(Revised December 30, 2015)

204.1103 Procedures.

See [PGI 204.1103](#) for helpful information on navigation and data entry in the System for Award Management (SAM) database.

(1) On contract award documents, use the contractor's legal or "doing business as" name and physical address information as recorded in the SAM database at the time of award.

(2) When making a determination to exercise an option, or at any other time before issuing a modification other than a unilateral modification making an administrative change, ensure that—

(i) The contractor's record is active in the SAM database; and

(ii) The contractor's Data Universal Numbering System (DUNS) number, Commercial and Government Entity (CAGE) code, name, and physical address are accurately reflected in the contract document.

(3) At any time, if the DUNS number, CAGE code, contractor name, or physical address on a contract no longer matches the information on the contractor's record in the SAM database, the contracting officer shall process a novation or change-of-name agreement, or an address change, as appropriate.

(4) See [PGI 204.1103](#) for additional requirements relating to use of information in the SAM database.

(5) On contractual documents transmitted to the payment office, provide the CAGE code, instead of the DUNS number or DUNS+4 number, in accordance with agency procedures.

See DoD Class Deviation [2013-O0019](#), Commercial Item Omnibus Clause for Acquisitions Using the Standard Procurement System, issued September 25, 2013. The contracting officer shall ensure that the deviation clause is incorporated into these solicitations and contracts because the deviation clause fulfills the statutory requirements on auditing and subcontract clauses applicable to commercial items. The deviation also authorizes adjustments to the deviation clause required by future changes to the clause at 52.212-5 that are published in the FAR. This deviation is effective for five years, or until otherwise rescinded.

SUBPART 225.4—TRADE AGREEMENTS

(Revised December 30, 2015)

225.401 Exceptions.

(a)(2)(A) If a department or agency considers an individual acquisition of a product to be indispensable for national security or national defense purposes and appropriate for exclusion from the provisions of FAR subpart 25.4, it may submit a request with supporting rationale to the Director of Defense Procurement and Acquisition Policy (OUSD(AT&L)DPAP). Approval by OUSD(AT&L)DPAP is not required if—

- (1) Purchase from foreign sources is restricted by statute (see Subpart 225.70);
- (2) Another exception in FAR 25.401 applies to the acquisition; or
- (3) Competition from foreign sources is restricted under subpart [225.71](#).

(B) Public interest exceptions for certain countries when acquiring products or services in support of operations in Afghanistan are in [225.7704-1](#).

225.401-70 End products subject to trade agreements.

Acquisitions of end products in the following product service groups (PSGs) are covered by trade agreements if the value of the acquisition is at or above the applicable trade agreement threshold and no exception applies. If an end product is not in one of the listed groups, the trade agreements do not apply. The definition of Caribbean Basin country end products in FAR 25.003 excludes those end products that are not eligible for duty-free treatment under 19 U.S.C. 2703(b). Therefore certain watches, watch parts, and luggage from certain Caribbean Basin countries are not eligible products. However, [225.003](#) expands the definition of Caribbean Basin country end products to include petroleum and any product derived from petroleum, in accordance with Section 8094 of Pub. L. 103-139.

When acquiring products or services, other than small arms, in support of operations in Afghanistan if using a procedure specified in [225.7703-1\(a\)](#) (2) or (3), the procedures of subpart 25.4 are not applicable.

225.402 General.

225.403 World Trade Organization Government Procurement Agreement and Free Trade Agreements.

(c) For acquisitions of supplies covered by the World Trade Organization Government Procurement Agreement, acquire only U.S.-made, qualifying country, or designated country end products unless—

(i) The contracting officer determines that offers of U.S.-made, qualifying country, or designated country end products from responsive, responsible offerors are either—

(A) Not received; or

(B) Insufficient to fill the Government's requirements. In this case, accept all responsive, responsible offers of U.S.-made, qualifying country, and eligible products before accepting any other offers;

(ii) A national interest waiver under 19 U.S.C. 2512(b)(2) is granted on a case-by-case basis. Except as delegated in paragraphs (c)(i)(A) and (B) of this section, submit any request for a national interest waiver to the Director of Defense Procurement and Acquisition Policy in accordance with department or agency procedures. Include supporting rationale with the request.

