BRAC 2005 Infrastructure Steering Group (ISG)

Meeting Minutes of January 7, 2005

The Under Secretary of Defense (Acquisition, Technology, and Logistics), Mr. Michael W. Wynne chaired this meeting. The list of attendees is attached.

The Chair opened the meeting by discussing the relationships between the BRAC schedule, resources and scenario data calls. He stated that he would arrange a meeting between the Deputy Secretary and the Vice Chiefs of the Military Departments to discuss these issues.

Mr. Wynne then asked Mr. Pete Potochney, Director of the OSD BRAC Office, to use the attached slides to facilitate the meeting. Mr. Potochney briefly provided feedback from the Infrastructure Executive Council (IEC) meeting held on December 21, 2004 and then outlined the status of conflicting scenarios. The ISG agreed to approve the proposed resolutions of the four new conflicting scenarios identified in TAB 4 of the January 7, 2005, Read Ahead Package.

Mr. Wynne then asked Mr. Abell, Chairman of the Education and Training Joint Cross-Service Group (E&T JCSG), to provide an update on the flight training scenarios that were discussed at prior ISG meetings. Mr. Abell stated that E&T was still missing data for their flight training scenarios. Mr. Wynne advised Mr. Abell that, although he believed it was important to continue to obtain data, he felt it was equally important for ISG members to understand the strategy underlying the flight training scenarios issue. In response, Mr. Abell agreed that at the next ISG meeting (January 14, 2005), E&T would brief their Flight Training scenarios and delineate their strategy and underlying assumptions. As part of this discussion, the other JCSG chairs noted the importance of receiving data in a timely manner from the Military Departments.

The ISG next reviewed the status of the Force Structure Plan (FSP). The ISG discussed items in the draft Force Structure Plan that should be changed to reflect the recent budget and program decisions and whether there was enough time to issue an interim that incorporates these changes. Because further coordination is required to resolve FSP issues, the ISG agreed to use the Joint Chiefs of Staff draft that was circulated in September 2004 as the interim FSP.

Mr. Potochney then briefed the Candidate Recommendation Process, including potential ISG actions, summarized as such:

- Approve and prepare recommendations for IEC consideration
- Approve but hold for consideration of an enabling scenario
• Disapprove
• Note any conflicts that need to be considered and resolved; or
• Hold for more information or a related candidate recommendation

Mr. Potochney invited Mr. Donald Tison, Chairman of the Headquarters and Support (H&SA) JCSG, to brief his group’s candidate recommendations. Mr. Tison proceeded to brief H&SA candidate recommendations, which covered three major categories of activities:

• Defense Finance and Accounting Service (DFAS) – candidate recommendations would reduce DFAS locations from 26 to 3 (H&SA 0018)
• Military Personnel Centers – H&SA chose the service-centric approach over the joint approach because the service-centric concept is a more transformational strategy than the joint approach (H&SA 0006, 0007 & 0008)
• Installation Management – these scenarios involve establishing joint bases or management to maximize joint utilization of infrastructure, eliminate redundancy and create economies of scale (H&SA 0011, 0009, 0015, 0012, 0013, 0016, 0075, 0010, 0032, 0017, 0034, 0033).

The ISG approved all H&SA JCSG candidate recommendations presented involving DFAS and the Military Personnel Centers, noting that savings were likely to be higher than estimated once the Department’s costs and savings of all the recommendations are aggregated. The ISG noted that “approval” of candidate recommendations at this point did not indicate final approval. Mr. Wynne directed the Military Departments to review the Installation Management scenarios and bring to the January 14, 2005, ISG meeting any issues concerning these recommendations.

The ISG discussed wedge allocation, stating that the ISG had previously discussed a two-step process of valuation and allocation. Mr. Gibbs, Assistant Secretary of the Air Force, indicated his objection to the proposed option and his support for one based upon cash flow/payback to allocate wedge resources. After discussion, the Chair suggested that the ISG should consider both alternatives for determining the allocation. Mr. Wynne emphasized that the Department could present flexible options when the recommendations are presented to the Secretary.

Approved: 

Michael W. Wynne
USD (Acquisition Technology and Logistics)
Chairman, Infrastructure Steering Group
Attachments:
1. List of Attendees
2. Briefing slides entitled “BRAC 2005 Briefing to the ISG” dated January 7, 2005
3. Read ahead package used to facilitate meeting which includes the briefing slides and the scenarios divided into 8 categories: Summary of Scenarios Registered, Conflicts Settled, Old Conflicts Settled, Independent, Enabling, Deleted, and Not Ready for Categorization.
Infrastructure Steering Group Meeting
January 7, 2005

Attendees

Members:
- Mr. Michael W. Wynne, Under Secretary of Defense (Acquisition, Technology and Logistics)
- Mr. Philip W. Grone, Deputy Under Secretary of Defense (I&E)
- Mr. Raymond DuBois, Director, Administration and Management (DA&M)
- Hon. Nelson Gibbs, Assistant Secretary of the Air Force (IE)
- Ms. Anne R. Davis, Special Assistant to the Secretary of the Navy for BRAC
- Gen Michael Moseley, Vice Chief of Staff for the Air Force
- Hon. Geoffrey Prosch, Assistant Secretary of the Army (I&E)
- Gen William Nyland, Assistant Commandant of the Marine Corps
- ADM John Nathman, Vice Chief of Naval Operations

Alternates:
- MG Kenneth Hunzeker, Deputy Director, J-8, Joint Staff, for General Peter Pace, Vice Chairman, Joint Chiefs of Staff

Education and Training JCSG
- Mr. Charles S. Abell, Chairman, Education and Training JCSG
- Mr. Robert Howlett, Director, Institutional Military Training, OUSD (Personnel and Readiness, Education and Training JCSG)

Headquarters and Support JCSG
- Mr. Don Tison, Chairman, Headquarters and Support Activities JCSG
- COL Carla Coulson, Chief of Staff, Headquarters and Support Activities JCSG

Industrial JCSG
- Mr. Jay Berry, Executive Secretary to the Industrial JCSG

Intelligence JCSG
- Mr. Wayne Howard, Senior Strategic Analyst, [BRAC Core Team Facilitator] for Intelligence JCSG

Medical JCSG
- Lt Gen George Taylor, Chairman, Medical JCSG
- Col Mark Hamilton, Executive to the Air Force Surgeon General
Supply and Storage JCSG
  • VADM Keith Lippert, Chairman, Supply and Storage JCSG
  • Col Louis Neeley, Executive Secretary for Supply and Storage JCSG

Technical JCSG
  • Mr. Ron Sega, Chairman, Technical JCSG
  • Mr. Al Shaffer, Director, Plans and Systems, Office of the Director, Defense, Research and Engineering

Others:
  • LtGen Richard L. Kelly, Deputy Commandant of the Marine Corps, Installations and Logistics
  • Mr. Dennis Biddick, Chief of Staff to the Deputy Assistant Secretary of the Navy (IS&A)
  • Mr. Michael A. Aimone, Assistant Deputy Chief of Staff for the Air Force, Installations and Logistics
  • Dr. Craig College, Deputy Assistant Secretary of the Army (IA)
  • Maj Gen Gary Heckman, Assistant Deputy Chief of Staff of the Air Force
  • Col Dan Woodward, Division Chief, Forces Division, Joint Staff, J-8
  • Ms. Deborah Culp, Program Director, Contract Management Directorate, Office of the Inspector General
  • CAPT William Porter, Senior Military Assistant to the Under Secretary of Defense (AT&L)
  • Mr. Peter Potochney, Director, OSD BRAC
  • COL Robert Henderson, Military Deputy, OSD BRAC
  • Mrs. Nicole Bayert, Associate General Counsel, Environment and Installations
  • Ms. Ginger Rice, Assistant Director, OSD BRAC
  • Mr. Andrew Porth, Assistant Director, OSD BRAC
  • Ms. Laurel Glenn, Action Officer, OSD BRAC

BRAC Force Structure Plan (FSP) Update

**Issue:** FSP due to Congress NLT 15 Mar 05.

Oct 04 Staffing
- Services updated Mar 04 plan.

Dec 04 Staffing
- Services updated Oct 04 submission.
  - Army: Provided update, no issues.
  - Navy: Will modify Oct 04 submission
  - USAF: Will provide missile numbers, no AC/RC breakout beyond 2006.
  - USMC: Provided update, no issues.

- 1 Non-Concur
  - PA&E: Submission must comply with Presidential Budget (due to Congress 7 Feb) … sufficient fidelity available mid-Jan.

**Recommendation:** ISG approve following timeline

<table>
<thead>
<tr>
<th>7 JAN</th>
<th>24 JAN</th>
<th>4 FEB</th>
<th>18 FEB</th>
<th>NLT 15 MAR</th>
</tr>
</thead>
<tbody>
<tr>
<td>ISG Approval Of Plan</td>
<td>Service Updates Due</td>
<td>OSD Comments Due</td>
<td>JS Provides OSD FSP</td>
<td>SecDef Submits FSP to Congress</td>
</tr>
</tbody>
</table>
**Interim Force Structure Plan (FSP) Release**

**Issue:** BRAC statute requires MilDeps and JCSGs to produce recommendations compliant with the FSP

Fully staffed FSP not available
- Additional staffing required to resolve conflicts.
- Must be based on President’s Budget (due to Congress 7 Feb)

**Recommendation:** ISG approve issuing interim FSP for MilDep/JCSG use. ISG direct issuance of final FSP as soon as signed by SecDef.
Candidate Recommendation Process

- Candidate recommendations will be posted to the Portal as received
  - Packages received by noon Friday, will be considered at the next week’s ISG
- Following Monday, OSD BRAC Office provides formal read-ahead
- Following Wednesday, DASs discuss the candidate recommendations, isolate issues for the ISG’s consideration
- Following Friday, JCSG Chair or MilDep designee will brief their respective candidate recommendations to ISG

Potential ISG actions:
- approve and prepare for IEC consideration
- approve but hold for consideration of an enabling scenario;
- disapprove;
- note any conflicts that need to be considered and resolved; or
- hold for more information or a related candidate recommendation.

DFAS -- 26 Locations to 3 Locations

Green – Retained Sites
Red – Closed Sites
Black – Special Purpose Sites
Candidate # HSA0018 – Defense Finance & Accounting Service (DFAS)

**Candidate Recommendation (Summary):** Close 21 DFAS locations by relocating and consolidating all functions to the Defense Supply Center-Columbus, OH, the Buckley AF Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Realign DFAS Arlington, VA, by relocating/consolidating functions same as above, and retain minimum essential liaison staff. Realign DFAS Cleveland, OH, by relocating/consolidating functions same as above, and retain an enclave for Military Retired and Annuitant Pay Services contract function. Realign DFAS Columbus, OH; Denver, CO, and Indianapolis, IN by relocating portions of the Accounting Operation, Military, and Commercial Pay functions and supporting functions among the three locations to implement strategic redundancy.

<table>
<thead>
<tr>
<th>Justification</th>

Losing Locations

Army (HSA-0006)
- HR Command, Alexandria
- HR Command, St Louis
- HR Command, Indianapolis
- Accessions & Cadet Commands, Ft Monroe

Navy (HSA-0007)
- Navy Reserve Personnel & Recruiting, New Orleans

Air Force (HSA-0008)
- AF Reserve Personnel, Buckley
- AF Reserve Recruiting, Robins

Gaining Locations
(Current Resident Activity)

- USA Recruiting Command, Ft Knox
- Navy Personnel & Recruiting, NSA Mid-South (Millington)
- AF Personnel & Recruiting, Randolph
## Candidate Recommendation:
Close Army Human Resources Command leased facilities in Alexandria, Virginia, Indianapolis, Indiana, and St. Louis, Missouri, relocating and consolidating all functions at Fort Knox, Kentucky. Realign Fort Monroe, Virginia, by relocating Army Accessions Command and Cadet Command to Fort Knox, Kentucky.

### Justification
- Enables mission consolidation of Active & Reserve personnel center functions.
- Co-location of Recruiting functions improves personnel life-cycle management.
- Eliminates excess capacity and leased space.

### Military Value
- Recruiting function: Fort Monroe 100/147; Fort Knox 12/147.
- Military Personnel: Ft Knox was selected because of its high overall military value as the current location of the US Army Recruiting Command, which offers synergies with the military personnel function.

### Payback
- One Time Cost: $ 99.0 M
- Net Implementation Savings: $ 462.5 M
- Annual Recurring Savings: $ 145.5 M
- Payback Period: Immediate
- NPV (savings): $ 1.78 B

### Impacts
- Criterion 6:
  - DC Area ROI: - 3,734 jobs; 0.1%
  - St Louis ROI: - 4,171 jobs; 0.3%
  - Indianapolis ROI: - 226 jobs; less than 0.1%
  - Norfolk ROI: - 820 jobs; less than 0.1%
- Criterion 7: Proximity to Louisville mitigates child care, housing, and medical issues.
- Criterion 8: Overall, no known environmental impediments.
- Other Risks Associated with Implementation: Skilled civilian workforce availability in concentrated GS-series.

### Strategy
- Capacity Analysis / Data Verification
- COBRA
- Military Value Analysis / Data Verification
- JCSG/MilDep Recommended
- Criteria 6-8 Analysis
- De-conflicted w/JCSGs
- De-conflicted w/MilDeps
## Justification

- Enables mission consolidation of Active & Reserve personnel center functions.
- Improves personnel life-cycle management and eliminates excess capacity.

## Military Value

- NSA New Orleans 0.713.
- NSA Mid-South in Millington 0.729.
- Military judgment: Co-location of Personnel & Recruiting Commands favored Millington.

## Payback

- One Time Cost: $13.7 M
- Net Implementation Cost: $2.2 M
- Annual Recurring Savings: $6.3 M
- Payback Period: 2 Years
- NPV (savings): $57.4 M

## Impacts

- Criterion 6: - 771 jobs; 0.1%
- Criterion 7: No issues
- Criterion 8: No environmental impediments
**HSA-0008: Create an Air Force Human Resources (Personnel & Recruiting) Center of Excellence at Randolph**

**Candidate Recommendation:** Realign Buckley Annex, Denver, Colorado by relocating the Air Reserve Personnel Center to Randolph Air Force Base, Texas and consolidating it with the Air Force Personnel Center at Randolph Air Force Base, Texas. Realign Robins Air Force Base, Georgia by relocating Air Force Reserve Recruiting Service to Randolph Air Force Base, Texas.

<table>
<thead>
<tr>
<th>Justification</th>
<th>Military Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓ Same transformational strategy for Personnel &amp; Recruiting as applied to the Army &amp; Navy.</td>
<td>✓ Personnel: Buckley Annex, 0.476; Randolph AFB, 0.723.</td>
</tr>
<tr>
<td>✓ Enables mission consolidation of Active &amp; Reserve personnel center functions and elimination of excess capacity.</td>
<td>✓ Recruiting: Military judgment dominated over quantitative scores.</td>
</tr>
<tr>
<td>✓ Co-location of Recruiting functions improves personnel life-cycle management.</td>
<td>✓ Co-location of Personnel Centers, Recruiting Commands, and Education &amp; Training Command at a single location provides the greatest overall value for the Department.</td>
</tr>
</tbody>
</table>

IM RECOMMENDATION ASSUMPTIONS

- Recommendations are not prescriptive-ICC will establish implementation policy
- Real Property transfer not implied
- BOS functional components not considered absolute-exceptions based on scenario specific situations
- Range of projections for personnel reductions developed for each scenario-Low end used in recommendations sent in Scenario Data Call
Candidate Recommendation: Realign Ft. Dix and Naval Air Engineering Station Lakehurst by relocating the installation management functions/responsibilities to McGuire AFB, establishing Joint Base McGuire-Dix-Lakehurst. The U.S. Air Force will assume responsibility for all Base Operating Support (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration & Modernization for the new joint base.

<table>
<thead>
<tr>

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs
✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDeps
Candidate Recommendation: Realign Pope AFB by relocating the installation management functions/responsibilities to Ft. Bragg, establishing Joint Base Bragg-Pope. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization for the new joint base.

### Justification
- Installation management mission consolidation eliminates redundancies and creates economies of scale
- Potential for personnel and footprint reductions (minimum of 84 positions and associated footprint)
- Supports complementary missions: power projection platform/mobility
- Maximizes joint utilization of infrastructure

### Military Value
- Comparison of BASOPS missions using Military Value model:
  - Ft Bragg - .538
  - Pope AFB - .184
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback
- One Time Cost: $1.0M
- Net Implementation savings: $32.8M
- Annual Recurring savings: $7.4M
- Payback period: Immediate
- NPV (savings): $99.1M

### Impacts
- Criterion 6: -141 jobs (84 direct/60 indirect); Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

### Strategy
- JCSG/MilDep Recommended
- De-conflicted w/ JCSGs

### COBRA
- Military Value Analysis / Data Verification
- Criteria 6-8 Analysis
- De-conflicted w/ MilDep
**HSA-0015: Establish Joint Base Elmendorf-Richardson**

**Candidate Recommendation:** Realign Ft. Richardson by relocating the installation management functions/responsibilities to Elmendorf AFB, establishing Joint Base Elmendorf/Richardson. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

### Justification
- Installation management mission consolidation eliminates redundancy and creates economies of scale
- Good potential for personnel and footprint reductions (minimum of 224 positions and associated footprint)
- Supports complementary missions: power projection platform/mobility
- Maximizes joint utilization of infrastructure

### Military Value
- Comparison of BASOPS missions using Military Value model:
  - Elmendorf AFB - .230
  - Ft Richardson - .189
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback
- One time costs: $7.7M
- Net Implementation savings: $78.9M
- Annual Recurring savings: $19.0M
- Payback period: Immediate
- NPV (savings): $249.5M

### Impacts
- Criterion 6: -412 jobs (224 direct/188 indirect); -0.16%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

---

- Strategy  ✔  Capacity Analysis / Data Verification
- COBRA  ✔  Military Value Analysis / Data Verification
- JCSG/MilDep Recommended  ✔  De-conflicted w/JCSGs
- Criteria 6-8 Analysis  ✔  De-conflicted w/MilDep
HSA-0012: Establish Joint Base Andrews-Washington

**Candidate Recommendation:** Realign Naval Air Facility Washington by relocating the installation management functions/responsibilities to Andrews AFB, establishing Joint Base Andrews-Naval Air Facility Washington. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

### Justification
- Installation management mission consolidation eliminates redundancy and creates economies of scale.
- Good potential for personnel and footprint reductions (minimum of 30 positions and associated footprint).
- Eliminates a base within a base and establishes single installation management responsibility for consolidated footprint.

### Military Value
- Comparison of BASOPS missions using Military Value model:
  - Andrews AFB - .222
  - COMNAVDIST Washington - .342
- Military judgment: Transfer of NAF installation management functions to Andrews AFB, will provide greatest overall military value to DoD

### Payback
- One time costs: $496K
- Net Implementation savings: $6.3M
- Annual Recurring savings: $1.5M
- Payback period: Immediate
- NPV (savings): $19.7M

### Impacts
- Criterion 6: -30 jobs (18 direct/12 indirect); Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

### Candidate Recommendation:
Realign Bolling AFB by relocating the installation management functions/responsibilities to Naval District Washington at the Washington Navy Yard, establishing Joint Base Anacostia-Bolling-NRL. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

### Justification
- Installation management mission consolidation eliminates redundancy and creates economies of scale.
- Good potential for personnel and footprint reductions (minimum of 119 positions and associated footprint).
- Eliminates a base within a base
- Maximizes joint utilization of infrastructure

### Military Value
- Comparison of BASOPS missions using Military Value model:
  - NAVDIS Washington (includes Anacostia and NRL). - .342
  - Bolling AFB - .214
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback
- One time costs: $2.9M
- Net Implementation savings: $45.7M
- Annual Recurring savings: $10.6M
- Payback period: Immediate
- NPV (savings): $140.7M

### Impacts
- Criterion 6: -200 jobs (119 direct/81 indirect); Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation
**Candidate Recommendation:** Realign Hickam AFB by relocating the installation management functions/responsibilities to Naval Station Pearl Harbor, establishing Joint Base Pearl Harbor-Hickam. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

# HSA-0075: Establish Joint Base Monmouth - Earle Colts Neck

**Candidate Recommendation:** Realign Naval Weapons Station Earle Colts Neck by relocating the installation management functions/responsibilities to Ft. Monmouth and establish Joint Base Monmouth-Earle Colts. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

## Justification

- Installation management mission consolidation eliminates redundancy and creates economies of scale
- Good potential for personnel and footprint reductions (minimum of 75 positions and associated footprint)
- Share military housing.
- Military value analysis greater for Monmouth based on size and PW efficiencies.

## Military Value

- Comparison of BASOPS missions using Military Value model:
  - Ft Monmouth - .136
  - WPNSTA Earle - .074
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

## Payback

- One time costs: $1.6M
- Net Implementation savings: $29.4M
- Annual Recurring savings: $6.8M
- Payback period: Immediate
- NPV (savings): $90.7M

## Impacts

- Criterion 6: -126 jobs (75 direct/51 indirect) Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

$69.9M  
$21.9M  
Immediate  
$267.4M
### Justification

- Eliminates redundancy of installation management functions and creates economies of scale.
- Good potential for personnel and footprint reductions (minimum of 199 positions and associated footprint).
- Military value analysis greater for Air Force based on predominance and efficiency.
- Supports complementary missions: training

### Military Value

- Comparison of BASOPS missions using Military Value model:
  - Lackland AFB - .296
  - Ft Sam Houston - .233
  - Randolph AFB - .205
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback

<table>
<thead>
<tr>

### Impacts

- Criterion 6: -382 jobs (189 direct/183 indirect) Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

### Candidate Recommendation: Realign Ft. Sam Houston and Randolph AFB by relocating the installation management functions/responsibilities to Lackland AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).
**Candidate Recommendation:** Realign Ft. Story by relocating the installation management functions/responsibilities to Commander Naval Mid-Atlantic Region. The U.S. Navy will assume responsibility for all Base Operating Supp rt (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

### Justification
- Installation management mission consolidation eliminates redundancy and creates economies of scale
- Good potential for personnel and footprint reductions (minimum of 21 positions and associated footprint)
- Ft Story’s small size and distance from Ft Eustis makes transfer to Navy ideal candidate for consolidation

### Military Value
- Comparison of BASOPS missions using Military Value model:
  - Eustis - .247
  - NAVSTA Norfolk – .412
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback
- One time costs: $300K
- Net Implementation savings: $8.8M
- Annual Recurring savings: $2.0M
- Payback period: Immediate
- NPV (savings): $26.6M

### Impacts
- Criterion 6: -44 jobs (21 direct/23 indirect) Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

Wedge Allocation

Objective: Determine process for allocating wedge dollars to recommendations

Two-Step Process

• Valuation: Value recommendations based on attributes that reflect DoD priorities
• Allocation: Allocate funding based on valuation
Valuation

- Recommendations assessed against three attributes for wedge allocation
- Weights for each attribute should convey ISG/IEC priorities
- Attributes:
  - Transformation and/or Jointness
  - Costs and Savings
  - Efficiency
Valuation: Attributes Hierarchy

3. Efficiency: Decreases in DoD footprint.

Is this the right hierarchy?
Transformation: Metrics Hierarchy

1. ISG/IEC priorities
2. Consolidations
3. Collocations

- Multi-service/Defense Agency over Single Service within above hierarchy

Recommendation: Approve hierarchy
Costs and Savings: Metrics Hierarchy

1. Net implementation savings
2. Payback period
3. Net Present Value over 20 years

Recommendation: Approve hierarchy
Efficiency: Metrics Hierarchy

1. Square footage
2. Acres

Efficiency

Square footage » Acres

Recommendation: Approve hierarchy
Next Steps

- Next ISG meeting 14 Jan 05 (1530-1700)
- Continuation of Candidate Recommendations
- Next IEC meeting 24 Jan 05 (1645-1730)
MEMORANDUM FOR INFRASTRUCTURE STEERING GROUP (ISG) MEMBERS
CHAIRS, JOINT CROSS SERVICE GROUPS (JCSG)

SUBJECT: Read Ahead Material for the January 7, 2005, ISG Meeting

The Infrastructure Steering Group will meet on January 7, 2005, at 10:30 a.m. in 3D-1019. The meeting’s primary focus will be on Candidate Recommendations submitted by the Headquarters and Support Activities (H&SA) Joint Cross Service Group. Other topics include conflict resolution, an update on the Force Structure Plan and, time permitting, wedge allocation rules.

For your advance preparation, I am attaching the briefing slides and backup materials on the candidate recommendations. TAB 1 contains the Candidate Recommendations with the standard quad charts. On the disc at TAB 2 is the supporting documentation.

There are 946 scenarios registered in the tracking tool as of December 23, 2004. Details of these are provided at TABs 3-9. The section entitled “New Conflicts Settled” includes new scenario conflicts on which the DASs and affected JCSGs agree regarding the proposed resolution (TAB 4). Absent objections at the meeting, the proposed resolutions will be deemed approved by the ISG.

Michael W. Wynne
Acting USD (Acquisition, Technology & Logistics)
Chairman, Infrastructure Steering Group

Candidate # HSA0018 – Defense Finance & Accounting Service (DFAS) Consolidation

**Candidate Recommendation (Summary):** Close 21 DFAS locations by relocating and consolidating all functions to the Defense Supply Center-Columbus, OH, the Buckley AF Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Realign DFAS Arlington, VA, by relocating/consolidating functions same as above, and retain minimum essential liaison staff. Realign DFAS Cleveland, OH, by relocating/consolidating functions same as above, and retain an enclave for Military Retired and Annuitant Pay Services contract function. Realign DFAS Columbus, OH; Denver, CO, and Indianapolis, IN by relocating portions of the Accounting Operation, Military, and Commercial Pay functions and supporting functions among the three locations to implement strategic redundancy.

<table>
<thead>
<tr>

Candidate Recommendation # HSA0018
Defense Finance and Accounting Service (DFAS) Consolidation

Candidate Recommendation: Close the Defense Finance and Accounting Service (DFAS) sites at Rock Island IL; Pensacola Saufley Field, FL; Norfolk Naval Station, VA; Lawton, OK; Pensacola Naval Air Station, FL; Omaha, NE; Dayton, OH; St. Louis, MO; San Antonio, TX; San Diego, CA; Pacific Ford Island, HI; Patuxent River, MD; Limestone, ME; Charleston, SC; Orlando, FL; Rome, NY; Lexington, KY; Kansas City, MO; Seaside, CA; San Bernardino, CA; and Oakland, CA. Relocate and consolidate business, corporate, and administrative functions to the Defense Supply Center-Columbus, OH, the Buckley Air Force Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN.

Realign DFAS Arlington, VA, by relocating and consolidating business, corporate, and administrative functions to the Defense Supply Center-Columbus, OH, the Buckley Air Force Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Retain a minimum essential DFAS liaison staff to support the Under Secretary of Defense (Comptroller)/Chief Financial Officer, Military Service Chief Financial Officers, and Congressional requirements.

Realign DFAS Cleveland, OH, by relocating and consolidating business, corporate, and administrative functions to the Defense Supply Center-Columbus, OH, the Buckley Air Force Base Annex, Denver, CO, or the MG Emmett J. Bean Federal Center, Indianapolis, IN. Retain an enclave for the Military Retired and Annuitant Pay Services contract function and government oversight.

Realign DFAS Columbus, OH, by relocating up to 50% of the Accounting Operation functions and associated corporate and administrative functions to DFAS Denver, CO, or DFAS Indianapolis, IN, and up to 25% of the Commercial Pay function and associated corporate and administrative functions to DFAS Indianapolis, IN, for strategic redundancy.

Realign DFAS Denver, CO, by relocating up to 25% of the Accounting Operation functions and associated corporate and administrative functions to DFAS Columbus, OH, or DFAS Indianapolis, IN, and up to 30% of the Military Pay function and associated corporate and administrative functions to DFAS Indianapolis, IN, for strategic redundancy.

Realign DFAS Indianapolis, IN, by relocating up to 10% of the Accounting Operation functions and associated corporate and administrative functions to DFAS Columbus, OH or DFAS Denver, CO, and up to 20% of the Commercial Pay function and associated corporate and administrative functions to DFAS Columbus, OH, for strategic redundancy.
Justification: This action accomplishes a major facilities reduction and business mission realignment, transforming the current DFAS organization into an optimum facilities configuration, which includes strategic redundancy to minimize risks associated with man-made or natural disasters/challenges. All three of the gaining sites meet DoD Antiterrorism/Force Protection (AT/FP) Standards. The current number of locations, 30, inhibits the organization's ability to reduce redundancy and leverage benefits from economies of scale and synergistic efficiencies. Overall excess facilities capacity includes approximately 51% or 2.084M Gross Square Feet (GSF) in administrative space and 75% or .568M GSF in warehouse space with many locations lacking adequate threat protection as defined in DoD AT/FP Standards. Finally, the three locations have potential to become Business Line Centers of Excellence and further enhance “unit cost” reductions beyond the BRAC facilities/personnel savings aspect.

The three gaining locations were identified through a process that used Capacity Analysis, Military Value, Optimization Modeling, and knowledge of the DFAS organization and mission functions. The Military Value analysis, of 30 locations, ranked the Defense Supply Center-Columbus, OH, the Buckley AF Base Annex, CO, and the MG Emmett J. Bean Federal Center, Indianapolis, IN, as 3, 9, and 12 respectively. The Optimization analysis which was based on available capacity and expansion capability at all 30 locations, identified the three-location combination as providing the optimal facilities approach to hosting DFAS mission/functions. Subject matter knowledge validated that the optimization results will support DFAS by reducing the number of locations while retaining organizational integrity at each of the three locations.

Payback:

The total estimated one-time cost to the Department of Defense to implement this recommendation is $293M. The net of all costs and savings to the Department during the implementation period (FY06-FY11) is a savings of $134M. Annual recurring savings to the Department after implementation are $120M, with a payback expected within three years. The Net Present Value of the costs and savings to the Department over 20 years is a savings of $1,233B.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could affect locations listed in the table below with regard to the maximum potential reduction of total jobs over the 2006-2011 period. Also identified is the Economic Region of Influence and the percent of economic area employment.

**Community Infrastructure:** A review of community attributes indicates no issues regarding the ability of the infrastructure of the communities to support missions, forces, and personnel.

**Environmental Impact:** The overall rating for Defense Supply Center-Columbus, OH, is favorable, with positive ratings for Air Quality, Noise, Water Resources and Land Use Constraints. The overall rating for Buckley Air Force (AF) Base Annex, CO is also favorable, with positive ratings for Noise and Water Resources. The only potential issue identified regarding Buckley AF Base Annex is associated with Air Quality. Emission reduction credits may be needed. The overall rating for the MG Emmett J. Bean Federal Center, Indianapolis, IN, is considered favorable, in that GSA, in making space available for lease/rental use warrants that all environmental issues are in compliance or in such a state that would not prohibit use of the facility.

Supporting Information – Attached.
HSA-0006: Create an Army Human Resources (Personnel & Recruiting) Center of Excellence at Fort Knox

**Candidate Recommendation:** Close Army Human Resources Command leased facilities in Alexandria, Virginia, Indianapolis, Indiana, and St. Louis, Missouri, relocating and consolidating all functions at Fort Knox, Kentucky. Realign Fort Monroe, Virginia, by relocating Army Accessions Command and Cadet Command to Fort Knox, Kentucky.

Candidate Recommendation # HSA-0006 – Create an Army Human Resources Center of Excellence (Personnel and Recruiting) at Fort Knox

Candidate Recommendation: Close Army Human Resources Command leased facilities in Alexandria, Virginia, Indianapolis, Indiana and St. Louis, Missouri relocating and consolidating all functions at Fort Knox, Kentucky.

Realign Fort Monroe, Virginia, by relocating Army Accessions Command and Cadet Command to Fort Knox, Kentucky.

Justification: The co-location of military personnel and recruiting functions creates an Army Human Resources Center for Excellence and improves personnel life-cycle management. This recommendation eliminates over 1.1 Million square feet of leased space with annual lease savings of over $31.6 Million and a one-time cost avoidance of over $30 Million. In addition, it eliminates over 382 K (26%) gross square feet of current excess capacity and moves a large support organization of over 2,000 personnel out of the National Capital Region. This recommendation enables Business Process Reengineering transformation to support several significant Department of Defense initiatives such as the ongoing development and implementation of the Defense Integrated Military Human Resource System (DIMHRS). DIMHRS is the vehicle through which the Department will transform military personnel and pay management. It will be the modern, responsive system that supports commanders, the Services, and Service members and their families in the 21st century based on complete business process reengineering, with full participation from all Services and components. Other benefits include increasing Active and Reserve Component Total Force integration and effectiveness and supporting the Department’s goals for the Continuum of Service concept which permits a range of participation to assist in force management and relieve stress on military skills that have been in high demand during recent operations. U.S. Army Recruiting Command, a subordinate of Army Accessions Command, is currently located at Fort Knox, so this scenario will co-locate headquarters functions in a single location and eliminate stand-alone headquarters to assist with overall accession management.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $ 99 million. The net of all costs and savings to the Department of Defense during the implementation period is a savings of $ 462.5 million. Annual recurring savings to the Department after implementation are $ 145.5 million with an
immediate payback expected in 2008. The net present value of the costs and savings to the Department over 20 years is a savings of $1.78 billion.

Impacts:

**Economic Impact on Communities:** Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 3,734 jobs (2,177 direct and 1,557 indirect jobs) over the 2006 – 2011 period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is 0.13 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 4,171 jobs (2,093 direct and 2,078 indirect jobs) over the 2006 – 2011 period in the St. Louis, MO-IL Metropolitan Statistical Area, which is 0.25 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 226 jobs (137 direct and 89 indirect jobs) over the 2006 – 2011 period in the Indianapolis, Indiana Metropolitan Statistical Area, which is less than 0.1 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 820 jobs (359 direct and 461 indirect jobs) over the 2006 – 2011 period in the Virginia Beach-Norfolk-Newport News, VA-NC Metropolitan Statistical Area, which is less than 0.1 percent of economic area employment.

**Community Infrastructure Impact:** A review of community attributes indicates some minor issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. These issues include no nationally accredited child-care centers reported for the local community, the current quantity of rental and sale units available (adequate military housing exits on Fort Knox), and the population to physician ratio of 1 to 8 versus the national ratio of 1 to 4. These issues are mitigated, in part, by the scenario itself under the expectation that an influx of personnel will result in a growth in community services such as child care centers and the building of housing to support increasing market demand. In addition, the proximity of Fort Knox to the City of Louisville (29 miles) where some personnel may choose to reside. Overall, we find that the community infrastructure can support this recommendation.

**Environmental Impact:** This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; or wetlands. Air quality CO2 emissions will likely increase at Ft Knox due to increases in vehicles, and although historical property exists on Ft Knox, a significant amount of land without historical property is
available for new buildings. Ft Knox has Noise Zone 2 and 3 contours off the installation, but this recommendation has no impact on noise. While Ft Knox does not have a waste management RCRA Subpart X permit, incoming personnel do not need the OB/OD area and have no impact. Overall, no known environmental impediments impact this recommendation. This recommendation will require spending approximately $400,000 at the receiving location to complete an environmental assessment in accordance with the National Environmental Policy Act. This one time cost was included in the payback calculation for this recommendation. This recommendation does not impact the costs of environmental restoration, waste management, or other environmental compliance activities.
### Candidate Recommendation:
Realign Naval Support Activity New Orleans, Louisiana by
relocating the Navy Reserve Personnel Command, Enlisted Placement and Management Center, and
the Navy Recruiting Command office to Naval Support Activity Mid-South, Millington, TN.
Consolidate the relocating Navy Reserve Personnel Command and the Enlisted Placement and
Management Center with the Navy Personnel Command at Naval Support Activity Mid-South,
Millington, TN. Consolidate the relocating Navy Recruiting Command office with the Navy
Recruiting Command office currently at Naval Support Activity Mid-South, Millington, TN.

### Justification
- Enables mission consolidation of Active & Reserve personnel center functions.
- Improves personnel life-cycle management and eliminates excess capacity.

### Military Value
- NSA New Orleans 0.713.
- NSA Mid-South in Millington 0.729.
- Military judgment: Co-location of Personnel & Recruiting Commands favored Millington.

### Payback
- One Time Cost: $13.7 M
- Net Implementation Cost: $2.2 M
- Annual Recurring Savings: $6.3 M
- Payback Period: 2 Years
- NPV (savings): $57.4 M

### Impacts
- Criterion 6: - 771 jobs; 0.1%
- Criterion 7: No issues
- Criterion 8: No environmental impediments

### Strategy
- Capacity Analysis / Data Verification
- COBRA
- Military Value Analysis / Data Verification
- JCSG/Mildep Recommended
- Criteria 6-8 Analysis
- De-conflicted w/JCSGs
- De-conflicted w/MilDeps
Candidate Recommendation #HSA-0007 – Create a Navy Human Resources Center of Excellence (Personnel and Recruiting) at Millington

Candidate Recommendation: Realign Naval Support Activity New Orleans, Louisiana by relocating the Navy Reserve Personnel Command, Enlisted Placement and Management Center, and the Navy Recruiting Command office to Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Reserve Personnel Command and the Enlisted Placement and Management Center with the Navy Personnel Command at Naval Support Activity Mid-South, Millington, TN. Consolidate the relocating Navy Recruiting Command office with the Navy Recruiting Command office currently at Naval Support Activity Mid-South, Millington, TN.

Justification: The co-location of military personnel and recruiting functions creates a Navy Human Resources Center for Excellence and improves personnel life-cycle management. This recommendation eliminates over 103 K (17%) gross square feet of current excess capacity. It also enables Business Process Reengineering transformation to support several significant Department of Defense initiatives such as the ongoing development and implementation of the Defense Integrated Military Human Resource System (DIMHRS). DIMHRS is the vehicle through which the Department will transform military personnel and pay management. It will be the modern, responsive system that supports commanders, the Services, and Service members and their families in the 21st century based on complete business process reengineering, with full participation from all Services and components. Other benefits include increasing Active and Reserve Component Total Force integration and effectiveness and supporting the Department’s goals for the Continuum of Service concept which permits a range of participation to assist in force management and relieve stress on military skills that have been in high demand during recent operations. A Navy Recruiting Command office is currently located at Naval Support Activity Mid-South, so this scenario will consolidate headquarters functions in a single location and eliminate stand-alone headquarters. In addition, activities of the Bureau of Naval Personnel, Navy Manpower Analysis Center and Navy Personnel Research and Development Center are currently located at Naval Support Activity Mid-South.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $13.7 million. The net of all costs and savings to the Department of Defense during the implementation period is a cost of $2.2 million. Annual recurring savings to the Department after implementation are $6.3 million with a payback
expected in 2 years. The net present value of the costs and savings to the Department over 20 years is a savings of $57.4 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 771 jobs (435 direct and 336 indirect jobs) over the 2006 – 2011 period in the New Orleans-Metairie-Kenner, Louisiana Metropolitan Statistical Area, which is 0.1 percent of economic area employment.

Community Infrastructure Impact: A review of community attributes indicates no issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Overall, we find that the community infrastructure can support this recommendation.

Environmental Impact: Historical sites were identified at the gaining location, however, they present no issues for this recommendation. This recommendation has no issues with air quality; dredging; land use constraints or sensitive resource areas; marine mammals, resources, or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; or wetlands. The environmental compliance cost of $2,000 was included along with other costs in the payback calculation for this recommendation. This recommendation does not impact the costs of environmental restoration, waste management, or other environmental compliance activities.
**HSA-0008: Create an Air Force Human Resources (Personnel & Recruiting) Center of Excellence at Randolph**

**Candidate Recommendation:** Realign Buckley Annex, Denver, Colorado by relocating the Air Reserve Personnel Center to Randolph Air Force Base, Texas and consolidating it with the Air Force Personnel Center at Randolph Air Force Base, Texas. Realign Robins Air Force Base, Georgia by relocating Air Force Reserve Recruiting Service to Randolph Air Force Base, Texas.

### Justification
- ✓ Same transformational strategy for Personnel & Recruiting as applied to the Army & Navy.
- ✓ Enables mission consolidation of Active & Reserve personnel center functions and elimination of excess capacity.
- ✓ Co-location of Recruiting functions improves personnel life-cycle management.

### Military Value
- ✓ Personnel: Buckley Annex, 0.476; Randolph AFB, 0.723.
- ✓ Recruiting: Military judgment dominated over quantitative scores.
- ✓ Co-location of Personnel Centers, Recruiting Commands, and Education & Training Command at a single location provides the greatest overall value for the Department.

### Payback
- ✓ One Time Cost: $32.0 M
- ✓ Net Implementation Cost: $31.8 M
- ✓ Annual Recurring Savings: $1.1 M
- ✓ NPV (cost): $17.0 M
- ✓ Payback Period: 86 Years

### Impacts
- ✓ Criterion 6:
  - ✓ Denver ROI: -692 jobs; less than 0.1%
  - ✓ Warner Robins ROI: -263 jobs; 0.4%
- ✓ Criterion 7: Crime Rate at Randolph higher than the national average. No other issues.
- ✓ Criterion 8: Environmental impediments may exist: historic properties, land use constraints, and T/E species.

- ✓ Strategy
- ✓ Capacity Analysis / Data Verification
- ✓ COBRA
- ✓ Military Value Analysis / Data Verification
- ✓ JCSG Recommended
- ✓ Criteria 6-8 Analysis
- ✓ De-conflicted w/JCSGs
- ✓ De-conflicted w/MilDep
Candidate Recommendation # HSA-0008 – Create an Air Force Human Resources Center of Excellence (Personnel and Recruiting) at Randolph

Candidate Recommendation: Realign Buckley Annex, Denver, Colorado by relocating the Air Reserve Personnel Center to Randolph Air Force Base, Texas and consolidating it with the Air Force Personnel Center at Randolph Air Force Base, Texas.

Realign Robins Air Force Base, Georgia by relocating Air Force Reserve Recruiting Service to Randolph Air Force Base, Texas.

Justification: The co-location of military personnel and recruiting functions at Randolph Air Force Base together with Air Education and Training Command creates an Air Force Human Resources Center for Excellence and improves personnel life-cycle management. This recommendation eliminates over 93 K (21%) gross square feet of current excess capacity. It also enables Business Process Reengineering transformation to support several significant Department of Defense initiatives such as the ongoing development and implementation of the Defense Integrated Military Human Resource System (DIMHRS). DIMHRS is the vehicle through which the Department will transform military personnel and pay management. It will be the modern, responsive system that supports commanders, the Services, and Service members and their families in the 21st century based on complete business process reengineering, with full participation from all Services and components. Other benefits include increasing Active and Reserve Component Total Force integration and effectiveness and supporting the Department’s goals for the Continuum of Service concept which permits a range of participation to assist in force management and relieve stress on military skills that have been in high demand during recent operations. The Air Force Recruiting Service is currently located at Randolph Air Force Base, so this scenario will co-locate Active and Reserve Component headquarters functions in a single location and assist with overall Total Air Force Recruiting management. This scenario does not generate the same level of savings to the Department as does the counterpart Personnel and Recruiting scenarios for the Army and Navy. However, it follows the same transformational strategy that was applied to the Army and Navy and the JCSG believes it is important to maintain that strategy across all services to position them for future transformation as personnel management matures under DIMHRS.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $32 million. The net of all costs and savings to the Department of Defense during the implementation period is a cost of $31.8 million. Annual
recurring savings to the Department after implementation are $1.1 million with a payback expected in 86 years. The net present value of the costs and savings to the Department over 20 years is a cost of $17 million.

Impacts:

**Economic Impact on Communities:** Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 692 jobs (385 direct and 307 indirect jobs) over the 2006 - 2011 period in the Denver-Aurora, Colorado Metropolitan Statistical Area, which is less than 0.1 percent of economic area employment. Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 263 jobs (162 direct and 101 indirect jobs) over the 2006 - 2011 period in the Warner Robins, Georgia Metropolitan Statistical Area, which is 0.4 percent of economic area employment.

**Community Infrastructure Impact:** A review of community attributes indicates the Uniform Crime Reports Index at Randolph Air Force Base, Texas is approximately 64 percent higher than the national average. This is significantly higher for those relocating from the Air Reserve Personnel Center in Denver, but is not significantly higher for those relocating from Robins Air Force Base. There are no other issues regarding the ability of the infrastructure of the community to support missions, forces and personnel. Overall, we find that the community infrastructure can support this recommendation, and it should proceed notwithstanding the crime index at Randolph Air Force Base.

