or

(2) More than remote but less than likely (section 806 of Pub. L. 116-283).

(b) *General*. The Contractor shall establish, maintain, and comply with an acceptable estimating system.

(c) *Applicability*. Paragraphs (d) and (e) of this clause apply if the Contractor is a large business and either—

(1) In its fiscal year preceding award of this contract, received Department of Defense (DoD) prime contracts or subcontracts, totaling $50 million or more for which certified cost or pricing data were required; or

(2) In its fiscal year preceding award of this contract—

(i) Received DoD prime contracts or subcontracts totaling $10 million or more (but less than $50 million) for which certified cost or pricing data were required; and

(ii) Was notified, in writing, by the Contracting Officer that paragraphs (d) and (e) of this clause apply.

(d) *System requirements.*

(1) The Contractor shall disclose its estimating system to the Administrative Contracting Officer (ACO), in writing. If the Contractor wishes the Government to protect the data and information as privileged or confidential, the Contractor must mark the documents with the appropriate legends before submission.

(2) An estimating system disclosure is acceptable when the Contractor has provided the ACO with documentation that—

(i) Accurately describes those policies, procedures, and practices that the Contractor currently uses in preparing cost proposals; and

(ii) Provides sufficient detail for the Government to reasonably make an informed judgment regarding the acceptability of the Contractor's estimating practices.

(3) The Contractor shall—

(i) Comply with its disclosed estimating system; and

(ii) Disclose significant changes to the cost estimating system to the ACO on a timely basis.

(4) The Contractor's estimating system shall provide for the use of appropriate source data, utilize sound estimating techniques and good judgment, maintain a consistent approach, and adhere to established policies and procedures. An acceptable estimating system shall accomplish the following functions:

(i) Establish clear responsibility for preparation, review, and approval of cost estimates and budgets.

(ii) Provide a written description of the organization and duties of the personnel responsible for preparing, reviewing, and approving cost estimates and budgets.

(iii) Ensure that relevant personnel have sufficient training, experience, and guidance to perform estimating and budgeting tasks in accordance with the Contractor's established procedures.

(iv) Identify and document the sources of data and the estimating methods and rationale used in developing cost estimates and budgets.

(v) Provide for adequate supervision throughout the estimating and budgeting process.

(vi) Provide for consistent application of estimating and budgeting techniques.

(vii) Provide for detection and timely correction of errors.

(viii) Protect against cost duplication and omissions.

(ix) Provide for the use of historical experience, including historical vendor pricing data, where appropriate.

(x) Require use of appropriate analytical methods.

(xi) Integrate data and information available from other management systems.

(xii) Require management review, including verification of compliance with the company's estimating and budgeting policies, procedures, and practices.

(xiii) Provide for internal review of, and accountability for, the acceptability of the estimating system, including the budgetary data supporting indirect cost estimates and comparisons of projected results to actual results, and an analysis of any differences.

(xiv) Provide procedures to update cost estimates and notify the Contracting Officer in a timely manner throughout the negotiation process.

(xv) Provide procedures that ensure subcontract prices are reasonable based on a documented review and analysis provided with the prime proposal, when practicable.

(xvi) Provide estimating and budgeting practices that consistently generate sound proposals that are compliant with the provisions of the solicitation and are adequate to serve as a basis to reach a fair and reasonable price.

(xvii) Have an adequate system description, including policies, procedures, and estimating and budgeting practices, that comply with the Federal Acquisition Regulation and Defense Federal Acquisition Regulation Supplement.

(e) *Material weaknesses.*

(1) The Contracting Officer will provide an initial determination to the Contractor, in writing, of any material weaknesses. The initial determination will describe the underlying deficiency in sufficient detail to allow the Contractor to understand the weakness or deficiency.

(2) The Contractor shall respond within 30 days to a written initial determination from the Contracting Officer that identifies material weaknesses in the Contractor's estimating system. If the Contractor disagrees with the initial determination, the Contractor shall state, in writing, its rationale for disagreeing.

(3) The Contracting Officer will evaluate the Contractor's response and notify the Contractor, in writing, of the Contracting Officer's final determination concerning—

(i) Remaining material weaknesses;

(ii) The adequacy of any proposed or completed corrective action; and

(iii) System disapproval, if the Contracting Officer determines that one or more material weaknesses remain.

(f) If the Contractor receives the Contracting Officer's final determination of material weaknesses, the Contractor shall, within 45 days of receipt of the final determination, either correct the material weaknesses or submit an acceptable corrective action plan showing milestones and actions to eliminate the material weaknesses.

(g) *Withholding payments.* If the Contracting Officer makes a final determination to disapprove the Contractor's estimating system, and the contract includes the clause at 252.242-7005, Contractor Business Systems, the Contracting Officer will withhold payments in accordance with that clause.

(End of clause)

252.215-7003 Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation.

As prescribed at 215.408(2)(i), use the following provision:

REQUIREMENT FOR SUBMISSION OF DATA OTHER THAN CERTIFIED COST OR PRICING DATA—CANADIAN COMMERCIAL CORPORATION (JUL 2012)

(a) Submission of certified cost or pricing data is not required.

(b) Canadian Commercial Corporation shall obtain and provide the following:

(i) Profit rate or fee (as applicable).

(ii) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(iii) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [*U.S. Contracting Officer to insert description of the data required in accordance with FAR 15.403-3(a)(1)*].

(c) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(End of provision)

252.215-7004 Requirement for Submission of Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation.
As prescribed at 215.408(2)(ii), use the following clause:

REQUIREMENT FOR SUBMISSION OF DATA OTHER THAN CERTIFIED COST OR PRICING DATA—MODIFICATIONS—CANADIAN COMMERCIAL CORPORATION (OCT 2013)

This clause , in lieu of FAR 52.215-21, applies only if award is to the Canadian Commercial Corporation.

(a) Submission of certified cost or pricing data is not required.

(b) Canadian Commercial Corporation shall obtain and provide the following for modifications that exceed the $150,000 [*or higher dollar value specified by the U.S. Contracting Officer in the solicitation*].

(i) Profit rate or fee (as applicable).

(ii) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(iii) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [*U.S. Contracting Officer to insert description of the data required in accordance with FAR 15.403-3(a)(1)*].

(End of clause)

252.215-7005 Reserved.

252.215-7006 Use of Employees or Individual Subcontractors Who Are Members of the Selected Reserve.
As prescribed in 215.370-3, use the following clause:

USE OF EMPLOYEES OR INDIVIDUAL SUBCONTRACTORS WHO ARE MEMBERS OF THE SELECTED RESERVE (MAR 2022)

(a) *Definition*. As used in this clause—

"Selected Reserve" has the meaning given that term in 10 U.S.C. 10143. Selected Reserve members normally attend regular drills throughout the year and are the group of Reserves most readily available to the President.

(b) If the Contractor stated in its offer that it intends to use members of the Selected Reserve in the performance of this contract—

(1) The Contractor shall use employees, or individual subcontractors, who are members of the Selected Reserve in the performance of the contract to the fullest extent consistent with efficient contract performance; and

(2) The Government has the right to terminate the contract for default if the Contractor willfully or intentionally fails to use members of the Selected Reserve, as employees or individual subcontractors, in the performance of the contract.

(End of clause)

252.215-7007 Notice of Intent to Resolicit.
As prescribed at 215.371-6, use the following provision:

NOTICE OF INTENT TO RESOLICIT (JUN 2012)

This solicitation provides offerors fewer than 30 days to submit proposals. In the event that only one offer is received in response to this solicitation, the Contracting Officer may cancel the solicitation and resolicit for an additional period of at least 30 days in accordance with 215.371-2.

(End of provision)

252.215-7008 Only One Offer.
As prescribed at 215.408(3), use the following provision:

ONLY ONE OFFER (DEC 2022)

(a) *Cost or pricing data requirements*. After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to—

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) *Canadian Commercial Corporation.* If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [*U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification*].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) *Subcontracts.* Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

252.215-7009 Proposal Adequacy Checklist.
As prescribed in 215.408(4), use the following provision:

PROPOSAL ADEQUACY CHECKLIST (MAR 2023)

The offeror shall complete the following checklist, providing location of requested information, or an explanation of why the requested information is not provided. In preparation of the offeror's checklist, offerors may elect to have their prospective subcontractors use the same or similar checklist as appropriate.

PROPOSAL ADEQUACY CHECKLIST

	price for each subcontract or purchase order priced on a competitive basis exceeding the threshold for certified cost or pricing data?		
INTERORGANIZATIONAL TRANSFERS			
21. FAR 15.408, Table 15-2, Section II Paragraph A.(2)	For inter-organizational transfers proposed at cost, does the proposal include a complete cost proposal in compliance with Table 15-2?		
22. FAR 15.408, Table 15-2, Section II Paragraph A(1)	For inter-organizational transfers proposed at price in accordance with FAR 31.205-26(e), does the proposal provide an analysis by the prime that supports the exception from certified cost or pricing data in accordance with FAR 15.403-1?		
DIRECT LABOR			
23. FAR 15.408, Table 15-2, Section II Paragraph B	Does the proposal include a time phased (i.e.; monthly, quarterly) breakdown of labor hours, rates and costs by category or skill level? If labor is the allocation base for indirect costs, the labor cost must be summarized in order that the applicable overhead rate can be applied.		
24. FAR 15.408, Table 15-2, Section II Paragraph B	For labor Basis of Estimates (BOEs), does the proposal include labor categories, labor hours, and task descriptions, (e.g.; Statement of Work reference, applicable CLIN, Work Breakdown Structure, rationale for estimate, applicable history, and time-phasing)?		

REFERENCES	SUBMISSION ITEM	PROPOSAL PAGE No.	If not provided EXPLAIN (may use continuation pages)
25. FAR subpart 22.10	If covered by the Service Contract Labor Standards statute (41 U.S.C. chapter 67), are the rates in the proposal in compliance with the minimum rates specified in the statute?		
INDIRECT COSTS			
26. FAR 15.408, Table 15-2, Section II Paragraph C	Does the proposal indicate the basis of estimate for proposed indirect costs and how they are applied? (Support for the indirect rates could consist of cost breakdowns, trends, and budgetary data.)		
OTHER COSTS			
27. FAR 15.408, Table 15-2, Section II Paragraph D	Does the proposal include other direct costs and the basis for pricing? If travel is included does the proposal include number of trips, number of people, number of days per trip, locations, and rates (e.g. airfare, per diem, hotel, car rental, etc)?		
28. FAR 15.408, Table 15-2, Section II Paragraph E	If royalties exceed $1,500 does the proposal provide the information/data identified by Table 15-2?		
29. FAR 15.408, Table 15-2, Section II Paragraph F	When facilities capital cost of money is proposed, does the proposal include submission of Form CASB-CMF or reference to an FPRA/FPRP and show the calculation of the proposed amount?		
FORMATS FOR SUBMISSION OF LINE ITEM SUMMARIES			
30. FAR 15.408, Table 15-2, Section III	Are all cost element breakdowns provided using the applicable format prescribed in FAR 15.408,		

REFERENCES	SUBMISSION ITEM	PROPOSAL PAGE No.	If not provided EXPLAIN (may use continuation pages)
	Table 15-2 III? (or alternative format if specified in the request for proposal)		
31. FAR 15.408, Table 15-2, Section III Paragraph B	If the proposal is for a modification or change order, have cost of work deleted (credits) and cost of work added (debits) been provided in the format described in FAR 15.408, Table 15-2.III.B?		
32. FAR 15.408, Table 15-2, Section III Paragraph C	For price revisions/redeterminations, does the proposal follow the format in FAR 15.408, Table 15-2.III.C?		
	OTHER		
33. FAR 16.4	If an incentive contract type, does the proposal include offeror proposed target cost, target profit or fee, share ratio, and, when applicable, minimum/maximum fee, ceiling price?		
34. FAR 16.203-4 and FAR 15.408 Table 15-2, Section II, Paragraphs A, B, C, and D	If Economic Price Adjustments are being proposed, does the proposal show the rationale and application for the economic price adjustment?		
35. FAR 52.232-28	If the offeror is proposing Performance-Based Payments-did the offeror comply with FAR 52.232-28?		
36. FAR 15.408(n) FAR 52.215-22 FAR 52.215-23	Excessive Pass-through Charges– Identification of Subcontract Effort: If the offeror intends to subcontract more than 70% of the total cost of work to be performed, does the proposal identify: (i) the amount of the offeror's indirect		

REFERENCES	SUBMISSION ITEM	PROPOSAL PAGE No.	If not provided EXPLAIN (may use continuation pages)
	costs and profit applicable to the work to be performed by the proposed subcontractor(s); and (ii) a description of the added value provided by the offeror as related to the work to be performed by the proposed subcontractor(s)?		

(End of provision)

252.215-7010 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data.

Basic. As prescribed in 215.408(5)(i) and (5)(i)(A), use the following provision:

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST OR PRICING DATA—BASIC (MAY 2024)

(a) *Definitions.* As used in this provision—

"Market prices" means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

"Non-Government sales" means sales of the supplies or services to non-Governmental entities for purposes other than governmental purposes.

"Relevant sales data" means information provided by an offeror on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets, or other adjustments).

"Sufficient non-Government sales" means relevant sales data that reflects market pricing and contains enough information to make adjustments covered by Federal Acquisition Regulation (FAR) 15.404-1(b)(2)(ii)(B).

"Uncertified cost data" means the subset of "data other than certified cost or pricing data" (see FAR 2.101) that relates to cost.

(b) *Exceptions from certified cost or pricing data.*

(1) In lieu of submitting certified cost or pricing data, the Offeror may submit a written request for exception by submitting the information described in paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine

whether an exception should be granted and whether the price is fair and reasonable.

(i) *Exception for prices set by law or regulation - Identification of the law or regulation establishing the prices offered.* If the prices are controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial product or commercial service exception.* For a commercial product or commercial service exception, the Offeror shall submit, at a minimum, information that is adequate for determining commerciality and evaluating the reasonableness of the price for this acquisition, including prices at which the same product or service or similar products or services have been sold in the commercial market. Such information shall include—

(A) For products or services previously determined to be commercial, the contract number and military department, defense agency, or other DoD component that rendered such determination, and if available, a Government point of contact;

(B) For subsystems of a major weapon system and components and spare parts of a major weapon system or subsystem of a major weapon system that have not previously been determined to be commercial—

(*1*) The comparable commercial product the Offeror sells to the general public or nongovernmental entities;

(*2*) A comparison between the physical characteristics and functionality of the comparable commercial product and the subsystem, component, or spare part, including—

(*i*) For products under paragraph (3)(i) of the "commercial product" definition at FAR 2.101, a description of the modification and documentation to support that the modification is customarily available in the marketplace; or

(*ii*) For products under paragraph (3)(ii) of the "commercial product" definition at FAR 2.101, a detailed description of the modification and detailed technical data to demonstrate that the modification is minor (e.g., information on production processes and material differences); and

(*3*) The national stock number (NSN) for the comparable commercial product, if one is assigned, and the NSN for the subsystem, component, or spare part, if one is assigned; or

(*4*) If the Offeror does not sell a comparable commercial product to the general public or nongovernmental entities for purposes other than government purposes, the Offeror shall—

(*i*) Notify the Contracting Officer in writing that it does not sell such a comparable product; and

(*ii*) Provide the Contracting Officer with a comparison of the physical characteristics and functionality of the most comparable commercial product in the commercial market.

(C) For items priced based on a catalog—

(*1*) A copy of or identification of the Offeror's current catalog showing the price for that item; and

(*2*) If the catalog pricing provided with this proposal is not consistent with all relevant sales data, a detailed description of differences or inconsistencies between or among the relevant sales data, the proposed price, and the catalog price (including any related discounts, refunds, rebates, offsets, or other adjustments);

(D) For items priced based on market pricing, a description of the nature of the commercial market, the methodology used to establish a market price, and all relevant sales data. The description shall be adequate to permit DoD to verify the accuracy of the description;

(E) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item; or

(F) For items provided by nontraditional defense contractors, a statement that the entity is not currently performing and has not performed, for at least the 1-year period preceding the solicitation of sources by DoD for the procurement or transaction, any contract or subcontract for DoD that is subject to full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C. 1502 and the regulations implementing such section.

(2) The Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and to determine the reasonableness of price.

(c) *Requirements for certified cost or pricing data.* If the Offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The Offeror shall prepare and submit certified cost or pricing data and supporting attachments in accordance with the instructions contained in Table 15-2 of FAR 15.408, which is incorporated by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-2 are incorporated as a mandatory format to be used in any resultant contract, unless the Contracting Officer and the Offeror agree to a different format and change this provision to use Alternate I.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

(3) The Offeror is responsible for determining whether a subcontractor qualifies for an exception from the requirement for submission of certified cost or pricing data on the basis of adequate price competition, i.e., two or more responsible offerors, competing independently, submit priced offers that satisfy the Government's expressed requirement in accordance with FAR 15.403-1(c)(1)(ii).

(d) *Requirements for data other than certified cost or pricing data.*

(1) Data other than certified cost or pricing data submitted in accordance with this provision shall include the minimum information necessary to permit a determination that the proposed price is fair and reasonable, to include the requirements in Defense Federal Acquisition Regulation Supplement (DFARS) 215.402(a)(i), 215.404-1(b), and 234.7002(e).

(2) In cases in which uncertified cost data is required, the information shall be provided in the form in which it is regularly maintained by the Offeror or prospective subcontractor in its business operations.

(3) If the Offeror redacts data that identifies the customer (see DFARS 234.7002(e)(2)), then the Offeror shall include, for each sale, the following signed statement with the data submitted:

"By submission of this data, the Offeror *[Offeror insert company name]* certifies that the customer was *[Offeror insert one or more of the following as applicable: a government customer; a commercial customer purchasing the same or similar product for governmental purposes (e.g., Federal, state, local, or foreign government); or a commercial customer purchasing the same or similar product for a commercial, mixed, or unknown purpose]*."

(4) Within 10 days of a written request from the Contracting Officer for additional information to permit an adequate evaluation of the proposed price in accordance with FAR 15.403-3 or DFARS 234.7002(e), the Offeror shall provide either the requested information, or a written explanation for the inability to fully comply.

(5) *Subcontract price evaluation.*

(i) Offerors shall obtain from subcontractors the minimum information necessary to support a determination of price reasonableness, as described in FAR part 15 and DFARS part 215.

(ii) No cost data may be required from a prospective subcontractor in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price.

(iii) If the Offeror relies on relevant sales data for similar items to determine the price is reasonable, the Offeror shall obtain only that technical information necessary—

(A) To support the conclusion that items are technically similar; and

(B) To explain any technical differences that account for variances between the proposed prices and the sales data presented.

(e) *Subcontracts*. The Offeror shall insert the substance of this provision, including this paragraph (e), in subcontracts exceeding the simplified acquisition threshold defined in FAR part 2. The Offeror shall require prospective subcontractors to adhere to the requirements of—

(1) Paragraphs (c) and (d) of this provision for subcontracts above the threshold for submission of certified cost or pricing data in FAR 15.403-4; and

(2) Paragraph (d) of this provision for subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

Alternate I. As prescribed in 215.408(5)(i) and (5)(i)(B), use the following provision, which includes a different paragraph (c)(1).

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER THAN CERTIFIED COST OR PRICING DATA—ALTERNATE I (AUG 2024)

(a) *Definitions*. As used in this provision—

"Market prices" means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

"Non-Government sales" means sales of the supplies or services to non-Governmental entities for purposes other than governmental purposes.

"Relevant sales data" means information provided by an offeror on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets, or other adjustments).

"Sufficient non-Government sales" means relevant sales data that reflects market pricing and contains enough information to make adjustments covered by Federal Acquisition Regulation (FAR) 15.404-1(b)(2)(ii)(B).

"Uncertified cost data" means the subset of "data other than certified cost or pricing data" (see FAR 2.101) that relates to cost.

(b) *Exceptions from certified cost or pricing data.*

(1) In lieu of submitting certified cost or pricing data, the Offeror may submit a written request for exception by submitting the information described in paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted and whether the price is fair and reasonable.

(i) *Exception for price set by law or regulation - Identification of the law or regulation establishing the price offered.* If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial product or commercial service exception.* For a commercial product or commercial service exception, the Offeror shall submit, at a minimum, information that is adequate for determining commerciality and evaluating the reasonableness of the price for this acquisition, including prices at which the same product or service or similar products or services have been sold in the commercial market. Such information shall include—

(A) For products or services previously determined to be commercial, the contract number and military department, defense agency, or other DoD component that rendered such determination, and if available, a Government point of contact;

(B) For subsystems of a major weapon system and components and spare parts of a major weapon system or subsystem of a major weapon system that have not previously been determined to be commercial—

(*1*) The comparable commercial product the Offeror sells to the general public or nongovernmental entities;

(*2*) A comparison between the physical characteristics and functionality of the comparable commercial product and the subsystem, component, or spare part, including—

(*i*) For products under paragraph (3)(i) of the "commercial product" definition at FAR 2.101, a description of the modification and documentation to support that the modification is customarily available in the marketplace; or

(*ii*) For products under paragraph (3)(ii) of the "commercial product" definition at FAR 2.101, a detailed description of the modification and detailed technical data to demonstrate that the modification is minor (e.g., information on production processes and material differences); and

(*3*) The national stock number (NSN) for the comparable commercial product, if one is assigned, and the NSN for the subsystem, component, or spare part; or

(*4*) If the Offeror does not sell a comparable commercial product to the general public or nongovernmental entities for purposes other than government purposes, the Offeror shall—

(*i*) Notify the Contracting Officer in writing that it does not sell such a comparable product; and

(*ii*) Provide the Contracting Officer with a comparison of the physical characteristics and functionality of the most comparable commercial product in the commercial market.

(C) For items priced based on a catalog—

(*1*) A copy of or identification of the Offeror's current catalog showing the price for that item; and

(*2*) If the catalog pricing provided with this proposal is not consistent with all relevant sales data, a detailed description of differences or inconsistencies between or among the relevant sales data, the proposed price, and the catalog price (including any related discounts, refunds, rebates, offsets, or other adjustments);

(D) For items priced based on market pricing, a description of the nature of the commercial market, the methodology used to establish a market price, and all relevant sales data. The description shall be adequate to permit DoD to verify the accuracy of the description;

(E) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item; or

(F) For items provided by nontraditional defense contractors, a statement that the entity is not currently performing and has not performed, for at least the 1-year period preceding the solicitation of sources by DoD for the procurement or transaction, any contract or subcontract for DoD that is subject to full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C. 1502 and the regulations implementing such section.

(2) The Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and to determine the reasonableness of price.

(c) *Requirements for certified cost or pricing data.* If the Offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The Offeror shall submit certified cost or pricing data and supporting attachments in the following format: *[Insert description of the data and format that are required, and include access to records necessary to permit an adequate evaluation of the proposed price in accordance with FAR 15.408, Table 15-2, Note 2. The Contracting Officer shall insert the description at the time of issuing the solicitation or specify that the format regularly maintained by the offeror or prospective subcontractor in its business operations will be acceptable. The Contracting Officer may amend the description as the result of negotiations.]*

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

(3) The Offeror is responsible for determining whether a subcontractor qualifies for an exception from the requirement for submission of certified cost or pricing data on the basis of adequate price competition, i.e., two or more responsible offerors, competing independently, submit priced offers that satisfy the Government's expressed requirement in accordance with FAR 15.403-1(c)(1)(ii).

(d) *Requirements for data other than certified cost or pricing data.*

(1) Data other than certified cost or pricing data submitted in accordance with this provision shall include all data necessary to permit a determination that the proposed price is fair and reasonable, to include the requirements in Defense Federal Acquisition Regulation Supplement (DFARS) 215.402(a)(i), 215.404-1(b), and 234.7002(e).

(2) In cases in which uncertified cost data is required, the information shall be provided in the form in which it is regularly maintained by the Offeror or prospective subcontractor in its business operations.

(3) If the Offeror redacts data that identifies the customer (see DFARS 234.7002(e)(2)), then the Offeror shall include, for each sale, the following signed statement with the data submitted:

> "By submission of this data, the Offeror [*Offeror insert company name*] certifies that the customer was [*Offeror insert one or more of the following as applicable: a government customer (e.g., Federal, state, local, or foreign government); a commercial customer purchasing the same or similar product for governmental purposes; or a commercial customer purchasing the same or similar product for a commercial, mixed, or unknown purpose]*."

(4) The Offeror shall provide information described as follows: *[Insert description of the data and the format that are required, including access to records necessary to permit an adequate evaluation of the proposed price in accordance with FAR 15.403-3 or DFARS 234.7002(e)].*

(5) Within 10 days of a written request from the Contracting Officer for additional information to support proposal analysis, the Offeror shall provide either the requested information, or a written explanation for the inability to fully comply.

(6) *Subcontract price evaluation.*

(i) Offerors shall obtain from subcontractors the information necessary to support a determination of price reasonableness, as described in FAR part 15 and DFARS part 215.

(ii) No cost information may be required from a prospective subcontractor in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price.

(iii) If the Offeror relies on relevant sales data for similar items to determine the price is reasonable, the Offeror shall obtain only that technical information necessary—

(A) To support the conclusion that items are technically similar; and

(B) To explain any technical differences that account for variances between the proposed prices and the sales data presented.

(e) *Subcontracts*. The Offeror shall insert the substance of this provision, including this paragraph (e), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2. The Offeror shall require prospective subcontractors to adhere to the requirements of—

(1) Paragraph (c) and (d) of this provision for subcontracts above the threshold for submission of certified cost or pricing data in FAR 15.403-4; and

(2) Paragraph (d) of this provision for subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

252.215-7011 Requirements for Submission of Proposals to the Administrative Contracting Officer and Contract Auditor.
As prescribed in 215.408(5)(ii), use the following provision:

REQUIREMENTS FOR SUBMISSION OF PROPOSALS TO THE ADMINISTRATIVE CONTRACTING OFFICER AND CONTRACT AUDITOR (JAN 2018)

When the proposal is submitted, the Offeror shall also submit one copy each to—

(a) The Administrative Contracting Officer; and

(b) The Contract Auditor.

