BRAC 2005 Infrastructure Steering Group (ISG)

Meeting Minutes of January 21, 2005

The Acting Under Secretary of Defense (Acquisition, Technology, and Logistics), Mr. Michael W. Wynne chaired this meeting. The list of attendees is attached.

Mr. Peter Potochney, Director of OSD BRAC, opened the meeting by providing a process and conflict overview, noting that the conflicts that had been identified in the ISG read-ahead had been resolved at the DAS meeting, and, accordingly, there were no scenario conflicts. He then reviewed ISG actions taken to date on 24 Candidate Recommendations for the Industrial, Headquarters and Support Activities (H&SA), and Medical Joint Cross Service Groups (JCSGs). Mr. Wynne stated that he wanted to brief all candidate recommendations approved by the ISG (as of its January 28 meeting) to the IEC for initial approval at its next meeting (currently scheduled for January 28). After some discussion, the ISG agreed that even IEC approved Candidate Recommendations can be re-examined and adjusted as necessary as the BRAC process unfolds. The Chair agreed to make this point during his presentation to the IEC.

Mr. Wynne, as Chairman of the Industrial JCSG, briefed Candidate Recommendations from his Ship Overhaul and Repair subgroup (IND-0095, 0096 and 0097) and his Munitions and Armaments subgroup (IND-0106, IND-0113, IND-0117, IND-0118, IND-0119, IND-0120, IND-0121). Some questions were raised regarding whether these closures and realignments could be completed within the six years mandated by the BRAC statute. Mr. Wynne confirmed that they could. Candidate Recommendation #0118 (Close Pueblo Chemical Demilitarization Facility) was discussed in the context of whether the wording on the title of the recommendation should be changed from closing the facility to closing the depot, since there would be no need for any remaining functions at this locale if the facility is closed. The ISG approved this change in wording on the title of this recommendation as well as for IND-0119 (close Newport Chemical Demilitarization Facility). The ISG then approved, with no exceptions, all 10 of the Industrial JCSG candidate recommendations that Mr. Wynne presented.

Mr. Don Tison, Chairman of H&SA JCSG, briefed the ISG on a new scenario idea that had emerged during his group’s analysis as well as his group’s candidate recommendations. The ISG concurred. Mr. Tison then addressed a question that had been posed at the January 7, 2005, ISG meeting from Mr. Wynne regarding the Defense Finance and Accounting Service (DFAS) Buckley Air Force Annex site in Denver, Colorado (H&SA-0018). At that meeting, Mr. Wynne had asked Mr. Tison to further investigate whether Denver was really the appropriate location to remain open and absorb other DFAS activities from a cost-effective basis. Mr. Tison stated that his group had reevaluated the data on this and that Denver was the best choice, emphasizing that his
group had operated on the strategy that it is more effective to collapse your workload in areas where you already have the personnel expertise.

Mr. Tison then briefed the following candidate recommendations: HSA-0067 (relocate the Defense Contract Management Agency), HSA-0092 (relocate Army Material Command), and HSA-0065 (Consolidate the Army Test and Evaluation Command). The ISG approved all three Candidate Recommendations.

The ISG concluded the meeting by further discussing the upcoming presentation for the IEC meeting as well as ways to present the sum total of all candidate recommendations to the IEC when the analysis is complete. The ISG agreed to the following:

○ At the January 28, 2005 IEC meeting, Mr. Wynne will present all JCSG candidate recommendations approved by the ISG as of that date. His presentation will include each group’s overall strategy and approach to the analysis.
○ Each of the Military Departments will present their overall BRAC strategy as well as their Candidate Recommendations.

Mr. Wynne asked the members and the BRAC DASs to consider whether a “before and after map” might be an appropriate presentation of the complete candidate recommendations package to the IEC. He also asked members to think about what other additional data might be useful to the IEC, such as change in aggregate military value (if possible) and projected aggregate costs and savings of candidate recommendations.

Approved:  
Michael W. Wynne  
Chairman, Infrastructure Steering Group

Attachments:
1. List of Attendees
2. Briefing Slides entitled “BRAC 2005 Briefing to the Infrastructure Steering Group January 21, 2005”
3. Read Ahead package dated January 18, 2005 used to facilitate meeting, which includes H&SA and Industrial JCSG candidate recommendations, accompanying quad charts, and a compact disc with additional supporting information
4. Read Ahead package dated January 19, 2005 used to facilitate meeting, which includes a summary of registered scenarios divided into 5 categories of Independent, Enabling, Conflicting, Deleted and Not Ready for Categorization; a summary of
“New Conflicts Settled” and a categorization report of all scenarios and the Registered Scenario Report
Infrastructure Steering Group Meeting
January 21, 2005

Attendees

Members:
- Mr. Michael W. Wynne, Acting Under Secretary of Defense (Acquisition, Technology and Logistics)
- Mr. Philip W. Grone, Deputy Under Secretary of Defense (I&E)
- ADM John Nathman, Vice Chief of Naval Operations
- Gen William Nyland, Assistant Commandant of the Marine Corps
- Mr. Raymond DuBois, Director, Administration and Management (DA&M)
- Hon Geoffrey Prosch, Assistant Secretary of the Army (I&E)
- Ms. Anne R. Davis, Special Assistant to the Secretary of the Navy for BRAC

Alternates:
- MG Geoffrey Miller, Assistant Chief of Staff, Installation Management for the Army (ACSIM) for GEN Richard A. Cody, Vice Chief of Staff of the Army
- MG Kenneth Hunzeker, Deputy Director, J-8, Joint Staff, for Gen Peter Pace, Vice Chairman, Joint Chiefs of Staff
- Maj Gen Gary Heckman, Assistant Deputy Chief of Staff of the Air Force for Gen Michael Moseley, Vice Chief of Staff for the Air Force
- Mr. Fred Pease, Deputy Assistant Secretary of the Air Force (B&IA) for the Hon Nelson Gibbs, Assistant Secretary of the Air Force (IE)

Education and Training JCSG
- Mr. Charles S. Abell, Chairman, Education and Training JCSG
- CAPT Gene A. Summerlin, Acting Executive Secretary for Education and Training JCSG

Headquarters and Support JCSG
- Mr. Don Tison, Chairman, Headquarters and Support Activities JCSG
- COL Carla Coulson, Chief of Staff, Headquarters and Support Activities JCSG

Industrial JCSG
- Mr. Jay Berry, Executive Secretary to the Industrial JCSG
- Mr. Gary Motsek, Chairman of Industrial JCSG subgroup Munitions and Armaments
- RADM Mark Hugel, Vice Chairman of Industrial JCSG subgroup Ship Overhaul and Repair
Intelligence JCSG
- Mr. Wayne Howard, Senior Strategic Analyst, [BRAC Core Team Facilitator] for Intelligence JCSG

Medical JCSG
- Lt Gen George Taylor, Chairman, Medical JCSG
- Col Mark Hamilton, Executive to the Air Force Surgeon General

Supply and Storage JCSG
- VADM Keith Lippert, Chairman, Supply and Storage JCSG
- Col Louis Neeley, Executive Secretary for Supply and Storage JCSG

Technical JCSG
- Dr. Ron Sega, Chairman, Technical JCSG
- Mr. Al Shaffer, Director, Plans and Systems, Office of the Director, Defense, Research and Engineering

Others:
- Dr. Craig College, Deputy Assistant Secretary of the Army (IA)
- Mr. Dennis Biddick, Chief of Staff for Deputy Assistant Secretary of the Navy (IS&A)
- CDR John Lathroum, Force Integration Branch Officer, Forces Division, J-8
- Ms. Deborah Culp, Program Director, Contract Management Directorate, Office of the Inspector General
- CAPT William Porter, Senior Military Assistant to the Under Secretary of Defense (AT&L)
- Mr. Peter Potochney, Director, OSD BRAC
- COL Robert Henderson, Military Deputy, OSD BRAC
- Mrs. Nicole Bayert, Associate General Counsel, Environment and Installations
- Mr. Andrew Porth, Assistant Director, OSD BRAC
- Ms. Ginger Rice, Assistant Director, OSD BRAC
- Ms. Laurel Glenn, Action Officer, OSD BRAC

Industrial Joint Cross Service Group
Organization for Analysis

Three sub groups

- Armaments and Munitions
- Ship Overhaul and Repair
- Maintenance
Ship Overhaul and Repair
Ship Repair #’s IND-0095, 0096 and 0097

Each of these Three Candidate Recommendations Consolidates Ship Maintenance Engineering and Planning Functions from a Relatively Small and Geographically Separate Detachment into its Parent Naval Shipyard

- IND-0095: Boston Planning Yard does ship repair planning functions for Puget Sound Naval Shipyard for conventional surface ships
- IND-0096: Plant Equipment Support Office does equipment engineering work for Norfolk Naval Shipyard in support of ship maintenance
- IND-0097: Shipbuilding Support Office does engineering and planning work for Norfolk Naval Shipyard

Promotes Synergy of Collocation Among Similar Functions

Eliminates Leased Space

Reduces Overhead

Attached “Quad Charts” Provide Details for Each
**Candidate Recommendation:** Realign NAVSHIPYD PUGET SOUND DET BOSTON MA by relocating the ship repair function to NAVSHIPYD PUGET SOUND WA

<table>

Munitions & Armaments
CANDIDATE RECOMMENDATIONS

- Kansas AAP
- Sierra Army Depot
- Deseret Chemical Demil Facility
- Pueblo Chemical Demil Facility
- Newport Chemical Demil Facility
- Umatilla Chemical Demil Facility
- NSWC Indian Head, Det Yorktown
MUNITIONS SITES

33 Sites

Contains Deliberative Information – For Discussion Purposes Only- Do Not Release Under FOIA
Munitions & Armaments Subgroup

**Functions – Sites**

- Armaments Production - 3
- Munitions Storage & Distribution – 18
- Munitions Demilitarization – 13
- Munitions Maintenance – 8
- Munitions Production – 16

  - Artillery – 8  Bombs – 3
  - CAD/PAD – 1  Cluster Bombs – 3
  - Energetics – 4  Medium Caliber – 3
  - Metal Parts – 4  Mines – 4
  - Missiles – 6  Mortars – 5
  - Pyro/Demo – 9  Rockets – 4
  - Small Caliber – 1  Tank - 2
  - Torpedoes – 1
### Candidate Recommendation: Close Kansas Army Ammunition Plant.
- Relocate the Sensor Fuzed Weapon/Cluster Bomb function to McAlester AAP.
- Relocate the Storage function to Pine Bluff Arsenal.
- Relocate the 155MM ICM Artillery function and the 60MM, 81MM, and 120MM Mortar function to Milan AAP.
- Relocate the 105 and 155MM HE Artillery function to Iowa AAP.
- Relocate the Missile Warhead production function to Iowa AAP and McAlester AAP.
- Relocate the Detonators/relays/delays workload to Crane AAA.

### Justification

<table>
<thead>
<tr>
<th>Capacity and capability for Artillery, Mortars, Missiles, Pyro/Demo, and Storage exists at numerous munitions sites.</th>
<th>Munitions Production Facilities: Kansas 8th of 16</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓</td>
<td>✓</td>
</tr>
<tr>
<td>✓Closure reduces redundancies and creates centers of excellence.</td>
<td>McAlester 1st of 16</td>

<td>Pine Bluff 14th of 23</td>
</tr>
</tbody>
</table>

### Payback

| ✓ | ✓ |
| One-time cost: | $20.2M |
| ✓Net implementation savings: | $49.23M |
| ✓Annual recurring savings: | $16.5M |
| ✓Payback time: | Immediate |
| ✓NPV (savings): | $198.54M |

### Military Value

- Munitions Production Facilities: Kansas 8th of 16
  - McAlester 1st of 16
  - Milan 2nd of 16
  - Crane 4th of 16
  - Iowa 6th of 16
- Storage Facilities: Kansas 19th of 23
  - Pine Bluff 14th of 23

### Impacts

- Criteria 6: -276 jobs (167 direct, 109 indirect); 1.82%
- Criteria 7: No issues
- Criteria 8: Air, historic, land use constraints, & waste mgmt issues. No Impediments.
REALIGN SIERRA ARMY DEPOT
Candidate Recommendation: **Realign Sierra Army Depot. Relocate Storage to Tooele Army Depot.**

### Justification
- ✓ Capacity and capability for Storage exists at numerous munitions sites.
- ✓ Reduces redundancy and removes excess from the Industrial Base.
- ✓ Creates centers of excellence.

### Military Value
- ✓ Storage and Distribution Facilities
  - Sierra 6th of 23
  - Tooele 5th of 23

### Payback
- ✓ One-time cost: $59.7M
- ✓ Net implementation cost: $10.7M
- ✓ Annual recurring savings: $14M
- ✓ Payback time: 6 years
- ✓ NPV (savings): $123.5M

### Impacts
- ✓ Criteria 6: -17 jobs (12 direct, 5 indirect); 0.12%
- ✓ Criteria 7: No issues
- ✓ Criteria 8: No issues

#HSA-0092: Relocate Army Materiel Command

**Candidate Recommendation:** Realign Ft. Belvoir, VA, by relocating Army Materiel Command (AMC) and the Security Assistance Command (USA SAC, an AMC sub-component) to Redstone Arsenal, AL.

### Justification
- Provides for permanent facilities for Army MACOM and sub-component.
- Relocates MACOM out of DC Area.
- Creates synergy by co-locating AMC with a major subordinate command, the USA Aviation and Missile Command.

### Military Value
- AMC: 276th of 314
- USA SAC: 194th of 314
- Redstone Arsenal: 48th of 314

### Payback
- One Time Cost: $104.9M
- Net Implementation Cost: $32.3M
- Annual Recurring Savings: $1.6M
- Payback Period: 32 Years
- NPV (cost): $11.5M

### Impacts
- Criterion 6: -2,867 jobs (1656 direct, 1211 indirect); 0.1%.
- Criterion 7: Housing and Graduate Education issues.
- Criterion 8: Historic, water, & T&E issues; No impediments

- Strategy
- COBRA
- Capacity Analysis / Data Verification
- Military Value Analysis / Data Verification
- JCSG/MilDep Recommended
- Criteria 6-8 Analysis
- De-conflicted w/JCSGs
- De-conflicted w/MilDeps

- Continuation of Candidate Recommendations
MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS

SUBJECT: Candidate Recommendations Packages for the January 21, 2005, ISG Meeting

The Infrastructure Steering Group will meet on January 21, 2005, at 10:30 a.m. in 3D-1019. This memorandum provides the candidate recommendation packages for consideration at this meeting. As prescribed in Acting USD (AT&L) memo of January 4, 2005, attachment 1 contains hard copies of the candidate recommendations and accompanying quad charts for the briefing. The disc at attachment 2 provides additional supporting documentation. This information has also been posted to the OSD AT&L portal. The briefing slides and conflict review information for this ISG meeting will be provided separately.

Headquarters & Support Activities (H&SA) candidate recommendation 0050, entered into the portal on January 14, 2005, will not be briefed this week by H&SA pending additional analysis.

Please contact me at (703) 614-5356 if you have any questions or concerns.

Peter J. Potoschny
Director, Base Realignment and Closure
Office of the Deputy Undersecretary of Defense

Candidate Recommendation #HSA-0065

Candidate Recommendation: Realign Park Center Four, a leased installation in Alexandria, Virginia, by relocating and consolidating Army Test and Evaluation Command (ATEC) with its sub-components at Aberdeen Proving Ground (APG), Maryland.

Justification: This candidate recommendation meets several important Department of Defense (DoD) objectives with regard to future use of leased space, rationalization of the Department’s presence within the National Capital Region (NCR), and enhanced security for DoD Activities. Additionally, the scenario results in a significant improvement in military value. The military value of ATEC’s headquarters based on its current location is ranked 307 out of 314 entities evaluated by the MAH military value model, while APG is ranked 94 out of 314. Implementation will reduce the Department’s reliance on leased space which has historically higher overall costs than government-owned space and generally does not meet Anti-terrorism Force Protection standards as prescribed in UFC 04-010-01. The recommendation eliminates 83,000 Usable Square Feet of leased administrative space within the NCR. The relocation to a military installation outside of the NCR provides dispersion of DoD Activities away from a dense concentration within the NCR. This, plus the immediate benefit of enhanced Force Protection afforded by a location within a military installation fence-line, will provide ATEC’s Headquarters with immediate compliance with Force Protection Standards. Its current location is non-compliant with current Force Protection Standards. APG has available, vacant administrative space that can support this space requirement without the need for need for new MILCON. This recommendation has the added benefit of allowing ATEC to consolidate its headquarters facilities with its subcomponents that are currently operating at APG: the Army Developmental Test Command and the Army Evaluation Center.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $11.1 million. The net of all costs and savings to the Department during the implementation period is a savings of $15.78 million. Annual recurring savings to the Department after implementation are $7.3 million, with a payback expected in 1 year. The net present value of the costs and savings to the Department over 20 years is a savings of $81.7 million.
Impacts:

**Economic Impact:** Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 796 jobs (470 direct jobs and 326 indirect jobs) over the 2006-2011 time period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is less than 0.1% percent of economic area employment.

**Community Infrastructure:** A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces, and personnel. While the nearest city and airport to APG is Baltimore, approximately 32 miles away, this distance should not inconvenience personnel relocating to this area.

**Environmental Impact:** This recommendation has a potential impact on air quality. Aberdeen Proving Ground is in severe non-attainment for 1-hour Ozone and currently over threshold limits for NOx and close to exceeding VOC threshold. The addition of operations and personnel may exceed major source thresholds for VOCs. At a minimum, New Source Review and permit modifications may be required. This recommendation has no impact on cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation will require approximately $250K to complete the necessary air conformity studies and NEPA assessments. These costs were included in the payback calculation. This recommendation does not impact the costs of environmental restoration, waste management, and other environmental compliance activities.

Candidate Recommendation #HSA-0067

Candidate Recommendation: Close Metro Park III and IV, a leased installation in Alexandria, VA, and relocate the Defense Contract Management Agency Headquarters to Fort Lee, Virginia.

Justification: This candidate recommendation meets several important Department of Defense objectives with regard to future use of leased space, rationalization of the Department's presence within 100 miles of the Pentagon, and enhanced security for DoD Activities. Additionally, the recommendation results in a significant improvement in military value. The military value of the Defense Contract Management Agency (DCMA) headquarters based on its current location is ranked 278 out of 314 entities evaluated by the MAH military value model, while Fort Lee is ranked 92 out of 314. Implementation will reduce the Department's reliance on leased space which has historically higher overall costs than government-owned space and generally does not meet Anti-terrorism Force Protection standards as prescribed in UFC 04-010-01. The recommendation eliminates 83,408 Usable Square Feet of leased administrative space within the National Capital Region. The relocation to a military installation that is farther than 100 miles from the Pentagon provides dispersion of DoD Activities away from a dense concentration within the National Capital Region. This, plus the immediate benefit of enhanced Force Protection afforded by a location within a military installation fence-line, will provide DCMA Headquarters with immediate compliance with Force Protection Standards. DCMA's current location is non-compliant with current Force Protection Standards. This recommendation has the added benefit of allowing DCMA to combine its headquarters facilities from two adjacent leased buildings into one facility that meets its current space requirements.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $44.8 million. The net of all costs and savings to the Department during the implementation period is a cost of $34.4 million. Annual recurring savings to the Department after implementation are $3.9 million, with a payback expected in 13 years. The net present value of the costs and savings to the Department over 20 years is a savings of $5.6 million.

Impacts:

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 1,033 jobs (595 direct jobs and 438 indirect jobs) over the 2006-2011 time period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.
Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces, and personnel. The proximity of Fort Lee to the City of Richmond (30 miles), where some personnel may choose to reside, mitigates the lack of nationally-accredited child care facilities reported for the local community.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation will require spending approximately $100,000 to complete the necessary NEPA environmental assessments at the receiving location. This cost has been included in the payback calculation. This recommendation does not impact the costs of environmental restoration, waste management, and other environmental compliance activities.

Candidate Recommendation #HSA-0092

Candidate Recommendation: Realign Ft. Belvoir, VA, by relocating Army Materiel Command (AMC) and the Security Assistance Command (USA SAC, an AMC sub-component) to Redstone Arsenal, AL.

Justification: This candidate recommendation relocates an Army MACOM, along with a subordinate command, outside of the DC area and meets a primary Department of Defense objective of rationalizing the presence of DoD Activities within 100 miles of the Pentagon. The relocation to a military installation that is farther than 100 miles from the Pentagon provides dispersion of DoD Activities away from a dense concentration within the National Capital Region. Implementation will provide a permanent headquarters for AMC, which is currently located on Ft. Belvoir in temporary space. This project would replace planned MILCON at Ft. Belvoir. The scenario results in improvement of military value for the relocating activities because permanent space is accorded higher military value than temporary space. The military value evaluated by the MAH military value model for AMC headquarters based on its current location is 276 out of 314 entities, and USA SAC is 194 out of 314 entities. Redstone Arsenal is ranked 48 out of 314. Redstone Arsenal was selected on the basis of its military value ranking combined with the potential synergy created for AMC by co-locating with one its major subordinate commands, the USA Aviation and Missile Command.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $104.9 million. The net of all costs and savings to the Department during the implementation period is a cost of $32.3 million. Annual recurring savings to the Department after implementation are $1.6 million, with a payback expected in 32 years. The net present value of the costs and savings to the Department over 20 years is a cost of $11.5 million.

Impacts:

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 2,867 jobs (1,656 direct jobs and 1,211 indirect jobs) over the 2006-2011 time period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is 0.1% of economic area employment.
Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces, and personnel. While the community surrounding Redstone Arsenal has comparatively tight conditions in the for-sale housing market and a small number of available graduate and PhD education programs, the Department anticipates the private sector will respond to any increased demand in these areas.

Environmental Impact: Several tribal burial grounds have been identified at Redstone Arsenal, which could result in time delays and unidentified cost associated with construction and the need for agreements, consultations, and negotiated restrictions with affected constituents. Redstone Arsenal also has some federally-listed threatened and/or endangered species which would potentially impinge or restrict development, but only for less than 1% of the installation’s available land area. Finally, projected growth in the installation’s population from this action may require infrastructure upgrades for water and sewer services. This recommendation has no impact on air quality; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; waste management; or wetlands. This recommendation will require spending approximately $400K to undertake an environmental assessment at the receiving location. This cost was included in the payback calculation. This recommendation does not impact the costs of environmental restoration, waste management, and other environmental compliance activities.

Candidate Recommendation # IND-0095

Candidate Recommendation: Realign NAVSHIPYD PUGET SOUND DET BOSTON MA by relocating the ship repair function to NAVSHIPYD PUGET SOUND WA.

Justification: This recommendation supports mission elimination at NAVSHIPYD PUGET SOUND DET BOSTON MA and reduces excess ship repair capacity. This relocation will create synergy among like functions at Puget Sound Naval Shipyard. This expected synergy is not calculated by COBRA nor included in the projected savings; however, experience has shown that additional long-term savings will result from this collocation.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $7,161K. The net of all costs and savings to the Department during the implementation period is a savings of $5,275K. Annual recurring savings to the Department after implementation are $1,206K with a payback expected in two (2) years. The net present value of the costs and savings to the Department over 20 years is a savings of $15,827K.

Impacts:

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 208 jobs (105 direct jobs and 103 indirect jobs) over the 2006-2011 period in the in the Boston-Quincy, MA Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation # IND-0096

Candidate Recommendation: Realign NNSY DET NAVPESO ANnapolis MD by relocating the ship repair function to NAVSHIPYD Norfolk VA.

Justification: This recommendation supports mission elimination at NNSY DET NAVPESO ANnapolis MD and reduces excess ship repair capacity. This relocation will create synergy among like functions at Norfolk Naval Shipyard. This expected synergy is not calculated by COBRA nor included in the projected savings; however, experience has shown that additional long-term savings will result from this collocation.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $541K. The net of all costs and savings to the Department during the implementation period is a cost of $391K. Annual recurring savings to the Department after implementation are $37K with a payback expected in 18 years. The net present value of the costs and savings to the Department over 20 years is a cost of $15K.

Impacts:

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 25 jobs (13 direct jobs and 12 indirect jobs) over the 2006-2011 period in the in the Baltimore-Towson, MD Metropolitan Statistical Area economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Candidate Recommendation: Realign NNSY DET NAVSHIPSO PHIL PA by relocating the ship repair function to NAVSHIPYD NORFOLK VA.

Candidate Recommendation # IND-0097

Candidate Recommendation: Realign NNSY DET NAVSHIPSO PHIL PA by relocating the ship repair function to NAVSHIPYD NORFOLK VA.

Justification: This recommendation supports mission elimination at NNSY DET NAVSHIPSO PHIL PA and reduces excess ship repair capacity. This relocation will create synergy among like functions at Norfolk Naval Shipyard. This expected synergy is not calculated by COBRA nor included in the projected savings; however, experience has shown that additional long-term savings will result from this collocation.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $4,121K. The net of all costs and savings to the Department during the implementation period is a cost of $1,658K. Annual recurring savings to the Department after implementation are $619K with a payback expected in seven (7) years. The net present value of the costs and savings to the Department over 20 years is a savings of $4,149K.

Impacts:

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 114 jobs (63 direct jobs and 51 indirect jobs) over the 2006-2011 period in the Philadelphia, PA Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
**Candidate Recommendation:** Close Kansas Army Ammunition Plant. Relocate the Sensor Fuzed Weapon/Cluster Bomb function to McAlester AAP. Relocate the Storage function to Pine Bluff Arsenal. Relocate the 155MM ICM Artillery function and the 60MM, 81MM, and 120MM Mortar function to Milan AAP. Relocate the 105 and 155MM HE Artillery function to Iowa AAP. Relocate the Missile Warhead production function to Iowa AAP and McAlester AAP. Relocate the Detonators/relays/delays workload to Crane AAA.

<table>

✓ Strategy  ✓ Capacity Analysis / Data Verification  ✓ JCSG/MilDep Recommended  ✓ De-conflicted w/JCSGs
✓ COBRA  ✓ Military Value Analysis / Data Verification  ✓ Criteria 6-8 Analysis  ✓ De-conflicted w/MilDep
Candidate Recommendation #IND-0106

Candidate Recommendation: Close Kansas Army Ammunition Plant. Relocate the Sensor Fuzed Weapon/Cluster Bomb function to McAlester AAP. Relocate the Storage function to Pine Bluff Arsenal. Relocate the 155MM ICM Artillery function and the 60MM, 81MM, and 120MM Mortar function to Milan AAP. Relocate the 105 and 155MM HE Artillery function to Iowa AAP. Relocate the Missile Warhead production function to Iowa AAP and McAlester AAP. Relocate the Detonators/relays/delays workload to Crane AAA.

Justification: Capacity and capability for Artillery, Mortars, Missiles, Pyro/Demo, and Storage exists at numerous munitions sites. There are 8 sites producing Artillery, 5 producing Mortars, 9 producing Pyro/Demo, 15 performing storage, and 9 performing Demilitarization. To reduce redundancy and remove excess from the Industrial Base, the closure allows DoD to create centers of excellence, avoid single point failure, and generate efficiencies.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $20.2M. The net of all costs and savings to the Department during the implementation period is a savings of $49.23M. Annual recurring savings to the Department after implementation are $16.50M with a payback expected immediately. The net present value of the costs and savings to the Department over 20 years is a savings of $198.54M.

Impacts

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 276 jobs (167 direct jobs and 109 indirect jobs) over the period 2006-2011 in the Parsons, KS micropolitan statistical area, which is 1.82 percent of the economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces, and personnel.

Environmental Impact: This recommendation has no impact on dredging; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities. Possible impacts:
• This recommendation has potential impact on air quality at Crane AAA. Conformity analysis and permit modifications are needed for new construction. This function also requires permits for a lead treatment plant. There is likely no impact, but there is a presence of Indiana Bat and Bald Eagles.

• Since Kansas AAP has a high potential for archeological resources, this recommendation may require consultation with the appropriate agency. Land constraints include disposition and cleanup of 5 operational ranges. Cleanup is underway and cost is covered by the Defense Environmental Restoration Act (DERA). Special waste management areas include RCRA, TSDF, OB/OD facilities, and solid waste disposal facility. Restoration monitoring/sweeps, access controls and/or deed restrictions may be required to prevent disturbance and health/safety risks from these areas. Groundwater contamination issues include metals, VOCs, and explosives and surface water contamination includes Dioxins/Furans. Restoration and/or monitoring of contaminated media may be required after closure. Installation has domestic and industrial wastewater treatments plants that may require closure.

• This recommendation has potential environmental compliance activities at McAlester AAP, Pine Bluff Arsenal, Milan AAP, Iowa AAP, and Crane AAA. Requirements include:
  • Archeological/tribal inventory, consultation, and significance
  • Realignment of NEPA
  • Endangered Species management and consultation
  • Mitigation of archeological site
  • Air Conformity Analysis

The total environmental and waste management costs may be $34 – $46M at Kansas and $1.7 – 11.3M at McAlester.
Candidate Recommendation #IND-0106

Supporting Information

Known or Potential Conflicts: No known conflicts.

Capacity Analysis: Attached. Closure eliminates 3.6M units of production and 387 KSF of storage space.

Military Value Analysis: Details are attached.

- This recommendation relocates the Sensor Fuzed Weapon/Cluster Bombs mission from Kansas AAP which has a overall quantitative munitions production military value score of 0.278137 (8th of 16) to McAlester AAP which has an overall munitions production quantitative military value score of 0.596726 (1st of 16). Although McAlester does not currently produce the Sensor Fuzed Weapon/Cluster Bombs, they are the current producer for bombs, bomb bodies, and other cluster bombs. McAlester has the highest military value and a workforce that more closely mirrors the capability needed to produce the Sensor Fuzed Weapon. This should reduce the learning curve.

- This recommendation relocates storage from Kansas AAP AAP which has a quantitative storage military value score of 0.023122 (19th of 23) to Pine Bluff Arsenal which has a quantitative storage military value score of 0.040912 (14th of 23).

- This recommendation relocates the 155MM ICM Artillery and the 60MM, 81MM, and 120MM mortar functions from Kansas AAP which has a quantitative munitions production military value score of 0.278137 (8th of 16) to Milan AAP which has a munitions production quantitative military value score of 0.570781 (2nd of 16).

- This recommendation relocates 105MM and 155MM HE Artillery from Kansas AAP which has a quantitative munitions production military value score of 0.278137 (8th of 16) to Iowa AAP which has a munitions production quantitative military value score of 0.314379 (6th of 16).

- This recommendation relocates Missile Warhead Artillery from Kansas AAP which has a quantitative munitions production military value score of 0.278137
(8th of 16) to Iowa AAP which has a munitions production quantitative military value score of 0.314379 (6th of 16).

- This recommendation relocates Detonators/relays/delays from Kansas AAP which has a quantitative munitions production military value score of 0.278137 (8th of 16) to Crane AAA which has a munitions production quantitative military value score of 0.521784 (4th of 16).

✓ COBRA  ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDep
Candidate Recommendation #IND-0113

Candidate Recommendation: Realign Sierra Army Depot by relocating the storage workload to Tooele Army Depot.

Justification: Capacity and capability for storage exists at numerous munitions sites. To reduce redundancy and remove excess from the Industrial Base, the realignment allows DoD to create centers of excellence and remove inefficiencies.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $59.7M. The net of all costs and savings to the Department during the implementation period is a cost of $10.7M. Annual recurring savings to the Department after implementation are $14.0M with a payback expected in 6 years. The net present value of the costs and savings to the Department over 20 years is a savings of $123.5M.

Impacts

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 17 jobs (12 direct jobs and 5 indirect jobs) over the period 2006-2011 in the Susanville, CA micropolitan statistical area, which is 0.12 percent of the economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Candidate Recommendation #IND-0113

Supporting Information

Known or Potential Conflicts: No known conflicts.

Capacity Analysis: Attached. The realignment of Sierra Army Depot removes 2,906 KSF of storage capacity.

Military Value Analysis: Details are attached. This recommendation relocates the storage mission from Sierra Army Depot which has a quantitative military value score of 0.286646810 (6th of 19 storage and distribution locations) to Tooele Army Depot which has a quantitative military value score of 0.327890091 (4th of 19 storage and distribution locations), a clear improvement in military value.

</tbody>
</table>

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs
✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDepts
Candidate Recommendation #IND-0117

Candidate Recommendation: Close Deseret Chemical Demilitarization Facility. Transfer the storage igloos and magazines to Tooele Army Depot.

Justification: There is no additional Chemical Demilitarization slated to go to Deseret Chemical Demilitarization Facility. The projected date for completion of its existing workload is 2nd quarter of 2008. Because of the close proximity of Deseret to Tooele, the sophistication of the security system, the number and conditions of igloos and magazines, this becomes a perfect increase to the storage and distribution deployment network capability at Tooele AD.

Payback: The total one time cost to the Department of Defense to implement this recommendation is $4.4M. The net of all costs and savings to the Department during the implementation period is a savings of $65.1M. Annual recurring savings to the Department after implementation are $30.3M with a payback expected immediately. The Net present value of the costs and savings to the Department over 20 years is a savings of $343.1M.

Impacts
Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 864 jobs (494 direct jobs and 370 indirect jobs) over the 2006 – 2011 period in the Salt lake City, UT metropolitan statistical area, which is 0.12 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces, and personnel.

Environmental Impacts: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This location has several environmental restoration issues. Surveys and consultation with the SHPO will be required to determine disposition of archaeological and historical resources. There is a federally listed species (Bald Eagle) found on the installation. Continued management and or deed restrictions will be necessary to ensure future protection of the Federally listed species. This location also has a RCRA TSD facility. Restoration, monitoring, access control, and deed restrictions may be required for former waste management areas to prevent disturbance, health and safety risks, and/or long term release of toxins to environmental media. Environmental media contamination issues at Deseret include metals, explosives, and VOCs reported in groundwater. Restoration and monitoring of contaminated sites will likely be required after closure to prevent
significant long-term impacts to the environment. Because the Department of Defense has a legal obligation to perform environmental restoration regardless of whether an installation is closed, realigned, or remains open, environmental restoration costs were not considered in the payback calculation. This recommendation will require an environmental baseline survey and an environmental impact statement, together costing approximately $1.3M. This cost was included in the payback calculation. This recommendation does not impact the costs of waste management, and environmental compliance activities.
Candidate Recommendation #IND-0117

Supporting Information

Known or Potential Conflicts:
Capacity Analysis: Attached.

Military Value Analysis: Details are attached. Average Military Value for all sites performing Chemical Demilitarization workload with Deseret in the calculation, is .17139. With the closure of Deseret the average military value is .17797.

COBRA Reports: Attached
Criterion Six Report: Attached
Criterion Seven Report: Attached
Criterion Eight Summary of Scenario Environmental Impacts: Attached

Force Structure Capabilities: Based upon certified data call to the Military Departments regarding capacity and capability requirements, each Service verified that their response either met or exceeded the capability requirements dictated by the 20-Year Force Structure Plan. This scenario is consistent with their capability requirements.
#IND-0118: Close Pueblo CDF

✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDep
Candidate Recommendation #IND-0118

**Candidate Recommendation:** Close Pueblo Chemical Demilitarization Facility when work is complete.

**Justification:** There is no additional Chemical Agent Material slated to go to Pueblo Chemical Demilitarization Facility. The projected date of mission completion is 3rd quarter of 2010. There is no further use for Pueblo.

**Payback:** The total one time cost to the Department of Defense to implement this recommendation is $17.65M. The net of all costs and savings to the Department during the implementation period is a savings of $106.67M. Annual recurring savings to the Department after implementation are $65.96M with a payback expected immediately. The Net Present Value of the costs and savings to the Department over 20 years is a savings of $717.54M.

**Impacts:**

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 578 jobs (411 direct jobs and 167 indirect jobs) over the 2006 – 2011 period in the Pueblo, CO metropolitan statistical area, which is 0.82 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces, and personnel.

Environmental Impacts: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This location has several environmental restoration issues. Surveys and consultation with the SHPO will be required to determine disposition of archaeological and historical resources. This location also has a RCRA TSD facility. Restoration, monitoring, access control, and deed restrictions may be required for former waste management areas to prevent disturbance, health and safety risks, and/or long term release of toxins to environmental media. Environmental media contamination issues at Pueblo include explosives, petroleum hydrocarbons, trichloroethene & derivatives reported in potable groundwater on the installation and trichloroethene is reported in surface-water on the installation. Restoration and monitoring of contaminated sites will likely be required after closure to prevent significant long-term impacts to the environment. Because the Department of Defense has a legal obligation to perform environmental restoration regardless of whether an installation is closed, realigned, or remains open, environmental restoration costs were not considered in the payback calculation. This recommendation will require an environmental baseline survey and an environmental impact statement,
together costing approximately $1.3M. This cost was included in the payback calculation. This recommendation does not impact the costs of waste management, and environmental compliance activities.

Candidate Recommendation: Close Newport chemical demilitarization facility.

Justification: There is no additional Chemical Demilitarization slated to go to Newport Chemical Demilitarization Facility. The projected date for completion of existing workload is 2nd quarter of 2008. There is no further use for Newport.

Payback: The total one time cost to the Department of Defense to implement this recommendation is $6.15M. The net of all costs and savings to the Department during the implementation period is a cost of $31.26M. Annual recurring savings to the Department after implementation are $36.20M with a payback expected immediately. The Net present value of the costs and savings to the Department over 20 years is a savings of $368.51M.

Impacts
Economic Impact on Communities Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 420 jobs (291 direct jobs and 129 indirect jobs) over the 2006 – 2011 period in the Terre Haute, IN metropolitan statistical area, which is 0.47 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces, and personnel.