**Environmental Impact:** Randolph has historical property that may be impacted as well as the Military Munitions Response Program that may represent a safety hazard for future site development. Additionally, threatened and endangered species or critical habitat may be impacted and will require a Biological Opinion to ensure the recommendation conforms. This recommendation has no impact on air quality; dredging; marine mammals, resources, or sanctuaries; noise; waste management; or wetlands. This recommendation will require spending approximately $144,000 at the gaining location to complete an environmental assessment in accordance with the National Environmental Policy Act. This one-time cost was included in the payback calculation for this recommendation. This recommendation does not impact the costs of environmental restoration, waste management, or other environmental compliance activities.
# HSA-0009: Establish Joint Base Bragg-Pope

**Candidate Recommendation:** Realign Pope AFB by relocating the installation management functions/responsibilities to Ft. Bragg, establishing Joint Base Bragg-Pope. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization for the new joint base.

## Justification
- Installation management mission consolidation eliminates redundancies and creates economies of scale
- Potential for personnel and footprint reductions (minimum of 84 positions and associated footprint)
- Supports complementary missions: power projection platform/mobility
- Maximizes joint utilization of infrastructure

## Military Value
- Comparison of BASOPS missions using Military Value model:
  - Ft Bragg - .538
  - Pope AFB - .184
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

## Payback
- One Time Cost: $1.0M
- Net Implementation savings: $32.8M
- Annual Recurring savings: $7.4M
- Payback period: Immediate
- NPV (savings) $99.1M

## Impacts
- Criterion 6: -141 jobs (84 direct/60 indirect); Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

**Consistency:**
- Strategy: ✓
- Capacity Analysis / Data Verification: ✓
- COBRA: ✓
- Military Value Analysis / Data Verification: ✓
- JCSG/MilDep Recommended: ✓
- Criteria 6-8 Analysis: ✓
- De-conflicted w/JCSGs: ✓
- De-conflicted w/MilDep: ✓
Candidate Recommendation #HSA-0009

Candidate Recommendation: Realign Pope AFB by relocating the installation management functions/responsibilities to Ft. Bragg establishing Joint Base Bragg-Pope. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: Both Ft. Bragg and Pope AFB employ military, civilian, and contractor personnel to perform common functions, in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to eliminate duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Army's regionalization of installation management under the US Army Installation Management Agency will provide additional opportunities for overall savings as Pope AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $1.03 million. The net of all costs and savings to the Department during the implementation period is a savings $32.76 million. Annual recurring savings to the Department after implementation are $7.41 million with an immediate payback. The net present value of the costs and savings to the Department over 20 years is a savings of $99.13 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 141 jobs (84 direct jobs and 57 indirect jobs) over the 2006-2011 period in the Fayetteville, NC Metropolitan economic area, which is less than 0.1 percent of economic area employment.
Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community’s infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

**Candidate Recommendation:** Realign McChord AFB by relocating the installation management functions/responsibilities to Ft. Lewis, establishing Joint Base Lewis-McChord. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization for the new joint base.

### Justification

- Installation management mission consolidation eliminates redundancy and creates economies of scale.
- High potential for personnel and footprint reductions (minimum of 432 positions and associated footprint)
- Supports complementary missions: power projection platform/mobility
- Maximizes joint utilization of infrastructure

### Military Value

- Comparison of BASOPS missions using Military Value model:
  - Ft Lewis - .355
  - McChord AFB - .208
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback

- One Time Cost: $6.2M
- Net Implementation savings: $218.2M
- Annual Recurring savings: $46.6M
- Payback period: Immediate
- NPV (savings): $634.8M

### Impacts

- Criterion 6: -776 jobs (422 direct/354 indirect); -.23%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

- Strategy
- Capacity Analysis / Data Verification
- COBRA
- Military Value Analysis / Data Verification
- JCSG/MilDep Recommended
- Criteria 6-8 Analysis

- De-conflicted w/MilDep
Candidate Recommendation #HSA-0010

Candidate Recommendation: Realign McChord AFB by relocating the installation management functions/responsibilities to Ft. Lewis, establishing Joint Base Lewis-McChord. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: Both Ft. Lewis and McChord AFB employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Army's regionalization of installation management under the US Army Installation Management Agency will provide additional opportunities for overall savings as McChord AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $6.25 million. The net of all costs and savings to the Department during the implementation period is a savings of $218.2 million. Annual recurring savings to the Department after implementation are $46.58 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $634.8 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 776 jobs (422 direct jobs and 354 indirect jobs) over the 2006-2011 period in the Tacoma, WA Metropolitan Division economic area, which is .23 percent of economic area employment.
Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0011

Candidate Recommendation: Realign Ft. Dix and Naval Air Engineering Station Lakehurst by relocating the installation management functions/responsibilities to McGuire AFB, establishing Joint Base McGuire-Dix-Lakehurst. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: McGuire AFB, Ft. Dix and NAES Lakehurst employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. All three installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $11.28 million. The net of all costs and savings to the Department during the implementation period is a savings of $90.31 million. Annual recurring savings to the Department after implementation are $22.34 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $290.72 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 284 jobs (173 direct jobs and 111 indirect jobs) over the 2006-2011 period in the Edison, NJ Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 182 jobs (89 direct jobs and 93 indirect jobs) over the 2006-2011 period in the Camden, NJ Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.
Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does have potential impact on costs related to closure of temporary hazardous waste transfer site, modification of air permits and update of spill plans at Naval Air Engineering Station Lakehurst. These waste management and environmental compliance costs were included in the payback calculations.

Candidate Recommendation: Realign Naval Air Facility Washington by relocating the installation management functions/responsibilities to Andrews AFB, establishing Joint Base Andrews-Naval Air Facility Washington. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification

- Installation management mission consolidation eliminates redundancy and creates economies of scale.
- Good potential for personnel and footprint reductions (minimum of 30 positions and associated footprint).
- Eliminates a base within a base and establishes single installation management responsibility for consolidated footprint.

Military Value

- Comparison of BASOPS missions using Military Value model:
  - Andrews AFB - .222
  - COMNAVDIST Washington - .342
- Military judgment: Transfer of NAF installation management functions to Andrews AFB, will provide greatest overall military value to DoD.

Payback

- One time costs: $496K
- Net Implementation savings: $6.3M
- Annual Recurring savings: $1.5M
- Payback period: Immediate
- NPV (savings): $19.7M

Impacts

- Criterion 6: -30 jobs (18 direct/12 indirect); Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs
✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDeps
Candidate Recommendation #HSA-0012

Candidate Recommendation: Realign Naval Air Facility Washington by relocating the installation management functions/responsibilities to Andrews AFB, establishing Joint Base Andrews-Naval Air Facility Washington. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for the new joint base.

Justification: Naval Air Facility Washington (Naval District Washington) and Andrews AFB, employ personnel to include military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations are in near proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $4.496 million. The net of all costs and savings to the Department during the implementation period is a savings of $6.28 million. Annual recurring savings to the Department after implementation are $1.5 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $19.67 million.

Impacts: Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 30 jobs (18 direct jobs and 12 indirect jobs) over the 2006-2011 period in the Washington-Arlington-Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources.
areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities. No environmental summary was provided for Naval Air Facility Washington because the installation is totally enclosed within the boundary of Andrews AFB which includes NAF within its summary.

HSA-0013: Establish Joint Base Anacostia-Bolling-NRL

**Candidate Recommendation:** Realign Bolling AFB by relocating the installation management functions/responsibilities to Naval District Washington at the Washington Navy Yard, establishing Joint Base Anacostia-Bolling-Naval Research Laboratory (NRL). The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

### Justification
- ✓ Installation management mission consolidation eliminates redundancy and creates economies of scale.
- ✓ Good potential for personnel and footprint reductions (minimum of 119 positions and associated footprint).
- ✓ Eliminates a base within a base
- ✓ Maximizes joint utilization of infrastructure

### Military Value
- ✓ Comparison of BASOPS missions using Military Value model:
  - ✓ NAVDIS Washington (includes Anacostia and NRL). - .342
  - ✓ Bolling AFB - .214
- ✓ Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback
- ✓ One time costs: $2.9M
- ✓ Net Implementation savings: $45.7M
- ✓ Annual Recurring savings: $10.6M
- ✓ Payback period: Immediate
- ✓ NPV (savings): $140.7M

### Impacts
- ✓ Criterion 6: -200 jobs (119 direct/81 indirect); Less than 0.1%
- ✓ Criterion 7: No issues regarding community infrastructure
- ✓ Criterion 8: No known environmental impediments with this recommendation

✓ Strategy ✓ Capacity Analysis / Data Verification ✓ JCSG/MilDep Recommended ✓ De-conflicted w/JCSGs
✓ COBRA ✓ Military Value Analysis / Data Verification ✓ Criteria 6-8 Analysis ✓ De-conflicted w/MilDep
Candidate Recommendation #HSA-0013

Candidate Recommendation: Realign Bolling AFB by relocating the installation management functions/responsibilities to Naval District Washington at the Washington Navy Yard, establishing Joint Base Anacostia-Bolling-Naval Research Laboratory (NRL). The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint installation.

Justification:
Both Naval District Washington (which includes among others the installations Anacostia Annex and Naval Research Lab) and Bolling AFB employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel Naval District Washington and Bolling AFB execute these functions using similar or near similar processes. Because Bolling AFB shares a common boundary with Anacostia Annex and Naval Research Lab with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Navy’s regionalization of installation management under Commander Naval Installations and specifically Naval District Washington will provide additional opportunities for overall savings as Bolling AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $2.89 million. The net of all costs and savings to the Department during the implementation period is a savings of $45.69 million. Annual recurring savings to the Department after implementation are $10.61 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $140.72 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 200 jobs (119 direct jobs and 81 indirect jobs) over the 2006-2011 period in the Washington-Arlington-
Alexandria, DC-VA-MD-WV Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community’s infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0016

Candidate Recommendation: Relocate Hickam AFB by relocating the installation management functions/responsibilities to Naval Station Pearl Harbor, establishing Joint Base Pearl Harbor-Hickam. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

Justification: Both Naval Station Pearl Harbor and Hickam AFB employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations share a common boundary with minimal distance between the major facilities, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Navy’s regionalization of installation management under Commander Naval Installations and specifically Navy Region Hawaii will provide additional opportunities for overall savings as Hickam AFB is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $6.29 million. The net of all costs and savings to the Department during the implementation period is a savings of $123.22 million. Annual recurring savings to the Department after implementation are $28.26 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $376.36 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 510 jobs (277 direct jobs and 233 indirect jobs) over the 2006-2011 period in the Honolulu, HI Metropolitan Statistical economic area, which is less than 0.1 percent of economic area employment.
Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0017

Candidate Recommendation: Realign Ft. Sam Houston and Randolph AFB by relocating the installation management functions/responsibilities to Lackland AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification: Lackland AFB, Randolph AFB and Ft. Sam Houston employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. All three entities execute these functions by similar or near similar processes. Because these installations are in near proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $5.12 million. The net of all costs and savings to the Department during the implementation period is a savings of $63.26 million Annual recurring savings to the Department after implementation are $15.08 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $198.42 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 382 jobs (189 direct jobs and 193 indirect jobs) over the 2006-2011 period in the San Antonio, TX Metropolitan Statistical economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community’s infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources
areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

**Candidate Recommendation:** Realign Naval Weapons Station Charleston by relocating the installation management functions/responsibilities to Charleston AFB, SC. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

### Justification
- Installation management mission consolidation eliminates redundancy and creates economies of scale
- Good potential for personnel and footprint reductions (minimum of 264 positions and associated footprint)
- Military value analysis marginally higher for Charleston AFB based on larger operational mission

### Military Value
- Comparison of BASOPS missions using Military Value model:
  - Charleston AFB - .186
  - NAVWPNSTA Charleston - .184
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback
- One time costs: $5.1M
- Net Implementation savings: $69.9M
- Annual Recurring savings: $21.9M
- Payback period: Immediate
- NPV (savings): $267.4M

### Impacts
- Criterion 6: -656 jobs (264 direct/392 indirect); -0.2%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

- Strategy
- Capacity Analysis / Data Verification
- COBRA
- Military Value Analysis / Data Verification
- JCSG/MilDep Recommended
- De-conflicted w/JCSGs

Candidate Recommendation #HSA-0032

Candidate Recommendation: Realign Naval Weapons Station Charleston by relocating the installation management functions/responsibilities to Charleston AFB, SC. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification: Charleston AFB and Naval Weapons Station Charleston employ military, civilian and contractors personnel to perform common functions in support of installation facilities and personnel. Both entities execute these functions by similar or near similar processes. Because these installations are in very close proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $5.13 million. The net of all costs and savings to the Department during the implementation period is a savings of $69.88 million. Annual recurring savings to the Department after implementation are $21.87 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $267.38 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 656 jobs (264 direct jobs and 392 indirect jobs) over the 2006-2011 period in the Charleston-North Charleston, SC Metropolitan Statistical economic area, which is 0.2 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community’s infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources.
areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

8 Attachments:
1.) Competing Recommendations/Force Structure Capabilities
2.) Military Value Results
3.) Capacity Analysis
4.) COBRA Results
5.) Economic Impact Report
6.) Installation Criterion 7 Profile
7.) Summary of Scenario Environmental Impacts
8.) AF Comments Concerning COBRA Costs/Savings
### Candidate Recommendation:
Realign Ft. Eustis and Ft. Monroe by relocating the installation management functions/responsibilities to Langley AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

### Justification
- Eliminates redundancy of installation management functions and creates economies of scale
- Good potential for personnel and footprint reductions (minimum of 217 positions and associated footprint)
- Military value analysis greater for Langley based on large population associated with operational mission and headquarters

### Military Value
- Comparison of BASOPS missions using Military Value model:
  - Langley AFB - .249
  - Ft Eustis - .247
  - Ft Monroe - .110
- Enhances jointness
- Fuses synergy-type efficiencies to maximize potential for cost reductions and improved services

### Payback
- One time costs: $6.3M
- Net Implementation savings: $67.5M
- Annual Recurring savings: $16.3M
- Payback period: Immediate
- NPV (savings): $213.8M

### Impacts
- Criterion 6: -501 jobs (217 direct/indirect) Less than 0.1%
- Criterion 7: No issues regarding community infrastructure
- Criterion 8: No known environmental impediments with this recommendation

- Strategy
- Capacity Analysis / Data Verification
- COBRA
- Military Value Analysis / Data Verification
- JCSG/MilDep Recommended
- De-conflicted w/JCSGs
- Criteria 6-8 Analysis
- De-conflicted w/MilDep
Candidate Recommendation #HSA-0033

Candidate Recommendation: Realign Ft. Eustis and Ft. Monroe by relocating the installation management functions/responsibilities to Langley AFB. The U.S. Air Force will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Justification: Langley AFB, Ft. Eustis and Ft. Monroe employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both entities execute these functions by similar or near similar processes. Because these installations are in very near proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $6.33 million. The net of all costs and savings to the Department during the implementation period is a savings of $67.52 million. Annual recurring savings to the Department after implementation are $16.32 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $213.84 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 501 jobs (217 direct jobs and 284 indirect jobs) over the 2006-2011 period in the Virginia Beach-Norfolk-Newport News, VA-NC Metropolitan Statistical economic area, which is less than 0.1 percent of economic area employment.

Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources
areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0034

Candidate Recommendation: Realign Ft. Story by relocating the installation management functions/responsibilities to Commander Naval Mid-Atlantic Region at Naval Station Norfolk. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Moderation (SRM).

Justification: Both Naval Region Mid-Atlantic and Ft. Story employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both entities execute these functions by similar or near similar processes. Because Ft. Story is in very close proximity to several Mid-Atlantic Region installations, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations.

Regional efficiencies achieved as a result of the Navy’s regionalization of installation management under Commander Naval Installations and specifically Navy Region Mid-Atlantic will provide additional opportunities for overall savings as Ft. Story is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $300K. The net of all costs and savings to the Department during the implementation period is a savings of $8.76 million. Annual recurring savings to the Department after implementation are $1.99 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $26.65 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 44 jobs (21 direct jobs and 23 indirect jobs) over the 2006-2011 period in the Virginia Beach-Norfolk-Newport News, VA-NC Metropolitan Statistical Area economic area, which is less than 0.1 percent of economic area employment.
Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community's infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

Candidate Recommendation #HSA-0075

Candidate Recommendation: Realign Naval Weapons Station Earle Colts Neck by relocating the installation management functions/responsibilities to Ft. Monmouth, establishing Joint Base Monmouth-Earle Colts. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM) for this new joint base.

Justification: Both Ft. Monmouth and Naval Weapons Station Earle Colt employ military, civilian and contractor personnel to perform common functions in support of installation facilities and personnel. Both installations execute these functions using similar or near similar processes. Because these installations are in very close proximity, there is significant opportunity to reduce duplication of efforts with resulting reduction of overall manpower and facilities requirements capable of generating savings which will be realized by paring unnecessary management personnel and achieving greater efficiencies through economies of scale. Intangible savings are expected to result from opportunities to consolidate and optimize existing and future service contract requirements. Additional opportunities for savings are also expected to result from establishment of a single space management authority capable of generating greater overall utilization of facilities and infrastructure. Further savings are expected to result from opportunities to reduce and correctly size both owned and contracted commercial fleets of base support vehicles and equipment consistent with the size of the combined facilities and supported populations. Regional efficiencies achieved as a result of the Army’s regionalization of installation management under the US Army Installation Management Agency will provide additional opportunities for overall savings as Naval Weapons Station Earle Colt is consolidated under this management structure.

Payback: The total estimated one-time cost to the Department of Defense to implement this recommendation is $1.59 million. The net of all costs and savings to the Department during the implementation period is a savings of $29.38 million. Annual recurring savings to the Department after implementation are $6.84 million with an immediate payback expected. The net present value of the costs and savings to the Department over 20 years is a savings of $90.65 million.

Impacts:

Economic Impact on Communities: Assuming no economic recovery, this recommendation could result in a maximum potential reduction of 126 jobs (75 direct jobs and 51 indirect jobs) over the 2006-2011 period in the Edison, NJ Metropolitan Division economic area, which is less than 0.1 percent of economic area employment.
Community Infrastructure: Review of community attributes indicates no issues regarding the ability of the community’s infrastructure to support forces, missions, and personnel.

Environmental Impact: This recommendation has no impact on air quality; cultural, archeological, or tribal resources; dredging; land use constraints or sensitive resources areas; marine mammals, resources or sanctuaries; noise; threatened and endangered species or critical habitat; waste management; water resources; or wetlands. This recommendation does not impact the costs of environmental restoration, waste management, and environmental compliance activities.

New Conflicts Settled
### Scenarios Involved
- Establish Joint Strike Fighter Integrated Training Center at Columbus AFB, MS. Consolidate maintenance and flight training. (E&T-0060)

### Conflicts
- Doctrinal – (E&T-0060)
  - USAF objects to the consolidation of maintenance and flight training.

### Proposed Resolution
- Continue with original scenario – (E&T-0060)
## Scenarios Involved
- Consolidate DISA components at Offutt AFB. Close 5 leased locations, realign 4 leased locations and other sites in the DC area. (H&SA-0046)
- Close Scott AFB and relocate Headquarters Air Mobility Command and US Transportation Command to Offutt AFB. (USAF-0057)

## Conflicts
- Facilities – (H&SA-0046 & USAF-0057)

### Proposed Resolution
- Continue with original scenarios – (H&SA-0046 & USAF-0057)
- H&SA already has a scenario (H&SA-0045) that uses another location. (H&SA-0046)
- USAF can continue with original scenario but the H&SA functions imbedded therein will be analyzed under the authority and over-watch of the H&SA JCSG.
Scenarios Involved

- Realign SOUTHCOM HQ by purchasing SOUTHCOM HQ’s leased facility and land in Miami, FL. (H&SA-0101)
- **Realign JFCOM by purchasing JFCOM leased facility and land in Suffolk, VA. (H&SA-0126)**
- Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility on commercially purchased real estate adjacent to the current NRO facility at Chantilly/Westfields, VA. (INT 0003)
- Consolidate Missouri based NGA St. Louis, MO, disestablishing all of the NGA functions currently performed in St Louis and consolidating the functions into a new facility on 80 acres at a location to be determined in southwest St. Louis. (INT 0006)
- Consolidate Missouri-Based NGA at Arnold, MO, into a new facility on commercially purchased real estate at Arnold, MO. (INT 0007)
- Close the Jonesboro Armory (includes an Organizational Maintenance Site (OMS)) and the Paragould Armory and the Jonesboro USARC. Construct a new AFRC/OMS in Jonesboro, AR. (USA-0017)
- Close the El Dorado Armory (ARARNG) and the Rufus N. Garrett Jr. El Dorado USARC, collocating the units into a new AFRC in El Dorado, AR. (USA-0019)
- Closes five ARNG armories, and two USAR centers. Realign two units from the MidWest City Readiness Center and construct a new AFRC/OMS in Oklahoma City, OK. (USA-0021)

Scenarios Involved

- Close 2 United States Army Reserve (USAR) centers (Middletown and Close the Beaumont, Port Arthur, Port Neches (includes the Port Neches Field Maintenance Site (FMS)), and Orange TXARNG facilities and #2 and #3 Houston USAR centers. Collocate these units in a new AFRC on a site TBD in the Northwest Houston area. (USA-0029)
- Close the Fayetteville, Springdale, Rogers and Bentonville Armories. Close the Pond United States Army Reserve Center. Construct a new Armed Forces Reserve Center on a site in NW Arkansas. (USA-0070)
- Close Finnel Armed Forces Reserve Center (AFRC) and co-located Area Maintenance Support Activity (AMSA) #154, close 1 Alabama Army National Guard (ALARNG) facility and build a new facility. Affected units relocate to a new AFRC in Tuscaloosa, AL. (USA-0080)
- Close 2 United States Army Reserve (USAR) centers (Middletown and SGT George D. Libby) and 1 Area Maintenance Support Activity (AMSA 69) and the Connecticut Army National Guard (CTARNG) closes 3 Armories (Putnam, Manchester, and New Brittain) and the Newington VA Facility Lease. All affected units will move to a new 1200 man Tier II, Phase III Inter-Agency Site in Middletown, CT. (USA-0081)
Scenarios Involved

- Close a leased United States Army Reserve Centers (USARCs) in Cape Girardeau and close 3 Missouri Army National Guard (MOARNG) Armories (Cape Girardeau, Jackson, and Charleston). All affected units will relocate to new Armed Forces Reserve Center (AFRC) (USA-0087)

- 9th Regional Readiness Command and the Missouri Army National Guard (MOARNG) will close existing United States Army Reserve (USAR) Center in Greentop (leased facility) and MOARNG Armory in Kirksville, Missouri and construct a new Armed Forces Reserve Center (AFRC) in Kirksville. All affected units will relocate to this new facility. (USA-0088)

- Closes five Army Installation Status Report (ISR) RED state-owned facilities (Henryetta, Okemah, Stilwell, Muskogee, and Pryor Readiness Centers) and one ISR GREEN, under-utilized Federal facility (Muskogee). Create one Center (AFRC) in the Muskogee area. (USA-0093)

- Close Puerto Rico Army National Guard (PRARNG) Center in Mayaguez and realign the Aguadilla-Ramey United States Army Reserve (USAR); construct a new center vicinity of Mayaguez, PR. (USA-0097)

- Closes 3 Texas Army National Guard (TXARNG) Armories - Denton, Irving, and Denison) (1 leased) and 1 United States Army Reserve (USAR) Center in the Dallas area. Centers suffer acreage constraints and cannot be expanded. Build 89,000 square foot Center in the Lewisville, TX area. Location to be determined. Estimated land acquisition cost is $450,000 ($30,000 per acre; requirement is for 11.5 acres). (USA 0098)

- Close 2 Texas Army National Guard (TXARNG) Armories (Lufkin and Nacogdoches), terminate lease of 1 USAR Center in Lufkin. Collocate all units assigned to those facilities to be constructed (a new 57,600 square foot facility) in vicinity of Lufkin, TX. (USA-0100)

- Close 2 Texas Army National Guard (TXARNG) Armories (Lufkin and Nacogdoches), terminate lease of 1 USAR Center in Lufkin. Collocate all units assigned to those facilities to be constructed (a new 57,600 square foot facility) in vicinity of Lufkin, TX. (USA-0100)
<table>

<tr>
<th>Scenarios Involved</th>
<th>Scenarios Involved</th>
</tr>
</thead>
<tbody>
<tr>
<td>Close the Adrian B. Rhodes AFRC in Wilmington, NC which houses 2 USAR units and a USNR unit. Construct a new AFRC and OMS in Wilmington, NC.</td>
<td>Closes Truman Olson USARC in Madison, the G.F. Oconnel USARC in Madison, Realigns Madison (Bowman) WIARNG Armory, the Madison WIARNG Armory (2400 Wright St) and the Madison WIARNG Armory (1420 Wright St.) (small units move out of existing centers but does not close them). Consolidates units into a newly constructed AFRC in Madison area with acreage identified next to the gate of the WIANG Base. (Not on the ANG Base) (USA-0200)</td>
</tr>
<tr>
<td>Close Cedar Rapids AFRC (USAR and USNR) (current). Close Cedar Rapids ARNG Armory/Org Maintenance Shop and consolidate into a new AFRC in Cedar Rapids (USA-0176)</td>
<td>Closes the Broken Arrow, Eufaula, Okmulgee, Tahlequa, Haskell, Muskogee, Stilwell, Cushing and Wagoner OKARNG Readiness Centers. Closes the OKARNG Okmulgee Field Maintenance Shop #14. Consolidate all units into a new AFRC in Broken Arrow. Potentially closes the NMCRC in Broken Arrow. (USA-0214)</td>
</tr>
<tr>
<td>Close Wilson Kramer USARC and consolidate with Navy and USMCR into a new AFRC in Allentown/Bethlehem, PA. (USA-0177)</td>
<td></td>
</tr>
<tr>
<td>Close Amarillo Readiness Center/OMS #2, Hale County Airport Readiness Center, Pampa Readiness Center (TXARNG), Blucher Tharp USARC and NMRC Amarillo. Possible participation from NRC Lubbock. Consolidate into a new AFRC/OMS in Amarillo, TX (yet to be determined in the Amarillo area). (USA-0181) Close Bossier City and Shreveport USARCs and consolidate into an AFRC with NMCRC Shreveport (Proposes acquiring additional land next to the NMCRC and ADD/ALT the NMCRC to convert that facility to an AFRC. (USA-0182)</td>
<td></td>
</tr>
</tbody>
</table>
Scenarios Involved

- Close the Taylor and (51st St) TXARNG Armories, the 51st St FMS, and the leased Round Rock USARC in Austin, TX. Construct a new AFRC/FMS in Round Rock, TX. (USA-0146)
- Close Brownsville TXARNG Center, and Rathjen USAR Center in Brownsville, TX and Build a new AFRC (Brownsville) at a new site in Brownsville, TX. (USA-0148)
- Close LAARNG Baton Rouge Center / OMS #8 facility. Close USAR (Marvin J. Roberts USARC USAR owned land at Alonmaster, LA.) Close NMCRC and consolidate into a new AFRC/OMS (AFRC Baton Rouge) in Baton Rouge. (USA-0153)
- Close 1 MIARNG, Close NMCRC Grand Rapids (USNR goes to Fort Custer and USMCR goes to new AFRC in Grand Rapids) and construct a new AFRC in Grand Rapids Industrial Park near Gerald R. Ford Airport. (USA-0154)
- Closes Milwaukee ARNG Armory and OMS, and 1 NMCRC and consolidate in a new AFRC in Milwaukee. (USA-0160)

Scenarios Involved

- Close Germantown Memorial and James W. Reese USARCds and MCRC Folsom and consolidate into a new AFRC in Chester/Germantown area. (USA-0162)
- Closes Serenti USARC/OMS and Wilkes/Barre USARC/OMS, Scranton PAARNG Armory, and MCRC Wyoming (Forty Fort) and NRC in Avoca and consolidate all units into a new AFRC/OMS in Scranton, PA. (site to be determined). (USA-0163)
- Close MAJ Robert Kirkwood USARC in Newark, Close William Nelson ARNG Center in Newark and NMCRC Newark and consolidate into a new AFRC in Newark, DE. Encroached facilities due to urbanization. (USA-0164)
- Close 4 IAARNG installations (at Jefferson, Newton, Chariton, and Knoxville). Move all affected units to a new ARNG Readiness Center (New MILCON) (IAARNG is currently looking in Indianola area, but final location not identified yet). (USA-0169)
Conflicts

- **Other** – Availability of receiving location uncertain because DoD does not own/control the land.
  - Requires purchase of land; availability and cost uncertain

Proposed Resolution

- Requires heightened monitoring to ensure any resulting recommendation properly reflects contingencies.
Scenario #       E&T-0060   Date Created: 12/21/2004
Scenario Title: Establish Joint Strike Fighter Integrated Training Center

Description:
Establish an Integrated Training Center at Columbus, MS for the Joint Strike Fighter Program. The intent is to consolidate maintenance and flight training for the Joint Strike Fighter.

Receiving Bases
Columbus AFB (Columbus, MS) - Receive

Activities being Received
Joint Strike Fighter Integrated Training Center
**Scenario #** | HSA-0046 | **Date Created:** | 10/15/2004
---|---|---|---
**Scenario Title:** | MAH-MAH-0034 (Alt to MAH-0001): Consolidate DISA Components outside of DC Area

**Description:**

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Offutt Air Force Base.

**Justification/Impact:**
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Offutt AFB reports 26,986 GSF of vacant administrative space and sufficient land to accommodate 5.6 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

### Losing Bases

- 5600 Columbia Pike, Falls Church, VA (Falls Church, VA) - Close
- Arlington Service Center (Arlington, VA) - Realignment
- Belvoir (Fort Belvoir, VA) - Realignment
- Crystal Gateway 3; Arlington; VA (Arlington, VA) - Realignment
- Fern Street Warehouse; Arlington; VA (Arlington, VA) - Close
- Hoffman 1; Alexandria; VA (Alexandria, VA) - Realignment
- Joint Spectrum Center; Annapolis; MD (Annapolis, MD) - Close
- Northpoint Building; Sterling; VA (Sterling, VA) - Close
- Skyline Five; Falls Church; VA (Falls Church, VA) - Realignment
- Skyline Four ; Falls Church; VA (Falls Church, VA) - Realignment
- Skyline Place (Skyline VII); Falls Church; VA (Falls Church, VA) - Close

### Losing Activities

**Registered Scenarios**

---

**Scenario #** USAF-0057  
**Date Created:** 12/17/2004

**Scenario Title:** Close Scott AFB (S300)  
**Description:**

Close Scott AFB. The 375th Airlift Wing will inactivated. The wings C-21 aircraft will be distributed to Andrews, Peterson, Wright-Patterson, and Randolph AFBs. The planned move of C-9 aircraft from Andrews to Scott will be cancelled. C-40 aircraft originally programed for Scott will be redirected to Andrews. The 126th Air Refueling Wing will remain in its current location and operate from Mid America Airport. Headquarters Air Mobility Command and United States Transportation Command will relocate to Offutt AFB, Nebraska.

---

**Losing Bases**

Scott AFB (Belleville, IL) - Close

**Losing Activities**

- 375th Airlift Wing - Inactivate
- C-21 Airlift Squadron (14 PAA) - Relocate
- KC-135R Tanker Squadron (12 PAA) - Relocate

**Receiving Bases**

Andrews AFB (Camp Springs, MD) - Receive
Peterson AFB (Colorado Springs, CO) - Receive
Randolph AFB (Universal City, TX) - Receive
Scott AFB (Belleville, IL) - Receive
Wright-Patterson AFB (Fairborn, OH) - Receive

**Activities being Received**

- C-21 Airlift Squadron (3 PAA)
- C-21 Airlift Squadron (2 PAA)
- C-21 Airlift Squadron (6 PAA)
- KC-135R Tanker Squadron (12 PAA) to Mid-America Airport

<td>MAH–COCOMs–0011: Realign SOUTHCOM HQ</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realign SOUTHCOM HQ by purchasing SOUTHCOM HQ's leased facility and land in Miami, FL. Reduces leased space/costs for 239,714 GSF. Enhances AT/FP. In addition to utilizing main HQ building, MILCON will be required in order to move personnel (372) from satellite facilities onto main campus.

**Scenario Title:** Consolidate NCR-Based NGA at Chantilly/ Westfields, VA

**Description:**
Realign NGA functions at Bethesda, MD (Sumner and Dalecarlia sites) named Erskine Hall, Emory Bldg, Maury Hall, Roberdeau Hall, Abert Hall, Ruth Bldg, Fremont Bldg, Motor Poll, and Warren Bldg; Close NGA functions at Reston, VA, named 1 and 2; Realign NGA functions at Newington, VA, named 8510, 8520 and 8530; Close NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Realign National Geospatial Intelligence College function at Ft Belvoir, VA, named Bidgs 211, 214, 215, and 220; Close NGA and NGIC functions in Bidg 213 at Southwest Federal Center, DC; Realign NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility on commercially purchased real estate adjacent to the current NRO facility at Chantilly/Westfields, VA.

This scenario disestablishes all of the functions currently performed at the NCR locations named above and consolidates the functions into a new facility on 150 acres adjacent to the current NRO facility at Westfields. The requirement for the 150 acres is due to vulnerability and security reasons.

### Registered Scenarios

**Scenario #** INT-0007  
**Date Created:** 10/22/2004

**Scenario Title:** Consolidate Select Missouri-Based NGA at Arnold, MO

**Description:**

- Realign NGA functions at St. Louis 2d Street named Bldgs 05, 07, 12, 18, 20, 22, 25, 36, 37, and 39; by relocating and consolidating to a new facility on commercially purchased real estate at Arnold, MO.
- This scenario disestablishes all of the NGA functions currently performed at the St. Louis area locations named above and consolidates the functions into a new facility on 80 acres at a location to be determined at Arnold, MO. The requirement for the 80 acres is due to vulnerability and security reasons.
- The exact location for the new facility is classified.

Closes five Army Installation Status Report (ISR) RED state-owned facilities (Henryetta, Okemah, Stilwell, Muskogee, and Pryor Readiness Centers) and one ISR GREEN, under-utilized Federal facility (Muskogee). Creates one 59,000 square foot Armed Forces Reserve Center (AFRC) with a 7300 square foot Multi-use bldg on a site to be determined in the Muskogee area.
Scenario #    USA-0097          Date Created:    10/8/2004
Scenario Title:  227 AFRC Mayaguez, PR

Description:
Close the forty year old Puerto Rico Army National Guard (PRARNG) Center in Mayaguez which suffers from urban encroachment, traffic limitations and inadequate administrative, training, storage and maintenance space. Realign the Aguadilla-Ramey United States Army Reserve (USAR) and constructs a new center vicinity of Mayaguez, PR.

Losing Bases
AGUADILLA-RAMEY USARC/BMA 126 (AGUADILLA, PR) - Realignment
CPT RUBEN ACOSTA ARMORY/OMS 05 (MAYAGUEZ, PR) - Close

Receiving Bases
AFRC MAYAGUEZ (MAYAGUEZ, PR) - Receive
Closes 3 Texas Army National Guard (TXARNG Armories - Denton, Irving (Dallas Readiness 1), and Denison) (1 leased) and Jules E. Muchert United States Army Reserve (USAR) Center in the Dallas area. Centers suffer acreage constraints and cannot be expanded. Build 89,000 square foot Center in the Lewisville, TX area. Location to be determined. Estimated land acquisition cost is $450,000 ($30,000 per acre; requirement is for 11.5 acres).

Scenario # E&T-0012  
Date Created: 10/8/2004

Scenario Title:  
Realign DRMI with DAU at Ft. Belvoir, VA

Description:
Realign Monterey, California by moving the Defense Resource Management Institute to Ft Belvoir, Virginia and consolidating with the Defense Acquisition University at Ft. Belvoir, Virginia. The Defense Resource Management Institute will remain an independent educational function but will fall under the Defense Acquisition University chain of command and will combine all common support requirements with the Defense Acquisition University. The intent of this scenario is to co-locate the Defense Resource Management Institute with its parent organization, the Defense Acquisition University. If the Defense Acquisition University is relocated the Defense Resource Management Institute will follow.

Losing Bases

Naval Postgraduate School (Monterey, CA) - Realignment

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Losing Activities

Defense Resource Management Institute - Relocate

Activities being Received

Defense Resource Management Institute

</table>

Realign, relocate and consolidate T&E OAR capabilities and workload for manned and unmanned rotary wing air vehicle (including tilt rotor) and associated avionics, including initial integration of offensive and defensive systems, propulsion, airframes with primary R&D and D&A sites.
Registered Scenarios

Scenario # E&T-0023  Date Created: 10/29/2004
Scenario Title: Consolidate NPS and AFIT with Service Academies

Description:

Realign Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH by moving the Air Force Institute of Technology graduate level education to the United States Air Force Academy, Colorado Springs, CO and consolidating with the United States Air Force Academy. Realign Professional Development Education graduate level education at Naval Post Graduate School at Monterey, CA by moving the Naval Post Graduate School graduate level education to Naval Station Annapolis, MD and consolidating with the United States Naval Academy.

This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH and from Monterey, CA. Services are responsible for identifying and retaining the most militarily relevant curricula and outsourcing non-military specific curricula where possible.

Losing Bases

Naval Postgraduate School (Monterey, CA) - Realignment
Wright-Patterson AFB (Fairborn, OH) - Realignment

Receiving Bases

Naval Station Annapolis (Annapolis, MD) - Receive
United States Air Force Academy (Colorado Springs, CO) - Receive

Losing Activities

Naval Post Graduate School - Relocate
Air Force Institute of Technology - Relocate

Activities being Received

Naval Post Graduate School
Air Force Institute of Technology
### Registered Scenarios

#### Scenario #
E&T-0024  
**Date Created:** 10/29/2004

**Scenario Title:** Realign Service ILC and SSC with Service Academies

**Description:**

Realign Carlisle Barracks, PA and Fort Leavenworth, KS by moving the United States Army War College and the United States Army Command and Staff School to West Point, NY and realign with the United States Military Academy. Realign Maxwell Air Force Base, AL by moving the Air War College and the Air Command and Staff College to the United States Air Force Academy, Colorado Springs, CO and realign with the United States Air Force Academy. Realign Naval Station Newport, RI by moving the College of Naval Warfare and the Naval Command and Staff College to Naval Station Annapolis, MD and realign with the United States Naval Academy.

The United States Army War College and the United States Army Command and Staff School will remain independent educational functions, but will report to the United States Military Academy chain of command and will combine all common support requirements with the United States Military Academy. The Air War College and the Air Command and Staff College will remain independent educational functions, but will report to the United States Air Force Academy chain of command and will combine all common support requirements with the United States Air Force Academy. The College of Naval Warfare and the Naval Command and Staff College will remain independent educational functions, but will report to the United States Naval Academy chain of command and will combine all common support requirements with the United States Naval Academy.

- Eustis (Fort Eustis, VA) - Receive

### Losing Activities

- United States Army War College - Relocate
- Marine Corps War College - Relocate
- Air War College - Relocate
- Industrial College of the Armed Forces - Relocate
- National War College - Relocate
- College of Naval Warfare - Relocate

### Activities being Received

- Air War College
- College of Naval Warfare
- Fort Eustis
- Industrial College of the Armed Forces
- Marine Corps War College
- National War College
- United States Army War College
**Registered Scenarios**

**Scenario #** E&T-0035  
**Date Created:** 11/10/2004

**Scenario Title:** Realign SSCs under NDU and co-locate at MCB Quantico

**Description:**
RealignmentCarlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; and Marine Corps Base Quantico by moving the United States Army War College, Air War College, and the College of Naval Warfare to Marine Corps Base Quantico, VA. Realign the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University.

Senior level education will be provided by multiple colleges under the National Defense University. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.

Scenario #  HSA-0016  Date Created: 9/28/2004
Scenario Title: GC-IM-0008: Establish Joint Base Pearl Harbor-Hickam

Description:
Realignment Hickam AFB by transferring the installation management functions/responsibilities to U.S Naval Region Hawaii and establish Joint Base Pearl Harbor-Hickam. The U.S. Navy will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

Losing Bases
Hickam AFB (Honolulu, HI) - Realignment

Receiving Bases
Naval Station Pearl Harbor (Pearl Harbor, HI) - Receive

Losing Activities
Installation Management - Hickam AFB - Consolidate

Activities being Received
Installation Management - Hickam AFB

Scenario #  HSA-0058  Date Created:  10/15/2004
Scenario Title:  MAH-COCOMs-0007: [C:HSA-0058] Relocate SOUTHCOM HQ

Description:

Realign leased space in Miami, FL by consolidating SOUTHCOM HQ from its multiple leased locations to a state owned built-to-lease facility in Miami, FL.

Reduces leased space/costs for 239,714 GSF.
Enhances AT/FP.
Single site on 40 acres of State owned land.
State builds on 40 acres and rents/leases to DoD for 10 years (plus

Losing Bases

SOUTHCOM HQ, (Miami, FL) - Realignment

Receiving Bases

Florida State Owned Facility (Miami, FL) - Receive

Losing Activities

SOUTHCOM HQ - Relocate

Activities being Received

SOUTHCOM HQ

<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to a single, AT/FP compliant leased location.

**Justification/Impact:**
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- The exact location of new, leased space is determined by a competitive bidding procurement process.

**Losing Bases**

- 214191 Great Mills Road; Lexington Park; MD (Lexington Park, MD) - Close
- 21535 Pacific Drive; Lexington Park; MD (Lexington Park, MD) - Close
- 21920 Nickles Road; Patuxent River; MD (Patuxent River, MD) - Close

Registered Scenarios

Scenario # | IND-0003 | Date Created: | 9/29/2004
--- | --- | --- | ---
Scenario Title: | SR-1; Consolidates I-Level Ship Maintenance Work

Description:

This scenario consolidates intermediate-level ship maintenance, specifically:
Realigns and consolidates intermediate workload at Norfolk Naval Shipyard. SIMA Norfolk would be closed and Norfolk Naval Shipyard would assume the intermediate workload. Assumes all SSNs from Norfolk would change homeport to Subase, New London. Intermediate submarine work at SIMA Norfolk would be realigned to NAVSUBSUPPFAC NEW LONDON. Consolidates intermediate-level ship maintenance in the San Diego region with the new Southwest Navy Regional Maintenance Center. Assumes a DON scenario closes NAVSTA Pascagoula and decommissions or moves the homeported ships. This scenario disestablishes SIMA Pascagoula.

Losing Bases

Naval Station Norfolk (Norfolk, VA) - Realignment
Naval Station Pascagoula (Pascagoula, MS) - Realignment
Naval Station San Diego (San Diego, CA) - Realignment

Receiving Bases

Naval Station Norfolk (Norfolk, VA) - Receive
Naval Station San Diego (San Diego, CA) - Receive
Naval Submarine Base New London (Groton, CT) - Receive

**Scenario #**: IND-0006  
**Date Created**: 10/8/2004  
**Scenario Title**: SR-3; Moves I-Level Carrier Work Fm Norfolk To PH & D-Level Sub Work Fm PH NSY To Other 3 NSYs  
**Description**:  
This scenario assumes a DON scenario which moves a CVN Strike Group from Norfolk to Hawaii. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also realigns maintenance of Army watercraft stationed in Hawaii to Pearl Harbor NSY&IMF.

### Losing Bases
- Naval Station Norfolk (Norfolk, VA) - Realignment
- Naval Station Pearl Harbor (Pearl Harbor, HI) - Realignment

### Losing Activities

**Registered Scenarios**

**Scenario #** IND-0009  
**Date Created:** 10/15/2004  
**Scenario Title:** SR-4; Realigns I-Level and D-Level Ship Maintenance Work  
**Description:**

This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and a CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY&IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY&IMF or Norfolk NSY. This scenario also assumes a DON scenario closes SUBASE New London and moves 2 SSN 21 ships to Bangor, 5 SSNs to Norfolk, 4 SSNs to Pearl Harbor and 6 SSNs to Portsmouth NSY. This scenario also assumes a DON scenario closes SUBASE Point Loma and moves the SSNs and the floating drydock ARCO to Pearl Harbor. Also assumes 2 SSGNs move from Kings Bay to Bangor. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations. This scenario also disestablishes Boston Planning Yard and Plant Equipment Support Office, Annapolis, and realigns there work with their respective shipyards, Puget Sound NSY and Norfolk NSY. The ship maintenance work at SHIPSO, Philadelphia, and at TRF Kings Bay is realigned to Norfolk NSY and SUBMEPP is consolidated into Portsmouth NSY.