(A) The head of the contracting activity may approve a national interest waiver for a purchase by an overseas purchasing activity, if the waiver is supported by a written statement from the requiring activity that the products being acquired are critical for the support of U.S. forces stationed abroad.

(B) The Commander or Director, Defense Energy Support Center, may approve national interest waivers for purchases of fuel for use by U.S. forces overseas; or

(iii) The acquisition is in support of operations in Afghanistan (see [225.7704-1](#)).

225.408 Procedures.

(10)(i) Except as provided in paragraph (10)(ii) of this section, use the basic or an alternate of the clause at [252.225-7036](#), Buy American—Free Trade Agreements—Balance of Payments Program, instead of the clause at FAR 52.225-3, Buy American—Free Trade Agreements—Israeli Trade Act, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, for the items listed at [225.401-70](#), when the estimated value equals or exceeds \$25,000, but is less than \$191,000, unless an exception at FAR 25.401 or [225.401](#) applies.

(A) Use the basic clause in solicitations and contracts when the estimated value equals or exceeds \$100,000, but is less than \$191,000, except if the acquisition is of end products in support of operations in Afghanistan.

(B) Use the alternate I clause in solicitations and contracts when the estimated value equals or exceeds \$25,000, but is less than \$77,533, except if the acquisition is of end products in support of operations in Afghanistan.

(C) Use the alternate II clause in solicitations and contracts when the estimated value equals or exceeds \$100,000, but is less than \$191,000, and the acquisition is of end products in support of operations in Afghanistan.

(D) Use the alternate III clause in solicitations and contracts when the estimated value equals or exceeds \$25,000, but is less than \$77,533, and the acquisition is of end products in support of operations in Afghanistan.

(E) Use the alternate IV clause in solicitations and contracts when the estimated value equals or exceeds \$77,533 but is less than \$100,000, except if the acquisition is of end products in support of operations in Afghanistan.

(F) Use the alternate V clause in solicitations and contracts when the estimated value equals or exceeds \$77,533 but is less than \$100,000 and the acquisition is of end products in support of operations in Afghanistan.

(ii) Do not use the basic or an alternate of the clause in paragraph (10)(i) of this section if—

(A) Purchase from foreign sources is restricted (see [225.401\(a\)\(2\)](#)), unless the contracting officer anticipates a waiver of the restriction;

(B) Acquiring information technology that is a commercial item, using fiscal year 2004 or subsequent funds (Section 535 of Division F of the Consolidated Appropriations Act, 2004 (Pub. L. 108-199), and the same provision in subsequent appropriations acts); or

(C) Using a procedure specified in [225.7703-1\(a\)](#).

(iii) The acquisition of eligible and noneligible products under the same contract may result in the application of a Free Trade Agreement to only some of the items acquired. In such case, indicate in the Schedule those items covered by the Buy American—Free Trade Agreements—Balance of Payments Program clause.

225.1103 Other provisions and clauses.

(1) Unless the contracting officer knows that the prospective contractor is not a domestic concern, use the clause at [252.225-7005](#), Identification of Expenditures in the United States, in solicitations and contracts that—

- (i) Exceed the simplified acquisition threshold; and
- (ii) Are for the acquisition of—
 - (A) Supplies for use outside the United States;
 - (B) Construction to be performed outside the United States; or
 - (C) Services to be performed primarily outside the United States.

(2) Use the clause at [252.225-7041](#), Correspondence in English, in solicitations and contracts when contract performance will be wholly or in part in a foreign country.

(3) Use the provision at [252.225-7042](#), Authorization to Perform, in solicitations when contract performance will be wholly or in part in a foreign country. If the solicitation includes the provision at FAR 52.204-7, do not separately list the provision [252.225-7042](#) in the solicitation.