Environmental Impacts: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.
Candidate Recommendation #IND-0119

Supporting Information

Known or Potential Conflicts:

Capacity Analysis: Attached.

Military Value Analysis: Details are attached. Average Military Value for all sites performing Chemical Demilitarization workload with Newport in the calculation, is .1714. With the closure of Newport the average military value is 1783.

COBRA Reports: Attached
Criterion Six Report: Attached
Criterion Seven Report: Attached
Criterion Eight Summary of Scenario Environmental Impacts: Attached

Force Structure Capabilities: Based upon certified data call to the Military Departments regarding capacity and capability requirements, each Service verified that their response either met or exceeded the capability requirements dictated by the 20-Year Force Structure Plan. This scenario is consistent with their capability requirements.
## IND-0120: Close Umatilla CDF

### Candidate Recommendation: Close Umatilla chemical demilitarization facility.

<table>
<thead>
<tr>
<th>Justification</th>
<th>Military Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓ No additional Chemical demilitarization scheduled to go to Umatilla</td>
<td>✓ Umatilla ranked 11 of 23 for storage capacity at chemical demilitarization facilities.</td>
</tr>
<tr>
<td>✓ Projected date for completing existing workload is 2nd quarter of 2011.</td>
<td>✓ Closure increases average military value from .17139 to .17337.</td>
</tr>
</tbody>
</table>

### Payback

- ✓ One time cost: $15.45M
- ✓ Net implementation savings: $89.08M
- ✓ Annual recurring savings: $61.0M
- ✓ Payback Time: Immediate
- ✓ NPV (savings): $655.53M

### Impacts

- ✓ Criterion 6: -884 jobs (512 direct, 372 indirect); 1.97%
- ✓ Criterion 7: No Issues
- ✓ Criterion 8: Extensive environmental restoration/monitoring

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs
✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDep
Candidate Recommendation #IND-0120

Candidate Recommendation: Close Umatilla Chemical Demilitarization Facility.

Justification: There is no additional Chemical Demilitarization slated to go to Umatilla Chemical Demilitarization Facility. The projected date for completion of its existing workload is 2nd quarter of 2011. There is no further use for Umatilla.

Payback: The total one time cost to the Department of Defense to implement this recommendation is $15.45M. The net of all costs and savings to the Department during the implementation period is a savings of $89.08M. Annual recurring savings to the Department after implementation are $61.00M with a payback expected immediately. The Net present value of the costs and savings to the Department over 20 years is a savings of $655.53M

Impacts
Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 884 jobs (512 direct jobs and 372 indirect jobs) over the 2006 – 2011 period in the Pendleton-Hermiston, OR micropolitan statistical area, which is 1.97 percent of economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces, and personnel.

Environmental Impacts: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This location has several environmental restoration issues. Surveys and consultation with the SHPO will be required to determine disposition of archaeological and historical resources. This location also has a RCRA TSD facility. Restoration, monitoring, access control, and deed restrictions may be required for former waste management areas to prevent disturbance, health and safety risks, and/or long term release of toxins to environmental media. Environmental media contamination issues at Umatilla include TNT and RDX reported in groundwater. Restoration and monitoring of contaminated sites will likely be required after closure to prevent significant long-term impacts to the environment. Because the Department of Defense has a legal obligation to perform environmental restoration regardless of whether an installation is closed, realigned, or remains open, environmental restoration costs were not considered in the payback calculation. This recommendation will require an environmental baseline survey and an environmental impact statement, together costing approximately $1.3M. This cost was
included in the payback calculation. This recommendation does not impact the costs of waste management, and environmental compliance activities.
Candidate Recommendation #IND-0120

Supporting Information

Known or Potential Conflicts:  Attached

Capacity Analysis:  Attached.

Military Value Analysis:  Details are attached. Average Military Value for all sites performing Chemical Demilitarization workload with Umatilla in the calculation, is .1719. With the closure of Umatilla the average military value is .1737.

COBRA Reports:  Attached
Criterion Six Report:  Attached
Criterion Seven Report:  Attached
Criterion Eight Summary of Scenario Environmental Impacts:  Attached

Force Structure Capabilities:  Based upon certified data call to the Military Departments regarding capacity and capability requirements, each Service verified that their response either met or exceeded the capability requirements dictated by the 20-Year Force Structure Plan. This scenario is consistent with their capability requirements.
Candidate Recommendation: Realign NSWC Indian Head, Detachment Yorktown. Relocate Bomb Energetic production functions to McAlester AAP. Relocate PBX Production and load for the Zuni to NSWC Indian Head. Relocate Demo Charges functions to Iowa AAP.

### Justification
- Realignment removes redundancies
- Establishes multifunctional and fully work-loaded Munitions Centers of excellence that support readiness.
- Yorktown continues to produce munitions needed to support their R&D efforts.

### Military Value
- Bombs Facilities:
  - Yorktown 3\textsuperscript{rd}, McAlester 1\textsuperscript{st} of 3
- Energetics Facilities:
  - Yorktown 3\textsuperscript{rd}, Indian Head 1\textsuperscript{st} of 4
- Munitions Production Facilities:
  - Yorktown 11\textsuperscript{th}, Iowa 6\textsuperscript{th} of 16

### Payback
- One-time cost: $5.64M
- Net implementation cost: $2.359M
- Annual recurring savings: $0.689M
- Payback time: 9 years
- NPV (savings): $3.919M

### Impacts
- Criteria 6: -12 jobs (5 direct, 7 indirect); <0.1%
- Criteria 7: No issues
- Criteria 8: Possible air quality, waste management and water resource impacts

✓ Strategy
✓ COBRA
✓ Capacity Analysis / Data Verification
✓ Military Value Analysis / Data Verification
✓ JCSG/MilDep Recommended
✓ Criteria 6-8 Analysis
✓ De-conflicted w/JCSGs
✓ De-conflicted w/MilDep
**Candidate Recommendation #IND-0121**

**Candidate Recommendation:** Realign NSWC Indian Head, Detachment Yorktown. Relocate Bomb Energetic production functions to McAlester AAP. Relocate PBX Production and load for the Zuni to NSWC Indian Head. Relocate demo charges production to Iowa AAP.

**Justification:** This realignment removes redundancy and supports the development of multi-functional fully work-loaded Munitions Centers of Excellence that support readiness for all the Services. This decision will allow Indian Head to continue to produce the munitions needed to support their Research and Development efforts.

**Payback:** The total estimated one-time cost to the Department of Defense to implement this recommendation is $5.640M. The net of all costs and savings to the Department during the implementation period is a cost of $2.359M. Annual recurring savings to the Department after implementation are $0.689M with a payback expected in 9 years. The net present value of the costs and savings to the Department over 20 years is a savings of $3.919M.

**Impacts:**

Economic Impact: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 12 jobs (5 direct jobs and 7 indirect jobs) over the period 2006-2011 in the Norfolk-Virginia Beach-Newport News, VA metropolitan statistical area, which is less than 0.1 percent of the economic area employment.

Community Infrastructure: A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces, and personnel.

Environmental Impact: This recommendation has a potential minor impact on Air Quality at Naval Weapons Station Yorktown which is in Maintenance for 1 Hour Ozone and projected nonattainment for 8-hour Ozone. This recommendation has a potential impact on Air Quality at Naval Surface Warfare Center Division Indian Head which is in Severe Nonattainment for all Criteria Pollutants; emission credit programs are available, but air conformity determination will be needed to determine full impact to air quality. A new operation that emits Maryland toxic air pollutants require new source review permits. This recommendation has a possible impact on Waste Management at Naval Surface Warfare Center Division Indian Head where industrial waste management permits will need to be amended to accommodate the new mission. This recommendation has a possible impact on Water Resources at Naval Surface Warfare...
Center Division Indian Head where additional water resources will be necessary to accommodate the new mission. This recommendation has no impact on cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; or wetlands. A NEPA assessment may be required for the molding powder operation at the receiving activity. Wastewater and air pollution discharge assessments are required at the receiving activity to determine if new permits or permit modifications are required for the molding powder, machining and RPBR pressing operations. A NEPA assessment may be required for the bomb loading operation at the receiving activity. Wastewater and air pollution discharge assessments are required at the receiving activity to determine if new permits or permit modifications are required for bomb loading operations. The total environmental compliance and waste management costs for Naval Surface Warfare Center Division Indian Head may be $112.8K. These costs were included in the payback calculation. This recommendation does not otherwise impact the costs of environmental restoration, waste management, and environmental compliance activities.
Candidate Recommendation #IND-0121

Supporting Information

Known or Potential Conflicts: No known conflicts.

Capacity Analysis: 3510 Production Units Eliminated

Military Value Analysis: Details are attached.

- This recommendation relocates the Bomb Energetic production functions from Yorktown which has an overall quantitative munitions production military value score of 0.20421 (11th of 16) to McAlester AAP which has an overall munitions production quantitative military value score of 0.596726 (1st of 16).

- This recommendation relocates the PBX production and load for the Zuni from Yorktown which has a overall quantitative munitions production military value score of 0.20421 (11th of 16) to Indian Head which has an overall munitions production quantitative military value score of 0.48770 (5th of 16).

- This recommendation relocates demolition charge production from Yorktown which has an overall quantitative munitions production military value score of 0.20421 (11th of 16) to the Iowa Army Ammunition Plant which has an overall munitions production quantitative military value score of 0.31438 (6th of 16).

MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS
CHAIRS, JOINT CROSS SERVICE GROUPS (JCSG)

SUBJECT: Read Ahead Material for the January 21, 2005, ISG Meeting

The Infrastructure Steering Group will meet on January 21, 2005, at 10:30 a.m. in 3D-1019. The meeting’s primary focus will be on candidate recommendations submitted by the Headquarters and Support Activities (H&SA) and Industrial JCSGs. Other topics include the standard process overview, the upcoming IEC, and conflict resolution.

For your advance preparation, I am attaching the briefing slides and conflict review information. Details on the H&SA and Industrial candidate recommendations were provided earlier in the week.

There are 968 scenarios registered in the tracking tool as of January 7, 2004. A summary of scenarios registered, broken out by category, is at TAB 1. The section entitled “New Conflicts Settled” includes new scenario conflicts on which the DASs and affected JCSGs agree regarding the proposed resolution (TAB 2). Absent objections at the meeting, the proposed resolutions will be deemed approved by the ISG. Categorization of all scenarios and the Registered Scenario report are on a disc at TAB 3.

Michael W. Wynne
(Acting USD (Acquisition, Technology & Logistics))
Chairman, Infrastructure Steering Group

---

Impacts

Deseret ranked 18 of 23 for storage capacity at chemical demilitarization facilities. Closure increases average military value from .17139 to .17797. No additional Chemical demilitarization scheduled to go to Deseret. Projected date for completing existing workload is 2nd quarter of 2008. Deseret storage igloos and magazines could be used by Tooele Army Depot.

REALIGN YORKTOWN

Contains Deliberative Information – For Discussion Purposes Only - Do Not Release Under FOIA
Candidate Recommendation: Realign NSWC Indian Head, Detachment Yorktown. Relocate Bomb Energetic production functions to McAlester AAP. Relocate PBX Production and load for the Zuni to NSWC Indian Head. Relocate Demo Charges functions to Iowa AAP.

### Justification

- Realignment removes redundancies
- Establishes multifunctional and fully work-loaded Munitions Centers of excellence that support readiness.
- Yorktown continues to produce munitions needed to support their R&D efforts.

### Military Value

- Bombs Facilities:
  - Yorktown 3rd, McAlester 1st of 3
- Energetics Facilities:
  - Yorktown 3rd, Indian Head 1st of 4
- Munitions Production Facilities:
  - Yorktown 11th, Iowa 6th of 16

#HSA-0065: Consolidate Army Test and Evaluation Command (ATEC) Headquarters

**Candidate Recommendation:** Realign Park Center Four, a leased installation in Alexandria, VA, by relocating consolidating Army Test and Evaluation Command with its sub-components at Aberdeen Proving Ground, MD.

### Justification
- Eliminates 83,000 USF leased space in NCR.
- Consolidates HQ with sub-components at single location; eliminates redundancy and enhances efficiency.
- Moves HQ to an AT/FP compliant location.

### Military Value
- ATEC: 307\(^{th}\) of 314
- Aberdeen Proving Ground: 94\(^{th}\) of 314

### Payback
- One Time Cost: $11.1M
- Net Implementation Savings: $15.8M
- Annual Recurring Savings: $7.3M
- Payback Period: 1Year
- NPV (savings): $81.7M

### Impacts
- Criterion 6: -796 jobs (470 direct, 326 indirect); < 0.1%.
- Criterion 7: Minor issue with distance to nearest city & airport.
- Criterion 8: Air quality issues but no impediments.

New Conflicts Settled
### Scenarios Involved
- **New**
  - Realign and consolidate advance phases of Undergrad Pilot NAV/CSO training by relocating 32 FTS (T-1) from Vance AFB to Little Rock AFB (E&T-0047)
  - Realign and consolidate advance phases of Undergrad Pilot NAV/CSO training by relocating 32 FTS (T-1) from Vance AFB to Little Rock AFB (E&T-0048)
  - Realign Dyess AFB, TX by relocating C-130H Aircraft to Little Rock AFB, AR. (USAF-0018)
  - **Close Pope AFB; inactivate 43rd Airlift Wing and reassign C-130 aircraft to Little Rock AFB (USAF-0096)**

- **Previous**
  - Facilities – (E&T-0008 & USAF-0018)
  - Doctrine – (E&T-0008)
    - UFT with operational units
    - New trng concept not discussed with USAF

### Conflicts
- **New**
  - Facilities – (E&T-0008, 0047 & 0048 & USAF-0018 & **0096**)

- **Previous**
  - Facilities – (E&T-0008 & USAF-0018)
  - **Doctrine – (E&T-0008)**
    - UFT with operational units
    - New trng concept not discussed with USAF

### Proposed Resolution
- **New**
  - Continue with original scenarios- (USAF-
    - **0096**)
  - Direct USAF to develop and analyze scenarios that do not use Little Rock AFB (USAF-0096)

- **Previous**
  - Continue with original scenarios- (E&T-0047 & 0048)
  - Direct E&T to develop and analyze scenarios that do not use Little Rock AFB (E&T-0008, 0047 & 0048)
  - Note:E&T-0008 has since been deleted
## Registered Scenarios

**Scenario #** | E&T-0047  
**Date Created:** | 11/19/2004  
**Scenario Title:** | #1: Realign and Consolidate Undergrad Pilot, NAV/ NFO/CSO Training & Realign Adv Jet with JSF ITS  
**Description:**

Realign NAS Corpus Christi, NAS Meridian, Moody AFB, NAS Whiting Field by the following actions:
- Consolidate Undergraduate Primary Training programs at NAS Kingsville, Laughlin AFB, NAS Pensacola and Vance AFB.
- Realign Advanced phases of Undergraduate Pilot Flight Training with appropriate FRS/FTU at Little Rock AFB, Altus AFB, Tinker AFB, NAS Jacksonville, and Columbus AFB.
- Establish the Initial Training Site for JSF at Columbus AFB.
- Consolidate Undergraduate Rotary Wing training by establishing a Joint Rotary Wing Training Center of Excellence at FT Rucker.

Gain: NAS Kingsville (T-6), Laughlin AFB (T-6), NAS Pensacola (T-1, T-43, T-6), Vance AFB (T-6), Little Rock AFB (T-1), Altus AFB (T-1), Tinker AFB (T-1), NAS Jacksonville (TC-12, T-44), Columbus AFB (T-38, JSF), Sheppard AFB (T-38) and FT Rucker (TH-57)

Lose: Randolph AFB (T-1, T-6, T-43), NAS Corpus Christi (T-34, T-44, TC-12), NAS Meridian (T-45), Moody AFB (T-38, T-1), NAS Whiting Field (T-34, TH-57), Laughlin AFB (T-38, T-1), Vance AFB (T-38, T-1), and Columbus AFB (T-1).

Scenario #  USAF-0018  Date Created:  10/21/2004
Scenario Title:  Close Ellsworth AFB (S200) and Realign C-130Hs from Dyess to Little Rock (200.1)

Description:
Close Ellsworth AFB. The 28th Bomb Wing will inactivate. The wing’s 24 B-1B aircraft will be distributed to the 7th Bomb Wing, Dyess AFB. The 317th Airlift Group at Dyess will inactivate and its C-130 aircraft will be distributed to the 3rd Wing, Elmendorf AFB (8 PAA); 302nd Airlift Wing (AFRC Peterson AFB (4 PAA); 153d Airlift Wing (ANG), Cheyenne Airport AGS (4 PAA); 167th Airlift Wing (ANG), Eastern West Virginia Regional Airport, Shepherd Field AGS (4 PAA); 314th Airlift Wing, Little Rock AFB (2 PAA); 189th Airlift Wing (ANG), Little Rock AFB (8 PAA); and backup aircraft inventory (2 PAA).

Realign B-1B Aircraft from Ellsworth AFB, SD to Dyess AFB, TX (200.0)
Realign C-130H Aircraft from Dyess AFB, TX to Little Rock AFB, AR (200.1)

Losing Bases

Dyess AFB (Abilene, TX) - Realignment
Ellsworth AFB (Rapid City, SD) - Close

Losing Activities

317 Aircraft Maintenance Squadron - Relocate
317 Airlift Group - Relocate
317 Maintenance Squadron - Relocate
317 Operations Support Squadron - Relocate
C-130H Airlift Squadron (39th) (16 PAA) - Relocate
C-130H Airlift Squadron (40th) (16 PAA) - Relocate
28 Wing Expeditionary Combat Support (ECS) Squadrons - Relocate
34 Bomb Squadron (12 PAA) - Relocate
37 Bomb Squadron (12 PAA) - Relocate

Receiving Bases

Dyess AFB (Abilene, TX) - Receive
Little Rock AFB (Little Rock, AR) - Receive

Activities being Received

28 Bomb Wing Expeditionary Combat Support (ECS) Squadrons
B-1 Bomber Squadron (34th) (12 PAA)
B-1 Bomber Squadron (37th) (12 PAA)
317 Aircraft Maintenance Squadron
317 Airlift Group
317 Maintenance Squadron
317 Operations Support Squadron
C-130H Airlift Squadron
C-130H Airlift Squadron (40th)
### Registered Scenarios

**Scenario #** USAF-0096  
**Scenario Title:** Close Pope AFB (S315)  
**Date Created:** 1/6/2005

**Description:**

Close Pope AFB. The 43rd Airlift Wing will be inactivated. Assigned C-130E (11PAA) and C-130J (14 PAA) aircraft will be distributed to the 314th Airlift Wing, Little Rock AFB, Arkansas. The 23rd Fighter Group's A-10 aircraft (36 PAA) will be reassigned to Barksdale AFB, Louisiana.

### Registered Scenarios

**Scenario #**: DON-0006A  
**Date Created**: 12/13/2004

**Scenario Title**: Realign Naval Base Point Loma, CA; Close SUBASE San Diego; Relocate submarines to NS Pearl Harbor

#### Description:

1. Close that portion of Naval Base Point Loma, CA, known as SUBASE San Diego (as depicted on the attached map) and associated base support functions.

2. Relocate all assigned SSNs and ARCO from Naval Base Point Loma, CA, to Naval Station Pearl Harbor, HI, to include required personnel, equipment, and support.

3. Consolidate NSY and IMF Puget Sound DET Point Loma, CA, with NAVSHIPYD and IMF Pearl Harbor, HI.

4. Consolidate SIMA San Diego, CA, with NAVSHIPYD and IMF Pearl Harbor, HI, to support relocating submarines from Naval Base Point Loma, CA, to Naval Station Pearl Harbor, HI.

5. Consolidate NAVWPNSTA Seal Beach, CA, DET San Diego, CA, with NAVMAG Pearl Harbor, HI.

6. Relocate MSCPAC San Diego, CA, to Naval Station San Diego, CA.

7. Consolidate Naval Submarine Training Center Pacific, DET San Diego, CA, with Naval Submarine Training Center Pacific Pearl Harbor, HI.

8. Consolidate FISC San Diego, CA, with FISC Pearl Harbor, HI, to support relocation of submarines and supporting assets from Naval Base Point Loma, CA, to Naval Station Pearl Harbor, HI.

9. Relocate NSHS San Diego CA, function NSHS NDAC School San Diego, CA, to NSHS San Diego, CA, at NAVMEDCEN San Diego, CA.

10. Relocate NAVMEDCEN San Diego, CA, functions NAVMEDCEN (SARP) San Diego, CA, to NAVMEDCEN San Diego, CA.

11. Relocate NAVOPMEDINST PENSACOLA, FL, function NOMI DET SWMI San Diego, CA, to NAVMEDCEN San Diego, CA.

12. Retain Naval Special Clearance Team One complex as an enclave.

13. Retain NAVUNSEAWARCENDIV KEYPORT, WA, function NUWC DET San Diego, CA, as an enclave to support the magnetic silencing facility and degaussing range at Naval Base Point Loma, CA.

14. Retain the FISC Fuel Farm as an enclave.
Scenario # DON-0007  Date Created: 9/27/2004
Scenario Title: Realign Naval Base Point Loma, CA; Disestablish SUBASE San Diego, CA; Relocate all submarines to NS

Description:

1. Close that portion of Naval Base Point Loma, CA, known as SUBASE San Diego (as depicted on the attached map) and associated base support functions.
2. Relocate all assigned SSNs and ARCO from Naval Base Point Loma, CA, to Naval Station San Diego, CA, to include required personnel, equipment, and support.
3. Relocate NSY and IMF Puget Sound Det Point Loma, CA, to Naval Station San Diego, CA.
4. Relocate NAVWPNSTA Seal Beach, CA, Det San Diego, to NAS North Island, CA.
5. Relocate MSCPAC San Diego, CA, to Naval Station San Diego, CA.
6. Relocate Naval Submarine Training Center Pacific, Det San Diego, CA, to Naval Station San Diego, CA.
7. Relocate NSHS NDAC School San Diego, CA, to NSHS San Diego, CA, at NAVMEDCEN San Diego, CA.
8. Relocate NAVMEDCEN San Diego, CA, function NAVMEDCEN (SARP) San Diego, CA, to NAVMEDCEN San Diego, CA.
9. Relocate NAVOPMEDINST PENSACOLA, FL, function NOMI DET SWMI San Diego, CA, to NAVMEDCEN San Diego, CA.
10. Retain Naval Special Clearance Team One complex as an enclave.
11. Retain the FISC Fuel Farm as an enclave.
12. Retain NAVUNSEAWARCENDIV KEYPORT, WA, function NUWC DET San Diego, CA, as an enclave to support the magnetic silencing facility and degaussing range at Naval Base Point Loma, CA.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable: IND-0031 applies.

Losing Bases

Scenario #  DON-0008     Date Created:  9/28/2004
Scenario Title: Close CBC Gulfport, MS; Relocate to MCB Camp Lejeune, NC

Description:

1. Close all base operations at CBC Gulfport, MS.
2. Relocate 4 NMCBs, 22nd NCR and associated equipment/material to MCB Camp Lejeune, NC.
3. Relocate 20th SRG and associated equipment/material to MCB Camp Lejeune, NC.
4. Relocate NCTC Gulfport, MS and associated equipment/material to MCB Camp Lejeune, NC.
5. Relocate NAVMARRESCEN Gulfport, MS to HRSC SE, Stennis Space Center, MS.
6. Relocate NAVMETOCPRODEVcen Gulfport, MS to Stennis Space Center, MS.
7. Consolidate NAVHOSP Pensacola, FL function Branch Medical Clinic Gulfport, MS with NAVHOSP Camp Lejeune, NC.
8. Consolidate NAVDENCEN Gulf Coast function BRDENClinic CBC Gulfport, MS with NAVDENCEN Camp Lejeune, NC.

Losing Bases

Construction Battalion Center Gulfport (Gulfport, MS) - Close
Corry Station (Pensacola, FL) - Realignment
Naval Air Station Pensacola (Pensacola, FL) - Realignment

Receiving Bases

COMNAVMETOCOM, Stennis Space Center (Stennis Space Center, MS) - Receive
HRSC SE, Stennis Space Center (Stennis Space Center, MS) - Receive
Marine Corps Base Camp Lejeune (Camp Lejeune, NC) - Receive

Losing Activities

CBC_GULFPORT_MS - Disestablish
NAVCONSTRACEN_GULFPORT_MS - Relocate
NAVMARCORESCEN_GULFPORT_MS - Relocate

Scenario Title: Close NS Everett, WA; Relocate ships to NS Pearl Harbor, HI and NS San Diego, CA

Description:

1. Close all base operations at Naval Station Everett, WA.

2. Relocate CVN to Naval Station Pearl Harbor, HI, to include required personnel, equipment, and support.

3. Relocate T-AE to Naval Station Bremerton to include required personnel, equipment, and support.

4. Relocate two (2) DDGs and three (3) FFGs to Naval Station San Diego to include required personnel, equipment, and support.

5. Consolidate ship intermediate repair function for CVN from NAVIMFAC Pacific Northwest Detachment Everett with NAVSHIPYD and IMF Pearl Harbor HI.

6. Consolidate ship intermediate repair function for CVN from NAVSHIPYD PUGET SOUND WA to NAVSHIPYD and IMF Pearl Harbor to support share of function realigned.

7. Consolidate depot level repair function of DMP/EOH/ERO equivalent to the Everett function associated with the CVN from NAVSHIPYD PEARL HARBOR to NAVSHIPYD NORFOLK.

8. Consolidate depot level repair function of DMP/EOH/ERO equivalent to the Everett function associated with the CVN from NAVSHIPYD PEARL HARBOR to NAVSHIPYD PORTSMOUTH.

9. Consolidate depot level repair function of DMP/EOH/ERO equivalent to the Everett function associated with the CVN from NAVSHIPYD PEARL HARBOR to NAVSHIPYD PUGET SOUND.

10. Consolidate depot level repair function from NAVSHIPYD PUGET SOUND to NAVSHIPYD NORFOLK as required to maintain efficiency of function based on workload realigned from NAVSHIPYD and IMF Pearl Harbor.

11. Consolidate depot level repair function from NAVSHIPYD PUGET SOUND to NAVSHIPYD PORTSMOUTH NH as required to maintain efficiency of function based on workload realigned from NAVSHIPYD and IMF Pearl Harbor.

12. Consolidate depot level repair function from NAVSHIPYD PORTSMOUTH to NAVSHIPYD NORFOLK VA as required to maintain efficiency of function based on workload realigned from NAVSHIPYD and IMF Pearl Harbor.

13. Consolidate depot level repair function from NAVSHIPYD PORTSMOUTH to NAVSHIPYD PUGET SOUND as required to maintain efficiency of function based on workload realigned from NAVSHIPYD and IMF Pearl Harbor.

14. Consolidate depot level repair function from NAVSHIPYD NORFOLK to NAVSHIPYD PUGET SOUND as required to maintain efficiency of function based on workload realigned from NAVSHIPYD and IMF Pearl Harbor.

15. Consolidate depot level repair function from NAVSHIPYD NORFOLK to NAVSHIPYD PORTSMOUTH as required to maintain efficiency of function based on workload realigned from NAVSHIPYD and IMF Pearl Harbor.

16. Consolidate ship intermediate repair function for DDGs/FFGs from NAVIMFAC Pacific Northwest Detachment Everett to SIMA San Diego.

17. Relocate T-AOE from Naval Station Bremerton, WA to Naval Station Pearl Harbor, HI.

18. Consolidate AFLOATAGRPACNORWEST Everett, WA with AFLOATAGRPAC San Diego, CA.

19. Consolidate AFLOATAGRPACNORWEST Everett, WA with AFLOATAGRU MIDPAC Pearl Harbor, HI.

20. Relocate COMNAVSURGRU PACNORWEST, Everett, WA to Naval Station Bremerton, WA.

21. Relocate NAVRESREDGRCOM NORTHWEST Everett, WA to SUBASE Bangor, WA.

22. Consolidate Naval Reserve Center Everett, WA, with Naval Reserve Center Silverdale, WA at SUBASE Bangor, WA.

23. Consolidate FISC Puget Sound Bremerton, WA, function FISCPS DET Everett, WA, with FISC San Diego, CA.

24. Consolidate FISC Puget Sound Bremerton, WA, function FISCPS DET Everett, WA, with FISC Puget Sound Bremerton, WA.

25. Consolidate FISC Puget Sound Bremerton, WA, function FISCPS DET Everett, WA, with FISC Pearl Harbor, HI.

26. Disestablish NAVDENCEN NW Bremerton, WA, function BRDENCLINIC Everett, WA.

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA
Registered Scenarios

27. Disestablish NAVHOSP Bremerton, WA, function BRMEDCLINIC Everett, WA.

28. Relocate four (4) VFA squadrons from NAS Lemoore to Hawaii to include required personnel, equipment and support.

29. Relocate and consolidate as appropriate aircraft intermediate maintenance function for four (4) VFA squadrons from COMSTRKFIGHTWINGPAC at NAS Lemoore to Hawaii.

30. Relocate one (1) VAQ squadron from NAS Whidbey Island to Hawaii to include required personnel, equipment and support.

31. Relocate and consolidate as appropriate aircraft intermediate maintenance function for one (1) VAQ squadron from NAS Whidbey Island to Bas.

32. Relocate one (1) VAW squadron from NAS Pt. Mugu to Hawaii to include required personnel, equipment and support.

33. Relocate and consolidate as appropriate aircraft intermediate maintenance function for one (1) VAW squadron from COMAEWINGPAC at NAS Mugu to Hawaii.

34. Relocate two (2) C-2 aircraft and one (1) HS squadron from NAS North Island to Hawaii to include required personnel, equipment and support.

35. Relocate and consolidate as appropriate aircraft intermediate maintenance function for two (2) C-2 aircraft and one (1) HS squadron from COMSEACONWINGPAC at NAS North Island to Hawaii.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:
IND-0033, IND-0016, IND-0014, IM-E-004.

Scenario Title: Close NS Everett, WA; Relocate to NSA Guam

Description:

1. Close base operations at Naval Station Everett, WA.
2. Relocate CVN and escorts (2 DDG, 3 FFGs) to Naval Support Activity, Guam, to include required personnel, equipment, and support.
3. Relocate T-AE to Naval Station Bremerton to include required personnel, equipment, and support.
4. Relocate T-AOE from Naval Station Bremerton, WA to Naval Support Activity Guam.
5. Relocate ship intermediate repair function from NAVIMFAC Pacific Northwest Detachment Everett to NAVMARIANASUPPACT, Guam.
6. Consolidate ship intermediate repair function from NAVSHIPYD PUGET SOUND to NAVMARIANASUPPACT, Guam to support share of function realigned.
7. Consolidate ship intermediate repair function from NAVSHIPYARD and IMF Pearl Harbor, HI to NAVMARIANASUPPACT, Guam to support share of function realigned.
8. Consolidate ship intermediate repair function from NAVSHIPYD PUGET SOUND to NAVSHIPYD and IMF Pearl Harbor to support share of function realigned to NAVMARIANASUPPACT, Guam and NAVSHIPYD and IMF Pearl Harbor.
9. Consolidate ship intermediate repair function from NAVSHIPYD and IMF Pearl Harbor to NAVSHIPYD PUGET SOUND to support share of function realigned to NAVMARIANASUPPACT, Guam and NAVSHIPYD PUGET SOUND.
10. Consolidate depot level repair function from NAVSHIPYD PUGET SOUND to NAVSHIPYD PORTSMOUTH NH as required to maintain efficiency of function.
11. Consolidate depot level repair function from NAVSHIPYD PUGET SOUND to NAVSHIPYD NORFOLK as required to maintain efficiency of function.
12. Consolidate depot level repair function from NAVSHIPYD PUGET SOUND to NAVSHIPYD and IMF Pearl Harbor as required to maintain efficiency of function.
13. Consolidate depot level repair function from NAVSHIPYD and IMF Pearl Harbor to NAVSHIPYD PUGET SOUND as required to maintain efficiency of function.
14. Consolidate depot level repair function from NAVSHIPYD and IMF Pearl Harbor to NAVSHIPYD PORTSMOUTH NH as required to maintain efficiency of function.
15. Consolidate depot level repair function from NAVSHIPYD and IMF Pearl Harbor to NAVSHIPYD NORFOLK as required to maintain efficiency of function.
16. Consolidate depot level repair function from NAVSHIPYD NORFOLK to NAVSHIPYD PORTSMOUTH NH as required to maintain efficiency of function.
17. Consolidate depot level repair function from NAVSHIPYD NORFOLK to NAVSHIPYD and IMF Pearl Harbor as required to maintain efficiency of function.
18. Consolidate depot level repair function from NAVSHIPYD NORFOLK to NAVSHIPYD PUGET SOUND as required to maintain efficiency of function.
19. Consolidate depot level repair function from NAVSHIPYD PORTSMOUTH to NAVSHIPYD and IMF Pearl Harbor as required to maintain efficiency of function.
20. Consolidate depot level repair function from NAVSHIPYD PORTSMOUTH to NAVSHIPYD NORFOLK as required to maintain efficiency of function.
21. Consolidate depot level repair function from NAVSHIPYD PORTSMOUTH to NAVSHIPYD PUGET SOUND as required to maintain efficiency of function.
22. Consolidate AFLOATAGRUPACNORWEST Everett, WA with AFLOATAGRUPAC San Diego, CA, function AFLOATAGRUGRU WESTPAC Yokosuka, JA.
23. Relocate COMNAVSURFGRU PACNORWEST, Everett, WA to Naval Station Bremerton, WA.
24. Relocate NAVRESREDCOM NORTHWEST Everett, WA to SUBASE Bangor, WA.

25. Consolidate Naval Reserve Center Everett, WA, with Naval Reserve Center Silverdale, WA, at SUBASE Bangor, WA.

26. Disestablish NAVHOSP Bremerton, WA, function BRMEDCLINIC Everett, WA.

27. Disestablish NAVDENCEN NW Bremerton, WA, function BRDCLINIC Everett, WA.

28. Relocate four (4) VFA squadrons from NAS Lemoore to Guam to include required personnel, equipment and support.

29. Relocate and establish as appropriate aircraft intermediate maintenance function for four (4) VFA squadrons from COMSTRKFIGHTWINGPAC NAS Lemoore to Guam.

30. Relocate one (1) VAQ squadron from NAS Whidbey Island to Guam to include required personnel, equipment and support.

31. Relocate and consolidate as appropriate aircraft intermediate maintenance function for one (1) VAQ squadron from NAS Whidbey Island to Guam.

32. Relocate one (1) VAW squadron from NAS Pt. Mugu to Guam to include required personnel, equipment and support.

33. Relocate and consolidate as appropriate aircraft intermediate maintenance function for one (1) VAW squadron from COMAEWWINGPAC at NAS Mugu to Guam.

34. Relocate two (2) C-2 aircraft and one (1) HS squadron from NAS North Island to Guam to include required personnel equipment and support.

35. Relocate and consolidate as appropriate aircraft intermediate maintenance function for two (2) C-2 aircraft and one (1) HS squadron from COMSEACONWINGPAC at NAS North Island to Guam.

Scenario # E&T-0006  Date Created: 9/20/2004

Scenario Title: Consolidate Rotary Wing Phase of Undergraduate Flight Training at Fort Rucker

Description:

Realign Fort Rucker (Dothan, Alabama) by establishing a DoD Undergraduate Rotary-wing Flight Training Center of Excellence. Relocate NAS Whiting Field (Milton, Florida) Undergraduate Rotary-wing units (Training Wing 5 (TRAWNG 5) and subordinate units (HT-8, HT-18, and Helicopter Instructor Training)) to Fort Rucker. Consolidate TRAWNG 5, the U.S. Army’s 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing’s 23rd Flying Training Squadron to establish a single DoD Rotary Wing Undergraduate Flight Training Center of Excellence.

Losing Bases

Naval Air Station Whiting Field (Milton, FL) -

Losing Activities

CTW-5 (Rotary Wing Portion) - Relocate
HT-18 - Disestablish
HT-8 - Disestablish

Receiving Bases

Rucker (Fort Rucker, AL) - Receive

Activities being Received

CTW-5 (Rotary Wing Portion)
HT-18
HT-8
Scenario #  E&T-0007  Date Created:  9/20/2004  Deleted
Scenario Title: Consolidate Rotary Wing Phase of Undergraduate Flight Training at NAS Whiting Field.

Description:

Realign NAS Whiting (Milton, Florida) by establishing a DoD Undergraduate Rotary-wing Flight Training Center of Excellence. Relocate Fixed-wing Undergraduate Flight Training units on North Field NAS Whiting (VT-2, VT-3, and VT-6 (T-34C and T-6 aircraft)) to NAS Corpus Christi (Corpus Christi, Texas). Relocate Fort Rucker (Dothan, Alabama) Undergraduate Rotary-wing units (U.S. Army's 1st Aviation Brigade and the U.S. Force 58th Special Operations Wing's 23rd Flying Training Squadron) to NAS Whiting. Consolidate the U.S. Army's 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing's 23rd Flying Training Squadron with Training Wing 5 (TRAWNG 5) and subordinate units (HT-8, HT-18, and Helicopter Instructor Training TRAWNG 5 to establish a single DoD Rotary Wing Undergraduate Flight Training Center of Excellence at NAS Whiting

Reason Scenario was deleted:

E&T JCSG deleted on 18 Nov. Scenario will be superseded by another scenario.
### Registered Scenarios

**Scenario #** | E&T-0008  
**Date Created:** | 9/20/2004  
**Scenario Title:** | Consolidate Advanced Airlift/Tanker Phase of UPT (T-1) at C-130, Heavy Lift, and TACAMO FRS/FTU.

