Legend: Automatically entered

Can be the same or different. Will likely be the same for a Cardholder

Home (Org) DoDAAC: “I sit here”
Role (Location) DoDAAC / Group (Path): “I perform my duties here”
Authority DoDAAC / Group (Path): Automatically captured when the DAS* signs the appointment - “I got my authority from here”

*Can be external or internal. Does not have appointment at this time. Manually entered in PIEE by the DAA

*Has the authority to appoint A/OPCs

- Example -

In PIEE, DoDAACs reside under a group. They are the lowest level at a given group level. Group Administrators (GAMS) have the ability to add, remove or modify Groups and DoDAACs.

A Group is a logical grouping of DoDAACs, it is not a physical entity. For example, there is no location for all of the Department of Defense.

The Department of Defense Activity Address Code (DoDAAC) represents the location of an activity. A DoDAAC can additionally be identified as being a Procurement, Logistic, Finance, etc. DoDAAC.

Registration Process →

It is possible to perform a search in JAM by My Organization or by My (associated) Users. For example, if an appointment for an A/BO was nominated by an A/OPC who is outside the A/BO’s Role Location DoDAAC, the A/OPC will still be able to find them via the user search. The A/BO will not show up in the search by Organization, as they are not in any organization in which the A/OPC has a role.

See other One Pagers on the DPC website to learn more about the specifics of registration, and other topics -> https://www.acq.osd.mil/asda/dpc/ce/pc/training.html