(4) Unless an exception in [225.770-3](#) applies, use the clause at [252.225-7007](#), Prohibition on Acquisition of United States Munitions List Items from Communist Chinese Military Companies, in solicitations and contracts involving the delivery of items covered by the United States Munitions List.

225.7003 Restrictions on acquisition of specialty metals.

225.7003-1 Definitions.

As used in this section—

(a) “Assembly,” “commercial derivative military article,” “commercially available off-the-shelf item,” “component,” “electronic component,” “end item,” “high performance magnet,” “required form,” and “subsystem” are defined in the clause at [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals.

(b) “Automotive item”—

(1) Means a self-propelled military transport tactical vehicle, primarily intended for use by military personnel or for carrying cargo, such as—

- (i) A high-mobility multipurpose wheeled vehicle;
- (ii) An armored personnel carrier; or
- (iii) A troop/cargo-carrying truckcar, truck, or van; and

(2) Does not include—

- (i) A commercially available off-the-shelf vehicle; or
- (ii) Construction equipment (such as bulldozers, excavators, lifts, or loaders) or other self-propelled equipment (such as cranes or aircraft ground support equipment).

(c) “Produce” and “specialty metal” are defined in the clauses at [252.225-7008](#), Restriction on Acquisition of Specialty Metals, and [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals.

225.7003-2 Restrictions.

The following restrictions implement 10 U.S.C. 2533b. Except as provided in [225.7003-3](#)—

(a) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at [PGI 225.7003-2\(a\)](#)):

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

- (1) Aircraft.
- (2) Missile or space systems.
- (3) Ships.
- (4) Tank or automotive items.
- (5) Weapon systems.
- (6) Ammunition.

(b) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

225.7003-3 Exceptions.

(a) Acquisitions in the following categories are not subject to the restrictions in [225.7003-2](#):

- (1) Acquisitions at or below the simplified acquisition threshold.
- (2) Acquisitions outside the United States in support of combat operations.
- (3) Acquisitions in support of contingency operations.
- (4) Acquisitions for which the use of other than competitive procedures has been approved on the basis of unusual and compelling urgency in accordance with FAR 6.302-2.
- (5) Acquisitions of items specifically for commissary resale.
- (6) Acquisitions of items for test and evaluation under the foreign comparative testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any acquisitions under follow-on production contracts.

(b) One or more of the following exceptions may apply to an end item or component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in [225.7003-2](#) do not apply to the following:

(1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic Materials Protection Board pursuant to 10 U.S.C. 187, determines that the domestic availability of a particular electronic component is critical to national security.

(2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

(2) The fasteners qualify for the commercial item exception in paragraph (b)(3) of this subsection.

(ii) If this exception is used for an acquisition of COTS end items valued at \$5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at [PGI 225.7003-3\(b\)\(2\)](#).

(3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in [225.7003-2\(a\)](#), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in [225.7003-2](#) if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (i.e., a domestic nonavailability determination). See guidance in [PGI 225.7003-3\(b\)\(5\)](#).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract. The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (i.e., a class domestic nonavailability determination), requires the approval of the USD(AT&L).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities website (www.FedBizOpps.gov or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at [252.225-7010](#); and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at [PGI 225.7003-3\(c\)](#)). The contracting officer shall submit the offeror's

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(AT&L) may waive the restrictions at [225.7003-2](#) if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at [PGI 225.7003-3\(d\)](#)). This authority may not be delegated.

(1) The written determination of the USD(AT&L)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(AT&L) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

225.7003-4 One-time waiver.

DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

(a) Final acceptance takes place before September 30, 2010;

(b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;

(c) The contracting officer determines in writing that—

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;

(2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for future items produced, manufactured, or assembled in the United States; and

(3) The non-compliance was not knowing or willful;

(d) The determination is approved by—

(1) The USD(AT&L); or

(2) The service acquisition executive of the military department concerned; and

(e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities website at www.FedBizOpps.gov, stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

225.7003-5 Solicitation provision and contract clauses.