(End of provision)

252.215-7012 Requirements for Submission of Proposals via Electronic Media.
As prescribed in 215.408(5)(iii), use the following provision:

REQUIREMENTS FOR SUBMISSION OF PROPOSALS VIA ELECTRONIC MEDIA (JAN 2018)

The Offeror shall submit the cost portion of the proposal via the following electronic media: *[Insert media format, e.g., electronic spreadsheet format, electronic mail, etc.]*

(End of provision)

252.215-7013 Supplies and Services Provided by Nontraditional Defense Contractors.
As prescribed in 215.408(6), use the following provision:

SUPPLIES AND SERVICES PROVIDED BY NONTRADITIONAL DEFENSE

CONTRACTORS (JAN 2023)

Offerors are advised that in accordance with 10 U.S.C. 3457, supplies and services provided by a nontraditional defense contractor, as defined in DFARS 202.101, may be treated as commercial products or commercial services. The decision to apply commercial product or commercial service procedures to the procurement of supplies and services from a nontraditional defense contractor does not require a commercial product or commercial service determination and does not mean the supplies or services are commercial.

(End of provision)

252.215-7014 Exception from Certified Cost or Pricing Data Requirements for Foreign Military Sales Indirect Offsets.
As prescribed in 215.408(8), use the following clause:

EXCEPTION FROM CERTIFIED COST OR PRICING DATA REQUIREMENTS FOR FOREIGN MILITARY SALES INDIRECT OFFSETS (DEC 2022)

(a) *Definition.* As used in this clause—

"Offset" means a benefit or obligation agreed to by a contractor and a foreign government or international organization as an inducement or condition to purchase supplies or services pursuant to a foreign military sale (FMS). There are two types of offsets: direct offsets and indirect offsets.

(1) A direct offset involves benefits or obligations, including supplies or services that are directly related to the item being purchased and are integral to the deliverable of the FMS contract. For example, as a condition of a foreign military sale, the contractor may require or agree to permit the customer to produce in its country certain components or subsystems of the item being sold. Generally, direct offsets must be performed within a specified period, because they are integral to the deliverable of the FMS contract.

(2) An indirect offset involves benefits or obligations, including supplies or services that are not directly related to the specific item(s) being purchased and are not integral to the deliverable of the FMS contract. For example, as a condition of a foreign military sale, the contractor may agree to purchase certain manufactured products, agricultural commodities, raw materials, or services, or make an equity investment or grant of equipment required by the FMS customer, or may agree to build a school, road or other facility. Indirect offsets would also include projects that are related to the FMS contract but not purchased under said contract (e.g., a project to develop or advance a capability, technology transfer, or know-how in a foreign company). Indirect offsets may be accomplished without a clearly defined period of performance.

(b) *Exceptions from certified cost or pricing data requirements.* Notwithstanding the requirements of Federal Acquisition Regulation (FAR) 52.215-20, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in the case of this contract or a subcontract, and FAR 52.215-21, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data—Modifications, in the case of modification of this contract or a subcontract, submission of

certified cost or pricing data shall not be required to the extent such data relates to an indirect offset (10 U.S.C. 3703(a)(4)).

(End of clause)

252.215-7015 Program Should-Cost Review.
As prescribed in 215.408(8), use the following clause:

PROGRAM SHOULD-COST REVIEW (NOV 2019)

(a) The Government has the right to perform a program should-cost review, as described in Federal Acquisition Regulation (FAR) 15.407-4(b). The review may be conducted in support of a particular contract proposal or during contract performance to find opportunities to reduce program costs. The Government will communicate the elements of the proposed should-cost review to the prime contractor (Pub. L. 115-91).

(b) If the Government performs a program should-cost review, upon the Government's request, the Contractor shall provide access to accurate and complete cost data and Contractor facilities and personnel necessary to permit the Government to perform the program should-cost review.

(c) The Government has the right to use third-party experts to supplement the program should-cost review team. The Contractor shall provide access to the Contractor's facilities and information necessary to support the program should-cost review to any third-party experts who have signed non-disclosure agreements in accordance with the FAR 52.203-16.

(End of clause)

252.215-7016 Notification to Offerors—Postaward Debriefings.
As prescribed in 215.570, use the following provision:

NOTIFICATION TO OFFERORS—POSTAWARD DEBRIEFINGS
(OCT 2025)

(a) *Definition.* As used in this provision—

"Nontraditional defense contractor" means an entity that is not currently performing and has not performed any contract or subcontract for DoD that is subject to full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C. 1502 and the regulations implementing such section, for at least the 1-year period preceding the solicitation of sources by DoD for the procurement (10 U.S.C. 3014).

(b) *Postaward debriefing.*

(1) Upon timely request, the Government will provide a written or oral postaward debriefing to successful or unsuccessful offerors for contract awards valued at $15 million or more, while protecting the confidential and proprietary information of other offerors. The request is considered timely if received within 3 days of notification of contract award.

(2) When required, the minimum postaward debriefing information will include the following:

(i) For contracts in excess of $15 million and not in excess of $150 million with a small business or nontraditional defense contractor, an option for the small business or nontraditional defense contractor to request disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(ii) For contracts in excess of $150 million, disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(3) If a required postaward debriefing is provided—

(i) The debriefed Offeror may submit additional written questions related to the debriefing not later than 2 business days after the date of the debriefing;

(ii) The agency will respond in writing to timely submitted additional questions within 5 business days after receipt by the contracting officer; and

(iii) The postaward debriefing will not be considered to be concluded until the later of—

(A) The date that the postaward debriefing is delivered, orally or in writing; or

(B) If additional written questions related to the debriefing are timely received, the date the agency delivers its written response.

(c) *Contract performance.* The Government may suspend performance of or terminate the awarded contract upon notice from the Government Accountability Office of a protest filed within the time periods listed in paragraphs (c)(1) through (3) of this provision, whichever is later:

(1) Within 10 days after the date of contract award.

(2) Within 5 days after a debriefing date offered to the protestor under a timely debriefing request in accordance with Federal Acquisition Regulation (FAR) 15.506 unless an earlier debriefing date is negotiated as a result.

(3) Within 5 days after a postaward debriefing under FAR 15.506 is concluded in accordance with Defense Federal Acquisition Regulation Supplement 215.506-70(b).

(End of provision)

(Revised October 1, 2025)

252.216-7000 Economic Price Adjustment—Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products.
As prescribed in 216.203-4-70(a)(1), use the following clause:

ECONOMIC PRICE ADJUSTMENT—BASIC STEEL, ALUMINUM, BRASS, BRONZE, OR COPPER MILL PRODUCTS (JAN 2023)

(a) *Definitions.* As used in this clause—

"Established price" means a price which is an established catalog or market price for a commercial product sold in substantial quantities to the general public.

"Unit price" excludes any part of the price which reflects requirements for preservation, packaging, and packing beyond standard commercial practice.

(b) As represented by the Contractor in its offer, the unit price stated for _____*(Identify the item)* is not in excess of the Contractor's established price in effect on the date set for opening of bids (or the contract date if this is a negotiated contract) for like quantities of the same item. This price is the net price after applying any applicable standard trade discounts offered by the Contractor from its catalog, list, or schedule price.

(c) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in any established price.

(1) Each corresponding contract unit price shall be decreased by the same percentage that the established price is decreased.

(2) This decrease shall apply to items delivered on or after the effective date of the decrease in the Contractor's established price.

(3) This contract shall be modified accordingly.

(d) If the Contractor's established price is increased after the date set for opening of bids (or the contract date if this is a negotiated contract), upon the Contractor's written request to the Contracting Officer, the corresponding contract unit price shall be increased by the same percentage that the established price is increased, and this contract shall be modified accordingly, provided—

(1) The aggregate of the increases in any contract unit price under this contract shall not exceed 10 percent of the original contract unit price;

(2) The increased contract unit price shall be effective on the effective date of the increase in the applicable established price if the Contractor's written request is received by the Contracting Officer within ten days of the change. If it is not, the effective date of the increased unit price shall be the date of receipt of the request by the Contracting Officer; and

(3) The increased contract unit price shall not apply to quantities scheduled for delivery before the effective date of the increased contract unit price unless the Contractor's failure to deliver before that date results from causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the Default clause of this contract.

(4) The Contracting Officer shall not execute a modification incorporating an increase in a contract unit price under this clause until the increase is verified.

(e) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability to either party, any portion of the contract affected by the requested increase and not delivered at the time of such cancellation, except as follows—

(1) The Contractor may, after that time, deliver any items that were completed or in the process of manufacture at the time of receipt of the cancellation notice, provided the Contractor notifies the Contracting Officer of such items within 10 days after the Contractor receives the cancellation notice.

(2) The Government shall pay for those items at the contract unit price increased to the extent provided by paragraph (d) of this clause.

(3) Any standard steel supply item shall be deemed to be in the process of manufacture when the steel for that item is in the state of processing after the beginning of the furnace melt.

(f) Pending any cancellation of this contract under paragraph (e) of this clause, or if there is no cancellation, the Contractor shall continue deliveries according to the delivery schedule of the contract. The Contractor shall be paid for those deliveries at the contract unit price increased to the extent provided by paragraph (d) of this clause.

(End of clause)

252.216-7001 Economic Price Adjustment–Nonstandard Steel Items.
As prescribed in 216.203-4-70(b), use the following clause:

ECONOMIC PRICE ADJUSTMENT—NONSTANDARD STEEL ITEMS (JAN 2023)

(a) *Definitions.* As used in this clause—

"Base labor index" means the average of the labor indices for the three months which consist of the month of bid opening (or offer submission) and the months immediately preceding and following that month.

"Base steel index" means the Contractor's established price (see Note 6) including all applicable extras of $_____ per _____ (see Note 1) for _____ (see Note 2) on the date set for bid opening (or the date of submission of the offer).

"Current labor index" means the average of the labor indices for the month in which delivery of supplies is required to be made and the month preceding.

"Current steel index" means the Contractor's established price (see Note 6) for that item, including all applicable extras in effect ___ days (see Note 3) prior to the first day of the month in which delivery is required.

"Established price" is—

(1) A price which is an established catalog or market price of a commercial product sold in substantial quantities to the general public; and

(2) The net price after applying any applicable standard trade discounts offered by the Contractor from its catalog, list, or schedule price. (But see Note 6.)

"Labor index" means the average straight time hourly earnings of the Contractor's employees in the _____ shop of the Contractor's _____ plant (see Note 4) for any particular month.

"Month" means calendar month. However, if the Contractor's accounting period does not coincide with the calendar month, then that accounting period shall be used in lieu of "month."

(b) Each contract unit price shall be subject to revision, under the terms of this clause, to reflect changes in the cost of labor and steel. For purpose of this price revision, the proportion of the contract unit price attributable to costs of labor not otherwise included in the price of the steel item identified under the "base steel index" definition in paragraph (a) shall be _____ percent, and the proportion of the contract unit price attributable to the cost of steel shall be _____ percent. (See Note 5.)

(c)(1) Unless otherwise specified in this contract, the labor index shall be computed by dividing the total straight time earnings of the Contractor's employees in the shop identified in paragraph (a) for any given month by the total number of straight time hours worked by those employees in that month.

(2) Any revision in a contract unit price to reflect changes in the cost of labor shall be computed solely by reference to the "base labor index" and the "current labor index."

(d) Any revision in a contract unit price to reflect changes in the cost of steel shall be computed solely by reference to the "base steel index" and the "current steel index."

(e)(1) Each contract unit price shall be revised for each month in which delivery of supplies is required to be made.

(2) The revised contract unit price shall apply to the deliveries of those quantities required to be made in that month regardless of when actual delivery is made.

(3) Each revised contract unit price shall be computed by adding—

(i) The adjusted cost of labor (obtained by multiplying ____ percent of the contract unit price by a fraction, of which the numerator shall be the current labor index and the denominator shall be the base labor index);

(ii) The adjusted cost of steel (obtained by multiplying ____ percent of the contract unit price by a fraction, of which the numerator shall be the current steel index and the denominator shall be the base steel index); and

(iii) The amount equal to ____ percent of the original contract unit price (representing that portion of the unit price which relates neither to the cost of labor nor the cost of steel, and which is therefore not subject to revision (see Note 5)).

(4) The aggregate of the increases in any contract unit price under this contract shall not exceed ten percent of the original contract unit price.

(5) Computations shall be made to the nearest one-hundredth of one cent.

(f)(1) Pending any revisions of the contract unit prices, the Contractor shall be paid the contract unit price for deliveries made.

(2) Within 30 days after final delivery (or such other period as may be authorized by the Contracting Officer), the Contractor shall furnish a statement identifying the correctness of—

(i) The average straight time hourly earnings of the Contractor's employees in the shop identified in paragraph (a) that are relevant to the computations of the "base labor index" and the "current labor index;" and

(ii) The Contractor's established prices (see Note 6), including all applicable extras for like quantities of the item that are relevant to the computation of the "base steel index" and the "current steel index."

(3) Upon request of the Contracting Officer, the Contractor shall make available all records used in the computation of the labor indices.

(4) Upon receipt of the statement, the Contracting Officer will compute the revised contract unit prices and modify the contract accordingly. No modification to this contract will be made pursuant to this clause until the Contracting Officer has verified the revised established price (see Note 6).

(g)(1) In the event any item of this contract is subject to a total or partial termination for convenience, the month in which the Contractor receives notice of the termination, if prior to the month in which delivery is required, shall be considered the month in which delivery of the terminated item is required for the purposes of determining the current labor and steel indices under paragraphs (c) and (d).

(2) For any item which is not terminated for convenience, the month in which delivery is required under the contract shall continue to apply for determining those indices with respect to the quantity of the non-terminated item.

(3) If this contract is terminated for default, any price revision shall be limited to the quantity of the item which has been delivered by the Contractor and accepted by the Government prior to receipt by the Contractor of the notice of termination.

(h) If the Contractor's failure to make delivery of any required quantity arises out of causes beyond the control and without the fault or negligence of the Contractor, within

the meaning of the clause of this contract entitled "Default," the quantity not delivered shall be delivered as promptly as possible after the cessation of the cause of the failure, and the delivery schedule set forth in this contract shall be amended accordingly.

NOTES:

1 Offeror insert the unit price and unit measure of the standard steel mill item to be used in the manufacture of the contract item.

2 Offeror identify the standard steel mill item to be used in the manufacture of the contract item.

3 Offeror insert best estimate of the number of days required for processing the standard steel mill item in the shop identified under the "labor index" definition.

4 Offeror identify the shop and plant in which the standard steel mill item identified under the "base steel index" definition will be finally fabricated or processed into the contract item.

5 Offeror insert the same percentage figures for the corresponding blanks in paragraphs (b), (e)(3)(i), and (e)(3)(ii). In paragraph (e)(3)(iii), insert the percentage representing the difference between the sum of the percentages inserted in paragraph (b) and 100 percent.

6 In negotiated acquisitions of nonstandard steel items, when there is no "established price" or when it is not desirable to use this price, this paragraph may refer to another appropriate price basis, e.g., an established interplant price.

(End of clause)

252.216-7002 Alternate A, Time-and-Materials/Labor-Hour Proposal Requirements–Other Than Commercial Acquisition with Adequate Price Competition.
As prescribed in 216.601(e), substitute the following paragraph (c) for paragraph (c) of the provision at FAR 52.216-29:

ALTERNATE A, TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL REQUIREMENTS—OTHER THAN COMMERCIAL ACQUISITION WITH ADEQUATE PRICE COMPETITION (JAN 2023)

(c) The offeror must establish fixed hourly rates using separate rates for each category of labor to be performed by each subcontractor and for each category of labor to be performed by the offeror, and for each category of labor to be transferred between divisions, subsidiaries, or affiliates of the offeror under a common control.

252.216-7003 Economic Price Adjustment—Wage Rates or Material Prices Controlled by a Foreign Government.
As prescribed in 216.203-4-70(c)(1), use the following clause:

ECONOMIC PRICE ADJUSTMENT—WAGE RATES OR MATERIAL PRICES CONTROLLED BY A FOREIGN GOVERNMENT (MAR 2012)

(a) As represented by the Contractor in its offer, the prices set forth in this contract—

(1) Are based on the wage rate(s) or material price(s) established and controlled by the government of the country specified by the Contractor in its offer; and

(2) Do not include contingency allowances to pay for possible increases in wage rates or material prices.

(b) If wage rates or material prices are revised by the government named in paragraph (a) of this clause, the Contracting Officer shall make an equitable adjustment in the contract price and shall modify the contract to the extent that the Contractor's actual costs of performing this contract are increased or decreased, as a direct result of the revision, subject to the following:

(1) For increases in established wage rates or material prices, the increase in contract unit price(s) shall be effective on the same date that the government named in paragraph (a) of this clause increased the applicable wage rate(s) or material price(s), but only if the Contracting Officer receives the Contractor's written request for contract adjustment within 10 days of the change. If the Contractor's request is received later, the effective date shall be the date that the Contracting Officer received the Contractor's request.

(2) For decreases in established wage rates or material prices, the decrease in contract unit price(s) shall be effective on the same date that the government named in paragraph (a) of this clause decreased the applicable wage rate(s) or material price(s). The decrease in contract unit price(s) shall apply to all items delivered on and after the effective date of the government's rate or price decrease.

(c) No modification changing the contract unit price(s) shall be executed until the Contracting Officer has verified the applicable change in the rates or prices set by the government named in paragraph (a) of this clause. The Contractor shall make available its books and records that support a requested change in contract price.

(d) Failure to agree to any adjustment shall be a dispute under the Disputes clause of this contract.

(End of clause)

252.216–7004 Award Fee Reduction or Denial for Jeopardizing the Health or Safety of Government Personnel.
As prescribed in 216.406(e), use the following clause:

AWARD FEE REDUCTION OR DENIAL FOR JEOPARDIZING THE HEALTH OR SAFETY OF GOVERNMENT PERSONNEL (SEP 2011)

(a) *Definitions.* As used in this clause—

"Covered incident"–

(i) Means any incident in which the Contractor, through a criminal, civil, or administrative proceeding that results in a disposition listed in paragraph (a) (ii) of this definition—

(A) Has been determined in the performance of this contract to have caused serious bodily injury or death of any civilian or military personnel of the Government through gross negligence or with reckless disregard for the safety of such personnel; or

(B) Has been determined to be liable for actions of a subcontractor of the Contractor that caused serious bodily injury or death of any civilian or military personnel of the Government through gross negligence or with reckless disregard for the safety of such personnel.

(ii) Includes those incidents that have resulted in any of the following dispositions:

(A) In a criminal proceeding, a conviction.

(B) In a civil proceeding, a finding of fault or liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damage of $5,000 or more.

(C) In an administrative proceeding, a finding of fault and liability that results in—

(*1*) The payment of a monetary fine or penalty of $5,000 or more; or

(*2*) The payment of a reimbursement, restitution, or damages in excess of $100,000.

(D) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in subparagraphs (a)(ii)(A), (a) (ii)(B), or (a)(ii)(C).

(E) In a DoD investigation of the Contractor or its subcontractors at any tier not subject to the jurisdiction of the U.S. courts, a final determination by the Secretary of Defense of Contractor or subcontractor fault (see DFARS 216.405-2-70).

"Serious bodily injury" means a grievous physical harm that results in a permanent disability.

(b) If, in the performance of this contract, the Contractor's or its subcontractor's actions cause serious bodily injury or death of civilian or military Government personnel, the Government may reduce or deny the award fee for the relevant award fee period in which the covered incident occurred, including the recovery of all or part of any award fees paid for any previous period during which the covered incident occurred.

(End of clause)

252.216-7005 Reserved.

252.216-7006 Reserved

252.216-7007 Economic Price Adjustment—Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products—Representation.
As prescribed in 216.203-4-70(a)(2), use the following provision:

ECONOMIC PRICE ADJUSTMENT—BASIC STEEL, ALUMINUM, BRASS, BRONZE, OR COPPER MILL PRODUCTS—REPRESENTATION
(MAR 2012)

(a) *Definitions.* The terms "established price" and "unit price," as used in this provision, have the meaning given in the clause 252.216-7000, Economic Price Adjustment--Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products.

(b) By submission of its offer, the offeror represents that the unit price stated in this offer for _____*(Identify the item)* is not in excess of the offeror's established price in effect on the date set for opening of bids (or the contract date if this is to be a negotiated contract) for like quantities of the same item. This price is the net price after applying any applicable standard trade discounts offered by the offeror from its catalog, list, or schedule price.

(End of provision)

252.216-7008 Economic Price Adjustment—Wage Rates or Material Prices Controlled by a Foreign Government—Representation.
As prescribed in 216.203-4-70(c)(2), use the following provision:

ECONOMIC PRICE ADJUSTMENT—WAGE RATES OR MATERIAL PRICES CONTROLLED BY A FOREIGN GOVERNMENT—REPRESENTATION
(MAR 2012)

(a) By submission of its offer, the offeror represents that the prices set forth in this offer—

(1) Are based on the wage rate(s) or material price(s) established and controlled by the government of _____ *(Offeror insert name of host country)*; and

(2) Do not include contingency allowances to pay for possible increases in wage rates or material prices.

(End of provision)

252.216-7009 Allowability of Legal Costs Incurred in Connection with a Whistleblower Proceeding.
As prescribed in 216.307(a), use the following clause:

ALLOWABILITY OF LEGAL COSTS INCURRED IN CONNECTION WITH A WHISTLEBLOWER PROCEEDING (DEC 2022)

Pursuant to 10 U.S.C. 3750, notwithstanding FAR clause 52.216-7, Allowable Cost and Payment—

(a) The restrictions of FAR 31.205-47(b) on allowability of costs related to legal and other proceedings also apply to any proceeding brought by a contractor employee submitting a complaint under 10 U.S.C. 4701, entitled "Contractor employees: protection from reprisal for disclosure of certain information;" and

(b) Costs incurred in connection with a proceeding that is brought by a contractor employee submitting a complaint under 10 U.S.C. 4701 are also unallowable if the result is an order to take corrective action under 10 U.S.C. 4701.

(End of clause)

252.216-7010 Postaward Debriefings for Task Orders and Delivery Orders. As prescribed at 216.506-70(b), use the following clause:

POSTAWARD DEBRIEFINGS FOR TASK ORDERS AND DELIVERY ORDERS (OCT 2025)

(a) *Postaward debriefing.*

(1) Upon timely request, the Government will provide a written or oral postaward debriefing for task orders or delivery orders valued at $15 million or more to the Contractor, regardless of whether the Contractor's offer for the task order or delivery order was successful or unsuccessful, while protecting the confidential and proprietary information of other contractors. The request is considered timely if received within 3 days of notification of task order or delivery order award.

(2) If a required postaward debriefing is provided—

(i) The debriefed Contractor may submit additional written questions related to the required and provided debriefing within 2 business days after the date of the debriefing;

(ii) The agency will respond in writing to timely submitted additional questions within 5 business days after receipt; and

(iii) The postaward debriefing will not be considered to be concluded until the later of—

(A) The date that the postaward debriefing is delivered, orally or in writing; or

(B) If additional written questions related to the debriefing are timely received, the date the agency delivers its written response.

(b) *Task order or delivery order performance.* The Government may suspend performance of or terminate the awarded task order or delivery order upon notice from the Government Accountability Office of a protest filed within the time periods listed in paragraphs (b)(1) through (3) of this clause, whichever is later:

(1) Within 10 days after the date a task order or delivery order is issued, where the value exceeds $25 million (10 U.S.C. 3406(e)).

(2) Within 5 days after a debriefing date offered to the protestor under a timely debriefing request in accordance with Federal Acquisition Regulation (FAR) 15.506 unless an earlier debriefing date is negotiated as a result.

(3) Within 5 days after a postaward debriefing under FAR 15.506 is concluded in accordance with Defense Federal Acquisition Regulation Supplement 215.506-70(b).

(End of clause)

(Revised October 1, 2025)

252.225-7000 Buy American–Balance of Payments Program Certificate.

Basic. As prescribed in 225.1101(1) and (1)(i), use the following provision:

BUY AMERICAN—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—BASIC (FEB 2024)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "foreign end product," "qualifying country," "qualifying country end product," and "United States," as used in this provision, have the meanings given in the 252.225-7001, Buy American and Balance of Payments Program—Basic clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of Part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) Will evaluate offers of qualifying country end products without regard to the restrictions of the Buy American statute or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American and Balance of Payments Program—Basic clause of this solicitation, the Offeror certifies that—

(i) Each end product, except those listed in paragraphs (c)(2) or (3) of this provision, is a domestic end product and that each domestic end product listed in paragraph (c)(4) of this provision contains a critical component or a critical item; and

(ii) For end products other than COTS items, components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country. For those end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

(2) The Offeror certifies that the following end products are qualifying country end products:

Line Item Number	Country of Origin

(3) The following end products are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these

foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line Item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(4) The Offeror shall separately list the line item numbers of domestic end products that contain a critical component or a critical item (see Federal Acquisition Regulation 25.105).

Domestic end products containing a critical component or a critical item: Line Item Number _____

[List as necessary]

(End of provision)

Alternate I. As prescribed in 225.1101(1) and (1)(ii), use the following provision, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" in paragraph (a), and replaces "qualifying country end products" in paragraphs (b)(2) and (c)(2) with "qualifying country end products or SC/CASA state end products":

BUY AMERICAN—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—ALTERNATE I (FEB 2024)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "foreign end product," "qualifying country," "qualifying country end product," "South Caucasus/Central and South Asian (SC/CASA) state," "South Caucasus/Central and South Asian (SC/CASA) state end product," and "United States," as used in this provision, have the meanings given in the 252.225-7001, Buy American and Balance of Payments Program—Alternate I clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) Will evaluate offers of qualifying country end products or SC/CASA state end products without regard to the restrictions of the Buy American statute or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American and Balance of Payments Program—Alternate I clause of this solicitation, the Offeror certifies that—

(i) Each end product, except those listed in paragraphs (c)(2) or (3) of this provision, is a domestic end product and that each domestic end product listed in paragraph (c)(4) of this provision contains a critical component or a critical item; and

(ii) For end products other than COTS items, components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country. For those end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

(2) The Offeror certifies that the following end products are qualifying country end products or SC/CASA state end products:

Line Item Number	Country of Origin

(3) The following end products are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of/ iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line Item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(4) The Offeror shall separately list the line item numbers of domestic end products that contain a critical component or a critical item (see Federal Acquisition Regulation 25.105).

