BRAC 2005 Infrastructure Steering Group (ISG)

Meeting Minutes of December 17, 2004

The Acting Under Secretary of Defense (Acquisition, Technology, and Logistics), Mr. Michael W. Wynne chaired this meeting. The list of attendees is attached.

Mr. Wynne opened the meeting by asking Mr. Pete Potochney, Director of the OSD BRAC Office, to use the attached slides to facilitate the meeting. Mr. Potochney said that it appeared most of the JCSGs would meet the December 20, 2004 deadline for submission of candidate recommendations, albeit with only a handful of candidate recommendations on that date. Mr. Potochney also highlighted the memorandum Mr. Wynne signed on December 14, 2004, which indicated that unless directed to register a scenario by the ISG, the JCSGs should not register any new scenarios after December 20, 2004 without approval from the ISG Chairman.

Mr. Potochney then reviewed the conflict resolution process, requesting that ISG members approve TAB 2 of the ISG’s read ahead package containing the proposed resolutions for all new conflicting scenarios. The ISG concurred, with one exception: General Heckman indicated the Air Force would concur if the ISG removed its ‘proposed resolution’ for the USAF to produce an alternative scenario for HS&A 0031, as the JAST had already resolved the issue.

The ISG next reviewed several Unresolved Scenario Conflicts (E&T 0047 and 0048) involving Little Rock AFB, the Education and Training (E&T) JCSG and the Air Force. Mr. Wynne noted that this would be a good conflict to preview with the Infrastructure Executive Council (IEC) because it reflects how both the Air Force and the E&T JCSG have different, competing strategies as well as different philosophies on how to achieve their respective end-states. After some discussion on the ISG role in conflict resolution, it was agreed that the ISG should attempt to resolve the conflict first, once the analysis is complete, and only formally raise any conflict with the IEC if the ISG could not resolve it. Mr. Wynne also noted that resolution of doctrinal conflicts such as this one will rely heavily on military value, including military judgment.

The ISG then discussed in detail the process that should be used for conflict resolution prior to scenarios being elevated to the IEC level. Consensus was reached that the following procedures would be applied:

- The ISG will discuss and attempt to resolve all conflicts based on complete scenario analysis.
- In the event the ISG does not reach consensus, the Chairman will make a decision based on his assessment of the discussion.
• Any ISG member may appeal the decision of the Chair, in which case the issue will be presented to the IEC for final resolution.

With this process in place, E&T JCSG agreed it would try to complete its analysis of E&T-0047 & 0048, and present any resulting candidate recommendation at the January 7, 2004 ISG meeting.

Mr. Potochney then briefed the IEC Draft Agenda for the meeting scheduled December 20, 2004. It was agreed that the IEC briefing would include discussion of the conflict review process discussed above.

Mr. Potochney continued the briefing by explaining that Mr. H.T. Johnson, former Acting Secretary of the Navy, would lead the BRAC “Red Team” and that the Center for Naval Analysis (CNA) would provide support. Mr. Wynne said the Red Team would serve a quality control function by auditing the analytical basis of each candidate recommendation.

The ISG then discussed wedge allocation rules and reviewed various approaches for wedge allocation. Consensus was reached to value recommendations based on three attributes: transformational or joint characteristics, annual recurring savings, and payback period (faster, not slower, payback being valued higher). Allocation will be determined using a model to maximize value within budget constraints and side constraints that require a minimum service investment in each recommendation.

Approved

Michael W. Wynne
Acting USD (Acquisition Technology and Logistics)
Chairman, Infrastructure Steering Group

Attachments:
1. List of Attendees
2. Briefing slides entitled “BRAC 2005 Briefing to the ISG” dated December 17, 2004
3. Read ahead package used to facilitate meeting which includes the briefing slides and the scenarios divided into 8 categories: Summary of Scenarios Registered, Conflicts Settled, Old Conflicts Settled, Independent, Enabling, Deleted, and Not Ready for Categorization.
Infrastructure Steering Group Meeting
December 17, 2004

Attendees

Members:
- Mr. Michael W. Wynne, Acting Under Secretary of Defense (Acquisition, Technology and Logistics)
- Mr. Philip W. Grone, Deputy Under Secretary of Defense (I&E)
- Mr. Raymond DuBois, Director, Administration and Management (DA&M)
- Hon. Nelson Gibbs, Assistant Secretary of the Air Force (IE)
- Ms. Anne R. Davis, Special Assistant to the Secretary of the Navy for BRAC
- Gen William Nyland, Assistant Commandant of the Marine Corps
- GEN Richard A. Cody, Vice Chief of Staff of the Army
- ADM John Nathman, Vice Chief of Naval Operations

Alternates:
- Maj Gen Gary Heckman, Assistant Deputy Chief of Staff of the Air Force for General Michael Moseley, Vice Chief of Staff for the Air Force
- Dr. Craig College, Deputy Assistant Secretary of the Army (I&A) for the Honorable Geoffrey Prosch, Assistant Secretary of the Army (I&E)
- Maj Gen Robin Scott, Deputy Director for Force Application, Joint Staff, J-8, for General Peter Pace, Vice Chairman, Joint Chiefs of Staff

Education and Training JCSG
- Mr. Charles S. Abell, Chairman, Education and Training JCSG
- Mr. Robert Howlett, Director, Institutional Military Training, OUSD (Personnel and Readiness, Education and Training JCSG)

Headquarters and Support JCSG
- Mr. Don Tison, Chairman, Headquarters and Support
- COL Carla Coulson, Chief of Staff, Headquarters and Service Activities JCSG

Industrial JCSG
- Mr. Jay Berry, Executive Secretary to the Industrial JCSG

Intelligence JCSG
- Mr. Wayne Howard, Senior Strategic Analyst, [BRAC Core Team Facilitator] for Intelligence JCSG
Medical JCSG
- Lt Gen George Taylor, Chairman, Medical JCSG
- Col Mark Hamilton, Executive to the Air Force Surgeon General

Supply and Storage JCSG
- VADM Keith Lippert, Chairman, Supply and Storage JCSG
- CAPT Dave Coderre, Supply and Storage JCSG Navy Lead

Technical JCSG
- Mr. Ron Sega, Chairman, Technical JCSG
- Mr. Al Shaffer, Director, Plans and Systems, Office of the Director, Defense, Research and Engineering

Others:
- Mr. Dennis Biddick, Chief of Staff to the Deputy Assistant Secretary of the Navy (IS&A)
- Mr. Fred Pease, Deputy Assistant Secretary of the Air Force (B&IA)
- Col Dan Woodward, Division Chief, Forces Division, Joint Staff, J-8
- Ms. Deborah Culp, Program Director, Contract Management Directorate, Office of the Inspector General
- CAPT William Porter, Senior Military Assistant to the Under Secretary of Defense (AT&L)
- Mr. Pete Potochny, Director, OSD BRAC
- COL Robert Henderson, Military Deputy, OSD BRAC
- Mrs. Nicole Bayert, Associate General Counsel, Installations and Environment
- Ms. Ginger Rice, Assistant Director, OSD BRAC
- Ms. Laurel Glenn, Action Officer, OSD BRAC

Conflict Review

- As of 12 Nov 04 - 518 Registered Scenarios
  - 48 New Conflicting scenarios
  - Proposed conflict resolutions in coordination

- As of 19 Nov 04 – 569 Registered Scenarios
  - 45 New Conflicting Scenarios
  - 37 proposed conflict resolutions approved at the 3 Dec ISG
  - 8 Unresolved Conflicting Scenarios (to be discussed today)

- As of 26 Nov 04 - 628 Registered Scenarios
  - 27 New Conflicting Scenarios
  - Proposed conflict resolutions in coordination
New Conflict Review

- As of 3 Dec 04 - 717 Registered Scenarios
  - 4 New Conflicting Scenarios
    - Proposed resolutions for all new conflicts settled presented now for approval
  - 57 Not Ready for Categorization
  - 364 Independent
  - 28 Enabling
  - 93 Deleted

Approve proposed resolutions (Tab 2)
Unresolved Scenario Conflict – Little Rock AFB

- **Current Situation**
  - 3 Operational (C130) Squadrons
  - 2 Training (C130) Squadrons (Replacement Trng Units)
  - 1 Air National Guard (C130) Squadron

- **E&T Scenario**
  - Relocate 32nd FTS (T-1) from Vance AFB to Little Rock AFB (E&T-0047 & 0048)
  - Rationale – Combines pilots at different levels of training, realigns T-1s to 3 locations, provides one entire base worth of Flight Training capacity for elimination

- **Air Force Scenario**
  - Realign Dyess AFB, TX by relocating 2 C-130H Squadrons to Little Rock AFB, AR. (USAF-0018)
  - Rationale – concentrates C-130s at fewer locations/closes one bomber base
Unresolved Scenario Conflict – Little Rock AFB

Nature of Conflict

- Facilities – (E&T-0047, 0048 & USAF-0018)
  - Potentially insufficient capacity to accommodate all scenarios
- Doctrine – (E&T-0047 & 0048)
  - UFT with operational units
  - New trng concept not discussed with USAF

Proposed Resolution

- Facilities
  - Continue with original scenarios
  - Direct E&T and USAF to develop and analyze scenarios that do not add force structure to Little Rock AFB.
- Doctrine
  - Continue with analysis of original scenarios
  - Defer resolution of conflict until after analysis complete and we know whether candidate recommendations conflict

Same issue as discussed at December 3rd ISG
Unresolved Scenario Conflict – Tinker AFB

- **Current Situation**
  - 1 USAF Wing - E3 (AWACS)
  - 2 USN E6 Operational Squadrons
  - 1 USN E6 Trng Squadron
  - 1 Air Force Reserve KC-135 Squadron

- **E&T Scenario**
  - Relocate the 71st (T-1 portion) and 32nd Flying Training Squadron (FTS) from Vance AFB to Tinker AFB. (E&T-0008) *(has subsequently been deleted)*
  - Relocate 32nd FTS (T-1) from Vance AFB to Tinker AFB (E&T-0047 & 0048)
  - Rationale – Combines pilots at different levels of training, realigns T-1s to 3 locations, provides one entire base worth of Flight Training capacity for elimination

- **S&S Scenario**
  - Inventory control point and Strategic Distribution Center consolidations at Tinker (S&S-0006 and 0012 respectively)
Unresolved Scenario Conflict – Tinker AFB

Nature of Conflict

• Facilities – (E&T-0047 & 0048 & S&S-0006 & 0012)
  - Potentially insufficient capacity to accommodate all scenarios

• Doctrine – (E&T-0047 & 0048)
  - UFT with operational units
  - New trng concept not discussed with USAF

Proposed Resolution

• Facilities
  - Continue with original scenarios
  - Direct E&T, S&S, and USAF to develop and analyze scenarios that do not add force structure to Tinker AFB.

• Doctrine
  - Continue with analysis of original scenarios
  - Defer resolution of conflict until after analysis complete and we know whether candidate recommendations conflict

Same issue as discussed at December 3rd ISG
Unresolved Scenario Conflict – USAF Academy

- **Current Situation**
  - Air Force Academy is an undergraduate institution

- **E&T Scenario**
  - Relocate the Air War College and the Air Command and Staff College to the Air Force Academy. (E&T-0024)
  - Relocate the Air Force Institute of Technology’s (AFIT) graduate level education to the Air Force Academy. (E&T-0023)
  - Rationale: Eliminates need for educational program support resources and supports cross flow of faculty for undergraduate and graduate level programs. Maximizes academic synergies. Reinforces officer development.

- **Air Force Position**
  - Air Force objects to continuing with E&T-0024; drops objection to E&T-0023.
  - Center of Excellence already established for Air-Centric Studies. Synergy already exists with co-located Intermediate/Senior Level College
  - Consolidation of PME and leader development education at a single site (i.e. Maxwell AFB) provides a continuity of education experiences which facilitate and enhances force development outcomes necessary to sustain the Air Force into the future
Unresolved Scenario Conflict – USAF Academy

Nature of Conflict

- Doctrine – (E&T-0024)
  - AF objects to co-locating AWC and ACSC PME to the Air Force Academy because it dismantles the synergy of the existing single-site, PME, and leader development education “Center of Excellence”

Proposed Resolution

- Continue analysis of original scenario
- Defer resolution of conflict until after analysis complete and we know whether there is a candidate recommendation

Resolution will apply to similar doctrine conflicts
IEC Draft Agenda (20 Dec 1415-1500)

- Process Overview/Timeline
- BRAC 2005 Leadership and Organization
  - IEC Role
  - CoCom Involvement
- Force Structure Plan
- Homeland Defense
- Statutory Surge Requirements
- Conflict Review and Resolution
- Scenario Snapshot
BRAC “Red Team”

- H. T. Johnson assembling team
- CNA to provide support
- Task: Audit the analytical basis of each candidate recommendation to see if department “substantially deviated” from the force structure plan or selection criteria
- Report to IEC Executive Secretary
Assumptions

- Wedge plus (increased) near-term savings fund BRAC implementation.
- Wedge funding will be maintained.
- Wedge allocated to recommendations, not entities.
- If wedge exceeds costs, implementation will be accelerated.
- If costs exceeds wedge, MilDeps and Defense Agencies will fund shortfall.
- Global Posture moves with basing selection within BRAC are not wedge candidates. Funding provided pursuant to PDM I.

Rules of Engagement

- Pre-dominant action governs the rating of the scenario.
- Enabling scenarios receive the same rating as the initial scenario rating.
- Shifting of workload equals a consolidation.
- Reduction of excess capacity equals a consolidation.
- Global Posture scenarios will receive a zero rating.
Wedge Allocation

- Two-Step Process
  - Valuation
    - Value recommendations based on attributes that reflect DoD priorities
  - Allocation
    - Allocate funding based on valuation

- DASs have developed conceptual options for each step
Valuation Options – Step 1

- Option 1: Value recommendations based on cash-flow only
  - Net savings during 6 year implementation
    - Those that produce more savings faster are valued higher

- Option 2 – Value recommendations based on three attributes:
  - Transformational or joint characteristics
    - Those with more transformational or joint characteristics valued higher
  - Annual recurring savings
    - Those that produce more savings are valued higher
  - Payback period
    - Those that payback slower are valued higher because they need incentives; or
    - Those that payback faster are valued higher because they produce cash-flow to fund others
Allocation Options – Step 2

- Option 1
  - Rank recommendations based on value score
  - Fund the most valuable first, continuing down the ranking until the wedge is exhausted

- Option 2
  - Use model to maximize value within a budget constraint

- Option 3
  - Use model to maximize value within
    - A budget constraint, and
    - Side constraints that require a minimum service investment in each recommendation (e.g., 45% as expressed in wedge development)
Recommendation

Value recommendations based on three attributes:

- Transformational or joint characteristics
  - Those with more transformational or joint characteristics valued higher

- Annual recurring savings
  - Those that produce more savings are valued higher

- Payback period
  - Those that payback slower are valued higher because they need incentives

Allocate using a model to maximize value within

- A budget constraint, and
- Side constraints that require a minimum service investment in each recommendation (e.g., 45% as expressed in wedge development)

DASs will develop details and present for ISG approval
Next Steps

- Next meeting 7 Jan 05
- Issues for Senior Leadership?
- First batch of Candidate Recommendations
MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS CHAIRS, JOINT CROSS SERVICE GROUPS (JCSG)

SUBJECT: Read Ahead Material for the December 17, 2004, ISG Meeting

The Infrastructure Steering Group will meet on December 17, 2004, at 10:30 a.m. in 3D-1019. The meeting will focus on the status of the Force Structure Plan, Scenario Conflict Review, IEC Agenda, BRAC Red Team and Wedge Allocation Rules.

For your advance preparation, I am attaching the briefing slides and backup materials on all the scenarios. The attached package includes all 717 scenarios registered in the tracking tool as of December 6, 2004 (TAB 1). The section entitled “New Conflicts Settled” includes new scenario conflicts on which the DASs and affected JCSGs agree regarding the proposed resolution (TAB 2). Absent objections at the meeting, the proposed resolutions will be deemed approved by the ISG. Three contested conflict resolutions are to be presented at the December 17th meeting. The details of the conflict (facilities and doctrinal) appear in the ISG briefing (slides 6-11).

Details of the remaining scenarios, by category (Old Conflicts Settled, Independent, Enabling, Deleted, and Not Ready for Categorization), are provided on a disc at TAB 3-7.

New Conflicts Settled
**Scenarios Involved**

- Establish a single Army inventory control point at Detroit Arsenal (S&S-0037)
- Consolidate services and DLA inventory control points at 3 locations that includes Detroit Arsenal (S&S-0039)
- Close Detroit Arsenal; consolidate functions at Army Garrison Selfridge (USA-0007)

**Conflicts**

**New**
- Force Structure – (S&S-0037 & 0039 & USA-0007)

**Previous**
- Other - Authority

**Proposed Resolutions**

**New**
- Continue with original scenarios (S&S-0037 & 0039)
- S&S already has scenarios (S&S-0033 & 0038) that uses other locations (S&S-0037 & 0039)

**Previous**
- USA to amend to clarify scenario does not involve JCSG functions.
- Direct TECH JCSG to develop a scenario moving technical functions from Detroit Arsenal
### Scenarios Involved
- Close NA Newport (DoN-0039)
- Relocate W&A RDAT&E to 3 core sites that include NS Newport (TECH-0002)
- Consolidate C4ISR technical facilities into 15 sites that include NS Newport (TECH-0008)
- Relocate W&A RDAT&E to 3 core sites that include NS Newport (TECH-0018)
- Relocate Underwater weapons RDAT&E to NS Newport (TECH-0028)
- Close Warwick USARC & OMS and Bristol USARC, realigns 1 Harwood USAR and realigns Providence NMCRC and consolidates onto a new AFRC on NS Newport (USA-0158)

### Conflicts
#### New
- Force Structure – (DoN-0039, TECH-0002, 0008, 0012, 0018, 0027 & 0028 & USA-0158)

#### Previous
- Force Structure – (DoN-0039, TECH-0002, 0008, 0012, 0018, 0027 & 0028)

### Proposed Resolutions
#### New
- Continue with original scenario (USA-0158)
- Direct USA to develop and analyze a scenario that does not use NS Newport (USA-0158)

#### Previous
- Continue with original scenarios - (DoN-0039, TECH-0002, 0008, 0012, 0018, 0027 & 0028)
- Direct TECH to develop and analyze scenarios that do not use NS Newport (DoN-0039, TECH-0002, 0008, 0012, 0018, 0027 & 0028)
## USAF-0031 – Will Rogers Airport AGS

**Registered Scenarios**

**Scenario #**  
S&S-0037

**Date Created:**  
11/30/2004

**Scenario Title:**  
Establish a Single Army Inventory Control Point at Detroit Arsenal, MI

**Description:**

Establish a Single Army Inventory Control Point (AICP) by consolidating the inventory management and related support functions from the three Army Commands (AMCOM, CECOM, and TACOM) at Detroit Arsenal, MI. This allows the Army to have one inventory Control Point (ICP) providing inventory management functions at one location. Additionally, this proposal also consolidates related supporting contracting functions at Detroit Arsenal, MI.

### Registered Scenarios

**Scenario #** S&S-0039  
**Date Created:** 12/2/2004  
**Scenario Title:** Consolidate Service and DLA ICPs to minimize excess capacity  
**Description:**

Consolidate all Service and DLA ICPs to maximize military value and appropriately utilize existing capacity.

- **Losing ICPs:** Ft Huachuca (CSLA), Rock Island Arsenal (TACOM-ICP), Soldier System Command (TACOM-ICP), Lackland AFB-NICP, MCLB Albany, Redstone Arsenal (AMCOM-ICP)

- **Gaining ICPs:** Ft Monmouth (CECOM-ICP), Tinker AFB-NICP, Robins AFB-NICP, Detroit Arsenal (ILSC)

- **Unaffected ICPs:** Hill AFB-NICP, DSC-Richmond, DSC-Philadelphia, DSC-Columbus, NAVICP Philadelphia, NAVICP Mechanicsburg

---

### Losing Bases

- Huachuca (Fort Huachuca, AZ) - Realignment
- Lackland AFB (San Antonio, TX) - Realignment
- Marine Corps Logistics Base Albany (Albany, GA) - Realignment
- Redstone (Huntsville, AL) - Realignment
- Rock Island (Rock Island, IL) - Realignment

Registered Scenarios

**Scenario #** TECH-0002  **Date Created:** 10/4/2004

**Scenario Title:** Relocate W&A RDAT&E to 3 primary & 2 specialty with weapons from PAX & Pt. Mugu to China Lake

**Description:**

Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship weapon systems integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. Definitions:

In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and/or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

**Losing Bases**

Aberdeen (Aberdeen, MD) - Realignment

Adelphi (Adelphi, MD) - Realignment

Registered Scenarios

Scenario #: TECH-0018  Date Created: 10/25/2004
Scenario Title: Relocate W&A RDAT&E to 3 Primary & 4 specialty; retain/relocate energetics at Indian Head

Description:
Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship system/combat system integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. Retain energetic materials capabilities at Indian Head and relocate energetic materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.

Definitions:
In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment

Adelphi (Adelphi, MD) - Realignment

Belvoir (Fort Belvoir, VA) - Realignment

Crystal City Lease (Arlington, VA) - Realignment

Scenario # DON-0084 Date Created: 10/13/2004
Scenario Title: Close NAS JRB Willow Grove, PA; Relocate to McGuire AFB, NJ
Description:

1. Close base operations at NAS JRB Willow Grove, PA.
2. Relocate VR 64, VR 52, C-12 aircraft, HMH 772, MWSS 472, MAG 49, MALS 49, and AIMD to McGuire AFB, NJ, to include required personnel, equipment, and support.
3. Relocate Naval Air Reserve to McGuire AFB, NJ, to include required personnel, equipment, and support.
4. Relocate FISC Norfolk Detachment to Naval Station Norfolk, VA, to include required personnel, equipment, and support.
5. Relocate FISC San Diego Detachment to Naval Station San Diego, CA, to include required personnel, equipment, and support.
6. Relocate RIA 16 to Fort Dix, NJ, to include required personnel, equipment, and support.
7. Disestablish NATNAVMEDCEN Bethesda MD function BMC WILLOW GROVE DMIS 0347.
8. Disestablish NATNAVMEDCEN Bethesda, MD function BDC WILLOW GROVE DMIS 1738
9. Relocate/consolidate all Army activities, as determined by the Army BRAC Office, to include required personnel, equipment, and support.
10. Relocate/consolidate all Air Force activities, as determined by the USAF BRAC Office, to include required personnel, equipment, and support.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:
Require coordination for relocation to McGuire AFB, NJ from Air Force BRAC Office.
Need enabling scenario for Air Force activities from Air Force BRAC Office.
Air Force POC LtCol Tom Laffey, (703)-614-7012, tom.laffey@pentagon.af.mil.
Need enabling scenario for Army activities from Army BRAC Office.

Losing Bases
Joint Reserve Base Willow Grove (Willow Grove, PA) - Close

Receiving Bases
Dix (Fort Dix, NJ) - Receive
McGuire AFB (Wrightstown, NJ) - Receive
Naval Station Norfolk (Norfolk, VA) - Receive
Naval Station San Diego (San Diego, CA) - Receive

Losing Activities
FISC_NORFOLK_DET_WILLOW_GROVE_PA - Relocate
FISC_SAN_DIEGO_WILLOW_GROVE_PA - Relocate
NAS_JRB_WILLOW_GROVE_PA - Disestablish
NAVAIRES_WILLOW_GROVE_PA - Relocate

Activities being Received
NAS_JRB_WILLOW_GROVE_PA

**Scenario #** | E&T-0010  
**Date Created:** | 9/20/2004  
**Scenario Title:** | Establish a Joint Urban Ops Training Center of Excellence  
**Description:**

Establish a Joint Urban Operations Training Center of Excellence at a suitable installation proposed for closure by one of the Services. Privatize the management, operation and maintenance of the facility (GOCO). Provide a “turn key” facility meeting all Service and Joint Urban Operation live training requirements. Establish an OSD executive agent to coordinate use and oversee contractor.

No Losing or gaining installations
### Registered Scenarios

**Scenario #** E&T-0012  
**Date Created:** 10/8/2004  
**Scenario Title:** Realign DRMI with DAU at Ft. Belvoir, VA

**Description:**
Realign Monterey, California by moving the Defense Resource Management Institute to Ft Belvoir, Virginia and consolidating with the Defense Acquisition University at Ft. Belvoir, Virginia. The Defense Resource Management Institute will remain an independent educational function but will fall under the Defense Acquisition University chain of command and will combine all common support requirements with the Defense Acquisition University. The intent of this scenario is to co-locate the Defense Resource Management Institute with its parent organization, the Defense Acquisition University. If the Defense Acquisition University is relocated the Defense Resource Management Institute will follow.

**Scenario Title:**
Establish Joint Center of Excellence for Culinary Training

**Description:**
Realign Fort Lee, VA by establishing a Joint Center of Excellence for Culinary Training. Realign Lackland AFB, TX, Great Lakes, IL and Marine Corps Base Camp Lejeune, N.C. by relocating all Culinary Training courses taught there to Fort Lee, VA. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

### Losing Bases
- Lackland AFB (San Antonio, TX) - Realignment
- Naval Station Great Lakes (Great Lakes, IL) - Realignment

### Losing Activities
- 365th Squadron (Culinary School only) - Relocate
- NAVTECHTRACEN Culinary Courses - Relocate
- SERVSCOLCOM Great Lakes - Relocate

### Receiving Bases
- Lee (Fort Lee, VA) - Receive

### Activities being Received
- 365th Squadron (Culinary School only)
- NAVTECHTRACEN Culinary Courses
- Quartermaster School and Center
- SERVSCOLCOM Great Lakes
**Registered Scenarios**

**Scenario #** E&T-0023  
**Date Created:** 10/29/2004  
**Scenario Title:** Consolidate NPS and AFIT with Service Academies

**Description:**

Realign Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH by moving the Air Force Institute of Technology graduate level education to the United States Air Force Academy, Colorado Springs, CO and consolidating with the United States Air Force Academy. Realign Professional Development Education graduate level education at Naval Post Graduate School at Monterey, CA by moving the Naval Post Graduate School graduate level education to Naval Station Annapolis, MD and consolidating with the United States Naval Academy.

