(iii) Initiate DD Form 1593, Contract Administration Completion Record, if necessary to obtain statements from other organizational elements that they have completed the actions they are responsible for; and

(iv) Upon final payment—

(A) Process the DD Form 1594 with Blocks 1 through 9 completed or the MILSCAP Format Identifier PK9 verifying that all contract administration office actions have been done; and

(B) Send the original of the DD Form 1594 or the MILSCAP Format Identifier PK9 to the contracting office, and file a copy in the official contract file.

(2) If the administrative contracting officer (ACO) cannot closeout a contract within the specified time period (see FAR 4.804-1), the ACO must notify the procuring contracting officer (PCO) within 45 days after the expiration of the time period of—

(i) The reasons for the delay; and

(ii) New target date for closeout. If MILSCAP procedures apply, the ACO shall use the MILSCAP Format Identifier PKX, Unclosed Contract Status, to provide this notice to the PCO.

(3) If the contract still is not closed out by the new target date, the ACO shall again notify the PCO with the reasons for delay and new target date. If MILSCAP

procedures apply, continue to use the MILSCAP Format Identifier PKX, Unclosed Contract Status, to provide this notice.

204.805 Disposal of contract files.

(1) The sources of the period for which official contract files must be retained are General Records Schedule 3 (Procurement, Supply, and Grant Records) and General Records Schedule 6 (Accountable Officers' Accounts Records). Copies of the General Records Schedule may be obtained from the National Archives and Records Administration, Washington, DC 20408.

(2) Deviations from the periods cannot be granted by the Defense Acquisition Regulations Council. Forward requests for deviations to both the Government Accountability Office and the National Archives and Records Administration.

(3) Hold completed contract files in the office responsible for maintaining them for a period of 12 months after completion. After the initial 12 month period, send the records to the local records holding or staging area until they are eligible for destruction. If no space is available locally, transfer the files to the General Services Administration Federal Records Center that services the area.

(4) Duplicate or working contract files should contain no originals of materials that properly belong in the official files. Destroy working files as soon as practicable once they are no longer needed.

(5) Retain pricing review files, containing documents related to reviews of the contractor's price proposals, subject to cost or pricing data (see FAR 15.403-4), for six years. If it is impossible to determine the final payment date in order to measure the six year period, retain the files for nine years.

SUBPART 207.1—ACQUISITION PLANS

(Revised September 8, 2006)

207.103 Agency-head responsibilities.

(d)(i) Prepare written acquisition plans for—

(A) Acquisitions for development, as defined in FAR 35.001, when the total cost of all contracts for the acquisition program is estimated at \$10 million or more;

(B) Acquisitions for production or services when the total cost of all contracts for the acquisition program is estimated at \$50 million or more for all years or \$25 million or more for any fiscal year; and

(C) Any other acquisition considered appropriate by the department or agency.

(ii) Written plans are not required in acquisitions for a final buy out or one-time buy. The terms "final buy out" and "one-time buy" refer to a single contract that covers all known present and future requirements. This exception does not apply to a multiyear contract or a contract with options or phases.

(e) Prepare written acquisition plans for acquisition programs meeting the thresholds of paragraphs (d)(i)(A) and (B) of this section on a program basis. Other acquisition plans may be written on either a program or an individual contract basis.

(g) The program manager, or other official responsible for the program, has overall responsibility for acquisition planning.

(h) For procurement of conventional ammunition, as defined in DoDD 5160.65, Single Manager for Conventional Ammunition (SMCA), the SMCA will review the acquisition plan to determine if it is consistent with retaining national technology and industrial base capabilities in accordance with 10 U.S.C. 2304(c)(3) and Section 806 of Pub. L. 105-261. The department or agency--

(i) Shall submit the acquisition plan to the address in PGI 207.103(h); and

(ii) Shall not proceed with the procurement until the SMCA provides written concurrence with the acquisition plan. In the case of a non-concurrence, the SMCA will resolve issues with the Army Office of the Executive Director for Conventional Ammunition.

207.105 Contents of written acquisition plans.

In addition to the requirements of FAR 7.105, planners shall follow the procedures at PGI 207.105.

207.106 Additional requirements for major systems.

(b)(1)(A) The contracting officer is prohibited by 10 U.S.C. 2305(d)(4)(A) from requiring offers for development or production of major systems that would enable the Government to use technical data to competitively reprocore identical items or

Defense Federal Acquisition Regulation Supplement

Part 207—Acquisition Planning

components of the system if the item or component were developed exclusively at private expense, unless the contracting officer determines that—

(1) The original supplier of the item or component will be unable to satisfy program schedule or delivery requirements;

(2) Proposals by the original supplier of the item or component to meet mobilization requirements are insufficient to meet the agency's mobilization needs; or

(3) The Government is otherwise entitled to unlimited rights in technical data.

(B) If the contracting officer makes a determination, under paragraphs (b)(1)(A)(1) and (2) of this section, for a competitive solicitation, 10 U.S.C. 2305(d)(4)(B) requires that the evaluation of items developed at private expense be based on an analysis of the total value, in terms of innovative design, life-cycle costs, and other pertinent factors, of incorporating such items in the system.

207.170 Consolidation of contract requirements.

207.170-1 Scope.

This section implements 10 U.S.C. 2382.

207.170-2 Definitions.

As used in this section—

“Consolidation of contract requirements” means the use of a solicitation to obtain offers for a single contract or a multiple award contract to satisfy two or more requirements of a department, agency, or activity for supplies or services that previously have been provided to, or performed for, that department, agency, or activity under two or more separate contracts.

“Multiple award contract” means—

(1) Orders placed using a multiple award schedule issued by the General Services Administration as described in FAR Subpart 8.4;

(2) A multiple award task order or delivery order contract issued in accordance with FAR Subpart 16.5; or

(3) Any other indefinite-delivery, indefinite-quantity contract that an agency enters into with two or more sources for the same line item under the same solicitation.

207.170-3 Policy and procedures.

(a) Agencies shall not consolidate contract requirements with an estimated total value exceeding \$5,000,000 unless the acquisition strategy includes—

(1) The results of market research;

(2) Identification of any alternative contracting approaches that would involve a

lesser degree of consolidation; and

(3) A determination by the senior procurement executive that the consolidation is necessary and justified.

(i) Market research may indicate that consolidation of contract requirements is necessary and justified if the benefits of the acquisition strategy substantially exceed the benefits of each of the possible alternative contracting approaches. Benefits may include costs and, regardless of whether quantifiable in dollar amounts—

- (A) Quality;
- (B) Acquisition cycle;
- (C) Terms and conditions; and
- (D) Any other benefit.

(ii) Savings in administrative or personnel costs alone do not constitute a sufficient justification for a consolidation of contract requirements unless the total amount of the cost savings is expected to be substantial in relation to the total cost of the procurement.

(b) Include the determination made in accordance with paragraph (a)(3) of this section in the contract file.

207.171 Component breakout.

207.171-1 Scope.

(a) This section provides policy for breaking out components of end items for future acquisitions so that the Government can purchase the components directly from the manufacturer or supplier and furnish them to the end item manufacturer as Government-furnished material.

(b) This section does not apply to—

(1) The initial decisions on Government-furnished equipment or contractor-furnished equipment that are made at the inception of an acquisition program; or

(2) Breakout of parts for replenishment (see Appendix E).

207.171-2 Definition.

“Component,” as used in this section, includes subsystems, assemblies, subassemblies, and other major elements of an end item; it does not include elements of relatively small annual acquisition value.

207.171-3 Policy.

DoD policy is to break out components of weapons systems or other major end items under certain circumstances.

Defense Federal Acquisition Regulation Supplement

Part 207—Acquisition Planning

(a) When it is anticipated that a prime contract will be awarded without adequate price competition, and the prime contractor is expected to acquire any component without adequate price competition, the agency shall break out that component if—

(1) Substantial net cost savings probably will be achieved; and

(2) Breakout action will not jeopardize the quality, reliability, performance, or timely delivery of the end item.

(b) Even when either or both the prime contract and the component will be acquired with adequate price competition, the agency shall consider breakout of the component if substantial net cost savings will result from—

(1) Greater quantity acquisitions; or

(2) Such factors as improved logistics support (through reduction in varieties of spare parts) and economies in operations and training (through standardization of design).