**Description:**

Realignment Altus AFB (Altus, Oklahoma), Tinker AFB (Oklahoma City, Oklahoma), and Little Rock AFB (Jacksonville, Arkansas), by relocating the Tanker/Airlift (T-1) Advanced Flying Phase of Undergraduate Flight Training from Columbus AFB (Columbus, Mississippi (48th Flying Training Squadron, 14th Flying Training Wing)), Laughlin AFB (Del Rio, Texas (86th Flying Training Squadron, 47th Flying Training Wing)), and Vance AFB, (Enid, Oklahoma (32nd Flying Training Squadron, 71st Flying Training Wing)) to Altus AFB, Tinker AFB, and Little Rock AFB.

### Reason Scenario was deleted:

Per guidance from E&T JCSG Principles, this scenario was deleted, and actions are included in Scenarios 0046, 0047, and 0048.
### Registered Scenarios

**Scenario #** E&T-0009  
**Date Created:** 9/20/2004  
**Deleted**

**Scenario Title:** Establish Western T&E OAR Complex

**Description:**

Consolidate T&E capabilities and workload requiring open-air ranges for T&E to a western U.S. complex of ranges for air, sea, and, space, armament/munitions, C4ISR, EW, and CB Defense.

Gaining Activities: Edwards AFB, China Lake, Pt Mugu, PMRF, Vandenberg AFB, Nellis AFB, UTTR, DPG, YPG, Ft. Huachuca, WSMR

**Reason Scenario was deleted:**

Per guidance from E&T JCSG, 18 Nov 04, this Scenario was deleted because certified data did not support this strategy-driven Scenario.

Establish a Gulf Panhandle Range complex incorporating NAS Pensacola, Eglin AFB, Ft Benning, Ft Rucker, Moody AFB, Tyndall AFB, Coastal Systems Station Panama City, Gulfport CRTC and associated ground, sea, and air maneuver areas

No gaining or losing installations

**Reason Scenario was deleted:**

Per guidance from E&T JCSG principles proposal was combined into the Establish Joint National Training Capability- EAST, E&T-0037.
**Scenario #** E&T-0012  **Date Created:** 10/8/2004

**Scenario Title:** Realign DRMI with DAU at Ft. Belvoir, VA

**Description:**

Realign Monterey, California by moving the Defense Resource Management Institute to Ft Belvoir, Virginia and consolidating with the Defense Acquisition University at Ft. Belvoir, Virginia. The Defense Resource Management Institute will remain an independent educational function but will fall under the Defense Acquisition University chain of command and will combine all common support requirements with the Defense Acquisition University. The intent of this scenario is to co-locate the Defense Resource Management Institute with its parent organization, the Defense Acquisition University. If the Defense Acquisition University is relocated the Defense Resource Management Institute will follow.

Scenario #  E&T-0022  Date Created:  10/29/2004
Scenario Title:  Consolidate AFIT and NPS PDE Function at NPS

Description:

Realign Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH and Naval Post Graduate School at Monterey, CA by moving Air Force Institute of Technology graduate level education to Monterey, CA and consolidating with the Naval Post Graduate School graduate level education at Monterey, CA.

Department of Defense graduate level education will be consolidated as a single school located at Monterey, CA. The consolidated school will be a Department of Defense School with the Navy as the executive agent. This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH.

Losing Bases

- Wright-Patterson AFB (Fairborn, OH) - Realignment

Receiving Bases

- Naval Postgraduate School (Monterey, CA) - Receive

Losing Activities

- Air Force Institute of Technology - Relocate

Activities being Received

- Air Force Institute of Technology
Registered Scenarios

Scenario #       E&T-0023     Date Created:  10/29/2004
Scenario Title:  Consolidate NPS and AFIT with Service Academies

Description:

Realign Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH by moving the Air Force Institute of Technology graduate level education to the United States Air Force Academy, Colorado Springs, CO and consolidating with the United States Air Force Academy. Realign Professional Development Education graduate level education at Naval Postgraduate School at Monterey, CA by moving the Naval Post Graduate School graduate level education to Naval Station Annapolis, MD and consolidating with the United States Naval Academy.

This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH and from Monterey, CA. Services are responsible for identifying and retaining the most militarily relevant curricula and outsourcing non-military specific curricula where possible.

<tr>
<td>Description:</td>
<td>Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C. by realigning the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University. Senior level education will be provided by multiple colleges under the National Defense University. All of the colleges will remain in their current locations. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level Joint Specialty Officers.</td>

</tbody>
</table>
### Description:

Realigned Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C. by moving the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College to Fort McNair, Washington D.C. and consolidate with the National War College and the Industrial College of the Armed Forces as a single school under the National Defense University.

Senior level education will be provided a single Department of Defense School under the National Defense University. The consolidated school will maintain educational tracks focusing on Land Warfare, Maritime Warfare, Air Warfare, and Expeditionary Warfare. The scenario will disestablish all individual Service senior level education. The curriculum will be controlled by the Chairman of the Joint Chiefs of Staff. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

### Losing Bases
- Carlisle (Carlisle, PA) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Maxwell AFB (Montgomery, AL) - Realignment
- Naval Station Newport (Newport, RI) - Realignment

### Losing Activities
- United States Army War College - Consolidate
- Marine Corps War College - Consolidate
- Air War College - Consolidate
- College of Naval Warfare - Consolidate

### Receiving Bases
- McNair (Washington, DC) - Receive

### Activities being Received
- Air War College
- College of Naval Warfare
- Marine Corps War College
- National Defense University
- United States Army War College

Scenario # E&T-0037  
Date Created: 11/10/2004

Scenario Title: Establish Joint Range- EAST

Description:
Realign NAS JAX by establishing a joint coordination center to coordinate and provide assistance. Realign Eglin AFB by establishing a joint coordination detachment to coordinate and provide assistance. Realign Fort Bragg by establishing a joint coordination detachment to coordinate and provide assistance. JFCOM is the executive agent for the joint coordination center and joint coordination detachments. Eglin AFB and Fort Bragg report to NAS JAX Jr Coordination Center.
In establishing the stated joint coordination center and joint coordination detachments will require facilities, personnel, and equip/special equipment.
There are no losing activities because this is a new mission that does not presently exist. The services will detail personnel gaining activities via normal detailing/rotation process.

Receiving Bases

- Bragg (Fort Bragg, NC) - Receive
- Eglin AFB (Valparaiso, FL) - Receive
- Naval Air Station Jacksonville (Jacksonville, FL) - Receive

Activities being Received

- Joint Range Complex (26 personnel)
- Joint Range Complex (26 personnel)
- Joint Range Hub Complex (40 personnel)
Scenario # E&T-0038  
Date Created: 11/10/2004  
Scenario Title: Establish Joint Range - WEST  

Description:

Realign NAVSTA San Diego by establishing a joint coordination center to coordinate and provide assistance. Realign NAS Whidbey Island by establishing a joint coordination detachment to coordinate and provide assistance. Realign Schofield Barracks by establishing a joint coordination detachment to coordinate and provide assistance. Realign Nellis AFB by establishing a joint coordination detachment to coordinate and provide assistance. Realign Fort Bliss by establishing a joint coordination detachment to coordinate and provide assistance. JFCOM is the executive agent for the joint coordination center and joint coordination detachments. NAS Whidbey Island, Nellis AFB, Fort Bliss, a Schofield Barracks report to NAS San Diego Joint Coordination Center. 

In establishing the stated joint coordination center and joint coordination detachments will require facilities, personnel, and equip/special equipment.

There are no losing activities because this is a new mission that does not presently exist. The services will detail personnel gaining activities via normal detailing/rotation process.

**Scenario Title:** Status Quo #1 DON: Consolidate Undergraduate Pilot Training  
**Description:**

Realign NAS Whiting Field by relocating and consolidating DON Undergraduate Pilot Training at NAS Corpus Christi, NAS Kingsville, NAS Meridian and NAS Pensacola.

### Losing Bases

- Naval Air Station Meridian (Meridian, MS) - Realignment
- Naval Air Station Whiting Field (Milton, FL) - Realignment

### Losing Activities

- VT-7 - Relocate
- VT-9 - Relocate
- HT-18 - Relocate
- HT-8 - Relocate
- VT-2 - Relocate
- VT-3 - Relocate
- VT-6 - Relocate

### Receiving Bases

- Naval Air Station Corpus Christi (Corpus Christi, TX) - Receive
- Naval Air Station Kingsville (Kingsville, TX) - Receive
- Naval Air Station Meridian (Meridian, MS) - Receive
- Naval Air Station Pensacola (Pensacola, FL) - Receive

### Activities being Received

- VT-2
- VT-7
- VT-9
- VT-3
- VT-6
- HT-18
- HT-8
## Scenario #
### E&T-0045
#### Date Created:
11/19/2004

**Scenario Title:** Status Quo #1 USAF: Consolidate Undergraduate Pilot and CSO Flying Training Programs

### Description:
Realign Moody AFB and Randolph AFB by relocating and consolidating USAF Undergraduate Flying Training at Columbus AFB, Laughlin AFB, Sheppard AFB, and Vance AFB.

### Losing Bases
- Columbus AFB (Columbus, MS) - Realignment
- Moody AFB (Valdosta, GA) - Realignment
- Randolph AFB (Universal City, TX) - Realignment

### Losing Activities
- 50 FTS (approx 50 students / year) - Relocate
- 3 FTS (approx 120 students / year) - Relocate
- 3 FTS (approx 45 students / year) - Relocate
- 435 FTS (IFF) - Relocate
- 49 FTS (IFF) - Relocate
- 558 FTS (PIT) - Relocate
- 559 FTS (PIT) - Relocate
- 560 FTS (PIT) - Relocate
- 563 FTS (NAV / CSO) - Relocate
- 566 FTS (NAV / CSO) - Relocate
- 99 FTS (NAV / CSO) - Relocate

### Receiving Bases
- Columbus AFB (Columbus, MS) - Receive
- Laughlin AFB (Del Rio, TX) - Receive
- Sheppard AFB (Wichita Falls, TX) - Receive
- Vance AFB (Enid, OK) - Receive

### Activities being Received
- 435 FTS (IFF)
- 49 FTS (IFF)
- 3 FTS
- 3 FTS (approx 120 students / year)
- 558 FTS (PIT)
- 559 FTS (PIT)
- 560 FTS (PIT)
- 3 FTS (approx 45 students / year)
- 50 FTS (approx 50 students / year)
- 563 FTS (NAV / CSO)
- 566 FTS (NAV / CSO)
- 99 FTS (NAV / CSO)
### Scenario Details

**Scenario #**: E&T-0046  
**Date Created**: 11/19/2004

**Scenario Title**: Cooperative: Realign and Consolidate DoD Undergraduate Pilot and NAV / NFO / CSO Training

**Description**:

Realign Randolph AFB, Moody AFB, NAS Whiting Field by the following actions:

- Consolidate Undergraduate Pilot Training at Columbus AFB, NAS Corpus Christi, NAS Kingsville, Laughlin AFB, NAS Meridian, Sheppard AFB and Vance AFB.
- Consolidate Undergraduate NFO / CSO training at NAS Pensacola by establishing a DoD Undergraduate Navigator, Combat Systems Officer, and Naval Flight Officer Center of Excellence.
- Consolidate Undergraduate Rotary Wing training by establishing a Joint Rotary Wing Training Center of Excellence at FT Rucker.

**Gain**: Columbus AFB (T-38), NAS Corpus Christi (T-1), NAS Kingsville (T-45), Laughlin AFB (T-6), NAS Meridian (T-6, T-34), Sheppard AFB (T-37 T-6, T-1, T-38) and Vance AFB (T-6), NAS Pensacola (T-6, T-1, T-43), FT Rucker (TH-57)

**Lose**: Randolph AFB (T-37, T-6, T-1, T-38), Moody AFB (T-6, T-38), NAS Whiting (T-34, TH-57), NAS Meridian (T-45), NAS Corpus Christi (T-34)

37 FTS
41 FTS
VT-2
VT-27
VT-3

Naval Air Station Pensacola (Pensacola, FL) - Receive
563 FTS (NAV / CSO)
566 FTS (NAV / CSO)
99 FTS (NAV / CSO)

Rucker (Fort Rucker, AL) - Receive
HT-8
HT-18

Sheppard AFB (Wichita Falls, TX) - Receive
558 FTS (PIT)
559 FTS (PIT)
560 FTS (PIT)

Vance AFB (Enid, OK) - Receive
VT-6 (approx 345 students / year)
Registered Scenarios

**Scenario #** E&T-0047  
**Date Created:** 11/19/2004

**Scenario Title:** #1: Realign and Consolidate Undergrad Pilot, NAV/ NFO/CSO Training & Realign Adv Jet with JSF ITS

**Description:**

Realign NAS Corpus Christi, NAS Meridian, Moody AFB, NAS Whiting Field by the following actions:
Consolidate Undergraduate Primary Training programs at NAS Kingsville, Laughlin AFB, NAS Pensacola and Vance AFB.
Realign Advanced phases of Undergraduate Pilot Flight Training with appropriate FRS /FTU at Little Rock AFB, Altus AFB, Tinker AFB, NAS Jacksonville, and Columbus AFB.
Establish the Initial Training Site for JSF at Columbus AFB.
Consolidate Undergraduate Rotary Wing training by establishing a Joint Rotary Wing Training Center of Excellence at FT Rucker.

Gain: NAS Kingsville (T-6), Laughlin AFB (T-6), NAS Pensacola (T-1, T-43, T-6), Vance AFB (T-6), Little Rock AFB (T-1), Altus AFB (T-1), Tinker AFB (T-1), NAS Jacksonville (TC-12, T-44), Columbus AFB (T-38, JSF), Sheppard AFB (T-38) and FT Rucker (TH-57)

Lose: Randolph AFB (T-1, T-6, T-43), NAS Corpus Christi (T-34, T-44, TC-12), NAS Meridian (T-45), Moody AFB (T-38, T-6), NAS Whiting Field (T-34, TH-57), Laughlin AFB (T-38, T-1), Vance AFB (T-38, T-1), and Columbus AFB (T-1).

### Registered Scenarios

**Scenario #**  E&T-0052  **Date Created:** 12/6/2004

**Scenario Title:** JSF Stand-Alone

**Description:**

Realign Eglin AFB to host the Initial Training Site for the Joint Strike Fighter Graduate Level Pilot Training. Realign Eglin AFB by establishing a Joint Formal Training Unit / Fleet Replacement Squadron (FTU/FRS) capable of producing approximately 250 F-35 pilots/year. If required, relocate units necessary to provide sufficient space for the new FTU.
### Scenario #
- **E&T-0053**

### Date Created:
- 12/9/2004

### Scenario Title:
- Joint Center for Consolidated Transportation Management Training

### Description:
Realign Fort Lee, VA by consolidating Transportation Management Training. Realign Lackland AFB, TX by relocating Transportation Management Courses currently taught there to Fort Lee, VA. The intent of this scenario is to consolidate like courses while maintaining service unique cultures. (Supports USA-0051 to Establish Combat Service Support Center at Fort Lee, VA).

### Losing Bases
- Lackland AFB (San Antonio, TX) - Realignment
- Marine Corps Base Camp Lejeune (Camp Lejeune, NC) - Realignment

### Losing Activities
- 345th TRS (Traffic Mgmt & Air Transport Courses) - Consolidate
- Transportation Mgmt Courses - Consolidate

### Receiving Bases
- Lee (Fort Lee, VA) - Receive

### Activities being Received
- Transportation Mgmt School and Center

### Receiving Bases

- Columbus AFB (Columbus, MS) - Receive

### Activities being Received

- Joint Strike Fighter Integrated Training Center
### Registered Scenarios

**Scenario #** | HSA-0002  
**Date Created:** | 9/17/2004  
**Scenario Title:** | GC-MPC-0001: Dc: Consolidate/Co-locate All Military Personnel Centers in the San Antonio Geo-cluster  
**Description:**

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO and consolidate them at Ft Sa Houston in the San Antonio Geo-cluster; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington; the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Quantico; and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO and consolidate each Active and Reserve Military Personnel Center within each Service and co-locating all three Service Military Personnel Centers at Randolph Air Force Base TX in the San Antonio Geo-cluster current location of the Air Force Personnel Center (AFPC).

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (MiliPers functions) occupies ~250,031 SF; ~ 30,831 SF determined as available excess; scenario requires an additional ~55,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCSA Kansas City = 237,539 SF. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

### Losing Bases

- Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Leased Space (Z, XX) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Naval Support Activity Millington (Millington, TN) - Realignment
- Naval Support Activity New Orleans (New Orleans, LA) - Realignment

### Losing Activities

- Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate
- Army Human Resources Command - St Louis - Consolidate
- Human Resources Command - Consolidate
- HRC-Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate
- EPMAC - Consolidate
- NAVPERSCEN - Consolidate
- NAVRESPERSCEN - Consolidate

### Receiving Bases

- Randolph AFB (Universal City, TX) - Receive
- Sam Houston (San Antonio, TX) - Receive

### Activities being Received

- Air Force Personnel Center
- Individual Navy and Marine Corps Personnel Centers
- New Army Human Resources Command Personnel Center
Scenario #  HSA-0003  Date Created: 9/23/2004  Deleted
Scenario Title:GC-MPC-0006: Dc: I: Consolidate Marine Corps Personnel at MCB Quantico
Description:

Realign Marine Corps Support Activity (MCSA) Kansas City MO by consolidating Marine Corps Mobilization Command (MOBCOM) with the operational military personnel functions of Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico VA.

ADDITIONAL INFO: M&RA (PERSCOM functions only) currently occupies ~ 128,693 SF; ~30,293 SF has been determined as available excess; scenario requires NO ADDITIONAL SF for the move of MOBCOM personnel functions to M&RA since they will fit into existing excess space.

Space made available at MCSA Kansas City = 237,539 SF.

Reason Scenario was deleted:

Deleted 30 Nov 04. Realignment of MOBCOM has been changed to be incorporated in another HSAJCSG MAH scenario with Marine Corps Reserve Forces Command.
**Scenario #** | HSA-0004  
---|---
**Date Created:** | 9/23/2004  
**Scenario Title:** | GC-MPC-0009: Dc: I: Consolidate/Co-locate Army & Air Force Personnel at Randolph AFB  
**Description:**  
Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO, and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating HRC and co-locating with the consolidated Force military personnel functions from the Air Force Personnel Center (AFPC) and Air Reserve Personnel Center (ARPC) at Randolph Air Force Base TX.  
ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.  
AFPC (MilPers functions) occupies ~250,031 SF; ~30,831 SF determined as available excess; scenario requires an additional ~748,769 SF for incoming activities (6100 Gen Adm Bldg only)  
HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018

</table>
Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO; the Navy Personnel Command (NVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESFSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; the military personnel functions from Air Force Personnel Center (AFPC) at Randolph Air Force Base TX and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO by consolidating all Active and Reserve Military Personnel Centers within each Service and co-locating all four Service Military Personnel Centers at Fort Leavenworth.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation will free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Leavenworth so no excess is available. Scenario requires ~1,702,600 SF for incoming activities (6100 Gen Ad Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA Millington = 337,766 SF. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCB Quantico = 198,916 SF. Space made available at Randolph AFB = 200,025. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

### Losing Bases

- Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Leased Space (Z, XX) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Naval Support Activity Millington (Millington, TN) - Realignment
- Naval Support Activity New Orleans (New Orleans, LA) - Realignment
- Randolph AFB (Universal City, TX) - Realignment

### Losing Activities

- Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate
- Army Human Resources Command (HRC)-St Louis - Consolidate
- Army Human Resources Command (HRC)-Alexandria - Consolidate
- Army Human Resources Command (HRC)-Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate
- Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) (operational military personnel functions only) - Consolidate
- Navy Personnel Command (NVPERSCOM) - Consolidate
- Navy Enlisted Placement & Management Center (EPMAC) - Consolidate
- Navy Reserve Personnel Center (NAVRESFSCEN) - Consolidate
- Air Force Personnel Center (AFPC) (Mil Pers functions only) - Consolidate

### Receiving Bases

- Leavenworth (Fort Leavenworth, KS) - Receive

### Activities being Received

No Specific Receiving Activity Currently In Place -- Co-locate four Active/Reserve Consolidated Service Personnel Centers.
Scenario # | HSA-0006 | Date Created: | 9/23/2004
---|---|---|---
Scenario Title: | GC-MPC-0011: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Knox

**Description:**

Realignment Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and relocating to Fort Knox KY.

Realignment Fort Monroe VA, by relocating Army Accessions Command and Army Cadet Command and co-locating with the Army Enlisted Recruiting Command and the consolidated Army Human Resources Command (HRC) at Fort Knox KY.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Ft Knox so no excess is available. Existing Recruiting functions currently occupy ~213,231 SF and ~70,631 have been determined as excess. Scenario requires an additional ~667,569 SF for MilPers and Recruiting incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Mon = 70,850 SF. Space made available at Aberdeen = (estimated) 33,000 SF.

### Losing Bases

- Aberdeen (Aberdeen, MD) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Leased Space (Z, XX) - Realignment
- Monroe (Hampton, VA) - Realignment

### Losing Activities

- Army Civilian Human Resources Agency (CHRA) - Co-locate
- Army Human Resources Command (HRC)-St Louis - Consolidate
- Army Human Resources Command-Alexandria - Consolidate
- Army Human Resources Command (HRC)-Indianapolis (former EREC) - Consolidate
- Army Accessions Command - Co-locate
- Army Cadet Command - Co-locate

### Receiving Bases

- Knox (Fort Knox, KY) - Receive

### Activities being Received

- Army Recruiting Command (USAREC) to co-locate with other Army Recruiting Commands
- Consolidated Active/Reserve Army Human Resources Command to co-locate with Army Recruiting Commands
**Scenario #** HSA-0007  
**Date Created:** 9/23/2004

**Scenario Title:** GC-MPC-0012: Dc: I: Consolidate/Co-locate Navy Personnel and Recruiting at NSA Millington

**Description:**

Realign Naval Support Activity (NSA) New Orleans LA by consolidating the Naval Reserve Personnel Center (NAVRESPERSCEN) and the Enlisted Placement and Management Center (EPMAC) with Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN.

Realign Naval Support Activity (NSA) New Orleans LA by consolidating the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity New Orleans with the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity Mid-South Millington, TN. Co-locates with the consolidated Navy Personnel Command.

ADDITIONAL INFO: NAVPERSCOM currently occupies ~ 422,208 SF; ~27,008 SF has been determined as available excess. NAVCRUITCOM currently occupies ~ 69,930 SF with no calculated excess. Scenario requires an additional ~ 71,462 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

Space made available at NSA New Orleans = 142,737 SF.

(13) DFAS-Pacific Ford Island, (Ford Island Naval Base, Building 77) 477 Essex Street, Pearl Harbor, HI 96860 (Accounting Services, Commercial Pay Services, Corporate and Administrative Organizations)

(14) DFAS-Patuxent River, (Exploration Park) 22299 Exploration Park Dr, Suite 300, Lexington Park, MD 20653 (Technology Services Organization)

(15) DFAS-Pensacola NAS, (Pensacola Naval Air Station, Building 603) 130 West Avenue, Suite A, Pensacola, FL 32508 (Accounting Services and Corporate and Administrative Organizations)

(16) DFAS-Pensacola Saufley Field, (Pensacola Saufley Field, Building 801) 250 Ruby Avenue, Pensacola, FL 32509 (Technology Services Organization)

(17) DFAS-Rock Island, (Rock Island Arsenal-Army, Building 68) Building 68, 1 Rock Island Arsenal (RIA), Rock Island, IL 61299 (Accounting Services, Commercial Pay Services, Corporate and Administrative Organizations)

(18) DFAS-Rome, (former Griffis AFB) 325 Brooks Road, Rome, NY 13441 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(19) DFAS-San Antonio, (Southwestern Bell Company Towers) 500 McCullough Avenue, San Antonio, TX 78215 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(20) DFAS-San Bernardino, (former Norton AFB) 1111 East Mill Street, San Bernardino, CA 92408 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

(21) DFAS-San Diego, 4181 Ruffin Road, San Diego, CA 92123 (Accounting Services, Commercial Pay Services, Corporate and Administrative Organizations)

(22) DFAS-Seaside, (DoD Center of Monterey, Building 110) 400 Gigling Road, Seaside, CA 93955 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

(23) DFAS-St Louis, (St Louis Federal Center, Building 110) 4300 Goodfellow Boulevard, St. Louis, MO 63120 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations)

Relocate and consolidate DFAS Business Line, Corporate and Administrative functions, except for contracted product line operations and locally required customer support liaison staff, into the following 3 retained DFAS sites:
(1) DFAS-Columbus, (Defense Supply Center-Columbus, Buildings 10, 11 & 21) 3990 E Broad St, Building #21, Columbus, OH 43213 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services)

(a) NOTE: DFAS requires an additional 209,323 USF above Capacity Data Call (CDC) #1 reported assigned space. Defense Logistics Agency's CDC response for Defense Supply Center indicated 363,200 USF vacant/available.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Columbus: DF Arlington, DFAS-Cleveland, DFAS-Dayton, DFAS-Limestone, DFAS-Norfolk NAS, DFAS-Patuxent River, and DFAS-Rome

(2) DFAS-Denver, (Buckley AFB Annex, Buildings 444, 607 & 609, former Lowry AFB) 6760 E. Irvington Place, Denver, CO 80279 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 127,929 USF above CDC #1 reported assigned space. Departure of Air Reserve Personnel Center (ARPC) will free up 127,964 USF and enable completion of DFAS realignment to Buckley AFB Annex. Scenarios associated with the ARPC are HSA-0004 HSA-0005, and HSA-0008.
Registered Scenarios

As Of: 1/7/2005

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Denver: DFAS-Lawton, DFAS-Oakland, DFAS-Omaha, DFAS-Pacific (Ford Island), DFAS-Red River, DFAS-San Antonio, DFAS-San Bernardino, DFAS-San Diego and DFAS-Seaside.

(3) DFAS-Indianapolis, (Bean Federal Center, former Ft Benjamin Harrison) 8899 E. 56th Street, Indianapolis, IN 46249 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 26,697 USF above CDC # 1 reported assigned space. Departure of Human Resource Command – Indianapolis (former EREC) will free up 76,740 USF and enable completion of DFAS realignment. Scenarios associated with the Human Resource Command – Indianapolis HSA-0004, HSA-0005, and HSA-0006.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Indianapolis: DFAS-Charleston, DFAS-Kansas City, DFAS-Lexington, DFAS-Orlando, DFAS-Pensacola NAS, DFAS-Pensacola Saufley Field, DFAS-Rock Island and DFAS-St Louis.

Locations with potential retained customer support/liaison staff, contracted function(s), or which are deemed special purpose in nature include:

(2) Other customer support/liaison staff locations TBD (i.e., DFAS-Seaside, Corporate and Administrative Organization-Internal Review Auditors for Defense Manpower Data Center )

(3) LMIT-Retired & Annuitant Pay Contractor, DFAS-Cleveland, 1240 E 9th Street, Cleveland, OH 44199

(4) Corporate and Administrative Organization-Contractor Support, Southbridge Hotel & Conference Center, 14 Mechanic Street, Southbridge, MA 01566

(5) Technology Services Organization, DFAS-Cleveland Bratenahl, (Defense Contract Management Agency Hosted Installation) 555 E 88th St (Adr Kidd Center), Bratenahl, OH 44108

(6) DFAS-Red River, Texas Avenue, Texarkana, TX 75505 (Army Non-Appropriated Funds Accounting - Accounting Services and Technology Services Organization)

Justification/Impact proposed:

• Reduces footprint – Admin by 42% or 1,399,421 USF and Warehouse by 69% or 525,690 GSF.
• Implements merge/co-location personnel reduction (15%).
• Overall AT/FP enhancement – DFAS will be on a DoD installation or in Government leased space that meets DoD AT/FP standards.
• Service’s unit costs will go down.
• Gaining site expansion enabled by departure of specific military personnel organizations from Denver and Indianapolis.
• No requirement for renovation at gaining sites.
• Risk averse – Mitigates risk thru centralized, apportioned operations (each segment may serve as backup).
• Better Business Practice - Creates business line centers of excellence.
• Facilitates DFAS re-engineering for FY2011 organization.

DSS - Columbus (Columbus, OH) - Receive
Scenario #  HSA-0019    Date Created:  9/30/2004
Scenario Title:  GC-CF-0003: [II] Transfer Level III Discharged Prisoners to Federal Bureau of Prisons

Description:

Realignment Ft Leavenworth by transferring long-term (Level III) bed space to Federal Bureau of Prisons (FBOP). Increase number of long-term (Level III) beds with the Federal Bureau of Prisons for transfer from United States Disciplinary Barracks (USDB), Ft Leavenworth.

Justification/Impact:
- Current agreement with the Federal Bureau of Prisons (FBOP) is insufficient.
- Approximately 1/3 of long-term prisoners are fully adjudicated and discharged from the military.
- Increase in FBOP support would open beds for shorter long-term prisoners at Level II facilities.
- Discharged prisoners would be sent to federal system.
- Promotes "Good order and discipline," by transferring prisoners who have committed the most serious of offenses and given long term or life sentences, away from general prison population.

Potential Conflicts:
- Cultural: "Cradle to grave" mentality. Military departments may wish to keep fully adjudicated and discharged prisoners as a way of the military "take care" of its own.
- Other: Cost.

Losing Bases

Leavenworth (Fort Leavenworth, KS) -

Losing Activities

United States Disciplinary Barracks - Other
### Registered Scenarios

**Scenario #**: HSA-0020  
**Date Created**: 9/30/2004  
**Scenario Title**: GC-CF-0012: [I] Create a Single Northwestern Regional Correctional Facility

#### Description:

Realignment of Subase Bangor and Fort Lewis by disestablishing the correctional facility at Subase Bangor and relocating the mission to a single Level II j regional correctional facility located at Fort Lewis.

**Justification/Impact:**
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Subase Bangor (Year built-1995)/(FY01 inmate count-42); Fort Lewis (Year built-1957)/(FY03 inmate count-206). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable land is available at Fort Lewis, questionable as to availability of land at Subase Bangor. New facility required at Fort Lewis.

**Potential Conflicts:**
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

### Losing Bases

- Naval Submarine Base Bangor (Silverdale, WA) - Realignment

### Losing Activities

- Waterfront Brig/Correctional Custody Unit Puget Sound - Consolidate

### Receiving Bases

- Lewis (Tacoma, WA) - Receive

### Activities being Received

- Army Regional Correctional Facility
Registered Scenarios

Scenario #  HSA-0021  
Date Created:  9/30/2004  
Scenario Title:  GC-CF-0013: [I] Create a Single Southwestern Regional Correctional Facility

Description:

Realignment MCAS Miramar, Edwards AFB, Kirtland AFB and Camp Pendleton by disestablishing the correctional facilities at Edwards AFB, Kirtland AFB and Camp Pendleton and relocating the mission to a single Level II joint regional correctional facility to be located at MCAS Miramar.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- MCAS Miramar (Year built-1989)/(FY03 inmate count-320); Edwards AFB (Year built-1950)/(FY03 inmate count-14); Kirtland AFB (Year built-1950)/(FY01 inmate count-16); Camp Pendleton (Year built-1972)/(FY02 inmate count-213). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ MCAS Miramar. Additional facility required.
- MCAS Miramar remains executive agent for Level III females.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON: Large Level I requirement as of 9/22/04 (60-pre-trial, 61-adjudged level I, 51- level II). Pretrial confinement is used intuitively by DON (culturally USA and USAF don’t use pre-trial as often as DON.

Losing Bases

Edwards AFB (Rosamond, CA) - Realignment

Kirtland AFB (Albuquerque, NM) - Realignment

Receiving Bases

Marine Corps Air Station Miramar (San Diego, CA) - Receive

Losing Activities

Edwards Confinement Facility - Consolidate

Kirtland Confinement Facility - Consolidate

Activities being Received

Navy Consolidated Brig Miramar
**Scenario #**  HSA-0022  
**Date Created:**  9/30/2004  
**Scenario Title:**  GC-CF-0014: [I] Create a Single Midwestern Regional Correctional Facility  

**Description:**

Realign Fort Leavenworth, Fort Knox, Fort Sill and Lackland AFB by disestablishing the correctional facilities at Fort Knox, Fort Sill and Lackland AFB and relocating the mission to a single Level III joint regional correctional facility to be located at the United States Disciplinary Barracks, USDB, Fort Leavenworth.

**Justification/Impact:**
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Fort Leavenworth (Year built-2001)/(FY03 inmate count-450); Fort Knox (Year built-1953)/(FY02 inmate count-156); Fort Sill (Year built-1977)/(FY02 inmate count-123); Lackland AFB (Year built-1996)/(FY02 inmate count-25). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ Fort Leavenworth. Additional bowties are required to be built.

**Potential Conflicts:**
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

**Losing Bases**

- Knox (Fort Knox, KY) - Realignment  
- Lackland AFB (San Antonio, TX) - Realignment  
- Sill (Fort Sill, OK) - Realignment

**Receiving Bases**

- Leavenworth (Fort Leavenworth, KS) - Receive

**Losing Activities**

- Army Regional Correctional Facility - Consolidate
- Lackland Confinement Facility - Consolidate
- Army Regional Correctional Facility - Consolidate

**Activities being Received**

- United States Disciplinary Barracks
Registered Scenarios

Scenario #: HSA-0023  Date Created: 9/30/2004
Scenario Title: GC-CF-0015: Create a Single Mid-Atlantic Regional Correctional Facility

Description:

Realigned Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correctional facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built 1972)/(FY02 inmate count 158); Marine Corps Base Quantico (Year built 1972)/(FY03 inmate count 46); Camp Lejeune (Year built 1969)/(FY02 inmate count 232). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Va.
- A 400 bed facility is required.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON concern of 4-hour commute to Hampton Roads and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

Reason Scenario was deleted:

Entered incorrect receiving location.
Registered Scenarios

Scenario #  HSA-0024  Date Created:  9/30/2004
Scenario Title:  GC-CF-0017: [I] Create a Single Southeastern Regional Correctional Facility

Description:

Realignment Naval Weapons Station Charleston, Naval Air Station Pensacola and Naval Air Station Jacksonville by disestablishing the correctional facil at Naval Air Stations Pensacola and Jacksonville and relocating the mission to a single Level II joint regional correctional facility to be located at Na Weapons Station Charleston.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- NWS Charleston (Year built-1989)/(FY02 inmate count-241); NAS Jacksonville (Year built-1990)/(FY02 inmate count-40); NAS Pensacola (Year b 1995)/(FY01 inmate count-36). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ NWS Charleston.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

**Scenario #** HSA-0035  **Date Created:** 10/14/2004

**Scenario Title:** MAH-R&RC-0008: Co-locate National Guard HQs

**Description:**

Realigned Arlington Army National Guard Readiness Center (ARNGRC) and National Guard HQs elements in Crystal City (NGB, ARNG and ANG) and co-locate with Air National Guard Readiness Center at Andrews AFB. Enables MAH-0015 to realign 14 leased locations by relocating components of USA Activities (Office of the Administrative Assistant of the Army, Audit Agency, ASA(F&M, I&E, M&R), CECOM, DUSA, G-1, 3, 8, OASA, OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, and USALSA. Enhances interoperability. Merge common support functions. Reduce leased space costs (~350,000 gsf). Reduce duplicative staffing. Enhances force protection. 59 administrative buildable acres available. Required maximum acreage: 33. Total personnel relocated: TBD. ANG on AAFB. NGB/AAFB negotiations initiated prior to BRAC.

### Losing Bases

- Army National Guard Readiness Center (Arlington, VA) - Realignment
- Crystal City Lease (Arlington, VA) - Realignment

### Losing Activities

- Army National Guard - Relocate
- Air National Guard - Relocate
- Army National Guard - Relocate
- National Guard Bureau - Relocate

### Receiving Bases

- Andrews AFB (Camp Springs, MD) - Receive

### Activities being Received

- Air National Guard
- Army National Guard
- National Guard Bureau
Scenario #  HSA-0036  Date Created:  10/14/2004
Scenario Title:  MAH-R&RC-0007: Co-locate Service Reserve Commands

Description:

Realignment Ft McPherson, GA, Robins AFB, GA and NSA New Orleans, LA, by co-locating the Service Reserve Commands of the Army, Air Force, Navy and Marine Corps, respectively, at Robins AFB, GA.

MPC-0001, 0010, 0012, COCOM-0008, 0009 and USA 0112 enables the closure of NSA New Orleans and Ft McPherson by consolidating Human Resource Commands and Centers as well as relocating or co-locating FORSCOM from Ft McPherson.

Enhances Joint Service RC interoperability.
Reduce footprints: 30.4k gsf (7% CS factor)
Reduce lease space costs: USARC (58,369 gsf).
Merge common support functions: 152 per. (7% CS factor).
Reduce duplicative staffing.

Potential to close NSA New Orleans (MPC-0001, 0010, 0012) and Ft McPherson (COCOM-0008, 0009 and USA 0112).
Required maximum acreage: 36.
Total personnel relocated: 2,025.

Conflicted: Scenario conflicts with DoN-0068.
Deconflicted with HAS-0041 alternates, HAS-0094 and HSA-0120.

Losing Bases

McPherson (Atlanta, GA) - Realignment
Naval Support Activity New Orleans (New Orleans, LA) - Realignment

Receiving Bases

Robins AFB (Warner Robins, GA) - Receive

Losing Activities

U.S. Army Reserve Command - Co-locate
COMMARFORRES - Co-locate
COMNAVRESFORCOM - Co-locate

Activities being Received

COMMARFORRES
COMNAVRESFORCOM
U.S. Army Reserve Command

Scenario #  HSA-0045  Date Created:  10/15/2004
Scenario Title:  MAH-MAH-0001 (Dc): Consolidate Defense Information Systems Agency (DISA) Components within DC Area
Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at F Meade.

