Defense Federal Acquisition Regulation Supplement: Title 41 Positive Law Codification—Further Implementation (DFARS Case 2012-D003)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing a final rule to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to conform statutory titles throughout the DFARS to the new Positive Law Codification of Title 41, United States Code, “Public Contracts.”

DATES: June 15, 2012.

FOR FURTHER INFORMATION CONTACT: Ms. Amy G. Williams, telephone 571-371-6106.

SUPPLEMENTARY INFORMATION:

I. Background

DoD published a proposed rule in the *Federal Register* at 76 FR 78874 on December 20, 2011. The comment period closed on February 21, 2012. One respondent submitted a public comment in response to the proposed rule.

DoD is updating the historical names of the Acts in the DFARS (e.g., the “Service Contract Act of 1965” is now the “Service Contract Labor Standards statute”). A table providing the historical titles of the Acts, the present statutory citation, and the new titles of the statutes is being proposed under FAR case 2011-018 for inclusion at FAR 1.110. That table will cover acts under both titles 40 and 41. Additionally, editorial changes are being made to conform to DFARS drafting conventions.

Although there were no substantive changes to the meaning of the statutes, there were some changes in terminology.

II. Discussion and Analysis

One respondent submitted two edits, which have been incorporated in the final rule at 225.1101(2)(i)(C) and 225.7000(b).

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs

and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule does not change any policies or requirements. It just changes and updates references and terminology. Additionally, the proposed rule published at 76 FR 78874 on December 20, 2011, invited comments from small businesses and other interested parties. No comments were received from small entities on the affected DFARS subparts with regard to small businesses. Therefore, a Final Regulatory Flexibility Analysis has not been performed.

V. Paperwork Reduction Act

The rule does not impose any new information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

222.402–70 Installation support contracts.

(a) Apply both the Service Contract Labor Standards statute and the Construction Wage Rate Requirements statute to installation support contracts if—

* * * * *

(b) *Service Contract Labor Standards statute coverage under the contract.* Contract installation support requirements, such as plant operation and installation services (i.e., custodial, snow removal, etc.) are subject to the Service Contract Labor Standards. Apply Service Contract Labor Standards clauses and minimum wage and fringe benefit requirements to all contract service calls or orders for such maintenance and support work.

(c) *Construction Wage Rate Requirements statute coverage under the contract.* Contract construction, alteration, renovation, painting, and repair requirements (i.e., roof shingling, building structural repair, paving repairs, etc.) are subject to the Construction Wage Rate Requirements statute. Apply Construction Wage Rate Requirements clauses and minimum wage requirements to all contract service calls or orders for construction, alteration, renovation, painting, or repairs to buildings or other works.

(d) *Repairs versus maintenance.* Some contract work may be characterized as either Construction Wage Rate Requirements painting/repairs or

Service Contract Labor Standards maintenance. For example, replacing broken windows, spot painting, or minor patching of a wall could be covered by either the Construction Wage Rate Requirements or the Service Contract Labor Standards. In those instances where a contract service call or order requires construction trade skills (i.e., carpenter, plumber, painter, etc.), but it is unclear whether the work required is Service Contract Labor Standards maintenance or Construction Wage Rate Requirements painting/repairs, apply the following rules:

(1) Individual service calls or orders which will require a total of 32 or more work hours to perform shall be considered to be repair work subject to the Construction Wage Rate Requirements.

(2) Individual service calls or orders which will require less than 32 work hours to perform shall be considered to be maintenance subject to the Service Contract Labor Standards.

(3) Painting work of 200 square feet or more to be performed under an individual service call or order shall be considered to be subject to the Construction Wage Rate Requirements statute regardless of the total work hours required.

* * * * *

(f) Contracting officers may not avoid application of the Construction Wage Rate Requirements statute by splitting individual tasks between orders or contracts.

■ 19. The 222.404 section heading is revised to read as follows:

222.404 Construction Wage Rate Requirements statute wage determinations.

* * * * *

■ 20. Section 222.406–1 is amended by revising paragraph (b)(1)(A)(1), and in paragraph (b)(1)(A)(2) by removing the word “Act” and adding “statute” in its place.

