*(Revised February 26, 2016)*

### PGI 204.2—CONTRACT DISTRIBUTION

#### PGI 204.201 Procedures.

(1) The procuring contracting officer (PCO) retains the original signed contract for the contract file. Administrative contracting officers and termination contracting officers provide the original of each modification to the PCO for retention in the contract file. Unless otherwise directed by department/agency procedures, the office issuing the orders maintains the original of orders under basic ordering agreements and the original of provisioning orders; and

(2) Ensure that distribution of contracts and modifications is consistent with security directives.

(3) Use the following distribution procedures instead of those at FAR 4.201(b) through (f):

(i) Contracts and modifications shall be distributed electronically (except as provided at DFARS [204.270-1](#)(a)) using the following methods:

(A) Indexed Portable Document Format files shall be sent via the Global Exchange system (GEX) to the Electronic Document Access (EDA) (<http://eda.ogden.disa.mil>) system to provide a human-readable copy of contract documents.

(B) Electronic data files depicting the contract shall be sent in at least one of the following formats via the GEX to EDA and to systems supporting specific offices as set forth in paragraph (ii) below. (Note that the GEX can be used to translate from the formats below to other formats. Organizations should send both formats in parallel unless validation failures have been eliminated.)

(1) American National Standards Institute X.12 Electronic Data Interchange standard transaction sets 850 and 860.

(2) Department of Defense Procurement Data Standard (PDS) Extensible Markup Language (XML) format:  
[http://www.acq.osd.mil/dpap/pdi/eb/procurement\\_data\\_standard.html](http://www.acq.osd.mil/dpap/pdi/eb/procurement_data_standard.html)

(ii) After contract execution, provide an electronic data file copy of the contract and modifications in either X.12 or PDS XML to the following:

(A) The contract administration office, if the contracting officer delegates

contract administration to another office (see FAR subpart 42.2). The contracting officer also should provide the contract administration office with a copy of the contract distribution list, indicating those offices that should receive copies of modifications, and any changes to the list as they occur.

(B) The payment office. Provide any modification that changes the payment office to both the new and the old payment offices.

(C) Each accounting office whose funds are cited in the contract.

(D) Each consignee specified in the contract. A transshipping terminal is not a consignee. The Defense Logistics Agency (DLA) is authorized to prescribe alternate procedures for distribution of contract documents in DLA Europe and Africa.

(E) The military interdepartmental purchase request requiring activity in the case of coordinated acquisition.

(F) The receiving activity, if the contract or modification provides initial or amended shipping instructions under DFARS [204.1603\(b\)\(2\)\(ii\)\(1\)\(ii\)](#) and [\(iii\)](#).

(iii) Provide electronic notice of award via EDA to the following:

(A)(1) The appropriate Defense Contract Audit Agency (DCAA) office, as listed in DCAAP 5100.1, Directory of DCAA Offices, or as obtained through the DCAA cognizant field audit office locator, both available via the Internet at <http://www.dcaa.mil>, if the contract or modification is one of the following types:

(i) Cost-reimbursement.

(ii) Time-and-materials.

(iii) Labor-hour.

(iv) Fixed-price with provisions for redetermination, cost incentives, economic price adjustment based on cost, or cost allowability.

(v) Any other contract that requires audit service.

(2) If there is a question as to the appropriate DCAA field audit office, request the assistance of the DCAA financial liaison advisor or the nearest DCAA field audit office.

(B) Those organizations required to perform contract administration support functions (e.g., when manufacturing is performed at multiple sites, provide a

copy to the contract administration office cognizant of each location).

(C) The cognizant administrative contracting officer when the contract is not assigned for administration but contains a Cost Accounting Standards clause. Indicate that the copy is provided “For Cost Accounting Standards Administration Only” (see FAR 30.601(b)); and

(D) The cognizant Defense Security Service office listed in DoD 5100.76-M, Physical Security of Sensitive Conventional Arms, Ammunition, and Explosives, when the clause at DFARS [252.223-7007](#), Safeguarding Sensitive Conventional Arms, Ammunition, and Explosives, is included in the contract. An extract of the pertinent information can be provided instead of the contract.

(iv) If electronic distribution is not available, provide one paper copy to each location identified in paragraphs (3)(i) through (iii) of this section.

### **PGI 204.270 Electronic Document Access.**

#### **PGI 204.270-2 Procedures.**

(a) Contracting officers shall maintain an account in Electronic Document Access (EDA) to ensure their ability to—

(1) Validate and verify data and documents distributed to EDA, as necessary; and

(2) Review and act upon contract deficiency reports.