Domestic end products containing a critical component or a critical item:
Line Item Number _____
[List as necessary]

(End of provision)

252.225-7001 Buy American and Balance of Payments Program.

Basic. As prescribed in 225.1101(2)(i) and (2)(ii), use the following clause:

BUY AMERICAN AND BALANCE OF PAYMENTS PROGRAM—BASIC
(FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means a domestic construction material or domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.101(d), or award is made before January 1, 2030, for a foreign end product that exceeds 55 percent domestic content (see Defense Federal Acquisition Regulation Supplement 225.103(b)(ii)). The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the

end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada

Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) This clause implements 41 U.S.C chapter 83, Buy American. In accordance with 41 U.S.C. 1907, the component test of the Buy American statute is waived for an end product that is a COTS item (see FAR 12.505(a)(1)). Unless otherwise specified, this clause applies to all line items in the contract.

(c) The Contractor shall deliver only domestic end products unless, in its offer, it specified delivery of other end products in the Buy American—Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, the Contractor shall deliver a qualifying country end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate I. As prescribed in 225.1101(2)(i) and (2)(iii), use the following clause, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a), and uses different paragraphs (b) and (c) than the basic clause:

BUY AMERICAN AND BALANCE OF PAYMENTS PROGRAM—ALTERNATE I (FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means a domestic construction material or domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.101(d)), or award is made before January 1, 2030, for a foreign end product that exceeds 55 percent domestic content (see Defense Federal Acquisition Regulation Supplement 225.103(b)(ii)). The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of

all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland

Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) This clause implements the Balance of Payments Program. Unless otherwise specified, this clause applies to all line items in the contract.

(c) The Contractor shall deliver only domestic end products unless, in its offer, it specified delivery of other end products in the Buy American Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or an SC/CASA state end product, the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate II. As prescribed in 225.1101(2)(i) and (2)(iv), use the following clause, which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance.

BUY AMERICAN AND BALANCE OF PAYMENTS PROGRAM—
ALTERNATE II (FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means a domestic construction material or domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) This clause implements 41 U.S.C. chapter 83, Buy American. In accordance with 41 U.S.C. 1907, the component test of the Buy American statute is waived for an end product that is a COTS item (see FAR 12.505(a)(1)). Unless otherwise specified, this clause applies to all line items in the contract.

(c) The Contractor shall deliver only domestic end products unless, in its offer, it specified delivery of other end products in the Buy American—Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, the Contractor shall deliver a qualifying country end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate III. As prescribed in 225.1101(2)(i) and (2)(v), use the following clause, which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance; adds "South Caucasus/ Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South

Asian (SC/CASA) state end product" to paragraph (a); and uses different paragraphs (b) and (c) than the basic clause:

BUY AMERICAN AND BALANCE OF PAYMENTS PROGRAM—
ALTERNATE III (FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means a domestic construction material or domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; .or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap

generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia

Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial

quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) This clause implements the Balance of Payments Program. Unless otherwise specified, this clause applies to all line items in the contract.

(c) The Contractor shall deliver only domestic end products unless, in its offer, it specified delivery of other end products in the Buy American—Balance of Payments Program Certificate provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or an SC/CASA state end product, the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

252.225-7002 Qualifying Country Sources as Subcontractors.
As prescribed in 225.1101(3), use the following clause:

QUALIFYING COUNTRY SOURCES AS SUBCONTRACTORS (MAR 2022)

(a) *Definition.* "Qualifying country," as used in this clause, means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of

the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

(b) Subject to the restrictions in section 225.872 of the Defense FAR Supplement, the Contractor shall not preclude qualifying country sources or U.S. sources from competing for subcontracts under this contract.

(End of clause)

252.225-7003 Report of Intended Performance Outside the United States and Canada—Submission with Offer.
As prescribed in 225.7204(a), use the following provision:

REPORT OF INTENDED PERFORMANCE OUTSIDE THE UNITED STATES AND CANADA—SUBMISSION WITH OFFER (OCT 2025)

(a) *Definition*. "United States," as used in this provision, means the 50 States, the District of Columbia, and outlying areas.

(b) The Offeror shall submit, with its offer, a report of intended performance outside the United States and Canada if—

(1) The offer exceeds $20 million in value; and

(2) The Offeror is aware that the Offeror or a first-tier subcontractor intends to perform any part of the contract outside the United States and Canada that—

(i) Exceeds $900,000 in value; and

(ii) Could be performed inside the United States or Canada.

(c) Information to be reported includes that for—

(1) Subcontracts;

(2) Purchases; and

(3) Intracompany transfers when transfers originate in a foreign location.

(d) The Offeror shall submit the report using—

(1) DD Form 2139, Report of Contract Performance Outside the United States; or

(2) A computer-generated report that contains all information required by DD Form 2139.

(e) The Offeror may obtain a copy of DD Form 2139 from the Contracting Officer or via the Internet at http://www.dtic.mil/whs/directives/infomgt/forms/formsprogram.htm.

(End of provision)

252.225-7004 Report of Intended Performance Outside the United States and Canada—Submission after Award.
As prescribed in 225.7204(b), use the following clause:

REPORT OF INTENDED PERFORMANCE OUTSIDE THE UNITED STATES AND CANADA—SUBMISSION AFTER AWARD (JUL 2024)

(a) *Definition.* "United States," as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) *Reporting requirement.* The Contractor shall submit a report in accordance with this clause, if the Contractor or a first-tier subcontractor will perform any part of this contract outside the United States and Canada that—

(1) Exceeds the threshold specified in Defense Acquisition Regulation Supplement 225.7201(a); and

(2) Could be performed inside the United States or Canada.

(c) *Submission of reports.* The Contractor—

(1) Shall submit a report as soon as practical after the information is known;

(2) To the maximum extent practicable, shall submit a report regarding a first-tier subcontractor at least 30 days before award of the subcontract;

(3) Need not resubmit information submitted with its offer, unless the information changes;

(4) Shall submit all reports to the Contracting Officer; and

(5) Shall submit a copy of each report to: Principal Director, Defense Pricing, Contracting, and Acquisition Policy (Contract Policy), OUSD(A&S) DPCAP/CP, Washington, DC 20301-3060.

(d) *Report format*. The Contractor—

(1) Shall submit reports using—

(i) DD Form 2139, Report of Contract Performance Outside the United States; or

(ii) A computer-generated report that contains all information required by DD Form 2139; and

(2) May obtain copies of DD Form 2139 from the Contracting Officer or via the Internet at https://www.esd.whs.mil/Directives/forms/.

(End of clause)

252.225-7005 Identification of Expenditures in the United States.
As prescribed in 225.1103(1), use the following clause:

IDENTIFICATION OF EXPENDITURES IN THE UNITED STATES (JUN 2005)

(a) *Definition*. "United States," as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) This clause applies only if the Contractor is—

(1) A concern incorporated in the United States (including a subsidiary that is incorporated in the United States, even if the parent corporation is not incorporated in the United States); or

(2) An unincorporated concern having its principal place of business in the United States.

(c) On each invoice, voucher, or other request for payment under this contract, the Contractor shall identify that part of the requested payment that represents estimated expenditures in the United States. The identification—

(1) May be expressed either as dollar amounts or as percentages of the total amount of the request for payment;

(2) Should be based on reasonable estimates; and

(3) Shall state the full amount of the payment requested, subdivided into the following categories:

(i) U.S. products—expenditures for material and equipment manufactured or produced in the United States, including end products, components, or construction material, but excluding transportation;

(ii) U.S. services—expenditures for services performed in the United States, including all charges for overhead, other indirect costs, and profit under construction or service contracts;

(iii) Transportation on U.S. carriers—expenditures for transportation furnished by U.S. flag, ocean, surface, and air carriers; and

(iv) Expenditures not identified under paragraphs (c)(3)(i) through (iii) of this clause.

(d) Nothing in this clause requires the establishment or maintenance of detailed accounting records or gives the U.S. Government any right to audit the Contractor's books or records.

(End of clause)

252.225-7006 Acquisition of the American Flag.
As prescribed in 225.7002-3(c), insert the following clause:

ACQUISITION OF THE AMERICAN FLAG (DEC 2022)

(a) *Definition.* "United States," as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) If the Contractor is required to deliver under this contract one or more American flags (Product or Service Code 8345), such flag(s), including the materials and components thereof, shall be manufactured in the United States, consistent with the requirements at 10 U.S.C. 4862 (commonly known as the "Berry Amendment").

(c) This clause does not apply to the acquisition of any end items or components related to flying or displaying the flag (e.g., flagpoles and accessories).

(End of clause)

252.225-7007 Prohibition on Acquisition of Certain Items from Communist Chinese Military Companies.
As prescribed in 225.1103(4), use the following clause:

PROHIBITION ON ACQUISITION OF CERTAIN ITEMS FROM COMMUNIST CHINESE MILITARY COMPANIES (DEC 2018)

(a) *Definitions.* As used in this clause—

"600 series of the Commerce Control List" means the series of 5-character export control classification numbers (ECCNs) of the Commerce Control List of the Export Administration Regulations in 15 CFR part 774, supplement No. 1. that have a "6" as the third character. The 600 series constitutes the munitions and munitions-related ECCNs within the larger Commerce Control List. (See definition of "600 series" in 15 CFR 772.)

"Communist Chinese military company" means any entity, regardless of geographic location that is—

(1) A part of the commercial or defense industrial base of the People's Republic of China including a subsidiary or affiliate of such entity; or

(2) Owned or controlled by, or affiliated with, an element of the Government or armed forces of the People's Republic of China.

"Item" means—

(1) A USML defense article, as defined at 22 CFR 120.6;

(2) A USML defense service, as defined at 22 CFR 120.9; or

(3) A 600 series item, as defined at 15 CFR 772.1.

"United States Munitions List" means the munitions list of the International Traffic in Arms Regulation in 22 CFR part 121.

(b) Any items covered by the United States Munitions List or the 600 series of the Commerce Control List that are delivered under this contract may not be acquired, directly or indirectly, from a Communist Chinese military company.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts for items covered by the United States Munitions List or the 600 series of the Commerce Control List.

(End of clause)

252.225-7008 Restriction on Acquisition of Specialty Metals.
As prescribed in 225.7003-5(a)(1), use the following clause:

RESTRICTION ON ACQUISITION OF SPECIALTY METALS (MAR 2013)

(a) *Definitions.* As used in this clause—

"Alloy" means a metal consisting of a mixture of a basic metallic element and one or more metallic, or non-metallic, alloying elements.

(i) For alloys named by a single metallic element (e.g., titanium alloy), it means that the alloy contains 50 percent or more of the named metal (by mass).

(ii) If two metals are specified in the name (e.g, nickel-iron alloy), those metals are the two predominant elements in the alloy, and together they constitute 50 percent or more of the alloy (by mass).

"Produce" means—

(i) Atomization;

(ii) Sputtering; or

(iii) Final consolidation of non-melt derived metal powders.

"Specialty metal" means—

(i) Steel—

(A) With a maximum alloy content exceeding one or more of the following limits: manganese, 1.65 percent; silicon, 0.60 percent; or copper, 0.60 percent; or

(B) Containing more than 0.25 percent of any of the following elements: aluminum, chromium, cobalt, molybdenum, nickel, niobium (columbium), titanium, tungsten, or vanadium;

(ii) Metal alloys consisting of—

(A) Nickel or iron-nickel alloys that contain a total of alloying metals other than nickel and iron in excess of 10 percent; or

(B) Cobalt alloys that contain a total of alloying metals other than cobalt and iron in excess of 10 percent;

(iii) Titanium and titanium alloys; or

(iv) Zirconium and zirconium alloys.

"Steel" means an iron alloy that includes between .02 and 2 percent carbon and may include other elements.

(b) Any specialty metal delivered under this contract shall be melted or produced in the United States or its outlying areas.

(End of clause)

252.225-7009 Restriction on Acquisition of Certain Articles Containing Specialty Metals.

As prescribed in 225.7003-5(a)(2), use the following clause:

RESTRICTION ON ACQUISITION OF CERTAIN ARTICLES CONTAINING SPECIALTY METALS (JAN 2023)

(a) *Definitions.* As used in this clause—

"Alloy" means a metal consisting of a mixture of a basic metallic element and one or more metallic, or non-metallic, alloying elements.

(i) For alloys named by a single metallic element (e.g., titanium alloy), it means that the alloy contains 50 percent or more of the named metal (by mass).

(ii) If two metals are specified in the name (e.g, nickel-iron alloy), those metals are the two predominant elements in the alloy, and together they constitute 50 percent or more of the alloy (by mass).

"Assembly" means an item forming a portion of a system or subsystem that—

(i) Can be provisioned and replaced as an entity; and

(ii) Incorporates multiple, replaceable parts.

"Commercial derivative military article" means an item acquired by the Department of Defense that is or will be produced using the same production facilities, a common supply chain, and the same or similar production processes that are used for the production of articles predominantly used by the general public or by nongovernmental entities for purposes other than governmental purposes.

"Commercially available off-the-shelf item"—

(i) Means any item of supply that is—

(A) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation);

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under this contract or a subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means any item supplied to the Government as part of an end item or of another component.

"Electronic component" means an item that operates by controlling the flow of electrons or other electrically charged particles in circuits, using interconnections of electrical devices such as resistors, inductors, capacitors, diodes, switches, transistors, or integrated circuits. The term does not include structural or mechanical parts of an assembly containing an electronic component, and does not include any high performance magnets that may be used in the electronic component.

"End item" means the final production product when assembled or completed and ready for delivery under a line item of this contract.

"High performance magnet" means a permanent magnet that obtains a majority of

its magnetic properties from rare earth metals (such as samarium).

"Produce" means—

(i) Atomization;

(ii) Sputtering; or

(iii) Final consolidation of non-melt derived metal powders.

"Qualifying country" means any country listed in the definition of "Qualifying country" at 225.003 of the Defense Federal Acquisition Regulation Supplement (DFARS).

"Specialty metal" means—

(i) Steel—

(A) With a maximum alloy content exceeding one or more of the following limits: manganese, 1.65 percent; silicon, 0.60 percent; or copper, 0.60 percent; or

(B) Containing more than 0.25 percent of any of the following elements: aluminum, chromium, cobalt, molybdenum, nickel, niobium (columbium), titanium, tungsten, or vanadium;

(ii) Metal alloys consisting of—

(A) Nickel or iron-nickel alloys that contain a total of alloying metals other than nickel and iron in excess of 10 percent; or

(B) Cobalt alloys that contain a total of alloying metals other than cobalt and iron in excess of 10 percent;

(iii) Titanium and titanium alloys; or

(iv) Zirconium and zirconium alloys.

"Steel" means an iron alloy that includes between .02 and 2 percent carbon and may include other elements.

"Subsystem" means a functional grouping of items that combine to perform a major function within an end item, such as electrical power, attitude control, and propulsion.

(b) *Restriction.* Except as provided in paragraph (c) of this clause, any specialty metals incorporated in items delivered under this contract shall be melted or produced in the United States, its outlying areas, or a qualifying country.

(c) *Exceptions.* The restriction in paragraph (b) of this clause does not apply to—

(1) Electronic components.

(2)(i) Commercially available off-the-shelf (COTS) items, other than—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, or sheet, that have not been incorporated into COTS end items, subsystems, assemblies, or components;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems; and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, assemblies, or components; or

(2) The fasteners qualify for the commercial product exception in paragraph (c)(3) of this clause.

(ii) A COTS item is considered to be "without modification" if it is not modified prior to contractual acceptance by the next higher tier in the supply chain.

(A) Specialty metals in a COTS item that was accepted without modification by the next higher tier are excepted from the restriction in paragraph (b) of this clause, and remain excepted, even if a piece of the COTS item subsequently is removed (e.g., the end is removed from a COTS screw or an extra hole is drilled in a COTS bracket).

(B) Specialty metals that were not contained in a COTS item upon acceptance, but are added to the COTS item after acceptance, are subject to the restriction in paragraph (b) of this clause (e.g., a special reinforced handle made of specialty metal is added to a COTS item).

(C) If two or more COTS items are combined in such a way that the resultant item is not a COTS item, only the specialty metals involved in joining the COTS items together are subject to the restriction in paragraph (b) of this clause (e.g., a COTS aircraft is outfitted with a COTS engine that is not the COTS engine normally provided with the aircraft).

(D) For COTS items that are normally sold in the commercial marketplace with various options, items that include such options are also COTS items. However, if a COTS item is offered to the Government with an option that is not normally offered in the commercial marketplace, that option is subject to the restriction in paragraph (b) of this clause (e.g. - An aircraft is normally sold to the public with an option for installation kits. The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(3) Fasteners that are commercial products, if the manufacturer of the fasteners certifies it will purchase, during the relevant calendar year, an amount of domestically

melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and other customers, that is not less than 50 percent of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers.

(4) Items manufactured in a qualifying country.

(5) Specialty metals for which the Government has determined in accordance with DFARS 225.7003-3 that specialty metal melted or produced in the United States, its outlying areas, or a qualifying country cannot be acquired as and when needed in—

(i) A satisfactory quality;

(ii) A sufficient quantity; and

(iii) The required form. In accordance with 10 U.S.C. 4863(m)(4), the term "required form" in this clause refers to the form of the mill product, such as bar, billet, wire, slab, plate, or sheet, in the grade appropriate for the production of a finished end item to be delivered to the Government under this contract; or a finished component assembled into an end item to be delivered to the Government under this contract.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.*

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(i) The Contracting Officer has notified the Contractor of the items to be delivered under this contract that have been determined by the Government to meet the definition of "commercial derivative military article"; and

(ii) For each item that has been determined by the Government to meet the definition of "commercial derivative military article," the Contractor has certified, as specified in the provision of the solicitation entitled "Commercial Derivative Military Article—Specialty Metals Compliance Certificate" (DFARS 252.225-7010), that the Contractor and its subcontractor(s) will enter into a contractual agreement or agreements to purchase an amount of domestically melted or produced specialty metal in the required form, for use during the period of contract performance in the production of each commercial derivative military article and the related commercial article, that is not less than the Contractor's good faith estimate of the greater of—

(A) An amount equivalent to 120 percent of the amount of specialty

metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(B) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) *Subcontracts.*

(1) The Contractor shall exclude and reserve paragraph (d) and this paragraph (e)(1) when flowing down this clause to subcontracts.

(2) The Contractor shall insert paragraphs (a) through (c) and this paragraph (e)(2) of this clause in subcontracts, including subcontracts for commercial products, that are for items containing specialty metals to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting this clause in subcontracts, the Contractor shall—

(i) Modify paragraph (c)(6) of this clause only as necessary to facilitate management of the minimal content exception at the prime contract level. The minimal content exception does not apply to specialty metals contained in high-performance magnets; and

(ii) Not further alter the clause other than to identify the appropriate parties.

(End of clause)

252.225-7010 Commercial Derivative Military Article—Specialty Metals Compliance Certificate.

As prescribed in 225.7003-5(b), use the following provision:

COMMERCIAL DERIVATIVE MILITARY ARTICLE—SPECIALTY METALS COMPLIANCE CERTIFICATE (JUL 2009)

(a) *Definitions.* "Commercial derivative military article," "commercially available off-the-shelf item," "produce," "required form," and "specialty metal," as used in this provision, have the meanings given in the clause of this solicitation entitled "Restriction on Acquisition of Certain Articles Containing Specialty Metals" (DFARS 252.225-7009).

(b) The offeror shall list in this paragraph any commercial derivative military articles it intends to deliver under any contract resulting from this solicitation using the alternative compliance for commercial derivative military articles, as specified in paragraph (d) of the clause of this solicitation entitled "Restriction on Acquisition of Certain Articles Containing Specialty Metals" (DFARS 252.225-7009). The offeror's designation of an item as a "commercial derivative military article" will be subject to Government review and approval.

_____.

(c) If the offeror has listed any commercial derivative military articles in paragraph (b) of this provision, the offeror certifies that, if awarded a contract as a result of this solicitation, and if the Government approves the designation of the listed item(s) as commercial derivative military articles, the offeror and its subcontractor(s) will demonstrate that individually or collectively they have entered into a contractual agreement or agreements to purchase an amount of domestically melted or produced specialty metal in the required form, for use during the period of contract performance in the production of each commercial derivative military article and the related commercial article, that is not less than the Contractor's good faith estimate of the greater of—

(1) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(2) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(d) For the purposes of this provision, the amount of specialty metal that is required to carry out the production of the commercial derivative military article includes specialty metal contained in any item, including commercially available off-the-shelf items, incorporated into such commercial derivative military articles.

(End of provision)

252.225-7011 Restriction on Acquisition of Supercomputers.
As prescribed in 225.7012-3, use the following clause:

RESTRICTION ON ACQUISITION OF SUPERCOMPUTERS (JUN 2005)

Supercomputers delivered under this contract shall be manufactured in the United States or its outlying areas.

(End of clause)

252.225-7012 Preference for Certain Domestic Commodities.
As prescribed in 225.7002-3(a), use the following clause:

PREFERENCE FOR CERTAIN DOMESTIC COMMODITIES (APR 2022)

(a) *Definitions.* As used in this clause—

"Component" means any item supplied to the Government as part of an end product or of another component.

"End product" means supplies delivered under a line item of this contract.

"Qualifying country" means a country with a reciprocal defense procurement

memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Structural component of a tent"—

(1) Means a component that contributes to the form and stability of the tent (e.g., poles, frames, flooring, guy ropes, pegs); and

(2) Does not include equipment such as heating, cooling, or lighting.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-flag vessel" means a vessel of the United States or belonging to the United States, including any vessel registered or having national status under the laws of the United States.

(b) The Contractor shall deliver under this contract only such of the following items, either as end products or components, that have been grown, reprocessed, reused, or produced in the United States:

(1) Food.

(2) Clothing and the materials and components thereof, other than sensors, electronics, or other items added to, and not normally associated with, clothing and the materials and components thereof. Clothing includes items such as outerwear, headwear, underwear, nightwear, footwear, hosiery, handwear, belts, badges, and insignia.

(3)(i) Tents and structural components of tents;

(ii) Tarpaulins; or

(iii) Covers.

(4) Cotton and other natural fiber products.

(5) Woven silk or woven silk blends.

(6) Spun silk yarn for cartridge cloth.

(7) Synthetic fabric, and coated synthetic fabric, including all textile fibers and yarns that are for use in such fabrics.

(8) Canvas products.

(9) Wool (whether in the form of fiber or yarn or contained in fabrics, materials, or manufactured articles).

(10) Any item of individual equipment (Federal Supply Class 8465) manufactured from or containing fibers, yarns, fabrics, or materials listed in this paragraph (b).

(c) This clause does not apply—

(1) To items listed in section 25.104(a) of the Federal Acquisition Regulation, or other items for which the Government has determined that a satisfactory quality and sufficient quantity cannot be acquired as and when needed at U.S. market prices;

(2) To incidental amounts of cotton, other natural fibers, or wool incorporated in an end product, for which the estimated value of the cotton, other natural fibers, or wool—

(i) Is not more than 10 percent of the total price of the end product; and

(ii) Does not exceed the threshold at Defense Federal Acquisition Regulation Supplement 225.7002-2(a);

(3) To waste and byproducts of cotton or wool fiber for use in the production of propellants and explosives;

(4) To foods, other than fish, shellfish, or seafood, that have been manufactured or processed in the United States, regardless of where the foods (and any component if applicable) were grown or produced. Fish, shellfish, or seafood manufactured or processed in the United States and fish, shellfish, or seafood contained in foods manufactured or processed in the United States shall be provided in accordance with paragraph (d) of this clause;

(5) To chemical warfare protective clothing produced in a qualifying country; or

(6) To fibers and yarns that are for use in synthetic fabric or coated synthetic fabric (but does apply to the synthetic or coated synthetic fabric itself), if—

(i) The fabric is to be used as a component of an end product that is not a textile product. Examples of textile products, made in whole or in part of fabric, include—

(A) Draperies, floor coverings, furnishings, and bedding (Federal Supply Group 72, Household and Commercial Furnishings and Appliances);

(B) Items made in whole or in part of fabric in Federal Supply Group 83, Textile/leather/furs/apparel/findings/tents/flags, or Federal Supply Group 84, Clothing, Individual Equipment and Insignia;

(C) Upholstered seats (whether for household, office, or other use); and

(D) Parachutes (Federal Supply Class 1670); or

(ii) The fibers and yarns are para-aramid fibers and continuous filament para-aramid yarns manufactured in a qualifying country.

(d)(1) Fish, shellfish, and seafood delivered under this contract, or contained in foods delivered under this contract—

(i) Shall be taken from the sea by U.S.-flag vessels; or

(ii) If not taken from the sea, shall be obtained from fishing within the United States; and

(2) Any processing or manufacturing of the fish, shellfish, or seafood shall be performed on a U.S.-flag vessel or in the United States.

(End of clause)

252.225-7013 Duty-Free Entry.
As prescribed in 225.1101(4), use the following clause:

DUTY-FREE ENTRY (AUG 2025)

(a) *Definitions.* As used in this clause—

"Component," means any item supplied to the Government as part of an end product or of another component.

"Customs territory of the United States" means the 50 States, the District of Columbia, and Puerto Rico.

"Eligible product" means—

(1) "Designated country end product," as defined in the Trade Agreements (either basic or alternate) clause of this contract;

(2) "Free Trade Agreement country end product," other than a "Bahraini end product," a "Moroccan end product," a Panamanian end product," or a "Peruvian end product," as defined in the Buy American—Free Trade Agreements—Balance of Payments Program (either basic or alternate II) clause of this contract, basic or its Alternate II; or

(3) "Free Trade Agreement country end product" other than a "Bahraini end product," "Korean end product," "Moroccan end product," "Panamanian end product," or "Peruvian end product," as defined in of the Buy American—Free Trade Agreements—Balance of Payments Program (either alternate IV or alternate V) clause of this contract.

"Qualifying country" and "qualifying country end product" have the meanings given in the Trade Agreements clause, the Buy American and Balance of Payments Program clause, or the Buy American—Free Trade Agreements—Balance of Payments Program clause of this contract, basic or alternate.

