BRAC 2005 Infrastructure Steering Group (ISG)

Meeting Minutes of January 14, 2005

The Under Secretary of Defense (Acquisition, Technology, and Logistics), Mr. Michael W. Wynne chaired this meeting. The list of attendees is attached.

Mr. Wynne opened the meeting by asking ISG members if they had any objections to the 12 Installation Management candidate recommendations that were briefed by the Headquarters and Support Activities (H&SA) Joint Cross Service Group (JCSG) at the previous meeting on January 7, 2005. All concurred. The Air Force emphasized the need to ensure that command relationships are clearly understood by all parties, and that installation commanders’ prerogatives are recognized. Mr. Wynne agreed that this is an important issue to keep on the forefront and that Memoranda of Agreements (MOAs) and Memoranda of Understandings (MOUs) should address these types of concerns. Mr. Grone, the Deputy Under Secretary of Defense (Installations and Environment) added that the Installation Capabilities Council is examining these issues and will provide an update at a future ISG.

Mr. Wynne then commented on Headquarters and Support Activities (H&SA) JCSG candidate recommendation number HSA-0018, which was also briefed and approved at the ISG on January 7, 2005, concerning the consolidation and relocation of 26 current Defense Finance and Accounting Service (DFAS) locations to three sites. Some members questioned the appropriateness of Buckley Annex as a receiving location, instead of assessing DFAS’s relocation to an active base in order to enable a total closure of the Annex. Mr. Wynne asked the H&SA JCSG Chairman, Mr. Tison, to review the appropriateness of the DFAS receiving locations to determine if there are other cost effective solutions available.

Mr. Pete Potochney, Director of the OSD BRAC office, proceeded to provide a process overview. He noted that the Joint Staff had provided Mr. Wynne a compilation of all the Combatant Commanders (COCOMs) comments on scenarios. He stated that the comments would be distributed to the Military Departments and the JCSGs for their consideration. Mr. Wynne stated that the Military Departments and JCSGs would only have to consider comments that affect candidate recommendations because a number of scenarios have been deleted since the COCOMs reviewed them.

Lieutenant General George Taylor, Chairman of the Medical JCSG, then briefed his group’s Candidate Recommendations (MED-004a, MED-004b, MED-004c, MED-0049, MED-0050, MED-0052, MED-0053, and MED-0054). The candidate recommendations involved closing inpatient services at hospitals that have less than 10 patients a day or had below average military value. The ISG approved all the Medical JCSG Candidate Recommendations. The Navy concurred with the candidate
recommendations, indicating, however, that the closure of MCAS Beaufort was under consideration, which could make the closing of Naval Hospital Cherry Point less favorable. Lieutenant General Taylor indicated that if MCAS Beaufort was recommended for closure, his group would adjust their candidate recommendation and reevaluate the patient demands based on the new information. He reiterated that the MJCSG would have to consider all the Services’ final force lay down decisions (including those associated with the Integrated Global Presence and Basing Strategy) as part of their final BRAC recommendations. Mr. Wynne also noted that candidate recommendations will be revisited as data and issues change prior to final decisions.

Rear Admiral George Mayer from the Education and Training (E&T) JCSG briefed the ISG on Flight Training Subgroups proposals for Joint Undergraduate Flying Training Functions. The ISG discussed the proposals and noted the need to thoroughly consider surge, minimizing PCS moves, and pilot production pipeline in developing any recommendation. There was concern expressed on whether modeling techniques adequately captured air space utilization. The ISG directed E&T to overlay Scenarios 44 and 45, incorporating as many of the cost saving features of Scenarios 47 and 48 as possible without operational disruption. The ISG also directed the E&T JCSG to proceed with Scenario 52 regarding initial Joint Strike Fighter Training.

Approved: 
Michael W. Wynne
USD (Acquisition, Technology and Logistics)
Chairman, Infrastructure Steering Group

Attachments:
1. List of Attendees
2. Briefing slides entitled “BRAC 2005 Briefing to the ISG” dated January 14, 2005
3. Read Ahead package dated January 11, 2005 used to facilitate meeting with Candidate Recommendations
4. Read Ahead package dated January 13, 2005 used to facilitate meeting, which includes the briefing slides and a summary of registered scenarios divided into 6 categories: Summary of Scenarios Registered, Not Ready, Independent, Enabling, Conflicting and Deleted.
Infrastructure Steering Group Meeting
January 14, 2005

Attendees

Members:
- Mr. Michael W. Wynne, Acting Under Secretary of Defense (Acquisition, Technology and Logistics)
- Mr. Philip W. Grone, Deputy Under Secretary of Defense (I&E)
- Mr. Raymond DuBois, Director, Administration and Management (DA&M)
- Hon. Geoffrey Prosch, Assistant Secretary of the Army (I&E)
- Hon. Nelson Gibbs, Assistant Secretary of the Air Force (I&E)
- Gen Michael Moseley, Vice Chief of Staff for the Air Force
- Ms. Anne R. Davis, Special Assistant to the Secretary of the Navy for BRAC

Alternates:
- LtGen Michael A. Hough, Deputy Commandant of the Marine Corps for Aviation for Gen William Nyland, Assistant Commandant of the Marine Corps
- MG Geoffrey Miller, Assistant Chief of Staff, Installation Management for the Army (ACSIM) for GEN Richard A. Cody, Vice Chief of Staff of the Army
- VADM Justin D. McCarthy, Director, Material Readiness and Logistics (OPNAV N4) for ADM John Nathman, Vice Chief of Naval Operations

Education and Training JCSG
- Mr. Charles S. Abell, Chairman, Education and Training JCSG
- Mr. Robert Howlett, Director, Institutional Military Training, OUSD (Personnel and Readiness, Education and Training JCSG)

Headquarters and Support JCSG
- Mr. Don Tison, Chairman, Headquarters and Service Activities JCSG
- COL Carla Coulson, Chief of Staff, Headquarters and Service Activities JCSG

Industrial JCSG
- Mr. Jay Berry, Executive Secretary to the Industrial JCSG

Intelligence JCSG
- Mr. Kenneth Dumm, Associate Director of Intelligence for the Air Force
- Mr. Wayne Howard, Senior Strategic Analyst, [BRAC Core Team Facilitator] for Intelligence JCSG
Medical JCSG
- Lt Gen George Taylor, Chairman, Medical JCSG
- Col Mark Hamilton, Executive to the Air Force Surgeon General

Supply and Storage JCSG
- VADM Keith Lippert, Chairman, Supply and Storage JCSG
- Col Louis Neeley, Executive Secretary for Supply and Storage JCSG

Technical JCSG
- Dr. Ron Sega, Chairman, Technical JCSG
- Dr. Jim Short, Director for Defense Laboratory Management, OSD

Others:
- Dr. Craig College, Deputy Assistant Secretary of the Army (IA)
- Mr. Dennis Biddick, Chief of Staff for Deputy Assistant Secretary of the Navy (IS&A)
- Mr. Fred Pease, Deputy Assistant Secretary of the Air Force (B&IA)
- Maj Gen Robin E. Scott, Deputy Director for Force Application, J-8
- Maj Gen Gary Heckman, Assistant Deputy Chief of Staff of the Air Force
- RADM George Mayer, Chief of Naval Aviation Training
- Col Dan Woodward, Branch Chief, Forces Division, Joint Staff, J-8
- Ms. Deborah Culp, Program Director, Contract Management Directorate, Office of the Inspector General
- CAPT William Porter, Senior Military Assistant to the Under Secretary of Defense (AT&L)
- Mr. Pete Potochney, Director, OSD BRAC
- COL Robert Henderson, Military Deputy, OSD BRAC
- Mrs. Nicole Bayert, Associate General Counsel, Environment and Installations
- Mr. Andrew Porth, Assistant Director, OSD BRAC
- Ms. Ginger Rice, Assistant Director, OSD BRAC
- Ms. Laurel Glenn, Action Officer, OSD BRAC
THE UNDER SECRETARY OF DEFENSE
3010 DEFENSE PENTAGON
WASHINGTON, DC 20301-3010

MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS
CHAIRS, JOINT CROSS SERVICE GROUPS (JCSG)

SUBJECT: Read Ahead Material for the January 14, 2005, ISG Meeting

The Infrastructure Steering Group will meet on January 14, 2005, at 3:30 p.m. in
3D-1019. The meeting’s primary focus will be on candidate recommendations submitted by
the Medical JCSG and a presentation from the Flight Training Subgroup of the Education and
Training JCSG. Other topics include the standard process overview, including an update on
COCOM involvement, and the latest on conflict resolution.

For your advance preparation, I am attaching the briefing slides and conflict review
information. Details on the Medical candidate recommendations were provided earlier in the
week.

There are no new conflicts this week for the ISG to approve. For your information,
there are 948 scenarios registered in the tracking tool as of December 30, 2004. A summary
of scenarios registered is at TAB 1. Categorization of all scenarios and the Registered
Scenario report are on a disc at TAB 2-3.

Michael W. Wynne
Acting USD (Acquisition, Technology & Logistics)
Chairman, Infrastructure Steering Group

## Candidate Recommendation:
Disestablish the inpatient mission at 375th Medical Group, Scott AFB, IL, converting the hospital to a clinic with an ambulatory care center.

### Justification
- Reduces excess capacity
- Redistributes military providers to areas with more eligible population
- Reduces inefficient inpatient operations
- Civilian/Military capacity exists in area

### Military Value
- Healthcare Services Inpatient Function:
  - Scott AFB: 28.83
  - Average Increases from 46.56 to 46.88.

### Payback
- One Time Cost: $2,770K
- Net Implementation Costs: $434K
- Annual Recurring Savings: $981K
- Payback Period: 4 years
- NPV (savings): $8,555K

### Impacts
- Criteria 6: ROI –161 jobs (77 direct; 84 indirect); <0.1%
- Criteria 7: 38 accredited civilian/VA hospitals within 40 miles with a total of 9,465 beds and an average daily census of 6,124.
- Criteria 8: No Issues.

Subgroup Proposals
USAF / USN / USMC / USA
Joint Undergraduate Flying Training Functions
for
BRAC 2005
“A primary objective of BRAC 2005, in addition to realigning our base structure to meet our post-Cold War force structure, is to examine and implement opportunities for greater joint activity. Prior BRAC analyses considered all functions on a service-by-service basis and, therefore, did not result in the joint examination of functions that cross services. While some unique functions may exist, those functions that are common across the Services must be analyzed on a joint basis …”

Donald Rumsfeld
15 November 2002
Present UFT programs satisfy Services’ requirements in a timely and cost effective way … proposals may not substantially enhance flight training programs but they may well:

- Reduce Excess Capacity
- Increase joint and war-fighter interactivity at the Undergraduate and Graduate Formal Training Unit levels …
- Posture Services for acquisition of Joint training platforms in Rotary-wing and the Advanced Phase of Fixed-wing UFT
- Free UFT Base(s) for other uses – or closure

  - T-38 / T-45 Replacement over the Horizon …
  - T-6 is “Joint Platform” for UFT’s Primary Phase …
  - Sundown for Joint USN / USAF T-44 Program after P-3 retires …
Craft Joint / Transformational Scenarios that Present “Opportunities for greater joint activity” on Fewer Bases
  • Consolidate Services’ Common UFT Functions
  • Marry Select Advanced UFT with FTU / FRS Functions

Recommend Installation(s) to Host JSF Initial Training Location(s) … Ops and Maintenance

Organize UAV Initial Training across USG

Note: Find “Common” Functions

Legend:
- ✓: Present
- ✓: Absent
Goal: Realign Assets to “Enhance Jointness” & “Uncover Bases”

Undergraduate Flight Training Sub-functions

- Primary Phase of Flight Training
- Advanced Phase of Flight Training
- Naval Flight Officer & Navigator Training
- Rotary Wing Flight Training

Domino Effect: Consolidating assets for these programs will “drive” moves across most UFT bases

Realigning UFT will impact production during transition

JSF Beddown is a “wildcard” that presents two options

- Follow tradition of “standalone” FRS / FTU
- Combine with Advanced Phase of UFT – Transformational

Final proposals data-driven – Military Value and Derived Capacity
FT “Big Picture”

- Force lay down Rules of Engagement
  - Optimization Model set Baseline for force lay-down drills
  - Excess capacity figures based on FY04 (Before) & FY09 (After)
  - Distribution based on student throughput in FY09
  - Target 80% of “Max Runway Operations Capacity”
  - Use aux fields & airspace capacity at “uncovered” bases if in close proximity
FT “Big Picture”

- Realignment proposals within three major concepts

  - Status Quo … Maximize MilVal on Fewest # Bases
    - JSF FRS / FTU at “standalone” base
    - Keep assets aligned as they are today … JPATS, NFO/Nav/Parent Service

  - Cooperative … Maximize Jointness, MilVal on Fewest # Bases
    - JSF FRS / FTU at “standalone” base
    - Realign sub-functions to create a more joint environment

  - Transformational … Cooperative + Posture for Next Gen Acft
    - High Octane Cooperative … Marries advanced phases of UFT with appropriate/select FRS / FTU (target non-operational bases if able)
    - Legacy/Strike Pipeline for F-15, F-16, & F-18 virtually unchanged
FT “Big Picture”

Status Quo

Keep Today’s USAF-owned Functions at USAF-owned Bases and USN-owned Functions at USN-owned Bases … “Uncover” Bases for Alternative Uses or Closure
Realign the following bases by re-locating and consolidating USN Undergraduate Pilot and Naval Flight Officer Flight Training Programs

- NAS Corpus Christi (Primary Plus Up/ME MPTS)
- NAS Kingsville (Advanced Plus Up)
- NAS Meridian (Primary)
- NAS Pensacola (NFO/RW)

Realign and re-locate units from the following USN Undergraduate Flying Training bases

- NAS Whiting Field
<table>
<thead>
<tr>
<th>Base</th>
<th>Mil Val</th>
<th>Student Throughput</th>
<th>Excess Runway Capacity</th>
</tr>
</thead>
<tbody>
<tr>

<td>64.52</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*FW capacity only, placing helicopter operations further reduces excess capacity.

*NAS Pensacola would acquire NAS Whiting Field helicopter airspace and OLFs.
FT “Status Quo” USAF

- Realign the following bases by re-locating and consolidating USAF Undergraduate Pilot and Combat Systems Officer Flying Training Programs
  - Columbus AFB (IFF/Primary/Advanced)
  - Laughlin AFB (Primary/Advanced)
  - Fort Rucker (Rotary Wing)
  - Sheppard AFB (ENJJPT/PIT)
  - Vance AFB (Primary/Advanced/CSO)

- Realign and re-locate units from the following USAF Undergraduate Flying Training bases
  - Moody AFB
  - Randolph AFB

MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS

SUBJECT: Candidate Recommendations Packages for the January 14, 2005, ISG Meeting

The Infrastructure Steering Group will meet on January 14, 2005, at 3:30 p.m. in 3D-1019. This memorandum provides the candidate recommendation packages for consideration at this meeting. As prescribed in Acting USD AT&L memo of January 4, 2005, attachment 1 contains hard copies of the candidate recommendations and accompanying quad charts which will be briefed. The disc at attachment 2 provides additional supporting documentation. This information has also been posted to the OSD AT&L portal. The briefing slides and conflict review information for this ISG meeting will be provided separately.

Please contact me at (703) 614-5356 if you have any questions or concerns.

Candidate Recommendation #MED-0004 (NH Cherry Point)

Candidate Recommendation: Disestablish the inpatient mission at Naval Hospital Cherry Point Medical Facility, NC, converting the hospital to a clinic with an ambulatory care center.

Justification: The Department will rely on the civilian medical network for inpatient services at NH Cherry Point. The civilian authorizations and contractors supporting this inpatient mission will be eliminated. Military personnel supporting this inpatient mission will be redistributed by the Service to replace civilian and contract medical personnel elsewhere in the Military Health System at activities of higher military value with better access to clinical opportunities. This recommendation supports strategies of reducing excess capacity and locating military personnel in areas with enhanced opportunities to practice. NH Cherry Point Medical Facility has an average daily patient load of 9.8 well below the Military Health System average 40.8 for similar activities. Its Functional Military Value of 43.26 is also below the Military Health Care system average of 46.56 for similar activities. Military personnel stationed at NH Cherry Point can be placed in activities of higher military value with a more diverse workload, providing them with enhanced opportunities to maintain their medical currency and making them better able to support Navy medical readiness requirements. There are 2 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of NH Cherry Point with a total of 505 beds and an average daily census of 382 (as reported by American Hospital Association) that provide sufficient civilian capacity to absorb the NH Cherry Point military community’s inpatient workload. While the jobs are lost in the military system the same type of jobs are available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback:

The total estimated one-time cost to the Department of Defense to implement this recommendation is $1,464K. The net of all costs and savings to the Department during the implementation period is a savings of $5,416K. Annual recurring savings to the Department after implementation are $1,629K with payback expected in 1 year. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $20,065K.

Impacts:
Economic Impacts: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 65 jobs (38 direct jobs and 27 indirect jobs) over the 2006-2011 period in the New Bern, NC Micropolitan Statistical Area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces
and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

Environmental Impacts: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; and use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure, as detailed in the FY 04 POM, is required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWP) is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at NH Cherry Point will not impact the ability MHS to produce the minimum number of RWPs required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare faculties.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The Functional Military Value analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:

  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

The focus of this recommendation in regards to FuncMilVal is centered on inpatient services. Analysis of the impact of NH Cherry Point on the average FuncMilVal of all facilities that have inpatient services showed the average FuncMilVal with NH Cherry Point maintaining inpatient services is 46.56. The FuncMilVal of NH Cherry Point is 43.26. By disestablishing the inpatient services at NH Cherry Point the average for the
remaining inpatient facilities increases to 46.61. This increase supports the recommendation.

The listing of Functional Military Value for similar activities is presented in Attachment 1.

- Capacity Analysis Results. The Capacity Analysis was conducted to determine each activity’s ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three sub-functions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, Inpatient is measured in Relative Weighted Products (RWP) and Dental is measured in total Active Duty eligible population.

The inpatient sub-function and reducing excess inpatient capacity is the focus of this recommendation. By disestablishing inpatient services at NH Cherry Point maximum capacity of the system decreases from 452,306 to 450,614 (1,692) RWPS and the system excess capacity decreases from 225,534 to 224,739 (795) RWPS. This reduction in excess capacity supports the recommendation.

The Functional capacity listing is presented at Attachment 2.

Candidate Recommendation #MED-004 (Fort Eustis)

Candidate Recommendation: Disestablish inpatient mission at Fort Eustis Medical Facility, converting the hospital to a clinic with an ambulatory care center.

Justification: The Department will rely on the civilian medical network and Langley AFB hospital for inpatient services at Fort Eustis. The civilian authorizations and contractors supporting this inpatient mission at Fort Eustis Hospital will be eliminated. Military personnel supporting this inpatient mission will be redistributed by the Service to replace civilian and contract medical personnel elsewhere in the Military Health System as activities of higher military value. There is a potential for a resource sharing agreement with between the Fort Eustis community and a Veterans Administration hospital located less than 20 miles from the base. Similar agreements are intact throughout DoD, which would reduce the cost of sending inpatient care to civilian hospitals. Langley AFB is located within 10 miles of Fort Eustis and is expected to absorb a portion of the Fort Eustis inpatient workload. Fort Eustis medical facility has an average daily patient load of 2.1 far lower than the Military Health Care System average of 40.8 for similar activities. Fort Eustis’ functional military value of 43.86 is the lower than the Military Healthcare System average of 46.56. Additionally, this low level of inpatient care provides limited opportunities to maintain the skill levels of military providers. Military personnel stationed at Fort Eustis can be placed in activities of higher military value with a more diverse workload, providing them with enhanced opportunities to maintain their medical currency and improving their ability to support Army medical readiness requirements. There are 16 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of Fort Eustis with a total of 3,774 beds and an average daily census of 2,835 (as reported by American Hospital Association) that provide sufficient civilian capacity to absorb the Fort Eustis’ military community’s inpatient workload. While the jobs are lost in the military system the same type of jobs are available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback:

The total estimated one-time cost to the Department of Defense to implement this recommendation is $1,145K. The net of all costs and savings to the Department during the implementation period is a savings of $2,138K. Annual recurring savings to the Department after implementation are $883K with a payback expected in 2 years. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $10,113K.

Impacts:
Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 77 jobs (10 direct jobs and 67 indirect jobs) over the
2006-2011 period in the Virginia Beach-Norfolk-Newport News, VA-NC Metropolitan Statistical Area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

Environmental Impact: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure, as detailed in the FY 04 POM, is required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWP)s is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at Fort Eustis will not impact the ability MHS to produce the minimum number of RWP's required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare facilities.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The Functional Military Value analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:
  
  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

The focus of this recommendation in regards to FuncMilVal is centered on inpatient services. Analysis of the impact of Fort Eustis on the average FuncMilVal of all facilities that have inpatient services showed the average FuncMilVal with Fort Eustis maintaining inpatient services is 46.56. The FuncMilVal of Fort Eustis is 43.86. By disestablishing the inpatient services at Fort Eustis the average for the remaining inpatient facilities increases to 46.60. The listing of functional military value for all similar activities is presented in Attachment 1.
• Capacity Analysis Results. The Capacity Analysis was conducted to determine each activity’s ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three sub-functions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, inpatient is measured in Relative Weighted Products (RWP$s) and Dental is measured in total Active Duty eligible population.

The excess inpatient capacity of Fort Eustis is the focus of this Recommendation. By disestablishing inpatient services the system maximum capacity decreases from 452,306 to 449,587 (2,719) RWPS and the system excess capacity decreases from 225,534 to 223,160 (2,374) RWPS.

The capacity listing for all similar activities is presented in Attachment 2.

Candidate Recommendation #MED-004 (USAF Academy)

Candidate Recommendation: Realign the 10th Medical Group, USAF Academy, CO, by relocating the inpatient mission to Fort Carson Medical Facility, CO, converting the 10th Medical Group into a clinic with ambulatory care services.

Justification: The Department will rely on Fort Carson’s medical facility to provide inpatient services for the USAF Academy beneficiary population. The civilian and military authorizations as well as contractors supporting this inpatient mission at USAF Academy will be transferred to support Fort Carson’s expanded medical workload. This recommendation supports strategies of reducing excess capacity and locating military medical personnel in areas with enhanced opportunities for medical practice. USAF Academy’s medical facility has an average daily patient load of 6.1 well below the Military Health System average of 40.8. The USAF Academy’s Functional Military Value (FuncMilVal) of 48.26 is lower than that of Ft Carson’s functional military value of 60.20. Allowing military medical personnel stationed at the 10th Medical Group inpatient activity to be placed in activities of higher military value with a more diverse workload will provide enhanced opportunities to maintain their medical currency, making them better able to support military medical readiness requirements. There are 5 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of USAF Academy with a total of 1,373 beds and an average daily census of 833 (as reported by American Hospital Association). Due to its location, USAF Academy has access to sufficient civilian health care resources of high quality to support inpatient requirements that may exceed capability of Fort Carson’s medical facility. The savings along with the relative military value’s and workload capacity supports this action. While the jobs are lost in the military system the same type of job is available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback:
The total estimated one-time cost to the Department of Defense to implement this recommendation is $348K. The net of all costs and savings to the Department during the implementation period is a savings of $75K. Annual recurring savings to the Department after implementation are $124K with an expected payback in 4 years. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $1,208K.

Impacts:
Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 7 jobs (4 direct jobs and 3 indirect jobs) over the 2006-2011 period in Economic Region of Influence (ROI) of Colorado Springs, CO Metropolitan Statistical Area (MSA), which is less than 0.1 percent of economic area employment.
Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

Environmental Impact: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; and use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure is required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWP) is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at USAF Academy will not impact the ability MHS to produce the minimum number of RWPs required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare faculties.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The FuncMilVal analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:
  
  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

- This recommendation relocates the inpatient mission from the 10th Medical Group at the USAF Academy, which has a Functional Military Value of 48.26, to the Fort Carson Medical Facility which has a Functional Military Value of 60.20, a clear increase in functional military value.

A full listing of the Healthcare Military Value of inpatient facilities is provided in Attachment 1.
• Capacity Analysis Results. The Capacity Analysis was conducted to determine each activity's ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three sub-functions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, inpatient is measured in Relative Weighted Products (RWPs) and Dental is measured in total Active Duty eligible population.

The excess inpatient capacity of USAF Academy is the focus of this Recommendation. By disestablishing inpatient services the system maximum capacity decreases from 452,306 to 450,554 (1,752) RWPS and the system excess capacity decreases from 225,534 to 224,765 (769) RWPS.

A listing of the capacity for all inpatient facilities is presented in Attachment 2.

Candidate Recommendation #MED-0049 (MacDill AFB)

Candidate Recommendation: Disestablish the inpatient mission at 6th Medical Group, MacDill AFB, FL, converting the hospital to a clinic with an ambulatory care center.

Justification: The Department will rely on the civilian medical network to provide inpatient services for the MacDill AFB beneficiary population. The civilian authorizations and contractors supporting this inpatient mission at MacDill AFB will be eliminated. Military personnel supporting this inpatient mission will be redistributed by the Service to replace civilian and contract medical personnel elsewhere in the Military Health System activities of higher military value. This recommendation supports strategies of reducing excess capacity and locating military medical personnel in areas with enhanced opportunities for medical practice. MacDill AFB’s medical facility has an average daily patient load of 3.6, well below the Military Health System average of 40.8. It’s Functional Military Value of 35.24 is also well below the Military Health System average for inpatient activities of 46.56. Military personnel stationed at MacDill AFB’s Medical Facility can be placed in activities of higher military value, providing them with a more diverse workload with enhanced opportunities to maintain their medical currency and making them better able to support Army medical readiness requirements. There are 34 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of MacDill AFB with a total of 10,585 beds and an average daily census of 6,843 (as reported by American Hospital Association). Due to its location, MacDill AFB has access to sufficient civilian health care resources of high quality to support its inpatient requirements. The large savings in NPV, savings during implementation (although somewhat offset by the small recurring costs) along with the low military value and workload available supports this action. While the jobs are lost in the military system the same type of job is available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback:
The total estimated one-time cost to the Department of Defense to implement this recommendation is $630K. The net of all costs and savings to the Department during the implementation period is a savings of $4,289K. Annual recurring savings to the Department after implementation are $1,103K with an expected payback in 1 year. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $14,185K.

Impacts:
Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 41 jobs (19 direct jobs and 22 indirect jobs) over the 2006-2011 period in the Economic Region of Influence (ROI) of Tampa-St. Petersburg-Clearwater, FL Metropolitan Statistical Area (MSA), which is less than 0.1 percent of ROI employment.
Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

Environmental Impact: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; and use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure is, as detailed in the FY 04 POM, required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWP) is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at MacDill AFB will not impact the ability MHS to produce the minimum number of RWPs required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare faculties.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The FuncMilVal analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:
  
  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

The focus of this recommendation in regards to FuncMilVal is centered on inpatient services. Analysis of the impact of MacDill AFB on the average FuncMilVal of all facilities that have inpatient services showed the average FuncMilVal with MacDill AFB maintaining inpatient services is 46.56. The FuncMilVal of MacDill AFB is 35.24. By disestablishing the inpatient services at MacDill AFB the average for the
remaining inpatient facilities increases to 46.76. This increase supports the recommendation.

A full listing of the Healthcare Military Value of inpatient facilities is provided in Attachment 1.

- Capacity Analysis Results. The Capacity Analysis was conducted to determine each activity’s ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three sub-functions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, inpatient is measured in Relative Weighted Products (RWP) and Dental is measured in total Active Duty eligible population.

The excess inpatient capacity of MacDill AFB is the focus of this Recommendation. By disestablishing inpatient services the system maximum capacity decreases from 452,306 to 440,372 (1,934) RWPS and the system excess capacity decreases from 225,534 to 224,102 (1,431) RWPS.

A listing of the capacity for all inpatient facilities is presented in Attachment 2.

Candidate Recommendation #MED-050 (Keesler AFB)

Candidate Recommendation: Disestablish the inpatient mission at 81st Medical Group, Keesler AFB, MS, converting the hospital to a clinic with an ambulatory care center.

Justification: The Department will rely on the civilian medical network to provide inpatient services for the Keesler AFB beneficiary population. The civilian authorizations and contractors supporting this inpatient mission at Keesler AFB will be eliminated. Military personnel supporting this inpatient mission will be redistributed by the Service to replace civilian and contract medical personnel elsewhere in the Military Health System activities of higher military value.

This recommendation supports strategies of reducing excess capacity and locating military medical personnel in areas with enhanced opportunities for medical practice. Keesler AFB’s medical facility has an average daily patient load of 60 that exceeds the Military Health System average of 40.8. However, it’s Functional Military Value of 33.32 is below the Military Health System average for inpatient activities of 46.56. Military personnel stationed at Keesler AFB can be placed in activities of higher military value with a more diverse workload, providing them with enhanced opportunities to maintain their medical currency and making them better able to support Army medical readiness requirements. There are 8 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of Keesler AFB with a total of 1,957 beds and an average daily census of 1,148 (as reported by American Hospital Association). Due to its location, Keesler AFB has access to sufficient civilian health care resources of high quality to support its inpatient requirements. While the jobs are lost in the military system the same type of job is available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback:

The total estimated one-time cost to the Department of Defense to implement this recommendation is $7,825K. The net of all costs and savings to the Department during the implementation period is a savings of $100,525K. Annual recurring savings to the Department after implementation are $23,080K with immediate expected payback. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $307,018K.

Impacts:

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 713 jobs (402 direct jobs and 311 indirect jobs) over the 2006-2011 period in the Economic Region of Influence (ROI) of Gulfport-Biloxi, MS Metropolitan Statistical Area (MSA). This is equivalent to 0.5 percent of economic area employment.
Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

Environmental Impact: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; and use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure, as detailed in the FY 04 POM, is required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWP) is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at Keesler AFB will not impact the ability MHS to produce the minimum number of RWPs required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare facilities.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The FuncMilVal analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:
  
  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

The focus of this recommendation in regards to FuncMilVal is centered on inpatient services. Analysis of the impact of Keesler AFB on the average FuncMilVal of all facilities that have inpatient services showed the average FuncMilVal with Keesler AFB maintaining inpatient services is 46.56. The FuncMilVal of Keesler AFB is 33.32. By disestablishing the inpatient services at Keesler AFB the FuncMilVal average for the remaining inpatient facilities increases to 46.80.
A full listing of the Functional Military Value of inpatient facilities is provided in Attachment 1.

- Capacity Analysis Results. The Capacity Analysis was conducted to determine each activity’s ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three sub-functions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, inpatient is measured in Relative Weighted Products (RWP's) and Dental is measured in total Active Duty eligible population.

The excess inpatient capacity of Keesler AFB is the focus of this Recommendation. By disestablishing inpatient services the system maximum capacity decreases from 452,306 to 440,363 (11,943) RWPS and the system excess capacity decreases from 225,534 to 219,781 (5,753) RWPS.

A listing of the capacity for all inpatient facilities is presented in Attachment 2.

Candidate Recommendation #MED-052 (Scott AFB)

Candidate Recommendation: Disestablish the inpatient mission at 375th Medical Group, Scott AFB, IL, converting the hospital to a clinic with an ambulatory care center.

Justification: The Department will rely on the civilian medical network to provide inpatient services for the Scott AFB beneficiary population. The civilian authorizations and contractors supporting this inpatient mission at Scott AFB will be eliminated. Military personnel supporting this inpatient mission will be redistributed by the Service to replace civilian and contract medical personnel elsewhere in the Military Health System activities of higher military value. This recommendation supports strategies of reducing excess capacity and locating military medical personnel in areas with enhanced opportunities for medical practice. Scott AFB’s medical facility has an average daily patient load of 11.8 well below the Military Health System average of 40.8. It’s Functional Military Value of 28.83 is also well below the Military Health System average for inpatient activities of 46.56. Military personnel stationed at Scott AFB’s Medical Facility can be placed in activities of higher military value, providing them with a more diverse workload with enhanced opportunities to maintain their medical currency and making them better able to support Army medical readiness requirements. There are 38 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of Scott AFB with a total of 9,465 beds and an average daily census of 6,124 (as reported by American Hospital Association). Due to its location, Scott AFB has access to sufficient civilian health care resources of high quality to support its inpatient requirements. While the jobs are lost in the military system the same type of job is available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $2,770K. The net of all costs and savings to the Department during the implementation period is a cost of $434K. Annual recurring savings to the Department after implementation are $981K with an expected payback in 5 years. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $8,555K.

Impacts: Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 161 jobs (77 direct jobs and 84 indirect jobs) over the 2006-2011 period in the Economic Region of Influence (ROI) of St. Louis, MO-IL Metropolitan Statistical Area (MSA), which is less than 0.1 percent of ROI employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces
and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

Environmental Impact: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; and use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure is, as detailed in the FY 04 POM, required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWP) is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at Scott AFB will not impact the ability MHS to produce the minimum number of RWP required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare faculties.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The FuncMilVal analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:
  
  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

The focus of this recommendation in regards to FuncMilVal is centered on inpatient services. Analysis of the impact of Scott AFB on the average FuncMilVal of all facilities that have inpatient services showed the average FuncMilVal with Scott AFB maintaining inpatient services is 46.56. The FuncMilVal of Scott AFB is 428.83. By disestablishing the inpatient services at Scott AFB the average for the remaining inpatient facilities increases to 46.88.
A full listing of the Functional Military Value of inpatient facilities is provided in Attachment 1.

- **Capacity Analysis Results.** The Capacity Analysis was conducted to determine each activity's ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three sub-functions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, inpatient is measured in Relative Weighted Products (RWPs) and Dental is measured in total Active Duty eligible population.

The excess inpatient capacity of Scott AFB is the focus of this Recommendation. By disestablishing inpatient services the system maximum capacity decreases from 452,306 to 443,608 (8,698) RWPS and the system excess capacity decreases from 225,534 to 218,383 (7,151) RWPS.

A listing of the capacity for all inpatient facilities is presented in Attachment 2.

Candidate Recommendation #MED-0053 (NAVSTA Great Lakes)

Candidate Recommendation: Disestablish the inpatient mission at Naval Station Great Lakes Medical Facility, converting the hospital to a clinic with an ambulatory care center.

Justification: The Department will rely on the civilian medical to provide inpatient services for the Great Lakes beneficiary population. The civilian authorizations and contractors supporting this inpatient mission at Great Lakes will be eliminated. Military personnel supporting this inpatient mission will be redistributed by the Service to replace civilian and contract medical personnel elsewhere in the Military Health System activities of higher military value. This recommendation supports strategies of reducing excess capacity and locating military medical personnel in areas with enhanced opportunities for medical practice. Great Lakes’ medical facility has an average daily patient load of 13.5 well below the Military Health System average of 40.8. It’s Functional Military Value (FuncMilVal) of 42.76 is also below the Military Health System average for inpatient activities of 46.56. Military personnel stationed at Great Lakes’ Medical Facility can be placed in activities of higher military value with a more diverse workload, providing them with enhanced opportunities to maintain their medical currency and making them better able to support Army medical readiness requirements. There are 69 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of Great Lakes with a total of 18,838 beds and an average daily census of 12,590 (as reported by American Hospital Association). Due to its location, Great Lakes has access to sufficient civilian health care resources of high quality to support its inpatient requirements. The large savings along with the low military value and workload available supports this action. While the jobs are lost in the military system the same type of job is available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback:
The total estimated one-time cost to the Department of Defense to implement this recommendation is $3,092K. The net of all costs and savings to the Department during the implementation period is a savings of $38,957K. Annual recurring savings to the Department after implementation are $6,110K with a payback expected immediately. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $92,640K.

Impacts:
Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 182 jobs (70 direct jobs and 112 indirect jobs) over the 2006-2011 period in the Lake County-Kenosha County, IL-WI Metropolitan Division, which is less than 0.1 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and per-
sonnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.

Environmental Impact: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; and use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure is, as detailed in the FY 04 POM, required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWPs) is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at Great Lakes will not impact the ability MHS to produce the minimum number of RWPs required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare facilities.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The FuncMilVal analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:

  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

The focus of this recommendation in regards to FuncMilVal is centered on inpatient services. Analysis of the impact of Great Lakes on the average FuncMilVal of all facilities that have inpatient services showed the average FuncMilVal with NH Great Lakes maintaining inpatient services is 46.56. The FuncMilVal of NH Great Lakes is 42.76. By disestablishing the inpatient services at Great Lakes the average for the re-
maining inpatient facilities increases to 46.62. This increase supports the recommendation.

A full listing of the Healthcare Military Value of inpatient facilities is provided in Attachment 1.

- **Capacity Analysis Results.** The Capacity Analysis was conducted to determine each activity’s ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three subfunctions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, inpatient is measured in Relative Weighted Products (RWPs) and Dental is measured in total Active Duty eligible population.

The excess inpatient capacity of Great Lakes is the focus of this Recommendation. By disestablishing inpatient services the system maximum capacity decreases from 452,306 to 448,137 (4,169) RWPS and the system excess capacity decreases from 225,534 to 223,308 (3,226) RWPS.

A listing of the capacity for all inpatient facilities is presented in Attachment 2.

Candidate Recommendation #MED-054 (Fort Knox)

Candidate Recommendation: Disestablish the inpatient mission at Fort Knox’s Medical Facility, converting the hospital to a clinic with ambulatory care services.

Justification: The Department will rely on the civilian medical network to provide inpatient services for the Fort Knox beneficiary population. The civilian authorizations and contractors supporting this inpatient mission at Fort Knox will be eliminated. Military personnel supporting this inpatient mission will be redistributed by the Service to replace civilian and contract medical personnel elsewhere in the Military Health System activities of higher military value. This recommendation supports strategies of reducing excess capacity and locating military medical personnel in areas with enhanced opportunities for medical practice. Fort Knox’s medical facility has an average daily patient load of 14 well below the Military Health System average of 40.8. It’s Functional Military Value of 39.94 is also below the Military Health System average for inpatient activities of 46.56. Military personnel relocated from Fort Knox’s Medical Facility can be placed in activities of higher military value with a more diverse workload, providing enhanced opportunities to maintain their medical currency and making them better able to support Army medical readiness requirements. There are 16 Joint Accreditation of Hospital Organizations (JCAHO) or Medicare accredited civilian/VA hospitals within 40 miles of Fort Knox with a total of 3,809 beds and an average daily census of 2,789 (as reported by American Hospital Association). Due to its location, Fort Knox has access to sufficient civilian health care resources of high quality to support its inpatient requirements. While the jobs are lost in the military system the same type of job is available in the community. Shifting of workload to the civilian sector is expected to increase the employment opportunities for a percentage of the displaced workers.

Payback:
The total estimated one-time cost to the Department of Defense to implement this recommendation is $3,055K. The net of all costs and savings to the Department during the implementation period is a savings of $7,555K. Annual recurring costs to the Department after implementation are $61K with an immediate expected payback. The net present value (NPV) of the costs and savings to the Department over 20 years is a savings of $6,652K.