In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack, Aircraft Other Components, Fabrication and Manufacturing, and "Other" with the exception of maintenance related to reclamation activities at Davis-Monthan Air Force Base.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics, Aircraft Dynamic Components, Aircraft Engine Turbomfan/Turbojet Augmented, Aircraft Engine Turboprop/Turboshaft, Aircraft Hydraulic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other Components, Aircraft Other, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeable/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVAIRDEPOT Cherry Point NC on CO MCAS Cherry Point to Robins Air Force Base, Corpus Christi Army Depot, Tinker Air Force Base, NAVAIR DEPOT Jacksonville on NAS Jacksonville, Hill Air Force Base, Tobyhanna Army Depot and disestablish capability at NAVAIRDEPOT Cherry Point NC on CO MCAS Cherry Point.

In FY05, disestablish all depot maintenance workload and capability for the commodity group Aircraft Cargo/Tanker at NAVAIRDEPOT Cherry Point on CO MCAS Cherry Point.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other Components, Aircraft Other, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, Hill Air Force Base, Tinker Air Force Base, Anniston Army Depot, Tobyhanna Army Depot, NAVAIRDEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado.

Realign all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" to NAVAIRWARCENACDIV Lakehurst on NAVARENGSTA Lakehurst to NAVAIRDEPOT Jacksonville on NAS Jacksonville and disestablish capability at NAVAIRWARCENACDIV Lakehurst on NAVARENGSTA Lakehurst.

Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Aircraft Cargo/Tanker, Aircraft Automation/Computer Systems, Aircraft Dynamic Components, Aircraft Instrument Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other Components, Aircraft Other, Aircraft Pneumatic Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN.

Realign all depot maintenance workload and capability for the commodity groups Marine Corps Logistics Base Albany, Anniston Army Depot and Letterkenny Army Depot and disestablish capability at NAVSUPPACT Crane IN.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Components, Combat Vehicles, Construction Equipment, Depot Fleet/Field Support, Engines/Transmissions, Fabrication and Manufacturing, Fire Control Systems and Components, Powertrain Components, Starters/Alternators/Generators, Tactical Missiles, Tactical Vehicles, and "Other" from Red River Army Depot to Anniston Army Depot, Marine Corps Logistics Base Albany, Letterkenny Army Depot and Tobyhanna Army Depot and disestablish capability at Red River Army Depot.

Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Letterkenny Army Depot and disestablish capability at Rock Island Arsenal.

Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston.

Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma.
### Registered Scenarios

This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Scenario # INT-0006  Date Created: 10/22/2004

Scenario Title: Consolidate Missouri-Based NGA at St. Louis, MO

Description:

Realign NGA functions at St. Louis 2d Street named Bldgs 05, 07, 12, 18, 20, 22, 25, 36, 37, and 39; Realign NGA functions at Arnold, MO, named Bldgs 100 and 102 by relocating and consolidating to a new facility on commercially purchased real estate southwest of St Louis, MO.

This scenario disestablishes all of the NGA functions currently performed at the St. Louis area locations named above and consolidates the functions into a new facility on 80 acres at a location to be determined southwest of St. Louis. The requirement for the 80 acres is due to vulnerability and security reasons.

The exact location for the new facility is classified.

Losing Bases

Arnold, MO Facility (Arnold, MO) -
St. Louis 2nd Street Facility (St. Louis, MO) -

Receiving Bases

Purchase land/facility at St. Louis MO (St. Louis, MO) - Receive

Losing Activities

Activities being Received
Registered Scenarios

Scenario # INT-0010 Date Created: 11/4/2004
Scenario Title: Consolidate Select DIA Analytical Elements at Charlottesville, VA

Description:
Realignment select DIA analytical elements to establish a COOP/mission assurance and analytic capability at a new facility on commercially purchased real estate adjacent to the National Ground Intelligence Center (NGIC) at Charlottesville, VA.

The details of this scenario are classified.

Losing Bases
- Bolling AFB (Washington, DC)

Receiving Bases
- National Ground Intelligence Center (Charlottesville, VA)

Losing Activities

Activities being Received
- Receive
## Registered Scenarios

**Scenario #** MED-0006  
**Date Created:** 10/6/2004  
**Scenario Title:** Consolidate Aerospace Medical Training at Pensacola NAS

### Description:

Consolidate three Service Aerospace Medical Training functions into one joint training function.  

Realignment USAF School of Aerospace Medicine, Brooks City Base, Army Flight Medicine School at Ft Rucker and Army Preventative Medicine School at Aberdeen Proving Ground and Ft Sam Houston to Pensacola Naval Air Station. Facilities released for other use.

Expand training to Pensacola NAS. Transfer staffing with functions. Navy designated EA for BOS.

### Losing Bases

- Aberdeen (Aberdeen, MD) - Realignment  
- Brooks City-Base (San Antonio, TX) - Realignment  
- Rucker (Fort Rucker, AL) -  
- Sam Houston (San Antonio, TX) - Realignment

### Losing Activities

- Army Prev Med Training - Relocate  
- USAF School of Aerospace Medicine - Relocate  
- Army Flight Medicine Training - Relocate  
- AMEDD Prev Med Training - Relocate

### Receiving Bases

- Naval Air Station Pensacola (Pensacola, FL) - Receive

### Activities being Received

- AMEDD Prev Med Training  
- Army Flight Medicine Training  
- Army Prev Med Training  
- USAF School of Aerospace Medicine
Registered Scenarios

Scenario #   MED-0027   Date Created: 11/10/2004
Scenario Title: Create Center of Excellence for Aerospace Medicine (NAS Pensacola)

Description:

Abstract: This scenario will co-locate aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at NAS Pensacola. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D performing activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Naval Air Station, Pensacola, where they will be co-located with the Naval Aerospace Medical Research Laboratory.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in place. An alternative is that Air Force and Navy directed energy programs will relocate to NAS Pensacola, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research.

It is assumed that rotary wing aviation support facilities and flying ranges are available at NAS Pensacola. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that NAS Pensacola can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D organizations that are currently co-located with the U.S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at NAS Pensacola.
- Adequate space for expansion is available at NAS Pensacola.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at NAS Pensacola.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to N00204, NAS Pensacola, FL, for collocation with N66452, NAVAEROMEDRSCHLAB.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFBST and other pertinent subordinate UICs to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICs to be determined
- Air Force Research Lab, Human Effectiveness Division, Wright-Patterson AFB, FFSDG and pertinent AFRL subordinate UICs to be determined

Marine Corps activities:
- None

Navy activity:
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program Management.
### Registered Scenarios

#### Losing Bases

- Brooks City-Base (San Antonio, TX) - OTHER
- Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
- Rucker (Fort Rucker, AL) - OTHER
- Wright-Patterson AFB (Fairborn, OH) - OTHER

#### Losing Activities

- 311th Human Systems Wing and subordinate UICs - Relocate
- Air Force Research Lab all elements - Relocate
- NAVAIRWARCENACDIV - Relocate
- U.S. Army Aeromedical Lab - Relocate
- Air Force Research Lab Human Effectiveness Division and associated UICs - Relocate

#### Receiving Bases

- Naval Air Station Pensacola (Pensacola, FL) - Receive

#### Activities being Received

- 311th Human Systems Wing and subordinate UICs
- Air Force Research Lab Human Effectiveness Division and associated UICs
- NAVAIRWARCENACDIV
- U.S. Army Aeromedical Lab
Registered Scenarios

Scenario # S&S-0004  Date Created: 9/27/2004
Scenario Title: Regionalization of Strategic Distribution (4 regions)

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to four. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Virginia, Kentucky; East-Delaware, New Jersey, New Hampshire, West-Wisconsin, and Illinois
- Susquehanna: Susquehanna remains a Strategic Distribution Platform (SDP) but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of the Susquehanna SDP. These distribution depots will become Forward Distribution Point (FDP) of the regional SDP.
- Norfolk Distribution Depot
- Tobyhanna Distribution Depot will perform limited receipt, store and issue functions for Tobyhanna Army Depot

Realign: Richmond Distribution Depot will be realigned and continue its storage functions for hazardous materials and ozone-depleting substances.

Close: The following distribution depot and activity will be closed due the establishment of Region 1 SDP
- Columbus Distribution Depot mission will be moved to the Susquehanna

Region 2: Boundaries are in the North-North Carolina, Tennessee; South-Florida; East-South Carolina, Georgia; West-Mississippi
- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a SDP supporting customers in the South Eastern US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Warner Robins, may require MILCON. Warner Robins also picks up command and control of the satellite activities (FDP) at Cherry Point, Albany, Jacksonville, and Anniston.

Warner Robins' assigned personnel will also increase to accommodate the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Warner Robins SDP. These distribution depots will become (FDP) of the regional SDP.
- Cherry Point Distribution Depot
- Albany Distribution Depot
- Jacksonville Distribution Depot
- Anniston Distribution Depot

Region 3: Boundaries are in the North-North Dakota; South-Texas; East-Minnesota, Iowa, Missouri, Arkansas, Louisiana; West-Wyoming, Colorado, New Mexico
- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US. Its storage and distribution infrastructure expands and, depending on available infrastructure at Red River, may require MILCON. Red River also picks up command and control of the (FDP) at Oklahoma City and Corpus Christi. Red River's assigned personnel also increase to accommodate the increased mission.

Realign: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements and reduced personnel with the establishment of Red River SDP. These distribution depots will become (FDP) of the regional SDP.
- Oklahoma Distribution Depot
- Corpus Christi Distribution Depot

Region 4: Boundaries are in the North-Montana, Idaho; South-Arizona; East-Utah; West-Washington, California
- San Joaquin: San Joaquin remains a SDP supporting customers in the Western US and those permanently stationed across the Pacific.

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA
Registered Scenarios  

Realignment is anticipated. Additionally, San Joaquin picks up command and control of (FDP) at Puget Sound, Hill AFB, Barstow, and San Diego.

Realignment: The following distribution depots will be realigned and downsized due to mission change, reduced storage and distribution requirements, and reduced personnel with the establishment of San Joaquin SDP. These distribution depots will become (FDP) of the regional SDP.

- Puget Sound Distribution Depo
- Hill Distribution Depo
- Barstow Distribution Depo
- San Diego Distribution Depo

Scenario #: S&S-0012  
Date Created: 10/21/2004  
Scenario Title: Regionalization of Strategic Distribution (3 Regions: optimized alternative)  

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

Region 1. Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East- New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

Region 2. Boundaries are in the North- Minnesota, North Dakota; South-Mississippi, Texas; East- Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

Region 3. Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon, California.

Scenario #  S&S-0031  Date Created:  11/19/2004
Scenario Title:  Consolidate AF National Inventory Control Points (NICPs) in a single location (Hill AFB)

Description:
The mission of the Air Logistics Center (ALCs) is to provide supply support and depot level maintenance support at the weapon system, commodity, and item level that play a crucial role in achieving directed readiness goals for all Air Force weapon systems. This mission is carried out by Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA, and Cryptologic Product Support Group (CPSG), Lackland AFB, TX. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG. This proposal realigns all the ICP locations and functions/activities (as defined below) to Ogden Air Logistics Center (OO-ALC), Hill AFB, UT.

Losing: Tinker AFB - NICP, Lackland AFB - NICP, Robins AFB - NICP

Gaining: Hill AFB

Losing Bases
Lackland AFB (San Antonio, TX) - Realignment
Robins AFB (Warner Robins, GA) - Realignment
Tinker AFB (Midwest City, OK) - Realignment

Receiving Bases
Hill AFB (Clearfield, UT) - Receive

Losing Activities
Lackland AFB - NICP - Relocate
Robins AFB - NICP - Relocate
Tinker AFB - NICP - Relocate

Activities being Received
Lackland AFB - NICP
Robins AFB - NICP
Tinker AFB - NICP
### Registered Scenarios

**Scenario #** S&S-0037  
**Date Created:** 11/30/2004  
**Scenario Title:** Establish a Single Army Inventory Control Point at Detroit Arsenal, MI  
**Description:**

Establish a Single Army Inventory Control Point (AICP) by consolidating the inventory management and related support functions from the three Army Commands (AMCOM, CECOM, and TACOM) at Detroit Arsenal, MI. This allows the Army to have one inventory Control Point (ICP) providing inventory management functions at one location. Additionally, this proposal also consolidates related supporting contracting functions at Detroit Arsenal, MI.

As Of: 12/23/2004

Scenario # S&S-0042  Date Created: 12/17/2004

Scenario Title: Consolidate Service and DLA ICPs to minimize excess capacity

Description:

Consolidate Service and DLA ICPs to maximize military value and reduce excess capacity.

Action 1: Relocate and consolidate Soldier System Command, Natick (TACOM-ICP) to AMCOM Redstone Arsenal (AMCOM-ICP)
Action 2: Relocate Detroit Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)
Action 3: Relocate and consolidate Ft Huachuca ICP to Ft Monmouth (CECOM-ICP)
Action 4: Relocate and consolidate Rock Island Arsenal (TACOM-ICP) to Redstone Arsenal (AMCOM-ICP)
Action 5: Relocate and consolidate Lackland AFB (CPSG-ICP) to Warner Robins ALC (CECOM-ICP)

This proposal consolidates all Service and DLA ICPs to maximize military value and appropriately utilize existing capacity. It is a comprehensive analysis of all Service and DLA ICPs to maintain required capacity while maximizing an appropriate military value. It attempts to derive the most efficient and effective DOD ICP activities without specific regard to Service or Agency boundaries. ICP functions include budgeting/funding, contracting, engineering support, requisition processing, technical support, cataloging, customer services, item management, stock control, and weapon system secondary item supply support. This proposal would include equipment, depot level reparables (DLRs), and remaining consumable items managed by the Services today. It may or may not include repair activities.

This proposal will impact: Soldier System Command, Natick (TACOM-ICP), Detroit Arsenal (ILSC), Ft Huachuca (CSLA-ICP), Rock Island Arsenal (TACOM-ICP), Redstone Arsenal (AMCOM-ICP), Ft Monmouth (CECOM-ICP), and Lackland AFB (CPSG-ICP) as indicated in the Section 2 (Actions) above. The inventory management, stock control, budget and contracting functions of the affected Service ICPs.

Losing Bases

Detroit/Selfridge (Warren, MI) - Realignment
Huachuca (Fort Huachuca, AZ) - Realignment
Lackland AFB (San Antonio, TX) - Realignment
Rock Island (Rock Island, IL) - Realignment
Soldier Systems Center (Natick, MA) - Realignment

Receiving Bases

Monmouth (Fort Monmouth, NJ) - Receive
Redstone (Huntsville, AL) - Receive
Robins AFB (Warner Robins, GA) - Receive

Losing Activities

Detroit Arsenal (TACOM-ICP) - Relocate
Ft Huachuca ICP - Relocate
Lackland AFB (CPSG-ICP) - Relocate
Rock Island Arsenal (TACOM-ICP) - Relocate
Soldier System Command, Natick (TACOM-ICP) - Relocate

Activities being Received

Ft Huachuca ICP
Detroit Arsenal (TACOM-ICP)
Rock Island Arsenal (TACOM-ICP)
Soldier System Command, Natick (TACOM-ICP)
Lackland AFB (CPSG-ICP)
## Registered Scenarios

**As Of:** 12/23/2004

**Scenario #** | TECH-0002  
**Date Created:** | 10/4/2004  
**Scenario Title:** | Relocate W&A RDAT&E to 3 primary & 2 speciality with weapons from PAX & Pt. Mugu to China Lake  
**Description:**

Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship weapon systems integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. **Definitions:**

In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fusing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and/or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, and Navy Gun Systems. Includes all research associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

**Registered Scenarios**

*As Of:* 12/23/2004

**Scenario #** TECH-0005  **Date Created:** 10/22/2004

**Scenario Title:** Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E

**Description:**

This scenario consolidates all Rotary Wing air platform R, D&A, T&E to two principal sites while retaining several specialty sites. Rotary Wing R, D&A, T&E will be consolidated into 2 core sites, Patuxent River, and Redstone Arsenal, with non-maritime unique Rotary Wing R consolidated at Redstone Arsenal. The relocation of Rotary Wing R functions are proposed in concert with the S&T Reliance Agreements. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Scenario #  TECH-0006  Date Created: 10/22/2004

Scenario Title: Establish Joint Centers for Fixed Wing Air Platform R, D&A, and T&E

Description:

This scenario proposes to consolidate all fixed wing air platform RDAT&E to two principal sites while retaining several specialty sites. Research and Development & Acquisition will be performed at Patuxent River and Wright-Patterson AFB. The relocation of air platform Research functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing Research will be consolidated at Wright Patterson AFB and maritime related fixed wing Research (catapults, arresting gear, etc.) will be consolidated at Patuxent River. Air Force T&E will be consolidated at Edwards AFB, Navy T&E at Patuxent River, and Live Fire T&E at China Lake. The planned component moves will enhance synergy by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Registered Scenarios

**Scenario #**  TECH-0013  **Date Created:**  10/22/2004

**Scenario Title:** Establish Joint Centers for Ground Platform R DAT&E

**Description:**
This scenario would consolidate Ground Vehicle R, D&A, and T&E into 2 core sites; Detroit Arsenal and Aberdeen Proving Ground. The Army/DoD ground vehicle R and D&A to continue to reside in the world automotive/ground vehicle capital of southeast Michigan, and R, D&A, and the preponderance of ground vehicle T&E would be located at Aberdeen Proving Grounds.

Scenario # TECH-0030

Date Created: 11/5/2004

Scenario Title: Consolidate Combatant Cmdr C4ISR DAT&E at Belvoir

Description:

Move the people & their positions (government only) and the Special Equipment & Facilities doing Combatant Commander Information Systems DAT&E work from DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices), NAVSURFWARDCEN COASTSYSTSA PANAMA CITY FL (DJ02 Program Office) and Army PEOC3T, Ft. Monmouth (JNMS Program Office) and Arlington, VA leased space (JTRS Joint Program Office) to Ft. Belvoir. People includes Military (officers and enlisted), civilian and those contractor personnel for whom the government is obliged to provide on-base facilities, special equipment includes mission and support equipment as well as those vehicles required to accomplish the mission being moved.

Losing Bases

Bailey's Crossroads (Arlington, VA) - Realignment

Crystal City Lease (Arlington, VA) - Realignment

Monmouth (Fort Monmouth, NJ) - Realignment

Naval Support Activity Panama City (Panama City, FL) - Realignment

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Losing Activities

DISA (GIG-BE, GCCS, GCSS, NCES & Teleport Program Offices) Combatant Commander Information systems DAT&E to Belvoir - Consolidate

Army PEOC3T (JPMO JTRS) Combatant Commander Information systems DAT&E to Belvoir - Consolidate

Monmouth (Army PEOC3T & JNMS Program Office) Combatant Commander Information systems DAT&E to Belvoir - Consolidate

Panama City Combatant Commander Information systems DAT&E to Belvoir - Consolidate

Activities being Received

Army PEOC3T (JPMO JTRS) Combatant Commander Information systems DAT&E to Belvoir

Monmouth (Army PEOC3T & JNMS Program Office) Combatant Commander Information systems DAT&E to Belvoir

Panama City Combatant Commander Information systems DAT&E to Belvoir
**Scenario #** TECH-0031  
**Date Created:** 11/5/2004  
**Scenario Title:** Optimize Sea Vehicle R, D&A and T&E

**Description:**

This scenario proposes to consolidate and/or co-locate all Sea Vehicle RDAT&E to two primary sites while retaining small sites involved in specialized Sea Vehicle support to DDTE/OTE or specialized sites with unique facilities. The planned component moves will enhance and leverage off the existing robust concentration of research, design and development, acquisition support and T&E capabilities that currently reside within the US Navy HQ and Warfare Center infrastructure. This proposal would relocate/co-locate management and direction of Theater Support Vessels programs for USA to COMNAVSEA WNY and would be consistent with the existing partnership collaboration between the USA and the USN on Theater Support Vessels and other theater support small watercraft. Program management will be retained for D&A and T&E at COMNAVSEA. Consolidation of all Program management of Sea Vehicle Programs at the WNY collocates these functions with related program offices supporting Weapons and Combat systems, Hull Mechanical and Electrical, C4I integration and related sea vehicle equipment and support functions. This also places it nearby the principal technical direction and development agent for sea vehicles located at NSWC Carderock Division in Bethesda, MD.

This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Research at the Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research in Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walter Reed Army Institute of Research to form creation a Land Network Science, Technology and Experimental Center, which will perform the fundamental research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare Electronics and Information Systems Development & Acquisition at Belvoir.

Registered Scenarios

Scenario #: USA-0020  Date Created: 9/23/2004
Scenario Title: 87 AFRC Norman, OK

Description:
Closes 6 occupied facilities (Norman (lease), Broken Arrow, Tonkawa, 23rd Street Armory (including the 23d Street FMS activity), Farr USARC and Smalley USARC. Closes 3 currently vacant facilities (Roush USARC in Clinton, OK, the Konawa Armory and the Wewoka Armory) eliminating excess capacity. Constructs a new complex on a state-owned military reservation with rail, air and interstate access. Realigns the CSMS operation currently at Norman and C/700 SB from the Edmonds Armory into the new complex.

#### Scenario #
USA-0166

#### Date Created:
12/2/2004

#### Scenario Title:
299 USAR C2 Proposal - NORTHWEST

#### Description:
Closes the Army Reserve facilities located on Vancouver Barracks and Fort Lawton, Washington. Relocates headquarters activities of the 104th Division (Institutional Training) and the 70th Regional Readiness Command to Fort Lewis, WA. Consolidates the footprint of two major C2 headquarters into one location. Positions the 104th Div (IT) closer to primary training facilities. Enhances the mobilization and deployment capabilities of Fort Lewis by stationing major Army Reserve C2, administrative and support capabilities on the installation.

Scenario # DON-0001  Date Created: 9/22/2004
Scenario Title: Close NS Pascagoula, MS; Relocate to NS Norfolk, VA

Description:

1. Close all base operations at Naval Station Pascagoula, MS.
2. Relocate 2 FFGs to Naval Station Norfolk, VA, to include required personnel, equipment, and support.
3. Consolidate SIMA Pascagoula, MS with SIMA Norfolk, VA.
4. Consolidate FISC Jacksonville, FL, function FISC Jacksonville DET Pascagoula, MS with FISC Norfolk, VA.
5. Consolidate NAVDENCEN Gulf Coast Pensacola, FL, function Branch Dental Clinic NS Pascagoula, MS with NAVDENCEN MIDLANT Norfolk, VA.
6. Consolidate NAVHOSP Pensacola, FL, function Branch Medical Activity Pascagoula, MS with NAVMEDCEN Portsmouth, VA.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable: IND-0027

Losing Bases

Corry Station (Pensacola, FL) - Realignment
Naval Air Station Jacksonville (Jacksonville, FL) - Realignment
Naval Air Station Pensacola (Pensacola, FL) - Realignment
Naval Station Pascagoula (Pascagoula, MS) - Close

Receiving Bases

Naval Medical Center Portsmouth (Portsmouth, VA) - Receive
Naval Station Norfolk (Norfolk, VA) - Receive

Losing Activities

NAVHOSP_PENSACOLA_FL - Other

16. Consolidate ship intermediate repair function for DDGs/FFGs from NAVIMFAC Pacific Northwest Detachment Everett to SIMA San Diego.
17. Relocate T-AOE from Naval Station Bremerton, WA to Naval Station Pearl Harbor, HI.
18. Consolidate AFLOATAGRUPACNORWEST Everett, WA with AFLOATAGRUPAC San Diego, CA.
19. Consolidate AFLOATAGRUPACNORWEST Everett, WA with AFLOATAGRGRU MIDPAC Pearl Harbor, HI.
20. Relocate COMNAVSURFGRU PACNORWEST, Everett, WA to Naval Station Bremerton, WA.
21. Relocate NAVRESREDCOM NORTHWEST Everett, WA to SUBASE Bangor, WA.
22. Consolidate Naval Reserve Center Everett, WA, with Naval Reserve Center Silverdale, WA at SUBASE Bangor, WA.
23. Consolidate FISC Puget Sound Bremerton, WA, function FISCPS DET Everett, WA, with FISC San Diego, CA.
24. Consolidate FISC Puget Sound Bremerton, WA, function FISCPS DET Everett, WA, with FISC Puget Sound Bremerton, WA.
25. Consolidate FISC Puget Sound Bremerton, WA, function FISCPS DET Everett, WA, with FISC Pearl Harbor, HI.
26. Disestablish NAVDENCEN NW Bremerton, WA, function BRDENCLINIC Everett, WA.
27. Disestablish NAVHOSP Bremerton, WA, function BRMEDCLINIC Everett, WA.
### Registered Scenarios

**As Of:** 12/23/2004

28. Relocate four (4) VFA squadrons from NAS Lemoore to Hawaii to include required personnel, equipment and support.

29. Relocate and consolidate as appropriate aircraft intermediate maintenance function for four (4) VFA squadrons from COMSTRKFIGHTWINGPAC at NAS Lemoore to Hawaii.

30. Relocate one (1) VAQ squadron from NAS Whidbey Island to Hawaii to include required personnel, equipment and support.

31. Relocate and consolidate as appropriate aircraft intermediate maintenance function for one (1) VAQ squadron from NAS Whidbey Island to Base X.

32. Relocate one (1) VAW squadron from NAS Pt. Mugu to Hawaii to include required personnel, equipment and support.

33. Relocate and consolidate as appropriate aircraft intermediate maintenance function for one (1) VAW squadron from COMAEWINGPAC at NAS Pt. Mugu to Hawaii.

34. Relocate two (2) C-2 aircraft and one (1) HS squadron from NAS North Island to Hawaii to include required personnel, equipment and support.

35. Relocate and consolidate as appropriate aircraft intermediate maintenance function for two (2) C-2 aircraft and one (1) HS squadron from COMSEACONWINGPAC at NAS North Island to Hawaii.

For the purpose of this scenario the following JCSG's and Mildep scenario(s) are applicable: IND-0033, IND-0016, IND-0014, IM-E-004.

Scenario Title: Establish Joint Center of Excellence for Legal SST/PDE Functions

Description:
Realign Maxwell AFB, AL by establishing a Joint Center of Excellence for JAG SST/PDE Training and Education. Realign Fort Jackson, SC, Marine Corps Base Camp Lejeune, N.C., and Naval Station Newport RI by re-locating all JAG SST/PDE (Officer and Enlisted) training and education courses currently taught there to Maxwell AFB, AL. Realign Charlottesville, VA (Army leased space) by disestablishing all JAG SST/PDE training and education courses taught there to Maxwell AFB, AL. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

Losing Bases
- Jackson (Columbia, SC) - Realignment
- Marine Corps Base Camp Lejeune (Camp Lejeune, NC) - Realignment
- Naval Station Newport (Newport, RI) - Realignment
- University of Virginia at Charlottesville (Charlottesville, VA) - Realignment

Receiving Bases
- Maxwell AFB (Montgomery, AL) - Receive

Losing Activities
- Army Adjutant General School (PDE/SST) - Relocate
- Personnel Administration School - Relocate
- Naval Judge Advocate General School - Relocate
- Army Judge Advocate General School - Disestablish

Activities being Received
- Air Force Judge Advocate General School
- Army Adjutant General School (SST/PDE)
- Army Judge Advocate General School
- Navy Judge Advocate General School
- Personnel Administration School
### Registered Scenarios

**Scenario #** E&T-0017  
**Date Created:** 10/8/2004  
**Scenario Title:** Establish Joint Center of Excellence for Administration, Personnel, and Finance Training  
**Description:**

Realign Keesler AFB, MS by establishing a Joint Center of Excellence for Administration, Personnel, and Finance Training. Realign Fort Jackson, SC, NTTC Meridian, MS, and Camp Lejeune, SC by relocating Administration, Personnel, and Finance Training taught there to Keesler AFB, MS. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

Scenario # E&T-0022  Date Created: 10/29/2004
Scenario Title: Consolidate AFIT and NPS PDE Function at NPS

Description:

Realignment Professional Development Education graduate level education at Air Force Institute of Technology at Wright-Patterson Air Force Base, Dayton, OH and Naval Post Graduate School at Monterey, CA by moving Air Force Institute of Technology graduate level education to Monterey, CA and consolidating with the Naval Post Graduate School graduate level education at Monterey, CA.

Department of Defense graduate level education will be consolidated as a single school located at Monterey, CA. The consolidated school will be a Department of Defense School with the Navy as the executive agent. This scenario will remove all graduate level education from Wright-Patterson Air Force Base, Dayton, OH.

Losing Bases
Wright-Patterson AFB (Fairborn, OH) - Realignment

Receiving Bases
Naval Postgraduate School (Monterey, CA) - Receive

Losing Activities
Air Force Institute of Technology - Relocate

Activities being Received
Air Force Institute of Technology
Scenario # | E&T-0025 | Date Created: | 11/10/2004
Scenario Title: | Realign SSCs in Place
Description:

Realign Carlisle Barracks, PA; Maxwell Air Force Base, AL; Naval Station Newport, RI; Marine Corps Base Quantico, VA; and Fort McNair, Washington D.C. by realigning the United States Army War College, Air War College, College of Naval Warfare, and the Marine Corps War College under the National Defense University.

Senior level education will be provided by multiple colleges under the National Defense University. All of the colleges will remain in their current locations. The colleges will fall under the National Defense University Chain of Command and will combine all common support requirements. The Army will be the proponent for a Land Centric College. The Air Force will be the proponent for an Air Centric College. The Navy will be the proponent for a Maritime Centric College. The Marine Corps will be the proponent for an Expeditionary Centric College. All of the colleges will teach a common Joint Professional Military education curriculum controlled by the Chairman of the Joint Chiefs of Staff. Professional Military Education curricula will be controlled by the appropriate Service Chief. Joint Forces Staff College will remain a separate source of Joint Professional Military Education Level II for Joint Specialty Officers.
Registered Scenarios

Scenario #  E&T-0029   Date Created:  11/10/2004
Scenario Title: Move US Army Prime Power School to Fort Leanord Wood (Army Proposal)

Description:
Realign Fort Belvoir, VA by moving the US Army Prime Power School to Fort Leanord Wood, MO. This scenario will relocate the school. The School will remain an independent training activity. Current command relationship will be maintained.

Losing Bases
Belvoir (Fort Belvoir, VA) - Realignment

Losing Activities
United States Army Prime Power School - Relocate

Receiving Bases
Leonard Wood (Fort Leonard Wood, MO) - Receive

Activities being Received
United States Army Engineer School
US Army Prime Power School

**Scenario #**
E&T-0037

**Date Created:**
11/10/2004

**Scenario Title:**
Establish Joint Range- EAST

**Description:**
Realign NAS JAX by establishing a joint coordination center to coordinate and provide assistance. Realign Eglin AFB by establishing a joint coordination detachment to coordinate and provide assistance. Realign Fort Bragg by establishing a joint coordination detachment to coordinate and provide assistance.

JFCOM is the executive agent for the joint coordination center and joint coordination detachments. Eglin AFB and Fort Bragg report to NAS JAX Joint Coordination Center.

In establishing the stated joint coordination center and joint coordination detachments will require facilities, personnel, and equip/special equipment.

There are no losing activities because this is a new mission that does not presently exist. The services will detail personnel gaining activities via normal detailing/rotation process.

**Receiving Bases**
- Bragg (Fort Bragg, NC) - Receive
- Eglin AFB (Valpariso, FL) - Receive
- Naval Air Station Jacksonville (Jacksonville, FL) - Receive

**Activities being Received**
- Joint Range Complex (26 personnel)
- Joint Range Complex (26 personnel)
- Joint Range Hub Complex (40 personnel)
Scenario #     E&T-0038     Date Created:   11/10/2004
Scenario Title:   Establish Joint Range - WEST

Description:
Realign NAVSTA San Diego by establishing a joint coordination center to coordinate and provide assistance. Realign NAS Whidbey Island by establishing a joint coordination detachment to coordinate and provide assistance. Realign Schofield Barracks by establishing a joint coordination detachment to coordinate and provide assistance. Realign Nellis AFB by establishing a joint coordination detachment to coordinate and provide assistance. Realign Fort Bliss by establishing a joint coordination detachment to coordinate and provide assistance. JFCOM is the executive agent for the joint coordination center and joint coordination detachments. NAS Whidbey Island, Nellis AFB, Fort Bliss, and Schofield Barracks report to NAS San Diego Joint Coordination Center.
In establishing the stated joint coordination center and joint coordination detachments will require facilities, personnel, and equip/special equipment.
There are no losing activities because this is a new mission that does not presently exist. The services will detail personnel gaining activities via normal detailing/rotation process.

Receiving Bases
Bliss (El Paso, TX) - Receive
Naval Air Station North Island (San Diego, CA) - Receive
Naval Air Station Whidbey Island (Oak Harbor, WA) - Receive
Nellis AFB (Las Vegas, NV) - Receive
Schofield (Schofield Barracks, HI) - Receive

Activities being Received
Joint Range Complex (26 personnel)
Joint Range Complex 40 personnel
Joint Range Complex (26 personnel)
Joint Range Complex (26 personnel)

---|---|---

### Scenario Title:
GC-MPC-0001: Dc: Consolidate/Co-locate All Military Personnel Centers in the San Antonio Geo-cluster

### Description:
Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO and consolidate them at Ft Sam Houston in the San Antonio Geo-cluster; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO and consolidate each Active and Reserve Military Personnel Center within each Service and co-locating all three Service Military Personnel Centers at Randolph Air Force Base TX in the San Antonio Geo-cluster, current location of the Air Force Personnel Center (AFPC).

**ADDITIONAL DATA:** Army Human Resources Command (HRC)-Indinapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (MilPers functions) occupies ~250,031 SF; ~30,831 SF determined as available excess; scenario requires an additional ~55,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCSA Kansas City = 237,539 SF. Space made available at ARPC Buckley Annex = 127,894 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018.

### Losing Bases
- Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Leased Space (Z, XX) - Realignment
- Marine Corps Base Quantico (Quantico, VA) - Realignment
- Naval Support Activity Millington (Millington, TN) - Realignment
- Naval Support Activity New Orleans (New Orleans, LA) - Realignment

### Losing Activities
- Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate
- Army Human Resources Command - St Louis - Consolidate
- Human Resources Command - Consolidate
- HRC-Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate
- EPMAC - Consolidate
- NAVPERSCEN - Consolidate
- NAVRESPERSCEN - Consolidate

### Receiving Bases
- Randolph AFB (Universal City, TX) - Receive
- Sam Houston (San Antonio, TX) - Receive

### Activities being Received
- Air Force Personnel Center
- Individual Navy and Marine Corps Personnel Centers
- New Army Human Resources Command Personnel Center
## Registered Scenarios

**Scenario #** HSA-0004  
**Date Created:** 9/23/2004

### Scenario Title: GC-MPC-0009: Dc: I: Consolidate/Co-locate Army & Air Force Personnel at Randolph AFB

### Description:

Realignment Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO, and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating HRC and co-locating with the consolidated Air Force military personnel functions from the Air Force Personnel Center (AFPC) and Air Reserve Personnel Center (ARPC) at Randolph Air Force Base TX.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

AFPC (MilPers functions) occupies ~250,031 SF; ~ 30,831 SF determined as available excess; scenario requires an additional ~748,769 SF for incoming activities (6100 Gen Adm Bldg only)

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HSA-0018

### Losing Bases

- Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
- ARPERCEN St Louis (St Louis, MO) - Realignment
- Hoffman Lease (Alexandria, VA) - Realignment
- Leased Space (Z, XX) - Realignment

### Losing Activities

- Army Civilian Human Resources Agency (CHRA) - Consolidate
- Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate
- Army Human Resources Command (HRC) St Louis - Consolidate
- Army Human Resources Command (HRC)-Alexandria - Consolidate
- Army Human Resources Command (HRC)-Indianapolis (former EREC) 8899 E. 56th Street (Maj Gen Emmett J. Bean Bldg) Indianapolis IN 46249 - Consolidate

### Receiving Bases

- Randolph AFB (Universal City, TX) - Receive

### Activities being Received

- Air Force Personnel Center (AFPC) (only ARPC Consolidated -- Army HRC will be co-located)
**Scenario #** | HSA-0005  
**Date Created:** | 9/23/2004  
**Scenario Title:** | GC-MPC-0010: Dc: I: Consolidate/Co-locate All Military Personnel Centers at Ft Leavenworth

**Description:**

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St Louis MO; the Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN, the Naval Reserve Personnel Center (NAVRESPERSCEN) and Enlisted Placement & Management Center (EPMAC) at Naval Support Activity (NSA) New Orleans LA; the operational military personnel functions from Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico; the military personnel functions from Air Force Personnel Center (AFPC) at Randolph Air Force Base TX and the Air Reserve Personnel Center (ARPC) at Buckley Annex CO by consolidating all Active and Reserve Military Personnel Centers within each Service and co-locating all four Service Military Personnel Centers at Fort Leavenworth KS.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Leavenworth so no excess is available. Scenario requires ~1,702,600 SF for incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at NSA Millington = 337,766 SF. Space made available at NSA New Orleans = 131,753 SF. Space made available at MCB Quantico = 198,916 SF. Space made available at Randolph AFB = 200,025. Space made available at ARPC Buckley Annex = 127,894 SF. HOWEVER, this space is designated for DFAS in scenario HSA-0018.

Registered Scenarios

Scenario #   HSA-0006       Date Created:   9/23/2004

Scenario Title: GC-MPC-0011: Dc: I: Create Army Human Resources Center (Personnel & Recruiting) at Fort Knox

Description:

Realign Army Human Resources Command (HRC)-leased space in Alexandria VA, Indianapolis IN and St. Louis MO and owned space occupied by the Army Civilian Human Resources Agency (CHRA) at Aberdeen Proving Ground MD by consolidating all and re-locating to Fort Knox KY.

Realign Fort Monroe VA, by re-locating Army Accessions Command and Army Cadet Command and co-locating with the Army Enlisted Recruiting Command and the consolidated Army Human Resources Command (HRC) at Fort Knox KY.

ADDITIONAL DATA: Army Human Resources Command (HRC) - Indianapolis (former EREC) is not listed in the drop down menu. Relocation would free up 76,740 square feet of leased space.

No existing Mil Pers Center exists at Ft Knox so no excess is available. Existing Recruiting functions currently occupy ~213,231 SF and ~70,631 has been determined as excess. Scenario requires an additional ~667,569 SF for MilPers and Recruiting incoming activities (6100 Gen Adm Bldg only).

HRC Alexandria, HRC Indianapolis and HRC St Louis all in leased space without expected backfill when vacated. Space made available at Ft Monroe = 70,850 SF. Space made available at Aberdeen = (estimated) 33,000 SF.

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment
ARPERCEN St Louis (St Louis, MO) - Realignment
Hoffman Lease (Alexandria, VA) - Realignment
Leased Space (Z, XX) - Realignment
Monroe (Hampton, VA) - Realignment

Losing Activities

Army Civilian Human Resources Agency (CHRA) - Co-locate
Army Human Resources Command (HRC)-St Louis - Consolidate
Army Human Resources Command-Alexandria - Consolidate
Army Human Resources Command (HRC)-Indianapolis (former EREC) - Consolidate
Army Accessions Command - Co-locate
Army Cadet Command - Co-locate

Receiving Bases

Knox (Fort Knox, KY) - Receive

Activities being Received

Army Recruiting Command (USAREC) to co-locate with other Army Recruiting Commands
Consolidated Active/Reserve Army Human Resources Command to co-locate with Army Recruiting Commands

**Description:**

Realign Naval Support Activity (NSA) New Orleans LA by consolidating the Naval Reserve Personnel Center (NAVRESPERSCEN) and the Enlisted Placement and Management Center (EPMAC) with Navy Personnel Command (NAVPERSCOM) at Naval Support Activity (NSA) Mid-South in Millington TN.

Realign Naval Support Activity (NSA) New Orleans LA by consolidating the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity New Orleans with the Navy Recruiting Command (NAVCRUITCOM) office at Naval Support Activity Mid-South Millington, TN. Co-locates with the consolidated Navy Personnel Command.

ADDITIONAL INFO: NAVPERSCOM currently occupies ~ 422,208 SF; ~27,008 SF has been determined as available excess. NAVCRUITCOM currently occupies ~69,930 SF with no calculated excess. Scenario requires an additional ~71,462 SF for the move of MilPers and Recruiting activities. (8100 Gen Adm Bldg only).

Space made available at NSA New Orleans = 142,737 SF.

Scenario #  HSA-0008  
Scenario Title:  GC-MPC-0013: Dc: I: Consolidate/Co-locate AF Personnel and Recruiting at Randolph AFB  
Date Created:  9/23/2004  

Description:

Realign Buckley Annex CO by consolidating the Air Reserve Personnel Center (ARPC) with the Air Force Personnel Center (AFPC) at Randolph AFB TX.

Realign leased space at Warner-Robins AFB GA by co-locating Air Force Reserve Recruiting Service with Air Force Recruiting Service at Randolph AFB TX. Co-locate with the consolidated Air Force Personnel Center.

ADDITIONAL INFO: AFPC (MilPers functions only) currently occupies ~250,031 SF; ~30,831 SF has been determined as available excess. AF Recruiting currently occupies ~47,802 SF with no calculated excess (actual shortage of ~2,198 SF). Scenario requires an additional ~77,967 SF for the move of MilPers and Recruiting activities. (6100 Gen Adm Bldg only).

Space made available at ARPC Buckley Annex = 127,694 SF, HOWEVER, this space is designated for DFAS in scenario HAS-0018. Space made available at Robins AFB = 28,000 SF.

Sizes and Acreages:

- ARPC Buckley Annex: 127,694 SF
- Robins AFB: 28,000 SF
- ARPC: 250,031 SF
- AFPC: 280,831 SF
- AF Recruiting: 47,802 SF
- Randolph AFB: 77,967 SF

Losing Bases

- Air Reserve Personnel Center (ARPC) (Denver, CO) - Realignment
- Robins AFB (Warner Robins, GA) - Realignment

Receiving Bases

- Randolph AFB (Universal City, TX) - Receive

Losing Activities

- Air Reserve Personnel Center (ARPC) (Buckley Annex) - Consolidate
- Air Force Reserve Recruiting Service - Co-locate

Activities being Received

- Air Force Personnel Center (AFPC) (Consolidate military personnel functions) (Co-locate with Air Force Recruiting functions)
- Air Force Recruiting Service (to Co-locate with Air Force Reserve Recruiting Service and Consolidated Air Force military personnel functions)
**Scenario #**: HSA-0014  
**Date Created**: 9/28/2004  
**Scenario Title**: GC-IM-0006: Establish Joint Base Myer-Henderson Hall

**Description**: Realign Henderson Hall by transferring the installation management functions/responsibilities to Ft. Myer and establish Joint Base Myer-Henderson Hall. The U.S. Army will assume responsibility for all Base Operating Support (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Modernization (SRM).