Justification/Impact:
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Scenario Title: MAH-MAH 0004 (DC): Co-locate Missile and Space Defense Agencies

Description:
Close 7 leased locations in the DC Area, close 10 leased locations in Huntsville, AL, realign 3 leased locations in the DC Area, realign Naval Support Activity Dahlgren, and facilitate disposal of Federal Office Building 2 by consolidating components of Missile Defense Agency (MDA) and co-locate with USA Space and Missile Defense Command Headquarters (SMDC), Naval Network and Space Operations Command (COMNAVNETSPAOPSCOM), and existing offices of SMDC and MDA at Redstone Arsenal.

Justification/Impact:
-Encompasses 933,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person= 728,600 GSF.
-17 leased locations can be closed: approx. 395,000 USF
-Affects 4,194 personnel, as currently reported. Scenario estimates a 14% personnel savings for MDA and SMDC as a result of consolidation, or 51 personnel, and a 7% personnel savings for the Navy activity as a result of co-location, or 36 positions.
-Enhances AT/FP.
-Consolidation of HQs from multiple to single locations, e.g. MDA from at least 20 to 1, eliminates redundancy and enhances efficiency.
-Consolidation and co-location of large HQs facilitates possible consolidation of common support functions.
-Relocates major tenant from FOB 2, which is projected to close in 2010+.
-Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
-Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Losing Bases

1554 The Boardwalk; Huntsville; AL (Huntsville, AL) - Close

Scenario # HSA-0048  Date Created: 10/15/2004
Scenario Title: MAH-MAH-0002 (Dc): Consolidate Missile Defense Agency (MDA) within DC Area

Description:

Realignment 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Meade.

Justification/Impact:
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person = 419,6 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

Losing Bases

Scenario # | HSA-0049 | Date Created: | 10/15/2004
Scenario Title: | MAH-MAH-0035 (Alt to MAH-0002): Consolidate Missile Defense Agency (MDA) outside of the DC Area

Description:

Realignment of 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Peterson Air Force Base.

Justification/Impact:
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,6 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

Scenario Title: | MAH-COCOMs-0002: [C:reference below for scenario conflicts] Co-Locate USARPAC with PACFLT and PACAF
Description: | Realign Ft Shafter, HI by co-locating USARPAC with PACFLT and PACAF and co-locating IMA Region Pacific with Navy Region HI with the Naval Station Pearl Harbor/Hickam AFB, HI Geo-cluster
Co-locates three PACOM service component commands in the Geo-cluster which will reduce footprint, improve interoperability, and realize savings through shared common support functions.
Realize savings through the potential closure of Ft Shafter, HI.
128,569 GSF vacant admin space available at Naval Station Pearl.
Utilizing space standard, USARPAC requires 34,400 sq. ft.
Scenario conflicts: C: DoN-0036, DoN-0037, DoN-0042, H&SA-0096, IND-0022, and MED-0001
Directs DoN, H&SA, IND & MED to develop and analyze scenarios that do not use Naval Station Pearl Harbor facilities.

**Scenario #**  HSA-0051  
**Date Created:**  10/15/2004  

**Scenario Title:**  MOB-MOB-0004: Establish Joint Mobilization Site Port Hueneme/Camp Roberts/Hunter Liggett

**Description:**

Establish a joint mobilization processing/reserve training center at Naval Base Ventura County (Port Hueneme)/Camp Roberts/Ft Hunter Liggett.

- Second largest deep water port on the west coast. Ideal location for Southwest Regional MOB site.
- 24 locations for transport within 100 miles.
- Over 200 buildable and unconstrained acres.
- Dining, billeting, medical, storage infrastructure available.
- San Diego and Camp Pendleton have minimal expansion capabilities.

**Receiving Bases**  
Nav Base Ventura Cty (Oxnard, CA) - Receive

**Activities being Received**  
Joint Mob/Reserve Training Center
**Scenario #**: HSA-0052  
**Date Created**: 10/15/2004  
**Deleted**

**Scenario Title**: MAH-MAH-0020: Relocate USA Space and Missile Defense Command (SMDC) Headquarters

**Description**:

Realignment of leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.

**Justification/Impact**:
- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Redstone Arsenal.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

**Reason Scenario was deleted**:

Removed leased location in Huntsville, Alabama from scenario b/c determined SMDC no longer occupied. New scenario created.
Registered Scenarios

**Scenario #**  HSA-0053  **Date Created:** 10/15/2004

**Scenario Title:** MAH-MAH-0022 (Dc): Co-locate Miscellaneous OSD and 4th Estate Leased Locations

**Description:**

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project at an administrative campus at the Engineering Proving Ground site at Ft. Belvoir.

Justification/Impact:
- Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
- Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space. Also eliminates one leased location in Georgia.
- 13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
- Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
- Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Scenario # | HSA-0056 | Date Created: | 10/15/2004
Scenario Title: | MAH-MAH-0024 (I): Co-locate Miscellaneous USAF Leased Locations

Description:

Close 3 and realign 16 leased locations in the DC Area by co-locating components of the following USAF Activities at Andrews Air Force Base: SAF/SB, SAF/PA, SAF/IE, SAF/GC, SAF/FM, SAF/AQ, SAF/AG, SAF/AA, AF/CIO, AF/XO, AF/JA, AF/IL, AF/DP, and AF Personnel Operations.

Justification/Impact:

- Eliminates 195,000 USF of leased space within DC Area.
- 3 leased locations can be closed: 63,100 USF.
- Affects 908 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (AF/IL) as a result of co-location, or 47 positions.
- Computed space required at 200 GSF/person = 172,200 GSF.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Sufficient existing administrative space is expected to be available at Andrews AFB as a result of relocation of activities via other scenarios.

**Scenario #** HSA-0061  
**Date Created:** 10/15/2004  
**Scenario Title:** MAH-MAH-0025 (I): Co-locate Miscellaneous USN Leased Locations

### Description:

Close 4 and realign 8 leased locations by relocating components of the following Navy Activities to the Washington Navy Yard/Anacostia Annex: NAVSSP, NAVIPO, OPNAV, NSMA, and SECNAV.

**Justification/Impact:**
- Eliminates approximately 360,000 USF of leased space within DC Area.
- Affects 1,491 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (NSMA) as a result of co-location, or 58 positions.
- Computed space required at 200 GSF/person = 286,600 GSF.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Sufficient existing administrative space is expected to be available at Washington Navy Yard/Anacostia Annex as a result of relocation of activities other scenarios.

Registered Scenarios

Scenario #: HSA-0062  Date Created: 10/15/2004  Deleted

Scenario Title: MAH-MAH-0008 (I): Co-locate Research Agencies and Defense Advanced Research Projects Agency (DARPA)

Description:

Close 3 and realign 8 leased space locations in Arlington, Virginia by consolidating Naval Systems Management Activity (NSMA) leased locations and co-locating with Office of Naval Research, the Army Research Office (DC location only), and DARPA at Naval Support Activity Dahlgren.

Justification/Impact:
- Eliminates over 525,000 equiv. GSF of leased space within the DC Area in 11 locations. Computed space required at 200 GSF/person = 326,000
- 3 leased locations can be closed: approx. 95,000 USF
- Affects 1,800 personnel. Scenario estimates a 14% personnel savings for NSMA as a result of consolidation, or 93 positions, and a 7% personnel savings for the other activities as a result of co-location, or 79 positions.
- Enhances AT/FP.
- Naval Support Activity Dahlgren reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.

Reason Scenario was deleted:

Scenario is being passed to the Technical JCSG.
### Registered Scenarios

**Scenario #** HSA-0063  
**Date Created:** 10/15/2004  
**Scenario Title:** MAH-MAH-0013 (I): Co-locate TRANSCOM Components

#### Description:

Realign Washington Navy Yard and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surf Deployment and Distribution Command (SDDC) with existing SDDC offices at Ft. Eustis.

- **Justification/Impact:**
  - Eliminates 162,000 USF of leased space within the DC Area.
  - Affects 959 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 74 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
  - Space required is 171,000 GSF.
  - Enhances AT/FP.
  - Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
  - Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
  - Ft. Eustis reports no vacant administrative space and sufficient land to accommodate 6 million GSF of new administrative space.

#### Losing Bases

- Hoffman 2; Alexandria; VA (Alexandria, VA) - Realignment
- Washington Navy Yard (Washington, DC) - Realignment

#### Receiving Bases

- Eustis (Fort Eustis, VA) - Receive

#### Losing Activities

- USA SDDC - Co-locate
- COMSC WASHINGTON DC - Co-locate

#### Activities being Received

- COMSC WASHINGTON DC
- USA SDDC
Scenario #     HSA-0064        Date Created:    10/15/2004
Scenario Title: MAH-MAH-0014 (Dc): Relocate Army Materiel Command

Description:

Realignment of Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Aberdeen Proving Ground.

Justification/Impact:
- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

Losing Bases

Belvoir (Fort Belvoir, VA) - Realignment

Losing Activities

Army Materiel Command - Relocate
USA SAC - Relocate

Receiving Bases

Aberdeen (Aberdeen, MD) - Receive

Activities being Received

Army Materiel Command
USA SAC
Scenario # HSA-0065  
Date Created: 10/15/2004  
Scenario Title: MAH-MAH-0018 (Dc): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realignment of 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Aberdeen Proving Ground (APG).

Justification/Impact:
- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at $3.3M annually (FY04 cost).
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

Losing Bases

Park Center Four; Alexandria; VA (Alexandria, VA) - Realignment

Receiving Bases

Aberdeen (Aberdeen, MD) - Receive

<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realignment of Andrews AFB by relocating the USAF Flight Standards Agency to Tinker Air Force Base.

Justification/Impact:
- Frees up 38,000 GSF close to Pentagon for other uses.
- Tinker AFB reports a small amount of vacant administrative space and sufficient land to accommodate 406,000 GSF of new administrative space.

**Reason Scenario was deleted:**

Air Force Only Action—transfer to USAF
### Registered Scenarios

**Scenario #**  HSA-0067  
**Date Created:**  10/15/2004  
**Scenario Title:**  MAH-MAH-0030 (C): Relocate DCMA HQ

**Description:**

Close 1 leased space location in Springfield, VA and relocate DCMA Headquarters to Ft. Lee.

**Justification/Impact:**
- Eliminates over 80,000 USF of leased space within DC Area.
- Enhances AT/FP.
- Space required is 100,200 GSF.
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.

**Losing Bases**  
Metro Park III; Alexandria; VA (Alexandria, VA) - Close

**Receiving Bases**  
Lee (Fort Lee, VA) - Receive

**Activities being Received**  
Defense Contract Management Agency
**Scenario #**  HSA-0068  **Date Created:**  10/15/2004  **Deleted**

**Scenario Title:**  MAH-MAH-0021 (C): Consolidate Defense Logistics Agency (DLA)

**Description:**

Close 1 leased location in Alexandria, Virginia and realign 1 leased location in Arlington, Virginia occupied by components of DLA by consolidating DLA HQ at Ft. Belvoir.

**Justification/Impact:**
- Eliminates 45,000 USF of leased space within the DC Area.
- Affects 390 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 55 positions.
- Space required is 67,000 GSF.
- Enhances AT/FP.
- Eliminates redundancy and duplication; increase efficiency by co-locating and consolidating with parent HQs.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space. Relocation out of McNamara Headquarters building should be sufficient to accommodate DLA.

**Reason Scenario was deleted:**

SDC indicates that space targeted for relocation is in use for a project/contract that ends in 9/06. As such, space requirement will terminate.
Scenario #  HSA-0069  Date Created:  10/15/2004
Scenario Title:  MAH-MAH-0015 (C): Co-locate Miscellaneous Army Leased Locations

Description:

- Realign 18 leased locations by relocating components of the following USA Activities to Arlington Hall, Aberdeen Proving Ground, and Ft. Belvoir: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&M), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, 1, G-3, G-8, OASA(Alt), OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.
- MAH-R&RC-0008 enables MAH-MAH-0015 by relocating the HQ Army National Guard from Arlington Hall to Andrews AFB.

Justification/Impact:
- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Arlington Hall has a capacity of 248,000 GSF; it is expected to be available due to the relocation of the Army National Guard HQ.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

### Registered Scenarios

**Scenario #** HSA-0070  
**Date Created:** 10/15/2004  
**Scenario Title:** MAH-MAH-0011 (I): Co-locate MILDEP and DoD Medical Activities  

**Description:**

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at Walter Reed Army Medical Center (WRAMC): Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

**Justification/Impact:**
- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

## Description:

- Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the Defense Information School and the newly created DoD Media Activity at Ft. Meade.

Justification/Impact:
- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

Scenario #: HSA-0072  Date Created: 10/15/2004
Scenario Title: GC-DA-0003: [Alt to HSA-0095] Consolidate DSS/CIFA At Fort Meade, MD (12 Oct 04)

Description:
Realign leased space in Arlington and Alexandria, VA; Columbus, OH; Smyrna, GA, Long Beach, CA; Elkridge and Linthicum, MD, and Colorado Springs, CO, by disestablishing Defense Security Service and Defense Counterintelligence Field Activity (CIFA) and consolidating functions under a newly-created organization, e.g., DoD Counterintelligence and Security Agency, and relocating them to a new facility to be built on 526 acres of available administrative space at Fort Meade, MD. This is an HSA and Intel collaborative scenario; the HSA JCSG is Office of Primary Responsibility, Intel JCSG is the Office of Collateral Responsibility. This is an alternate scenario to HSA-0095, which places this organization at Wright Patterson AFB, OH.

Scenario Title: GC-DA-0002: Consolidate NCR Force Protection (Management Oversight Only) (14 Oct 04)

Description:

Realign Bolling AFB, DC; Andrews AFB, MD; Fort Myer, VA; Fort McNair, DC; Fort Belvoir, VA; Walter Reed Army Medical Center, MD; Henderson Hall, VA; Marine Corps Barracks, DC; Arlington Service Center, VA; Anacostia Annex, DC; National Naval Medical Center Bethesda, MD; Naval Support Activity, Carderock, MD; Naval Research Laboratory, DC; Potomac Annex, DC; Washington Navy Yard, DC; and leased space in Alexandria Annandale, Arlington, Falls Church, Herndon, Manassas, and Springfield, VA; Washington DC; and Bethesda, Columbia, Germantown, and Silver Spring, MD, by transferring responsibility for Anti-Terrorism Program; Chemical, Biological, Radiological, Nuclear and High-Yield Explosives Program Physical Security Program; Law Enforcement and Security Force Program; and Operations Security Program capabilities at the 11th Wing; 89th Air Wing; Fort Myer Military Community; Fort Belvoir; Walter Reed Army Medical Center; Headquarters, U.S. Marine Corps, Henderson Hall, the Marine Corps Barracks; Naval District of Washington and all of its subordinate installations within the statutory National Capital Region (NCR); American Forces Information Service; Defense Advanced Research Projects Agency; Defense Contract Audit Agency; Defense Contract Management Agency; Defense Commissary Agency; Department of Defense Counterintelligence Field Activity; Defense Finance and Accounting Service; Department of Defense Human Resources Activity; Defense Information Systems Agency; Defense Intelligence Agency; Defense Legal Services Agency; National Geospatial-Intelligence Agency; Defense Logistics Agency; Department of Defense Education Activity; Defense POW and Missing Persons Office; Defense Security Cooperation Agency; Defense Threat Reduction Agency; Defense Technology Security Administration; Office of the Secretary of Defense (all components); Joint Chiefs of Staff; Missile Defense Agency; Office of Economic Adjustment; TRICARE Management Activity; and the Pentagon Force Protection Agency to Joint Force Headquarters-NCR, U.S. Northern Command, Fort McNair, Washington, DC. NOTE: This scenario does not involve addition/deletion of manpower, change footprint, or create a true realignment. It places responsibility for these programs under a single management headquarters, whereas today they are loosely bound only by policy.

Reason Scenario was deleted:

HSA JCSG board deleted this scenario, 2 Nov 04. Rationale: no BRAC footprint or manpower savings envisioned.
### Registered Scenarios

**Scenario #**: HSA-0074  
**Date Created**: 10/20/2004  
**Scenario Title**: GC-MPC-0014: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Sam Houston  

**Description:**

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and re-locating to Fort Sam Houston TX.

Realign Fort Monroe VA and Ft Knox KY by re-locating Army Accessions Command, Army Cadet Command and Army Enlisted Recruiting and co-locating all with the consolidated Army Human Resources Command (HRC) at Fort Sam Houston TX.

ADDITIONAL INFO: No existing Mil Pers or Recruiting function at Ft Sam, so no excess space identified. Scenario requires ~880,800 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Monroe = 70,850 SF. Space made available at Ft Knox = 267,231 SF.

### Scenario # HSA-0076  
**Scenario Title:** MAH-MAH-0007 (Dc): Co-locate MILDEP Investigation Agencies  
**Date Created:** 10/21/2004

**Description:**

**Justification/Impact:**
- Frees up 510,000 GSF close to Pentagon for other uses.
- Affects 2,293 personnel, as currently reported.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 10% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 141 positions.
- Computed space required at 200 GSF/person = 430,000 GSF.
- Navy NCIS needs upgraded HQ facility.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.

**Scenario #**
HSA-0077

**Date Created:**
10/21/2004

**Scenario Title:**
MAH-MAH-0009 (Dc): Consolidate/Co-locate Installation Management Agencies and Army Service Providers

### Description:

- Realign 1 leased location in Arlington, Virginia by relocating USA Installation Management Agency (IMA) to Ft. Lee.
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at Ft. Lee.
- Realign Rock Island Arsenal by consolidating IMA regional office with existing office at Ft. Sam Houston, forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) and regional offices to form ACA Eastern Region at Ft. Lee.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at Ft. Sam Houston.
- Realign Rock Island Arsenal by consolidating NETCOM regional office with existing office to form NETCOM Western Region at Ft. Sam Houston.

**Justification/Impact:**
- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.
- Ft. Sam Houston reports 88,945 GSF of vacant administrative space and sufficient land to accommodate nearly 11 million GSF of new administrative space.

Scenario #  HSA-0078          Date Created:  10/21/2004
Scenario Title: MAH-MAH-0028 (Dc): Consolidate NAVAIR Leased Locations

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to NAS Paxtuxent River.

Justification/Impact:
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- NAS Patuxent River reports 20,809 GSF of vacant administrative space and sufficient land to accommodate over 4 million GSF of new administrat space.

Losing Bases
214191 Great Mills Road; Lexington Park; MD (Lexington Park, MD) - Close
21535 Pacific Drive; Lexington Park; MD (Lexington Park, MD) - Close
21920 Nickles Road; Patuxent River; MD (Patuxent River, MD) - Close

Scenario #  HSA-0079       Date Created:  10/21/2004
Scenario Title:  MAH-MAH-0031 (U): Relocate Department of Defense Education Activity (DoDEA)

Description:

Realign one leased location in Arlington, Virginia and close one leased location in Peachtree City, Georgia by consolidating DODEA at Location TBD(Base X).

Justification/Impact:

-Eliminates nearly 110,000 USF of leased space.
-Affects 471 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
-Space required is 81,000 GSF (may be reduced if Civilian Personnel activity is removed)
-Enhances AT/FP.
-Consolidation of HQs from multiple to single locations eliminates redundancy and enhances efficiency

Reason Scenario was deleted:

Scenario is being combined with HSA 0053 and its alternate: HSA 0106
Registered Scenarios

Scenario #  HSA-0080  Date Created:  10/21/2004
Scenario Title:  MOB-MOB-0006: Joint Mobilization Sites: Bliss, Campbell, Dix, Lewis, McCoy, Sill, Shelby, Atterbury,

Description:

Realignment Gowen Field, Ft Knox, Ft Jackson, Ft Lee, Ft Huachuca, APG, Ft Rucker, Ft Eustis, Bangor NSB, Groton NSB, McGuire AFB and McChord AFB mob processing operations.

Transfer/Consolidate into newly established Joint Mob/reserve training center sites at Ft Bliss, Ft Dix, Ft Lewis, Ft McCoy, Ft Sill, Ft Leonard Wood, Campbell, Camp Shelby, and Camp Atterbury.

Justification/Impact

-Army G-3 proposed primary mobilization sites.
-Joint Mob Processing Sites would enhance deployment capabilities for all services.
- Buildable acres, training acres and unconstrained acres are available for expansion.
- Billeting available for personnel along with dining, medical, storage infrastructure available.
- A large number of training ranges available for unit maneuver and individual qualification.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
Eustis (Fort Eustis, VA) - Realignment

---|---
**Date Created:** | 10/21/2004  
**Scenario Title:** | MAH-MAH-0020 (Dc): Relocate USA Space and Missile Defense Command (SMDC) Headquarters (Revised)  
**Description:**

Realignment of two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.
Justification/Impact:
- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Redstone Arsenal.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

<td>Scenario Title:</td>
<td>GC-CF-0015: [I] Create a Single Mid-Atlantic Joint Regional Correctional Facility</td>
</tr>
</tbody>
</table>

**Description:**

Realign Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correction facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built-1972) (FY02 inmate count-158); Marine Corps Base Quantico (Year built-1972) (FY03 inmate count-46); Camp Lejeune (Year built-1969) (FY02 inmate count-232). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Virginia.
- A 400 bed facility required.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments
- DON concern of 4-hour commute to Hampton Roads South and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

**Losing Bases**

- Marine Corps Base Camp Lejeune (Camp Lejeune, NC) - Realignment

Scenario # | HSA-0085 | Date Created: | 10/28/2004 | Deleted
Scenario Title: MAH-R&RC-0001: Co-locate Air Force Reserve Recruiting Service (26 Oct 04)

**Description:**
- Realign leased space in Warner-Robins, GA. By co-locating Air Force Reserve Recruiting Service (RC) with Air Force Recruiting Service (AC) at Randolph AFB, TX.
- Enhances Service AC/RC interoperability.
- Merge common support functions: 7 per (7% CS factor).
- Reduce footprint: 1.4k gsf (7% CS factor).
- Administrative buildable acres at Randolph AFB: 106.
- Required maximum acres at Randolph AFB: 1.2
- GSF vacant admin space available at Randolph AFB: 0.
- Total personnel relocated: 96

Conflicted: Per AF, Conflicts with HAS-0002, 0004, 0008, 0029, 0030, 0031, 0111 & USAF-0030. No alternate is presented.

**Reason Scenario was deleted:**
Delted at HS&A JCSG deliberative session on 10 Dec 04. Activity relocation included in HS&A-0008

<tbody>
<tr>
<td>Scenario Title:</td>
<td>MAH-R&amp;RC-0002: Relocate Army Accessions Command &amp; Cadet Command</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realigned Ft Monroe, VA by relocating Army Accessions Command and Cadet Command and co-locating with the Army Recruiting Command at Ft Knox.

COCOM 0003, 0006 and USA 0113 enable the potential closure of Ft Monroe, VA by co-locating TRADOC at either Ft Story or Eustis, VA.

Enhances Service recruiting interoperability.

Merge common support functions.

Reduce staff: 15 per/3k gsf (7% CS factor).

Potential to close Ft Monroe (COCOM-0003, 0006, USA 0113).

Administrative buildable acres at Ft Knox: 183.

Required maximum acres at Ft Knox: 6.3.

Vacant administrative space available: 72k gsf.

Total personnel relocated: 440.

Conflicted: This scenario conflicts with H&SA-0006 & 0086; USA-0003, 0067, 0068 & 0121.

Deconflicted by HSA-0074.

**Reason Scenario was deleted:**

Scenario deleted per decision at 10 Dec 04 deliberative HS&A JCSG. Activity included in HS&A 0006.
Scenario #  HSA-0087  Date Created:  10/28/2004  Deleted
Scenario Title:  MAH-R&RC-0017: Relocate NAVCRUITCOM (NSA NOLA)

Description:
Realign NSA New Orleans, LA by merging through relocating NAVCRUITCOM (NSA New Orleans office) with NAVCRUITCOM at NSA Millington, TN.
MPC-0001, 0010, 0012 enable the closure of NSA New Orleans by relocating Naval Reserve Personnel Center and Enlisted Placement & Manager Center at either San Antonio, TX mega-center, Ft Leavenworth, TX or NSA Millington, TN, respectively.
R&RC-0007, 0016 and 0018 enable the closure of NSA New Orleans by co-locating Naval Reserve Command to either NSA Norfolk or NAB Little Creek and Marine Corps Reserve Command to MCB Quantico.
Enhances Service recruiting interoperability.
Merge common support functions.
Reduce staff:  27 per/5.4k gsf (14% CS factor).
Potential to close NSA New Orleans (MPC-0001, 0010, 0012 and R&RC-0007, 0016, 0018).
Administrative buildable acres at Millington: 64.4.
Required maximum acres at Millington: 2.3.
Vacant administrative space at Millington: 0.
Total personnel relocated: 168.

Reason Scenario was deleted:
Deleted per 10 Dec 04 HS&A JCSG deliberative session. Activity included in HS&A-0007.
**Registered Scenarios As Of:** 1/7/2005

Scenario Title: | MAH-MAH-0036 (Dc): Consolidate Defense Information Systems Agency (DISA) within DC Area - Alternate
Description:

Close 5 leased locations and realign 4 leased locations and Arlington Service Center (Navy) by consolidating components of DISA at Ft. Belvoir.

Justification/Impact:
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Peterson AFB reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

<tbody>
<tr>
<td>Scenario Title:</td>
<td>MAH-MAH-0038: Relocate Army Materiel Command(AMC)-Alternate</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realign Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Ft. Lee.

**Justification/Impact:**

- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.

**Reason Scenario was deleted:**

No longer need as an Alternate Scenario; have other alternates for MAH-0014.

Scenario # | HSA-0092 | Date Created: | 10/28/2004
Scenario Title: | MAH-MAH-0039 (Alt to MAH-0014) : Relocate Army Materiel Command(AMC)-Alternate

Description:

Realign Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Redstone Arsenal.

Justification/Impact:
- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

USA SAC
Scenario #    HSA-0093          Date Created:    10/28/2004
Scenario Title: MAH-MAH-0040 (Alt to MAH-0018): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realigned 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Ft. Belvoir.

Justification/Impact:
- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at $3.3M annually (FY04 cost).
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Losing Bases

Park Center Four; Alexandria; VA (Alexandria, VA) - Realignment

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Losing Activities

Army Test and Evaluation Command - Relocate

Activities being Received

Army Test and Evaluation Command
**Scenario Title:** MAH-R&RC-0018: Relocate Navy Reserve

**Description:**

- Realign NSA New Orleans, LA by co-locating Naval Reserve Command with Commander Fleet Forces Command at NAB Little Creek, VA.
- Enhances Service AC/RC interoperability.
- Merge common support functions.
- Reduce staff: 34 per/6.8k gsf (7% Common Support factor).
- Potential to close NSA New Orleans.
- Administrative buildable acres NAB Little Creek: 37.7.
- Required maximum acres NAB Little Creek: 6.5.

Total personnel relocated: 458.

This scenario deconflicts HSA-0041.

### Losing Bases

- Naval Support Activity New Orleans (New Orleans, LA) - Realignment

### Date Created:
10/29/2004

### Scenario Title:
GC-DA-0004: [Alt to HSA-0072] Consolidate DSS/CIFA At Wright Patterson AFB, OH (26 Oct 04)

### Description:
Realign leased space in Alexandria and Arlington, VA; Columbus, OH; Smyrna, GA; Long Beach, CA; Elkridge and Linthicum, MD; and Colorado Springs, CO, by disestablishing Defense Security Service (DSS) and Defense Counterintelligence Field Activity (CIFA) and consolidating functions new facility to be built on 120 admin buildable acres or 82 undetermined acres, or in 182,000 USF of admin space available at Wright Patterson AF OH, under a newly-created organization, e.g., DoD Counterintelligence and Security Agency. This is an HSA and Intel collaborative scenario; HSA JCSG is the Office of Primary Responsibility, the Intel JCSG is the Office of Collatoral Responsibility. This is an alternate scenario to HSA-0072, which places this new organization at Ft Meade, MD.

---|---|---|---
Scenario Title: | MAH-MAH-0044 (Alt to MAH-0028): Consolidate NAVAIR

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to a single, AT/FP compliant leased location.

Justification/Impact:
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- The exact location of new, leased space is determined by a competitive bidding procurement process.

Losing Bases

- 214191 Great Mills Road; Lexington Park; MD (Lexington Park, MD) - Close
- 21535 Pacific Drive; Lexington Park; MD (Lexington Park, MD) - Close
- 21920 Nickles Road; Patuxent River; MD (Patuxent River, MD) - Close

**Scenario #**: HSA-0104  
**Date Created**: 11/4/2004

**Scenario Title**: MAH-MAH-0045 (Alt to MAH-0012): Create New Agency for Media and Publications

**Description**:

Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the new DoD Media Activity at Lackland Air Force Base.

**Justification/Impact**:
- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Lackland AFB reports no vacant administrative space and sufficient land to accommodate 1.76 million GSF of new administrative space.

### Scenario # HSA-0105

### Date Created: 11/4/2004

### Scenario Title:
MAH-MAH-0046 (Alt to MAH-0020): Relocate USA Space and Missile Defense Command (SMDC) Headquarters

### Description:
Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Peterson Force Base.

**Justification/Impact:**
- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Peterson AFB.
- Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

#### Losing Bases

- **Crystal Mall 4; Arlington; VA (Arlington, VA) - Realignment**

#### Losing Activities

- **Space and Missile Defense Command (USA SMDC) - Relocate**

#### Receiving Bases

- **Peterson AFB (Colorado Springs, CO) - Receive**

#### Activities being Received

Scenario # | HSA-0106  
---|---  
Scenario Title: | MAH-MAH-0047 (Alt to MAH-0022): Co-locate Miscellaneous OSD and 4th Estate Leased Locations  
Description: | Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project to an administrative campus at Walter Reed Army Medical Center (WRAMC).  
Justification/Impact: | -Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF. -Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space. -13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF. -Affects 3,879 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported. -Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OS as a result of co-location, or 142 positions. -Enhances AT/FP. -Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency. -Space is expected to become available at WRAMC as a result of other BRAC actions.

**Scenario Title:** MAH-MAH-0042 (Alt to MAH-0009): Consolidate/Co-locate Inst Mgmt Agencies and Army Service Providers

**Description:**

- Realign 1 leased location in Arlington, Virginia by re-locating USA Installation Management Agency (IMA) to Aberdeen Proving Ground (APG).
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Cen for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at APG.
- Realign Ft. McPherson and Ft. Monroe by consolidating regional offices of IMA with new IMA HQ at APG, forming an IMA Eastern Region.
- Realign Ft. Sam Houston by consolidating IMA regional office with existing office at Rock Island Arsenal (RIA), forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at APG.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at RIA.
- Realign 1 leased location in Arlington, Virginia, Ft. Monroe, and Ft. McPherson by consolidating USA NETCOM HQ and regional offices to form NETCOM Eastern Region at APG.
- Realign Ft. Sam Houston by consolidating NETCOM regional office with existing office to form NETCOM Western Region at RIA.

**Justification/Impact:**

- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administr space.
- Rock Island Arsenal – Capacity TBD.

## Registered Scenarios

**Scenario #** HSA-0111  
**Date Created:** 11/12/2004

**Scenario Title:** GC-MPC-0015: Dc: I: Consolidate Air Force Personnel Functions at Randolph AFB TX

### Description:

Consolidate existing AF Personnel Center at Randolph AFB TX, AF Reserve Personnel Center in Denver CO (Buckley Annex), AFMC’s Interim Personnel Centers at Hill AFB UT, Robins AFB GA, Wright-Patterson AFB OH, Tinker AFB OK and 11th Wing’s Interim Personnel Center at Bolling AFB DC at a single location at Randolph AFB TX.

NOTE: This is being analyzed as an AF-requested scenario. AF must conduct any required de-confliction.

Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HAS-0018. Space made available at Bolling = 5,504 SF. Space made available at Hill AFB = 29,382 SF. Space made available at Wright Patterson AFB = 56,284 SF. Space made available at Tinker AFB = 22,632 SF. Space made available at Robins AFB = 30,064 SF.

### Losing Bases

- Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
- Bolling AFB (Washington, DC) - Realignment
- Hill AFB (Clearfield, UT) - Realignment
- Robins AFB (Warner Robins, GA) - Realignment
- Tinker AFB (Midwest City, OK) - Realignment
- Wright-Patterson AFB (Fairborn, OH) - Realignment

### Losing Activities

**Scenario #** HSA-0112  **Date Created:** 11/17/2004

**Scenario Title:** MAH-MAH-0037(Alt): Consol. Defense Information Systems Agency (DISA) Components outside of DC Area

**Description:**

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Schriever Air Force Base.

**Justification/Impact:**

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

**NOTE:** It is anticipated that this scenario will be further refined to be either Peterson AFB or Schriever AFB or parts of DISA at each installation.

### Scenario # HSA-0114
#### Scenario Title:
MAH-MAH-0048 (Alt to MAH-0013): Co-locate TRANSCOM Components

#### Description:
Realign Washington Navy Yard, Ft. Eustis, and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing TRANSCOM Components at Scott Air Force Base.

**Justification/Impact:**
- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 1,661 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 172 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 291,800 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Scott AFB reports no vacant administrative space and sufficient land to accommodate 1.86 million GSF of new administrative space.

#### Losing Bases

Scenario #: HSA-0115  
Date Created: 11/17/2004

Scenario Title: MAH-MAH-0049 (Alt to MAH-0011): Co-locate MILDEP and DoD Medical Activities

Description:

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at the National Naval Medical Center in Bethesda: Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (including USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

Justification/Impact:
- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at NNMC as a result of other BRAC actions.

Date Created: 11/24/2004

Scenario Title: 
MAH-MAH-0052 (Alt to MAH-0002): Consolidate Missile Defense Agency (MDA) within DC Area

Description:
Realign 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Belvoir.

Justification/Impact:
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,666 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Scenario #       HSA-0118       Date Created:  11/24/2004

Scenario Title:  MAH-MAH-0051(Alt to MAH-0015)): Co-locate Miscellaneous Army Leased Locations

Description:

Realign 18 leased locations by relocating components of the following USA Activities to Ft. McNair: Office of the Administrative Assistant of the Arm (SAAA), Army Audit Agency, ASA(F&MC), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.

Justification/Impact:
-Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
-Affects 3,431 personnel, as currently reported.
-Enhances AT/FP.
-Co-location of organizations facilitates possible consolidation of common support functions.
-Space may become available at Ft. McNair as a result of other BRAC actions; there is no available administrative space or land at this time.

<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realign NSA New Orleans, LA by co-locating Marine Corps Reserve Command to JRB New Orleans, LA.

- Maintains Joint Service interoperability.
- Merge common support functions.
- Administrative buildable acres at JRB NAS NOLA: 30.0.
- Undetermined available acres at JRB NAS NOLA: 284.
- Required maximum acre: 11.8.
- Total personnel relocated: 824

- MPC-0001, 0008, 0010, 0012 enable the closure of NSA New Orleans by relocating NAVRESPERCEN and EPMC at either San Antonio, TX meg center, Ft Leavenworth, KS or NSA Millington, respectively.
- R&RC-0016, 0017, 0018 enable the closure of NSA New Orleans by relocating NAVRESCOM AND navrescruitcom TO nsa Norfolk or NAB Little Creek, VA and NSA Millington, TN, respectively.

This scenario deconflicts HSA-0094.

Scenario Title: | MAH-MAH-0053: Relocate Air Force Real Property Agency

**Description:**

Realigned 2 leased locations in the DC Area by co-locating the Air Force Real Property Agency with the Air Force Center for Environmental Excellence, Brooks City-Base, Texas.

USAF-sponsored scenario.

Justification/Impact:
- Eliminates 16,437 USF of leased space within DC Area.
- Affects 71 personnel, as currently reported.
- Computed space required at 200 GSF/person = 14,200 GSF.
- Enhances AT/FP.
- Force multiplies with Air Force Center of Environmental Excellence regarding real property privatization issues.

**Losing Bases**

Nash Street Building; Arlington; VA (Arlington, VA) - Realignment

**Scenario #** IND-0003  
**Date Created:** 9/29/2004

**Scenario Title:** SR-1; Consolidates I-Level Ship Maintenance Work

**Description:**

This scenario consolidates intermediate-level ship maintenance, specifically:

- Realigns and consolidates intermediate workload at Norfolk Naval Shipyard. SIMA Norfolk would be closed and Norfolk Naval Shipyard would assume the intermediate workload. Assumes all SSNs from Norfolk would change homeport to Subase, New London. Intermediate submarine would be realigned to NAVSUBSUPPFAC NEW LONDON. Consolidates intermediate-level ship maintenance in the San Diego region with the new Southwest Navy Regional Maintenance Center. Assumes a DON scenario closes NAVSTA Pascagoula and decommissions or moves the homeported ships. This scenario disestablishes SIMA Pascagoula.

### Losing Bases

- Naval Station Norfolk (Norfolk, VA) - Realignment
- Naval Station Pascagoula (Pascagoula, MS) - Realignment
- Naval Station San Diego (San Diego, CA) - Realignment

**Scenario Title:** SR-2; Consolidates I-Level Ship Maintenance Work

**Description:**

This scenario consolidates intermediate-level ship maintenance, specifically:

- Realigns and consolidates intermediate workload at Norfolk Naval Shipyard. SIMA Norfolk would be closed and Norfolk Naval Shipyard would absorb the intermediate workload. Assumes all SSNs from Norfolk would change homeport to SUBASE Kings Bay. Intermediate submarine work at SIMA Norfolk would be realigned to TRIREFFAC Kings Bay. Consolidates intermediate-level ship maintenance in the San Diego region with the new Southwest Navy Regional Maintenance Center. Assumes a DON scenario closes NAVSTA Pascagoula and decommissions or moves the homeport ships. This scenario disestablishes SIMA Pascagoula.