(b) Agencies shall perform, upon deployment of any contract writing system or other source of contractual documents to be posted to EDA, an analysis to verify adequate controls are in place to ensure that contract documents including attachments, and contract data posted to EDA are accurate representations of the contract. Analyses performed shall include the following—

(1) For documents posted in document formats (e.g., Portable Document Format (PDF)), verification that the electronic versions of contract documents posted to EDA are accurate representations of the contract; however, the electronic version is not required to display visual signatures; and

(2) For data sent to EDA in the data standards at [PGI 204.201](#), review of the data posted to EDA against the contract documents verified under [PGI 204.270\(b\)\(1\)](#) to ensure the contract data rendered in EDA is an accurate representation of the underlying contract. To facilitate this review process, all feeds of data to EDA in the Procurement Data Standard are initially placed in a view only evaluation mode, where the data is not available to other systems or outside users pending verification. Upon completion of the review of data, contracting organizations shall notify the EDA program office of the results of the review, with a list of the issuing offices of the contractual actions, the identifier of the system sending the actions, the version or versions of the

data standards to which the review applies, and the locations of the systems sending the actions, directing one of the following decisions—

- (i) Delete all data sent to date (in this case the system remains in evaluation status pending further review);
- (ii) Delete all data sent to date, and change all subsequent data from 'evaluation' to 'compliant' status; or
- (iii) Retain all data sent to date, and change all subsequent data from 'evaluation' to 'compliant' status.

### PGI 204.16—UNIFORM PROCUREMENT INSTRUMENT IDENTIFIERS

#### PGI 204.1601 Policy.

(b) *Transition of PIID numbering.* Components are encouraged to transition to the Procurement Instrument Identifier (PIID) numbering schema as soon as possible, but no later than October 1, 2016.

(c)(i) A continued contract is issued solely for administrative reasons. When issuing a continued contract, the contracting officer shall perform the following tasks:

(A) Obtain approval at a level above the contracting officer before issuance of the continued contract.

(B) Assign a PIID to the continued contract that is different from the PIID assigned to the predecessor contract, using the uniform PIID numbering system prescribed in FAR 4.1603 and DFARS [204.1603](#). The predecessor contract will retain the PIID originally assigned to it.

(C) Find a clear breaking point (e.g., between issuance of orders, exercise of options, or establishment of a new line of accounting) to issue the continued contract.

(D) Clearly segregate contractual requirements for purposes of Government inspection, acceptance, payment, and closeout. Supplies already delivered and services already performed under the predecessor contract will remain under the predecessor contract. This will allow the predecessor contract to be closed out when all inspection, acceptance, payment, and other closeout issues associated with supplies delivered and services performed under the predecessor contract are complete.

(E) Include in the continued contract all terms and conditions of the predecessor contract that pertain to the supplies and services yet to be delivered or performed. At the time it is issued, the continued contract may not in any way alter the prices or terms and conditions established in the predecessor contract.

(F) Provide advance notice to the contractor before issuance of the continued contract, to include the PIID and the effective date of the continued contract.

(G) Modify the predecessor contract to—

(1) Reflect any necessary administrative changes such as transfer of Government property, and make the Government property accountable under the continued contract;

(2) Clearly state that future performance (e.g., issuance of orders or exercise of options) will be accomplished under the continued contract; and

(3) Specify the administrative reason for issuing the continued contract.

# DFARS Procedures, Guidance, and Information

## PGI 204—Administrative Matters

---

(H) Reference the predecessor contract PIID on the face page of the continued contract to ensure traceability.

(ii) Sample language for the administrative modification to the predecessor contract follows:

This modification is issued for administrative purposes to facilitate continued contract performance due to [state the reason for assigning an additional PIID]. This modification is authorized in accordance with FAR 4.1601 and DFARS [204.1601](#).

Supplies and services already acquired under this contract number shall remain solely under this contract number for purposes of Government inspection, acceptance, payment, and closeout. All future [delivery orders] [task orders] [options exercised] will be accomplished under continued contract [insert contract number].

### PGI 204.1603 Procedures.

(a)(3)(A)(3) Legacy contract writing systems authorized to use the letter T in position 9 of the PIID for automated requests for quotation include the following:

(i) Department of Navy's Item Management and Procurement (ITIMP) system.

(ii) Defense Logistics Agency's Enterprise Business System (EBS).

(b) Elements of a supplementary PIID.

(1) Examples of proper numbering for positions 2-6 (the first position will be either A or P) are as follows:

Normal modification	Provisioned items order (reserved for exclusive use by the Air Force only)	Shipping Instructions
00001 — 99999	K0001 — K9999	S0001 — S9999

(2) If the contract administration office is changing the contract administration or disbursement office for the first time and is using computer generated modifications to notify many offices, it uses the six position supplementary number ARZ999. If either office has to be changed again during the life of the contract, the supplementary number will be ARZ998, and on down as needed.

