Michael Deckert

Senior Engineer, Systems Maintenance Concept Engineering Branch, DEVCOM C5ISR Center

Mr. Deckert is a Senior Engineer in the Systems Maintenance Concept Engineering Branch at the DEVCOM C5ISR Center. Mr. Deckert has more than 35 years of combined experience in Government, academia and private industry. He is an accomplished Engineer and Product Director with experience in Sustainment, Research and Development, and DoD Joint Service major acquisition programs. For the past 5 years at DEVCOM C5ISR Center, he has been specifically focused on maintenance engineering and sustainment, including advances in Predictive Logistics, along with the training of maintenance engineers. He is a recipient of the David Packard Award for Acquisition Excellence for his efforts supporting Operation Noble Eagle. Mr. Deckert has a B.S.E degree from Temple University, a M.S. in Biomedical Engineering from Johns Hopkins University, and an Executive M.B.A from the Stern School of Business, New York University.