This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH and from Monterey, CA. Services are responsible for identifying and retaining the most militarily relevant curricula and outsourcing non-military specific curricula where possible.

**Losing Bases**

- Naval Postgraduate School (Monterey, CA) - Realignment
- Wright-Patterson AFB (Fairborn, OH) - Realignment

**Receiving Bases**

- Naval Station Annapolis (Annapolis, MD) - Receive
- United States Air Force Academy (Colorado Springs, CO) - Receive

**Losing Activities**

- Naval Post Graduate School - Relocate
- Air Force Institute of Technology - Relocate

**Activities being Received**

- Naval Post Graduate School
- Air Force Institute of Technology
Registered Scenarios

Scenario # E&T-0024  Date Created: 10/29/2004
Scenario Title: Realign Service ILC and SSC with Service Academies

Description:
Realign Carlisle Barracks, PA and Fort Leavenworth, KS by moving the United States Army War College and the United States Army Command and Staff School to West Point, NY and realign with the United States Military Academy. Realign Maxwell Air Force Base, AL by moving the Air War College and the Air Command and Staff College to the United States Air Force Academy, Colorado Springs, CO and realign with the United States Air Force Academy. Realign Naval Station Newport, RI by moving the College of Naval Warfare and the Naval Command and Staff College to Naval Station Annapolis, MD and realign with the United States Naval Academy.

The United States Army War College and the United States Army Command and Staff School will remain independent educational functions, but will report to the United States Military Academy chain of command and will combine all common support requirements with the United States Military Academy. The Air War College and the Air Command and Staff College will remain independent educational functions, but will report to the United States Air Force Academy chain of command and will combine all common support requirements with the United States Air Force Academy. The College of Naval Warfare and the Naval Command and Staff College will remain independent educational functions, but will report to the United States Naval Academy chain of command and will combine all common support requirements with the United States Naval Academy.

Losing Bases
- Carlisle (Carlisle, PA) - Realignment
- Leavenworth (Fort Leavenworth, KS) - Realignment
- Maxwell AFB (Montgomery, AL) - Realignment
- Naval Station Newport (Newport, RI) - Realignment

Receiving Bases
- Naval Station Annapolis (Annapolis, MD) - Receive
- United States Air Force Academy (Colorado Springs, CO) - Receive
- West Point (West Point, NY) - Receive

Losing Activities
- United States Army War College - Relocate
- United States Army Command and Staff School - Relocate
- Air Command and Staff College - Relocate
- Air War College - Relocate
- College of Naval Warfare - Relocate
- Naval Command and Staff College - Relocate

Activities being Received
- College of Naval Warfare
- Naval Command and Staff College
- Air Command and Staff College
- Air War College
- United States Army Command and Staff School
- United States Army War College
**Scenario #** E&T-0026  
**Date Created:** 11/10/2004  
**Scenario Title:** Consolidate SLCs at Ft McNair  
**Description:**

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C. by moving the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College to Fort McNair, Washington D.C. and consolidate with the National War College and the Industrial College of the Armed Forces as a single school under the National Defense University.

Senior level education will be provided a single Department of Defense School under the National Defense University. The consolidated school will maintain educational tracks focusing on Land Warfare, Maritime Warfare, Air Warfare, and Expeditionary Warfare. The scenario will disestablish all individual Service senior level education. The curriculum will be controlled by the Chairman of the Joint Chiefs of Staff. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

**Description:**

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; and Marine Corps Base Quantico by moving the United States Army War College, Air War College, and the College of Naval Warfare to Marine Corps Base Quantico, VA. Realign the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University.

Realignment Fort McNair, Washington D.C. by moving the National War College and the Industrial College of the Armed Forces to Marine Corps Base Quantico, VA.

Senior level education will be provided by multiple colleges under the National Defense University. The National War College and the Industrial College of the Armed Forces are being moved in order to co-locate with the other SLCs and will maintain their current chain of command. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

**Losing Bases**

- Carlisle (Carlisle, PA) - Realignment
- Maxwell AFB (Montgomery, AL) - Realignment
- McNair (Washington, DC) - Realignment
- Naval Station Newport (Newport, RI) - Realignment

**Receiving Bases**

- Marine Corps Base Quantico (Quantico, VA) - Receive

**Losing Activities**

- United States Army War College - Relocate
- Air War College - Relocate
- Industrial College of the Armed Forces - Relocate
- National War College - Relocate
- College of Naval Warfare - Relocate

**Activities being Received**

- Air War College
- Army War College
- College of Naval Warfare
- Industrial College of the Armed Forces
- Marine Corps Base Quantico
- Marine Corps War College
- National War College
### Registered Scenarios

**Scenario #** E&T-0034  
**Date Created:** 11/10/2004  
**Scenario Title:** Realign SLCs under NDU and co-locate at Fort Eustis

**Description:**

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; and Marine Corps Base Quantico by moving the United States Army War College, Air War College, College of Naval Warfare and Marine Corps War College to Fort Eustis, VA and realigning under the National Defense University. Realign Fort McNair, Washington D.C. by moving the National War College and the Industrial College of the Armed Forces to Fort Eustis, VA.

Senior level education will be provided by multiple colleges under the National Defense University. The National War College and the Industrial College of the Armed Forces are being moved in order to co-locate with the other SLCs and will maintain their current chain of command. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. Scenario # | E&T-0046 | Date Created: | 11/19/2004
Scenario Title: | Cooperative: Realign and Consolidate DoD Undergraduate Pilot and NAV / NFO / CSO Training

Description:

Realign Randolph AFB, Moody AFB, NAS Whiting Field by the following actions:

- Consolidate Undergraduate Pilot Training at Columbus AFB, NAS Corpus Christi, NAS Kingsville, Laughlin AFB, NAS Meridian, Sheppard AFB and Vance AFB.
- Consolidate Undergraduate NFO / CSO training at NAS Pensacola by establishing a DoD Undergraduate Navigator, Combat Systems Officer, and Naval Flight Officer Center of Excellence.
- Consolidate Undergraduate Rotary Wing training by establishing a Joint Rotary Wing Training Center of Excellence at FT Rucker.

Gain: Columbus AFB (T-38), NAS Corpus Christi (T-1), NAS Kingsville (T-45), Laughlin AFB (T-6), NAS Meridian (T-6, T-34), Sheppard AFB (T-37, T-6, T-1, T-38) and Vance AFB (T-6), NAS Pensacola (T-6, T-1, T-43), FT Rucker (TH-57)

Lose: Randolph AFB (T-37, T-6, T-1, T-38), Moody AFB (T-6, T-38), NAS Whiting (T-34, TH-57), NAS Meridian (T-45), NAS Corpus Christi (T-34)

VT-6 (approx 345 students / year)
### Scenario 
**Scenario Title:** #1: Realign and Consolidate Undergrad Pilot, NAV/ NFO/CSO Training & Realign Adv Jet with JSF ITS

#### Description:
Realign NAS Corpus Christi, NAS Meridian, Moody AFB, NAS Whiting Field by the following actions:
- Consolidate Undergraduate Primary Training programs at NAS Kingsville, Laughlin AFB, NAS Pensacola and Vance AFB.
- Realign Advanced phases of Undergraduate Pilot Flight Training with appropriate FRS /FTU at Little Rock AFB, Altus AFB, Tinker AFB, NAS Jacksonville, and Columbus AFB.
- Establish the Initial Training Site for JSF at Columbus AFB.
- Consolidate Undergraduate Rotary Wing training by establishing a Joint Rotary Wing Training Center of Excellence at FT Rucker.

Gain: NAS Kingsville (T-6), Laughlin AFB (T-6), NAS Pensacola (T-1, T-43, T-6), Vance AFB (T-6), Little Rock AFB (T-1), Altus AFB (T-1), Tinker AFB (T-1), NAS Jacksonville (TC-12, T-44), Columbus AFB (T-38, JSF), Sheppard AFB (T-38) and FT Rucker (TH-57)

Lose: Randolph AFB (T-1, T-6, T-43), NAS Corpus Christi (T-34, T-44, TC-12), NAS Meridian (T-45), Moody AFB (T-38, T-6), NAS Whiting Field (T-34, TH-57), Laughlin AFB (T-38, T-1), Vance AFB (T-38, T-1), and Columbus AFB (T-1).

**Description:**

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO and consolidate them at Ft Sam Houston in the San Antonio Geo-cluster; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO and consolidate each Active and Reserve Military Personnel Center within each Service and co-locating all three Service Military Personnel Centers at Randolph Air Force Base TX in the San Antonio Geo-cluster, current location of the Air Force Personnel Center (AFPC).

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indinapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (MiliPers functions) occupies ~250,031 SF; ~30,831 SF determined as available excess; scenario requires an additional ~55,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCSA Kansas City = 237,539 SF. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

### Registered Scenarios

**Scenario #** HSA-0005 | **Date Created:** 9/23/2004

**Scenario Title:** GC-MPC-0010: Dc: I: Consolidate/Co-locate All Military Personnel Centers at Ft Leavenworth

**Description:**

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; the military personnel functions from Air Force Personnel Center (AFPC) at Randolph Air Force Base TX and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO by consolidating all Active and Reserve Military Personnel Centers within each Service and co-locating all four Service Military Personnel Centers at Fort Leavenworth KS.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Leavenworth so no excess is available. Scenario requires ~1,702,600 SF for incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA Millington = 337,766 SF. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCB Quantico = 198,916 SF. Space made available at Randolph AFB = 200,025. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

Registered Scenarios

Scenario #  HSA-0008  Date Created:  9/23/2004
Scenario Title:  GC-MPC-0013: Dc: I: Consolidate/Co-locate AF Personnel and Recruiting at Randolph AFB

Description:

Realign Buckley Annex CO by consolidating the Air Reserve Personnel Center (ARPC) with the Air Force Personnel Center (AFPC) at Randolph AFB TX.

Realign leased space at Warner-Robins AFB GA by co-locating Air Force Reserve Recruiting Service with Air Force Recruiting Service at Randolph AFB TX. Co-locate with the consolidated Air Force Personnel Center.

ADDITIONAL INFO: AFPC (MilPers functions only) currently occupies ~250,031 SF; ~30,831 SF has been determined as available excess. AF Recruiting currently occupies ~47,802 SF with no calculated excess (actual shortage of ~2,198 SF). Scenario requires an additional ~77,967 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HAS-0018. Space made available at Robins AFB = 28,000 SF.

Losing Bases
Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
Robins AFB (Warner Robins, GA) - Realignment

Receiving Bases
Randolph AFB (Universal City, TX) - Receive

Losing Activities
Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate
Air Force Reserve Recruiting Service - Co-locate

Activities being Received
Air Force Personnel Center (AFPC) (Consolidate military personnel functions) (Co-locate with Air Force Recruiting functions)
Air Force Recruiting Service (to Co-locate with Air Force Reserve Recruiting Service and Consolidated Air Force military personnel functions)

**Scenario #** HSA-0025  
**Date Created:** 10/6/2004  
**Scenario Title:** MOB-MOB-0001: Establish Joint Mobilization Site Dix/McGuire/Lakehurst

**Description:**

Realign Aberdeen Proving Ground, Washington Navy Yard, SUBASE Groton, McGuire AFB by consolidating at a newly established joint mobilization processing center at Ft Dix.

**Justifications/Impact:**
- 9 locations for transportation within 100 miles.
- Billeting available for 6849 personnel.
- Over 200 buildable acres, 2085 training acres and 5276 unconstrained acres.
- Significant dining, billeting, medical, storage infrastructure existing.

**Losing Bases**

- Aberdeen (Aberdeen, MD) - Realignment
- McGuire AFB (Wrightstown, NJ) - Realignment
- Naval Submarine Base New London (Groton, CT) - Realignment
- Washington Navy Yard (Washington, DC) - Realignment

**Receiving Bases**

- Dix (Fort Dix, NJ) - Receive

# Registered Scenarios

**Scenario #** HSA-0036  
**Date Created:** 10/14/2004  
**Scenario Title:** MAH-R&RC-0007: Co-locate Service Reserve Commands

## Description:

Realignment Ft McPherson, GA, Robins AFB, GA and NSA New Orleans, LA, by co-locating the Service Reserve Commands of the Army, Air Force, Navy and Marine Corps, respectively, at Robins AFB, GA. MPC-0001, 0010, 0012, COCOM-0008, 0009 and USA 0112 enables the closure of NSA New Orleans and Ft McPherson by consolidating Human Resource Commands and Centers as well as relocating or co-locating FORSCOM from Ft McPherson. 
Enhances Joint Service RC interoperability. 
Reduce footprints: 30.4k gsf (7% CS factor)  
Reduce lease space costs: USARC (58,369 gsf).  
Merge common support functions: 152 per. (7% CS factor).  
Reduce duplicative staffing.  
Potential to close NSA New Orleans (MPC-0001, 0010, 0012) and Ft McPherson (COCOM-0008, 0009 and USA 0112).  
59.6 administrative buildable acres available.  
Required maximum acreage: 36.  
Total personnel relocated: 2,025.  

Conflicted: Scenario conflicts with DoN-0068.  
Deconflicted with HAS-0041 alternates, HAS-0094 and HSA-0120.

## Losing Bases

- McPherson (Atlanta, GA) - Realignment  
- Naval Support Activity New Orleans (New Orleans, LA) - Realignment

## Losing Activities

- U.S. Army Reserve Command - Co-locate  
- COMMARFORRES - Co-locate  
- COMNAVRESFORCOM - Co-locate

## Receiving Bases

- Robins AFB (Warner Robins, GA) - Receive

## Activities being Received

- COMMARFORRES  
- COMNAVRESFORCOM  
- U.S. Army Reserve Command

Scenario #  HSA-0080  Date Created:  10/21/2004

Scenario Title:  MOB-MOB-0006: Joint Mobilization Sites: Bliss, Campbell, Dix, Lewis, McCoy, Sill, Shelby, Atterbury,

Description:

Realign Gowen Field, Ft Knox, Ft Jackson, Ft Lee, Ft Huachuca, APG, Ft Rucker, Ft Eustis, Bangor NSB, Groton NSB, McGuire AFB and McChord AFB mob processing operations.

Transfer/Consolidate into newly established Joint Mob/reserve training center sites at Ft Bliss, Ft Dix, Ft Lewis, Ft McCoy, Ft Sill, Ft Leonard Wood, Ft Campbell, Camp Shelby, and Camp Atterbury.

Justification/Impact

- Army G-3 proposed primary mobilization sites.
- Joint Mob Processing Sites would enhance deployment capabilities for all services.
- Buildable acres, training acres and unconstrained acres are available for expansion.
- Billeting available for personnel along with dining, medical, storage infrastructure available.
- A large number of training ranges available for unit maneuver and individual qualification.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
Eustis (Fort Eustis, VA) - Realignment
Huachuca (Fort Huachuca, AZ) - Realignment

Scenario #    HSA-0089  Date Created: 10/28/2004

Scenario Title: MAH-MAH-0036 (Dc): Consolidate Defense Information Systems Agency (DISA) within DC Area - Alternate

Description:
Close 5 leased locations and realign 4 leased locations and Arlington Service Center (Navy) by consolidating components of DISA at Ft. Belvoir.

Justification/Impact:
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Fort Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Losing Bases

5600 Columbia Pike, Falls Church, VA (Falls Church, VA) - Close
Arlington Service Center (Arlington, VA) - Realignment
Crystal Gateway 3; Arlington; VA (Arlington, VA) - Realignment
Fern Street Warehouse; Arlington; VA (Arlington, VA) - Close
Hoffman 1; Alexandria; VA (Alexandria, VA) - Realignment
Joint Spectrum Center; Annapolis; MD (Annapolis, MD) - Close
Northpoint Building; Sterling; VA (Sterling, VA) - Close
Skyline Five; Falls Church; VA (Falls Church, VA) - Realignment
Skyline Four ; Falls Church; VA (Falls Church, VA) - Realignment
Skyline Place (Skyline VII); Falls Church; VA (Falls Church, VA) - Close

Losing Activities

Defense Information Systems Agency (DISA) - Consolidate

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Activities being Received

Date Created: | 11/4/2004
Scenario Title: | MAH–COCOMs–0011: Realign SOUTHCOM HQ

Description:
Realign SOUTHCOM HQ by purchasing SOUTHCOM HQ's leased facility and land in Miami, FL. Reduces leased space/costs for 239,714 GSF. Enhances AT/FP.
In addition to utilizing main HQ building, MILCON will be required in order to move personnel (372) from satellite facilities onto main campus.

**Scenario Title:** MAH-MAH-0044 (Alt to MAH-0028): Consolidate NAVAIR

**Description:**

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to a single, AT/FP compliant leased location.

**Justification/Impact:**
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- The exact location of new, leased space is determined by a competitive bidding procurement process.

## Registered Scenarios

**Scenario #** HSA-0107  
**Date Created:** 10/21/2004

**Scenario Title:** MAH-MAH-0042 (Alt to MAH-0009): Consolidate/Co-locate Inst Mgmt Agencies and Army Service Providers

**Description:**

- Realign 1 leased location in Arlington, Virginia by re-locating USA Installation Management Agency (IMA) to Aberdeen Proving Ground (APG).
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at APG.
- Realign Ft. McPherson and Ft. Monroe by consolidating regional offices of IMA with new IMA HQ at APG, forming an IMA Eastern Region.
- Realign Ft. Sam Houston by consolidating IMA regional office with existing office at Rock Island Arsenal (RIA), forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at APG.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at RIA.
- Realign 1 leased location in Arlington, Virginia, Ft. Monroe, and Ft. McPherson by consolidating USA NETCOM HQ and regional offices to form NETCOM Eastern Region at APG.
- Realign Ft. Sam Houston by consolidating NETCOM regional office with existing office to form NETCOM Western Region at RIA.

**Justification/Impact:**

- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.
- Rock Island Arsenal – Capacity TBD.

Scenario # HSA-0111  Date Created: 11/12/2004
Scenario Title: GC-MPC-0015: Dc: I: Consolidate Air Force Personnel Functions at Randolph AFB TX

Description:

Consolidate existing AF Personnel Center at Randolph AFB TX, AF Reserve Personnel Center in Denver CO (Buckley Annex), AFMC's Interim Personnel Centers at Hill AFB UT, Robins AFB GA, Wright-Patterson AFB OH, Tinker AFB OK and 11th Wing's Interim Personnel Center at Bolling AFB DC at a single location at Randolph AFB TX.

NOTE: This is being analyzed as an AF-requested scenario. AF must conduct any required de-confliction.

Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HAS-0018. Space made available at Bolling = 5,504 SF. Space made available at Hill AFB = 29,382 SF. Space made available at Wright Patterson AFB = 56,284 SF. Space made available at Tinker AFB = 22,632 SF. Space made available at Robins AFB = 30,064 SF.

Losing Bases

Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
Bolling AFB (Washington, DC) - Realignment
Hill AFB (Clearfield, UT) - Realignment
Robins AFB (Warner Robins, GA) - Realignment
Tinker AFB (Midwest City, OK) - Realignment

</tbody>
</table>

**Description:**

Realign 18 leased locations by relocating components of the following USA Activities to Ft. McNair: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&M,C), ASA(I&E), ASA(M&R), CECOM(Acq, Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.

**Justification/Impact:**

- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Space may become available at Ft. McNair as a result of other BRAC actions; there is no available administrative space or land at this time.

#### Description:

This scenario consolidates intermediate-level ship maintenance, specifically:

- **Realigns and consolidates intermediate workload at Norfolk Naval Shipyard.** SIMA Norfolk would be closed and Norfolk Naval Shipyard would assume the intermediate workload. Assumes all SSNs from Norfolk would change homeport to Subase, New London. Intermediate submarine work at SIMA Norfolk would be realigned to NAVSUBSUPPFAC NEW LONDON. Consolidates intermediate-level ship maintenance in the San Diego region with the new Southwest Navy Regional Maintenance Center. Assumes a DON scenario closes NAVSTA Pascagoula and decommissions or moves the homeported ships. This scenario disestablishes SIMA Pascagoula.

Scenario # | IND-0006 | Date Created: | 10/8/2004
Scenario Title: | SR-3; Moves I-Level Carrier Work Fm Norfolk To PH & D-Level Sub Work Fm PH NSY To Other 3 NSYs
Description:

This scenario assumes a DON scenario which moves a CVN Strike Group from Norfolk to Hawaii. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also realigns maintenance of Army watercraft stationed in Hawaii to Pearl Harbor NSY&IMF.

Losing Bases

Registered Scenarios

Scenario #: IND-0009  Date Created: 10/15/2004
Scenario Title: SR-4; Realigns I-Level and D-Level Ship Maintenance Work

Description:

This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and a CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also assumes a DON scenario closes SUBASE New London and moves 2 SSN 21 ships to Bangor, 5 SSNs to Norfolk, 4 SSNs to Pearl Harbor and 6 SSNs to Portsmouth NSY. This scenario also assumes a DON scenario closes SUBASE Point Loma and moves the SSNs and the floating drydock ARCO to Pearl Harbor. Also assumes 2 SSGNs move from Kings Bay to Bangor. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations. This scenario also disestablishes Boston Planning Yard and Plant Equipment Support Office, Annapolis, and realigns there work with their respective shipyards, Puget Sound NSY and Norfolk NSY. The ship maintenance work at SHIPSO, Philadelphia, and at TRF Kings Bay is realigned to Norfolk NSY and SUBMEPP is consolidated into Portsmouth NSY.

**Description:**

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack, Aircraft Other Components, Fabrication and Manufacturing, and "Other" with the exception of maintenance related to reclamation activities at Davis-Monthan Air Force Base.

Realignment of depot maintenance workload and capability for the commodity groups Aircraft Avionics, Aircraft Dynamic Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other Components, Aircraft Other, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/ATs/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVAIRDEPOT Cherry Point NC on COMCAS Cherry Point to Robins Air Force Base, Corpus Christi Army Depot, Tinker Airforce Base, Corpus Christi Army Depot, Tobyhanna Army Depot, NAVAIRDEPOT Jacksonville on NAS Jacksonville, Hill Air Force Base, and disestablish capability at NAVAIRDEPOT Cherry Point NC on COMCAS Cherry Point.

In FY05, disestablish all depot maintenance workload and capability for the commodity group Aircraft Cargo/Tanker at NAVAIRDEPOT Cherry Point on COMCAS Cherry Point.

Realignment of depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, Hill Air Force Base, Tinker Airforce Base, Corpus Christi Army Depot, Tobyhanna Army Depot, NAVAIRDEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado.

Realignment of depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" to NAVAIRWARCENADCIV Lakehurst on NAVAIRENGSTA Lakehurst to NAVAIRDEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVAIRWARCENADCIV Lakehurst on NAVAIRENGSTA Lakehurst.

Realignment of depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronics Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot, NAVUNSEAWARCENDIV Keyport on SUBASE Bangor and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN.

Realignment of depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, Anniston Army Depot and Letterkenny Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA.

Realignment of depot maintenance workload and capability for the commodity groups Armament and Structural Components, Combat Vehicles, Construction Equipment, Depot Fleet/Field Support, Engines/Transmissions, Fabrication and Manufacturing, Fire Control Systems and Components, Powertrain Components, Starters/Alternators/Generators, Tactical Missiles, Tactical Vehicles, and "Other" from Red River Army Depot to Anniston Army Depot, Marine Corps Logistics Base Albany, Letterkenny Army Depot and Tobyhanna Army Depot and disestablish capability at Red River Army Depot.

Realignment of depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Letterkenny Army Depot and disestablish capability at Rock Island Arsenal.

Realignment of depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston.

Realignment of depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma.
### Losing Bases

- Davis-Monthan AFB (Tucson, AZ) - OTHER
- Marine Corps Air Station Cherry Point (Cherry Point, NC) - Realignment
- Marine Corps Logistics Base Barstow (Barstow, CA) - Realignment

**Scenario #** INT-0003  **Date Created:** 10/4/2004

**Scenario Title:** Consolidate NCR-Based NGA at Chantilly/ Westfields, VA

**Description:**

Realign NGA functions at Bethesda, MD (Sumner and Dalecarlia sites) named Erskine Hall, Emory Bldg, Maury Hall, Roberdeau Hall, Abert Hall, Ruth Bldg, Fremont Bldg, Motor Poll, and Warren Bldg; Close NGA functions at Reston, VA, named 1 and 2; Realign NGA functions at Newington, VA, named 8510, 8520 and 8530; Close NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Realign National Geospatial Intelligence College function at Ft Belvoir, VA, named Bldgs 211, 214, 215, and 220; Close NGA and NGIC functions in Bldg 213 at Southwest Federal Center, DC; Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility on commercially purchased real estate adjacent to the current NRO facility at Chantilly/Westfields, VA.

This scenario disestablishes all of the functions currently performed at the NCR locations named above and consolidates the functions into a new facility on 150 acres adjacent to the current NRO facility at Westfields. The requirement for the 150 acres is due to vulnerability and security reasons.

Scenario # | INT-0006 | Date Created: | 10/22/2004
Scenario Title: | Consolidate Missouri-Based NGA at St. Louis, MO
Description:
Realign NGA functions at St. Louis 2nd Street named Bldgs 05, 07, 12, 18, 20, 22, 25, 36, 37, and 39; Realign NGA functions at Arnold, MO, named Bldgs 100 and 102 by relocating and consolidating to a new facility on commercially purchased real estate southwest of St Louis, MO.
This scenario disestablishes all of the NGA functions currently performed at the St. Louis area locations named above and consolidates the functions into a new facility on 80 acres at a location to be determined southwest of St. Louis. The requirement for the 80 acres is due to vulnerability and security reasons.
The exact location for the new facility is classified.