### PGI 204.1670 Cross reference to Federal Procurement Data System.

The following matrices should be used as a cross reference between the terms used in the FAR, DFARS, and the Federal Procurement Data System (FPDS).

<b>STRUCTURE OF REQUIRED IDENTIFIERS</b>				
Key and Description	Format			
A - DoD Procurement Instrument Identifier (PIID)	Consists of the concatenation of the following four fields:			
	Enterprise Identifier - DODAAC of contracting office	Fiscal Year in which award is made	Procurement Instrument Type Code	Serialized Identifier
	Six alpha-numeric characters excluding I and O	Two numeric characters	One alpha character excluding I and O	Four alpha-numeric characters excluding I and O. 0000 is not an acceptable value.

Subsequently, all orders must be in the format shown above in section A of this table. DoD activities are encouraged to transition as soon as possible in FY16 to this new method for numbering orders under DoD contracts and agreements. Transition must be completed no later than October 1, 2016.)</i>
C - DoD Procurement Instrument Modification Identifier (Supplementary PIID)	Six alpha-numeric characters beginning with A or P, excluding I and O. P00000 and A00000 are not acceptable values.
D - DoD Order Modification Identifier (Supplementary PIID)	Two alpha-numeric characters excluding I and O. 00 is not an acceptable value.  <i>(NOTE: Two character supplementary PIID modification numbers are only allowed to be issued to DoD orders issued through FY16. Modification to DoD orders issued after the transition to the new method of numbering orders under DoD contracts and agreements must be in the form shown in section C of this table.)</i>

### PGI 204.18—COMMERCIAL AND GOVERNMENT ENTITY CODE

#### PGI 204.1870 Procedures.

##### PGI 204.1870-1 Instructions to contracting officers.

Contracting officers shall—

(a) Assist offerors in obtaining the required Commercial and Government Entity (CAGE) codes. Note that if an offeror's facility requires security clearance in accordance with a potential contract, the offeror is required to have a CAGE code assigned to that facility. If the facility is a location other than the offeror's office submitting the proposal, that facility is not required to be separately registered in the System for Award Management (SAM) in order to have a CAGE code assigned. Offerors may be directed to the DLA CAGE Branch (see PGI 204.1870-2(c) for contact information);

(b) Not deny a potential offeror a solicitation package because the offeror does not have a CAGE code, DUNS number, or TIN;

(c) Not require a contractor to register sections or locations of their organization in SAM for reasons not already required by clauses present in their contracts in order to obtain a CAGE code; and

(d) Not require a contractor to obtain new CAGE codes or change CAGE code records assigned to their locations solely for Government administration purposes (such as a result of a Government reorganization, change in Government contracting officer or office) or for distinction in Government systems beyond physical address and Electronic Funds Transfer (EFT) data.

##### PGI 204.1870-2 Maintenance of the CAGE file.

The following information and procedures are provided to assist contracting officers.

(a) *Assignment of CAGE codes for entities located in the United States or its outlying areas.*

(1) CAGE codes are assigned per legal entity at individual physical addresses (i.e., the same entity at the same physical address will not be assigned two or more CAGE codes). The only exception to this rule is when an entity has a registration in the SAM with multiple EFT addresses identified by multiple DUNS+4 numbers. In this case, each DUNS+4 number record is assigned a separate CAGE code to assist in correct processing of payments.

(2) CAGE codes are not assigned to mailing addresses; a physical address shall be provided. Neither U.S. Post Office boxes nor addresses that can be identified as belonging to commercial mail and/or shipping provider locations will be accepted as physical addresses.

(3) CAGE codes are not assigned to entities where the provided physical address is identified as a short-term virtual location, such as mobile offices, commercial packaging/ mailing facilities (e.g., UPS stores, FedEx stores), mailbox rentals and certain

# DFARS Procedures, Guidance, and Information

## PGI 204—Administrative Matters

---

business incubator locations if the majority of the operations are not performed from that incubator location. A sole proprietor, partnership, corporate entity, or other business organization shall have a principal place of business, even if it is a home office, from where the business operates and record books are maintained. In that case, a home address of an officer of the company or board member would be required.

(4) Individuals who register in SAM as sole proprietors are assigned CAGE codes. However, there may not be multiple CAGE codes assigned to the same location even if the entity names are differentiated by establishing a Limited Liability Corporation (LLC) (e.g., “John Smith” and “John Smith, LLC”). Additionally, the standard for the legal business name for sole proprietors, driven by Internal Revenue Service (IRS) standards, is the use of the individual’s personal name. Any additional name used for the sole proprietorship should be identified as a doing business as (DBA) name (e.g., “John Smith” is the legal business name, “Smith Construction” is the DBA).