(b) Except as provided in paragraph (i) of this clause, or unless supplies were imported into the customs territory of the United States before the date of this contract or the applicable subcontract, the price of this contract shall not include any amount for duty on—

(1) End items that are eligible products or qualifying country end products;

(2) Components (including, without limitation, raw materials and intermediate assemblies) produced or made in qualifying countries, that are to be incorporated in U.S.- made end products to be delivered under this contract; or

(3) Other supplies for which the Contractor estimates that duty will exceed $300 per shipment into the customs territory of the United States.

(c) The Contractor shall—

(1) Claim duty-free entry only for supplies that the Contractor intends to deliver to the Government under this contract, either as end items or components of end items; and

(2) Pay duty on supplies, or any portion thereof, that are diverted to nongovernmental use, other than—

(i) Scrap or salvage; or

(ii) Competitive sale made, directed, or authorized by the Contracting

Officer.

(d) Except as the Contractor may otherwise agree, the Government will execute duty-free entry certificates and will afford such assistance as appropriate to obtain the duty-free entry of supplies—

(1) For which no duty is included in the contract price in accordance with paragraph (b) of this clause; and

(2) For which shipping documents bear the notation specified in paragraph (e) of this clause.

(e) For foreign supplies for which the Government will issue duty-free entry certificates in accordance with this clause, shipping documents submitted to Customs shall—

(1) Consign the shipments to the appropriate—

(i) Military department in care of the Contractor, including the Contractor's delivery address; or

(ii) Military installation; and

(2) Include the following information:

(i) Prime contract number and, if applicable, delivery order number.

(ii) Number of the subcontract for foreign supplies, if applicable.

(iii) Identification of the carrier.

(iv)(A) For direct shipments to a U.S. military installation, the notation: "UNITED STATES GOVERNMENT, DEPARTMENT OF DEFENSE Duty-Free Entry to be claimed pursuant to Section XXII, Chapter 98, Subchapter VIII, Item 9808.00.30 of the Harmonized Tariff Schedule of the United States. Upon arrival of shipment at the appropriate port of entry, District Director of Customs, please release shipment under 19 CFR Part 142 and notify Defense Contract Management Agency (DCMA) St. Louis, St. Louis, MO, ATTN: Duty Free Entry Team, 1222 Spruce Street, Room 9.300, St. Louis, MO 63103-2812, for execution of Customs Form 7501, 7501A, or 7506 and any required duty-free entry certificates."

(B) If the shipment will be consigned to other than a military installation, e.g., a domestic contractor's plant, the shipping document notation shall be altered to include the name and address of the contractor, agent, or broker who will notify DCMA St. Louis, Duty Free Entry Team, for execution of the duty-free entry certificate. (If the shipment will be consigned to a contractor's plant and no duty-free entry certificate is required due to a trade agreement, the Contractor shall claim duty-free entry under the applicable trade agreement and shall comply with the U.S. Customs Service requirements. No notification to DCMA St. Louis, Duty Free Entry Team, is required.)

(v) Gross weight in pounds (if freight is based on space tonnage, state cubic

feet in addition to gross shipping weight).

(vi) Estimated value in U.S. dollars.

(vii) Activity address number of the contract administration office administering the prime contract, e.g., for DCMA Dayton, S3605A.

(f) *Preparation of customs forms.*

(1)(i) Except for shipments consigned to a military installation, the Contractor shall—

(A) Prepare any customs forms required for the entry of foreign supplies into the customs territory of the United States in connection with this contract; and

(B) Submit the completed customs forms to the District Director of Customs, with a copy to DCMA St. Louis, Duty Free Entry Team for execution of any required duty-free entry certificates.

(ii) Shipments consigned directly to a military installation will be released in accordance with sections 10.101 and 10.102 of the U.S. Customs regulations.

(2) For shipments containing both supplies that are to be accorded duty-free entry and supplies that are not, the Contractor shall identify on the customs forms those items that are eligible for duty-free entry.

(g) The Contractor shall—

(1) Prepare (if the Contractor is a foreign supplier), or shall instruct the foreign supplier to prepare, a sufficient number of copies of the bill of lading (or other shipping document) so that at least two of the copies accompanying the shipment will be available for use by the District Director of Customs at the port of entry;

(2) Consign the shipment as specified in paragraph (e) of this clause; and

(3) Mark on the exterior of all packages—

(i) "UNITED STATES GOVERNMENT, DEPARTMENT OF DEFENSE"; and

(ii) The activity address number of the contract administration office administering the prime contract.

(h) The Contractor shall notify the Administrative Contracting Officer (ACO) in writing of any purchase of eligible products or qualifying country supplies to be accorded duty-free entry, that are to be imported into the customs territory of the United States for delivery to the Government or for incorporation in end items to be delivered to the Government. The Contractor shall furnish the notice to the ACO immediately upon award to the supplier and shall include in the notice—

(1) The Contractor's name, address, and Commercial and Government Entity (CAGE) code;

(2) Prime contract number and, if applicable, delivery order number;

(3) Total dollar value of the prime contract or delivery order;

(4) Date of the last scheduled delivery under the prime contract or delivery order;

(5) Foreign supplier's name and address;

(6) Number of the subcontract for foreign supplies;

(7) Total dollar value of the subcontract for foreign supplies;

(8) Date of the last scheduled delivery under the subcontract for foreign supplies;

(9) List of items purchased;

(10) An agreement that the Contractor will pay duty on supplies, or any portion thereof, that are diverted to nongovernmental use other than—

(i) Scrap or salvage; or

(ii) Competitive sale made, directed, or authorized by the Contracting Officer;

(11) Country of origin; and

(12) Scheduled delivery date(s).

(i) This clause does not apply to purchases of eligible products or qualifying country supplies in connection with this contract if—

(1) The supplies are identical in nature to supplies purchased by the Contractor or any subcontractor in connection with its commercial business; and

(2) It is not economical or feasible to account for such supplies so as to ensure that the amount of the supplies for which duty-free entry is claimed does not exceed the amount purchased in connection with this contract.

(j) The Contractor shall—

(1) Insert the substance of this clause, including this paragraph (j), in all subcontracts for—

(i) Qualifying country components; or

(ii) Nonqualifying country components for which the Contractor estimates that duty will exceed $200 per unit;

(2) Require subcontractors to include the number of this contract on all shipping

documents submitted to Customs for supplies for which duty-free entry is claimed pursuant to this clause; and

(3) Include in applicable subcontracts—

(i) The name and address of the ACO for this contract;

(ii) The name, address, and activity address number of the contract administration office specified in this contract; and

(iii) The information required by paragraphs (h)(1), (2), and (3) of this clause.

(End of clause)

252.225-7014 Reserved.

252.225-7015 Restriction on Acquisition of Hand or Measuring Tools.
As prescribed in 225.7002-3(b), use the following clause:

RESTRICTION ON ACQUISITION OF HAND OR MEASURING TOOLS
(JUN 2005)

Hand or measuring tools delivered under this contract shall be produced in the United States or its outlying areas.

(End of clause)

252.225-7016 Restriction on Acquisition of Ball and Roller Bearings.
As prescribed in 225.7009-5, use the following clause:

RESTRICTION ON ACQUISITION OF BALL AND ROLLER BEARINGS
(JAN 2023)

(a) *Definitions.* As used in this clause—

(1) "Bearing components" means the bearing element, retainer, inner race, or outer race.

(2) "Component," other than a bearing component, means any item supplied to the Government as part of an end product or of another component.

(3) "End product" means supplies delivered under a line item of this contract.

(b) Except as provided in paragraph (c) of this clause—

(1) Each ball and roller bearing delivered under this contract shall be manufactured in the United States, its outlying areas, or Canada; and

(2) For each ball or roller bearing, the cost of the bearing components manufactured in the United States, its outlying areas, or Canada shall exceed 50 percent of the total cost of the bearing components of that ball or roller bearing.

.

(c) The restriction in paragraph (b) of this clause does not apply to ball or roller bearings that are acquired as—

(1) Commercial components of an other than commercial end product; or

(2) Commercial or other than commercial components of a commercial component of an other than commercial end product.

(d) The restriction in paragraph (b) of this clause may be waived upon request from the Contractor in accordance with subsection 225.7009-4 of the Defense Federal Acquisition Regulation Supplement.

(e) If this contract includes DFARS clause 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, all bearings that contain specialty metals, as defined in that clause, must meet the requirements of that clause.

(f) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (f), in all subcontracts, except those for—

(1) Commercial products; or

(2) Items that do not contain ball or roller bearings.

(End of clause)

252.225-7017 Photovoltaic Devices.
As prescribed in 225.7017-4(a), use the following clause:

PHOTOVOLTAIC DEVICES (MAR 2024)

(a) *Definitions.* As used in this clause—

"Bahraini photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in Bahrain; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of Bahrain.

"Caribbean Basin country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a Caribbean Basin country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided

that the photovoltaic device is not subsequently substantially transformed outside of a Caribbean Basin country.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country photovoltaic device" means a WTO GPA country photovoltaic device, a Free Trade Agreement country photovoltaic device, a least developed country photovoltaic device, or a Caribbean Basin country photovoltaic device.

"Domestic photovoltaic device" means a photovoltaic device that is manufactured in the United States

"Foreign photovoltaic device" means a photovoltaic device other than a domestic photovoltaic device.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a Free Trade Agreement country; or

(2) In the case of a photovoltaic device that consists in whole or in part of

materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Free Trade Agreement country.

"Korean photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in Korea (Republic of); or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of Korea (Republic of).

"Least developed country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a least developed country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a least developed country.

"Moroccan photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in Morocco; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of Morocco.

"Panamanian photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in Panama; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of Panama.

"Peruvian photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in Peru; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of Peru.

"Photovoltaic device" means a device that converts light directly into electricity through a solid-state, semiconductor process.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country photovoltaic device" means a photovoltaic device manufactured in a qualifying country.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-made photovoltaic device" means a photovoltaic device that—

(1) Is manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of the United States.

"WTO GPA country photovoltaic device" means a photovoltaic device that—

(1) Is wholly manufactured in a WTO GPA country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a WTO GPA country.

(b) This clause implements section 846 of the National Defense Authorization Act for Fiscal Year 2011 (Pub. L. 111-383).

(c) *Restriction.* If the Contractor specified in its offer in the Photovoltaic Devices—Certificate provision of the solicitation that the estimated value of the photovoltaic devices to be utilized in performance of this contract would be—

(1) More than the micro-purchase threshold but less than $100,000, then the Contractor shall utilize only domestic photovoltaic devices unless, in its offer, it specified utilization of qualifying country or other foreign photovoltaic devices in paragraph (d)(2) of the Photovoltaic Devices—Certificate provision of the solicitation.

(2) $100,000 or more but less than $102,280, then the Contractor shall utilize under this contract only domestic photovoltaic devices unless, in its offer, it specified utilization of Free Trade Agreement country photovoltaic devices (other than Bahraini, Korean, Moroccan, Panamanian, or Peruvian photovoltaic devices), qualifying country photovoltaic devices, or other foreign photovoltaic devices in paragraph (d)(4) of the Photovoltaic Devices—Certificate provision of the solicitation. If the Contractor certified in its offer that it will utilize a Free Trade Agreement country photovoltaic device (other than a Bahraini, Korean, Moroccan, Panamanian, or Peruvian photovoltaic device) or a qualifying country photovoltaic device, then the Contractor shall utilize a Free Trade Agreement country photovoltaic device (other than a Bahraini, Korean, Moroccan, Panamanian, or Peruvian photovoltaic device) or a qualifying country photovoltaic device; or, at the Contractor's option, a domestic photovoltaic device;

(3) $100,000 or more but less than $174,000, then the Contractor shall utilize under this contract only domestic photovoltaic devices, unless, in its offer it specified utilization of Free Trade Agreement country photovoltaic devices (other than Bahraini, Moroccan, Panamanian, or Peruvian photovoltaic devices), qualifying country photovoltaic devices, or other foreign photovoltaic devices in paragraph (d)(5) of the Photovoltaic Devices—Certificate provision of the solicitation. If the Contractor

certified in its offer that it will utilize a Free Trade Agreement country photovoltaic device (other than a Bahraini, Moroccan, Panamanian, or Peruvian photovoltaic device) or a qualifying country photovoltaic device, then the Contractor shall utilize a Free Trade Agreement country photovoltaic device (other than a Bahraini, Moroccan, Panamanian, or Peruvian photovoltaic device) or a qualifying country photovoltaic device; or, at the Contractor's option, a domestic photovoltaic device; or

(4) $174,000 or more, then the Contractor shall utilize under this contract only U.S.-made, designated country, or qualifying country photovoltaic devices.

(End of clause)

252.225-7018 Photovoltaic Devices—Certificate.
As prescribed in 225.7017-4(b), use the following provision:

PHOTOVOLTAIC DEVICES—CERTIFICATE (MAR 2024)

(a) *Definitions.* "Bahraini photovoltaic device," "Caribbean Basin photovoltaic device," "designated country," "designated country photovoltaic device," "domestic photovoltaic device," "foreign photovoltaic device," "Free Trade Agreement country," "Free Trade Agreement photovoltaic device," "Korean photovoltaic device," "least developed country photovoltaic device," "Moroccan photovoltaic device," "Panamanian photovoltaic device," "Peruvian photovoltaic device," "photovoltaic device," "qualifying country," "qualifying country photovoltaic device," "United States," "U.S.-made photovoltaic device," and "WTO GPA country photovoltaic device" have the meanings given in the Photovoltaic Devices clause of this solicitation.

(b) *Restrictions.* The following restrictions apply, depending on the estimated aggregate value of photovoltaic devices to be utilized under a resultant contract:

(1) If more than the micro-purchase threshold but less than $174,000, then the Government will not accept an offer specifying the use of other foreign photovoltaic devices in paragraph (d)(2)(ii), (d)(3)(ii), (d)(4)(ii), or (d)(5)(ii) of this provision, unless the Offeror documents to the satisfaction of the Contracting Officer that the price of the foreign photovoltaic device plus 50 percent is less than the price of a comparable domestic photovoltaic device.

(2) If $174,000 or more, then the Government will consider only offers that utilize photovoltaic devices that are U.S.-made, qualifying country, or designated country photovoltaic devices.

(c) *Country in which a designated country photovoltaic device was wholly manufactured or was substantially transformed.* If the estimated value of the photovoltaic devices to be utilized under a resultant contract exceeds $102,280, the Offeror's certification that such photovoltaic device (e.g., solar panel) is a designated country photovoltaic device shall be consistent with country of origin determinations by the U.S. Customs and Border Protection with regard to importation of the same or similar photovoltaic devices into the United States. If the Offeror is uncertain as to what the country of origin would be determined to be by the U.S. Customs and Border Protection, the Offeror shall request a determination from U.S. Customs and Border Protection. (See https://www.cbp.gov/trade/rulings.)

(d) *Certification and identification of country of origin.*

[The Offeror shall check the block and fill in the blank for one of the following paragraphs, based on the estimated value and the country of origin of photovoltaic devices to be utilized in performance of the contract:]

___ (1) No photovoltaic devices will be utilized in performance of the contract, or such photovoltaic devices have an estimated value that does not exceed the micro-purchase threshold.

(2) If more than the micro-purchase threshold but less than $100,000—

___ (i) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device;

___ (ii) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a qualifying country photovoltaic device *[Offeror to specify country of origin_____]*; or

___ (iii) The foreign (other than qualifying country) photovoltaic devices to be utilized in performance of the contract are the product of _____. *[Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device, i.e. that the price of the foreign photovoltaic device plus 50 percent is less than the price of a comparable domestic photovoltaic device.]*

(3) If less than $100,000—

___ (i) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device;

___ (ii) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a qualifying country photovoltaic device *[Offeror to specify country of origin_____]*; or

___ (iii) The foreign photovoltaic devices to be utilized in performance of the contract are the product of _____. *[Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device, i.e. that the price of the foreign photovoltaic device plus 50 percent is less than the price of a comparable domestic photovoltaic device.]*

(4) If $100,000 or more but less than $102,280—

___ (i) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device;

___ (ii) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a Free Trade Agreement country photovoltaic device (other than a Bahraini, Korean, Moroccan, Panamanian, or Peruvian photovoltaic device) or a qualifying country photovoltaic device *[Offeror to specify country of origin_____]*; or

___ (iii) The offered foreign photovoltaic devices (other than those from countries listed in paragraph (d)(4)(ii) of this provision) are the product of _____. *[Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device, i.e. that the price of the foreign photovoltaic device plus 50 percent is less than the price of a comparable domestic photovoltaic device.]*

(5) If $100,000 or more but less than $174,000—

___ (i) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device;

___ (ii) The Offeror certifies that each photovoltaic device to be utilized in performance of the contract is a Free Trade Agreement country photovoltaic device (other than a Bahraini, Moroccan, Panamanian, or Peruvian photovoltaic device) or a qualifying country photovoltaic device *[Offeror to specify country of origin_____]*; or

___ (iii) The offered foreign photovoltaic devices (other than those from countries listed in paragraph (d)(5)(ii) of this provision) are the product of _____. *[Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device, i.e. that the price of the foreign photovoltaic device plus 50 percent is less than the price of a comparable domestic photovoltaic device.]*

(6) If $174,000 or more, the Offeror certifies that each photovoltaic device to be used in performance of the contract is—

___ (i) A U.S.-made photovoltaic device; or

___ (ii) A designated country photovoltaic device or a qualifying country photovoltaic device. *[Offeror to specify country of origin_____.]*

(End of provision)

252.225-7019 Restriction on Acquisition of Anchor and Mooring Chain.
As prescribed in 225.7004-7(a), use the following clause:

RESTRICTION ON ACQUISITION OF ANCHOR AND MOORING CHAIN
(MAY 2024)

(a) *Definition*. As used in this clause—

"Component" means an article, material, or supply incorporated directly into an end product.

(b) Welded shipboard anchor and mooring chain delivered under this contract—

(1) Shall be manufactured in the United States or its outlying areas, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States or its outlying areas shall exceed 50 percent of the total cost of components.

(c) The Contractor may request a waiver of this restriction if adequate domestic supplies meeting the requirements in paragraph (a) of this clause are not available to meet the contract delivery schedule.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts for items containing welded shipboard anchor and mooring chain.

(End of clause)

252.225-7020 Trade Agreements Certificate.

Basic. As prescribed in 225.1101(5) and (5)(i), use the following provision:

TRADE AGREEMENTS CERTIFICATE—BASIC (NOV 2014)

(a) *Definitions.* "Designated country end product," "nondesignated country end product," "qualifying country end product," and "U.S.-made end product" as used in this provision have the meanings given in the Trade Agreements—Basic clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of Part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) Will consider only offers of end products that are U.S.-made, qualifying country, or designated country end products unless—

(i) There are no offers of such end products;

(ii) The offers of such end products are insufficient to fulfill the Government's requirements; or

(iii) A national interest waiver has been granted.

(c) *Certification and identification of country of origin.*

(1) For all line items subject to the Trade Agreements—Basic clause of this solicitation, the offeror certifies that each end product to be delivered under this contract, except those listed in paragraph (c)(2) of this provision, is a U.S.-made, qualifying country, or designated country end product.

(2) The following supplies are other nondesignated country end products:

(Line Item Number) (Country of Origin)

(End of provision)

Alternate I. As prescribed in 225.1101(5) and (5)(ii), use the following provision, which uses different paragraphs (a), (b)(2), and (c) than the basic provision:

TRADE AGREEMENTS CERTIFICATE—ALTERNATE I (NOV 2014)

(a) *Definitions.* "Designated country end product," "nondesignated country end product," "qualifying country end product," "South Caucasus/Central and South Asian (SC/CASA) state," "South Caucasus/Central and South Asian (SC/CASA) state end product," and "U.S.-made end product," as used in this provision, have the meanings given in the Trade Agreements—Alternate I clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) Will consider only offers of end products that are U.S.-made, qualifying country, SC/CASA state, or designated country end products unless—

(i) There are no offers of such end products;

(ii) The offers of such end products are insufficient to fulfill the Government's requirements; or

(iii) A national interest waiver has been granted.

(c) *Certification and identification of country of origin.*

(1) For all line items subject to the Trade Agreement—Alternate I clause of this solicitation, the offeror certifies that each end product to be delivered under this contract, except those listed in paragraph (c)(2)(ii) of this provision, is a U.S.-made, qualifying country, SC/CASA state, or designated country end product.

(2)(i) The following supplies are SC/CASA state end products:

(Line Item Number) (Country of Origin)

(ii) The following are other nondesignated country end products:

(Line Item Number) (Country of Origin)

(End of provision)

252.225-7021 Trade Agreements.

Basic. As prescribed in 225.1101(6) and (6)(i), use the following clause:

TRADE AGREEMENTS—BASIC (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country end product"—

(1) Means an article that—

(i) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself; and

(2) Excludes products, other than petroleum and any product derived from petroleum, that are not granted duty-free treatment under the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(b)). These exclusions presently consist of—

(i) Textiles, apparel articles, footwear, handbags, luggage, flat goods, work gloves, leather wearing apparel, and handloomed, handmade, or folklore articles that are not granted duty-free status in the Harmonized Tariff Schedule of the United States (HTSUS);

(ii) Tuna, prepared or preserved in any manner in airtight containers; and

(iii) Watches and watch parts (including cases, bracelets, and straps) of whatever type, including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the HTSUS column 2 rates of duty (HTSUS General Note 3(b)) apply.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country end product" means a WTO GPA country end product, a Free Trade Agreement country end product, a least developed country end product, or a Caribbean Basin country end product.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of

calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Least developed country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Nondesignated country end product" means any end product that is not a U.S.-made end product or a designated country end product.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia

Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(ii) The end product is a COTS item.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-made end product" means an article that—

(1) Is mined, produced, or manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

"WTO GPA country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its

supply, provided that the value of those incidental services does not exceed the value of the product itself.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only U.S.-made, qualifying country, or designated country end products unless—

(1) In its offer, the Contractor specified delivery of other nondesignated country end products in the Trade Agreements Certificate provision of the solicitation; and

(2)(i) Offers of U.S.-made, qualifying country, or designated country end products from responsive, responsible offerors are either not received or are insufficient to fill the Government's requirements; or

(ii) A national interest waiver has been granted.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(e) The HTSUS is available at http://www.usitc.gov/tata/hts/bychapter/index.htm. The following sections of the HTSUS provide information regarding duty-free status of articles specified in the definition of "Caribbean Basic country end product" within paragraph (a) of this clause:

(1) General Note 3(c), Products Eligible for Special Tariff Treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries Under the United States—Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits Under the United States—Caribbean Basin Trade Partnership Act.

(End of clause)

Alternate I. Reserved.

Alternate II. As prescribed in 225.1101(6) and (6)(ii), use the following clause, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a); (ii) uses a different paragraph (c) than the basic clause; (iii) adds a new paragraph (d); and (iv) includes paragraphs (e) and (f) which are the same paragraphs (d) and (e) of the basic clause:

TRADE AGREEMENTS—ALTERNATE II (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country end product"—

(1) Means an article that—

(i) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself; and

(2) Excludes products, other than petroleum and any product derived from petroleum, that are not granted duty-free treatment under the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(b)). These exclusions presently consist of—

(i) Textiles, apparel articles, footwear, handbags, luggage, flat goods, work gloves, leather wearing apparel, and handloomed, handmade, or folklore articles that are not granted duty-free status in the Harmonized Tariff Schedule of the United States (HTSUS);

(ii) Tuna, prepared or preserved in any manner in airtight containers; and

(iii) Watches and watch parts (including cases, bracelets, and straps) of whatever type, including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the HTSUS column 2 rates of duty (HTSUS General Note 3(b)) apply.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, East Timor, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, Tanzania, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country end product" means a WTO GPA country end product, a Free Trade Agreement country end product, a least developed country end product, or a Caribbean Basin country end product.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Least developed country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Nondesignated country end product" means any end product that is not a U.S.-made end product or a designated country end product.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-made end product" means an article that—

(1) Is mined, produced, or manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

"WTO GPA country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only U.S.-made, qualifying country, SC/CASA state, or designated country end products unless—

(1) In its offer, the Contractor specified delivery of other nondesignated country end products in the Trade Agreements Certificate provision of the solicitation; and

(2)(i) Offers of U.S.-made, qualifying country, SC/CASA state, or designated country end products from responsive, responsible offerors are either not received or are insufficient to fill the Government's requirements; or

(ii) A national interest waiver has been granted.

(d) If the Contractor is from an SC/CASA state, the Contractor shall inform its government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

(e) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(f) The HTSUS is available at http://www.usitc.gov/tata/hts/bychapter/index.htm. The following sections of the HTSUS provide information regarding duty-free status of articles specified in the definition of "Caribbean Basin country end product" within paragraph (a) of this clause:

(1) General Note 3(c), Products Eligible for Special Tariff Treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries Under the United States—Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits Under the United States—Caribbean Basin Trade Partnership Act.

(End of clause)

Alternate III. As prescribed in 225.1101(6) and (6)(iii), use the following clause, which includes, in the definition of "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance.

TRADE AGREEMENTS—ALTERNATE III (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country end product"—

(1) Means an article that—

(i) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself; and

(2) Excludes products, other than petroleum and any product derived from petroleum, that are not granted duty-free treatment under the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(b)). These exclusions presently consist of—

(i) Textiles, apparel articles, footwear, handbags, luggage, flat goods, work gloves, leather wearing apparel, and handloomed, handmade, or folklore articles that are not granted duty-free status in the Harmonized Tariff Schedule of the United States (HTSUS);

(ii) Tuna, prepared or preserved in any manner in airtight containers; and

(iii) Watches and watch parts (including cases, bracelets, and straps) of whatever type, including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the HTSUS column 2 rates of duty (HTSUS General Note 3(b)) apply.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country end product" means a WTO GPA country end product, a Free Trade Agreement country end product, a least developed country end product, or a Caribbean Basin country end product.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Least developed country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Nondesignated country end product" means any end product that is not a U.S.-made end product or a designated country end product.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg

Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(ii) The end product is a COTS item.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-made end product" means an article that—

(1) Is mined, produced, or manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

"WTO GPA country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only U.S.-made, qualifying country, or designated country end products unless—

(1) In its offer, the Contractor specified delivery of other nondesignated country end products in the Trade Agreements Certificate provision of the solicitation; and

(2)(i) Offers of U.S.-made, qualifying country, or designated country end products from responsive, responsible offerors are either not received or are insufficient to fill the Government's requirements; or

(ii) A national interest waiver has been granted.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(e) The HTSUS is available at http://www.usitc.gov/tata/hts/bychapter/index.htm. The following sections of the HTSUS provide information regarding duty-free status of articles specified in the definition of "Caribbean Basin country end product" within paragraph (a) of this clause:

(1) General Note 3(c), Products Eligible for Special Tariff Treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries Under the United States-Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits Under the United States-Caribbean Basin Trade Partnership Act.