### Losing Bases

**Scenario Title:**  SR-3; Moves I-Level Carrier Work Fm Norfolk To PH & D-Level Sub Work Fm NSY To Other 3 NSYs

**Description:**

This scenario assumes a DON scenario which moves a CVN Strike Group from Norfolk to Hawaii. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also realigns maintenance of Army watercraft stationed in Hawaii to Pearl Harbor NSY&IMF.

*Wednesday, January 19, 2005*
Scenario # | IND-0008 | Date Created: | 10/15/2004 | Deleted
Scenario Title: | Scenario MX-1; Derivative 1

Description:
Aviation Workload (NADEP-CP/NI/JAX, ALC-OC/OO/WR) preferring 2 or 3 sites for each area: Fighter Attack, Other Aircraft, Cargo/Tanker; Rotary Workload (CCAD, NADEP-CP) to 1 site; Ground Workload (Vehicles: Tracked, Wheeled, Amphibious) 7 locations (ANAD, RRAD, TYAD, RIAA, LEAD,MCLBA,MCLBB) preferring 2 or 3 sites; Components-Commodities (e.g., landing gear, electronics, etc) at various locations preferring 2 or 3 sites per commodity. This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Reason Scenario was deleted:
A new scenario was created in order to comply with DAS direction to refine and identify losers and gainers.
**Registered Scenarios**  

**Scenario #** IND-0009  
**Date Created:** 10/15/2004  
**Scenario Title:** SR-4; Realigns I-Level and D-Level Ship Maintenance Work  

**Description:**

This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also assumes a DON scenario closes SUBBASE New London and moves 2 SSN 21 ships to Bangor, 5 SS to Norfolk, 4 SSNs to Pearl Harbor and 6 SSNs to Portsmouth NSY. This scenario also assumes a DON scenario closes SUBBASE Point Loma and moves the SSNs and the floating drydock ARCO to Pearl Harbor. Also assumes 2 SSGNs move from Kings Bay to Bangor. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations. This scenario also disestablishes Boston Planning Yard and Plant Equipment Support Office, Annapolis, and realigns there work with their respective shipyards, Puget Sound NSY and Norfolk NSY. The ship maintenance work at SHIPSO, Philadelphia, and at TRF Kings Bay is realigned to Norfolk NSY and SUBMEPP is consolidated into Portsmouth NSY.

**Scenario #**  IND-0010  **Date Created:**  10/15/2004

**Scenario Title:** SR-4; Derivative A

**Description:**

This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations.

**Reason Scenario was deleted:**

Scenario revised at the request of the Navy BRAC Office to provide additional detail. See SR-4; Derivatives A, 1-8.
Registered Scenarios

Scenario #       IND-0011   Date Created: 10/15/2004
Scenario Title: SR-4; Derivative B

Description:

This scenario also assumes a DON scenario closes SUBASE New London and moves 2 SSN 21 ships to Bangor, 5 SSNs to Norfolk, 4 SSNs to Pê Harbor and 6 SSNs to Portsmouth NSY. This scenario also assumes a DON scenario closes SUBASE Point Loma and moves the SSNs and the floating drydock ARCO to Pearl Harbor. Also assumes 2 SSGNs move from Kings Bay to Bangor. All associated intermediate-level ship maintenance moves to the new ship locations.

Reason Scenario was deleted:

Scenario revised at the request of the Navy BRAC Office to provide additional detail. See SR-4; Derivatives B, 1-3.
**Scenario #**  IND-0012  
**Date Created:**  10/15/2004  
**Scenario Title:**  SR-4; Derivative C; Consolidates Ship Maintenance Engineering & Planning Work In NSYs

**Description:**

This scenario consolidates ship maintenance engineering and planning work in Naval Shipyards. This scenario relocates Boston Planning Yard and Plant Equipment Support Office, Annapolis, and realigns their work with their respective shipyards, Puget Sound NSY and Norfolk NSY. The ship maintenance work at SHIPO, Philadelphia, is realigned to Norfolk NSY and SUBMEPP is consolidated into Portsmouth NSY.

**Losing Bases**

Davis-Monthan AFB (Tucson, AZ) - Realignment

**Losing Activities**

Davis-Monthan Air Force Base - Relocate
Scenario #  IND-0082  Date Created:  11/24/2004
Scenario Title:  MX 1.2J

Description:

In FY05, realign all depot maintenance workload and capability for the commodity group "Other" at Tooele Army Depot and consolidate commodity group "Other" with Tooele's Ammunition Peculiar Equipment (APE) mission.

This scenario is based on using workload and expanded maximum capacity with 1.0 shifts.

Losing Bases

Tooele (Tooele, UT) - Realignment

Losing Activities

Tooele Army Depot - Relocate
Registered Scenarios

Scenario #: IND-0083  Date Created: 11/22/2004
Scenario Title: MX 1.3A

Description:

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack, Aircraft Other Components, Fabrication and Manufacturing, and "Other" with the exception of maintenance related to reclamation activities at Davis-Monthan Air Force Base.

Realignment of all depot maintenance workload and capability for the commodity groups Aircraft Avionics, Aircraft Dynamic Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordinance Equipment Components, Aircraft Other Components, Aircraft Other, Aircraft Pneumatic Components Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVALDEPOT Cherry Point NC on CO MCAS Cherry Point to Robins Air Force Base, Corpus Christi Army Depot, Tinker Air Force Base, NAVAIR DEPOT Jacksonville on NAS Jacksonville, Hill Air Force Base, Tobyhanna Army Depot and disestablish capability at NAVALDEPOT Cherry Point NC on CO MCAS Cherry Point.

In FY05, disestablish all depot maintenance workload and capability for the commodity group Aircraft Cargo/Tanker at NAVALDEPOT Cherry Point.

Realignment of all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordinance Equipment Components, Aircraft Other Components, Aircraft Other, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVALDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, Hill Air Force Base, Tinker Air Force Base, Corpus Christi Army Depot, Tobyhanna Army Depot, NAVAIR DEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVALDEPOT North Island on NAVBASE Coronado.

Realignment of all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" to NAVAIR WARCENACDIV Lakehurst to NAVAI RENGSTA Lakehurst to NAVALDEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVAI RENGSTA Lakehurst.

Realignment of all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Computers, Convention Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWAR CENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN.

Realignment of all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, Anniston Army Depot and Letterkenny Army Depot and disestablish capability at NAWP NSTA Seal Beach CA.

Realignment of all depot maintenance workload and capability for the commodity groups Armament and Structural Components, Combat Vehicles, Construction Equipment, Depot Fleet/Field Support, Engines/Transmissions, Fabrication and Manufacturing, Fire Control Systems and Component Powertrain Components, Starters/Alternators/Generators, Tactical Missiles, Tactical Vehicles, and "Other" from Red River Army Depot to Anniston Army Depot, Marine Corps Logistics Base Albany, Letterkenny Army Depot and Tobyhanna Army Depot and disestablish capability at Red River Ar Depot.

Realignment of all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Letterkenny Army Depot and disestablish capability at Rock Island Arsenal.

Realignment of all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston.

Realignment of all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electr Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radio, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany a disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma.

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.
## Registered Scenarios

### Losing Bases
- Davis-Monthan AFB (Tucson, AZ) - OTHER
- Marine Corps Air Station Cherry Point (Cherry Point, NC) - Realignment
- Marine Corps Logistics Base Barstow (Barstow, CA) - Realignment
- Naval Air Engineering Station Lakehurst (Lakehurst, NJ) - Realignment
- Naval Air Station North Island (San Diego, CA) - Realignment
- Naval Station San Diego (San Diego, CA) - Realignment
- Naval Support Activity Crane (Crane, IN) - Realignment
- Naval Weapons Station Charleston (Goose Creek, SC) - Realignment
- Naval Weapons Station Seal Beach (Seal Beach, CA) - Realignment
- NMCRC ROCK ISL IL, Rock Island Arsenal (Rock Island, IL) - Realignment
- Red River (Texarkana, TX) - Realignment

### Losing Activities
- Davis-Monthan Air Force Base - Disestablish
- NAVAIRDEPOT Cherry Point - Relocate
- Marine Corps Logistics Base Barstow - Relocate
- NAVAIRWARGENC DIV Lakehurst - Relocate
- NAVAIRDEPOT North Island - Relocate
- SPAWARSREC San Diego - Relocate
- SPAWARSREC Charleston - Relocate
- NAVWPNSI Seal Beach - Relocate
- Red River Army Depot - Relocate

### Receiving Bases
- Anniston (Anniston, AL) - Receive
- Corpus Christi AD (Corpus Christi, TX) - Receive
- Hill AFB (Clearfield, UT) - Receive
- Letterkenny (Chambersburg, PA) - Receive
- Marine Corps Logistics Base Albany (Albany, GA) - Receive
- Naval Air Station Jacksonville (Jacksonville, FL) - Receive
- NUWC Annex Keyport (Silverdale, WA) - Receive

### Activities being Received
- Marine Corps Logistics Base Barstow
- NAVWPNSI Seal Beach
- Red River Army Depot
  - Rock Island Arsenal
- NAVAIRDEPOT Cherry Point
- NAVAIRDEPOT North Island
- Marine Corps Logistics Base Barstow
- NAVAIRDEPOT Cherry Point
- NAVAIRDEPOT North Island
- SPAWARSREC San Diego
- Marine Corps Logistics Base Barstow
- NAVWPNSI Seal Beach
- Red River Army Depot
  - Rock Island Arsenal
- Marine Corps Logistics Base Barstow
  - NAVWPNSI Seal Beach
  - Red River Army Depot
  - SPAWARSREC San Diego
- Marine Corps Logistics Base Barstow
  - NAVAIRDEPOT Cherry Point
  - NAVAIRDEPOT North Island
  - NAVAIRWARGENC DIV Lakehurst
- Marine Corps Logistics Base Barstow
  - NAVWPNSI Crane
Registered Scenarios

As Of: 1/7/2005

Robins AFB (Warner Robins, GA) - Receive

NAVAIRDEPOT Cherry Point
NAVAIRDEPOT North Island
NAVSURFWARCENDIV Crane

Tinker AFB (Midwest City, OK) - Receive

NAVAIRDEPOT Cherry Point
NAVAIRDEPOT North Island

Tobyhanna (Tobyhanna, PA) - Receive

Marine Corps Logistics Base Barstow
NAVAIRDEPOT Cherry Point
NAVAIRDEPOT North Island
NAVSURFWARCENDIV Crane
NAVWPNSTA Seal Beach
Red River Army Depot
SPAWARSYSCEN Charleston
SPAWARSYSCEN San Diego
Scenario #: IND-0084  
Date Created: 11/23/2004

Scenario Title: MX 1.3B

Description:

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Rotary, Conventional Weapons, Material Handling and Tactical Missiles at Blue Grass Army Depot. Realign Fabrication and Manufacturing mission with Munitions Maintenance and Storage mission at Blue Grass Army Depot.

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Losing Bases

Blue Grass (Richmond, KY) - OTHER

Losing Activities

Blue Grass Army Depot - Relocate
Scenario # | IND-0085 | Date Created: | 11/23/2004
Scenario Title: | MX 1.3C
Description:

Realign all depot maintenance workload and capability for the commodity group Industrial Plant Equipment (IPE) from Pine Bluff Arsenal to Naval Support Activity Mechanicsburg and disestablish capability at Pine Bluff Arsenal. Realign commodity groups "Other" and Fabrication and Manufacturing with Pine Bluff Arsenal's Munition Production mission.

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Losing Bases

PINE BLUFF ARMORY (Pine Bluff, AR) - Realignment

Receiving Bases

Naval Support Activity Mechanicsburg (Mechanicsburg, PA) - Receive

Losing Activities

Pine Bluff Arsenal - Relocate

Activities being Received

Pine Bluff Arsenal
**Registered Scenarios**

**Scenario #**: IND-0093  
**Date Created**: 11/29/2004  
**Scenario Title**: IM-E-004; Close NS Everett, WA (Relocate ships to NS Pearl Harbor, HI and NS San Diego, CA)

**Description**:

Consolidate aircraft intermediate maintenance functions for 4 VFA squadrons from NAS Lemoore (COMSTRKFIGHTWINGPAC) to CG MCB HAW.

Consolidate aircraft intermediate maintenance functions for 1 VAQ squadron NAS WHIDBEY ISLAND WA to CG MCG HAWAII.

Consolidate aircraft intermediate maintenance functions for 1 VAW squadron from NAS PT MUGU (COMAEWINGPAC) to CG MCG HAWAII.

Consolidate aircraft intermediate maintenance functions for 2 C-2 aircraft from NAS North Island (COMSEACONWINGPAC) to CG MCG HAWAII.

Consolidate aircraft intermediate maintenance functions for 1 HS squadron from NAS North Island (COMSEACONWINGPAC) to CG MCG HAWAII.

Intermediate maintenance function remains at losing activities to support remaining workload.

Supports DON operational scenario DON-0036.

JCSG will relinquish analysis of this portion of the scenario to DON, however, the JCSG retains the right to realign if future scenarios so dictate.

Naval Shipyard Portsmouth (Portsmouth, NH) - Receive

Losing Activities
SUBMEPP PORTSMOUTH - Consolidate

Activities being Received
SUBMEPP PORTSMOUTH
Scenario #  IND-0099  Date Created:  12/17/2004  Deleted

Scenario Title:  MX 1.4K

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT is to represent FRC EAST CHERRY POINT. Establish FRC EAST on CO MCAS CHERRY POINT and realigns/consolidates depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT CHERRY POINT, MARINE AVIATION LOGISTICS SQUADRON (MALS)-14, MALS-31, MALS-26, MALS-29 to FRC EAST. This scenario establishes the following detachments under FRC EAST: DET QUANTICO (surrogate responder is IMA HMX-1 QUANTICO), DET BEAUFORT (surrogate responder is MALS-31 BEAUFORT), DET NEW RIVER (surrogate responder is MALS-26).

Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRDEPOT JACKSONVILLE to FRC EAST DET BEAUFORT.

Establish FRC EAST DET BEAUFORT on CO MCAS BEAUFORT and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines and Support Equipment from MALS-31 BEAUFORT, SC on CO MCAS BEAUFORT to FRC EAST DET BEAUFORT.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft, Aircraft Components, Aircraft Engines and Support Equipment from NAVAIRDEPOT JACKSONVILLE to FRC EAST DET BEAUFORT.

Establish FRC EAST DET NEW RIVER on MCAS NEW RIVER and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines and Support Equipment from MALS-26 and MALS 29 NEW RIVER, NC on MCAS NEW RIVER to FRC EAST DET NEW RIVER.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft, Aircraft Components, Aircraft Engines and Support Equipment from IMA HMX-1 QUANTICO, VA on CDR MCB QUANTICO to FRC EAST DET QUANTICO.

Reason Scenario was deleted:

This scenario improperly identified the affected installations/activities.
**Scenario #**: IND-0100  
**Date Created**: 12/17/2004  
**Deleted**

**Scenario Title**: MX 1.4L

**Description**:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIRDEPOT JACKSONVILLE on NAS JACKSONVILLE, FL. is to represent FRC SOUTHEAST. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL and realigns depot and intermediate maintenance workload and capability for the following activities: NAVAIRDEPOT JACKSONVILLE, FL, COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL, NAVAIRDEPOT JACKSONVILLE DET JACKSONVILLE, FL, COMHSLWINGLANT (AIMD) MAYPORT, FL, NAVAIRDEPOT JACKSONVILLE DET MAYPORT, FL, NAVAIRDEPOT JACKSONVILLE DET CECIL FIELD, FL, AIMD KEY WEST, FL, NAWCAD LAKEHURST VRT DET MAYPORT, FL, COMPATRECONWING FIVE BRUNSWICK (AIMD) ME, NAVAIRES WILLOW GROVE, PA on FRC SOUTHEAST. This scenario establishes the following detachments under FRC SOUTHEAST JACKSONVILLE: DET BRUNSWICK (surrogate responder is COMPATRECONWING FIVE BRUNSWICK), DET MAYPORT (surrogate responder is COMHSLWINGLANT MAYPORT), DET KEY WEST (surrogate responder is AIMD NAS KEY WEST), DET CECIL FIELD (surrogate responder is NAVAIRDEPOT JAX DET CECIL).

Realign depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turbofan Bypass, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing and "Other" commodity from NAVAIRDEPOT JACKSONVILLE, FL on NAS JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE. Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity from COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL on NAS JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary Commodity from NAVAIRDEPOT JACKSONVILLE DET JACKSONVILLE, FL on NAS JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from NAVAIRDEPOT JACKSONVILLE DET MAYPORT, FL on NAS WILLOW GROVE to FRC SOUTHEAST JACKSONVILLE.

Establish FRC SOUTHEAST DET MAYPORT on NAVSTA MAYPORT and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMHSLWINGLANT (AIMD) MAYPORT, FL on NAVSTA MAYPORT to FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVAIRDEPOT JACKSONVILLE DET MAYPORT, FL on NAVSTA MAYPORT to FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for the commodity group Depot Fleet/Field Support Commodity from NAWCAD LAKEHURST VRT DET MAYPORT, FL on NAVSTA MAYPORT to FRC SOUTHEAST DET MAYPORT.

Establish FRC SOUTHEAST DET CECIL FIELD on CECIL FIELD and consolidates depot maintenance workload and capability for the commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from NAVAIRDEPOT JACKSONVILLE DET CECIL FIELD, FL on NAVAIRDEPOT JAX DET CECIL to FRC SOUTHEAST DET CECIL FIELD.

Establish FRC SOUTHEAST DET KEY WEST on NAS KEY WEST and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from (AIMD) KEY WEST, FL on NAS KEY WEST to FRC SOUTHEAST DET KEY WEST.

Establish FRC SOUTHEAST DET BRUNSWICK on NAS BRUNSWICK and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and “Other” Commodity from COMPATRECONWING FIVE BRUNSWICK (AIMD), ME on NAS BRUNSWICK to FRC SOUTHEAST DET BRUNSWICK.

**Reason Scenario was deleted:**

This scenario improperly identified the affected installations/activities.

For purposes of this SDC, NAVAIREDIPO NORTHERN ISLAND on NAVBASE CORONADO is to represent FRC SOUTHWEST NORTH ISLAND. Establish FRC SOUTHWEST on NAVBASE CORONADO and realigns/consolidates depot and intermediate maintenance workload and capability for the following activities, COMSEACONWINGPAC (AIMD) SAN DIEGO, COMAEWWINGPAC (AIMD) POINT MUGU, MALS-11 MIRAMAR, MALS-16 MIRAMAR, MALS-39 PENDLETON and MALS-13 YUMA to FRC SOUTHWEST. This scenario establishes the following detachments: DET PENDLETON (surrogate responder is MALS-39 on CG MCB CP PENDLETON), DET POINT MUGU (surrogate responder is COMAEWWINGPAC (AIMD) POINT MUGU), DET YUMA (surrogate responder is MALS-13 on CO MCAS YUMA), and DET MIRAMAR (surrogate responder is MALS-16 on MCAS MIRAMAR). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Realignment/consolidated workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" Commodity from NAVAIREDIPO NORTHERN ISLAND on NAVBASE CORONADO to FRC SOUTHWEST NORTH ISLAND.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVAIREDIPO NORTHERN ISLAND DET NORTH ISLAND, CA on NAVBASE CORONADO to FRC SOUTHWEST NORTH ISLAND.

Consolidate intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMSEACONWINGPAC (AIMD) SAN DIEGO, CA on NAVBASE CORONADO to FRC SOUTHWEST NORTH ISLAND.

Consolidate intermediate maintenance workload and capability for commodity groups Aircraft Components, Fabrication and Manufacturing and Support Equipment from AIMD CORPUS CHRISTI, TX on NAS AIMD CORPUS CHRISTI to FRC SOUTHWEST NORTH ISLAND.

Establish FRC SOUTHWEST DET POINT MUGU on NAVBASE VENTURA CTY CA and consolidates intermediate maintenance workload and capability for the commodity groups, Aircraft Engines, Aircraft Components, Fabrication and Manufacturing and Support Equipment from COMAEWWINGPAC (AIMD) POINT MUGU, CA on NAVBASE VENTURA CTY to FRC SOUTHWEST DET POINT MUGU. (COMAEWWINGPAC (AIMD) POINT MUGU responds as the surrogate). Establish FRC SOUTHWEST DET MIRAMAR on MCAS MIRAMAR, CA and consolidates intermediate maintenance workload and capability for the commodity groups, Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from MALS-16 on MCAS MIRAMAR, CA to FRC SOUTHWEST DET MIRAMAR. (MALS-16 on MCAS MIRAMAR responds as the surrogate).

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIREDIPO NORTHERN ISLAND DET MIRAMAR, CA on MCAS MIRAMAR to FRC SOUTHWEST DET MIRAMAR.

Consolidate intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from MALS-11 on MCAS MIRAMAR, CA to FRC SOUTHWEST DET MIRAMAR.

Establish FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON, CA and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Component, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON to FRC SOUTHWEST DET PENDLETON. (MALS-39 on CG MCB CP PENDLETON responds as the surrogate). Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVAIREDIPO NORTHERN ISLAND DET PENDLETON, CA on CG MCB CP PENDLETON to FRC SOUTHWEST DET PENDLETON.

Establish FRC SOUTHWEST DET YUMA and consolidate the intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Communications/Electronics Equipment, Ordnance, Weapons & Missiles, Software and Support Equipment from FF SOUTHWEST DET YUMA on CO MCAS YUMA to FRC SOUTHWEST DET YUMA. (MALS-13 on CO MCAS YUMA responds as the surrogate).

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIREDIPO NORTHERN ISLAND DET YUMA, AZ on MCAS YUMA to FRC SOUTHWEST DET YUMA.

**Reason Scenario was deleted:**

This scenario improperly identified the affected installations/activities.
Registered Scenarios

Scenario # IND-0102  
Scenario Title: MX 1.4N  
Date Created: 12/17/2004

Description:

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC. This scenario establishes FRC MID ATLANTIC on NAS OCEANA and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIRDEPOT CHERRY POINT, NC, NAVAIRDEPOT JACKSONVILLE DET OCEANA, COMAEWWINGLENT (AIMD) NORFOLK, VA, NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA, NAWCAD LAKEHURST DET NORFOLK, VA, NAIRCOS NEW ORLEANS, LA, NAIRCOS ATLANTA, GA, NAVAIRDEPOT CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAWCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLENT (AIMD) NORFOLK). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Realign Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Realign depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT JACKSONVILLE DET OCEANA on NAS OCEANA VA to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRDEPOT JACKSONVILLE DET OCEANA on NAS OCEANA VA to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA on NAS NEW ORLEANS to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA on NAS NEW ORLEANS to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Depot Fleet/Field Support, and “Other” Commodity from NAVAIRDEPOTH FREDDEPOT CHERRY POINT DET OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET NORFOLK on NAVSTA NORFOLK and consolidate Intermediate maintenance workload and capability for the commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing, Support Equipment and “Other” Commodity from COMAEWWINGLENT (AIMD) NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Other and Aircraft Rotary from NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity group Depot Fleet/Field Support from NAVCADD LKE DET NORFOLK, \ on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAIRCOS PAX RIVER, MD on NAS PAX RIVER to FRC MID ATLANTIC DET PAX RIVER.

Reason Scenario was deleted:

This scenario improperly identified the affected installations/activities.
Scenario #: IND-0103  
**Scenario Title:** MX 1.4O  
**Date Created:** 12/17/2004

**Description:**

**ASSUMPTION:** The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC’s will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGPAC (AIMD) LEMOORE on NAS LEMOORE is to represent FRC WEST LEMOORE. This scenario establishes FRC WEST on NAS LEMOORE and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA, NAVAIREPOT NORTH ISLAND DET LEMOORE, CA, COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA, NAVAIRES FORT WORTH, TX, AIMD FALLON, NV, NAVAIREPOT NORTH ISLAND DET FALLON, NV to FRC WEST. This scenario establishes the following detachments: DET FALLON (surrogate responder is AIMD FALLON).

Realignment intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIREPOT NORTH ISLAND DET LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Ordnance, Weapons & Missiles and Support Equipment from NAVAIRES FORT WORTH, TX on NAS JRB FORT WORTH to FRC WEST LEMOORE.

Establish FRC WEST DET FALLON on NAS FALLON and consolidates intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines and Support Equipment from AIMD FALLON, NV on NAS FALLON to FRC WEST DET FALLON.

Scenario #  IND-0104  Date Created:  12/17/2004
Scenario Title:  MX 1.4P

Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, AIMD WHIDBEY ISLAND on NAS WHIDBEY ISLAND is to represent FRC NORTHWEST. Establish FRC NORTHWEST on NAS WHIDBEY ISLAND and realigns depot and intermediate maintenance workload and capability for the following activities; All WHIDBEY ISLAND, WA, NAVAIRDEPOT NORTH ISLAND, CA, NAVSURFWARCENDIV CRANE, IN to FRC NORTHWEST WHIDBEY ISLAND.

Realign Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from AIMD WHIDBEY ISLAND, WA on NAS WHIDBEY ISLAND to FRC NORTHWEST WHIDBEY ISLAND.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment, Aircraft Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft Other Components and Aircraft Structural Components from NAVAIRDEPOT NORTH ISLAND, CA to FRC NORTHWEST WHIDBEY ISLAND.

Consolidate depot maintenance workload and capability for the commodity group Electronic Warfare (ALQ-99 only) from NAVSURFWARCENDIV CRANE, IN on NAVSUPPACT CRANE to FRC NORTHWEST WHIDBEY ISLAND.

Losing Bases

Naval Air Station North Island  (San Diego, CA) - Realignment
Naval Air Station Whidbey Island (Oak Harbor, WA) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment

Receiving Bases

Naval Air Station Whidbey Island (Oak Harbor, WA) - Receive

Losing Activities

NAVAIRDEPOT NORTH ISLAND, CA - Consolidate
AIMD WHIDBEY ISLAND, WA - Consolidate
NAVSURFWARCENDIV CRANE, IN - Consolidate

Activities being Received

AIMD WHIDBEY ISLAND, WA
NAVAIRDEPOT NORTH ISLAND, CA
NAVSURFWARCENDIV CRANE, IN
Scenario #  IND-0105  Date Created:  12/17/2004
Scenario Title:  MX 1.4A

Description:

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Fabrication and Manufacturing, Other Equipment, Generators and Tactical Missiles and Tactical Vehicles from Letterkenny Army Depot to Marine Corps Logistics Base Albany, Robbins Air Force Base, Hill Air Force Base, Red River Army Depot and Tobyhanna Army Depot and disestablish capability at Letterkennty Army Depot. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Ordnance Equipment Components, Aircraft Other, Ground Support Equipment, Other Engines from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, FRC SOUTHEAST JACKSONVILLE, Hill Air Force Base, Tinker Airforce Base, Tobyhanna Army Depot, and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "O" from NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst to FRC SOUTHEAST JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Convention Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electromagnetic Warfare, Fabrication and Manufacturing, Material Handling, Other Components, Radar, Radio and Tactical Missiles from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany and Red River Army Depot and disestablish capability at R Island Arsenal. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electromagnetic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

**Scenario #**  
IND-0123  
**Date Created:** 12/17/2004  
**Scenario Title:** MX 1.4K

**Description:**

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time. Note: Adoption of the FRC construct in no way alters the MALS operation/command or its reporting structure other than to offer the MALS CO the option of adding selected depot civilian personnel to their shops. Addition of depot personnel may preclude BCM's having to go off station for repair at remote depot locations. These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be “affiliated” with their parent FRC.

For purposes of this SDC, NAVAIREDOT CHERRY POINT, NC on CO MCAS CHERRY POINT is to represent FRC EAST CHERRY POINT. Establish FRC EAST on CO MCAS CHERRY POINT and realign/consolidate depot and intermediate maintenance workload and capability for the following activities; NAVAIREDOT CHERRY POINT, MARINE AVIATION LOGISTICS SQUADRON (MALS)-14, MALS-31, MALS-26, MALS-29 to FRC EAST. This scenario establishes the following detachments under FRC EAST: DET QUANTICO (surrogate responder is CO MCB QUANTICO), DET BEAUFORT ( surrogater responder is CO MCAS BEAUFORT), DET NEW RIVER (surrogate responder is CO MCAS NEW RIVER). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Dynamic Components, Aircraft Engine Turboprop/Turbojet Augmented, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APU/GTE/ATS/SPG/TCUs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" Commodity at NAVAIREDOT CHERRY POINT, NC on CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at MALS-14 CHERRY POINT, NC at CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Establish FRC EAST DET BEAUFORT on CO MCAS BEAUFORT and consolidates Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines and Support Equipment at MALS-31 BEAUFORT, SC at CO MCAS BEAUFORT with FRC EAST DET BEAUFORT.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NAVAIREDOT JACKSONVILLE DET BEAUFORT, SC on CO MCAS BEAUFORT with FRC EAST DET BEAUFORT.

Establish FRC EAST DET NEW RIVER on MCAS NEW RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at MALS-26 and MALS 29 NEW RIVER, NC on MCAS NEW RIVER with FRC EAST DET NEW RIVER.

Consolidate depot maintenance workload and capability for: Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Aircraft Structural Components, Calibration, and “Other” Commodity at NAVAIREDOT CHERRY POINT DET NEW RIVER, NC on MCAS NEW RIVER with FRC EAST DET NEW RIVER.

For alignment purposes only: Establish FRC EAST DET QUANTICO on CDR MCB QUANTICO and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at IMA HMX-1 QUANTICO, VA on CDR MCB QUANTICO with FRC EAST DET QUANTICO.

---

**Losing Bases**

- Marine Corps Air Station Beaufort (Beaufort, SC) - Realignment

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA

**Wednesday, January 19, 2005**

**Page 507 of 1169**
Registered Scenarios

As Of: 1/7/2005

Marine Corps Air Station Beaufort (Beaufort, SC) - Receive
- MALS-31 BEAUFORT, SC
- NADEP JAX DET BEAUFORT, SC

Marine Corps Air Station Cherry Point (Cherry Point, NC) - Receive
- MALS-14 CHERRY POINT, NC
- NAVAIRDEPOT CHERRY POINT, NC

Marine Corps Air Station New River (Camp Lejeune, NC) - Receive
- MALS-26 NEW RIVER, NC
- MALS-29 NEW RIVER, NC
- NADEP CHERRY POINT DET NEW RIVER, NC
ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIRDEPOT JACKSONVILLE on NAS JACKSONVILLE, FL. is to represent FRC SOUTHEAST. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL and realigns depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT JACKSONVILLE, FL, COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL, NADEP JACKSONVILLE DET JACKSONVILLE, FL, COMHSLWINGLANT (AIMD) MAYPORT, FL, NADEP JACKSONVILLE DET MAYPORT, FL, NADEP JACKSONVILLE DET CECIL FIELD, FL, AIMD KEY WEST, FL, NAWCAD LAKEHURST VRT DET MAYPORT, FL, COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME, NAVAIRE WILLOW GROVE, PA on FRC SOUTHEAST JACKSONVILLE, This scenario establishes the following detachments under FRC SOUTHEAST JACKSONVILLE: DET BRUNSWICK (surrogate responder is COMPATRECONWING FIVE BRUNSWICK), DET MAYPORT (surrogate responder is COMHSLWINGLANT MAYPORT), DET KEY WEST (surrogate responder is AIMD NAS KEY WEST), DET CECIL FIELD (surrogate responder is NADEP JAX DET CECIL). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Engine Turbofan/Turbojet Augments, Aircraft Engine Turbofan Bypass, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing and "Other" commodity at NAVAIRDEPOT JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity at COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at NAVAIRE WILLOW GROVE, PA on NAS WILLOW GROVE with FRC SOUTHEAST JACKSONVILLE.

Establish FRC SOUTHEAST DET BRUNSWICK on NAS BRUNSWICK and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity at COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME on NAS BRUNSWICK with FRC SOUTHEAST DET BRUNSWICK.

Establish FRC SOUTHEAST DET MAYPORT on NAVSTA MAYPORT and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMHSLWINGLANT (AIMD) MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Depot Fleet/Field Support at NAWCAD LAKEHURST VRT DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

For realignment purposes only: Establish FRC SOUTHEAST DET CECIL FIELD on CECIL FIELD and consolidates depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET CECIL FIELD, FL with FRC SOUTHEAST DET CECIL FIELD.

For realignment purposes only: Establish FRC SOUTHEAST DET KEY WEST on NAS KEY WEST and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at (AIMD) KEY WEST, F on NAS KEY WEST with FRC SOUTHEAST DET KEY WEST.

Losing Bases
Joint Reserve Base Willow Grove (Willow Grove, PA) - Realignment

These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be “affiliated” with their parent FRC.

For purposes of this SDC, NAVAIRDEPOT NORTH ISLAND on NAVBASE CORONADO is to represent FRC SOUTHWEST NORTH ISLAND. Establish FRC SOUTHWEST on NAVBASE CORONADO and realign/consolidate depot and intermediate maintenance workload and capability for the following activities, COMSEACONWINGPAC (AIMD) SAN DIEGO, COMAÆW/WINGPAC (AIMD) POINT MUGU, MALS-11 MIRAMAR, MALS-16 MIRAMAR, MALS-39 PENDLETON and MALS-13 YUMA to FRC SOUTHWEST. This scenario establishes the following detachments: DET PENDLETON (surrogate responder is CG MCB CP PENDLETON), DET POINT MUGU (surrogate responder is COMAÆW/WINGPAC (AIMD) POINT MUGU), DET YUMA (surrogate responder is MALS-13 on CO MCAS YUMA), and DET MIRAMAR (surrogate responder is CO MCAS MIRAMAR). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other” Commodity at NAVAIRDEPOT NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP NORTH ISLAND DET NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMSEACONWINGPAC (AIMD) SAN DIEGO, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Fabrication and Manufacturing and Support Equipment at AIMD CORPUS CHRISTI, TX on NAS CORPUS CHRISTI with FRC SOUTHWEST NORTH ISLAND.

Establish FRC SOUTHWEST DET POINT MUGU on NAVBASE VENTURA CTY CA and consolidates intermediate maintenance workload and capability for: Aircraft Engines, Aircraft Components, Fabrication and Manufacturing and Support Equipment at COMAÆW/WINGPAC (AIMD) POINT MUGU, CA on NAVBASE VENTURA CTY with FRC SOUTHWEST DET POINT MUGU.

Establish FRC SOUTHWEST DET MIRAMAR on MCAS MIRAMAR, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALS-11 and 16 on MCAS MIRAMAR, CA with FRC SOUTHWEST DET MIRAMAR.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP NORTH ISLAND DET MIRAMAR, CA on MIRAMAR with FRC SOUTHWEST DET MIRAMAR.

Establish FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Component, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALS-39 on CG MCB CP PENDLETON with FRC SOUTHWEST DET PENDLETON.

Establish FRC SOUTHWEST DET YUMA and consolidate the Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Communications/Electronics Equipment, Ordnance, Weapons & Missiles, Software and Support Equipment at MALS-13 on CO MCAS YUMA with FRC SOUTHWEST DET YUMA.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack, Aircraft Rotary, and Aircraft Other at NADEP NORTH ISLAND DET YUMA, AZ on MCAS YUMA with FRC SOUTHWEST DET YUMA.

**Losing Bases**

Scenario #  IND-0126  Date Created:  12/17/2004
Scenario Title:  MX 1.4N

Description:

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC OCEANA. Establish FRC MID ATLANTIC on NAS OCEANA and realign depot and intermediate maintenance workload and capability for the following activities COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIRDEPOT CHERRY POINT, NC, NADEP JACKSONVILLE DET OCEANA, COMAEWVINGLANT (AIMD) NORFOLK, VA, NADEP JACKSONVILLE DET NORFOLK, VA, NAVCAD LAKEHURST DET NORFOLK, VA, NAVCAD PATUXENT RIVER, MD, NAVAires NEW ORLEANS, LA, NAVAires ATLANTA, GA, NADEP CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAVCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWVINGLANT (AIMD) NORFOLK). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET OCEANA or NAS OCEANA VA with FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVAires NEW ORLEANS, LA on NAS NEW ORLEANS with FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVAires ATLANTA, GA on DOBBINS ARB, GA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft Landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIRDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Depot Fleet/Field Support, and "Other" Commodity at NAVAIRDEPOT CHERRY POINT DET OCEANA, VA on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET NORFOLK on NAVSTA NORFOLK and consolidate Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at COMAEWVINGLANT (AIMD) NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Aircraft Cargo/Tanker, Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Depot Fleet/Field Support at NAVCAD LAKEHURST DET NORFOLK, VA on NAVSTA NORFOLK with FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for: Aircraft Hydraulic Components, Aircraft Landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIRDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC DET NORFOLK.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVCAD PATUXENT RIVER, MD on NAS PAX RIVER with FRC MID ATLANTIC DET PAX RIVER.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft Landing Gear Components, Aircraft Other Components, Aircraft Structural Components at NAVAIRDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC DET PAX RIVER.