(5) Authorized agents or brokers may be assigned CAGE codes for identification and processing purposes. A single CAGE code will be assigned to the agent or broker entity in addition to any codes assigned to the entities represented by the agent or broker (i.e., only one code will be assigned to a specific agent or broker entity regardless of the number of firms represented by that agent or broker ). Codes will not be assigned to an agent or broker in care of the entity being represented or in any way infer that the agent or broker is a separate establishment bearing the name of the entity represented by the agent or broker.

(6) There are some cases where both the owner of real property and a separate legal entity located at the same address as the real property each are required to have CAGE codes assigned. Examples are an office building owner and a tenant in the office building, or a land owner and a company using all or a portion of the land to farm. Additional cases exist where two separate entities may lease office space in the same building and both require CAGE codes. In both of these situations, the most specific physical address will be requested (i.e., specific additions of suites, floors, or room numbers) to distinguish between the two entities. If no more specific physical address is able to be identified, then documentation such as that listed in PGI 204.1870-2(c)(3)(i)(A) will be requested to ensure that the entities are separate legal entities.

*(b) NCAGE code assignment for entities located outside the United States and its outlying areas managed via established NATO processes.*

SAM records received by the CAGE code system for validation shall—

(1) Include an NCAGE that has been received from the NATO Support Agency’s (NSPA’s) common database. The frequency with which local country code bureaus update the common database differs by the country. While most updates occur within a week, it can take up to a month to process. The CAGE code system will hold a validation request from SAM for three (3) days before rejecting it because the NCAGE does not appear to exist; and

(2) Include a legal business name and physical address that matches the address on the NSPA database in order to be validated.

*(c) Changes of information on the CAGE code record.*

# DFARS Procedures, Guidance, and Information

## PGI 204—Administrative Matters

---

(1) The DLA CAGE Branch accepts written requests for changes to CAGE files from the following sources:

(i) The company, organization, or sole proprietor entity identified by the code, if located in the United States or its outlying areas.

(A) For CAGE records for which there is a corresponding registration in SAM, the entity shall update their Dun & Bradstreet (D&B) record to begin the process and then proceed to update and submit their SAM registration for validation. If the update includes a change to the entity's legal business name, the additional steps at PGI 204.1870-2(c)(3)(i)(C) will be necessary.

(B) For CAGE records for which there is not a corresponding registration in SAM, the entity shall use company letterhead to request a change to their CAGE code record. Submit requests for changes to CAGE files, when there is not a corresponding SAM record, at <https://cage.dla.mil> or using a DD Form 2051 (available at <http://dtic.mil/whs/directives/forms/eforms/dd2051.pdf>). The form may be emailed to [cagemail@dlamail.mil](mailto:cagemail@dlamail.mil), or a hard copy mailed to—

DLA CAGE Branch  
74 Washington Avenue  
Battle Creek, MI 49037  
Telephone Number: toll-free 877-352-2255

(ii) The Government contracting office on agency letterhead.

(iii) The Government contract administration office on agency letterhead.

(2) The DLA CAGE branch refers requests for changes to CAGE files from entities located outside the United States and its outlying areas as follows:

(i) Entities located in a NATO or NATO-sponsored nation shall contact their codification bureau. A listing of codification bureaus is found at <http://www.nato.int/structur/AC/135/main/links/contacts.htm>.

(ii) Entities located in a country that is neither in NATO nor sponsored by NATO shall contact the NATO Support Agency (NSPA) at [ncage@nspa.nato.int](mailto:ncage@nspa.nato.int) or request update after searching for their CAGE code at <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx>.

(3) When a request is received by DLA (either directly or via an entity-updated SAM registration submitted for validation) that includes a change to the entity's legal business name as recorded within the CAGE file, the DLA team will contact the entity and process the request in accordance with the following procedure:

(i) If the entity indicates that it does not hold any active federal Government contracts or any outstanding invoices on a physically complete contract, the entity will be asked to provide the following to DLA—

# DFARS Procedures, Guidance, and Information

## PGI 204—Administrative Matters

---

(A) Signed legal documentation that confirms the formal name change and accurately reflects the change requested. Examples of acceptable documentation include: Articles of Incorporation, Articles of Organization, Bill of Sale, Asset Purchase Agreement, Secretary of State documentation, and Legal Merger or Acquisition documentation. DLA will not accept Internal Review Service (IRS) documentation or validation, as the IRS does not require the use of the legal business name. Sole proprietors will need to provide their filings for one of the following: Fictitious Business Name, Assumed Name, Trade Style Name, or Business License. DLA may use information found at state government websites in lieu of requesting documentation from the entity to confirm the name if it is available;

(B) Written statement that they do not have active federal contracts or any outstanding invoices on a physically complete contract; and

(C) After receipt of the documentation in (A) and (B), DLA will process the change. If the initial request was received from SAM as a part of the CAGE validation process, the processed change will be communicated back to SAM.

(ii) If the entity indicates it does hold active Federal Government contracts, the entity will be asked to provide an indication in writing (may be provided by email) if the change in legal business name is a result of an acquisition, merger, or other situation related to recognition of a successor in interest to Federal Government contracts when contractor assets are transferred, which would necessitate a novation agreement be executed.

(A) If the entity indicates that the change in legal business name is not a result of an acquisition merger or other situation as indicated above; the entity will be asked to confirm, in writing (may be provided by email) that it has advised each of the respective Government contracting officers necessary to process name-change agreements in accordance with FAR subpart 42.12 requirements. Additionally, DLA will ask the entity to provide a copy of the change-of-name agreement (see FAR 42.1205) signed by the entity. DLA will not process a change to the CAGE file without a copy of the signed change-of-name agreement, or confirmation from the cognizant Government contracting officer that processing a change to the CAGE file prior to the signed change-of-name agreement being completed is permissible. Note that the modification action that incorporates the change-of-name agreement into the contract is an acceptable method of providing the change-of-name agreement. However, if the modification is not able to be issued until the CAGE code information is updated, the change-of-name agreement itself will suffice.

(B) If the entity indicates that the change in legal business name is a result of an acquisition, merger, or other situation as indicated above, DLA will request the entity to provide the Novation Agreement that has been executed by the cognizant Government contracting officer (see FAR 42.1204) as well as the contact information for that contracting officer. DLA may, based on the content of the Novation Agreement, request that the contracting officer provide additional information regarding any Government interest in whether CAGE codes are transferred to the successor in interest. DLA will not process a change to the CAGE file without a copy of the executed Novation Agreement, or confirmation from the cognizant Government contracting officer that processing a change to the CAGE file prior to the novation agreement being completed is permissible. Note that the modification action that incorporates the Novation Agreement into the contract is an acceptable method of providing the Novation Agreement. However, if the modification is not able to be issued until the CAGE code information is updated, the Novation Agreement itself will suffice.

# DFARS Procedures, Guidance, and Information

## PGI 204—Administrative Matters

---

(1) When contacted by DLA in relation to a name change resulting from a novation, contracting officers shall provide DLA the following information:

(i) Name(s), address(es), and code(s) of the contractor(s) transferring the original contractual rights and obligations (transferor).

(ii) Name(s), address(es), and code(s) (if any) of the entity who is the successor in interest (transferee).

(iii) Name(s), address(es), and code(s) (if any) of the entity who is retaining or receiving the rights to the technical data.

(iv) Description of the circumstances surrounding the novation agreement and especially the relationship of each entity to the other.

(2) Note that if the name change request was received as a part of a registration from SAM update, and this situation applies, the update will be sent back to SAM as rejected by CAGE validation if a copy of the executed Novation Agreement or confirmation from the cognizant Government contracting officer is not available within 10 business days. The entity may resubmit the update in SAM with the changed legal name at such point this information becomes available.

(4) If the initial request was received from SAM as a part of the CAGE validation process, a processed change will be communicated back to SAM.

(5) Note that DLA does not follow the process outlined in (c)(3) above for minor changes in the legal business name received from SAM during validation, such as changing an “and” to “&”; inserting or removing abbreviations, such as changing “Co.” to “Company”; inserting or removing a space between words in an entity’s name; or inserting or removing acronyms or wording identifying a type of incorporated status, such as “Inc.” or “LLC”. These changes are processed and communicated back to SAM.

#### PGI 204.7103 Contract line items.

(a) Separately identifiable contract line and subline items (i.e., all except those with characteristics described in DFARS [204.7103-1\(a\)\(2\)\(iii\)](#) or [204.7104-1\(a\)](#)) shall include a description of the item or service being procured, the associated Product or Service Code (PSC), the quantity, a unit of measure, defined acceptance and inspection locations and requirements, and the delivery schedule or performance period. Contracts for contingency operations shall include the project code at the line item level on each contract action. The list of applicable codes is maintained at [http://www.dla.mil/j-6/dlms0/elibrary/ServicePoints/CD\\_ProjCd\\_nopoc.docx](http://www.dla.mil/j-6/dlms0/elibrary/ServicePoints/CD_ProjCd_nopoc.docx). The contracting officer is responsible for coordinating any changes from the purchase request to the contract with the requiring activity.

