

IPMDAR DID (DI-MGMT-81861) Change Log

Release/ Date	Page	Section	Change	Description
C/ Aug 2021	All	All	Grammatical corrections and administrative updates	Corrections include adding missing spaces, removing extra spaces, misspellings, capitalizations; admin updates included changing AAP to ADA, dates and project numbers
C/ Aug 2021	2	1.5	Updated FOUO to CUI	Updated guidance for classification markings
C/ Aug 2021	2	1.6	Added sentence “ The FFS provides clarification for technical requirements of the files themselves and does not supersede data requirements outlined in this document.”	Clarifies that the DID supersedes the FFS in cases where the FFS might state something is optional or possible, but might not be used that way in the default IPMDAR implementation.
C/ Aug 2021	2	1.6.1.1	Changed “Historical Contract Performance Data” to “Non-Cumulative Time Phased to Date”	Calling this file “Historical” is a reference to wInsight and may be confusing, more accurate to name it “Non-Cumulative Time Phased to Date”
C/ Aug 2021	3	2.3.1.1	Removed first sentence, “Provide the NCC, which is defined as the cost negotiated in a cost-plus-fixed-fee contract or the negotiated contract target cost in either a fixed-price-incentive contract or a cost-plus-incentive-fee contract.”	Definition of NCC and reference to contract type removed in consideration to existing language in the FAR
C/ Aug 2021	3	2.3.1.2	Broke into two sentences; “associated with AUW, which is a contract...” to “associated with AUW. AUW is a contract...”	Sentence structure edited for clarity
C/ Aug 2021	4	2.3.1.8	Changed “that” to “which”	Sentence structure correction
C/ Aug 2021	4	2.3.1.8	Replaced “timing” with “risks, opportunities, and other identifiable factors”	Provided additional considerations for why a PM EAC may differ from the PMB EAC.
C/ Aug 2021	4	2.3.1.8.1	Modified – “case scenario for the estimate of costs to complete all work from a point in time to the end of the program” to “case scenario for the estimate of costs to complete all work on the program.”	“From a point in time to the end” could be interpreted as ETC instead of EAC
C/ Aug 2021	4	2.3.1.8.2	Modified – “case scenario for the estimate of costs to complete all work from a point in time to the end of the	“From a point in time to the end” could be interpreted as ETC instead of EAC

			program” to “case scenario for the estimate of costs to complete all work on the program.”	
C/ Aug 2021	4	2.3.1.8.3	Modified – “case scenario for the estimate of costs to complete all work from a point in time to the end of the program” to “case scenario for the estimate of costs to complete all work on the program.”	“From a point in time to the end” could be interpreted as ETC instead of EAC
C/ Aug 2021	4	2.3.1.11	Modified text in parentheses from “(includes direct, indirect, undistributed budget (UB), management reserve (MR), and over target baseline (OTB))” to “(includes CBB and any additional performance measurement budget that may have been established if an OTB has been implemented)”	Updated to reflect definition of TAB and provides simplicity and clarity
C/ Aug 2021	4	2.3.1.14	Removed “Performance Measurement Baseline” and parentheses around “PMB”	Term abbreviated to be consistent with style guide
C/ Aug 2021	4	2.3.1.17	Modified “Provide the date that all reprogramming adjustments were completed, if applicable.” to “Provide the first report date that all reprogramming adjustments were fully incorporated in the PMB, if applicable.”	Provides clarity on what OTB/OTS date should be used
C/ Aug 2021	5	2.3.2	Added to end of sentence “unless tailored in CDRL”	Added for clarity with tailoring options as dollars-only reporting is a provided option in the tailoring guide.
C/ Aug 2021	5	2.3.2.1.6	Replaced “reporting periods that” with “reporting periods for which”	Sentence structure correction
C/ Aug 2021	5	2.3.2.1.6	Removed “against” so sentence ends “data is reported.”	Grammatical correction
C/ Aug 2021	5	2.3.2.1.6	Modified “The reporting calendar shall span the entire contractual period of performance (POP)” to “The reporting calendar shall span the time phasing of the entire baseline and forecast.”	Sentence structure edited for clarity by removing reference to “entire contractual period of performance (PoP)”
C/ Aug 2021	5	2.3.2.1.8	Removed “in the appropriate structure” from end of sentence originally reading “identified separately from work packages in the appropriate structure.”	Removed unnecessary descriptor

C/ Aug 2021	5	2.3.2.1.8	Added “yet” between “not” and “able,” so sentence now reads “work for far-term efforts that are not yet able to be identified.”	Added missing word
C/ Aug 2021	6	2.3.2.2.3	Reworded MR definition so it reads “held for management control purposes, risks and unplanned in-scope effort” rather than “risks, and for in-scope, but unplanned effort.”	Grammatical correction for clarity.
C/ Aug 2021	6	2.3.2.2.4.1	Replace “of” with “for”	Grammatical correction
C/ Aug 2021	7	2.3.2.5.4	Updated Title – Replace “Reporting” with “Programming”	Corrected terminology
C/ Aug 2021	8	2.4.1.4	Made minor grammatical updates: “Schedule shall” to “The Schedule shall,” and “milestones in respect to” to “milestones with respect to”	Grammatical corrections
C/ Aug 2021	8	2.4.1.4	Add – “(Refer to SPD FSS 2.2.10)”	Added FFS reference for additional explanation
C/ Aug 2021	8	2.4.2.3	Removed “cost” and “resource requirements” from elements of work description	Cost and resource requirements are not required content for a task as reported in the IPMDAR
C/ Aug 2021	8	2.4.2.6.2	Modified “Control accounts and, if applicable, work packages shall tie to the CPD” to “Control accounts and, if applicable, work packages, planning packages, and SLPPs shall tie to the CPD.”	Added PP and SLPP as those are other possibilities that are still expected to be tied to the CPD.
C/ Aug 2021	8	2.4.2.7	Modified “If included in the Schedule, clearly identify any LOE control accounts, work packages, or planning packages.” to “Level of Effort (LOE) Identification. If tasks/activities within an LOE work package are included in the Schedule, clearly identify them”	Clarified that data tagging does not create a requirement to have EVT’s for planning packages or control accounts within the EVMS
C/ Aug 2021	9	2.4.2.12	Modified driving path language from “Shall be clearly identified in both the Native Schedule and the SPD deliveries” to “The driving path(s) shall be clearly identified in the Schedule. (Refer to SPD FFS 2.2.10)”	Sentence updated for simplicity and clarity
C/ Aug 2021	9	2.4.2.13	Modified critical path language from “Shall be clearly identified in both the Native Schedule and the SPD	Sentence updated for simplicity and clarity