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at [225.7003-2](#) because the acquisition is covered by an exception in [225.7003-3\(a\)](#) or (d) (but see paragraph (d) of this subsection)—

(1) Use the clause at [252.225-7008](#), Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

(A) Aircraft.

(B) Missile or space systems.

(C) Ships.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(D) Tank or automotive items.

(E) Weapon systems.

(F) Ammunition.

(b) Use the provision at [252.225-7010](#), Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items,—

(1) That contain the clause at [252.225-7009](#); and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at [225.7003-3\(a\)\(2\)](#) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

225.7004 Restriction on acquisition of foreign buses.

225.7004-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States or Canada.

225.7004-2 Applicability.

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

225.7004-3 Exceptions.

This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States and Canada are needed for temporary use because buses manufactured in the United States or Canada are not available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

225.7004-4 Waiver.

The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

225.7005 Restriction on certain chemical weapons antidote.

225.7005-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire chemical weapons antidote contained in automatic injectors, or the components for such injectors, unless the chemical weapons antidote or component is manufactured in the United States or Canada by a company that—

(a) Has received all required regulatory approvals; and

(b) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

225.7005-2 Exception.

This restriction does not apply if the acquisition is for an amount at or below the simplified acquisition threshold.

225.7005-3 Waiver.

The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

225.7006 Restriction on air circuit breakers for naval vessels.

225.7006-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire air circuit breakers for naval vessels unless they are manufactured in the United States or Canada.

225.7006-2 Exceptions.

This restriction does not apply if the acquisition is—

(a) For an amount at or below the simplified acquisition threshold; or

(b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

225.7006-3 Waiver.

(a) The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction for air circuit breakers manufactured in the United Kingdom. See [225.7008](#).

225.7006-4 Solicitation provision and contract clause.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(a) Use the provision at [252.225-7037](#), Evaluation of Offers for Air Circuit Breakers, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that require air circuit breakers for naval vessels unless--

(1) An exception applies; or

(2) A waiver has been granted, other than the waiver for the United Kingdom, which has been incorporated into the provision.

(b) Use the clause at [252.225-7038](#), Restriction on Acquisition of Air Circuit Breakers, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that require air circuit breakers for naval vessels unless—

(2) A waiver has been granted, other than the waiver for the United Kingdom, which has been incorporated into the clause.

225.7007 Restrictions on anchor and mooring chain.

225.7007-1 Restrictions.

(a) In accordance with Section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, four inches or less in diameter, unless--

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

225.7007-2 Waiver.

(a) The Secretary of the department responsible for acquisition may waive the restriction in [225.7007-1\(a\)](#), on a case-by-case basis, if--

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing—

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

- (1) The factors supporting the waiver; and
 - (2) A certification that the acquisition must be made in order to acquire capability for national security purposes.
- (c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

225.7007-3 Contract clause.

Unless a waiver has been granted, use the clause at [252.225-7019](#), Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

225.7008 Waiver of restrictions of 10 U.S.C. 2534.

(a) When specifically authorized by reference elsewhere in this subpart, the restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under [225.872](#), and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see [225.7006](#)) and the naval vessel components listed at 225.7010-1.

225.7009 Restriction on ball and roller bearings.

225.7009-1 Scope.

225.7009-2 Restriction.

(a) Do not acquire ball and roller bearings unless—

(1) The bearings are manufactured in the United States or Canada; and

(2) For each ball or roller bearing, the cost of the bearing components manufactured in the United States or Canada exceeds 50 percent of the total cost of the bearing components of that ball or roller bearing.

(b) The restriction at [225.7003-2](#) may also apply to bearings that are made from specialty metals, such as high carbon chrome steel (bearing steel).

225.7009-3 Exception.

The restriction in [225.7009-2](#) does not apply to contracts or subcontracts for the acquisition of commercial items, except for commercial ball and roller bearings acquired as end items.

225.7009-4 Waiver.

The Secretary of the department responsible for acquisition or, for the Defense Logistics

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7009-5 Contract clause.

Use the clause at [252.225-7016](#), Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, unless—

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used “as is” or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

225.7011-2 Waiver.

The Secretary of the department responsible for acquisition may waive this restriction, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

(a) Adequate U.S. supplies are not available to meet requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7012-3 Contract clause.

Unless a waiver has been granted, use the clause at [252.225-7011](#), Restriction on Acquisition of Supercomputers, in solicitations and contracts for the acquisition of supercomputers.

225.7013 Restrictions on construction or repair of vessels in foreign shipyards.

In accordance with 10 U.S.C. 7309 and 7310—

(a) Do not award a contract to construct in a foreign shipyard—

(1) A vessel for any of the armed forces; or

(2) A major component of the hull or superstructure of a vessel for any of the armed forces; and

However, this does not preclude issuing a solicitation that allows offerors to propose the use of fire-resistant rayon fiber.

225.7017 Utilization of domestic photovoltaic devices.

225.7017-1 Definitions. As used in this section—

“Caribbean Basin country photovoltaic device” means a photovoltaic device that—

“Covered contract” means a contract awarded by DoD that, by means other than DoD purchase as end products, provides for a photovoltaic device to be—

- (1) Installed in the United States on DoD property or in a facility owned by DoD; or
- (2) Reserved for the exclusive use of DoD in the United States for the full economic life of the device.

“Designated country photovoltaic device” means a World Trade Organization Government Procurement Agreement (WTO GPA) country photovoltaic device, a Free Trade Agreement country photovoltaic device, a least developed country photovoltaic device, or a Caribbean Basin country photovoltaic device.

“Domestic photovoltaic device” means a photovoltaic device that—

- (1) Is manufactured in the United States; and

Part 225—Foreign Acquisition

(2) The cost of its components that are mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic.

“Foreign photovoltaic device” means a photovoltaic device other than a domestic photovoltaic device.

“Free Trade Agreement country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a Free Trade Agreement country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Free Trade Agreement country.

“Least developed country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a least developed country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a least developed country.

“Photovoltaic device” means a device that converts light directly into electricity through a solid-state, semiconductor process.

“Qualifying country photovoltaic device” means a photovoltaic device manufactured in a qualifying country.

“U.S.-made photovoltaic device” means a photovoltaic device that—

(1) Is manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of the United States.

“WTO GPA country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a WTO GPA country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a WTO GPA country.

225.7017-2 Restriction.

In accordance with section 858 of the National Defense Authorization Act for Fiscal Year 2015, photovoltaic devices provided under any covered contract shall be domestic photovoltaic devices, except as provided in [225.7017-3](#) and [225.7017-4](#).

225.7017-3 Exceptions.

(a) *Free Trade Agreements.* For a covered contract that utilizes photovoltaic devices valued at \$25,000 or more, photovoltaic devices may be utilized from a country covered under the acquisition by a Free Trade Agreement, depending upon dollar threshold (see FAR subpart 25.4).

(b) *World Trade Organization—Government Procurement Agreement.* For covered contracts that utilize photovoltaic devices that are valued at \$191,000 or more, only domestic photovoltaic devices or designated country photovoltaic devices may be utilized, unless acquisition of U.S.-made or qualifying country photovoltaic devices is allowed pursuant to a waiver in accordance with [225.7017-4\(a\)](#).

225.7017-4 Waivers.

The head of the contracting activity is authorized to waive, on a case-by-case basis, the application of the restriction in [225.7017-2](#) upon determination that one of the following circumstances applies (see [PGI 225.7017-4](#) for sample determinations and findings):

(a) *Inconsistent with the public interest.* For example, a public interest waiver may be appropriate to allow—

(1) Utilization of U.S.-made photovoltaic devices if the aggregate value of the photovoltaic devices to be utilized under the contract exceeds \$191,000; or

(2) Utilization of photovoltaic devices from a qualifying country, regardless of dollar value.

(b) *Unreasonable cost.* A determination that the cost of a domestic photovoltaic device is unreasonable may be appropriate if—

(1) The aggregate value of the photovoltaic devices to be utilized under the contract does not exceed \$191,000; and

(2) The offeror documents that the price of the foreign photovoltaic devices plus 50 percent is less than the price of comparable domestic photovoltaic devices.

(a) Line items are the basic structural elements in a solicitation or contract that provide for the organization of contract requirements to facilitate pricing, delivery, inspection, acceptance and payment. Line items are organized into contract line items, subline items, and exhibit line items. Separate line items should be established to account for separate pricing, identification (see section [211.274](#) of the Defense Federal Acquisition Regulation Supplement), deliveries, or funding. The Government recognizes that the line item structure in this solicitation may not conform to every offeror's practices. Failure to correct these issues can result in difficulties in accounting for deliveries and processing payments. Therefore, offerors are invited to propose an alternative line item structure for items on which bids, proposals, or quotes are requested in this solicitation to ensure that the resulting contract structure is economically and administratively advantageous to the Government and the Contractor.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(b) If an alternative line item structure is proposed, the structure must be consistent with subpart [204.71](#) of the Defense Federal Acquisition Regulation Supplement and PGI [204.71](#). A sample line item structure and a proposed alternative structure are as follows:

Solicitation:

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT

This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.*

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(B) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) *Subcontracts.*

(1) The Contractor shall exclude and reserve paragraph (d) and this paragraph (e)(1) when flowing down this clause to subcontracts.

(2) The Contractor shall insert paragraphs (a) through (c) and this paragraph (e)(2) of this clause in subcontracts, including subcontracts for commercial items, that are for items containing specialty metals to ensure compliance of the end products that

The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

“Moroccan end product” means an article that—

(i) Is wholly the growth, product, or manufacture of Morocco; or

article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(i) Is wholly the growth, product, or manufacture of Panama; or

(ii) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Panama into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. OUTSIDE THE UNITED STATES (OCT 2015)

(a) *Definitions.* As used in this clause—

“Combatant Commander” means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

“Contractors authorized to accompany the Force,” or “CAAF,” means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen n and third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Designated operational area” means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

“Designated reception site” means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

“Law of war” means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a party, and applicable customary international law.

“Non-CAAF” means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of

Part 252—Solicitation Provisions and Contract Clauses

applicable operations within the boundaries and territories of the United States.

“Subordinate joint force commander” means a sub-unified commander or joint task force commander.

(b) *General.*

(1) This clause applies to both CAAF and non-CAAF when performing in a designated operational area outside the United States to support U.S. Armed Forces deployed outside the United States in—

(i) Contingency operations;

(ii) Peace operations, consistent with Joint Publication 3-07.3; or

(iii) Other military operations or military exercises, when designated by the Combatant Commander or as directed by the Secretary of Defense.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel supporting the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.*

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

(A) The Contractor cannot obtain effective security services;

(B) Effective security services are unavailable at a reasonable cost; or

(C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U. S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized.

(3) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(d) *Compliance with laws and regulations.*

The Agreement relates to contracts to be performed in whole or part in Spain, the provisions of which are hereby incorporated into and made a part of this contract by reference.

(c) The Contractor shall apply to the appropriate Spanish authorities for approval of status as a Direct Contractor in order to complete duty-free import of non-Spanish equipment, materials, and supplies represented as necessary for contract performance by the Contracting Officer. However, if the Contractor demonstrates to the Contracting Officer's satisfaction that the amount retained by the United States Government or guaranteed by the bank is excessive, the amount shall be reduced to an amount commensurate with contingent import tax and duty-free liability. This bank guaranty or fund shall not be released to