</tr>
</tbody>
</table>

**Description:**

Update -15 Nov 04 (Corrected Scenario Title)

Realign the following 23 locations which host 21 of the DFAS Central and Field Operating Sites; disestablish DFAS Central and Field Sites located at:

1. DFAS-Arlington, (Crystal Mall #3) 1851 South Bell Street, Arlington, VA 22240 (Headquarters, Corporate and Administrative Organizations, and Technology Services Organization)
2. DFAS-Charleston, (Strom Thurmond Financial Complex, former Charleston Naval Station) 1545 Truxtun Avenue, Charleston, SC 29405 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
3. DFAS-Cleveland, (A.J. Celebrezeze Federal Building) 1240 E. 9th Street, Cleveland, OH 44199 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
4. DFAS-Dayton, (Kettering City Business Park, former Gentile AFS) 1050 Forrer Blvd, Dayton, OH 45420 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
5. DFAS-Kansas City, (Bannister Federal Complex, Building 2) 1500 E. 95th Street, Kansas City, MO (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
6. DFAS-Lawton, (Fort Sill, Building 4705) 4700 Mow Way Road, Ft Sill, OK 73503 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations)
7. DFAS-Lexington, (Bluegrass Station, Building 1) 5751 Briar Hill Road, Lexington, KY 40516 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
8. DFAS-Limestone, (former Loring AFB) 27 Arkansas Road, Suite 100, Limestone, ME 04751 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
9. DFAS-Norfolk, (Norfolk Naval Air Station, Building Z-133 and Norfolk Naval Shipyard, Building M32) 1837 Morris Street, Suite 1401, Norfolk VA 23511 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
10. DFAS-Oakland, (John Breuner Building) 2201 Broadway, 4th Floor, Oakland, CA 94612 (Accounting Services and Corporate and Administrative Organizations)
11. DFAS-Omaha, (Offutt AFB, Building 500) P.O. Box 7010, Curtis E. LeMay Building, Bellevue, NE 68005 (Accounting Services, Commercial Pay Services, and Corporate and Administrative Organizations)
12. DFAS-Orlando, (former Naval Training Center-Orlando, Building 301) 2500 Leahy Avenue, Box 930100, Orlando, FL 32893 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
13. DFAS-Pacific Ford Island, (Ford Island Naval Base, Building 77) 477 Essex Street, Pearl Harbor, HI 96860 (Accounting Services, Commercial Pay Services, Corporate and Administrative Organizations)
14. DFAS-Patuxent River, (Exploration Park) 22299 Exploration Park Dr, Suite 300, Lexington Park, MD 20653 (Technology Services Organization)
15. DFAS-Pensacola NAS, (Pensacola Naval Air Station, Building 603) 130 West Avenue, Suite A, Pensacola, FL 32508 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)
16. DFAS-Pensacola Saufley Field, (Pensacola Saufley Field, Building 801) 250 Raby Avenue, Pensacola, FL 32509 (Technology Services Organization)
17. DFAS-Rock Island, (Rock Island Arsenal Army, Building 68) Building 68, 1 Rock Island Arsenal (RIA), Rock Island, IL 61299 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations)
18. DFAS-Rome, (Former Griffiss AFB) 325 Brooks Road, Rome, NY 13441 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, and Corporate and Administrative Organizations)
19. DFAS-San Antonio, (Southwestern Bell Company Towers) 500 McCullough Avenue, San Antonio, TX 78215 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations)
20. DFAS-San Bernardino, (Former Norton AFB) 2500 Leahy Avenue, Box 930100, Orlando, FL 32893 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations)
21. DFAS-Seattle, (DoD Center of Monterey, Building 110) 400 Gigling Road, Seaide, CA 93955 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations)
22. DFAS-St Louis, (St Louis Federal Center, Building 110) 4300 Goodfellow Boulevard, St. Louis, MO 63120 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations)

Relocate and consolidate DFAS Business Line, Corporate and Administrative functions, except for contracted product line operations and locally required customer support/liaison staff, into the following 3 retained DFAS sites:

1. DFAS-Columbus, (Defense Supply Center-Columbus, Buildings 10, 11 & 21) 3990 E Broad St, Building #21, Columbus, OH 43213 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 209,323 USF above Capacity Data Call (CDC) #1 reported assigned space. Defense Logistics Agency’s CDC response for Defense Supply Center indicated 363,200 USF vacant/available.
(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Columbus:
(2) DFAS-Denver, (Buckley AFB Annex, Buildings 444, 607 & 609, former Lowry AFB) 6760 E. Irvington Place, Denver, CO 80279 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

**Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA**

**Monday, January 03, 2005**

**Page 249 of 1138**
Registered Scenarios

As Of: 12/23/2004

(a) NOTE: DFAS requires an additional 127,929 USF above CDC #1 reported assigned space. Departure of Air Reserve Personnel Center (ARPC) will free up 127, 964 USF and enable completion of DFAS realignment to Buckley AFB Annex. Scenarios associated with the ARPC are HSA-0004, HSA-0005, and HSA-0008.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Denver: DFAS-Lawton, DFAS-Oakland, DFAS-Pacific (Ford Island), DFAS-Red River, DFAS-San Antonio, DFAS-San Bernardino, DFAS-San Diego, and DFAS-Seaside.

(3) DFAS-Indianapolis, (Bean Federal Center, former Ft Benjamin Harrison) 8899 E. 56th Street, Indianapolis, IN 46249 (Accounting Services, Commercial Pay Services, Military & Civilian Pay Services, Corporate and Administrative Organizations, and Technology Services Organization)

(a) NOTE: DFAS requires an additional 26,697 USF above CDC #1 reported assigned space. Departure of Human Resource Command – Indianapolis (former EREC) will free up 76,740 USF and enable completion of DFAS realignment. Scenarios associated with the Human Resource Command – Indianapolis HSA-0004, HSA-0005, and HSA-0006.

(b) Pending scenario question responses, functions from the following locations have the greatest potential for realignment to DFAS-Indianapolis: DFAS-Charleston, DFAS-Kansas City, DFAS-Lexington, DFAS-Orlando, DFAS-Pensacola NAS, DFAS-Pensacola Saufley Field, DFAS-Rock Island, and DFAS-St Louis.

Locations with potential retained customer support/liaison staff, contracted function(s), or which are deemed special purpose in nature include:

(2) Other customer support/liaison staff locations TBD (i.e., DFAS-Seaside, Corporate and Administrative Organization-Internal Review Auditors for Defense Manpower Data Center )

(3) LMIT-Retired & Annuity Pay Contractor, DFAS-Cleveland, 1240 E 9th Street, Cleveland, OH 44199

(4) Corporate and Administrative Organization-Contractor Support, Southbridge Hotel & Conference Center, 14 Mechanic Street, Southbridge, MA 01566

(5) Technology Services Organization, DFAS-Cleveland Bratenahl, (Defense Contract Management Agency Hosted Installation) 555 E 88th St (Admiral Kidd Center), Bratenahl, OH 44108

(6) DFAS-Red River, Texas Avenue, Texarkana, TX 75505 (Army Non-Appropriated Funds Accounting - Accounting Services and Technology Services Organization)

Justification/Impact proposed:
- Reduces footprint – Admin by 42% or 1,399,421 USF and Warehouse by 69% or 525,690 GSF.
- Implements merge/co-location personnel reduction (15%).
- Overall AT/FP enhancement – DFAS will be on a DoD installation or in Government leased space that meets DoD AT/FP standards.
- Service’s unit costs will go down.
- Gaining site expansion enabled by departure of specific military personnel organizations from Denver and Indianapolis.
- No requirement for renovation at gaining sites.
- Risk averse – Mitigates risk thru centralized, apportioned operations (each segment may serve as backup).
- Better Business Practice - Creates business line centers of excellence.
- Facilitates DFAS re-engineering for FY2011 organization.

Losing Bases

Scenario # | HSA-0019 | Date Created: | 9/30/2004
--- | --- | --- | ---
Scenario Title: | GC-CF-0003: [I] Transfer Level III Discharged Prisoners to Federal Bureau of Prisons

Description:

Realign Ft Leavenworth by transferring long-term (Level III) bed space to Federal Bureau of Prisons (FBOP). Increase number of long-term (Level III) beds with the Federal Bureau of Prisons for transfer from United States Disciplinary Barracks (USDB), Ft Leavenworth.

Justification/Impact:
- Current agreement with Federal Bureau of Prisons (FBOP) is insufficient.
- Approximately 1/3 of long-term prisoners are fully adjudicated and discharged from the military.
- Increase in FBOP support would open beds for shorter long-term prisoners at Level II facilities.
- Discharged prisoners would be sent to federal system.
- Promotes "Good order and discipline," by transferring prisoners who have committed the most serious of offenses and given long term or life sentences, away from general prison population.

Potential Conflicts:
- Cultural: "Cradle to grave" mentality. Military departments may wish to keep fully adjudicated and discharged prisoners as a way of the military "taking care" of its own.
- Other: Cost.

Losing Bases:
Leavenworth (Fort Leavenworth, KS) -

Losing Activities:
United States Disciplinary Barracks - Other
Registered Scenarios

Scenario #   HSA-0020       Date Created:   9/30/2004
Scenario Title: GC-CF-0012: [I] Create a Single Northwestern Regional Correctional Facility

Description:

Realign Subase Bangor and Fort Lewis by disestablishing the correctional facility at Subase Bangor and relocating the mission to a single Level II joint regional correctional facility located at Fort Lewis.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Subase Bangor (Year built-1995)/(FY01 inmate count-42); Fort Lewis (Year built-1957)/(FY03 inmate count-206). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable land is available at Fort Lewis, questionable as to availability of land at Subase Bangor. New facility required at Fort Lewis.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

Losing Bases
Naval Submarine Base Bangor (Silverdale, WA) - Realignment

Receiving Bases
Lewis (Tacoma, WA) - Receive

Losing Activities
Waterfront Brig/Correctional Custody Unit Puget Sound - Consolidate

Activities being Received
Army Regional Correctional Facility
**Scenario #**  HSA-0021  **Date Created:** 9/30/2004

**Scenario Title:**  GC-CF-0013: [I] Create a Single Southwestern Regional Correctional Facility

**Description:**

Realign MCAS Miramar, Edwards AFB, Kirtland AFB and Camp Pendleton by disestablishing the correctional facilities at Edwards AFB, Kirtland AFB and Camp Pendleton and relocating the mission to a single Level II joint regional correctional facility to be located at MCAS Miramar.

- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- MCAS Miramar (Year built-1989)/(FY03 inmate count-320); Edwards AFB (Year built-1950)/(FY03 inmate count-14); Kirtland AFB (Year built-1950)/(FY01 inmate count-16); Camp Pendleton (Year built-1972)/(FY02 inmate count-213). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ MCAS Miramar. Additional facility required.
- MCAS Miramar remains executive agent for Level III females.

**Potential Conflicts:**

- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON: Large Level I requirement as of 9/22/04 (60-pre-trial, 61-adjudged level I, 51- level II). Pretrial confinement is used intuitively by DON (cultural). USA and USAF don't use pre-trial as often as DON.

Scenario Title:  GC-CF-0014: [I] Create a Single Midwestern Regional Correctional Facility

Description:

Realign Fort Leavenworth, Fort Knox, Fort Sill and Lackland AFB by disestablishing the correctional facilities at Fort Knox, Fort Sill and Lackland AFB and relocating the mission to a single Level III joint regional correctional facility to be located at the United States Disciplinary Barracks, USDB, Fort Leavenworth.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Fort Leavenworth (Year built-2001)/(FY03 inmate count-450); Fort Knox (Year built-1953)/(FY02 inmate count-156); Fort Sill (Year built-1977)/(FY03 inmate count-123); Lackland AFB (Year built-1996)/(FY02 inmate count-25). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ Fort Leavenworth. Additional bowties are required to be built.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

Losing Bases

Knox (Fort Knox, KY) - Realignment
Lackland AFB (San Antonio, TX) - Realignment
Sill (Fort Sill, OK) - Realignment

Receiving Bases

Leavenworth (Fort Leavenworth, KS) - Receive

Losing Activities

Army Regional Correctional Facility - Consolidate
Lackland Confinement Facility - Consolidate
Army Regional Correctional Facility - Consolidate

Activities being Received

United States Disciplinary Barracks

Scenario # HSA-0024 Date Created: 9/30/2004

Scenario Title: GC-CF-0017: [I] Create a Single Southeastern Regional Correctional Facility

Description:
Realign Naval Weapons Station Charleston, Naval Air Station Pensacola and Naval Air Station Jacksonville by disestablishing the correctional facilities at Naval Air Stations Pensacola and Jacksonville and relocating the mission to a single Level II joint regional correctional facility to be located at Naval Weapons Station Charleston.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- NWS Charleston (Year built-1989)/(FY02 inmate count-241); NAS Jacksonville (Year built-1990)/(FY02 inmate count-40); NAS Pensacola (Year built-1995)/(FY01 inmate count-36). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ NWS Charleston.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.

Losing Bases

Naval Air Station Jacksonville (Jacksonville, FL) - Realignment

Naval Air Station Pensacola (Pensacola, FL) - Realignment

Receiving Bases

Naval Weapons Station Charleston (Goose Creek, SC) - Receive

Losing Activities

Waterfront Brig/Correctional Custody Unit
Jacksonville - Consolidate

Waterfront Brig/Correctional Custody Unit
Pensacola - Consolidate

Waterfront Brig/Correctional Custody Unit
Pensacola - Consolidate

Registered Scenarios

Scenario #  HSA-0025  Date Created:  10/6/2004
Scenario Title:  MOB-MOB-0001: Establish Joint Mobilization Site Dix/McGuire/Lakehurst

Description:
Realign Aberdeen Proving Ground, Washington Navy Yard, SUBASE Groton, McGuire AFB by consolidating at a newly established joint mobilization processing center at Ft Dix.

Justifications/Impact:
- 9 locations for transportation within 100 miles.
- Billeting available for 6849 personnel.
- Over 200 buildable acres, 2085 training acres and 5276 unconstrained acres.
- Significant dining, billeting, medical, storage infrastructure existing.

Losing Bases
Aberdeen (Aberdeen, MD) - Realignment
McGuire AFB (Wrightstown, NJ) - Realignment
Naval Submarine Base New London (Groton, CT) - Realignment
Washington Navy Yard (Washington, DC) - Realignment

Receiving Bases
Dix (Fort Dix, NJ) - Receive

Losing Activities
Mobilization-Aberdeen - Consolidate
Mobilization-McGuire - Consolidate
Mobilization-New London - Consolidate

Activities being Received
Mobilization-Dix
Scenario #  HSA-0026  Date Created:  10/6/2004
Scenario Title:  MOB-MOB-0002: Establish Joint Mobilization Site Lewis/McChord
Description:

Realignment Bangor NSB and McChord AFB by consolidating at a newly established joint mobilization processing center at Ft Lewis, McChord AFB.

- 18 locations for transportation within 100 miles.
- Billeting available for 7,632 personnel.
- 1,140 buildable acres, 260,307 unconstrained acres.
- Dining, billeting, medical, storage infrastructure existing.
- With the fence line adjoining McChord AFB this would enhance the Joint Mob Site.

Losing Bases

McChord AFB (Tacoma, WA) - Realignment
Naval Submarine Base Bangor (Silverdale, WA) - Realignment

Receiving Bases

Lewis (Tacoma, WA) - Receive

Losing Activities

Mobilization-McChord - Consolidate
Mobilization-Bangor - Consolidate

Activities being Received

Scenario #  HSA-0034  Date Created:  10/13/2004
Scenario Title:  GC-IM-0012: Consolidate South Hampton Roads Installations

Description:
Realignment Ft. Story by transferring the installation management functions/responsibilities to Navy Region Mid-Atlantic located at Naval Station Norfolk. The U.S. Navy will assume responsibility for all Base Operating Supprt (BOS) (with the exceptions of Health and Military Personnel Services) and the O&M portion of Sustainment, Restoration and Moderation (SRM).

Losing Bases
Story (Virginia Beach, VA) - Realignment

Receiving Bases
Commander Mid Atlantic Region (Virginia Beach, VA) - Receive

Losing Activities
Installation Management - Story - Consolidate

Activities being Received
Installation Management - Story
Registered Scenarios

Scenario #  HSA-0035  Date Created:  10/14/2004
Scenario Title:  MAH-R&RC-0008: Co-locate National Guard HQs

Description:
Realign Arlington Army National Guard Readiness Center (ARNGRC) and National Guard HQs elements in Crystal City (NGB, ARNG and ANG) and co-locate with Air National Guard Readiness Center at Andrews AFB.
Enables MAH-0015 to realign 14 leased locations by relocating components of USA Activities (Office of the Administrative Assistant of the Army, Army Audit Agency, ASA(F&M, I&E, M&R), CECOM, DUSA, G-1, 3, 8, OASA, OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, and USALSA.
Enhances interoperability.
Merge common support functions.
Reduce leased space costs (~350,000 gsf).
Reduce duplicative staffing.
Enhances force protection.
59 administrative buildable acres available.
Required maximum acreage: 33.
Total personnel relocated: TBD. ANG on AAFB.
NGB/AAFB negotiations initiated prior to BRAC.

Losing Bases
Army National Guard Readiness Center (Arlington, VA) - Realignment
Crystal City Lease (Arlington, VA) - Realignment

Receiving Bases
Andrews AFB (Camp Springs, MD) - Receive

Losing Activities
Army National Guard - Relocate
Air National Guard - Relocate
Army National Guard - Relocate
National Guard Bureau - Relocate

Activities being Received
Air National Guard
Army National Guard
National Guard Bureau
### Scenario 
HSA-0036  
**Date Created:** 10/14/2004  
**Scenario Title:** MAH-R&RC-0007: Co-locate Service Reserve Commands

**Description:**
Realigned Ft McPherson, GA, Robins AFB, GA and NSA New Orleans, LA, by co-locating the Service Reserve Commands of the Army, Air Force, Navy and Marine Corps, respectively, at Robins AFB, GA.  
MPC-0001, 0010, 0012, COCOM-0008, 0009 and USA 0112 enables the closure of NSA New Orleans and Ft McPherson by consolidating Human Resource Commands and Centers as well as relocating or co-locating FORSCOM from Ft McPherson.  
Enhances Joint Service RC interoperability.  
Reduce footprints: 30.4k gsf (7% CS factor)  
Reduce lease space costs: USARC (58,369 gsf).  
Merge common support functions: 152 per. (7% CS factor).  
Reduce duplicative staffing.  
Potential to close NSA New Orleans (MPC-0001, 0010, 0012) and Ft McPherson (COCOM-0008, 0009 and USA 0112).  
59.6 administrative buildable acres available.  
Required maximum acreage: 36.  
Total personnel relocated: 2,025.  

Conflicted: Scenario conflicts with DoN-0068.  
Deconflicted with HAS-0041 alternates, HAS-0094 and HSA-0120.

### Losing Bases

- McPherson (Atlanta, GA) - Realignment
- Naval Support Activity New Orleans (New Orleans, LA) - Realignment

### Receiving Bases

- Robins AFB (Warner Robins, GA) - Receive

### Losing Activities

- U.S. Army Reserve Command - Co-locate
- COMMARFORRES - Co-locate
- COMNAVRESFORCOM - Co-locate

### Activities being Received

### Scenario Title:
MAH-R&RC-0003: Relocate Army Reserve Command

### Description:
Realign Ft McPherson, GA by relocating Army Reserve Command at Ft Detrick, MD.
- COCOM-0008, 0009 and USA 0112 enable the closure of Ft McPherson, GA.
- Enhance Service AC/RC interoperability.
- Merge common support functions.
- Reduces lease costs (USARC in 58,369 gsf).
- Reduce duplicative staffing: Est: 64 personnel.
- Potential to close Ft McPherson COCOM-0008, 0009, USA 0112).
- Administrative buildable acres available: 36.2.
- Required maximum acreage: 11.7.
- Total personnel relocated: 910.

### Losing Bases
- McPherson (Atlanta, GA) - Realignment

### Losing Activities
- U.S. Army Reserve Command - Relocate

### Receiving Bases
- Detrick (Frederick, MD) - Receive

### Activities being Received
- U.S. Army Reserve Command
Scenario # | HSA-0041  
Scenario Title: MAH-R&RC-0016: Relocate Navy Reserve  
Date Created: 10/14/2004  
Description:

Realign NSA New Orleans, LA by co-locating Naval Reserve Command with Commander Fleet Forces Command at Norfolk, VA.  
MPC-0001, 0010, 0012 enable the closure of NSA New Orleans by relocating Naval Reserve Personnel Center and Enlisted Placement & Management Center at either San Antonio, TX mega-center, Ft Leavenworth, TX or NSA Millington, TN, respectively.  
Enhances Service AC/RC interoperability.  
Merge common support functions.  
Reduce footprint: 34 per/6.8k gsf (7% Common Support factor).  
Potential to close NSA New Orleans (H&SA-0041, MPC-0001, 0010, 0012).  
Administrative buildable acres at NSA Norfolk: 16.5  
Required maximum acres at Norfolk: 6.5  
Total personnel relocated: 458.  
Conflicted: Navy Reserve to NSA Norfolk conflicts with DoN-0001, 0033, 0034; H&SA-0023, 0041; IND-0003, 0004, 0006, 0009-0012; S&S-0003.  
Deconflicted by HAS-0094.  
Conflicted: COMMARFORRES to MCB Quantico conflicts with DoN-0066; H&SA-0003, 0041, 0094, 0108.  
Deconflicted by HAS-0120.

Losing Bases

Naval Support Activity New Orleans (New Orleans, LA) - Realignment  

Receiving Bases

Naval Support Activity Norfolk (Norfolk, VA) - Receive  

Losing Activities

COMNAVRESFORCOM - Co-locate  

Activities being Received

COMNAVRESFORCOM
Scenario #  | HSA-0045  | **Date Created:**  | 10/15/2004  
Scenario Title:  | MAH-MAH-0001 (Dc): Consolidate Defense Information Systems Agency (DISA) Components within DC Area  
Description:  
Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Ft. Meade.  
Justification/Impact:  
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.  
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.  
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).  
- 5 leased locations can be closed: approx. 555,000 USF.  
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.  
- Enhances AT/FP  
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.  
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.  
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

**Losing Bases**

- 5600 Columbia Pike, Falls Church, VA (Falls Church, VA) - Close  
- Arlington Service Center (Arlington, VA) - Realignment  
- Belvoir (Fort Belvoir, VA) - Realignment  
- Crystal Gateway 3; Arlington; VA (Arlington, VA) - Realignment  
- Fern Street Warehouse; Arlington; VA (Arlington, VA) - Close  
- Hoffman 1; Alexandria; VA (Alexandria, VA) - Realignment  
- Joint Spectrum Center; Annapolis; MD (Annapolis, MD) - Close  
- Northpoint Building; Sterling; VA (Sterling, VA) - Close  
- Skyline Five; Falls Church; VA (Falls Church, VA) - Realignment  
- Skyline Four ; Falls Church; VA (Falls Church, VA) - Realignment  
- Skyline Place (Skyline VII); Falls Church; VA (Falls Church, VA) - Close

**Receiving Bases**

- Meade (Fort George G Meade, MD) - Receive

**Losing Activities**

- Defense Information Systems Agency (DISA) - Consolidate  
- Defense Information Systems Agency (DISA) - Consolidate  
- Defense Information Systems Agency (DISA) - Consolidate  
- Defense Information Systems Agency (DISA) - Consolidate  
- Defense Information Systems Agency (DISA) - Consolidate  
- Defense Information Systems Agency (DISA) - Consolidate  
- Defense Information Systems Agency (DISA) - Consolidate  
- Defense Information Systems Agency (DISA) - Consolidate

- Defense Information Systems Agency (DISA) - Consolidate

**Activities being Received**

- Defense Information Systems Agency (DISA)  
- DISA
**Registered Scenarios**

**Scenario #** HSA-0047  
**Date Created:** 10/15/2004  
**Scenario Title:** MAH-MAH 0004 (Dc): Co-locate Missile and Space Defense Agencies

**Description:**

Close 7 leased locations in the DC Area, close 10 leased locations in Huntsville, AL, realign 3 leased locations in the DC Area, realign Naval Support Activity Dahlgren, and facilitate disposal of Federal Office Building 2 by consolidating components of Missile Defense Agency (MDA) and co-locating with USA Space and Missile Defense Command Headquarters (SMDC), Naval Network and Space Operations Command (COMNAVNETSPAOPSCOM), and existing offices of SMDC and MDA at Redstone Arsenal.

**Justification/Impact:**

- Encompasses 933,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 728,600 GSF.
- 17 leased locations can be closed: approx. 395,000 USF
- Affects 4,194 personnel, as currently reported. Scenario estimates a 14% personnel savings for MDA and SMDC as a result of consolidation, or 515 personnel, and a 7% personnel savings for the Navy activity as a result of co-location, or 36 positions.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations, e.g. MDA from at least 20 to 1, eliminates redundancy and enhances efficiency.
- Consolidation and co-location of large HQs facilitates possible consolidation of common support functions.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Consolidation and co-location of organizations with like missions promotes "jointness" and creates opportunities for synergy.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Scenario #: HSA-0048  Date Created: 10/15/2004

Scenario Title: MAH-MAH-0002 (Dc): Consolidate Missile Defense Agency (MDA) within DC Area

Description:

Realignment of 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Meade.

Justification/Impact:
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person = 419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

Scenario Title: MAH-MAH-0035 (Alt to MAH-0002): Consolidate Missile Defense Agency (MDA) outside of the DC Area

Description:

Realignment 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Peterson Air Force Base.

Justification/Impact:
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- Affected approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

Date Created: | 10/15/2004
Scenario Title: | MAH-COCOMs-0002: [C:reference below for scenario conflicts] Co-Locate USARPAC with PACFLT and PACAF

Description:

Realign Ft Shafter, HI by co-locating USARPAC with PACFLT and PACAF and co-locating IMA Region Pacific with Navy Region HI with the Naval Station Pearl Harbor/Hickam AFB, HI Geo-cluster

Co-locates three PACOM service component commands in the Geo-cluster which will reduce footprint, improve interoperability, and realize savings through shared common support functions. Realize savings through the potential closure of Ft Shafter, HI.

128,569 GSF vacant admin space available at Naval Station Pearl.

Utilizing space standard, USARPAC requires 34,400 sq. ft.

Scenario conflicts: C: DoN-0036, DoN-0037, DoN-0042, H&SA-0096, IND-0022, and MED-0001

Directs DoN, H&SA, IND & MED to develop and analyze scenarios that do not use Naval Station Pearl Harbor facilities.

**Scenario #** HSA-0051  **Date Created:** 10/15/2004

**Scenario Title:** MOB-MOB-0004: Establish Joint Mobilization Site Port Hueneme/Camp Roberts/Hunter Liggett

**Description:**
Close Armed Forces Reserve Center (AFRC) Ventura and move to Port Hueneme. Establish a joint mobilization processing/reserve training center at Naval Base Ventura County (Port Hueneme)/Camp Roberts/Ft Hunter Liggett.

- Justification/Impact
- Second largest deep water port on the west coast. Ideal location for Southwest Regional MOB site.
- 24 locations for transport within 100 miles.
- Over 200 buildable and unconstrained acres.
- Dining, billeting, medical, storage infrastructure available.
- San Diego and Camp Pendleton have minimal expansion capabilities.

Scenario #   HSA-0053
Scenario Title: MAH-MAH-0022 (Dc): Co-locate Miscellaneous OSD and 4th Estate Leased Locations
Date Created: 10/15/2004

Description:

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project at an administrative campus at the Engineering Proving Ground site at Ft. Belvoir.

Justification/Impact:
- Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
- Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space. Also eliminates one leased location in Georgia.
- 13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
- Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
- Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Scenario #  | HSA-0056  | Date Created:  | 10/15/2004  
Scenario Title: | MAH-MAH-0024 (I): Co-locate Miscellaneous USAF Leased Locations  
Description:  
Close 3 and realign 16 leased locations in the DC Area by co-locating components of the following USAF Activities at Andrews Air Force Base: SAF/SB, SAF/PA, SAF/IE, SAF/GC, SAF/FM, SAF/AQ, SAF/AG, SAF/AA, AF/CIO, AF/XO, AF/JA, AF/IL, AF/DP, and AF Personnel Operations.  
Justification/Impact:  
- Eliminates 195,000 USF of leased space within DC Area.  
- 3 leased locations can be closed: 63,100 USF.  
- Affects 908 personnel, as currently reported. Scenario estimates a 7% personnel savings for all but largest organization (AF/IL) as a result of co-location, or 47 positions.  
- Computed space required at 200 GSF/person = 172,200 GSF.  
- Enhances AT/FP.  
- Co-location of organizations facilitates possible consolidation of common support functions.  
- Sufficient existing administrative space is expected to be available at Andrews AFB as a result of relocation of activities via other scenarios.

Scenario Title: | MAH-MAH-0013 (I): Co-locate TRANSCOM Components

Description:
Realign Washington Navy Yard and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing SDDC offices at Ft. Eustis.

Justification/Impact:
- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 959 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 74 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 171,000 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Eustis reports no vacant administrative space and sufficient land to accommodate 6 million GSF of new administrative space.

## Registered Scenarios

**Scenario #** HSA-0065  
**Date Created:** 10/15/2004

### Scenario Title:
MAH-MAH-0018 (Dc): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

### Description:
Realignment of 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Aberdeen Proving Ground (APG).

**Justification/Impact:**
- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at $3.3M annually (FY04 cost).
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

### Registered Scenarios

**Scenario #**  HSA-0067  
**Date Created:**  10/15/2004  
**Scenario Title:**  MAH-MAH-0030 (C): Relocate DCMA HQ  

**Description:**

Close 1 leased space location in Springfield, VA and relocate DCMA Headquarters to Ft. Lee.

- **Justification/Impact:**
  - Eliminates over 80,000 USF of leased space within DC Area.
  - Enhances AT/FP.
  - Space required is 100,200 GSF.
  - Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.

--- | ---
HSA-0069 | 10/15/2004

**Scenario Title:** MAH-MAH-0015 (C): Co-locate Miscellaneous Army Leased Locations

**Description:**

- Realign 18 leased locations by relocating components of the following USA Activities to Arlington Hall, Aberdeen Proving Ground, and Ft. Belvoir: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&MC), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-6, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.

- MAH-R&RC-0008 enables MAH-MAH-0015 by relocating the HQ Army National Guard from Arlington Hall to Andrews AFB.

**Justification/Impact:**

- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Arlington Hall has a capacity of 248,000 GSF; it is expected to be available due to the relocation of the Army National Guard HQ.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.

**Losing Bases**

### Scenario #
HSA-0070

### Date Created:
10/15/2004

### Scenario Title:
MAH-MAH-0011 (I): Co-locate MILDEP and DoD Medical Activities

### Description:
Close 1 and realign 5 leased locations in the DC Area and realign Bolling AFB and Potomac Annex by co-locating the following medical entities at Walter Reed Army Medical Center (WRAMC): Tricare Management Agency, AF Medical Support Agency, USA Office of the Surgeon General (includes USA Medical Command (DC Area offices)), and Navy Bureau of Medicine (BUMED).

Justification/Impact:
- Eliminates 168,000 USF of leased space within the DC Area.
- Affects 1,589 personnel.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 7% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 71 positions.
- Space required is approximately 303,600 GSF.
- Relocates major tenant from Potomac Annex and allows Navy to consider closing that installation.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

## Registered Scenarios

### Scenario #
- HSA-0071

### Date Created:
- 10/15/2004

### Scenario Title:
- MAH-MAH-0012 (Dc): Create New Agency for Media and Publications

### Description:
- Realign Fort Belvoir, Anacostia Annex, 2 leased locations in Alexandria, VA, 1 leased location in Norfolk, VA, and 1 leased location in San Antonio, TX by consolidating Army Broadcasting Service, Soldiers Radio & TV; Soldiers Magazine, Air Force News Agency, Army/Air Force Hometown News Service; Naval Media Center; and Navy’s Fleet Hometown News into a newly created DoD Media Activity at Ft. Meade.
- Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the Defense Information School and the new DoD Media Activity at Ft. Meade.

### Justification/Impact:
- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.

</table>
**Scenario Title:** GC-DA-0003: [I] [Alt to HSA-0095] Consolidate DSS/CIFA At Fort Meade, MD (12 Oct 04)

**Description:**
Realigned leased space in Arlington and Alexandria, VA; Columbus, OH; Smyrna, GA, Long Beach, CA; Elkridge and Linthicum, MD, and Colorado Springs, CO, by disestablishing Defense Security Service and Defense Counterintelligence Field Activity (CIFA) and consolidating functions under a newly-created organization, e.g., DoD Counterintelligence and Security Agency, and relocating them to a new facility to be built on 526 acres of available administrative space at Fort Meade, MD. This is an HSA and Intel collaborative scenario; the HSA JCSG is Office of Primary Responsibility, Intel JCSG is the Office of Collateral Responsibility. This is an alternate scenario to HSA-0095, which places this organization at Wright Patterson AFB, OH.

### Losing Bases
- CIFA - Joint Training Academy (Elkridge, MD) - Realignment
- CIFA - Arlington (Arlington, VA) - Realignment
- CIFA - Colorado Springs (Colorado Springs, CO) - Realignment
- DSS - Alexandria (HQ) (Alexandria, VA) - Realignment

**Scenario #** HSA-0076  
**Date Created:** 10/21/2004  
**Scenario Title:** MAH-MAH-0007 (Dc): Co-locate MILDEP Investigation Agencies  

**Description:**

**Justification/Impact:**
- Frees up 510,000 GSF close to Pentagon for other uses.
- Affects 2,293 personnel, as currently reported.
- Co-location of organizations facilitates possible consolidation of common support functions; applied a 10% personnel savings factor to the smallest organizations in this scenario, resulting in a forecast reduction of 141 positions.
- Computed space required at 200 GSF/person = 430,000 GSF.
- Navy NCIS needs upgraded HQ facility.
- Ft. Meade reports 28,755 GSF of vacant administrative space and sufficient land to accommodate 7.4 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.

**Losing Bases**

Andrews AFB (Camp Springs, MD) - Realignment
Belvoir (Fort Belvoir, VA) - Realignment
Washington Navy Yard (Washington, DC) - Realignment

**Receiving Bases**

Meade (Fort George G Meade, MD) - Receive

**Losing Activities**

AFOSI - Co-locate
USA Criminal Investigation Command - Co-locate
NCIS - Co-locate

**Activities being Received**

AFOSI
NCIS
USA Criminal Investigation Command
Description:

- Realign 1 leased location in Arlington, Virginia by relocating USA Installation Management Agency (IMA) to Ft. Lee.
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at Ft. Lee.
- Realign Rock Island by consolidating IMA regional office with existing office at Ft. Sam Houston, forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at Ft. Lee.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at Ft. Sam Houston.
- Realign Rock Island by consolidating NETCOM regional office with existing office to form NETCOM Western Region at Ft. Sam Houston.

Justification/Impact:
- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.
- Ft. Sam Houston reports 88,945 GSF of vacant administrative space and sufficient land to accommodate nearly 11 million GSF of new administrative space.

Scenario # HSA-0078  Date Created: 10/21/2004
Scenario Title: MAH-MAH-0028 (Dc): Consolidate NAVAIR Leased Locations

Description:

Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to NAS Paxtuxent River.

Justification/Impact:
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy.
- NAS Patuxent River reports 20,809 GSF of vacant administrative space and sufficient land to accommodate over 4 million GSF of new administrative space.

Registered Scenarios

Riley (Junction City, KS) - Receive CPOC-Southwest
Wright-Patterson AFB (Fairborn, OH) - Receive 88 MSG/DPC
### Registered Scenarios

**Scenario #**  
HSA-0089

**Date Created:** 10/28/2004

**Scenario Title:**  
MAH-MAH-0036 (Dc): Consolidate Defense Information Systems Agency (DISA) within DC Area - Alternate

**Description:**

Close 5 leased locations and realign 4 leased locations and Arlington Service Center (Navy) by consolidating components of DISA at Ft. Belvoir.

**Justification/Impact:**

- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

### Registered Scenarios

**Scenario #** HSA-0090  
**Date Created:** 10/28/2004

#### Scenario Title:
MAH-MAH-0037(Dc): Consol. Defense Information Systems Agency (DISA) Components outside of DC Area

#### Description:
Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Peterson Air Force Base.

**Justification/Impact:**
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Peterson AFB reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

### Registered Scenarios

**Scenario #** HSA-0092  
**Date Created:** 10/28/2004  
**Scenario Title:** MAH-MAH-0039 (Alt to MAH-0014) : Relocate Army Materiel Command(AMC)-Alternate

#### Description:

Realignment Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Redstone Arsenal.

Justification/Impact:
- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Scenario # HSA-0093  
Date Created: 10/28/2004

Scenario Title: MAH-MAH-0040 (Alt to MAH-0018): Consolidate Army Test and Evaluation Command (ATEC) Headquarters

Description:

Realign 1 leased location in Alexandria, Virginia by consolidating Army Test and Evaluation Command (ATEC) HQ and an office of the Army Evaluation Center (sub-component of ATEC) with ATEC sub-components at Ft. Belvoir.

Justification/Impact:
- Eliminates 83,000 USF of leased space within the DC Area.
- Affects 470 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 80,800 GSF.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Army estimates leased space cost avoidance at $3.3M annually (FY04 cost).
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

Losing Bases

Park Center Four; Alexandria; VA (Alexandria, VA) - Realignment

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Losing Activities

Army Test and Evaluation Command - Relocate

Activities being Received

Army Test and Evaluation Command
**Scenario #**  HSA-0094  
**Date Created:** 10/28/2004  
**Scenario Title:** MAH-R&RC-0018: Relocate Navy Reserve  

**Description:**

Realign NSA New Orleans, LA by co-locating Naval Reserve Command with Commander Fleet Forces Command at NAB Little Creek, VA.  
Enhances Service AC/RC interoperability.  
Merge common support functions.  
Reduce staff: 34 per/6.8k gsf (7% Common Support factor).  
Potential to close NSA New Orleans.  
Administrative buildable acres NAB Little Creek: 37.7.  
Required maximum acres NAB Little Creek: 6.5.  
Total personnel relocated: 458.  
This scenario deconflicts HSA-0041.

**Losing Bases**  
Naval Support Activity New Orleans (New Orleans, LA) - Realignment

**Receiving Bases**  
Naval Amphibious Base Little Creek (Norfolk, VA) - Receive

**Losing Activities**  
COMNAVRESFORCOM - Co-locate  

**Activities being Received**  
COMNAVRESFORCOM
Scenario Title: GC-DA-0004:[I] [Alt to HSA-0072] Consolidate DSS/CIFA At Wright Patterson AFB, OH (26 Oct 04)

Description:

Realign leased space in Alexandria and Arlington, VA; Columbus, OH; Smyrna, GA; Long Beach, CA; Elkridge and Linthicum, MD; and Colorado Springs, CO, by disestablishing Defense Security Service (DSS) and Defense Counterintelligence Field Activity (CIFA) and consolidating functions in a new facility to be built on 120 admin buildable acres or 82 undetermined acres, or in 182,000 USF of admin space available at Wright Patterson AFB, OH, under a newly-created organization, e.g., DoD Counterintelligence and Security Agency. This is an HSA and Intel collaborative scenario; HSA JCSG is the Office of Primary Responsibility, the Intel JCSG is the Office of Collateral Responsibility. This is an alternate scenario to HSA-0072, which places this new organization at Ft Meade, MD.

## Losing Bases

Scenario #  HSA-0100  Date Created:  10/29/2004
Scenario Title:  GC-DA-0006: [I] Consolidate DSS Academy and Joint CI Training Academy At Ft Meade, MD (26 Oct 04)
Description:

Realign leased space in Elkridge and Linthicum, MD, by consolidating Defense Security Service Academy and the Joint Counterintelligence Training Academy at Fort Meade, MD. This is an alternate scenario to HSA-0095, which consolidates all DSS/CIFA activities at Wright Patterson AFB, OH. This is an HSA and Intel collaborative scenario; the HSA JCSG is the Office of Primary Responsibility, the Intel JCSG the Office of Collateral Responsibility.

Losing Bases

CIFA - Joint Training Academy (Elkridge, MD) - Realignment

DSS - DSS-A (Linthicum, MD) - Realignment

Receiving Bases

Meade (Fort George G Meade, MD) - Receive

Losing Activities

CIFA JCITA 6855 Deerpath Road (leased)
Elkridge - Consolidate

DSS ACADEMY 938 Elridge Landing (leased)
Linthicum - Consolidate

Activities being Received

CIFA JCITA 6855 Deerpath Road (leased)
Elkridge

DSS ACADEMY 938 Elridge Landing (leased)
Linthicum
Scenario Title: MAH-MAH-0044 (Alt to MAH-0028): Consolidate NAVAIR

Description:
Close 7 leased locations in Patuxent River and Lexington Park, Maryland by relocating NAVAIR Components to a single, AT/FP compliant leased location.

Justification/Impact:
- Eliminates 92,000 USF of leased space within DC Area.
- Affects 620 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 87 positions.
- Space required is 106,600 GSF.
- Enhances AT/FP.
- The exact location of new, leased space is determined by a competitive bidding procurement process.

Scenario #: HSA-0104  Date Created: 11/4/2004

Scenario Title: MAH-MAH-0045 (Alt to MAH-0012): Create New Agency for Media and Publications

Description:

Realignment Fort Belvoir, Anacostia Annex, 2 leased locations in Alexandria, VA, 1 leased location in Norfolk, VA, and 1 leased location in San Antonio, TX by consolidating Army Broadcasting Service, Soldiers Radio & TV; Soldiers Magazine, Air Force News Agency, Army/Air Force Hometown News Service; Naval Media Center; and Navy’s Fleet Hometown News into a newly created DoD Media Activity at Lackland Air Force Base.

Close 1 leased location in Alexandria, VA by co-locating the American Forces Information Service with the new DoD Media Activity at Lackland Air Force Base.

Justification/Impact:
- Eliminates approximately 84,000 USF of leased space.
- Affects 608 personnel. Scenario estimates a 20% personnel savings for the media activities as a result of consolidation, or 78 positions, and a 10% savings for AFIS as a result of co-location, or 22 positions.
- Space required is approximately 101,600 GSF.
- Enhances AT/FP.
- Consolidation and co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Lackland AFB reports no vacant administrative space and sufficient land to accommodate 1.76 million GSF of new administrative space.

<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Peterson Air Force Base.

- Justification/Impact:
  - Eliminates 27,000 USF of leased space.
  - Enhances AT/FP.
  - Consolidation of HQs from multiple to single locations eliminates redundancy.
  - Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
  - SMDC has existing, large presence at Peterson AFB.
  - Peterson AFB reports 0 GSF of vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.

Scenario # HSA-0106  Date Created: 11/4/2004

Scenario Title: MAH-MAH-0047 (Alt to MAH-0022): Co-locate Miscellaneous OSD and 4th Estate Leased Locations

Description:

Close 13 and realign 23 leased locations by co-locating components of the Office of the Secretary of Defense, Washington Headquarters Services, the Defense Technology Security Administration, the Defense Legal Services Agency, the Defense Human Resources Activity, the DoD Education Activity, and the DOD Inspector General along with sufficient space to accommodate overflow from the Pentagon Renovation Project to an administrative campus at Walter Reed Army Medical Center (WRAMC).

Justification/Impact:
- Encompasses 1.2 million GSF (or equivalent) of regular leased space plus 1.0 million GSF as a placeholder for Pentagon Renovation overflow. Computed space required at 200 GSF/person = 1.7 million GSF.
- Eliminates 1,050,000 USF of regular leased space within the DC Area, plus over 900,000 equiv GSF in Pentagon Renovation space.
- 13 leased locations can be closed, including Pentagon Renovation buildings: approx. 1.3 million USF.
- Affects 3,679 personnel in regular space plus provides space for an estimated 5,000 personnel potentially affected by the Pentagon Renovation overflow, as currently reported.
- Scenario estimates a 20% personnel savings for WHS as a result of consolidation, or 61 positions, and a 7% factor for all other entities except OSD as a result of co-location, or 142 positions.
- Enhances AT/FP.
- Consolidation of HQ location with sub-components eliminates redundancy and enhances efficiency.
- Space is expected to become available at WRAMC as a result of other BRAC actions.