Losing Bases
Arnold, MO Facility (Arnold, MO) -
St. Louis 2nd Street Facility (St. Louis, MO) -

Scenario #  MED-0023  Date Created:  11/10/2004
Scenario Title:  Create Tri-Service Biomedical Research Centers of Excellence

Description:

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Groton CT, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE’s and associated unique equipment will relocate to Groton CT to consolidate with the Naval Submarine Medical Research Laboratory (NSMRL). This move assumes that a planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC. It is assumed that no military animal facility support is required, as this support can be provided through an agreement with local industry or academic facilities.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- A planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC.
- UICs for leased space in NCR are the same as the parent organization.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:

Creation of TBRCE for Battlefield Health and Trauma moves relevant assets of the following activities to 48399, Fort Sam Houston, TX, for collocation with W03SAA, U.S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:
- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:
- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:
- None

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA
Registered Scenarios

Navy activity:
- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health and Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N00129, Naval Submarine Base New London, Groton CT, for collocation with N66596, NAVSUBMEDRSCHLAB NEW LONDON.

Defense agency:
- None

Army activities:
- None

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- Hyperbaric Medicine Department of the Combat Casualty Care and Resuscitative Medicine Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined JBRCE.

Creation of TBRCE for Medical Chemical Defense moves relevant assets of the following activities to 24004, Aberdeen Proving Ground, Edgewood Area, for collocation with W4D7AA, U.S. Army Medical Research Institute of Chemical Defense.

Defense agency:
- None

Army activities:
- A total of 33 manpower requirements from the Division of Biochemistry and Medicine, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- None

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Infectious Disease moves relevant assets of the following activities from leased space in the National Capital Region to 11933, Walter Reed Army Medical Center – Forest Glen Annex, for collocation with W03KAA, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD.

Defense agency:
- None

Army activities:
- Division of Retrovirology, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None
## Registered Scenarios

**Marine Corps activities:**
- None

**Navy activity:**
- The vaccine research program of the NMRC Biological Defense Research Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398.

**Exclusions:**
- None.

### Activities being Received

- 33 manpower requirements from the Division of Biochemistry and Medicine
- Hyperbaric Medicine Dept.-NMRC
- Air Force Dental Investigative Service
- Combat and Resuscitative Medicine Directorate
- Division of Military Trauma Research-WRAIR
- Naval Institute of Dental and Biomedical Research
- Division of Retrovirology-WRAIR
- Vaccine Research Program, Biological Defense Research Directorate-NMRC
Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Panama City FL, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE's and associated unique equipment, and the Naval Submarine Medical Research Lab, Groton CT, will relocate to Panama City FL to collocate with the Navy Experimental Diving Unit. This move assumes that a MILCON project for accredited animal facilities at Panama City can be funded and built prior to FY11, and that space exists at Panama City for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NMRC.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of bioddefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- This move assumes that access to accredited animal facilities at Panama City prior to FY11, and that space exists at Panama City for relocation of personnel and unique equipment from NMRC.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:

Creation of TBRCE for Battlefield Health and Trauma Research moves relevant assets of the following activities to Fort Sam Houston, TX, 48399, for collocation with W03SAA, U. S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:

### Registered Scenarios

**Scenario #**: MED-0027  
**Date Created**: 11/10/2004  
**Scenario Title**: Create Center of Excellence for Aerospace Medicine (NAS Pensacola)

**Description:**

Abstract: This scenario will co-locate aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at NAS Pensacola. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D performing activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Naval Air Station, Pensacola, where they will be co-located with the Naval Aerospace Medical Research Laboratory.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in place. An alternative is that Air Force and Navy directed energy programs will relocate to NAS Pensacola, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research.

It is assumed that rotary wing aviation support facilities and flying ranges are available at NAS Pensacola. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that NAS Pensacola can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D organizations that are currently co-located with the U.S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

**Assumptions:**
- Rotary Wing flight operations and maintenance support are available and affordable at NAS Pensacola.
- Adequate space for expansion is available at NAS Pensacola.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at NAS Pensacola.

**Action list:**

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to N00204, NAS Pensacola, FL, for collocation with N66452, NAVAEROMEDRSLAB.

**Defense agency:**
- None

**Army activities:**
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

**Air Force activities:**
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFB5T and other pertinent subordinate UICs to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICs to be determined
- Air Force Research Lab, Human Effectiveness Division, Wright-Patterson AFB, FFSDG and pertinent AFRL subordinate UICs to be determined

**Marine Corps activities:**
- None

**Navy activity:**
- NAVAIRWRCNACDIV, Patuxent River, MD, N00421

**Exclusions:**
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program Management.
## Registered Scenarios

### Losing Bases
- Brooks City-Base (San Antonio, TX) - OTHER
- Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
- Rucker (Fort Rucker, AL) - OTHER
- Wright-Patterson AFB (Fairborn, OH) - OTHER

### Losing Activities
- 311th Human Systems Wing and subordinate UICs - Relocate
- Air Force Research Lab all elements - Relocate
- NAVAIRWRCNACDIV - Relocate
- U.S. Army Aeromedical Lab - Relocate
- Air Force Research Lab Human Effectiveness Division and associated UICs - Relocate

### Receiving Bases
- Naval Air Station Pensacola (Pensacola, FL) - Receive

### Activities being Received
- 311th Human Systems Wing and subordinate UICs
- Air Force Research Lab Human Effectiveness Division and associated UICs
- NAVAIRWRCNACDIV
- U.S. Army Aeromedical Lab
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to five. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Pennsylvania, Ohio, Indiana; East-New Jersey, Connecticut, New Hampshire; West-Wisconsin, Illinois.

- DDS, Susquehanna: Susquehanna remains a strategic distribution platform but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced and the Mechanicsburg storage location is no longer needed. The storage infrastructure will be returned to the host at Mechanicsburg. Personnel assigned to the storage mission at Mechanicsburg are no longer needed at Mechanicsburg as well. In this proposal Susquehanna will become the New Cumberland SDP. New Cumberland picks up command and control of the Tobyhanna Satellite Activity.

- Tobyhanna: The Tobyhanna DD gets realigned and downsized as a satellite activity of New Cumberland. The activity will perform limited receipt, store and issue functions for Tobyhanna Army Depot. Personnel and infrastructure required at Tobyhanna will decrease.

- Columbus: The Columbus Distribution Depot gets closed in this proposal. Its storage and distribution functions will be performed by New Cumberland SDP.

- DDSP Mechanicsburg Storage Site: The Mechanicsburg storage location for DDS, Susquehanna gets closed in this proposal.

Region 2. Boundaries are in the North-Delaware, Maryland, West Virginia, Kentucky; South-North Carolina; East-Virginia; West-Tennessee.

- Norfolk: The Norfolk Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the East Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Norfolk, this may require MILCON. Norfolk also picks up command and control of the satellite activities at Richmond and Cherry Point. Norfolk's assigned personnel also increase to handle the increased mission.

- Richmond: The Richmond DD gets realigned as a satellite activity of Norfolk SDP. The DD will continue its storage functions for hazardous materials and ozone-depleting substances.

- Cherry Point: The Cherry Point DD gets realigned and downsized as an activity of the Norfolk SDP. Personnel and infrastructure required at Cherry Point will decrease.

Region 3. Boundaries are in the North-South Carolina, Georgia, Alabama; South-Florida; East-Georgia; West-Mississippi.

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the South Eastern US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Warner Robins, this may require MILCON. Warner Robins also picks up command and control of the satellite activities at Anniston, Jacksonville, and Albany. Warner Robins' assigned personnel also increase to handle the increased mission.

- Anniston: The Anniston DD gets realigned and downsized as a satellite activity of the Warner Robins SDP. Personnel and infrastructure required at Anniston will decrease.

- Jacksonville: The Jacksonville DD gets realigned and downsized as a satellite activity of the Warner Robins SDP. Personnel and infrastructure required at Jacksonville will decrease.

- Albany: The Albany DD gets realigned and downsized as a satellite activity of the Warner Robins SDP. Personnel and infrastructure required at Albany will decrease.

Region 4. Boundaries are in the North-Minnesota, North Dakota; South-Louisiana, Texas; East-Iowa, Missouri, Arkansas; West-Wyoming, Colorado, New Mexico.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Red River, this may require MILCON. Red River also picks up command and control of the satellite activities at Corpus Christi and Oklahoma City. Red River's assigned personnel also increase to handle the increased mission.

- Corpus Christi: The Corpus Christi DD gets realigned and downsized as a satellite activity of the Red River SDP. Personnel and infrastructure required at Corpus Christi will decrease.
Registered Scenarios

- **Oklahoma City**: The Oklahoma City DD gets realigned and downsized as a satellite activity of the Red River SDP. Personnel and infrastructure required at Oklahoma City will decrease.

Region 5. Boundaries are in the North-Idaho, Montana; South-Arizona; East-Idaho, Utah; West-Washington, Oregon, California.

- **DDJC, San Joaquin**: San Joaquin remains a Strategic Distribution Platform supporting customers in the Western US and those permanently stationed across the Pacific. Additionally, San Joaquin picks up command and control of satellite activities at Barstow, San Diego, Puget Sound, and Hill AFB.

- **Barstow**: The Barstow DD gets realigned and downsized as a satellite activity of the San Joaquin SDP. Personnel and infrastructure required at Barstow will decrease.

- **San Diego**: The San Diego DD gets realigned and downsized as a satellite activity of the San Joaquin SDP. Personnel and infrastructure required at San Diego will decrease.

- **Puget Sound**: The Puget Sound DD gets realigned and downsized as a satellite activity of the San Joaquin SDP. Personnel and infrastructure required at Puget Sound will decrease.

- **Hill AFB**: The Hill AFB DD gets realigned and downsized as a satellite activity of the San Joaquin SDP. Personnel and infrastructure required at Hill will decrease.

### Losing Bases

As Of: 12/3/2004

DD Albany
DD Anniston
DD Jacksonville
DD Barstow
DD Hill
DD Puget Sound
DD San Diego
Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to four. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Virginia, Kentucky; East-Delaware, New Jersey, New Hampshire; West-Wisconsin, Illinois.

- Susquehanna: Susquehanna remains a Strategic Distribution Platform (SDP) but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced and the Mechanicsburg storage location is no longer needed. The storage infrastructure will be returned to the host at Mechanicsburg. Personnel assigned to the storage mission at Mechanicsburg are no longer needed at Mechanicsburg as well. In this proposal Susquehanna will become the New Cumberland SDP.

Realignment: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of the New Cumberland SDP. These distribution depots will become satellite activities of the regional SDP.

- Norfolk Distribution Depot
- Tobyhanna Distribution Depot will perform limited receipt, store and issue functions for Tobyhanna Army Depot.

Realignment: Richmond Distribution Depot will be realigned and continue its storage functions for hazardous materials and ozone-depleting substances.

Close: The following distribution depot and activity will be closed due to the establishment of Region 1 SDP.

- Columbus Distribution Depot mission will be moved to the New Cumberland SDP.
- Mechanicsburg activity site.

Region 2: Boundaries are in the North-North Carolina, Tennessee; South-Florida; East-South Carolina, Georgia; West-Mississippi.

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a SDP supporting customers in the South Eastern US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Warner Robins, may require MILCON. Warner Robins also picks up command and control of the satellite activities at Cherry Point, Albany, Jacksonville, and Anniston. Warner Robins' assigned personnel will also increase to accommodate the increased mission.

Realignment: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Warner Robins SDP. These distribution depots will become satellite activities of the regional SDP.

- Cherry Point Distribution Depot
- Albany Distribution Depot
- Jacksonville Distribution Depot
- Anniston Distribution Depot

Region 3. Boundaries are in the North-North Dakota; South-Texas; East- Minnesota, Iowa, Missouri, Arkansas, Louisiana; West-Wyoming, Colorado, New Mexico.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Red River, may require MILCON. Red River also picks up command and control of the satellite activities at Oklahoma City and Corpus Christi. Red River's assigned personnel also increase to accommodate the increased mission.

Realignment: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Red River SDP. These distribution depots will become satellite activities of the regional SDP.

- Oklahoma Distribution Depot
- Corpus Christi Distribution Depot
**Registered Scenarios**

Region 4. Boundaries are in the North-Montana, Idaho; South-Arizona; East-Utah; West-Washington, California.

- San Joaquin: San Joaquin remains a SDP supporting customers in the Western US and those permanently stationed across the Pacific. No realignment is anticipated. Additionally, San Joaquin picks up command and control of satellite activities at Puget Sound, Hill AFB, Barstow, and San Diego.

Realignment: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of San Joaquin SDP. These distribution depots will become satellite activities of the regional SDP.

- Puget Sound Distribution Depot
- Hill Distribution Depot
- Barstow Distribution Depot
- San Diego Distribution Depot

Scenario # S&S-0012  Date Created: 10/21/2004

Scenario Title: Regionalization of Strategic Distribution (3 Regions: optimized alternative)

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

Region 1. Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East- New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

Region 2. Boundaries are in the North- Minnesota, North Dakota; South-Mississippi, Texas; East- Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

Region 3. Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon, California.

Losing: San Diego DD, Puget Sound DD, Hill AFB, Corpus Christi DD, Tinker, Columbus DD, Mechanicsburg, Tobyhanna DD, Norfolk DD, Norfolk DD, Richmond DD, Anniston, Jacksonville DD, Albany DD, Cherry Point DD, Warner-Robins AFB, San Joaquin DD, Red River DD

Gaining: Barstow DD, Oklahoma City DD, Susquehanna DD

**Scenario #**  S&S-0030  
**Date Created:**  11/19/2004  
**Scenario Title:**  Realign Storage and Distribution Functions at Sierra Army Depot  

**Description:**

This is an enabling scenario for USA-0008, which proposes to close Sierra Army Depot. The Army Basing Study (TABS) Group (Army BRAC office) has submitted a proposal that results in closing Sierra Army Depot. This proposal is to realign the storage and distribution functions at Sierra Army Depot that enables the U.S. Army to close the depot. The proposal will transfer all storage and distribution functions for all supplies and materiel (except Class V). The Class VII items (combat vehicles) currently stored at Sierra Army Depot will be transferred to Davis Monthan AFB, Arizona. The Project Stocks and War Reserve items will be transferred to the Defense Distribution Depot Barstow at Marine Corps Logistics Base (MCLB) Barstow, California.

</tr>
<tr>
<td><strong>Description:</strong></td>
<td>The mission of the Air Logistics Center (ALCs) is to provide supply support and depot level maintenance support at the weapon system, commodity, and item level that play a crucial role in achieving directed readiness goals for all Air Force weapon systems. This mission is carried out by Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA, and Cryptologic Product Support Group (CPSG), Lackland AFB, TX. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG. This proposal realigns all the ICP locations and functions/activities (as defined below) to Ogden Air Logistics Center (OO-ALC), Hill AFB, UT.</td>

Scenario Title: Transfer Service ICPs to DLA (realign by mission area)

Description:

Transfer Service ICPs to DLA (realign by mission area)

Action 1: Transfer in place Service ICPs (includes all Depot Level Reparables (DLRs)) to DLA.

Action 2: Align by mission area (supply chain). The mission areas will be Maritime, Ground, Cryptologic, Aviation and Troop Support. Generally, the mission area of assignment will relate to the Service predominant area of support. After the Services and DLA mission areas are transferred in place, support functions, such as local contracting and budgeting by mission area will be considered for consolidation into the DLA organizational structure.

Action 3: Integrate functions at NAVICP Philadelphia, PA, and align under the Aviation Support Center at Defense Supply Center Richmond (DSCR), VA.

Action 4: Integrate functions at NAVICP Mechanicsburg, PA, and align under the Maritime Support Center at Defense Supply Center Columbus (DSCC).

Action 5: Relocate Tank and Automotive Command (TACOM), Soldier Systems Center, Natick, MA, to Defense Supply Center Philadelphia (DSCP), PA, and align under the Troop Support Center at DSCP.

Action 6: Integrate functions at Marine Corps Logistics Base Albany, GA, to DSCC and align under the Ground Support Center at DSCC.

Action 7: Integrate functions at TACOM, Detroit Arsenal, MI, and align under the Ground Support Center at DSCC.

Action 8: Integrate functions at TACOM, Rock Island, IL, and align under the Ground Support Center at DSCC.

Action 9: Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, and align under DSCC.

Action 10: Integrate functions at CECOM, Ft Monmouth, NJ, and align under the Ground Support Center at DSCC.

Action 11: Integrate functions at Aviation and Missile Command (AMCOM), Redstone Arsenal, AL, and align approximately half of the functions under the Aviation Support Center at DSCR and half of the functions under the Ground Support Center.

Action 12: Integrate functions at Tinker ICP, Tinker AFB, OK, and align under the Aviation Support Center at DSCR.

Action 13: Integrate functions at Ogden ICP, Hill AFB, UT, and align under the Aviation Support Center at DSCR.

Action 14: Integrate functions at Warner Robins ICP, Robins AFB, GA, and align under the Aviation Support Center at DSCR.

Action 15: Partially realign supply management and headquarters support functions at Army Materiel Command (AMC), Ft Belvoir, VA.

Action 16: Partially realign supply management and headquarters support functions at Naval Supply Systems Command (NAVSUP), Mechanicsburg, PA.

Action 17: Partially realign supply management and headquarters support functions at Air Force Materiel Command, Wright Patterson AFB, OH.

Action 18: Partially realign supply management and headquarters support functions at Marine Corps Base Albany, GA.

Action 19: Partially realign supply management and headquarters support functions at DLA Headquarters, Ft Belvoir, VA.

Scenario #  S&S-0035  

Scenario Title:  Transfer Service ICPs to DLA and consolidate (include DLRs)

Description:

Action 1: Initially, Service ICPs (all DLRs) will transfer (in-place) to DLA.
Action 2: ICPs will be consolidated to maximize military value and appropriately utilize capacity.
Action 3: Align NAVICP Philadelphia, PA, under Defense Supply Center Columbus (DSCC), OH, and integrate functions.
Action 4: Align NAVICP Mechanicsburg, PA, under Defense Supply Center Richmond (DSCR), VA, and integrate functions.
Action 5: Relocate Tank and Automotive Command (TACOM), Soldier Systems Center, Natick, MA, to Defense Supply Center Philadelphia (DSCP) and integrate functions and align under DSCP.
Action 6: Relocate Marine Corps ICP, Marine Corps Base Albany, GA, to DSCC and integrate functions.
Action 7: Align TACOM, Detroit Arsenal, MI, under DSCC and integrate functions.
Action 8: Relocate TACOM, Rock Island, IL, to DSCC and integrate functions and align under DSCC.
Action 9: Relocate Communications Electronics Command (CECOM), Communications Security Logistics Activity (CSLA), Ft Huachuca, AZ, to DSCC and integrate functions and align under DSCC.
Action 10: Align CECOM, Ft Monmouth, NJ, under DSCC and integrate functions.
Action 11: Relocate Aviation and Missile Command (AMCOM), Redstone Arsenal, AL, to DSCR and DSCC and integrate functions and align under DSCR and DSCC. Approximately half of AMCOM (Aircraft and Missiles) will relocate under DSCR; the other half (Ground) will relocate to DSCC.
Action 12: Relocate Cryptologic Product Support Group (CPSG), Lackland AFB, San Antonio, TX, to DSCC and integrate functions and align under DSCC.
Action 13: Align Tinker ICP, Tinker AFB, OK, under DSCR and integrate functions.
Action 14: Align Ogden ICP, Hill AFB, UT, under DSCR and integrate functions.
Action 16: Partially realign supply management and headquarters support functions at Army Materiel Command (AMC), Ft Belvoir, VA, to Headquarters DLA.
Action 17: Partially realign supply management and headquarters support functions at Naval Supply Systems Command (NAVSUP), Mechanicsburg, PA to Headquarters DLA.
Action 18: Partially realign supply management and headquarters support functions at Air Force Materiel Command, Wright Patterson AFB, OH, to Headquarters DLA.
Action 19: Partially realign supply management and headquarters support functions at Marine Corps Logistics Command (MARCORLOGCOM), Marine Corps Base Albany, GA, Headquarters DLA.
Action 20: Partially realign supply management and headquarters support functions at DLA Headquarters, Ft Belvoir, VA.

Soldier Systems Center (TACOM ICP)
Establish a Single Army Inventory Control Point at Redstone Arsenal, AL

Establish a Single Army Inventory Control Point (AICP) by consolidating the inventory management and related support functions from the three Army Commands (AMCOM, CECOM, and TACOM) at Redstone Arsenal, AL. This allows the Army to have one Inventory Control Point (ICP) providing inventory management functions at one location. Additionally, this proposal also consolidates related supporting contracting functions at Redstone Arsenal, AL.

**Registered Scenarios**

**Scenario #** TECH-0001  **Date Created:** 10/4/2004

**Scenario Title:** Establish Joint Centers for Air Platform R, D&A, and T&E

**Description:**

This scenario consolidates air platform RDAT&E to three principal sites while retaining several specialty sites. Fixed and Rotary Wing R, D&A, T&E will be consolidated into principally 3 core sites Patuxent River, Wright-Patterson, and Redstone Arsenal. The relocation of air platform R functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing R will be consolidated at Wright Patterson, Rotary Wing R will be consolidated at Redstone Arsenal, ship installations related R (catapults, arresting gear, helo RAST, etc.) will be consolidated at Patuxent River, Air Force T&E will be consolidated at Edwards AFB, and air platform live fire testing at China Lake. The planned component moves will enhance synergy including RW/FW interaction by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

### Losing Bases

- **Adelphi (Adelphi, MD) - Realignment**
  - Losing Activities:
    - Adelphi (W262AA) fixed Wing Research to WPAFB - Consolidate

Registered Scenarios

As Of: 12/3/2004

Scenario #: TECH-0005  Date Created: 10/22/2004

Scenario Title: Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E

Description:
This scenario consolidates all Rotary Wing air platform R, D&A, T&E to two principal sites while retaining several specialty sites. Rotary Wing R, D&A, T&E will be consolidated into 2 core sites, Patuxent River, and Redstone Arsenal, with non-maritime unique Rotary Wing R consolidated at Redstone Arsenal. The relocation of Rotary Wing R functions are proposed in concert with the S&T Reliance Agreements. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Losing Bases

### Registered Scenarios

**Scenario #** TECH-0009  
**Date Created:** 10/22/2004  
**Scenario Title:** Defense Research Service Led Laboratories  
**Description:**

This scenario realigns and co-locate the three service corporate laboratories. Additionally it creates a virtual “Defense Research Laboratory” by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.

The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

Registered Scenarios

Scenario # | TECH-0013
---|---
Date Created: | 10/22/2004
Scenario Title: | Establish Joint Centers for Ground Platform R DAT&E

Description:

Narrative: This scenario would consolidate Ground Vehicle R, D&A, and T&E into 2 core sites; Detroit Arsenal and Aberdeen Proving Ground. The Army/DoD ground vehicle R and D&A to continue to reside in the world automotive/ground vehicle capital of southeast Michigan, and R, D&A, and the preponderance of ground vehicle T&E would be located at Aberdeen Proving Grounds.

Aberdeen Proving Grounds includes the activities of the Army Research Laboratory (ARL), and the Aberdeen Test Center (ATC), U.S. Army Test and Evaluation Command (USATECOM).

Detroit Arsenal is located in southeastern Michigan where research and development headquarters reside for General Motors, Ford, Chrysler, General Dynamics Land Systems, Toyota-North America, Nissan-North America, Hino, Hyundai, Suzuki, Visteon, Delphi, Johnson Controls, Dana, and many others.

Assumptions:
- US Army Garrison Selfridge [W4GHAA] reported research work. This work reflects Detroit Arsenal’s (TARDEC) tenant activity for water, counterintelligence, and bridging.
- White Sands Missile Range [W26212, W04WAA], Ft. Huachuca [W04W12], Yuma Proving Ground [W04XAA], Dugway [W30MAA] and Eglin [46TW] were not included because of their specialized testing climate, features and environment.
- NAVPGSCOL Monterey [62271] and White Sands Missile Range [W26212] were not included because the work they reported is attributed to be educational in nature, and WSMR [W26212] because of the work they reported is associated with Test and Experimentation.
- Aberdeen Proving Ground [W26210 – SLAD] is a management or analysis activity that performs their mission for all Army programs.
- COMNAV AIR WARCENADIV [N00421], Ft. Huachuca [W04W12], White Sands Missile Range [W04WAA], and Yuma Proving Grounds [W04XAA, W26212] were not included because they are specialty test and experimentation sites.
- Ft. Hood [W469AA], Ft. Sill [W46910] was not included because of their association with the user.
- CNR Arlington [N00014, N00014 DET-RU] for D&A and T&E was not included because they reported no FTEs only operation impact, physical environment and synergy.
- COMNAVAIRSYS COM Patuxent River [N00019] for R, D&A and T&E was not included because they reported no FTEs only physical environment and synergy.
- Ft. Rucker [W03YAA] for R, D&A and T&E was not included because they reported no FTEs only physical environment, physical structure and equipment and synergy.
- Hanscom AFB [ESC] for D&A was not included because they reported no FTEs only physical environment, operational impact, and synergy.
- NFESC Port Hueneme [N69218] for R and D&A was not included because they reported no FTEs only physical environment and operational impact.
- NRL [N00173, N47228] for R and D&A was not included because they reported no FTEs only physical environment and physical structure and equipment.
- PEO STRICOM [W6ECAAA, PEO STRI] for D&A and T&E was not included because they reported no FTEs only physical environment, operational impact and synergy.
- CG MCCC D Quantico [M20409] for R was not included because they reported no FTEs only physical environment, physical structure and equipment and synergy.
- Ft. Belvoir [W4G875] for R was not included because they reported no FTEs only physical environment and operational impact.
- Redstone Arsenal [W1DFAA, W27P50, W04HAA] for R was not included because they reported no FTEs only physical environment, physical structures and equipment, operational impact, and synergy.
- Rome Lab [F08750] for R was not included because they reported no FTEs only physical environment and operational impact.
- Wright Patterson [F03000] for R and T&E was not included because they reported no FTEs only physical environment.
- Ft. Monmouth [W4G8AA] for T&E was not included because they reported no FTEs only physical environment and operational impact.

Establish/Consolidate Space RDAT&E at a minimum number of core sites

**Description:**

Establish/Consolidate Space Research and Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space Platform Research to two core sites, Kirtland AFB, NM and Naval Research Lab in Washington, DC. Consolidate Space Systems Development and Acquisition (D&A) at Peterson AFB to optimize the joint organizing, training and equipping functions for space organizations. Consolidation of Space T & E does not reveal realignment or closure opportunities.

This scenario consolidates space research at two predominant research activities, Kirtland AFB and NRL, to support DoD and national security space objectives. These sites are significant centers for space research and this scenario seeks to achieve greater efficiencies and effectiveness through the consolidation of other space research activities across the services. The scenario precludes consolidation of space research to a single site in order to inspire creativity, encourage competition and avoid the inherent risks of putting space research and intellectual expertise in one location. Additionally, this scenario encourages multi-service and joint perspectives to meet the broad set of DoD requirements.

This scenario consolidates space systems development and acquisition to a single center in the Colorado Springs area, a location rich with multi-service and joint opportunities for the advancement of space capabilities. Peterson AFB is home to two combatant commands dependent on space for situational awareness and missile defense -- NORAD and USNORTHCOM. Air Force Space Command and SMDC/Army Space and Missile Defense Command share a common campus area on Peterson AFB. Schriever AFB is home to the Joint National Integration Center and the Space Warfare Center, both key drivers of tomorrow’s space capabilities.

The synergies achieved by this scenario would help address specific recommendations for improving space acquisition practices and professional development issues as indicated in the Young Study. Benefits will be gained by relocating D&A activities to the “front range” where the integration of emerging space development and acquisition programs (i.e. SBIRS, SBR and TSAT) will continue with critical space operational centers including Schriever (SATOPS and C2), Cheyenne Mountain (Warning and Space Control) and Buckley (Aerospace Defense Facility). The scenario could enhance the establishment of joint program offices and contribute positively to the AF executing it’s role as Executive Agent for Space to manage an integrated program of space acquisition and development for the DoD. Though this scenario distances SMC from some principal satellite systems developers on the west coast, it brings SMC closer to some developers who are manufacturing space systems across the Rocky Mountain “front range.”

This scenario improves the DoD’s ability to achieve desired effects on the key military value attribute of “people.” In addition to a presumed reduced cost of living (Colorado Springs vs. Los Angeles), synergies gained from the interaction and cross-flow of operations and acquisition personnel would enhance space professional development as mandated by the Space Commission. The proximity to the National Security Space Institute, attached to AFSPC, will enhance attendance at space education courses.

Scenario # | TECH-0017 | Date Created: | 10/25/2004
Scenario Title: Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Picatinny)

Description:
Relocate DoD Guns & Ammunition RD&A (except energetic materials) at Picatinny.
Relocate gun/ammunition research (except energetic materials) from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Dahlgren, Port Hueneme (Louisville Detachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Picatinny.
Definition of Guns & ammunition: Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

### Registered Scenarios

**Scenario #** TECH-0031  
**Date Created:** 11/5/2004  
**Scenario Title:** Optimize Sea Vehicle R, D&A and T&E

**Description:**

This scenario proposes to consolidate and/or co-locate all Sea Vehicle RDAT&E to two primary sites while retaining small sites involved in specialized Sea Vehicle support to DDTE/OTE or specialized sites with unique facilities. The planned component moves will enhance and leverage off the existing robust concentration of research, design and development, acquisition support and T&E capabilities that currently reside within the US Navy HQ and Warfare Center infrastructure. This proposal would relocate/co-locate management and direction of Theater Support Vessels programs for USA to COMNAVSEA WNY and would be consistent with the existing partnership collaboration between the USA and the USN on Theater Support Vessels and other theater support small watercraft. Program management will be retained for D&A and T&E at COMNAVSEA. Consolidation of all Program management of Sea Vehicle Programs at the WNY collocates these functions with related program offices supporting Weapons and Combat systems, Hull Mechanical and Electrical, C4I integration and related sea vehicle equipment and support functions. This also places it nearby the principal technical direction and development agent for sea vehicles located at NSWC Carderock Division in Bethesda, MD.

- AFRC MISSOULA (MISSOULA, MT) - Receive

### Activities being Received
**Registered Scenarios**

**Scenario #** USA-0092  **Date Created:** 10/7/2004

**Scenario Title:** 90 AFRC/ECS Fort Sill, OK

**Description:**

Closes 7 Army National Guard (ARNG) facilities (Lawton, Frederick, Anadarko, Chickasha, Marlow, Wales, and Healdton) and 3 United States Army Reserve (USAR) facilities (Keathley, Burris, and Wichita Falls, TX) and collocates them in a new facility with all the RC units currently on Fort Sill. Creates a combined maintenance and storage facility on a major installation where training areas and ranges are located.

## Registered Scenarios

**Scenario #** USA-0101  
**Date Created:** 10/8/2004

**Scenario Title:** 251 AFRC Huntsville, TX

**Description:**
Close 1 Texas Army National Guard (TXARNG) Armory and 1 United States Army Reserve (USAR) Center in Huntsville and move the assigned units to a new facility to be built in Huntsville. Build a 40,800 square foot facility in vicinity of Huntsville, TX. The new facility will include classroom and training space (suitable for billeting if necessary). One current facility is AMBER and one GREEN on Army Installation Status Report, but current facilities are overutilized 213% and 330%. Exiting facilities are encroached and do not meet anti-terrorism and force protection requirements.

# Registered Scenarios

**Scenario #** USA-0166  
**Date Created:** 12/2/2004  
**Scenario Title:** 299 USAR C2 Proposal - NORTHWEST

**Description:**
Closes the Army Reserve facilities located on Vancouver Barracks and Fort Lawton, Washington. Relocates headquarters activities of the 104th Division (Institutional Training) and the 70th Regional Readiness Command to Fort Lewis, WA. Consolidates the footprint of two major C2 headquarters into one location. Positions the 104th Div (IT) closer to primary training facilities. Enhances the mobilization and deployment capabilities of Fort Lewis by stationing major Army Reserve C2, administrative and support capabilities on the installation.

Registered Scenarios

Scenario # DON-0007
Date Created: 9/27/2004
Scenario Title: Close SUBASE San Diego, CA; Relocate all submarines to NS San Diego, CA.

Description:

1. Close that portion of Naval Base Point Loma, CA, known as SUBASE San Diego (as depicted on the attached map) and associated base support functions.

2. Relocate all assigned SSNs and ARCO from Naval Base Point Loma, CA, to Naval Station San Diego, CA, to include required personnel, equipment, and support.

3. Relocate NSY and IMF Puget Sound Det Point Loma, CA, to Naval Station San Diego, CA.

4. Relocate NAVWPNSTA Seal Beach, CA, Det San Diego, to NAS North Island, CA.

5. Relocate MSCPAC San Diego, CA, to Naval Station San Diego, CA.

6. Relocate Naval Submarine Training Center Pacific, Det San Diego, CA, to Naval Station San Diego, CA.

7. Relocate NSHS NDAC School San Diego, CA, to NSHS San Diego, CA, at NAVMEDCEN San Diego, CA.

8. Relocate NAVMEDCEN San Diego, CA, function NAVMEDCEN (SARP) San Diego, CA, to NAVMEDCEN San Diego, CA.

9. Relocate NAVOPMEDINST PENSACOLA, FL, function NOMI DET SWMI San Diego, CA, to NAVMEDCEN San Diego, CA.

10. Retain Naval Special Clearance Team One complex as an enclave.

11. Retain the FISC Fuel Farm as an enclave.

12. Retain NAVUNSEAWARCENDIV KEYPORT, WA, function NUWC DET San Diego, CA, as an enclave to support the magnetic silencing facility and degaussing range at Naval Base Point Loma, CA.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:

IND-0031 applies.

Need E&T enabling scenario for SUBTRAFAC.

Need Industrial enabling scenario for SEAL BEACH DET.

Losing Bases

National Naval Medical Center Bethesda (Bethesda, MD) - Realignment
Naval Medical Center San Diego (San Diego, CA) - Realignment
Naval Station San Diego (San Diego, CA) - Realignment
Naval Submarine Base Point Loma (San Diego, CA) - Close

Receiving Bases

Scenario # DON-0008  Date Created: 9/28/2004
Scenario Title: Close CBC Gulfport, MS; Relocate to MCB Camp Lejeune, NC

Description:

1. Close all base operations at CBC Gulfport, MS.
2. Relocate 4 NMCBs, 22nd NCR and associated equipment/material to MCB Camp Lejeune, NC.
3. Relocate 20th SRG and associated equipment/material to MCB Camp Lejeune, NC.
4. Relocate NCTC Gulfport, MS and associated equipment/material to MCB Camp Lejeune, NC.
5. Relocate NAVMARRESCEN Gulfport, MS to HRSC SE, Stennis Space Center, MS.
6. Relocate NAVMETOCPRODEVGCN Gulfport, MS to Stennis Space Center, MS.
7. Consolidate NAVHOSP Pensacola, FL function Branch Medical Clinic Gulfport, MS with NAVHOSP Camp Lejeune, NC.
8. Consolidate NAVDENCEN Gulf Coast function BRDENCLINIC CBC Gulfport, MS with NAVDENCEN Camp Lejeune, NC.

Losing Bases

Construction Battalion Center Gulfport (Gulfport, MS) - Close
Corry Station (Pensacola, FL) - Realignment
Naval Air Station Pensacola (Pensacola, FL) - Realignment

*Scenario #* DON-0037  
*Date Created:* 10/14/2004

**Scenario Title:** Close NS Everett, WA; Relocate to NSA Guam

**Description:**

10. Close base operations at Naval Station Everett, WA.
20. Relocate CVN and escorts (1 DDG, 3 FFGs) to Naval Support Activity, Guam, to include required personnel, equipment, and support.
30. Relocate T-AE to Naval Station Bremerton to include required personnel, equipment, and support.
40. Consolidate NAVIMFAC Pacific Northwest Detachment Everett with NAVMARIANASUPACT, Guam.
50. Relocate T-AOE from Naval Station Bremerton, WA to Naval Support Activity Guam.
60. Consolidate AFLOATAGRUNORWEST Everett, WA with AFLOATAGRUNORPAC San Diego, CA, function AFLOATAGRUNORPAC WestPac Yokosuka, JA.
70. Relocate COMNAVSURFGRU PACNORWEST, Everett, WA to Naval Station Bremerton, WA.
80. Relocate NAVRESREDCOM NORTHWEST Everett, WA to SUBASE Bangor, WA.
90. Consolidate Naval Reserve Center Everett, WA, with Naval Reserve Center Silverdale, WA, at SUBASE Bangor, WA.
100. Consolidate NAVHOSP Bremerton, WA, function BRMEDCLINIC Everett, WA, to US NAVHOSP GUAM.
110. Consolidate NAVDENCEN NW Bremerton, WA, function BRDCLINIC Everett, WA, to NAVHOSP, Guam, function BRDCLINIC Guam.
120. Consolidate FISC Puget Sound Bremerton, WA, function FISCPS DET Everett, WA to Base X as determined by Supply JCSG.
130. Relocate four (4) VFA squadrons from NAS Lemoore to Base X to include required personnel, equipment and support.
140. Relocate one (1) VAQ squadron from NAS Whidbey Island to Base X to include required personnel, equipment and support.
150. Relocate one (1) VAW squadron from NAS Pt. Mugu to Base X to include required personnel, equipment and support.
160. Relocate two (2) C-2 aircraft and one (1) HS squadron from NAS North Island to Base X to include required personnel equipment and support.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable:

**Losing Bases**

- Naval Hospital Bremerton (Bremerton, WA) - Realignment
- Naval Station Bremerton (Bremerton, WA) - Realignment
- Naval Station Everett (Everett, WA) - Close

**Losing Activities**

- NAVHOSP_BREMERTON_WA - Consolidate
- NAVDENCEN_NORTHWEST_BREMERTON_WA - Consolidate
- NAVSTA_BREMERTON_WA - Relocate
- AFLOATAGRUNORWEST - Consolidate
- COMNAVSURFGRU_PACNORWEST - Relocate
- NAVRESREDCOM_NORTHWEST - Consolidate

Scenario #  E&T-0017  Date Created:  10/8/2004

Scenario Title:  Establish Joint Center of Excellence for Administration, Personnel, and Finance Training

Description:
Realignment Keesler AFB, MS by establishing a Joint Center of Excellence for Administration, Personnel, and Finance Training. Realign Fort Jackson, SC, NTTC Meridian, MS, and Camp Lejeune, SC by relocating Administration, Personnel, and Finance Training taught there to Keesler AFB, MS. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

Losing Bases

Jackson (Columbia, SC)  - Realignment
Marine Corps Base Camp Lejeune (Camp Lejeune, NC)  - Realignment
Naval Air Station Meridian (Meridian, MS)  - Realignment

Receiving Bases

Keesler AFB (Biloxi, MS)  - Receive

Losing Activities

Adjutant General School and Financial School - Relocate
Marine Corps Combat Service Support School (MCCSSS) - Relocate
NAVTECHTRACEN Meridian - Relocate

Activities being Received

335th Training Squadron
Adjutant General School and Financial School
Admin, Personnel, and Finance schools from NTTC, Meridian
NAVTECHTRACEN Meridian
### Registered Scenarios

**Scenario #:** E&T-0018  
**Date Created:** 10/8/2004  
**Scenario Title:** Establish Joint Center of Excellence for Intelligence Training

**Description:**

Realign Goodfellow AFB, TX by establishing a Joint Center of Excellence for Intelligence Training. Realign NAVSTA Dam Neck, VA, Corry Station, FL, Fort Huachuca, AZ by relocating Intelligence Training taught there to Goodfellow AFB, TX.

The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

- Fleet Intelligence Training Center Pacific
- Navy and Marine Corps Intelligence Training Center
Registered Scenarios

Scenario # E&T-0022  Date Created: 10/29/2004
Scenario Title: Consolidate AFIT and NPS PDE Function at NPS

Description:

Realignment Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH and Naval Post Graduate School at Monterey, CA by moving Air Force Institute of Technology graduate level education to Monterey, CA and consolidating with the Naval Post Graduate School graduate level education at Monterey, CA.

Department of Defense graduate level education will be consolidated as a single school located at Monterey, CA. The consolidated school will be a Department of Defense School with the Navy as the executive agent. This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH.

Losing Bases

Wright-Patterson AFB (Fairborn, OH) - Realignment

Receiving Bases

Naval Postgraduate School (Monterey, CA) - Receive

Losing Activities

Air Force Institute of Technology - Relocate

Activities being Received

Air Force Institute of Technology

**Description:**

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C. by realigning the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University.

Senior level education will be provided by multiple colleges under the National Defense University. All of the colleges will remain in their current locations. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.
## Registered Scenarios

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA

Friday, December 10, 2004
Scenario # E&T-0037  Date Created: 11/10/2004
Scenario Title: Establish Joint National Training Capability- EAST

Description:

Realigning functions by establishing a Joint National Training Capability (JNTC) East by identifying range areas currently administered separately that could be centrally managed. The sites are in the same geographic area but they do not have to be contiguous. This realignment would put a central Jointly staffed Hub at NAS JAX/Mayport, with supporting jointly staffed hubs at Eglin AFB, and Ft Bragg. The realignment would establish an executive agent for DoD/JFCOM to coordinate the joint use of complexes for JNTC. Each facility will have the capability to facilitate JNTC events in other locations not identified in the complexes.

Receiving Bases

- Bragg (Fort Bragg, NC) - Receive
- Eglin AFB (Valpariso, FL) - Receive
- Naval Air Station Jacksonville (Jacksonville, FL) - Receive

Activities being Received

- Joint Range Complex (26 personnel)
- Joint Range Complex (26 personnel)
- Joint Range Hub Complex (40 personnel)
**Registered Scenarios**

Registered Scenarios

As Of: 12/3/2004

Scenario # | HSA-0006  
Scenario Title: GC-MPC-0011: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Knox

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and re-locating to Fort Knox KY.

Realign Fort Monroe VA, by re-locating Army Accessions Command and Army Cadet Command and co-locating with the Army Enlisted Recruiting Command and the consolidated Army Human Resources Command (HRC) at Fort Knox KY.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Ft Knox so no excess is available. Existing Recruiting functions currently occupy ~213,231 SF and ~70,631 has been determined as excess. Scenario requires an additional ~667,569 SF for MilPers and Recruiting incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Monroe = 70,850 SF. Space made available at Aberdeen = (estimated) 33,000 SF.

Losing Bases

- Aberdeen (Aberdeen, MD) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Leased Space (Z, XX) - Realignment
- Monroe (Hampton, VA) - Realignment

Losing Activities

- Army Civilian Human Resources Agency (CHRA) - Co-locate
- Army Human Resources Command (HRC)-St Louis - Consolidate
- Army Human Resources Command-Alexandria - Consolidate
- Army Human Resources Command (HRC)-Indianapolis (former EREC) - Consolidate
- Army Accessions Command - Co-locate
- Army Cadet Command - Co-locate

Receiving Bases

- Knox (Fort Knox, KY) - Receive

Activities being Received

- Army Recruiting Command (USAREC) to co-locate with other Army Recruiting Commands
- Consolidated Active/Reserve Army Human Resources Command to co-locate with Army Recruiting Commands
**Scenario #** | HSA-0007  
---|---
**Date Created:** | 9/23/2004  
**Scenario Title:** | GC-MPC-0012: Dc: I: Consolidate/Co-locate Navy Personnel and Recruiting at NSA Millington  
**Description:**  
Realign Naval Support Activity (NSA) New Orleans, LA by consolidating the Naval Reserve Personnel Center (NAVRESPERSCEN) and the Enlisted Placement and Management Center (EPMAC) with Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington, TN.  
Realign Naval Support Activity (NSA) New Orleans, LA by consolidating the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity New Orleans with the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity Mid-South Millington, TN. Co-locates with the consolidated Navy Personnel Command.  
ADDITIONAL INFO: NAVPERSCOM currently occupies ~422,208 SF; ~27,008 SF has been determined as available excess. NAVCRUITCOM currently occupies ~69,930 SF with no calculated excess. Scenario requires an additional ~71,462 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).  
Space made available at NSA New Orleans = 142,737 SF.

### Losing Bases
Naval Support Activity New Orleans (New Orleans, LA) - Realignment

### Losing Activities
- Navy Enlisted Placement & Management Qctivity (EPMAC) - Consolidate
- Navy Recruiting Command (COMNAVCRUITCOM) - Consolidate
- Navy Reserve Personnel Center (NAVRESPERSCEN) - Consolidate

### Receiving Bases
Naval Support Activity Millington (Millington, TN) - Receive

### Activities being Received
- Navy Personnel Command (NAVPERSCOM) (Consolidates military personnel functions) (Co-locates with Recruiting functions)
- Navy Recruiting Command (COMNAVCRUITCOM) (Consolidates with New Orleans activity)

<td>HSA-0018</td>
<td>GC-FM-0001: [E: USA-0035] Consolidate DFAS 24 Central and Field Operating Sites into 3 Sites</td>
<td>9/30/2004</td>
<td>(Correct Scenario Title)</td>
</tr>
</tbody>
</table>

Realignment of the following 23 locations which host 21 of the DFAS Central and Field Operating Sites; disestablish DFAS Central and Field Sites located at:

1. DFAS-Arlington, (Crystal Mall #3) 1851 South Bell Street, Arlington, VA 22240 (Headquarters, Corporate and Administrative Organizations, and Technology Services Organization)
2. DFAS-Charleston, (Strom Thurmond Financial Complex, former Charleston Naval Station) 1545 Truxtun Avenue, Charleston, SC 29405 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
3. DFAS-Cleveland, (A.J. Celebrezze Federal Building) 1240 E. 9th Street, Cleveland, OH 44199 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
4. DFAS-Dayton, (Kettering City Business Park, former Gentile AFS) 1050 Forrer Blvd, Dayton, OH 45420 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)

Realignment of the following 23 locations which host 21 of the DFAS Central and Field Operating Sites; disestablish DFAS Central and Field Sites located at:

5. DFAS-Kansas City, (Bannister Federal Complex, Building 2) 1500 E. 95th Street, Kansas City, MO (Accounting Services, Commercial Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
6. DFAS-Lawton, (Fort Sill, Building 4705) 4700 Mow Way Road, Ft Sill, OK 73503 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
7. DFAS-Lexington (Bluegrass Station, Building 1) 5751 Briar Hill Road, Lexington, KY 40516 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
8. DFAS-Limestone, (former Loring AFB) 27 Arkansas Road, Suite 100, Limestone, ME 04751 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
9. DFAS-Norfolk, (Norfolk Naval Air Station, Building Z-133 and Norfolk Naval Shipyard, Building M32) 1837 Morris Street, Suite 1401, Norfolk VA 23511 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
10. DFAS-Oakland, (John Breuner Building) 2201 Broadway, 4th Floor, Oakland, CA 94612 (Accounting Services and Corporate and Administrative Organizations)
11. DFAS-Omaha, (Offutt AFB, Building 500) P.O. Box 7010, Curtis E. LeMay Building, Bellevue, NE 68005 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
12. DFAS-Orlando, (former Naval Training Center-Orlando, Building 301) 2500 Leahy Avenue, Box 930100, Orlando, FL 32893 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
13. DFAS-Patuxent River, (Exploration Park) 22299 Exploration Park Dr, Suite 300, Lexington Park, MD 20653 (Technology Services Organization)
14. DFAS-Pensacola NAS, (Pensacola Naval Air Station, Building 603) 130 West Avenue, Suite A, Pensacola, FL 32508 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
15. DFAS-Pensacola Saufley Field, (Pensacola Saufley Field, Building 801) 250 Raby Avenue, Pensacola, FL 32509 (Technology Services Organization)
16. DFAS-Rome, (former Griffiss AFB) 325 Brooks Road, Rome, NY 13441 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
17. DFAS-Rock Island, (Rock Island Arsenal Army, Building 68) Building 68, 1 Rock Island Arsenal (RIA), Rock Island, IL 61299 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
18. DFAS-San Antonio, (Southwestern Bell Company Towers) 500 McCullough Avenue, San Antonio, TX 78215 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
19. DFAS-San Bernardino, (formerly Norton AFB) 2125 E. Mill Street, San Bernardino, CA 92408 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
20. DFAS-St Louis, (St Louis Federal Center, Building 110) 4300 Goodfellow Boulevard, St. Louis, MO 63120 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)

Relocate and consolidate DFAS Business Line, Corporate and Administrative functions, except for contracted product line operations and locally required customer support/liaison staff, into the following 3 retained DFAS sites:

1. DFAS-Columbus, (Defense Supply Center-Columbus, Buildings 10, 11 & 21) 3990 E Broad St, Building #21, Columbus, OH 43213 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 209,323 USF above Capacity Data Call (CDC) #1 reported assigned space. Defense Logistics Agency’s CDC response for Defense Supply Center indicated 363,200 USF vacant/available.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Columbus:

1. DFAS-Arlington, DFAS-Cleveland, DFAS-Dayton, DFAS-Limestone, DFAS-Norfolk NAS, DFAS-Patuxent River, and DFAS-Rome.

2. DFAS-Denver, (Buckley AFB Annex, Buildings 444, 607 & 609, former Lowry AFB) 6760 E. Irvington Place, Denver, CO 80279 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
Registered Scenarios

As Of: 12/3/2004

(a) NOTE: DFAS requires an additional 127,929 USF above CDC #1 reported assigned space. Departure of Air Reserve Personnel Center (ARPC) will free up 127,964 USF and enable completion of DFAS realignment to Buckley AFB Annex. Scenarios associated with the ARPC are HSA-0004, HSA-0005, and HSA-0008.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Denver: DFAS-Lawton, DFAS-Oakland, DFAS-Pacific (Ford Island), DFAS-Red River, DFAS-San Antonio, DFAS-San Bernardino, DFAS-San Diego, and DFAS-Seaside.

(3) DFAS-Indianapolis, (Bean Federal Center, former Ft Benjamin Harrison) 8899 E. 56th Street, Indianapolis, IN 46249 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 26,697 USF above CDC # 1 reported assigned space. Departure of Human Resource Command – Indianapolis (former EREC) will free up 76,740 USF and enable completion of DFAS realignment. Scenarios associated with the Human Resource Command – Indianapolis HSA-0004, HSA-0005, and HSA-0006.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Indianapolis: DFAS-Charleston, DFAS-Kansas City, DFAS-Lexington, DFAS-Orlando, DFAS-Pensacola NAS, DFAS-Pensacola Saufley Field, DFAS-Rock Island, and DFAS-St Louis.

Locations with potential retained customer support/liaison staff, contracted function(s), or which are deemed special purpose in nature include:

(2) Other customer support/liaison staff locations TBD (i.e., DFAS-Seaside, Corporate and Administrative Organization-Internal Review Auditors for Defense Manpower Data Center)

(3) LMIT-Retired & Annuitant Pay Contractor, DFAS-Cleveland, 1240 E 9th Street, Cleveland, OH 44199

(4) Corporate and Administrative Organization-Contractor Support, Southbridge Hotel & Conference Center, 14 Mechanic Street, Southbridge, MA 01566

(5) Technology Services Organization, DFAS-Cleveland Bratenahl, (Defense Contract Management Agency Hosted Installation) 555 E 88th St (Admiral Kidd Center), Bratenahl, OH 44108

(6) DFAS-Red River, Texas Avenue, Texarkana, TX 75505 (Army Non-Appropriated Funds Accounting - Accounting Services and Technology Services Organization)

Justification/Impact proposed:
- Reduces footprint – Admin by 42% or 1,399,421 USF and Warehouse by 69% or 525,690 GSF.
- Implements merge/co-location personnel reduction (15%).
- Overall AT/FP enhancement – DFAS will be on a DoD installation or in Government leased space that meets DoD AT/FP standards.
- Service’s unit costs will go down.
- Gaining site expansion enabled by departure of specific military personnel organizations from Denver and Indianapolis.
- No requirement for renovation at gaining sites.
- Risk averse – Mitigates risk thru centralized, apportioned operations (each segment may serve as backup).
- Better Business Practice - Creates business line centers of excellence.
- Facilitates DFAS re-engineering for FY2011 organization.

Losing Bases

DFAS - Arlington (Arlington, VA) - Realignment
DFAS - Charleston (Charleston, SC) - Realignment
DFAS - Cleveland (Cleveland, OH) - Realignment

Registered Scenarios

As Of: 12/3/2004

Scenario # HSA-0019  Date Created: 9/30/2004

Scenario Title: GC-CF-0003: [I] Transfer Level III Discharged Prisoners to Federal Bureau of Prisons

Description:

Realign Ft Leavenworth by transferring long-term (Level III) bed space to Federal Bureau of Prisons (FBOP). Increase number of long-term (Level III) beds with the Federal Bureau of Prisons for transfer from United States Disciplinary Barracks (USDB), Ft Leavenworth.

Justification/Impact:
- Current agreement with Federal Bureau of Prisons (FBOP) is insufficient.
- Approximately 1/3 of long-term prisoners are fully adjudicated and discharged from the military.
- Increase in FBOP support would open beds for shorter long-term prisoners at Level II facilities.
- Discharged prisoners would be sent to federal system.
- Promotes “Good order and discipline,” by transferring prisoners who have committed the most serious of offenses and given long term or life sentences, away from general prison population.

Potential Conflicts:
- Cultural: “Cradle to grave” mentality. Military departments may wish to keep fully adjudicated and discharged prisoners as a way of the military “taking care” of its own.
- Other: Cost.

Losing Bases

Leavenworth (Fort Leavenworth, KS) -

United States Disciplinary Barracks - Other
### Registered Scenarios

**Scenario #** | HSA-0020  
**Date Created:** | 9/30/2004  
**Scenario Title:** | GC-CF-0012: [I] Create a Single Northwestern Regional Correctional Facility

### Description:

Realignment of Subase Bangor and Fort Lewis by disestablishing the correctional facility at Subase Bangor and relocating the mission to a single Level II joint regional correctional facility located at Fort Lewis.

**Justification/Impact:**
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Subase Bangor (Year built-1995)/(FY01 inmate count-42); Fort Lewis (Year built-1957)/(FY03 inmate count-206). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable land is available at Fort Lewis, questionable as to availability of land at Subase Bangor. New facility required at Fort Lewis.

**Potential Conflicts:**
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

### Scenario 
**HSA-0021**  
**Date Created:** 9/30/2004

**Scenario Title:** GC-CF-0013: [I] Create a Single Southwestern Regional Correctional Facility

### Description:

Realign MCAS Miramar, Edwards AFB, Kirtland AFB and Camp Pendleton by disestablishing the correctional facilities at Edwards AFB, Kirtland AFB and Camp Pendleton and relocating the mission to a single Level II joint regional correctional facility to be located at MCAS Miramar.

**Justification/Impact:**
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- MCAS Miramar (Year built-1989)/(FY03 inmate count-320); Edwards AFB (Year built-1950)/(FY03 inmate count-14); Kirtland AFB (Year built-1950)/(FY01 inmate count-16); Camp Pendleton (Year built-1972)/(FY02 inmate count-213). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ MCAS Miramar. Additional facility required.
- MCAS Miramar remains executive agent for Level III females.

**Potential Conflicts:**
- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON: Large Level I requirement as of 9/22/04 (60-pre-trial, 61- adjudged level I, 51- level II). Pretrial confinement is used intuitively by DON (cultural). USA and USAF don’t use pre-trial as often as DON.

### Losing Bases

- Edwards AFB (Rosamond, CA) - Realignment
- Kirtland AFB (Albuquerque, NM) - Realignment

### Losing Activities

- Edwards Confinement Facility - Consolidate
- Kirtland Confinement Facility - Consolidate

### Receiving Bases

- Marine Corps Air Station Miramar (San Diego, CA) - Receive

### Activities being Received

- Navy Consolidated Brig Miramar

Scenario Title: | GC-CF-0014: [I] Create a Single Midwestern Regional Correctional Facility

**Description:**

Realignment Fort Leavenworth, Fort Knox, Fort Sill and Lackland AFB by disestablishing the correctional facilities at Fort Knox, Fort Sill and Lackland AFB and relocating the mission to a single Level III joint regional correctional facility to be located at the United States Disciplinary Barracks, USDB, Fort Leavenworth.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Fort Leavenworth (Year built-2001)/(FY03 inmate count-450); Fort Knox (Year built-1953)/(FY02 inmate count-156); Fort Sill (Year built-1977)/(FY03 inmate count-123); Lackland AFB (Year built-1996)/(FY02 inmate count-25). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ Fort Leavenworth. Additional bowties are required to be built.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

**Losing Bases**

Knox (Fort Knox, KY) - Realignment
Lackland AFB (San Antonio, TX) - Realignment

### Registered Scenarios

**Scenario #**: HSA-0026  
**Date Created**: 10/6/2004  
**Scenario Title**: MOB-MOB-0002: Establish Joint Mobilization Site Lewis/McChord

**Description:**

Realign Bangor NSB and McChord AFB by consolidating at a newly established joint mobilization processing center at Ft Lewis, McChord AFB.

- 18 locations for transportation within 100 miles.
- Billeting available for 7632 personnel.
- 1140 buildable acres, 260,307 unconstrained acres.
- Dining, billeting, medical, storage infrastructure existing.
- With the fence line adjoining McChord AFB this would enhance the Joint Mob Site.

**Justifications/Impact:**

---

### Losing Bases

- McChord AFB (Tacoma, WA) - Realignment
- Naval Submarine Base Bangor (Silverdale, WA) - Realignment

### Losing Activities

- Mobilization-McChord - Consolidate
- Mobilization-Bangor - Consolidate

**Date Created:** | 10/14/2004  
**Scenario Title:** | MAH-R&RC-0008: Co-locate National Guard HQs  
**Description:**

Realign Arlington Army National Guard Readiness Center (ARNGRC) and National Guard HQs elements in Crystal City (NGB, ARNG and ANG) and co-locate with Air National Guard Readiness Center at Andrews AFB.

Enables MAH-0015 to realign 14 leased locations by relocating components of USA Activities (Office of the Administrative Assistant of the Army, Army Audit Agency, ASA(F&M, I&E, M&R), CECOM, DUSA, G-1, 3, 8, OASA, OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, and USALSA.

Enhances interoperability.

Merge common support functions.

Reduce leased space costs (~350,000 gsf).

Reduce duplicative staffing.

Enhances force protection.

59 administrative buildable acres available.

Required maximum acreage: 33.

Total personnel relocated: TBD. ANG on AAFB.

NGB/AAFB negotiations initiated prior to BRAC.

**Registered Scenarios**

**Scenario #**  HSA-0045  **Date Created:** 10/15/2004

**Scenario Title:** MAH-MAH-0001 (Dc): Consolidate Defense Information Systems Agency (DISA) Components within DC Area

**Description:**

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Ft. Meade.

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

### Receiving Bases
**Receiving Activities**
- Offutt AFB (Bellevue, NE) - Receive
- Defense Information Systems Agency (DISA) - DISA
**Registered Scenarios**

**Scenario #** HSA-0047  
**Date Created:** 10/15/2004  
**Scenario Title:** MAH-MAH 0004 (DC): Co-locate Missile and Space Defense Agencies  

**Description:**

Close 7 leased locations in the DC Area, close 10 leased locations in Huntsville, AL, realign 3 leased locations in the DC Area, realign Naval Support Activity Dahlgren, and facilitate disposal of Federal Office Building 2 by consolidating components of Missile Defense Agency (MDA) and co-locating with USA Space and Missile Defense Command Headquarters (SMDC), Naval Network and Space Operations Command (COMNAVNETSPAOPSCOM), and existing offices of SMDC and MDA at Redstone Arsenal.

- **Justification/Impact:**
  - Encompasses 933,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 728,600 GSF.
  - 17 leased locations can be closed: approx. 395,000 USF
  - Affects 4,194 personnel, as currently reported. Scenario estimates a 14% personnel savings for MDA and SMDC as a result of consolidation, or 515 personnel, and a 7% personnel savings for the Navy activity as a result of co-location, or 36 positions.
  - Enhances AT/FP.
  - Consolidation of HQs from multiple to single locations, e.g. MDA from at least 20 to 1, eliminates redundancy and enhances efficiency.
  - Consolidation and co-location of large HQs facilitates possible consolidation of common support functions.
  - Relocates major tenant from FOB 2, which is projected to close in 2010+.
  - Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
  - Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Scenario Title:  MAH-COCOMs-0002: [C:reference below for scenario conflicts]  Co-Locate USARPAC with PACFLT and PACAF

Description:

Realign Ft Shafter, HI by co-locating USARPAC with PACFLT and PACAF and co-locating IMA Region Pacific with Navy Region HI with the Naval Station Pearl Harbor/Hickam AFB, HI Geo-cluster

Co-locates three PACOM service component commands in the Geo-cluster which will reduce footprint, improve interoperability, and realize savings through shared common support functions. Realize savings through the potential closure of Ft Shafter, HI. 128,569 GSF vacant admin space available at Naval Station Pearl. Utilizing space standard, USARPAC requires 34,400 sq. ft.

Scenario conflicts: C: DoN-0036, DoN-0037, DoN-0042, H&SA-0096, IND-0022, and MED-0001
Directs DoN, H&SA, IND & MED to develop and analyze scenarios that do not use Naval Station Pearl Harbor facilities.

Losing Bases

Shafter (Fort Shafter, HI) - Realignment

Receiving Bases

Naval Station Pearl Harbor (Pearl Harbor, HI) - Receive

Losing Activities

IMA - Co-locate
USARPAC - Co-locate

Activities being Received

IMA
USARPAC

**Scenario #:** HSA-0051  
**Date Created:** 10/15/2004  
**Scenario Title:** MOB-MOB-0004: Establish Joint Mobilization Site Port Hueneme/Camp Roberts/Hunter Liggett

#### Description:

Close Armed Forces Reserve Center (AFRC) Ventura and move to Port Hueneme. Establish a joint mobilization processing/reserve training center at Naval Base Ventura County (Port Hueneme)/Camp Roberts/Ft Hunter Liggett.

**Justification/Impact:**
- Second largest deep water port on the west coast. Ideal location for Southwest Regional MOB site.
- 24 locations for transport within 100 miles.
- Over 200 buildable and unconstrained acres.
- Dining, billeting, medical, storage infrastructure available.
- San Diego and Camp Pendleton have minimal expansion capabilities.

Registered Scenarios

Scenario #     HSA-0053     Date Created: 10/15/2004
Scenario Title: MAH-MAH-0022 (Dc): Co-locate Miscellaneous OSD and 4th Estate Leased Locations

Description:
Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project at an administrative campus at the Engineering Proving Ground site at Ft. Belvoir.

Justification/Impact:
-Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
-Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space. Also eliminates one leased location in Georgia.
-13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
-Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
-Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
-Enhances AT/FP.
-Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
-Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

**Scenario Title:** MAH-MAH-0024 (I): Co-locate Miscellaneous USAF Leased Locations

**Description:**

Close 3 and realign 17 leased locations in the DC Area by co-locating components of the following USAF Activities at Andrews Air Force Base:

**Justification/Impact:**

- Eliminates 212,000 USF of leased space within DC Area.
- 3 leased locations can be closed: 78,600 USF.
- Affects 979 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (AF/IL) as a result of co-location, or 52 positions.
- Computed space required at 200 GSF/person = 185,600 GSF.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Sufficient existing administrative space is expected to be available at Andrews AFB as a result of relocation of activities via other scenarios.

Scenario Title: | MAH-MAH-0025 (I): Co-locate Miscellaneous USN Leased Locations

**Description:**

Close 4 and realign 8 leased locations by relocating components of the following Navy Activities to the Washington Navy Yard/Anacostia Annex: NAVSSP, NAVIPO, OPNAV, NSMA, and SECNAV.

- Justification/Impact:
  - Eliminates approximately 360,000 USF of leased space within DC Area.
  - Affects 1,491 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (NSMA) as a result of co-location, or 58 positions.
  - Computed space required at 200 GSF/person = 286,600 GSF.
  - Enhances AT/FP.
  - Co-location of organizations facilitates possible consolidation of common support functions.
  - Sufficient existing administrative space is expected to be available at Washington Navy Yard/Anacostia Annex as a result of relocation of activities via other scenarios.

## Scenario 

**Scenario #:** HSA-0063  
**Date Created:** 10/15/2004  
**Scenario Title:** MAH-MAH-0013 (I): Co-locate TRANSCOM Components

### Description:

Realign Washington Navy Yard and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing SDDC offices at Ft. Eustis.

**Justification/Impact:**
- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 959 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 74 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 171,000 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Eustis reports no vacant administrative space and sufficient land to accommodate 6 million GSF of new administrative space.

Scenario Title: MAH-MAH-0018 (Dc): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realigned 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Aberdeen Proving Ground (APG).

Justification/Impact:
- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

Scenario #: HSA-0069  Date Created: 10/15/2004
Scenario Title: MAH-MAH-0015 (C): Co-locate Miscellaneous Army Leased Locations

Description:

- Realign 18 leased locations by relocating components of the following USA Activities to Arlington Hall, Aberdeen Proving Ground, and Ft. Belvoir: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&MC), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.
- MAH-R&RC-0008 enables MAH-MAH-0015 by relocating the HQ Army National Guard from Arlington Hall to Andrews AFB.

Justification/Impact:
- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Arlington Hall has a capacity of 248,000 GSF; it is expected to be available due to the relocation of the Army National Guard HQ.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

Scenario # | HSA-0070 | Date Created: | 10/15/2004
Scenario Title: MAH-MAH-0011 (I): Co-locate MILDEP and DoD Medical Activities

Description:

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at Walter Reed Army Medical Center (WRAMC): Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

Justification/Impact:
- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

Scenario #  HSA-0071  Date Created:  10/15/2004

Scenario Title:  MAH-MAH-0012 (Dc): Create New Agency for Media and Publications

Description:

- Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the Defense Information School and the new DoD Media Activity at Ft. Meade.

Justification/Impact:
- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

Losing Bases

103 Norton Street; San Antonio; TX (San Antonio, TX) - Close
2320 Mill Road; Alexandria; VA (Alexandria, VA) - Close
601 North Fairfax Street; Alexandria; VA (Alexandria, VA) - Close
9420 3rd Avenue; Norfolk; VA (Norfolk, VA) - Close

--- | --- | --- | ---

Scenario Title: GC-DA-0003: [I] [Alt to HSA-0095] Consolidate DSS/CIFA At Fort Meade, MD (12 Oct 04)

Description:
Realign leased space in Arlington and Alexandria, VA; Columbus, OH; Smyrna, GA, Long Beach, CA; Elkridge and Linthicum, MD, and Colorado Springs, CO, by disestablishing Defense Security Service and Defense Counterintelligence Field Activity (CIFA) and consolidating functions under a newly-created organization, e.g., DoD Counterintelligence and Security Agency, and relocating them to a new facility to be built on 526 acres of available administrative space at Fort Meade, MD. This is an HSA and Intel collaborative scenario; the HSA JCSG is Office of Primary Responsibility, Intel JCSG is the Office of Collatoral Responsibility. This is an alternate scenario to HSA-0095, which places this organization at Wright Patterson AFB, OH.

**Losing Bases**

- CIFA - Joint Training Academy (Elkridge, MD) - Realignment
- CIFA-Arlington (Arlington, VA) - Realignment
- CIFA-Colorado Springs (Colorado Springs, CO) - Realignment
- DSS - Alexandria (HQ) (Alexandria, VA) - Realignment
- DSS - DISCO (Columbus, OH) - Realignment
- DSS - DSS-A (Linthicum, MD) - Realignment
- DSS - Northeast Region (Columbus, GA) - Realignment
- DSS - Southern Region (Smyrna, GA) - Realignment
- DSS - Western Region (Long Beach, CA) - Realignment

Scenario #  HSA-0074  Date Created:  10/20/2004
Scenario Title:  GC-MPC-0014: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Sam Houston

Description:
Realignment of Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and re-locating to Fort Sam Houston TX.

Realignment of Fort Monroe VA and Ft Knox KY by re-locating Army Accessions Command, Army Cadet Command and Army Enlisted Recruiting and co-locating all with the consolidated Army Human Resources Command (HRC) at Fort Sam Houston TX.

ADDITIONAL INFO: No existing Mil Pers or Recruiting function at Ft Sam, so no excess space identified. Scenario requires ~880,800 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Monroe = 70,850 SF. Space made available at Ft Knox = 267,231 SF.

Losing Bases
- Aberdeen (Aberdeen, MD) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Knox (Fort Knox, KY) - Realignment
- Leased Space (Z, XX) - Realignment
- Monroe (Hampton, VA) - Realignment

Losing Activities
- Civilian Human Resources Agency (CHRA) - Consolidate
- Human Resources Command-St Louis - Consolidate
- Human Resources Command-Alexandria - Consolidate
- US Army Recruiting Command - Co-locate
- Human Resources Command-Indianapolis 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate
- Army Accessions Command - Co-locate
- Army Cadet Command - Co-locate

Receiving Bases
- Sam Houston (San Antonio, TX) - Receive

Activities being Received
- Accessions Command
- New Army Human Resources Center (Personnel)

Draft Deliberative Document - For Discussion Purposes Only - Do Not Release Under FOIA

**Friday, December 10, 2004**
Registered Scenarios

Scenario # HSA-0076

Scenario Title: MAH-MAH-0007 (Dc): Co-locate MILDEP Investigation Agencies

Date Created: 10/21/2004

Description:

Justification/Impact:
- Frees up 510,000 GSF close to Pentagon for other uses.
- Affects 2,293 personnel, as currently reported.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 10% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 141 positions.
- Computed space required at 200 GSF/person = 430,000 GSF.
- Navy NCIS needs upgraded HQ facility.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.

Losing Bases

Andrews AFB (Camp Springs, MD) - Realignment
Belvoir (Fort Belvoir, VA) - Realignment
Washington Navy Yard (Washington, DC) - Realignment

Receiving Bases

Meade (Fort George G Meade, MD) - Receive

Losing Activities

AFOSI - Co-locate
USA Criminal Investigation Command - Co-locate
NCIS - Co-locate

Activities being Received

AFOSI
NCIS
USA Criminal Investigation Command
### Registered Scenarios

**Scenario #** | HSA-0077  
**Date Created:** | 10/21/2004
**Scenario Title:** | MAH-MAH-0009 (Dc): Consolidate/Co-locate Installation Management Agencies and Army Service Providers

### Description:

```plaintext
- Realign 1 leased location in Arlington, Virginia by relocating USA Installation Management Agency (IMA) to Ft. Lee.
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at Ft. Lee.
- Realign Rock Island Arsenal by consolidating IMA regional office with existing office at Ft. Sam Houston, forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at Ft. Lee.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at Ft. Sam Houston.
- Realign Rock Island Arsenal by consolidating NETCOM regional office with existing office to form NETCOM Western Region at Ft. Sam Houston.
```

**Justification/Impact:**

- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.
- Ft. Sam Houston reports 88,945 GSF of vacant administrative space and sufficient land to accommodate nearly 11 million GSF of new administrative space.

### Losing Bases

- 4700 King Street; Alexandria; VA (Alexandria, VA) - Close
- Crystal Plaza 5; Arlington; VA (Arlington, VA) - Realignment
- Crystal Square 2; Arlington; VA (Arlington, VA) - Realignment
- Eustis (Fort Eustis, VA) - Realignment

Scenario #    HSA-0078    Date Created: 10/21/2004
Scenario Title: MAH-MAH-0028 (Dc): Consolidate NAVAIR Leased Locations

Description:
Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to NAS Paxtuxent River.

Justification/Impact:
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- NAS Patuxent River reports 20,809 GSF of vacant administrative space and sufficient land to accommodate over 4 million GSF of new administrative space.

Losing Bases

214191 Great Mills Road; Lexington Park; MD (Lexington Park, MD) - Close

### Scenario # HSA-0081  
**Date Created:** 10/21/2004

**Scenario Title:** MAH-MAH-0020 (Dc): Relocate USA Space and Missile Defense Command (SMDC) Headquarters (Revised)

### Description:

Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.

- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Redstone Arsenal.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

### Losing Bases

- Crystal Mall 4; Arlington; VA (Arlington, VA) - Realignment
- Crystal Square 2; Arlington; VA (Arlington, VA) - Realignment

### Losing Activities

- Space Missile Defense Command (USA SMDC) - Relocate

### Receiving Bases

- Space Missile Defense Command (USA SMDC)
**Scenario #**: HSA-0082  **Date Created**: 10/21/2004

**Scenario Title**: GC-CF-0015: [I] Create a Single Mid-Atlantic Joint Regional Correctional Facility

**Description**:

- Realign Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correction facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

**Justification/Impact**:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built-1972) (FY02 inmate count-158); Marine Corps Base Quantico (Year built-1972) (FY03 inmate count-46); Camp Lejeune (Year built-1969) (FY02 inmate count-232). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Virginia.
- A 400 bed facility required.

**Potential Conflicts**:
- Cultural: Fewer DoD-level correctional facilities amongst military departments
- DON concern of 4-hour commute to Hampton Roads South and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

**Losing Bases**

- Marine Corps Base Camp Lejeune (Camp Lejeune, NC) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Naval Station Norfolk (Norfolk, VA) - Realignment

**Receiving Bases**

- Naval Security Group Activity Detachment (Chesapeake, VA) - Receive

**Losing Activities**

- Naval Security Group Activity Chesapeake

**Activities being Received**

- Naval Security Group Activity Chesapeake

Scenario Title:    MAH–COCOMs–0006: Co-locate JFCOM & TRADOC
Date Created:    10/22/2004

Description:

Realign Ft Monroe, VA, Naval Station Norfolk, and JFCOM leased facilities in Suffolk, VA by co-locating TRADOC (minus Army Accessions Command and Cadet Command), JFCOM HQ, and JFCOM leased facilities in Suffolk, VA to Ft. Story, VA.

Merge common support functions.
Realize savings through the potential closure of Ft Monroe, VA.
Eliminates leased space/cost for 619,030 GSF.
Co-locates JFCOM with TRADOC.
173 Undetermined Buildable acres at Ft. Story, VA.
MILCON required.

Scenario #  HSA-0090  Date Created: 10/28/2004

Scenario Title: MAH-MAH-0037(Dc): Consol. Defense Information Systems Agency (DISA) Components outside of DC Area

Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Peterson Air Force Base.

Justification/Impact:
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Peterson AFB reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

Losing Bases

- 5600 Columbia Pike, Falls Church, VA (Falls Church, VA) - Close
- Arlington Service Center (Arlington, VA) - Realignment
- Belvoir (Fort Belvoir, VA) - Realignment
- Crystal Gateway 3; Arlington, VA (Arlington, VA) - Realignment
- Fern Street Warehouse; Arlington, VA (Arlington, VA) - Close
- Hoffman 1; Alexandria, VA (Alexandria, VA) - Realignment
- Joint Spectrum Center; Annapolis, MD (Annapolis, MD) - Close
- Northpoint Building; Sterling, VA (Sterling, VA) - Close
- Skyline Five; Falls Church; VA (Falls Church, VA) - Realignment
- Skyline Four; Falls Church; VA (Falls Church, VA) - Realignment
- Skyline Place (Skyline VII); Falls Church; VA (Falls Church, VA) - Close

Receiving Bases

- Peterson AFB (Colorado Springs, CO) - Receive

---|---
**Date Created:** | 10/28/2004

**Scenario Title:**
MAH-MAH-0039 (Alt to MAH-0014) : Relocate Army Materiel Command(AMC)-Alternate

**Description:**
Realign Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Redstone Arsenal.

- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

**Losing Bases**
Belvoir (Fort Belvoir, VA) - Realignment

**Receiving Bases**
Redstone (Huntsville, AL) - Receive

**Losing Activities**
Army Materiel Command - Relocate
USA SAC - Relocate

**Activities being Received**
Army Materiel Command
USA SAC
Scenario #  HSA-0093           Date Created:  10/28/2004
Scenario Title:  MAH-MAH-0040 (Alt to MAH-0018): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realignment of 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Ft. Belvoir.

Justification/Impact:
- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at $3.3M annually (FY04 cost).
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Losing Bases

Park Center Four; Alexandria; VA (Alexandria, VA) - Realignment

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Losing Activities

Army Test and Evaluation Command - Relocate

Activities being Received

Army Test and Evaluation Command
Scenario #  HSA-0094  Date Created:  10/28/2004

Scenario Title:  MAH-R&RC-0018: Relocate Naval Reserve & Marine Corps Reserve Commands

Description:

Realignment NSA New Orleans, LA by co-locating Naval Reserve Command with Commander Fleet Forces Command at NAB Little Creek, VA., Marine Corps Reserve Command with HQ Marine Corps and Marine Corps Recruiting Command at MCB Quantico, VA.

Enhances Service AC/RC interoperability.

Merge common support functions.

Reduce staff: 89 per/17.8k gsf (7% CS factor).

Potential to close NSA New Orleans.

Administrative buildable acres NAB Little Creek: .

Required maximum acres NAB Little Creek: .

Undetermined available acres at Quantico: 243.

Required maximum acres at Quantico: 9.97.

Total personnel relocated: 1179.

This scenario deconflicts HSA-0041.

Scenario Title:  GC-DA-0004::[I] [Alt to HSA-0072] Consolidate DSS/CIFA At Wright Patterson AFB, OH (26 Oct 04)

Description:
Realignment of leased space in Alexandria and Arlington, VA; Columbus, OH; Smyrna, GA; Long Beach, CA; Elkridge and Linthicum, MD; and Colorado Springs, CO, by disestablishing Defense Security Service (DSS) and Defense Counterintelligence Field Activity (CIFA) and consolidating functions in a new facility to be built on 120 admin buildable acres or 82 undetermined acres, or in 182,000 USF of admin space available at Wright Patterson AFB, OH, under a newly-created organization, e.g., DoD Counterintelligence and Security Agency. This is an HSA and Intel collaborative scenario; HSA JCSG is the Office of Primary Responsibility, the Intel JCSG is the Office of Collateral Responsibility. This is an alternate scenario to HSA-0072, which places this new organization at Ft Meade, MD.

Scenario # HSA-0104  Date Created: 11/4/2004

Scenario Title: MAH-MAH-0045 (Alt to MAH-0012): Create New Agency for Media and Publications

Description:

Realign Fort Belvoir, Anacostia Annex, 2 leased locations in Alexandria, VA, 1 leased location in Norfolk, VA, and 1 leased location in San Antonio, TX by consolidating Army Broadcasting Service, Soldiers Radio & TV; Soldiers Magazine, Air Force News Agency, Army/Air Force Hometown News Service; Naval Media Center; and Navy’s Fleet Hometown News into a newly created DoD Media Activity at Lackland Air Force Base.

Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the new DoD Media Activity at Lackland Air Force Base.

Justification/Impact:
- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Lackland AFB reports no vacant administrative space and sufficient land to accommodate 1.76 million GSF of new administrative space.

Losing Bases

103 Norton Street; San Antonio; TX (San Antonio, TX) - Close

**Description:**

Realignment of two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Peterson Air Force Base.

Justification/Impact:
- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Peterson AFB.
- Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

Scenario #     HSA-0106     Date Created:     11/4/2004
Scenario Title: MAH-MAH-0047 (Alt to MAH-0022): Co-locate Miscellaneous OSD and 4th Estate Leased Locations

Description:

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project to an administrative campus at Walter Reed Army Medical Center (WRAMC).

Justification/Impact:
-Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
-Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space.
-Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
-Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
-Enhances AT/FP.
-Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
-Space is expected to become available at WRAMC as a result of other BRAC actions.

Registered Scenarios

Scenario #       HSA-0108
Scenario Title:  MAH-MAH-0043 (Alt to MAH-0007): Co-locate MILDEP Investigation Agencies

Description:

Justification/Impact:
- Frees up 510,000 GSF close to Pentagon for other uses.
- Affects 2,293 personnel, as currently reported.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 10% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 141 positions.
- Computed space required at 200 GSF/person = 430,000 GSF.
- Navy NCIS needs upgraded HQ facility.
- MCB Quantico reports 61,436 GSF of vacant administrative space and sufficient land to accommodate 3.4 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.

</tbody>
</table>

### Description:

Realign leased space in Virginia Beach, VA, San Antonio, TX, and Hopewell, VA, by consolidating Defense Commissary Agency’s (DECA) Eastern and Midwestern offices, and headquarters leased space, with DECA Headquarters at Ft Lee, VA.

157 buildable acres, 28,658 GSF available admin space at Ft Lee; need 32,000 (160 people w/14% reduction) – new construction possibly required.

### Losing Bases

- **DeCA - Hopewell (HQ leased) (Hopewell, VA)** - Realignment
- **DeCA - San Antonio (Midwestern Region) (San Antonio, TX)** - Realignment
- **DeCA - Virginia Beach (Eastern Region) (Virginia Beach, VA)** - Realignment

## Registered Scenarios

**Scenario #** HSA-0112  
**Date Created:** 11/17/2004  
**Scenario Title:** MAH-MAH-0037(Alt): Consol. Defense Information Systems Agency (DISA) Components outside of DC Area

### Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Schriever Air Force Base.

Justification/Impact:
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

NOTE: It is anticipated that this scenario will be further refined to be either Peterson AFB or Schriever AFB or parts of DISA at each installation.

**Description:**

Realignment Washington Navy Yard, Ft. Eustis, and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing TRANSCOM Components at Scott Air Force Base.

- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 1,661 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 172 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 291,800 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Scott AFB reports no vacant administrative space and sufficient land to accommodate 1.86 million GSF of new administrative space.

Scenario # | HSA-0115  
Scenario Title: | MAH-MAH-0049 (Alt to MAH-0011): Co-locate MILDEP and DoD Medical Activities  
Date Created: | 11/17/2004  
As Of: | 12/3/2004  
Description:

Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at the National Naval Medical Center in Bethesda: Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

Justification/Impact:
- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at NNMC as a result of other BRAC actions.

**Description:**
Realign 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Belvoir.

**Justification/Impact:**
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

**Scenario Title:**  SR-9; Close NS Ingleside TX (NS Norfolk VA receive)

**Description:**

Consolidate all MCM / MHC I-Level workload from SIMA INGLESIDE TX to SIMA NORFOLK VA. Equipment and personnel to support workload share to relocate to SIMA NORFOLK, as required, from SIMA INGLESIDE.

**Losing Bases**

Naval Station Ingleside (Ingleside, TX) - Realignment

**Receiving Bases**

Naval Station Norfolk (Norfolk, VA) - Receive

**Losing Activities**

SIMA NRMF INGLESIDE - Consolidate

**Activities being Received**

SIMA NRMF INGLESIDE

Scenario # | IND-0063  
Scenario Title: | MX 1.1A

Date Created: | 11/22/2004

Description:

Realign all depot maintenance workload and capability for the commodity groups, Aircraft Avionics/Electronics Components, Aircraft Dynamic Components, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and “Other” from NAVAIRDEPOT Cherry Point NC on CO MCAS Cherry Point to Robins Air Force Base, Corpus Christi Army Depot, Tinker Air Force Base, NAVAIRDEPOT North Island on NAVBASE Coronado, NAVAIR DEPOT Jacksonville on NAS Jacksonville, Hill Air Force Base, Tobyhanna Army Depot and disestablish capability at NAVAIRDEPOT Cherry Point NC on CO MCAS Cherry Point.

In FY05, disestablish all depot maintenance workload and capability for the commodity group Aircraft Cargo/Tanker at NAVAIRDEPOT Cherry Point on CO MCAS Cherry Point.

Realign all depot maintenance workload and capability for the commodity groups Field/Fleet Support, Fabrication and Manufacturing, and “Other” from NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst to NAVAIRDEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVAIRENGSTA Lakehurst.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and “Other” from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN.

Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Air Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Barstow and Letterkenny Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA.

Realign all depot maintenance workload and capability for the commodity groups Combat Vehicles, Other Equipment, Tactical Vehicles, and “Other” from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany, Marine Corps Logistics Base Barstow, Letterkenny Army Depot, and Tobyhanna Army Depot and disestablish capability at Rock Island Arsenal.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and “Other” from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and Marine Corps Logistics Base Barstow and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases

Marine Corps Air Station Cherry Point (Cherry Point, NC) - Realignment
Naval Air Engineering Station Lakehurst (Lakehurst, NJ) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment
Naval Weapons Station Charleston (Goose Creek, SC) - Realignment
Naval Weapons Station Seal Beach (Seal Beach, CA) - Realignment
Red River (Texarkana, TX) - Realignment

Losing Activities

NAVAIRDEPOT Cherry Point - Relocate
NAVAIRWARCENACDIV Lakehurst - Relocate
NAVSURFWARCENDIV Crane - Relocate
SPAWARSYSCEN Charleston - Relocate
SPAWARSYSCEN San Diego CA - Relocate
NAWPNSTA Seal Beach - Relocate
Red River Army Depot - Relocate
## Registered Scenarios

| Rock Island (Rock Island, IL) - Realignment | Rock Island Arsenal - Relocate |
| SPAWAR Systems Center Point Loma (San Diego, CA) - Realignment | SPAWARSYSCEN San Diego - Relocate |

### Receiving Bases

Registered Scenarios

Scenario #: IND-0081
Scenario Title: MX 1.2I
Date Created: 11/24/2004

Description:

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack, Aircraft Other Components, Fabrication and Manufacturing, and "Other" with the exception of maintenance related to reclamation activities at Davis-Monthan Air Force Base.

This scenario is based on using workload and expanded maximum capacity with 1.0 shifts.

Losing Bases

Davis-Monthan AFB (Tucson, AZ) - Realignment

Losing Activities

Davis-Monthan Air Force Base - Relocate
Registered Scenarios

Scenario # | IND-0084 | Date Created: | 11/23/2004
Scenario Title: | MX 1.3B | Description:

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Rotary, Conventional Weapons, Material Handling and Tactical Missiles at Blue Grass Army Depot. Realign Fabrication and Manufacturing mission with Munitions Maintenance and Storage mission at Blue Grass Army Depot.

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Losing Bases

Blue Grass (Richmond, KY) - OTHER

Losing Activities

Blue Grass Army Depot - Relocate
Scenario #: IND-0085  
Scenario Title: MX 1.3C  
Date Created: 11/23/2004

Description:
Realign all depot maintenance workload and capability for the commodity group Industrial Plant Equipment (IPE) from Pine Bluff Arsenal to Naval Support Activity Mechanicsburg and disestablish capability at Pine Bluff Arsenal. Realign commodity groups "Other" and Fabrication and Manufacturing with Pine Bluff Arsenal's Munition Production mission.

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Losing Bases
PINE BLUFF ARMORY (Pine Bluff, AR) - Realignment  
Receiving Bases
Naval Support Activity Mechanicsburg (Mechanicsburg, PA) - Receive  

Losing Activities
Pine Bluff Arsenal - Relocate  
Activities being Received
Pine Bluff Arsenal
**Scenario #**: IND-0086  
**Date Created**: 11/23/2004

**Scenario Title**: MX 1.3D

**Description**: Realign all depot maintenance workload and capability for the commodity groups Computers, Crypto, Electronic Components (non-airborne), Radio, and "Other" from Lackland Air Force Base to Tobyhanna Army Depot and disestablish depot maintenance capabilities at Lackland Air Force Base.

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Scenario # | INT-0004  
Date Created: | 10/8/2004

Scenario Title: Consolidate NCR-Based NGA at Ft. Belvoir

Description:

Realign NGA functions at Bethesda, MD (Sumner and Dalecarlia sites) named Erskine Hall, Emory Bldg, Maury Hall, Roberdeau Hall, Abert Hall, Ruth Bldg, Fremont Bldg, Motor Poll, and Warren Bldg; Close NGA functions at Reston, VA, named 1 and 2; Realign NGA functions at Newington, VA, named 8510, 8520 and 8530; Close NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Realign National Geospatial Intelligence College function at Ft Belvoir, VA, named Bldgs 211, 214, 215, and 220; Close NGA and NGIC functions in Bldg 213 at Southwest Federal Center, DC; Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility at Ft. Belvoir.

This scenario disestablishes all of the functions currently performed at the NCR locations named above and consolidates the functions into a new facility on 150 acres at Ft. Belvoir. The requirement for the 150 acres is due to vulnerability and security reasons.

### Scenario # \ MED-0016
### Date Created: \ 10/15/2004

#### Scenario Title:
Disestablish 59th Medical Wing Inpatient Facility

#### Description:

- Balance workload in San Antonio Area.
- Realign Lackland AFB by disestablishing inpatient activity at 59th Medical Wing.
- Move Inpatient workload to Brooke Army Medical Center, Ft Sam Houston and local civilian/Veterans Affairs facilities. Realign 59th Medical Wing to 59th Medical Group.
- Expand Brooke Army Medical Center inpatient capacity.

### Registered Scenarios

**Scenario #** MED-0017  | **Date Created:** 10/15/2004

**Scenario Title:** Disestablish Pope AFB Clinic

**Description:**

Realignment of Pope AFB by disestablishing 43rd Medical Group. Move 43rd Medical Group outpatient workload to Womack Army Hospital, Ft Bragg. Expand Womack Army Hospital outpatient capacity. Maintain stand alone Service-specific occupational medicine function at Pope AFB.

### Losing Bases

- Pope AFB (Spring Lake, NC) - Realignment

### Losing Activities

- 43 Medical Group - Disestablish
- Outpatient Services - Relocate

### Receiving Bases

- Bragg (Fort Bragg, NC) - Receive

### Activities being Received

- Outpatient Services
- Womack Army Hospital
## Registered Scenarios

**Scenario #** MED-0018  
**Date Created:** 10/18/2004  
**Scenario Title:** Realign Andrews AFB Inpatient Services  

**Description:**
- Part of balancing medical care in the NCR.  
- Disestablish the inpatient functions at 89th Medical Group, Andrews AFB.  
- Realign 89th Medical Group from a hospital to a clinic. Space is made available for other uses.  
- Move patient workload to Walter Reed Army Medical Center, Ft Belvoir medical facilities and civilian medical network.

### Losing Bases
- Andrews AFB (Camp Springs, MD) - Realignment

### Losing Activities
- Inpatient Services - Relocate

### Receiving Bases
- Belvoir (Fort Belvoir, VA) - Receive
- Walter Reed (Washington, DC) - Receive

### Activities being Received
- Inpatient Services
- Inpatient Services
Scenario # MED-0019  Date Created: 10/18/2004
Scenario Title: Realign Andrews AFB Inpatient Services
Description:

Part of balancing medical care in the NCR.
Disestablish the inpatient functions at 89th Medical Group, Andrews AFB.
Realign 89th Medical Group from a hospital to a clinic. Space is made available for other uses.
Move patient workload to Bethesda National Naval Medical Center, Ft Belvoir medical facilities and civilian medical network.

Losing Bases
Andrews AFB (Camp Springs, MD) -

Receiving Bases
Belvoir (Fort Belvoir, VA) - Receive
National Naval Medical Center Bethesda (Bethesda, MD) - Receive

Losing Activities
Inpatient Services - Relocate

Activities being Received
Inpatient Services

Registered Scenarios

Scenario #  MED-0025  Date Created:  11/10/2004
Scenario Title:  Create Center of Excellence for Aerospace Medicine (- Wright-Pat AFB)

Description:

Abstract: This scenario will co-locate all aerospace biomedical and human systems R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Wright-Patterson Air Force Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site. This TBRCE includes all DoD research and technology development operations in the areas operational medical issues unique to aviation, including biodynamics, crashworthiness and survival, acceleration, life support equipment (aviation), aviation platform integration, and special occupational health criteria.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Wright-Patterson AFB, where they will be co-located with the Air Force Research Laboratory Human Effectiveness Directorate.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in their current location. An alternative is that Air Force and Navy directed energy programs will relocate to Wright-Patterson AFB, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research, Fort Sam Houston, TX.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Wright-Patterson AFB. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Wright-Patterson AFB can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D and operational medical support organizations that are currently co-located with the U. S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Wright-Patterson AFB.
- Adequate space for expansion is available at Wright-Patterson AFB.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Wright-Patterson AFB.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to ZHTV, Wright-Patterson AFB, Dayton, OH, for collocation with FFSDG, Air Force Research Lab, Human Effectiveness Division.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFB5T and other pertinent subordinate UICs to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICs to be determined

Marine Corps activities:
- None

Navy activity:
- NAVAEROMEDRSLAB, Pensacola FL, N66452
- NAVAIRWRCHENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program
## Registered Scenarios

**As Of:** 12/3/2004

### Losing Bases

- Brooks City-Base (San Antonio, TX) - OTHER
- Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
- Naval Air Station Pensacola (Pensacola, FL) - OTHER
- Rucker (Fort Rucker, AL) - OTHER

### Losing Activities

- 311th Human Systems Wing and subordinates - Relocate
- Air Force Research Lab all elements - Relocate
- NAVAIRWARCENACDIV - Relocate
- NAVAEROMEDRSCHLAB - Relocate
- U.S. Army Aeromedical Research Lab - Relocate

### Receiving Bases

- Wright-Patterson AFB (Fairborn, OH) - Receive

### Activities being Received

- 311th Human Systems Wing and subordinates
- Air Force Research Lab all elements
- NAVAEROMEDRSCHLAB
- NAVAIRWARCENACDIV
- U.S. Army Aeromedical Research Lab
Registered Scenarios

Scenario #  MED-0026  Date Created:  11/10/2004
Scenario Title:  Create Center of Excellence for Aerospace Medicine (Brooks City Base TX)

Description:

Abstract: This scenario will co-locate all aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Brooks City Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D performing activities from: Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Brooks City Base, where they will be co-located with the 311th Human Systems Wing, including the U.S. Air Force School of Aerospace Medicine and elements of the Air Force Research Laboratory Human Effectiveness Directorate.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Brooks City Base. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Brooks City Base can provide adequate and affordable access to test subjects.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Brooks City Base.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Adequate space for expansion is available at Brooks City Base.
- Aerospace medicine education and training elements of the 3 Services will be colocated at Brooks City Base

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to CNBC, Brooks City Base, TX, for collocation with FFR4, the 311th Human Systems Wing, and FFR59, the Air Force Research Lab, Human Effectiveness Directorate.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force Research Laboratory, Wright-Patterson AFB, OH, FFSDG

Marine Corps activities:
- None

Navy activity:
- NAVAEROMEDRSCHLAB, Pensacola FL, N66452
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Losing Bases

**Scenario Title:** Tri-Service Biomedical Research, Development and Acquisition Management Center (TBRDAMC)

**Description:**

Abstract: This scenario will co-locate all Biomedical Science and Technology, and FDA regulated medical product development, management activities to a single site at Fort Detrick MD, thereby enabling efficient and synergistic use of personnel, processes and acquisition support functions across all Services. It also reduces the need for leased space.

Narrative: The scenario realigns the activities listed below to TBRDAMC to be collocated with the many medical Acquisition, Technology and Logistics activities already located at Fort Detrick MD. The end state of this scenario is to collocate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A program management expertise for FDA regulated product development with Biomedical S&T program management expertise at a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a center of mass for coordination in planning and management of all defense biomedical RDA, which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs and contracting infrastructure capability at Fort Detrick. Synergies and efficiencies in management will be further enabled through development of integrated planning, programming and regulatory processes. Collocation also facilitates the ability of DoD elements to speak with a single voice when working with the FDA. This scenario also facilitates coordinated medical systems lifecycle management with the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

Action list: Creation of the TBRDAMC moves relevant assets of the following activities to 24266, Fort Detrick, MD to collocate with W03JAA, HQ, U.S. Army Medical Research and Materiel Command.

**Defense agency:**
- National Capital Element, DTRA-CB Science and Technology Office (STO) (Medical), Defense Threat Reduction Agency (DTRA)- NCR, W1KJAA
- Defense Advanced Research Projects Agency (DARPA), Defense Sciences Office (DSO), Medical Programs, Arlington, VA, M54008T10, M54026T10

**Army activities:**
- Joint Program Executive Office for Chemical Biological Defense (JPEO-CBD) and subordinate offices, FDA Regulated Medical Programs, Falls Church, VA, W27P63

**Air Force activity:**
- 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFF2T
- Air Force Medical Support Agency, Bolling AFB, DC, (S&T planning directorate, UIC unknown)

**Marine Corps activity:**
- CG MCCDC, Medical Program Management, Quantico, VA, M30000007-M20409

**Navy activity:**
- CNR Arlington, VA, N00014
- CNR, Biomedical Program Management, Arlington, VA, N0014 DET-RU
- Bureau of Medicine, Code M2, Naval Observatory, DC

**Exclusions:**
- All personnel and assets of the listed units not performing functions within the defined scope of the TBRDAMC.
- Personnel not performing program planning, programming, oversight or other RDA program management functions.

**Losing Bases**

- Bolling AFB (Washington, DC) - OTHER
- Brooks City-Base (San Antonio, TX) - OTHER

**Losing Activities**

- Air Force Medical Support Agency, Bolling AFB, (S&T planning directorate) - Relocate
- Human Systems Program Office, 311th Human Systems Wing - Relocate

Privatize Storage and Distribution on Specific Commodities (Tires)

Privatizes the receipt, storage, issue, inspection, distribution, repair and disposal for all tires. Tires will be supported through a single designated vendor or a third party logistics arrangement. For this proposal, privatization means vendors perform storage and distribution functions from their facilities. Government facilities may be used by vendors only if leased or purchased. In either case, the Government infrastructure burden is reduced and requirements for personnel are also reduced.

The following Distribution Depots and Strategic Distribution Platforms are affected: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound

Losing Bases

Registered Scenarios

Scenario #  S&S-0026  Date Created:  11/10/2004
Scenario Title:  Consolidate Air Force Inventory Control Point (ICP) command and control operations

Description:

Consolidate Air Force wholesale Inventory Control Point (ICP) command and control operations at a single point/commander and align Technology Repair Centers, Commodity Councils, and Sources of Supply as fully as possible.

The ICPs affected by this scenario are Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG.

The AFMC sustainment model assigns and co-locates product support, supply chain management, and repair expertise for specific technology areas and organizes the acquisition Air Logistics Centers. The intellectual capital resident in this arrangement has created a shared technical base at each ALC that efficiently supports requirements across the spectrum of sustainment disciplines. AFMC has experienced much recent sustainment success and plans to use it and the BRAC process as a springboard to achieve optimal organization of its already highly integrated supply chain, as follows:

(1) Where materiel management and commodity organic repair workloads are not already aligned, achieve optimal alignment by moving the Source of Supply (SOS) to the ALC Technology Repair Center (TRC).

(2) Improve command & control of Air Force spares support by consolidating Inventory Control Point (ICP) command and control operations at a single point/commander, with the remaining functions consolidated to 3 sustainment wings at the ALCs.

(3) Solidify strategic supply chain sourcing via PSCM Commodity Councils to leverage our buying power among our major suppliers wherever possible. Solidification method is where commodity management, SOS, and TRC are not already aligned, achieve optimal alignment by moving SOS and/or TRC.

1) Inventory Control Points (ICPs) are responsible for performing a number of functions associated with material acquisition, distribution, and maintenance planning. ICP functions were categorized as either integrated material management functions (IMM) or Service “user” functions in the DMRD 926 ICP Consolidation Study, completed in 1990. Since some of the basic IMM functions are separated in this scenario, we will use different terms to differentiate the intent. “Consolidated ICP Functions” represents the command and control supply chain business functions such as policy, consolidation, prioritization, etc. “ALC Supply Chain Management Functions” represents the in-depth work done at the detailed (item/subsystem/system) level, such as the technical/engineering base, demand and supply planning, etc. For the purposes of this scenario, ICP is defined as ALL Air Force managed items (depot level reparables, consumables, and support equipment) and personnel responsible for the associated functions as listed below:

a) Consolidated ICP Functions. The consolidated ICP will perform:
   • Centralized forecasting and budgeting for spare part re-procurement and repair requirements
   • Develop prices
   • Perform working capital fund financial management
   • Distribute and prioritize deliveries of spares to users
   • Manage assigned strategic supplier relationships
   • Approve acquisition strategies of the Commodity Councils
   • Develop readiness based inventory levels
   • Orchestrate all supply chain operations.

b) ALC Supply Chain Management Functions. Supply chain management responsibilities, aligned under the new Combat Sustainment Wings at each ALC, will retain the item level management tasks:
   • Operating Commodity Councils
   • Contracting for the acquisition of materiel through purchase of new or repaired items
   • Providing engineering and technical support (includes configuration management)
   • Performing demand and supply planning. (includes requirements determination, war reserve requirements, maintenance management, material support to Depot Maintenance for General Support Division (GSD) items, Initial Supply Support Lists, provisioning, and budgeting/funding)
   • Managing customer and supplier relations
   • Managing assigned strategic supplier relationships
   • Introducing items into the DOD catalog
   • Processing requisitions and stock control
   • Initiating actions to dispose of excess materiel
   • Weapon System Secondary Item Supply Support

2) The ICP single commander provides the unity of command necessary to ensure spares are acquired and delivered to achieve Air Force weapon system availability targets at the lowest possible costs.

3) Commodity Councils, Material Support to Depot Maintenance for General Support Division (GSD) items, and other Purchasing and Supply Chain Management (PSCM) initiatives are considered to be part of the ICP.

4) This consolidation will reduce overhead overall by eliminating duplicative functions at the headquarters & ALCs. In pursuing efficiencies, personnel savings will be realized from consolidations of AFMC/LG and ALC/LG activities (drawdowns of management and functional oversight...

**Registered Scenarios**

**Scenario #** S&S-0028  
**Date Created:** 11/17/2004

**Scenario Title:** Transfer Service Common DLRs to DLA

**Description:**

This proposal realigns management of approximately 31,000 common depot level reparables (DLRs) from the Military Services to the Defense Logistics Agency (DLA) and serves as segue for future DLR consolidation under DLA.

There are approximately 380,000 DLRs currently being managed by the Military Services. Service materiel control and recoverability codes were used to identify items as DLRs. Approximately eight percent of these DLRs are used by more than one Service/Agency. For the purposes of this scenario, DLRs used by more than one Service/Agency are defined as common. The Federal Logistics Information Service (FLIS) data base was used to identify items as DLRs and then further identify those that were “common”. Based on dollar value (standard price – range only), common items represent less than five percent of the total value.

Currently, all DLRs are managed within Service unique automated information systems (AIS). Modification of existing Service AIS systems or development of a unique DLA reparable management system is a significant management challenge not specifically addressed in this scenario. Once a system is developed consolidation of personnel at a DLA ICP would need to be considered as would a virtual transfer to DLA in place. We expect that estimates of the number of Service personnel needed to support the management of the common DLRs within DLA can be provided by the Services based on the number and complexity of items to be managed. Associated movement costs can then be developed using the Cost of Base Realignment Actions (COBRA) model.

Like the consumable item transfer (CIT) program, this would be executed in phases with the first phase encompassing the less complex common DLRs throughout the Military Services. The CIT effort was implemented to eliminate the duplicate management of consumable items in DoD and to minimize the number of required item managers. Problems associated with the CIT Phases I and II processes included an inconsistent application of the filter criteria used to identify the items for transfer, some essential logistics data associated with items transferred was not transferred to DLA, no methodology was provided to incorporate program requirements data into the transfer process, a substantial amount of excess inventory for inactive items were transferred from the Services, Services retained management of consumable items that should have been transferred to DLA and they did not provide full pipelines of inventory assets to DLA when transferring the items.