(End of clause)

Alternate IV. As prescribed in 225.1101(6) and (6)(iv), use the following clause, which (i) includes, in the definition of "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance; (ii) adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a); (iii) uses a different paragraph (c) than the basic clause; (iv) adds a new paragraph (d); and (v) includes paragraphs (e) and (f) which are the same paragraphs (d) and (e) of the basic clause:

TRADE AGREEMENTS—ALTERNATE IV (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country end product"—

(1) Means an article that—

(i) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself; and

(2) Excludes products, other than petroleum and any product derived from petroleum, that are not granted duty-free treatment under the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703(b)). These exclusions presently consist of—

(i) Textiles, apparel articles, footwear, handbags, luggage, flat goods, work gloves, leather wearing apparel, and handloomed, handmade, or folklore articles that are not granted duty-free status in the Harmonized Tariff Schedule of the United States (HTSUS);

(ii) Tuna, prepared or preserved in any manner in airtight containers; and

(iii) Watches and watch parts (including cases, bracelets, and straps) of whatever type, including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of any country to which the HTSUS column 2 rates of duty (HTSUS General Note 3(b)) apply.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of commercial product in section 2.101 of the Federal Acquisition Regulation);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, East Timor, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Maldives, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, Tanzania, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country end product" means a WTO GPA country end product, a Free Trade Agreement country end product, a least developed country end product, or a Caribbean Basin country end product.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation

services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Least developed country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Nondesignated country end product" means any end product that is not a U.S.-made end product or a designated country end product.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain

Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"U.S.-made end product" means an article that—

(1) Is mined, produced, or manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

"WTO GPA country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only U.S.-made, qualifying country, SC/CASA state, or designated country end products unless—

(1) In its offer, the Contractor specified delivery of other nondesignated country end products in the Trade Agreements Certificate provision of the solicitation; and

(2)(i) Offers of U.S.-made, qualifying country, SC/CASA state, or designated country end products from responsive, responsible offerors are either not received or are insufficient to fill the Government's requirements; or

(ii) A national interest waiver has been granted.

(d) If the Contractor is from an SC/CASA state, the Contractor shall inform its government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

(e) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(f) The HTSUS is available at http://www.usitc.gov/tata/hts/bychapter/index.htm. The following sections of the HTSUS provide information regarding duty-free status of articles specified in the definition of "Caribbean Basin country end product" within paragraph (a) of this clause:

(1) General Note 3(c), Products Eligible for Special Tariff Treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries Under the United States—Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits Under the United States—Caribbean Basin Trade Partnership Act.

(End of clause)

252.225-7022 Reserved.

252.225-7023 Preference for Products or Services from Afghanistan.
As prescribed in 225.7703-4(a), use the following provision:

PREFERENCE FOR PRODUCTS OR SERVICES FROM AFGHANISTAN
(SEP 2013)

(a) *Definitions.* "Product from Afghanistan" and "service from Afghanistan," as used in this provision, are defined in the clause of this solicitation entitled "Requirement for Products or Services from Afghanistan" (DFARS 252.225-7024).

(b) *Representation.* The offeror represents that all products or services to be delivered under a contract resulting from this solicitation are products from Afghanistan or services from Afghanistan, except those listed in—

(1) Paragraph (c) of this provision; or

(2) Paragraph (c)(2) of the provision entitled "Trade Agreements Certificate," if included in this solicitation.

(c) *Other products or services.* The following offered products or services are not products from Afghanistan or services from Afghanistan:

(Line Item Number) (Country of Origin)

(d) *Evaluation.* For the purpose of evaluating competitive offers, the Contracting Officer will increase by 50 percent the prices of offers of products or services that are not products or services from Afghanistan.

(End of provision)

252.225-7024 Requirement for Products or Services from Afghanistan.
As prescribed in 225.7703-4(b), use the following clause:

REQUIREMENT FOR PRODUCTS OR SERVICES FROM AFGHANISTAN
(SEP 2013)

(a) *Definitions.* As used in this clause—

(1) "Product from Afghanistan" means a product that is mined, produced, or manufactured in Afghanistan.

(2) "Service from Afghanistan" means a service including construction that is performed in Afghanistan predominantly by citizens or permanent resident aliens of Afghanistan.

(b) The Contractor shall provide only products from Afghanistan or services from Afghanistan under this contract, unless, in its offer, it specified that it would provide products or services other than products from Afghanistan or services from Afghanistan.

(End of clause)

252.225-7025 Restriction on Acquisition of Forgings.
As prescribed in 225.7102-4, use the following clause:

RESTRICTION ON ACQUISITION OF FORGINGS (DEC 2009)

(a) *Definitions.* As used in this clause—

(1) "Component" means any item supplied to the Government as part of an end product or of another component.

(2) "Domestic manufacture" means manufactured in the United States, its outlying areas; or Canada.

(3) "Forging items" means—

ITEMS	CATEGORIES
Ship propulsion shafts	Excludes service and landing craft shafts
Periscope tubes	All
Ring forgings for bull gears	All greater than 120 inches in diameter

(b) End products and their components delivered under this contract shall contain forging items that are of domestic manufacture only.

(c) The restriction in paragraph (b) of this clause may be waived upon request from the Contractor in accordance with subsection 225.7102-3 of the Defense Federal Acquisition Regulation Supplement.

(d) The Contractor shall retain records showing compliance with the restriction in paragraph (b) of this clause until 3 years after final payment and shall make the records available upon request of the Contracting Officer.

(e) The Contractor shall insert the substance of this clause, including this paragraph (e), in subcontracts for forging items or for other items that contain forging items.

(End of clause)

252.225-7026 Acquisition Restricted to Products or Services from Afghanistan.
As prescribed in 225.7703-4(c), use the following clause:

ACQUISITION RESTRICTED TO PRODUCTS OR SERVICES FROM AFGHANISTAN (SEP 2013)

(a) *Definitions.* As used in this clause—

(1) "Product from Afghanistan" means a product that is mined, produced, or manufactured in Afghanistan.

(2) "Service from Afghanistan" means a service including construction that is performed in Afghanistan predominantly by citizens or permanent resident aliens of Afghanistan.

(b) The Contractor shall provide only products from Afghanistan or services from Afghanistan under this contract.

(End of clause)

252.225-7027 Restriction on Contingent Fees for Foreign Military Sales. As prescribed in 225.7307(a), use the following clause.

RESTRICTION ON CONTINGENT FEES FOR FOREIGN MILITARY SALES (APR 2003)

(a) Except as provided in paragraph (b) of this clause, contingent fees, as defined in the Covenant Against Contingent Fees clause of this contract, are generally an allowable cost, provided the fees are paid to—

(1) A bona fide employee of the Contractor; or

(2) A bona fide established commercial or selling agency maintained by the Contractor for the purpose of securing business.

(b) For foreign military sales, unless the contingent fees have been identified and payment approved in writing by the foreign customer before contract award, the following contingent fees are unallowable under this contract:

(1) For sales to the Government(s) of _____, contingent fees in any amount.

(2) For sales to Governments not listed in paragraph (b)(1) of this clause, contingent fees exceeding $50,000 per foreign military sale case.

(End of clause)

252.225-7028 Exclusionary Policies and Practices of Foreign Governments. As prescribed in 225.7307(b), use the following clause:

EXCLUSIONARY POLICIES AND PRACTICES OF FOREIGN GOVERNMENTS (APR 2003)

The Contractor and its subcontractors shall not take into account the exclusionary policies or practices of any foreign government in employing or assigning personnel, if—

(a) The personnel will perform functions required by this contract, either in the United States or abroad; and

(b) The exclusionary policies or practices of the foreign government are based on race, religion, national origin, or sex.

(End of clause)

252.225-7029 Acquisition of Uniform Components for Afghan Military or Afghan National Police.
As prescribed in 225.7703-4(d), use the following clause:

ACQUISITION OF UNIFORM COMPONENTS FOR AFGHAN MILITARY OR AFGHAN NATIONAL POLICE (SEP 2013)

(a) *Definitions.* As used in this clause—

"Textile component" means any item consisting of fibers, yarns, or fabric, supplied for incorporation into a uniform or a component of a uniform. It does not include items that do not contain fibers, yarns, or fabric, such as the metallic or plastic elements of buttons, zippers, or other clothing fasteners.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) As required by section 826 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239), the Contractor shall deliver under this contract only textile components that have been produced in the United States.

(c) There are no exceptions or waivers to this requirement.

(End of clause)

252.225-7030 Restriction on Acquisition of Carbon, Alloy, and Armor Steel Plate.
As prescribed in 225.7011-3, use the following clause:

RESTRICTION ON ACQUISITION OF CARBON, ALLOY, AND ARMOR STEEL PLATE (DEC 2006)

(a) Carbon, alloy, and armor steel plate shall be melted and rolled in the United States or Canada if the carbon, alloy, or armor steel plate—

(1) Is in Federal Supply Class 9515 or is described by specifications of the American Society for Testing Materials or the American Iron and Steel Institute; and

(2)(i) Will be delivered to the Government for use in a Government-owned facility or a facility under the control of the Department of Defense; or

(ii) Will be purchased by the Contractor for use in a Government-owned facility or a facility under the control of the Department of Defense.

(b) This restriction—

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used "as is" or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

(End of clause)

252.225-7031 Secondary Arab Boycott of Israel.
As prescribed in 225.7605, use the following provision:

SECONDARY ARAB BOYCOTT OF ISRAEL (JUN 2005)

(a) *Definitions.* As used in this provision—

(1) "Foreign person" means any person (including any individual, partnership, corporation, or other form of association) other than a United States person.

(2) "United States" means the 50 States, the District of Columbia, outlying areas, and the outer Continental Shelf as defined in 43 U.S.C. 1331.

(3) "United States person" is defined in 50 U.S.C. App. 2415(2) and means—

(i) Any United States resident or national (other than an individual resident outside the United States who is employed by other than a United States person);

(ii) Any domestic concern (including any permanent domestic establishment of any foreign concern); and

(iii) Any foreign subsidiary or affiliate (including any permanent foreign establishment) of any domestic concern that is controlled in fact by such domestic concern.

(b) *Certification.* If the offeror is a foreign person, the offeror certifies, by submission of an offer, that it—

(1) Does not comply with the Secondary Arab Boycott of Israel; and

(2) Is not taking or knowingly agreeing to take any action, with respect to the Secondary Boycott of Israel by Arab countries, which 50 U.S.C. App. 2407(a) prohibits a United States person from taking.

(End of provision)

252.225-7032 Waiver of United Kingdom Levies—Evaluation of Offers.
As prescribed in 225.1101(7), use the following provision:

WAIVER OF UNITED KINGDOM LEVIES – EVALUATION OF OFFERS
(APR 2003)

(a) Offered prices for contracts or subcontracts with United Kingdom (U.K.) firms may contain commercial exploitation levies assessed by the Government of the U.K. The offeror shall identify to the Contracting Officer all levies included in the offered price by describing—

(1) The name of the U.K. firm;

(2) The item to which the levy applies and the item quantity; and

(3) The amount of levy plus any associated indirect costs and profit or fee.

(b) In the event of difficulty in identifying levies included in a price from a prospective subcontractor, the offeror may seek advice through the Director of Procurement, United Kingdom Defence Procurement Office, British Embassy, 3100 Massachusetts Avenue NW, Washington, DC 20006.

(c) The U.S. Government may attempt to obtain a waiver of levies pursuant to the U.S./U.K. reciprocal waiver agreement of July 1987.

(1) If the U.K. waives levies before award of a contract, the Contracting Officer will evaluate the offer without the levy.

(2) If levies are identified but not waived before award of a contract, the Contracting Officer will evaluate the offer inclusive of the levies.

(3) If the U.K. grants a waiver of levies after award of a contract, the U.S. Government reserves the right to reduce the contract price by the amount of the levy waived plus associated indirect costs and profit or fee.

(End of provision)

252.225-7033 Waiver of United Kingdom Levies.
As prescribed in 225.1101(8), use the following clause:

WAIVER OF UNITED KINGDOM LEVIES (APR 2003)

(a) The U.S. Government may attempt to obtain a waiver of any commercial exploitation levies included in the price of this contract, pursuant to the U.S./United Kingdom (U.K.) reciprocal waiver agreement of July 1987. If the U.K. grants a waiver of levies included in the price of this contract, the U.S. Government reserves the right to reduce the contract price by the amount of the levy waived plus associated indirect costs and profit or fee.

(b) If the Contractor contemplates award of a subcontract exceeding $1 million to a U.K. firm, the Contractor shall provide the following information to the Contracting Officer before award of the subcontract:

(1) Name of the U.K. firm.

(2) Prime contract number.

(3) Description of item to which the levy applies.

(4) Quantity being acquired.

(5) Amount of levy plus any associated indirect costs and profit or fee.

(c) In the event of difficulty in identifying levies included in a price from a prospective subcontractor, the Contractor may seek advice through the Director of Procurement, United Kingdom Defence Procurement Office, British Embassy, 3100 Massachusetts Avenue NW, Washington, DC 20006.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in any subcontract for supplies where a lower-tier subcontract exceeding $1 million with a U.K. firm is anticipated.

(End of clause)

252.225-7034 Reserved.

252.225-7035 Buy American–Free Trade Agreements–Balance of Payments Program Certificate.

Basic. As prescribed in 225.1101(9) and (9)(i), use the following provision:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—BASIC (FEB 2024)

(a) *Definitions.* "Bahraini end product," "commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "foreign end product," "Moroccan end product," "Panamanian end product," "Peruvian end product," "qualifying country end product," and "United States," as used in this provision, have the meanings given in the 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program—Basic clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) For line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Basic clause of this solicitation, will evaluate offers of qualifying country end products or Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products without regard to the restrictions of the Buy American or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Basic clause of this solicitation, the Offeror certifies that—

(i) Each end product, except the end products listed in paragraph (c)(2) of this provision, is a domestic end product;

(ii) Each domestic end product listed in paragraph (c)(3) of this provision contains a critical component or a critical item; and

(iii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The Offeror shall identify all end products that are not domestic end products.

(i) The Offeror certifies that the following supplies are qualifying country (except Australian) end products:

(Line Item Number) (Country of Origin)

(ii) The Offeror certifies that the following supplies are Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products:

(Line Item Number) (Country of Origin)

(iii) The following supplies are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line Item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(3) The Offeror shall list the line item numbers of domestic end products that contain a critical component or a critical item (see section 25.105 of the Federal Acquisition Regulation).

Line Item Number: _____ *[List as necessary]* _____

(End of provision)

Alternate I. As prescribed in 225.1101(9) and (9)(ii), use the following provision, which does not use the phrases "Bahraini end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "Moroccan end product," "Panamanian end product," and "Peruvian end products" in paragraph (a); does not

use"Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products" in paragraphs (b)(2) and (c)(2)(ii); does not use "Australian or" in paragraph (c)(2)(i); and includes "that are mined, produced, or manufactured in the United States" in paragraph (c)(2)(ii):

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—ALTERNATE I (FEB 2024)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "foreign end product," "qualifying country end product," and "United States," as used in this provision, have the meanings given in the 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program—Alternate I clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) For line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate I clause of this solicitation, will evaluate offers of qualifying country end products without regard to the restrictions of the Buy American or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate I clause of this solicitation, the Offeror certifies that—

(i) Each end product, except the end products listed in paragraph (c)(2) of this provision, is a domestic end product;

(ii) Each domestic end product listed in paragraph (c)(3) of this provision contains a critical component or a critical item; and

(iii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The Offeror shall identify all end products that are not domestic end products.

(i) The Offeror certifies that the following supplies are qualifying country end products:

(Line Item Number) (Country of Origin)

(ii) The following supplies are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these

foreign end products exceed 55 percent domestic content, except those that are COTS items that are mined, produced, or manufactured in the United States. If the percentage of the domestic content is unknown, select "no".

Line Item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(3) The Offeror shall list the line item numbers of domestic end products that contain a critical component or a critical item (see section 25.105 of the Federal Acquisition Regulation).

Line Item Number: _____*[List as necessary]*_____

(End of provision)

Alternate II. As prescribed in 225.1101(9) and (9)(iii), use the following provision, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a), and uses different paragraphs (b)(2) and (c)(2)(i) than the basic provision:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—ALTERNATE II (FEB 2024)

(a) *Definitions.* "Bahraini end product," "commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "foreign end product," "Moroccan end product," "Panamanian end product," "Peruvian end product," "qualifying country end product," "South Caucasus/Central and South Asian (SC/CASA) state," "South Caucasus/Central and South Asian (SC/CASA) state end product," and "United States," as used in this provision, have the meanings given in the 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program—Alternate II clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) For line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate II clause of this solicitation, will evaluate offers of qualifying country end products, SC/CASA state end products, or Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products without regard to the restrictions of the Buy American or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate II clause of this solicitation, the Offeror certifies that—

(i) Each end product, except the end products listed in paragraph (c)(2) of this provision, is a domestic end product;

(ii) Each domestic end product listed in paragraph (c)(3) of this provision contains a critical component or a critical item; and

(iii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The Offeror shall identify all end products that are not domestic end products.

(i) The Offeror certifies that the following supplies are qualifying country (except Australian) or SC/CASA state end products:

(Line Item Number) (Country of Origin)

(ii) The Offeror certifies that the following supplies are Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products:

(Line Item Number) (Country of Origin)

(iii) The following supplies are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line Item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(3) The Offeror shall list the line item numbers of domestic end products that contain a critical component or a critical item (see section 25.105 of the Federal Acquisition Regulation).

Line Item Number: _____*[List as necessary]*_____

(End of provision)

Alternate III. As prescribed in 225.1101(9) and (9)(iv), use the following provision, which uses different paragraphs (a), (b)(2), (c)(2)(i), and (c)(2)(ii) than the basic provision:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—ALTERNATE III (FEB 2024)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "foreign end product," "qualifying country end product," "South Caucasus/Central and South Asian (SC/CASA) state end product," and "United States," as used in this provision have the meanings given in the 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program—Alternate III clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) For line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate III clause of this solicitation, will evaluate offers of qualifying country end products or SC/CASA state end products without regard to the restrictions of the Buy American or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate III clause of this solicitation, the Offeror certifies that—

(i) Each end product, except the end products listed in paragraph (c)(2) of this provision, is a domestic end product;

(ii) Each domestic end product listed in paragraph (c)(3) of this provision contains a critical component or a critical item; and

(iii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The Offeror shall identify all end products that are not domestic end products.

(i) The Offeror certifies that the following supplies are qualifying country or SC/CASA state end products:

(Line Item Number) (Country of Origin)

(ii) The Offeror certifies that the following supplies are Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products:

(Line Item Number) (Country of Origin)

(iii) The following supplies are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line Item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(3) The Offeror shall list the line item numbers of domestic end products that contain a critical component or a critical item (see section 25.105 of the Federal Acquisition Regulation).

Line Item Number: _____*[List as necessary]*_____

(End of provision)

Alternate IV. As prescribed in 225.1101(9) and (9)(v), use the following provision, which adds "Korean end product" to paragraph (a) and uses "Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products" in paragraphs (b)(2) and (c)(2)(ii), rather than "Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products" in paragraphs (b)(2) and (c)(2)(ii) of the basic provision:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—ALTERNATE IV (FEB 2024)

(a) *Definitions.* "Bahraini end product," "commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "foreign end product," "Korean end product," "Moroccan end product," "Panamanian end product," "Peruvian end product," "qualifying country end product," and "United States," as used in this provision, have the meanings given in the 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program—Alternate IV clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) For line items subject to the Buy American—Free Trade Agreements—

Balance of Payments Program—Alternate IV clause of this solicitation, will evaluate offers of qualifying country end products or Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products without regard to the restrictions of the Buy American or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate IV clause of this solicitation, the Offeror certifies that—

(i) Each end product, except the end products listed in paragraph (c)(2) of this provision, is a domestic end product;

(ii) Each domestic end product listed in paragraph (c)(3) of this provision contains a critical component or a critical item; and

(iii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The Offeror shall identify all end products that are not domestic end products.

(i) The Offeror certifies that the following supplies are qualifying country (except Australian) end products:

(Line Item Number) (Country of Origin)

(ii) The Offeror certifies that the following supplies are Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products:

(Line Item Number) (Country of Origin)

(iii) The following supplies are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(3) The Offeror shall list the line item numbers of domestic end products that

contain a critical component or a critical item (see section 25.105 of the Federal Acquisition Regulation).

Line Item Number: _____[*List as necessary*]_____

(End of provision)

Alternate V. As prescribed in 225.1101(9) and (9)(vi), use the following provision, which uses different paragraphs (a), (b)(2), (c)(2)(i), and (c)(2)(ii) than the basic provision:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM CERTIFICATE—ALTERNATE V (FEB 2024)

(a) *Definitions.* "Bahraini end product," "commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "foreign end product," "Korean end product," "Moroccan end product," "Panamanian end product," "Peruvian end product," "qualifying country end product," "South Caucasus/Central and South Asian (SC/CASA) state end product," and "United States," as used in this provision, have the meanings given in the 252.225-7036, Buy American—Free Trade Agreements—Balance of Payments Program—Alternate V clause of this solicitation.

(b) *Evaluation.* The Government—

(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) For line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate V clause of this solicitation, will evaluate offers of qualifying country end products, SC/CASA state end products, or Free Trade Agreement end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products without regard to the restrictions of the Buy American statute or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American—Free Trade Agreements—Balance of Payments Program—Alternate V clause of this solicitation, the Offeror certifies that—

(i) Each end product, except the end products listed in paragraph (c)(2) of this provision, is a domestic end product;

(ii) Each domestic end product listed in paragraph (c)(3) of this provision contains a critical component or a critical item; and

(iii) Components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

(2) The Offeror shall identify all end products that are not domestic end products.

(i) The Offeror certifies that the following supplies are qualifying country (except Australian) or SC/CASA state end products:

(Line Item Number) (Country of Origin)

(ii) The Offeror certifies that the following supplies are Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products:

(Line Item Number) (Country of Origin)

(iii) The following supplies are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)

(3) The Offeror shall list the line item numbers of domestic end products that contain a critical component or a critical item (see section 25.105 of the Federal Acquisition Regulation).

Line Item Number: _____*[List as necessary]*_____

(End of provision)

252.225-7036 Buy American—Free Trade Agreements—Balance of Payments Program.

Basic. As prescribed in 225.1101(10)(i) and (10)(i)(A), use the following clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—BASIC (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 225.101(d); or award is made before January 1, 2030, for a foreign end product

that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use

distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Basic provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate I. As prescribed in 225.1101(10)(i) and (10)(i)(B), use the following clause, which uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE I (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials

from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 225.101(d); or award is made before January 1, 2030, for a foreign end product that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of

components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term

refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate I provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, the Contractor shall deliver a qualifying country end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate II. As prescribed in 225.1101(10)(i) and (10)(i)(C), use the following clause, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a), and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE II (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a

product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 225.101(d)); or award is made before January 1, 2030, for a foreign end product that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and

prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services

does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the

memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, SC/CASA state end products, Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate II provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, SC/CASA state end products, or a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate III. As prescribed in 225.1101(10)(i) and (10)(i)(D), use the following clause, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a) and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE III (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 225.101(d)); or award is made before January 1, 2030, for a foreign end product that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron and steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey

United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, SC/CASA state end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate III provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or SC/CASA state end products,the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate IV. As prescribed in 225.1101(10)(i) and (10)(i)(E), use the following clause, which adds "Korean end product" to paragraph (a), and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE IV (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 225.101(d)); or award is made before January 1, 2030, for a foreign end product that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less

than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Korean end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Korea; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate IV provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or a Free Trade Agreement country end product other than a Bahraini end product, a Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, a Free Trade Agreement country end product other than a Bahraini end product, a Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate V. As prescribed in 225.1101(10)(i) and (10)(i)(F), use the following clause, which adds "Korean end product," "South Caucasus/Central and South Asian (SC/CASA) state," and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a), and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE V (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating

the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 225.101(d)); or award is made before January 1, 2030, for a foreign end product that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is

considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Korean end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Korea; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, SC/CASA state end products, Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end products in the Buy American—Free

Trade Agreements—Balance of Payments Program Certificate—Alternate V provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, SC/CASA state end products, or a Free Trade Agreement country end product other than a Bahraini end product, a Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, a Free Trade Agreement country end product other than a Bahraini end product, a Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate VI. As prescribed in 225.1101(10)(i) and (10)(i)(G), use the following clause, which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE VI (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and

steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that–

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that–

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that–

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and

different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that–

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania

Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end

products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Basic provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate VII. As prescribed in 225.1101(10)(i) and (10)(i)(H), use the following clause, which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE VII (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and

steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and

different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania

Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate I provision of the solicitation. If the Contractor certified

in its offer that it will deliver a qualifying country end product, the Contractor shall deliver a qualifying country end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate VIII. As prescribed in 225.1101(10)(i) and (10)(i)(I), use the following clause, which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance; adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a); and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE VIII (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country,

utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the

end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway

Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of

the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, SC/CASA state end products, Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate II provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, SC/CASA state end products, or a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, a Free Trade Agreement country end product other than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate IX. As prescribed in 225.1101(10)(i) and (10)(i)(J), use the following clause, which includes in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i) the domestic content threshold that will apply to the entire contract period of performance; adds "South Caucasus/Central and South Asian (SC/CASA) state" and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a); and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE IX (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered

for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is

incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron and steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, SC/CASA state end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate III provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or SC/CASA state end products, the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate X. As prescribed in 225.1101(10)(i) and (10)(i)(K), use the following clause, which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance; adds "Korean end product" to paragraph (a); and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE X (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Korean end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Korea; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia
Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden

Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate IV provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product or a Free Trade Agreement country end product other than a Bahraini end product, a Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, a Free Trade Agreement country end product other than a Bahraini end product, a Korean end

product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

Alternate XI. As prescribed in 225.1101(10)(i) and (10)(i)(L), use the following clause, which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and "qualifying country end product" at paragraph (2)(i), the domestic content threshold that will apply to the entire contract period of performance; adds "Korean end product," "South Caucasus/Central and South Asian (SC/CASA) state," and "South Caucasus/Central and South Asian (SC/CASA) state end product" to paragraph (a); and uses a different paragraph (c) than the basic clause:

BUY AMERICAN—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM—ALTERNATE XI (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Bahrain; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into an end product.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic end product" means—

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured end product mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Components of unknown origin are treated as foreign. Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(*1*) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(*2*) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product manufactured in the United States, if the cost of iron and steel not produced in the United States or a qualifying country constitutes less than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country,

excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

"End product" means those articles, materials, and supplies to be acquired under this contract for public use.