(1) The list of active PSCs is available on the Federal Procurement Data System website under the '[Worksite](#)' section under 'Reference'.

(2) The list of available units of measure is on the Defense Procurement and Acquisition Policy website at [http://www.acq.osd.mil/dpap/pdi/eb/docs/Line\\_Item\\_UoM\\_List.xlsx](http://www.acq.osd.mil/dpap/pdi/eb/docs/Line_Item_UoM_List.xlsx).

(3) Delivery and acceptance locations shall be defined using Activity Address Codes published in (1) DoD Activity Address Directory (DODAAD), DoD 4000.25-6-M, or (2) Military Assistance Program Address Directory System (MAPAD), DoD 4000.25-8-M and available for verification at <https://www.daas.dla.mil/daasing/default.asp>.

(4) No activity shall be assigned acceptance responsibility unless that activity has acceptors registered in Wide Area WorkFlow (WAWF). Available roles for an Activity Address Code can be verified at the Active DoDAACs & Roles link on the WAWF homepage at <https://wawf.eb.mil/>.

(b) Fixed price line items shall include unit prices and total prices. Cost type line items shall not include unit prices, but shall contain the appropriate elements in accordance with FAR part 16. Not separately priced line items shall be so labeled. The notation "No Charge" shall not be used.

(c) The requirements at paragraph (a) and (b) shall be included in the appropriate parts of the contract Schedule.

(d) In structuring line items, especially on fixed-price contracts, due consideration shall be given to the effect of the chosen units of measure on administration and

payment. No contract line item shall contain a quantity less than the number of deliveries anticipated on the line item. Contracting officers shall consider the need for periodic deliveries and payments in selecting a unit of measure. Included in this analysis shall be the impact of any financing arrangements under FAR part 32.

(i) Supplies: Line item quantities shall match the actual count of the supplies to be provided. For instance, if more than one delivery is expected, the quantity cannot be “1.”

(ii) Services: Line item quantities shall match the frequency with which performance will be reviewed, and on fixed-price line items, payment made. For example, a contract with a twelve-month period of performance should have a quantity and unit of measure suited to how the contract will be managed. If the intent is to review, accept, and pay for the services monthly, then the quantity should be 12, with a unit of measure such as “Months” or “Lots.” If the intent is to review, accept, and pay for the services quarterly, then the quantity should be 4, with a unit of measure such as “Lot”. If the quantity used is 1, then no payment for delivery can occur until the end of the period of performance. Services with tangible deliveries, such as repairs, shall be structured like supply line items.

(e) The following examples illustrate when the requirements at paragraph (a) apply—

(1) Separately identifiable subline items. The rule applies to subline items 0001AA and 0001AB. It does not apply to the line item 0001, because it does not have a deliverable.

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	Widgets				
0001AA	Red painted widgets	6	EA	\$10.00	\$60.00
0001AB	Unpainted widgets	6	EA	\$9.50	\$57.00

(2) Informational subline items. The rule applies to line item 0001. It does not apply to subline items 000101, 000102, and 000103 because they do not have deliverables.

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	Widget implementation Joint Service Study	1	LOT	\$60,000	\$60,000

### PGI 204.7103-2 Numbering procedures.

(a) Contract line items shall consist of four numeric digits 0001 through 9999. Do not use numbers beyond 9999. Within a given contract, the item numbers shall be sequential but need not be consecutive.

(b) The contract line item number shall be the same as the solicitation line item number unless there is a valid reason for using different numbers.

(c) Once a contract line item number has been assigned, it shall not be assigned to

---

another, different, contract line item in the same contract.

### **PGI 204.7104 Contract subline items.**

#### **PGI 204.7104-2 Numbering procedures.**

(a) Number subline items by adding either two numeric characters or two alpha characters to the basic contract line item number.

(1) *Information subline item numbers.* Use numeric characters only for information subline items, running 01 through 99. Do not use spaces or special characters to separate the subline item number from the contract line item number that is its root. For example, if the contract line item number is 0001, the first three subline items would be 000101, 000102, and 000103. Do not use a designation more than once within a contract line item.

(2) *Separately identified subline items.* Use alpha characters only for separately identified subline items, running AA through ZZ. Do not use spaces or special characters to separate the subline item number from the contract line item number that is its root. For example, if the contract line item number is 0001, the first three subline items would be 0001AA, 0001AB, and 0001AC.

(i) Do not use the letters I or O as alpha characters.

(ii) Use all 24 available alpha characters in the second position before selecting a different alpha character for the first position. For example, AA, AB, AC, through AZ before beginning BA, BB, and BC.

(b) Within a given contract line item, the subline item numbers shall be sequential but need not be consecutive.