(c) Breakout normally is not justified for a component that is not expected to exceed \$1 million for the current year's requirement.

207.171-4 Procedures.

Agencies shall follow the procedures at PGI 207.171-4 for component breakout.

SUBPART 207.4—EQUIPMENT LEASE OR PURCHASE

(Revised September 8, 2006)

207.401 Acquisition considerations.

If the equipment will be leased for more than 60 days, the requiring activity must prepare and provide the contracting officer with the justification supporting the decision to lease or purchase.

207.470 Statutory requirements.

(a) *Limitation on contracts with terms of 18 months or more.* As required by 10 U.S.C. 2401a, the contracting officer shall not enter into any contract for any vessel, aircraft, or vehicle, through a lease, charter, or similar agreement with a term of 18 months or more, or extend or renew any such contract for a term of 18 months or more, unless the head of the contracting activity has—

(1) Considered all costs of such a contract (including estimated termination liability); and

(2) Determined in writing that the contract is in the best interest of the Government.

(b) *Leasing of commercial vehicles and associated equipment.* Except as provided in paragraph (a) of this section, the contracting officer may use leasing in the acquisition of commercial vehicles and associated equipment whenever the contracting officer determines that leasing of such vehicles is practicable and efficient (10 U.S.C. 2401a).

207.471 Funding requirements.

(a) Fund leases in accordance with DoD Financial Management Regulation (FMR) 7000.14-R, Volume 2A, Chapter 1.

(b) DoD leases are either capital leases or operating leases. See FMR 7000.14-R, Volume 4, Chapter 7, Section 070207.

(c) Use procurement funds for capital leases, as these are essentially installment purchases of property.

Defense Federal Acquisition Regulation Supplement

Part 210—Market Research

(Revised September 8, 2006)

210.001 Policy.

(a) In addition to the requirements of FAR 10.001(a), agencies shall—

(i) Conduct market research appropriate to the circumstances before—

(A) Soliciting offers for acquisitions that could lead to a consolidation of contract requirements as defined in 207.170-2; or

(B) Issuing a solicitation with tiered evaluation of offers (Section 816 of Pub. L. 109-163); and

(ii) Use the results of market research to determine—

(A) Whether consolidation of contract requirements is necessary and justified in accordance with 207.170-3; or

(B) Whether the criteria in FAR Part 19 are met for setting aside the acquisition for small business or, for a task or delivery order, whether there are a sufficient number of qualified small business concerns available to justify limiting competition under the terms of the contract. If the contracting officer cannot determine whether the criteria are met, the contracting officer shall include a written explanation in the contract file as to why such a determination could not be made (Section 816 of Pub. L. 109-163).

SUBPART 225.7—PROHIBITED SOURCES

(Revised September 8, 2006)

225.701 Restrictions.

See 209.104-1(g) for restrictions on contracting with firms owned or controlled by foreign governments.

225.701-70 Exception.

DoD personnel are authorized to make emergency acquisitions in direct support of U.S. or allied forces deployed in military contingency, humanitarian, or peacekeeping operations in a country or region subject to economic sanctions administered by the Department of the Treasury, Office of Foreign Assets Control.

225.770 Prohibition on acquisition of United States Munitions List items from Communist Chinese military companies.

This section implements Section 1211 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109-163). See PGI 225.770 for additional information relating to this statute, the terms used in this section, and the United States Munitions List.

225.770-1 Definitions.

As used in this section—

(a) “Communist Chinese military company” and “United States Munitions List” are defined in the clause at 252.225-7007, Prohibition on Acquisition of United States Munitions List Items from Communist Chinese Military Companies.

(b) “Component” means an item that is useful only when used in conjunction with an end item (22 CFR 121.8).

(c) “Part” means any single unassembled element of a major or minor component, accessory, or attachment, that is not normally subject to disassembly without the destruction or impairment of design use (22 CFR 121.8).

225.770-2 Prohibition.

Do not acquire supplies or services covered by the United States Munitions List (USML) (22 CFR Part 121), through a contract or subcontract at any tier, from any Communist Chinese military company. This prohibition does not apply to components and parts of covered items unless the components and parts are themselves covered by the USML.

225.770-3 Exceptions.