Impacts:
Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 286 jobs (176 direct jobs and 110 indirect jobs) over the 2006-2011 period in Elizabethtown, KY Metropolitan Statistical Area, which is 0.4 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Civilian inpatient capacity exists in the area to provide services to the eligible population.
Environmental Impact: This recommendation has no impact on air quality, cultural, archeological, or tribal resources; dredging; and use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Supporting Information:

- There are no known competing recommendations.

- Force Structure Capabilities. The MJCSG assumed the existing medical force structure is, as detailed in the FY 04 POM, required to sustain DoD capabilities. Therefore, the current inpatient usage of 233,000 Relative Weighted Products (RWP) is the minimum required in the Military Healthcare System (MHS) to ensure clinical currency of the medical force to meet COCOM requirements. Analysis shows, the reduction in maximum capacity through the disestablishment of inpatient services at Fort Knox will not impact the ability MHS to produce the minimum number of RWP required for clinical currency. Surge capacity for this mission is maintained in other parts of the Military Health System via expansion in-place or by off loading workload onto local healthcare faculties.

- Military Value Analysis Results. The Healthcare Services Military Value functional scoring plan and analysis was developed using a consensus methodology with subject matter experts representing all the Military Departments. The FuncMilVal analysis of medical/dental infrastructure was based on assessment of the relative capabilities of various activities to conduct the spectrum of DoD medical/dental missions. In addition, value was also based on the historically demonstrated ability of the facilities to support the mission and operational needs of the activity. The Health Care Services subgroup defined the following 6 attributes that pertain to the Military Value Final Selection Criteria for Health Care Services:
  
  - Demand by the supported population
  - Civilian Medical Capacity to provide services not provided by the Military
  - Physical Capacity and Facility Condition
  - Operational and Mission Responsiveness
  - Cost Efficiency as measured by the cost per unit of workload
  - Patient Workload Throughput

The focus of this recommendation in regards to FuncMilVal is centered on inpatient services. Analysis of the impact of Fort Knox on the average FuncMilVal of all facilities that have inpatient services showed the average FuncMilVal with Fort Knox maintaining inpatient services is 46.56. The FuncMilVal of Fort Knox is 39.94. By disestablishing the inpatient services at Fort Knox the average for the remaining inpatient facilities increases to 46.68. This increase supports the recommendation.
A full listing of the Healthcare Military Value of inpatient facilities is provided in Attachment 1.

- Capacity Analysis Results. The Capacity Analysis was conducted to determine each activity's ability to meet the current demand of the supported population and to identify any excess capacity above the current demand. The results of this analysis is, in turn, used to set the floor for the amount of services that need to be provided to maintain physician currency and to eliminate as much excess capacity as possible in order to increase efficiency of the system. Health Care Services is divided into three sub-functions for the purpose of capacity analysis: (1) Outpatient (further divided into Primary and Specialty care); (2) Inpatient; and (3) Dental. Outpatient workload is measured in Relative Value Units, inpatient is measured in Relative Weighted Products (RWP's) and Dental is measured in total Active Duty eligible population.

The excess inpatient capacity of Fort Knox is the focus of this Recommendation. By disestablishing inpatient services the system maximum capacity decreases from 452,306 to 450,191 (2,115) RWPS and the system excess capacity decreases from 225,534 to 224,953 (581) RWPS.

A listing of the capacity for all inpatient facilities is presented in Attachment 2.

MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS
CHAIRS, JOINT CROSS SERVICE GROUPS (JCSG)

SUBJECT: Read Ahead Material for the January 14, 2005, ISG Meeting

The Infrastructure Steering Group will meet on January 14, 2005, at 3:30 p.m. in 3D-1019. The meeting’s primary focus will be on candidate recommendations submitted by the Medical JCSG and a presentation from the Flight Training Subgroup of the Education and Training JCSG. Other topics include the standard process overview, including an update on COMCOM involvement, and the latest on conflict resolution.

For your advance preparation, I am attaching the briefing slides and conflict review information. Details on the Medical candidate recommendations were provided earlier in the week.

There are no new conflicts this week for the ISG to approve. For your information, there are 948 scenarios registered in the tracking tool as of December 30, 2004. A summary of scenarios registered is at TAB 1. Categorization of all scenarios and the Registered Scenario report are on a disc at TAB 2-3.

Michael W. Wynne
Acting USD (Acquisition, Technology & Logistics)
Chairman, Infrastructure Steering Group

### Candidate Recommendation: Disestablish the inpatient mission at Fort Eustis Medical Facility, converting the hospital to a clinic with an ambulatory care center.

#### Justification
- Reduces excess capacity
- Redistributes military providers to areas with more eligible population
- Reduces inefficient inpatient operations
- Civilian/Military capacity exists in area

#### Military Value
- Healthcare Services Inpatient Function:
  - Fort Eustis: 43.86
  - Average increase from 46.56 to 46.60.

#### Payback
- One Time Cost: $1,145K
- Net Implementation Savings: $2,138K
- Annual Recurring Savings: $883K
- Payback Period: 2 year
- NPV (savings): $10,113K

#### Impacts
- Criteria 6: ROI – 77 jobs 10 direct; 67 indirect); <0.1%
- Criteria 7: 16 accredited civilian/VA hospitals within 40 miles with a total of 3,774 beds and an average daily census of 2,835.
- Criteria 8: No Issues.

- De-conflicted w/MilDep
### Candidate Recommendation: Realignment of Military Resources

Realignment of the 10th Medical Group, USAF Academy, CO, by relocating the inpatient mission to Fort Carson Medical Facility, CO, converting the 10th Medical Group into a clinic with ambulatory care services.

### Justification
- Reduces excess capacity
- Redistributes military providers to areas with more eligible population
- Reduces inefficient inpatient operations
- Civilian/Military capacity exists in area

### Military Value
- Healthcare Services Inpatient Function
  - USAFA: 48.26
  - Fort Carson 60.20

### Payback
- One Time Cost: $348K
- Net Implementation Savings: $75K
- Annual Recurring Savings: $124K
- Payback Period: 4 year
- NPV (savings): $1,208K

### Impacts
- Criteria 6: ROI – 7 jobs (4 direct; 3 indirect); <0.1%
- Criteria 7: 5 accredited civilian/VA hospitals within 40 miles with a total of 1,373 beds and an average daily census of 833.
- Criteria 8: No issues.

Education & Training
Joint Cross Service Group
Flight Training Subgroup

Subgroup Proposals
USAF / USN / USMC / USA
Joint Undergraduate Flying Training Functions
for
BRAC 2005
"A primary objective of BRAC 2005, in addition to realigning our base structure to meet our post-Cold War force structure, is to examine and implement opportunities for greater joint activity. Prior BRAC analyses considered all functions on a service-by-service basis and, therefore, did not result in the joint examination of functions that cross services. While some unique functions may exist, those functions that are common across the Services must be analyzed on a joint basis ..."
Present UFT programs satisfy Services’ requirements in a timely and cost effective way … proposals may not substantially enhance flight training programs but they may well:

- Reduce Excess Capacity
- Increase joint and war-fighter interactivity at the Undergraduate and Graduate Formal Training Unit levels …
- Posture Services for acquisition of Joint training platforms in Rotary-wing and the Advanced Phase of Fixed-wing UFT
- Free UFT Base(s) for other uses – or closure

  • T-38 / T-45 Replacement over the Horizon …
  • T-6 is “Joint Platform” for UFT’s Primary Phase …
  • Sundown for Joint USN / USAF T-44 Program after P-3 retires …
- Craft Joint / Transformational Scenarios that Present “Opportunities for greater joint activity” on Fewer Bases
  - Consolidate Services’ Common UFT Functions
  - Marry Select Advanced UFT with FTU / FRS Functions
- Recommend Installation(s) to Host JSF Initial Training Location(s) … Ops and Maintenance
- Organize UAV Initial Training across USG

</table>
Goal: Realign Assets to “Enhance Jointness” & “Uncover Bases”

Undergraduate Flight Training Sub-functions

- Primary Phase of Flight Training
- Advanced Phase of Flight Training
- Naval Flight Officer & Navigator Training
- Rotary Wing Flight Training

Domino Effect: Consolidating assets for these programs will “drive” moves across most UFT bases

Realigning UFT will impact production during transition

JSF Beddown is a “wildcard” that presents two options

- Follow tradition of “standalone” FRS / FTU
- Combine with Advanced Phase of UFT – Transformational

Final proposals data-driven – Military Value and Derived Capacity
FT “Big Picture”

- Force lay down Rules of Engagement
  - Optimization Model set Baseline for force lay-down drills
  - Excess capacity figures based on FY04 (Before) & FY09 (After)
  - Distribution based on student throughput in FY09
  - Target 80% of “Max Runway Operations Capacity”
  - Use aux fields & airspace capacity at “uncovered” bases if in close proximity
FT “Big Picture”

- Realignment proposals within three major concepts

  - **Status Quo … Maximize MilVal on Fewest # Bases**
    - JSF FRS / FTU at “standalone” base
    - Keep assets aligned as they are today … JPATS, NFO/Nav/Parent Service

  - **Cooperative … Maximize Jointness, MilVal on Fewest # Bases**
    - JSF FRS / FTU at “standalone” base
    - Realign sub-functions to create a more joint environment

  - **Transformational … Cooperative + Posture for Next Gen Acft**
    - High Octane Cooperative … Marries advanced phases of UFT with appropriate/select FRS / FTU (target non-operational bases if able)
    - Legacy/Strike Pipeline for F-15, F-16, & F-18 virtually unchanged
FT “Big Picture”

Status Quo
Keep Today’s USAF-owned Functions at USAF-owned Bases and USN-owned Functions at USN-owned Bases … “Uncover” Bases for Alternative Uses or Closure
FT “Status Quo” USN

- Realign the following bases by re-locating and consolidating USN Undergraduate Pilot and Naval Flight Officer Flight Training Programs
  - NAS Corpus Christi (Primary Plus Up/ME MPTS)
  - NAS Kingsville (Advanced Plus Up)
  - NAS Meridian (Primary)
  - NAS Pensacola (NFO/RW)

- Realign and re-locate units from the following USN Undergraduate Flying Training bases
  - NAS Whiting Field
### FT “Status Quo” USN

#### NAS Whiting Field
- NAS Corpus Christi
- NAS Kingsville
- NAS Meridian
- NAS Pensacola

*FW capacity only, placing helicopter operations further reduces excess capacity.

*NAS Pensacola would acquire NAS Whiting Field helicopter airspace and OLFs.
FT “Status Quo” USAF

- Realign the following bases by re-locating and consolidating USAF Undergraduate Pilot and Combat Systems Officer Flying Training Programs
  - Columbus AFB (IFF/Primary/Advanced)
  - Laughlin AFB (Primary/Advanced)
  - Fort Rucker (Rotary Wing)
  - Sheppard AFB (ENJJPT/PIT)
  - Vance AFB (Primary/Advanced/CSO)

- Realign and re-locate units from the following USAF Undergraduate Flying Training bases
  - Moody AFB
  - Randolph AFB

Transformational Options

Align functions to permit Services opportunities to leverage new technologies, accelerate learning that enhances combat capability, and establish command structures that reduce logistic footprint ...
Nominate Base(s) for JSF Schoolhouse

- Used Service-endorsed Basing Criteria to Examine Installations for Suitability as Initial JSF Schoolhouse …

*Recommended “Best in Show” for Stand Alone …*

- Realign Eglin AFB (MilVal 74.49) by establishing it as the Joint Strike Fighter Initial Training Site for a consolidated USN, USMC, and USAF Graduate-level Pilot Training Program

  - Complements other proposals FT advanced in the “Status Quo” and “Cooperative” business models
  - May require USAF to relocate assets presently assigned to 33rd Fighter Wing and 53rd Wing

**Scenario #** DON-0001  **Date Created:** 9/22/2004

**Scenario Title:** Close NS Pascagoula, MS; Relocate to NS Norfolk, VA

**Description:**

1. Close all base operations at Naval Station Pascagoula, MS.
2. Relocate 2 FFGs to Naval Station Norfolk, VA, to include required personnel, equipment, and support.
3. Consolidate SIMA Pascagoula, MS with SIMA Norfolk, VA.
4. Consolidate FISC Jacksonville, FL, function FISC Jacksonville DET Pascagoula, MS with FISC Norfolk, VA.
5. Consolidate NAVDENCEN Gulf Coast Pensacola, FL, function Branch Dental Clinic NS Pascagoula, MS with NAVDENCEN MIDLANT Norfolk, VA.
6. Consolidate NAVHOSP Pensacola, FL, function Branch Medical Activity Pascagoula, MS with NAVMEDCEN Portsmouth, VA.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:

IND-0027

### Losing Bases

- Corry Station (Pensacola, FL) - Realignment
- Naval Air Station Jacksonville (Jacksonville, FL) - Realignment
- Naval Air Station Pensacola (Pensacola, FL) - Realignment
- Naval Station Pascagoula (Pascagoula, MS) - Close

Registered Scenarios

Scenario #  DON-0002  Date Created:  9/23/2004

Scenario Title: Close NS Pascagoula, MS; Relocate to NS Mayport, FL

Description:

1. Close all base operations at Naval Station Pascagoula, MS.
2. Relocate 2 FFGs to Naval Station Mayport, FL, to include required personnel, equipment, and support.
3. Consolidate SIMA Pascagoula, MS, with SIMA Mayport, FL.
4. Consolidate FISC Jacksonville, FL, function FISC Jacksonville DET Pascagoula, MS with FISC Jacksonville, FL.
5. Consolidate NAVDENCEN Gulf Coast Pensacola, FL, function Branch Dental Clinic NS Pascagoula, MS with NAVDENCEN Southeast Jacksonville, FL.
6. Consolidate NAVHOSP Pensacola, FL, function Branch Medical Activity Pascagoula, MS with NAVHOSP Jacksonville, FL at Naval Air Station Jacksonville, FL.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:
IND-0019 applies.

Losing Bases

Corry Station (Pensacola, FL) - Realignment
Naval Air Station Jacksonville (Jacksonville, FL) - Realignment
Naval Air Station Pensacola (Pensacola, FL) - Realignment
Naval Station Pascagoula (Pascagoula, MS) - Close

Receiving Bases

Scenario # DON-0037  Date Created: 10/14/2004
Scenario Title: Close NS Everett, WA; Relocate to NSA Guam

Description:

1. Close base operations at Naval Station Everett, WA.
2. Relocate CVN and escorts (2 DDG, 3 FFGs) to Naval Support Activity, Guam, to include required personnel, equipment, and support.
3. Relocate T-AE to Naval Station Bremerton to include required personnel, equipment, and support.
4. Relocate T-AOE from Naval Station Bremerton, WA to Naval Support Activity Guam.
5. Relocate ship intermediate repair function from NAVIMFAC Pacific Northwest Detachment Everett to NAVMARIANASUPPACT, Guam.
6. Consolidate ship intermediate repair function from NAVSHIPOYD PUGET SOUND to NAVMARIANASUPPACT, Guam to support share of function realigned.
7. Consolidate ship intermediate repair function from NAVSHIPOYARD and IMF Pearl Harbor, HI to NAVMARIANASUPPACT, Guam to support share of function realigned.
8. Consolidate ship intermediate repair function from NAVSHIPOYD PUGET SOUND to NAVSHIPOYD and IMF Pearl Harbor as required to maintain efficiency of function.
9. Consolidate ship intermediate repair function from NAVSHIPOYD and IMF Pearl Harbor to NAVSHIPOYD PUGET SOUND to support share of function realigned to NAVMARIANASUPPACT, Guam and NAVSHIPOYD and IMF Pearl Harbor.
10. Consolidate ship intermediate repair function from NAVSHIPOYD and IMF Pearl Harbor to NAVSHIPOYD PUGET SOUND to support share of function realigned.
11. Consolidate ship intermediate repair function from NAVSHIPOYD and IMF Pearl Harbor to NAVSHIPOYD PORTSMOUTH NH as required to maintain efficiency of function.
12. Consolidate ship intermediate repair function from NAVSHIPOYD and IMF Pearl Harbor to NAVSHIPOYD NORFOLK as required to maintain efficiency of function.
13. Consolidate ship intermediate repair function from NAVSHIPOYD and IMF Pearl Harbor to NAVSHIPOYD PUGET SOUND as required to maintain efficiency of function.
14. Consolidate ship intermediate repair function from NAVSHIPOYD and IMF Pearl Harbor to NAVSHIPOYD PORTSMOUTH NH as required to maintain efficiency of function.
15. Consolidate ship intermediate repair function from NAVSHIPOYD and IMF Pearl Harbor to NAVSHIPOYD NORFOLK as required to maintain efficiency of function.
16. Consolidate ship intermediate repair function from NAVSHIPOYD NORFOLK to NAVSHIPOYD PORTSMOUTH NH as required to maintain efficiency of function.
17. Consolidate ship intermediate repair function from NAVSHIPOYD NORFOLK to NAVSHIPOYD and IMF Pearl Harbor as required to maintain efficiency of function.
18. Consolidate ship intermediate repair function from NAVSHIPOYD NORFOLK to NAVSHIPOYD PUGET SOUND as required to maintain efficiency of function.
19. Consolidate ship intermediate repair function from NAVSHIPOYD PORTSMOUTH to NAVSHIPOYD and IMF Pearl Harbor as required to maintain efficiency of function.
20. Consolidate ship intermediate repair function from NAVSHIPOYD PORTSMOUTH to NAVSHIPOYD NORFOLK as required to maintain efficiency of function.
21. Consolidate ship intermediate repair function from NAVSHIPOYD PORTSMOUTH to NAVSHIPOYD PUGET SOUND as required to maintain efficiency of function.
22. Consolidate AFLOATRAGRUPACNORWEST Everett, WA with AFLOATRAGRUPAC San Diego, CA, function AFLOATRAGRUPAC WESTPAC Yokosuka, JA.
23. Relocate COMNAVSURGRU PACNORWEST, Everett, WA to Naval Station Bremerton, WA.
24. Relocate NAVRESREDCOM NORTHWEST Everett, WA to SUBASE Bangor, WA.

Registered Scenarios

Scenario #  E&T-0007  Date Created:  9/20/2004
Scenario Title:  Consolidate Rotary Wing Phase of Undergraduate Flight Training at NAS Whiting Field.

Description:
Realign NAS Whiting (Milton, Florida) by establishing a DoD Undergraduate Rotary-wing Flight Training Center of Excellence. Relocate Fixed-wing Undergraduate Flight Training units on North Field NAS Whiting (VT-2, VT-3, and VT-6 (T-34C and T-6 aircraft)) to NAS Corpus Christi (Corpus Christi, Texas). Relocate Fort Rucker (Dothan, Alabama) Undergraduate Rotary-wing units (U.S. Army's 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing's 23rd Flying Training Squadron) to NAS Whiting. Consolidate the U.S. Army's 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing's 23rd Flying Training Squadron with Training Wing 5 (TRAWNG 5) and subordinate units (HT-8, HT-18, and Helicopter Instructor Training TRAWNG 5) to establish a single DoD Rotary Wing Undergraduate Flight Training Center of Excellence at NAS Whiting.

Reason Scenario was deleted:
E&T JCSCG deleted on 18 Nov. Scenario will be superseded by another scenario.

Draft Deliberative Document - For Discussion Purposes Only - Do Not Release Under FOIA

Monday, January 10, 2005
Establish a Joint Urban Ops Training Center of Excellence at a suitable installation proposed for closure by one of the Services. Privatize the management, operation and maintenance of the facility (GOCO). Provide a "turn key" facility meeting all Service and Joint Urban Operation live training requirements. Establish an OSD executive agent to coordinate use and oversee contractor.

No Losing or gaining installations

Scenario # E&T-0012  Date Created: 10/8/2004
Scenario Title:  Realign DRMI with DAU at Ft. Belvoir, VA
Description:

Realignment Monterey, California by moving the Defense Resource Management Institute to Ft Belvoir, Virginia and consolidating with the Defense Acquisition University at Ft. Belvoir, Virginia. The Defense Resource Management Institute will remain an independent educational function but will fall under the Defense Acquisition University chain of command and will combine all common support requirements with the Defense Acquisition University. The intent of this scenario is to co-locate the Defense Resource Management Institute with its parent organization, the Defense Acquisition University. If the Defense Acquisition University is relocated the Defense Resource Management Institute will follow.

Losing Bases

Naval Postgraduate School (Monterey, CA) - Realignment

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Losing Activities

Defense Resource Management Institute - Relocate

Activities being Received

Defense Resource Management Institute
Scenario #: E&T-0013  Date Created: 10/8/2004
Scenario Title: Re-locate DCAI to Ft. Belvoir, VA
Description:

The Defense Contract and Audit Institution will consolidate with its parent command, the Defense Contract Auditing Agency at Ft. Belvoir VA. The intent of this scenario is to co-locate the Defense Contract and Audit Institution with its parent organization, the Defense Acquisition University. If the Defense Acquisition University is relocated the Defense Contract and Audit Institution will follow.

Losing Bases

DCAI, Memphis, TN. (Leased Space) (Memphis, TN) - OTHER

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Losing Activities

Defense Contract Audit Institute - Relocate

Activities being Received

Defense Contract Audit Institute
### Scenario #
E&T-0014

### Date Created:
10/8/2004

### Scenario Title:
Establish Joint Center of Excellence for Religious SST/PDE Functions

### Description:
Realign Fort Jackson, SC by establishing a Joint Center of Excellence for Religious SST/PDE (officer and enlisted) training and education. Realign Maxwell AFB, AL, Naval Air Station Meridian, MS, and Naval Station Newport, RI by relocating Religious SST/PDE Training and Education taught there to Fort Jackson, SC. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

#### Losing Bases
- Maxwell AFB (Montgomery, AL) - Realignment
- Naval Air Station Meridian (Meridian, MS) - Realignment
- Naval Station Newport (Newport, RI) - Realignment

#### Losing Activities
- Air Force Chaplains Institute - Relocate
- Enlisted Chaplain's Support Courses - Relocate
- Religious Program Specialist Course - Relocate
- Navy Chaplains School - Relocate

#### Receiving Bases
- Jackson (Columbia, SC) - Receive

#### Activities being Received
- Air Force Chaplains Institute
- Army Chaplains School
- Enlisted Chaplain's Support Courses
- Religious Program Specialist Course
- RP Courses (from NAS Meridian)

## Registered Scenarios

### Scenario # E&T-0019  
**Date Created:** 10/8/2004  
**Reason Scenario was deleted:**

E&T JCSG approved for deletion from OSD Scenario tracking tool. Original scenario was strategy-based without course data. Space courses already consolidated under Interservice Review Organization (ITRO).

### Description:

Realign Vandenberg, CA by establishing a Joint Center of Excellence for Space Training. Realign Dahlgren, VA, Redstone Army Depot, AL, Colorado Springs, CO by relocating Space Training taught there to Vandenberg, CA. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.
Registered Scenarios

Scenario #  E&T-0020  Date Created:  10/8/2004  Deleted
Scenario Title:  JSF Initial Training Beddown

Description:
Realignment NAS Kingsville, Moody AFB, and Eglin AFB by establishing an Initial Training Center for the Joint Strike Fighter Graduate Level Flight Training. At NAS Kingsville: Training Wing TWO (T-45) remains in place. At Moody AFB: the 49th and 435th Flying Training Squadron (T-38 IFF) remains in place. The entirety of the 479th Flying Training Group (3rd Flying Training Squadron T-6) is relocated to Columbus AFB. The Operations Group, Maintenance Group, and the Headquarters Elements of the 347th Rescue Wing are relocated to a base determined by the USAF. The remainder of the 347th Rescue Wing is to remain in place. At Eglin AFB: the Operations Group, Maintenance Group, and the Headquarters Elements of the 33rd Fighter Wing are relocated to a base determined by the USAF. The remainder of the 33rd Fighter Wing is to remain in place. Note: All other aviation related activities remain in place at Eglin AFB.

Reason Scenario was deleted:
Deleted by E&T JCSG on 18Nov. Scenario will be replaced by another scenario approved by the JCSG.

Scenario Title: Realignment of SSCs in Place

Description:

Realignment Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C by realigning the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University.

Senior level education will be provided by multiple colleges under the National Defense University. All of the colleges will remain in their current locations. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.
Registered Scenarios

Scenario #  E&T-0026  Date Created:  11/10/2004
Scenario Title:  Consolidate SLCs at Ft McNair

Description:

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C. by moving the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College to Fort McNair, Washington D.C. and consolidate with the National War College and the Industrial College of the Armed Forces as a single school under the National Defense University.

Senior level education will be provided a single Department of Defense School under the National Defense University. The consolidated school will maintain educational tracks focusing on Land Warfare, Maritime Warfare, Air Warfare, and Expeditionary Warfare. The scenario will disestablish all individual Service senior level education. The curriculum will be controlled by the Chairman of the Joint Chiefs of Staff. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

**Description:**

Realigned Presidio of Monterey, CA by privatizing the Defense Language Institute of Foreign Language.

This scenario will disestablish the Defense Language Institute of Foreign Language. The Army is responsible for securing private civilian sources for the training functions conducted at the Defense Language Institute of Foreign Language.

### Losing Bases

- Presidio of Monterey (Monterey, CA) - Realignment

### Losing Activities

- Defense Language Institute Foreign Language Center - Disestablish

### Receiving Bases

- Base X (x, XX) - Receive

### Activities being Received

- Defense Language Institute Foreign Language Center
## Registered Scenarios

**Scenario #** E&T-0031  
**Date Created:** 11/10/2004

**Scenario Title:** Relocate Defense Language Institute Foreign Language Center (DLIFLC) to Fort Meade (Army Proposal)

**Description:**

Realign Presidio of Monterey by relocating the Defense Language Institute Foreign Language Center to Fort Meade, MD.

This scenario will relocate the school. The School will remain an independent training activity. Current command relationship will be maintained.

Draft Deliberative Document For Discussion Purposes Only-Do Not Release Under FOIA

Monday, January 10, 2005 Page 203 of 1140
**Scenario #**: E&T-0032  \hspace{1cm} **Date Created**: 11/10/2004

**Scenario Title**: Realign SLCs under NDU and co-locate at Fort McNair

**Description**: Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C. by moving the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College to Fort McNair, Washington D.C. and realigning under the National Defense University.

Senior level education will be provided by multiple colleges under the National Defense University. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

### Losing Bases
- Carlisle (Carlisle, PA) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Maxwell AFB (Montgomery, AL) - Realignment
- Naval Station Newport (Newport, RI) - Realignment

### Losing Activities
- United States Army War College - Relocate
- Marine Corps War College - Relocate
- Air War College - Relocate
- College of Naval Warfare - Relocate

### Receiving Bases
- McNair (Washington, DC) - Receive

### Activities being Received
- Air War College
- College of Naval Warfare
- Marine Corps War College
- National Defense University
- United States Army War College

**Description:**

Realignment Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; and Marine Corps Base Quantico by moving the United States Army War College, Air War College, and the College of Naval Warfare to Marine Corps Base Quantico, VA. Realignment the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University. Realignment Fort McNair, Washington D.C. by moving the National War College and the Industrial College of the Armed Forces to Marine Corps Base Quantico, VA.

Senior level education will be provided by multiple colleges under the National Defense University. The National War College and the Industrial College of the Armed Forces are being moved in order to co-locate with the other SLCs and will maintain their current chain of command. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. **Scenario #**  E&T-0037  
**Date Created:** 11/10/2004  
**Scenario Title:** Establish Joint Range- EAST  
**Description:**

Realign NAS JAX by establishing a joint coordination center to coordinate and provide assistance. Realign Eglin AFB by establishing a joint coordination detachment to coordinate and provide assistance. Realign Fort Bragg by establishing a joint coordination detachment to coordinate and provide assistance.

JFCOM is the executive agent for the joint coordination center and joint coordination detachments. Eglin AFB and Fort Bragg report to NAS JAX Joint Coordination Center.

In establishing the stated joint coordination center and joint coordination detachments will require facilities, personnel, and equip/special equipment.

There are no losing activities because this is a new mission that does not presently exist. The services will detail personnel gaining activities via normal detailing/rotation process.

**Receiving Bases**

Bragg (Fort Bragg, NC) - Receive

Eglin AFB (Valpariso, FL) - Receive

Naval Air Station Jacksonville (Jacksonville, FL) - Receive

**Activities being Received**

Joint Range Complex (26 personnel)

Joint Range Complex (26 personnel)

Joint Range Hub Complex (40 personnel)
Scenario #   E&T-0038   Date Created:  11/10/2004
Scenario Title: Establish Joint Range - WEST

Description:

Realign NAVSTA San Diego by establishing a joint coordination center to coordinate and provide assistance. Realign NAS Whidbey Island by establishing a joint coordination detachment to coordinate and provide assistance. Realign Schofield Barracks by establishing a joint coordination detachment to coordinate and provide assistance. Realign Nellis AFB by establishing a joint coordination detachment to coordinate and provide assistance. Realign Fort Bliss by establishing a joint coordination detachment to coordinate and provide assistance. JFCOM is the executive agent for the joint coordination center and joint coordination detachments. NAS Whidbey Island, Nellis AFB, Fort Bliss, and Schofield Barracks report to NAS San Diego Joint Coordination Center. In establishing the stated joint coordination center and joint coordination detachments will require facilities, personnel, and equip/special equipment. There are no losing activities because this is a new mission that does not presently exist. The services will detail personnel gaining activities via normal detailing/rotation process.

Registered Scenarios

Scenario # E&T-0047  Date Created: 11/19/2004
Scenario Title: #1: Realign and Consolidate Undergrad Pilot, NAV/ NFO/CSO Training & Realign Adv Jet with JSF ITS
Description:

Realign NAS Corpus Christi, NAS Meridian, Moody AFB, NAS Whiting Field by the following actions:
Consolidate Undergraduate Primary Training programs at NAS Kingsville, Laughlin AFB, NAS Pensacola and Vance AFB.
Realign Advanced phases of Undergraduate Pilot Flight Training with appropriate FRS /FTU at Little Rock AFB, Altus AFB, Tinker AFB, NAS Jacksonville, and Columbus AFB.
Establish the Initial Training Site for JSF at Columbus AFB.
Consolidate Undergraduate Rotary Wing training by establishing a Joint Rotary Wing Training Center of Excellence at FT Rucker.

Gain: NAS Kingsville (T-6), Laughlin AFB (T-6), NAS Pensacola (T-1, T-43, T-6), Vance AFB (T-6), Little Rock AFB (T-1), Altus AFB (T-1), Tinker AFB (T-1), NAS Jacksonville (TC-12, T-44), Columbus AFB (T-38, JSF), Sheppard AFB (T-38) and FT Rucker (TH-57)

Lose: Randolph AFB (T-1, T-6, T-43), NAS Corpus Christi (T-34, T-44, TC-12), NAS Meridian (T-45), Moody AFB (T-38, T-6), NAS Whiting Field (T-34, TH-57), Laughlin AFB (T-38, T-1), Vance AFB (T-38, T-1), and Columbus AFB (T-1).

Losing Bases
Columbus AFB (Columbus, MS) - Realignment
Laughlin AFB (Del Rio, TX) - Realignment
Moody AFB (Valdosta, GA) - Realignment
Naval Air Station Corpus Christi (Corpus Christi, TX) - Realignment
Naval Air Station Kingsville (Kingsville, TX) - Realignment
Naval Air Station Meridian (Meridian, MS) - Realignment
Naval Air Station Whiting Field (Milton, FL) - Realignment
Randolph AFB (Universal City, TX) - Realignment

Losing Activities
37 FTS - Consolidate
41 FTS - Consolidate
48 FTS (T-1) - Relocate
86 FTS (T-1) approx 230 students / year) - Consolidate
87 FTS (T-38) - Consolidate
3 FTS (approx 100 students / year) - Consolidate
3 FTS (approx 100 students /year) - Consolidate
435 FTS (IFF) approx 125 students / year - Relocate
49 FTS (IFF) approx 190 students / year - Relocate
VT-27 (approx 215 students / year) - Consolidate
VT-28 (approx 200 students / year) - Consolidate
VT-31 - Relocate
VT-35 - Relocate
VT-21 (23 Strike students/year) - Consolidate
VT-7 - Consolidate
VT-9 - Consolidate
HT-18 - Consolidate
HT-8 - Consolidate
VT-2 (approx 600 students / year) - Consolidate
VT-3 - Consolidate
VT-6 - Consolidate
563 FTS - Consolidate
566 FTS - Consolidate
99 FTS - Consolidate

Registered Scenarios

Scenario # E&T-0048  Date Created: 11/19/2004

Scenario Title: #2: Realign and Consolidate Undergrad Pilot, NAV/ NFO/CSO Training & Realign Adv Jet with JSF ITS

Description:

Realign Moody AFB, Randolph AFB and NAS Whiting Field by the following actions:
Consolidate Undergraduate Primary Training programs at NAS Corpus Christi, Laughlin AFB and Vance AFB.
Realign Advanced phases of Undergraduate Pilot Flight Training with appropriate FRS /FTU at Little Rock AFB, Altus AFB, Tinker AFB, NAS Jacksonville, and NAS Kingsville.
Establish the Initial Training Site for JSF at NAS Kingsville.
Consolidate Undergraduate Rotary Wing training by establishing a Joint Rotary Wing Training Center of Excellence at FT Rucker.

Gain: NAS Kingsville (JSF), Laughlin AFB (T-6), NAS Pensacola (T-1, T-43, T-6), Vance AFB (T-6), Little Rock AFB (T-1), Altus AFB (T-1), Tinker AFB (T-1), NAS Jacksonville (TC-12, T-44), Columbus AFB (T-38, T-1, T-37, T-6), NAS Corpus Christi (T-6) and FT Rucker (TH-57)

Lose: Randolph AFB (T-1, T-6, T-43, T-37), NAS Corpus Christi (TC-12, T-44), Moody AFB (T-38, T-6), NAS Whiting Field (T-34, TH-57), Laughlin AFB (T-38, T-1), Vance AFB (T-38, T-1) and Columbus AFB

Realign Eglin AFB to host the Initial Training Site for the Joint Strike Fighter Graduate Level Pilot Training. Realign Eglin AFB by establishing a Joint Formal Training Unit / Fleet Replacement Squadron (FTU/FRS) capable of producing approximately 250 F-35 pilots/year. If required, relocate units as necessary to provide sufficient space for the new FTU.
Registered Scenarios

Scenario #  E&T-0053  Date Created:  12/9/2004
Scenario Title:  Joint Center for Consolidated Transportation Management Training

Description:

Realignment Fort Lee, VA by consolidating Transportation Management Training. Realignment Lackland AFB, TX by relocating Transportation Management Courses currently taught there to Fort Lee, VA. The intent of this scenario is to consolidate like courses while maintaining service unique cultures. (Supports USA-0051 to Establish Combat Service Support Center at Fort Lee, Va).

Losing Bases

Lackland AFB (San Antonio, TX) - Realignment

Marine Corps Base Camp Lejeune (Camp Lejeune, NC) - Realignment

Receiving Bases

Lee (Fort Lee, VA) - Receive

Losing Activities

345th TRS (Traffic Mgmt & Air Transport Courses) - Consolidate

Transportation Mgmt Courses - Consolidate

Activities being Received

Transportation Mgmt School and Center

Scenario # | HSA-0002 | Date Created: 9/17/2004

Scenario Title: GC-MPC-0001: Dc: Consolidate/Co-locate All Military Personnel Centers in the San Antonio Geo-cluster

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO and consolidate them at Ft Sam Houston in the San Antonio Geo-cluster; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO and consolidate each Active and Reserve Military Personnel Center within each Service and co-locating all three Service Military Personnel Centers at Randolph Air Force Base TX in the San Antonio Geo-cluster, current location of the Air Force Personnel Center (AFPC).

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indinapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (MiliPers functions) occupies ~250,031 SF; ~ 30,831 SF determined as available excess; scenario requires an additional ~55,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCSA Kansas City = 237,539 SF. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

### Registered Scenarios

**Scenario #**  HSA-0003  **Date Created:**  9/23/2004  **Deleted**

**Scenario Title:**  GC-MPC-0006: Dc: I: Consolidate Marine Corps Personnel at MCB Quantico

**Description:**

> Realign Marine Corps Support Activity (MCSA) Kansas City MO by consolidating Marine Corps Mobilization Command (MOBCOM) with the operational military personnel functions of Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico VA.

> ADDITIONAL INFO: M&RA (PERSCOM functions only) currently occupies ~ 128,693 SF; ~30,293 SF has been determined as available excess; scenario requires NO ADDITIONAL SF for the move of MOBCOM personnel functions to M&RA since they will fit into existing excess space.

> Space made available at MCSA Kansas City = 237,539 SF..

**Reason Scenario was deleted:**

> Deleted 30 Nov 04. Realignment of MOBCOM has been changed to be incorporated in another HSA/JCSG MAH scenario with Marine Corps Reserve Forces Command.
### Scenario #
HSA-0004

### Date Created:
9/23/2004

### Scenario Title:
GC-MPC-0009: DC: I: Consolidate/Co-locate Army & Air Force Personnel at Randolph AFB

### Description:
Realignment Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO, and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating HRC and co-locating with the consolidated Air Force military personnel functions from the Air Force Personnel Center (AFPC) and Air Reserve Personnel Center (ARPC) at Randolph Air Force Base TX.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (Millers functions) occupies ~250,031 SF; ~ 30,831 SF determined as available excess; scenario requires an additional ~748,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018

### Losing Bases
- Aberdeen (Aberdeen, MD) - Realignment
- Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Leased Space (Z, XX) - Realignment

### Losing Activities
- Army Civilian Human Resources Agency (CHRA) - Consolidate
- Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate
- Army Human Resources Command (HRC) St Louis - Consolidate
- Army Human Resources Command (HRC) Alexandria - Consolidate
- Army Human Resources Command (HRC) Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate

### Receiving Bases
- Randolph AFB (Universal City, TX) - Receive

### Activities being Received
- Air Force Personnel Center (AFPC) (only ARPC Consolidated -- Army HRC will be co-located)

Scenario Title: GC-MPC-0010: Dc: I: Consolidate/Co-locate All Military Personnel Centers at Ft Leavenworth

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; the military personnel functions from Air Force Personnel Center (AFPC) at Randolph Air Force Base TX and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO by consolidating all Active and Reserve Military Personnel Centers within each Service and co-locating all four Service Military Personnel Centers at Fort Leavenworth KS.

ADDITIONAL DATA:  Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu.  Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Leavenworth so no excess is available.  Scenario requires ~1,702,600 SF for incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated.  Space made available at NSA Millington = 337,766 SF.  Space made available at NSA New Orleans = 131,753 SF.  Space made available at MCB Quantico = 198,916 SF.  Space made available at Randolph AFB = 200,025.  Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

Scenario # | HSA-0006 | Date Created: 9/23/2004

Scenario Title: GC-MPC-0011: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Knox

Description:

Realignment of Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and re-locating to Fort Knox KY.

Realignment of Fort Monroe VA, by re-locating Army Accessions Command and Army Cadet Command and co-locating with the Army Enlisted Recruiting Command and the consolidated Army Human Resources Command (HRC) at Fort Knox KY.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Ft Knox so no excess is available. Existing Recruiting functions currently occupy ~213,231 SF and ~70,631 has been determined as excess. Scenario requires an additional ~667,569 SF for MilPers and Recruiting incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Monroe = 70,850 SF. Space made available at Aberdeen = (estimated) 33,000 SF.