(c) Exhibits may be used as an alternative to setting forth in the schedule a long list of contract subline items. If exhibits are used, create a contract subline item citing the exhibit's identifier. See DFARS [204.7105](#).

(d) If a contract line item involves ancillary functions, like packaging and handling, transportation, payment of state or local taxes, or use of reusable containers, and these functions are normally performed by the contractor and the contractor is normally entitled to reimbursement for performing these functions, do not establish a separate subline item solely to account for these functions. However, do identify the functions in the contract schedule. If an offeror separately prices these functions, the contracting officer may establish separate subline items for the functions; however, the separate subline items must conform to the requirements of DFARS [204.7104-1](#).

(e) The following examples illustrate subline items numbering—

### PGI 204.7105 Contract exhibits and attachments.

(a) *Use of exhibits.*

(1) Exhibits may be used instead of putting a long list of contract line items or subline items in the contract schedule. Exhibits are particularly useful in buying spare parts.

(2) When using exhibits, establish a contract line or subline item and refer to the exhibit.

(3) Identify exhibits individually.

(4) Each exhibit shall apply to only one contract line item or subline item.

(5) More than one exhibit may apply to a single contract line item.

(6) Data items on a DD Form 1423, Contract Data Requirements List, may be either separately priced or not separately priced.

(i) Separately priced. When data are separately priced, enter the price in Section B of the contract.

(ii) Not separately priced. Include prices in a priced contract line item or subline item.

(7) The contracting officer may append attachments to exhibits, as long as the attachment does not identify a deliverable requirement that has not been established by a contract line item or subline item or exhibit line item.

(8) Include exhibit line items and associated information in the electronically distributed contract documents identified in [PGI 204.201\(3\)\(i\)\(A\)](#) and (B).

(b) *Numbering exhibits and attachments.*

(1) Use alpha characters to identify exhibits. The alpha characters shall be either single or double capital letters. Do not use the letters I or O.

(2) Once an identifier has been assigned to an exhibit, do not use it on another exhibit in the same contract.

(3) The identifier shall always appear in the first or first and second positions of all applicable exhibit line item numbers.

(4) If the exhibit has more than one page, cite the procurement instrument identification number, exhibit identifier, and applicable contract line or subline item number on each page.

(5) Use numbers to identify attachments.

(c) Numbering exhibit line items.

(1) Criteria for establishing. The criteria for establishing exhibit line items are the same as those for establishing contract line items (see DFARS 204.7103).

(2) Procedures for numbering.

(i) Number items in an exhibit in a manner similar to contract line items.

(ii) Number line items using a four-position number.

(A) The first position or the first and second position contain the exhibit identifier.

(B) The third and fourth positions contain the alpha or numeric character serial numbers assigned to the line item when using a double letter exhibit identifier. The second, third and fourth positions contain the alpha or numeric character serial numbers assigned to the line item when using a single letter exhibit identifier.

(iii) Exhibit line item numbers shall be sequential within the exhibit.

(3) Examples.

(i) Two-position serial number for double letter exhibit identifier.

Only one ACRN may be assigned to the same ship-to/mark-for within the same contract line or subline item number unless multiple accounting classification citations apply to a single nonseverable deliverable unit such that the item cannot be related to an individual accounting classification citation.

(B) Supplies/services column.

(1) If only one accounting classification citation applies to a line item or a subline item, the ACRN shall be shown in the supplies/services column near the item description.

(2) If more than one accounting classification citation applies to a single contract line item, identify each assigned ACRN and the amount of associated funds using informational subline items (see DFARS [204.7104-1\(a\)](#)).

(2) The contract shall include AAls and ACRNs in system environments where the accounting systems are able to use PIDs and line item numbers as common keys to enable traceability of funding to contract actions. Include AAls and ACRNs as follows:

(i) Showing the ACRN in the contract. If there is more than one ACRN in a contract, all the ACRNs will appear in several places in the schedule (e.g., ACRN: AA).

(A) Ship-to/mark-for block. Show the ACRN beside the identity code of each activity in the ship-to/mark-for block unless only one accounting classification citation applies to a line item or subline item. Only one ACRN may be assigned to the same ship-to/mark-for within the same contract line or subline item number unless multiple accounting classification citations apply to a single nonseverable deliverable unit such that the item cannot be related to an individual accounting classification citation.

(B) Supplies/services column.

(1) If only one accounting classification citation applies to a line item or a subline item, the ACRN shall be shown in the supplies/services column near the item description.

(2) If more than one accounting classification citation applies to a single contract line item, identify each assigned ACRN and the amount of associated funds using informational subline items (see DFARS 204.7104-1(a)).