**Date Created:** 10/21/2004

**Scenario Title:** MAH-MAH-0042 (Alt to MAH-0009): Consolidate/Co-locate Inst Mgmt Agencies and Army Service Providers

**Description:**

- Realign 1 leased location in Arlington, Virginia by re-locating USA Installation Management Agency (IMA) to Aberdeen Proving Ground (APG).
- Realign 5 leased locations in Falls Church, Arlington, and Alexandria, Virginia by co-locating USA Community and Family Support Center, USA Center for Substance Abuse, USA Family Liaison Office, and USA Human Resources Office XXI with IMA headquarters at APG.
- Realign Ft. McPherson and Ft. Monroe by consolidating regional offices of IMA with new IMA HQ at APG, forming an IMA Eastern Region.
- Realign Ft. Sam Houston by consolidating IMA regional office with existing office at Rock Island Arsenal (RIA), forming IMA Western Region.
- Realign 2 leased locations in Falls Church and Alexandria, Virginia, Ft. Monroe, and Ft. Eustis by consolidating Army Contracting Agency (ACA) HQ and regional offices to form ACA Eastern Region at APG.
- Realign Ft. McPherson by consolidating ACA regional office with existing office to form ACA Western Region at RIA.
- Realign 1 leased location in Arlington, Virginia, Ft. Monroe, and Ft. McPherson by consolidating USA NETCOM HQ and regional offices to form NETCOM Eastern Region at APG.
- Realign Ft. Sam Houston by consolidating NETCOM regional office with existing office to form NETCOM Western Region at RIA.

**Justification/Impact:**
- Eliminates nearly 300,000 equivalent GSF of leased space within the DC Area.
- Impacts over 1,431 personnel (figure not final; missing some Army data).
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.
- USA estimated personnel reduction of up to 200 positions (IMA Regions).
- Aberdeen Proving Ground reports 68,297 GSF of vacant administrative space and sufficient land to accommodate 9 million GSF of new administrative space.
- Rock Island Arsenal – Capacity TBD.

**Scenario Title:**
MAH-MAH-0037(Alt): Consol. Defense Information Systems Agency (DISA) Components outside of DC Area

### Description:

Close 5 leased locations and realign 4 leased locations, Arlington Service Center (Navy), and Ft. Belvoir by consolidating components of DISA at Schriever Air Force Base.

**Justification/Impact:**
- Consolidation of HQ locations from 11 to 1 eliminates redundancy and enhances efficiency.
- Encompasses 1.06 million GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 754,200 GSF.
- Eliminates 581,000 USF of leased space within the DC Area (726,000 GSF equiv).
- 5 leased locations can be closed: approx. 555,000 USF.
- Affects 4,714 personnel, as currently reported. Scenario estimates a 20% personnel savings as a result of consolidation, or 943 positions.
- Enhances AT/FP
- Relocates major tenant from Arlington Service Center and allows Navy to consider closing that installation.
- Scenario does not consolidate the following locations: Anacostia Annex, Chambersburg, and Mechanicsburg.

**NOTE:** It is anticipated that this scenario will be further refined to be either Peterson AFB or Schriever AFB or parts of DISA at each installation.

**Date Created:** 11/17/2004  
**Scenario Title:** MAH-MAH-0048 (Alt to MAH-0013): Co-locate TRANSCOM Components

#### Description:

Realign Washington Navy Yard, Ft. Eustis, and 1 leased location in Alexandria, Virginia by co-locating USN Military Sealift Command (COMSC) and USA Surface Deployment and Distribution Command (SDDC) with existing TRANSCOM Components at Scott Air Force Base.

**Justification/Impact:**
- Eliminates 162,000 USF of leased space within the DC Area.
- Affects 1,661 personnel. Scenario estimates a 14% personnel savings for SDDC as a result of consolidation, or 172 positions, and a 7% personnel savings factor for COMSC as a result of co-location, or 30 positions.
- Space required is 291,800 GSF.
- Enhances AT/FP.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Consolidation and co-location of organizations facilitates possible consolidation of common support functions.
- Scott AFB reports no vacant administrative space and sufficient land to accommodate 1.86 million GSF of new administrative space.

## Registered Scenarios

**Scenario #**  HSA-0116  |  **Date Created:**  11/17/2004

**Scenario Title:**  MAH-MAH-0050 (Alt to MAH-0030): Relocate DCMA HQ

### Description:

Close 1 leased space location in Springfield, VA and relocate DCMA Headquarters to USA Carlisle Barracks.

Justification/Impact:
- Eliminates over 80,000 USF of leased space within DC Area.
- Enhances AT/FP.
- Space required is 100,200 GSF.
- Space is expected to become available at Carlisle Barracks as a result of other BRAC actions.

**Date Created:** 11/24/2004

**Scenario Title:** MAH-MAH-0052 (Alt to MAH-0002): Consolidate Missile Defense Agency (MDA) within DC Area

**Description:**

Realign 2 leased locations, close 7 leased locations, and facilitate disposal of Federal Office Building 2 (FOB 2) by consolidating MDA HQ and relocating at Ft. Belvoir.

**Justification/Impact:**
- Consolidation of MDA-controlled HQ locations from 10 to 1 eliminates redundancy and enhances efficiency.
- Encompasses nearly 600,000 GSF (or equivalent), as currently reported as MDA-controlled. Computed space required at 200 GSF/person=419,600 GSF.
- Eliminates over 248,000 USF of leased space within the DC Area.
- 7 leased locations can be closed: approx. 195,000 USF.
- Affects approximately 2,400 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 341 positions.
- Enhances AT/FP.
- Relocates major tenant from FOB 2, which is projected to close in 2010+.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space.

**Registered Scenarios**

**Scenario #** HSA-0118  \( \text{Date Created:} \) 11/24/2004

**Scenario Title:** MAH-MAH-0051 (Alt to MAH-0015)): Co-locate Miscellaneous Army Leased Locations

**Description:**

Realign 18 leased locations by relocating components of the following USA Activities to Ft. McNair: Office of the Administrative Assistant of the Army (SAAA), Army Audit Agency, ASA(F&M), ASA(I&E), ASA(M&R), CECOM(Acq. Center), DUSA, G-1, G-3, G-8, OASA(Alt), OCAR, OCPA, Army Safety Office, Office of the Chief of Chaplains, the PEO Bio Defense Office, and USALSA.

Justification/Impact:
- Encompasses 788,000 GSF (or equivalent), as currently reported. Computed space required at 200 GSF/person = 686,200 GSF.
- Affects 3,431 personnel, as currently reported.
- Enhances AT/FP.
- Co-location of organizations facilitates possible consolidation of common support functions.
- Space may become available at Ft. McNair as a result of other BRAC actions; there is no available administrative space or land at this time.

**Scenario #** HSA-0120  
**Date Created:** 11/26/2004  
**Scenario Title:** MAH-R&RC-0019 [Dc, E]; Relocate Marine Corps Reserve Command

**Description:**

Realign NSA New Orleans, LA by co-locating Marine Corps Reserve Command to JRB New Orleans, LA.

- Justification/Impact:
  - Maintains Joint Service interoperability.
  - Merge common support functions.
  - Administrative buildable acres at JRB NAS NOLA: 30.0.
  - Undetermined available acres at JRB NAS NOLA: 284.
  - Required maximum acre: 11.8.
  - Total personnel relocated: 824.
  - MPC-0001, 0008, 0010, 0012 enable the closure of NSA New Orleans by relocating NAVRESPERCEN and EPMC at either San Antonio, TX mega-center, Ft Leavenworth, KS or NSA Millington, respectively.
  - R&RC-0016, 0017, 0018 enable the closure of NSA New Orleans by relocating NAVRESCOM and navrecruitcom TO nsa Norfolk or NAB Little Creek, VA and NSA Millington, TN, respectively.

This scenario deconflicts HSA-0094.

**Losing Bases**

Scenario # HSA-0122  Date Created: 12/2/2004

Scenario Title: MAH-MAH-0053: Relocate Air Force Real Property Agency

Description:

Realign 2 leased locations in the DC Area by co-locating the Air Force Real Property Agency with the Air Force Center for Environmental Excellence at Brooks City-Base, Texas.

USAF-sponsored scenario.

Justification/Impact:
- Eliminates 16,437 USF of leased space within DC Area.
- Affects 71 personnel, as currently reported.
- Computed space required at 200 GSF/person = 14,200 GSF.
- Enhances AT/FP.
- Force multiplies with Air Force Center of Environmental Excellence regarding real property privatization issues.

Losing Bases

Nash Street Building; Arlington; VA (Arlington, VA) - Realignment

Scenario # | IND-0064  
Scenario Title: | MX 1.1B  
Date Created: | 11/22/2004  

Description:
In FY05, disestablish all depot maintenance workload and capability for the commodity groups Aircraft Rotary, Conventional Weapons, Material Handling and Tactical Missiles at Blue Grass Army Depot. Realign Fabrication and Manufacturing mission with Munitions Maintenance and Storage mission at Blue Grass Army Depot.

This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Losing Bases
Blue Grass (Richmond, KY) - OTHER

Losing Activities
Blue Grass Army Depot - Relocate
**Scenario #** | IND-0065  
**Date Created:** | 11/22/2004  
**Scenario Title:** | MX 1.1C  
**Description:**  
Realign all depot maintenance workload and capability for the commodity group Industrial Plant Equipment (IPE) from Pine Bluff Arsenal to Naval Support Activity Mechanicsburg and disestablish capability at Pine Bluff Arsenal. Realign commodity groups "Other" and Fabrication and Manufacturing with Pine Bluff Arsenal's Munition Production mission.  
This scenario is based on using workload and expanded total capacity with 1.5 shifts.

Scenario # | IND-0098  
Scenario Title: | SR-4C4; Consolidate Ship Maintenance Engineering and Planning Work in NSY (SUBMEPP)  

**Description:**

This scenario consolidates ship maintenance engineering and planning work in Naval Shipyards. This scenario consolidates SUBMEPP PORTSMOUTH NH to NAVSHipyD PORTSMOUTH. Equipment and personnel relocate from SUBMEPP PORTSMOUTH NH to NAVSHipyD PORTSMOUTH NH.

**Losing Bases**

Naval Shipyard Portsmouth (Portsmouth, NH) - Realignment

**Receiving Bases**

Naval Shipyard Portsmouth (Portsmouth, NH) - Receive

**Losing Activities**

SUBMEPP PORTSMOUTH - Consolidate

**Activities being Received**

SUBMEPP PORTSMOUTH
ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGPAC (AIMD) LEMOORE on NAS LEMOORE is to represent FRC WEST LEMOORE. This scenario establishes FRC WEST on NAS LEMOORE and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA, NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA, COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA, NAVAIRDEPOT NORTH ISLAND DET FALLON, NV, NAVAIRDEPOT NORTH ISLAND DET FALLON, NV to FRC WEST. This scenario establishes the following detachments: DET FALLON (surrogate responder is AIMD FALLON).

Realign Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment from COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Ordnance, Weapons & Missiles and Support Equipment from NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA on NAS LEMOORE to FRC WEST LEMOORE.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Fabrication & Manufacturing and Support Equipment from COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA on NAVAIRWPNSTA CHNA LK to FRC WEST LEMOORE.

Establish FRC WEST DET FALLON on NAS FALLON and consolidates Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines and Support Equipment from AIMD FALLON, NV on NAS FALLON to FRC WEST DET FALLON.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Other and Aircraft Rotary from NAVAIRDEPOT NORTH ISLAND DET FALLON, NV on NAS FALLON to FRC WEST DET FALLON.

**Losing Bases**

- Joint Reserve Base Fort Worth (Fort Worth, TX) - Realignment
- Naval Air Station Fallon (Fallon, NV) - Realignment
- Naval Air Station Lemoore (Lemoore, CA) - Realignment
- Naval Air Station North Island (San Diego, CA) - Realignment
- Naval Air Weapons Station China Lake (China Lake, CA) - Realignment

**Losing Activities**

- NAVAIRDEPOT NORTH ISLAND DET FALLON, NV - Consolidate
- AIMD FALLON, NV - Consolidate
- COMSTRKFIGHTWINGPAC (AIMD) LEMOORE, CA - Consolidate
- NAVAIRDEPOT NORTH ISLAND DET LEMOORE, CA - Consolidate
- NAVAIRDEPOT NORTH ISLAND DET FALLON, NV - Consolidate
- COMNAVAIRWARCENWPNDIV (AIMD) CHINA LAKE, CA - Consolidate

**Receiving Bases**

- Naval Air Station Fallon (Fallon, NV) - Receive

**Activities being Received**

- AIMD FALLON, NV
- NAVAIRDEPOT NORTH ISLAND DET FALLON, NV

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC’s will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, AIMD WHIDBEY ISLAND on NAS WHIDBEY ISLAND is to represent FRC NORTHWEST. Establish FRC NORTHWEST on NAS WHIDBEY ISLAND and realigns depot and intermediate maintenance workload and capability for the following activities; AIMD WHIDBEY ISLAND, WA, NAVAIRDEPOT NORTH ISLAND, CA, NAVSURFWARCENDIV CRANE, IN to FRC NORTHWEST WHIDBEY ISLAND.

Realign Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from AIMD WHIDBEY ISLAND, WA on NAS WHIDBEY ISLAND to FRC NORTHWEST WHIDBEY ISLAND.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment, Aircraft Avionics/Electronics Components, Aircraft Hydraulic Components, Aircraft landing Gear Components, Aircraft Other Components and Aircraft Structural Components from NAVAIRDEPOT NORTH ISLAND, CA to FRC NORTHWEST WHIDBEY ISLAND.

Consolidate depot maintenance workload and capability for the commodity group Electronic Warfare (ALQ-99 only) from NAVSURFWARCENDIV CRANE, IN on NAVSUPPACT CRANE to FRC NORTHWEST WHIDBEY ISLAND.

Losing Bases

Naval Air Station North Island (San Diego, CA) - Realignment
Naval Air Station Whidbey Island (Oak Harbor, WA) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment

Losing Activities

NAVAIRDEPOT NORTH ISLAND, CA - Consolidate
AIMD WHIDBEY ISLAND, WA - Consolidate
NAVSURFWARCENDIV CRANE, IN - Consolidate

Receiving Bases

Naval Air Station Whidbey Island (Oak Harbor, WA) - Receive

Activities being Received

AIMD WHIDBEY ISLAND, WA
NAVAIRDEPOT NORTH ISLAND, CA
NAVSURFWARCENDIV CRANE, IN
Losing Activities

NAVAIRWARCENACDIV Lakehurst NJ - Relocate
NAVAIRDEPOT North Island CA - Relocate
NAVSURFWARCENDIV Crane IN - Relocate

Naval Air Station North Island (San Diego, CA) - Realignment
Naval Support Activity Crane (Crane, IN) - Realignment
Losing Bases

Letterkenny (Chambersburg, PA) - Realignment
Marine Corps Logistics Base Barstow (Barstow, CA) - Realignment
Naval Air Engineering Station Lakehurst (Lakehurst, NJ) - Realignment
Naval Air Station North Island (San Diego, CA) - Realignment

Realignment all depot maintenance workload and capability for the commodity groups Aircraft Other Components, Aircraft Rotary, Amphibious Vehicles, Armament and Structural Components, Combat Vehicles, Construction Equipment, Conventional Weapons, Electronic Components (non-airborne) Electro-Optics/Night Vision/FLIR, Engines/Transmissions, Fire Control Systems and Components, Generators, Ground Support Equipment, Material Handling, Other Components, Other Equipment, Powertrain Components, Radar, Radio, Small Arms/Personal Weapons, Starters/Alternators/Generators, Strategic Missiles, Tactical Missiles, Tactical Vehicles, TMDE, Wire, and "Other" from Marine Corps Logistics Base Barstow to Fleet Readiness Center (FRC) SOUTHEAST JACKSONVILLE on NAS Jacksonville, Marine Corps Logistics Base Albany, Anniston Army Depot, Tobyhanna Army Depot, Hill Air Force Base, and Red River Army Depot and disestablish capability at Marine Corps Logistics Base Barstow. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity groups Fabrication and Manufacturing, Other Equipment, Generators and Tactical Missiles and Tactical Vehicles from Letterkenny Army Depot to Marine Corps Logistics Base Albany, Robins Air Force Base, Hill Air Force Base, Red River Army Depot and Tobyhanna Army Depot and disestablish capability at Letterkenny Army Depot. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Ordnance Equipment Components, Aircraft Other, Ground Support Equipment, Other Engines from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, FRC SOUTHEAST JACKSONVILLE, Hill Air Force Base, Tinker Airforce Base, Tobyhanna Army Depot, and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity groups Depot Fleet/Field Support, Fabrication and Manufacturing, and "Other" from NAVAIRWARCENCADIV Lakehurst on NAVAIRENGSTA Lakehurst to FRC SOUTHEAST JACKSONVILLE to FRC SOUTHEAST JACKSONVILLE and disestablish capability at NAVAIRWARCENCADIV Lakehurst on NAVAIRENGSTA Lakehurst. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, and Anniston Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany and Red River Army Depot and disestablish capability at Rock Island Arsenal. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Realignment all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Fleet/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.
Registered Scenarios

As Of: 12/23/2004

Naval Weapons Station Charleston (Goose Creek, SC) - Realignment
Naval Weapons Station Seal Beach (Seal Beach, CA) - Realignment
NMCRC ROCK ISL IL, Rock Island Arsenal (Rock Island, IL) - Realignment
SPAWAR Systems Center Point Loma (San Diego, CA) - Realignment

Receiving Bases

Anniston (Anniston, AL) - Receive
Hill AFB (Clearfield, UT) - Receive
Marine Corps Logistics Base Albany (Albany, GA) - Receive
Naval Air Station Jacksonville (Jacksonville, FL) - Receive
Red River (Texarkana, TX) - Receive
Robins AFB (Warner Robins, GA) - Receive
Tinker AFB (Midwest City, OK) - Receive
Tobyhanna (Tobyhanna, PA) - Receive

Activities being Received

Marine Corps Logistics Base Barstow CA

Monday, January 03, 2005  Page 486 of 1138
**Scenario #**  IND-0111  **Date Created:** 12/17/2004

**Scenario Title:** MA-24 Close Red River Munitions Center

**Description:**

Close Red River Munitions Center and realign functions as follows:

- IND-0053/MA-2 Realigns Storage and Distribution
- IND-0047/MA-12 Realigns Demil Workload
- IND-0048/MA-13 Realigns Maintenance

**Losing Bases**

- Red River (Texarkana, TX) - Close

**Losing Activities**

- Demil - Relocate
- Guided/unguided munitions & HAWK Maintenance - Relocate
- Maverick Maintenance - Relocate
- Storage and Distribution - Relocate

**Receiving Bases**

- Blue Grass (Richmond, KY) - Receive
- McAlester (Macalester, OK) - Receive

**Activities being Received**

- Guided/unguided munitions & HAWK Maintenance
- Demil
- Maverick Maintenance
- Storage and Distribution

Registered Scenarios

Scenario #  IND-0122  Date Created:  12/20/2004
Scenario Title:  MA-21 Close Lone Star

Description:

Close Lone Star and realign functions as follows:
IND-0053 / MA-2 Realigns Storage
IND-0039 / MA-4 Realigns Artillery
IND-0041 / MA-6 Realigns Mines
IND-0044 / MA-9 Realigns Pyro/Demo
IND-0047 / MA-12 Realigns Demil

Losing Bases

Lone Star AAP (Texarkana, TX) - Close

Losing Activities

Demil - Relocate
Demolition Charges - Relocate
Detonators/Delays/Relays and Non-lethal Munitions - Relocate
Mines - Relocate
Mortars, ICM Artillery, Grenades, and MLRS - Relocate
Storage and Distribution - Relocate

Receiving Bases

Crane AAP (Crane, IN) - Receive
Iowa AAP (Middletown, IA) - Receive
McAlester (McAlester, OK) - Receive
Milan AAP (Milan, TN) - Receive
Pine Bluff (Pine bluff, AR) - Receive

Activities being Received

Demolition Charges
Mines
Demil
Storage and Distribution
Mortars, ICM Artillery, Grenades, and MLRS
Detonators/Delays/Relays and Non-lethal Munitions
ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time. Note: Adoption of the FRC construct in no way alters the MALS operation/command or its reporting structure other than to offer the MALS CO the option of adding selected depot civilian personnel to their shops. Addition of depot personnel may preclude BCM’s from having to go off station for repair at remote depot locations. These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be “affiliated” with their parent FRC.

For purposes of this SDC, NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT is to represent FRC EAST CHERRY POINT. Establish FRC EAST on CO MCAS CHERRY POINT and realign/consolidate depot and intermediate maintenance workload and capability for the following activities; NAVAIRDEPOT CHERRY POINT, MARINE AVIATION LOGISTICS SQUADRON (MALS)-14, MALS-31, MALS-26, MALS-29 to FRC EAST. This scenario establishes the following detachments under FRC EAST: DET QUANTICO (surrogate responder is CO MCB QUANTICO), DET BEAUFORT ( surrogate responder is CO MCAS BEAUFORT), DET NEW RIVER (surrogate responder is CO MCAS NEW RIVER). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Dynamic Components, Aircraft Engine Turboprop/Turbojet Augmented, Aircraft Engine Turbofan/Turbojet, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Rotary, Aircraft Structural Components, Aircraft VSTOL, APUs/GTEs/ATS/SPS/GTCs, Calibration, Depot Fleet/Field Support, Engine Exchangeables/Components, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and “Other” Commodity at NAVAIRDEPOT CHERRY POINT, NC on CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at MALS-14 CHERRY POINT, NC at CO MCAS CHERRY POINT with FRC EAST CHERRY POINT.

Establish FRC EAST DET BEAUFORT on CO MCAS BEAUFORT and consolidates Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines and Support Equipment at MALS-31 BEAUFORT, SC at CO MCAS BEAUFORT with FRC EAST DET BEAUFORT.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NAVAIRDEPOT JACKSONVILLE DET BEAUFORT, SC on CO MCAS BEAUFORT with FRC EAST DET BEAUFORT.

Establish FRC EAST DET NEW RIVER on MCAS NEW RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at MALS-26 and MALS 29 NEW RIVER, NC on MCAS NEW RIVER with FRC EAST DET NEW RIVER.

Consolidate depot maintenance workload and capability for: Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Aircraft Structure Components, Calibration, and “Other” Commodity at NAVAIRDEPOT CHERRY POINT DET NEW RIVER, NC on MCAS NEW RIVER with FRC EAST DET NEW RIVER.

For alignment purposes only: Establish FRC EAST DET QUANTICO on CDR MCB QUANTICO and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines and Support Equipment at IMA HMX-1 QUANTICO, VA on CDR MCB QUANTICO with FRC EAST DET QUANTICO.
Registered Scenarios

As Of: 12/23/2004

Marine Corps Air Station Beaufort (Beaufort, SC) - Receive MALS-31 BEAUFORT, SC
NADEP JAX DET BEAUFORT, SC

Marine Corps Air Station Cherry Point (Cherry Point, NC) - Receive MALS-14 CHERRY POINT, NC
NAVAIRDEPOT CHERRY POINT, NC

Marine Corps Air Station New River (Camp Lejeune, NC) - Receive MALS-26 NEW RIVER, NC
MALS-29 NEW RIVER, NC
NADEP CHERRY POINT DET NEW RIVER, NC
Scenario #: IND-0124  Date Created: 12/17/2004
Scenario Title: MX 1.4L
Description:

ASSUMPTION: The intent of this scenario data call is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, NAVAIREDJOP JACKSONVILLE on NAS JACKSONVILLE, FL. is to represent FRC SOUTHEAST. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL and realigns depot and intermediate maintenance workload and capability for the following activities; NAVAIREDJOP JACKSONVILLE, FL, COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL, NADEP JACKSONVILLE DET JACKSONVILLE, FL, COMHSLWINGLANT (AIMD) MAYPORT, FL, NADEP JACKSONVILLE DET MAYPORT, FL, NADEP JACKSONVILLE DET CECIL FIELD, FL, AIM KEY WEST, FL, NAWCAD LAKEHURST VRT DET MAYPORT, FL, COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME, NAVAIRE WILLOW GROVE, PA on FRC SOUTHEAST JACKSONVILLE. This scenario establishes the following detachments under FRC SOUTHEAST JACKSONVILLE: DET BRUNSWICK (surrogate responder is COMPATRECONWING FIVE BRUNSWICK), DET MAYPORT (surrogate responder is COMHSLWINGLANT MAYPORT), DET KEY WEST (surrogate responder is AIMD NAS KEY WEST), DET CECIL FIELD (surrogate responder is NADEP JAX DET CECIL). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Engine Turbofan/Turbojet Augmented, Aircraft Engine Turbofan Bypass, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Pneumatic Components, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing and "Other" commodity at NAVAIREDJOP JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and "Other" Commodity at COMSEACONWINGLANT (AIMD) JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET JACKSONVILLE, FL on NAS JACKSONVILLE with FRC SOUTHEAST JACKSONVILLE.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at NAVAIRE WILLOW GROVE, PA on NAS WILLOW GROVE with FRC SOUTHEAST JACKSONVILLE.

Establish FRC SOUTHEAST DET BRUNSWICK on NAS BRUNSWICK and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing, Support Equipment and “Other” Commodity at COMPATRECONWING FIVE (AIMD) BRUNSWICK, ME on NAS BRUNSWICK with FRC SOUTHEAST DET BRUNSWICK.

Establish FRC SOUTHEAST DET MAYPORT on NAVSTA MAYPORT and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMHSLWINGLANT (AIMD) MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP JACKSONVILLE DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

Consolidate depot maintenance workload and capability for: Depot Fleet/Field Support at NAWCAD LAKEHURST VRT DET MAYPORT, FL on NAVSTA MAYPORT with FRC SOUTHEAST DET MAYPORT.

For realignment purposes only: Establish FRC SOUTHEAST DET CECIL FIELD on CECIL FIELD and consolidates depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET CECIL FIELD, FL with FRC SOUTHEAST DET CECIL FIELD.

For realignment purposes only: Establish FRC SOUTHEAST DET KEY WEST on NAS KEY WEST and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at (AIMD) KEY WEST, FL on NAS KEY WEST with FRC SOUTHEAST DET KEY WEST.

Losing Bases
Joint Reserve Base Willow Grove (Willow Grove, PA) - Realignment
Naval Air Station Brunswick (Brunswick, ME) - Realignment

Losing Activities
NAVAIRE WILLOW GROVE, PA - Consolidate
COMPATRECONWING FIVE BRUNSWICK (AIMD), ME - Consolidate

Addition of depot personnel may preclude BCM’s from having to go off station for repair at remote depot locations. These small numbers of hand selected FRC depot civilian personnel will effectively work for the MALS CO but will be “affiliated” with their parent FRC.

For purposes of this SDC, NAVAIRDEPOT NORTH ISLAND on NAVBASE CORONADO is to represent FRC SOUTHWEST NORTH ISLAND. Establish FRC SOUTHWEST on NAVBASE CORONADO and realign/consolidate depot and intermediate maintenance workload and capability for the following activities, COMSEACONWINGPAC (AIMD) SAN DIEGO, COMAEWWINGPAC (AIMD) POINT MUGU, MALS-11 MIRAMAR, MALS-16 MIRAMAR, MALS-39 PENDLETON and MALS-13 YUMA to FRC SOUTHWEST. This scenario establishes the following detachments: DET PENDLETON (surrogate responder is CG MCB CP PENDLETON), DET POINT MUGU (surrogate responder is COMAEWWINGPAC (AIMD) POINT MUGU), DET YUMA (surrogate responder is MALS-13 on CO MCAS YUMA), and DET MIRAMAR (surrogate responder is CO MCAS MIRAMAR). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate depot maintenance workload and capability for: Aircraft Avionics/Electronics Components, Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Hydraulic Components, Aircraft Instruments Components, Aircraft Landing Gear Components, Aircraft Ordnance Equipment Components, Aircraft Other, Aircraft Other Components, Aircraft Rotary, Aircraft Structural Components, Calibration, Depot Fleet/Field Support, Fabrication and Manufacturing, Ground Support Equipment, Other Engines, and “Other” Commodity at NAVAIRDEPOT NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP NORTH ISLAND DET NORTH ISLAND, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at COMSEACONWINGPAC (AIMD) SAN DIEGO, CA on NAVBASE CORONADO with FRC SOUTHWEST NORTH ISLAND.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Fabrication and Manufacturing and Support Equipment at AIMD CORPUS CHRISTI, TX on NAS CORPUS CHRISTI with FRC SOUTHWEST NORTH ISLAND.

Establish FRC SOUTHWEST DET POINT MUGU on NAVBASE VENTURA CTY CA and consolidates intermediate maintenance workload and capability for: Aircraft Engines, Aircraft Components, Fabrication and Manufacturing and Support Equipment at COMAEWWINGPAC (AIMD) POINT MUGU, CA on NAVBASE VENTURA CTY with FRC SOUTHWEST DET POINT MUGU.

Establish FRC SOUTHWEST DET MIRAMAR on MCAS MIRAMAR, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALS-11 and 16 on MCAS MIRAMAR, CA with FRC SOUTHWEST DET MIRAMAR.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP NORTH ISLAND DET MIRAMAR, CA on MCAS MIRAMAR with FRC SOUTHWEST DET MIRAMAR.

Establish FRC SOUTHWEST DET PENDLETON on CG MCB CP PENDLETON, CA and consolidates Intermediate maintenance workload and capability for: Aircraft Component, Aircraft Engines, Fabrication and Manufacturing and Support Equipment at MALS-39 on CG MCB CP PENDLETON with FRC SOUTHWEST DET PENDLETON.

Consolidate depot maintenance workload and capability for: Aircraft Other and Aircraft Rotary at NADEP NORTH ISLAND DET PENDLETON, CA on CG MCB CP PENDLETON with FRC SOUTHWEST DET PENDLETON.

Establish FRC SOUTHWEST DET YUMA and consolidate the Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Communications/Electronics Equipment, Ordnance, Weapons & Missiles, Software and Support Equipment at MALS-13 on CO MCAS YUMA with FRC SOUTHWEST DET YUMA.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack, Aircraft Rotary, and Aircraft Other at NADEP NORTH ISLAND DET YUMA, AZ on MCAS YUMA with FRC SOUTHWEST DET YUMA.

**Losing Bases**

Marine Corps Air Station Miramar (San Diego, CA) - Realignment

**Losing Activities**

- MALS-11 MCAS MIRAMAR, CA - Consolidate
- MALS-16 MCAS MIRAMAR, CA - Consolidate

**Scenario #** IND-0126  **Date Created:** 12/17/2004

**Scenario Title:** MX 1.4N

**Description:**

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRCs will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC OCEANA. Establish FRC MID ATLANTIC on NAS OCEANA and realign depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIRDEPOT CHERRY POINT, NC, NADEP JACKSONVILLE DET OCEANA, COMAEWWINGLANT (AIMD) NORFOLK, VA, NADEP JACKSONVILLE DET NORFOLK, VA, NADEP JACKSONVILLE DET NORFOLK, VA, NADEP JACKSONVILLE DET NORFOLK, VA, NAWCAD LAKEHURST DET NORFOLK, MD, NAVAIRDEPOT CHERRY POINT, NC, NADEP CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAWCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLANT (AIMD) NORFOLK). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for: Aircraft Fighter/Attack and Aircraft Other at NADEP JACKSONVILLE DET OCEANA on NAS OCEANA VA with FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for: Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAVAIRDEPOT CHERRY POINT on NAS OCEANA with FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for: Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment at NAWCAD PATUXENT RIVER, MD, NAVAIRDEPOT CHERRY POINT, NC, NADEP CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAWCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLANT (AIMD) NORFOLK). Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

**Losing Bases**

**Scenario #**: IND-0127  
**Date Created**: 12/17/2004  
**Scenario Title**: MX 1.4A

**Description**:

ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to new shore based Fleet Readiness Centers (FRC). Under the new construct, 6 NAVY FRC's will be established nationwide at strategically selected fleet concentrations to increase the effectiveness and efficiency of 'off aircraft' and 'off equipment' maintenance thus optimizing mission readiness and reducing total Naval Aviation Enterprise cost and turn-around-time. For the purpose of this Scenario, a portion of the depot maintenance workload has been identified as having the potential for re-distribution to other service depot activities. Establish FRC SOUTHEAST on NAS JACKSONVILLE, FL. NAVAIRDEPOT JACKSONVILLE is designated to represent FRC SOUTHEAST as their surrogate.

- Realign all depot maintenance workload and capability for the commodity groups Aircraft Other Components, Aircraft Rotary, Amphibious Vehicles, Armament and Structural Components, Combat Vehicles, Construction Equipment, Conventional Weapons, Electronic Components (non-airborne) Electro-Optics/Night Vision/FLIR, Engines/Transmissions, Fire Control Systems and Components, Generators, Ground Support Equipment, Material Handling, Other Components, Other Equipment, Powertrain Components, Radar, Radio, Small Arms/Personal Weapons, Starters/Alternators/Generators, Strategic Missiles, Tactical Missiles, Tactical Vehicles, TMDE, Wire, and "Other" from Marine Corps Logistics Base Barstow to Fleet Readiness Center (FRC) SOUTHEAST JACKSONVILLE on NAS Jacksonville, Marine Corps Logistics Base Albany, Anniston Army Depot, Tobyhanna Army Depot, Hill Air Force Base, and Letterkenny Army Depot and disestablish capability at Marine Corps Logistics Base Barstow. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

- Realign all depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Fighter/Attack, Aircraft Instrument Components, Aircraft Ordnance Equipment Components, Aircraft Other, Ground Support Equipment, Other Engines from NAVAIRDEPOT North Island on NAVBASE Coronado to Robins Air Force Base, FRC SOUTHEAST JACKSONVILLE, Hill Air Force Base, Tinker Airforce Base, Tobyhanna Army Depot, and disestablish capability at NAVAIRDEPOT North Island on NAVBASE Coronado. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

- Realign all depot maintenance workload and capability for the commodity groups Aircraft Avionics/Electronic Components, Computers, Conventional Weapons, Electronic Components (non-airborne), Electro-Optics/NightVision/FLIR, Electronic Warfare, Fire Control Systems and Components, Radar, Small Arms/Personal Weapons, and "Other" from NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN to Robins Air Force Base, Tobyhanna Army Depot, Anniston Army Depot and disestablish capability at NAVSURFWARCENDIV Crane IN on NAVSUPPACT Crane IN. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

- Realign all depot maintenance workload and capability for the commodity groups Electronic Components (non-airborne), Fire Control Systems and Components, Material Handling, Other Components, Radar, Radio, and Tactical Missiles from NAVWPNSTA Seal Beach CA to Tobyhanna Army Depot, Marine Corps Logistics Base Albany, and Anniston Army Depot and disestablish capability at NAVWPNSTA Seal Beach CA. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

- Realign all depot maintenance workload and capability for the commodity groups Armament and Structural Components, Combat Vehicles, Construction Equipment, Depot/Fleet Field Support, Engines/Transmissions, Fabrication & Manufacturing, Fire Control Systems and Components, Powertrain Components, Starters/Alternators/Generators, Tactical Missiles, Tactical Vehicles, and "Other" Commodity from Red River Army Depot to Anniston Army Depot, Marine Corps Logistics Base Albany, Tobyhanna Army Depot, Letterkenny Army Depot, and disestablish capability at Red River Army Depot. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

- Realign all depot maintenance workload and capability for the commodity group Combat Vehicles, Other Equipment, Tactical Vehicles, and "Other" from Rock Island Arsenal to Anniston Army Depot, Marine Corps Logistics Base Albany and Letterkenny Army Depot and disestablish capability at Rock Island Arsenal. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

- Realign all depot maintenance workload and capability for the commodity group Electronic Components (non-airborne) from SPAWARSYSCEN Charleston SC on WPNSTA Charleston to Tobyhanna Army Depot and disestablish capability at SPAWARSYSCEN Charleston SC on WPNSTA Charleston. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

- Realign all depot maintenance workload and capability for the commodity groups Calibration, Computers, Crypto, Depot Field/Field Support, Electronic Warfare, Fabrication and Manufacturing, Material Handling, Navigational Aids, Radar, Radio, Software Support Equipment, TMDE, and "Other" from SPAWARSYSCEN San Diego CA on NAVBASE Point Loma to Hill Air Force Base, Tobyhanna Army Depot, Marine Corps Logistics Base Albany and disestablish capability at SPAWARSYSCEN San Diego CA on NAVBASE Point Loma. This scenario is based on using workload and expanded maximum capacity with 1.5 shifts.

Scenario # INT-0004  Date Created: 10/8/2004

Scenario Title: Consolidate NCR-Based NGA at Ft. Belvoir

Description:

Realignment of NGA functions at Bethesda, MD (Sumner and Dalecarlia sites) named Erskine Hall, Emory Bldg, Maury Hall, Roberdeau Hall, Abert Hall, Ruth Bldg, Fremont Bldg, Motor Pool, and Warren Bldg; Close NGA functions at Reston, VA, named 1 and 2; Realignment of NGA functions at Newington, VA, named 8510, 8520 and 8530; Close NGA functions at Dulles, VA, named Dulles North (or its successor, Reston 3); Realignment National Geospatial Intelligence College function at Ft Belvoir, VA, named Bldgs 211, 214, 215, and 220; Close NGA and NGIC functions in Bldg 213 at Southwest Federal Center, DC; Realignment of NGA functions within NRO facility, Westfields; by relocating and consolidating to a new facility at Ft. Belvoir.

This scenario disestablishes all of the functions currently performed at the NCR locations named above and consolidates the functions into a new facility on 150 acres at Ft. Belvoir. The requirement for the 150 acres is due to vulnerability and security reasons.

Losing Bases

Belvoir (Fort Belvoir, VA) -

Bethesda Facility (Sumner and Dalecarlia Sites) (Bethesda, MD) -

Dulles North (Reston, VA) -

Newington 1, 2, and 3 (Newington, VA) -

NRO Westfields (Chantilly, VA) -

Reston 1 and 2 (Reston, VA) -

Washington Navy Yard (Washington, DC) -

Losing Activities

National Geospatial Intelligence College - Disestablish

Bidg 213 - Disestablish

Receiving Bases

Belvoir (Fort Belvoir, VA) - Receive

Activities being Received

**Scenario #** | MED-0004  
**Date Created:** | 10/6/2004  
**Scenario Title:** | Realign Inefficient Inpatient Functions  
**Description:**

Realign Ft Eustis, West Point, MCAS Cherry Point, NAS Lemoore, Beaufort NAS and USAF Academy by disestablishing/realigning inpatient functions at Ft Eustis Army Hospital, Keller Army Community Hospital, MCAS Cherry Point, NAS Lemoore, and Naval Hospital Beaufort. Inpatient workload realigned to civilian medical network.

Inpatient workload is realigned to civilian sector except for USAF Academy which is realigned to Ft Carson, Co. Personal supporting this function at the affected activities are redistributed. Excess equipment is released for reuse, excess facilities are released for other use.

Facility space released for other uses.

Personnel redistributed within Defense Healthcare System.

---

Reduce number of occupational/environmental health laboratory and consulting functions from three to one.

Realignment Center for Health Promotions and Preventative Medicine, Aberdeen Proving Ground and Naval Environmental and Occupational Health Center, Portsmouth, VA to Air Force Institute for Occupational Health, Brooks City Base. Facilities released for other use.

Establish joint laboratory/consultation function. AF EA for BOS.

**Losing Bases**

Aberdeen (Aberdeen, MD) - Realignment

Naval Medical Center Portsmouth (Portsmouth, VA) - Realignment

**Receiving Bases**

Brooks City-Base (San Antonio, TX) - Receive

**Losing Activities**

CHPPM

NEHAC - Relocate

**Activities being Received**

CHPPM

NEHAC
**Registered Scenarios**

**Scenario #** MED-0011  **Date Created:** 10/7/2004

**Scenario Title:** Consolidate Preventative Medical Functions at Aberdeen

**Description:**

Reduce number of occupational/environmental health laboratory and consulting functions from three to one.

Realignment Naval Environmental and Occupational Health Center, Portsmouth, VA and Air Force Institute for Occupational Health, Brooks City Base to Center for Health Promotions and Preventative Medicine, Aberdeen Proving Ground. Facilities released for other use.

Establish joint laboratory/consultation function. Army EA for BOS.

**Losing Bases**

- Brooks City-Base (San Antonio, TX) - Realignment
- Naval Medical Center Portsmouth (Portsmouth, VA) - Realignment

**Receiving Bases**

- Aberdeen (Aberdeen, MD) - Receive

**Losing Activities**

- AFIOH - Relocate
- NEHAC - Relocate

**Activities being Received**

- AFIOH
- NEHAC
### Registered Scenarios

**Scenario #** MED-0012  
**Date Created:** 10/7/2004  
**Scenario Title:** Consolidate Aerospace Medical Training at Wright-Patterson AFB

**Description:**
Consolidate three Service Aerospace Medical Training functions into one joint training function.
Realign Naval Aerospace Medicine training function at Pensacola NAS, Army Flight Medicine School at Ft Rucker, Army AMMEDD Preventative Medicine School at Aberdeen Proving Ground, and USAF School of Aerospace Medicine at Brooks City Base to Wright Patterson AFB. Facilities released for other use.

Air Force designated EA for BOS.

## Registered Scenarios

**Scenario #** MED-0014  
**Date Created:** 10/15/2004

**Scenario Title:** Disestablish Ft Eustis Army Hospital

**Description:**

- Balance Workload in Tidewater Area.
- Disestablish Ft Eustis Army Hospital.
- Move patient workload to 1st Medical Group, Langley AFB. Expand 1st Medical Group inpatient and outpatient activities.
- Maintain stand alone Service-specific occupational medicine function.

### Losing Bases

Eustis (Fort Eustis, VA) - Realignment

### Losing Activities

- Inpatient Services - Relocate
- Outpatient Services - Relocate

### Receiving Bases

Langley AFB (Hampton, VA) - Receive

### Activities being Received

- Inpatient Services
- Outpatient Services
**Registered Scenarios**

**Scenario #**  MED-0015  **Date Created:**  10/15/2004

**Scenario Title:** Realign Langley AFB and Ft Eustis Inpatient Care to Veterans Affairs Hospital

**Description:**

- Balance Workload in Tidewater Area.
- Disestablish inpatient activities at 1st Medical Group, Langley AFB and Ft Eustis Hospitals.
- Move inpatient workload to Naval Medical Center Portsmouth and to local Veterans Affairs Hospitals.

**Losing Bases**

- Eustis (Fort Eustis, VA) - Realignment
- Langley AFB (Hampton, VA) - Realignment

**Losing Activities**

- Inpatient Services Ft Eustis - Relocate
- Inpatient Services Langley AFB - Relocate

**Receiving Bases**

Scenario #     MED-0022   Date Created: 10/29/2004
Scenario Title: Realign Medical Care at McChord AFB

Description:
Disestablish 62nd Medical Group, standup 62nd Medical Squadron for command and control of Aerospace/occupational medicine assets at McChord and Air Force assets co-located at Madigan Army Medical Center. Relocate McChord AFB patient workload to Madigan Army Medical Center, Ft Lewis, WA.

 Losing Bases
McChord AFB (Tacoma, WA) - 

 Receiving Bases
Lewis (Tacoma, WA) - Receive

 Losing Activities
Inpatient Services - Relocate
Outpatient Services - Relocate

Activities being Received
Inpatient Services
Outpatient Services
Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Groton CT, Infectious Disease at WRAMC-Florida Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to BAMC-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE's and associated unique equipment will relocate to Groton CT to consolidate with the Naval Submarine Medical Research Laboratory (NSMRL). This move assumes that a planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC. It is assumed that no military animal facility support is required, as this support can be provided through an agreement with local industry or academic facilities.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- A planned MILCON project for NSMRL, currently scheduled for 2012, will be accelerated and expanded to accommodate relocation of unique equipment from NMRC.
- UICs for leased space in NCR are the same as the parent organization.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:
Creation of TBRCE for Battlefield Health and Trauma moves relevant assets of the following activities to 48399, Fort Sam Houston, TX, for collocation with W03SAA, U.S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:
- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:
- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:
- None
Registered Scenarios

Navy activity:
- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health and Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N00129, Naval Submarine Base New London, Groton CT, for collocation with N66596, NAVSUBMEDRSCHLAB NEW LONDON.

Defense agency:
- None

Army activities:
- None

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- Hyperbaric Medicine Department of the Combat Casualty Care and Resuscitative Medicine Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined JBRCE.

Creation of TBRCE for Medical Chemical Defense moves relevant assets of the following activities to 24004, Aberdeen Proving Ground, Edgewood Area, for collocation with W4D7AA, U. S. Army Medical Research Institute of Chemical Defense.

Defense agency:
- None

Army activities:
- A total of 33 manpower requirements from the Division of Biochemistry and Medicine, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- None

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.

Creation of TBRCE for Infectious Disease moves relevant assets of the following activities from leased space in the National Capital Region to 11933, Walter Reed Army Medical Center – Forest Glen Annex, for collocation with W03KAA, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD.