Losing Bases

Joint Reserve Base New Orleans (New Orleans, LA) - Realignment

Scenario # MED-0015  
**Date Created:** 10/15/2004

**Scenario Title:** Realign Langley AFB and Ft Eustis Inpatient Care to Veterans Affairs Hospital

**Description:**

- Balance Workload in Tidewater Area.
- Disestablish inpatient activities at 1st Medical Group, Langley AFB and Ft Eustis Hospitals.
- Move inpatient workload to Naval Medical Center Portsmouth and to local Veterans Affairs Hospitals.

**Losing Bases**

- Eustis (Fort Eustis, VA) - Realignment
- Langley AFB (Hampton, VA) - Realignment

**Losing Activities**

- Inpatient Services Ft Eustis - Relocate
- Inpatient Services Langley AFB - Relocate

**Receiving Bases**

- Naval Medical Center Portsmouth (Portsmouth, VA) - Receive

**Activities being Received**

- Inpatient Services Ft Eustis
- Inpatient Services Langley AFB
- Naval Medical Center Portsmouth
**Scenario #** MED-0016  
**Date Created:** 10/15/2004  
**Scenario Title:** Disestablish 59th Medical Wing Inpatient Facility

**Description:**

Balance workload in San Antonio Area.

Realign Lackland AFB by disestablishing inpatient activity at 59th Medical Wing.
Move Inpatient workload to Brooke Army Medical Center, Ft Sam Houston and local civilian/Veterans Affairs facilities. Realign 59th Medical Wing 59th Medical Group.

Expand Brooke Army Medical Center inpatient capacity.

Scenario # MED-0017  Date Created: 10/15/2004
Scenario Title: Disestablish Pope AFB Clinic

Description:

Realignment of Pope AFB by disestablishing 43rd Medical Group. Move 43rd Medical Group outpatient workload to Womack Army Hospital, Ft Bragg. Expand Womack Army Hospital outpatient capacity. Maintain standalone Service-specific occupational medicine function at Pope AFB.

Losing Bases

Pope AFB (Spring Lake, NC) - Realignment

Receiving Bases

Bragg (Fort Bragg, NC) - Receive

Losing Activities

43 Medical Group - Disestablish
Outpatient Services - Relocate

Activities being Received

Outpatient Services
Womack Army Hospital
**Scenario #** MED-0018  
**Date Created:** 10/18/2004  
**Scenario Title:** Realign Andrews AFB Inpatient Services  

**Description:**

- Part of balancing medical care in the NCR.  
- Disestablish the inpatient functions at 89th Medical Group, Andrews AFB.  
- Realign 89th Medical Group from a hospital to a clinic. Space is made available for other uses.  
- Move patient workload to Walter Reed Army Medical Center, Ft Belvoir medical facilities and civilian medical network.

Outpatient Services
Scenario # | MED-0023 | Date Created: | 11/10/2004
Scenario Title: | Create Tri-Service Biomedical Research Centers of Excellence

Description:

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Groton CT, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE's and associated unique equipment will relocate to Groton CT to consolidate with the Naval Submarine Medical Research Laboratory (NSMRL). This move assumes that a planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC. It is assumed that no military animal facility support is required, as this support can be provided through an agreement with local industry or academic facilities.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located with leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- A planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC.
- UICs for leased space in NCR are the same as the parent organization.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:

Creation of TBRCE for Battlefield Health and Trauma moves relevant assets of the following activities to 48399, Fort Sam Houston, TX, for collocat with W03SAA, U.S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:
- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:
- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:
Registered Scenarios

Navy activity:
- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N00129, Naval Submarine Base New London, Groton CT, for collocation with N66596, NAVSUBMEDRSCHLAB NEW LONDON.

Defense agency:
- None

Army activities:
- None

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- Hyperbaric Medicine Department of the Combat Casualty Care and Resuscitative Medicine Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Medical Chemical Defense moves relevant assets of the following activities to 24004, Aberdeen Proving Ground, Edgewood Area, for collocation with W4D7AA, U.S. Army Medical Research Institute of Chemical Defense.

Defense agency:
- None

Army activities:
- A total of 33 manpower requirements from the Division of Biochemistry and Medicine, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- None

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Infectious Disease moves relevant assets of the following activities from leased space in the National Capital Region to 119 Walter Reed Army Medical Center – Forest Glen Annex, for collocation with W03KAA, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD.

Defense agency:
- None

Army activities:
- Division of Retrovirology, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
### Registered Scenarios

**As Of:** 1/7/2005

- None

**Marine Corps activities:**
- None

**Navy activity:**
- The vaccine research program of the NMRC Biological Defense Research Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398.

**Exclusions:**
- None.

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Panama CI, Infectious Disease at WRAMC-Forest Glen Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC’s Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR’s Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics, and Biometrics (WRAIR total ~109 FTEs)

Since USAISR’s excess capacity is only 20 FTE’s, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE’s and associated unique equipment, and the Naval Submarine Medical Research Lab, Groton CT, will relocate to Panama City FL to collocate with the Navy Experimental Diving Unit. This move assumes that a MILCON project for accredited animal facilities at Panama City can be funded and built prior to FY11, and that space exists at Panama City for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NMRC.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground – Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- This move assumes that access to accredited animal facilities at Panama City prior to FY11, and that space exists at Panama City for relocation of personnel and unique equipment from NMRC.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:

Creation of TBRCE for Battlefield Health and Trauma Research moves relevant assets of the following activities to Fort Sam Houston, TX, 48399, collocation with W03SAA, U. S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:
- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:
- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:
- None
Registered Scenarios

Navy activity:
- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N61008, Panama City, FL for collocation with N0463A, NAVXDIVINGU.

Defense agency:
- None

Army activities:
- None

Air Force activities:
- None

Marine Corps activities:

Registered Scenarios

Scenario #  MED-0025  Date Created:  11/10/2004
Scenario Title:  Create Center of Excellence for Aerospace Medicine (- Wright-Pat AFB)

Description:

Abstract: This scenario will co-locate all aerospace biomedical and human systems R&D performing activities with associated relevant education a training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions at all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Wright-Patterson Air Force Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site. This TBRCE includes all DoD research and technology development operations in the areas operational medical issues unique to aviation, including biodynamics, crashworthiness and survival, acceleration, life support equipment (aviation), aviation platform integration, and specific occupational health criteria.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D activities from: Brooks City Base, TX (311th Human Systems Wing Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets) and the Air Force Research Laboratory Human Effectiveness Directorate (less its Directed Energy Program); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Wright-Patterson AFB, where they will be co-located with the Air Force Research Laboratory Human Effectiveness Directorate.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in their current location. An alternate is that Air Force and Navy directed energy programs will relocate to Wright-Patterson AFB, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research, Fort Sam Houston, TX.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Wright-Patterson AFB. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Wright-Patterson AFB can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D and operational medical support organizations that are currently co-located with the U. S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Wright-Patterson AFB.
- Adequate space for expansion is available at Wright-Patterson AFB.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Wright-Patterson AFB.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to ZHTV, Wright-Patterson AFB, Dayton, OH, for collocation with FFSDG, Air Force Research Lab, Human Effectiveness Division.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGFR4, FFR59, FFB5T and other pertinent subordinate UICs to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICs to be determined

Marine Corps activities:
- None

Navy activity:
- NAVAEROMEDRSCHLAB, Pensacola FL, N66452
- NAVAIRWARCENCADIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program
## Registered Scenarios

### Losing Bases
- Brooks City-Base (San Antonio, TX) - OTHER
- Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
- Naval Air Station Pensacola (Pensacola, FL) - OTHER
- Rucker (Fort Rucker, AL) - OTHER

### Losing Activities
- 311th Human Systems Wing and subordinates - Relocate
- Air Force Research Lab all elements - Relocate
- NAVAIRWARCENACDIV - Relocate
- NAVAEROMEDRSLSCLAB - Relocate
- U.S. Army Aeromedical Research Lab - Relocate

### Receiving Bases
- Wright-Patterson AFB (Fairborn, OH) - Receive

### Activities being Received
- 311th Human Systems Wing and subordinates
- Air Force Research Lab all elements
- NAVAEROMEDRSLSCLAB
- NAVAIRWARCENACDIV
- U.S. Army Aeromedical Research Lab
Scenario # | MED-0026 | Date Created: | 11/10/2004
Scenario Title: | Create Center of Excellence for Aerospace Medicine (Brooks City Base TX)

Description:

Abstract: This scenario will co-locate all aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Brooks City Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D performing activities from: Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Armed Aeromedical Research Laboratory). All of the above activities will be relocated to Brooks City Base, where they will be co-located with the 311th Human Systems Wing, including the U.S. Air Force School of Aerospace Medicine and elements of the Air Force Research Laboratory Human Effectiveness Directorate.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Brooks City Base. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Brooks City Base can provide adequate and affordable access to test subjects.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Brooks City Base.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Adequate space for expansion is available at Brooks City Base.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Brooks City Base.

Action list:

- Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to CNBC, Brooks City Base, TX, for collocation with FFGR4, the 311th Human Systems Wing, and FFR59, the Air Force Research Lab, Human Effectiveness Directorate.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force Research Laboratory, Wright-Patterson AFB, OH, FFSDG

Marine Corps activities:
- None

Navy activity:
- NAVAEROMEDRSCHLAB, Pensacola FL, N66452
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Losing Bases

Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
Naval Air Station Pensacola (Pensacola, FL) - OTHER
Rucker (Fort Rucker, AL) - OTHER
Wright-Patterson AFB (Fairborn, OH) - OTHER

Losing Activities

NAVAIRWARCENACDIV - Relocate
NAVAEROMEDRSCHLAB - Relocate
U.S. Army Aeromedical Research Lab - Relocate
Air Force Research Lab Human Effectiveness Directorate and associated UICs - Relocate

Receiving Bases

Activities being Received
Abstract: This scenario will co-locate aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at NAS Pensacola. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D performing activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Naval Station, Pensacola, where they will be co-located with the Naval Aerospace Medical Research Laboratory.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in place. An alternative is that Air Force and Navy directed energy programs will relocate to NAS Pensacola, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research.

It is assumed that rotary wing aviation support facilities and flying ranges are available at NAS Pensacola. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that NAS Pensacola can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D organizations that are currently co-located with the U.S. Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in conjunction with USAFSAM.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at NAS Pensacola.
- Adequate space for expansion is available at NAS Pensacola.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at NAS Pensacola.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to N00204, NAS Pensacola, FL, for collocation with N66452, NAVAEROMEDRSCHLAB.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFBS5T and other pertinent subordinate UICs to be determined.
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICs to be determined.
- Air Force Research Lab, Human Effectiveness Division, Wright-Patterson AFB, FFSDG and pertinent AFRL subordinate UICs to be determined.

Marine Corps activities:
- None

Navy activity:
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program Management.
## Registered Scenarios

### Losing Bases
- Brooks City-Base (San Antonio, TX) - OTHER
- Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
- Rucker (Fort Rucker, AL) - OTHER
- Wright-Patterson AFB (Fairborn, OH) - OTHER

- U.S. Army Aeromedical Lab
Registered Scenarios  
As Of: 1/7/2005

Scenario #  MED-0028  Date Created: 11/10/2004
Scenario Title: Tri-Service Biomedical Research, Development and Acquisition Management Center (TBRDAMC)

Description:

Abstract: This scenario will co-locate all Biomedical Science and Technology, and FDA regulated medical product development, management activities to a single site at Fort Detrick MD, thereby enabling efficient and synergistic use of personnel, processes and acquisition support functions across Services. It also reduces the need for leased space.

Narrative: The scenario realigns the activities listed below to TBRDAMC to be collocated with the many medical Acquisition, Technology and Logistics activities already located at Fort Detrick MD. The end state of this scenario is to collocate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A program management experts for FDA regulated product development with Biomedical S&T program management experts at a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a center of mass for coordination in planning and management of all defense biomedical RDA, which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs and contracting infrastructure capability at Fort Detrick. Synergies and efficiencies in management will be further enabled through development of integrated planning, programming and regulatory processes. Collocation also facilitates the ability of DoD elements to speak with a single voice when working with the FDA. This scenario also facilitates coordinated medical systems lifecycle management with the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

Action list: Creation of the TBRDAMC moves relevant assets of the following activities to 24266, Fort Detrick, MD to collocate with W03JAA, HQ, U Army Medical Research and Materiel Command.

Defense agency:
- National Capital Element, DTRA-CB Science and Technology Office (STO) (Medical), Defense Threat Reduction Agency (DTRA)- NCR, W1KJA
- Defense Advanced Research Projects Agency (DARPA), Defense Sciences Office (DSO), Medical Programs, Arlington, VA, M54008T10, M54026T10

Army activities:
- Joint Program Executive Office for Chemical Biological Defense (JPEO-CBD) and subordinate offices, FDA Regulated Medical Programs, Falls Church, VA, W27P63

Air Force activity:
- 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFF2T
- Air Force Medical Support Agency, Bolling AFB, DC, (S&T planning directorate, UIC unknown)

Marine Corps activity:
- CG MCCDC, Medical Program Management, Quantico, VA, M30000007-M20409

Navy activity:
- CNR Arlington, VA, N00014
- CNR, Biomedical Program Management, Arlington, VA, N0014 DET-RU
- Bureau of Medicine, Code M2, Naval Observatory, DC

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the TBRDAMC.
- Personnel not performing program planning, programming, oversight or other RDA program management functions.

Losing Bases
Bolling AFB (Washington, DC) - OTHER
Brooks City-Base (San Antonio, TX) - OTHER

**Scenario #** MED-0033  
**Date Created:** 11/19/2004

**Scenario Title:** Expansion of Hawaii Healthcare Market - Enable DON-0036

**Description:**

This scenario enables Navy scenario DON-036 and addresses the relocation of an CVN from NS Everett to Pearl Harbor. This relocation would include the movement of 6,000 active duty personnel and 12,000 family members into the Hawaii healthcare market.

This would require expansion of clinics at Tripler Army Medical Center, Pearl Harbor and Hickam AFB to maximum outpatient capacity. Likewise, Tripler Army Medical Center would expand to absorb the additional inpatient workload. Medical personnel to support this move would come from NS Everett and Bremerton Naval Hospital. Any workload not absorbed by this expansion will be redirected to the local community.

**Losing Bases**

- Naval Hospital Bremerton (Bremerton, WA) -
- Naval Station Everett (Everett, WA) -

**Receiving Bases**

- Hickam AFB (Honolulu, HI) - Receive
- Naval Station Pearl Harbor (Pearl Harbor, HI) - Receive
- Tripler AMC (Fort Shafter, HI) - Receive

**Losing Activities**

- Inpatient and Outpatient workload for CVN - Relocate
- Medical supprt to CVN - Relocate

**Activities being Received**

- Inpatient and Outpatient workload for CVN
- Medical personnel to support CVN
- Medical supprt to CVN
**Scenario #** MED-0034  
**Date Created:** 11/19/2004

**Scenario Title:** Expand Healthcare Market in Guam to Enable DON-0037

**Description:**

This is an enabling scenario for DON-0037, moving a CVN, 1 DDG and 3 FFG from NS Everett to Guam.

This relocation would include the movement of 7000 active duty personnel and 14,000 family members into the Hawaii healthcare market.

Due to the extreme shortfall availability and quality of local healthcare resources, this scenario proposes to expand Naval Hospital Guam and Ande AFB Clinic to absorb all of the healthcare workload.

Medical personnel from NS Everett and NS Bremerton would be relocated to address the growth in healthcare workload at Guam. Healthcare workl remaining at NS Bremerton would be referred to the local healthcare system.

**Scenario #**  MED-0035  |  **Date Created:**  11/23/2004

**Scenario Title:**  Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine

**Description:**

This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Panama FL to collocate with the Navy Experimental Diving Unit. This is an enabling scenario submitted in response to DON-0033 & 0034 which close the Groton site and thus conflict with MED-0023. It is also a subset of the moves described in MED-0024 but can be executed independently of that scenario in the event that MED-0024 is not approved, and either DON-0033 or 0034 is approved.

**Scenario #** MED-0050  
**Date Created:** 12/3/2004

**Scenario Title:** Realign Inpatient Facilities at Keesler AFB

**Description:**
- Close inpatient facilities at Keesler AFB.
- Realign inpatient workload to local civilian community.
- Graduate Medical Education relocated to Wilford Hall Medical Center at Lackland AFB and Ft Sam Houston Medical Center.

### Losing Bases

Keesler AFB (Biloxi, MS) -

### Losing Activities

- Graduate Medical Education - Relocate
- Inpatient Services - Disestablish

### Receiving Bases

- Lackland AFB (San Antonio, TX) - Receive
- Sam Houston (San Antonio, TX) - Receive

### Activities being Received

- Graduate Medical Education
- Graduate Medical Education

REGISTERED SCENARIOS

Scenario #  MED-0055  Date Created:  12/20/2004
Scenario Title:  Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine

Description:

This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Silver Sp MD to consolidate with the Naval Medical Research Center. This is an enabling scenario submitted as an alternative to the MED-0032 enabling scenario should the Panama City site identified in MED-0032 be unable to accommodate the move.

Assumptions:
- This move assumes that that space exists at Silver Spring MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NSMRL.
- The research functions described in the scenario are at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Exclusions:
- All personnel and assets of the listed units not performing functions within the scope of the center.

Losing Bases

SUPSHIP Groton CT (Groton, CT) - Realignment

Receiving Bases

National Naval Medical Center Bethesda (Bethesda, MD) - Receive

Losing Activities

NAVSUBMEDRSCHLAB - Relocate

Activities being Received

NAVSUBMEDRSCHLAB
Scenario # | MED-0056 | Date Created: | 12/20/2004
Scenario Title: | Create a Biomedical Research Center of Excellence for Environmental and Operational Medicine

Description:
This is an enabling scenario submitted as an alternative to TECH-0005, TECH-0036, TECH-0037 or other scenarios which relocate USAARL independently of Medical Joint Cross Service Group scenarios. It is to be activated in the event that MED-0025, MED-0026 or MED-0027 are not approved and TECH-0045 or TECH-0048 or other scenarios which close Natick and relocate the Soldier Systems Center and USARIEM to Aberdeen Proving Ground MD are approved. This enabling alternative scenario creates the U.S. Army Research Institute of Environmental and Operational Medicine at Aberdeen Proving Ground MD where it will be collocated with non-medical Army research units with a Human Systems mission such as the Soldier Systems Center, and the Human Research and Engineering Directorate of the Army Research Laboratory.

Assumptions:
- This move assumes that that space exists at Aberdeen Proving Ground MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from both USAARL and USARIEM.
- The Army Reserve Component Rotary Wing Aviation facilities at Aberdeen Proving Ground can support USAARL’s helicopter and flight operation.
- TJCSG or Army scenarios relocating the Soldier Systems Center to Aberdeen Proving Ground MD and TJCSG or Army scenarios relocating USAARL to a site other than described in MJCSG scenarios are approved.
- MJCSG scenarios involving USAARL are not approved and the TJCSG scenarios relocating USARIEM to Aberdeen Proving Ground are approved.

Losing Bases
NCTRF NATICK, Army Soldier Systems Center (Natick, MA) - Realignment
Rucker (Fort Rucker, AL) -

Receiving Bases
Aberdeen (Aberdeen, MD) - Receive

Activities being Received
- U.S. Army Aeromedical Research Laboratory
- U.S. Army Research Institute of Environmental Medicine

</table>
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to five. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for the collocated industrial activities.

- DDSP, Susquehanna: Susquehanna remains a strategic distribution platform but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced. Susquehanna picks up command and control of the Tobyhanna Forward Distribution Point (FDP).

- Tobyhanna: The Tobyhanna DD gets realigned and downsized as a Forward Distribution Point (FDP) of Susquehanna. The activity will perform limited receipt, store and issue functions for Tobyhanna Army Depot. Personnel and infrastructure required at Tobyhanna will decrease.

- Columbus: The Columbus Distribution Depot gets closed in this proposal. Its storage and distribution functions will be performed at Susquehanna SDP.

Region 2: Boundaries are in the North-Delaware, Maryland, West Virginia, Kentucky; South-North Carolina; East-Virginia; West-Tennessee.

- Norfolk: The Norfolk Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the East Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Norfolk, this may require MILCON. Norfolk also picks up command and control of the (FDP) at Richmond and Cherry Point. Norfolk's assigned personnel also increase to handle the increased mission.

- Richmond: The Richmond DD gets realigned as a (FDP) of Norfolk SDP. The DD will continue its storage functions for hazardous materials and ozone-depleting substances.

- Cherry Point: The Cherry Point DD gets realigned and downsized as an (FDP) of the Norfolk SDP. Personnel and infrastructure required at Cherry Point will decrease.

Region 3: Boundaries are in the North-South Carolina, Georgia, Alabama; South-Florida; East-Georgia; West-Mississippi.

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the South Eastern US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Warner Robins, this may require MILCON. Warner Robins also picks up command and control of the (FDP) at Anniston, Jacksonville, and Albany. Warner Robins' assigned personnel also increase to handle the increased mission.

- Anniston: The Anniston DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Anniston will decrease.

- Jacksonville: The Jacksonville DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Jacksonville will decrease.

- Albany: The Albany DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Albany will decrease.

Region 4: Boundaries are in the North-Minnesota, North Dakota; South-Louisiana, Texas; East-Iowa, Missouri, Arkansas; West-Wyoming, Colorado, New Mexico.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Red River, this may require MILCON. Red River also picks up command and control of the (FDP) at Corpus Christi and Oklahoma City. Red River's assigned personnel also increase to handle the increased mission.

- Corpus Christi: The Corpus Christi DD gets realigned and downsized as a (FDP) of the Red River SDP. Personnel and infrastructure required at Corpus Christi will decrease.

- Oklahoma City: The Oklahoma City DD gets realigned and downsized as (FDP) of the Red River SDP. Personnel and infrastructure required at Oklahoma City will decrease.

Region 5: Boundaries are in the North-Idaho, Montana; South-Arizona; East-Idaho, Utah; West-Washington, Oregon, California.
Registered Scenarios

- DDJC, San Joaquin: San Joaquin remains a Strategic Distribution Platform supporting customers in the Western US and those permanently stationed across the Pacific. Additionally, San Joaquin picks up command and control of (FDP) at Barstow, San Diego, Puget Sound and Hill AFB.

- Barstow: The Barstow DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at Barstow decrease.

- San Diego: The San Diego DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at San Diego will decrease.

- Puget Sound: The Puget Sound DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at Puget Sound will decrease.

- Hill AFB: The Hill AFB DD gets realigned and downsized as a (FDP) of the San Joaquin SDP. Personnel and infrastructure required at Hill will decrease.

Reason Scenario was deleted:

In deliberative session on 13 Dec 2004, the S&S JCGS Principals decided to proceed with S&S-0004 (a competing scenario).
Expanded the number of wholesale Strategic Distribution Platforms (SDPs) from two to four. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Virginia, Kentucky; East-Delaware, New Jersey, New Hampshire, West-Wisconsin, and Illinois.

- Susquehanna: Susquehanna remains a Strategic Distribution Platform (SDP) but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of the Susquehanna SDP. These distribution depots will become Forward Distribution Point (FDP) the regional SDP.

- Norfolk Distribution Depot
- Tobyhanna Distribution Depot will perform limited receipt, store and issue functions for Tobyhanna Army Depot.

Realign: Richmond Distribution Depot will be realigned and continue its storage functions for hazardous materials and ozone-depleting substances.

Close: The following distribution depot and activity will be closed due the establishment of Region 1 SDP.

- Columbus Distribution Depot mission will be moved to the Susquehanna.

Region 2: Boundaries are in the North-North Carolina, Tennessee; South-Florida; East-South Carolina, Georgia; West-Mississippi.

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a SDP supporting customers in the South Eastern US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Warner Robins, may require MILCON. Warner Robins also picks up command and control of the satellite activities (FDP) at Cherry Point, Albany, Jacksonville, and Anniston. Warner Robins’ assigned personnel will also increase to accommodate the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Warner Robins SDP. These distribution depots will become (FDP) of the regional SDP.

- Cherry Point Distribution Depot
- Albany Distribution Depot
- Jacksonville Distribution Depot
- Anniston Distribution Depot

Region 3. Boundaries are in the North-North Dakota; South-Texas; East- Minnesota, Iowa, Missouri, Arkansas, Louisiana; West-Wyoming, Colorado, New Mexico.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Red River, may require MILCON. Red River also picks up command and control of the (FDP) at Oklahoma City and Corpus Christi. Red River’s assigned personnel also increase to accommodate the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Red River SDP. These distribution depots will become (FDP) of the regional SDP.

- Oklahoma Distribution Depot
- Corpus Christi Distribution Depot

Region 4. Boundaries are in the North-Montana, Idaho; South-Arizona; East-Utah; West-Washington, California.

- San Joaquin: San Joaquin remains a SDP supporting customers in the Western US and those permanently stationed across the Pacific. No realignment is anticipated. Additionally, San Joaquin picks up command and control of (FDP) at Puget Sound, Hill AFB, Barstow, and San Diego.
### Registered Scenarios

**As Of:** 1/7/2005

*Realign:* The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of San Joaquin SDP. These distribution depots will become (FDP) of the regional SDP.

- Puget Sound Distribution Depot
- Hill Distribution Depot
- Barstow Distribution Depot
- San Diego Distribution Depot

Consolidate all service and DLA Inventory Control Points (ICP) to minimize excess capacity. In this scenario, each service and DLA will keep one ICP activity.

Losing: Soldier Systems Command, Rock Island Arsenal, Warner-Robins AFB, Hill AFB, Ft Monmouth, Detroit Arsenal, DSC Richmond, DSC Philadelphia, NAVICP Mechanicsburg

Gaining: Tinker AFB, Redstone Arsenal, NAVICP Philadelphia, MCLB Albany, DSC Columbus

**Reason Scenario was deleted:**

Incorrectly loaded to tracking tool. Will be reloaded pending optimization results for subsequent proposal.
## Registered Scenarios

**Scenario #**  
S&S-0012

**Date Created:**  
10/21/2004

**Scenario Title:**  
Regionalization of Strategic Distribution (3 Regions: optimized alternative)

### Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

Region 1. Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East- New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

Region 2. Boundaries are in the North- Minnesota, North Dakota; South-Mississippi, Texas; East- Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

Region 3. Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon California.

Losing: San Diego DD, Puget Sound DD, Hill AFB, Corpus Christi DD, Tinker, Columbus DD, Mechanicsburg, Tobyhanna DD, Norfolk DD, Norfolk DD, Richmond DD, Anniston, Jacksonville DD, Albany DD, Cherry Point DD, Warner-Robins AFB, San Joaquin DD, Red River DD

Gaining: Barstow DD, Oklahoma City DD, Susquehanna DD

### Losing Bases

Registered Scenarios

As Of: 1/7/2005

Scenario # S&S-0013  Date Created: 10/21/2004  Deleted

Scenario Title: Eliminate Base Level Supply Functions in Hampton Roads, VA area

Description:

Eliminate base level supply, storage and distribution functions for most classes of supply in favor of expanded use of Government Commercial Purchase Card and/or Performance Based contracts. Eliminates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below (for some branches of service):

CLASS II Extra Materials
CLASS III Fuels, POL, Lubricants
CLASS IV Construction Materials
CLASS IX Repair Parts (Selected)

The following classes of supply have been excluded due to not having a base-level supply function:

CLASS I Food
CLASS V Explosives
CLASS VI Comfort Materials
CLASS VII Major end items
CLASS VIII Medical
CLASS X Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Losing: Fort Eustis, Fort Monroe, Fort Story, FCTCLANT Dam Neck, NAS Norfolk, NAS Oceana, NAB Little Creek, NAVMEDCEN Portsmouth, NAVSTA Norfolk, NAVWEPSTA Yorktown, Norfolk Naval Shipyard, Langley AFB

Reason Scenario was deleted:

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario was deleted because:
- The JCSG lacked capacity and military value data to perform sufficient analysis.
- The Regional Inventory Material Management (RIMM) initiative sponsored by OSD and already underway as a pilot program in San Diego, will accomplish the same objectives. The Principals agreed that the JCSG would work with the RIMM Program Office to synchronize RIMM implementation with S&S scenarios on regionalized strategic distribution platforms.
**Scenario #**  S&S-0014  **Date Created:**  10/21/2004  **Deleted**

**Scenario Title:**  Eliminate Base Level Supply Functions in Puget Sound, WA area

**Description:**

Eliminate base level supply, storage and distribution functions for most classes of supply in favor of expanded use of Government Commercial Purchase Card and/or Performance Based contracts. Eliminates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below (for some branches of service):

<table>
<thead>
<tr>
<th>CLASS</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>II</td>
<td>Extra Materials</td>
</tr>
<tr>
<td>III</td>
<td>Fuels, POL, Lubricants</td>
</tr>
<tr>
<td>IV</td>
<td>Construction Materials</td>
</tr>
<tr>
<td>IX</td>
<td>Repair Parts (Selected)</td>
</tr>
</tbody>
</table>

The following classes of supply have been excluded due to not having a base-level supply function:

<table>
<thead>
<tr>
<th>CLASS</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Food</td>
</tr>
<tr>
<td>V</td>
<td>Explosives</td>
</tr>
<tr>
<td>VI</td>
<td>Comfort Materials</td>
</tr>
<tr>
<td>VII</td>
<td>Major end items</td>
</tr>
<tr>
<td>VIII</td>
<td>Medical</td>
</tr>
<tr>
<td>X</td>
<td>Nation Building</td>
</tr>
</tbody>
</table>

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Losing: Fort Lewis, NAS Whidbey Island, NAVSTA Everett, Naval Base Kitsap (formerly NAVSTA Bremerton and SUBASE Bangor), NUWC Keypo STRATWEPFAC Silverdale, McChord AFB

**Reason Scenario was deleted:**

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario was deleted because:

- The JCSG lacked capacity and military value data to perform sufficient analysis.
- The Regional Inventory Material Management (RIMM) initiative sponsored by OSD and already underway as a pilot program in San Diego, will accomplish the same objectives. The Principals agreed that the JCSG would work with the RIMM Program Office to synchronize RIMM implementation with S&S scenarios on regionalized strategic distribution platforms.
**Scenario #**  S&S-0015  
**Date Created:**  11/3/2004  
**Deleted**

**Scenario Title:** Consolidate base-level supply in areas with high density of installations (Hampton Roads, VA area)

**Description:**

Consolidates base-level supply, storage and distribution functions for all DOD installations in high density geographical clusters at a new or existing joint facility. Consolidates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below:

CLASS II Extra Materials  
CLASS III Fuels, POL, Lubricants  
CLASS IV Construction Materials  
CLASS IX Repair Parts (Selected)

The following classes of supply have been excluded due to having no base-level supply function:

CLASS I Food  
CLASS V Explosives  
CLASS VI Comfort Materials  
CLASS VII Major end items  
CLASS VIII Medical  
CLASS X Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Recommend beginning with analysis test cases focused on base-level supply, storage and distribution functions at selected DOD sites in Hampton Roads, VA and Puget Sound, WA with significant Army, Navy and Air Force installations to gather data and prove (or disprove) the concept on paper:

- Hampton Roads, VA: Supply, storage and distribution functions at the following activities are disestablished and their inventories are moved to an optimal site TBD.

  Fort Eustis  
  Fort Monroe  
  Fort Story  
  FCTCLANT Dam Neck  
  NAS Norfolk  
  NAS Oceana  
  NAB Little Creek  
  NAVMEDCEN Portsmouth  
  NAVSTA Norfolk  
  NAVWEPSTA Yorktown  
  Norfolk Naval Shipyard  
  Langley AFB

**Reason Scenario was deleted:**

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario was deleted because:

## Registered Scenarios

**Scenario #**  | S&S-0020 **Date Created:**  | 11/4/2004 **Deleted**

**Scenario Title:**  | Outsource Wholesale Distribution

### Description:
Outsource all distribution (transportation) related services in CONUS currently performed by Defense Distribution Depots. Services to be outsourced include traffic management of incoming and outgoing trucks and railcars, staging and physical loading of commercial vehicles, small parcel and freight terminal operations and the actual transportation of material to customers. Services to be outsourced also include freight planning and record keeping. The Defense Distribution Depots to have transportation services outsourced total 18 and are: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin Hill, and Puget Sound.

### Reason Scenario was deleted:
In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with other scenarios to establish regionalized strategic distribution depots, and was therefore deleted.
**Scenario #** S&S-0021  **Date Created:** 11/4/2004  **Deleted**

**Scenario Title:** Outsource Wholesale Storage and Distribution

**Description:**
Outsource the wholesale storage and distribution functions and processes supporting DOD. This proposal outsources all the storage and distribution functions currently performed by the CONUS network of DLA distribution depots and strategic distribution platforms. For this proposal, outsourcing means to have private industry perform these functions using their facilities, infrastructure and personnel. Government facilities could be used only if vendors agree to lease it or purchase it. The proposal reduces the infrastructure burden of DoD and allows for reductions in personnel.

The following Strategic Distribution Platforms and Defense Distribution Depots are affected by this proposal: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, S Jaoquin, Hill, and Puget Sound.

**Reason Scenario was deleted:**
In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.
Registered Scenarios

Scenario #  S&S-0022  Date Created:  11/4/2004  Deleted

Scenario Title: Privatize Storage and Distribution on Specific Commodities (Tires)

Description:

Privatizes the receipt, storage, issue, inspection, distribution, repair and disposal for all tires. Tires will be supported through a single designated vendor or a third party logistics arrangement. For this proposal, privatization means vendors perform storage and distribution functions from their facilities. Government facilities may be used by vendors only if leased or purchased. In either case, the Government infrastructure burden is reduced and requirements for personnel are also reduced.

The following Distribution Depots and Strategic Distribution Platforms are affected: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherno Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Pugel Sound

Reason Scenario was deleted:

On 16 Dec 2004, the Principals’ of the S&S JCSG met to discuss the various scenarios the group was developing. A deliberative decision was made by the Principals to delete scenarios pertaining to privatization from the OSD Scenario Tracking Tool. These are S&S-0022, 0023, 0024. In its place, new scenarios will be entered into the tracker to incorporate the privatization of the supply, storage, and distribution at the wholesale level. We will continue to use the three commodities (tires, packaged POL, and compressed gases) in the three new scenarios.
Registered Scenarios  

Scenario #  S&S-0023  
Date Created:  11/4/2004  
Scenario Title:  Privatize Storage and Distribution on Specific Commodities (Packaged POL)  

Description:  
Privatizes the receipt, storage, issue, inspection, distribution, repair and disposal for all packaged POL. Packaged POL will be supported through a single designated vendor or a third party logistics arrangement. For this proposal, privatization means vendors perform storage and distribution functions from their facilities. Government facilities may be used by vendors only if leased or purchased. In either case, the Government infrastructure burden is reduced and requirements for personnel are also reduced.

The following Distribution Depots and Strategic Distribution Platforms are affected: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cher Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Pugel Sound.

Scenario # | S&S-0025 | Date Created: 11/4/2004 | Deleted
Scenario Title: Regionalization of Strategic Distribution Platforms (3 Regions)

Description:
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

Region 1. Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East-New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

- DDSP, Susquehanna: Susquehanna remains a SDP but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Eastern US region and those permanently assigned OCONUS across the Atlantic. It will support those customers at their home bases and when deployed for contingencies.

Region 2. Boundaries are in the North-Minnesota, North Dakota; South-Mississippi, Texas; East-Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US region. Its storage and distribution mission gets expanded to include all DoD customers in the Central region. Supplies and inventory will be redistributed to Red River from other wholesale locations. Depending on availability and condition of storage infrastructure at Red River, this may require some future MILCON. Red River's assigned personnel also increase to handle the increased mission.

Region 3. Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon, California.

- DDSJ, San Joaquin: San Joaquin remains a strategic distribution platform but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Western US region and those permanently assigned OCONUS across the Pacific. It will support those customers at their home bases and when deployed for contingencies.

Reason Scenario was deleted:
On 29 Nov 2004, S&S JCSG Principals made a deliberative decision to delete this scenario. Details surrounding this decision are recorded in the formal minutes of the JCSG Principals meeting.
Consolidate Air Force wholesale Inventory Control Point (ICP) command and control operations at a single point/commander and align Technology Repair Centers, Commodity Councils, and Sources of Supply as fully as possible.

The ICPs affected by this scenario are Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA, and Cryptologic Product Support Group (CPSG), Lackland AFB, TX. Although there are exceptions, support is generally located as follow cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, a secure (cryptologic) communication systems support at CPSG.

The AFMC sustainment model assigns and co-locates product support, supply chain management, and repair expertise for specific technology area and aircraft types at our Air Logistics Centers. The intellectual capital resident in this arrangement has created a shared technical base at each ALC that efficiently supports requirements across the spectrum of sustainment disciplines. AFMC has experienced much recent sustainment success at plans to use it and the BRAC process as a springboard to achieve optimal organization of its already highly integrated supply chain, as follows:

1) Where materiel management and commodity organic repair workloads are not already aligned, achieve optimal alignment by moving the Source Support (SOS) to the ALC Technology Repair Center (TRC).

2) Improve command & control of Air Force spares support by consolidating Inventory Control Point (ICP) command and control operations at a single point/commander, with the remaining functions consolidated to 3 sustainment wings at the ALCs.

3) Solidify strategic supply chain sourcing via PSCM Commodity Councils to leverage our buying power among our major suppliers wherever possible. Solidification method is where commodity management, SOS, and TRC are not already aligned, achieve optimal alignment by moving SC and/or TRC.