The prohibition in 225.770-2 does not apply to supplies or services acquired—

(a) In connection with a visit to the People’s Republic of China by a vessel or an aircraft of the U.S. armed forces;

(b) For testing purposes; or

(c) For the purpose of gathering intelligence.

225.770-4 Identifying USML items.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(a) Before issuance of a solicitation, the requiring activity shall notify the contracting officer in writing whether the items to be acquired are covered by the USML. The notification shall identify any covered item(s) and shall provide the pertinent USML reference(s) from 22 CFR Part 121.

(b) The USML includes defense articles and defense services that fall into 21 categories. Since not all USML items are themselves munitions (e.g., protective personnel equipment, military training equipment), the requiring activity should consult the USML before concluding that an item is or is not covered by the USML.

225.770-5 Waiver of prohibition.

(a) The prohibition in 225.770-2 may be waived, on a case-by-case basis, if an official identified in paragraph (b) of this subsection determines that a waiver is necessary for national security purposes.

(b) The following officials are authorized, without power of delegation, to make the determination specified in paragraph (a) of this subsection:

- (1) The Under Secretary of Defense (Acquisition, Technology, and Logistics).
- (2) The Secretaries of the military departments.
- (3) The Component Acquisition Executive of the Defense Logistics Agency.

(c) The official granting a waiver shall notify the congressional defense committees within 30 days after the date of the waiver.

SUBPART 236.6—ARCHITECT-ENGINEER SERVICES

(Revised September 8, 2006)

(ii) An estimated total contract price of \$500,000 or more.

(2) During the 21 day period, synopsis of the proposed contract action and administrative actions leading to the award may be started.

236.602 Selection of firms for architect-engineer contracts.

236.602-1 Selection criteria.

(a) Establish the evaluation criteria before making the public announcement required by FAR 5.205(d) and include the criteria and their relative order of importance in the announcement. Follow the procedures at PGI 236.602-1(a).

236.602-70 Restriction on award of overseas architect-engineer contracts to foreign firms.

In accordance with Section 111 of Pub. L. 104-32 and similar sections in subsequent military construction appropriations acts, A-E contracts funded by military construction appropriations that are estimated to exceed \$500,000 and are to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, shall be awarded only to United States firms or to joint ventures of United States and host nation firms.

236.604 Performance evaluation.

(a) *Preparation of performance reports.* Use DD Form 2631, Performance Evaluation (Architect-Engineer), instead of SF 1421.

(2) Prepare a separate performance evaluation after actual construction of the project. Ordinarily, the evaluating official should be the person most familiar with the A-E's performance.

(c) *Distribution and use of performance reports.*

(i) Forward each performance report to the central data base identified in 236.201(c) after completing the review. The procedures in 236.201 also apply to A-E contracts.

(ii) File and use the DD Form 2631, Performance Evaluation (Architect-Engineer), in a manner similar to the SF 330, Architect-Engineer Qualifications, Part II.

236.606 Negotiations.

(a) 10 U.S.C. 4540, 7212, and 9540 limit the contract price (or fee) for A-E services for the preparation of designs, plans, drawings, and specifications to six percent of the project's estimated construction cost.

(b) The six percent limit also applies to contract modifications, including modifications involving—

(1) Work not initially included in the contract. Apply the six percent limit to the revised total estimated construction cost.

(2) *Redesign*. Apply the six percent limit as follows—

(i) Add the estimated construction cost of the redesign features to the original estimated construction cost;

(ii) Add the contract cost for the original design to the contract cost for redesign; and

(iii) Divide the total contract design cost by the total estimated construction cost. The resulting percentage may not exceed the six percent statutory limitation.

(c) The six percent limit applies only to that portion of the contract (or modification) price attributable to the preparation of designs, plans, drawings, and specifications. If a contract or modification also includes other services, the part of the price attributable to the other services is not subject to the six percent limit.

236.609 Contract clauses.

236.609-70 Additional provision and clause.

(a)(1) Use the clause at 252.236-7009, Option for Supervision and Inspection Services, in solicitations and contracts for A-E services when—

(ii) Supervision and inspection services by the A-E may be required during construction.

(2) Include the scope of such services in Appendix A of the contract.

(B) Sources for personal services contracts with individuals under the authority of 10 U.S.C. 1091 shall be selected through the procedures in this section.