Defense agency:
- None

Army activities:
- Division of Retrovirology, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA

Air Force activities:
- None
### Registered Scenarios

**Marine Corps activities:**
- None

**Navy activity:**
- The vaccine research program of the NMRC Biological Defense Research Directorate, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398.

**Exclusions:**
- None.

*Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA*

*Monday, January 03, 2005*
Scenario #  MED-0024  Date Created:  11/10/2004
Scenario Title:  Create Tri-Service Biomedical Research Centers of Excellence - Alternative 1b
Description:

Abstract: The end state of this multi-action scenario will reduce the amount of leased space required in the National Capital Region (NCR) and create/expand Centers of Excellence for Battlefield Health and Trauma at Fort Sam Houston TX, Hyperbaric and Undersea Medicine at Panama City FL, Infectious Disease at WRAMC-Forest Glenn Annex MD, and Medical Chemical Defense at APG-EA MD.

Narrative: This scenario realigns combat casualty care R&D activities, less neuroprotection, from Walter Reed Army Medical Center Forest Glen Annex in Silver Spring, MD (Walter Reed Army Institute of Research and Naval Medical Research Center), and disestablishes and relocates dental R&D activities currently at Great Lakes Naval Training Center (U. S. Army Dental and Trauma Research Detachment, Naval Dental and Biomedical Research Laboratory, Air Force Dental Investigative Service) to a Tri-Service Center of Excellence for Battlefield Health and Trauma at the U.S. Army Institute of Surgical Research at Brooke Army Medical Center, Fort Sam Houston TX.

The three units at Great Lakes will realign to Bamac-ISR in their entirety (~83 FTEs), and the following elements of the Naval Medical Research Center and Walter Reed Army Institute of Research will realign:
- NMRC's Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department (NMRC total ~60 FTEs)
- All of WRAIR's Division of Military Trauma Research (~89 FTEs) and approximately 20 additional authorized Combat Casualty support positions from the Divisions of Veterinary Medicine, Pathology, Logistics and Biometrics (WRAIR total ~109 FTEs)

Since USAISR's excess capacity is only 20 FTE's, if space is not available elsewhere within the BAMC facility, a MILCON project to accommodate a total of up to 232 personnel, including any associated increase in veterinary facilities, will be required as part of this scenario.

As part of this scenario, the NMRC Hyperbaric Medicine R&D program, including approximately 9 FTE’s and associated unique equipment, and the Naval Submarine Medical Research Lab, Groton CT, will relocate to Panama City FL to collocate with the Navy Experimental Diving Unit. This move assumes that a MILCON project for accredited animal facilities at Panama City can be funded and built prior to FY11, and that space exists at Panama City for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NMRC.

Also, as part of this scenario, portions of the Division of Biochemistry and Medicine, WRAIR, which has historically been a major participant in the Medical Chemical Defense R&D program, will relocate to Aberdeen Proving Ground –Edgewood Area to consolidate with the U.S. Army Medical Research Institute of Chemical Defense to occupy excess capacity. (~31 FTEs)

In order to optimally utilize capacity at the NMRC-WRAIR complex at Forest Glen Annex, the following organizational elements, currently located within leased space in the National Capital Region, will be relocated to the Forest Glen Annex:
- The Division of Retrovirology, WRAIR (~146 FTEs)
- The vaccine research program of the NMRC Biological Defense Research Directorate (~24 FTEs). An alternative site for these personnel would be Fort Detrick, MD, but such a move would require accelerated recapitalization and expansion of the U.S. Army Medical Research Institute of Infectious Diseases and a relocation to Fort Detrick of the entire NMRC Biological Defense Directorate (~60 FTEs), as well as consideration of relocation of biodefense efforts of the WRAIR to Fort Detrick.

Assumptions:
- This move assumes that access to accredited animal facilities at Panama City prior to FY11, and that space exists at Panama City for relocation of personnel and unique equipment from NMRC.
- Excess space, or land for a MILCON, for up to 232 people is available in or adjacent to Brooke Army Medical Center.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

Action list:
Creation of TBRCE for Battlefield Health and Trauma Research moves relevant assets of the following activities to Fort Sam Houston, TX, 48399, for collocation with W03SAA, U. S. Army Institute of Surgical Research.

Defense agency:
- None

Army activities:
- Division of Military Trauma Research and associated support personnel, Walter Reed Army Institute of Research, WRAMC, Silver Spring MD, W03KAA
- Army Dental and Trauma Detachment, Great Lakes Naval Training Station, IL, W03K05

Air Force activities:
- Air Force Dental Investigative Service, Great Lakes Naval Training Station, IL

Marine Corps activities:
- None

Navy activity:

Draft Deliberative Document-For Discussion Purposes Only-Do Not Release Under FOIA
Registered Scenarios

- Naval Institute of Dental and Biomedical Research, Great Lakes NTS, IL, N65786
- Combat Casualty Care and Resuscitative Medicine Directorate, including those FTEs for the Tissue Transplant program office currently in leased space, but excluding those in the Hyperbaric Medicine Department, NAVMEDRSCHCEN BETHESDA, Silver Spring, MD, N32398

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE
- Neuroprotection research will remain at Forest Glen Annex.
- Hyperbaric Medicine Department of NMRC will be realigned to the Hyperbaric and Undersea Medicine TBRCE, instead of the Battlefield Health and Trauma TBRCE.

Creation of TBRCE for Hyperbaric and Undersea Medicine moves relevant assets of the following activities to N61008, Panama City, FL for collocation with N0463A, NAVDIVINGU.

Defense agency:
- None

Army activities:
- None

Air Force activities:
- None

Marine Corps activities:
- None

Navy activity:
- NAVSUBMEDRSCHLAB NEW LONDON, Groton CT, N66596

- Combat Casualty Care and Resuscitative Medicine Directorate-NMRC
- Division of Military Trauma Research-WRAIR
- Naval Institute of Dental and Biomedical Research
- Division of Retro Virology-WRAIR
- Vaccine Research Program, Biological Defense Research Directorate-NMRC
Abstract: This scenario will co-locate all aerospace biomedical and human systems R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services. It also reduces the use of leased space.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Wright-Patterson Air Force Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site. This TBRCE includes all DoD research and technology development operations in the areas operational medical issues unique to aviation, including biodynamics, crashworthiness and survival, acceleration, life support equipment (aviation), aviation platform integration, and special occupational health criteria.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D activities from: Brooks City Base, TX (311th Human Systems Wing [Air Force School of Aerospace Medicine, Air Force Institute for Operational Health, Human Systems Program Office (all except program managers identified as part of the Medical RDA Management Center in another scenario) and other pertinent Wing assets] and the Air Force Research Laboratory Human Effectiveness Directorate [less its Directed Energy Program]); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Wright-Patterson AFB, where they will be co-located with the Air Force Research Laboratory Human Effectiveness Directorate.

The Tri-Service Directed Energy programs, currently co-located in leased space at Brooks City Base, will remain in their current location. An alternative is that Air Force and Navy directed energy programs will relocate to Wright-Patterson AFB, while the Army laser injury treatment program will be realigned to and consolidated with the Army Institute of Surgical Research, Fort Sam Houston, TX.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Wright-Patterson AFB. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Wright-Patterson AFB can provide adequate and affordable access to test subjects.

Since Air Force aeromedical education and training depends upon faculty drawn from R&D and operational medical support organizations that are currently co-located with the U. S. Air Force School of Aerospace Medicine (USAFSAM), the value of this scenario depends on movement of all relevant Air Force R&D activities in concert with USAFSAM.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Wright-Patterson AFB.
- Adequate space for expansion is available at Wright-Patterson AFB.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Wright-Patterson AFB.

Action list:
Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to ZHTV, Wright-Patterson AFB, Dayton, OH, for collocation with FFSDG, Air Force Research Lab, Human Effectiveness Division.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFR59, FFB5T and other pertinent subordinate UICS to be determined
- Air Force Research Laboratory, Brooks City Base, TX, FFSFM and pertinent AFRL subordinate UICS to be determined

Marine Corps activities:
- None

Navy activity:
- NAVAEROMEDRSCHLAB, Pensacola FL, N66452
- NAVAIRWARCENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
- Directed energy programs to remain in leased space at Brooks CB
- Parts of the Human Systems Program Office will be realigned to Fort Detrick, MD under a scenario for collocation of Medical RDA Program
## Registered Scenarios

**As Of:** 12/23/2004

### Losing Bases
- Brooks City-Base (San Antonio, TX) - OTHER
- Naval Air Station Patuxent River (Patuxent River, MD) - OTHER
- Naval Air Station Pensacola (Pensacola, FL) - OTHER
- Rucker (Fort Rucker, AL) - OTHER

### Losing Activities
- 311th Human Systems Wing and subordinates - Relocate
- Air Force Research Lab all elements - Relocate
- NAVAIRWARCENACDIV - Relocate
- NAVAEROMEDRSCHLAB - Relocate
- U.S. Army Aeromedical Research Lab - Relocate

### Receiving Bases
- Wright-Patterson AFB (Fairborn, OH) - Receive

### Activities being Received
- 311th Human Systems Wing and subordinates
- Air Force Research Lab all elements
- NAVAEROMEDRSCHLAB
- NAVAIRWARCENACDIV
- U.S. Army Aeromedical Research Lab
Scenario # MED-0026 
Scenario Title: Create Center of Excellence for Aerospace Medicine (Brooks City Base TX)

Description:

Abstract: This scenario will co-locate all aerospace biomedical R&D performing activities with associated relevant education and training and healthcare delivery activities, thereby enabling efficient and synergistic use of personnel, equipment, and facilities for all 3 functions across all Services.

Narrative: The end state of this multi-action scenario will create a new Center of Excellence for Aerospace Medicine at Brooks City Base. This scenario leverages and is coupled with a medical education and training scenario to consolidate aerospace medical education and training at a single site.

This scenario realigns and co-locates diverse aerospace and aeromedical R&D performing activities from Wright-Patterson AFB (Air Force Research Laboratory Human Effectiveness Directorate); Naval Air Station, Pensacola (Naval Aerospace Medical Research Laboratory); and Fort Rucker (Army Aeromedical Research Laboratory). All of the above activities will be relocated to Brooks City Base, where they will be co-located with the 311th Human Systems Wing, including the U.S. Air Force School of Aerospace Medicine and elements of the Air Force Research Laboratory Human Effectiveness Directorate.

It is assumed that rotary wing aviation support facilities and flying ranges are available at Brooks City Base. In the event that such facilities are unavailable or unaffordable, a rotary wing flight detachment may be maintained at Fort Rucker, Alabama. It also assumes that Brooks City Base can provide adequate and affordable access to test subjects.

Assumptions:
- Rotary Wing flight operations and maintenance support are available and affordable at Brooks City Base.
- A complete list of subordinate UICs for Air Force at Brooks City Base and Wright-Patterson AFB (AFRL and 311th Sys WG) has not been confirmed.
- Definitions of TBRCEs are aligned at the sub-DTAP level and associated FTEs and Equipment must be confirmed.
- Adequate space for expansion is available at Brooks City Base.
- Aerospace medicine education and training elements of the 3 Services will be collocated at Brooks City Base.

Action list:

Creation of TBRCE for Aerospace Medicine moves relevant assets of the following activities to CNBC, Brooks City Base, TX, for collocation with FFGR4, the 311th Human Systems Wing, and FFR59, the Air Force Research Lab, Human Effectiveness Directorate.

Defense agency:
- None

Army activities:
- U.S. Army Aeromedical Research Laboratory, Fort Rucker, AL, W03YAA

Air Force activities:
- Air Force Research Laboratory, Wright-Patterson AFB, OH, FFSDG

Marine Corps activities:
- None

Navy activity:
- NAVAEROMEDSRLAB, Pensacola FL, N66452
- NAVAIRWARMENACDIV, Patuxent River, MD, N00421

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the defined TBRCE.
Registered Scenarios
Brooks City-Base (San Antonio, TX) - Receive

As Of: 12/23/2004

Air Force Research Lab Human Effectiveness Directorate
NAVAEROMEDRSCHLAB
NAVAIRWARCENACDIV
U.S. Army Aeromedical Research Lab
Scenario # MED-0028  
Date Created: 11/10/2004

Scenario Title:
Tri-Service Biomedical Research, Development and Acquisition Management Center (TBRDAMC)

Description:

Abstract: This scenario will co-locate all Biomedical Science and Technology, and FDA regulated medical product development, management activities to a single site at Fort Detrick MD, thereby enabling efficient and synergistic use of personnel, processes and acquisition support functions across all Services. It also reduces the need for leased space.

Narrative: The scenario realigns the activities listed below to TBRDAMC to be collocated with the many medical Acquisition, Technology and Logistics activities already located at Fort Detrick MD. The end state of this scenario is to collocate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A program management expertise for FDA regulated product development with Biomedical S&T program management expertise at a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a center of mass for coordination in planning and management of all defense biomedical RDA, which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs and contracting infrastructure capability at Fort Detrick. Synergies and efficiencies in management will be further enabled through development of integrated planning, programming and regulatory processes. Collocation also facilitates the ability of DoD elements to speak with a single voice when working with the FDA. This scenario also facilitates coordinated medical systems lifecycle management with the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

Action list: Creation of the TBRDAMC moves relevant assets of the following activities to 24266, Fort Detrick, MD to collocate with W03JAA, HQ, U.S. Army Medical Research and Materiel Command.

Defense agency:
- National Capital Element, DTRA-CB Science and Technology Office (STO) (Medical), Defense Threat Reduction Agency (DTRA)- NCR, W1KJAA
- Defense Advanced Research Projects Agency (DARPA), Defense Sciences Office (DSO), Medical Programs, Arlington, VA, M54008T10, M54026T10

Army activities:
- Joint Program Executive Office for Chemical Biological Defense (JPEO-CBD) and subordinate offices, FDA Regulated Medical Programs, Falls Church, VA, W27P63

Air Force activity:
- 311th Human Systems Wing, Brooks City Base, TX, FFGR4, FFF2T
- Air Force Medical Support Agency, Bolling AFB, DC, (S&T planning directorate, UIC unknown)

Marine Corps activity:
- CG MCCDC, Medical Program Management, Quantico, VA, M30000007-M20409

Navy activity:
- CNR Arlington, VA, N00014
- CNR, Biomedical Program Management, Arlington, VA, N0014 DET-RU
- Bureau of Medicine, Code M2, Naval Observatory, DC

Exclusions:
- All personnel and assets of the listed units not performing functions within the defined scope of the TBRDAMC.
- Personnel not performing program planning, programming, oversight or other RDA program management functions.

Losing Bases

Bolling AFB (Washington, DC) - OTHER
Brooks City-Base (San Antonio, TX) - OTHER

Losing Activities

Air Force Medical Support Agency, Bolling AFB, (S&T planning directorate) - Relocate

Scenario #: MED-0055  
**Date Created:** 12/20/2004

**Scenario Title:** Create a Biomedical Research Center of Excellence for Hyperbaric and Undersea Medicine

**Description:**
This scenario realigns Hyperbaric and Undersea Medicine R&D activities from the Naval Submarine Medical Research Lab, Groton CT to Silver Spring MD to consolidate with the Naval Medical Research Center. This is an enabling scenario submitted as an alternative to the MED-0032 enabling scenario should the Panama City site identified in MED-0032 be unable to accommodate the move.

**Assumptions:**
- This move assumes that that space exists at Silver Spring MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from NSMRL.
- The research functions described in the scenario are at the sub-DTAP level and associated FTEs and Equipment must be confirmed.

**Exclusions:**
- All personnel and assets of the listed units not performing functions within the scope of the center.

**Losing Bases**
SUPSHIP Groton CT (Groton, CT) - Realignment

**Receiving Bases**
National Naval Medical Center Bethesda (Bethesda, MD) - Receive

**Losing Activities**
NAVSUBMEDRSCHLAB - Relocate

**Activities being Received**
NAVSUBMEDRSCHLAB
Registered Scenarios

Scenario #       MED-0056      Date Created:  12/20/2004

Scenario Title:  Create a Biomedical Research Center of Excellence for Environmental and Operational Medicine

Description:

This is an enabling scenario submitted as an alternative to TECH-0005, TECH-0036, TECH-0037 or other scenarios which relocate USAARL independently of Medical Joint Cross Service Group scenarios. It is to be activated in the event that MED-0025, MED-0026 or MED-0027 are not approved and TECH-0045 or TECH-0048 or other scenarios which close Natick and relocate the Soldier Systems Center and USARIEM to Aberdeen Proving Ground MD are approved. This enabling alternative scenario creates the U.S. Army Research Institute of Environmental and Operational Medicine at Aberdeen Proving Ground MD where it will be collocated with non-medical Army research units with a Human Systems mission such as the Soldier Systems Center, and the Human Research and Engineering Directorate of the Army Research Laboratory.

Assumptions:
- This move assumes that that space exists at Aberdeen Proving Ground MD for renovation or a MILCON to accommodate relocation of personnel and unique equipment from both USAARL and USARIEM.
- The Army Reserve Component Rotary Wing Aviation facilities at Aberdeen Proving Ground can support USAARL's helicopter and flight operations.
- TJCSG or Army scenarios relocating the Soldier Systems Center to Aberdeen Proving Ground MD and TJCSG or Army scenarios relocating USAARL to a site other than described in MJCSG scenarios are approved.
- MJCSG scenarios involving USAARL are not approved and the TJCSG scenarios relocating USARIEM to Aberdeen Proving Ground are approved.

Losing Bases

Registered Scenarios

Scenario #  S&S-0026  Date Created:  11/10/2004

Scenario Title:  Consolidate Air Force Inventory Control Point (ICP) command and control operations

Description:

Consolidate Air Force wholesale Inventory Control Point (ICP) command and control operations at a single point/commander and align Technology Repair Centers, Commodity Councils, and Sources of Supply as fully as possible.

The ICPs affected by this scenario are Ogden Air Logistics Center (OO-ALC), Hill AFB, UT, Warner Robins Air Logistics Center (WR-ALC), Robins AFB, GA. Although there are exceptions, support is generally located as follows: cargo aircraft and helicopter support at WR-ALC, bomber and engine overhaul support at OC-ALC, fighter and attack aircraft support at OO-ALC, and secure (cryptologic) communication systems support at CPSG.

The AFMC sustainment model assigns and co-locates product support, supply chain management, and repair expertise for specific technology areas and categorizes Air Logistics Centers. The intellectual capital resident in this arrangement has created a shared technical base at each ALC that efficiently supports requirements across the spectrum of sustainment disciplines. AFMC has experienced much recent sustainment success and plans to use it and the BRAC process as a springboard to achieve optimal organization of its already highly integrated supply chain, as follows:

(1) Where materiel management and commodity organic repair workloads are not already aligned, achieve optimal alignment by moving the Source of Supply (SOS) to the ALC Technology Repair Center (TRC).

(2) Improve command & control of Air Force spares support by consolidating Inventory Control Point (ICP) command and control operations at a single point/commander, with the remaining functions consolidated to 3 sustainment wings at the ALCs.

(3) Solidify strategic supply chain sourcing via PSCM Commodity Councils to leverage our buying power among our major suppliers wherever possible. Solidification method is where commodity management, SOS, and TRC are not already aligned, achieve optimal alignment by moving SOS and/or TRC.

1) Inventory Control Points (ICPs) are responsible for performing a number of functions associated with material acquisition, distribution, and maintenance planning. ICP functions were categorized as either integrated material management functions (IMM) or Service “user” functions in the DMRD 926 ICP Consolidation Study, completed in 1990. Since some of the basic IMM functions are separated in this scenario, we will use different terms to differentiate the intent. “Consolidated ICP Functions” represents the command and control supply chain business functions such as policy, consolidation, prioritization, etc. “ALC Supply Chain Management Functions” represents the in-depth work done at the detailed (item/subsystem/system) level, such as the technical/engineering base, demand and supply planning, etc. For the purposes of this scenario, ICP is defined as ALL Air Force managed items (depot level reparables, consumables, and support equipment) and personnel responsible for the associated functions as listed below:

a) Consolidated ICP Functions. The consolidated ICP will perform:
   • Centralized forecasting and budgeting for spare part re-procurement and repair requirements
   • Develop prices
   • Perform working capital fund financial management
   • Distribute and prioritize deliveries of spares to users
   • Manage assigned strategic supplier relationships
   • Approve acquisition strategies of the Commodity Councils
   • Develop readiness based inventory levels
   • Orchestrate all supply chain operations.

b) ALC Supply Chain Management Functions. Supply chain management responsibilities, aligned under the new Combat Sustainment Wings at each ALC, will retain the item level management tasks:
   • Operating Commodity Councils
   • Contracting for the acquisition of materiel through purchase of new or repaired items
   • Providing engineering and technical support (includes configuration management)
   • Performing demand and supply planning. (includes requirements determination, war reserve requirements, maintenance management, material support to Depot Maintenance for General Support Division (GSD) items, Initial Supply Support Lists, provisioning, and budgeting/funding)
   • Managing customer and supplier relations
   • Managing assigned strategic supplier relationships
   • Introducing items into the DOD catalog
   • Processing requisitions and stock control
   • Initiating actions to dispose of excess materiel
   • Weapon System Secondary Item Supply Support

2) The ICP single commander provides the unity of command necessary to ensure spares are acquired and delivered to achieve Air Force weapon system availability targets at the lowest possible costs.

3) Commodity Councils, Material Support to Depot Maintenance for General Support Division (GSD) items, and other Purchasing and Supply Chain Management (PSCM) initiatives are considered to be part of the ICP.

4) This consolidation will reduce overhead overall by eliminating duplicative functions at the headquarters & ALCs. In pursuing efficiencies, personnel savings will be realized from consolidations of AFMC/LG and ALC/LG activities (drawdowns of management and functional oversight
### Registered Scenarios

Registered Scenarios

Scenario #  S&S-0028  Date Created:  11/17/2004
Scenario Title:  Transfer Service Common DLRs to DLA
Description:

This proposal realigns management of approximately 31,000 common depot level reparables (DLRs) from the Military Services to the Defense Logistics Agency (DLA) and serves as segue for future DLR consolidation under DLA.

There are approximately 380,000 DLRs currently being managed by the Military Services. Service materiel control and recoverability codes were used to identify items as DLRs. Approximately eight percent of these DLRs are used by more than one Service/Agency. For the purposes of this scenario, DLRs used by more than one Service/Agency are defined as common. The Federal Logistics Information Service (FLIS) data base was used to identify items as DLRs and then further identify those that were “common”. Based on dollar value (standard price – range only), common items represent less than five percent of the total value.

Currently, all DLRs are managed within Service unique automated information systems (AIS). Modification of existing Service AIS systems or development of a unique DLA reparable management system is a significant management challenge not specifically addressed in this scenario. Once a system is developed consolidation of personnel at a DLA ICP would need to be considered as would a virtual transfer to DLA in place. We expect that estimates of the number of Service personnel needed to support the management of the common DLRs within DLA can be provided by the Services based on the number and complexity of items to be managed. Associated movement costs can then be developed using the Cost of Base Realignment Actions (COBRA) model.

Like the consumable item transfer (CIT) program, this would be executed in phases with the first phase encompassing the less complex common DLRs throughout the Military Services. The CIT effort was implemented to eliminate the duplicate management of consumable items in DoD and to minimize the number of required item managers. Problems associated with the CIT Phases I and II processes included an inconsistent application of the filter criteria used to identify the items for transfer, some essential logistics data associated with items transferred was not transferred to DLA, no methodology was provided to incorporate program requirements data into the transfer process, a substantial amount of excess inventory for inactive items were transferred from the Services, Services retained management of consumable items that should have been transferred to DLA and they did not provide full pipelines of inventory assets to DLA when transferring the items.

Gaining: Defense Supply Center Richmond, Defense Supply Center Columbus, Defense Supply Center Philadelphia

Losing: Tinker AFB - NICP, Robins AFB - NICP, Hill AFB - NICP, Lackland AFB - NICP, Detroit Arsenal, Soldier System Center, Rock Island Arsenal, Redstone Arsenal, Ft Monmouth, Ft Huachuca, MCLB Albany, NAVICP Philadelphia, NAVICP Mechanicsburg

**Scenario Title:** Establish a Single Army Inventory Control Point (Select and Related Functions) at Fort Monmouth, NJ

**Description:**
Establish a Single Army Inventory Control Point (AICP) by consolidating the inventory management and related support functions from the three Army Commands (AMCOM, CECOM, and TACOM) at Fort Monmouth, NJ. This allows the Army to have one inventory Control Point (ICP) providing inventory management functions at one location. Additionally, this proposal also consolidates related supporting contracting functions at Fort Monmouth, NJ.

**Scenario #**  | TECH-0009 | **Date Created:**  | 10/22/2004 | **Scenario Title:** | Defense Research Service Led Laboratories
---|---|---|---|---|---
**Description:**
This scenario realigns and co-locate the three service corporate laboratories. Additionally it creates a virtual “Defense Research Laboratory” by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical Director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations.
The end state of this scenario will consolidate the Naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. This scenario will provide Service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

### Losing Bases

Stennis Space Center (N68462) to NRL-DC
Brooks City Base AFRL/HE (FFSB0) to AFRL/WPAFB (FFRY7)
Hanscom AFRL/SN (FFSFP) TO AFRL/SN WPAFB
Mesa AFRL/HE (FFSR7) to AFRL/WPAFB
Rome AFRL/SN (FFSFT) to AFRL/SN WPAFB (FFSDH)
Scenario Title: Consolidate Extramural research Program managers to ARL/Adelphi

Description:

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDeps. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

### Losing Bases

- **AFRL/AFOSR (ARLINGTON, VA)** - Realignment
- **ARL/CIS/SLA (Arlington, VA)** - Realignment
- **ARMY RESEARCH Lab/ARMY RESEARCH OFFICE (ARLINGTON, VA)** - Realignment
- **ARMY RESEARCH LABORATORY/ARMY RESEARCH OFFICE (DURHAM, NC)** - Realignment
- **DARPA (Arlington, VA)** - Realignment
- **Defense Threat Reduction Agency (Alexandria, VA)** - Realignment
- **Office of Naval Research (Arlington, VA)** - Realignment

### Losing Activities

- AFRL/AFOSR, Arlington (FFFJH) extramural research program managers to ARL/Adelphi - Co-locate
- ARL/CIS/SLA Arlington (W26243) extramural research program managers to ARL/Adelphi - Co-locate
- ARL/Army Research Office, Alexandria (W26205) extramural research program managers to ARL/Adelphi - Co-locate
- Army ARL/Army Research Office, Durham (W26215) extramural research program managers to ARL/Adelphi - Co-locate
- Defense Advanced Research Project Agency extramural research program managers to ARL/Adelphi - Co-locate
- Defense Threat Reduction Agency-NCR extramural research program managers to ARL/Adelphi - Co-locate
- Office of Naval Research (N00014) extramural research program managers to ARL/Adelphi - Co-locate

### Receiving Bases

- **Adelphi (Adelphi, MD)** - Receive

### Activities being Received

- AFRL/AFOSR, Arlington (FFFJH) extramural research program managers to ARL/Adelphi
- ARL/Army Research Office, Alexandria (W26205) extramural research program managers to ARL/Adelphi

<tbody>
<tr>
<td>Establish/Consolidate Space Research and Space D &amp; A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space Platform Research to two core sites, Kirtland AFB, NM and Naval Research Lab in Washington, DC. Consolidate Space Systems Development and Acquisition (D&amp;A) at Peterson AFB to optimize the joint organizing, training and equipping functions for space organizations. Consolidation of Space T &amp; E does not reveal realignment or closure opportunities.</td>

## Registered Scenarios

### Scenario # TECH-0017  
**Date Created:** 10/25/2004  
**Scenario Title:** Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Picatinny)  
**Description:**

Relocate DoD Guns & Ammunition RD&A (except energetic materials) at Picatinny.  
Relocate gun/ammunition research (except energetic materials) from Aberdeen, Gun/Ammunition/nuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Dahlgren, Port Hueneme (Louisville Detachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Picatinny.  
Definition of Guns & ammunition: Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Registered Scenarios

Scenario #  TECH-0018  Date Created:  10/25/2004
Scenario Title:  Relocate W&A RDAT&E to 3 Primary & 4 specialty; retain/relocate energetics at Indian Head

Description:
Relocate most Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and two (2) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal and ship system/combat system integration @ Dahlgren], with weapon systems integration @ Corona to Port Hueneme and all weapons related RDAT&E from PAX River and Point Mugu to China Lake. Retain energetic materials capabilities at Indian Head and relocate energetics materials capabilities from Crane, Fallbrook and Yorktown to Indian Head.

Definitions:
In Service Engineering (ISE): Those engineering activities that provide for an increase in capability of a system/sub-system/component after Full Operational Capability has been declared. ISE is separate from sustainment which is only associated with keeping the capability in service (without any material change in capability).

Sustainment: Those engineering activities that maintain an existing capability of a system/sub-system/component for service use. Sustainment is separate from In Service Engineering (ISE) activities, which are associated with any change/upgrade in capability.

Energetic Materials: Includes all R, D&A and T&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications. Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics, and fuzing.

Underwater Weapons: Includes all R, D&A and T&E associated with weapon systems launched and or intended to attack underwater targets. Includes but not limited to underwater mines, mine countermeasures (water and surf zone), torpedoes and unmanned underwater vehicles. Does not include sub-launched cruise (e.g., Tomahawk) and ballistic missiles. Does not include weapon systems integration.

Guns and Ammunition: Includes all R, D&A and T&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Weapon Systems Integration: Includes all R, D&A and T&E associated with weapon and armaments integration on air, land, and sea platforms. This process combines weapon system(s) together on a platform via an automated control system. It allows for orchestrated weapon system engagement decisions and coordination on the host platform and/or between weapon systems on multiple platforms (including control systems for multiple weapon systems, e.g., combat systems).

Losing Bases

Aberdeen (Aberdeen, MD) - Realignment

Adelphi (Adelphi, MD) - Realignment

Scenario #    TECH-0020    Date Created:    10/27/2004

Scenario Title: Joint Battlespace Environments Center

Description:

Realign and consolidate those facilities that are primarily focused on Battlespace Environments (meteorology, oceanography, terrain, and space environment) DTAP activities in research, development and acquisition (RDA) to create a Joint Battlespace Environments Center (JBSEC) at the Stennis Space Center, Stennis, MS.

This scenario realigns and consolidates Battlespace Environments DTAP activities in research, development and acquisition (RDA) for the subareas of space, atmospheric and oceanographic and terrain sciences establishing a Joint Battlespace Environments Center (JBSEC). This scenario only realigns the unique organizations (branch, division, detachment, or larger) that conducts RDA for the purpose of describing and characterizing the environment and develops models to characterize the impact of the environment on weapons systems. It does not realign individual technical experts embedded in host acquisition facilities whose primary function is to analyze the impact of the environment on current and emergent weapons systems. The JBESC will be located at the Stennis Space Center, Stennis, MS and will be merged with existing battlespace environments organizations at Stennis. The research, development and acquisition focus of the JBESC will be the weather, space weather, and oceanographic information systems used by all echelons (tactical, operational and strategic). This information is provided via software based systems such as Air Force Meteorological Information Systems (AFMIS) and the Navy Tactical Environmental Support System (TESS). The R&D being consolidated is software systems centered and is inclusive of atmospheric and ocean science related to weather, software engineering, models and simulations, high performance computation, and mathematics. This multidisciplinary collection of R&D expertise and their resulting production information systems are essential for advancements in the Battlespace Environment Joint Functional Concept (CJCSI 3170.01c).

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency RDA expertise on to a single site with one of the four DoD High Performance Computing (HPC) Major Shared Resource Centers (MSRCs). A single site is consistent with the strategy of the Technical Joint Cross Service Group because the National Oceanic and Atmospheric Agency performs alternative research facilities. In order to support Joint Functional Concepts and relevant Joint Operating Concepts of the future, this scenario provides a) a consolidated center-of-mass for the science base for theater weather, the enabling models and simulations, and predictive tools; b) ready access for research and development to a DoD high performance computing Major Shared Resource Center; and, c) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Units with size less than 30 FTEs are excluded unless otherwise noted. This scenario consolidates and realigns, principally, the following organizations:

Air Force: Battlespace Environments Division of Air Force Research Laboratory (AFRL/VSBL), Hanscom AFB, MA.
Army: Atmospheric Sciences Branches of the Army Research Laboratory at Adelphi Md (34 FTE) and White Sands Missile Range (71 FTE)
Navy: Navy Research Laboratory Marine Meteorology Division (Monterey CA; NRL-MMD) and Navy Research Laboratory Stennis Space Center (NRL-SSD), and Ocean and Atmospheric Directorate at NRL Washington (NRL-DC).

Losing Bases

Adelphi (Adelphi, MD) - Realignment

Hanscom AFB (Bedford, MA) - Realignment

Naval Postgraduate School (Monterey, CA) - Realignment

Naval Research Laboratory (Washington, DC) - Realignment

White Sands (White Sands Missle Range, NM) - Realignment

Receiving Bases

Stennis Space Center (xxxx, MS) - Receive

Activities being Received

Adelphi Lab Center (W262AA) Research for the
subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

ARL/WSMR (W26212) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

Hanscom (AFRL/VSB) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

NRL/DC (N00173- Code 7600) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)

NRL/Monterey Detachment Division (N66856) RD&A for the subareas of space, atmospheric and oceanographic sciences to NRL Detachment Stennis Space Center (N68462)
**Scenario #** TECH-0034  
**Date Created:** 11/12/2004  
**Scenario Title:** Defense Research Service Led Laboratories, Companion to TECH-0009  
**Description:**

This scenario is a companion to TECH-0009. As such it will examine alternative realignments as part of the creation of the Defense Research Laboratory. The DRL realigns and co-locate the three service corporate laboratories to provide greater synergy across DTAP technical capabilities and functions. Additionally it creates a virtual "Defense Research Laboratory" by establishing a board of directors including Director of Defense Research and Engineering (DDRE), Technical Director of the Naval Research Laboratory (TD-NRL), Commanding Officer of Air Force Research Laboratory (CC-AFRL), Technical director Army Research Laboratory (TD-ARL) and the Service S&T executives. The Board of Directors will advise and steer Research Labs to reduce duplicative efforts & foster joint centers of excellence. The purpose of this scenario is to consolidate to a smaller number of Service-centric geographic locations in order to increase the multidisciplinary collection of R&D expertise across DTAP capability areas at those locations. The end state of this scenario will consolidate the naval Research Laboratory to one primary location, the Army Research Laboratory to one primary location, and the Air Force Research Laboratory to a maximum of four locations. The DRL will provide service Centric consolidated centers of mass for Science and Technology, with increased effectiveness and efficiencies.

**Registered Scenarios**

**Scenario #**  TECH-0038  
**Date Created:** 11/18/2004

**Scenario Title:** Consolidate Extramural Research Program managers to Naval Research lab, DC

**Description:**

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all portions of the following organizations located at the sites indicated. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDeps. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would:

Realign from the following UICs to JBESC, FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions:

- Office of Naval Research, Arlington, VA, N00014
- Defense Advanced Research Project Agency, Arlington VA
- Defense Threat Reduction Agency – NCR, Alexandria, VA
- Army Research Laboratory/Army Research Office, Durham, NC, W26203
- Army Research Laboratory/Army Research Office, Arlington, VA, W26205
- AFRL/AFOSR, Arlington, VA, FFFJH

AFRL/AFOSR extramural research program managers to Bolling AFB
ARL/ARO NC extramural research program managers to Bolling AFB
ARL/ARO VA extramural research program managers to Bolling AFB
ARL/CIS/SLA extramural research program managers to Bolling AFB
DARPA extramural research program managers to Bolling AFB
DTRA extramural research program managers to Bolling AFB
ONR extramural research program managers to Bolling AFB
Registered Scenarios

Scenario #  TECH-0043  Date Created:  11/18/2004
Scenario Title:  Relocate RD&A energetic materials capability from Crane and Yorktown to Dahlgren

Description:
Relocate energetic materials RDAT&E capabilities from Indian Head, Crane and Yorktown to Dahlgren.  
Definitions:
Energetic Materials: Includes all RDAT&E associated with the study and technology development of energetic materials used in rockets, gun propellants, warheads, fuzing, structures and other explosive and incendiary devices for air, land, sea, and underwater applications.  Examples are energetic materials science, nanotechnology, energetic materials synthesis, energetic materials formulations, energetic materials processing technology, M&S contributing to technology development, interior ballistics and fuzing.

Losing Bases
- Naval Support Activity Crane (Crane, IN) - Realignment
- Naval Surface Warfare Center Indian Head (Indian Head, MD) - Realignment
- Naval Weapons Station Fallbrook (Fallbrook, CA) - Realignment
- Naval Weapons Station Yorktown (Yorktown, VA) - Realignment

Losing Activities
- Crane (N00164) NAVSURFWARCEN energetic materials RDAT&E to Dahlgren - Relocate
- Indian Head (N00174) energetic materials RDAT&E to Dahlgren - Relocate
- Fallbrook (N32893) Crane NAVSURFWARCEN energetic materials T&E to Dahlgren - Relocate
- Yorktown (N32889) energetic materials RDAT&E to Dahlgren - Relocate

Receiving Bases
- Naval Surface Warfare Center Dahlgren (Dahlgren, VA) - Receive

Activities being Received
- Crane (N00164) NAVSURFWARCEN energetic materials RDAT&E to Dahlgren
- Fallbrook (N32893) Crane NAVSURFWARCEN energetic materials T&E to Dahlgren
- Indian Head (N00174) energetic materials RDAT&E to Dahlgren
- Yorktown (N32889) energetic materials RDAT&E to Dahlgren
**Registered Scenarios**

**Scenario #** TECH-0044  
**Date Created:** 11/18/2004  
**Scenario Title:** Relocate DoD Guns & Ammunition RD&A and selected T&E at one location (Dahlgren)  
**Description:**

Relocate DoD Guns & Ammunition RD&A (except energetic materials) and selected T&E at Dahlgren. Relocate gun/ammunition research from Aberdeen, Gun/Ammunition/fuze RD&A from Adelphi, gun/ammunition RDAT&E from Crane, Picatinny, Port Huemerne (Louisville Detachment), Quantico, China Lake, Eglin; and gun RD&A from Watervliet (Benet Lab) to Dahlgren.

**Definition of Guns & ammunition:** Includes all RDAT&E associated with small, medium and large caliber gun systems, and any barrel launched ballistic rounds/systems. Includes but is not limited to mortars, tank rounds and systems, artillery, Navy Gun systems. Includes all work associated with gun systems, materials and propelling charges. Does not include guidance and control, and rocket motors. Does not include weapon systems integration.

Picatinny (W27P05) guns/ammo/luze D&A to Dahlgren
Picatinny (W27P4A) guns/ammo/luze D&A to Dahlgren
Picatinny (W27P72) guns/ammo D&A to Dahlgren
Picatinny (W4MKAA) guns/ammo/luze RT&E to Dahlgren
Watervliet (Benet Lab) (W4MK03) gun RD&A to Dahlgren
This scenario relocates and consolidates RDAT&E in Land Warfare into a single site. It enhances Life Cycle Management by physically consolidating organization contained in the Soldier/Ground Systems Life Cycle Management Command. The scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare RDAT&E (Soldier Systems, ground vehicle, guns and ammunition and CBD). The consolidation at APG collocates R&DA activities from the Soldier Systems Center (SSC) Natick, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, Ft. Belvoir, VA and Picatinny, NJ with significant T&E capabilities, which are not available at the current RD&A sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems.

### Losing Bases
- Adelphi (Adelphi, MD) - Realignment
- Belvoir (Fort Belvoir, VA) - Realignment
- Detroit/Selfridge (Warren, MI) - Realignment
- Picatinny (Dover, NJ) - Realignment

### Losing Activities
- Adelphi ARDEC (W4MK04) to APG - Relocate
- Belvoir CMD PEO Soldier (W27P04) to APG - Relocate
- Belvoir CMD PEO Soldier (W27P8A) to APG - Relocate
- Detroit ACT LOGSA (W43T1A) to APG - Relocate
- Detroit CMD PEO Soldier (W27P08) to APG - Relocate
- Detroit CTR TACOM R&D (W4GHAA) to APG - Relocate
- Detroit HQ TACOM (W4GGAA) to APG - Relocate
- Detroit MGR AAESA (W27P12) to APG - Relocate
- Detroit MGR GCSS (W27P10) to APG - Relocate
- Selfridge HQ TACOM (W4GG16) to APG - Relocate
- Picatinny CMD HQ ARL (W2621E) to APG - Relocate
- Picatinny CMD PEO AMMO (W27P05) to APG - Relocate
- Picatinny CMD PEO Soldier (W27P4A) to APG - Relocate
- Picatinny CMD USA MUN & Armament (W6AN15) to APG - Relocate

Registered Scenarios

Scenario #  TECH-0046  Date Created:  11/23/2004

Scenario Title:  Consolidate Extramural Research Program Managers (Joint Center of Excellence) to Ft. Belvoir

Description:

Realign and Co-locate the following organizations at a Military Base in the National Capital Region. The purpose of this scenario is to move all activity of the following organizations located at the sites indicated and collocate them in close proximity to DTRA and the ARL-ARO detachment at Fort Belvoir. The end state of this scenario will be co-location of the organizations listed below at a single location. This “Joint Center of Excellence” will foster additional coordination among the extramural research activities of OSD and the MilDeps. Further it will enhance the Force Protection posture of the organizations by relocating them from leased space and onto a Military Base.

This scenario would co-locate from the following UICs to the Joint Center of Excellence for Extramural Research, all government FTEs and equipment reported under BRAC Questions 3001-3005, 4277, 4279, and 4280 for all DTAP areas and functions.

Registered Scenarios

Scenario #  TECH-0047  Date Created:  12/2/2004

Scenario Title:  Consolidate Combatant Cmdr C4ISR DAT&E at Colorado Springs, CO

Description:

Move the people & their positions (government only) and the Special Equipment & Facilities doing Combatant Commander Information Systems DAT&E work from DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices), NAVSURFWARCEN COASTSYSSTA PANAMA CITY FL (DJ02 Program office) and Army PEOC3T, Ft. Monmouth (JNMS Program Office) and Arlington, VA leased space (JTRS Joint Program Office) to Colorado springs. People includes Military (officers and enlisted), civilian and those contractor personnel for whom the government is obliged to provide on-base facilities, special equipment includes mission and support equipment as well as those vehicles required to accomplish the mission being moved.

Losing Bases

- Bailey's Crossroads (Arlington, VA) - Realignment
- Crystal City Lease (Arlington, VA) - Realignment
- Monmouth (Fort Monmouth, NJ) - Realignment
- Naval Support Activity Panama City (Panama City, FL) - Realignment

Losing Activities

- DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices) Combatant Commander Information systems DAT&E to Peterson - Consolidate
- Army PEOC3T Combatant Commander Information systems DAT&E to Peterson - Consolidate
- Monmouth Combatant Commander Information systems DAT&E to Peterson - Consolidate
- Panama City Combatant Commander Information systems DAT&E to Peterson - Consolidate

Receiving Bases

- Peterson AFB (Colorado Springs, CO) - Receive

Activities being Received

- Army PEOC3T Combatant Commander Information systems DAT&E to Peterson
- DISA (GIG-BE, GCCS, GCSS, NCES, and Teleport Program Offices) Combatant Commander Information systems DAT&E to Peterson
- Monmouth Combatant Commander Information systems DAT&E to Peterson
- Panama City Combatant Commander Information systems DAT&E to Peterson
Registered Scenarios  

Scenario # | TECH-0050  
--- | ---  
Date Created: | 12/9/2004  
Scenario Title: | Army Land Network Warfare LCM Center at NCR  
Description: | This scenario consolidates C4ISR technical facilities into a minimum number of centers. Part one consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems Research (less the Ground Sensor, Electronic Warfare, Electronics and Information Systems Research conducted at Ft. Belvoir) at Army Research Laboratory, Adelphi, MD. Consolidation of research includes moving research in Networks done by the Army Research Institute and research in cognitive engineering, human performance and in human factors associated with C4ISR and Networks by the Human Research and Engineering Directorate of ARL. The consolidated research organization will be coupled with neuroscience research at Walter Reed Army Institute of Research to form creation a Land Network Science Technology and Experimentation Center, which will perform the fundamental research required to enable Ground Network Centric Warfare. Part two consolidates Ground Sensor, Electronic Warfare, Electronics and Information Systems D&A at Belvoir.