Scenario # HSA-0007 Date Created: 9/23/2004

Scenario Title: GC-MPC-0012: Dc: I: Consolidate/Co-locate Navy Personnel and Recruiting at NSA Millington

Description:

Realignment of Naval Support Activity (NSA) New Orleans LA by consolidating the Naval Reserve Personnel Center (NAVRESPERSCEN) and the Enlisted Placement and Management Center (EPMAC) with Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN.

Realignment of Naval Support Activity (NSA) New Orleans LA by consolidating the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity New Orleans with the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity Mid-South Millington, TN. Co-locates with the consolidated Navy Personnel Command.

ADDITIONAL INFO: NAVPERSCOM currently occupies ~422,208 SF; ~27,008 SF has been determined as available excess. NAVCRUITCOM currently occupies ~69,930 SF with no calculated excess. Scenario requires an additional ~71,462 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

Space made available at NSA New Orleans = 142,737 SF.

Losing Bases

Naval Support Activity New Orleans (New Orleans, LA) - Realignment

Losing Activities

Navy Enlisted Placement & Management Qctivity (EPMAC) - Consolidate
Navy Recruiting Command (COMNAVCRUITCOM) - Consolidate

Update -15 Nov 04 (Corrected Scenario Title)

Realign the following 23 locations which host 21 of the DFAS Central and Field Operating Sites; disestablish DFAS Central and Field Sites located at:

(1) DFAS-Arlington, (Crystal Mall #3) 1851 South Bell Street, Arlington, VA 22240 (Headquarters, Corporate and Administrative Organizations, and Technology Services Organization)

(2) DFAS-Charleston, (Strom Thurmond Financial Complex, former Charleston Naval Station) 1545 Truxtun Avenue, Charleston, SC 29405 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(3) DFAS-Cleveland, (A.J. Celebrezze Federal Building) 1240 E. 9th Street, Cleveland, OH 44199 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(4) DFAS-Dayton, (Kettering City Business Park, former Gentile AFS) 1050 Forrer Blvd, Dayton, OH 45420 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(5) DFAS-Kansas City, (Bannister Federal Complex, Building 2) 1500 E. 95th Street, Kansas City, MO (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(6) DFAS-Lawton, (Ft Sill, Building 4705) 4700 Mow Way Road, Ft Sill, OK 73503 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services and Corporate and Administrative Organizations)

(7) DFAS-Lexington, (Bluegrass Station, Building 1) 5781 Briar Hill Road, Lexington, KY 40516 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(8) DFAS-Limestone, (former Loring AFB) 27 Arkansas Road, Suite 100, Limestone, ME 04751 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(9) DFAS-Norfolk, (Norfolk Naval Air Station, Building Z-133 and Norfolk Naval Shipyard, Building M32) 1837 Morris Street, Suite 1401, Norfolk VA 23511 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(10) DFAS-Oakland, (John Breuner Building) 2201 Broadway, 4th Floor, Oakland, CA 94612 (Accounting Services and Corporate and Administrative Organizations)

(11) DFAS-Omaha, (Offutt AFB, Building 500) P.O. Box 7010, Curtis E. LeMay Building, Bellevue, NE 68005 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(12) DFAS-Orlando, (former Naval Training Center-Orlando, Building 301) 2500 Leahy Avenue, Box 930100, Orlando, FL 32893 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(13) DFAS-Pacific Ford Island, (Ford Island Naval Base, Building 77) 477 Essex Street, Pearl Harbor, HI 96860 (Accounting Services, Commercial Pay Services, Corporate and Administrative Organizations)

(14) DFAS-Patuxent River, (Exploration Park) 22299 Exploration Park Dr, Suite 300, Lexington Park, MD 20653 (Technology Services Organization)

(15) DFAS-Pensacola NAS, (Pensacola Naval Air Station, Building 603) 130 West Avenue, Suite A, Pensacola, FL 32508 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(16) DFAS-Pensacola Saufley Field, (Pensacola Saufley Field, Building 801) 250 Raby Avenue, Pensacola, FL 32509 (Technology Services Organization)

(17) DFAS-Rock Island, (Rock Island Arsenal-Army, Building 68) Building 68, 1 Rock Island Arsenal (RIA), Rock Island, IL 61299 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(18) DFAS-Rome, (Former Griffis AFB) 325 Brooks Road, Rome, NY 13441 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(19) DFAS-San Antonio, (Southwestern Bell Company Towers) 500 McCullough Avenue, San Antonio, TX 78215 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(20) DFAS-San Bernardino, (Former Norton AFB) 1111 East Mill Street, San Bernardino, CA 92408 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(21) DFAS-San Diego, 4181 Ruffin Road, San Diego, CA 92123 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(22) DFAS-Seaside, (DoD Center of Monterey, Building 110) 400 Gigling Road, Seaside, CA 93955 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(23) DFAS-St Louis, (St Louis Federal Center, Building 110) 4300 Goodfellow Boulevard, St. Louis, MO 63120 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

Relocate and consolidate DFAS Business Line, Corporate and Administrative functions, except for contracted product line operations and locally required customer support/liaison staff, into the following 3 retained DFAS sites:

(1) DFAS-Columbus, (Defense Supply Center-Columbus, Buildings 10, 11 & 21) 3990 E Broad St, Building #21, Columbus, OH 43213 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 209,323 USF above Capacity Data Call (CDC) #1 reported assigned space. Defense Logistics Agency’s CDC response for Defense Supply Center indicated 383,200 USF vacant/available.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Columbus:

(2) DFAS-Denver, (Buckley AFB Annex, Buildings 444, 607 & 609, former Lowry AFB) 6760 E. Irvington Place, Denver, CO 80279 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
### Registered Scenarios

**As Of:** 12/30/2004

(a) **NOTE:** DFAS requires an additional 127,929 USF above CDC #1 reported assigned space. Departure of Air Reserve Personnel Center (ARPC) will free up 127,964 USF and enable completion of DFAS realignment to Buckley AFB Annex. Scenarios associated with the ARPC are HSA-0004, HSA-0005, and HSA-0008.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Denver: DFAS-Lawton, DFAS-Oakland, DFAS-Omaha, DFAS-Pacific (Ford Island), DFAS-Red River, DFAS-San Antonio, DFAS-San Bernardino, DFAS-San Diego, and DFAS-Seaside.

(3) DFAS-Indianapolis, (Bean Federal Center, former Ft Benjamin Harrison) 8899 E. 56th Street, Indianapolis, IN 46249 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) **NOTE:** DFAS requires an additional 26,697 USF above CDC #1 reported assigned space. Departure of Human Resource Command – Indianapolis (former EREC) will free up 76,740 USF and enable completion of DFAS realignment. Scenarios associated with the Human Resource Command – Indianapolis HSA-0004, HSA-0005, and HSA-0006.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Indianapolis: DFAS-Charleston, DFAS-Kansas City, DFAS-Lexington, DFAS-Orlando, DFAS-Pensacola NAS, DFAS-Pensacola Saufley Field, DFAS-Rock Island, and DFAS-St Louis.

Locations with potential retained customer support/liaison staff, contracted function(s), or which are deemed special purpose in nature include:

2. Other customer support/liaison staff locations TBD (i.e., DFAS-Seaside, Corporate and Administrative Organization-Internal Review Auditors for Defense Manpower Data Center)

3. LMIT-Retired & Annuitant Pay Contractor, DFAS-Cleveland, 1240 E 9th Street, Cleveland, OH 44199

4. Corporate and Administrative Organization-Contractor Support, Southbridge Hotel & Conference Center, 14 Mechanic Street, Southbridge, MA 01566

5. Technology Services Organization, DFAS-Cleveland Bratenahl, (Defense Contract Management Agency Hosted Installation) 555 E 88th St (Admiral Kidd Center), Bratenahl, OH 44108

6. DFAS-Red River, Texas Avenue, Texarkana, TX 75505 (Army Non-Appropriated Funds Accounting - Accounting Services and Technology Services Organization)

Justification/Impact proposed:

- Reduces footprint – Admin by 42% or 1,399,421 USF and Warehouse by 69% or 525,690 GSF.
- Implements merge/co-location personnel reduction (15%).
- Overall AT/FP enhancement – DFAS will be on a DoD installation or in Government leased space that meets DoD AT/FP standards.
- Service’s unit costs will go down.
- Gaining site expansion enabled by departure of specific military personnel organizations from Denver and Indianapolis.
- No requirement for renovation at gaining sites.
- Risk averse – Mitigates risk thru centralized, apportioned operations (each segment may serve as backup).
- Better Business Practice - Creates business line centers of excellence.
- Facilitates DFAS re-engineering for FY2011 organization.

### Registered Scenarios

**Scenario #**  HSA-0019  
**Date Created:**  9/30/2004  
**Scenario Title:** GC-CF-0003: [I] Transfer Level III Discharged Prisoners to Federal Bureau of Prisons

#### Description:

Realignment of Ft Leavenworth by transferring long-term (Level III) bed space to Federal Bureau of Prisons (FBOP). Increase number of long-term (Level III) beds with the Federal Bureau of Prisons for transfer from United States Disciplinary Barracks (USDB), Ft Leavenworth.

- Justification/Impact:
  - Current agreement with Federal Bureau of Prisons (FBOP) is insufficient.
  - Approximately 1/3 of long-term prisoners are fully adjudicated and discharged from the military.
  - Increase in FBOP support would open beds for shorter long-term prisoners at Level II facilities.
  - Discharged prisoners would be sent to federal system.
  - Promotes "Good order and discipline," by transferring prisoners who have committed the most serious of offenses and given long term or life sentences, away from general prison population.

- Potential Conflicts:
  - Cultural: "Cradle to grave" mentality. Military departments may wish to keep fully adjudicated and discharged prisoners as a way of the military "taking care" of its own.
  - Other: Cost.

### Losing Bases

Leavenworth (Fort Leavenworth, KS) -

### Losing Activities

United States Disciplinary Barracks - Other
Registered Scenarios

---|---|---

Scenario Title: GC-CF-0012: [I] Create a Single Northwestern Regional Correctional Facility

Description:

Realign Subase Bangor and Fort Lewis by disestablishing the correctional facility at Subase Bangor and relocating the mission to a single Level II joint regional correctional facility located at Fort Lewis.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Subase Bangor (Year built-1995)/(FY01 inmate count-42); Fort Lewis (Year built-1957)/(FY03 inmate count-206). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable land is available at Fort Lewis, questionable as to availability of land at Subase Bangor. New facility required at Fort Lewis.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

Losing Bases

Naval Submarine Base Bangor (Silverdale, WA) - Realignment

Receiving Bases

Lewis (Tacoma, WA) - Receive

Losing Activities

Waterfront Brig/Correctional Custody Unit Puget Sound - Consolidate

Activities being Received

Army Regional Correctional Facility

**Description:**

Realign MCAS Miramar, Edwards AFB, Kirtland AFB and Camp Pendleton by disestablishing the correctional facilities at Edwards AFB, Kirtland AFB and Camp Pendleton and relocating the mission to a single Level II joint regional correctional facility to be located at MCAS Miramar.

**Justification/Impact:**
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- MCAS Miramar (Year built-1989)/(FY03 inmate count-320); Edwards AFB (Year built-1950)/(FY03 inmate count-14); Kirtland AFB (Year built-1950)/(FY01 inmate count-16); Camp Pendleton (Year built-1972)/(FY02 inmate count-213). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ MCAS Miramar. Additional facility required.
- MCAS Miramar remains executive agent for Level III females.

**Potential Conflicts:**
- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON: Large Level I requirement as of 9/22/04 (60-pre-trial, 61-adjudged level I, 51-level II). Pretrial confinement is used intuitively by DON (cultural). USA and USAF don’t use pre-trial as often as DON.

### Losing Bases

- Edwards AFB (Rosamond, CA) - Realignment
- Kirtland AFB (Albuquerque, NM) - Realignment

### Losing Activities

- Edwards Confinement Facility - Consolidate
- Kirtland Confinement Facility - Consolidate

### Receiving Bases

Registered Scenarios

Scenario # HSA-0022  Date Created: 9/30/2004

Scenario Title: GC-CF-0014: [I] Create a Single Midwestern Regional Correctional Facility

Description:

Realignment Fort Leavenworth, Fort Knox, Fort Sill and Lackland AFB by disestablishing the correctional facilities at Fort Knox, Fort Sill and Lackland AFB and relocating the mission to a single Level III joint regional correctional facility to be located at the United States Disciplinary Barracks, USDB, Fort Leavenworth.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Fort Leavenworth (Year built-2001)/(FY03 inmate count-450); Fort Knox (Year built-1953)/(FY02 inmate count-156); Fort Sill (Year built-1977)/(FY03 inmate count-123); Lackland AFB (Year built-1996)/(FY02 inmate count-25). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ Fort Leavenworth. Additional bowties are required to be built.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

Losing Bases

Knox (Fort Knox, KY) - Realignment
Lackland AFB (San Antonio, TX) - Realignment
Sill (Fort Sill, OK) - Realignment

Receiving Bases

Leavenworth (Fort Leavenworth, KS) - Receive

Losing Activities

Army Regional Correctional Facility - Consolidate

Army Regional Correctional Facility - Consolidate

Activities being Received

United States Disciplinary Barracks
Scenario #: HSA-0023  
Date Created: 9/30/2004

Scenario Title: GC-CF-0015: Create a Single Mid-Atlantic Regional Correctional Facility

Description:
Realign Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correctional facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built-1972)/(FY02 inmate count-158); Marine Corps Base Quantico (Year built-1972)/(FY03 inmate count-46); Camp Lejeune (Year built-1969)/(FY02 inmate count-232). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Va.
- A 400 bed facility is required.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON concern of 4-hour commute to Hampton Roads and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

Reason Scenario was deleted:
Entered incorrect receiving location.
Scenario # | HSA-0024 | Date Created: | 9/30/2004

**Date Created:** 10/14/2004

**Scenario Title:** MAH-R&RC-0008: Co-locate National Guard HQs

**Description:**

Realignment of Arlington Army National Guard Readiness Center (ARNGRC) and National Guard HQs elements in Crystal City (NGB, ARNG and ANG) and co-locate with Air National Guard Readiness Center at Andrews AFB.

- Enables MAH-0015 to realign 14 leased locations by relocating components of USA Activities (Office of the Administrative Assistant of the Army, Army Audit Agency, ASA(F&M, I&E, M&R), CECOM, DUSA, G-1, 3, 8, OASA, OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, and USALSA.
- Enhances interoperability.
- Merge common support functions.
- Reduce leased space costs (~350,000 gsf).
- Reduce duplicative staffing.
- Enhances force protection.
- 59 administrative buildable acres available.
- Required maximum acreage: 33.
- Total personnel relocated: TBD. ANG on AAFB.
- NGB/AAFB negotiations initiated prior to BRAC.

**Scenario #**  
HSA-0036  
**Date Created:** 10/14/2004

**Scenario Title:**  
MAH-R&RC-0007: Co-locate Service Reserve Commands

**Description:**

Realignment Ft McPherson, GA, Robins AFB, GA and NSA New Orleans, LA, by co-locating the Service Reserve Commands of the Army, Air Force, Navy and Marine Corps, respectively, at Robins AFB, GA.

MPC-0001, 0010, 0012, COMCOM-0008, 0009 and USA 0112 enables the closure of NSA New Orleans and Ft McPherson by consolidating Human Resource Commands and Centers as well as relocating or co-locating FORSCOM from Ft McPherson.

Enhances Joint Service RC interoperability.

- Reduce footprints: 30.4k gsf (7% CS factor)
- Reduce lease space costs: USARC (58,369 gsf).
- Merge common support functions: 152 per. (7% CS factor).
- Reduce duplicative staffing.

Potential to close NSA New Orleans (MPC-0001, 0010, 0012) and Ft McPherson (COCOM-0008, 0009 and USA 0112).

Required maximum acreage: 36.

Total personnel relocated: 2,025.

Conflicted: Scenario conflicts with DoN-0068.

Deconflicted with HAS-0041 alternates, HAS-0094 and HSA-0120.

### Losing Bases

- McPherson (Atlanta, GA) - Realignment
- Naval Support Activity New Orleans (New Orleans, LA) - Realignment

### Losing Activities

- U.S. Army Reserve Command - Co-locate
- COMMARFORRES - Co-locate
- COMNAVRESFORCOM - Co-locate

### Receiving Bases

- Robins AFB (Warner Robins, GA) - Receive

### Activities being Received

- COMMARFORRES
- COMNAVRESFORCOM
- U.S. Army Reserve Command

**Date Created:** 10/15/2004

**Scenario Title:** MAH-MAH-0001 (Dc): Consolidate Defense Information Systems Agency (DISA) Components within DC Area

**Description:**

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Ft. Meade.

**Justification/Impact:**
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Scenario Title: | MAH-MAH-0034 (Alt to MAH-0001): Consolidate DISA Components outside of DC Area

Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Offutt Air Force Base.

Justification/Impact:
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Offutt AFB reports 26,986 GSF of vacant administrative space and sufficient land to accommodate 5.6 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Scenario #  HSA-0047  Date Created: 10/15/2004

Scenario Title: MAH-MAH 0004 (Dc): Co-locate Missile and Space Defense Agencies

Description:

Close 7 leased locations in the DC Area, close 10 leased locations in Huntsville, AL, realign 3 leased locations in the DC Area, realign Naval Support Activity Dahlgren, and facilitate disposal of Federal Office Building 2 by consolidating components of Missile Defense Agency (MDA) and co-locating with USA Space and Missile Defense Command Headquarters (SMDC), Naval Network and Space Operations Command (COMNAVNETSPAOFS), and existing offices of SMDC and MDA at Redstone Arsenal.

Justification/Impact:
- Encompasses 933,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 728,600 GSF.
- 17 leased locations can be closed: approx. 395,000 USF
- Affects 4,194 personnel, as currently reported. Scenario estimates a 14% personnel savings for MDA and SMDC as a result of consolidation, or 515 personnel, and a 7% personnel savings for the Navy activity as a result of co-location, or 36 positions.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations, e.g. MDA from at least 20 to 1, eliminates redundancy and enhances efficiency.
- Consolidation and co-location of large HQs facilitates possible consolidation of common support functions.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

**Scenario Title:** MAH-COCOMs-0002: [C:reference below for scenario conflicts] Co-Locate USARPAC with PACFLT and PACAF

**Description:**

Realignment Ft Shafter, HI by co-locating USARPAC with PACFLT and PACAF and co-locating IMA Region Pacific with Navy Region HI with the Naval Station Pearl Harbor/Hickam AFB, HI Geo-cluster

Co-locates three PACOM service component commands in the Geo-cluster which will reduce footprint, improve interoperability, and realize savings through shared common support functions.

Realize savings through the potential closure of Ft Shafter, HI.

128,569 GSF vacant admin space available at Naval Station Pearl.

Utilizing space standard, USARPAC requires 34,400 sq. ft.

Scenario conflicts: C: DoN-0036, DoN-0037, DoN-0042, H&SA-0096, IND-0022, and MED-0001

Directs DoN, H&SA, IND & MED to develop and analyze scenarios that do not use Naval Station Pearl Harbor facilities.

### Registered Scenarios

**Scenario #**  HSA-0052  **Date Created:** 10/15/2004

**Scenario Title:** MAH-MAH-0020: Relocate USA Space and Missile Defense Command (SMDC) Headquarters

**Description:**

- Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.

- **Justification/Impact:**
  - Eliminates 27,000 USF of leased space.
  - Enhances AT/FP.
  - Consolidation of HQs from multiple to single locations eliminates redundancy.
  - Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
  - SMDC has existing, large presence at Redstone Arsenal.
  - Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

**Reason Scenario was deleted:**

- Removed leased location in Huntsville, Alabama from scenario b/c determined SMDC no longer occupied. New scenario created.
Registered Scenarios

Scenario # HSA-0053  Date Created: 10/15/2004

Scenario Title: MAH-MAH-0022 (Dc): Co-locate Miscellaneous OSD and 4th Estate Leased Locations

Description:

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project at an administrative campus at the Engineering Proving Ground site at Ft. Belvoir.

Justification/Impact:
- Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
- Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space. Also eliminates one leased location in Georgia.
- 13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
- Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
- Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Fort Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Scenario # HSA-0056 Date Created: 10/15/2004
Scenario Title: MAH-MAH-0024 (I): Co-locate Miscellaneous USAF Leased Locations

Description:

Close 3 and realign 16 leased locations in the DC Area by co-locating components of the following USAF Activities at Andrews Air Force Base: SAF/SB, SAF/PA, SAF/IE, SAF/GC, SAF/FM, SAF/AQ, SAF/AG, SAF/AA, AF/CIO, AF/XO, AF/JA, AF/IL, AF/DP, and AF Personnel Operations.

Justification/Impact:
- Eliminates 195,000 USF of leased space within DC Area.
- 3 leased locations can be closed: 63,100 USF.
- Affects 908 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (AF/IL) as a result of co-location, or 47 positions.
- Computed space required at 200 GSF/person = 172,200 GSF.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Sufficient existing administrative space is expected to be available at Andrews AFB as a result of relocation of activities via other scenarios.

Scenario Title:

MAH-MAH-0025 (I): Co-locate Miscellaneous USN Leased Locations

Description:

Close 4 and realign 8 leased locations by relocating components of the following Navy Activities to the Washington Navy Yard/Anacostia Annex: NAVSSP, NAVIPO, OPNAV, NSMA, and SECNAV.

Justification/Impact:
- Eliminates approximately 360,000 USF of leased space within DC Area.
- Affects 1,491 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (NSMA) as a result of co-location, or 58 positions.
- Computed space required at 200 GSF/person = 286,600 GSF.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Sufficient existing administrative space is expected to be available at Washington Navy Yard/Anacostia Annex as a result of relocation of activities via other scenarios.

**Scenario Title:**  MAH-MAH-0008 (I): Co-locate Research Agencies and Defense Advanced Research Projects Agency (DARPA)  

**Description:**

Close 3 and realign 8 leased space locations in Arlington, Virginia by consolidating Naval Systems Management Activity (NSMA) leased locations and co-locating with Office of Naval Research, the Army Research Office (DC location only), and DARPA at Naval Support Activity Dahlgren.

Justification/Impact:
- Eliminates over 525,000 equiv. GSF of leased space within the DC Area in 11 locations. Computed space required at 200 GSF/person = 326,000 GSF.
- 3 leased locations can be closed: approx. 95,000 USF.
- Affects 1,800 personnel. Scenario estimates a 14% personnel savings for NSMA as a result of consolidation, or 93 positions, and a 7% personnel savings for the other activities as a result of co-location, or 79 positions.
- Enhances AT/FP.
- Naval Support Activity Dahlgren reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.

**Reason Scenario was deleted:**

Scenario is being passed to the Technical JCSCG.

Scenario #     HSA-0063     Date Created:     10/15/2004

Scenario Title:     MAH-MAH-0013 (I): Co-locate TRANSCOM Components

Description:

Realign Washington Navy Yard and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing SDDC offices at Ft. Eustis.

Justification/Impact:
- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 959 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 74 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 171,000 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Eustis reports no vacant administrative space and sufficient land to accommodate 6 million GSF of new administrative space.

Registered Scenarios

Scenario # | HSA-0068 | Date Created: | 10/15/2004 | Deleted
Scenario Title: | MAH-MAH-0021 (C): Consolidate Defense Logistics Agency (DLA)

Description:

Close 1 leased location in Alexandria, Virginia and realign 1 leased location in Arlington, Virginia occupied by components of DLA by consolidating with DLA HQ at Ft. Belvoir.

Justification/Impact:
- Eliminates 45,000 USF of leased space within the DC Area.
- Affects 390 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 55 positions.
- Space required is 67,000 GSF.
- Enhances AT/FP.
- Eliminates redundancy and duplication; increase efficiency by co-locating and consolidating with parent HQs.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space. Relocations out of McNamara Headquarters building should be sufficient to accommodate DLA.

Reason Scenario was deleted:

SDC indicates that space targeted for relocation is in use for a project/contract that ends in 9/06. As such, space requirement will terminate.
Scenario #       HSA-0069                  Date Created:   10/15/2004
Scenario Title: MAH-MAH-0015 (C): Co-locate Miscellaneous Army Leased Locations

Description:

- Realign 18 leased locations by relocating components of the following USA Activities to Arlington Hall, Aberdeen Proving Ground, and Ft. Belvoir: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&M), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.
- MAH-R&RC-0008 enables MAH-MAH-0015 by relocating the HQ Army National Guard from Arlington Hall to Andrews AFB.

Justification/Impact:
- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Arlington Hall has a capacity of 248,000 GSF; it is expected to be available due to the relocation of the Army National Guard HQ.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

**Scenario #** | HSA-0070  
---|---
**Date Created:** | 10/15/2004  
**Scenario Title:** | MAH-MAH-0011 (I): Co-locate MILDEP and DoD Medical Activities  

**Description:**

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at Walter Reed Army Medical Center (WRAMC): Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

**Justification/Impact:**
- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

Scenario # | HSA-0071  
Date Created: | 10/15/2004  
Scenario Title: | MAH-MAH-0012 (Dc): Create New Agency for Media and Publications  
Description:

- Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the Defense Information School and the new DoD Media Activity at Ft. Meade.

Justification/Impact:
- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

Scenario #  HSA-0072  Date Created:  10/15/2004
Scenario Title:  GC-DA-0003: [I] [Alt to HSA-0095] Consolidate DSS/CIFA At Fort Meade, MD (12 Oct 04)

Description:
Realign leased space in Arlington and Alexandria, VA; Columbus, OH; Smyrna, GA, Long Beach, CA; Elkridge and Linthicum, MD, and Colorado Springs, CO, by disestablishing Defense Security Service and Defense Counterintelligence Field Activity (CIFA) and consolidating functions under a newly-created organization, e.g., DoD Counterintelligence and Security Agency, and relocating them to a new facility to be built on 526 acres of available administrative space at Fort Meade, MD. This is an HSA and Intel collaborative scenario; the HSA JCSG is Office of Primary Responsibility, Intel JCSG is the Office of Collatoral Responsibility. This is an alternate scenario to HSA-0095, which places this organization at Wright Patterson AFB, OH.

Losing Bases

CIFA - Joint Training Academy (Elridge, MD) - Realignment

Registered Scenarios

Scenario #  HSA-0073  Date Created:  10/15/2004  Deleted

Scenario Title:  GC-DA-0002: Consolidate NCR Force Protection (Management Oversight Only) (14 Oct 04)

Description:

Realign Bolling AFB, DC; Andrews AFB, MD; Fort Myer, VA; Fort McNair, DC; Fort Belvoir, VA; Walter Reed Army Medical Center, MD; Henderson Hall, VA; Marine Corps Barracks, DC; Arlington Service Center, VA; Anacostia Annex, DC; National Naval Medical Center Bethesda, MD; Naval Support Activity, Carderock, MD; Naval Research Laboratory, DC; Potomac Annex, DC; Washington Navy Yard, DC; and leased space in Alexandria, Annandale, Arlington, Falls Church, Herndon, Manassas, and Springfield, VA; Washington DC; and Bethesda, Columbia, Germantown, and Silver Spring, MD, by transferring responsibility for Anti-Terrorism Program; Chemical, Biological, Radiological, Nuclear and High-Yield Explosives Program; Physical Security Program; Law Enforcement and Security Force Program; and Operations Security Program capabilities at the 11th Wing; 89th Airlift Wing; Fort Myer Military Community; Fort Belvoir; Walter Reed Army Medical Center; Headquarters, U.S. Marine Corps, Henderson Hall, the Marine Corps Barracks; Naval District of Washington and all of its subordinate installations within the statutory National Capital Region (NCR); American Forces Information Service; Defense Advanced Research Projects Agency; Defense Contract Audit Agency; Defense Contract Management Agency; Defense Commissary Agency; Department of Defense Counterintelligence Field Activity; Defense Finance and Accounting Service; Department of Defense Human Resources Activity; Defense Information Systems Agency; Defense Intelligence Agency; Defense Legal Services Agency; National Geospatial-Intelligence Agency; Defense Logistics Agency; Department of Defense Education Activity; Defense POW and Missing Persons Office; Defense Security Cooperation Agency; Defense Security Service; Defense Threat Reduction Agency; Defense Technology Security Administration; Office of the Secretary of Defense (all components); Joint Chiefs of Staff; Missile Defense Agency; Office of Economic Adjustment; TRICARE Management Activity; and the Pentagon Force Protection Agency to Joint Force Headquarters-NCR, U.S. Northern Command, Fort McNair, Washington, DC. NOTE: This scenario does not involve addition/deletion of manpower, change footprint, or create a true realignment. It places responsibility for these programs under a single management headquarters, whereas today they are loosely bound only by policy.

Reason Scenario was deleted:

HSA JCSG board deleted this scenario, 2 Nov 04. Rationale: no BRAC footprint or manpower savings envisioned.
### Registered Scenarios

**Scenario #**: HSA-0074

**Date Created**: 10/20/2004

**Scenario Title**: GC-MPC-0014: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Sam Houston

**Description**:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and re-locating to Fort Sam Houston TX.

Realign Fort Monroe VA and Ft Knox KY by re-locating Army Accessions Command, Army Cadet Command and Army Enlisted Recruiting and co-locating all with the consolidated Army Human Resources Command (HRC) at Fort Sam Houston TX.

ADDITIONAL INFO: No existing Mil Pers or Recruiting function at Ft Sam, so no excess space identified. Scenario requires ~880,800 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Monroe = 70,850 SF. Space made available at Ft Knox = 267,231 SF.

### Losing Bases

- Aberdeen (Aberdeen, MD) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Knox (Fort Knox, KY) - Realignment
- Leased Space (Z, XX) - Realignment
- Monroe (Hampton, VA) - Realignment

### Losing Activities

- Civilian Human Resources Agency (CHRA) - Consolidate
- Human Resources Command-St Louis - Consolidate
- Human Resources Command-Alexandria - Consolidate
- US Army Recruiting Command - Co-locate
- Human Resources Command-Indianapolis 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate
- Army Accessions Command - Co-locate
- Army Cadet Command - Co-locate

### Receiving Bases

- Sam Houston (San Antonio, TX) - Receive

### Activities being Received

- Accessions Command
- New Army Human Resources Center (Personnel)
### Registered Scenarios

**Scenario #**  
HSA-0075  
**Date Created:** 10/20/2004

**Scenario Title:** GC-IM-0018 Establish Joint Base Monmouth/Earle Colts Neck

**Description:**
Realign WPNSTA Earle Colts Neck by transferring the installation management functions/responsibilities to Ft. Monmouth and establish Joint Base Monmouth/Earle Colts Neck. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

### Registered Scenarios

**Scenario #**  | HSA-0076  | **Date Created:**  | 10/21/2004  

**Scenario Title:** MAH-MAH-0007 (Dc): Co-locate MILDEP Investigation Agencies

**Description:**

- **Justification/Impact:**
  - Frees up 510,000 GSF close to Pentagon for other uses.
  - Affects 2,293 personnel, as currently reported.
  - Co-location of organizations facilitates possible consolidation of common support functions; applied a 10% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 141 positions.
  - Computed space required at 200 GSF/person = 430,000 GSF.
  - Navy NCIS needs upgraded HQ facility.
  - Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
  - Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.

### Losing Bases

- Andrews AFB (Camp Springs, MD) - Realignment
- Belvoir (Fort Belvoir, VA) - Realignment
- Washington Navy Yard (Washington, DC) - Realignment

### Receiving Bases

- Meade (Fort George G Meade, MD) - Receive

### Losing Activities

- AFOSI - Co-locate
- USA Criminal Investigation Command - Co-locate
- NCIS - Co-locate

### Activities being Received

- AFOSI
- NCIS
- USA Criminal Investigation Command
### Registered Scenarios

**Scenario #**: HSA-0077  
**Date Created**: 10/21/2004

**Scenario Title**: MAH-MAH-0009 (DC): Consolidate/Co-locate Installation Management Agencies and Army Service Providers

**Description**:

- Realignment 1 leased location in Arlington, Virginia by relocating USA Installation Management Agency (IMA) to Ft. Lee.
- Realignment 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at Ft. Lee.
- Realignment Rock Island Arsenal by consolidating IMA regional office with existing office at Ft. Sam Houston, forming IMA Western Region.
- Realignment 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at Ft. Lee.
- Realignment Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at Ft. Sam Houston.
- Realignment Rock Island Arsenal by consolidating NETCOM regional office with existing office to form NETCOM Western Region at Ft. Sam Houston.

**Justification/Impact**:
- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.
- Ft. Sam Houston reports 88,945 GSF of vacant administrative space and sufficient land to accommodate nearly 11 million GSF of new administrative space.

Scenario #  HSA-0078  Date Created:  10/21/2004
Scenario Title:  MAH-MAH-0028 (Dc): Consolidate NAVAIR Leased Locations

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to NAS Paxtuxent River.

Justification/Impact:
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- NAS Patuxent River reports 20,809 GSF of vacant administrative space and sufficient land to accommodate over 4 million GSF of new administrative space.

**Date Created:** 10/21/2004  
**Deleted**

**Scenario Title:** MAH-MAH-0031 (U): Relocate Department of Defense Education Activity (DoDEA)

### Description:

Realignment one leased location in Arlington, Virginia and close one leased location in Peachtree City, Georgia by consolidating DODEA at Location TBD(Base X).

- **Justification/Impact:**
  - Eliminates nearly 110,000 USF of leased space.
  - Affects 471 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
  - Space required is 81,000 GSF (may be reduced if Civilian Personnel activity is removed)
  - Enhances AT/FP.
  - Consolidation of HQs from multiple to single locations eliminates redundancy and enhances efficiency

### Reason Scenario was deleted:

Scenario is being combined with HSA 0053 and its alternate: HSA 0106
Registered Scenarios

Scenario #  HSA-0080   Date Created:  10/21/2004

Scenario Title:  MOB-MOB-0006: Joint Mobilization Sites: Bliss, Campbell, Dix, Lewis, McCoy, Sill, Shelby, Atterbury,

Description:

Realignment Gowen Field, Ft Knox, Ft Jackson, Ft Lee, Ft Huachuca, APG, Ft Rucker, Ft Eustis, Bangor NSB, Groton NSB, McGuire AFB and McChord AFB mob processing operations.

Transfer/Consolidate into newly established Joint Mob/reserve training center sites at Ft Bliss, Ft Dix, Ft Lewis, Ft McCoy, Ft Sill, Ft Leonard Wood, Ft Campbell, Camp Shelby, and Camp Atterbury.

Justification/Impact

- Army G-3 proposed primary mobilization sites.
- Joint Mob Processing Sites would enhance deployment capabilities for all services.
- Buildable acres, training acres and unconstrained acres are available for expansion.
- Billeting available for personnel along with dining, medical, storage infrastructure available.
- A large number of training ranges available for unit maneuver and individual qualification.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
Eustis (Fort Eustis, VA) - Realignment
Huachuca (Fort Huachuca, AZ) - Realignment

**Scenario #**: HSA-0081  
**Date Created**: 10/21/2004

**Scenario Title**: MAH-MAH-0020 (Dc): Relocate USA Space and Missile Defense Command (SMDC) Headquarters (Revised)

**Description:**

- Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.
- **Justification/Impact:**
  - Eliminates 27,000 USF of leased space.
  - Enhances AT/FP.
  - Consolidation of HQs from multiple to single locations eliminates redundancy.
  - Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
  - SMDC has existing, large presence at Redstone Arsenal.
  - Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

**Losing Bases**

- Crystal Mall 4; Arlington; VA (Arlington, VA) - Realignment
- Crystal Square 2; Arlington; VA (Arlington, VA) - Realignment

**Receiving Bases**

- Redstone (Huntsville, AL) - Receive

### Registered Scenarios

**Scenario #**  HSA-0082  
**Date Created:**  10/21/2004  
**Scenario Title:**  GC-CF-0015: [I] Create a Single Mid-Atlantic Joint Regional Correctional Facility  

**Description:**

Realign Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correction facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

**Justification/Impact:**
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built-1972)/(FY02 inmate count-158); Marine Corps Base Quantico (Year built-1972)/(FY03 inmate count-46); Camp Lejeune (Year built-1969)/(FY02 inmate count-232); Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Virginia.
- A 400 bed facility required.

**Potential Conflicts:**
- Cultural: Fewer DoD-level correctional facilities amongst military departments
- DON concern of 4-hour commute to Hampton Roads South and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

### Losing Bases

- Marine Corps Base Camp Lejeune (Camp Lejeune, NC) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Naval Station Norfolk (Norfolk, VA) - Realignment

### Losing Activities

### Receiving Bases

- Naval Security Group Activity Detachment (Chesapeake, VA) - Receive

### Activities being Received

- Naval Security Group Activity Chesapeake
Scenario # | HSA-0083 | Date Created: | 10/22/2004
--- | --- | --- | ---
Scenario Title: | MAH–COCOMs–0006: Relocate JFCOM
Description:

Realign Naval Station Norfolk, and JFCOM leased facilities in Suffolk, VA by relocating JFCOM HQ, and JFCOM leased facilities in Suffolk, VA to Ft. Eustis/Story, VA.

Merge common support functions.
Eliminates leased space/cost for 619,030 GSF.
427 Administrative Buildable acres at Ft. Eustis. 173 Undetermined Buildable acres at Ft. Story, VA.
MILCON required.

Losing Bases
- JFCOM Leased Facilities (Suffolk, VA) - Realignment
- Monroe (Hampton, VA) - Realignment
- Naval Station Norfolk (Norfolk, VA) - Realignment

Receiving Bases
- Story (Virginia Beach, VA) - Receive

Losing Activities
- JFCOM Leased Facilities - Relocate
- TRADOC HQ - Relocate
- JFCOM HQ - Relocate

Activities being Received
- JFCOM HQ
- JFCOM Leased Facilities
- TRADOC HQ
### Registered Scenarios

**Scenario #**  HSA-0084  
**Date Created:**  10/27/2004

**Scenario Title:** MOB-MOB-0009: Joint Mobilization Site Huachuca

**Description:**
Realign Ft Bliss by consolidating mobilization processing operations at a newly established joint mobilization processing center at Ft Huachuca.

Justification/Impact
- 7 locations for transport within 100 miles.
- 255 buildable acres, 46,871 training acres and 47,636 unconstrained acres.
- Billeting available for 564 personnel along with dining, medical, storage infrastructure available.
- 4 different training ranges available for unit maneuver and individual qualification.

### Losing Bases
- Bliss (El Paso, TX) - Realignment

### Losing Activities
- Mobilization-Bliss - Consolidate

### Receiving Bases
- Huachuca (Fort Huachuca, AZ) - Receive

### Activities being Received
- Mobilization-Huachuca
Scenario # | HSA-0085 | Date Created: | 10/28/2004
Scenario Title: | MAH-R&RC-0001: Co-locate Air Force Reserve Recruiting Service (26 Oct 04)

Description:
Realigned leased space in Warner-Robins, GA. By co-locating Air Force Reserve Recruiting Service (RC) with Air Force Recruiting Service (AC) at Randolph AFB, TX.

Enhances Service AC/RC interoperability.

Merge common support functions: 7 per (7% CS factor).

Reduce footprint: 1.4k gsf (7% CS factor).

Administrative buildable acres at Randolph AFB: 106.

Required maximum acres at Randolph AFB: 1.2

GSF vacant admin space available at Randolph AFB: 0.

Total personnel relocated: 96

Conflicted: Per AF, Conflicts with HAS-0002, 0004, 0008, 0029, 0030, 0031, 0111 & USAF-0030. No alternate is presented.

Reason Scenario was deleted:
Deleted at HS&A JCSG deliberative session on 10 Dec 04. Activity relocation included in HS&A-0008
Scenario #  HSA-0086  Date Created:  10/28/2004

Scenario Title:  MAH-R&RC-0002: Relocate Army Accessions Command & Cadet Command

Description:

Realign Ft Monroe, VA by relocating Army Accessions Command and Cadet Command and co-locating with the Army Recruiting Command at Ft Knox, KY.
COCOM 0003, 0006 and USA 0113 enable the potential closure of Ft Monroe, VA by co-locating TRADOC at either Ft Story or Eustis, VA.
Enhances Service recruiting interoperability.
Merge common support functions.
Reduce staff: 15 per/3k gsf (7% CS factor).
Potential to close Ft Monroe (COCOM-0003, 0006, USA 0113).
Administrative buildable acres at Ft Knox: 183.
Required maximum acres at Ft Knox: 6.3.
Vacant administrative space available: 72k gsf.
Total personnel relocated: 440.

Conflicted: This scenario conflicts with H&SA-0006 & 0086; USA-0003, 0067, 0068 & 0121.
Deconflicted by HSA-0074.

Reason Scenario was deleted:

Scenario deleted per decision at 10 Dec 04 deliberative HS&A JCSG. Activity included in HS&A 0006.

<tr>
<td>Scenario Title:</td>
<td>MAH-R&amp;RC-0017: Relocate NAVCRUITCOM (NSA NOLA)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realign NSA New Orleans, LA by merging through relocating NAVCRUITCOM (NSA New Orleans office) with NAVCRUITCOM at NSA Millington, TN.

MPC-0001, 0010, 0012 enable the closure of NSA New Orleans by relocating Naval Reserve Personnel Center and Enlisted Placement & Management Center at either San Antonio, TX mega-center, Ft Leavenworth, TX or NSA Millington, TN, respectively.

R&RC-0007, 0016 and 0018 enable the closure of NSA New Orleans by co-locating Naval Reserve Command to either NSA Norfolk or NAB Little Creek and Marine Corps Reserve Command to MCB Quantico.

Enhances Service recruiting interoperability.

Merge common support functions.

Reduce staff: 27 per 5.4k gsf (14% CS factor).

Potential to close NSA New Orleans (MPC-0001, 0010, 0012 and R&RC-0007, 0016, 0018).

Administrative buildable acres at Millington: 64.4.

Required maximum acres at Millington: 2.3.

Vacant administrative space at Millington: 0.

Total personnel relocated: 168.

**Reason Scenario was deleted:**

Deleted per 10 Dec 04 HS&A JCSG deliberative session. Activity included in HS&A-0007.

Scenario # HSA-0089  Date Created: 10/28/2004

Scenario Title: MAH-MAH-0036 (Dc): Consolidate Defense Information Systems Agency (DISA) within DC Area - Alternate

Description:

Close 5 leased locations and realign 4 leased locations and Arlington Service Center (Navy) by consolidating components of DISA at Ft. Belvoir.

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Losing Bases

5600 Columbia Pike, Falls Church, VA (Falls Church, VA) - Close
Arlington Service Center (Arlington, VA) - Realignment
Crystal Gateway 3; Arlington; VA (Arlington, VA) - Realignment

**Date Created:** | 10/28/2004

**Scenario Title:** MAH-MAH-0037(Dc): Consol. Defense Information Systems Agency (DISA) Components outside of DC Area

**Description:**

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Peterson Air Force Base.

**Justification/Impact:**
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Peterson AFB reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

**Date Created:** | 10/28/2004  
**Scenario Title:** | MAH-MAH-0038: Relocate Army Materiel Command(AMC)-Alternate  

**Description:**

Realign Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Ft. Lee.

Justification/Impact:
- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.

**Reason Scenario was deleted:**

Scenario Title:  MAH-MAH-0040 (Alt to MAH-0018): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realign 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Ft. Belvoir.

Justification/Impact:
- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at $3.3M annually (FY04 cost).
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Scenario Title: GC-DA-0004:[I] [Alt to HSA-0072] Consolidate DSS/CIFA At Wright Patterson AFB, OH (26 Oct 04)

Description:
Realignment of leased space in Alexandria and Arlington, VA; Columbus, OH; Smyrna, GA; Long Beach, CA; Elkridge and Linthicum, MD; and Colorado Springs, CO, by disestablishing Defense Security Service (DSS) and Defense Counterintelligence Field Activity (CIFA) and consolidating functions in a new facility to be built on 120 admin buildable acres or 82 undetermined acres, or in 182,000 USF of admin space available at Wright Patterson AFB, OH, under a newly-created organization, e.g., DoD Counterintelligence and Security Agency. This is an HSA and Intel collaborative scenario; HSA JCSG is the Office of Primary Responsibility, the Intel JCSG is the Office of Collatoral Responsibility. This is an alternate scenario to HSA-0072, which places this new organization at Ft Meade, MD.

Scenario #   HSA-0098  Date Created:  10/29/2004
Scenario Title:  GC-DA-0005: Collocate Defense/MILDEP Adjudication Activities at Wright Patterson AFB, OH (26 Oct 04)
Description:

Realign Bolling AFB, Washington Navy Yard, the Pentagon, and Fort Meade, MD; and leased space in Arlington, VA, and Columbus, OH, by collocating MILDEP, Office of the Secretary of Defense, Department of Defense agency/activity security clearance adjudication activities in a new facility to be built at Wright-Patterson AFB, OH. This is an HSA and Intel collaborative scenario; the HSA JCSG is the Office of Primary Responsibility, the Intel JCSG is the Office of Collatoral Responsibility. This scenario enables HSA-0095; it creates a security clearance investigation/adjudication Center of Excellence at Wright Patterson AFB, OH.

**Scenario Title:** GC-DA-0006: [I] Consolidate DSS Academy and Joint CI Training Academy At Ft Meade, MD (26 Oct 04)

**Description:**
Realigned leased space in Elkridge and Linthicum, MD, by consolidating Defense Security Service Academy and the Joint Counterintelligence Training Academy at Fort Meade, MD. This is an alternate scenario to HSA-0095, which consolidates all DSS/CIFA activities at Wright Patterson AFB, OH. This is an HSA and Intel collaborative scenario; the HSA JCSG is the Office of Primary Responsibility, the Intel JCSG the Office of Collateral Responsibility.

Scenario #  HSA-0101  Date Created:  11/4/2004
Scenario Title:  MAH–COCOMs–0011: Realign SOUTHCOM HQ
Description:
Realign SOUTHCOM HQ by purchasing SOUTHCOM HQ’s leased facility and land in Miami, FL.
Reduces leased space/costs for 239,714 GSF.
Enhances AT/FP.
In addition to utilizing main HQ building, MILCON will be required in order to move personnel (372) from satellite facilities onto main campus.

Scenario #: HSA-0103  Date Created: 11/4/2004

Scenario Title: MAH-MAH-0044 (Alt to MAH-0028): Consolidate NAVAIR

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to a single, AT/FP compliant leased location.

Justification/Impact:
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- The exact location of new, leased space is determined by a competitive bidding procurement process.

**Scenario #** HSA-0104  **Date Created:** 11/4/2004

**Scenario Title:** MAH-MAH-0045 (Alt to MAH-0012): Create New Agency for Media and Publications

**Description:**

Realignment Fort Belvoir, Anacostia Annex, 2 leased locations in Alexandria, VA, 1 leased location in Norfolk, VA, and 1 leased location in San Antonio, TX by consolidating Army Broadcasting Service, Soldiers Radio & TV; Soldiers Magazine, Air Force News Agency, Army/Air Force Hometown News Service; Naval Media Center; and Navy's Fleet Hometown News into a newly created DoD Media Activity at Lackland Air Force Base.

Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the new DoD Media Activity at Lackland Air Force Base.

**Justification/Impact:**

- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Lackland AFB reports no vacant administrative space and sufficient land to accommodate 1.76 million GSF of new administrative space.

Scenario # HSA-0105  Date Created: 11/4/2004
Scenario Title: MAH-MAH-0046 (Alt to MAH-0020): Relocate USA Space and Missile Defense Command (SMDC) Headquarters

Description:

Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Peterson Air Force Base.

Justification/Impact:
- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Peterson AFB.
- Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

Losing Bases

Registered Scenarios

<table>
<thead>
<tr>
<th>Scenario #</th>
<th>Date Created</th>
<th>Scenario Title</th>
</tr>
</thead>
</table>

**Description:**

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project to an administrative campus at Walter Reed Army Medical Center (WRAMC).

Justification/Impact:

- Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
- Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space.
- 13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
- Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
- Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

Scenario # HSA-0107 Date Created: 10/21/2004

Scenario Title: MAH-MAH-0042 (Alt to MAH-0009): Consolidate/Co-locate Inst Mgmt Agencies and Army Service Providers

Description:

- Realign 1 leased location in Arlington, Virginia by re-locating USA Installation Management Agency (IMA) to Aberdeen Proving Ground (APG).
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at APG.
- Realign Ft. McPherson and Ft. Monroe by consolidating regional offices of IMA with new IMA HQ at APG, forming an IMA Eastern Region.
- Realign Ft. Sam Houston by consolidating IMA regional office with existing office at Rock Island Arsenal (RIA), forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army IMA HQ and regional offices to form IMA Eastern Region at APG.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at RIA.
- Realign 1 leased location in Arlington, Virginia, Ft. Monroe, and Ft. McPherson by consolidating USA NETCOM HQ and regional offices to form NETCOM Eastern Region at APG.
- Realign Ft. Sam Houston by consolidating NETCOM regional office with existing office to form NETCOM Western Region at RIA.

Justification/Impact:

- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.
- Rock Island Arsenal – Capacity TBD.

- Randolph AFB (Universal City, TX) - Receive

### Activities being Received

- Air Force Personnel Center
Scenario Title: MAH-MAH-0037(Alt): Consol. Defense Information Systems Agency (DISA) Components outside of DC Area

Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Schriever Air Force Base.

Justification/Impact:
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Complements 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

NOTE: It is anticipated that this scenario will be further refined to be either Peterson AFB or Schriever AFB or parts of DISA at each installation.

Losing Bases

5600 Columbia Pike, Falls Church, VA (Falls Church, VA) - Close
Arlington Service Center (Arlington, VA) - Realignment
Belvoir (Fort Belvoir, VA) - Realignment
Crystal Gateway 3; Arlington, VA (Arlington, VA) - Realignment

Scenario Title: MAH-MAH-0048 (Alt to MAH-0013): Co-locate TRANSCOM Components

Description:

Realign Washington Navy Yard, Ft. Eustis, and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing TRANSCOM Components at Scott Air Force Base.

Justification/Impact:
- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 1,661 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 172 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 291,800 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Scott AFB reports no vacant administrative space and sufficient land to accommodate 1.86 million GSF of new administrative space.

Losing Bases

Eustis (Fort Eustis, VA) - Realignment
Hoffman 2; Alexandria; VA (Alexandria, VA) - Realignment
Washington Navy Yard (Washington, DC) - Realignment

Receiving Bases

Scott AFB (Belleville, IL) - Receive

Losing Activities

## Registered Scenarios

**Scenario #** HSA-0115  
**Date Created:** 11/17/2004

**Scenario Title:** MAH-MAH-0049 (Alt to MAH-0011): Co-locate MILDEP and DoD Medical Activities

**Description:**

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at the National Naval Medical Center in Bethesda: Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

**Justification/Impact:**
- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.

- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at NNMC as a result of other BRAC actions.

### Losing Bases

- **Bolling AFB** (Washington, DC) - Realignment
- **Forest Glen Annex 172; Washington; DC** (Washington, DC) - Realignment
- **Hoffman 2; Alexandria; VA** (Alexandria, VA) - Realignment

**Date Created:** | 11/17/2004  
**Scenario Title:** | MAH-MAH-0050 (Alt to MAH-0030): Relocate DCMA HQ  
**Description:**

Close 1 leased space location in Springfield, VA and relocate DCMA Headquarters to USA Carlisle Barracks.  
Justification/Impact:  
- Eliminates over 80,000 USF of leased space within DC Area.  
- Enhances AT/FP.  
- Space required is 100,200 GSF.  
- Space is expected to become available at Carlisle Barracks as a result of other BRAC actions.

Scenario #  HSA-0117  Date Created:  11/24/2004

Scenario Title:  MAH-MAH-0052 (Alt to MAH-0002): Consolidate Missile Defense Agency (MDA) within DC Area

Description:

Realign 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Belvoir.

Justification/Impact:
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

**Scenario #**: HSA-0118  
**Date Created**: 11/24/2004

**Scenario Title**: MAH-MAH-0051(Alt to MAH-0015)): Co-locate Miscellaneous Army Leased Locations

**Description**:

Realign 18 leased locations by relocating components of the following USA Activities to Ft. McNair: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&MC), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.

Justification/Impact:
- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Space may become available at Ft. McNair as a result of other BRAC actions; there is no available administrative space or land at this time.

### Registered Scenarios

**Scenario #** HSA-0120  
**Date Created:** 11/26/2004  
**Scenario Title:** MAH-R&RC-0019 [Dc, E]; Relocate Marine Corps Reserve Command  

#### Description:

Realign NSA New Orleans, LA by co-locating Marine Corps Reserve Command to JRB New Orleans, LA.

- Justification/Impact:
  - Maintains Joint Service interoperability.
  - Merge common support functions.
  - Administrative buildable acres at JRB NAS NOLA: 30.0.
  - Undetermined available acres at JRB NAS NOLA: 284.
  - Required maximum acre: 11.8.
  - Total personnel relocated: 824

- MPC-0001, 0008, 0010, 0012 enable the closure of NSA New Orleans by relocating NAVRESPERCEN and EPMC at either San Antonio, TX mega-center, Ft Leavenworth, KS or NSA Millington, respectively.
- R&RC-0016, 0017, 0018 enable the closure of NSA New Orleans by relocating NAVRESCOM AND navrescritcom TO nsa Norfolk or NAB Little Creek, VA and NSA Millington, TN, respectively.

This scenario deconflicts HSA-0094.

Scenario #: IND-0003  Date Created: 9/29/2004

Scenario Title: SR-1; Consolidates I-Level Ship Maintenance Work

Description:

This scenario consolidates intermediate-level ship maintenance, specifically:
- Realigns and consolidates intermediate workload at Norfolk Naval Shipyard. SIMA Norfolk would be closed and Norfolk Naval Shipyard would assume the intermediate workload. Assumes all SSNs from Norfolk would change homeport to Subase, New London. Intermediate submarine work at SIMA Norfolk would be realigned to NAVSUBSUPPFAC NEW LONDON. Consolidates intermediate-level ship maintenance in the San Diego region with the new Southwest Navy Regional Maintenance Center. Assumes a DON scenario closes NAVSTA Pascagoula and decommissions or moves the homeported ships. This scenario disestablishes SIMA Pascagoula.

Scenario #  | IND-0004  
Scenario Title: | SR-2; Consolidates I-Level Ship Maintenance Work  
Date Created: | 9/29/2004  

**Description:**
This scenario consolidates intermediate-level ship maintenance, specifically:
Realigns and consolidates intermediate workload at Norfolk Naval Shipyard. SIMA Norfolk would be closed and Norfolk Naval Shipyard would assume the intermediate workload. Assumes all SSNs from Norfolk would change homeport to SUBBASE, Kings Bay. Intermediate submarine work at SIMA Norfolk would be realigned to TRIREFFAC Kings Bay. Consolidates intermediate-level ship maintenance in the San Diego region with the new Southwest Navy Regional Maintenance Center. Assumes a DON scenario closes NAVSTA Pascagoula and decommissions or moves the homeported ships. This scenario disestablishes SIMA Pascagoula.

Scenario #  IND-0005  Date Created:  10/8/2004  Deleted
Scenario Title:  Scenario MA-2

Description:
Preserve and optimize storage and distribution capability while minimizing excess capacity by retaining the storage and distribution capability at the following sites: Crane AAA, Iowa AAP, Lake City AAP, McAlester AAP, Milan AAP, Pine Bluff AAP, Radford AAP, Blue Grass AD, and Tooele AD and closing the storage and distribution capabilities at the following sites: Anniston, Kansas, Letterkenny, Louisiana, Red River, Hawthorne, Lone Star and Sierra.

Reason Scenario was deleted:
Changes have been made to activities
### Registered Scenarios

**Scenario #** | IND-0006 | **Date Created:** | 10/8/2004

**Scenario Title:** SR-3; Moves I-Level Carrier Work Fm Norfolk To PH & D-Level Sub Work Fm PH NSY To Other 3 NSYs

**Description:**

This scenario assumes a DON scenario which moves a CVN Strike Group from Norfolk to Hawaii. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also realigns maintenance of Army watercraft stationed in Hawaii to Pearl Harbor NSY&IMF.

### Losing Bases

- Naval Station Norfolk (Norfolk, VA) - Realignment
- Naval Station Pearl Harbor (Pearl Harbor, HI) - Realignment

### Losing Activities

**Description:**

Retain core capability at Rock Island Arsenal, close Lima Tank Plant and leaseback Watervliet Arsenal.

**Reason Scenario was deleted:**

Changes have been made to activities
**Scenario #**  IND-0008  **Date Created:**  10/15/2004  **Deleted**

**Scenario Title:** Scenario MX-1; Derivative 1

**Description:**

Aviation Workload (NADEP-CP/NI/JAX, ALC-OC/OO/WR) preferring 2 or 3 sites for each area: Fighter Attack, Other Aircraft, Cargo/Tanker; Rotary Workload (CCAD, NADEP-CP) to 1 site; Ground Workload (Vehicles: Tracked, Wheeled, Amphibious) 7 locations (ANAD, RRAD, TYAD, RIAA, LEAD, MCLBA, MCLBB) preferring 2 or 3 sites; Components-Commodities (e.g., landing gear, electronics, etc) at various locations preferring 2 or 3 sites per commodity. This scenario is based on using workload and expanded total capacity with 1.5 shifts.

**Reason Scenario was deleted:**

A new scenario was created in order to comply with DAS direction to refine and identify losers and gainers.
**Registered Scenarios**  
*Scenario #* IND-0009  
*Date Created:* 10/15/2004  
*Scenario Title:* SR-4; Realigns I-Level and D-Level Ship Maintenance Work  
*Description:* 
This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and a CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also assumes a DON scenario closes SUBASE New London and moves 2 SSN 21 ships to Bangor, 5 SSNs to Norfolk, 4 SSNs to Pearl Harbor and 6 SSNs to Portsmouth NSY. This scenario also assumes a DON scenario closes SUBASE Point Loma and moves the SSNs and the floating drydock ARCO to Pearl Harbor. Also assumes 2 SSGNs move from Kings Bay to Bangor. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations. This scenario also disestablishes Boston Planning Yard and Plant Equipment Support Office, Annapolis, and realigns there work with their respective shipyards, Puget Sound NSY and Norfolk NSY. The ship maintenance work at SHIPSO, Philadelphia, and at TRF Kings Bay is realigned to Norfolk NSY and SUBMEPP is consolidated into Portsmouth NSY.

### Scenario 
**Scenario #** IND-0028  
**Date Created:** 11/4/2004  
**Scenario Title:** SR-5; Consolidate CVN, CRUDES, MCM in San Diego CA

#### Description:
- Realign CVN I-Level workload from NAVIMFAC PACNORWEST EVERETT WA to NSY & IMF PUGET SOUND DET SAN DIEGO CA
- Realign all CRUDES I-Level workload from NAVIMFAC PACNORWEST EVERETT WA to SIMA SAN DIEGO CA
- Realign all MCM / MHC I-Level workload from SIMA NRMF INGLESIDE TX to SIMA SAN DIEGO CA
- Realign all SSN I-Level workload from NSY and IMF PUGET SOUND DET PT LOMA CA to SIMA SAN DIEGO CA
- All equipment and personnel to relocate to NSY & IMF DET SAN DIEGO CA from NAVIMFAC PACNORWEST EVERETT WA, as required by the gaining activity.
- All equipment and personnel to relocate to SIMA SAN DIEGO CA from NAVIMFAC PACNORWEST EVERETT WA, SIMA NRMF INGLESIDE TX, and NSY AND IMF PUGET SOUND DET PT LOMA CA, as required by the gaining activity.
- Supports DON-0007, DON-0032, and DON-0035

#### Losing Bases
- Naval Station Everett (Everett, WA) - Realignment
- Naval Station Ingleside (Ingleside, TX) - Realignment
- Naval Submarine Base Point Loma (San Diego, CA) - Realignment

#### Losing Activities
- NAVIMFAC PACNORWEST EVERETT - Consolidate
- SIMA NRMF INGLESIDE - Consolidate
- SIMA NRMF INGLESIDE - Consolidate
- NSY AND IMF PUGET SOUND DET PT LOMA - Consolidate

#### Receiving Bases
- Naval Air Station North Island (San Diego, CA) - Receive
- Naval Station San Diego (San Diego, CA) - Receive

#### Activities being Received
- NAVIMFAC PACNORWEST EVERETT
- NAVIMFAC PACNORWEST EVERETT
- NSY AND IMF PUGET SOUND DET PT LOMA
- SIMA NRMF INGLESIDE
### Registered Scenarios

**Scenario #** IND-0029  
**Date Created:** 11/5/2004

**Scenario Title:** SR-5A; Close NS Everett WA (NAS North Island CA receive CVN)

**Description:**

Realignment CVN I-Level workload from NAVIMFAC PACNORWEST EVERETT WA to NSY & IMF PUGET SOUND DET SAN DIEGO CA. Equipment and personnel to relocate to NSY & IMF PUGET SOUND DET SAN DIEGO CA, as required, from NAVIMFAC PACNORWEST EVERETT WA. Supports DON-0035

Scenario Title: MA-2 Munitions Storage and Distribution

Description:
Retain Crane, Iowa, Lake City, McAlester, Milan, Pine Bluff, Radford, Blue Grass, and Tooele. Realign Anniston Munition Center, Kansas, Letterkenny Munitions Center, Louisiana, Red River Munitions Center, Hawthorne, Lone Star, and Sierra.

Losing Bases
Anniston (Anniston, AL) - Realignment
Hawthorne Depot (Hawthorne, NV) - Realignment
Kansas AAP (Parsons, KS) - Realignment
Letterkenny (Chambersburg, PA) - Realignment
Lone Star AAP (Texarkana, TX) - Realignment
Louisiana AAP (Doyline, LA) - Realignment
Red River (Texarkana, TX) - Realignment
Sierra (Herlong, CA) - Realignment

Losing Activities
Anniston Munitions Center - Relocate
Hawthorne AD - Relocate
Kansas AAP - Other
Letterkenny Munitions Center - Relocate
Lone Star AAP - Other
Louisiana AAP - Relocate
Red River Munitions Center - Relocate
Sierra AD - Relocate

Receiving Bases
Blue Grass (Richmond, KY) - Receive
Crane AAP (Crane, IN) - Receive
Iowa AAP (Middletown, IA) - Receive
Lake City AAP (Independence, MO) - Receive
McAlester (MacAlester, OK) - Receive
Milan AAP (Milan, TN) - Receive
Pine Bluff (Pine bluff, AR) - Receive
Radford AAP (Radford, VA) - Receive
Tooele (Tooele, UT) - Receive

Activities being Received
Letterkenny Munitions Center
Anniston Munitions Center
Lone Star AAP
Red River Munitions Center
Kansas AAP
Louisiana AAP
Hawthorne AD
Sierra AD
Registered Scenarios

Scenario #    IND-0054    Date Created:  11/16/2004
Scenario Title: SR-12; Close NAVSHIPYD NORFOLK VA (Remaining Shipyards Receive)

Description:

Align depot level ship maintenance function from NAVSHIPYD NORFOLK VA to NAVSHIPYD AND IMF PEARL HARBOR HI, NAVSHIPYD PORTSMOUTH NH, and NAVSHIPYD PUGET SOUND WA.

Consolidate depot level ship maintenance function from NNSY DET NAVPESO ANNAPOLIS MD and NNSY DET NAVSHIPSO PHIL PA to NAVSHIPYD PORTSMOUTH.

Consolidate depot level ship maintenance function from NNSY DET NAVFOUNDRYPROPCEN PHIL PA to NAVSHIPYD PORTSMOUTH.

Equipment, personnel, and facilities would relocate from NAVSHIPYD NORFOLK according to work share, as required by gaining activity.

Equipment and personnel would relocate from NNSY DET NAVPESO ANNAPOLIS MD and NNSY DET NAVSHIPSO PHIL PA to NAVSHIPYD PORTSMOUTH.

Losing Bases

Naval Shipyard Norfolk (Portsmouth, VA) - Realignment
Naval Station Annapolis (Annapolis, MD) - Realignment
Naval Support Activity Mechanicsburg (Mechanicsburg, PA) - Realignment

Receiving Bases

Naval Shipyard Portsmouth (Portsmouth, NH) - Receive
Naval Station Bremerton (Bremerton, WA) - Receive
Naval Station Pearl Harbor (Pearl Harbor, HI) - Receive

Losing Activities

NAVSHIPYD NORFOLK - Consolidate
NNSY DET NAVPESO ANNAPOLIS - Consolidate
NNSY DET NAVFOUNDRYPROPCEN PHIL - Consolidate

Registered Scenarios

Scenario #       IND-0063       Date Created:       11/22/2004
Scenario Title:       MX 1.1A

Description:

Realign all depot maintenance workload and capability for the commodity groups, Aircraft Avionics/Electronics Components, Aircraft Dynamic Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other Components, Aircraft Other, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVAIRDEPOT Cherry Point NC on CO MCAS Cherry Point to Robins Air Force Base, Corpus Christi Army Depot, Tinker Air Force Base, NAVAIRDEPOT North Island on NAVBASE Coronado, NAVAIR DEPOT Jacksonville on NAS Jacksonville, Hill Air Force Base, Tobyhanna Army Depot and disestablish capability at NAVAIRDEPOT Cherry Point NC on CO MCAS Cherry Point.

In FY05, disestablish all depot maintenance workload and capability for the commodity group Aircraft Cargo/Tanker at NAVAIRDEPOT Cherry Point on CO MCAS Cherry Point.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENACDIV Lakehurst on NAVARESTA Lakehurst to NAVAIRDEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVARESTA Lakehurst.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARDCEN Seal Beach CA on NAWSBACT Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany and Anniston Army Depot and disestablish capability at NAVSURFWARDCEN Seal Beach CA on NAVSUPPACT Crane IN.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, Anniston Army Depot, Marine Corps Logistics Base Barstow and Letterkenny Army Depot and disestablish capability at NAVWPNSA Seal Beach CA.

Realign all depot maintenance workload and capability for the commodity groups Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany, Marine Corps Logistics Base Barstow, Letterkenny Army Depot, and Tobyhanna Army Depot and disestablish capability at Rock Island Arsenal.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPSSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPSSTA Charleston.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and Marine Corps Logistics Base Barstow and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

- Marine Corps Air Station Cherry Point (Cherry Point, NC) - Realignment
- Naval Air Engineering Station Lakehurst (Lakehurst, NJ) - Realignment
- Naval Support Activity Crane (Crane, IN) - Realignment
- Naval Weapons Station Charleston (Goose Creek, SC) - Realignment
- Naval Weapons Station Seal Beach (Seal Beach, CA) - Realignment
- Red River (Texarkana, TX) - Realignment

Losing Activities

- NAVAIRDEPOT Cherry Point - Relocate
- NAVAIRWARCENACDIV Lakehurst - Relocate
- NAVSURFWARDCEN Seal Beach - Relocate
- SPAWARSYSCEN Charleston - Relocate
- NAVWPNSA Seal Beach - Relocate
- Red River Army Depot - Relocate

**Scenario Title:** MX 1.11

**Description:**
In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack, Aircraft Other Components, Fabrication and Manufacturing, and "Other" with the exception of maintenance related to reclamation activities at Davis-Monthan Air Force Base. This scenario is based on using workload and expanded total capacity with 1.5 shifts.

**Losing Bases**
Davis-Monthan AFB (Tucson, AZ) - Realignment

**Losing Activities**
Davis-Monthan Air Force Base - Relocate

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENACDIV Lakehurst on NAVAIRENSTA Lakehurst to NAVAIRDEPOT Jacksonville on NAS Jacksonville and NAVAIRDEPOT North Island on NAVBASE Coronado and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVAIRENSTA Lakehurst.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN on CO MCAS Cherry Point and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, Anniston Army Depot and Letterkenny Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany, Letterkenny Army Depot, Red River Army Depot, and Tobyhanna Army Depot and disestablish capability at Rock Island Arsenal.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma.

This scenario is based on using workload and expanded maximum capacity with 1.0 shifts.

**Scenario Title:** SR-4C3; Consolidate Ship Maintenance Engineering and Planning Work in NSY (SHIPSO)

**Description:**
This scenario consolidates ship maintenance engineering and planning work in Naval Shipyards. This scenario consolidates NNSY DET NAVSHIPSO PHIL PA to NAVSHIPYD NORFOLK VA. Equipment and personnel relocate from NNSY DET NAVSHIPSO PHIL PA to NAVSHIPYD NORFOLK VA.

### Losing Bases

- Naval Support Activity Mechanicsburg (Mechanicsburg, PA) - Realignment

### Losing Activities

- NNSY DET NAVSHIPSO PHIL - Consolidate

### Receiving Bases

- Naval Shipyard Norfolk (Portsmouth, VA) - Receive

### Activities being Received

- NNSY DET NAVSHIPSO PHIL
Scenario # IND-0098  Date Created: 11/29/2004
Scenario Title: SR-4C4; Consolidate Ship Maintenance Engineering and Planning Work in NSY (SUBMEPP)

Description:
This scenario consolidates ship maintenance engineering and planning work in Naval Shipyards. This scenario consolidates SUBMEPP PORTSMOUTH NH to NAVSHIPYD PORTSMOUTH. Equipment and personnel relocate from SUBMEPP PORTSMOUTH NH to NAVSHIPYD PORTSMOUTH NH.

Losing Bases
Naval Shipyard Portsmouth (Portsmouth, NH) - Realignment

Receiving Bases
Naval Shipyard Portsmouth (Portsmouth, NH) - Receive
Registered Scenarios

Scenario #    IND-0099       Date Created: 12/17/2004
Scenario Title: MX 1.4K

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT is to represent FRC EAST CHERRY POINT. Establish FRC EAST on CO MCAS CHERRY POINT and realigns/consolidates depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT CHERRY POINT, MARINE AVIATION LOGISTICS SQUADRON (MALS)-14, MALS-31, MALS-26, MALS-29 to FRC EAST. This scenario establishes the following detachments under FRC EAST: DET QUANTICO (surrogate responder is IMA HMX-1 QUANTICO), DET BEAUFORT (surrogate responder is MALS-31 BEAUFORT), DET NEW RIVER (surrogate responder is MALS-26).

Realign depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Dynamic Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" Commodity from NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT to FRC EAST. Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from MALS-14 CHERRY POINT, NC on CO MCAS CHERRY POINT to FRC EAST.

Establish FRC EAST DET BEAUFORT on CO MCAS BEAUFORT and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines and Support Equipment from MALS-31 BEAUFORT, SC on CO MCAS BEAUFORT to FRC EAST DET BEAUFORT.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT JACKSONVILLE DET BEAUFORT, SC on CO MCAS BEAUFORT to FRC EAST DET BEAUFORT.

Establish FRC EAST DET NEW RIVER on MCAS NEW RIVER and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines and Support Equipment from MALS-26 and MALS 29 NEW RIVER, NC on MCAS NEW RIVER to FRC EAST DET NEW RIVER.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Aircraft Structure Components, Calibration, and "Other" Commodity from NAVAIRDEPOT CHERRY POINT DET NEW RIVER, NC on MCAS NEW RIVER to FRC EAST DET NEW RIVER.

Establish FRC EAST DET QUANTICO on CDR MCB QUANTICO and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines and Support Equipment from IMA HMX-1 QUANTICO, VA on CDR MCB QUANTICO to FRC EAST DET QUANTICO.

Reason Scenario was deleted:

This scenario improperly identified the affected installations/activities.
**Description:**

**ASSUMPTION:** The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVHADEPOT JACKSONVILLE on NAS JACKSONVILLE, FL, is to represent FRC SOUTHEAST. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL and realigns depot and intermediate maintenance workload and capability for the following activities; NAVHADEPOT JACKSONVILLE, FL, COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL, NAVHADEPOT JACKSONVILLE DET JACKSONVILLE, FL, COMHSLWINGLANT (AIMD) MAYPORT, FL, NAVHADEPOT JACKSONVILLE DET MAYPORT, FL, NAVAIRES WILLOW GROVE, PA on NAVSTA SOUTHEAST. This scenario establishes the following detachments under FRC SOUTHEAST JACKSONVILLE: DET BRUNSWICK (surrogate responder is COMPATRECONWING FIVE BRUNSWICK), DET MAYPORT (surrogate responder is COMHSLWINGLANT MAYPORT), DET KEY WEST (surrogate responder is AIMD NAS KEY WEST), DET CECIL FIELD (surrogate responder is NAVHADEPOT JAX DET CECIL).

Realign depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turbofan Bypass, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing and "Other" commodity from NAVHADEPOT JACKSONVILLE, FL on NAS JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE. Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity from COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL on NAS JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary Commodity from NAVHADEPOT JACKSONVILLE DET JACKSONVILLE, FL on NAS JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from NAVAIRES WILLOW GROVE, PA on NAS WILLOW GROVE to FRC SOUTHEAST JACKSONVILLE.

Establish FRC SOUTHEAST DET MAYPORT on NAVSTA MAYPORT and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMHSLWINGLANT (AIMD) MAYPORT, FL on NAVSTA MAYPORT to FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVHADEPOT JACKSONVILLE DET MAYPORT, FL on NAVSTA MAYPORT to FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from NAVAIRES WILLOW GROVE, PA on NAS WILLOW GROVE to FRC SOUTHEAST JACKSONVILLE.

Establish FRC SOUTHEAST DET CECIL FIELD on CECIL FIELD and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from NAVAIRES WILLOW GROVE, PA on NAS WILLOW GROVE to FRC SOUTHEAST DET CECIL FIELD.

Establish FRC SOUTHEAST DET KEY WEST on NAS KEY WEST and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from (AIMD) KEY WEST, FL on NAS KEY WEST to FRC SOUTHEAST DET KEY WEST.

Establish FRC SOUTHEAST DET BRUNSWICK on NAS BRUNSWICK and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity from COMPATRECONWING FIVE BRUNSWICK (AIMD), ME on NAS BRUNSWICK to FRC SOUTHEAST DET BRUNSWICK.

**Reason Scenario was deleted:**

This scenario improperly identified the affected installations/activities.
Scenario Title: MX 1.4M

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIRDEPOT NORTH ISLAND on NAVBASE CORONADO is to represent FRC SOUTHWEST NORTH ISLAND. Establish FRC SOUTHWEST on NAVBASE CORONADO and realigns/consolidates depot and intermediate maintenance workload and capability for the following activities, COMSEACONWINGPAC (AIMD) SAN DIEGO, COMAEMWINGPAC (AIMD) POINT MUGU, MALS-11 MIRAMAR, MALS-16 MIRAMAR, MALS-39 PENDLETON and MALS-13 YUMA to FRC SOUTHWEST. This scenario establishes the following detachments: DET PENDLETON (surrogate responder is MALS-39 on CG MCB CP PENDLETON), DET POINT MUGU (surrogate responder is COMAEMWINGPAC (AIMD) POINT MUGU), DET YUMA (surrogate responder is MALS-13 on CO MCAS YUMA), and DET MIRAMAR (surrogate responder is MALS-16 on MCAS MIRAMAR). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Realigned maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and “Other” Commodity from NAVAIRDEPOT NORTH ISLAND, CA on NAVBASE CORONADO to FRC SOUTHWEST NORTH ISLAND.

Consolidated maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVAIRDEPOT NORTH ISLAND DET NORTH ISLAND, CA on NAVBASE CORONADO to FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMSEACONWINGPAC (AIMD) SAN DIEGO, CA on NAVBASE CORONADO to FRC SOUTHWEST NORTH ISLAND.

Establish FRC SOUTHWEST DET POINT MUGU on NAVBASE VENTURA CTY CA and consolidates Intermediate maintenance workload and capability for the commodity groups Aircraft Engines, Aircraft Components, Fabrication and Manufacturing and Support Equipment from COMAEMWINGPAC (AIMD) POINT MUGU, CA on NAVBASE VENTURA CTY to FRC SOUTHWEST DET POINT MUGU.

Establish FRC SOUTHWEST DET MIRAMAR on MCAS MIRAMAR, CA and consolidates Intermediate maintenance workload and capability for the commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from MALS-16 on MCAS MIRAMAR, CA to FRC SOUTHWEST DET MIRAMAR.

Consolidate Intermediate maintenance workload and capability for the commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from MALS-11 on MCAS MIRAMAR, CA to FRC SOUTHWEST DET MIRAMAR.

Establish FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON, CA and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON to FRC SOUTHWEST DET PENDLETON.

Establish FRC SOUTHWEST DET YUMA and consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Communications/Electronics Equipment, Ordnance, Weapons & Missiles, Software and Support Equipment from FRC SOUTHWEST DET YUMA on CO MCAS YUMA to FRC SOUTHWEST DET YUMA.

Consolidate Maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT NORTH ISLAND DET YUMA, AZ on MCAS YUMA to FRC SOUTHWEST DET YUMA.

Reason Scenario was deleted:

This scenario improperly identified the affected installations/activities.

**Deleted**

### Scenario Title:
MX 1.4N

### Description:

**ASSUMPTION:** The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC’s will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC. This scenario establishes FRC MID ATLANTIC on NAS OCEANA and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIRDEPOT CHERRY POINT, NC, NAVAIRDEPOT JACKSONVILLE DET OCEANA, COMAEWWINGLANT (AIMD) NORFOLK, VA, NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA, NAWCAD LAKEHURST DET NORFOLK, VA, NAWCAD PATUXENT RIVER, MD, NAVAIRE NEW ORLEANS, LA, NAVAIRE ATLANTA, GA, NAVAIRDEPOT CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAWCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLANT (AIMD) NORFOLK).

Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Realign Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Realign depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT JACKSONVILLE DET OCEANA on NAS OCEANA VA to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRE NEW ORLEANS, LA on NAS NEW ORLEANS to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRE ATLANTA, GA on DOBBINS ARB to FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Depot Fleet/Field Support, and "Other" Commodity from NAVAIRDEPOT CHERRY POINT DET OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET NORFOLK on NAVSTA NORFOLK and consolidate Intermediate maintenance workload and capability for the commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing, Support Equipment and “Other” Commodity from COMAEWWINGLANT (AIMD) NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Other and Aircraft Rotary from NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity group Depot Fleet/Field Support from NAWCAD LKE DET NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAWCAD PATUXENT RIVER, MD on NAS PAX RIVER to FRC MID ATLANTIC DET PAX RIVER.

### Reason Scenario was deleted:

This scenario improperly identified the affected installations/activities.
Registered Scenarios

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGPAC (AIMD) LEMOORE on NAS LEMOORE is to represent FRC WEST LEMOORE. This scenario establishes FRC WEST on NAS LEMOORE and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA, NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA, COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA, NAVAIRES FORT WORTH, TX, AIMD FALLON, NV, NAVAIRDEPOT NORTH ISLAND DET FALLOON, NV to FRC WEST. This scenario establishes the following detachments: DET FALLOON (surrogate responder is AIMD FALLON).

Realign Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Ordnance, Weapons & Missiles and Support Equipment from NAVAIRES FORT WORTH, TX on NAS JRB FORT WORTH to FRC WEST LEMOORE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Fabrication & Manufacturing and Support Equipment from COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA on NAVAIRES FORT WORTH, TX on NAS JRB FORT WORTH to FRC WEST LEMOORE.

Establish FRC WEST DET FALLOON on NAS FALLOON and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines and Support Equipment from AIMD FALLON, NV on NAS FALLOON to FRC WEST DET FALLOON.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVAIRDEPOT NORTH ISLAND DET FALLOON, NV on NAS FALLOON to FRC WEST DET FALLOON.

Losing Bases

Joint Reserve Base Fort Worth (Fort Worth, TX) - Realignment

Scenario #: IND-0105  Date Created: 12/17/2004
Scenario Title: MX 1.4A

Description:

Realign all depot maintenance workload and capability for the commodity groups Aircraft Other Components, Aircraft Rotary, Amphibious Vehicles, Armament and Structural Components, Combat Vehicles, Construction Equipment, Conventional Weapons, Electronic Components (non-airborne) Electro-Optics/Night Vision/FLIR, Engines/Transmissions, Fire Control Systems and Components, Generators, Ground Support Equipment, Material Handling, Other Components, Other Equipment, Powertrain Components, Radar, Radio, Small Arms/Personal Weapons, Starters/Alternators/Generators, Strategic Missiles, Tactical Missiles, Tactical Vehicles, TMDE, Wire, and "Other" from Marine Corps Logistics Base Barstow to Fleet Readiness Center (FRC) SOUTHEAST JACKSONVILLE on NAS Jacksonville, Marine Corps Logistics Base Albany, Anniston Army Depot, Tobyhanna Army Depot, Hill Air Force Base, and Red River Army Depot and disestablish capability at Marine Corps Logistics Base Barstow. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Fabrication and Manufacturing, Other Equipment, Generators and Tactical Missiles and Tactical Vehicles from Letterkenny Army Depot to Marine Corps Logistics Base Albany, Robins Air Force Base, Hill Air Force Base, Robins Air Force Base, Red River Army Depot and Tobyhanna Army Depot and disestablish capability at Letterkennty Army Depot. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Ordnance Equipment Components, Aircraft Other, Ground Support Equipment, Other Engines from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, FRC SOUTHEAST JACKSONVILLE, Hill Air Force Base, Tinker Airforce Base, Tobyhanna Army Depot, and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENACDIV Lakehurst on NAVIRENGSTA Lakehurst to FRC SOUTHEAST JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVIRENGSTA Lakehurst. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, and Anniston Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany and Red River Army Depot and disestablish capability at Rock Island Arsenal. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Deptop Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Scenario Title: MA-21 Close Lone Star

Description:

Close Lone Star and realign functions as follows:
IND-0053 / MA-2 Realigns Storage
IND-0039 / MA-4 Realigns Artillery
IND-0041 / MA-6 Realigns Mines
IND-0044 / MA-9 Realigns Pyro/Demo
IND-0047 / MA-12 Realigns Demil

Losing Bases

Lone Star AAP (Texarkana, TX) - Close

Losing Activities

Demil - Relocate
Demolition Charges - Relocate
Detonators/Delays/Relays and Non-lethal Munitions - Relocate
Mines - Relocate
Mortars, ICM Artillery, Grenades, and MLRS - Relocate
Storage and Distribution - Relocate

Receiving Bases

Crane AAP (Crane, IN) - Receive
Iowa AAP (Middletown, IA) - Receive
McAlester (Macalester, OK) - Receive
Milan AAP (Milan, TN) - Receive
Pine Bluff (Pine bluff, AR) - Receive

Activities being Received

Demolition Charges
Mines
Demil
Storage and Distribution
Mortars, ICM Artillery, Grenades, and MLRS
Detonators/Delays/Relays and Non-lethal Munitions
Scenario #  IND-0123  Date Created:  12/17/2004
Scenario Title:  MX 1.4K

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time. Note: Adoption of the FRC construct in no way alters the MALS operation/command or its reporting structure other than to offer the MALS CO the option of adding selected depot civilian personnel to their shops. Addition of depot personnel may preclude BCM's from having to go off station for repair at remote depot locations. These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be “affiliated” with their parent FRC.

For purposes of this SDC, NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT is to represent FRC EAST CHERRY POINT. Establish FRC EAST on CO MCAS CHERRY POINT and realign/consolidate depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT CHERRY POINT, MARINE AVIATION LOGISTICS SQUADRON (MALS)-14, MALS-31, MALS-26, MALS-29 to FRC EAST. This scenario establishes the following detachments under FRC EAST: DET QUANTICO (surrogate responder is CO MCB QUANTICO), DET BEAUFORT (surrogate responder is CO MCAS BEAUFORT), DET NEW RIVER (surrogate responder is CO MCAS NEW RIVER). Realigned/Consolidated workload will also incude movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Dynamic Components, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and “Other” Commodity at NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at MALS-14 CHERRY POINT, NC at CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Establish FRC EAST DET BEAUFORT on CO MCAS BEAUFORT and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at MALS-31 BEAUFORT, SC at CO MCAS BEAUFORT with FRC EAST DET BEAUFORT.

Establish FRC EAST DET NEW RIVER on MCAS NEW RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at MALS-26 and MALS 29 NEW RIVER, NC on MCAS NEW RIVER with FRC EAST DET NEW RIVER.

For alignment purposes only: Establish FRC EAST DET QUANTICO on CDR MCB QUANTICO and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at IMA HMX-1 QUANTICO, VA on CDR MCB QUANTICO with FRC EAST DET QUANTICO.

Losing Bases

- Marine Corps Air Station Beaufort (Beaufort, SC) - Realignment
- Marine Corps Air Station Cherry Point (Cherry Point, NC) - Realignment
- Marine Corps Air Station New River (Camp Lejeune, NC) - Realignment

Losing Activities

- MALS-31 BEAUFORT, SC - Consolidate
- NAVEP JAX DET BEAUFORT, SC - Consolidate
- MALS-14 CHERRY POINT, NC - Consolidate
- NAVAIRDEPOT CHERRY POINT, NC - Consolidate
- MALS-26 NEW RIVER, NC - Consolidate
- MALS-29 NEW RIVER, NC - Consolidate
- NAVEP CHERRY POINT DET NEW RIVER, NC - Consolidate

Receiving Bases

Activities being Received

Registered Scenarios

Marine Corps Air Station Beaufort (Beaufort, SC) - Receive
MALS-31 BEAUFORT, SC
NADEP JAX DET BEAUFORT, SC

Marine Corps Air Station Cherry Point (Cherry Point, NC) - Receive
MALS-14 CHERRY POINT, NC
NAVAIRDEPOT CHERRY POINT, NC

Marine Corps Air Station New River (Camp Lejeune, NC) - Receive
MALS-26 NEW RIVER, NC
MALS-29 NEW RIVER, NC
NADEP CHERRY POINT DET NEW RIVER, NC
Scenario #: IND-0124  Date Created: 12/17/2004
Scenario Title: MX 1.4L

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIRDEPOT JACKSONVILLE on NAS JACKSONVILLE, FL. is to represent FRC SOUTHEAST. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL and realigns depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT JACKSONVILLE, FL, COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL, NADEP JACKSONVILLE DET JACKSONVILLE, FL, COMHSLWINGLANT (AIMD) MAYPORT, FL, NADEP JACKSONVILLE DET MAYPORT, FL, NADEP JACKSONVILLE DET CECIL FIELD, FL, AID KEY WEST, FL, NAWCAD LAKEHURST VRT DET MAYPORT, FL, COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME, NAVAIR WILLOW GROVE, PA on FRC SOUTHEAST JACKSONVILLE. This scenario establishes the following detachments under FRC SOUTHEAST JACKSONVILLE: DET BRUNSWICK (surrogate responder is COMPATRECONWING FIVE BRUNSWICK), DET MAYPORT (surrogate responder is COMHSLWINGLANT MAYPORT), DET KEY WEST (surrogate responder is AIMD NAS KEY WEST), DET CECIL FIELD (surrogate responder is NADEP JAX DET CECIL). Realigned/Consolidated workload will also incude movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Engine Turbofan/Turboprop, Aircraft Structural Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing and "Other" commodity at NAVAIRDEPOT JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity at COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at NAVAIR WILLOW GROVE, PA on NAS WILLOW GROVE with FRC SOUTHEAST JACKSONVILLE.

Establish FRC SOUTHEAST DET BRUNSWICK on NAS BRUNSWICK and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity at COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME on NAS BRUNSWICK with FRC SOUTHEAST DET BRUNSWICK.

Establish FRC SOUTHEAST DET MAYPORT on NAVSTA MAYPORT and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMHSLWINGLANT (AIMD) MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Depot Fleet/Field Support at NAWCAD LAKEHURST VRT DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

For realignment purposes only: Establish FRC SOUTHEAST DET CECIL FIELD on CECIL FIELD and consolidates depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET CECIL FIELD, FL with FRC SOUTHEAST DET CECIL FIELD.

For realignment purposes only: Establish FRC SOUTHEAST DET KEY WEST on NAS KEY WEST and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at (AIMD) KEY WEST, FL on NAS KEY WEST with FRC SOUTHEAST DET KEY WEST.

Losing Bases

Joint Reserve Base Willow Grove (Willow Grove, PA) - Realignment
Naval Air Station Brunswick (Brunswick, ME) - Realignment

Losing Activities

NAVAIR WILLOW GROVE, PA - Consolidate
COMPATRECONWING FIVE BRUNSWICK (AIMD) ME - Consolidate
## Registered Scenarios

Naval Air Station Jacksonville (Jacksonville, FL) - Realignment

Naval Station Mayport (Mayport, FL) - Realignment

## Registered Scenarios

### Scenario #  IND-0125  Date Created:  12/17/2004

### Scenario Title:  MX 1.4M

### Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time. Note: Adoption of the FRC construct in no way alters the MALS operation/command or its reporting structure other than to offer the MALS CO the option of adding selected depot civilian personnel to their shops. Addition of depot personnel may preclude BCM’s from having to go off station for repair at remote depot locations. These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be “affiliated” with their parent FRC.

For purposes of this SDC, NAVAIRDEPOT NORTH ISLAND on NAVBASE CORONADO is to represent FRC SOUTHWEST NORTH ISLAND. Establish FRC SOUTHWEST on NAVBASE CORONADO and realign/consolidate depot and intermediate maintenance workload and capability for the following activities, COMSEACONWINGPAC (AIMD) SAN DIEGO, COMAEWWINGPAC (AIMD) POINT MUGU, MALSS-11 MIRAMAR, MALSS-16 MIRAMAR, MALSS-39 PENDLETON and MALSS-13 YUMA to FRC SOUTHWEST. This scenario establishes the following detachments: DET PENDLETON (surrogate responder is CG MCB CP PENDLETON), DET POINT MUGU (surrogate responder is COMAEWWINGPAC (AIMD) POINT MUGU), DET YUMA (surrogate responder is MALSS-13 on CO MCAS YUMA), and DET MIRAMAR (surrogate responder is CO MCAS MIRAMAR). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" Commodity at NAVAIRDEPOT NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP NORTH ISLAND DET NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMSEACONWINGPAC (AIMD) SAN DIEGO, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Fabrication and Manufacturing and Support Equipment at AIMD CORPUS CHRISTI, TX on NAS CORPUS CHRISTI with FRC SOUTHWEST NORTH ISLAND.

Establish FRC SOUTHWEST DET POINT MUGU on NAVBASE VENTURA CTY CA and consolidates Intermediate maintenance workload and capability for: Aircraft Engines, Aircraft Component, Fabrication and Manufacturing and Support Equipment at COMAEWWINGPAC (AIMD) POINT MUGU, CA on NAVBASE VENTURA CTY with FRC SOUTHWEST DET POINT MUGU.

Establish FRC SOUTHWEST DET MIRAMAR on MCAS MIRAMAR, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALSS-11 and 16 on MCAS MIRAMAR, CA with FRC SOUTHWEST DET MIRAMAR.

Consolidate Intermediate maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP NORTH ISLAND DET MIRAMAR, CA on MCAS MIRAMAR with FRC SOUTHWEST DET MIRAMAR.

Establish FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Component, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALSS-39 on CG MCB CP PENDLETON with FRC SOUTHWEST DET PENDLETON.

Consolidate Intermediate maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP NORTH ISLAND DET PENDLETON, CA on CG MCB CP PENDLETON with FRC SOUTHWEST DET PENDLETON.

Establish FRC SOUTHWEST DET YUMA and consolidate the Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Communications/Electronics Equipment, Ordnance, Weapons & Missiles, Software and Support Equipment at MALSS-13 on CO MCAS YUMA with FRC SOUTHWEST DET YUMA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Fighter/Attack, Aircraft Rotary, and Aircraft Other at NADEP NORTH ISLAND DET YUMA, AZ on MCAS YUMA with FRC SOUTHWEST DET YUMA.

---

### Losing Bases

Marine Corps Air Station Miramar (San Diego, CA) - Realignment

### Losing Activities

MALSS-11 MCAS MIRAMAR, CA - Consolidate
MALSS-16 MCAS MIRAMAR, CA - Consolidate

### Registered Scenarios

**Scenario #**  IND-0126  
**Date Created:**  12/17/2004  

**Scenario Title:** MX 1.4N  

**Description:**

**ASSUMPTION:** The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC OCEANA. Establish FRC MID ATLANTIC on NAS OCEANA and realign depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIREDEPOT CHERRY POINT, NC, NADEP JACKSONVILLE DET OCEANA, COMAEWWINGLANT (AIMD) NORFOLK, VA, NADEP JACKSONVILLE DET NORFOLK, VA, NAWCAD LAKEHURST DET NORFOLK, VA, NAWCAD PATUXENT RIVER, MD, NAVAIRE NEW ORLEANS, LA, NAVAIRE ATLANTA, GA, NADEP CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAWCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLANT (AIMD) NORFOLK). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET OCEANA on NAS OCEANA VA with FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVAIRE NEW ORLEANS, LA on NAS NEW ORLEANS with FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVAIRE ATLANTA, GA on DOBBINS ARB, GA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIREDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Depot Fleet/Field Support, and "Other" Commodity at NADEP CHERRY POINT DET OCEANA, VA on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET NORFOLK on NAVSTA NORFOLK and consolidate Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at COMAEWWINGLANT (AIMD) NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Aircraft Cargo/Tanker, Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Depot Fleet/Field Support at NAWCAD LAKEHURST DET NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIREDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC DET NORFOLK.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAWCAD PATUXENT RIVER, MD on NAS PAX RIVER with FRC MID ATLANTIC DET PAX RIVER.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIREDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC DET PAX RIVER.

### Losing Bases

- Joint Reserve Base New Orleans (New Orleans, LA) - Realignment
- Marine Corps Air Station Cherry Point (Cherry Point, NC) - Realignment

### Losing Activities

- NAVAIRE NEW ORLEANS, LA - Relocate
- NAVAIREDEPOT CHERRY POINT, NC - Consolidate

NAVAIRDEPOT CHERRY POINT, NC
NAWCAD LAKEHURST DET NORFOLK, VA
Scenario Title: MX 1.4A

Description:

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to new shore based Fleet Readiness Centers (FRC). Under the new construct, 6 NAVY FRC's will be established nationwide at strategically selected fleet concentrations to increase the effectiveness and efficiency of 'off aircraft' and 'off equipment' maintenance thus optimizing mission readiness and reducing total Naval Aviation Enterprise cost and turn-around-time. For the purpose of this Scenario, a portion of the depot maintenance workload has been identified as having the potential for re-distribution to other service depot activities. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL. NAVAIRDEPOT JACKSONVILLE is designated to represent FRC SOUTHEAST as their surrogate.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Other Components, Aircraft Rotary, Amphibious Vehicles, Armament and Structural Components, Combat Vehicles, Construction Equipment, Conventional Weapons, Electronic Components (non-airborne) Electro-Optics/Night Vision/FLIR, Engines/Transmissions, Fire Control Systems and Components, Generators, Ground Support Equipment, Material Handling, Other Components, Other Equipment, Powertrain Components, Radar, Radio, Small Arms/Personal Weapons, Starters/Alternators/Generators, Strategic Missiles, Tactical Missiles, Tactical Vehicles, TMDE, Wire, and "Other" from Marine Corps Logistics Base Barstow to Fleet Readiness Center (FRC) SOUTHEAST JACKSONVILLE on NAS Jacksonville, Marine Corps Logistics Base Albany, Anniston Army Depot, Tobyhanna Army Depot, Hill Air Force Base, and Letterkenny Army Depot and disestablish capability at Marine Corps Logistics Base Barstow. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Ordnance Equipment Components, Aircraft Other, Ground Support Equipment, Other Engines from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, FRC SOUTHEAST JACKSONVILLE, Hill Air Force Base, Tinker Airforce Base, Tobyhanna Army Depot, and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst to FRC SOUTHEAST JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio, and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, and Anniston Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Armament and Structural Components, Combat Vehicles, Construction Equipment, Depot/Fleet Field Support, Engines/Transmissions, Fabrication & Manufacturing, Fire Control Systems and Components, Powertrain Components, Starters/Alternators/Generators, Tactical Missiles, Tactical Vehicles, and “Other” Commodity from Red River Army Depot to Anniston Army Depot, Marine Corps Logistics Base Albany, Tobyhanna Army Depot, Letterkenny Army Depot, and disestablish capability at Red River Army Depot. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and “Other” from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany and Letterkenny Army Depot and disestablish capability at Rock Island Arsenal. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and “Other” from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Scenario #       INT-0003  Date Created: 10/4/2004

Scenario Title: Consolidate NCR-Based NGA at Chantilly/ Westfields, VA

Description:

Realignment NGA functions at Bethesda, MD (Sumner and Dalecarlia sites) named Erskine Hall, Emory Bldg, Maury Hall, Roberdeau Hall, Abert Hall, Ruth Bldg, Fremont Bldg, Motor Poll, and Warren Bldg. Close NGA functions at Reston, VA, named 1 and 2; Realign NGA functions at Newington, VA, named 8510, 8520 and 8530; Close NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Realign National Geospatial Intelligence College function at Ft Belvoir, VA, named Bldgs 211, 214, 215, and 220; Close NGA and NGIC functions in Bldg 213 at Southwest Federal Center, DC; Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility on commercially purchased real estate adjacent to the current NRO facility at Chantilly/Westfields, VA.

This scenario disestablishes all of the functions currently performed at the NCR locations named above and consolidates the functions into a new facility on 150 acres adjacent to the current NRO facility at Westfields. The requirement for the 150 acres is due to vulnerability and security reasons.

Scenario Title: Consolidate Select Buckley AFB Continuity of Operations (COOP) Functions at Offutt AFB

Description:

Realign selected management, oversight, operations, functions and personnel positions from Buckley AFB, CO to co-locate and establish selected COOP/mission assurance management, oversight, operations, functions, personnel, and capabilities at Offutt AFB, NE.

The details of this scenario are classified.

Reason Scenario was deleted:

Better infrastructure and communications, more intelligence community presence, and provides for greater horizontal integration at White Sands MR.
Scenario # INT-0009  Date Created: 10/29/2004
Scenario Title: Consolidate Select Buckley AFB Continuity of Operations (COOP) Functions at Schriever AFB
Description:

Realignment of management, oversight, operations, functions, and personnel positions from Buckley AFB, CO to co-locate and establish selected COOP/mission assurance management, oversight, operations, functions, personnel, and capabilities at Schriever AFB, CO.

The details of this scenario are classified.

Losing Bases

Buckley AFB (Aurora, CO) -

**Scenario Title:** Create Tri-Service Biomedical Research Centers of Excellence

**Description:**

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Groton CT, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U.S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE's and associated unique equipment will relocate to Groton CT to consolidate with the Naval Submarine Medical Research Laboratory (NSMRL). This move assumes that a planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC. It is assumed that no military animal facility support is required, as this support can be provided through an agreement with local industry or academic facilities.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- A planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC.
- UICs for leased space in NCR are the same as the parent organization.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:
Creation of TBRCE for Battlefield Health and Trauma moves relevant assets of the following activities to 48399, Fort Sam Houston, TX, for collocation with W03SAA, U.S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:
- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:
- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:
- None
Registered Scenarios

Navy activity:
- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health and Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N00129, Naval Submarine Base New London, Groton CT, for collocation with N66596, NAVSUBMEDRSCHLAB NEW LONDON.

Defense agency:
- None

Army activities:
- None

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- Hyperbaric Medicine Department of the Combat Casualty Care and Resuscitative Medicine Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Medical Chemical Defense moves relevant assets of the following activities to 24004, Aberdeen Proving Ground, Edgewood Area, for collocation with W4D7AA, U. S. Army Medical Research Institute of Chemical Defense.

Defense agency:
- None

Army activities:
- A total of 33 manpower requirements from the Division of Biochemistry and Medicine, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- None

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Infectious Disease moves relevant assets of the following activities from leased space in the National Capital Region to 11933, Walter Reed Army Medical Center – Forest Glen Annex, for collocation with W03KAA, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD.

Defense agency:
- None

Army activities:
- Division of Retrovirology, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Panama City FL, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U.S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE's and associated unique equipment, and the Naval Submarine Medical Research Lab, Groton CT, will relocate to Panama City FL to collocate with the Navy Experimental Diving Unit. This move assumes that a MILCON project for accredited animal facilities at Panama City can be funded and built prior to FY11, and that space exists at Panama City for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NMRC.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- This move assumes that access to accredited animal facilities at Panama City prior to FY11, and that space exists at Panama City for relocation of personnel and unique equipment from NMRC.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:

Creation of TBRCE for Battlefield Health and Trauma Research moves relevant assets of the following activities to Fort Sam Houston, TX, 48399, for collocation with W03SAA, U. S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:
- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:
- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:
- None

Navy activity:
Registered Scenarios

- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health and Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N61008, Panama City, FL for collocation with N0463A, NAVXDIVINGU.

Defense agency:
- None

Army activities:
- None

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- NAVSUBMEDRSCHLAB NEW LONDON, Groton CT, N66596
- Hyperbaric Medicine Department of the Combat Casualty Care and Resuscitative Medicine Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Medical Chemical Defense moves relevant assets of the following activities to 24004, Aberdeen Proving Ground, Edgewood Area, for collocation with W4D7AA, U. S. Army Medical Research Institute of Chemical Defense.

Defense agency:
- None

Army activities:
- A total of 33 manpower requirements from the Division of Biochemistry and Medicine, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- None

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Infectious Disease moves relevant assets of the following activities from leased space in the National Capital Region to 11933, Walter Reed Army Medical Center – Forest Glen Annex, for collocation with W03KAA, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD.

Defense agency:
- None

Army activities:
- Division of Retrovirology, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None

Marine Corps activities:
- None
### Registered Scenarios

**Navy activity:**
- The vaccine research program of the NMRC Biological Defense Research Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398.

**Exclusions:**
- None.

### Losing Bases
- Leased Space NCR (Silver Spring, MD) - OTHER
- Naval Station Great Lakes (Great Lakes, IL) - OTHER
- Naval Submarine Base New London (Groton, CT) - OTHER
- Walter Reed (Washington, DC) - OTHER

### Losing Activities
- Division of Retro Virology-WRAIR - Relocate

- Naval Submarine Medical Research Lab
- Air Force Dental Investigative Service
- Army Dental and Trauma Detachment
- Combat Casualty Care and Resuscitative Medicine Directorate-NMRC
- Division of Military Trauma Research-WRAIR
- Naval Institute of Dental and Biomedical Research
- Division of Retro Virology-WRAIR
- Vaccine Research Program, Biological Defense Research Directorate-NMRC
Registered Scenarios

Scenario #  MED-0025  Date Created:  11/10/2004
Scenario Title:  Create Center of Excellence for Aerospace Medicine (- Wright-Pat AFB)
Description:

Abstract: This scenario will co-locate all aerospace biomedical and human systems R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Wright-Patterson Air Force Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site. This TBRCE includes all DoD research and technology development operations in the areas operational medical issues unique to aviation, including biodynamics, crashworthiness and survival, acceleration, life support equipment (aviation), aviation platform integration, and special occupational health criteria.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Wright-Patterson AFB, where they will be co-located with the Air Force Research Laboratory Human Effectiveness Directorate.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in their current location. An alternative is that Air Force and Navy directed energy programs will relocate to Wright-Patterson AFB, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research, Fort Sam Houston, TX.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Wright-Patterson AFB. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Wright-Patterson AFB can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D and operational medical support organizations that are currently co-located with the U. S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Wright-Patterson AFB.
- Adequate space for expansion is available at Wright-Patterson AFB.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Wright-Patterson AFB.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to ZHTV, Wright-Patterson AFB, Dayton, OH, for collocation with FFSDG, Air Force Research Lab, Human Effectiveness Division.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFG4R, FFR59, FFB5T and other pertinent subordinate UICs to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICs to be determined

Navy activity:
- NAVAEROMEDRSCHLAB, Pensacola FL, N66452
- NAVAIRWARCENCADIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program
### Losing Bases

- Brooks City-Base (San Antonio, TX) - OTHER
- Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
- Naval Air Station Pensacola (Pensacola, FL) - OTHER
- Rucker (Fort Rucker, AL) - OTHER

### Losing Activities

- 311th Human Systems Wing and subordinates - Relocate
- Air Force Research Lab all elements - Relocate
- NAVAIRWARCENACDIV - Relocate
- NAVAEROMEDRSCHLAB - Relocate
- U.S. Army Aeromedical Research Lab - Relocate

### Receiving Bases

- Wright-Patterson AFB (Fairborn, OH) - Receive

### Activities being Received

- 311th Human Systems Wing and subordinates
- Air Force Research Lab all elements
- NAVAEROMEDRSCHLAB
- NAVAIRWARCENACDIV
- U.S. Army Aeromedical Research Lab
Abstract: This scenario will co-locate all aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Brooks City Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario re-aligns and co-locates diverse aerospace and aeromedical R&D performing activities from: Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Brooks City Base, where they will be co-located with the 311th Human Systems Wing, including the U.S. Air Force School of Aerospace Medicine and elements of the Air Force Research Laboratory Human Effectiveness Directorate.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Brooks City Base. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Brooks City Base can provide adequate and affordable access to test subjects.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Brooks City Base.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Adequate space for expansion is available at Brooks City Base.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Brooks City Base.

Action list:
Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to CNBC, Brooks City Base, TX, for collocation with FFGR4, the 311th Human Systems Wing, and FFR59, the Air Force Research Lab, Human Effectiveness Directorate.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force Research Laboratory, Wright-Patterson AFB, OH, FFSDG

Marine Corps activities:
- None

Navy activity:
- NAVAEROMEDSRSLAB, Pensacola FL, N66452
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Registered Scenarios

Scenario #  MED-0027  Date Created:  11/10/2004
Scenario Title:  Create Center of Excellence for Aerospace Medicine (NAS Pensacola)

Description:

Abstract: This scenario will co-locate aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at NAS Pensacola. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario re-aligns and co-locates diverse aerospace and aeromedical R&D performing activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Naval Air Station, Pensacola, where they will be co-located with the Naval Aerospace Medical Research Laboratory.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in place. An alternative is that Air Force and Navy directed energy programs will relocate to NAS Pensacola, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research.

It is assumed that rotary wing aviation support facilities and flying ranges are available at NAS Pensacola. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that NAS Pensacola can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D organizations that are currently co-located with the U.S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:

- Rotary Wing flight operations and maintenance support are available and affordable at NAS Pensacola.
- Adequate space for expansion is available at NAS Pensacola.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at NAS Pensacola.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to N00204, NAS Pensacola, FL, for collocation with N66452, NAVAEROMEDRSCHLAB.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFB5T and other pertinent subordinate UICs to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICs to be determined
- Air Force Research Lab, Human Effectiveness Division, Wright-Patterson AFB, FFSDG and pertinent AFRL subordinate UICs to be determined

Marine Corps activities:
- None

Navy activity:
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program Management.

# Registered Scenarios

**Scenario #** MED-0028  
**Date Created:** 11/10/2004

**Scenario Title:** Tri-Service Biomedical Research, Development and Acquisition Management Center (TBRDAMC)

**Description:**

Abstract: This scenario will co-locate all Biomedical Science and Technology, and FDA regulated medical product development, management activities to a single site at Fort Detrick MD, thereby enabling efficient and synergistic use of personnel, processes and acquisition support functions across all Services. It also reduces the need for leased space.

Narrative: The scenario realigns the activities listed below to TBRDAMC to be collocated with the many medical Acquisition, Technology and Logistics activities already located at Fort Detrick MD. The end state of this scenario is to collocate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A program management expertise for FDA regulated product development with Biomedical S&T program management expertise at a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a center of mass for coordination in planning and management of all defense biomedical RDA, which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs and contracting infrastructure capability at Fort Detrick. Synergies and efficiencies in management will be further enabled through development of integrated planning, programming and regulatory processes. Collocation also facilitates the ability of DoD elements to speak with a single voice when working with the FDA. This scenario also facilitates coordinated medical systems lifecycle management with the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

Action list: Creation of the TBRDAMC moves relevant assets of the following activities to 24266, Fort Detrick, MD to collocate with W03JAA, HQ, U.S. Army Medical Research and Materiel Command.

**Defense agency:**
- National Capital Element, DTRA-CB Science and Technology Office (STO) (Medical), Defense Threat Reduction Agency (DTRA)-NCR, W1KJAA
- Defense Advanced Research Projects Agency (DARPA), Defense Sciences Office (DSO), Medical Programs, Arlington, VA, M54008T10, M54026T10

**Army activities:**
- Joint Program Executive Office for Chemical Biological Defense (JPEO-CBD) and subordinate offices, FDA Regulated Medical Programs, Falls Church, VA, W27P63

**Air Force activity:**
- 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFF2T
- Air Force Medical Support Agency, Bolling AFB, DC, (S&T planning directorate, UIC unknown)

**Marine Corps activity:**
- CG MCCDC, Medical Program Management, Quantico, VA, M30000007-M20409

**Navy activity:**
- CNR Arlington, VA, N00014
- CNR, Biomedical Program Management, Arlington, VA, N0014 DET-RU
- Bureau of Medicine, Code M2, Naval Observatory, DC

**Exclusions:**
- All personnel and assets of the listed units not performing functions within the defined scope of the TBRDAMC.
- Personnel not performing program planning, programming, oversight or other RDA program management functions.

Receiving Bases

Naval Station Great Lakes (Great Lakes, IL) -

Losing Activities

AMEDD Enlisted Med Tech Training - Relocate
382 Medical Training Wing - Enlisted Med Tech Training - Relocate

Activities being Received

382 Medical Training Wing - Enlisted Med Tech Training
AMEDD Enlisted Med Tech Training
### Registered Scenarios

**Scenario #**  MED-0032  **Date Created:**  11/12/2004

**Scenario Title:** Consolidate Initial Enlisted Medical Tech Training at Sheppard AFB

**Description:**

SCENARIO INCLUDED TO ADDRESS CONFLICTS

Consolidate 3 initial enlisted medical technician training sites from three to one.

Realign Hospital Corps School at Great Lakes Naval Training Center and FT Houston initial enlisted medical technician training to 382 Medical Training Wing Sheppard AFB.

Release facilities for other uses. Transfer staff with realignment to 382 Medical Training Wing Sheppard AFB.

Establish a joint initial training center at 382 Medical Training Wing Sheppard AFB.

**Scenario #**  MED-0033  **Date Created:**  11/19/2004

**Scenario Title:**  Expansion of Hawaii Healthcare Market - Enable DON-0036

**Description:**

This scenario enables Navy scenario DON-036 and addresses the relocation of an CVN from NS Everett to Pearl Harbor. This relocation would include the movement of 6,000 active duty personnel and 12,000 family members into the Hawaii healthcare market.

This would require expansion of clinics at Tripler Army Medical Center, Pearl Harbor and Hickam AFB to maximum outpatient capacity. Likewise Tripler Army Medical Center would expand to absorb the additional inpatient workload. Medical personnel to support this move would come from NS Everett and Bremerton Naval Hospital.

Any workload not absorbed by this expansion will be redirected to the local community.

---

**Losing Bases**

- Naval Hospital Bremerton (Bremerton, WA) -
- Naval Station Everett (Everett, WA) -

**Receiving Bases**

- Hickam AFB (Honolulu, HI) - Receive
- Naval Station Pearl Harbor (Pearl Harbor, HI) - Receive
- Tripler AMC (Fort Shafter, HI) - Receive

**Losing Activities**

- Medical personnel to support CVN - Relocate
- Inpatient and Outpatient workload for CVN - Relocate
- Medical supprt to CVN - Relocate

**Activities being Received**

- Inpatient and Outpatient workload for CVN
- Medical personnel to support CVN
- Medical supprt to CVN
### Scenario # MED-0034  Date Created: 11/19/2004

**Scenario Title:** Expand Healthcare Market in Guam to Enable DON-0037

**Description:**

This is an enabling scenario for DON-0037, moving a CVN, 1 DDG and 3 FFG from NS Everett to Guam.

This relocation would include the movement of 7000 active duty personnel and 14,000 family members into the Hawaii healthcare market.

Due to the extreme shortfall availability and quality of local healthcare resources, this scenario proposes to expand Naval Hospital Guam and Anderson AFB Clinic to absorb all of the healthcare workload.

Medical personnel from NS Everett and NS Bremerton would be relocated to address the growth in healthcare workload at Guam. Healthcare workload remaining at NS Bremerton would be referred to the local healthcare system.

### Scenario # MED-0035  
### Date Created: 11/23/2004  
### Scenario Title: Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine  
### Description:

This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Panama City FL to collocate with the Navy Experimental Diving Unit. This is an enabling scenario submitted in response to DON-0033 & 0034 which close the Groton site and thus conflict with MED-0023. It is also a subset of the moves described in MED-0024 but can be executed independently of that scenario in the event that MED-0024 is not approved, and either DON-0033 or 0034 is approved.

Knox (Fort Knox, KY) -

** Losing Activities **

Inpatient Services - Disestablish
### Scenario 
MED-0055

**Date Created:** 12/20/2004

**Scenario Title:** Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine

**Description:**

This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Silver Spring MD to consolidate with the Naval Medical Research Center. This is an enabling scenario submitted as an alternative to the MED-0032 enabling scenario should the Panama City site identified in MED-0032 be unable to accommodate the move.

**Assumptions:**
- This move assumes that that space exists at Silver Spring MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NSMRL.
- The research functions described in the scenario are at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

**Exclusions:**
- All personnel and assets of the listed units not performing functions within the scope of the center.

### Losing Bases

| SUPSHIP Groton CT (Groton, CT) - Realignment |

### Losing Activities

| NAVSUBMEDSRCHLAB - Relocate |

### Receiving Bases

| National Naval Medical Center Bethesda (Bethesda, MD) - Receive |

### Activities being Received

| NAVSUBMEDSRCHLAB |
### Registered Scenarios

**Scenario #**: MED-0056  
**Date Created**: 12/20/2004

**Scenario Title**: Create a Biomedical Research Center of Excellence for Environmental and Operational Medicine

**Description**:

This is an enabling scenario submitted as an alternative to TECH-0005, TECH-0036, TECH-0037 or other scenarios which relocate USAARL independently of Medical Joint Cross Service Group scenarios. It is to be activated in the event that MED-0025, MED-0026 or MED-0027 are not approved and TECH-0045 or TECH-0048 or other scenarios which close Natlck and relocate the Soldier Systems Center and USARIEM to Aberdeen Proving Ground MD are approved. This enabling alternative scenario creates the U.S. Army Research Institute of Environmental and Operational Medicine at Aberdeen Proving Ground MD where it will be collocated with non-medical Army research units with a Human Systems mission such as the Soldier Systems Center, and the Human Research and Engineering Directorate of the Army Research Laboratory.

**Assumptions**:

- This move assumes that that space exists at Aberdeen Proving Ground MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from both USAARL and USARIEM.
- The Army Reserve Component Rotary Wing Aviation facilities at Aberdeen Proving Ground can support USAARL's helicopter and flight operations.
- TJCSG or Army scenarios relocating the Soldier Systems Center to Aberdeen Proving Ground MD and TJCSG or Army scenarios relocating USAARL to a site other than described in MJCSG scenarios are approved.
- MJCSG scenarios involving USAARL are not approved and the TJCSG scenarios relocating USARIEM to Aberdeen Proving Ground are approved.

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to five. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Pennsylvania, Ohio, Indiana; East-New Jersey, Connecticut, New Hampshire, West-Wisconsin, and Illinois
- DDSP, Susquehanna: Susquehanna remains a strategic distribution platform but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced. Susquehanna picks up command and control of the Tobyhanna Forward Distribution Point (FDP).
- Tobyhanna: The Tobyhanna DD gets realigned and downsized as a Forward Distribution Point (FDP) of Susquehanna. The activity will perform limited receipt, store and issue functions for Tobyhanna Army Depot. Personnel and infrastructure required at Tobyhanna will decrease.
- Columbus: The Columbus Distribution Depot gets closed in this proposal. Its storage and distribution functions will be performed at Susquehanna SDP.

Region 2. Boundaries are in the North-Delaware, Maryland, West Virginia, Kentucky; South-North Carolina; East-Virginia; West-Tennessee
- Norfolk: The Norfolk Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the East Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Norfolk, this may require MILCON. Norfolk also picks up command and control of the (FDP) at Richmond and Cherry Point. Norfolk's assigned personnel also increase to handle the increased mission.
- Richmond: The Richmond DD gets realigned as a (FDP) of Norfolk SDP. The DD will continue its storage functions for hazardous materials and ozone-depleting substances.
- Cherry Point: The Cherry Point DD gets realigned and downsized as an (FDP) of the Norfolk SDP. Personnel and infrastructure required at Cherry Point will decrease.

Region 3. Boundaries are in the North-South Carolina, Georgia, Alabama; South-Florida; East-Georgia; West-Mississippi
- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the South Eastern US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Warner Robins, this may require MILCON. Warner Robins also picks up command and control of the (FDP) at Anniston, Jacksonville, and Albany. Warner Robins' assigned personnel also increase to handle the increased mission.
- Anniston: The Anniston DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Anniston will decrease.
- Jacksonville: The Jacksonville DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Jacksonville will decrease.
- Albany: The Albany DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Albany will decrease.

Region 4. Boundaries are in the North-Minnesota, North Dakota; South-Louisiana, Texas; East-Iowa, Missouri, Arkansas; West-Wyoming, Colorado, New Mexico
- Red River: The Red River Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Red River, this may require MILCON. Red River also picks up command and control of the (FDP) at Corpus Christi and Oklahoma City. Red River's assigned personnel also increase to handle the increased mission.
- Corpus Christi: The Corpus Christi DD gets realigned and downsized as a (FDP) of the Red River SDP. Personnel and infrastructure required at Corpus Christi will decrease
- Oklahoma City: The Oklahoma City DD gets realigned and downsized as (FDP) of the Red River SDP. Personnel and infrastructure required at Oklahoma City will decrease.

Region 5. Boundaries are in the North-Idaho, Montana; South-Arizona; East-Idaho, Utah; West-Washington, Oregon, California.
- DDJC, San Joaquin: San Joaquin remains a Strategic Distribution Platform supporting customers in the Western US and those permanently...

**Reason Scenario was deleted:**

In deliberative session on 13 Dec 2004, the S&S JCSG Principals decided to proceed with S&S-0004 (a competing scenario).
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to four. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Virginia, Kentucky; East-Delaware, New Jersey, New Hampshire, West-Wisconsin, and Illinois

- Susquehanna: Susquehanna remains a Strategic Distribution Platform (SDP) but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of the Susquehanna SDP. These distribution depots will become Forward Distribution Point (FDP) of the regional SDP.

- Norfolk Distribution Depot
- Tobyhanna Distribution Depot will perform limited receipt, store and issue functions for Tobyhanna Army Depot

Realign: Richmond Distribution Depot will be realigned and continue its storage functions for hazardous materials and ozone-depleting substances

Close: The following distribution depot and activity will be closed due the establishment of Region 1 SDP

- Columbus Distribution Depot mission will be moved to the Susquehanna

Region 2: Boundaries are in the North-North Carolina, Tennessee; South-Florida; East-South Carolina, Georgia; West-Mississippi

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a SDP supporting customers in the South Eastern US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Warner Robins, may require MILCON. Warner Robins also picks up command and control of the satellite activities (FDP) at Cherry Point, Albany, Jacksonville, and Anniston. Warner Robins' assigned personnel will also increase to accommodate the increased mission

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Warner Robins SDP. These distribution depots will become (FDP) of the regional SDP

- Cherry Point Distribution Depot
- Albany Distribution Depot
- Jacksonville Distribution Depot
- Anniston Distribution Depot

Region 3. Boundaries are in the North-North Dakota; South-Texas; East-Minnesota, Iowa, Missouri, Arkansas, Louisiana; West-Wyoming, Colorado, New Mexico

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Red River, may require MILCON. Red River also picks up command and control of the (FDP) at Oklahoma City and Corpus Christi. Red River's assigned personnel also increase to accommodate the increased mission

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Red River SDP. These distribution depots will become (FDP) of the regional SDP

- Oklahoma Distribution Depot
- Corpus Christi Distribution Depot

Region 4. Boundaries are in the North-Montana, Idaho; South-Arizona; East-Utah; West-Washington, California

- San Joaquin: San Joaquin remains a SDP supporting customers in the Western US and those permanently stationed across the Pacific.
Registered Scenarios

As Of: 12/30/2004

Realignment is anticipated. Additionally, San Joaquin picks up command and control of (FDP) at Puget Sound, Hill AFB, Barstow, and San Diego.

Realignment: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of San Joaquin SDP. These distribution depots will become (FDP) of the regional SDP.

- Puget Sound Distribution Depo
- Hill Distribution Depo
- Barstow Distribution Depo
- San Diego Distribution Depo

<tr>
<td>VIII</td>
<td>Medical</td>
</tr>
<tr>
<td>X</td>
<td>Nation Building</td>
</tr>
</tbody>
</table>

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Losing: Fort Eustis, Fort Monroe, Fort Story, FCTCLANT Dam Neck, NAS Norfolk, NAS Oceana, NAB Little Creek, NAVMEDCEN Portsmouth, NAVSTA Norfolk, NAVWEPESTA Yorktown, Norfolk Naval Shipyard, Langley AFB

**Reason Scenario was deleted:**

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario was deleted because:

- The JCSG lacked capacity and military value data to perform sufficient analysis
- The Regional Inventory Material Management (RIMM) initiative sponsored by OSD and already underway as a pilot program in San Diego, will accomplish the same objectives. The Principals agreed that the JCSG would work with the RIMM Program Office to synchronize RIMM implementation with S&S scenarios on regionalized strategic distribution platforms.
Registered Scenarios

Scenario #  S&S-0014       Date Created:  10/21/2004
Scenario Title: Eliminate Base Level Supply Functions in Puget Sound, WA area

Deleted

Description:

Eliminate base level supply, storage and distribution functions for most classes of supply in favor of expanded use of Government Commercial Purchase Card and/or Performance Based contracts. Eliminates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below (for some branches of service):

**Scenario #** S&S-0015  **Date Created:** 11/3/2004  **Deleted**

**Scenario Title:** Consolidate base-level supply in areas with high density of installations (Hampton Roads, VA area)

**Description:**

Consolidates base-level supply, storage and distribution functions for all DOD installations in high density geographical clusters at a new or existing joint facility. Consolidates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below:

- CLASS II Extra Materials
- CLASS III Fuels, POL, Lubricants
- CLASS IV Construction Materials
- CLASS IX Repair Parts (Selected)

The following classes of supply have been excluded due to having no base-level supply function:

- CLASS I Food
- CLASS V Explosives
- CLASS VI Comfort Materials
- CLASS VII Major end items
- CLASS VIII Medical
- CLASS X Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Recommend beginning with analysis test cases focused on base-level supply, storage and distribution functions at selected DOD sites in Hampton Roads, VA and Puget Sound, WA with significant Army, Navy and Air Force installations to gather data and prove (or disprove) the concept on paper.

- Hampton Roads, VA: Supply, storage and distribution functions at the following activities are disestablished and their inventories are moved to an optimal site TBD.
  - Fort Eustis
  - Fort Monroe
  - Fort Story
  - FCTCLANT Dam Neck
  - NAS Norfolk
  - NAS Oceana
  - NAB Little Creek
  - NAVMEDCEN Portsmouth
  - NAVSTA Norfolk
  - NAVWEPSTA Yorktown
  - Norfolk Naval Shipyard
  - Langley AFB

<td>Scenario Title:</td>
<td>Outsource Wholesale Distribution</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Outsource all distribution (transportation) related services in CONUS currently performed by Defense Distribution Depots. Services to be outsourced include traffic management of incoming and outgoing trucks and railcars, staging and physical loading of commercial vehicles, small parcel and freight terminal operations and the actual transportation of material to customers. Services to be outsourced also include freight planning and record keeping.

The Defense Distribution Depots to have transportation services outsourced total 18 and are: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

**Reason Scenario was deleted:**

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.
Outsource the wholesale storage and distribution functions and processes supporting DOD. This proposal outsources all the storage and distribution functions currently performed by the CONUS network of DLA distribution depots and strategic distribution platforms. For this proposal, outsourcing means to have private industry perform these functions using their facilities, infrastructure and personnel. Government facilities could be used only if vendors agree to lease it or purchase it. The proposal reduces the infrastructure burden of DoD and allows for reductions in personnel.

The following Strategic Distribution Platforms and Defense Distribution Depots are affected by this proposal: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

Reason Scenario was deleted:

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.
Registered Scenarios

Scenario #     S&S-0022     Date Created: 11/4/2004
Scenario Title: Privatize Storage and Distribution on Specific Commodities (Tires)

Description:
Privatizes the receipt, storage, issue, inspection, distribution, repair and disposal for all tires. Tires will be supported through a single designated vendor or a third party logistics arrangement. For this proposal, privatization means vendors perform storage and distribution functions from their facilities. Government facilities may be used by vendors only if leased or purchased. In either case, the Government infrastructure burden is reduced and requirements for personnel are also reduced.

The following Distribution Depots and Strategic Distribution Platforms are affected: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound

Reason Scenario was deleted:
On 16 Dec 2004, the Principals' of the S&S JCSG met to discuss the various scenarios the group was developing. A deliberative decision was made by the Principals to delete scenarios pertaining to privatization from the OSD Scenario Tracking Tool. These are S&S-0022, 0023, 0024. In its place, new scenarios will be entered into the tracker to incorporate the privatization of the supply, storage, and distribution at the wholesale level. We will continue to use the three commodities (tires, packaged POL, and compressed gases) in the three new scenarios.

**Date Created:**  11/4/2004  
**Deleted**

### Scenario Title:
Regionalization of Strategic Distribution Platforms (3 Regions)

#### Description:
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

**Region 1.** Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East- New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

- DDSP, Susquehanna: Susquehanna remains a SDP but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Eastern US region and those permanently assigned OCONUS across the Atlantic. It will support those customers at their home bases and when deployed for contingencies.

**Region 2.** Boundaries are in the North- Minnesota, North Dakota; South-Mississippi, Texas; East- Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US region. Its storage and distribution mission gets expanded to include all DoD customers in the Central region. Supplies and inventory will be redistributed to Red River from other wholesale locations. Depending on availability and condition of storage infrastructure at Red River, this may require some future MILCON. Red River's assigned personnel also increase to handle the increased mission.

**Region 3.** Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon, California.

- DDSJ, San Joaquin: San Joaquin remains a strategic distribution platform but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Western US region and those permanently assigned OCONUS across the Pacific. It will support those customers at their home bases and when deployed for contingencies.

#### Reason Scenario was deleted:
On 29 Nov 2004, S&S JCSG Principals made a deliberative decision to delete this scenario. Details surrounding this decision are recorded in the formal minutes of the JCSG Principals meeting.
Consolidate Air Force wholesale Inventory Control Point (ICP) command and control operations at a single point/commander and align Technology Repair Centers, Commodity Councils, and Sources of Supply as fully as possible.

The ICPs affected by this scenario are Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG.

The AFMC sustainment model assigns and co-locates product support, supply chain management, and repair expertise for specific technology areas and for the acquisition of Air Logistics Centers. The intellectual capital resident in this arrangement has created a shared technical base at each ALC that efficiently supports requirements across the spectrum of sustainment disciplines. AFMC has experienced much recent sustainment success and plans to use it and the BRAC process as a springboard to achieve optimal organization of its already highly integrated supply chain, as follows:

1) Inventory Control Points (ICPs) are responsible for performing a number of functions associated with material acquisition, distribution, and maintenance planning. ICP functions were categorized as either integrated material management functions (IMM) or Service “user” functions in the DMRD 926 ICP Consolidation Study, completed in 1990. Since some of the basic IMM functions are separated in this scenario, we will use different terms to differentiate the intent. “Consolidated ICP Functions” represents the command and control supply chain business functions such as policy, consolidation, prioritization, etc. “ALC Supply Chain Management Functions” represents the in-depth work done at the detailed (item/subsystem/system) level, such as the technical/engineering base, demand and supply planning, etc. For the purposes of this scenario, ICP is defined as ALL Air Force managed items (depot level reparables, consumables, and support equipment) and personnel responsible for the associated functions as listed below:

a) Consolidated ICP Functions. The consolidated ICP will perform:
   • Centralized forecasting and budgeting for spare part re-procurement and repair requirements
   • Develop prices
   • Perform working capital fund financial management
   • Distribute and prioritize deliveries of spares to users
   • Manage assigned strategic supplier relationships
   • Approve acquisition strategies of the Commodity Councils
   • Develop readiness based inventory levels
   • Orchestrate all supply chain operations.

b) ALC Supply Chain Management Functions. Supply chain management responsibilities, aligned under the new Combat Sustainment Wings at each ALC, will retain the item level management tasks:
   • Operating Commodity Councils
   • Contracting for the acquisition of materiel through purchase of new or repaired items
   • Providing engineering and technical support (includes configuration management)
   • Performing demand and supply planning. (includes requirements determination, war reserve requirements, maintenance management, material support to Depot Maintenance for General Support Division (GSD) items, Initial Supply Support Lists, provisioning, and budgeting/funding)
   • Managing customer and supplier relations
   • Managing assigned strategic supplier relationships
   • Introducing items into the DOD catalog
   • Processing requisitions and stock control
   • Initiating actions to dispose of excess material
   • Weapon System Secondary Item Supply Support

2) The ICP single commander provides the unity of command necessary to ensure spares are acquired and delivered to achieve Air Force weapon system availability targets at the lowest possible costs.

3) Commodity Councils, Material Support to Depot Maintenance for General Support Division (GSD) items, and other Purchasing and Supply Chain Management (PSCM) initiatives are considered to be part of the ICP.

4) This consolidation will reduce overhead overall by eliminating duplicative functions at the headquarters & ALCs. In pursuing efficiencies, personnel savings will be realized from consolidations of AFMC/LG and ALC/LG activities (drawdowns of management and functional oversight responsibilities).
**Registered Scenarios**

Losing installations: Robins AFB, Tinker AFB, Hill AFB

Gaining Installation: Wright-Patterson AFB

### Losing Bases

- Hill AFB (Clearfield, UT) - Realignment

**Scenario #**  
S&S-0028  
**Date Created:** 11/17/2004  
**Scenario Title:** Transfer Service Common DLRs to DLA  

**Description:**

This proposal realigns management of approximately 31,000 common depot level reparables (DLRs) from the Military Services to the Defense Logistics Agency (DLA) and serves as segue for future DLR consolidation under DLA.

There are approximately 380,000 DLRs currently being managed by the Military Services. Service materiel control and recoverability codes were used to identify items as DLRs. Approximately eight percent of these DLRs are used by more than one Service/Agency. For the purposes of this scenario, DLRs used by more than one Service/Agency are defined as common. The Federal Logistics Information Service (FLIS) data base was used to identify items as DLRs and then further identify those that were “common”. Based on dollar value (standard price – range only), common items represent less than five percent of the total value.

Currently, all DLRs are managed within Service unique automated information systems (AIS). Modification of existing Service AIS systems or development of a unique DLA reparable management system is a significant management challenge not specifically addressed in this scenario. Once a system is developed consolidation of personnel at a DLA ICP would need to be considered as would a virtual transfer to DLA in place. We expect that estimates of the number of Service personnel needed to support the management of the common DLRs within DLA can be provided by the Services based on the number and complexity of items to be managed. Associated movement costs can then be developed using the Cost of Base Realignment Actions (COBRA) model.

Like the consumable item transfer (CIT) program, this would be executed in phases with the first phase encompassing the less complex common DLRs throughout the Military Services. The CIT effort was implemented to eliminate the duplicate management of consumable items in DoD and to minimize the number of required item managers. Problems associated with the CIT Phases I and II processes included an inconsistent application of the filter criteria used to identify the items for transfer, some essential logistics data associated with items transferred was not transferred to DLA, no methodology was provided to incorporate program requirements data into the transfer process, a substantial amount of excess inventory for inactive items were transferred from the Services, Services retained management of consumable items that should have been transferred to DLA and they did not provide full pipelines of inventory assets to DLA when transferring the items.

Gaining: Defense Supply Center Richmond, Defense Supply Center Columbus, Defense Supply Center Philadelphia

Losing: Tinker AFB - NICP, Robins AFB - NICP, Hill AFB - NICP, Lackland AFB - NICP, Detroit Arsenal, Soldier System Center, Rock Island Arsenal, Redstone Arsenal, Ft Monmouth, Ft Huachuca, MCLB Albany, NAVICP Philadelphia, NAVICP Mechanicsburg

Scenario # S&S-0030  Date Created: 11/19/2004

Scenario Title: Realign Storage and Distribution Functions at Sierra Army Depot

Description:

This is an enabling scenario for USA-0008, which proposes to close Sierra Army Depot.

The Army Basing Study (TABS) Group (Army BRAC office) has submitted a proposal that results in closing Sierra Army Depot. This proposal is to realign the storage and distribution functions at Sierra Army Depot that enables the U.S. Army to close the depot. The proposal will transfer all storage and distribution functions for all supplies and materiel (except Class V). The Class VII items (combat vehicles) currently stored at Sierra Army Depot will be transferred to Davis Monthan AFB, Arizona. The Project Stocks and War Reserve items will be transferred to the Defense Distribution Depot Barstow at Marine Corps Logistics Base (MCLB) Barstow, California.

Losing Bases

Sierra (Herlong, CA) - Realignment

Receiving Bases

Davis-Monthan AFB (Tucson, AZ) - Receive

Marine Corps Logistics Base Barstow (Barstow, CA) - Receive

Losing Activities

Sierra Army Depot Storage and Distribution - Relocate

Activities being Received

Sierra Army Depot Storage and Distribution

Sierra Army Depot Storage and Distribution
**Description:**

The mission of the Air Logistics Center (ALCs) is to provide supply support and depot level maintenance support at the weapon system, commodity, and item level that play a crucial role in achieving directed readiness goals for all Air Force weapon systems. This mission is carried out by Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA, and Cryptologic Product Support Group (CPSG), Lackland AFB, TX. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG. This proposal realigns all the ICP locations and functions/activities (as defined below) to Ogden Air Logistics Center (OO-ALC), Hill AFB, UT.

Losing: Tinker AFB - NICP, Lackland AFB - NICP, Robins AFB - NICP

Gaining: Hill AFB

<td>Scenario Title:</td>
<td>Transfer Service ICPs to DLA and consolidate (include HQ staff)</td>
</tr>
</tbody>
</table>

**Description:**

Realign Service ICPs to DLA and consolidate infrastructure and realign service/DLA HQ staff.

Losing: Tinker AFB, Lackland AFB, Soldier System Command, Ft Huachuca, Detroit Arsenal, NAVICP Philadelphia, NAVICP Mechanicsburg, MCLB Albany, Rock Island Arsenal, Ft Monmouth, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir, Naval Supply Systems Command (Mechanicsburg), Wright-Patterson AFB (AFMC)

Gaining: DSC Richmond, DSC Philadelphia, DSC Columbus, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir

**Reason Scenario was deleted:**

Replaced by S&S--0035 based on an additional optimization run that resulted in reduction in service ICP relocations.
### Registered Scenarios

**Scenario #**  S&S-0033  
**Date Created:**  11/22/2004  
**Scenario Title:**  Consolidate all Service and DLA ICPs (minimize excess capacity)  

#### Description:

Consolidate all Service and DLA ICPs to maximize military value and appropriately utilize existing capacity.

Losing ICPs: Ft Huachuca (CSLA), Rock Island Arsenal (TACOM-ICP), Soldier System Command (TACOM-ICP), Detroit Arsenal (ILSC), Lackland AFB-NICP, NAVICP Philadelphia

Gaining ICPs: Ft Monmouth (CECOM-ICP), Redstone Arsenal (AMCOM-ICP), Tinker AFB-NICP, NAVICP Mechanicsburg

Unaffected ICPs: Hill AFB-NICP, Robins AFB-NICP, DSC-Richmond, DSC-Philadelphia, DSC-Columbus, MCLB Albany

#### Reason Scenario was deleted:

Prematurely added to the tracking tool. A deliberative decision was not made to elevate this proposal to scenario.

</thead>
<tbody>
<tr>
<td>Scenario Title:</td>
<td>Transfer Service ICPs to DLA (realign by mission area)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Description:</td>
<td>Transfer Service ICPs to DLA (realign by mission area)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Action 1:** Transfer in place Service ICPs (includes all Depot Level Reparables (DLRs)) to DLA.

**Action 2:** Align by mission area (supply chain). The mission areas will be Maritime, Ground, Cryptologic, Aviation and Troop Support. Generally, the mission area of assignment will relate to the Service predominant area of support. After the Services and DLA mission areas are transferred in place, support functions, such as local contracting and budgeting by mission area will be considered for consolidation into the DLA organizational structure.

**Action 3:** Integrate functions at NAVICP Philadelphia, PA, and align under the Aviation Support Center at Defense Supply Center Richmond (DSCR), VA.

**Action 4:** Integrate functions at NAVICP Mechanicsburg, PA, and align under the Maritime Support Center at Defense Supply Center Columbus (DSCC).

**Action 5:** Relocate Tank and Automotive Command (TACOM), Soldier Systems Center, Natick, MA, to Defense Supply Center Philadelphia (DSCP), PA, and align under the Troop Support Center at DSCP.

**Action 6:** Integrate functions at Marine Corps Logistics Base Albany, GA, to DSCC and align under the Ground Support Center at DSCC.

**Action 7:** Integrate functions at TACOM, Rock Island, IL, and align under the Ground Support Center at DSCC.

**Action 8:** Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, and align under DSCC.

**Action 9:** Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, and align under DSCC.

**Action 10:** Integrate functions at CECOM, Ft Monmouth, NJ, and align under the Ground Support Center at DSCC.

**Action 11:** Integrate functions at Aviation and Missile Command (AMCOM), Redstone Arsenal, AL, and align approximately half of the functions under the Aviation Support Center at DSCR and half of the functions under the Ground Support Center.

**Action 12:** Integrate functions at Tinker ICP, Tinker AFB, OK, and align under the Aviation Support Center at DSCR.

**Action 13:** Integrate functions at Ogden ICP, Hill AFB, UT, and align under the Aviation Support Center at DSCR.

**Action 14:** Integrate functions at Warner Robins ICP, Robins AFB, GA, and align under the Aviation Support Center at DSCR.

**Action 15:** Partially realign supply management and headquarters support functions at Army Materiel Command (AMC), Ft Belvoir, VA.

**Action 16:** Partially realign supply management and headquarters support functions at Naval Supply Systems Command (NAVSUP), Mechanicsburg, PA.

**Action 17:** Partially realign supply management and headquarters support functions at Air Force Materiel Command, Wright Patterson AFB, OH.

**Action 18:** Partially realign supply management and headquarters support functions at Marine Corps Base Albany, GA.

**Action 19:** Partially realign supply management and headquarters support functions at DLA Headquarters, Ft Belvoir, VA.

**Reason Scenario was deleted:**

In deliberative session on 13 Dec 2004, the S&S JCSG Principals decided to proceed with S&S-0028 (a competing scenario).
Registered Scenarios

Scenario #  S&S-0035  Date Created:  11/29/2004  Deleted

Scenario Title:  Transfer Service ICPs to DLA and consolidate (include DLRs)

Description:

Action 1:  Initially, Service ICPs (all DLRs) will transfer (in-place) to DLA.
Action 2:  ICPs will be consolidated to maximize military value and appropriately utilize capacity.
Action 3:  Align NAVICP Philadelphia, PA, under Defense Supply Center Richmond (DSCR), VA, and integrate functions.
Action 4:  Align NAVICP Mechanicsburg, PA, under Defense Supply Center Columbus (DSCC), OH, and integrate functions.
Action 5:  Relocate Tank and Automotive Command (TACOM), Soldier Systems Center, Natick, MA, to Defense Supply Center Philadelphia (DSCP) and integrate functions and align under DSCP.
Action 6:  Relocate Marine Corps ICP, Marine Corps Base Albany, GA, to DSCC and integrate functions.
Action 7:  Align TACOM, Detroit Arsenal, MI, under DSCC and integrate functions.
Action 8:  Relocate TACOM, Rock Island, IL, to DSCC and integrate functions and align under DSCC.
Action 9:  Relocate Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, AZ, to DSCC and integrate functions and align under DSCC.
Action 10:  Align CECOM, Ft Monmouth, NJ, under DSCC and integrate functions.
Action 11:  Relocate Aviation and Missile Command (AMCOM), Redstone Arsenal, AL, to DSCR and DSCC and integrate functions and align under DSCR and DSCC. Approximately half of AMCOM (Aircraft and Missiles) will relocate under DSCR; the other half (Ground) will relocate to DSCC.
Action 12:  Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to DSCC and integrate functions and align under DSCC.
Action 13:  Align Tinker ICP, Tinker AFB, OK, under DSCR and integrate functions.
Action 14:  Align Ogden ICP, Hill AFB, UT, under DSCR and integrate functions.
Action 16:  Partially realign supply management and headquarters support functions at Army Materiel Command (AMC), Ft Belvoir, VA, to Headquarters DLA.
Action 17:  Partially realign supply management and headquarters support functions at Naval Supply Systems Command (NAVSUP), Mechanicsburg, PA to Headquarters DLA.
Action 18:  Partially realign supply management and headquarters support functions at Air Force Materiel Command, Wright Patterson AFB, OH, to Headquarters DLA.
Action 19:  Partially realign supply management and headquarters support functions at Marine Corps Logistics Command (MARCORLOGCOM), Marine Corps Base Albany, GA, Headquarters DLA.
Action 20:  Partially realign supply management and headquarters support functions at DLA Headquarters, Ft Belvoir, VA.

Reason Scenario was deleted:

In deliberative session on 13 Dec 2004, the S&S JCSG Principals decided to proceed with S&S-0028 (a competing scenario).
**Registered Scenarios**

**Scenario #** S&S-0036  **Date Created:** 11/30/2004

**Scenario Title:** Establish a Single Army Inventory Control Point (Select and Related Functions) at Fort Monmouth, NJ

**Description:**

Establish a Single Army Inventory Control Point (AICP) by realigning select inventory management and related support functions from the three Army Commands (AMCOM, CECOM, and TACOM) at Fort Monmouth, NJ. This allows the Army to have one inventory Control Point (ICP) providing inventory management functions at one location. Additionally, this proposal also consolidates related supporting contracting functions at Fort Monmouth, NJ.

**Scenario Title**: Consolidate NAVICP at NSA Philadelphia. Retain NAVICP warehousing function at NSA Mechanicsburg

**Description**:

Consolidate NAVICP at NSA Philadelphia. Retain NAVICP warehousing function as NAVICP Det Mechanicsburg at NSA Mechanicsburg.

Details:
1) Relocate NAVICP Mechanicsburg and consolidate with NAVICP Philadelphia at NSA Philadelphia
2) Realign NAVICP Mechanicsburg Code 009, OSM and associated Security functions to NAVICP Det Mechanicsburg at NSA Mechanicsburg
3) Disestablish NAVICP Mechanicsburg

Scenario #: S&S-0042  Date Created: 12/17/2004

Scenario Title: Consolidate Service and DLA ICPs to minimize excess capacity

Description:

Consolidate Service and DLA ICPs to maximize military value and reduce excess capacity.

Action 1: Relocate and consolidate Soldier System Command, Natick (TACOM-ICP) to AMCOM Redstone Arsenal (AMCOM-ICP)
Action 2: Relocate Detroit Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)
Action 3: Relocate and consolidate Ft Huachuca ICP to Ft Monmouth (CECOM-ICP)
Action 4: Relocate and consolidate Rock Island Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)
Action 5: Relocate and consolidate Lackland AFB (CPSG-ICP) to Warner Robins ALC (CECOM-ICP)

This proposal consolidates all Service and DLA ICPs to maximize military value and appropriately utilize existing capacity. It is a comprehensive analysis of all Service and DLA ICPs to maintain required capacity while maximizing an appropriate military value. It attempts to derive the most efficient and effective DOD ICP activities without specific regard to Service or Agency boundaries. ICP functions include budgeting/funding, contracting, engineering support, requisition processing, technical support, cataloging, customer services, item management, stock control, and weapon system secondary item supply support. This proposal would include equipment, depot level reparables (DLRs), and remaining consumable items managed by the Services today. It may or may not include repair activities.

This proposal will impact: Soldier System Command, Natick (TACOM-ICP), Detroit Arsenal (ILSC), Ft Huachuca (CSLA-ICP), Rock Island Arsenal (TACOM-ICP), Redstone Arsenal (AMCOM-ICP), Ft Monmouth (CECOM-ICP), and Lackland AFB (CPSG-ICP) as indicated in the Section 2 (Actions) above. The inventory management, stock control, budget and contracting functions of the affected Service ICPs.

Losing Bases

Detroit/Selfridge (Warren, MI) - Realignment
Huachuca (Fort Huachuca, AZ) - Realignment
Lackland AFB (San Antonio, TX) - Realignment
Rock Island (Rock Island, IL) - Realignment
Soldier Systems Center (Natick, MA) - Realignment

Receiving Bases

Monmouth (Fort Monmouth, NJ) - Receive
Redstone (Huntsville, AL) - Receive
Robins AFB (Warner Robins, GA) - Receive

Losing Activities

Detroit Arsenal (TACOM-ICP) - Relocate
Ft Huachuca ICP - Relocate
Lackland AFB (CPSG-ICP) - Relocate
Rock Island Arsenal (TACOM-ICP) - Relocate
Soldier System Command, Natick (TACOM-ICP) - Relocate

Activities being Received

Ft Huachuca ICP
Detroit Arsenal (TACOM-ICP)
Rock Island Arsenal (TACOM-ICP)
Soldier System Command, Natick (TACOM-ICP)
Lackland AFB (CPSG-ICP)
Registered Scenarios

Scenario #  S&S-0043  Date Created:  12/17/2004
Scenario Title:  Privatize Supply, Storage and Distribution on Specific Commodities (Tires)

Description:

Disestablish wholesale supply, storage and distribution functions for all tires used by DoD. Privatize tire supply functions currently performed by Army ICPs, TACOM and AMCOM; Air Force ICP, Ogden Air Logistics Center; and Navy ICP, NAVICP-Philadelphia. Privatize tire storage and distribution functions currently performed at Defense Distribution Depots Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Albany, Warner Robins, Anniston, Jacksonville, Red River, Oklahoma City, Corpus Christi, Puget Sound, Hill, San Diego, Barstow, San Joaquin and Pearl Harbor. Eliminate personnel and infrastructure associated with these functions.

Tobyhanna (Tobyhanna, PA) - Realignment

Tracy Depot (Tracy, CA) - Realignment

DD Tobyhanna - Other

DD San Joaquin - Other

As Of: 12/30/2004
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to four. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Virginia, Kentucky; East-Delaware, New Jersey, New Hampshire, West- Wisconsin, and Illinois

- Susquehanna: Susquehanna remains a Strategic Distribution Platform (SDP) but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of the Susquehanna SDP. These distribution depots will become Forward Distribution Point (FDP) of the regional SDP.

- Norfolk Distribution Depot
- Tobyhanna Distribution Depot will perform limited receipt, store and issue functions for Tobyhanna Army Depot

Realign: Richmond Distribution Depot will be realigned and continue its storage functions for hazardous materials and ozone-depleting substances.

Close: The following distribution depot and activity will be closed due the establishment of Region 1 SDP

- Columbus Distribution Depot mission will be moved to the Susquehanna

Region 2: Boundaries are in the North-North Carolina, Tennessee; South-Florida; East-South Carolina, Georgia; West-Mississippi

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a SDP supporting customers in the South Eastern US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Warner Robins, may require MILCON. Warner Robins also picks up command and control of the satellite activities (FDP) at Cherry Point, Albany, Jacksonville, and Anniston. Warner Robins' assigned personnel will also increase to accommodate the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Warner Robins SDP. These distribution depots will become (FDP) of the regional SDP.

- Cherry Point Distribution Depot
- Albany Distribution Depot
- Jacksonville Distribution Depot
- Anniston Distribution Depot

Region 3: Boundaries are in the North-North Dakota; South-Texas; East- Minnesota, Iowa, Missouri, Arkansas, Louisiana; West-Wyoming, Colorado, New Mexico

- Oklahoma City: The Oklahoma City Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Oklahoma City, may require MILCON. Oklahoma City also picks up command and control of the (FDP) at Red River and Corpus Christi. Oklahoma City's assigned personnel also increase to accommodate the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Oklahoma City SDP. These distribution depots will become (FDP) of the regional SDP.

- Red River Distribution Depot
- Corpus Christi Distribution Depot

Region 4: Boundaries are in the North-Montana, Idaho; South-Arizona; East-Utah; West-Washington, California
- San Joaquin: San Joaquin remains a SDP supporting customers in the Western US and those permanently stationed across the Pacific. Realignment is anticipated. Additionally, San Joaquin picks up command and control of (FDP) at Puget Sound, Hill AFB, Barstow, and San Diego

Realignment: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of San Joaquin SDP. These distribution depots will become (FDP) of the regional SDP

- Puget Sound Distribution Depot
- Hill Distribution Depot
- Barstow Distribution Depot
- San Diego Distribution Depot

Scenario # | TECH-0001 | Date Created: | 10/4/2004 | Deleted

Scenario Title: Establish Joint Centers for Air Platform R, D&A, and T&E

Description:
This scenario consolidates air platform RDAT&E to three principal sites while retaining several specialty sites. Fixed and Rotary Wing R, D&A, T&E will be consolidated into principally 3 core sites Patuxent River, Wright-Patterson, and Redstone Arsenal. The relocation of air platform R functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing R will be consolidated at Wright Patterson, Rotary Wing R will be consolidated at Redstone Arsenal, ship installations related R (catapults, arresting gear, helo RAST, etc.) will be consolidated at Patuxent River, Air Force T&E will be consolidated at Edwards AFB, and air platform live fire testing at China Lake. The planned component moves will enhance synergy including RW/FW interaction by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Reason Scenario was deleted:
TECH-0001, Establish Joint Centers for Air Platforms RDAT&E Centers, was terminated as the TJCSG realized TECH-0005, Establish Joint Centers for Fixed Wing Platform RDAT&E, and TECH-0006, Establish Joint Centers for Fixed Wing Platform RDAT&E, will accomplish the same actions as TECH-0001 and nothing would be gained by having the duplicate scenario.
Registered Scenarios

Scenario # | TECH-0002 | Date Created: | 10/4/2004
Scenario Title: Relocate W&A RDAT&E to 3 primary & 2 speciality with weapons from PAX & Pt. Mugu to China Lake

Description:
Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship weapon systems integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake.

Definitions:
- In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

- Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

- Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and/or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

- Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

- Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

**Scenario #** TECH-0005 **Date Created:** 10/22/2004

**Scenario Title:** Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E

**Description:**

This scenario consolidates all Rotary Wing air platform R, D&A, T&E to two principal sites while retaining several specialty sites. Rotary Wing R, D&A, T&E will be consolidated into 2 core sites, Patuxent River, and Redstone Arsenal, with non-maritime unique Rotary Wing R consolidated at Redstone Arsenal. The relocation of Rotary Wing R functions are proposed in concert with the S&T Reliance Agreements. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

<td><strong>Scenario Title:</strong></td>
<td>Relocate Ground Vehicle RDAT&amp;E at Detroit Arsenal to Selfridge ANG Base</td>
<td><strong>Description:</strong></td>
<td></td>
</tr>
</tbody>
</table>

Relocation of Detroit Arsenal to US Army Garrison - Selfridge is the initial proposed scenario. An alternative would be to consider relocation of Detroit Arsenal to US Army Garrison - Selfridge, except for unique special high-cost laboratory facilities residing at Detroit Arsenal. These facilities will be creatively and cost-effectively maintained at their current geographic location and would include, but not be limited to, 1) unique high-cost, extreme climatic, full scale combat vehicle simulation facilities/individual propulsion performance simulation test cells, and an additional unique full scale transient ground vehicle simulation facility, 2) full-scale unique DOD dynamic physical simulation “shaker” facility (used for spectrum from full-scale armored combat vehicles to tactical trucks/HMMWV type vehicles), 3) unique Army/DoD water and fuel laboratories (built in 1995 as a result of previous BRAC), and 4) additional unique central ground vehicle research laboratories. Physical movement of these capabilities from their current location to US Army Garrison - Selfridge might not be the most cost-effective alternative.

**Narrative:** This scenario proposes to relocate Detroit Arsenal to US Army Garrison – Selfridge. This move would retain the Army’s/DoD’s ground vehicle RD&A activity in the world automotive/ground vehicle capital of southeast Michigan. Southeastern Michigan is where the research and development headquarters reside for General Motors, Ford, Chrysler, General Dynamics Land Systems, Toyota-North America, Nissan-North America, Hino, Hyundai, Suzuki, Visteon, Delphi, Johnson Controls, Dana, and many others. Over 85% of the world’s ground vehicle/automotive research and development resources are expended in this southeast Michigan location, and thus Detroit Arsenal’s synergy and ability to leverage the automotive industry’s vast resources and tremendous investment in R&D has always been of immeasurable value to Army/DoD. In addition, local southeast Michigan academia (anchored by schools such as the University of Michigan, Kettering University [formerly General Motors Institute], Wayne State University, and many others) is a unique and world-class network of extremely focused automotive research institutions which Detroit Arsenal has extensively leveraged and used to obtain motivated world-class engineers and scientists to lead Army/DoD’s ground vehicle/automotive efforts from Detroit Arsenal. A nationally unique wealth of automotive, world-class talent resides in southeast Michigan (near Detroit Arsenal) that far surpasses any other area of the country. Since southeastern Michigan is the premier location for automotive engineers, many of Detroit Arsenal engineers have grown up (technically and culturally) in this "world of ground vehicle/advanced automotive technology." As such, it could be expected that very few current Detroit Arsenal engineers and scientists would leave the area to another location.

**Assumptions:**
- TJCSG did not collect any capacity or MIL VAL data on US Army Garrison – Selfridge. This data will need to be collected as part of the scenario data call.
- Another alternative that could be considered would be to move relocate PEO GCS, PEO CS&CSS, TACOM and TARDEC to US Army Garrison - Selfridge cantoning and minimally staff the special, high cost laboratory equipment that resides in Bldg 212 (Propulsion and Mobility Test Cells) and 215 (Physical Simulation – High Performance Computing).

**Reason Scenario was deleted:**

TECH-0007, Re-Locate Ground Vehicle RDAT&E at Detroit Arsenal to Selfridge ANGB, was terminated as the TJCSG based upon the thought that TECH-0045, Establish Army Land Warfare Center, would best achieve the end state results desired by the Army.

Rome (FFSD2) Air Sensors, Electronic Warfare, & Electronics RD&A (gov’t only, special equip & facilities) to WPAFB
Scenario #    TECH-0009    Date Created:  10/22/2004
Scenario Title:  Defense Research Service Led Laboratories

Description:
This scenario realigns and co-locate the three service corporate laboratories. Additionally it creates a virtual “Defense Research Laboratory” by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.

The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

### Losing Bases
- Adelphi (Adelphi, MD) - Realignment
- Brooks City-Base (San Antonio, TX) - Realignment
- Hanscom AFB (Bedford, MA) - Realignment
- Mesa AFRL (Mesa, AZ) - Realignment
- Naval Postgraduate School (Monterey, CA) - Realignment
- Rome Laboratory (Rome, NY) - Realignment
- Stennis Space Center (xxxx, MS) - Realignment
- Tyndall AFB (Springfield, FL) - Realignment
- White Sands (White Sands Missile Range, NM) - Realignment
- Wright-Patterson AFB (Fairborn, OH) - Realignment

### Losing Activities
- ARL/Adelphi (W262AA) to ARL/Aberdeen (W26210) - Consolidate
- Brooks City Base AFRL/HE (FFSB0) to AFRL/WPAFB (FFRY7) - Consolidate
- Hanscom AFRL/SN (FFSFP) TO AFRL/SN WPAFB - Consolidate
- HANSCOM AFRL/VSB (FFSDV) TO AFRL/VS KIRTLAND - Consolidate
- Mesa AFRL/HE (FFSR7) to AFRL/HE WPAFB - Consolidate
- Monterey NRL (N66856) to NRL-DC (N00173) - Consolidate
- Rome AFRL/IF (FFSD1) to Hanscom (FFRY7) - Consolidate
- Rome AFRL/IF (FFSFT) to AFRL/SN WPAFB (FFSDH) - Consolidate
- Stennis Space Center (N68462) to NRL-DC - Consolidate
- Tyndall AFRL/MLQ (FFSC5) to AFRL (FFFTMP) Eglin - Consolidate
- WSMR ARL (W26212) to Aberdeen (W26210) - Consolidate
- WPAFB AFRL/IF (FFSFY) to Hanscom - Consolidate

### Receiving Bases
- Aberdeen (Aberdeen, MD) - Receive
- Eglin AFB (Valpariso, FL) - Receive
- Hanscom AFB (Bedford, MA) - Receive
- Kirtland AFB (Albuquerque, NM) - Receive

### Activities being Received
- WSMR ARL (W26212) to Aberdeen (W26210)
- ARL/Adelphi (W262AA) to ARL/Aberdeen (W26210)
- Tyndall AFRL/MLQ (FFSC5) to AFRL (FFFTMP) Eglin
- Rome AFRL/IF (FFSD1) to Hanscom (FFRY7)
- WPAFB AFRL/IF (FFSFY) to Hanscom
- HANSCOM AFRL/VSB (FFSDV) TO AFRL/VS KIRTLAND
Registered Scenarios

Naval Research Laboratory (Washington, DC) - Receive

Wright-Patterson AFB (Fairborn, OH) - Receive

Monterey NRL (N66856) to NRL-DC
Stennis Space Center (N68462) to NRL-DC
Brooks City Base AFRL/HE (FFSB0) to AFRL/WPAFB (FFRY7)
Hanscom AFRL/SN (FFSFP) TO AFRL/SN WPAFB
Mesa AFRL/HE (FFSR7) to AFRL/WPAFB
Rome AFRL/SN (FFSFT) to AFRL/SN WPAFB (FFSDH)
### Registered Scenarios

**Scenario #** TECH-0010  
**Date Created:** 10/22/2004  
**Scenario Title:** Consolidate Extramural research Program managers to ARL/Adelphi  
**Description:**

Realignment and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDeps. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

Registered Scenarios

Scenario #: TECH-0011  Date Created: 10/22/2004

Scenario Title: Joint Training, Modeling and Simulation Center (JTMSC)

Description:

Abstract: Realign and consolidate Human Systems and Information Systems Technology DTAP activities in research, development and acquisition (R,D&A) for the subareas of modeling, simulation, training and cognitive sciences establishing a Joint Training, Modeling and Simulation Center (JTMSC) including relevant PEOs and PMs for training and mission rehearsal systems and their enabling information technologies.

Narrative: JTMSC will be located in the geographic vicinity of the Joint Forces Command's Joint Training Analysis and Simulation Center (JTASC), Joint C4ISR Battle Center (JBC), and Joint Warfighting Center (JWC), Suffolk, Virginia. This Suffolk, VA site is positioned to enable the Joint C4 operational testing including the Joint Distributed Engineering Plant (JDEP). If a JFCOM site option is unavailable for this scenario, other reasonable site options for JTMSC in the Tidewater, Virginia area include Fort Eustis, Fort Monroe, Langley AFB, Norfolk Naval Base, Oceana Naval Air Station, Dam Neck Naval Station, or Little Creek Naval Base. The rationale for co-locating JTMSC with JTASC-JWC and the operational testing capability for C4 is the human-centered synergies of JTMSC with operators, trainers, testers, researchers and acquirers providing a continuum of expertise from science-to-D&A-to-testing into operational use. The target receiver site will be Joint Forces Command, N00066.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, OSD program offices (e.g., Advanced Distributed Learning (ADL) and Defense Modeling and Simulation) and Defense Agency RD&A expertise and requisite special equipment (e.g., simulators; computers, Tempest-secure facility for simulator suites, etc) to a single site in order to support "Training Transformation" by providing a) a consolidated center-of-mass for the science base of training systems and enabling models and simulations; b) ready access to active duty military personnel (i.e., current domain expertise and human subjects for research projects) and general domain experts for research and development providing a basis for efficient R&D project execution; c) enhance linkages to providers of Joint Training, Armed Forces staff education and relevant in-service technical training (e.g., school house and field) at operational military bases; and d) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Military Service platform-specific program offices would be attached to and collocated with JTMSC but would retain their command-and-control chain to the relevant Acquisition Executive.

Assumptions:
- This scenario would realign and consolidate training and simulation R, D&A to the JFCOM site in Suffolk, Virginia; however, if HS&A JCSG examines an alternate site for the JFCOM Suffolk activities for Force Protection, this scenario would “follow” the re-location of JTASC and JWC.
- Unconfirmed UICs for the following activities reported under BRAC data calls:
  - ARI HQ, Washington, DC
  - ARI Detachments (e.g., Orlando, Fort Benning, Fort Monroe, Boise, Fort Rucker, Fort Knox, Fort Leavenworth, Fort Bragg)
  - Defense Modeling and Simulation Office (DMSO), Alexandria, VA
  - Advanced Distributed Learning Co-Laboratory, Alexandria, VA
  - Advanced Distributed Learning Co-Laboratory, Orlando, FL
  - DARPA
- Close all DoD operations in the Orlando, Florida campus for training and simulation technology and relocate the following with equipment to the JTMSC.
- Close all DoD operations in the Mesa, AZ and relocate the following with equipment to the JTMSC.
- Realignment of FTEs and equipment reported under BRAC data calls for the subareas of training and cognitive sciences of the Human Systems DTAP area.

Reason Scenario was deleted:

TECH-0011, Joint Training, Modeling, and Simulation Center, was terminated as the TJCSG thought that little would be gained by the proposed scenario since most of the Training, Modeling, and Simulation Research had been co-located during BRAC 05, and seemed to be working very well in its current form and location. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario #   TECH-0012  Date Created:  10/22/2004  Deleted
Scenario Title: Relocate W&A RDAT&E to 3 core & 4 specialty w/ air launched weapons from PAX River & Pt Mugu to Eglin
Description:

Relocate all Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from all organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and four (4) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal, Underwater Weapons/ Underwater Weapons Integration @ Newport, Directed Energy Weapons Research, D&A @ Kirtland, DoD Directed Energy weapons T&E and selected weapons T&E @ White Sands Missile Range], with air launched weapons related RDAT&E from PAX River and Point Mugu to Eglin.

Reason Scenario was deleted:

TECH-0012, Re-Locate W&A RDAT&E to 3 Core & 2 Specialty Sites with Air Launched Weapons from PAX River & Pt. Mugu to China Lake, was terminated per TJCSG direction because Govt FTEs at PAX River NAWC are <30. Also, the extent of W&A air launched weapons workload at Point Mugu is primarily T&E. Overall, the scenario lacked transformative change and led to a small net effect. TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA

### Registered Scenarios

**Scenario #** TECH-0014  
**Date Created:** 10/22/2004

**Scenario Title:** Establish/Consolidate Space RDAT&E at a minimum number of core sites

**Description:**

Establish/Consolidate Space Research and Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space Platform Research to two core sites, Kirtland AFB, NM and Naval Research Lab in Washington, DC. Consolidate Space Systems Development and Acquisition (D&A) at Peterson AFB to optimize the joint organizing, training and equipping functions for space organizations. Consolidation of Space T & E does not reveal realignment or closure opportunities.

### Scenario Title:
Establish a Joint Center for Space Research into one core site.

### Description:

Consolidate Space Platform R 1 core site.

Note: Arnold AFB [FP2804] was not included because the work they reported is associated with Test and Experimentation in support of Research. NAVPGSCOL Monterey [62271] was not included because the work they reported is attributed to be educational in nature.

### Reason Scenario was deleted:

TECH-0015, Establish Joint Centers for Space Platforms D&A, and TECH-0016, Establish Joint Centers for Space Platforms Research, were terminated as the TJCSG thought that little would be gained by these proposed scenarios since TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson), encompasses the objectives of both of these proposed scenarios. TJCSG in deliberative session (11/10/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario #    TECH-0016  Date Created:  10/25/2004  Deleted
Scenario Title:  Establish a Joint Centers for Space D&A into one core site.

Description:
Space D&A Center at Peterson Air Force Base Consolidate Space Platform D&A into 1 core site.

Reason Scenario was deleted:
TECH-0015, Establish Joint Centers for Space Platforms D&A, and TECH-0016, Establish Joint Centers for Space Platforms Research, were terminated as the TJCSG thought that little would be gained by these proposed scenarios since TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson), encompasses the objectives of both of these proposed scenarios.
TJCSG in deliberative session (11/10/04) deleted this scenario from further consideration. This scenario is addressed in Scenario Tech 14.
Registered Scenarios

As Of: 12/30/2004

Scenario # TECH-0017 Date Created: 10/25/2004

Scenario Title: Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Picatinny)

Description:

Relocate DoD Guns & Ammunition RD&A (except energetic materials) at Picatinny.
Relocate gun/ammunition research (except energetic materials) from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Dahlgren, Port Hueneme (Louisville Detachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Picatinny.
Definition of Guns & ammunition: Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment

Adelphi (Adelphi, MD) - Realignment

Eglin AFB (Valpariso, FL) - Realignment

Marine Corps Base Quantico (Quantico, VA) - Realignment

Naval Air Weapons Station China Lake (China Lake, CA) - Realignment

Naval Reserve Center Louisville (Louisville, KY) - Realignment

Naval Support Activity Crane (Crane, IN) - Realignment

Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Realignment

Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment

Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment

Watervliet Arsenal (Watervliet, NY) - Realignment

Losing Activities

APG (W26210) Guns/Ammo (except energetic materials) RD&A to Picatinny (ARDEC) - Relocate

Adelphi (W4MK04) guns/ammo/fuze RDAT&E to Picatinny (ARDEC) - Relocate

Eglin (FFSB8) guns/ammo RDAT&E to Picatinny (ARDEC) - Relocate

MARCORSYSWCOM (M67854) guns/ammo RD&A to Picatinny (ARDEC) - Relocate

MCOTEAE (M93029) guns/ammo T&E to Picatinny (ARDEC) - Relocate

China Lake ( N60530)
COMNAVWARCENWPNDIV guns/ammo RDAT&E to Picatinny (ARDEC) - Relocate

Louisville ( N63394) NAVSURFWARNWPENDIV Port Hueneme guns/ammo RDAT&E to Picatinny (ARDEC) - Relocate

NAVSURFWARNWPENDIV Crane (N00164) guns/ammo RDAT&E to Picatinny (ARDEC) - Relocate

Dahlgren (N00178) guns/ammo RDAT&E to Picatinny (ARDEC) - Relocate

Indian Head (N00174) guns/ammo RDAT&E to Picatinny (ARDEC) - Relocate

Naval Weapons Station Fallbrook (N32893) guns/ammo RDAT&E to Picatinny (ARDEC) - Relocate

Watervliet (W4MK03) (Benet Lab) guns RD&A to Picatinny (ARDEC) - Relocate

Receiving Bases

Picatinny (Dover, NJ) - Receive

Activities being Received

Adelphi (W4MK04) guns/ammo/fuze RDAT&E to Picatinny (ARDEC)

APG (W26210) Guns/Ammo (except energetic materials) RD&A to Picatinny (ARDEC)

China Lake (N60530)
COMNAVWARCENWPNDIV guns/ammo RDAT&E to Picatinny (ARDEC)
Registered Scenarios

As Of: 12/30/2004

Dahlgren (N00178) guns/ammo RDAT&E to Picatinny (ARDEC)

Eglin (FFSB8) guns/ammo RDAT&E to Picatinny (ARDEC)

Fallbrook Crane NAVSURFWAR CEN (N32893) guns/ammo RDAT&E to Picatinny (ARDEC)

Indian Head (N00174) guns/ammo RDAT&E to Picatinny (ARDEC)

Louisville (N63394) NAVSURFWAR CENDIV guns/ammo RDAT&E to Picatinny (ARDEC)

MARCORSYSCOM (M67854) guns/ammo RD&A to Picatinny (ARDEC)

MCOTE A (M93029) guns/ammo T&E to Picatinny (ARDEC)

NAVSURFWAR CENDIV Crane (N00164) guns/ammo RDAT&E to Picatinny (ARDEC)

Watervliet (W4MK03) (Benet Lab) guns RD&A to Picatinny (ARDEC)
## Registered Scenarios

**Scenario #**: TECH-0018  
**Date Created**: 10/25/2004  
**Scenario Title**: Relocate W&A RDAT&E to 3 Primary & 4 specialty; retain/relocate energetics at Indian Head  
**Description**:  
Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship system/combat system integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. Retain energetic materials capabilities at Indian Head and relocate energetics materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.  

**Definitions**:  
In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).  
Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.  
Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fusing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fusing.  
Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.  
Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.  
Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

Scenario Title: | Relocate RD&A energetic capability from Crane, Fallbrook and Yorktown to Indian Head

**Description:**

Retain Energetics Materials Capabilities at Indian Head and relocate energetic materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.

**Definitions:**

Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

### Registered Scenarios

**Scenario #**: TECH-0020  
**Date Created**: 10/27/2004  
**Scenario Title**: Joint Battlespace Environments Center

**Description:**

Realignment and consolidate those facilities that are primarily focused on Battlespace Environments (meteorology, oceanography, terrain, and space environment) DTAP activities in research, development and acquisition (RDA) to create a Joint Battlespace Environments Center (JBSEC) at the Stennis Space Center, Stennis, MS.

This scenario realigns and consolidates Battlespace Environments DTAP activities in research, development and acquisition (RDA) for the subareas of space, atmospheric and oceanographic and terrain sciences establishing a Joint Battlespace Environments Center (JBSEC). This scenario only realigns the unique organizations (branch, division, detachment, or larger) that conducts RDA for the purpose of describing and characterizing the environment and develops models to characterize the impact of the environment on weapons systems. It does not realign individual technical experts embedded in host acquisition facilities whose primary function is to analyze the impact of the environment on current and emergent weapons systems. The JBESC will be located at the Stennis Space Center, Stennis, MS and will be merged with existing battlespace environments organizations at Stennis. The research, development and acquisition focus of the JBESC will be the weather, space weather, and oceanographic information systems used by all echelons (tactical, operational and strategic). This information is provided via software based systems such as Air Force Meteorological Information Systems (AFMIS) and the Navy Tactical Environmental Support System (TESS). The R&D being consolidated is software systems centered and is inclusive of atmospheric and ocean science related to weather, software engineering, models and simulations, high performance computation, and mathematics. This multidisciplinary collection of R&D expertise and their resulting production information systems are essential for advancements in the Battlespace Environment Joint Functional Concept (CJCSI 3170.01c).

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency RDA expertise onto a single site with one of the four DoD High Performance Computing (HPC) Major Shared Resource Centers (MSRCs). A single site is consistent with the strategy of the Technical Joint Cross Service Group because the National Oceanic and Atmospheric Agency performs alternative research facilities. In order to support Joint Functional Concepts and relevant Joint Operating Concepts of the future, this scenario provides a) a consolidated center-of-mass for the science base for theater weather, the enabling models and simulations, and predictive tools; b) ready access for research and development to a DoD high performance computing Major Shared Resource Center; and, c) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Units with size less than 30 FTEs are excluded unless otherwise noted.

This scenario consolidates and realigns, principally, the following organizations:

**Air Force**: Battlespace Environments Division of Air Force Research Laboratory (AFRL/VSB), Hanscom AFB, MA.

**Army**: Atmospheric Sciences Branches of the Army Research Laboratory at Adelphi Md (34 FTE) and White Sands Missile Range (71 FTE)

**Navy**: Navy Research Laboratory Marine Meteorology Division (Monterey CA; NRL-MMD) and Navy Research Laboratory Stennis Space Center (NRL-SSD), and Ocean and Atmospheric Directorate at NRL Washington (NRL-DC).

Scenario #  
TECH-0021  
Date Created: 10/27/2004  
Deleted

Scenario Title: Joint Chemical-Biological Defense RD&A Center

Description:

Abstract: Realign and co-locate the “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition (RDA) areas of BRAC-reported Chemical-Biological Defense DTAP activities to Aberdeen Proving Ground, Edgewood Area, MD.

Narrative: This scenario would consolidate, realign and relocate all service and DoD activities in “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition from the sites below to Aberdeen Proving Ground, Edgewood Area, MD.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency medical chemical defense and non-medical chemical and biological defense RDA to a single site to form a National Center of Excellence. This center of CB Defense positions the Department of Defense to exploit a center-of-mass of scientific, technical, and acquisition expertise with the personnel necessary to provide defense against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of military Service CB programs into a joint, co-located CB program.

Assumptions:
Unable to confirm UICs for Defense Agencies
Unable to confirm UIC for USAF Patrick AFB, 6

Action List: the following activities move from current locations to Aberdeen Proving Ground, Edgewood Area, MD.

Reason Scenario was deleted:

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical –Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Abstract: Realign and consolidate to Ft Detrick, Frederick, MD the Medocal Biological Defense Subarea of BRAC-reported Chemical-Biological Defense DTAP activities in research, development and acquisition (RDA).

This scenario consolidates, realigns and relocates all Service and DoD operations in medical biological defense research, development and acquisition from sites listed below to Ft. Detrick, MD. The end state of this scenario is to consolidate Army, navy, Air Force, Marine Corps, and Defense Agency medical biological defense RDA to a single site that has DoD's only capacity for Biosafety Level 4 research and development and has requisite "licensed medical product" acquisition expertise. This realignment and consolidation will position the DoD to exploit a center-of-mass of scientific, technical, medical acquisition, and medical product regulatory expertise and personnel in order to provide defense against current and emerging bio warfare threats.

Assumptions: Could not confirm UICs for Defense Agencies

Reason Scenario was deleted:

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical–Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

Scenario # | TECH-0023  | Date Created: 10/27/2004  | Deleted
Scenario Title: Establish Joint Chemical-Biological Defense T&E Center

Description:

Abstract: Co-locate all Chemical and Biological Defense Test and Evaluation (T&E) areas of BRAC-reported Chemical-Biological Defense (CBD) DTAP activities except those requiring ship-board evaluation to one military installation, Dugway Proving Ground, UT.

This scenario relocates all Service and DoD activities (excluding those requiring ship-board evaluation) in Chemical and Biological Defense T&E from the following sites to Dugway Proving Ground, UT. The end state of this scenario is to consolidate Army, Navy, Air Force, and Marine Corps Chemical and Biological Defense T&E to a single military CBD T&E site. This T&E center for CB Defense will position the Department of Defense to exploit synergy of service efforts with the considerable expertise and history of the T&E capabilities at Dugway Proving Ground. A single site for T&E will provide expert personnel necessary to provide rapid T&E for technologies needed to defend against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of service CB programs into a joint co-located CB T&E program.

Reason Scenario was deleted:

TECH-0023, Establish Joint Chemical-Biological Defense T&E Center, was terminated since little would be gained after application of the TJCSG decision to include any donors with less than 30 FTEs. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

**Scenario Title:** Joint Biomedical Development and Acquisition Center (JBDAC)

**Description:**

Abstract: Realign and consolidate all Biomedical Development and Acquisition (D&A) activities to a single site, Army Fort Detrick, Frederick, Maryland.

Narrative: The scenario realigns the activities listed below to JBDAC to be located at the Army Fort Detrick, MD activity. The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A activities to a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a consolidated center of mass for all defense biomedical D&A which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs infrastructure capability at US Army Medical Research and Materiel Command at Ft. Detrick. It also provides a consolidated D&A single point of contact for the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

**Reason Scenario was deleted:**

TECH-0024, Joint Biomedical Development and Acquisition Center, and TECH-0025, Biomedical Research Co-Location, were terminated as similar scenarios incorporating the proposed consolidations/co-locations were part of MJCSG scenarios and redundant scenarios in the two JC Streets would have little value for work effort involved. The MJCSG will run their similar scenarios involving technical issues and report their recommendations to the TJCSG for concurrence/approval. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

### Scenario Title:
Relocate W&A RDAT&E to 3 core & 4 specialty; retain/relocate surface ship integration at Dahlgren

### Description:
Relocate all Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from all organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and four (4) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal, Underwater Weapons/Underwater Weapons Integration @ Newport, Directed Energy Weapons Research, D&A @ Kirtland, DoD Directed Energy weapons T&E and selected weapons T&E @ White Sands Missile Range], with all weapons related RDAT&E from PAX River and Point Mugu to China Lake; retain surface ship integration [surface ship combat systems (control) and Battleforce Architecture and Engineering] at Dahlgren, and relocate related surface ship integration [surface ship combat systems (control) and Battleforce Architecture and Engineering] from Dam Neck, Port Hueneme/San Diego and align Wallops [except special facilities] to Dahlgren.

### Reason Scenario was deleted:
TECH-0027, Re-Locate W&A RDAT&E to 3 core sites and 2 Specialty Sites; Retain/Re-locate Surface Ship Integration at Dahlgren, was incorporated into the TECH-0002, Re-Locate W&A RDAT&E to 3 core sites and 2 Specialty Sites, baseline. Therefore, TECH-0027 was terminated.

TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.

### Registered Scenarios

**Scenario #:** TECH-0031  
**Date Created:** 11/5/2004

**Scenario Title:** Optimize Sea Vehicle R, D&A and T&E  

**Description:**

This scenario proposes to consolidate and/or co-locate all Sea Vehicle RDAT&E to two primary sites while retaining small sites involved in specialized Sea Vehicle support to DDTE/OTE or specialized sites with unique facilities. The planned component moves will enhance and leverage off the existing robust concentration of research, design and development, acquisition support and T&E capabilities that currently reside within the US Navy HQ and Warfare Center infrastructure. This proposal would relocate/co-locate management and direction of Theater Support Vessels programs for USA to COMNAVSEA WNY and would be consistent with the existing partnership collaboration between the USA and the USN on Theater Support Vessels and other theater support small watercraft. Program management will be retained for D&A and T&E at COMNAVSEA. Consolidation of all Program management of Sea Vehicle Programs at the WNY collocates these functions with related program offices supporting Weapons and Combat systems, Hull Mechanical and Electrical, C4I integration and related sea vehicle equipment and support functions. This also places it nearby the principal technical direction and development agent for sea vehicles located at NSWC Carderock Division in Bethesda, MD.

#### Losing Bases

Registered Scenarios

Scenario # TECH-0032 Date Created: 11/12/2004

Scenario Title: Chemical-Biological Defense RD&A Consolidation

Description:

Abstract: Realign, relocate and consolidate –
1) the “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition (RDA) areas of BRAC-reported Chemical-Biological Defense DTAP activities to existing organizational entities at Aberdeen Proving Ground, Edgewood Area, MD (action lists 1,2,4); and,
2) the Medical Biological Defense Subarea of BRAC-reported Chemical-Biological Defense DTAP activities in research to Fort Detrick, Frederick, MD.

Narrative: This scenario would consolidate, realign and relocate all service and DoD activities in “Medical” Chemical Defense, “Medical” Biological Defense, and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition from Defense Agencies, Acquisition Program Offices (relevant PEO/PMs), Army, Navy and Air Force R&D&A sites to either Aberdeen Proving Ground, Edgewood Area, MD or Ft. Detrick, MD.

The end state of this scenario is to consolidate Army, Navy, Air Force, Defense Agency and acquisition program offices for medical chemical defense, medical biological defense, and non-medical chemical and biological defense RDA to two (2) sites in the National Capitol Region. This center of CB Defense work positions the Department of Defense to exploit a center-of-mass of scientific, technical, and acquisition expertise with the personnel necessary to provide defense against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of military service CB Defense programs into a joint, consolidated CB program.

</table>

**Scenario Title:**  
Defense Research Service Led Laboratories

**Description:**

This scenario realigns and consolidates the three service corporate laboratories. Additionally it creates a virtual “Defense Research Laboratory” by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations. This Scenario is the same as TECH 0009 except for AFRL/IF WPAFB and AFRL/IF Rome will be relocated at AFRL/Hanscom.

The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to a maximum of two primary locations, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

**Reason Scenario was deleted:**

TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration. This scenario is addressed in Scenario Tech 9.
As Of: 12/30/2004

Registered Scenarios

Scenario #: TECH-0034     Date Created: 11/12/2004

Scenario Title: Defense Research Service Led Laboratories, Companion to TECH-0009

Description:

This scenario is a companion to TECH-0009. As such it will examine alternative realignments as part of the creation of the Defense Research Laboratory. The DRL realigns and co-locate the three service corporate laboratories to provide greater synergy across DTAP technical capabilities and functions. Additionally it creates a virtual "Defense Research Laboratory" by establishing a board of directors including Director of Defense Research and Engineering (DDR&E), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.

The end state of this scenario will consolidate the naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. The DRL will provide service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

**Scenario #**  
TECH-0035  
**Date Created:** 11/12/2004

**Scenario Title:**  
Army Land Network Warfare LCM at Adelphi and Belvoir

**Description:**
This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Research at the Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research in Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walter Reed Army Institute of Research to form a Land Network Science, Technology and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare Electronics and Information Systems Development & Acquisition at Belvoir.

**Scenario Title:** Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E at Redstone Arsenal

**Description:**
This scenario consolidates all rotary wing air platform RDAT&E at a single site at Redstone while retaining several speciality sites. The planned component moves will enhance efficiency by consolidating to a single major site.

**Reason Scenario was deleted:**
TECH-0036, Establish Joint Center for Rotary Wing Air Platform RDAT&E at Redstone, and TECH-0037, Establish Joint Center for Rotary Wing Air Platform RDAT&E at PAX River, were terminated at the TJCSG’s direction based on Open Air Range information that shows the single site solution cannot accommodate all of the workload. Also, a single site solution is contrary to the TJCSG overarching strategy.

**Registered Scenarios**

**Scenario #** TECH-0038  
**Date Created:** 11/18/2004

**Scenario Title:** Consolidate Extramural Research Program managers to Naval Research lab, DC

**Description:**

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDep. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would:

Realign from the following UICs to JBESC, FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions:

- Office of Naval Research, Arlington, VA, N00014
- Defense Advanced Research Project Agency, Arlington VA
- Defense Threat Reduction Agency – NCR, Alexandria, VA
- Army Research Laboratory/Army Research Office, Durham, NC, W26203
- Army Research Laboratory/Army Research Office, Arlington, VA, W26205
- AFRL/AFOSR, Arlington, VA, FFTJH

**Losing Bases**

- AFRL/AFOSR (ARLINGTON, VA) - Realignment
- ARL/CIS/SLA (Arlington, VA) - Realignment
- ARMY RESEARCH Lab/ARMY RESEARCH OFFICE (ARLINGTON, VA) - Realignment
- ARMY RESEARCH LABORATORY/ARMY RESEARCH OFFICE (DURHAM, NC) - Realignment
- DARPA (Arlington, VA) - Realignment
- Defense Threat Reduction Agency - NVR (alexandria, VA) - Realignment
- Office of Naval Research (Arlington, VA) - Realignment

**Losing Activities**

- AFRL/AFOSR extramural research Program managers at NRL DC - Co-locate
- Army Research Lab, CIS/SLA extramural research program managers to NRL-DC - Co-locate
- Army research extramural program managers to NRL DC - Co-locate
- Army Research Office Extramural research program managers to NRL-DC - Consolidate
- DARPA extramural research program managers to NRL DC - Co-locate
- DTRA extramural research program managers to NRL DC - Co-locate
- ONR extramural research activities to NRL DC - Co-locate

**Receiving Bases**

- Naval Research Laboratory (Washington, DC) - Receive

**Activities being Received**

- AFRL/AFOSR extramural research Program managers at NRL DC
- Army research extramural program managers to NRL DC
- Army Research Lab, CIS/SLA extramural research program managers to NRL-DC
- DARPA extramural research program managers to NRL-DC
- DTRA extramural research program managers to NRL DC
- ONR extramural research activities to NRL DC

Registered Scenarios

Scenario #  TECH-0043  Date Created:  11/18/2004
Scenario Title: Relocate RD&A energetic materials capability from Crane and Yorktown to Dahlgren

Description:
Relocate energetic materials RDAT&E capabilities from Indian Head, Crane and Yorktown to Dahlgren.
Definitions:
Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

Losing Bases
Naval Support Activity Crane (Crane, IN) - Realignment
Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment
Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment
Naval Weapons Station Yorktown (Yorktown, VA) - Realignment

Receiving Bases
Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Receive

Losing Activities
Crane (N00164) NAVSURFWARCE energetic materials RDAT&E to Dahlgren - Relocate
Indian Head (N00174) energetic materials RDAT&E to Dahlgren - Relocate
Fallbrook (N32893) Crane NAVSURFWARCE energetic materials T&E to Dahlgren - Relocate
Yorktown (N32889) energetic materials RDAT&E to Dahlgren - Relocate

Activities being Received
Crane (N00164) NAVSURFWARCE energetic materials RDAT&E to Dahlgren
Fallbrook (N32893) Crane NAVSURFWARCE energetic materials T&E to Dahlgren
Indian Head (N00174) energetic materials RDAT&E to Dahlgren
Yorktown (N32889) energetic materials RDAT&E to Dahlgren
**Scenario #** TECH-0044  
**Date Created:** 11/18/2004  
**Scenario Title:** Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Dahlgren)  

**Description:**

Relocate DoD Guns & Ammunition RD&A (except energetic materials) and selected T&E at Dahlgren. Relocate gun/ammunition research from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Picatinny, Port Hueneme (Louisville Detachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Dahlgren.

**Losing Bases**

- Aberdeen (Aberdeen, MD) - Realignment
- Adelphi (Adelphi, MD) - Realignment
- Eglin AFB (Valpariso, FL) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Naval Air Weapons Station China Lake (China Lake, CA) - Realignment
- Naval Reserve Center Louisville (Louisville, KY) - Realignment
- Naval Support Activity Crane (Crane, IN) - Realignment
- Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment
- Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment
- Picatinny (Dover, NJ) - Realignment
- Watervliet Arsenal (Watervliet, NY) - Realignment

**Losing Activities**

- APG (W26210) Guns/ammo RD&A (except energetic materials) to Dahlgren - Relocate
- Adelphi (W4MK04) guns/ammo/fuze RDAT&E to Dahlgren - Relocate
- Eglin (FFSB8) guns/ammo RDAT&E to Dahlgren - Relocate
- MARCORSYSCOM (M67854) guns/ammo RD&A to Dahlgren - Relocate
- MCOTEA (M93029) guns/ammo T&E to Dahlgren - Relocate
- China Lake (N60530) guns/ammo RDAT&E to Dahlgren - Relocate
- Louisville (N63394) NAVSURFWARCENDIV Guns/ammo RDAT&E to Dahlgren - Relocate
- Crane (N00164) NAVSURFWARCENDIV guns/ammo RDAT&E to Dahlgren - Relocate
- Indian Head (N00174) guns/ammo RDAT&E to Dahlgren - Relocate
- Fallbrook (N32893) Crane NAVSURFWARCENDIV guns/ammo RDAT&E to Dahlgren - Relocate
- Picatinny (W27P05) guns/ammo/fuze D&A to Dahlgren - Relocate
- Picatinny (W27P4A) guns/ammo/fuze D&A to Dahlgren - Relocate
- Picatinny (W27P72) guns/ammo D&A to Dahlgren - Relocate
- Picatinny (W4MKAA) guns/ammo/fuze RT&E to Dahlgren - Relocate
- Watervliet (Benet Lab) (W4MK03) gun RD&A to Dahlgren - Relocate

**Receiving Bases**

- Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Receive

**Activities being Received**

- Adelphi (W4MK04) guns/ammo RDAT&E to Dahlgren
- APG (W26210) Guns/ammo RD&A (except energetic materials) to Dahlgren
- China Lake (N60530) guns/ammo RDAT&E to Dahlgren
Registered Scenarios

As Of: 12/30/2004

Crane (N00164) NAVSURFWARCENDIV guns/ammo RDAT&E to Dahlgren
Eglin (FFSB8) guns/ammo RDAT&E to Dahlgren
Fallbrook (N32893) Crane NAVSURFWARCENDIV guns/ammo RDAT&E to Dahlgren
Indian Head (N00174) guns/ammo RDAT&E to Dahlgren
Louisville (N63394) NAVSURFWARCENDIV Guns/ammo RDAT&E to Dahlgren

Picatinny (W27P72) guns/ammo D&A to Dahlgren
Picatinny (W4MKAA) guns/ammo/fuze RT&E to Dahlgren
Watervliet (Benet Lab) (W4MK03) gun RD&A to Dahlgren
This scenario relocates and consolidates R&D&I in Land Warfare into a single site. It enhances Life Cycle Management by physically consolidating organization contained in the Soldier/Ground Systems Life Cycle Management Command. The scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare R&D&I (Soldier Systems, ground vehicle, guns and ammunition and CBD). The consolidation at APG collocates R&D activities from the Soldier Systems Center (SSC) Natick, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, Ft. Belvoir, VA and Picatinny, NJ with significant T&E capabilities, which are not available at the current R&D&I sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems.

### Losing Bases
- Adelphi (Adelphi, MD) - Realignment
- Belvoir (Fort Belvoir, VA) - Realignment
- Detroit/Selfridge (Warren, MI) - Realignment
- Picatinny (Dover, NJ) - Realignment

### Losing Activities
- Adelphi ARDEC (W4MK04) to APG - Relocate

Registered Scenarios

Scenario # TECH-0046 Date Created: 11/23/2004

Scenario Title: Consolidate Extramural Research Program Managers (Joint Center of Excellence) to Ft. Belvoir

Description:

Realignment and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all activity of the following organizations located at the sites indicated and collocate them in close proximity to DTRA and the ARL-ARO detachment at Fort Belvoir. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MidDep. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base. This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all government FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

Losing Bases

AFRL/AFOSR (ARLINGTON, VA) - Realignment
ARL/CIS/SLA (Arlington, VA) - Realignment
ARMY RESEARCH LABORATORY/ARMY RESEARCH OFFICE (DURHAM, NC) - Realignment
DARPA (Arlington, VA) - Realignment
Office of Naval Research (Arlington, VA) - Realignment

Losing Activities

AFRL/AFOSR extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO) - Co-locate
ARL/CIS/SLA extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO) - Co-locate
ARL/ARO (Durham) extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO) - Co-locate
DARPA (Ballston) extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO) - Co-locate
ONR (Ballston) extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO) - Co-locate

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Activities being Received

AFRL/AFOSR extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO)
ARL/ARO (Durham) extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO)
ARL/CIS/SLA extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO)
DARPA (Ballston) extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO)
ONR (Ballston) extramural research program managers activities to Ft. Belvoir (DTRA & ARL/ARO)

<td><strong>Scenario Title:</strong></td>
<td>Consolidate Combatant C4ISR DAT&amp;E at Colorado Springs, CO</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Description:

Move the people & their positions (government only) and the Special Equipment & Facilities doing Combatant Commander Information Systems DAT&E work from DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices), NAVSURFWARCEN COASTSYSSTA PANAMA CITY FL (DJO2 Program office) and Army PEO alley (JNMS Program Office) and Arlington, VA leased space (UTRS Joint Program Office) to Colorado springs. People includes Military (officers and enlisted), civilian and those contractor personnel for whom the government is obliged to provide on-base facilities, special equipment includes mission and support equipment as well as those vehicles required to accomplish the mission being moved.

### Losing Bases

- Bailey's Crossroads (Arlington, VA) - Realignment
- Crystal City Lease (Arlington, VA) - Realignment
- Monmouth (Fort Monmouth, NJ) - Realignment
- Naval Support Activity Panama City (Panama City, FL) - Realignment

### Losing Activities

- DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices) Combatant Commander Information systems DAT&E to Peterson - Consolidate
- Army PEOC3T Combatant Commander Information systems DAT&E to Peterson - Consolidate
- Monmouth Combatant Commander Information systems DAT&E to Peterson - Consolidate
- Panama City Combatant Commander Information systems DAT&E to Peterson - Consolidate

### Receiving Bases

- Peterson AFB (Colorado Springs, CO) - Receive

### Activities being Received

- Army PEOC3T Combatant Commander Information systems DAT&E to Peterson
- DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices) Combatant Commander Information systems DAT&E to Peterson
- Monmouth Combatant Commander Information systems DAT&E to Peterson
- Panama City Combatant Commander Information systems DAT&E to Peterson
**Scenario #**  
TECH-0048  
**Date Created:** 12/2/2004

**Scenario Title:**  
Army Soldier/Land System LCM Center two site Scenario

**Description:**
This scenario relocates and consolidates RDAT&E in Land Warfare into two sites. It enhances Life Cycle management by physically consolidating organizations contained in the Soldier/Ground Systems Life Cycle Management Command. This scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare RDAT&E (Soldier systems, ground vehicle, guns and ammunition and CBD). The consolidation at Aberdeen Proving Ground collocates R&DA activities from the Soldier Systems Center (SSC) Batucj, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, and Ft. Belvoir, VA with significant T&E capabilities, which are not available at the current RDA sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems. This scenario, which does not relocate the facilities at Picatinny, NJ is a lower cost alternative to consolidation at a single site (TECH 0045).

### Registered Scenarios

**Scenario #**  
TECH-0049

**Date Created:**  
12/9/2004

**Deleted**

**Scenario Title:**  
Establish/Consolidate Space D&A at a minimum number of core sites.

**Description:**

Establish/Consolidate Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space systems Development and Acquisition at Schriever AFB to enhance organizing, training and equipping functions for space organizations.

**Reason Scenario was deleted:**

TECH-0049, Establish a Joint Center for Space RDAT&E Into One Core Site (Schriever AFB), was created as an alternate to TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson AFB), based on inaccurate information that Peterson AFB would not have adequate acreage available to accommodate the workload. Schriever AFB is in relatively close proximity to Peterson AFB, hence the reason for selection of Schriever AFB as the alternate site. However, the Air Force confirmed Peterson AFB does in fact have adequate acreage to accommodate all of the workload. Therefore the TJCSG terminated TECH-0049, as it was no longer necessary.
**Scenario #**: TECH-0050  
**Date Created**: 12/9/2004  
**Scenario Title**: Army Land Network Warfare LCM Center at NCR

**Description:**
This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Research (less the Ground Sensor, Electronic Warfare, Electronics and Information systems Research conducted at Ft. Belvoir) at Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research in Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walter Reed Army Institute of Research to form creation a Land Network Science Technology and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems D&A at Belvoir.

Scenario #: TECH-0053  
Date Created: 12/9/2004  
Scenario Title: Army Land Network Warfare LCM Center at Ft. Monmouth  
Description: This scenario consolidates C4ISR technical facilities into a single site. The scenario consolidates Ground Sensor, Electronic Warfare, Electronics and Information systems RD&A at Ft. Monmouth, NJ. Consolidation of research includes moving research in Networks done by the Army Research institute, neuroscience research at Walter Reed Army Institute of Research, and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization facilitates the creation of a Land Network Science, Technology and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
Adelphi (Adelphi, MD) - Realignment
Belvoir (Fort Belvoir, VA) - Realignment
Knox (Fort Knox, KY) - Realignment
Walter Reed Army Institute of Research (xx, DC) - Realignment
White Sands (White Sands Missile Range, NM) - Realignment

Losing Activities

Aberdeen Ground Sensor, Electronic Warfare, Electronics, Information Research and Human Systems Research related to Networks & C4ISR to Monmouth - Consolidate
Adelphi Ground Sensor, Electronic Warfare, Electronics, Information Systems RD&A to Monmouth - Consolidate
Belvoir Ground Sensor, Electronic Warfare, Electronics and Information Systems RD&A to Monmouth - Consolidate
Knox Army Research institute Information Systems Research in networks to Monmouth - Consolidate
Walter Reed Army Research Institute neuroscience research to Monmouth - Consolidate
White Sands Ground Sensor, Electronic Warfare, Electronics and Information Systems RD&A to Monmouth - Consolidate

Receiving Bases

Monmouth (Fort Monmouth, NJ) - Receive

Activities being Received

Aberdeen Ground Sensor, Electronic Warfare, Electronics, Information Research and Human Systems Research related to networks & C4ISR to Monmouth
Adelphi Ground Sensor, Electronic Warfare, Electronics, Information Systems RD&A to Monmouth
Belvoir Ground Sensor, Electronic Warfare, Electronics and Information Systems RD&A to Monmouth
Knox Army Research institute Information Systems Research in networks to Monmouth
Walter Reed Army Research Institute neuroscience research to Monmouth
White Sands Ground Sensor, Electronic Warfare, Electronics and Information Systems RD&A to Monmouth

### Registered Scenarios

**Scenario #** USA-0020  
**Date Created:** 9/23/2004

**Scenario Title:** 87 AFRC Norman, OK

**Description:**

Closes 6 occupied facilities (Norman (lease), Broken Arrow, Tonkawa, 23rd Street Armory (including the 23d Street FMS activity), Farr USARC and Smalley USARC. Closes 3 currently vacant facilities (Roush USARC in Clinton, OK, the Konawa Armory and the Wewoka Armory) eliminating excess capacity. Constructs a new complex on a state-owned military reservation with rail, air and interstate access. Realigns the CSMS operation currently at Norman and C/700 SB from the Edmonds Armory into the new complex.

### Registered Scenarios

**Scenario #**  USA-0036  
**Date Created:** 9/30/2004  
**Deleted**

**Scenario Title:** 179 Close Red River Army Depot

**Description:**

Close Red River Army Depot. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial and Supply and Storage JCSGs realign or disestablish their assigned functions. This scenario is enabled by IND 0001 and IND 0008.

**Reason Scenario was deleted:**

On 3 Dec 04, the SRG directed that we stop this proposal due to operational requirements related to OIF/OEF support and reset and military judgment.
Scenario #  USA-0037  Date Created:  9/30/2004
Scenario Title:  184 Realign Sierra Army Depot and transfer to the Reserve Component

Description:
Realign Sierra Army Depot from an Army logistics depot to a reserve component training facility. All logistics functions would be transferred to Anniston Army Depot and the reserve component would assume responsibility for the post.

Reason Scenario was deleted:
RC military judgement that the base is not located where they could support its independent operation therefore support for the proposal has been withdrawn.

<th>9/30/2004</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scenario Title:</td>
<td>86 Basic Training Consolidation (Jackson LW)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

#### Description:
Reduce from 5 Basic Training locations (Fort Benning, Fort Knox, Fort Jackson, Fort Leonard Wood, & Fort Sill) to 2 locations: Fort Jackson & Fort Leonard Wood. Fort Knox's & Fort Benning's Basic Combat Training (BCT) moves to Fort Jackson. Fort Sill's BCT moves to Leonard Wood.

#### Reason Scenario was deleted:
BCT at Benning and Knox will be combined under the Maneuver Center proposals, which will reduce Basic Training at four locations. Moving BCT from Sill to Jackson does not make sense since OSUT will still take place at Sill.
Registered Scenarios

Scenario # USA-0053 Date Created: 9/30/2004

Scenario Title: 94 CSS Center (Redstone)

Description:

Moves CASCOM (Lee), the Army Logistic Management College (Lee), the 49th QM Group (Lee), the QM Center & School (Lee), the Ordnance Center & School (Aberdeen), and the Transportation Center and School (Eustis) to Redstone (with the Missile and Munitions School) Creating a CSS Center. Army will look at this scenario under the authority and overwatch of the E&T JCSG.

Scenario # | USA-0063 | Date Created: | 10/1/2004
Scenario Title: | 289 Close Selfridge Army Activities
Description:

Close USAG SANGB. Army disestablishes Garrison activities and realigns or disestablishes non JCGG functions. The Industrial, Technical, and HSA JCSGs realigns or disestablish their assigned functions.

This proposal would close the US Army Garrison-Michigan at Selfridge Air National Guard Base. The USAG-M is a federal land owner within the perimeter of Selfridge Air National Guard Base. The mission of USAG-M (Selfridge) is to provide base support, services and facilities to the Selfridge joint military community including housing, morale support, education, information technology, safety, transportation, quality of life, safety, environmental and recreational services, family services, child development, maintenance and repair, law enforcement, force protection, medical, dental, base exchange, commissary and religion. The joint community is home to units of all four branches of the military services as well as the US Coast Guard and the Border Patrol who either live, work or visit Selfridge Air National Guard Base. USAG-M is the primary provider of support and services to ALL military and DHS personnel and their dependents.

Losing Bases

Registered Scenarios

Scenario #    USA-0066    Date Created: 10/1/2004
Scenario Title: 288 Close Charles Kelly Support Center

Description:
Closes the Charles E. Kelly Support Center and all sub installations in the Pittsburgh, Pennsylvania area. Includes closing 53 buildings and 118 acres on the main post of CKSC, 17 buildings and 15 acres at the Neville Island sub-installation, 7 buildings and 13 acres at the site 62 sub-installation (Currently vacant) and 16 buildings and 38 acres at the Elrama, Pennsylvania facility (Old Nike Missile Site). Transfers all functions at the Neville Island facility to Ft. Dix N.J. Transfers all garrison (non-tenant) functions to Ft. Dix N.J. relocates tenant RC units to other AFRCs (Locations TBD).

Reason Scenario was deleted:
This proposal is now a component piece of USA-0167 and therefore subsumed by that proposal.

<tbody>
<tr>
<td>Date Created</td>
<td>10/1/2004</td>
</tr>
<tr>
<td>Scenario Title:</td>
<td>274 Basic Training Consolidation (Jackson Knox LW)</td>
</tr>
</tbody>
</table>

**Description:**

Reduce the number of Basic Training (BCT) locations from 5 (Fort Benning, Fort Knox, Fort Jackson, Fort Leonard Wood, & Fort Sill) to 3 locations: Fort Knox, Fort Jackson, & Fort Leonard Wood. Fort Benning's BCT moves to Fort Knox and Fort Sill's BCT moves to Fort Jackson.

**Reason Scenario was deleted:**

BCT at Benning and Knox will be combined under the Maneuver Center proposals, which will reduce Basic Training at four locations. Moving BCT from Sill to Jackson does not make sense since OSUT will still take place at Sill.
**Registered Scenarios**

**Scenario #** USA-0072  
**Date Created:** 10/1/2004  
**Deleted**  
**Scenario Title:** 293 Closure Ft. Hamilton  
**Description:** Close and lease back or enclave activities on Ft. Hamilton. The largest organization on Ft. Hamilton is the Recruiting Battallion and the New York Military Entrance Processing Center. Due to their Mission they will need to remain in NYC. Options are Transfer/Lease back of certain portions of Ft. Hamilton or move recruiting BN to federal Building or Leased space in NYC. Housing at Ft. Hamilton could be privatized.

**Reason Scenario was deleted:**  
On 12/13/2004, Dr. College approved stopping this proposal as it is now a component of USA-0167, USAR C2 Northeast/Closed Ft Hamilton.
### Registered Scenarios

**Scenario #**  USA-0073  
**Date Created:**  10/1/2004  
**Scenario Title:**  55 Close Letterkenny Army Depot  
**Description:**  
Close Letterkenny Army Depot. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial JCSG realigns or disestablishes its assigned functions. This scenario is enabled by IND 0001 and IND 0008.

**Reason Scenario was deleted:**  
On 3 Dec 04, the SRG directed that we stop this proposal due to operational requirements related to OIF/OEF support and reset and military judgment.

**As Of:**  12/30/2004

## Registered Scenarios

#### Scenario # USA-0096

#### Date Created: 10/8/2004

#### Scenario Title: 226 AFRC Ft. Allen, PR

#### Description:

Realigned Rubio United States Army Reserve (USAR) Center and relocates USAR School Brigade and Puerto Rico Army National Guard (PRARNG) 210th Regional Training Installation currently on Ft Allen and consolidates them into and constructs a new Armed Forces Readiness Center and Regional Training Installation on the Ft Allen Training Site. Rubio USAR Center (GREEN on the Army Installation Status Report) is 150% over utilized and therefore does not meet administrative, training, storage and maintenance requirements. Co-locates USAR and PRARNG schools in one facility.

## Registered Scenarios

### Scenario #
USA-0099  
**Date Created:** 10/8/2004

### Scenario Title:
248 AFRC Seagoville, TX

### Description:
Closes 3 Texas Army National Guard (TXARNG) Armories and 1 maintenance support activity; closes 1 United States Army Reserve (USAR) Center. All facilities are over utilized (140%-250%) and range in age from 41-49 yrs old. All require extensive addition/renovation to meet current requirements. Expansion is not possible in current location due to acreage constraints and/or encroachment. Build a new 131,300 square foot facility on government owned land in Seagoville, TX. Includes a mainenance support activity.

Scenario Title: | 251 AFRC Huntsville, TX
Description:

Close 1 Texas Army National Guard (TXARNG) Armory and 1 United States Army Reserve (USAR) Center in Huntsville and move the assigned units to a new facility to be built in Huntsville. Build a 40,800 square foot facility in vicinity of Huntsville, TX. The new facility will include classroom and training space (suitable for billeting if necessary). One current facility is AMBER and one GREEN on Army Installation Status Report, but current facilities are overutilized 213% and 330%. Exiting facilities are encroached and do not meet anti-terrorism and force protection requirements.

### Registered Scenarios

**Scenario #** USA-0108  
**Date Created:** 10/8/2004  
**Scenario Title:** 223 AFRC Elkins, WV  
**Description:**

Closes 1 United States Army Reserve Center (USARC) and 1 West Virginia Army National Guard (WVARNG) Armory and relocates their assigned units to a new facility vicinity Elkins near a major transportation corridor. New facility will be operated and maintained by the WVARNG. Sufficient land is available and would meet force protection, accessibility, training and security requirements.

**Scenario #** USA-0115  **Date Created:** 10/28/2004  
**Scenario Title:** 49 Close Lima Tank Plant  

**Description:**

Close Lima Army Tank Plant. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial JCSG realigns or disestablishes its assignedl functions. This scenario is enabled by IND 0050 and IND 0052.

**Reason Scenario was deleted:**

On 3 Dec04, SRG directed not to close LIMA tank plant as it is a key manufacturing facility for the future combat system; costs to establish a new manufacturing facility would exceed the savings generated by the closure; and military judgment.
Scenario #  USA-0116  Date Created:  10/28/2004
Scenario Title:  59 Close Watervliet Arsenal and Leaseback

Description:

Close Watervliet Arsenal. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial and Technical JCSG realigns or disestablishes their assigned functions. This scenario is enabled by IND 0052.

</table>
Scenario # | USA-0133 | Date Created: | 11/23/2004 | Deleted
Scenario Title: | 486 Relocate Army Operational Test Command

**Description:**
Move Operational Test Command (OTC) from Ft. Hood, TX to Ft. Bliss/White Sands Missile Range. Current, moving the test and evaluation requirements would decrease requirements on Fort Hood and supports future testing of the Army’s future combat system (FCS) at the Fort Bliss and or White Sands Missile range complex. Moves all OTC elements of Army Test and Evaluation Command (ATEC) from Ft. Hood to Ft. Bliss/WSMR.

**Reason Scenario was deleted:**
This proposal is deleted due to military judgement - moving the activity would break habitual relationships that the OTC leadership views as critical to mission accomplishment.
Scenario # | USA-0134  
---|---
Scenario Title: | 15 AFRC Redstone Arsenal, AL  
Date Created: | 11/24/2004  

**Description:**
Close 3 ARNG Centers (Bridgeport, DoubleSprings, Scottsboro) and 1 USMCR Center (Huntsville). Also realigns 1 ALARNG Center. Constructs a new AFRC on Redstone Arsenal in Huntsville, AL.

JAST #A005 - This is a joint USA and DON Proposal that supports DON xx to Close MCRC Huntsville, AL and consolidate into an AFRC on Redstone Arsenal.

### Scenario Title:

7 AFRC El Centro Naval Air Station, CA

### Description:

Close El Centro, Calexico, Brawley CA ARNG Armories and consolidate affected units into a new AFRC (El Centro - NAS) on El Centro Naval Air Station.

JAST #029 - This is a USA proposal that consolidates 3 ARNG Armories onto a DON Installation.

### Losing Bases

**Scenario #** USA-0143  
**Date Created:** 11/29/2004

**Scenario Title:** 189 AFRC FT Benning, GA

**Description:**

Close USAR Columbus Reserve center and vacate 2 buildings on Ft. Benning and close Naval Reserve Center Columbus. Construct a joint AFRC and ECS on Fort Benning, GA.

Addition of the ECS enables the closure of ECSs at Ft Gillem, GA and Ft Rucker, AL.

JAST #047 - This is a joint USA and DON proposal that supports DONxx to Close NRC Columbus GA and consolidate into AFRC on Ft Benning.

Scenario # USA-0166  Date Created: 12/2/2004

Scenario Title: 299 USAR C2 Proposal - NORTHWEST

Description:
Closes the Army Reserve facilities located on Vancouver Barracks and Fort Lawton, Washington. Relocates headquarters activities of the 104th Division (Institutional Training) and the 70th Regional Readiness Command to Fort Lewis, WA. Consolidates the footprint of two major C2 headquarters into one location. Positions the 104th Div (IT) closer to primary training facilities. Enhances the mobilization and deployment capabilities of Fort Lewis by stationing major Army Reserve C2, administrative and support capabilities on the installation.

Scenario # USA-0167 Date Created: 12/2/2004

Scenario Title: 13 USAR C2 NORTHEAST/Close Fort Hamilton

Description:

Inactivates the 77th and 99th Regional Readiness Commands. Closes the Charles Kelly Support Center (CKSC) and the Neville Island Maintenance Support Facility in Pittsburgh, PA. Closes major portions of Fort Hamilton, moves USAR units to Ft Wadsworth and creates an enclave for NYARNG components, the NYC Recruiting Command (AC) and the MEPS station. Closes Building #00330, 00319, 00128 and 00206 at Fort Totten, NY. Closes the SGT J.W. Kilmer USAR Center in Edison, New Jersey moves units to Ft Dix, NJ. Closes Carpenter USARC in Poughkeepsie (units are TAA reduction). Closes McDonald USARC, Jamaica NY and moves units to Ft Totten, NY. Closes Ft Tilden USARC, Far Rockaway NY and moves units to Ft Totten. Closes Muller USARC, Bronx, NY and moves units to Ft Totten. Activates the NE Regional Readiness Command and a Sustainment Unit of Action at Fort Dix, NJ. Relocates tenant units of CKSF to Pitt USARC in Corapolis, PA. Relocates the Headquarters, 78th Division (Exercise) from Edison to Fort Dix, New Jersey. Closes the Army Reserve Aviation Support Activity at NAS Willow Grove, PA and relocates Co A/228th Aviation to Fort Dix,NJ. Relocates 244th Aviation Brigade from Ft Sheridan to Fort Dix, NJ. Closes the NYARNG 47th Regiment Armory in Brooklyn and the Brooklyn Armory/OMS 12 (and may include Closing MCRC Brooklyn) and consolidates to an AFRC on the enclave at Fort Hamilton. Closes Equipment Concentration Site 27 on Fort Dix and relocates the ECS 27 mission to the New Jersey National Guard Mobilization and Training Equipment Site (MATES) joint facility at Lakehurst, New Jersey.

JAST #A022 - This is a USA Proposal that supports DONxx that Close MCRC Brooklyn NY and consolidate into an AFRC on Fort Hamilton (either in existing buildings or in a new AFRC with USAR and ARNG). USMC will require training area for communications satellite dish operation totalling 20 acres.

### Registered Scenarios

**Scenario #** USA-0204  
**Date Created:** 12/16/2004  
**Deleted**

**Scenario Title:** 97 AFRC Louisville, TN

**Description:**

Close the Concord Road Facility. Close NMCRC Knoxville. Move the E-BDE HQ (278th ACR) from Knoxville Armory (Sutherland Road) onto McGhee-Tyson ANG Airbase with the HQ, 164th Air Refueling Wing inside the fence. Elements from the Knoxville Armory (Concord) move into the Sutherland Road facility. Consolidate TNARNG Army Combined Support Maintenance Shop (CSMS) and Army Field Maintenance Shop (FMS) with TANG Air Ground Maintenance Complex into one up to date newly constructed complex facility on McGhee-Tyson Air Base, Louisville, TN.

**Reason Scenario was deleted:**

On 12/16/2004, Dr. College approved stopping this scenario due to the USAF withdrawing their support for the proposal and statement there was a lack of capacity. Stopped for capacity and military judgment.
Scenario #: USA-0205  Date Created: 12/16/2004
Scenario Title: 195 AFRC Raleigh, NC

Description:
Establishes a new Joint Forces Headquarters (North Carolina National Guard) and consolidates Emergency Operations Center for Homeland Defense and Homeland Security at the current NC Army National Guard Headquarters in Raleigh. May include the units from the Navy-Marine Corps Reserve Center, Raleigh.

JAST #A057 - This is joint USA and DON proposal that supports DONxxx that Closes NMCRC Raleigh NC and consolidate USNR and USMC units into AFRC Raleigh.

Registered Scenarios

As Of: 12/30/2004

Scenario #: USA-0213  Date Created: 12/16/2004

Scenario Title: 256 AFRC JRB Ft Worth, TX

Description:

Close the Weatherford, Sandage and Cobb Park TXARNG Armories, realign 5 USAR and 3 USMCR units already on NAS-JRB Ft Worth. Construct new joint facility on an enclave of NAS-JRB or if no land is available on NAS-JRB on property at the nearby Ft Worth storage area (coordination already begun).

Proposal includes two 7300 sq ft multi use (classroom, training, billets, emer/disaster spt) facilities. Includes an FMS and AMSA sub shop. NAS JRB Ft Worth AFRC is a leased facility on permitted land - $130K per yr. The JRB Ft Worth Bunker City is leased facility on permitted land - $130K per yr.

JAST # A041 - this is a USA proposal that consolidates ARNG and USAR onto NAS JRB Fort Worth or a nearby location. May include USMCR units that are already on NAS JRB Fort Worth.

Scenario # USA-0219 Date Created: 12/17/2004

Scenario Title: 234 AFRC Pease-Newington, NH

Description:

Closes Paul A. Doble USARC in Portsmouth, Closes Dover, Portsmouth, Rochester, and Somersworth (includes OMS), and realigns various ANG/facilities/units already on Pease NHANG Base.

JAST #A043 This is a USA proposal that consolidates ARNG and USAR facilities onto an AF (ANG Installation).

Losing Bases

DOVER NH ARMORY (DOVER, NH) - Close
HANSCOM FIELD AFRC / AMSA 62 (G) (BEDFORD, NH) - Close
PAUL A DOBLE USARC (PORTSMOUTH, NH) - Close

ROCHESTER ARMORY (ROCHESTER, NH) - Close
SOMERSWORTH ARMORY / OMS 03A (SOMERSWORTH, NH) - Close

Receiving Bases

PEASE NHANG BASE (NH, NH) - Receive

Scenario # USA-0220  

Date Created: 12/17/2004

Scenario Title: 244 JFHQ Wyoming (Warren AFB), WY

Description:

Lose WYARNG Raper (federal land licensed to the WYARNG located on the Cheyenne AFRC complex) and the vacant Thermopolis Readiness Centers, Joint Forces HQs in Cheyenne and OMS # 4 and move units and activities into a new combined JFHQ and AFRC/OM that will include the WY State EOC/NORTHCOM on Warren Air Force Base. Consolidates all WY National Guard units that are in the Cheyenne vicinity into one facility.

JAST # A034 - This is a USA proposal that consolidates ARNG units onto an AF installation.

Losing Bases

CHEYENNE AFRC / OMS 04 (CHEYENNE, WY) - Close

</table>
| **Description:** | Base squadrons at the optimum number of installations based on MCI rating and theoretical capacity  
Principles: Primary determinant - MCI rating; Target squadron size at 24 PAA; Limit wing size to <= 3 squadrons  
Exceptions: If installations have more than 3 squadrons now, do not automatically reduce |
| **Reason Scenario was deleted:** | Delete: Incorporated into USAF-0006, USAF-0007, and USAF-0008 |
## Registered Scenarios

**Scenario #** | USAF-0010
---|---
**Date Created:** | 9/22/2004

### Scenario Title:
Realign B-52 Fleet (S 201)

### Description:

Realignment/consolidate current B-52 force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

- Realign B-52s (12 PAA) from Barksdale AFB to Minot AFB (S201)
- Retire Attrition Reserve B-52 (18 PAA) Aircraft at Minot AFB (S201)

**Principles:**
- Primary determinant - MCI rating
- Target squadron size at 12 PAA
- Limit wing size at <= 3 squadrons

### Losing Bases

- Barksdale AFB (Bossier City, LA) - Realignment
- Minot AFB (Minot, ND) - Realignment

### Losing Activities

- B-52 Bomber Squadron (12 PAA) - Relocate
- B-52 Bomber (18 PAA Retire) - Disestablish

### Receiving Bases

- Minot AFB (Minot, ND) - Receive

### Activities being Received

- B-52 Bomber Squadron (12 PAA)
Scenario #: USAF-0011  Date Created: 9/22/2004

Scenario Title: Close Onizuka Air Force Station (S 800)

Description:

Close Onizuka AFS. The 21st Space Operations Squadron will inactivate. The Air Force Satellite Control Network (AFSCN) functions will relocate to Vandenberg AFB, California.

Relocate 21 Space Operations mission to Vandenberg AFB

Losing Bases

Onizuka AFS (Sunnyvale, CA) - Close

Receiving Bases

Vandenberg AFB (Lompoc, CA) - Receive

Losing Activities

Air Force Satellite Control Network (AFSCN) Functions - Relocate

Activities being Received

Air Force Satellite Control Network (AFSCN) Functions

**Scenario Title:** Realign C-130 Fleet

**Description:**

Realign current C-130 force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

Principles: Primary determinant - MCI rating; Optimize squadron size; Consolidate airlift assets

Exceptions: If installation has consolidated MDS now, do not reduce

**Reason Scenario was deleted:**

Realign C-130 Scenario Replaced with the following USAF Scenarios:

- USAF-58, 59, 60, 61
- USAF- 64, 65, 66, 67, 68, 69
- USAF-71
Scenario #  USAF-0013  Date Created:  9/22/2004

Scenario Title:  Close Los Angeles Air Force Base; Enables Tech 14 Scenario (S 801)

Description:

Relocate the Space and Missile Systems Center (SMC) to Colorado Springs, Colorado
Enables Tech 14 Scenario to Establish a Joint Center for Space Platform (DA) at Peterson AFB, Colorado or Schriever AFB, Colorado

Relocate to:
A. Peterson AFB, or
B. Schriever AFB

2001 Space Commission guidance recommended “Cradle to Grave” approach to more closely integrate space acquisition and ops functions

Co-locate Joint space operator commands with space product center

Losing Bases

Los Angeles AFB (El Segundo, CA) - Close

Receiving Bases

Peterson AFB (Colorado Springs, CO) - Receive

Losing Activities

61st Air Base Group - Disestablish
Space and Missile Center (SMC) - Relocate

Activities being Received

Space and Missile Center (SMC)

| **Description:** | Base UAV/UCAS assets at the optimum number of installations based on MCI rating and theoretical capacity  
Principles: Primary determinant - MCI rating; Consolidate similar UAV/UCAS assets  
Preserve capacity required for post-2011 (UAV/UCAS) force structure |
### Registered Scenarios

**Scenario #** USAF-0017  
**Date Created:** 9/22/2004  
**Scenario Title:** Geographic Co-location  
**Deleted**

**Description:**

- Consider co-locating Total Force presence among multiple installations when locations are within proximity of each other
- **Principles:** Primary determinant - Maintain/Place ARC units to meet the requirements of the Air Force at locations that meet the demographic and mission requirements unique to the ARC

**Reason Scenario was deleted:**

- Scenario accommodated by closure scenarios for Forbes, Richmond, Hulman, Springfield (OH), Mansfield, Kellogg, Fort Smith, Birmingham, Key Field, Martin State, and Bradley
Scenario #  USAF-0018  
Date Created:  10/21/2004  
Scenario Title: Close Ellsworth AFB (S200) and Realign C-130Hs from Dyess to Little Rock (200.1)  

Description:

Close Ellsworth AFB. The 28th Bomb Wing will inactivate. The wing’s 24 B-1B aircraft will be distributed to the 7th Bomb Wing, Dyess AFB. The 317th Airlift Group at Dyess will inactivate and its C-130 aircraft will be distributed to the 3d Wing, Elmendorf AFB (8 PAA); 302d Airlift Wing (AFRC), Peterson AFB (4 PAA); 153d Airlift Wing (ANG), Cheyenne Airport AGS (4 PAA); 167th Airlift Wing (ANG), Eastern West Virginia Regional Airport, Shepherd Field AGS (4 PAA); 314th Airlift Wing, Little Rock AFB (2 PAA); 189th Airlift Wing (ANG), Little Rock AFB (8 PAA); and backup aircraft inventory (2 PAA).

Realign B-1B Aircraft from Ellsworth AFB, SD to Dyess AFB, TX (200.0)
Realign C-130H Aircraft from Dyess AFB, TX to Little Rock AFB, AR (200.1)

Losing Bases

Dyess AFB (Abilene, TX) - Realignment
Ellsworth AFB (Rapid City, SD) - Close

Receiving Bases

Dyess AFB (Abilene, TX) - Receive
Little Rock AFB (Little Rock, AR) - Receive

Losing Activities

317 Aircraft Maintenance Squadron - Relocate
317 Airlift Group - Relocate
317 Maintenance Squadron - Relocate

Scenario #  USAF-0030  Date Created: 11/24/2004
Scenario Title: Relocate Miscellaneous Air Force Leased Activities to USAF Installations

Description:

Relocate and consolidate 24 Leased locations (385K GSF) from local community facilities to:

9 USAF installations:

- Hanscom AFB -- 6,300 GSF
- Hill AFB -- 126,249 GSF
- Homestead ARB -- 2,393 GSF
- Kirtland AFB -- 4,594 GSF
- Lackland AFB -- 9,410 GSF
- Langley AFB -- 92,936 GSF
- Peterson AFB -- 104,492 GSF
- Randolph AFB -- 188,054 GSF
- Wright Pat AFB -- 28,536 GSF

Losing Bases:

ACC C2ISR Center (6,457 GSF), 2101 Executive Drive (Hampton, VA) - Realignment
AFIT (28,536 GSF), 3100 Research Blvd Bldg (Kettering, OH) - Realignment
AFPC (14,400 GSF), Interstate Business Park, 4368 Old Seguin Road, Suite B (San Antonio, TX) - Realignment
AFSVA (34,862 GSF), 9504 1H35N (San Antonio, TX) - Realignment
AFSVA (5,940 GSF), Blossom Business Park II, 11983 Starcrest (San Antonio, TX) - Realignment
AFSVA (73,286 GSF), Airport Center, 10100 Reunion Place (San Antonio, TX) - Realignment
Air Reserve Personnel Cntr (10,900 GSF), 6078 E. 49th Avenue (Commerce City, CO) - Realignment
Det 1, 533 Training Sqrn (3,432 GSF), 1520 E. Willamette Street (Colorado Springs, CO) - Realignment
DET 11 SMC (810 GSF) (Colorado Springs, CO) - Realignment
Det 12 SMC/RP, Federal Bldg D-5, Clearfield Fed Depot (126,249 GSF) (Clearfield, UT) - Realignment
Electronic Systems Center (AFMC), The Borden Bldg, 4241 Piedras Drive East (9,410 GSF) (San Antonio, TX) - Realignment
Electronic Systems Center (ISR SPO), Robertson Bldg, 145 Duncan Drive (21,714 GSF) (San Antonio, TX) - Realignment
HQ ACC Staff Functions (DR and IG), Harbour Centre, 2 Eaton St (51,778 GSF) (Hampton, VA) - Realignment
HQ ACC/LG; AF Audit Agency; Regional Supply Sqn (34,701 GSF) 11817 Canon Blvd (Newport News, VA) - Realignment
HQ AFSPC, 21 SW Staff, Det 11 SMC, AFOSI (35,250 GSF), 1520 E Willamette Street (Colorado Springs, CO) - Realignment
HQ AFSPC/XPY (12,157 GSF), Academy Point Atrium II, 1150 Academy Park Loop (Colorado Springs, CO) - Realignment
JJPSO (22,695 GSF), Plaza of the Rockies, 121 South Tejon, Suite 800 (Colorado Springs, CO) - Realignment

Losing Activities:

ACC C2ISR Center (6,457 GSF), - Relocate
AFIT (28,536 GSF) - Relocate
AFPC (14,400 GSF) - Relocate
AFSVA (34,862 GSF) - Relocate
AFSVA (5,940 GSF) - Relocate
AFSVA (73,286 GSF) - Relocate
Air Reserve Personnel Cntr (10,900 GSF) - Relocate
Det 1, 533 Training Sqrn (3,432 GSF) - Relocate
DET 11 SMC (810 GSF) - Relocate
Det 12 SMC/RP (126,249 GSF) - Relocate
Electronic Systems Center (AFMC) (9,410 GSF) - Relocate
Electronic Systems Center (ISR SPO) (21,714 GSF) - Relocate
HQ ACC Staff Functions (DR and IG) (51,778 GSF) - Relocate
HQ ACC/LG; AF Audit Agency; Regional Supply Sqn (34,701 GSF) - Relocate
HQ AFSPC, 21 SW Staff, Det 11 SMC, AFOSI (35,250 GSF) - Relocate
HQ AFSPC/XPY (12,157 GSF) - Relocate
JJPSO (22,695 GSF) - Relocate

Registered Scenarios

Scenario #  USAF-0031  Date Created:  12/3/2004
Scenario Title:  Relocate USAF Flight Standards Agency and Consolidate MILDEP Flight Agencies
Description:

Relocate the USAF Flight Standards Agency (AFFSA) from Andrews AFB to the Mike Monroney Aeronautical Center (MMAC) at the Will Rogers Airport in Oklahoma City.

Consolidate all DoD Flight Inspection functions, Flight Standards, Airfield Operations and Air Traffic Control and Landing Systems (ATCALS) execution as part of AFFSA's relocation.

Frees up 38,000 GSF in NCR.

AFFSA's Det 1 and AFRC squadron already are operating at MMAC.

MMAC's activities permit synergies with FAA and DoD (TERPS, ATCALS Mx).

Losing Bases
Andrews AFB (Camp Springs, MD) - Realignment
Ft Belvoir - Engineer Proving Grounds (Alexandria, VA) - Realignment
Naval Air Station Patuxent River (Patuxent River, MD) - Realignment
Pentagon (Arlington, VA) - Realignment
Randolph AFB (Universal City, TX) - Realignment
Rucker (Fort Rucker, AL) - Realignment
Tinker AFB (Midwest City, OK) - Realignment

Receiving Bases
Will Rogers World APT AGS (Oklahoma City, OK) - Receive

Losing Activities

USAF Flight Standards Agency (AFFSA) - Relocate
USA Aeronautical Services Agency (USAASA) - Relocate
USN Air Traffic Control and Combat ID Systems (PMA123) - Relocate
USMC Aviation Command and Control Branch (APC) - Relocate
USAF Advanced Instrument School of the 12th Operations Group - Relocate
USA Air Traffic Services Command (ATSCOM) - Relocate
Global Air Traffic Operations/Mobility C2 Program Office - Relocate

Activities being Received

Leaders, Deliberative Document - For Discussion Purposes Only - Do Not Release Under FOIA
## Registered Scenarios

**Scenario #** USAF-0032  
**Date Created:** 12/17/2004

**Scenario Title:** Close Cannon AFB (S100)

**Description:**

Close Cannon AFB. The 27th Fighter Wing will inactivate. The wing’s F-16 aircraft will be distributed to the 115th Fighter Wing (ANG), Dane County Regional APT, Truax Field AGS, (3 PAA, Block 30); 482d Fighter Wing (AFRC) Homestead ARB (3 PAA, Block 30); 150th Fighter Wing (ANG), Kirtland AFB, (3 PAA, Block 30); 301st Fighter Wing (AFRC), Carswell ARS, NAS Fort Worth JRB (9 PAA, Block 30); 354th Fighter Wing, Eielson AFB (6 PAA, B40); and retire (36 PAA, Block 40/50).

**Issue:** Singapore F-16 (Block 52) Squadron must move

### Losing Bases

- Cannon AFB (Clovis, NM) - Close

### Losing Activities

- 27th Fighter Wing; Retire F-16s (18 PAA, Block 40); Retire F-16s (18 PAA, Block 50) - Inactivate
- F-16 (60 PAA) 24 B30 Relocate; 18 B40 Retire; 18 B50 Retire - Relocate

### Receiving Bases

- Carswell ARS, NAS Fort Worth Joint Reserve (Fort Worth, TX) - Receive
- Dane County Regional - Truax Field AGS (Madison, WI) - Receive
- Eielson AFB (Fairbanks, AK) - Receive
- Homestead ARS (Homestead, FL) - Receive
- Kirtland AFB (Albuquerque, NM) - Receive

### Activities being Received

- F-16 B30 (9 PAA)
- F-16 B30 (3 PAA)
- F-16 B40 (6 PAA)
- F-16 B30 (3 PAA)
- F-16 B30 (3 PAA)
Scenario #  USAF-0033  Date Created: 12/17/2004
Scenario Title: Close Bradley IAP AGS (S101)

Description:

Close Bradley IAP AGS. The 103rd Fighter Wing (ANG) will be inactivated. The wing's A-10 aircraft will be distributed to the 104th Fighter Wing (ANG), Barnes Municipal Airport AGS, Mass. (9 PAA) and retire (6 PAA).

The wing's ECS elements may remain as an enclave.

Losing Bases

Bradley IAP AGS (Windsor Locks, CT) - Close

Losing Activities

103rd Fighter Wing, ANG (A-10); Retire A-10s (6 PAA) - Inactivate
A-10 Fighter Squadron (9 PAA) - Relocate

Receiving Bases

Barnes MPT AGS (Westfield, MA) - Receive

Activities being Received

A-10 Fighter Squadron, ANG (9 PAA)
## Registered Scenarios

### Scenario

- **Scenario #**: USAF-0034  
- **Date Created**: 12/17/2004  
- **Scenario Title**: Close Capital APT AGS (S102)  

### Description:

Close Capital APT AGS. The wing's F-16 aircraft (15 PAA, Block 30) will be distributed to the 132nd Fighter Wing (ANG), Des Moines IAP AGS, Iowa. The F-16 Block 42 aircraft currently assigned to the 132nd Fighter Wing at Des Moines will be redistributed to the 180th Fighter Wing, Toledo Express Airport AGS, Ohio (9 PAA) and 138th Fighter Wing (ANG), Tulsa IAP AGS, Oklahoma (6 PAA).

The wing's ECS elements, Guard State Headquarters, and 217th Engineering and Installation Squadron (ANG) may remain as an enclave.

### Losing Bases

- Capital APT AGS (Springfield, IL) - Close
- Des Moines IAP AGS (Des Moines, IA) - Realignment

### Losing Activities

- F-16 Fighter Squadron (15 PAA, Block 30) - Relocate
- F-16 Fighter Squadron (15 PAA, Block 42) - Relocate

Scenario Title:  Realignment Minneapolis/St Paul IAP AGS (S314)

Description:
Realignment Minneapolis/St Paul IAP AGS. Combine the 133rd Airlift Wing (ANG) and the 934th Airlift Wing (AFRC) into a single C-130H unit (16 PAA) with association between ANG and AFRC.

Losing Bases
Minn/St Paul IAP ARS (Minneapolis/Saint Paul, MN) - Realignment

Losing Activities
133rd Airlift Wing (ANG) - Co-locate
934th Airlift Wing (AFRC) - Co-locate
C-130H Airlift Squadron (ANG) (8 PAA) - Relocate

Receiving Bases
Minn/St Paul IAP ARS (Minneapolis/Saint Paul, MN) - Receive

Activities being Received
C-130H Airlift Squadron (AFR) (8 PAA)
**Scenario #** USAF-0072  **Date Created:** 12/17/2004

**Scenario Title:** Close Grand Forks AFB (S400)

**Description:**

Close Grand Forks AFB. The 319th Air Refueling Wing will inactivate. The wing’s KC-135R aircraft will be distributed to the 22d Air Refueling Wing, McConnell AFB, Kansas (18 PAA) and 6th Air Mobility Wing, MacDill AFB, Florida (18 PAA).

### Losing Bases

Grand Forks AFB (Emerado, ND) - Close

### Losing Activities

319th Air Refueling Wing - Inactivate

KC-135R Tanker Squadrons (32 PAA) - Relocate

### Receiving Bases

MacDill AFB (Tampa, FL) - Receive

McConnell AFB (Wichita, KS) - Receive

### Activities being Received

KC-135R Tankers (18 PAA)

KC-135R Tankers (18 PAA)
### Registered Scenarios

**Overview**

**Scenario #** USAF-0079  
**Date Created:** 12/17/2004  
**Scenario Title:** Realign Portland IAP AGS (S407)  
**Description:**

Realign Portland IAP AGS. The 939th Air Refueling Wing (AFRC) will be inactivated. The wing’s KC-135R aircraft will be distributed to the 163rd Air Refueling Wing (AFRC), March ARB, California (4 PAA) and 507th Air Refueling Wing (AFRC), Tinker AFB, Oklahoma (4 PAA). The 173rd Fighter Wing (ANG) will be disestablished. The wing’s F-15 aircraft will be distributed to the 159th Fighter Wing (ANG), NAS New Orleans ARS, Louisiana (9 PAA) and retire (6 PAA).

---

### Losing Bases

- Portland IAP AGS (Portland, OR) - Realignment

### Losing Activities

- 173rd Fighter Wing; Retire F-15C (6 PAA) - Inactivate
- 39th Air Refueling Wing (AFRC) - Inactivate
- F-15C Fighter Squadron (9 PAA) - Relocate
- KC-135R Tankers (8 PAA) - Relocate

### Receiving Bases

- March ARB (Sunnymeade, CA) - Receive
- NAS New Orleans ARS (New Orleans, LA) - Receive
- Tinker AFB (Midwest City, OK) - Receive

### Activities being Received

- KC-135R Tankers (4 PAA)
- F-15C (9 PAA)
- KC-135R Tankers (4 PAA)
