SUBJECT: Status of Procurement Desktop-Defense Technology Sunset Date

REFERENCE: Under Secretary of Defense for Acquisition and Sustainment Memorandum "Updated Standard Procurement System Sunset Date," April 28, 2020

The purpose of this memorandum is to reaffirm September 30, 2026 as the date by which the Department plans to sunset the Procurement Desktop-Defense (PD2) contract writing technology. While the Department will not achieve the goal to stop issuing new awards using the PD2 contract writing technology by the end of FY 2023, as indicated in the referenced memorandum, there has been significant progress by the components in developing and deploying successor capabilities. If the Departments of the Army or the Navy require continued support for their use of PD2 contract writing technology (e.g., system maintenance, software licenses, and help desk support) beyond September 30, 2025, they will be required to provide funding to the Defense Logistic Agency's Standard Procurement System Joint Program Management Office.

The Defense Logistics Agency point of contact for PD2 is Ms. Jackie Bostic at jackie.bostic@dla.mil or 571-363-8725. My point of contact for this action is Ms. J. Lisa Romney, Defense Pricing and Contracting, at janice.l.romney.civ@mail.mil or 703-697-4396.