Defense Federal Acquisition Regulation Supplement; Contractors Performing Private Security Functions (DFARS Case 2011-D023)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is adopting as final, with changes, an interim rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement those sections of several National Defense Authorization Acts which establish minimum processes and requirements for the selection, accountability, training, equipping, and conduct of personnel performing private security functions under DoD contracts.

DATES: *Effective Date:* June 15, 2012.

FOR FURTHER INFORMATION CONTACT: Ms. Meredith Murphy, telephone 571-372-6098.

SUPPLEMENTARY INFORMATION:

I. Background

The interim rule implemented the legislation by establishing (1) Regulations addressing the selection, training, equipping, and conduct of personnel performing private security functions in areas of contingency operations, complex contingency operations, or other military operations or exercises that are designated by the combatant commander, (2) a contract clause, and (3) remedies. DoD published the interim rule in the **Federal Register** at 76 FR 52133 on August 19, 2011, to implement section 862, as amended, of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2008.

Section 862 was amended by section 853 of the NDAA for FY 2009 and sections 831 and 832 of the NDAA for FY 2011. In addition, the DoD Instruction addressing private Security Contractors (DoDI 3020.50) was revised on August 1, 2011, and the final rule to implement section 862 of the NDAA for FY 2008, as amended, 32 CFR part 159, Private Security Contractors Operating in Contingency Operations, was published in the **Federal Register** on August 11, 2011 (76 FR 49651). Public comments on the final rule at 32 CFR part 159 had been solicited by publication of an interim rule on July 17, 2009.

II. Discussion and Analysis of the Public Comments

Three respondents submitted comments on the interim rule. A discussion of the comments and the changes made to the rule as a result of those comments are provided as follows:

A. Summary of Significant Changes

The following significant changes to the DFARS are being made by this rule:

- The definition of “private security functions” in the clause at DFARS 225.370-3 was revised to conform to the DoDI, and limit the definition to the specified criteria.
- The types of active, non-lethal countermeasures that must be reported when used has been added at DFARS 225.370-4(c)(1)(iv)(E) and 252.225-7039(b)(1)(iv)(E).
- The types of Government-authorized investigations with which the contractor is required to cooperate are more narrowly described in order to conform to the limitations in the statute. Changes have been made to DFARS

225.370-4(c)(3) and the clause at DFARS 252.225-7039(b)(3). In addition, a definition of “full cooperation” has been added to the clause at DFARS 252.225-7039 to allay concerns about waiver of attorney-client privilege.

- The remedies at DFARS 225.370-5(a) have been revised to remove paragraph (a)(4), a discussion of the right to terminate for default, because this right is already covered by the contract termination clauses.

- The applicability of the rule (DFARS 225.370-2, 225.370-4(b), and 225.370-6) and references to the title of DoDI 3020.50 at DFARS 225.370-4 and 252.225-7039(b)(2)(i) have been updated to conform to the revised DoDI 3020.50.

B. Analysis of Public Comments

1. Definition of Private Security Functions

Comment: Two respondents commented that the definition of “private security functions” was (a) too broad and (b) inconsistent among the DoDI, the DFARS text, and the clause at DFARS 252.225-7039, Contractors Performing Private Security Functions.

Response: The definition of “private security functions” has been revised to limit the definition to the specified criteria all inclusive (rather than just “including” the criteria), consistent with the DoDI. The essence of the definition cannot be changed substantially in the DFARS from that in the controlling DoDI.

2. The Contractor’s Requirement To Ensure Compliance of Contractor Personnel Performing Private Security Functions

Comment: One respondent stated that the requirement for prime contractors to ensure that personnel performing private security functions comply with numerous administrative and reporting requirements and are briefed on and understand various enumerated laws, regulations, orders, directives, instructions, and rules related to the private security function imposes “untenable oversight, policing, and enforcement obligations,” particularly for non-private security function prime contractors that subcontract with a private security function provider. The respondent recommended that the prime contractor’s obligation be limited to the administrative functions of passing the requirements on to the private security function provider and conducting audits or other administrative review functions to verify compliance.

Response: No change has been made in the final rule because the law, at