### Registered Scenarios

**Scenario #** USA-0210  
**Date Created:** 12/16/2004

**Scenario Title:** 203 AFRC Fargo, ND

**Description:**

Close 96th RRC David Johnson USARC in Fargo and move into a new AFRC on Hector Field.

NDANG will demolish their current O&T and ANG Headquarters buildings. Construct a 337 person AFRC and joint maintenance activity on Hector Field Air National Guard base in Fargo, ND.

AF has indicated they will move out of Hector Field so they will not be included in AFRC - it will be just the USARC moving to Hector Field Air National Guard base in Fargo, ND. Activities will move on an existing installation.

JAST #A045 - this is a USA proposal that moves USARC to an ANG Base - that may be going away.

**Scenario #**  USA-0213  
**Date Created:** 12/16/2004  
**Scenario Title:** 256 AFRC JRB Ft Worth, TX  
**Description:**

Close the Weatherford, Sandage and Cobb Park TXARNG Armories, realign 5 USAR and 3 USMCR units already on NAS-JRB Ft Worth. Construct new joint facility on an enclave of NAS-JRB or if no land is available on NAS-JRB on property at the nearby Ft Worth storage area (coordination already begun).

Proposal includes two 7300 sq ft multi use (classroom, training, billets, emer/disaster spt) facilities. Includes an FMS and AMSA sub shop. NAS JRB Ft Worth AFRC is a leased facility on permitted land - $130K per yr. The JRB Ft Worth Bunker City is leased facility on permitted land - $130K per yr.

JAST # A041 - this is a USA proposal that consolidates ARNG and USAR onto NAS JRB Fort Worth or a nearby location. May include USMCR units that are already on NAS JRB Fort Worth.

<tr>
<td><strong>Scenario Title:</strong></td>
<td>Realign B-52 Fleet (S 201)</td>
</tr>
</tbody>
</table>

#### Description:

Realign/consolidate current B-52 force structure at as few locations as practicable using standard squadron sizes and crews, consistent with Mission Capabilities Indices and Future Total Force tenets.

- Realign B-52s (12 PAA) from Barksdale AFB to Minot AFB (S201)
- Retire Attrition Reserve B-52 (18 PAA) Aircraft at Minot AFB (S201)

**Principles:**

- Primary determinant - MCI rating;
- Target squadron size at 12 PAA;
- Limit wing size at <= 3 squadrons

### Losing Bases

- Barksdale AFB (Bossier City, LA) - Realignment
- Minot AFB (Minot, ND) - Realignment

### Losing Activities

- B-52 Bomber Squadron (12 PAA) - Relocate
- B-52 Bomber (18 PAA Retire) - Disestablish

### Receiving Bases

- Minot AFB (Minot, ND) - Receive

### Activities being Received

- B-52 Bomber Squadron (12 PAA)
### Registered Scenarios

**Scenario #** USAF-0011  
**Date Created:** 9/22/2004

**Scenario Title:** Close Onizuka Air Force Station (S 800)

**Description:**

Close Onizuka AFS. The 21st Space Operations Squadron will inactivate. The Air Force Satellite Control Network (AFSCN) functions will relocate to Vandenberg AFB, California.

Relocate 21 Space Operations mission to Vandenberg AFB

<table>

### Registered Scenarios

**Scenario #** USAF-0013  
**Date Created:** 9/22/2004

**Scenario Title:** Close Los Angeles Air Force Base; Enables Tech 14 Scenario (S 801)

**Description:**

Relocate the Space and Missile Systems Center (SMC) to Colorado Springs, Colorado

Enables Tech 14 Scenario to Establish a Joint Center for Space Platform (DA) at Peterson AFB, Colorado or Schriever AFB, Colorado

Relocate to:
- A. Peterson AFB, or
- B. Schriever AFB

2001 Space Commission guidance recommended “Cradle to Grave” approach to more closely integrate space acquisition and ops functions

Co-locate Joint space operator commands with space product center

**Scenario #**  USAF-0032  **Date Created:** 12/17/2004

**Scenario Title:** Close Cannon AFB (S100)

**Description:**

Close Cannon AFB. The 27th Fighter Wing will inactivate. The wing’s F-16 aircraft will be distributed to the 115th Fighter Wing (ANG), Dane County Regional APT, Truax Field AGS, (3 PAA, Block 30); 482d Fighter Wing (AFRC) Homestead ARB (3 PAA, Block 30); 150th Fighter Wing (ANG), Kirtland AFB, (3 PAA, Block 30); 301st Fighter Wing (AFRC), Carswell ARS, NAS Fort Worth JRB (9 PAA, Block 30); 354th Fighter Wing, Eielson AFB (6 PAA, B40); and retire (36 PAA, Block 40/50).

**Issue:** Singapore F-16 (Block 52) Squadron must move

### Losing Bases

- Cannon AFB (Clovis, NM) - Close

### Losing Activities

- 27th Fighter Wing; Retire F-16s (18 PAA, Block 40); Retire F-16s (18 PAA, Block 50) - Inactivate
- F-16 (60 PAA) 24 B30 Relocate; 18 B40 Retire; 18 B50 Retire - Relocate

### Receiving Bases

- Carswell ARS, NAS Fort Worth Joint Reserve (Fort Worth, TX) - Receive
- Dane County Regional - Truax Field AGS (Madison, WI) - Receive
- Eielson AFB (Fairbanks, AK) - Receive
- Homestead ARS (Homestead, FL) - Receive
- Kirtland AFB (Albuquerque, NM) - Receive

### Activities being Received

- F-16 B30 (9 PAA)
- F-16 B30 (3 PAA)
- F-16 B40 (6 PAA)
- F-16 B30 (3 PAA)
- F-16 B30 (3 PAA)
### Registered Scenarios

### Scenario # USAF-0036  
**Date Created:** 12/17/2004  
**Scenario Title:** Close Fort Smith MAP AGS (S104)  

**Description:**

Close Fort Smith MAP AGS. The 188th Fighter Wing (ANG) will be inactivated. The Wing's F-16 Block 32 aircraft (15 PAA) will be distributed to the 144th Fighter Wing (ANG), Fresno Air Terminal AGS, California. The F-16 Block 25 aircraft (15 PAA) assigned to the 144th Fighter Wing at Fresno will retire.

The wing's ECS elements may remain as an enclave.

### Losing Bases

- Fort Smith Regional APT AGS (Fort Smith, AR) - Close
- Fresno Air Terminal AGS (Fresno, CA) - Realignment

### Losing Activities

- 188th Fighter Wing (ANG) - Inactivate
- F-16 Fighter Squadron (15 PAA, Block 32) - Relocate
- F-16 Squadron (15 PAA, Block 25) - Inactivate

### Receiving Bases

- Fresno Air Terminal AGS (Fresno, CA) - Receive

### Activities being Received

- F-16 Squadron (15 PAA, Block 32)
**Scenario #** USAF-0037  **Date Created:** 12/17/2004

**Scenario Title:** Close Great Falls IAP AGS (S105)

**Description:**

Close Great Falls IAP AGS. The 120th Fighter Wing (ANG) will be inactivated. The Wing's F-16 Block 30 aircraft (15 PAA) will retire.

The wing's ECS elements may remain as an enclave.

---

**Losing Bases**

Great Falls IAP AGS (Great Falls, MT) - Close

**Losing Activities**

F-16 Fighter Squadron, Retire F-16s (15 PAA, Block 30) - Inactivate
**Scenario #**  USAF-0038  **Date Created:** 12/17/2004

**Scenario Title:** Realign Hancock Field AGS (S106)

**Description:**
Realign Hancock Field AGS. The 174th Fighter Wing (ANG) will be inactivated. The wing's F-16 Block 30 aircraft will be distributed to the 122nd Fighter Wing (ANG), Fort Wayne IAP AGS, Indiana (9 PAA) and 149th Fighter Wing (ANG) Lackland AFB, Texas (6 PAA). The 122d Fighter Wing at Fort Wayne loses assigned F-16 Block 25 aircraft (15 PAA) to retirement.

The wing's ECS elements, 152nd Air Operations Group (ANG), and 274th Air Support Operations Squadron (ANG) may remain as an enclave.

**Scenario #** USAF-0054  **Date Created:** 12/17/2004

**Scenario Title:** Realign Mountain Home AFB (S122)

**Description:**

Realign Mountain Home AFB. The 366th Fighter Wing will lose assigned F-16 Block 52 aircraft to the 187th Fighter Wing (ANG), Dannelly Field AGS (9 PAA) and 57th Wing, Nellis AFB (9 PAA). The 366th Fighter Wing will lose assigned F-15C/D aircraft to the 57th Wing, Nellis AFB, (9 PAA); 3rd Wing, Elmendorf AFB (6 PAA); and retirement (3 PAA). The 57th Wing at Nellis will distribute F-16 Block 42 aircraft (3 PAA) to the 138th Fighter Wing Tulsa IAP AGS, and retire its remaining F-16 Block 42 aircraft (15 PAA). The 3rd Wing at Elmendorf will lose assigned F-15E aircraft (18 PAA) to the 366th Fighter Wing at Mountain Home.

### Losing Bases
- Elmendorf AFB (Anchorage, AK) - Realignment
- Mountain Home AFB (Mountain Home, ID) - Realignment
- Nellis AFB (Las Vegas, NV) - Realignment

### Losing Activities
- F-15E Fighter Squadron: Relocate (18 PAA) - Relocate
- F-15C/D Fighter Squadron: Relocate (15 PAA); Retire (3 PAA) - Relocate
- F-16 Fighter Squadron (18 PAA, Block 52) - Relocate
- F-16 Fighter Squadron: Relocate (3 PAA, Block 42); Retire (15 PAA, Block 42) - Relocate

### Receiving Bases
- Dannelly Field AGS (Montgomery, AL) - Receive
- Elmendorf AFB (Anchorage, AK) - Receive
- Mountain Home AFB (Mountain Home, ID) - Receive
- Nellis AFB (Las Vegas, NV) - Receive
- Tulsa IAP AGS (Tulsa, OK) - Receive

### Activities being Received
- F-16 Fighter Squadron (9 PAA, Block 52)
- F-15C/D Fighter Squadron (6 PAA)
- F-15E Fighter Squadron (18 PAA)
- F-15C/D Fighter Squadron (9 PAA)

### Registered Scenarios

**Scenario #**  
HSA-0125

**Date Created:** 12/15/2004

**Scenario Title:** MAH-R&RC-0021 [C][E]: Relocate Marine Corps Reserve Command

**Description:**

Realign NSA New Orleans, LA by co-locating Marine Corps Reserve Command with HQ Marine Corps at MCB Quantico, VA.

Enhances Service AC/RC interoperability.

Merge common support functions.

Undetermined available acres at Quantico: 243.

Required maximum acres at Quantico: 11.8.

Total personnel relocated: 824.

R&RC-0041 & 0094, MPC-0001, 0010, 0012 enable the closure of NSA New Orleans by relocating Naval Reserve Personnel Center and Enlisted Placement & Management Center at either San Antonio, TX mega-center, Ft Leavenworth, TX or NSA Millington, TN, respectively.

---

### Losing Bases

- Naval Support Activity New Orleans (New Orleans, LA) - Realignment

### Receiving Bases

- Marine Corps Base Quantico (Quantico, VA) - Receive

### Losing Activities

- COMMARFORRES - Co-locate

### Activities being Received

- COMMARFORRES
**Scenario #**  IND-0013  
**Date Created:** 10/22/2004  
**Scenario Title:** SR-4A, #1: Moves I-Level Carrier Work From San Diego To Pearl Harbor  

**Description:**
This scenario assumes a DON scenario which realigns a CVN Strike Group from San Diego to Hawaii. Pearl Harbor NSY & IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier.

---

**Description:**

Consolidate aircraft intermediate repair function from COMHELTACWINGLANT NORFOLK FUNCTION AIMD, TRUAX FIELD (AIMD CORPUS CHRISTI TX) to COMSEACONWINGPAC SAN DIEGO CA (NAS NORTH ISLAND). Equipment and personnel would relocate from COMHELTACWINGLANT NORFOLK FUNCTION AIMD, TRUAX FIELD (AIMD CORPUS CHRISTI TX) to COMSEACONWINGPAC SAN DIEGO (NAS NORTH ISLAND), as required by the gaining activity for workload share.

Enables DON scenarios DON-0003, DON-0031, and DON-0032.

JCSG will relinquish analysis of this portion of the scenario to DON, however, the JCSG retains the right to realign if future scenarios so dictate.

---

**Losing Bases**

- Naval Air Station Corpus Christi (Corpus Christi, TX) - Realignment

**Receiving Bases**

- Naval Air Station North Island (San Diego, CA) - Receive

**Losing Activities**

- COMHELTACWINGLANT NORFOLK FUNCTION AIMD TRUAX FIELD - Consolidate

**Activities being Received**

- COMHELTACWINGLANT NORFOLK FUNCTION AIMD TRUAX FIELD
Scenario #      IND-0059          Date Created:  11/17/2004
Scenario Title: IM-E-002; Close NAS ATLANTA GA (Relocate NAS JRB NEW ORLEANS LA, NAS JRB FORT WORTH TX, ROBINS AFB,
Description:  Consolidate aircraft intermediate repair function from NAS ATLANTA GA to NAS JRB NEW ORLEANS LA and NAS JRB FORT WORTH TX. Equipment and personnel would relocate from NAS ATLANTA GA to NAS JRB NEW ORLEANS LA, as required by the gaining activity for workload share. Equipment and personnel would relocate from NAS ATLANTA GA to NAS JRB FORT WORTH TX, as required by the gaining activity for workload share.
Enables DON scenario DON-0068.
JCSG will relinquish analysis of this portion of the scenario to DON, however, the JCSG retains the right to realign if future scenarios so dictate.

Losing Bases
Naval Air Station Atlanta (Marietta, GA) - Realignment

NAVAIRSECFAC JRB FORT WORTH
## Registered Scenarios

**Scenario #**  IND-0093  
**Date Created:**  11/29/2004  
**Scenario Title:**  IM-E-004; Close NS Everett, WA (Relocate ships to NS Pearl Harbor, HI and NS San Diego, CA)  

### Description:

- Consolidate aircraft intermediate maintenance functions for 4 VFA squadrons from NAS Lemoore (COMSTRKFIGHTWINGPAC) to CG MCB HAWAII.
- Consolidate aircraft intermediate maintenance functions for 1 VAQ squadron NAS WHIDBHEY ISLAND WA to CG MCG HAWAII.
- Consolidate aircraft intermediate maintenance functions for 1 VAW squadron from NAS PT MUGU (COMAEWINGPAC) to CG MCG HAWAII.
- Consolidate aircraft intermediate maintenance functions for 2 C-2 aircraft from NAS North Island (COMSEACONWINGPAC) to CG MCG HAWAII.
- Consolidate aircraft intermediate maintenance functions for 1 HS squadron from NAS North Island (COMSEACONWINGPAC) to CG MCG HAWAII.

Intermediate maintenance function remains at losing activities to support remaining workload.

Supports DON operational scenario DON-0036.

JCSG will relinquish analysis of this portion of the scenario to DON, however, the JCSG retains the right to realign if future scenarios so dictate.

### Losing Bases

- Naval Air Station Lemoore (Lemoore, CA) - Realignment
- Naval Air Station North Island (San Diego, CA) - Realignment
- Naval Air Station Point Mugu (Point Mugu, CA) - Realignment
- Naval Air Station Whidbey Island (Oak Harbor, WA) - Realignment

### Losing Activities

- COMSTRKFIGHTWINGPAC - Consolidate
- COMSEACONWINGPAC - Consolidate
- COMAEWINGPAC - Consolidate
- NAS WHIDBHEY ISLAND - Consolidate

### Receiving Bases

- Marine Corps Base Hawaii Kaneohe (Kbay, HI) - Receive

### Activities being Received

- COMAEWINGPAC
- COMSEACONWINGPAC
- COMSTRKFIGHTWINGPAC
- NAS WHIDBHEY ISLAND
Registered Scenarios

This scenario enables Navy scenario DON-036 and addresses the relocation of an CVN from NS Everett to Pearl Harbor.
This relocation would include the movement of 6,000 active duty personnel and 12,000 family members into the Hawaii healthcare market.

This would require expansion of clinics at Tripler Army Medical Center, Pearl Harbor and Hickam AFB to maximum outpatient capacity. Likewise Tripler Army Medical Center would expand to absorb the additional inpatient workload. Medical personnel to support this move would come from NS Everett and Bremerton Naval Hospital.
Any workload not absorbed by this expansion will be redirected to the local community.

**Scenario #** MED-0034  
**Date Created:** 11/19/2004  
**Scenario Title:** Expand Healthcare Market in Guam to Enable DON-0037

**Description:**

This is an enabling scenario for DON-0037, moving a CVN, 1 DDG and 3 FFG from NS Everett to Guam.

This relocation would include the movement of 7000 active duty personnel and 14,000 family members into the Hawaii healthcare market.

Due to the extreme shortfall availability and quality of local healthcare resources, this scenario proposes to expand Naval Hospital Guam and Anderson AFB Clinic to absorb all of the healthcare workload.

Medical personnel from NS Everett and NS Bremerton would be relocated to address the growth in healthcare workload at Guam. Healthcare workload remaining at NS Bremerton would be referred to the local healthcare system.

**Losing Bases**

Naval Hospital Bremerton (Bremerton, WA) -

Naval Station Everett (Everett, WA) -

**Receiving Bases**

Andersen AFB (Agana, GU) - Receive

Naval Hospital Guam (FPO, AP) - Receive

**Losing Activities**

medical support for CVN battle group - Relocate

Inpatient and Outpatient workload - Relocate

Medical Support staff for workload - Relocate

**Activities being Received**

Inpatient and Outpatient workload

medical support for CVN

Medical Support staff for workload

Inpatient and Outpatient workload

medical support for CVN

Medical Support staff for workload

Scenario # | E&T-0007 | Date Created: | 9/20/2004
Scenario Title: | Consolidate Rotary Wing Phase of Undergraduate Flight Training at NAS Whiting Field.

Description:

Realigned NAS Whiting (Milton, Florida) by establishing a DoD Undergraduate Rotary-wing Flight Training Center of Excellence. Relocated Fixed-wing Undergraduate Flight Training units on North Field NAS Whiting (VT-2, VT-3, and VT-6 (T-34C and T-6 aircraft)) to NAS Corpus Christi (Corpus, Christi, Texas). Relocated Fort Rucker (Dothan, Alabama) Undergraduate Rotary-wing units (U.S. Army's 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing's 23rd Flying Training Squadron) to NAS Whiting. Consolidated the U.S. Army's 1st Aviation Brigade and the U.S. Air Force 58th Special Operations Wing's 23rd Flying Training Squadron with Training Wing 5 (TRAWNG 5) and subordinate units (HT-8, HT-18, and Helicopter Instructor Training TRAWNG 5) to establish a single DoD Rotary Wing Undergraduate Flight Training Center of Excellence at NAS Whiting.

Reason Scenario was deleted

E&T JCGS deleted on 18 Nov. Scenario will be superseded by another scenario.

**Scenario Title**: Consolidate Advanced Airlift/Tanker Phase of UPT (T-1) at C-130, Heavy Lift, and TACAMO FRS/FTU.

**Description**:

Realign Altus AFB (Altus, Oklahoma), Tinker AFB (Oklahoma City, Oklahoma), and Little Rock AFB (Jacksonville, Arkansas), by relocating the Tanker/Airlift (T-1) Advanced Flying Phase of Undergraduate Flight Training from Columbus AFB (Columbus, Mississippi (48th Flying Training Squadron, 14th Flying Training Wing)), Laughlin AFB (Del Rio, Texas (66th Flying Training Squadron, 47th Flying Training Wing)), and Vance AFB, (Enid, Oklahoma (32nd Flying Training Squadron, 71st Flying Training Wing)) to Altus AFB, Tinker AFB, and Little Rock AFB.

### Reason Scenario was deleted

Per guidance from E&T JCSG Principles, this scenario was deleted, and actions are included in Scenarios 0046, 0047, and 0048.

| Scenario Title: | Establish the Gulf Panhandle Range Complex |

**Description:**

Establish a Gulf Panhandle Range complex incorporating NAS Pensacola, Eglin AFB, Ft Benning, Ft Rucker, Moody AFB, Tyndall AFB, Coastal Systems Station Panama City, Gulfport CRTC and associated ground, sea, and air maneuver areas

No gaining or losing installations

**Reason Scenario was deleted**

Per guidance from E&T JCSG principles proposal was combined into the Establish Joint National Training Capability- EAST, E&T-0037.
### Registered Scenarios

**Scenario #** E&T-0019  
**Date Created:** 10/8/2004  
**Deleted**

**Scenario Title:** Establish Joint Center of Excellence for Space Training

**Description:**

Realign Vandenberg, CA by establishing a Joint Center of Excellence for Space Training. Realign Dahlgren, VA, Redstone Army Depot, AL, Colorado Springs, CO by relocating Space Training taught there to Vandenberg, CA. The intent of this scenario is to consolidate like courses while maintaining service unique capabilities.

**Reason Scenario was deleted**

E&T JCSG approved for deletion from OSD Scenario tracking tool. Original scenario was strategy-based without course data. Space courses already consolidated under Interservice Review Organization (ITRO).

**Scenario Title:** GC-MPC-0006: Dc: I: Consolidate Marine Corps Personnel at MCB Quantico

**Description:**
Realign Marine Corps Support Activity (MCSA) Kansas City MO by consolidating Marine Corps Mobilization Command (MOBCOM) with the operational military personnel functions of Headquarters Marine Corps Manpower & Reserve Affairs (M&RA) at Marine Corps Base Quantico VA.

**ADDITIONAL INFO:** M&RA (PERSCOM functions only) currently occupies ~128,693 SF; ~30,293 SF has been determined as available excess; scenario requires NO ADDITIONAL SF for the move of MOBCOM personnel functions to M&RA since they will fit into existing excess space.

Space made available at MCSA Kansas City = 237,539 SF.

**Reason Scenario was deleted**
Deleted 30 Nov 04. Realignment of MOBCOM has been changed to be incorporated in another HSAJCSG MAH scenario with Marine Corps Reserve Forces Command.
Scenario # | HSA-0023 | Date Created: 9/30/2004
Scenario Title: GC-CF-0015: Create a Single Mid-Atlantic Regional Correctional Facility

Description:

Realign Naval Station Norfolk, Marine Corps Base Quantico and Camp Lejeune by disestablishing the correctional facilities at Marine Corps Base Quantico, Naval Station Norfolk and Camp Lejeune and relocating the mission to a single Level II joint regional correctional facility to be located in Hampton Roads South.

Justification/Impact:
- Improves jointness, catalyst to creating a DoD correctional system with a single executive agent.
- Naval Station Norfolk (Year built-1972)/(FY02 inmate count-158); Marine Corps Base Quantico (Year built-1972)/(FY03 inmate count-46); Camp Lejeune (Year built-1969)/(FY02 inmate count-232). Used largest inmate count provided from Capacity Data FY01-03.
- Buildable acres available @ location in Chesapeake, Va.
- A 400 bed facility is required.

Potential Conflicts:
- Cultural: Fewer DoD-level correctional facilities amongst military departments.
- DON concern of 4-hour commute to Hampton Roads and MOA w/FBI/CIA. No MOA exists between Quantico and FBI/CIA per Heads Corrections (PSL) HQ, USMC.

Reason Scenario was deleted

Entered incorrect receiving location.

Scenario #    HSA-0052     Date Created:  10/15/2004     Deleted
Scenario Title:  MAH-MAH-0020: Relocate USA Space and Missile Defense Command (SMDC) Headquarters

Description:
Realign two leased space locations in Arlington, Virginia by relocating Headquarters components of USA Space and Missile Command to Redstone Arsenal.

-Justification/Impact:
  -Eliminates 27,000 USF of leased space.
  -Enhances AT/FP.
  -Consolidation of HQs from multiple to single locations eliminates redundancy.
  -Affects approximately 161 personnel, as currently reported. Scenario estimates a 14% personnel savings as a result of consolidation, or 23 positions.
  -SMDC has existing, large presence at Redstone Arsenal.
  -Redstone Arsenal reports no vacant administrative space but sufficient land to accommodate over 30 million GSF of new administrative space.

Reason Scenario was deleted

Removed leased location in Huntsville, Alabama from scenario b/c determined SMDC no longer occupied. New scenario created.
## Registered Scenarios

**Scenario #**: HSA-0054  
**Date Created**: 10/15/2004  
**Scenario Title**: MAH–COCOMs–0010: Relocate SOUTHCOM HQ  
**Description**:  
Realign leased space in Miami, FL by consolidating SOUTHCOM HQ from its multiple leased locations to Ft. Sam Houston, TX.  
Eliminates leased space/costs for 239,714 GSF.  
Enhances AT/FP.  
63 Admin Buildable Acres at Ft. Sam Houston, TX.  
MILCON required  

### Reason Scenario was deleted  
Direction from JCSG: hold scenario until more research is done and evaluated.
Registered Scenarios

Scenario #: HSA-0062  
Date Created: 10/15/2004  
Scenario Title: MAH-MAH-0008 (I): Co-locate Research Agencies and Defense Advanced Research Projects Agency (DARPA)

Description:
Close 3 and realign 8 leased space locations in Arlington, Virginia by consolidating Naval Systems Management Activity (NSMA) leased locations and co-locating with Office of Naval Research, the Army Research Office (DC location only), and DARPA at Naval Support Activity Dahlgren.

Justification/Impact:
- Eliminates over 525,000 equiv. GSF of leased space within the DC Area in 11 locations. Computed space required at 200 GSF/person = 326,000 GSF
- 3 leased locations can be closed: approx. 95,000 USF
- Affects 1,800 personnel. Scenario estimates a 14% personnel savings for NSMA as a result of consolidation, or 93 positions, and a 7% personnel savings for the other activities as a result of co-location, or 79 positions.
- Enhances AT/FP.
- Naval Support Activity Dahlgren reports no vacant administrative space and sufficient land to accommodate 2.3 million GSF of new administrative space.
- Co-location of organizations with like missions promotes “jointness” and creates opportunities for synergy.
- Co-location of organizations facilitates possible consolidation of common support functions.

Reason Scenario was deleted

Scenario is being passed to the Technical JCSG.

| **Description:** |
| Realign Andrews AFB by relocating the USAF Flight Standards Agency to Tinker Air Force Base |

**Justification/Impact:**
- Frees up 38,000 GSF close to Pentagon for other uses.
- Tinker AFB reports a small amount of vacant administrative space and sufficient land to accommodate 406,000 GSF of new administrative space.

| **Reason Scenario was deleted** |
| Air Force Only Action-transfer to USAF |
Registered Scenarios

Scenario # HSA-0068  
Date Created: 10/15/2004  
Scenario Title: MAH-MAH-0021 (C): Consolidate Defense Logistics Agency (DLA)  

Description:

Close 1 leased location in Alexandria, Virginia and realign 1 leased location in Arlington, Virginia occupied by components of DLA by consolidating with DLA HQ at Ft. Belvoir.

Justification/Impact:
- Eliminates 45,000 USF of leased space within the DC Area.
- Affects 390 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 55 positions.
- Space required is 67,000 GSF.
- Enhances AT/FP.
- Eliminates redundancy and duplication; increase efficiency by co-locating and consolidating with parent HQs.
- Ft. Belvoir reports no vacant administrative space but sufficient land to accommodate over 15 million GSF of new administrative space. Relocations out of McNamara Headquarters building should be sufficient to accommodate DLA.

Reason Scenario was deleted

SDC indicates that space targeted for relocation is in use for a project/contract that ends in 9/06. As such, space requirement will terminate.
Scenario #         HSA-0073                  Date Created:  10/15/2004
Scenario Title:   GC-DA-0002: Consolidate NCR Force Protection (Management Oversight Only) (14 Oct 04)

Description:
Realign Bolling AFB, DC; Andrews AFB, MD; Fort Myer, VA; Fort McNair, DC; Fort Belvoir, VA; Walter Reed Army Medical Center, MD; Henderson Hall, VA; Marine Corps Barracks, DC; Arlington Service Center, VA; Anacostia Annex, DC; National Naval Medical Center Bethesda, MD; Naval Support Activity, Carderock, MD; Naval Research Laboratory, DC; Potomac Annex, DC; Washington Navy Yard, DC; and leased space in Alexandria, Annandale, Arlington, Falls Church, Herndon, Manassas, and Springfield, VA; Washington DC; and Bethesda, Columbia, Germantown, and Silver Spring, MD, by transferring responsibility for Anti-Terrorism Program; Chemical, Biological, Radiological, Nuclear and High-Yield Explosives Program; Physical Security Program; Law Enforcement and Security Force Program; and Operations Security Program capabilities at the 11th Wing; 89th Airlift Wing; Fort Myer Military Community; Fort Belvoir; Walter Reed Army Medical Center; Headquarters, U.S. Marine Corps, Henderson Hall, the Marine Corps Barracks; Naval District of Washington and all of its subordinate installations within the statutory National Capital Region (NCR); American Forces Information Service; Defense Advanced Research Projects Agency; Defense Contract Audit Agency; Defense Contract Management Agency; Defense Commissary Agency; Department of Defense Counterintelligence Field Activity; Defense Finance and Accounting Service; Department of Defense Human Resources Activity; Defense Information Systems Agency; Defense Intelligence Agency; Defense Legal Services Agency; National Geospatial-Intelligence Agency; Defense Logistics Agency; Department of Defense Education Activity; Defense POW and Missing Persons Office; Defense Security Cooperation Agency; Defense Security Service; Defense Threat Reduction Agency; Defense Technology Security Administration; Office of the Secretary of Defense (all components); Joint Chiefs of Staff; Missile Defense Agency; Office of Economic Adjustment; TRICARE Management Activity; and the Pentagon Force Protection Agency to Joint Force Headquarters-NCR, U.S. Northern Command, Fort McNair, Washington, DC. NOTE: This scenario does not involve addition/deletion of manpower, change footprint, or create a true realignment. It places responsibility for these programs under a single management headquarters, whereas today they are loosely bound only by policy.

Reason Scenario was deleted
HSA JCSG board deleted this scenario, 2 Nov 04. Rationale: no BRAC footprint or manpower savings envisioned.
Scenario #          HSA-0079          Date Created: 10/21/2004
Scenario Title:  MAH-MAH-0031 (U): Relocate Department of Defense Education Activity (DoDEA)

Description:

Realignment one leased location in Arlington, Virginia and close one leased location in Peachtree City, Georgia by consolidating DODEA at Location TBD(Base X).

Justification/Impact:
- Eliminates nearly 110,000 USF of leased space.
- Affects 471 personnel. Scenario estimates a 14% personnel savings as a result of consolidation, or 66 positions.
- Space required is 81,000 GSF (may be reduced if Civilian Personnel activity is removed)
- Enhances AT/FP.
- Consolidation of HQs from multiple to single locations eliminates redundancy and enhances efficiency

Reason Scenario was deleted

Scenario is being combined with HSA 0053 and its alternate: HSA 0106
Scenario #  HSA-0085      Date Created:  10/28/2004
Scenario Title: MAH-R&RC-0001: Co-locate Air Force Reserve Recruiting Service (26 Oct 04)

Description:

Realign leased space in Warner-Robins, GA. By co-locating Air Force Reserve Recruiting Service (RC) with Air Force Recruiting Service (AC) at Randolph AFB, TX. 
Enhances Service AC/RC interoperability.
Merge common support functions: 7 per (7% CS factor).
Reduce footprint: 1.4k gsf (7% CS factor).
Administrative buildable acres at Randolph AFB: 106.
Required maximum acres at Randolph AFB: 1.2
GSF vacant admin space available at Randolph AFB: 0.
Total personnel relocated: 96

Conflicted: Per AF, Conflicts with HAS-0002, 0004, 0029, 0030, 0031, 0111 & USAF-0030. No alternate is presented.

Reason Scenario was deleted

Deleted at HS&A JCSG deliberative session on 10 Dec 04. Activity relocation included in HS&A-0008
Scenario #  HSA-0086          Date Created:  10/28/2004
Scenario Title: MAH-R&RC-0002: Relocate Army Accessions Command & Cadet Command

Description:

Realignment of Ft Monroe, VA by relocating Army Accessions Command and Cadet Command and co-locating with the Army Recruiting Command at Ft Knox, KY. COCOM 0003, 0006 and USA 0113 enable the potential closure of Ft Monroe, VA by co-locating TRADOC at either Ft Story or Eustis, VA. Enhances Service recruiting interoperability.

Merge common support functions.

Reduce staff: 15 per/3k gsf (7% CS factor).

Potential to close Ft Monroe (COCOM-0003, 0006, USA 0113).

Administrative buildable acres at Ft Knox: 183.

Required maximum acres at Ft Knox: 6.3.

Vacant administrative space available: 72k gsf.

Total personnel relocated: 440.

Conflicted: This scenario conflicts with H&SA-0006 & 0086; USA-0003, 0067, 0068 & 0121.

Deconflicted by HSA-0074.

Reason Scenario was deleted

Scenario deleted per decision at 10 Dec 04 deliberative HS&A JCSG. Activity included in HS&A 0006.
Registered Scenarios

Scenario # HSA-0087  Date Created: 10/28/2004  Deleted

Scenario Title: MAH-R&RC-0017: Relocate NAVCRUITCOM (NSA NOLA)

Description:

Realign NSA New Orleans, LA by merging through relocating NAVCRUITCOM (NSA New Orleans office) with NAVCRUITCOM at NSA Millington, TN.

MPC-0001, 0010, 0012 enable the closure of NSA New Orleans by relocating Naval Reserve Personnel Center and Enlisted Placement & Management Center at either San Antonio, TX mega-center, Ft Leavenworth, TX or NSA Millington, TN, respectively.

R&RC-0007, 0016 and 0018 enable the closure of NSA New Orleans by co-locating Naval Reserve Command to either NSA Norfolk or NAB Little Creek and Marine Corps Reserve Command to MCB Quantico.

Enhances Service recruiting interoperability.

Merge common support functions.

Reduce staff: 27 per/5.4k gsf (14% CS factor).

Potential to close NSA New Orleans (MPC-0001, 0010, 0012 and R&RC-0007, 0016, 0018).

Administrative buildable acres at Millington: 64.4.

Required maximum acres at Millington: 2.3.

Vacant administrative space at Millington: 0.

Total personnel relocated: 168.

Reason Scenario was deleted

Deleted per 10 Dec 04 HS&A JCSG deliberative session. Activity included in HS&A-0007.
**Scenario #**  HSA-0091  **Date Created:**  10/28/2004  **Deleted**

**Scenario Title:**  MAH-MAH-0038: Relocate Army Materiel Command(AMC)-Alternate

**Description:**

Realign Ft. Belvoir by relocating AMC and the Security Assistance Command (USA SAC, an AMC sub-component) to Ft. Lee.

Justification/Impact:

- Frees up small amount of permanent space at Ft. Belvoir.
- Provides for permanent facilities for Army MACOM.
- Space required for 1,411 personnel is 282,200 GSF at 200 GSF/person.
- Ft. Lee reports 28,658 GSF of vacant administrative space and sufficient land to accommodate over 21.3 million GSF of new administrative space.

**Reason Scenario was deleted**

No longer need as an Alternate Scenario; have other alternates for MAH-0014.

Aviation Workload (NADEP-CP/NI/JAX, ALC-OC/OO/WR) preferring 2 or 3 sites for each area: Fighter Attack, Other Aircraft, Cargo/Tanker; Rotary Workload (CCAD, NADEP-CP) to 1 site; Ground Workload (Vehicles: Tracked, Wheeled, Amphibious) 7 locations (ANAD, RRAD, TYAD, RIAA, LEAD,MCLBA,MCLBB) preferring 2 or 3 sites; Components-Commodities (e.g., landing gear, electronics, etc) at various locations preferring 2 or 3 sites per commodity. This scenario is based on using workload and expanded total capacity with 1.5 shifts.

**Reason Scenario was deleted**

A new scenario was created in order to comply with DAS direction to refine and identify losers and gainers.
This scenario assumes a DON scenario which moves a CVN Strike Group from San Diego to Hawaii, moves a CVN from Everett to Bremerton and a CV from Mayport to Norfolk. Everett would be closed and 3 DD/DDGs from Everett would move to San Diego. Also assumes the replacement carrier for USS KITTY HAWK (CV 63) upon her decommissioning comes from the East Coast. Pearl Harbor NSY & IMF partners with Puget Sound NSY or other nuclear carrier qualified workforce to perform the I-Level ship maintenance work for the carrier. To compensate for the additional carrier work performed at Pearl Harbor, this scenario moves some long-term submarine depot work from Pearl Harbor to Portsmouth NSY or to Puget Sound NSY & IMF or Norfolk NSY. Also assumes 2 FFGs move from Pascagoula to Mayport and SIMA and NAVSTA Pascagoula close. Also assumes 5 MCMs and 6 MHCs move from Ingleside to both Mayport and to San Diego and Ingleside closes. All associated intermediate-level ship maintenance work moves to the new ship locations.

Deleted

Scenario #  IND-0025  Date Created:  11/4/2004  Deleted
Scenario Title:  SR-1B; Consolidate I-Level Ship Overhaul and Repair Activities in San Diego CA Region

Description:

- Consolidate I-Level ship maintenance from SIMA SAN DIEGO CA, NSY & IMF PUGET SOUND DET PT LOMA CA, NSY & IMF PUGET SOUND DET SAN DIEGO CA, and CDU SAN DIEGO CA to SWRMC SAN DIEGO CA.
- All equipment and personnel would relocate from NSY and IMF PUGET SOUND DET SAN DIEGO CA to NSY & IMF PUGET SOUND DET SAN DIEGO CA.
- Equipment, personnel, and facilities to be relocated to SWRMC SAN DIEGO CA as required by the gaining command.

Reason Scenario was deleted

- The DON recently effected this consolidation.

| **Description:** | ASSUMPTION: The intent of this scenario data call (SDC) is to evaluate the transformation from a traditional Intermediate and Depot level maintenance construct to a new shore based Fleet Readiness Center (FRC). Under the new construct 6 FRC's will be established nationwide at strategic fleet concentrations to increase the effectiveness and efficiency of off aircraft and equipment maintenance thus increasing mission readiness and reducing total cost and turn-around-time.

For purposes of this SDC, COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA is to represent FRC MID ATLANTIC. This scenario establishes FRC MID ATLANTIC on NAS OCEANA and realigns depot and intermediate maintenance workload and capability for the following activities; COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA, NAVAIRDEPOT CHERRY POINT, NC, NAVAIRDEPOT JACKSONVILLE DET OCEANA, COMAEWWINGLANT (AIMD) NORFOLK, VA, NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA, NAVCAD LAKEHURST DET NORFOLK, VA, NAVCAD PATUXENT RIVER, MD, NAVAIRES NEW ORLEANS, LA, NAVAIRES ATLANTA, GA, NAVAIRDEPOT CHERRY POINT DET OCEANA to FRC MID ATLANTIC. This scenario establishes the following detachments: DET PAX RIVER (surrogate responder is NAVCAD PAX RIVER), DET NORFOLK (surrogate responder is COMAEWWINGLANT (AIMD) NORFOLK).

Realigned/Consolidated workload will also include movement of required personnel, equipment and support.

Realign Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from COMSTRKFIGHTWINGLANT (AIMD) OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Realign depot maintenance workload and capability for the commodity groups Aircraft Fighter/Attack and Aircraft Other from NAVAIRDEPOT JACKSONVILLE DET OCEANA on NAS OCEANA VA to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRES NEW ORLEANS, LA on NAS NEW ORLEANS to FRC MID ATLANTIC OCEANA.

Consolidate Intermediate maintenance workload and capability for commodity groups Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVAIRES ATLANTA, GA on DOBBINS ARB to FRC MID ATLANTIC OCEANA.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Rotary, Aircraft VSTOL, Aircraft Cargo/Tanker, Aircraft Other, Depot Fleet/Field Support, and “Other” Commodity from NAVAIRDEPOT CHERRY POINT DET OCEANA, VA on NAS OCEANA to FRC MID ATLANTIC OCEANA.

Establish FRC MID ATLANTIC DET NORFOLK on NAVSTA NORFOLK and consolidate Intermediate maintenance workload and capability for the commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing, Support Equipment and “Other” Commodity from COMAEWWINGLANT (AIMD) NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity groups Aircraft Cargo/Tanker, Aircraft Other and Aircraft Rotary from NAVAIRDEPOT JACKSONVILLE DET NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Consolidate depot maintenance workload and capability for the commodity group Depot Fleet/Field Support from NAVCAD LKE DET NORFOLK, VA on NAVSTA NORFOLK to FRC MID ATLANTIC DET NORFOLK.

Establish FRC MID ATLANTIC DET PAX RIVER on NAS PAX RIVER and consolidate Intermediate maintenance workload and capability for commodity groups Aircraft, Aircraft Components, Aircraft Engines, Fabrication & Manufacturing and Support Equipment from NAVCAD PATUXENT RIVER, MD on NAS PAX RIVER to FRC MID ATLANTIC DET PAX RIVER. |

### Reason Scenario was deleted

This scenario improperly identified the affected installations/activities.

<td>Disestablish Hickam AFB Clinic. Release facilities for other uses. Move outpatient population served by Hickam Clinic to Pearl Harbor NAS Clinic. Redistribute personnel within Defense Medical System. Maintain stand alone Service-specific occupational medicine function.</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Reason Scenario was deleted**

Update to data indicated that no excess capacity exists at Pearl Harbor to absorb the Hickam workload.
Scenario #      MED-0008      Date Created: 10/7/2004
Scenario Title: Consolidate Aerospace Medical Training at Ft Rucker

Description:

Consolidate three Service Aerospace Medical Training functions into one joint training function.
Realign Naval Aerospace Medicine training function at Pensacola Naval Air Station; USAF School of Aerospace Medicine, Brooks City Base; and Army Preventative Medicine School at Aberdeen Proving Ground and Ft Sam Houston to Ft Rucker. Facilities released for other use.

Army designated EA for BOS.

Reason Scenario was deleted

The capacity at Ft Rucker, its Mil Value and the type of aircraft available makes this a very unattractive location for a school to train Navy and AF flight medicine personnel.
### Registered Scenarios

**Scenario #** MED-0013  
**Date Created:** 10/15/2004  
**Scenario Title:** Disestablish Langley AFB Medical Facility

**Description:**
- Balance Workload in Tidewater Area.
- Realign Langley AFB by disestablishing 1st Medical Group.
- Move patient workload to Ft Eustis Medical Facility. Expand Ft Eustis Medical Facility inpatient and outpatient activities.
- Maintain stand alone Service-specific occupational medicine function.

**Reason Scenario was deleted**
- A review of the capacity and Mil value of the Ft Eustis and Langley medical facilities shows that this is scenario is not reasonable.

Scenario #: S&S-0003  Date Created: 9/27/2004
Scenario Title: Regionalization of Strategic Distribution (5 regions)

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to five. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Realigns and downsizes CONUS DLA distribution depots located at industrial installations because the expanded number of SDPs negates the need for these full-up organizations. The downsized activities will perform limited receiving, storage and issuing functions for their collocated industrial activities.

Region 1: Boundaries are in the North-Maine, Vermont, New York, Michigan; South-Pennsylvania, Ohio, Indiana; East-New Jersey, Connecticut, New Hampshire, West-Wisconsin, and Illinois

- DDSP, Susquehanna: Susquehanna remains a strategic distribution platform but gets realigned and downsized. Its number of customers gets reduced to those in its assigned region and those permanently stationed across the Atlantic. As a result, its storage requirement is reduced. Susquehanna picks up command and control of the Tobyhanna Forward Distribution Point (FDP).

- Tobyhanna: The Tobyhanna DD gets realigned and downsized as a Forward Distribution Point (FDP) of Susquehanna. The activity will perform limited receipt, store and issue functions for Tobyhanna Army Depot. Personnel and infrastructure required at Tobyhanna will decrease.