Gaining: Defense Supply Center Richmond, Defense Supply Center Columbus, Defense Supply Center Philadelphia

Losing: Tinker AFB - NICP, Robins AFB - NICP, Hill AFB - NICP, Lackland AFB - NICP, Detroit Arsenal, Soldier System Center, Rock Island Arsenal, Redstone Arsenal, Ft Monmouth, Ft Huachuca, MCLB Albany, NAVICP Philadelphia, NAVICP Mechanicsburg

- Redstone (Huntsville, AL) - Receive
- Tinker AFB (Midwest City, OK) - Receive

#### Activities being Received

- Soldier System Command (TACOM-ICP)
- NAVICP Philadelphia
- Detroit Arsenal (ILSC)
- Ft Huachuca ICP
- Rock Island Arsenal (TACOM-ICP)
- Lackland AFB-NICP
Establish a Single Army Inventory Control Point (AICP) by consolidating the inventory management and related support functions from the three Army Commands (AMCOM, CECOM, and TACOM) at Fort Monmouth, NJ. This allows the Army to have one inventory Control Point (ICP) providing inventory management functions at one location. Additionally, this proposal also consolidates related supporting contracting functions at Fort Monmouth, NJ.

**Losing Bases**
- Detroit/Selfridge (Warren, MI) - Realignment
- Huachuca (Fort Huachuca, AZ) - Realignment
- Redstone (Huntsville, AL) - Realignment
- Rock Island (Rock Island, IL) - Realignment
- Soldier Systems Center (Natick, MA) - Realignment

**Losing Activities**
- Detroit Arsenal (ILSC) - Relocate
- Ft Huachuca (CLSA) - Relocate
- Redstone Arsenal (AMCOM ICP) - Relocate
- Rock Island Arsenal (TACOM ICP) - Relocate
- Soldier Systems Center (TACOM ICP) - Relocate

**Receiving Bases**
- Monmouth (Fort Monmouth, NJ) - Receive

**Activities being Received**
- Detroit Arsenal (TACOM ICP)
- Ft Huachuca (CECOM ICP)
- Redstone Arsenal (AMCOM ICP)
- Rock Island Arsenal (TACOM ICP)
- Soldier Systems Center (TACOM ICP)
Registered Scenarios

Scenario #       TECH-0010        Date Created: 10/22/2004
Scenario Title: Consolidate Extramural research Program managers to ARL/Adelphi

Description:

Realignment and co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDep’s. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

**Scenario Title:** Relocate RD&A energetic capability from Crane, Fallbrook and Yorktown to Indian Head

**Description:**

Retain Energetics Materials Capabilities at Indian Head and relocate energetic materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.

**Definitions:**

Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

Registered Scenarios

Scenario #: TECH-0020  Date Created: 10/27/2004
Scenario Title: Joint Battlespace Environments Center

Description:

Realignment and consolidate those facilities that are primarily focused on Battlespace Environments (meteorology, oceanography, terrain, and space environment) DTAP activities in research, development and acquisition (RDA) to create a Joint Battlespace Environments Center (JBSEC) at the Stennis Space Center, Stennis, MS.

This scenario realigns and consolidates Battlespace Environments DTAP activities in research, development and acquisition (RDA) for the subareas of space, atmospheric and oceanographic and terrain sciences establishing a Joint Battlespace Environments Center (JBSEC). This scenario only realigns the unique organizations (branch, division, detachment, or larger) that conducts RDA for the purpose of describing and characterizing the environment and develops models to characterize the impact of the environment on weapons systems. It does not realign individual technical experts embedded in host acquisition facilities whose primary function is to analyze the impact of the environment on current and emergent weapons systems. The JBESC will be located at the Stennis Space Center, Stennis, MS and will be merged with existing battlespace environments organizations at Stennis. The research, development and acquisition focus of the JBESC will be the weather, space weather, and oceanographic information systems used by all echelons (tactical, operational and strategic). This information is provided via software based systems such as Air Force Meteorological Information Systems (AFMIS) and the Navy Tactical Environmental Support System (TESS). The R&D being consolidated is software systems centered and is inclusive of atmospheric and ocean science related to weather, software engineering, models and simulations, high performance computation, and mathematics. This multidisciplinary collection of R&D expertise and their resulting production information systems are essential for advancements in the Battlespace Environment Joint Functional Concept (CJCSI 3170.01c).

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency RDA expertise on to a single site with one of the four DoD High Performance Computing (HPC) Major Shared Resource Centers (MSRCs). A single site is consistent with the strategy of the Technical Joint Cross Service Group because the National Oceanic and Atmospheric Agency performs alternative research facilities. In order to support Joint Functional Concepts and relevant Joint Operating Concepts of the future, this scenario provides a) a consolidated center-of-mass for the science base for theater weather, the enabling models and simulations, and predictive tools; b) ready access for research and development to a DoD high performance computing Major Shared Resource Center; and, c) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Units with size less than 30 FTEs are excluded unless otherwise noted.

This scenario consolidates and realigns, principally, the following organizations:

- **Air Force**: Battlespace Environments Division of Air Force Research Laboratory (AFRL/VSB), Hanscom AFB, MA.
- **Army**: Atmospheric Sciences Branches of the Army Research Laboratory at Adelphi Md (34 FTE) and White Sands Missile Range (71 FTE).
- **Navy**: Navy Research Laboratory Marine Meteorology Division (Monterey CA; NRL-MMD) and Navy Research Laboratory Stennis Space Center (NRL-SSD), and Ocean and Atmospheric Directorate at NRL Washington (NRL-DC).

**Losing Bases**

- Adelphi (Adelphi, MD) - Realignment
- Hanscom AFB (Bedford, MA) - Realignment
- Naval Postgraduate School (Monterey, CA) - Realignment
- Naval Research Laboratory (Washington, DC) - Realignment
- White Sands (White Sands Missile Range, NM) - Realignment

**Losing Activities**

- Adelphi Lab Center (W262AA) Research for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
- Hanscom (AFRL/VSB) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
- NRL/Monterey Detachment Division (N66856) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
- NRL/DC (N00173- Code 7600) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate
- ARL/WSMR (W26212) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462) - Consolidate

**Receiving Bases**

- Stennis Space Center (xxxx, MS) - Receive

**Activities being Received**

**Registered Scenarios**

**Scenario #** TECH-0036  
**Date Created:** 11/17/2004

**Scenario Title:** Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E at Redstone Arsenal

### Description:

This scenario proposes to consolidate all rotary wing air platform RDAT&E at a single site while retaining several specialty sites. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

- **Narrative:** Consolidate Rotary Wing Air Platform R, D&A, T&E at Redstone Arsenal.

- **Assumptions:**
  - A number of test-centric sites reported data under Research or D&A where they are doing testing in support of these two functions. This testing could possibly move as part of a T&E scenario but does not need to move to the receiver sites associated with the proposed R or D&A realignments listed below.

### RESEARCH

- Arnold AFB [FP2804], NAVAIRWARCENWPNDIV China Lake [N60530] and Edwards AFB [FB2805], while they reported R, were not included because the work they reported is associated with proof of concept testing.

### D&A

- Aberdeen Proving Ground [W26210 – SLAD, WOJEAA – DTC, and W3JCAA – AMSAA] are all management or analysis activities that perform their mission for all Army programs.
- White Sands Missile Range [W04WAA] and Yuma Proving Ground [WO3XAA] was not included because of their specialized testing climate, features and environment.

### T&E

- Arnold AFS [FP2804] was not included because it is the national site for air breathing engine T&E.

- COMOPTEVFOR Norfolk [57023] was not included because they are a headquarters unit in-so-far-as air platforms are concerned.

- Holloman AFB [FVHC0/46TG] was not included because impracticality of moving the RAMS facility.

- Aberdeen Proving Ground [W26210 – SLAD, WOJEAA – DTC] are all management or analysis activities that perform their mission for all Army programs. Ft. Bragg [W46907], Ft. Hood [W469AA] were not included because it provides OT support and is co-located with their user.

Registered Scenarios

Scenario # | USA-0096 | Date Created: | 10/8/2004
Scenario Title: | 226 AFRC Ft. Allen, PR

Description:

Realigns Rubio United States Army Reserve (USAR) Center and relocates USAR School Brigade and Puerto Rico Army National Guard (PRARNG) 210th Regional Training Installation currently on Ft Allen and consolidates them into and constructs a new Armed Forces Rediness Center and Regional Training Installation on the Ft Allen Training Site. Rubio USAR Center (GREEN on the Army Installation Status Report) is 150% over utilized and therefore does not meet administrative, training, storage and maintenance requirements. Co-locates USAR and PRARNG schools in one facility.

Closes the Army Reserve Headquarters, 81st. Regional Readiness Command facility located in Birmingham, Alabama. Relocates the Headquarters to an existing Army Reserve Center on Ft. Jackson, SC. Aligns the 81st RRC with the Southeast IMA Region to provide command and control, training and mobilization support, administration and sustainment of Army Reserve Units within the Southeast IMA Region.
**Registered Scenarios**

**Scenario #** USA-0132  
**Date Created:** 11/23/2004

**Scenario Title:** 485 Relocate Cold Regions Test Center (CRTC) headquarters from Ft. Wainwright to Ft. Greely

**Description:**
Relocate the Cold Regions Test Center (CRTC) headquarters from Ft. Wainwright to Ft. Greely. Co-locates CRTC headquarters personnel with the mission execution. Decreases the risks associated with the required year-round travel between Ft. Wainwright and Ft. Greely. Results in more efficient and cost effective monitoring & control of artic testing of transformational systems.

**Scenario #** | USA-0141 | **Date Created:** | 11/26/2004
---|---|---|---
**Scenario Title:** | 4 AFRC, Bell, CA

**Description:**

Closes 3 USARC's (Desiderio in Pasadena, Schroeder Hall in Long Beach, Hazard Park in LA), 2 CAARNG Armories (Bell, Montebello) and closes an MCRC and NMCRC and consolidates affected units onto a new AFRC (AFRC Bell) that is currently on USAR property located in Bell, CA.

JAST #A007 - this is a joint USA and DON proposal that supports DONxx to close MCRC Pico Rivera CA and NMCRC Los Angeles CA and consolidate onto AFRC Bell CA. USMC units from NMCRC Los Angeles CA will consolidate into NMCRC Moreno Valley CA.

## Registered Scenarios

### Scenario 
**USAF-0015**

**Date Created:** 9/22/2004

**Scenario Title:** Realign KC-135 Tanker Fleet

### Description:
Realign/consolidate current KC-135 force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

**Principle:** Consolidate legacy fleet; ensures force available for AEF construct

**Principles:** Primary determinant - MCI rating; Optimize squadron size at 16 PAA (KC-135s)/12 15 PAA (KC-10)

Must maintain proximity to deployment routes

This scenario assumes a DON scenario which realigns a CVN Strike Group from San Diego to Hawaii. Pearl Harbor NSY& IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier.
Registered Scenarios

Scenario #   IND-0014   Date Created:  10/22/2004
Scenario Title:  SR-4A, #2; Moves Some D-Level Work From Pearl Harbor NSY To The Other 3 NSYs

Description:

This scenario assumes a DON scenario (DON 0036) which moves a CVN to Hawaii. Pearl Harbor NSY & IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario realigns some long-term submarine depot work from Pearl Harbor to Portsmouth NSY/Puget Sound NSY & IMF/ Norfolk NSY.

Losing Bases

Naval Station Pearl Harbor (Pearl Harbor, HI) - Realignment

Receiving Bases

Naval Shipyard Portsmouth (Portsmouth, NH) - Receive
Naval Station Bremerton (Bremerton, WA) - Receive
Naval Station Norfolk (Norfolk, VA) - Receive

### Registered Scenarios

**Scenario #** MED-0033  
**Date Created:** 11/19/2004  
**Scenario Title:** Expansion of Hawaii Healthcare Market - Enable DON-0036

**Description:**

This scenario enables Navy scenario DON-036 and addresses the relocation of an CVN from NS Everett to Pearl Harbor. This relocation would include the movement of 6,000 active duty personnel and 12,000 family members into the Hawaii healthcare market.

This would require expansion of clinics at Tripler Army Medical Center, Pearl Harbor and Hickam AFB to maximum outpatient capacity. Likewise Tripler Army Medical Center would expand to absorb the additional inpatient workload.

Medical personel to support this move would come from NS Everett and Bremerton Naval Hospital.

Any workload not absorbed by this expansion will be redirected to the local community.

**Registered Scenarios**

**Scenario #** MED-0034  **Date Created:** 11/19/2004

**Scenario Title:** Expand Healthcare Market in Guam to Enable DON-0037

**Description:**

This is an enabling scenario for DON-0037, moving a CVN, 1 DDG and 3 FFG from NS Everett to Guam.

This relocation would include the movement of 7000 active duty personnel and 14,000 family members into the Hawaii healthcare market.

Due to the extreme shortfall availability and quality of local healthcare resources, this scenario proposes to expand Naval Hospital Guam and Anderson AFB Clinic to absorb all of the healthcare workload.

Medical personnel from NS Everett and NS Bremerton would be relocated to address the growth in healthcare workload at Guam. Healthcare workload remaining at NS Bremerton would be referred to the local healthcare system.

---

**Losing Bases**

Naval Hospital Bremerton (Bremerton, WA) -

Naval Station Everett (Everett, WA) -

---

**Receiving Bases**

Andersen AFB (Agana, GU) - Receive

Naval Hospital Guam (FPO, AP) - Receive

**Losing Activities**

- Medical support for CVN battle group - Relocate
- Inpatient and Outpatient workload - Relocate
- Medical Support staff for workload - Relocate

**Activities being Received**

- Inpatient and Outpatient workload
- Medical support for CVN
- Medical Support staff for workload
Scenario #  MED-0035  Date Created:  11/23/2004
Scenario Title:  Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine

Description:

This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Panama City FL to collocate with the Navy Experimental Diving Unit. This is an enabling scenario submitted in response to DON-0033 & 0034 which close the Groton site and thus conflict with MED-0023. It is also a subset of the moves described in MED-0024 but can be executed independently of that scenario in the event that MED-0024 is not approved, and either DON-0033 or 0034 is approved.

Losing Bases

SUPSHIP Groton CT (Groton, CT) -

Receiving Bases

Naval Support Activity Panama City (Panama City, FL) -

Losing Activities

Naval Submarine Medical Research Lab - Relocate

Activities being Received

Naval Submarine Medical Research Lab

Registered Scenarios

Scenario # E&T-0019  Date Created: 10/8/2004

Deleted

Scenario Title: Establish Joint Center of Excellence for Space Training

Description:
Realign Vandenberg, CA by establishing a Joint Center of Excellence for Space Training. Realign Dahlgren, VA, Redstone Army Depot, AL, Colorado Springs, CO by relocating Space Training taught there to Vandenberg, CA. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

Reason Scenario was deleted
E&T JCSG approved for deletion from OSD Scenario tracking tool. Original scenario was strategy-based without course data. Space courses already consolidated under Interservice Review Organization (ITRO).

Scenario # | HSA-0003 | Date Created: | 9/23/2004 | Deleted
Scenario Title: | GC-MPC-0006: Dc: I: Consolidate Marine Corps Personnel at MCB Quantico

Description:

Realign Marine Corps Support Activity (MCSA) Kansas City MO by consolidating Marine Corps Mobilization Command (MOBCOM) with the operational military personnel functions of Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico VA.

ADDITIONAL INFO: M&RA (PERSCOM functions only) currently occupies ~ 128,693 SF; ~30,293 SF has been determined as available excess; scenario requires NO ADDITIONAL SF for the move of MOBCOM personnel functions to M&RA since they will fit into existing excess space.

Space made available at MCSA Kansas City = 237,539 SF..

Reason Scenario was deleted

Deleted 30 Nov 04. Realignment of MOBCOM has been changed to be incorporated in another HSAJCSG MAH scenario with Marine Corps Reserve Forces Command.
Registered Scenarios

Scenario # HSA-0023  Date Created: 9/30/2004  Deleted
Scenario Title: GC-CF-0015: Create a Single Mid-Atlantic Regional Correctional Facility

Description:

Realign Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correctional facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built-1972)/(FY02 inmate count-158); Marine Corps Base Quantico (Year built-1972)/(FY03 inmate count-46); Camp Lejeune (Year built-1969)/(FY02 inmate count-232). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Va.
- A 400 bed facility is required.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON concern of 4-hour commute to Hampton Roads and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

Reason Scenario was deleted

Entered incorrect receiving location.

The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Realign mobilization processing operations from Ft Eustis, Ft Jackson, and Ft Lee, and transfer/Realign this mission to a newly established joint mobilization processing center at Ft Bragg/Pope.

Reason Scenario was deleted

Duplication
Scenario #: HSA-0052  Date Created: 10/15/2004

Scenario Title: MAH-MAH-0020: Relocate USA Space and Missile Defense Command (SMDC) Headquarters

Description:

Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.

Justification/Impact:
- Eliminates 27,000 USF of leased space.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
- SMDC has existing, large presence at Redstone Arsenal.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Reason Scenario was deleted

Removed leased location in Huntsville, Alabama from scenario b/c determined SMDC no longer occupied. New scenario created.
**Registered Scenarios**

**Scenario #**  HSA-0054  **Date Created:**  10/15/2004  **Deleted**

**Scenario Title:**  MAH–COCOMs–0010: Relocate SOUTHCOM HQ

**Description:**

- Realign leased space in Miami, FL by consolidating SOUTHCOM HQ from its multiple leased locations to Ft. Sam Houston, TX.
- Eliminates leased space/costs for 239,714 GSF.
- Enhances AT/FP.
- 63 Admin Buildable Acres at Ft. Sam Houston, TX.
- MILCON required

**Reason Scenario was deleted**

- Direction from JCSG: hold scenario until more research is done and evaluated.
Scenario # HSA-0062 Date Created: 10/15/2004
Scenario Title: MAH-MAH-0008 (I): Co-locate Research Agencies and Defense Advanced Research Projects Agency (DARPA)

Description:

Close 3 and realign 8 leased space locations in Arlington, Virginia by consolidating Naval Systems Management Activity (NSMA) leased locations and co-locating with Office of Naval Research, the Army Research Office (DC location only), and DARPA at Naval Support Activity Dahlgren.

Justification/Impact:
- Eliminates over 525,000 equiv. GSF of leased space within the DC Area in 11 locations. Computed space required at 200 GSF/person = 326,000 GSF
- 3 leased locations can be closed: approx. 95,000 USF
- Affects 1,800 personnel. Scenario estimates a 14% personnel savings for NSMA as a result of consolidation, or 93 positions, and a 7% personnel savings for the other activities as a result of co-location, or 79 positions.
- Enhances AT/FP.
- Naval Support Activity Dahlgren reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.

Reason Scenario was deleted

Scenario is being passed to the Technical JCSG.

<td>MAH-MAH-0026: Relocate USAF Flight Standards Agency</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realign Andrews AFB by relocating the USAF Flight Standards Agency to Tinker Air Force Base

Justification/Impact:
- Frees up 38,000 GSF close to Pentagon for other uses.
- Tinker AFB reports a small amount of vacant administrative space and sufficient land to accommodate 406,000 GSF of new administrative space.

**Reason Scenario was deleted**

Air Force Only Action-transfer to USAF
### Registered Scenarios

**Scenario #** HSA-0068  
**Date Created:** 10/15/2004

**Scenario Title:** MAH-MAH-0021 (C): Consolidate Defense Logistics Agency (DLA)

**Description:**

Close 1 leased location in Alexandria, Virginia and realign 1 leased location in Arlington, Virginia occupied by components of DLA by consolidating with DLA HQ at Ft. Belvoir.

**Justification/Impact:**
- Eliminates 45,000 USF of leased space within the DC Area.
- Affects 390 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 55 positions.
- Space required is 67,000 GSF.
- Enhances AT/FP.
- Eliminates redundancy and duplication; increase efficiency by co-locating and consolidating with parent HQs.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Relocations out of McNamara Headquarters building should be sufficient to accommodate DLA.

**Reason Scenario was deleted**

SDC indicates that space targeted for relocation is in use for a project/contract that ends in 9/06. As such, space requirement will terminate.
Registered Scenarios

Scenario #  HSA-0073  Date Created:  10/15/2004  Deleted
Scenario Title:  GC-DA-0002: Consolidate NCR Force Protection (Management Oversight Only) (14 Oct 04)
Description:

Realign Bolling AFB, DC; Andrews AFB, MD; Fort Myer, VA; Fort McNair, DC; Fort Belvoir, VA; Walter Reed Army Medical Center, MD; Henderson Hall, VA; Marine Corps Barracks, DC; Arlington Service Center, VA; Anacostia Annex, DC; National Naval Medical Center Bethesda, MD; Naval Support Activity, Carderock, MD; Naval Research Laboratory, DC; Potomac Annex, DC; Washington Navy Yard, DC; and leased space in Alexandria, Annandale, Arlington, Falls Church, Herndon, Manassas, and Springfield, VA; Washington DC; and Bethesda, Columbia, Germantown, and Silver Spring, MD, by transferring responsibility for Anti-Terrorism Program; Chemical, Biological, Radiological, Nuclear and High-Yield Explosives Program; Physical Security Program; Law Enforcement and Security Force Program; and Operations Security Program capabilities at the 11th Wing; 89th Airlift Wing; Fort Myer Military Community; Fort Belvoir; Walter Reed Army Medical Center; Headquarters, U.S. Marine Corps, Henderson Hall, the Marine Corps Barracks; Naval District of Washington and all of its subordinate installations within the statutory National Capital Region (NCR); American Forces Information Service; Defense Advanced Research Projects Agency; Defense Contract Audit Agency; Defense Contract Management Agency; Defense Commissary Agency; Department of Defense Counterintelligence Field Activity; Defense Finance and Accounting Service; Department of Defense Human Resources Activity; Defense Information Systems Agency; Defense Intelligence Agency; Defense Legal Services Agency; National Geospatial-Intelligence Agency; Defense Logistics Agency; Department of Defense Education Activity; Defense POW and Missing Persons Office; Defense Security Cooperation Agency; Defense Security Service; Defense Threat Reduction Agency; Defense Technology Security Administration; Office of the Secretary of Defense (all components); Joint Chiefs of Staff; Missile Defense Agency; Office of Economic Adjustment; TRICARE Management Activity; and the Pentagon Force Protection Agency to Joint Force Headquarters-NCR, U.S. Northern Command, Fort McNair, Washington, DC. NOTE: This scenario does not involve addition/deletion of manpower, change footprint, or create a true realignment. It places responsibility for these programs under a single management headquarters, whereas today they are loosely bound only by policy.

Reason Scenario was deleted

HSA JCSG board deleted this scenario, 2 Nov 04. Rationale: no BRAC footprint or manpower savings envisioned.
Registered Scenarios

Scenario #    HSA-0079    Date Created:  10/21/2004
Scenario Title: MAH-MAH-0031 (U): Relocate Department of Defense Education Activity (DoDEA)

Description:

Realign one leased location in Arlington, Virginia and close one leased location in Peachtree City, Georgia by consolidating DODEA at Location TBD(Base X).

Justification/Impact:
- Eliminates nearly 110,000 USF of leased space.
- Affects 471 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 81,000 GSF (may be reduced if Civilian Personnel activity is removed)
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy and enhances efficiency

Reason Scenario was deleted

Scenario is being combined with HSA 0053 and its alternate: HSA 0106

**Scenario #**  IND-0010  
**Date Created:**  10/15/2004  
**Scenario Title:**  SR-4; Derivative A  

**Description:**

This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and a CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations.

**Reason Scenario was deleted**

Scenario revised at the request of the Navy BRAC Office to provide additional detail. See SR-4; Derivatives A, 1-8.

Registered Scenarios

Scenario #  S&S-0020  Date Created:  11/4/2004
Scenario Title:  Outsource Wholesale Distribution

Description:
Outsource all distribution (transportation) related services in CONUS currently performed by Defense Distribution Depots. Services to be outsourced include traffic management of incoming and outgoing trucks and railcars, staging and physical loading of commercial vehicles, small parcel and freight terminal operations and the actual transportation of material to customers. Services to be outsourced also include freight planning and record keeping.

The Defense Distribution Depots to have transportation services outsourced total 18 and are: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

Reason Scenario was deleted
In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.
<table>

<th>Deleted</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scenario Title:</td>
<td>Outsource Wholesale Storage and Distribution</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Outsource the wholesale storage and distribution functions and processes supporting DOD. This proposal outsources all the storage and distribution functions currently performed by the CONUS network of DLA distribution depots and strategic distribution platforms. For this proposal, outsourcing means to have private industry perform these functions using their facilities, infrastructure and personnel. Government facilities could be used only if vendors agree to lease it or purchase it. The proposal reduces the infrastructure burden of DoD and allows for reductions in personnel.

The following Strategic Distribution Platforms and Defense Distribution Depots are affected by this proposal: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

**Reason Scenario was deleted**

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.
Regionalization of Strategic Distribution Platforms (3 Regions)

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

Region 1. Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East- New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

- DDSP, Susquehanna: Susquehanna remains a SDP but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Eastern US region and those permanently assigned OCONUS across the Atlantic. It will support those customers at their home bases and when deployed for contingencies.

Region 2. Boundaries are in the North- Minnesota, North Dakota; South-Mississippi, Texas; East- Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US region. Its storage and distribution mission gets expanded to include all DoD customers in the Central region. Supplies and inventory will be redistributed to Red River from other wholesale locations. Depending on availability and condition of storage infrastructure at Red River, this may require some future MILCON. Red River's assigned personnel also increase to handle the increased mission.

Region 3. Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon, California.

- DDSJ, San Joaquin: San Joaquin remains a strategic distribution platform but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Western US region and those permanently assigned OCONUS across the Pacific. It will support those customers at their home bases and when deployed for contingencies.

Reason Scenario was deleted

On 29 Nov 2004, S&S JCSG Principals made a deliberative decision to delete this scenario. Details surrounding this decision are recorded in the formal minutes of the JCSG Principals meeting.
Registered Scenarios

Scenario # | S&S-0032 | Date Created: | 11/19/2004
--- | --- | --- | ---
Scenario Title: | Transfer Service ICPs to DLA and consolidate (include HQ staff)

Description:

Realign Service ICPs to DLA and consolidate infrastructure and realign service/DLA HQ staff.