"Foreign end product" means an end product other than a domestic end product.

"Free Trade Agreement country" means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

"Free Trade Agreement country end product" means an article that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Korean end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Korea; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Moroccan end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Morocco; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply,

provided that the value of those incidental services does not exceed the value of the product itself.

"Panamanian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Panama; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Peruvian end product" means an article that—

(1) Is wholly the growth, product, or manufacture of Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Qualifying country" means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia
Austria
Belgium
Canada
Czech Republic
Denmark
Egypt
Estonia

Finland
France
Germany
Greece
Israel
Italy
Japan
Latvia
Lithuania
Luxembourg
Netherlands
Norway
Poland
Portugal
Slovenia
Spain
Sweden
Switzerland
Turkey
United Kingdom of Great Britain and Northern Ireland.

"Qualifying country component" means a component mined, produced, or manufactured in a qualifying country.

"Qualifying country end product" means—

(1) An unmanufactured end product mined or produced in a qualifying country; or

(2) An end product manufactured in a qualifying country if—

(i) The cost of the following types of components exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components:

(A) Components mined, produced, or manufactured in a qualifying country.

(B) Components mined, produced, or manufactured in the United States.

(C) Components of foreign origin of a class or kind for which the Government has determined that sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States. Components of unknown origin are treated as foreign; or

(ii) The end product is a COTS item.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"South Caucasus/Central and South Asian (SC/CASA) state end product" means an article that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Unless otherwise specified, this clause applies to all items in the Schedule.

(c) The Contractor shall deliver under this contract only domestic end products unless, in its offer, it specified delivery of qualifying country end products, SC/CASA state end products, Free Trade Agreement country end products other than Bahraini end products, Korean end products, Moroccan end products, Panamanian end products, or Peruvian end products, or other foreign end products in the Buy American—Free Trade Agreements—Balance of Payments Program Certificate—Alternate V provision of the solicitation. If the Contractor certified in its offer that it will deliver a qualifying country end product, SC/CASA state end products, or a Free Trade Agreement country end product other than a Bahraini end product, a Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product, the Contractor shall deliver a qualifying country end product, an SC/CASA state end product, a Free Trade Agreement country end product other than a Bahraini end product, a Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian end product or, at the Contractor's option, a domestic end product.

(d) The contract price does not include duty for end products or components for which the Contractor will claim duty-free entry.

(End of clause)

252.225-7037 Reserved.

252.225-7038 Reserved.

252.225-7039 Defense Contractors Performing Private Security Functions Outside the United States.
As prescribed in 225.302-6, insert the following clause:

DEFENSE CONTRACTORS PERFORMING PRIVATE SECURITY FUNCTIONS OUTSIDE THE UNITED STATES (JAN 2023)

(a) *Definitions*. As used in this clause—

"Full cooperation"—

(1) Means disclosure to the Government of the information sufficient to identify the nature and extent of the incident and the individuals responsible for the conduct. It includes providing timely and complete response to Government auditors' and investigators' requests for documents and access to employees with information;

(2) Does not foreclose any contractor rights arising in law, the FAR or the terms of the contract. It does not require—

(i) The contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the contractor, including a sole proprietor, to waive his or her attorney-client privilege or Fifth Amendment rights; and

(3) Does not restrict the contractor from—

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

"Private security functions" means the following activities engaged in by a contractor:

(1) Guarding of personnel, facilities, designated sites or property of a Federal agency, the contractor or subcontractor, or a third party.

(2) Any other activity for which personnel are required to carry weapons in the performance of their duties in accordance with the terms of this contract.

(b) *Applicability*. If this contract is performed both in a designated area and in an area that is not designated, the clause only applies to performance in the designated area. Designated areas are areas outside the United States of—

(1) Contingency operations;

(2) Combat operations, as designated by the Secretary of Defense;

(3) Other significant military operations (as defined in 32 CFR part 159), designated by the Secretary of Defense upon agreement of the Secretary of State;

(4) Peace operations, consistent with Joint Publication 3-07.3; or

(5) Other military operations or military exercises, when designated by the Combatant Commander.

(c) *Requirements*. The Contractor shall—

(1) Ensure that all Contractor personnel who are responsible for performing private security functions under this contract comply with 32 CFR part 159 and any orders, directives, or instructions to contractors performing private security functions that are identified in the contract for—

(i) Registering, processing, accounting for, managing, overseeing and keeping appropriate records of personnel performing private security functions;

(ii) Authorizing, accounting for and registering in Synchronized Predeployment and Operational Tracker (SPOT), weapons to be carried by or available to be used by personnel performing private security functions;

(iii) Identifying and registering in SPOT armored vehicles, helicopters and other military vehicles operated by Contractors performing private security functions; and

(iv) In accordance with orders and instructions established by the applicable Combatant Commander, reporting incidents in which—

(A) A weapon is discharged by personnel performing private security functions;

(B) Personnel performing private security functions are attacked, killed, or injured;

(C) Persons are killed or injured or property is destroyed as a result of conduct by Contractor personnel;

(D) A weapon is discharged against personnel performing private security functions or personnel performing such functions believe a weapon was so discharged; or

(E) Active, non-lethal countermeasures (other than the discharge of a weapon) are employed by personnel performing private security functions in response to a perceived immediate threat;

(2) Ensure that Contractor personnel who are responsible for performing private security functions under this contract are briefed on and understand their obligation to comply with—

(i) Qualification, training, screening (including, if applicable, thorough background checks) and security requirements established by 32 CFR part 159;

(ii) Applicable laws and regulations of the United States and the host country and applicable treaties and international agreements regarding performance of private security functions;

(iii) Orders, directives, and instructions issued by the applicable Combatant Commander or relevant Chief of Mission relating to weapons, equipment, force protection, security, health, safety, or relations and interaction with locals; and

(iv) Rules on the use of force issued by the applicable Combatant Commander or relevant Chief of Mission for personnel performing private security functions;

(3) Provide full cooperation with any Government-authorized investigation of incidents reported pursuant to paragraph (c)(1)(iv) of this clause and incidents of alleged misconduct by personnel performing private security functions under this contract by providing—

(i) Access to employees performing private security functions; and

(ii) Relevant information in the possession of the Contractor regarding the incident concerned; and

(4) Comply with ANSI/ASIS PSC.1-2012, American National Standard, Management System for Quality of Private Security Company Operations—Requirements with Guidance or the International Standard ISO 18788, Management System for Private Security Operations—Requirements with Guidance (located at http://www.acq.osd.mil/log/PS/psc.html).

(d) *Remedies*. In addition to other remedies available to the Government—

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor or subcontractor personnel performing private security functions who fail to comply with or violate applicable requirements of this clause or 32 CFR part 159. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract;

(2) The Contractor's failure to comply with the requirements of this clause will be included in appropriate databases of past performance and considered in any responsibility determination or evaluation of past performance; and

(3) If this is an award-fee contract, the Contractor's failure to comply with the requirements of this clause shall be considered in the evaluation of the Contractor's performance during the relevant evaluation period, and the Contracting Officer may treat such failure to comply as a basis for reducing or denying award fees for such period or for recovering all or part of award fees previously paid for such period.

(e) *Rule of construction*. The duty of the Contractor to comply with the requirements of this clause shall not be reduced or diminished by the failure of a higher- or lower-tier Contractor or subcontractor to comply with the clause requirements or by a failure of the contracting activity to provide required oversight.

(f) *Subcontracts*. The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts, including subcontracts for commercial products or commercial services, when private security functions will be performed outside the United States in areas of—

(1) Contingency operations;

(2) Combat operations, as designated by the Secretary of Defense;

(3) Other significant military operations (as defined in 32 CFR part 159), designated by the Secretary of Defense upon agreement of the Secretary of State;

(4) Peace operations, consistent with Joint Publication 3-07.3; or

(5) Other military operations or military exercises, when designated by the Combatant Commander.

(End of clause)

252.225-7040 Contractor Personnel Supporting U.S. Armed Forces Deployed Outside the United States.
As prescribed in 225.371-5(a), use the following clause:

CONTRACTOR PERSONNEL SUPPORTING U.S. ARMED FORCES DEPLOYED OUTSIDE THE UNITED STATES (AUG 2025)

(a) *Definitions*. As used in this clause—

"Combatant Commander" means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

"Contractors authorized to accompany the Force," or "CAAF," means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen n and third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

"Designated operational area" means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

"Designated reception site" means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a

contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

"Law of war" means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a party, and applicable customary international law.

"Non-CAAF" means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

"Subordinate joint force commander" means a sub-unified commander or joint task force commander.

(b) *General.*

(1) This clause applies to both CAAF and non-CAAF when performing in a designated operational area outside the United States to support U.S. Armed Forces deployed outside the United States in—

(i) Contingency operations;

(ii) Peace operations, consistent with Joint Publication 3-07.3; or

(iii) Other military operations or military exercises, when designated by the Combatant Commander or as directed by the Secretary of Defense.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel supporting the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by Contractor personnel subject to this clause is not

active duty or service under 38 U.S.C. 106 note.

(c) *Support.*

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

(A) The Contractor cannot obtain effective security services;

(B) Effective security services are unavailable at a reasonable cost; or

(C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U. S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized.

(3) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(d) *Compliance with laws and regulations.*

(1) The Contractor shall comply with, and shall ensure that its personnel

supporting U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable—

(i) United States, host country, and third country national laws;

(ii) Provisions of the law of war, as well as any other applicable treaties and international agreements;

(iii) United States regulations, directives, instructions, policies, and procedures; and

(iv) Orders, directives, and instructions issued by the Combatant Commander, including those relating to force protection, security, health, safety, or relations and interaction with local nationals.

(2) The Contractor shall institute and implement an effective program to prevent violations of the law of war by its employees and subcontractors, including law of war training in accordance with paragraph (e)(1)(vii) of this clause.

(3) The Contractor shall ensure that CAAF and non-CAAF are aware—

(i) Of the DoD definition of "sexual assault" in DoD Directive 6495.01, Sexual Assault Prevention and Response Program;

(ii) That the offenses addressed by the definition are covered under the Uniform Code of Military Justice (see paragraph (e)(2)(iv) of this clause). Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

(iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences to the contractor employees (see paragraph (h)(1) of this clause).

(4) The Contractor shall report to the appropriate investigative authorities, identified in paragraph (d)(6) of this clause, any alleged offenses under—

(i) The Uniform Code of Military Justice (chapter 47 of title 10, United States Code) (applicable to contractors serving with or accompanying an armed force in the field during a declared war or contingency operations); or

(ii) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18, United States Code).

(5) The Contractor shall provide to all contractor personnel who will perform work on a contract in the deployed area, before beginning such work, information on the following:

(i) How and where to report an alleged crime described in paragraph (d)(4) of this clause.

(ii) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (d)(4) of this clause.

(iii) That this section does not create any rights or privileges that are not authorized by law or DoD policy.

(6) The appropriate investigative authorities to which suspected crimes shall be reported include the following—

(i) US Army Criminal Investigation Command at http://www.cid.army.mil/reportacrime.html;

(ii) Air Force Office of Special Investigations at http://www.osi.andrews.af.mil/library/factsheets/factsheet.asp?id=14522;

(iii) Navy Criminal Investigative Service at http://www.ncis.navy.mil/Pages/publicdefault.aspx;

(iv) Defense Criminal Investigative Service at http://www.dodig.mil/HOTLINE/index.html;

(v) To any command of any supported military element or the command of any base.

(7) Personnel seeking whistleblower protection from reprisals for reporting criminal acts shall seek guidance through the DoD Inspector General hotline at 800-424-9098 or www.dodig.mil/HOTLINE/index.html. Personnel seeking other forms of victim or witness protections should contact the nearest military law enforcement office.

(8)(i) The Contractor shall ensure that Contractor employees supporting the U.S. Armed Forces are aware of their rights to—

(A) Hold their own identity or immigration documents, such as passport or driver's license, regardless of the documents' issuing authority;

(B) Receive agreed upon wages on time;

(C) Take lunch and work-breaks;

(D) Elect to terminate employment at any time;

(E) Identify grievances without fear of reprisal;

(F) Have a copy of their employment contract in a language they understand;

(G) Receive wages that are not below the legal host-country minimum wage;

(H) Be notified of their rights, wages, and prohibited activities prior to signing their employment contract; and

(I) If housing is provided, live in housing that meets host-country housing and safety standards.

(ii) The Contractor shall post these rights in employee work spaces in English and in any foreign language(s) spoken by a significant portion of the workforce.

(iii) The Contractor shall enforce the rights of Contractor personnel supporting the U.S. Armed Forces.

(e) *Preliminary personnel requirements.*

(1) The Contractor shall ensure that the following requirements are met prior to deploying CAAF (specific requirements for each category will be specified in the statement of work or elsewhere in the contract):

(i) All required security and background checks are complete and acceptable.

(ii) All CAAF deploying in support of an applicable operation—

(A) Are medically, dentally, and psychologically fit for deployment and performance of their contracted duties;

(B) Meet the minimum medical screening requirements, including theater-specific medical qualifications as established by the geographic Combatant Commander (as posted to the Geographic Combatant Commander's website or other venue); and

(C) Have received all required immunizations as specified in the contract.

(1) During predeployment processing, the Government will provide, at no cost to the Contractor, any military-specific immunizations and/or medications not available to the general public.

(2) All other immunizations shall be obtained prior to arrival at the deployment center.

(3) All CAAF and selected non-CAAF, as specified in the statement of work, shall bring to the designated operational area a copy of the U.S. Centers for Disease Control and Prevention (CDC) Form 731, International Certificate of Vaccination or Prophylaxis as Approved by the World Health Organization, (also known as "shot record" or "Yellow Card") that shows vaccinations are current.

(iii) Deploying personnel have all necessary passports, visas, and other documents required to enter and exit a designated operational area and have a Geneva Conventions identification card, or other appropriate DoD identity credential, from the deployment center.

(iv) Special area, country, and theater clearance is obtained for all personnel deploying. Clearance requirements are in DoD Directive 4500.54E, DoD Foreign

Clearance Program. For this purpose, CAAF are considered non-DoD contactor personnel traveling under DoD sponsorship.

(v) All deploying personnel have received personal security training. At a minimum, the training shall—

(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract, in accordance with DoD Instruction 1300.23, Isolated Personnel Training for DoD Civilian and Contractors.

(vii) Personnel have received law of war training as follows:

(A) Basic training is required for all CAAF. The basic training will be provided through—

(1) A military-run training center; or

(2) A web-based source, if specified in the contract or approved by the Contracting Officer.

(B) Advanced training, commensurate with their duties and responsibilities, may be required for some Contractor personnel as specified in the contract.

(2) The Contractor shall notify all personnel who are not a host country national, or who are not ordinarily resident in the host country, that—

(i) Such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States in accordance with the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3621, *et seq*.);

(ii) Pursuant to the War Crimes Act (18 U.S.C. 2441), Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the United States;

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of U.S. diplomatic, consular, military or other U.S. Government missions outside the United States (18 U.S.C. 7(9)); and

(iv) In time of declared war or a contingency operation, CAAF are subject to the jurisdiction of the Uniform Code of Military Justice under 10 U.S.C. 802(a)(10).

(v) Such employees are required to report offenses alleged to have been committed by or against Contractor personnel to appropriate investigative authorities.

(vi) Such employees will be provided victim and witness protection and assistance.

(f) *Processing and departure points.* CAAF shall—

(1) Process through the deployment center designated in the contract, or as otherwise directed by the Contracting Officer, prior to deploying. The deployment center will conduct deployment processing to ensure visibility and accountability of Contractor personnel and to ensure that all deployment requirements are met, including the requirements specified in paragraph (e)(1) of this clause;

(2) Use the point of departure and transportation mode directed by the Contracting Officer; and

(3) Process through a designated reception site (DRS) upon arrival at the deployed location. The DRS will validate personnel accountability, ensure that specific designated operational area entrance requirements are met, and brief Contractor personnel on theater-specific policies and procedures.

(g) *Personnel data.*

(1) The Contractor shall use the Synchronized Predeployment and Operational Tracker (SPOT) web-based system, to enter and maintain the data for all CAAF and, as designated by the Under Secretary of Defense (Acquisition and Sustainment) or the Combatant Commander, non-CAAF supporting U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause.

(2) The Contractor shall enter the required information about their contractor personnel prior to deployment and shall continue to use the SPOT web-based system at https://spot.dmdc.mil to maintain accurate, up-to-date information throughout the deployment for all Contractor personnel. Changes to status of individual Contractor personnel relating to their in-theater arrival date and their duty location, to include closing out the deployment with their proper status (e.g., mission complete, killed, wounded) shall be annotated within the SPOT database in accordance with the timelines established in the SPOT Business Rules at https://www.acq.osd.mil/asds/log/cso/ocs/spot.html.

(h) *Contractor personnel.*

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who jeopardize or interfere with mission accomplishment or who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including the Termination for Default clause.

(2) The Contractor shall identify all personnel who occupy a position designated as mission essential and ensure the continuity of essential Contractor services during

designated operations, unless, after consultation with the Contracting Officer, Contracting Officer's representative, or local commander, the Contracting Officer directs withdrawal due to security conditions.

(3) The Contractor shall ensure that Contractor personnel follow the guidance at paragraph (e)(2)(v) of this clause and any specific Combatant Commander guidance on reporting offenses alleged to have been committed by or against Contractor personnel to appropriate investigative authorities.

(4) Contractor personnel shall return all U.S. Government-issued identification, to include the Common Access Card, to appropriate U.S. Government authorities at the end of their deployment (or, for non-CAAF, at the end of their employment under this contract).

(i) *Military clothing and protective equipment.*

(1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized in writing by the Combatant Commander. If authorized to wear military clothing, Contractor personnel must—

(i) Wear distinctive patches, arm bands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures; and

(ii) Carry the written authorization with them at all times.

(2) Contractor personnel may wear military-unique organizational clothing and individual equipment (OCIE) required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(3) The deployment center, or the Combatant Commander, shall issue OCIE and shall provide training, if necessary, to ensure the safety and security of Contractor personnel.

(4) The Contractor shall ensure that all issued OCIE is returned to the point of issue, unless otherwise directed by the Contracting Officer.

(j) *Weapons.*

(1) If the Contractor requests that its personnel performing in the designated operational area be authorized to carry weapons for individual self-defense, the request shall be made through the Contracting Officer to the Combatant Commander, in accordance with DoD Instruction 3020.41, Operational Contractor Support. The Combatant Commander will determine whether to authorize in-theater Contractor personnel to carry weapons and what weapons and ammunition will be allowed.

(2) If Contractor personnel are authorized to carry weapons in accordance with paragraph (j)(1) of this clause, the Contracting Officer will notify the Contractor what weapons and ammunition are authorized.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons—

(i) Are adequately trained to carry and use them—

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander; and

(C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922;

(iii) Adhere to all guidance and orders issued by the Combatant Commander regarding possession, use, safety, and accountability of weapons and ammunition;

(iv) Comply with applicable Combatant Commander and local commander force-protection policies; and

(v) Understand that the inappropriate use of force could subject them to U.S. or host-nation prosecution and civil liability.

(4) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(5) Upon redeployment or revocation by the Combatant Commander of the Contractor's authorization to issue firearms, the Contractor shall ensure that all Government-issued weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(k) *Vehicle or equipment licenses.* Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the designated operational area.

(l) *Purchase of scarce goods and services.* If the Combatant Commander has established an organization for the designated operational area whose function is to determine that certain items are scarce goods or services, the Contractor shall coordinate with that organization local purchases of goods and services designated as scarce, in accordance with instructions provided by the Contracting Officer.

(m) *Evacuation.*

(1) If the Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide assistance, to the extent available, to United States and third country national Contractor personnel.

(2) In the event of a non-mandatory evacuation order, unless authorized in writing by the Contracting Officer, the Contractor shall maintain personnel on location sufficient to meet obligations under this contract.

(n) *Next of kin notification and personnel recovery.*

(1) The Contractor shall be responsible for notification of the employee-designated next of kin in the event an employee dies, requires evacuation due to an injury, or is isolated, missing, detained, captured, or abducted.

(2) In the case of isolated, missing, detained, captured, or abducted Contractor personnel, the Government will assist in personnel recovery actions in accordance with DoD Directive 3002.01E, Personnel Recovery in the Department of Defense.

(o) *Mortuary affairs*. Contractor personnel who die while in support of the U.S. Armed Forces shall be covered by the DoD mortuary affairs program as described in DoD Directive 1300.22, Mortuary Affairs Policy, and DoD Instruction 3020.41, Operational Contractor Support.

(p) *Changes*. In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in the place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph (p) shall be subject to the provisions of the Changes clause of this contract.

(q) *Subcontracts*. The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts when subcontractor personnel are supporting U.S. Armed Forces deployed outside the United States in—

(1) Contingency operations;

(2) Peace operations consistent with Joint Publication 3-07.3; or

(3) Other military operations or military exercises, when designated by the Combatant Commander or as directed by the Secretary of Defense.

(End of clause)

252.225-7041 Correspondence in English.
As prescribed in 225.1103(2), use the following clause:

CORRESPONDENCE IN ENGLISH (JUN 1997)

The Contractor shall ensure that all contract correspondence that is addressed to the United States Government is submitted in English or with an English translation.

(End of clause)

252.225-7042 Authorization to Perform.
As prescribed in 225.1103(3), use the following provision:

AUTHORIZATION TO PERFORM (APR 2003)

The offeror represents that it has been duly authorized to operate and to do business in the country or countries in which the contract is to be performed.

(End of provision)

252.225-7043 Antiterrorism/Force Protection for Defense Contractors Outside the United States.
As prescribed in 225.372-2, use the following clause:

ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE CONTRACTORS OUTSIDE THE UNITED STATES (JUN 2015)

(a) *Definition*. "United States," as used in this clause, means, the 50 States, the District of Columbia, and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall—

(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or subcontractor is a U.S. entity;

(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals and are in-country on a non-transitory basis, register with the U.S. Embassy, and that Contractor and subcontractor personnel who are third country nationals comply with any security related requirements of the Embassy of their nationality;

(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force protection awareness information commensurate with that which the Department of Defense (DoD) provides to its military and civilian personnel and their families, to the extent such information can be made available prior to travel outside the United States; and

(4) Obtain and comply with the most current antiterrorism/force protection guidance for Contractor and subcontractor personnel.

(c) The requirements of this clause do not apply to any subcontractor that is—

(1) A foreign government;

(2) A representative of a foreign government; or

(3) A foreign corporation wholly owned by a foreign government.

(d) Information and guidance pertaining to DoD antiterrorism/force protection can be obtained from *(Contracting Officer to insert applicable information cited in PGI 225.372-1)*.

(End of clause)

252.225-7044 Balance of Payments Program–Construction Material.

Basic. As prescribed in 225.7503(a) and (a)(1), use the following clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL—BASIC

(FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.201(c). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) *Domestic preference.* This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

_____

[Contracting Officer to list applicable excepted materials or indicate "none"]

(End of clause)

Alternate I. As prescribed in 225.7503(a) and (a)(2), use the following clause, which adds definitions for "South Caucasus/Central and South Asian (SC/CASA) state" and "SC/CASA state construction material" to paragraph (a), and uses "domestic construction material or SC/CASA state construction material" instead of "domestic construction material" in the second sentence of paragraph (b):

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL—ALTERNATE I (FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency

lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.201(c). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of

the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"SC/CASA state construction material" means construction material that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) *Domestic preference.* This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material or SC/CASA state construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

_____

[Contracting Officer to list applicable excepted materials or indicate "none"].

(End of clause)

Alternate II. As prescribed in 225.7503(a) and (a)(3), use the following clause, which includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the domestic content threshold that will apply to the entire contract period of performance:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL—ALTERNATE II (FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in

paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product

and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) *Domestic preference.* This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in FAR part 2;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate "none"].

(End of clause)

Alternate III. As prescribed in 225.7503(a) and (a)(4), use the following clause, which includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the domestic content threshold that will apply to the entire period of performance; adds definitions for "South Caucasus/Central and South Asian (SC/CASA) state" and "SC/CASA state construction material" to paragraph (a); and uses "domestic construction material or SC/CASA state construction material" instead of "domestic construction material" in the second sentence of paragraph (b):

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL—ALTERNATE III (FEB 2024)

(a) *Definitions.* As used in this clause—

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"SC/CASA state construction material" means construction material that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) *Domestic preference.* This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material or SC/CASA state construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in FAR part 2;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate "none"].

(End of clause)

252.225-7045 Balance of Payments Program–Construction Material Under Trade Agreements.

Basic. As prescribed in 225.7503(b) and (b)(1), use the following clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—BASIC (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building

or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.201(c). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction materials.

(c) The Contractor shall use only domestic or designated country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

_____

[Contracting Officer to list applicable excepted materials or indicate "none"]

(End of clause)

Alternate I. As prescribed in 225.7503(b) and (b)(2), use the following clause, which adds "Bahraini or Mexican construction material" to paragraph (a), and uses a different paragraph (b) and (c) than the basic clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—ALTERNATE I (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini or Mexican construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of Bahrain or Mexico; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain or Mexico into a new and different construction material distinct from the materials from which it was transformed.

