Neal Duiker

Contracting Officer and Technical Data Subject Matter Expert (SME), Air Force Life Cycle Management Center, Wright Patterson AFB, Ohio

Neal W. Duiker is an unlimited contracting officer and technical data subject matter expert (SME) at the Air Force Life Cycle Management Center, Wright Patterson AFB, Ohio. In his current role, Neal supports the B-21 Program Office as a Data Rights SME specializing in technical data rights, software acquisitions and digital transformation efforts. Previously, Neal served as the contracting lead for all technical data issues within the Global Hawk and C-130J program offices, advising Senior Material Leaders and program leadership on effectively obtaining data to meet program needs. He was the lead buyer on the C-130J Multi-

Year Procurement Contract valued over \$5.5B and two additional production contracts valued an additional \$1.6B. Neal also served as the primary contracting officer for the Japan and Republic of Korea's Global Hawk programs. Neal worked as the Manager of Federal Government Services for TEKsystems, Inc. where he managed a \$165M portfolio of IT staffing and services contracts. Currently, he is an adjunct professor at the University of Dayton, School of Law, Masters in Law for the Government Contracting Program where he teaches Negotiations and ADR in Government Contracting.

Neal Duiker received his Juris Doctorate from the University of Toledo, School of Law and completed his Bachelors of Arts through Wright State University. He is a veteran of Operation Iraqi Freedom III as Sergeant in the Ohio Army National Guard. Along with his family, he operates a non-profit organization where he serves the homeless community throughout the Dayton metropolitan area.