- Columbus: The Columbus Distribution Depot gets closed in this proposal. Its storage and distribution functions will be performed at Susquehanna SDP.

Region 2. Boundaries are in the North-Delaware, Maryland, West Virginia, Kentucky; South-North Carolina; East-Virginia; West-Tennessee

- Norfolk: The Norfolk Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the East Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Norfolk, this may require MILCON. Norfolk also picks up command and control of the (FDP) at Richmond and Cherry Point. Norfolk's assigned personnel also increase to handle the increased mission.

- Richmond: The Richmond DD gets realigned as a (FDP) of Norfolk SDP. The DD will continue its storage functions for hazardous materials and ozone-depleting substances.

- Cherry Point: The Cherry Point DD gets realigned and downsized as an (FDP) of the Norfolk SDP. Personnel and infrastructure required at Cherry Point will decrease.

Region 3. Boundaries are in the North-South Carolina, Georgia, Alabama; South-Florida; East-Georgia; West-Mississippi.

- Warner Robins: The Warner Robins Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the South Eastern US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Warner Robins, this may require MILCON. Warner Robins also picks up command and control of the (FDP) at Anniston, Jacksonville, and Albany. Warner Robins' assigned personnel also increase to handle the increased mission.

- Anniston: The Anniston DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Anniston will decrease.

- Jacksonville: The Jacksonville DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Jacksonville will decrease.

- Albany: The Albany DD gets realigned and downsized as a (FDP) of the Warner Robins SDP. Personnel and infrastructure required at Albany will decrease.

Region 4. Boundaries are in the North-Minnesota, North Dakota; South-Louisiana, Texas; East-Iowa, Missouri, Arkansas; West-Wyoming, Colorado, New Mexico

- Red River: The Red River Distribution Depot will be realigned and expanded to become a strategic distribution platform supporting customers in the Central US. Its storage and distribution infrastructure get expanded and, depending on available infrastructure at Red River, this may require MILCON. Red River also picks up command and control of the (FDP) at Corpus Christi and Oklahoma City. Red River's assigned personnel also increase to handle the increased mission.

- Corpus Christi: The Corpus Christi DD gets realigned and downsized as a (FDP) of the Red River SDP. Personnel and infrastructure required at Corpus Christi will decrease.

- Oklahoma City: The Oklahoma City DD gets realigned and downsized as (FDP) of the Red River SDP. Personnel and infrastructure required at Oklahoma City will decrease.

Region 5. Boundaries are in the North-Idaho, Montana; South-Arizona; East-Idaho, Utah; West-Washington, Oregon, California.

- DDJC, San Joaquin: San Joaquin remains a Strategic Distribution Platform supporting customers in the Western US and those permanently...

</tbody>
</table>

**Reason Scenario was deleted**
Superceded by S&S-0029. Inadvertently omitted Ft Huachuca from consideration in this scenario. S&S-0029 mirrors this deleted scenario, but includes Ft Huachuca.
### Scenario 
**S&S-0009**

**Date Created:** 10/20/2004

**Scenario Title:** Transfer Service ICPs to DLA and consolidate

**Description:**
- Realign Service ICPs to DLA command and consolidate infrastructure.
- Realigning: Rock Island Arsenal, Ft Monmouth, Redstone Arsenal, Hill AFB, Robins AFB, DSC Richmond, DSC Philadelphia, DSC Columbus
- Losing: Tinker AFB, Lackland AFB, Soldier System Command, Ft Huachuca, Detroit Arsenal, NAVICP Philadelphia, NAVICP Mechanicsburg, MCLB Albany

**Reason Scenario was deleted**
- Scenario, as loaded, does not properly identify "Gaining" Activities. Scenario, as loaded, does not identify all potential "Losing" Activities.
- Subject scenario is superseded by S&S-0032.
Registered Scenarios

Scenario #  S&S-0011  Date Created:  10/21/2004
Scenario Title:  Consolidate Service and DLA ICPs (minimize excess capacity)

Description:
Consolidate all service and DLA Inventory Control Points (ICP) to minimize excess capacity. In this scenario, each service and DLA will keep one ICP activity.

Losing: Soldier Systems Command, Rock Island Arsenal, Warner-Robins AFB, Hill AFB, Ft Monmouth, Detroit Arsenal, DSC Richmond, DSC Philadelphia, NAVICP Mechanicsburg

Gaining: Tinker AFB, Redstone Arsenal, NAVICP Philadelphia, MCLB Albany, DSC Columbus

Reason Scenario was deleted
Incorrectly loaded to tracking tool. Will be reloaded pending optimization results for subsequent proposal.
Registered Scenarios

Scenario #    S&S-0013       Date Created:  10/21/2004
Scenario Title: Eliminate Base Level Supply Functions in Hampton Roads, VA area

Description:

Eliminate base level supply, storage and distribution functions for most classes of supply in favor of expanded use of Government Commercial Purchase Card and/or Performance Based contracts. Eliminates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below (for some branches of service):

CLASS II   Extra Materials
CLASS III  Fuels, POL, Lubricants
CLASS IV   Construction Materials
CLASS IX   Repair Parts (Selected)

The following classes of supply have been excluded due to not having a base-level supply function:

CLASS I    Food
CLASS V    Explosives
CLASS VI   Comfort Materials
CLASS VII  Major end items
CLASS VIII  Medical
CLASS X    Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Losing: Fort Eustis, Fort Monroe, Fort Story, FCTCLANT Dam Neck, NAS Norfolk, NAS Oceana, NAB Little Creek, NAVMEDCEN Portsmouth, NAVSTA Norfolk, NAVWEPSTA Yorktown, Norfolk Naval Shipyard, Langley AFB

Reason Scenario was deleted

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario was deleted because:
- The JCSG lacked capacity and military value data to perform sufficient analysis
- The Regional Inventory Material Management (RIMM) initiative sponsored by OSD and already underway as a pilot program in San Diego, will accomplish the same objectives. The Principals agreed that the JCSG would work with the RIMM Program Office to synchronize RIMM implementation with S&S scenarios on regionalized strategic distribution platforms.
Eliminate base level supply, storage and distribution functions for most classes of supply in favor of expanded use of Government Commercial Purchase Card and/or Performance Based contracts. Eliminates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below (for some branches of service):

CLASS II Extra Materials
CLASS III Fuels, POL, Lubricants

CLASS IX Repair Parts (Selected)

The following classes of supply have been excluded due to not having a base-level supply function:

CLASS I Food
CLASS V Explosives
CLASS VI Comfort Materials
CLASS VII Major end items
CLASS VIII Medical
CLASS X Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Losing: Fort Lewis, NAS Whidbey Island, NAVSTA Everett, Naval Base Kitsap (formerly NAVSTA Bremerton and SUBASE Bangor), NUWC Keyport, STRATWEPFAC Silverdale, McChord AFB

Reason Scenario was deleted

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario was deleted because:
- The JCSG lacked capacity and military value data to perform sufficient analysis
- The Regional Inventory Material Management (RIMM) initiative sponsored by OSD and already underway as a pilot program in San Diego, will accomplish the same objectives. The Principals agreed that the JCSG would work with the RIMM Program Office to synchronize RIMM implementation with S&S scenarios on regionalized strategic distribution platforms.
Registered Scenarios

Scenario #  S&S-0015  Date Created:  11/3/2004  Deleted

Scenario Title:  Consolidate base-level supply in areas with high density of installations (Hampton Roads, VA area)

Description:

Consolidates base-level supply, storage and distribution functions for all DOD installations in high density geographical clusters at a new or existing joint facility. Consolidates inventories and renders obsolete the base-level supporting infrastructure for the classes of supply listed below:

CLASS II  Extra Materials
CLASS III  Fuels, POL, Lubricants
CLASS IV  Construction Materials
CLASS IX  Repair Parts (Selected)

The following classes of supply have been excluded due to having no base-level supply function:

CLASS I  Food
CLASS V  Explosives
CLASS VI  Comfort Materials
CLASS VII  Major end items
CLASS VIII  Medical
CLASS X  Nation Building

Personnel reductions, facility closure, inactivation and/or demolition can be immediately realized while providing acceptable levels of service and Customer Wait Time to regional customers at substantially reduced cost to individual installations.

Recommend beginning with analysis test cases focused on base-level supply, storage and distribution functions at selected DOD sites in Hampton Roads, VA and Puget Sound, WA with significant Army, Navy and Air Force installations to gather data and prove (or disprove) the concept on paper.

- Hampton Roads, VA: Supply, storage and distribution functions at the following activities are disestablished and their inventories are moved to an optimal site TBD.

Fort Eustis
Fort Monroe
Fort Story
FTCLANT Dam Neck
NAS Norfolk
NAS Oceana
NAB Little Creek
NAVMEDCEN Portsmouth
NAVSTA Norfolk
NAVWEPSSTA Yorktown
Norfolk Naval Shipyard
Langley AFB

Registered Scenarios

As Of: 12/23/2004

Scenario # S&S-0020 Date Created: 11/4/2004

Scenario Title: Outsource Wholesale Distribution

Description:

Outsource all distribution (transportation) related services in CONUS currently performed by Defense Distribution Depots. Services to be outsourced include traffic management of incoming and outgoing trucks and railcars, staging and physical loading of commercial vehicles, small parcel and freight terminal operations and the actual transportation of material to customers. Services to be outsourced also include freight planning and record keeping.

The Defense Distribution Depots to have transportation services outsourced total 18 and are: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

Reason Scenario was deleted

In deliberative session on 15 Nov 04, the S&S JCSG Principals agreed to delete this scenario. The scenario could not be implemented along with scenarios to establish regionalized strategic distribution depots, and was therefore deleted.

**Reason Scenario was deleted**

On 16 Dec 2004, the Principals' of the S&S JCSG met to discuss the various scenarios the group was developing. A deliberative decision was made by the Principals to delete scenarios pertaining to privatization from the OSD Scenario Tracking Tool. These are S&S-0022, 0023, 0024. In its place, new scenarios will be entered into the tracker to incorporate the privatization of the supply, storage, and distribution at the wholesale level. We will continue to use the three commodities (tires, packaged POL, and compressed gases) in the three new scenarios.
### Registered Scenarios

**Scenario #**  
S&S-0023  
**Date Created:**  11/4/2004  
**Scenario Title:**  Privatize Storage and Distribution on Specific Commodities (Packaged POL)  
**Description:**  
Privatizes the receipt, storage, issue, inspection, distribution, repair and disposal for all packaged POL. Packaged POL will be supported through a single designated vendor or a third party logistics arrangement. For this proposal, privatization means vendors perform storage and distribution functions from their facilities. Government facilities may be used by vendors only if leased or purchased. In either case, the Government infrastructure burden is reduced and requirements for personnel are also reduced.

The following Distribution Depots and Strategic Distribution Platforms are affected: Columbus, Tobyhanna, Susquehanna, Richmond, Norfolk, Cherry Point, Warner Robins, Albany, Jacksonville, Anniston, Corpus Christi, Red River, Oklahoma City, San Diego, Barstow, San Joaquin, Hill, and Puget Sound.

**Reason Scenario was deleted**

Scenario # S&S-0025  Date Created: 11/4/2004  Deleted

Scenario Title: Regionalization of Strategic Distribution Platforms (3 Regions)

Description:

Expands the number of wholesale Strategic Distribution Platforms (SDPs) from two to three. It positions the SDPs regionally across CONUS and provides for storage and distribution support to customers on a regional basis. SDPs support their assigned customers while in CONUS and while deployed overseas. Retains the Defense Distribution Depots co-located with service industrial facilities.

Region 1. Boundaries are in the North-Maine, Vermont, New York, Ohio, Michigan; South-Florida, Alabama; East- New Jersey, Delaware, Virginia, Georgia; West-Indiana, Kentucky, Tennessee, Mississippi.

- DDSP, Susquehanna: Susquehanna remains a SDP but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Eastern US region and those permanently assigned OCONUS across the Atlantic. It will support those customers at their home bases and when deployed for contingencies.

Region 2. Boundaries are in the North- Minnesota, North Dakota; South-Mississippi, Texas; East- Wisconsin, Illinois, Missouri, Arkansas, Louisiana; West-South Dakota, Nebraska, Oklahoma.

- Red River: The Red River Distribution Depot will be realigned and expanded to become a SDP supporting customers in the Central US region. Its storage and distribution mission gets expanded to include all DoD customers in the Central region. Supplies and inventory will be redistributed to Red River from other wholesale locations. Depending on availability and condition of storage infrastructure at Red River, this may require some future MILCON. Red River's assigned personnel also increase to handle the increased mission.

Region 3. Boundaries are in the North-Idaho, Montana; South-New Mexico, Arizona; East-Montana, Wyoming, Colorado; West-Washington, Oregon, California.

- DDSJ, San Joaquin: San Joaquin remains a strategic distribution platform but its customer base gets realigned and downsized. It will provide storage and distribution support to customers in its assigned Western US region and those permanently assigned OCONUS across the Pacific. It will support those customers at their home bases and when deployed for contingencies.

Reason Scenario was deleted

On 29 Nov 2004, S&S JCSG Principals made a deliberative decision to delete this scenario. Details surrounding this decision are recorded in the formal minutes of the JCSG Principals meeting.

**Scenario Title:**  
Transfer Service ICPs to DLA and consolidate (include HQ staff)

**Description:**

Realign Service ICPs to DLA and consolidate infrastructure and realign service/DLA HQ staff.

Losing: Tinker AFB, Lackland AFB, Soldier System Command, Ft Huachua, Detroit Arsenal, NAVICP Philadelphia, NAVICP Mechanicsburg, MCLB Albany, Rock Island Arsenal, Ft Monmouth, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir, Naval Supply Systems Command (Mechanicsburg), Wright-Patterson AFB (AFMC)

Gaining: DSC Richmond, DSC Philadelphia, DSC Columbus, Redstone Arsenal, Hill AFB, Robins AFB, Ft Belvoir

**Reason Scenario was deleted**

Replaced by S&S--0035 based on an additional optimization run that resulted in reduction in service ICP relocations.

**Reason Scenario was deleted**

Prematurely added to the tracking tool. A deliberative decision was not made to elevate this proposal to scenario.
Registered Scenarios

Scenario #  TECH-0001  Date Created:  10/4/2004
Scenario Title:  Establish Joint Centers for Air Platform R, D&A, and T&E

Description:

This scenario consolidates air platform RDAT&E to three principal sites while retaining several specialty sites. Fixed and Rotary Wing R, D&A, T&E will be consolidated into principally 3 core sites Patuxent River, Wright-Patterson, and Redstone Arsenal. The relocation of air platform R functions are proposed in concert with the S&T Reliance Agreements. Fixed Wing R will be consolidated at Wright Patterson, Rotary Wing R will be consolidated at Redstone Arsenal, ship installations related R (catapults, arresting gear, helo RAST, etc.) will be consolidated at Patuxent River, Air Force T&E will be consolidated at Edwards AFB, and air platform live fire testing at China Lake. The planned component moves will enhance synergy including RW/FW interaction by consolidating to major sites, preserve healthy competition, leverage climatic/geographic conditions and existing infrastructure, minimize environmental impact, distribute demand on the telemetry spectrum and effect reasonable homeland security risk dispersal.

Reason Scenario was deleted

TECH-0001, Establish Joint Centers for Air Platforms RDAT&E Centers, was terminated as the TJCSG realized TECH-0005, Establish Joint Centers for Fixed Wing Platform RDAT&E, and TECH-0006, Establish Joint Centers for Fixed Wing Platform RDAT&E, will accomplish the same actions as TECH-0001 and nothing would be gained by having the duplicate scenario.
Registered Scenarios

As Of: 12/23/2004

Scenario # TECH-0003 Date Created: 10/5/2004

Scenario Title: Relocate DoD Directed Energy Research to one location [Kirtland]

Description:

Relocate all DEW RD&A from Edwards and Port Hueneme [White Sands Detachment] and all Research for Directed Energy Weapons from all activities to Kirtland.

Reason Scenario was deleted

TECH-0003, Re-Locate DoD Directed Energy Research to One Location (Kirtland AFB), was terminated per TJCSG direction because the donor organizations < 30 FTEs.

TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.
### Registered Scenarios

**Scenario #**  TECH-0004  
**Date Created:**  10/22/2004

<tr>
<td>TECH-0004, Re-Locate DoD Directed Energy T&amp;E and selected weapon T&amp;E to One Location (WSMR), was terminated per TJCSG direction because the donor organizations &lt; 30 FTEs. TJCSG in deliberative session (11/12/04) deleted this scenario from further consideration.</td>
</tr>
</tbody>
</table>
Registered Scenarios

Scenario #     TECH-0007             Date Created:  10/22/2004     Deleted
Scenario Title:  Relocate Ground Vehicle RDAT&E at Detroit Arsenal to Selfridge ANG Base

Description:
Relocation of Detroit Arsenal to US Army Garrison - Selfridge is the initial proposed scenario. An alternative would be to consider relocation of Detroit Arsenal to US Army Garrison - Selfridge, except for unique special high-cost laboratory facilities residing at Detroit Arsenal. These facilities will be creatively and cost-effectively maintained at their current geographic location and would include, but not be limited to, 1) unique high-cost, extreme climatic, full scale combat vehicle simulation facilities/individual propulsion performance simulation test cells, and an additional unique full scale transient ground vehicle simulation facility, 2) full-scale unique DOD dynamic physical simulation "shaker" facility (used for spectrum from full-scale armored combat vehicles to tactical trucks/HMMWV type vehicles), 3) unique Army/DoD water and fuel laboratories (built in 1995 as a result of previous BRAC), and 4) additional unique central ground vehicle research laboratories. Physical movement of these capabilities from their current location to US Army Garrison - Selfridge might not be the most cost-effective alternative.

Narrative: This scenario proposes to relocate Detroit Arsenal to US Army Garrison – Selfridge. This move would retain the Army’s/DoD’s ground vehicle RD&A activity in the world automotive/ground vehicle capital of southeast Michigan. Southeastern Michigan is where the research and development headquarters reside for General Motors, Ford, Chrysler, General Dynamics Land Systems, Toyota-North America, Nissan-North America, Hino, Hyundai, Suzuki, Visteon, Delphi, Johnson Controls, Dana, and many others. Over 85% of the world’s ground vehicle/automotive research and development resources are expended in this southeast Michigan location, and thus Detroit Arsenal’s synergy and ability to leverage the automotive industry’s vast resources and tremendous investment in R&D has always been of immeasurable value to Army/DoD. In addition, local southeast Michigan academia (anchored by schools such as the University of Michigan, Kettering University [formerly General Motors Institute], Wayne State University, and many others) is a unique and world-class network of extremely focused automotive research institutions which Detroit Arsenal has extensively leveraged and used to obtain motivated world-class engineers and scientists to lead Army/DoD’s ground vehicle/automotive efforts from Detroit Arsenal. A nationally unique wealth of automotive, world-class talent resides in southeast Michigan (near Detroit Arsenal) that far surpasses any other area of the country. Since southeastern Michigan is the premier location for automotive engineers, many of Detroit Arsenal engineers have grown up (technically and culturally) in this “world of ground vehicle/advanced automotive technology.” As such, it could be expected that very few current Detroit Arsenal engineers and scientists would leave the area to another location.

• Assumptions:
  - TJCSG did not collect any capacity or MIL VAL data on US Army Garrison – Selfridge. This data will need to be collected as part of the scenario data call.
  - Another alternative that could be considered would be to move relocate PEO GCS, PEO CS&CSS, TACOM and TARDEC to US Army Garrison - Selfridge cantoning and minimally staff the special, high cost laboratory equipment that resides in Bldg 212 (Propulsion and Mobility Test Cells) and 215 (Physical Simulation – High Performance Computing).

Reason Scenario was deleted

TECH-0007, Re-Locate Ground Vehicle RDAT&E at Detroit Arsenal to Selfridge ANGB, was terminated as the TJCSG based upon the thought that TECH-0045, Establish Army Land Warfare Center, would best achieve the end state results desired by the Army.
Registered Scenarios

As Of: 12/23/2004

Scenario #  TECH-0011  Date Created: 10/22/2004

Scenario Title:  Joint Training, Modeling and Simulation Center (JTMSC)

Description:

Abstract: Realign and consolidate Human Systems and Information Systems Technology DTAP activities in research, development and acquisition (R,D&A) for the subareas of modeling, simulation, training and cognitive sciences establishing a Joint Training, Modeling and Simulation Center (JTMSC) including relevant PEOs and PMs for training and mission rehearsal systems and their enabling information technologies.

Narrative: JTMSC will be located in the geographic vicinity of the Joint Forces Command's Joint Training Analysis and Simulation Center (JTASC), Joint C4ISR Battle Center (JBC), and Joint Warfighting Center (JWC), Suffolk, Virginia. This Suffolk, VA site is positioned to enable the Joint C4 operational testing including the Joint Distributed Engineering Plant (JDEP). If a JFCOM site option is unavailable for this scenario, other reasonable site options for JTMSC in the Tidewater, Virginia area include Fort Eustis, Fort Monroe, Langley AFB, Norfolk Naval Base, Oceana Naval Air Station, Dam Neck Naval Station, or Little Creek Naval Base. The rationale for co-locating JTMSC with JTASC-JWC and the operational testing capability for C4 is the human-centered synergies of JTMSC with operators, trainers, testers, researchers and acquirers providing a continuum of expertise from science-to-D&A-to-testing into operational use. The target receiver site will be Joint Forces Command, N00066.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, OSD program offices (e.g., Advanced Distributed Learning (ADL) and Defense Modeling and Simulation) and Defense Agency RD&A expertise and requisite special equipment (e.g., simulators; computers, Tempest-secure facility for simulator suites, etc) to a single site in order to support "Training Transformation" by providing a) a consolidated center-of-mass for the science base of training systems and enabling models and simulations; b) ready access to active duty military personnel (i.e., current domain expertise and human subjects for research projects) and general domain experts for research and development providing a basis for efficient R&D project execution; c) enhance linkages to providers of Joint Training, Armed Forces staff education and relevant in-service technical training (e.g., school house and field) at operational military bases; and d) efficiencies in development and acquisition through consolidated Joint Program Management where applicable. Military Service platform-specific program offices would be attached to and collocated with JTMSC but would retain their command-and-control chain to the relevant Acquisition Executive.

oAssumptions:
-This scenario would realign and consolidate training and simulation R, D&A to the JFCOM site in Suffolk, Virginia; however, if HS&A JCSG examines an alternate site for the JFCOM Suffolk activities for Force Protection, this scenario would "follow" the re-location of JTASC and JWC.
-Unconfirmed UICs for the following activities reported under BRAC data calls:
  -ARI HQ, Washington, DC
  -ARI detachments (e.g., Orlando, Fort Benning, Fort Monroe, Boise, Fort Rucker, Fort Knox, Fort Leavenworth, Fort Bragg)
  -Defense Modeling and Simulation Office (DMSO), Alexandria, VA
  -Advanced Distributed Learning Co-Laboratory, Alexandria, VA
  -Advanced Distributed Learning Co-Laboratory, Orlando, FL
  -DARPA
- Close all DoD operations in the Orlando, Florida campus for training and simulation technology and relocate the following with equipment to the JTMSC.
- Close all DoD operations in the Mesa, AZ and relocate the following with equipment to the JTMSC.
-Realignment of FTEs and equipment reported under BRAC data calls for the subareas of training and cognitive sciences of the Human Systems DTAP area.

Reason Scenario was deleted

TECH-0011, Joint Training, Modeling, and Simulation Center, was terminated as the TJCSG thought that little would be gained by the proposed scenario since most of the Training, Modeling, and Simulation Research had been co-located during BRAC 05, and seemed to be working very well in its current form and location. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario #  TECH-0012  Date Created:  10/22/2004  Deleted

Scenario Title:  Relocate W&A RDAT&E to 3 core & 4 specialty w/ air launched weapons from PAX River & Pt Mugu to Eglin

Description:

Relocate all Weapons and Armaments [W&A] Research, Development & Acquisition, Test & Evaluation (RDAT&E) including associated program management functions from all organizations reporting W&A activity to three (3) primary locations [China Lake, Eglin, and Redstone Arsenal] and four (4) specialty capability locations [guns & ammo RDA and selected guns/ammo T&E @ Picatinny Arsenal, Underwater Weapons/ Underwater Weapons Integration @ Newport, Directed Energy Weapons Research, D&A @ Kirtland, DoD Directed Energy weapons T&E and selected weapons T&E @ White Sands Missile Range], with air launched weapons related RDAT&E from PAX River and Point Mugu to Eglin.

Reason Scenario was deleted

TECH-0012, Re-Locate W&A RDAT&E to 3 Core & 2 Specialty Sites with Air Launched Weapons from PAX River & Pt. Mugu to China Lake, was terminated per TJCSG direction because Govt FTEs at PAX River NAWC are <30. Also, the extent of W&A air launched weapons workload at Point Mugu is primarily T&E. Overall, the scenario lacked transformative change and led to a small net effect. TJCSG in deliberative session (11/18/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario # TECH-0015 Date Created: 10/25/2004

Scenario Title: Establish a Joint Center for Space Research into one core site.

Description:

Consolidate Space Platform R 1 core site.

Note: Arnold AFB [FP2804] was not included because the work they reported is associated with Test and Experimentation in support of Research. NAVPGSCOL Monterey [62271] was not included because the work they reported is attributed to be educational in nature.

Reason Scenario was deleted

TECH-0015, Establish Joint Centers for Space Platforms D&A, and TECH-0016, Establish Joint Centers for Space Platforms Research, were terminated as the TJCSG thought that little would be gained by these proposed scenarios since TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson), encompasses the objectives of both of these proposed scenarios. TJCSG in deliberative session (11/10/04) deleted this scenario from further consideration.

**Reason Scenario was deleted**

TECH-0015, Establish Joint Centers for Space Platforms D&A, and TECH-0016, Establish Joint Centers for Space Platforms Research, were terminated as the TJCSG thought that little would be gained by these proposed scenarios since TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson), encompasses the objectives of both of these proposed scenarios. TJCSG in deliberative session (11/10/04) deleted this scenario from further consideration. This scenario is addressed in Scenario Tech 14.
**Registered Scenarios**

**Scenario #** TECH-0021  **Date Created:** 10/27/2004  **Deleted**

**Scenario Title:** Joint Chemical-Biological Defense RD&A Center

**Description:**

Abstract: Realign and co-locate the “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition (RDA) areas of BRAC-reported Chemical-Biological Defense DTAP activities to Aberdeen Proving Ground, Edgewood Area, MD.

Narrative: This scenario would consolidate, realign and relocate all service and DoD activities in “Medical” Chemical Defense and “Non-Medical” Chemical and Biological Defense Research, Development and Acquisition from the sites below to Aberdeen Proving Ground, Edgewood Area, MD.

The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps, and Defense Agency medical chemical defense and non-medical chemical and biological defense RDA to a single site to form a National Center of Excellence. This center of CB Defense positions the Department of Defense to exploit a center-of-mass of scientific, technical, and acquisition expertise with the personnel necessary to provide defense against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of military Service CB programs into a joint, co-located CB program.

**Assumptions:**
Unable to confirm UICs for Defense Agencies
Unable to confirm UIC for USAF Patrick AFB, 6

**Action List:** the following activities move from current locations to Aberdeen Proving Ground, Edgewood Area, MD.

**Reason Scenario was deleted**

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical –Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Abstract: Realign and consolidate to Ft Detrick, Frederick, MD the Medocal Biological Defense Subarea of BRAC-reported Chemical-Biological Defense DTAP activities in research, development and acquisition (RDA)

This scenario consolidates, realigns and relocates all Service and DoD operations in medical biological defense research, development and acquisition from sites listed below to Ft. Detrick, MD. The end state of this scenario is to consolidate Army, navy, Air Force, Marine Corps, and Defense Agency medical biological defense RDA to a single site that has DoD's only capacity for Biosafety Level 4 research and development and has requisite "licensed medical product" acquisition expertise. This realignment and consolidation will position the DoD to exploit a center-of-mass of scientific, technical, medical acquisition, and medical product regulatory expertise and personnel in order to provide defense against current and emerging bio warfare threats.

Assumptions: Could not confirm UIICs fpr Defense Agencies

Reason Scenario was deleted

TECH-0021, Joint Chemical-Biological Defense RD&A Center, and TECH-0022, Establish Joint Medical –Biological Defense RD&A Center, were combined to create TECH-0032, Chemical-Biological Defense RD&A Consolidation, and thus both were terminated. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

<tr>
<td>Scenario Title:</td>
<td>Establish Joint Chemical-Biological Defense T&amp;E Center</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

#### Description:

Abstract: Co-locate all Chemical and Biological Defense Test and Evaluation (T&E) areas of BRAC-reported Chemical-Biological Defense (CBD) DTAP activities except those requiring ship-board evaluation to one military installation, Dugway Proving Ground, UT.

This scenario relocates all Service and DoD activities (excluding those requiring ship-board evaluation) in Chemical and Biological Defense T&E from the following sites to Dugway Proving Ground, UT. The end state of this scenario is to consolidate Army, Navy, Air Force, and Marine Corps Chemical and Biological Defense T&E to a single military CBD T&E site. This T&E center for CB Defense will position the Department of Defense to exploit synergy of service efforts with the considerable expertise and history of the T&E capabilities at Dugway Proving Ground. A single site for T&E will provide expert personnel necessary to provide rapid T&E for technologies needed to defend against current and emerging chemical and biological warfare threats. This action completes earlier consolidations of service CB programs into a joint co-located CB T&E program.

#### Reason Scenario was deleted

TECH-0023, Establish Joint Chemical-Biological Defense T&E Center, was terminated since little would be gained after application of the TJCSG decision to include any donors with less than 30 FTEs. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
Registered Scenarios

Scenario #: TECH-0024  Date Created: 10/27/2004  Deleted

Scenario Title: Joint Biomedical Development and Acquisition Center (JBDAC)

Description:

Abstract: Realign and consolidate all Biomedical Development and Acquisition (D&A) activities to a single site, Army Fort Detrick, Frederick, Maryland.

Narrative: The scenario realigns the activities listed below to JBDAC to be located at the Army Fort Detrick, MD activity. The end state of this scenario is to consolidate Army, Navy, Air Force, Marine Corps and Defense Agency biomedical D&A activities to a single site. In order to support DoD-wide coordination of medical/force health protection and Joint Operating Concepts of the future, this scenario provides a consolidated center of mass for all defense biomedical D&A which optimizes use of critical military professional personnel, licensed medical product D&A expertise, and regulatory affairs infrastructure capability at US Army Medical Research and Materiel Command at Ft. Detrick. It also provides a consolidated D&A single point of contact for the medical logistics organizations of the Military Departments, already co-located at Ft. Detrick.

Reason Scenario was deleted

TECH-0024, Joint Biomedical Development and Acquisition Center, and TECH-0025, Biomedical Research Co-Location, were terminated as similar scenarios incorporating the proposed consolidations/co-locations were part of MJCSG scenarios and redundant scenarios in the two JCSGs would have little value for work effort involved. The MJCSG will run their similar scenarios involving technical issues and report their recommendations to the TJCSG for concurrence/approval. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.
**Registered Scenarios**

**Scenario #** TECH-0025  **Date Created:** 10/27/2004  **Deleted**

**Scenario Title:** Biomedical Research Co-Location  

**Description:**
Co-locate all biomedical research at seven military installations (Fort Detrick, Fort Sam Houston, Walter Reed Army Medical Center_Forest Glen Annex, Naval Health ResearchCenter_San Diego, Soldier Systems Center, Navy Experimental Diving Unit_Panama City, FL).

**Reason Scenario was deleted**
TECH-0024, Joint Biomedical Development and Acquisition Center, and TECH-0025, Biomedical Research Co-Location, were terminated as similar scenarios incorporating the proposed consolidations/co-locations were part of MJCSG scenarios and redundant scenarios in the two JCSGs would have little value for work effort involved. The MJCSG will run their similar scenarios involving technical issues and report their recommendations to the TJCSG for concurrence/approval. TJCSG in deliberative session (11/09/04) deleted this scenario from further consideration.

| Scenario #  | TECH-0036 | Date Created: | 11/17/2004 | Deleted |

**Scenario Title:** Establish Joint Centers for Rotary Wing Air Platform R, D&A, and T&E at Redstone Arsenal

**Description:**
This scenario consolidates all rotary wing air platform RDAT&E at a single site at Redstone while retaining several specialty sites. The planned component moves will enhance efficiency by consolidating to a single major site.

**Reason Scenario was deleted**

TECH-0036, Establish Joint Center for Rotary Wing Air Platform RDAT&E at Redstone, and TECH-0037, Establish Joint Center for Rotary Wing Air Platform RDAT&E at PAX River, were terminated at the TJCSG’s direction based on Open Air Range information that shows the single site solution cannot accommodate all of the workload. Also, a single site solution is contrary to the TJCSG overarching strategy.
Scenario #  TECH-0037  Date Created:  11/18/2004  Deleted

Scenario Title: Establish A Joint Center for Rotary Wing Air Platform R, D&A, and T&E at Patuxent River

Description:
This scenario consolidates all rotary wing air platform RDAT&E at a single site at Patuxent River while retaining several specialty sites. The planned component moves will enhance efficiency by consolidating to a single major site while leveraging climatic/geographic conditions and extensive existing infrastructure.

Reason Scenario was deleted
TECH-0036, Establish Joint Center for Rotary Wing Air Platform RDAT&E at Redstone, and TECH-0037, Establish Joint Center for Rotary Wing Air Platform RDAT&E at PAX River, were terminated at the TJCSG's direction based on Open Air Range information that shows the single site solution cannot accommodate all of the workload. Also, a single site solution is contrary to the TJCSG overarching strategy.
**Scenario #** TECH-0049  **Date Created:** 12/9/2004  **Deleted**

**Scenario Title:** Establish/Consolidate Space D&A at a minimum number of core sites.

**Description:**
Establish/Consolidate Space D & A at a minimum number of core sites seeks to leverage the synergies generated by this scenario to more efficiently develop military space capabilities. Consolidate Space systems Development and Acquisition at Schriever AFB to enhance organizing, training and equipping functions for space organizations.

**Reason Scenario was deleted**
TECH-0049, Establish a Joint Center for Space RDAT&E Into One Core Site (Schriever AFB), was created as an alternate to TECH-0014, Establish a Joint Center for Space RDAT&E Into One Core Site (Peterson AFB), based on inaccurate information that Peterson AFB would not have adequate acreage available to accommodate the workload. Schriever AFB is in relatively close proximity to Peterson AFB, hence the reason for selection of Schriever AFB as the alternate site. However, the Air Force confirmed Peterson AFB does in fact have adequate acreage to accommodate all of the workload. Therefore the TJCSG terminated TECH-0049, as it was no longer necessary.
**Scenario #**: USA-0005  **Date Created**: 9/23/2004  
**Scenario Title**: 39 Basic Training consolidation (Benning, Jackson, & Leonard Wood)

**Description**:

Reduce from 5 Basic Training locations (Fort Benning, Fort Knox, Fort Jackson, Fort Leonard Wood, & Fort Sill) to 3 locations: Fort Benning, Fort Jackson, & Fort Leonard Wood.) Moves basic training functions from Fort Knox to Fort Benning and from Fort Sill to Fort Jackson.

**Reason Scenario was deleted**

BCT at Benning and Knox will be combined under the Maneuver Center proposals, which will reduce Basic Training at four locations. Moving BCT from Sill to Jackson does not make sense since OSUT will still take place at Sill.

<tr>
<td>Scenario Title:</td>
<td>486 Relocate Army Operational Test Command</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

#### Description:

Move Operational Test Command (OTC) from Ft. Hood, TX to Ft. Bliss/White Sands Missile Range. Current, moving the test and evaluation requirements would decrease requirements on Fort Hood and supports future testing of the Army’s future combat system (FCS) at the Fort Bliss and/or White Sands Missile range complex. Moves all OTC elements of Army Test and Evaluation Command (ATEC) from Ft. Hood to Ft. Bliss/WSMR.

#### Reason Scenario was deleted

This proposal is deleted due to military judgement - moving the activity would break habitual relationships that the OTC leadership views as critical to mission accomplishment.

</table>

**Description:**
Close NMCRC Akron, OH and relocate the USMCR unit into the OHARNG facility in Canton, OH. Minimal expansion will be required to accommodate the USMCR unit.

JAST #A060 - This should become a DON proposal xx that closes NMCRC Akron OH and consolidate USMC units into AFRC Akron-Canton Airport. Consolidate Navy units from NMCRC Akron OH into NMCRC Youngstown OH.

**Reason Scenario was deleted**
On 12/15/2004, Dr. College directed this proposal to be stopped. It does not involve Army units and does not close an Army Installation, using military judgement this is not an Army BRAC action. DON will submit a proposal that moves the MCR unit into the AFRC.

<tbody>
<tr>
<td>Scenario Title:</td>
<td>97 AFRC Louisville, TN</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Description:**

Close the Concord Road Facility. Close NMCRK Knoxville. Move the E-BDE HQ (278th ACR) from Knoxville Armory (Sutherland Road) onto McGhee-Tyson ANG Airbase with the HQ, 164th Air Refueling Wing inside the fence. Elements from the Knoxville Armory (Concord) move into the Sutherland Road facility. Consolidate TNARNG Army Combined Support Maintenance Shop (CSMS) and Army Field Maintenance Shop (FMS) with TANG Air Ground Maintenance Complex into one up to date newly constructed complex/facility on McGhee-Tyson Air Base, Louisville, TN.

**Reason Scenario was deleted**

On 12/16/2004, Dr. College approved stopping this scenario due to the USAF withdrawing their support for the proposal and statement there was a lack of capacity. Stopped for capacity and military judgment.

Scenario Title: Army Soldier/Land System LCM Center two site Scenario

Description:

This scenario relocates and consolidates RDAT&E in Land Warfare into two sites. It enhances Life Cycle management by physically consolidating organizations contained in the Soldier/Ground Systems Life Cycle Management Command. This scenario promotes Synergy and efficiencies across the spectrum of functions involved in Land warfare RDAT&E (Soldier systems, ground vehicle, guns and ammunition and CBD). The consolidation at Aberdeen Proving Ground collocates R&D activities from the Soldier Systems Center (SSC) Batucj, MA, Detroit Arsenal, Warren, MI, Adelphi Laboratory Center, MD, and Ft. Belvoir, VA with significant T&E capabilities, which are not available at the current RDA sites. It provides for a synergistic means to address the difficult survivability challenges for future soldiers and ground combat systems. This scenario, which does not relocate the facilities at Picatinny, NJ is a lower cost alternative to consolidation at a single site (TECH 0045).

Losing Bases

### Scenario # USA-0063  Date Created: 10/1/2004

**Scenario Title:** 289 Close Selfridge Army Activities

**Description:**

Close USAG SANGB. Army disestablishes Garrison activities and realigns or disestablishes non JCGG functions. The Industrial, Technical, and HSA JCSGs realigns or disestablish their assigned functions.

This proposal would close the US Army Garrison-Michigan at Selfridge Air National Guard Base. The USAG-M is a federal land owner within the perimeter of Selfridge Air National Guard Base. The mission of USAG-M (Selfridge) is to provide base support, services and facilities to the Selfridge joint military community including housing, morale support, education, information technology, safety, transportation, quality of life, safety, environmental and recreational services, family services, child development, maintenance and repair, law enforcement, force protection, medical, dental, base exchange, commissary and religion. The joint community is home to units of all four branches of the military services as well as the US Coast Guard and the Border Patrol who either live, work or visit Selfridge Air National Guard Base. USAG-M is the primary provider of support and services to ALL military and DHS personnel and their dependents.

### Losing Bases

### Activities being Received
### Registered Scenarios

**Scenario #** USA-0076  
**Date Created:** 10/1/2004  
**Scenario Title:** 267 AFRC Camden, NJ  
**Description:**

Close 2 facilities (The New Jersey Army National Guard (NJARNG) (Burlington Armory 78 yrs old) and United States Army Reserve (Brittin United States Army Reserve Center 50 yrs old)). Both facilities are obsolete, over utilized and lack sufficient vehicle parking space. Construct a new facility in Camden, NJ for these units. This facility will also serve as Alternate EOC for Western NJ.

Scenario # USA-0099 Date Created: 10/8/2004

Scenario Title: 248 AFRC Seagoville, TX

Description:

Closes 3 Texas Army National Guard (TXARNG) Armories and 1 maintenance support activity; closes 1 United States Army Reserve (USAR) Center. All facilities are over utilized (140%-250%) and range in age from 41-49 yrs old. All require extensive addition/renovation to meet current requirements. Expansion is not possible in current location due to acreage constraints and/or encroachment. Build a new 131,300 square foot facility on government owned land in Seagoville, TX. Includes a maintenance support activity.

Scenario # USA-0167
Scenario Title: 13 USAR C2 NORTHEAST/Close Fort Hamilton

Description:

Inactivates the 77th and 99th Regional Readiness Commands. Closes the Charles Kelly Support Center (CKSC) and the Neville Island Maintenance Support Facility in Pittsburgh, PA. Closes major portions of Fort Hamilton, moves USAR units to Ft Wadsworth and creates an enclave for NYARNG components, the NYC Recruiting Command (AC) and the MEPS station. Closes Building #00330, 00319, 00128 and 00206 at Fort Totten, NY. Closes the SGT J.W. Kilmer USAR Center in Edison, New Jersey moves units to Ft Dix, NJ. Closes Carpenter USARC in Poughkeepsie (units are TAA reduction). Closes McDonald USARC, Jamaica NY and moves units to Ft Totten, NY. Closes Ft Tilden USARC, Far Rockaway NY and moves units to Ft Totten. Closes Muller USARC, Bronx, NY and moves units to Ft Totten. Activates the NE Regional Readiness Command and a Sustainment Unit of Action at Fort Dix, NJ. Relocates tenant units of CKSF to Pitt USARC in Corapolis, PA. Relocates the Headquarters, 78th Division (Exercise) from Edison to Fort Dix, New Jersey. Closes the Army Reserve Aviation Support Activity at NAS Willow Grove, PA and relocates Co A/228th Aviation to Fort Dix, NJ. Relocates 244th Aviation Brigade from Ft Sheridan to Fort Dix, NJ. Closes the NYARNG 47th Regiment Armory in Brooklyn and the Brooklyn Armory/OMS 12 (and may include Closing MCRC Brooklyn) and consolidates to an AFRC on the enclave at Fort Hamilton. Closes Equipment Concentration Site 27 on Fort Dix and relocates the ECS 27 mission to the New Jersey National Guard Mobilization and Training Equipment Site (MATES) joint facility at Lakehurst, New Jersey.

JAST #A022 - This is a USA Proposal that supports DONxx that Close MCRC Brooklyn NY and consolidate into an AFRC on Fort Hamilton (either in existing buildings or in a new AFRC with USAR and ARNG). USMC will require training area for communications satellite dish operation totalling 20 acres.

| Description: | Determine airfields and installations sufficient to support air sovereignty/air defense mission
Imperative: Basing to fulfill the air sovereignty protection site and air defense response criteria stipulated by COMNORTHCOM and COMPACOM |
Scenario #  USAF-0016  Date Created:  9/22/2004
Scenario Title:  Mission Compatibility Index - UAV/UCAS

Description:

- Base UAV/UCAS assets at the optimum number of installations based on MCI rating and theoretical capacity
- Principles: Primary determinant - MCI rating; Consolidate similar UAV/UCAS assets
- Preserve capacity required for post-2011 (UAV/UCAS) force structure

</tbody>
</table>

Realign Andrews AFB. The Air Force Fight Standards Agency (AFFSA) and C-21 aircraft (2 PAA) will relocate to Will Rogers World APT AGS, Oklahoma. AFFSA realignment will include relocation of the USAF Advanced Instrument School from Randolph AFB and the Global Air Traffic Operations Program Office from Tinker AFB. The 137th Airlift Wing (ANG) at Will Rogers World APT AGS will associate with the AD units at Tinker AFB and/or the AFFSA mission. The wing’s C-130H aircraft will be distributed to the 136th Airlift Wing (ANG), Carswell ARS (4 PAA) and the 139th Airlift Wing (ANG), Rosecrans Memorial APT AGS, Missouri (4 PAA).

The AFFSA portion is part of a Joint Scenario (JAST).