Losing: Tinker AFB, Lackland AFB, Soldier System Command, Ft Huachuca, Detroit Arsenal, NAVICP Philadelphia, NAVICP Mechanicsburg, MCLB Albany, Rock Island Arsenal, Ft Monmouth, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir, Naval Supply Systems Command (Mechanicsburg), Wright-Patterson AFB (AFMC)

Gaining: DSC Richmond, DSC Philadelphia, DSC Columbus, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir

Reason Scenario was deleted

Replaced by S&S-0035 based on an additional optimization run that resulted in reduction in service ICP relocations.
## Registered Scenarios

**Scenario #**  
TECH-0003  
**Date Created:** 10/5/2004

### Scenario Title:
Relocate DoD Directed Energy Research to one location [Kirtland]

### Description:
Relocate all DEW RD&A from Edwards and Port Hueneme [White Sands Detachment] and all Research for Directed Energy Weapons from all activities to Kirtland.

### Reason Scenario was deleted
TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration. Less than 30 FTEs from identified donor sites.
Registered Scenarios

As Of: 12/3/2004

<tbody>
<tr>
<td>Scenario Title:</td>
<td>Relocate DoD Directed Energy T&amp;E and selected weapon T&amp;E to one location-White Sands Missile Range</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Relocate Air Defense Test Directorate from Ft. Hood, smoke/illumination artillery T&E from Dugway, and guns/ ammo T&E from Aberdeen to WSMR.

WHITE SANDS MISSILE RANGE (W04WAA) will receive:

- Guns/Ammo T&E from
  - DUGWAY PROVING GROUND [smoke/illumination artillery] (W30MAA, W3OMAA)
  - ABERDEEN PROVING GROUND [W0JEAA, W4QUAA1, W4QVAA, W0JEAA]
  - FT HOOD Air Defense Test Directorate (W46909 and W469AA)

- DoD DEW T&E from identified sites [to be requested as part of scenario data call]

**Reason Scenario was deleted**

TJCSG in deliberative session (11/12/04) deleted this scenario from further consideration. Less than 30 FTEs from identified donor sites therefore, not synergistic makes scenario trivial.
Relocation of Detroit Arsenal to US Army Garrison - Selfridge is the initial proposed scenario. An alternative would be to consider relocation of Detroit Arsenal to US Army Garrison - Selfridge, except for unique special high-cost laboratory facilities residing at Detroit Arsenal. These facilities will be creatively and cost-effectively maintained at their current geographic location and would include, but not be limited to, 1) unique high-cost, extreme climatic, full scale combat vehicle simulation facilities/individual propulsion performance simulation test cells, and an additional unique full scale transient ground vehicle simulation facility, 2) full-scale unique DOD dynamic physical simulation "shaker" facility (used for spectrum from full-scale armored combat vehicles to tactical trucks/HMMWV type vehicles), 3) unique Army/DoD water and fuel laboratories (built in 1995 as a result of previous BRAC), and 4) additional unique central ground vehicle research laboratories. Physical movement of these capabilities from their current location to US Army Garrison - Selfridge might not be the most cost-effective alternative.

Narrative: This scenario proposes to relocate Detroit Arsenal to US Army Garrison – Selfridge. This move would retain the Army’s/DoD’s ground vehicle RD&A activity in the world automotive/ground vehicle capital of southeast Michigan. Southeastern Michigan is where the research and development headquarters reside for General Motors, Ford, Chrysler, General Dynamics Land Systems, Toyota-North America, Nissan-North America, Hino, Hyundai, Suzuki, Visteon, Delphi, Johnson Controls, Dana, and many others. Over 85% of the world’s ground vehicle/automotive research and development resources are expended in this southeast Michigan location, and thus Detroit Arsenal’s synergy and ability to leverage the automotive industry’s vast resources and tremendous investment in R&D has always been of immeasurable value to Army/DoD. In addition, local southeast Michigan academia (anchored by schools such as the University of Michigan, Kettering University [formerly General Motors Institute], Wayne State University, and many others) is a unique and world-class network of extremely focused automotive research institutions which Detroit Arsenal has extensively leveraged and used to obtain motivated world-class engineers and scientists to lead Army/DoD’s ground vehicle/automotive efforts from Detroit Arsenal. A nationally unique wealth of automotive, world-class talent resides in southeast Michigan (near Detroit Arsenal) that far surpasses any other area of the country. Since southeastern Michigan is the premier location for automotive engineers, many of Detroit Arsenal engineers have grown up (technically and culturally) in this “world of ground vehicle/advanced automotive technology.” As such, it could be expected that very few current Detroit Arsenal engineers and scientists would leave the area to another location.

*Assumptions:
- TJCSG did not collect any capacity or MIL VAL data on US Army Garrison – Selfridge. This data will need to be collected as part of the scenario data call.
- Another alternative that could be considered would be to move relocate PEO GCS, PEO CS&CSS, TACOM and TARDEC to US Army Garrison - Selfridge cantoning and minimally staff the special, high cost laboratory equipment that resides in Bldg 212 (Propulsion and Mobility Test Cells) and 215 (Physical Simulation – High Performance Computing).

Reason Scenario was deleted
Registered Scenarios

As Of: 12/3/2004

Scenario #       TECH-0011       Date Created: 10/22/2004       Deleted
Scenario Title: Joint Training, Modeling and Simulation Center (JTMSC)

Description:

Abstract: Realign and consolidate Human Systems and Information Systems Technology DTAP activities in research, development and acquisition (R,D&A) for the subareas of modeling, simulation, training and cognitive sciences establishing a Joint Training, Modeling and Simulation Center (JTMSC) including relevant PEOs and PMs for training and mission rehearsal systems and their enabling information technologies.

Narrative: JTMSC will be located in the geographic vicinity of the Joint Forces Command’s Joint Training Analysis and Simulation Center (JTASC), Joint C4ISR Battle Center (JBC), and Joint Warfighting Center (JWC), Suffolk, Virginia. This Suffolk, VA site is positioned to enable the Joint C4 operational testing including the Joint Distributed Engineering Plant (JDEP). If a JFCOM site option is unavailable for this scenario, other reasonable site options for JTMSC in the Tidewater, Virginia area include Fort Eustis, Fort Monroe, Langley AFB, Norfolk Naval Base, Oceana Naval Air Station, Dam Neck Naval Station, or Little Creek Naval Base. The rationale for co-locating JTMSC with JTASC-JWC and the operational testing capability for C4 is the human-centered synergies of JTMSC with operators, trainers, testers, researchers and acquirers providing a continuum of expertise from science-to-D&A-to-testing into operational use. The target receiver site will be Joint Forces Command, N00066.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, OSD program offices (e.g., Advanced Distributed Learning (ADL) and Defense Modeling and Simulation) and Defense Agency RD&A expertise and requisite special equipment (e.g., simulators; computers, Tempest-secure facility for simulator suites, etc) to a single site in order to support “Training Transformation” by providing a) a consolidated center-of-mass for the science base of training systems and enabling models and simulations; b) ready access to active duty military personnel (i.e., current domain expertise and human subjects for research projects) and general domain experts for research and development providing a basis for efficient R&D project execution; c) enhance linkages to providers of Joint Training, Armed Forces staff education and relevant in-service technical training (e.g., school house and field) at operational military bases; and d) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Military Service platform-specific program offices would be attached to and collocated with JTMSC but would retain their command-and-control chain to the relevant Acquisition Executive.

Assumptions:
- This scenario would realign and consolidate training and simulation R, D&A to the JFCOM site in Suffolk, Virginia; however, if HS&A JCSG examines an alternate site for the JFCOM Suffolk activities for Force Protection, this scenario would “follow” the re-location of JTASC and JWC.
- Unconfirmed UICs for the following activities reported under BRAC data calls:
  - ARI HQ, Washington, DC
  - ARI Detachments (e.g., Orlando, Fort Benning, Fort Monroe, Boise, Fort Rucker, Fort Knox, Fort Leavenworth, Fort Bragg)
  - Defense Modeling and Simulation Office (DMSO), Alexandria, VA
  - Advanced Distributed Learning Co-Laboratory, Alexandria, VA
  - Advanced Distributed Learning Co-Laboratory, Orlando, FL
  - DARPA
- Close all DoD operations in the Orlando, Florida campus for training and simulation technology and relocate the following with equipment to the JTMSC.
- Close all DoD operations in the Mesa, AZ and relocate the following with equipment to the JTMSC.
- Realignment of FTEs and equipment reported under BRAC data calls for the subareas of training and cognitive sciences of the Human Systems DTAP area.

Reason Scenario was deleted

TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

**Scenario Title:** Joint Chemical-Biological Defense RD&A Center

**Description:**

Abstract: Realign and co-locate the “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition (RDA) areas of BRAC-reported Chemical-Biological Defense DTAP activities to Aberdeen Proving Ground, Edgewood Area, MD.

Narrative: This scenario would consolidate, realign and relocate all service and DoD activities in “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition from the sites below to Aberdeen Proving Ground, Edgewood Area, MD.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency medical chemical defense and non-medical chemical and biological defense RDA to a single site to form a National Center of Excellence. This center of CB Defense positions the Department of Defense to exploit a center-of-mass of scientific, technical, and acquisition expertise with the personnel necessary to provide defense against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of military Service CB programs into a joint, co-located CB program.

**Assumptions:**

Unable to confirm UICs for Defense Agencies
Unable to confirm UIC for USAF Patrick AFB, 6

**Action List:** the following activities move from current locations to Aberdeen Proving Ground, Edgewood Area, MD.

---

**Reason Scenario was deleted**

TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration. Covered thru Scenario TECH 0032.

</table>
| Description: | Abstract: Realign and consolidate to Ft Detrick, Frederick, MD the Medical Biological Defense Subarea of BRAC-reported Chemical-Biological Defense DTAP activities in research, development and acquisition (RDA)

This scenario consolidates, realigns and relocates all Service and DoD operations in medical biological defense research, development and acquisition from sites listed below to Ft. Detrick, MD. The end state of this scenario is to consolidate Army, navy, Air Force, Marine Corps, and Defense Agency medical biological defense RDA to a single site that has DoD’s only capacity for Biosafety Level 4 research and development and has requisite “licensed medical product” acquisition expertise. This realignment and consolidation will position the DoD to exploit a center-of-mass of scientific, technical, medical acquisition, and medical product regulatory expertise and personnel in order to provide defense against current and emerging bio warfare threats.

Assumptions: Could not confirm UICs for Defense Agencies |

Reason Scenario was deleted

TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration. Covered thru Scenario TECH 0032.

<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Abstract: Co-locate all Chemical and Biological Defense Test and Evaluation (T&E) areas of BRAC-reported Chemical-Biological Defense (CBD) DTAP activities except those requiring ship-board evaluation to one military installation, Dugway Proving Ground, UT.

This scenario relocates all Service and DoD activities (excluding those requiring ship-board evaluation) in Chemical and Biological Defense T&E from the following sites to Dugway Proving Ground, UT. The end state of this scenario is to consolidate Army, Navy, Air Force, and Marine Corps Chemical and Biological Defense T&E to a single military CBD T&E site. This T&E center for CB Defense will position the Department of Defense to exploit synergy of service efforts with the considerable expertise and history of the T&E capabilities at Dugway Proving Ground. A single site for T&E will provide expert personnel necessary to provide rapid T&E for technologies needed to defend against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of service CB programs into a joint co-located CB T&E program.

TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
### Registered Scenarios

**Scenario #**  TECH-0024  **Date Created:**  10/27/2004  **Deleted**

**Scenario Title:**  Joint Biomedical Development and Acquisition Center (JBDAC)

#### Description:

| Abstract: Realign and consolidate all Biomedical Development and Acquisition (D&A) activities to a single site, Army Fort Detrick, Frederick, Maryland.  
Narrative: The scenario realigns the activities listed below to JBDAC to be located at the Army Fort Detrick, MD activity. The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A activities to a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a consolidated center of mass for all defense biomedical D&A which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs infrastructure capability at US Army Medical Research and Materiel Command at Ft. Detrick. It also provides a consolidated D&A single point of contact for the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick. |

<tr>
<td>Scenario Title:</td>
<td>486 Relocate Army Operational Test Command</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Description:

Move Operational Test Command (OTC) from Ft. Hood, TX to Ft. Bliss/White Sands Missile Range. Current, moving the test and evaluation requirements would decrease requirements on Fort Hood and supports future testing of the Army's future combat system (FCS) at the Fort Bliss and or White Sands Missile range complex. Moves all OTC elements of Army Test and Evaluation Command (ATEC) from Ft. Hood to Ft. Bliss/WSMR.

### Reason Scenario was deleted

This proposal is deleted due to military judgement - moving the activity would break habitual relationships that the OTC leadership views as critical to mission accomplishment.

Registered Scenarios

Scenario #  TECH-0037  Date Created:  11/18/2004

Scenario Title: Establish A Joint Center for Rotary Wing Air Platform R, D&A, and T&E at Patuxent River

Description:

•Abstract: This scenario proposes to consolidate all rotary wing air platform RDAT&E at a single site while retaining several specialty sites. The planned component moves will enhance synergy by consolidating to a single major site, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

•Assumptions:
A number of test-centric sites reported data under Research or D&A where they are doing testing in support of these two functions. This testing could possibly move as part of a T&E scenario but does not need to move to the receiver sites associated with the proposed R or D&A realignments listed below.

RESEARCH
- Arnold AFB [FP2804], NAVAIRWARCENWPNDIV China Lake [N60530] and Edwards AFB [FB2805], while they reported R, were not included because the work they reported is associated with proof of concept testing.

D&A
- Aberdeen Proving Ground [W26210 – SLAD, WOJEAA – DTC, and W3JCAA – AMSAA] are all management or analysis activities that perform their mission for all Army programs.
- White Sands Missile Range [W04WAA] and Yuma Proving Ground [WO3XAA] was not included because of their specialized testing climate, features and environment.

T&E
- Arnold AFS [FP2804] was not included because it is the national site for air breathing engine T&E.
- COMOPTEVFOR Norfolk [57023] was not included because they are a headquarters unit in-so-far-as air platforms are concerned.
- Holloman AFB [FVHC0/46TG] was not included because impracticality of moving the RAMS facility.
- Aberdeen Proving Ground [W26210 – SLAD, WOJEAA – DTC] are all management or analysis activities that perform their mission for all Army programs. Ft. Bragg [W46907], Ft. Hood [W469AA] were not included because it provides OT support and is co-located with their user.

Losing Bases

Adelphi (Adelphi, MD) -
CNR (Arlington, VA) -
Eustis (Fort Eustis, VA) -
Naval Air Engineering Station Lakehurst (Lakehurst, NJ) -
Naval Air Weapons Station China Lake (China Lake, CA) -

Naval Surface Warfare Center Corona (NORCO, CA) -
NAVSURFWARCEWPNDIV PT MUGU (xxxxxx, CA) -
Redstone (Huntsville, AL) -
Robins AFB (Warner Robins, GA) -
Wright-Patterson AFB (Fairborn, OH) -

Losing Activities

Receiving Bases

Naval Air Station Patuxent River (Patuxent River, MD) - Receive
### Registered Scenarios

**Scenario #** TECH-0038  \n**Date Created:** 11/18/2004  \n**Scenario Title:** Consolidate Extramural Research Program managers to Naval Research lab, DC

**Description:**

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This "Joint Center of Excellence" will foster additional coordination among the extramural research activities of OSD and the MilDep. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would:

- Realign from the following UICs to JBESC, FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions:

  - **Office of Naval Research, Arlington, VA, N00014**
  - Defense Advanced Research Project Agency, Arlington VA
  - Defense Threat Reduction Agency – NCR, Alexandria, VA
  - Army Research Laboratory/Army Research Office, Durham, NC, W26203
  - Army Research Laboratory/Army Research Office, Arlington, VA, W26205
  - AFRL/AFOSR, Arlington, VA, FFFJH

### Losing Bases

Registered Scenarios

Scenario # TECH-0044 Date Created: 11/18/2004
Scenario Title: Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Dahlgren)

Description:
Relocate DoD Guns & Ammunition RD&A (except energetic materials) and selected T&E at Dahlgren. Relocate gun/ammunition research from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Picatinny, Port Hueneme (Louisville Detachment), Quantico, China Lake, Eglint; and gun RD&A from Watervliet (Benet Lab) to Dahlgren.

Definition of Guns & ammunition: Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
Adelphi (Adelphi, MD) - Realignment
Eglin AFB (Valpariso, FL) - Realignment
Marine Corps Base Quantico (Quantico, VA) - Realignment
Naval Air Weapons Station China Lake (China Lake, CA) - Realignment
Naval Reserve Center Louisville (Louisville, KY) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment
Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment
Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment
Picatinny (Dover, NJ) - Realignment
Watervliet Arsenal (Watervliet, NY) - Realignment

Losing Activities

APG (W26210) Guns/ammo RD&A (except energetic materials) to Dahlgren - Relocate
Adelphi (W4MK04) guns/ammo/fuze RDAT&E to Dahlgren - Relocate

Registered Scenarios

**Scenario #**  TECH-0046  **Date Created:**  11/23/2004

**Scenario Title:** Consolidate Extramural Research Program Managers (Joint Center of Excellence) to Ft. Belvoir

**Description:**

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all activity of the following organizations located at the sites indicated and colocate them in close proximity to DTRA and the ARL-ARO detachment at Fort Belvoir. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDeps. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base. This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all government FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

Scenario Title: 289 Close Selfridge Army Activities

Description:

Close USAG SANGB. Army disestablishes Garrison activities and realigns or disestablishes non JCGG functions. The Industrial, Technical, and HSA JCSGs realigns or disestablish their assigned functions.

This proposal would close the US Army Garrison-Michigan at Selfridge Air National Guard Base. The USAG-M is a federal land owner within the perimeter of Selfridge Air National Guard Base. The mission of USAG-M (Selfridge) is to provide base support, services and facilities to the Selfridge joint military community including housing, morale support, education, information technology, safety, transportation, quality of life, safety, environmental and recreational services, family services, child development, maintenance and repair, law enforcement, force protection, medical, dental, base exchange, commissary and religion. The joint community is home to units of all four branches of the military services as well as the US Coast Guard and the Border Patrol who either live, work or visit Selfridge Air National Guard Base. USAG-M is the primary provider of support and services to ALL military and DHS personnel and their dependents.

Losing Bases
Selfridge (Selfridge, MI) - Realignment

Receiving Bases
Base X (x, XX) - Receive

Losing Activities

Activities being Received
## Registered Scenarios

**Scenario #**: USA-0072  
**Date Created**: 10/1/2004

### Scenario Title
293 Closure Ft. Hamilton

### Description
Close and lease back or enclave activities on Ft. Hamilton. The largest organization on Ft. Hamilton is the Recruiting Battalion and the New York Military Entrance Processing Center. Due to their mission, they will need to remain in NYC. Options are Transfer/Lease back of certain portions of Ft. Hamilton or move recruiting BN to federal building or leased space in NYC. Housing on Ft. Hamilton could be privatized.

### Losing Bases

### Registered Scenarios

#### Scenario #
USA-0099

#### Date Created:
10/8/2004

#### Scenario Title:
248 AFRC Seagoville, TX

#### Description:
Closes 3 Texas Army National Guard (TXARNG) Armories and 1 maintenance support activity; closes 1 United States Army Reserve (USAR) Center. All facilities are over utilized (140%-250%) and range in age from 41-49 yrs old. All require extensive addition/renovation to meet current requirements. Expansion is not possible in current location due to acreage constraints and/or encroachment. Build a new 131,300 square foot facility on government owned land in Seagoville, TX. Includes a mainenance support activity.

**Scenario #** | USA-0167  
---|---  
**Date Created:** | 12/2/2004  
**Scenario Title:** | 13 USAR C2 NORTHEAST/Close Fort Hamilton  
**Description:**  
Inactivates the 77th and 99th Regional Readiness Commands. Closes the Charles Kelly Support Center (CKSC) and the Neville Island Maintenance Support Facility in Pittsburgh, PA. Closes major portions of Fort Hamilton and creates an enclave for Reserve components, the NYC Recruiting Command (AC) and the MEPS station. Closes Building #00330, 00319 and 00206 at Fort Totten, NY. Closes the SGT J.W. Kilmer USAR Center in Edison, New Jersey. Activates a Regional Readiness Command and a Sustainment Unit of Action at Fort Dix, NJ. Relocates tenant units of CKSF to Pitt USARC in Corapolis, PA. Relocates the Headquarters, 78th Division (Exercise) from Edison to Fort Dix, New Jersey. Closes the Army Reserve Aviation Support Activity at NAS Willow Grove, PA and relocates Co A/228th Aviation to Fort Dix, NJ. Closes the Fort Sheridan, IL Army Reserve Complex and relocates 244th Aviation Brigade to Fort Dix, NJ. Closes the NYARNG 47th Regiment Armory in Brooklyn and the Brooklyn Armory/OMS 12 (and may include Closing MCRC Brooklyn) and consolidates to an AFRC on the enclave at Fort Hamilton. Closes Equipment Concentration Site 27 on Fort Dix and relocates the ECS 27 mission to the New Jersey National Guard Mobilization and Training Equipment Site (MATES) joint facility at Lakehurst, New Jersey.  
**JAST #A022** - This is a USA Proposal that supports DONxx to Close MCRC Brooklyn NY and consolidate into an AFRC on Fort Hamilton (either in existing buildings or in a new AFRC with USAR and ARNG). USMC will require training area for communications satellite dish operation totalling 20 acres.

</tbody>
</table>
**Registered Scenarios**

As Of: 12/3/2004

**Scenario #** USAF-0007  **Date Created:** 9/22/2004

**Scenario Title:** Realign F-16 Fleet

**Description:**

Realignment/consolidation of current F-16 force structure by block type to consolidate like block types at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

**Realign F-16 Fleet**

Gaining Bases: Des Moines AGS, Hill AFB, Joe Foss Field, Shaw AFB, Hancock Field, Burlington, Andrews AFB, Dannelly Field, Tulsa, Buckley AFB, Ft Worth, Kelly Annex

Losing Bases: Cannon AFB, Luke AFB, Hector Field, Duluth, Madison, Selfridge, Springfield-Beckley, Capital, Richmond, Mt Home AFB, Great Falls

**Principles:**
- Consolidate legacy fleet
- Optimize squadron size
- Ensure force available for AEF construct

### Losing Bases

**Registered Scenarios**

**Scenario #** USAF-0008  
**Date Created:** 9/22/2004  
**Scenario Title:** Realign F-15 Fleet  
**Description:**

Realignment/consolidate current F-15C/D/E force structure to base like MDS capability at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenants.

Gaining Bases: F-15A-D: Elmendorf AFB, Nellis AFB, Klamath Falls AGS, NAS New Orleans ARS, Jacksonville AGS, Atlantic Cit AGS; F-15E: Mt Home AFB

Losing Bases: F-15 A-D: Portland, Mt Home AFB, Lambert Field, Eglin AFB, Tyndall AFB, Langley AFB, Otis; F-15 E: Elmendorf AFB, Seymour Johnson AFB

Principles: Consolidate legacy fleet; Optimize squadron size; Ensures force available for AEF construct

Registered Scenarios

Scenario # | USAF-0012 | Date Created: | 9/22/2004
Scenario Title: | Realign C-130 Fleet

Description:
Realign current C-130 force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenants.

Principles: Primary determinant - MCI rating; Optimize squadron size; Consolidate airlift assets

Exceptions: If installation has consolidated MDS now, do not reduce

Registered Scenarios

Scenario #: USAF-0014  Date Created: 9/22/2004

Scenario Title: Realign SOF/CSAR Fleet

Description:

- Realign SOF and CSAR force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenants.
- Principles: Primary determinant - MCI rating; Optimize squadron size; Consolidate airlift assets
- Exceptions: If installation has consolidated MDS now, do not reduce

---

Losing Bases

- Eglin AFB (Valpariso, FL) - Realignment
- Kulis AGS (Anchorage, AK) - Close
- Nellis AFB (Las Vegas, NV) - Realignment

Receiving Bases

- Eglin AFB (Valpariso, FL) - Receive
- Elmendorf AFB (Anchorage, AK) - Receive
- Hurlburt Field (Mary Esther, FL) - Receive

Losing Activities

- MC-130HP SOF/CSAR Squadron (8 PAA) - Relocate
- HC-130N SOF/CSAR Squadron (3 PAA) - Relocate
- HH-60 SOF/CSAR Squadron (5 PAA) - Relocate
- HH-60 SOF/CSAR Squadron (2 PAA) - Relocate

Activities being Received

- MC-130P SOF/CSAR Squadron (7 PAA) to Duke Field
- HC-130N SOF/CSAR Squadron (3 PAA)
- HH-60 SOF/CSAR Squadron (5 PAA)
- CV-22 SOF/CSAR Squadron (4 PAA)
- MH-53 SOF/CSAR Squadron (4 PAA)
### Registered Scenarios

<table>
<thead>
<tr>
<th>Scenario #</th>
<th>USAF-0016</th>

<th>9/22/2004</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scenario Title:</td>
<td>Mission Compatibility Index - UAV/UCAS</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

- Base UAV/UCAS assets at the optimum number of installations based on MCI rating and theoretical capacity
- Principles: Primary determinant - MCI rating; Consolidate similar UAV/UCAS assets
- Preserve capacity required for post-2011 (UAV/UCAS) force structure
<table>
<thead>
<tr>
<th>Scenario #</th>
<th>USAF-0017</th>
<th>Date Created:</th>
<th>9/22/2004</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scenario Title:</td>
<td>Geographic Co-location</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Consider co-locating Total Force presence among multiple installations when locations are within proximity of each other.

**Principles:** Primary determinant - Maintain/Place ARC units to meet the requirements of the Air Force at locations that meet the demographic and mission requirements unique to the ARC.
