Vince “Swath” Pecoraro

Lead Program Manager, Air Force Digital Transformation Office

Vince “Swath” Pecoraro serves as the Lead Program Manager for Department of the Air Force Digital Transformation Office (DAF/DTO). Vince has worked as a contracting officer on some of the largest and most innovative acquisitions in the history of the Air Force. He has held more acquisition warrants at one time than anyone else in the Air Force, which translates to having the most obligation authority. Vince values relationships built on shared experiences and believes in thinking differently.
