Part 232—Contract Financing

232.7102 Contract clause.

SUBPART 232.10—PERFORMANCE-BASED PAYMENTS

(Revised March 31, 2014)

232.1001 Policy.

(a) As with all contract financing, the purpose of performance-based payments is to assist the contractor in the payment of costs incurred during the performance of the contract. Therefore, performance-based payments should never exceed total cost incurred at any point during the contract. See [PGI 232.1001\(a\)](#) for additional information on use of performance-based payments.

(d) The contracting officer shall use the following standard prompt payment terms for performance-based payments: The contractor entitlement date, if any, specified in the contract, or 14 days after receipt by the designated billing office of a proper request for payment, whichever is later.

232.1003-70 Criteria for use.

The contracting officer will consider the adequacy of an offeror's or contractor's accounting system prior to agreeing to use performance-based payments.

232.1004 Procedures.

(b) Prior to using performance-based payments, the contracting officer shall—

(i) Agree with the offeror on price using customary progress payments before negotiation begins on the use of performance-based payments, except for modifications to contracts that already use performance-based payments;

(ii) Analyze the performance-based payment schedule using the performance-based payments (PBP) analysis tool. The PBP analysis tool is on the DPAP website in the Cost, Pricing & Finance section, Performance Based Payments - Guide Book & Analysis Tool tab, at

http://www.acq.osd.mil/dpap/cpic/cp/Performance_based_payments.html.

(A) When considering performance-based payments, obtain from the offeror/contractor a proposed performance-based payments schedule that includes all performance-based payments events, completion criteria and event values along with the projected expenditure profile in order to negotiate the value of the performance events. If performance-based payments are deemed practical, the Government will evaluate and negotiate the details of the performance-based payments schedule.

(B) For modifications to contracts that already use performance-based payments financing, the basis for negotiation must include performance-based payments. The PBP analysis tool will be used in the same manner to help determine the price for the modification. The only difference is that the baseline assuming customary progress payments will reflect an objective profit rate instead of a negotiated profit rate;

Defense Federal Acquisition Regulation Supplement

Part 232—Contract Financing

(iii) Negotiate the consideration to be received by the Government if the performance-based payments payment schedule will be more favorable to the contractor than customary progress payments;

(iv) Obtain the approval of the business clearance approving official, or one level above the contracting officer, whichever is higher, for the negotiated consideration; and

(v) Document in the contract file that the performance-based payment schedule provides a mutually beneficial settlement position that reflects adequate consideration to the Government for the improved contractor cash flow.

(c) *Instructions for multiple appropriations.* If the contract contains foreign military sales requirements, the contracting officer shall provide instructions for distribution of the contract financing payments to each country's account.

232.1005-70 Contract clauses.

The contracting officer shall include the following clauses with appropriate fill-ins in solicitations and contracts that include performance-based payments:

(a) For performance-based payments made on a whole-contract basis, use the clause at [252.232-7012](#), Performance-Based Payments—Whole-Contract Basis.

(b) For performance-based payments made on a deliverable-item basis, use the clause at [252.232-7013](#), Performance-Based Payments--Deliverable-Item Basis.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to

perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment

hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled “Disputes.”

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled “Default.” The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled “Termination for Convenience of the Government.”

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:
