

SUBPART 204.2—CONTRACT DISTRIBUTION
(Revised September 30, 2015)

204.201 Procedures.

Follow the procedures at [PGI 204.201](#) for the distribution of contracts and modifications.

(a) In lieu of the requirement at FAR 4.201(a), contracting officers shall distribute one signed copy or reproduction of the signed contract to the contractor.

204.203 Taxpayer identification information.

(b) The procedure at FAR 4.203(b) does not apply to contracts that include the provision at FAR 52.204-7, System for Award Management. The payment office obtains the taxpayer identification number and the type of organization from the System for Award Management database.

204.270 Electronic Document Access.

204.270-1 Policy.

(a) The Electronic Document Access (EDA) system, an online repository for contractual instruments and supporting documents, is DoD's primary tool for electronic distribution of contract documents and contract data. Contract attachments shall be uploaded to EDA, except for contract attachments that are classified, are too sensitive for widespread distribution (e.g., personally identifiable information and Privacy Act and Health Insurance Portability and Accountability Act, or cannot be practicably converted to electronic format (e.g., samples, drawings, and models). Section J (or similar location when the Uniform Contract Format is not used) shall include the annotation "provided under separate cover" for any attachment not uploaded to EDA.

(b) Agencies are responsible for ensuring the following when posting documents, including contractual instruments, to EDA—

- (1) The timely distribution of documents; and
- (2) That internal controls are in place to ensure that—

(i) The electronic version of a contract document in EDA is an accurate representation of the contract; and

(ii) The contract data in EDA is an accurate representation of the underlying contract.

204.270-2 Procedures.

Defense Federal Acquisition Regulation Supplement

Part 204—Administrative Matters

The procedures at [PGI 204.270-2](#) provide details on how to record the results of data verification in EDA. When these procedures are followed, contract documents in EDA are an accurate representation of the contract and therefore may be used for audit purposes.

SUBPART 204.8—CONTRACT FILES

(Revised September 30, 2015)

204.802 Contract files.

(a) Any document posted to the Electronic Document Access (EDA) system is part of the contract file and is accessible by multiple parties, including the contractor. Do not include in EDA contract documents that are classified, too sensitive for widespread distribution (e.g., personally identifiable information and Privacy Act and Health Insurance Portability and Accountability Act), or attachments that cannot be practicably converted to electronic format (e.g., samples, drawings, and models). Inclusion of any document in EDA other than contracts, modifications, and orders is optional.

(f) A photocopy, facsimile, electronic, mechanically-applied and printed signature, seal, and date are considered to be an original signature, seal, and date.

204.804 Closeout of contract files.

(1) Contracting officers shall close out contracts in accordance with the procedures at [PGI 204.804](#). The closeout date for file purposes shall be determined and documented by the procuring contracting officer.

(2) The head of the contracting activity shall assign the highest priority to close out of contracts awarded for performance in a contingency area. Heads of contracting activities must monitor and assess on a regular basis the progress of contingency contract closeout activities and take appropriate steps if a backlog occurs. For guidance on the planning and execution of closing out such contracts, see [PGI 207.105\(b\)\(20\)\(C\)\(8\)](#) and [PGI 225.373\(e\)](#).

204.805 Disposal of contract files.

(1) The sources of the period for which contract files must be retained are General Records Schedule 3 (Procurement, Supply, and Grant Records) and General Records Schedule 6 (Accountable Officers' Accounts Records). Copies of the General Records Schedule may be obtained from the National Archives and Records Administration, Washington, DC 20408.

(2) Deviations from the periods cannot be granted by the Defense Acquisition Regulations Council. Forward requests for deviations to both the Government Accountability Office and the National Archives and Records Administration.

(3) Hold completed contract files in the office responsible for maintaining them for a period of 12 months after completion. After the initial 12 month period, send the records to the local records holding or staging area until they are eligible for destruction. If no space is available locally, transfer the files to the General Services Administration Federal Records Center that services the area.

(4) Duplicate or working contract files should contain no originals of materials that properly belong in the official files. Destroy working files as soon as practicable once they are no longer needed.

Part 204—Administrative Matters

(5) Retain pricing review files, containing documents related to reviews of the contractor's price proposals, subject to certified cost or pricing data (see FAR 15.403-4), for six years. If it is impossible to determine the final payment date in order to measure the six-year period, retain the files for nine years.