1) Inventory Control Points (ICPs) are responsible for performing a number of functions associated with material acquisition, distribution, and maintenance planning. ICP functions were categorized as either integrated material management functions (IMM) or Service “user” functions in the DMRD 926 ICP Consolidation Study, completed in 1990. Since some of the basic IMM functions are separated in this scenario, we will use different terms to differentiate the intent. “Consolidated ICP Functions” represents the command and control supply chain business functions such as policy consolidation, prioritization, etc. “ALC Supply Chain Management Functions” represents the in-depth work done at the detailed (item/subsystem/system) level, such as the technical/engineering base, demand and supply planning, etc. For the purposes of this scenario, ICP is defined as ALL Air Force managed items (depot level reparables, consumables, and support equipment) and personnel responsible for the associated functions as listed below:

   a) Consolidated ICP Functions. The consolidated ICP will perform:
      • Centralized forecasting and budgeting for spare part re-procurement and repair requirements
      • Develop prices
      • Perform working capital fund management
      • Distribute and prioritize deliveries of spares to users
      • Manage assigned strategic supplier relationships
      • Approve acquisition strategies of the Commodity Councils
      • Develop readiness based inventory levels
      • Orchestrate all supply chain operations.

   b) ALC Supply Chain Management Functions. Supply chain management responsibilities, aligned under the new Combat Sustainment Wings at each ALC, will retain the item level management tasks:
      • Operating Commodity Councils
      • Contracting for the acquisition of materiel through purchase of new or repaired items
      • Providing engineering and technical support (includes configuration management)
      • Performing demand and supply planning. (includes requirements determination, war reserve requirements, maintenance management, material support to Depot Maintenance for General Support Division (GSD) items, Initial Supply Support Lists, provisioning, and budgeting/funding)
      • Managing customer and supplier relations
      • Managing assigned strategic supplier relationships
      • Introducing items into the DOD catalog
      • Processing requisitions and stock control
      • Initiating actions to dispose of excess material
      • Weapon System Secondary Item Supply Support

2) The ICP single commander provides the unity of command necessary to ensure spares are acquired and delivered to achieve Air Force weapon system availability targets at the lowest possible costs.

3) Commodity Councils, Material Support to Depot Maintenance for General Support Division (GSD) items, and other Purchasing and Supply Chain Management (PSCM) initiatives are considered to be part of the ICP.

4) This consolidation will reduce overhead overall by eliminating duplicative functions at the headquarters & ALCs. In pursuing efficiencies, person savings will be realized from consolidations of AFMC/LG and ALC/LG activities (drawdowns of management and functional oversight activities).

**Scenario #**  S&S-0028  **Date Created:**  11/17/2004  

**Scenario Title:** Transfer Service Common DLRs to DLA  

**Description:**

This proposal realigns management of approximately 31,000 common depot level reparables (DLRs) from the Military Services to the Defense Logistics Agency (DLA) and serves as segue for future DLR consolidation under DLA.

There are approximately 380,000 DLRs currently being managed by the Military Services. Service materiel control and recoverability codes were used to identify items as DLRs. Approximately eight percent of these DLRs are used by more than one Service/Agency. For the purposes of this scenario DLRs used by more than one Service/Agency are defined as common. The Federal Logistics Information Service (FLIS) data base was used to identify items as DLRs and then further identify those that were “common”. Based on dollar value (standard price – range only), common items represent less than five percent of the total value.

Currently, all DLRs are managed within Service unique automated information systems (AIS). Modification of existing Service AIS systems or development of a unique DLA reparable management system is a significant management challenge not specifically addressed in this scenario. Or a system is developed consolidation of personnel at a DLA ICP would need to be considered as would a virtual transfer to DLA in place. We expect that estimates of the number of Service personnel needed to support the management of the common DLRs within DLA can be provided by the Services based on the number and complexity of items to be managed. Associated movement costs can then be developed using the Cost of Base Realignment Actions (COBRA) model.

Like the consumable item transfer (CIT) program, this would be executed in phases with the first phase encompassing the less complex common DLRs throughout the Military Services. The CIT effort was implemented to eliminate the duplicate management of consumable items in DoD and to minimize the number of required item managers. Problems associated with the CIT Phases I and II processes included an inconsistent application of the criteria used to identify the items for transfer, some essential logistics data associated with items transferred was not transferred to DLA, methodology was provided to incorporate program requirements data into the transfer process, a substantial amount of excess inventory for inactiv items was transferred from the Services, Services retained management of consumable items that should have been transferred to DLA and they did not provide full pipelines of inventory assets to DLA when transferring the items.

Gaining: Defense Supply Center Richmond, Defense Supply Center Columbus, Defense Supply Center Philadelphia

Losing: Tinker AFB - NICP, Robins AFB - NICP, Hill AFB - NICP, Lackland AFB - NICP, Detroit Arsenal, Soldier System Center, Rock Island Arsenal, Redstone Arsenal, Ft Monmouth, Ft Huachuca, MCLB Albany, NAVICP Philadelphia, NAVICP Mechanicsburg

Registered Scenarios

Scenario # S&S-0030  
Scenario Title: Realign Storage and Distribution Functions at Sierra Army Depot

Date Created: 11/19/2004

Description:

This is an enabling scenario for USA-0008, which proposes to close Sierra Army Depot.

The Army Basing Study (TABS) Group (Army BRAC office) has submitted a proposal that results in closing Sierra Army Depot. This proposal is to realign the storage and distribution functions at Sierra Army Depot that enables the U.S. Army to close the depot. The proposal will transfer all storage and distribution functions for all supplies and materiel (except Class V). The Class VII items (combat vehicles) currently stored at Sierra Army Depot will be transferred to Davis Monthan AFB, Arizona. The Project Stocks and War Reserve items will be transferred to the Defense Distribution Depot Barstow at Marine Corps Logistics Base (MCLB) Barstow, California.

Losing Bases

Sierra (Herlong, CA) - Realignment

Receiving Bases

Davis-Monthan AFB (Tucson, AZ) - Receive

Marine Corps Logistics Base Barstow (Barstow, CA) - Receive

Losing Activities

Sierra Army Depot Storage and Distribution - Relocate

Activities being Received

Sierra Army Depot Storage and Distribution
**Scenario #**  S&S-0031  \hspace{1cm} **Date Created:** 11/19/2004

**Scenario Title:** Consolidate AF National Inventory Control Points (NICPs) in a single location (Hill AFB)

**Description:**

The mission of the Air Logistics Center (ALCs) is to provide supply support and depot level maintenance support at the weapon system, commodity and item level that play a crucial role in achieving directed readiness goals for all Air Force weapon systems. This mission is carried out by Ogden Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA, and Cryptologic Product Support Group (CPSG), Lackland AFB, TX. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG. This proposal realigns all the ICP locations and functions/activities (as defined below) to Ogden Air Logistics Center (OO-ALC), Hill AFB, UT.

Losing: Tinker AFB - NICP, Lackland AFB - NICP, Robins AFB - NICP

Gaining: Hill AFB

**Scenario Title:** Consolidate all Service and DLA ICPs (minimize excess capacity)

**Description:**

Consolidate all Service and DLA ICPs to maximize military value and appropriately utilize existing capacity.

Losing ICPs: Ft Huachuca (CSLA), Rock Island Arsenal (TACOM-ICP), Soldier System Command (TACOM-ICP), Detroit Arsenal (ILSC), Lackland AFB-NICP, NAVICP Philadelphia

Gaining ICPs: Ft Monmouth (CECOM-ICP), Redstone Arsenal (AMCOM-ICP), Tinker AFB-NICP, NAVICP Mechanicsburg

Unaffected ICPs: Hill AFB-NICP, Robins AFB-NICP, DSC-Richmond, DSC-Philadelphia, DSC-Columbus, MCLB Albany

**Reason Scenario was deleted:**

Prematurely added to the tracking tool. A deliberative decision was not made to elevate this proposal to scenario.
Registered Scenarios

Scenario # | S&S-0034 | Date Created: | 11/23/2004
Scenario Title: | Transfer Service ICPs to DLA (realign by mission area)
Description:

Transfer Service ICPs to DLA (realign by mission area)

Action 1: Transfer in place Service ICPs (includes all Depot Level Reparables (DLRs)) to DLA.
Action 2: Align by mission area (supply chain). The mission areas will be Maritime, Ground, Cryptologic, Aviation and Troop Support. Generally, the mission area of assignment will relate to the Service predominant area of support. After the Services and DLA mission areas are transferred in place support functions, such as local contracting and budgeting by mission area will be considered for consolidation into the DLA organizational structure.
Action 3: Integrate functions at NAVICP Philadelphia, PA, and align under the Aviation Support Center at Defense Supply Center Richmond (DSCR VA).
Action 4: Integrate functions at NAVICP Mechanicsburg, PA, and align under the Maritime Support Center at Defense Supply Center Columbus (DSCC).
Action 5: Relocate Tank and Automotive Command (TACOM), Soldier Systems Center, Natick, MA, to Defense Supply Center Philadelphia (DSCF PA, and align under the Troop Support Center at DSCP.
Action 6: Integrate functions at Marine Corps Logistics Base Albany, GA, to DSCC and align under the Ground Support Center at DSCC.
Action 7: Integrate functions at TACOM, Detroit Arsenal, MI, and align under the Ground Support Center at DSCC.
Action 8: Integrate functions at TACOM, Rock Island, IL, and align under the Ground Support Center at DSCC.
Action 9: Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, and align under DSCC.
Action 10: Integrate functions at CECOM, Ft Monmouth, NJ, and align under the Ground Support Center at DSCC.
Action 11: Integrate functions at Aviation and Missile Command (AMCOM), Redstone Arsenal, AL, and align approximately half of the functions under the Aviation Support Center at DSCR and half of the functions under the Ground Support Center.
Action 12: Integrate functions at Tinker ICP, Tinker AFB, OK, and align under the Aviation Support Center at DSCR.
Action 13: Integrate functions at Ogden ICP, Hill AFB, UT, and align under the Aviation Support Center at DSCR.
Action 14: Integrate functions at Warner Robins ICP, Robins AFB, GA, and align under the Aviation Support Center at DSCR.
Action 15: Partially realign supply management and headquarters support functions at Army Materiel Command (AMC), Ft Belvoir, VA.
Action 16: Partially realign supply management and headquarters support functions at Naval Supply Systems Command (NAVSUP), Mechanicsburg, PA.
Action 17: Partially realign supply management and headquarters support functions at Air Force Materiel Command, Wright Patterson AFB, OH.
Action 18: Partially realign supply management and headquarters support functions at Marine Corps Base Albany, GA.
Action 19: Partially realign supply management and headquarters support functions at DLA Headquarters, Ft Belvoir, VA.

Reason Scenario was deleted:

In deliberative session on 13 Dec 2004, the S&S JCSG Principals decided to proceed with S&S-0028 (a competing scenario).

Activities being Received
NAVICP Mechanicsburg
Scenario #  S&S-0042  Date Created:  12/17/2004
Scenario Title:  Consolidate Service and DLA ICPs to minimize excess capacity

Description:

Consolidate Service and DLA ICPs to maximize military value and reduce excess capacity.

- **Action 1:** Relocate and consolidate Soldier System Command, Natick (TACOM-ICP) to AMCOM Redstone Arsenal (AMCOM-ICP)
- **Action 2:** Relocate Detroit Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)
- **Action 3:** Relocate and consolidate Ft Huachuca ICP to Ft Monmouth (CECOM-ICP)
- **Action 4:** Relocate and consolidate Rock Island Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)
- **Action 5:** Relocate and consolidate Lackland AFB (CPSG-ICP) to Warner Robins ALC (CECOM-ICP)

This proposal consolidates all Service and DLA ICPs to maximize military value and Appropriately utilize existing capacity. It is a comprehensive analysis of all Service and DLA ICPs to maintain required capacity while maximizing an appropriate military value. It attempts to derive the most efficient and effective DOD ICP activities without specific regard to Service or Agency boundaries. ICP functions include budgeting/funding, contracting, engineering support, requisition processing, technical support, cataloging, customer services, item management, stock control, and weapon system secondary item supply support. This proposal would include equipment, depot level reparables (DLRs), and remaining consumable items managed by the Services today. It may or may not include repair activities.

This proposal will impact: Soldier System Command, Natick (TACOM-ICP), Detroit Arsenal (ILSC), Ft Huachuca (CSLA-ICP), Rock Island Arsenal (TACOM-ICP), Redstone Arsenal (AMCOM-ICP), Ft Monmouth (CECOM-ICP), and Lackland AFB (CPSG-ICP) as indicated in the Section 2 (Actions) above. The inventory management, stock control, budget and contracting functions of the affected Service ICPs.

As Of: 1/7/2005
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to four. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Virginia, Kentucky; East-Delaware, New Jersey, New Hampshire, West- Wisconsin, and Illinois.

- Susquehanna: Susquehanna remains a Strategic Distribution Platform (SDP) but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of the Susquehanna SDP. These distribution depots will become Forward Distribution Point (FDP) the regional SDP.

- Norfolk Distribution Depot
- Tobyhanna Distribution Depot will perform limited receipt, store and issue functions for Tobyhanna Army Depot.

Realign: Richmond Distribution Depot will be realigned and continue its storage functions for hazardous materials and ozone-depleting substances.

Close: The following distribution depot and activity will be closed due the establishment of Region 1 SDP.

- Columbus Distribution Depot mission will be moved to the Susquehanna.

Region 2: Boundaries are in the North-North Carolina, Tennessee; South-Florida; East-South Carolina, Georgia; West-Mississippi.

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a SDP supporting customers in the South Eastern US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Warner Robins, may require MILCON. Warner Robins also picks up command and control of the satellite activities (FDP) at Cherry Point, Albany, Jacksonville, and Anniston. Warner Robins’ assigned personnel will also increase to accommodate the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Warner Robins SDP. These distribution depots will become (FDP) of the regional SDP.

- Cherry Point Distribution Depot
- Albany Distribution Depot
- Jacksonville Distribution Depot
- Anniston Distribution Depot

Region 3. Boundaries are in the North-North Dakota; South-Texas; East- Minnesota, Iowa, Iowa, Missouri, Arkansas, Louisiana; West-Wyoming, Colorado, New Mexico.

- Oklahoma City: The Oklahoma City Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central U Its storage and distribution infrastructure expands and, depending on available infrastructure at Oklahoma City, may require MILCON. Oklahoma C also picks up command and control of the (FDP) at Red River and Corpus Christi. Oklahoma City’s assigned personnel also increase to accommox the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements reduced personnel with the establishment of Oklahoma City SDP. These distribution depots will become (FDP) of the regional SDP.

- Red River Distribution Depot
- Corpus Christi Distribution Depot

Region 4. Boundaries are in the North-Montana, Idaho; South-Arizona; East-Utah; West-Washington, California.

- San Joaquin: San Joaquin remains a SDP supporting customers in the Western US and those permanently stationed across the Pacific. No realignment is anticipated. Additionally, San Joaquin picks up command and control of (FDP) at Puget Sound, Hill AFB, Barstow, and San Diego.
### Registered Scenarios

Realigned: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of San Joaquin SDP. These distribution depots will become (FDP) of the regional SDP.

- Puget Sound Distribution Depot
- Hill Distribution Depot
- Barstow Distribution Depot
- San Diego Distribution Depot

As Of: 1/7/2005

Partial Movement of people and partial redistribution of materiel from DD Barstow
Partial Movement of people and partial redistribution of materiel from DD Hill
Partial Movement of people and partial redistribution of materiel from DD Puget Sound
Partial Movement of people and partial redistribution of materiel from DD San Diego
This scenario consolidates air platform RDAT&E to three principal sites while retaining several specialty sites. Fixed and Rotary Wing R, D&A, T&E be consolidated into principally 3 core sites Patuxent River, Wright-Patterson, and Redstone Arsenal. The relocation of air platform R functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing R will be consolidated at Wright Patterson, Rotary Wing R will be consolidated at Redstone Arsenal, ship installations related R (catapults, arresting gear, helo RAST, etc.) will be consolidated at Patuxent River, Air Force T&E will consolidated at Edwards AFB, and air platform live fire testing at China Lake. The planned component moves will enhance synergy including RW/F interaction by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

TECH-0001, Establish Joint Centers for Air Platforms RDAT&E Centers, was terminated as the TJCSG realized TECH-0005, Establish Joint Center for Fixed Wing Platform RDAT&E, and TECH-0006, Establish Joint Centers for Fixed Wing Platform RDAT&E, will accomplish the same actions as TECH-0001 and nothing would be gained by having the duplicate scenario.
Registered Scenarios

Scenario # | TECH-0002 | Date Created: | 10/4/2004
Scenario Title: Relocate W&A RDAT&E to 3 primary & 2 speciality with weapons from PAX & Pt. Mugu to China Lake

Description:
Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship weapon systems integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake.

Definitions:
In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gil propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and/or intended to attack underwater targets. Includes but not limited to submarine mines, mine countermeasures (water and surf zone), torpedos and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associate with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. It process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

Losing Bases

### Scenario Title:
Relocate DoD Directed Energy Research to one location [Kirtland]

### Description:
Relocate all DEW RD&A from Edwards and Port Hueneme [White Sands Detachment] and all Research for Directed Energy Weapons from all activities to Kirtland.

### Reason Scenario was deleted:
TECH-0003, Re-Locate DoD Directed Energy Research to One Location (Kirtland AFB), was terminated per TJCSG direction because the donor organizations < 30 FTEs.
TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario #  TECH-0004  Date Created:  10/22/2004  Deleted
Scenario Title: Relocate DoD Directed Energy T&E and selected weapon T&E to one location-White Sands Missile Range

Description:

Relocate Air Defense Test Directorate from Ft. Hood, smoke/illumination artillery T&E from Dugway, and guns/ammo T&E from Aberdeen to WSM
WHITE SANDS MISSILE RANGE (W04WAA) will receive:
- Guns/Ammo T&E from:
  - DUGWAY PROVING GROUND [smoke/illumination artillery] (W30MAA, W3OMAA)
  - ABERDEEN PROVING GROUND [W0JEAA, W4QUAA1, W4QVAA, W0JEAA]
  - FT HOOD Air Defense Test Directorate (W46909 and W469AA)
- DoD DEW T&E from identified sites [to be requested as part of scenario data call]

Reason Scenario was deleted:

TECH-0004, Re-Locate DoD Directed Energy T&E and selected weapon T&E to One Location (WSMR), was terminated per TJCSG direction because the donor organizations < 30 FTEs.
TJCSG in deliberative session (11/12/04) deleted this scenario from further consideration.

Scenario Title: Establish Joint Centers for Fixed Wing Air Platform R, D&A, and T&E

Description:

This scenario proposes to consolidate all fixed wing air platform RDAT&E to two principal sites while retaining several specialty sites. Research & Development & Acquisition will be performed at Patuxent River and Wright-Patterson AFB. The relocation of air platform Research functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing Research will be consolidated at Wright Patterson AFB and maritime related fixed wing Research (catapults, arresting gear, etc.) will be consolidated at Patuxent River. Air Force T&E will be consolidated at Edwards AFB, Navy T&E at Patuxent River, and Live Fire T&E at China Lake. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

## Losing Bases

**Eglin AFB (Valpariso, FL) - Realignment**

**Hanscom AFB (Bedford, MA) - Realignment**

**Hill AFB (Clearfield, UT) - Realignment**

**Kirtland AFB (Albuquerque, NM) - Realignment**

**Nav Base Ventura Cty (Oxnard, CA) - Realignment**

**Naval Air Engineering Station Lakehurst (Lakehurst, NJ) - Realignment**

**Naval Air Station Patuxent River (Patuxent River, MD) - Realignment**

**Naval Air Weapons Station China Lake (China Lake, CA) - Realignment**

**Naval Research Laboratory (Washington, DC) - Realignment**

**Naval Surface Warfare Center Corona (NORCO, CA) - Realignment**

**Redstone (Huntsville, AL) - Realignment**

**Robins AFB (Warner Robins, GA) - Realignment**

## Losing Activities

**Eglin (53WG) Fixed Wing T&E to Edwards (FSPM) - Consolidate**

**Hanscom AFB [FAB7201 ESC] Air Platform fixed wing D&A to WPAFB - Consolidate**

**Hill AFB [OO-ALC] Air Platform fixed wing D&A to WPAFB - Consolidate**

**Kirtland (AFOTEC/JM4620) Air Platform Fixed Wing T&E to Edwards (FSPM) - Relocate**

**Ventura/Pt. Mugu (N63126) Air Platform fixed wing T&E to Pax River - Consolidate**

**Lakehurst (N68335) Fixed wing RDAT&E to PAX River (N00421) - Consolidate**

**NAVAIRWARCENACDIV PAX River (N00421) Fixed Wing Research to WPAFB - Consolidate**

**AIRTEVRON China Lake (N55646) T&E Fixed Wing to PAX River (N00421) - Relocate**

**AIRTEVRON China Lake (N57023) T&E Fixed Wing to PAX River (N00421) - Relocate**

**COMNAVAIRWACENWPNDIV China Lake (N60530) DAT&E fixed Wing to PAX RIVER (N00421) - Consolidate**

**NRL (N00173) Research Fixed wing (not maritime unique) to WPAFB - Consolidate**

**NRL (N00173) Research fixed Wing to PAX River (N00421) - Consolidate**

**NAVSURFWARCENDIV Corona (N64267) Fixed Wing T&E to PAX RIVER (N00421) - Consolidate**

**Redstone (W0H9AA) Fixed Wing Research to WPAFB - Consolidate**

**Redstone (W1DF08) Fixed Wing Research to WPAFB - Consolidate**

**Redstone (W1DFAA) Fixed Wing Research to WPAFB - Consolidate**

**Redstone (W27P02) Fixed Wing Research to WPAFB - Consolidate**

**Robins (WR-ALC) Air Platform fixed wing D&A to WPAFB - Consolidate**
Registered Scenarios

Tinker AFB (Midwest City, OK) - Realignment

Tucson IAP AGS (Tucson, AZ) - Realignment

Wright-Patterson AFB (Fairborn, OH) - Realignment

Receiving Bases

Edwards AFB (Rosamond, CA) - Receive

Naval Air Station Patuxent River (Patuxent River, MD) - Receive

Naval Air Weapons Station China Lake (China Lake, CA) - Receive

Wright-Patterson AFB (Fairborn, OH) - Receive

Activities being Received

Tinker AFB (OC-ALC, OC-AL DET-RU) fixed wing D&A to WPAFB - Consolidate

<thead>
<tr>
<th>Scenario #</th>
<th>TECH-0007</th>
<th>Date Created:</th>
<th>10/22/2004</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scenario Title:</td>
<td>Relocate Ground Vehicle RDAT&amp;E at Detroit Arsenal to Selfridge ANG Base</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**
Relocation of Detroit Arsenal to US Army Garrison - Selfridge is the initial proposed scenario. An alternative would be to consider relocation of Detroit Arsenal to US Army Garrison - Selfridge, except for unique special high-cost laboratory facilities residing at Detroit Arsenal. These facilities will be creatively and cost-effectively maintained at their current geographic location and would include, but not be limited to, 1) unique high-cost, extreme climatic, full-scale combat vehicle simulation facilities/individual propulsion performance simulation test cells, and an additional unique full-scale transient ground vehicle simulation facility, 2) full-scale unique DOD dynamic physical simulation "shaker" facility (used for spectrum from full-scale armored combat vehicles to tactical trucks/HMMWV type vehicles), 3) unique Army/DoD water and fuel laboratories (built in 1995 as a result of previous BRAC), and 4) additional unique central ground vehicle research laboratories. Physical movement of these capabilities from their current location to US Army Garrison - Selfridge might not be the most cost-effective alternative.

**Narrative:**
This scenario proposes to relocate Detroit Arsenal to US Army Garrison – Selfridge. This move would retain the Army’s/DoD’s ground vehicle RD&A activity in the world automotive/ground vehicle capital of southeast Michigan. Southeastern Michigan is where the research and development headquarters reside for General Motors, Ford, Chrysler, General Dynamics Land Systems, Toyota-North America, Nissan-North America, Hino, Suzuki, Visteon, Delphi, Johnson Controls, Dana, and many others. Over 85% of the world’s ground vehicle/automotive research and development resources are expended in this southeast Michigan location, and thus Detroit Arsenal’s synergy and ability to leverage the automotive industry’s vast resources and tremendous investment in R&D has always been of immeasurable value to Army/DoD. In addition, local southeast Michigan academia (anchored by schools such as the University of Michigan, Kettering University [formerly General Motors Institute], Wayne State University, and many others) is a unique and world-class network of extremely focused automotive research institutions which Detroit Arsenal has extensively leveraged and used to obtain motivated world-class engineers and scientists to lead Army/DoD’s ground vehicle/automotive efforts from Detroit Arsenal. A nationally unique wealth of automotive, world-class talent resides in southeast Michigan (near Detroit Arsenal) that far surpass other area of the country. Since southeastern Michigan is the premier location for automotive engineers, many of Detroit Arsenal engineers have grown (technically and culturally) in this “world of ground vehicle/advanced automotive technology.” As such, it could be expected that very few current Detroit Arsenal engineers and scientists would leave the area to another location.

**Assumptions:**
- TJCSG did not collect any capacity or MIL VAL data on US Army Garrison – Selfridge. This data will need to be collected as part of the scenario development.
- Another alternative that could be considered would be to move relocate PEO GCS, PEO CS&CSS, TACOM and TARDEC to US Army Garrison - Selfridge cantoning and minimally staff the special, high cost laboratory equipment that resides in Bldg 212 (Propulsion and Mobility Test Cells) and in Bldg 215 (Physical Simulation – High Performance Computing).

**Reason Scenario was deleted:**
TECH-0007, Re-Locate Ground Vehicle RDAT&E at Detroit Arsenal to Selfridge ANGB, was terminated as the TJCSG based upon the thought that TECH-0045, Establish Army Land Warfare Center, would best achieve the end state results desired by the Army.

**Scenario #** TECH-0009  
**Date Created:** 10/22/2004

**Scenario Title:** Defense Research Service Led Laboratories

**Description:**

This scenario realigns and co-locate the three service corporate laboratories. Additionally it creates a virtual "Defense Research Laboratory" by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.

The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

Registered Scenarios

Scenario #    TECH-0010  Date Created:  10/22/2004
Scenario Title:  Consolidate Extramural research Program managers to ARL/Adelphi

Description:

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all port of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDep. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

Abstract: Realign and consolidate Human Systems and Information Systems Technology DTAP activities in research, development and acquisition (R,D&A) for the subareas of modeling, simulation, training and cognitive sciences establishing a Joint Training, Modeling and Simulation Center (JTMSC) including relevant PEOs and PMs for training and mission rehearsal systems and their enabling information technologies.

Narrative: JTMSC will be located in the geographic vicinity of the Joint Forces Command’s Joint Training Analysis and Simulation Center (JTASC), Joint C4ISR Battle Center (JBC), and Joint Warfighting Center (JWC), Suffolk, Virginia. This Suffolk, VA site is positioned to enable the Joint C4 operational testing including the Joint Distributed Engineering Plant (JDEP). If a JFCOM site option is unavailable for this scenario, other reasonable site options for JTMSC in the Tidewater, Virginia area include Fort Eustis, Fort Monroe, Langley AFB, Norfolk Naval Base, Oceana Naval Air Station Dam Neck Naval Station, or Little Creek Naval Base. The rationale for co-locating JTMSC with JTASC-JWC and the operational testing capability is the human-centered synergies of JTMSC with operators, trainers, testers, researchers and acquirers providing a continuum of expertise from science-to-D&A-to-testing into operational use. The target receiver site will be Joint Forces Command, N00066.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, OSD program offices (e.g., Advanced Distributed Learning (ADL) and Defense Modeling and Simulation) and Defense Agency RD&A expertise and requisite special equipment (e.g., simulators; computers, Tempest-secure facility for simulator suites, etc) to a single site in order to support “Training Transformation” by providing a) a consolidated center-of-mass for the science base of training systems and enabling models and simulations; b) ready access to active duty military personnel (i.e., current domain expertise and human subjects for research projects) and general domain experts for research and development providing a basis for efficiency in R&D project execution; c) enhancement of the human-centered synergies of JTMSC with operators, trainers, testers, researchers and acquirers providing a continuum of expertise from science-to-D&A-to-testing into operational use. The target receiver site will be Joint Forces Command, N00066.

Reason Scenario was deleted:
TECH-0011, Joint Training, Modeling, and Simulation Center, was terminated as the TJCSG thought that little would be gained by the proposed scenario since most of the Training, Modeling, and Simulation Research had been co-located during BRAC 05, and seemed to be working very well in its current form and location. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario #   TECH-0012                      Date Created:  10/22/2004  Deleted
Scenario Title: Relocate W&A RDAT&E to 3 core & 4 specialty w/ air launched weapons from PAX River & Pt Mugu to Eglin

Description:

Relocate all Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from all organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and four (4) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal, Underwater Weapons/Underwater Weapons Integration @ Newport, Directed Energy Weapons Research, D&A @ Kirtland, DoD Directed Energy weapons T&E and selected weapons T&E @ White Sands Missile Range], with air launched weapons related RDAT&E from PAX River and Point Mugu to Eglin.

Reason Scenario was deleted:

TECH-0012, Re-Locate W&A RDAT&E to 3 Core & 2 Specialty Sites with Air Launched Weapons from PAX River & Pt. Mugu to China Lake, was terminated per TJCSG direction because Govt FTEs at PAX River NAWC are <30. Also, the extent of W&A air launched weapons workload at Point Mugu is primarily T&E. Overall, the scenario lacked transformative change and led to a small net effect. TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario #  TECH-0013  Date Created:  10/22/2004

Scenario Title:  Establish Joint Centers for Ground Platform R DAT&E

Description:
This scenario would consolidate Ground Vehicle R, D&A, and T&E into 2 core sites; Detroit Arsenal and Aberdeen Proving Ground. The Army/Dol ground vehicle R and D&A to continue to reside in the world automotive/ground vehicle capital of southeast Michigan, and R, D&A, and the preponderance of ground vehicle T&E would be located at Aberdeen Proving Grounds.

Scenario # TECH-0014  
Date Created: 10/22/2004

Scenario Title: Establish/Consolidate Space RDAT&E at a minimum number of core sites

Description:

Establish/Consolidate Space Research and Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space Platform Research to two core sites, Kirtland AFB, NM and Nav Research Lab in Washington, DC. Consolidate Space Systems Development and Acquisition (D&A) at Peterson AFB to optimize the joint organizi training and equipping functions for space organizations. Consolidation of Space T & E does not reveal realignment or closure opportunities.

TECH-0017

**Date Created:**  
10/25/2004

**Scenario Title:**  
Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Picatinny)

**Description:**

Relocate DoD Guns & Ammunition RD&A (except energetic materials) at Picatinny. Relocate gun/ammunition research (except energetic materials) from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT, from Crane, Dahlgren, Port Hueneme (Louisville Detrachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Picatinny.

Definition of Guns & ammunition: Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

NAVSURFWARCN Port Crane (N00164) guns/ammo RDAT&E to Picatinny (ARDEC)

Watervliet (W4MK03) (Benet Lab) guns RD&A to Picatinny (ARDEC)
Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship system/combat system integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. Retain energetic materials capabilities at Indian Head and relocate energetics materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.

**Definitions:**

**In Service Engineering (ISE):** Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without material change in capability).

**Sustainment:** Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

**Energetic Materials:** Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gas propulsion, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

**Underwater Weapons:** Includes all R, D&A and T&E associated with weapon systems launched and or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

**Guns and Ammunition:** Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associate with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

**Weapon Systems Integration:** Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. The process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

**Registered Scenarios**

**Scenario #** TECH-0019  
**Date Created:** 10/25/2004

**Scenario Title:** Relocate RD&A energetic capability from Crane, Fallbrook and Yorktown to Indian Head

**Description:**

Retain Energetics Materials Capabilities at Indian Head and relocate energetic materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.

**Definitions:**

Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA
Scenario Title: Joint Battlespace Environments Center

Description:

Realign and consolidate those facilities that are primarily focused on Battlespace Environments (meteorology, oceanography, terrain, and space environment) DTAP activities in research, development and acquisition (RDA) to create a Joint Battlespace Environments Center (JBSEC) at the Stennis Space Center, Stennis, MS.

This scenario realigns and consolidates Battlespace Environments DTAP activities in research, development and acquisition (RDA) for the subarea of space, atmospheric and oceanographic and terrain sciences establishing a Joint Battlespace Environments Center (JBSEC). This scenario only realigns the unique organizations (branch, division, detachment, or larger) that conducts RDA for the purpose of describing and characterizing the environment and develops models to characterize the impact of the environment on weapons systems. It does not realign individual technical expertise embedded in host acquisition facilities whose primary function is to analyze the impact of the environment on current and emergent weapons system. The JBSEC will be located at the Stennis Space Center, Stennis, MS and will be merged with existing battlespace environments organizations at Stennis. The research, development and acquisition focus of the JBSEC will be the weather, space weather, and oceanographic information system used by all echelons (tactical, operational and strategic). This information is provided via software based systems such as Air Force Meteorological Information Systems (AFMIS) and the Navy Tactical Environmental Support System (TESS). The R&D being consolidated is software systems centered and is inclusive of atmospheric and ocean science related to weather, software engineering, models and simulations, high performance computation, and mathematics. This multidisciplinary collection of R&D expertise and their resulting production information systems are essential for advancements in the Battlespace Environment Joint Functional Concept (CJCSI 3170.01c).

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency RDA expertise on to a single site with or the four DoD High Performance Computing (HPC) Major Shared Resource Centers (MSRCs). A single site is consistent with the strategy of the Technical Joint Cross Service Group because the National Oceanic and Atmospheric Agency performs alternative research facilities. In order to support Joint Functional Concepts and relevant Joint Operating Concepts of the future, this scenario provides a) a consolidated center-of-mass for science base for theater weather, the enabling models and simulations, and predictive tools; b) ready access for research and development to a DoD high performance computing Major Shared Resource Center; and, c) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Units with size less than 30 FTEs are excluded unless otherwise noted. This scenario consolidates and realigns, principally, the following organizations:

Air Force: Battlespace Environments Division of Air Force Research Laboratory (AFRL/VSB), Hanscom AFB, MA.
Army: Atmospheric Sciences Branches of the Army Research Laboratory at Adelphi Md (34 FTE) and White Sands Missile Range (71FTE)
Navy: Navy Research Laboratory Marine Meteorology Division (Monterey CA; NRL-MMD) and Navy Research Laboratory Stennis Space Center (NRL-SSD), and Ocean and Atmospheric Directorate at NRL Washington (NRL-DC).

Losing Bases

Adelphi (Adelphi, MD) - Realignment
Hanscom AFB (Bedford, MA) - Realignment
Naval Postgraduate School (Monterey, CA) - Realignment
Naval Research Laboratory (Washington, DC) - Realignment
White Sands (White Sands Missile Range, NM) - Realignment

Receiving Bases

Stennis Space Center (xxxx, MS) - Receive

Losing Activities

Adelphi Lab Center (W262AA) Research for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
Hanscom (AFRL/VSB) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
NRL/Monterey Detachment Division (N66856) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
NRL/DC (N00173- Code 7600) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
ARL/WSMR (W26212) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate

Activities being Received

Adelphi Lab Center (W262AA) Research for the...
subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

ARL/WSMR (W26212) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

Hanscom (AFRL/VSB) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

NRL/DC (N00173- Code 7600) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

NRL/Monterey Detachment Division (N66856) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)
Scenario #  TECH-0021  Date Created:  10/27/2004  

**Scenario Title:** Joint Chemical-Biological Defense RD&A Center  

**Description:**

Abstract: Realign and co-locate the “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition (RDA) areas of BRAC-reported Chemical-Biological Defense DTAP activities to Aberdeen Proving Ground, Edgewood Area, MD.

Narrative: This scenario would consolidate, realign and relocate all service and DoD activities in “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition from the sites below to Aberdeen Proving Ground, Edgewood Area, MD.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency medical chemical defense and non-medical chemical and biological defense RDA to a single site to form a National Center of Excellence. This center of CB Defense positions the Department of Defense to exploit a center-of-mass of scientific, technical, and acquisition expertise with the personnel necessary to provide defense against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of military Service CB programs into a joint, co-located CB program.

Assumptions:
- Unable to confirm UICs for Defense Agencies.
- Unable to confirm UIC for USAF Patrick AFB, 60

Action List: the following activities move from current locations to Aberdeen Proving Ground, Edgewood Area, MD.

**Reason Scenario was deleted:**

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical –Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Scenario #  TECH-0022  Date Created: 10/27/2004
Scenario Title: Establish Joint Medical Biological Defense Research and D&A Center

Description:

Abstract: Realign and consolidate to Ft Detrick, Frederick, MD the Medocal Biological Defense Subarea of BRAC-reported Chemical-Biological Defense DTAP activities in research, development and acquisition (RDA).

This scenario consolidates, realigns and relocates all Service and DoD operations in medical biological defense research, development and acquisition from sites listed below to Ft. Detrick, MD. The end state of this scenario is to consolidate Army, navy, Air Force, Marine Corps, and Defense Agenc medical biological defense RDA to a single site that has DoD's only capacity for Biosafety Level 4 research and development and has requisite "licensed medical product" acquisition expertise. This realignment and consolidation will position the DoD to exploit a center-of-mass of scientific, technical, medical acquisition, and medical product regulatory expertise and personnel in order to provide defense against current and emerging biowarfare threats.

Assumptions: Could not confirm UICs fpr Defense Agencies

Reason Scenario was deleted:

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical –Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Scenario Title: Establish Joint Chemical-Biological Defense T&E Center

Description:

Abstract: Co-locate all Chemical and Biological Defense Test and Evaluation (T&E) areas of BRAC-reported Chemical-Biological Defense (CBD) DTAP activities except those requiring ship-board evaluation to one military installation, Dugway Proving Ground, UT.

This scenario relocates all Service and DoD activities (excluding those requiring ship-board evaluation) in Chemical and Biological Defense T&E from the following sites to Dugway Proving Ground, UT. The end state of this scenario is to consolidate Army, Navy, Air Force, and Marine Corps Chemical and Biological Defense T&E to a single military CBD T&E site. This T&E center for CB Defense will position the Department of Defense to exploit synergy of service efforts with the considerable expertise and history of the T&E capabilities at Dugway Proving Ground. A single site for T&E will provide expert personnel necessary to provide rapid T&E for technologies needed to defend against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of service CB programs into a joint co-located CB T&E program.

Reason Scenario was deleted:

TECH-0023, Establish Joint Chemical-Biological Defense T&E Center, was terminated since little would be gained after application of the TJCSG decision to include any donors with less than 30 FTEs. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
### Registered Scenarios

**Scenario #** TECH-0024  
**Date Created:** 10/27/2004  
**Scenario Title:** Joint Biomedical Development and Acquisition Center (JBDAC)  
**Description:**

Abstract: Realign and consolidate all Biomedical Development and Acquisition (D&A) activities to a single site, Army Fort Detrick, Frederick, Maryland.

Narrative: The scenario realigns the activities listed below to JBDAC to be located at the Army Fort Detrick, MD activity. The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A activities to a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a consolidated center of mass for defense biomedical D&A which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affilated infrastructure capability at US Army Medical Research and Materiel Command at Ft. Detrick. It also provides a consolidated D&A single point of contact for the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

### Reason Scenario was deleted:

TECH-0024, Joint Biomedical Development and Acquisition Center, and TECH-0025, Biomedical Research Co-Location, were terminated as similar scenarios incorporating the proposed consolidations/co-locations were part of MJCSG scenarios and redundant scenarios in the two JCSGs would have little value for work effort involved. The MJCSG will run their similar scenarios involving technical issues and report their recommendations to TJCSG for concurrence/approval. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Scenario #  | TECH-0025  | Date Created:  | 10/27/2004  | Deleted  
Scenario Title:  | Biomedical Research Co-Location  
Description:  
Co-locate all biomedical research at seven military installations (Fort Detrick, Fort Sam Houston, Walter Reed Army Medical Center_Forest Glen Annex, Naval Health ResearchCenter_San Diego, Soldier Systems Center, Navy Experimental Diving Unit_Panama City, FL).  
Reason Scenario was deleted:  
TECH-0024, Joint Biomedical Development and Acquisition Center, and TECH-0025, Biomedical Research Co-Location, were terminated as similar scenarios incorporating the proposed consolidations/co-locations were part of MJCSG scenarios and redundant scenarios in the two JCSGs would have little value for work effort involved. The MJCSG will run their similar scenarios involving technical issues and report their recommendations to TJCSG for concurrence/approval. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

**Scenario Title:** Consolidate Combatant C4ISR DAT&E at Belvoir

### Description:
Move the people & their positions (government only) and the Special Equipment & Facilities doing Combatant Commander Information Systems DAT&E work from DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices), NAVSURFWARCEN COASTSYSSTA PANAMA CITY FL (DJC2 Program office) and Army PEOC3T, Ft. Monmouth (JNMS Program Office) and Arlington, VA leased space (JTRS Joint Program Office) to Ft. Belvoir. People includes Military (officers and enlisted), civilian and those contractor personnel for whom the government is obliged to provide on base facilities, special equipment includes mission and support equipment as well as those vehicles required to accomplish the mission being moved.

### Losing Bases

- **Bailey's Crossroads (Arlington, VA) - Realignment**
- **Crystal City Lease (Arlington, VA) - Realignment**
- **Monmouth (Fort Monmouth, NJ) - Realignment**
- **Naval Support Activity Panama City (Panama City, FL) - Realignment**

### Losing Activities

- DISA (GIG-BE, GCCS, GCSS, NCES & Teleport Program Offices) Combatant Commander Information systems DAT&E to Belvoir - Consolidate
- Army PEOC3T (JPMO JTRS) Combatant Commander Information systems DAT&E to Belvoir - Consolidate
- Monmouth (Army PEOC3T & JNMS Program Office) Combatant Commander Information systems DAT&E to Belvoir - Consolidate
- Panama City Combatant Commander Information systems DAT&E to Belvoir - Consolidate

### Receiving Bases

- **Belvoir (Fort Belvoir, VA) - Receive**

### Activities being Received

- Army PEOC3T (JPMO JTRS) Combatant Commander Information systems DAT&E to Belvoir
- DISA (GIG-BE, GCCS, GCSS, NCES & Teleport Program Offices) Combatant Commander Information systems DAT&E to Belvoir
- Monmouth (Army PEOC3T & JNMS Program Office) Combatant Commander Information systems DAT&E to Belvoir
- Panama City Combatant Commander Information systems DAT&E to Belvoir
**Scenario #**  | **TECH-0031**  | **Date Created:**  | **11/5/2004**
---|---|---|---
**Scenario Title:**  | Optimize Sea Vehicle R, D&A and T&E

**Description:**
This scenario proposes to consolidate and/or co-locate all Sea Vehicle RDAT&E to two primary sites while retaining small sites involved in specialized Sea Vehicle support to DDTE/OTE or specialized sites with unique facilities. The planned component moves will enhance and leverage off the existing robust concentration of research, design and development, acquisition support and T&E capabilities that currently reside within the US Navy HQ and Warfare Center infrastructure. This proposal would relocate/co-locate management and direction of Theater Support Vessels programs for USA to COMNAVSEA WNY and would be consistent with the existing partnership collaboration between the USA and the USN on Theater Support Vessel and other theater support small watercraft. Program management will be retained for D&A and T&E at COMNAVSEA. Consolidation of all Program management of Sea Vehicle Programs at the WNY collocates these functions with related program offices supporting Weapons and Combat systems, Hull Mechanical and Electrical, C4I integration and related sea vehicle equipment and support functions. This also places it nearby the principal technical direction and development agent for sea vehicles located at NSWC Carderock Division in Bethesda, MD.

Scenario # TECH-0032 Date Created: 11/12/2004
Scenario Title: Chemical-Biological Defense RD&A Consolidation

Description:
Abstract: Realign, relocate and consolidate –
1) the “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition (RDA) areas of BRAC-reported Chemical-Biological Defense DTAP activities to existing organizational entities at Aberdeen Proving Ground, Edgewood Area, MD (action 1, 2, 4); and,
2) the Medical Biological Defense Subarea of BRAC-reported Chemical-Biological Defense DTAP activities in research to Fort Detrick, Frederick, MD.

Narrative: This scenario would consolidate, realign and relocate all service and DoD activities in “Medical” Chemical Defense, “Medical” Biological Defense, and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition from Defense Agencies, Acquisition Programs Offices (relevant PEO/PMs), Army, Navy and Air Force R&D&A sites to either Aberdeen Proving Ground, Edgewood Area, MD or Ft. Detrick, MD.

The end state of this scenario is to consolidate Army, Navy, Air Force, Defense Agency and acquisition program offices for medical chemical defense, medical biological defense, and non-medical chemical and biological defense RDA to two (2) sites in the National Capitol Region. This center of CE Defense work positions the Department of Defense to exploit a center-of-mass of scientific, technical, and acquisition expertise with the personnel necessary to provide defense against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of military Service CB Defense programs into a joint, consolidated CB program.

Registered Scenarios

Scenario #  TECH-0033  Date Created:  11/12/2004

Scenario Title:  Defense Research Service Led Laboratories

Description:

This scenario realigns and consolidates the three service corporate laboratories. Additionally it creates a virtual “Defense Research Laboratory” by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations. This Scenario is the same as TECH 0009 except for AFRL/IF WPAFB and AFRL/IF Rome will be relocated at AFRL/Hanscom.

The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to a maximum two primary locations, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidat centers of mass for Science and Technology, with increased effectiveness and efficiencies.

Reason Scenario was deleted:

TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration. This scenario is addressed in Scenario Tech 9.
This scenario is a companion to TECH-0009. As such it will examine alternative realignments as part of the creation of the Defense Research Laboratory. The DRL realigns and co-locate the three service corporate laboratories to provide greater synergy across DTAP technical capabilities and functions. Additionally, it creates a virtual "Defense Research Laboratory" by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a small number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas; those locations.

The end state of this scenario will consolidate the naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. The DRL will provide service-centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

**Registered Scenarios**

**Scenario #** TECH-0035  
**Date Created:** 11/12/2004  
**Scenario Title:** Army Land Network Warfare LCM at Adelphi and Belvoir

**Description:**
This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare Electronics and Information Systems Research at the Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walter Reed Army Institute of Research to form a Land Network Science, Technology and Experimentation Center which will perform the fundamental research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Development & Acquisition at Fort Belvoir, VA.

Registered Scenarios

Scenario #    TECH-0038  Date Created:  11/18/2004

Scenario Title:  Consolidate Extramural Research Program managers to Naval Research lab, DC

Description:
Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all port of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDe. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would:
Realign from the following UICs to JBESC, FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions:
Office of Naval Research, Arlington, VA, N00014
Defense Advanced Research Project Agency, Arlington VA
Defense Threat Reduction Agency – NCR, Alexandria, VA
Army Research Laboratory/Army Research Office, Durham, NC, W26203
Army Research Laboratory/Army Research Office, Arlington, VA, W26205
AFRL/AFOSR, Arlington, VA, FFFJH

Losing Bases

Office of Naval Research (Arlington, VA) - Realignment

Losing Activities

AFRL/AFOSR extramural research program managers to NRL/CBD - Co-locate
ArL/CIS/SLA extramural research program managers to NRL/CBD - Co-locate
ARL/ARO - VA extramural research program managers to NRL CBD - Co-locate
ARL/ARO NC extramural research to NRL CBD - Co-locate
DARPA extramural research to NRL CBD - Co-locate
DTRA extramural research to NRL CBD - Co-locate
ONR extramural research to NRL CBD - Co-locate

Receiving Bases

NRL Chesapeake Beach Detachment (Chesapeake Beach, MD) - Receive

Activities being Received

AFRL/AFOSR extramural research program managers to NRL/CBD
ARL/ARO - VA extramural research program managers to NRL CBD
ARL/ARO NC extramural research to NRL CBD
ArL/CIS/SLA extramural research program managers to NRL/CBD
DARPA extramural research to NRL CBD
DTRA extramural research to NRL CBD
ONR extramural research to NRL CBD
Scenario Title: Consolidate Extramural Research Program managers to NAS Anacostia, DC

Description:

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all part of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDe.

Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would:
Realign from the following UICs to JBESC, FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions:

Office of Naval Research, Arlington, VA, N00014
Defense Advanced Research Project Agency, Arlington VA
Defense Threat Reduction Agency – NCR, Alexandria, VA
Army Research Laboratory/Army Research Office, Durham, NC, W26203
Army Research Laboratory/Army Research Office, Arlington, VA, W26205
AFRL/AFOSR, Arlington, VA, FFFJH

- NUWC Maritime Information Systems RDAT&E to SPAWARSYSCEN San Diego
- PAX Maritime Information Systems RDAT&E to SPAWARSYSCEN San Diego

Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Receive

- Charleston Sensors, Electronic Warfare & Electronics RDAT&E to Dahlgren
- Corona Sensors, Electronic Warfare & Electronics RDAT&E to Dahlgren
- Crane Sensors, Electronic Warfare & Electronics RDAT&E to Dahlgren
- Dam Neck Sensors, Electronic Warfare & Electronics RDAT&E to Dahlgren
- NRL Sensors, Electronic Warfare & Electronics DAT&E to Dahlgren
- NUWC Sensors, Electronic Warfare & Electronics RDAT&E to Dahlgren
- San Diego Sensors, Electronic Warfare & Electronics RDAT&E to Dahlgren

Wright-Patterson AFB (Fairborn, OH) - Receive

- Hanscom air sensor, electronic warfare & electronics RD&A to WPAFB
- PAX air sensor, electronic warfare & electronics RD&A to WPAFB
- Rome air sensor, electronic warfare & electronics RD&A to WPAFB
Registered Scenarios

Scenario #: TECH-0043
Date Created: 11/18/2004
Scenario Title: Relocate RD&A energetic materials capability from Crane and Yorktown to Dahlgren

Description:
Relocate energetic materials RDAT&E capabilities from Indian Head, Crane and Yorktown to Dahlgren.
Definitions:
Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

Losing Bases

Naval Support Activity Crane (Crane, IN) - Realignment
Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment
Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment
Naval Weapons Station Yorktown (Yorktown, VA) - Realignment

Receiving Bases

Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Receive

Losing Activities

Crane (N00164) NAVSURFWARREN energetic materials RDAT&E to Dahlgren - Relocate
Indian Head (N00174) energetic materials RDAT&E to Dahlgren - Relocate
Fallbrook (N32893) Crane NAVSURFWARREN energetic materials T&E to Dahlgren - Relocate
Yorktown (N32889) energetic materials RDAT&E to Dahlgren - Relocate

Activities being Received

Crane (N00164) NAVSURFWARREN energetic materials RDAT&E to Dahlgren
Fallbrook (N32893) Crane NAVSURFWARREN energetic materials T&E to Dahlgren
Indian Head (N00174) energetic materials RDAT&E to Dahlgren
Yorktown (N32889) energetic materials RDAT&E to Dahlgren
### Registered Scenarios

**Scenario #** TECH-0044  
**Date Created:** 11/18/2004  
**Scenario Title:** Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Dahlgren)

**Description:**

Relocate DoD Guns & Ammunition RD&A (except energetic materials) and selected T&E at Dahlgren. Relocate gun/ammunitions research from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Picatinny, Port Hueneme (Louisville Detachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Dahlgren.  

Definition of Guns & ammunition: Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

---|---  
**Date Created:** | 11/19/2004  
**Scenario Title:** | Army Land System Life Cycle Management Center Single site Scenario  
**Description:**  
This scenario relocates and consolidates RDAT&E in Land Warfare into a single site. It enhances Life Cycle Management by physically consolidating the organization contained in the Soldier/Ground Systems Life Cycle Management Command. The scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare RDAT&E (Soldier Systems, ground vehicle, guns and ammunition and CBD). The consolidation at APG collocates R&D activities from the Soldier Systems Center (SSC) Natick, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, FSBelvoir, VA and Picatinny, NJ with significant T&E capabilities, which are not available at the current RD&A sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems.

Scenario #: TECH-0046  
Date Created: 11/23/2004

Scenario Title: Consolidate Extramural Research Program Managers (Joint Center of Excellence) to Ft. Belvoir

Description:
Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all acts of the following organizations located at the sites indicated and collocate them in close proximity to DTRA and the ARL-ARO detachment at Fort Belvoir. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDep’s. Further it will enhance the Force Protection posture by relocating the organizations by relocating them from leased space and onto a Military Base.
This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all government FTEs and equipm reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

### Registered Scenarios

**Scenario #**  
TECH-0048

**Date Created:** 12/2/2004

**Scenario Title:** Army Soldier/Land System LCM Center two site Scenario

**Description:**

This scenario relocates and consolidates RDAT&E in Land Warfare into two sites. It enhances Life Cycle management by physically consolidating organizations contained in the Soldier/Ground Systems Life Cycle Management Command. This scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare RDAT&E (Soldier systems, ground vehicle, guns and ammunition and CBD). The consolidation Aberdeen Proving Ground collocates R&DA activities from the Soldier Systems Center (SSC) Baticu, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, and Ft. Belvoir, VA with significant T&E capabilities, which are not available at the current RDA sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems. This scenario, which does not relocate the facilities at Picatinny, NJ is a lower cost alternative to consolidation at a single site (TECH 0045).

#### Scenario Title:
Establish/Consolidate Space D&A at a minimum number of core sites.

#### Description:
Establish/Consolidate Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space systems Development and Acquisition at Schriever AFB to enhance organizing, training and equipping functions for space organizations.

#### Reason Scenario was deleted:
TECH-0049, Establish a Joint Center for Space RDAT&E Into One Core Site (Schriever AFB), was created as an alternate to TECH-0014, Establish Joint Center for Space RDAT&E Into One Core Site (Peterson AFB), based on inaccurate information that Peterson AFB would not have adequate acreage available to accommodate the workload. Schriever AFB is in relatively close proximity to Peterson AFB, hence the reason for selection of Schriever AFB as the alternate site. However, the Air Force confirmed Peterson AFB does in fact have adequate acreage to accommodate all of the workload. Therefore the TJCSG terminated TECH-0049, as it was no longer necessary.
Registered Scenarios

Scenario #  TECH-0050  Date Created:  12/9/2004
Scenario Title:  Army Land Network Warfare LCM Center at NCR
Description:

This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare Electronics and Information Systems Research (less the Ground Sensor, Electronic Warfare, Electronics and Information Systems Research conducted at Ft. Belvoir) at Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research in Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walt Reed Army Institute of Research to form a Land Network Science, Technology and Experimentation Center, which will perform the fundamenal research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Development & Acquisition at Fort Belvoir, VA.

**Scenario Description:**

This scenario consolidates C4ISR technical facilities into a single location. The scenario consolidates Ground Sensor, Electronic Warfare, Electronics, and Information Systems Research, Development, and Acquisition at Fort Monmouth, NJ. Consolidation of research includes moving research in Networks done by the Army Research Institute, neuroscience research at Walter Reed Army Institute of Research, and research in cognitive engineering, human performance, and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization facilitates the creation of a Land Network Science, Technology, and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare.

Scenario #       USA-0020          Date Created:       9/23/2004
Scenario Title:  87 AFRC Norman, OK
Description:

Closes 6 occupied facilities (Norman lease), Broken Arrow, Tonkawa, 23rd Street Armory (including the 23d Street FMS activity), Farr USARC and Smalley USARC. Closes 3 currently vacant facilities (Roush USARC in Clinton, OK, the Konawa Armory and the Wewoka Armory) eliminating excess capacity. Constructs a new complex on a state-owned military reservation with rail, air and interstate access. Realigns the CSMS operation currently at Norman and C/700 SB from the Edmonds Armory into the new complex.

### Description:

Close Red River Army Depot. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial and Supply and Storage JCSGs realign or disestablish their assigned functions. This scenario is enabled by IND 0001 and IND 0008.

### Reason Scenario was deleted:

On 3 Dec 04, the SRG directed that we stop this proposal due to operational requirements related to OIF/OEF support and reset and military judgment.
### Registered Scenarios

Registered Scenarios

Scenario #  USA-0041       Date Created:  9/30/2004
Scenario Title:  122 Transform Yuma PG

Description:
Station, at a minimum, (1) Heavy BCT UA, (1) Infantry BCT UA, an (1) Aviation Bde UA, (1) RSTA Bde UA, and a (1) Maneuver Enhancement Bde at Yuma PG.

Reason Scenario was deleted:
Briefed to the SRG as part of SRG 21. BRAC SRG guidance was to work with the G3 on evolving Army Force Structure and BCT capacity analysis. The RSTA / ISR Bde and ME Bde requirements changed along with the number of active component Heavy and Infantry BCTs. Based on BRAC SRG guidance at BRAC SRG 25, this proposal will not go forward and the remaining associated units will be integrated in a new proposal (USA-0221).

**Scenario #** | USA-0052  
**Date Created:** | 9/30/2004  
**Scenario Title:** | 86 Basic Training Consolidation (Jackson LW)  
**Description:**
Reduce from 5 Basic Training locations (Fort Benning, Fort Knox, Fort Jackson, Fort Leonard Wood, & Fort Sill) to 2 locations: Fort Jackson & Fort Leonard Wood. Fort Knox's & Fort Benning's Basic Combat Training (BCT) moves to Fort Jackson. Fort Sill's BCT moves to Leonard Wood.

**Reason Scenario was deleted:**
BCT at Benning and Knox will be combined under the Maneuver Center proposals, which will reduce Basic Training at four locations. Moving BCT from Sill to Jackson does not make sense since OSUT will still take place at Sill.
Scenario #  USA-0053  Date Created:  9/30/2004
Scenario Title:  94 CSS Center (Redstone)
Description:

Moves CASCOM (Lee), the Army Logistic Management College (Lee), the 49th QM Group (Lee), the QM Center & School (Lee), the Ordnance Center (Aberdeen), and the Transportation Center and School (Eustis) to Redstone (with the Missile and Munitions School) Creating a CSS Center Army will look at this scenario under the authority and oversight of the E&T JCSG.

**Date Created:** 10/1/2004  
**Scenario Title:** 289 Close Selfridge Army Activities

<table>
<thead>
<tr>
<th><strong>Description:</strong></th>
</tr>
</thead>
</table>
| Close USAG SANGB. Army disestablishes Garrison activities and realigns or disestablishes non JCGG functions. The Industrial, Technical, and HSA JCSGs realigns or disestablish their assigned functions.  
This proposal would close the US Army Garrison-Michigan at Selfridge Air National Guard Base. The USAG-M is a federal land owner within the perimeter of Selfridge Air National Guard Base. The mission of USAG-M (Selfridge) is to provide base support, services and facilities to the Selfridge joint military community including housing, morale support, education, information technology, safety, transportation, quality of life, safety, environment and recreational services, family services, child development, maintenance and repair, law enforcement, force protection, medical, dental, base exchange, commissary and religion. The joint community is home to units of all four branches of the military services as well as the US Coast Guard and the Border Patrol who either live, work or visit Selfridge Air National Guard Base. USAG-M is the primary provider of support and services to A military and DHS personnel and their dependents. |

<td>Scenario Title:</td>
<td>288 Close Charles Kelly Support Center</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**
Closes the Charles E. Kelly Support Center and all sub installations in the Pittsburgh, Pennsylvania area. Includes closing 53 buildings and 118 acres on the main post of CKSC, 17 buildings and 15 acres at the Neville Island sub-installation, 7 buildings and 13 acres at the site 62 sub-installation (Currently vacant) and 16 buildings and 38 acres at the Elrama, Pennsylvania facility (Old Nike Missile Site). Transfers all functions at the Neville Island facility to Ft. Dix N.J. Transfers all garrison (non-tenant) functions to Ft. Dix N.J. relocates tenant RC units to other AFRCs (Locations TBD).

**Reason Scenario was deleted:**
This proposal is now a component piece of USA-0167 and therefore subsumed by that proposal.

Registered Scenarios

Scenario #  USA-0071  Date Created: 10/1/2004
Scenario Title: 274 Basic Training Consolidation (Jackson Knox LW)

Deleted

Description:
Reduce the number of Basic Training (BCT) locations from 5 (Fort Benning, Fort Knox, Fort Jackson, Fort Leonard Wood, & Fort Sill) to 3 locations. Fort Knox, Fort Jackson, & Fort Leonard Wood. Fort Benning's BCT moves to Fort Knox and Fort Sill's BCT moves to Fort Jackson.

Reason Scenario was deleted:

BCT at Benning and Knox will be combined under the Maneuver Center proposals, which will reduce Basic Training at four locations. Moving BCT from Sill to Jackson does not make sense since OSUT will still take place at Sill.
Scenario # | USA-0072 | Date Created: | 10/1/2004 | Deleted
--- | --- | --- | --- | ---
Scenario Title: | 293 Closure Ft. Hamilton

Description:

Close and lease back or enclave activities on Ft. Hamilton. The largest organization on Ft. Hamilton is the Recruiting Battallion and the New York Military Entrance Processing Center Due to their Mission they will need to remain in NYC. Options are Transfer/Lease back of certain portions of Ft Hamilton or move recruiting BN to federal Building or Leased space in NYC. Housing at Ft. Hamilton could be privatized.

Reason Scenario was deleted:

On 12/13/2004, Dr. College approved stopping this proposal as it is now a component of USA-0167, USAR C2 Northeast/Close Ft Hamilton.

Scenario #   USA-0101   Date Created:   10/8/2004
Scenario Title:   251 AFRC Huntsville, TX

Description:
Close 1 Texas Army National Guard (TXARNG) Armory and 1 United States Army Reserve (USAR) Center in Huntsville and move the assigned unit to a new facility to be built in Huntsville. Build a 40,800 square foot facility in vicinity of Huntsville, TX. The new facility will include classroom and training space (suitable for billeting if necessary). One current facility is AMBER and one GREEN on Army Installation Status Report, but current facilities are overutilized 213% and 330%. Exiting facilities are encroached and do not meet anti-terrorism and force protection requirements.

### Registered Scenarios

**Scenario #** USA-0102  
**Date Created:** 10/8/2004  
**Scenario Title:** 252 AFRC San Marcos, TX

**Description:**
Close 3 Texas Army National Guard (TXARNG) Armories (San Marcos, Seguin, New Braunfels) and 1 United States Army Reserve (USAR) Center San Marcos and move assigned units to a new facility in San Marcos. Build a 86,000 square foot facility in vicinity of San Marcos, TX. Includes a 7 sq ft multi use facility - classroom, training space or for billeting. Current facilities range in age from 41-50 yrs old. Current facilities are at occupation levels of 229%, 213%,159%, and 153%. Encroachment/acreage constraints prohibit expansion and do not meet current anti-terrorism & force protection requirements.

<td>49 Close Lima Tank Plant</td>
</tr>
</tbody>
</table>

**Deleted**

### Description:

Close Lima Army Tank Plant. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial JCSG realigns or disestablishes its assigned functions. This scenario is enabled by IND 0050 and IND 0052.

### Reason Scenario was deleted:

On 3 Dec04, SRG directed not to close LIMA tank plant as it is a key manufacturing facility for the future combat system; costs to establish a new manufacturing facility would exceed the savings generated by the closure; and military judgment.
**Scenario #** USA-0116  
**Date Created:** 10/28/2004  
**Scenario Title:** 59 Close Watervliet Arsenal and Leaseback  

**Description:**
Close Watervliet Arsenal. Army disestablishes Garrison activities and realigns or disestablishes non JCSG functions. The Industrial and Technical JCSG realigns or disestablishes their assigned functions. This scenario is enabled by IND 0052.

### Registered Scenarios

**Scenario #** USA-0133  
**Date Created:** 11/23/2004  
**Scenario Title:** 486 Relocate Army Operational Test Command

**Description:**

Move Operational Test Command (OTC) from Ft. Hood, TX to Ft. Bliss/White Sands Missile Range. Current, moving the test and evaluation requirements would decrease requirements on Fort Hood and supports future testing of the Army’s future combat system (FCS) at the Fort Bliss and White Sands Missile range complex. Moves all OTC elements of Army Test and Evaluation Command (ATEC) from Ft. Hood to Ft. Bliss/WSMR.

**Reason Scenario was deleted:**

This proposal is deleted due to military judgement - moving the activity would break habitual relationships that the OTC leadership views as critical to mission accomplishment.
## Registered Scenarios

**Scenario #** USA-0134  
**Date Created:** 11/24/2004  
**Scenario Title:** 15 AFRC Redstone Arsenal, AL

### Description:

Close 3 ARNG Centers (Bridgeport, DoubleSprings, Scottsboro) and 1 USMCR Center (Huntsville). Also realigns 1 ALARNG Center. Constructs a new AFRC on Redstone Arsenal in Huntsville, AL.

JAST #A005 - This is a joint USA and DON Proposal that supports DON xx to Close MCRC Huntsville, AL and consolidate into an AFRC on Redstone Arsenal.

### Registered Scenarios

**Scenario #** USA-0165  
**Date Created:** 12/2/2004  
**Scenario Title:** 14 AFRC Farmingdale, NY  

**Description:**

Close Bayshore, Freeport, Huntington Station, Patchogue and Riverhead NYARNG Armories, OMS 21 (colocated with Bayshore Armory) close the BG Theodore Roosevelt USARC and the Amityville AFRC (USAR and USMCR) and consolidate into a new AFRC/OMS in Farmingdale, NY on an existing 13 acre federal property currently licensed to the New York Army National Guard.

JAST #14 - This is a USA proposal that includes the USMCR which is a tenant at the Amityville AFRC.

Scenario # | USA-0166 | Date Created: 12/2/2004
Scenario Title: 299 USAR C2 Proposal - NORTHWEST

Description:
Closes the Army Reserve facilities located on Vancouver Barracks and Fort Lawton, Washington. Relocates headquarters activities of the 104th Division (Institutional Training) and the 70th Regional Readiness Command to Fort Lewis, WA. Consolidates the footprint of two major C2 headquarters into one location. Positions the 104th Div (IT) closer to primary training facilities. Enhances the mobilization and deployment capabilities of Fort Lewis by stationing major Army Reserve C2, administrative and support capabilities on the installation.

Losing Bases

### Description:

Inactivate the 77th and 99th Regional Readiness Commands. Close the Charles Kelly Support Center (CKSC) and the Neville Island Maintenance Support Facility in Pittsburgh, PA. Closes Building #00330, 00319, 00128 and 00206 at Fort Totten, NY. Closes the SGT J.W. Kilmer USAR Cen in Edison, New Jersey moves units to include HQ 78th Division (Exercise) to Ft Dix, NJ. Closes Carpenter USARC in Poughkeepsie (units are TA reduction). Closes McDonald USARC, Jamaica NY and moves units to Ft Totten, NY. Closes Fi Tilden USARC, Far Rockaway NY and moves units from Willow Grove, PA and relocates Co A/228th Aviation to Fort Dix, NJ. Relocates 244th Aviation Brigade from Ft Sheridan to Fort Dix, NJ. Closes the NYARNG 47th Regiment Armory in Brooklyn and the Brooklyn Armory/OMS 12 (and may include Closing MCRC Brooklyn) and constructs a new AFRC on Fort Hamilton. Closes Equipment Concentration Site 27 on Fort Dix and relocates the ECS 27 mission to the New Jersey National GUAR Mobilization and Training Equipment Site (MATES) joint facility at Lakehurst, New Jersey.

JAST #A022 - This is a USA Proposal that supports DONxx that closes MCRC Brooklyn NY and consolidates into an AFRC on Fort Hamilton (either existing buildings or in a new AFRC with USAR and ARNG). DON approval appears unlikely as the USMC does not believe enough land is available for training at Fort Hamilton. USMC requires a 20 acre securable area for communications satellite dish operation.

### Registered Scenarios

**Scenario #**: USA-0188  
**Date Created**: 12/10/2004  
**Scenario Title**: 272 AFRC Akron-Canton Airport, OH  
**Description**: Close NMCRC Akron, OH and relocate the USMCR unit into the OHARNG facility in Canton, OH. Minimal expansion will be required to accommodate the USMCR unit.

JAST #A060 - This should become a DON proposal xx that Closes NMCRC Akron OH and consolidate USMC units into AFRC Akron-Canton Airport. Consolidate Navy units from NMCRC Akron OH into NMCRC Youngstown OH.

**Reason Scenario was deleted**: On 12/15/2004, Dr. College directed this proposal to be stopped. It does not involve Army units and does not close an Army Installation, using milit judgement this is not an Army BRAC action. DON will submit a proposal that moves the MCR unit into the AFRC.
Scenario # USA-0189  Date Created: 12/10/2004
Scenario Title: 9 AFRC Kingsley Field ANGB, OR
Description:
Closes ORARNG Klamath Falls Armory and move units to a new AFRC on Kingsley Field Air National Guard Base, a Federal property.
JAST #A055 - This is a USA proposal that consolidates ARNG facilities onto an AF (ANG) Installation.

Registered Scenarios

Scenario # USA-0214 Date Created: 12/16/2004
Scenario Title: 68 AFRC Broken Arrow, OK
Description:
Closes the Broken Arrow, Eufaula, Okmulgee, Tahlequa, Haskell, Muskogee, Stilwell, Cushing and Wagoner OKARNG Readiness Centers. Closes the OKARNG Okmulgee Field Maintenance Shop #14. Consolidate all units into a new AFRC in Broken Arrow. Potentially closes the NMCRC in Broken Arrow.

JAST # A075 - This is a joint USA and DON proposal that supports DONxx that Closes NMCRC Tulsa and consolidate to AFRC Broken Arrow.

Scenario #  USA-0219  Date Created:  12/17/2004
Scenario Title:  234 AFRC Pease-Newington, NH

Description:
Closes Paul A. Doble USARC in Portsmouth, Closes Dover, Portsmouth, Rochester, and Somersworth (includes OMS), and realigns various ANG/facilities/units already on Pease NHANG Base.
JAST #A043 This is a USA proposal that consolidates ARNG and USAR facilities onto an AF (ANG Installation).

Losing Bases

DOVER NH ARMORY (DOVER, NH) - Close
HANSCOM FIELD AFRC / AMSA 62 (G) (BEDFORD, NH) - Close
PAUL A DOBLE USARC (PORTSMOUTH, NH) - Close

ROCHESTER ARMORY (ROCHESTER, NH) - Close
SOMERSWORTH ARMORY / OMS 03A (SOMERSWORTH, NH) - Close

Receiving Bases

PEASE NHANG BASE (NH, NH) - Receive

Scenario #  USA-0220  Date Created:  12/17/2004
Scenario Title:  244 JFHQ Wyoming (F.E. Warren AFB), WY

Description:
lose WYARNG Raper (federal land licensed to the WYARNG located on the Cheyenne AFRC complex) and the vacant Thermopolis Readiness Centers, Joint Forces HQs in Cheyenne and OMS # 4 and move units and activities into a new combined JFHQ and AFRC/OM that will include the WY State EOC/NORTHCOM on Warren Air Force Base. Consolidates all WY National Guard units that are in the Cheyenne vicinity into one facility.

JAST # A034 - This is a USA proposal that consolidates ARNG units onto an AF installation.

### Registered Scenarios

**Scenario #**: USAF-0031  
**Date Created**: 12/3/2004  
**Scenario Title**: Relocate USAF Flight Standards Agency and Consolidate MILDEP Flight Agencies

**Description**:
- Relocate the USAF Flight Standards Agency (AFFSA) from Andrews AFB to the Mike Monroney Aeronautical Center (MMAC) at the Will Rogers Airport in Oklahoma City.
- Frees up 38,000 GSF in NCR.
- AFFSA's Det 1 and AFRC squadron already are operating at MMAC.
- MMAC's activities permit synergies with FAA and DoD (TERPS, ATCALS Mx).

**Losing Bases**
- Andrews AFB (Camp Springs, MD) - Realignment
- Ft Belvoir - Engineer Proving Grounds (Alexandria, VA) - Realignment
- Naval Air Station Patuxent River (Patuxent River, MD) - Realignment
- Pentagon (Arlington, VA) - Realignment
- Randolph AFB (Universal City, TX) - Realignment
- Rucker (Fort Rucker, AL) - Realignment
- Tinker AFB (Midwest City, OK) - Realignment

**Losing Activities**
- USAF Flight Standards Agency (AFFSA) - Relocate
- USA Aeronautical Services Agency (USAASA) - Relocate
- USN Air Traffic Control and Combat ID Systems (PMA123) - Relocate
- USMC Aviation Command and Control Branch (APC) - Relocate
- USAF Advanced Instrument School of the 12th Operations Group - Relocate
- USA Air Traffic Services Command (ATSCOM) - Relocate
- Global Air Traffic Operations/Mobility C2 Program Office - Relocate

**Receiving Bases**
- Will Rogers World APT AGS (Oklahoma City, OK) - Receive

**Activities being Received**
- USAF Flight Standards Agency (AFFSA) - Relocate
### Scenario # USAF-0032  
**Date Created:** 12/17/2004

**Scenario Title:** Close Cannon AFB  (S100)

**Description:**

Close Cannon AFB. The 27th Fighter Wing will inactivate. The wing's F-16 aircraft will be distributed to the 115th Fighter Wing (ANG), Dane County Regional APT, Truax Field AGS, (3 PAA, Block 30); 482d Fighter Wing (AFRC) Homestead ARB (3 PAA, Block 30); 150th Fighter Wing (ANG), Kirtland AFB, (3 PAA, Block 30); 301st Fighter Wing (AFRC), Carswell ARS, NAS Fort Worth JRB (9 PAA, Block 30); 354th Fighter Wing, Eielson AFB (8 PAA, B40); and retire (36 PAA, Block 40/50).

**Issue:** Singapore F-16 (Block 52) Squadron must move

**Date Created:**  1/6/2005

**Scenario Title:**  Relocate Misc Air National Guard (ANG) GSU Leased Functions to AF Installations (S900)

**Description:**

Relocate 32 Miscellaneous Air National Guard (ANG) Leased Functions to Air Force Military Installations

Closes 32 GSU installations, and realigns 1.7 million SF of space onto nearby AF Military installations; Returns 300+ leased acres to nearby communities

---

Scenario # | USAF-0103 | Date Created: | 1/6/2005
Scenario Title: | Realign ALQ-184 Centralized Intermediate Repair Facilities (CIRF), 14 to 5 bases (S905)

Description:

Realignment of CIRF for ALQ-184 electronic warfare pod from 14 to 5 AF Bases

CIRF for the ALQ-184 pod will increase maintenance productivity by consolidating and smoothing dispersed random workflows; improve in-shop training and reliability-centered maintenance; enable supported and supporting units to "train like we fight," i.e., operate in CONUS as we do during contingencies; and leverage the strengths of the Future Total Force.

Manpower realignments will:
- Reduce intermediate pod repair personnel slots from 14 installations
- Increase intermediate pod repair personnel slots at the 4 proposed CIRF locations
- Provide personnel slot(s) at the Logistics Support Center (LSC) CIRF Command and Control (C2) Cell

Each ALQ-184 pod CIRF activity will require the Pod Shop facility space specified in AFH 32-1084 (FAC 2116; AF Cat Code 211-157)

Losing Bases

Andrews AFB (Camp Springs, MD) - Realignment
Barksdale AFB (Bossier City, LA) - Realignment