"Caribbean Basin country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.201(c). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron

or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and all Free Trade Agreements except United States-Mexico-Canada Agreement and the Bahrain Free Trade Agreement apply to this

acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction material other than Bahraini or Mexican construction material.

(c) The Contractor shall use only domestic or designated country construction material other than Bahraini or Mexican construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation; or

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

_____

[Contracting Officer to list applicable excepted materials or indicate "none"].

(End of clause)

Alternate II. As prescribed in 225.7503(b) and (b)(3), use the following clause, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "SC/CASA state construction material" to paragraph (a), uses a different paragraph (b) and introductory text for paragraph (c) than the basic clause, and adds paragraph (d):

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—ALTERNATE II (FEB 2024)

(a*) Definitions.* As used in this clause—

"Caribbean Basin country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.201(c). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is

not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"SC/CASA state construction material" means construction material that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA, Free Trade Agreements, and other waivers relating to acquisitions in support of operations in Afghanistan apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for SC/CASA state and designated country construction materials.

(c) The Contractor shall use only domestic, SC/CASA state, or designated country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

_____

[Contracting Officer to list applicable excepted materials or indicate "none"].

(d) If the Contractor is from an SC/CASA state, the Contractor shall inform its government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

(End of clause)

Alternate III. As prescribed in 225.7503(b) and (b)(4), use the following clause, which adds "South Caucasus/Central and South Asian (SC/CASA) state" and "SC/CASA state construction material" to paragraph(a), uses a different paragraph (b) and introductory text for paragraph (c) than the basic clause, and adds paragraph (d):

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—ALTERNATE III (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in

paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.201(c). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"SC/CASA state construction material" means construction material that—

(1) Is wholly the growth, product, or manufacture of An SC/CASA state; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA, all Free Trade Agreements except United States-Mexico-Canada Agreement and the Bahrain Free Trade Agreement, and other waivers relating to acquisitions in support of operations in Afghanistan apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for SC/CASA state and designated country construction material other than Bahraini or Mexican construction material.

(c) The Contractor shall use only domestic, SC/CASA state, or designated country construction material other than Bahraini or Mexican construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

_____

[Contracting Officer to list applicable excepted materials or indicate "none"].

(d) If the Contractor is from an SC/CASA state, the Contractor shall inform its government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

(End of clause)

Alternate IV. As prescribed in 225.7503(b) and (b)(5), use the following clause, which includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the domestic content threshold that will apply to the entire contract period of performance:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—ALTERNATE IV (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi,

Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—.

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction materials.

(c) The Contractor shall use only domestic or designated country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in FAR part 2;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

[*Contracting Officer to list applicable excepted materials or indicate "none"].*

(End of clause)

Alternate V. As prescribed in 225.7503(b) and (b)(6), use the following clause, which includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the domestic content threshold that will apply to the entire contract period of performance; adds "Bahraini or Mexican construction material" to paragraph (a); and uses different paragraphs (b) and (c) than the basic clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—ALTERNATE V (FEB 2024)

(a) *Definitions.* As used in this clause—

"Bahraini or Mexican construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of Bahrain or Mexico; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain or Mexico into a new and different construction material distinct from the materials from which it was transformed.

"Caribbean Basin country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate,

or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and all Free Trade Agreements except United States-Mexico-Canada Agreement and the Bahrain Free Trade Agreement apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction material other than Bahraini or Mexican construction material.

(c) The Contractor shall use only domestic or designated country construction material other than Bahraini or Mexican construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in FAR part 2; or

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate "none"].

(End of clause)

Alternate VI. As prescribed in 225.7503(b) and (b)(7), use the following clause, which includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the domestic content threshold that will apply to the entire contract period of performance; adds "South Caucasus/Central and South Asian (SC/CASA) state" and "SC/CASA state construction material" to paragraph (a); uses a different paragraph (b) and introductory text for paragraph (c) than the basic clause; and adds paragraph (d):

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—ALTERNATE VI (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country construction material" means a construction material that—.

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of),

Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of

the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"SC/CASA state construction material" means construction material that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA

state into a new and different construction material distinct from the material from which it was transformed.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA, Free Trade Agreements, and other waivers relating to acquisitions in support of operations in Afghanistan apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for SC/CASA state and designated country construction materials.

(c) The Contractor shall use only domestic, SC/CASA state, or designated country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in FAR part 2;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate "none"].

(d) If the Contractor is from an SC/CASA state, the Contractor shall inform its government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

(End of clause)

Alternate VII. As prescribed in 225.7503(b) and (b)(8), use the following clause, which includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the domestic content threshold that will apply to the entire contract period of performance; adds "South Caucasus/Central and South Asian (SC/CASA state)" and "SC/CASA state construction material" to paragraph (a); uses a different paragraph (b) and introductory text for paragraph (c) than the basic clause; and adds paragraph (d):

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—ALTERNATE VII (FEB 2024)

(a) *Definitions.* As used in this clause—

"Caribbean Basin country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means—

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds, for the entire period of performance for a contract awarded in: calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all its components; or calendar year 2029 or later, 75 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least

developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"South Caucasus/Central and South Asian (SC/CASA) state" means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

"SC/CASA state construction material" means construction material that—

(1) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

"WTO GPA country construction material" means a construction material that—

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA, all Free Trade Agreements except United States-Mexico-Canada Agreement and the Bahrain Free Trade Agreement, and other waivers relating to acquisitions in support of operations in Afghanistan apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for SC/CASA state and designated country construction material other than Bahraini or Mexican construction material.

(c) The Contractor shall use only domestic, SC/CASA state, or designated country construction material other than Bahraini or Mexican construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in FAR part 2;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate "none"].

(d) If the Contractor is from an SC/CASA state, the Contractor shall inform its government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

(End of clause)

252.225-7046 Exports by Approved Community Members in Response to the Solicitation.
As prescribed in 225.7902-5(a), use the following provision:

EXPORTS BY APPROVED COMMUNITY MEMBERS IN RESPONSE TO THE SOLICITATION (JUNE 2013)

(a) *Definitions.* The definitions of "Approved Community", "defense articles", Defense Trade Cooperation (DTC) Treaty", "export", "Implementing Arrangement", "qualifying defense articles", "transfer", and "U.S. DoD Treaty-eligible requirements" in DFARS clause 252.225-7047 apply to this provision.

(b) All contract line items in the contemplated contract, except any identified in this paragraph, are intended to satisfy U.S. DoD Treaty-eligible requirements. Specific defense articles that are not U.S. DoD Treaty-eligible will be identified as such in those contract line items that are otherwise U.S. DoD Treaty-eligible.

CONTRACT LINE ITEMS NOT INTENDED TO SATISFY
U.S. DoD TREATY-ELIGIBLE REQUIREMENTS:

_____
[*Enter Contract Line Item Number(s) or enter "None"*]

(c) Approved Community members responding to the solicitation may only export or transfer defense articles that specifically respond to the stated requirements of the solicitation.

(d) Subject to the other terms and conditions of the solicitation and the contemplated contract that affect the acceptability of foreign sources or foreign end products, components, parts, or materials, Approved Community members are permitted, but not required, to use the DTC Treaties for exports or transfers of qualifying defense articles in preparing a response to this solicitation.

(e) Any conduct by an offeror responding to this solicitation that falls outside the scope of the DTC Treaties, the Implementing Arrangements, and the implementing regulations of the Department of State in 22 CFR 126.16 (Australia), 22 C.F.R. 126.17

(United Kingdom), and 22 C.F.R. 126 Supplement No. 1 (exempted technologies list) is subject to all applicable International Traffic in Arms Regulations (ITAR) requirements, including any criminal, civil, and administrative penalties or sanctions, as well as all other United States statutory and regulatory requirements outside of ITAR.

(f) If the offeror uses the procedures established pursuant to the DTC Treaties, the offeror agrees that, with regard to the export or transfer of a qualifying defense article associated with responding to the solicitation, the offeror shall—

(1) Comply with the requirements and provisions of the applicable DTC Treaties, the Implementing Arrangements, and corresponding regulations (including the ITAR) of the U.S. Government and the government of Australia or of the United Kingdom, as applicable;

(2) Prior to the export or transfer of a qualifying defense article—

(i) Mark, identify, transmit, store, and handle any defense articles provided for the purpose of responding to such solicitations, as well as any defense articles provided with or developed pursuant to their responses to such solicitations, in accordance with the DTC Treaties, the Implementing Arrangements, and corresponding regulations of the United States Government and the government of Australia or the government of the United Kingdom, as applicable, including, but not limited to, the marking and classification requirements described in the applicable regulations;

(ii) Comply with the re-transfer or re-export provisions of the DTC Treaties, the Implementing Arrangements, and corresponding regulations of the United States Government and the government of Australia or the government of the United Kingdom, as applicable, including, but not limited to, the re-transfer and re-export requirements described in the applicable regulations; and

(iii) Acknowledge that any conduct that falls outside or in violation of the DTC Treaties, Implementing Arrangements, and implementing regulations of the applicable government including, but not limited to, unauthorized re-transfer or re-export in violation of the procedures established in the applicable Implementing Arrangement and implementing regulations, remains subject to applicable licensing requirements of the government of Australia, the government of the United Kingdom, and the United States Government, as applicable, including any criminal, civil, and administrative penalties or sanctions contained therein; and

(g) *Representation.* The offeror shall check one of the following boxes and sign the representation:

□ The offeror represents that export(s) or transfer(s) of qualifying defense articles were made in preparing its response to this solicitation and that such export(s) or transfer(s) complied with the requirements of this provision.

_____

Name/Title of Duly Authorized Representative Date

□ The offeror represents that no export(s) or transfer(s) of qualifying defense articles were made in preparing its response to this solicitation.

_____

Name/Title of Duly Authorized Representative Date

(h) *Subcontracts.* Flow down the substance of this provision, including this paragraph (h), but excluding the representation at paragraph (g), to any subcontractor at any tier intending to use the DTC Treaties in responding to this solicitation.

(End of provision)

252.225-7047 Exports by Approved Community Members in Performance of the Contract.
As prescribed in 225.7902-5(b), use the following clause:

EXPORTS BY APPROVED COMMUNITY MEMBERS IN PERFORMANCE OF THE CONTRACT (JUNE 2013)

(a) *Definitions.* As used in this clause—

"Approved Community" means the U.S. Government, U.S. entities that are registered and eligible exporters, and certain government and industry facilities in Australia or the United Kingdom that are approved and listed by the U.S. Government.

“Australia Community member” means an Australian government authority or nongovernmental entity or facility on the Australia Community list accessible at http://pmddtc.state.gov/treaties/index.html .

"Defense articles" means articles, services, and related technical data, including software, in tangible or intangible form, listed on the United States Munitions List of the International Traffic in Arms Regulations (ITAR), as modified or amended.

“Defense Trade Cooperation (DTC) Treaty" means—

(1) The Treaty Between the Government of the United States of America and the government of the United Kingdom of Great Britain and Northern Ireland concerning Defense Trade Cooperation, signed at Washington and London on June 21 and 26, 2007; or

(2) The Treaty Between the Government of the United States of America and the Government of Australia Concerning Defense Trade Cooperation, signed at Sydney on September 5, 2007.

"Export" means the initial movement of defense articles from the United States Community to the United Kingdom Community and the Australia community.

"Implementing Arrangement" means–

(1) The Implementing Arrangement Pursuant to the Treaty between the Government of the United States of America and the Government of the United Kingdom of Great Britain and Northern Ireland Concerning Defense Trade Cooperation, signed on February 14, 2008; or

(2) The Implementing Arrangement Pursuant to the Treaty between the Government of the United States of America and the Government of Australia Concerning Defense Trade Cooperation, signed on March 14, 2008.

"Qualifying defense articles" means defense articles that are not exempt from the scope of the DTC Treaties as defined in 22 CFR 126.16(g) and 22 CFR 126.17(g).

"Transfer" means the movement of previously exported defense articles within the Approved Community.

"United Kingdom Community member" means a United Kingdom government authority or nongovernmental entity or facility on the United Kingdom Community list accessible at http://pmddtc.state.gov.

"United States Community" means—

(1) Departments and agencies of the U.S. Government, including their personnel, with, as appropriate, security accreditation and a need-to-know; and

(2) Nongovernmental U.S. entities registered with the Department of State and eligible to export defense articles under U.S. law and regulation, including their employees, with, as appropriate, security accreditation and a need-to-know.

"U.S. DoD Treaty-eligible requirements" means any defense article acquired by the DoD for use in a combined military or counterterrorism operation, cooperative research, development, production or support program, or DoD end use, as described in Article 3 of the U.S.-U.K. DTC Treaty and sections 2 and 3 of the associated Implementing Arrangement; and Article 3 of the U.S.-Australia DTC Treaty and sections 2 and 3 of the associated Implementing Arrangement.

(b) All contract line items in this contract, except any identified in this paragraph, are intended to satisfy U.S. DoD Treaty-eligible requirements. Specific defense articles that are not U.S. DoD Treaty-eligible will be identified as such in those contract line items that are otherwise U.S. DoD Treaty-eligible.

CONTRACT LINE ITEMS NOT INTENDED TO SATISFY
U.S. DoD TREATY-ELIGIBLE REQUIREMENTS:

_____
[*Enter Contract Line Item Number(s) or enter "None"*]

(c) Subject to the other terms and conditions of this contract that affect the acceptability of foreign sources or foreign end products, components, parts, or materials, Approved Community members are permitted, but not required, to use the DTC Treaties for exports or transfers of qualifying defense articles in performance of the contract.

(d) Any conduct by the Contractor that falls outside the scope of the DTC Treaties, the Implementing Arrangements, and 22 CFR 126.16(g) and 22 CFR 126.17(g) is subject to all applicable ITAR requirements, including any criminal, civil, and administrative penalties or sanctions, as well as all other United States statutory and regulatory requirements outside of ITAR, including, but not limited to, regulations

issued by the Bureau of Alcohol, Tobacco, Firearms and Explosives found at 27 C.F.R. Parts 447, 478, and 479, which are unaffected by the DTC Treaties.

(e) If the Contractor is an Approved Community member, the Contractor agrees that—

(1) The Contractor shall comply with the requirements of the DTC Treaties, the Implementing Arrangements, the ITAR, and corresponding regulations of the U.S. Government and the government of Australia or the government of the United Kingdom, as applicable; and

(2) Prior to the export or transfer of a qualifying defense article the Contractor—

(i) Shall mark, identify, transmit, store, and handle any defense articles provided for the purpose of responding to such solicitations, as well as any defense articles provided with or developed pursuant to their responses to such solicitations, in accordance with the DTC Treaties, the Implementing Arrangements, and corresponding regulations of the United States Government and the government of Australia or the government of the United Kingdom, as applicable, including, but not limited to, the marking and classification requirements described in the applicable regulations;

(ii) Shall comply with the re-transfer or re-export provisions of the DTC Treaties, the Implementing Arrangements, and corresponding regulations of the United States Government and the government of Australia or the government of the United Kingdom, as applicable, including, but not limited to, the re-transfer and re-export requirements described in the applicable regulations; and

(iii) Shall acknowledge that any conduct that falls outside or in violation of the DTC Treaties, Implementing Arrangements, and implementing regulations of the applicable government including, but not limited to, unauthorized re-transfer or re-export in violation of the procedures established in the applicable Implementing Arrangement and implementing regulations, remains subject to applicable licensing requirements of the government of Australia, the government of the United Kingdom, and the United States Government, including any criminal, civil, and administrative penalties or sanctions contained therein.

(f) The contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts that may require exports or transfers of qualifying defense articles in connection with deliveries under the contract.

(End of clause)

252.225-7048 Export-Controlled Items.
As prescribed in 225.7901-4, use the following clause:

EXPORT CONTROLLED ITEMS (JUNE 2013)

(a) *Definition.* "Export-controlled items," as used in this clause, means items subject to the Export Administration Regulations (EAR) (15 CFR Parts 730-774) or the International Traffic in Arms Regulations (ITAR) (22 CFR Parts 120-130). The term includes:

(1) "Defense items," defined in the Arms Export Control Act, 22 U.S.C. 2778(j)(4)(A), as defense articles, defense services, and related technical data, and further defined in the ITAR, 22 CFR Part 120.

(2) "Items," defined in the EAR as "commodities", "software", and "technology," terms that are also defined in the EAR, 15 CFR 772.1.

(b) The Contractor shall comply with all applicable laws and regulations regarding export-controlled items, including, but not limited to, the requirement for contractors to register with the Department of State in accordance with the ITAR. The Contractor shall consult with the Department of State regarding any questions relating to compliance with the ITAR and shall consult with the Department of Commerce regarding any questions relating to compliance with the EAR.

(c) The Contractor's responsibility to comply with all applicable laws and regulations regarding export-controlled items exists independent of, and is not established or limited by, the information provided by this clause.

(d) Nothing in the terms of this contract adds, changes, supersedes, or waives any of the requirements of applicable Federal laws, Executive orders, and regulations, including but not limited to—

(1) The Export Administration Act of 1979, as amended (50 U.S.C. App. 2401, *et seq*.);

(2) The Arms Export Control Act (22 U.S.C. 2751, *et seq*.);

(3) The International Emergency Economic Powers Act (50 U.S.C. 1701, et seq.);

(4) The Export Administration Regulations (15 CFR Parts 730-774);

(5) The International Traffic in Arms Regulations (22 CFR Parts 120-130); and

(6) Executive Order 13222, as extended.

(e) The Contractor shall include the substance of this clause, including this paragraph (e), in all subcontracts.

(End of clause)

252.225-7049 Prohibition on Acquisition of Certain Foreign Commercial Satellite Services—Representations.
As prescribed in 225.772-5(a),use the following provision:

PROHIBITION ON ACQUISITION OF CERTAIN FOREIGN COMMERCIAL SATELLITE SERVICES—REPRESENTATIONS (DEC 2018)

(a) *Definitions.* As used in this provision—

"Covered foreign country," "foreign entity," "government of a covered foreign

country," "launch vehicle," "satellite services," and "state sponsor of terrorism" are defined in the clause at Defense Federal Acquisition Regulation Supplement (DFARS) 252.225-7051, Prohibition on Acquisition of Certain Commercial Satellite Services.

"Cybersecurity risk" means threats to and vulnerabilities of information or information systems and any related consequences caused by or resulting from unauthorized access, use, disclosure, degradation, disruption, modification, or destruction of such information or information systems, including such related consequences caused by an act of terrorism. (10 U.S.C. 2279)

(b) *Prohibition on award.* In accordance with 10 U.S.C. 2279, unless an exception is determined to apply in accordance with DFARS 225.772-4, no contract for commercial satellite services may be awarded to—

(1)(i) A foreign entity if the Under Secretary of Defense for Acquisition and Sustainment or the Under Secretary of Defense for Policy reasonably believes that—

(A) The foreign entity is an entity in which the government of a covered foreign country has an ownership interest that enables the government to affect satellite operations;

(B) The foreign entity plans to, or is expected to, provide or use launch or other satellite services under the contract from a covered foreign country; or

(C) Entering into such contract would create an unacceptable cybersecurity risk for DoD; or

(ii) An offeror that is offering to provide the commercial satellite services of a foreign entity as described in paragraph (b)(1) of this section; or

(2)(i) Any entity, except as provided in paragraph (b)(2)(ii) of this provision, for a launch that occurs on or after December 31, 2022, if the Under Secretary of Defense for Acquisition and Sustainment or the Under Secretary of Defense for Policy reasonably believes that such satellite service will be provided using satellites that will be—

(A) Designed or manufactured—

(*1*) In a covered foreign country; or

(*2*) By an entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country; or

(B) Launched outside the United States, using a launch vehicle that is—

(*1*) Designed or manufactured in a covered foreign country; or

(*2*) Provided by—

(*i*) The government of a covered foreign country; or

(*ii*) An entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country.

(ii) The prohibition in paragraph (b)(2)(i)(B) of this provision does not apply with respect to launch vehicles for which the satellite service provider has a contract or other agreement relating to launch services that, prior to June 10, 2018, was either fully paid for by the satellite service provider or covered by a legally binding commitment of the satellite service provider to pay for such services.

(c) *Representations.* The Offeror represents that—

(1) It [ ] is, [ ] is not a foreign entity in which the government of a covered foreign country has an ownership interest that enables the government to affect satellite operations. If affirmative, identify the covered foreign country:_____;

(2) It [ ] is, [ ] is not a foreign entity that plans to provide satellite services under the contract from a covered foreign country. If affirmative, identify the covered foreign country:_____;

(3) It [ ] is, [ ] is not offering commercial satellite services provided by a foreign entity in which the government of a covered foreign country has an ownership interest that enables the government to affect satellite operations. If affirmative, identify the foreign entity and the covered foreign country:_____;

(4) It [ ] is, [ ] is not offering commercial satellite services provided by a foreign entity that plans to or is expected to provide satellite services under the contract from a covered foreign country. If affirmative, identify the foreign entity and the covered foreign country:_____;

(5) It [ ] is, [ ] is not offering commercial satellite services that will use satellites, launched on or after December 31, 2022, that will be designed or manufactured in a covered foreign country. If affirmative, identify the covered foreign country:_____;

(6) It [ ] is, [ ] is not offering commercial satellite services that will use satellites, launched on or after December 31, 2022, that will be designed or manufactured by an entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country. If affirmative, identify the entity, the covered foreign country, and the relationship of the entity to the government of the covered foreign country:_____;

(7) It [ ] is, [ ] is not offering commercial satellite services that will use satellites, launched outside the United States on or after December 31, 2022, using a launch vehicle that is designed or manufactured in a covered foreign country. If affirmative, identify the covered foreign country:_____;

(8) It [ ] is, [ ] is not offering commercial satellite services that will use satellites, launched outside the United States on or after December 31, 2022, using a launch vehicle that is provided by the government of a covered foreign country. If affirmative, identify the covered foreign country:_____; and

(9) It [ ] is, [ ] is not offering commercial satellite services that will use satellites, launched outside the United States on or after December 31, 2022, using a launch vehicle that is provided by an entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country. If affirmative, identify the entity, the covered foreign country, and the relationship of the entity to the government of the covered foreign country:_____.

(d) *Disclosure.* If the Offeror has responded affirmatively to any representation in paragraphs (c)(7) through (c)(9) of this provision, and if such launches are covered in whole or in part by a contract or other agreement relating to launch services that, prior to June 10, 2018, was either fully paid for by the satellite service provider or covered by a legally binding commitment of the satellite service provider to pay for such services, provide the following information:

(1) The entity awarded the contract or other agreement:_____.

(2) The date the contract or other agreement was awarded:_____.

(3) The period of performance for the contract or other agreement:_____.

(e) The representations in paragraph (c) of this provision are a material representation of fact upon which reliance will be placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous representation, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

252.225-7050 Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism.
As prescribed in 225.771-5, use the following provision:

DISCLOSURE OF OWNERSHIP OR CONTROL BY THE GOVERNMENT OF A COUNTRY THAT IS A STATE SPONSOR OF TERRORISM (DEC 2022)

(a) *Definitions.* As used in this provision—

"Government of a country that is a state sponsor of terrorism" includes the state and the government of a country that is a state sponsor of terrorism, as well as any political subdivision, agency, or instrumentality thereof.

"Significant interest" means—

(1) Ownership of or beneficial interest in 5 percent or more of the firm's or subsidiary's securities. Beneficial interest includes holding 5 percent or more of any class of the firm's securities in "nominee shares," "street names," or some other method of holding securities that does not disclose the beneficial owner;

(2) Holding a management position in the firm, such as a director or officer;

(3) Ability to control or influence the election, appointment, or tenure of directors or officers in the firm;

(4) Ownership of 10 percent or more of the assets of a firm such as equipment, buildings, real estate, or other tangible assets of the firm; or

(5) Holding 50 percent or more of the indebtedness of a firm.

"State sponsor of terrorism" means a country determined by the Secretary of State, under section 1754(c)(1)(A)(i) of the Export Control Reform Act of 2018 (Title XVII, Subtitle B, of the National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232), to be a country the government of which has repeatedly provided support for acts of international terrorism. As of the date of this provision, state sponsors of terrorism include Iran, North Korea, and Syria.

(b) *Prohibition on award.* In accordance with 10 U.S.C. 4871, unless a waiver is granted by the Secretary of Defense, no contract may be awarded to a firm if the government of a country that is a state sponsor of terrorism owns or controls a significant interest in—

(1) The firm;

(2) A subsidiary of the firm; or

(3) Any other firm that owns or controls the firm.

(c) *Representation.* Unless the Offeror submits with its offer the disclosure required in paragraph (d) of this provision, the Offeror represents, by submission of its offer, that the government of a country that is a state sponsor of terrorism does not own or control a significant interest in—

(1) The Offeror;

(2) A subsidiary of the Offeror; or

(3) Any other firm that owns or controls the Offeror.

(d) *Disclosure.*

(1) The Offeror shall disclose in an attachment to its offer if the government of a country that is a state sponsor of terrorism owns or controls a significant interest in the Offeror; a subsidiary of the Offeror; or any other firm that owns or controls the Offeror.

(2) The disclosure shall include—

(i) Identification of each government holding a significant interest; and

(ii) A description of the significant interest held by each government.

(End of provision)

252.225-7051 Prohibition on Acquisition of Certain Foreign Commercial Satellite Services.
As prescribed in 225.772-5, use the following clause:

PROHIBITION ON ACQUISITION OF CERTAIN FOREIGN COMMERCIAL SATELLITE SERVICES (DEC 2022)

(a) *Definitions.* As used in this clause—

"Covered foreign country" means—

(1) The People's Republic of China;

(2) North Korea;

(3) The Russian Federation; or

(4) Any country that is a state sponsor of terrorism. (10 U.S.C. 2279)

"Foreign entity" means—

(1) Any branch, partnership, group or sub-group, association, estate, trust, corporation or division of a corporation, or organization organized under the laws of a foreign state if either its principal place of business is outside the United States or its equity securities are primarily traded on one or more foreign exchanges.

