FROM: Michael A. Aimone, P.E., Executive Director, DoD Siting Clearinghouse

SUBJECT: Procedures Memo #3: Standard Procedure for the DoD Siting Clearinghouse
Review of Committee on Foreign Investment in the United States Issues

Aimone

The DoD reviews the national security implications of foreign investments that could result in the control of a U.S. business by foreign interests through the Committee on Foreign Investment in the United States (CFIUS) process. The DoD Siting Clearinghouse regularly receives requests to review CFIUS actions to determine whether there is significant interest to the Clearinghouse's mission compatibility evaluation process.

Upon receipt of a CFIUS review request notice, we will inform the Mitigation Oversight Committee members that the action is pending. Each MOC member organization has an internal CFIUS review processes, and should conduct CFIUS reviews within their established procedures. However, to ensure consistency in response to matters of significant interest to the Clearinghouse process, we request notification of any concerns raised internal to your CFIUS case review process; conversely, we will inform you of any concerns we forward to the CFIUS office.

Please direct your responses and any questions to Mr. Steven Sample at 703-571-0076 or steven.j.sample4.civ@mail.mil.