(2) Notwithstanding paragraph (1) of this definition, any branch, partnership, group or sub-group, association, estate, trust, corporation or division of a corporation, or organization that demonstrates that a majority of the equity interest in such entity is ultimately owned by U.S. nationals is not a foreign entity. (31 CFR 800.212)

"Government of a covered foreign country" includes the state and the government of a covered foreign country, as well as any political subdivision, agency, or instrumentality thereof.

"Launch vehicle" means a fully integrated space launch vehicle. (10 U.S.C. 2279)

"Satellite services" means communications capabilities that utilize an on-orbit satellite for transmitting the signal from one location to another.

"State sponsor of terrorism" means a country determined by the Secretary of State, under section 1754(c)(1)(A)(i) of the Export Control Reform Act of 2018 (Title XVII, Subtitle B, of the National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232), to be a country the government of which has repeatedly provided support for acts of international terrorism. As of the date of this provision, state sponsors of terrorism include Iran, North Korea, and Syria. (10 U.S.C. 4871)

(b) *Limitation.* Unless specified in its offer, the Contractor shall not provide satellite services under this contract that—

(1) Are from a covered foreign country; or

(2) Except as provided in paragraph (c), use satellites that will be—

(i) Designed or manufactured—

(A) In a covered foreign country; or

(B) By an entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country; or

(ii) Launched outside the United States using a launch vehicle that is designed or manufactured—

(A) In a covered foreign country; or

(B) Provided by—

(1) The government of a covered foreign country; or

(2) An entity controlled in whole or in part by, or acting on behalf of, the government of a covered foreign country.

(c) *Exception*. The limitation in paragraph (b)(2) shall not apply with respect to—

(1) A launch that occurs prior to December 31, 2022; or

(2) A satellite service provider that has a contract or other agreement relating to launch services that, prior to June 10, 2018, was either fully paid for by the satellite service provider or covered by a legally binding commitment of the satellite service provider to pay for such services.

(End of clause)

252.225-7052 Restriction on the Acquisition of Certain Magnets, Tantalum, and Tungsten.

As prescribed in 225.7018-5, use the following clause:

RESTRICTION ON THE ACQUISITION OF CERTAIN MAGNETS, TANTALUM, AND TUNGSTEN (MAY 2024)

(a) *Definitions.* As used in this clause—

"Assembly" means an item forming a portion of a system or subsystem that—

(1) Can be provisioned and replaced as an entity; and

(2) Incorporates multiple, replaceable parts.

"Commercially available off-the-shelf item"—

(1) Means any item of supply that is—

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under this contract or a subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means any item supplied to the Government as part of an end item or of another component.

"Covered country" means—

(1) The Democratic People's Republic of North Korea;

(2) The People's Republic of China;

(3) The Russian Federation; or

(4) The Islamic Republic of Iran.

"Covered material" means—

(1) Samarium-cobalt magnets;

(2) Neodymium-iron-boron magnets;

(3) Tantalum metals and alloys;

(4) Tungsten metal powder; and

(5) Tungsten heavy alloy or any finished or semi-finished component containing tungsten heavy alloy.

"Electronic device" means an item that operates by controlling the flow of electrons or other electrically charged particles in circuits, using interconnections such as resistors, inductors, capacitors, diodes, switches, transistors, or integrated circuits.

"End item" means the final production product when assembled or completed and ready for delivery under a line item of this contract.

"Subsystem" means a functional grouping of items that combine to perform a major function within an end item, such as electrical power, attitude control, and propulsion.

"Tungsten heavy alloy" means a tungsten base pseudo alloy that—

(1) Meets the specifications of ASTM B777 or SAE-AMS-T-21014 for a particular class of tungsten heavy alloy; or

(2) Contains at least 90 percent tungsten in a matrix of other metals (such as nickel-iron or nickel-copper) and has density of at least 16.5 g/cm3).

(b) *Restriction.*

(1) Except as provided in paragraph (c) of this clause—

(i) Effective through December 31, 2026, the Contractor shall not deliver under this contract any covered material melted or produced in any covered country, or any end item, manufactured in any covered country, that contains a covered material; and

(ii) Effective January 1, 2027, the Contractor shall not deliver under this contract any covered material mined, refined, separated, melted, or produced in any covered country, or any end item, manufactured in any covered country, that contains a covered material (section 854, Pub. L. 118-31; 10 U.S.C. 4872).

(2)(i)(A) Effective through December 31, 2026, for samarium-cobalt magnets and neodymium-iron-boron magnets, this restriction includes—

(*1*) Melting samarium with cobalt to produce the samarium-cobalt alloy or melting neodymium with iron and boron to produce the neodymium-iron-boron alloy; and

(*2*) All subsequent phases of production of the magnets, such as powder formation, pressing, sintering or bonding, and magnetization.

(B) Effective January 1, 2027, for samarium-cobalt magnets this restriction includes the entire supply chain from mining or production of a cobalt and samarium ore or feedstock, including recycled material, through production of finished magnets.

(ii) The restriction on melting and producing of samarium-cobalt magnets is in addition to any applicable restrictions on melting of specialty metals if the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, is included in the contract.

(3) Effective January 1, 2027, for neodymium-iron-boron magnets, this restriction includes the entire supply chain from mining of neodymium, iron, and boron through production of finished magnets.

(4)(i) Effective through December 31, 2026, for production of tantalum metals of any kind and alloys, this restriction includes the reduction or melting of any form of tantalum to create tantalum metal including unwrought, powder, mill products, and alloys. The restriction also covers all subsequent phases of production of tantalum metals and alloys.

(ii) Effective January 1, 2027, for production of tantalum metals of any

kind and alloys, this restriction includes mining or production of a tantalum ore or feedstock, including recycled material, through production of metals of any kind and alloys.

(5)(i) Effective through December 31, 2026, for production of tungsten metal powder and tungsten heavy alloy, this restriction includes–

(A) Atomization;

(B) Calcination and reduction into powder;

(C) Final consolidation of non-melt derived metal powders; and

(D) All subsequent phases of production of tungsten metal powder, tungsten heavy alloy, or any finished or semi-finished component containing tungsten heavy alloy.

(ii) Effective January 1, 2027, for production of tungsten metal powder, tungsten heavy alloy, or any finished or semi-finished component containing tungsten heavy alloy, this restriction includes mining or production of a tungsten ore or feedstock, including recycled material, through production of tungsten metal powders, tungsten heavy alloy, or any finished or semi-finished component containing tungsten heavy alloy.

(c) *Exceptions*. This clause does not apply—

(1) To an end item containing a covered material that is—

(i) A commercially available off-the-shelf item, other than—

(A) A commercially available off-the-shelf item that is—

(*1*) 50 percent or more tungsten by weight effective through December 31, 2026; or

(*2*) 50 percent or more covered material by weight effective January 1, 2027;

(B) Effective through December 31, 2026, a tantalum metal, tantalum alloy, or tungsten heavy alloy mill product, such as bar, billet, slab, wire, cube, sphere, block, blank, plate, or sheet, that has not been incorporated into an end item, subsystem, assembly, or component;

(ii) Effective January 1, 2027, a covered material that is a mill product, such as bar, billet, slab, wire, cube, sphere, block, blank, plate, or sheet, that has not been incorporated into an end item, subsystem, assembly, or component;

(iii) An electronic device, unless otherwise specified in the contract; or

(iv) A neodymium-iron-boron magnet manufactured from recycled material if the milling of the recycled material and sintering of the final magnet takes place in the United States.

(2) If the authorized agency official concerned has made a nonavailability determination, in accordance with section 225.7018-4 of the Defense Federal Acquisition Regulation Supplement, that compliant covered materials of satisfactory quality and quantity, in the required form, cannot be procured as and when needed at a reasonable price.

(i) For tantalum metal, tantalum alloy, or tungsten heavy alloy, the term "required form" refers to the form of the mill product, such as bar, billet, wire, slab, plate, or sheet, in the grade appropriate for the production of a finished end item to be delivered to the Government under this contract; or a finished component assembled into an end item to be delivered to the Government under the contract.

(ii) For samarium-cobalt magnets or neodymium-iron-boron magnets, the term "required form" refers to the form and properties of the magnets.

(d) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (d), in subcontracts and other contractual instruments that are for items containing a covered material, including subcontracts and other contractual instruments for commercial products, unless an exception in paragraph (c) of this clause applies. The Contractor shall not alter this clause other than to identify the appropriate parties.

(End of clause)

252.225-7053 Representation Regarding Prohibition on Use of Certain Energy Sourced from Inside the Russian Federation.
As prescribed in 225.7019-4(a), use the following provision:

REPRESENTATION REGARDING PROHIBITION ON USE OF CERTAIN ENERGY SOURCED FROM INSIDE THE RUSSIAN FEDERATION (AUG 2021)

(a) *Definitions*. As used in this provision—

"Covered military installation" means a military installation in Europe identified by DoD as a main operating base.

"Furnished energy" means energy furnished to a covered military installation in any form and for any purpose, including heating, cooling, and electricity.

"Main operating base" means a facility outside the United States and its territories with permanently stationed operating forces and robust infrastructure.

(b) *Prohibition*. In accordance with section 2821 of the National Defense Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), contracts for the acquisition of furnished energy for a covered military installation shall not use any energy sourced from inside the Russian Federation as a means of generating the furnished energy for the covered military installation, unless a waiver is approved. The prohibition—

(1) Applies to all forms of energy that are furnished to a covered military installation; and

(2) Does not apply to energy converted by a third party into another form of energy and not directly delivered to a covered military installation.

(c) *Representation*. By submission of its offer, the Offeror represents that the Offeror will not use or provide any energy sourced from inside the Russian Federation as a means of generating the furnished energy for the covered military installation in the performance of any contract, subcontract, or other contractual instrument resulting from this solicitation.

(End of provision)

252.225-7054 Prohibition on Use of Certain Energy Sourced from Inside the Russian Federation.
As prescribed in 225.7019-4(b), use the following clause:

PROHIBITION ON USE OF CERTAIN ENERGY SOURCED FROM INSIDE THE RUSSIAN FEDERATION (JAN 2023)

(a) *Definitions*. As used in this clause—

"Covered military installation" means a military installation in Europe identified by DoD as a main operating base.

"Furnished energy" means energy furnished to a covered military installation in any form and for any purpose, including heating, cooling, and electricity.

"Main operating base" means a facility outside the United States and its territories with permanently stationed operating forces and robust infrastructure.

(b) *Prohibition*. In accordance with section 2821 of the National Defense Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), the Contractor shall not use in the performance of this contract any energy sourced from inside the Russian Federation as a means of generating the furnished energy for the covered military installation unless a waiver is approved. The prohibition—

(1) Applies to all forms of energy that are furnished to a covered military installation; and

(2) Does not apply to energy converted by a third party into another form of energy and not directly delivered to a covered military installation.

(c) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts and other commercial instruments that are for furnished energy at a covered military installation, including subcontracts and commercial instruments for commercial products.

(End of clause)

252.225-7055 Representation Regarding Business Operations with the Maduro Regime.
As prescribed in 225.7020-5(a), use the following provision:

REPRESENTATION REGARDING BUSINESS OPERATIONS WITH THE MADURO REGIME (MAY 2022)

(a) *Definitions*. As used in this provision—

"Agency or instrumentality of the government of Venezuela," "business operations," "government of Venezuela," and "person" have the meaning given in the clause 252.225-7056, Prohibition Regarding Business Operations with the Maduro Regime, of this solicitation.

(b) *Prohibition*. In accordance with section 890 of the National Defense Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), DoD is prohibited from entering into a contract for the procurement of products or services with any person that has business operations with an authority of the government of Venezuela that is not recognized as the legitimate government of Venezuela by the U.S. Government, unless the person has a valid license to operate in Venezuela issued by the Office of Foreign Assets Control of the Department of the Treasury.

(c) *Representation*. By submission of its offer, the Offeror represents that the Offeror is a person that—

(1) Does not have any business operations with an authority of the Maduro regime or the government of Venezuela that is not recognized as the legitimate government of Venezuela by the U.S. Government; or

(2) Has a valid license to operate in Venezuela issued by the Office of Foreign Assets Control of the Department of the Treasury.

(End of provision)

252.225-7056 Prohibition Regarding Business Operations with the Maduro Regime.

As prescribed in 225.7020-5(b), use the following clause:

PROHIBITION REGARDING BUSINESS OPERATIONS WITH THE MADURO REGIME (JAN 2023)

(a) *Definitions*. As used in this clause—

"Agency or instrumentality of the government of Venezuela" means an agency or instrumentality of a foreign state as defined in 28 U.S.C. 1603(b), with each reference in section 1603(b) to a foreign state deemed to be a reference to Venezuela.

"Business operations" means engaging in commerce in any form, including acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

"Government of Venezuela" means the government of any political subdivision of Venezuela, and any agency or instrumentality of the government of Venezuela.

"Person" means—

(1) A natural person, corporation, company, business association, partnership, society, trust, or any other nongovernmental entity, organization, or group;

(2) Any governmental entity or instrumentality of a government, including a multilateral development institution (as defined in section 1701(c)(3) of the International Financial Institutions Act (22 U.S.C. 262r(c)(3)); and

(3) Any successor, subunit, parent entity, or subsidiary of, or any entity under common ownership or control with, any entity described in paragraph (1) or (2) of this definition.

(b) *Prohibition.* In accordance with section 890 of the National Defense Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), DoD is prohibited from entering into a contract for the procurement of products or services with any person that has business operations with an authority of the government of Venezuela that is not recognized as the legitimate government of Venezuela by the U.S. Government, unless the person has a valid license to operate in Venezuela issued by the Office of Foreign Assets Control of the Department of the Treasury.

(c) The Contractor shall—

(1) Not have any business operations with an authority of the Maduro regime or the government of Venezuela that is not recognized as the legitimate government of Venezuela by the U.S. Government; or

(2) Have a valid license to operate in Venezuela issued by the Office of Foreign Assets Control of the Department of the Treasury.

(d) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts, including subcontracts for the acquisition of commercial products.

(End of clause)

252.225-7057 Preaward Disclosure of Employment of Individuals Who Work in the People's Republic of China.

As prescribed in 225.7021-4(a), use the following provision:

PREAWARD DISCLOSURE OF EMPLOYMENT OF INDIVIDUALS WHO WORK IN THE PEOPLE'S REPUBLIC OF CHINA (AUG 2022)

(a) *Definitions.* As used in this provision—

"Covered contract" and "covered entity" have the meaning given in the clause 252.225-7058, Postaward Disclosure of Employment of Individuals Who Work in the People's Republic of China.

(b) *Prohibition on award.* In accordance with section 855 of the National Defense Authorization Act for Fiscal Year 2022 (Pub. L. 117-81, 10 U.S.C. 4651 note

prec.), DoD may not award a contract to the Offeror if it is a covered entity and proposes to employ one or more individuals who will perform work in the People's Republic of China on a covered contract, unless the Offeror has disclosed its use of workforce and facilities in the People's Republic of China.

(c) *Preaward disclosure requirement.* At the time of submission of an offer for a covered contract, an Offeror that is a covered entity shall provide disclosures to include—

(1) The proposed use of workforce on a covered contract or subcontract, if the Offeror employs one or more individuals who perform work in the People's Republic of China;

(2) The total number of such individuals who will perform work in the People's Republic of China; and

(3) A description of the physical presence, including street address or addresses, in the People's Republic of China, where work on the covered contract will be performed.

(End of provision)

252.225-7058 Postaward Disclosure of Employment of Individuals Who Work in the People's Republic of China.
As prescribed in 225.7021-4(b), use the following clause:

POSTAWARD DISCLOSURE OF EMPLOYMENT OF INDIVIDUALS WHO WORK IN THE PEOPLE'S REPUBLIC OF CHINA (JAN 2023)

(a) *Definitions.* As used in this clause—

"Covered contract" means any DoD contract or subcontract with a value in excess of $5 million, not including contracts for commercial products and commercial services.

"Covered entity" means any corporation, company, limited liability company, limited partnership, business trust, business association, or other similar entity, including any subsidiary thereof, performing work on a covered contract in the People's Republic of China, including by leasing or owning real property used in the performance of the covered contract in the People's Republic of China.

(b) *Disclosure requirement.*

(1) In accordance with section 855 of the National Defense Authorization Act for Fiscal Year 2022 (Pub. L. 117-81, 10 U.S.C. 4651 note prec.), DoD may not award, extend, or exercise an option on a covered contract with a covered entity unless such covered entity submits each required disclosure of its use of workforce and facilities in the People's Republic of China, if it employs one or more individuals who perform work in the People's Republic of China on a covered contract.

(2) If the Contractor is a covered entity, the Contractor shall disclose for the Government's fiscal years 2023 and 2024, the Contractor's employment of one or

more individuals who perform work in the People's Republic of China on any covered contract. The disclosures shall include—

(i) The total number of such individuals who perform work in the People's Republic of China on the covered contracts funded by DoD; and

(ii) A description of the physical presence, including street address or addresses in the People's Republic of China, where work on the covered contract is performed.

(c) *Subcontracts.* The Contractor shall insert this clause, including this paragraph (c), without alteration other than to identify the appropriate parties, in all subcontracts that meet the definition of a covered contract.

(End of clause)

252.225-7059 Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region–Representation.
As prescribed in 225.7022-5(a), use the following provision:

PROHIBITION ON CERTAIN PROCUREMENTS FROM THE XINJIANG UYGHUR AUTONOMOUS REGION–REPRESENTATION (JUN 2023)

(a) *Definitions.* "Forced labor" and "XUAR", as used in this provision, have the meaning given in the 252.225-7060, Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region, clause of this solicitation.

(b) *Prohibition.* DoD may not knowingly procure any products mined, produced, or manufactured wholly or in part by forced labor from XUAR or from an entity that has used labor from within or transferred from XUAR as part of any forced labor programs, as specified in paragraph (b) of the 252.225-7060, Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region, clause of this solicitation.

(c) *Representation.* By submission of its offer, the Offeror represents that it has made a good faith effort to determine that forced labor from XUAR will not be used in the performance of a contract resulting from this solicitation.

(End of provision)

252.225-7060 Prohibition on Certain Procurements from the Xinjiang Uyghur Autonomous Region.
As prescribed in 225.7022-5(b), use the following clause:

PROHIBITION ON CERTAIN PROCUREMENTS FROM THE XINJIANG UYGHUR AUTONOMOUS REGION (JUN 2023)

(a) *Definitions.* As used in this clause—

"Forced labor" means any work or service that is exacted from any person under the menace of any penalty for nonperformance and that the worker does not offer to perform (10 U.S.C. 2496).

"XUAR" means the Xinjiang Uyghur Autonomous Region of the People's Republic of China (10 U.S.C. 2496).

(b) *Prohibition.* In accordance with 10 U.S.C. 4661, none of the funds appropriated or otherwise made available for DoD may be used to knowingly procure any products mined, produced, or manufactured wholly or in part by forced labor from XUAR or from an entity that has used labor from within or transferred from XUAR. The Contractor shall make a good faith effort to determine that forced labor from XUAR will not be used in the performance of this contract (section 855, Pub. L. 117-263).

(c) *Subcontracts*. The Contractor shall insert this clause, including this paragraph (c), without alteration other than to identify the appropriate parties, in subcontracts including subcontracts for commercial products, commercial services, and commercially available off-the-shelf items.

(End of clause)

252.225-7061 Restriction on the Acquisition of Personal Protective Equipment and Certain Other Items from Non-Allied Foreign Nations. As prescribed in 225.7023-4, use the following clause:

RESTRICTION ON THE ACQUISITION OF PERSONAL PROTECTIVE EQUIPMENT AND CERTAIN OTHER ITEMS FROM NON-ALLIED FOREIGN NATIONS (JAN 2023)

(a) *Definitions*. As used in this clause—

"Covered country" means—

(1) The Democratic People's Republic of North Korea;

(2) The People's Republic of China;

(3) The Russian Federation; and

(4) The Islamic Republic of Iran.

"Covered item" means an article or item of—

(1) Personal protective equipment for use in preventing spread of disease, such as by exposure to infected individuals or contamination or infection by infectious material, including—

(i) Nitrile and vinyl gloves;

(ii) Surgical masks;

(iii) Respirator masks and powered air purifying respirators and required filters;

(iv) Face shields and protective eyewear;

(v) Surgical and isolation gowns and head and foot coverings; or

(vi) Clothing; and

(vii) The materials and components thereof, other than sensors, electronics, or other items added to and not normally associated with such personal protective equipment or clothing; or

(2) Sanitizing and disinfecting wipes, testing swabs, gauze, and bandages.

(b) *Restriction*. The Contractor shall not deliver under this contract a covered item from a covered country (10 U.S.C. 4875).

(c) *Subcontracts*. The Contractor shall insert this clause, including this paragraph (c), without alteration other than to identify the appropriate parties, in subcontracts valued above $150,000 that are for the acquisition of covered items, including subcontracts for commercial products, including commercially available off-the-shelf items, and commercial services.

(End of clause)

252.225-7062 Restriction on Acquisition of Large Medium-Speed Diesel Engines.
As prescribed in 225.7004-7(b), use the following clause:

RESTRICTION ON ACQUISITION OF LARGE MEDIUM-SPEED DIESEL ENGINES (JUL 2023)

(a) *Definition*. As used in this clause—

"Large medium-speed diesel engines" means diesel engines whose revolutions per minute (RPM) fall between 300 and 1500 RPM with a displacement greater than 1500 cubic inches per cylinder.

(b) *Restriction*. As required by 10 U.S.C. 4864, the Contractor shall deliver under this contract large medium-speed diesel engines manufactured in the United States, Australia, Canada, New Zealand, or the United Kingdom.

(c) *Subcontracts*. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts that exceed the simplified acquisition threshold, including subcontracts for commercial products and commercial services, that require large medium-speed diesel engines for new construction of auxiliary ships.

(End of clause)

252.225-7063 Restriction on Acquisition of Components of T-AO 205 and T-ARC Class Vessels.
As prescribed in 225.7004-7(c), use the following clause:

RESTRICTION ON ACQUISITION OF COMPONENTS OF T-AO 205 AND T-ARC CLASS VESSELS (MAY 2024)

(a) *Restriction.*

(1) In accordance with 10 U.S.C. 4864, the following components of T-AO 205 and T-ARC class vessels must be manufactured in the United States, Australia, Canada, New Zealand, or the United Kingdom of Great Britain and Northern Ireland (United Kingdom):

(i) Auxiliary equipment, including pumps, for all shipboard services.

(ii) Propulsion system components, including engines, reduction gears, and propellers.

(iii) Shipboard cranes.

(iv) Spreaders for shipboard cranes.

(2) The Contractor shall deliver under this contract only T-AO 205 and T-ARC class vessel components, as described in paragraph (a)(1) of this clause, manufactured in the United States, Australia, Canada, New Zealand, or the United Kingdom (10 U.S.C. 4864).

(b) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (b), in subcontracts for the components described in paragraph (a)(1) of this clause that exceed the simplified acquisition threshold, including subcontracts for commercial products and commercial services.

(End of clause)

252.225-7064 Restriction on Acquisition of Certain Satellite Components. As prescribed in 225.7004-7(d), use the following clause:

RESTRICTION ON ACQUISITION OF CERTAIN SATELLITE COMPONENTS (MAY 2024)

(a) *Definition.* As used in this clause—

"Star tracker" means a navigational tool used in a satellite weighing more than 400 pounds whose principal purpose is to support the national security, defense, or intelligence needs of the U.S. Government.

(b) *Restriction.* In accordance with 10 U.S.C. 4864, a star tracker must be manufactured in the United States, Australia, Canada, New Zealand, or the United Kingdom of Great Britain and Northern Ireland (United Kingdom). The Contractor shall deliver under this contract only star trackers manufactured in the United States, Australia, Canada, New Zealand, or the United Kingdom.

(c) *Subcontracts.* The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts for star trackers that exceed the

simplified acquisition threshold, including subcontracts for commercial products and commercial services.

(End of clause)

252.225-7065 Restriction on Acquisition of Fuel for Overseas Contingency Operations.

As prescribed in 225.7024-4, use the following provision:

RESTRICTION ON ACQUISITION OF FUEL FOR OVERSEAS CONTINGENCY OPERATIONS (OCT 2024)

(a) *Prohibition.* For an overseas contingency operation, DoD may not procure fuel in whole or in part, or derivatives of such fuel, that is sourced from nations or regions prohibited from selling petroleum to the United States. See Federal Acquisition Regulation subpart 25.7 and the Office of Foreign Assets Control website at *https://ofac.treasury.gov/sanctions-programs-and-country-information* for prohibited sources.

(b) *Certification.* Offerors shall complete the certification in paragraph (b)(1) of this provision and submit the certification with their offer.

(1) The Offeror does [ ] does not [ ] certify that the fuel, in whole or in part, or derivatives of such fuel, to be provided under any contract resulting from this solicitation is not sourced from a nation or region prohibited from selling petroleum to the United States.

(2) Only Offerors who certify that the fuel to be provided is not sourced from a prohibited nation or region will be eligible for award.

(c) *Compliance.*

(1) When requested by the Contracting Officer, the prospective Contractor shall submit records necessary to demonstrate compliance with applicable laws and regulations regarding export-controlled items and anticorruption statutes and regulations including—

(i) The Foreign Corrupt Practices Act (15 U.S.C. 78dd-1 *et seq.*);

(ii) International Traffic in Arms Regulations (ITAR) at 22 CFR 120 through 130 (also see Defense Federal Acquisition Regulation Supplement (DFARS) clause 252.225-7048, Export-Controlled Items);

(iii) Export Administration Regulations (EAR) at 15 CFR 730 through 774 (also see DFARS clause 252.225-7048); and

(iv) Relevant regulations promulgated by the Office of Foreign Assets Control of the Department of the Treasury. Sanction information for specific countries and programs is available at *https://ofac.treasury.gov/sanctions-programs-and-country-information*.

(2) The Offeror shall contact the Department of State regarding ITAR compliance and the Department of Commerce regarding EAR compliance.

(d) *Reporting requirement.* The Offeror shall, prior to contract award, promptly report to the Contracting Officer any instance of unsupported denial of access to a facility or equipment by a host-nation government that may prevent it from complying with the terms and conditions of the solicitation.

(End of provision)