(ii) Showing the AAI in the contract. If there is more than one AAI in a contract, show the AAI in the supplies/services column of the Schedule next to the ACRN. A sample showing the AAI is as follows:

### PGI 204.7108 Payment instructions.

(a) Scope. This section applies to contracts and any separately priced orders that--

(1) Include contract line items that are funded by multiple accounting classification citations for which a contract line item or items are not broken out into separately identifiable subline items (informational subline items are not separately identifiable subline items);

(2) Contain cost-reimbursement or time-and-materials/labor-hour line items; or

(3) Authorize financing payments.

(b) For contracts and orders covered by this subpart, the contracting officer shall insert numbered instructions in Section G (Contract Administration Data), to permit the paying office to charge the accounting classification citations assigned to that contract line item (see DFARS 204.7104-1(a)) in a manner that reflects the performance of work on the contract. When incorporating clauses by reference in Section G, cite the clause number, title, and date. If additional accounting classification citations are subsequently added, the payment instructions must be modified to include the additional accounting classification citations. Also, contracting officers shall not issue modifications that would create retroactive changes to payment instructions. All payment instruction changes shall be effective as of the date of the modification. When some, but not all, of the fixed price line items in a contract are subject to contract financing payments, the contracting officer shall clearly identify to which line items the payment clause(s) included in Section I apply.

(c) Payment instructions—

(1) Shall provide a methodology for the payment office to assign payments to the appropriate accounting classification citation(s), based on anticipated contract work performance;

(2) Shall be consistent with the reasons for the establishment of separate contract line items;

(3) Shall be selected from those provided in paragraph (d) of this section;

# DFARS Procedures, Guidance, and Information

## PGI 204—Administrative Matters

---

(4) Shall be revised to address the impact of changes to contract funding or significant disparities between existing instructions and actual contract performance;

(5) Shall state at what level (contract, contract line, subline, exhibit line, or ACRN) the payment instructions should be applied;

(6) Shall not be mixed within a level by contract type. For example, if the instructions apply at the contract level, there can be only one payment instruction for each contract type. If the instructions apply at the contract line or subline level, there can only be one payment instruction per contract line or subline item;

(7) For contracts or orders that contain a combination of fixed-price, cost-reimbursement, and/or time-and-materials/labor-hour line items, shall at a minimum include separate instructions for each contract type of contract line item (e.g., contract-wide proration for fixed-price line items and contract-wide ACRN level for cost-reimbursement line items);

(8) For contracts or orders that contain foreign military sales requirements, shall include instructions for distribution of the contract financing payments to each country's account; and

(9) Shall use one of the standard payment instructions in paragraphs (d)(7) through (11) of this section unless the contracting officer documents in the contract file that there are significant benefits of requiring contractor identification of the contract line item on the payment request.

(d) The numbered payment instructions ((d)(1) through (12)) below correspond to the automated payment instructions in the supporting systems; therefore, care should be exercised when identifying the numbered instructions below in Section G of the contract. Include either one contract-wide instruction or one or more line item specific instructions. The contracting officer shall not use a combination of contract-wide and line item specific instructions.

(1) *Line item specific: single funding.* If there is only one source of funding for the contract line item (i.e., one ACRN), insert the following:

252.204-0001 Line Item Specific: Single Funding. (SEP 2009)

The payment office shall make payment using the ACRN funding of the line item being billed.

(2) *Line item specific: sequential ACRN order.* If there is more than one ACRN within a contract line item (i.e., informational subline items contain separate ACRNs), and the contracting officer intends funds to be liquidated in ACRN order, insert the following:

(4) *Line item specific: by fiscal year.* If there is more than one ACRN within a contract line item, [(i.e. informational sub-line items contain separate ACRNs), and the contracting officer intends the funds to be liquidated using the oldest funds first, insert the following:

252.204-0004 Line Item Specific: by Fiscal Year. (SEP 2009)

The payment office shall make payment using the oldest fiscal year appropriations first, exhausting all funds in the previous fiscal year before disbursing from the next fiscal year. In the event there is more than one ACRN associated with the same fiscal year, the payment amount shall be disbursed from each ACRN within a fiscal year in the same proportion as the amount of funding obligated for each ACRN within the fiscal year.

(5) *Line item specific: by cancellation date.* If there is more than one ACRN within a contract line item, (i.e. informational sub-line items contain separate ACRNs), and the contracting officer intends the funds to be liquidated using the ACRN with the earliest cancellation date first, insert the following:

In the event there is more than one ACRN associated with the same cancellation date, the payment amount shall be disbursed from each ACRN with the same cancellation date in the same proportion as the amount of funding obligated for each ACRN with the same cancellation date.

(11) *Contract-wide: proration.* If the contract or order that provides for progress payments based on costs, (unless the administrative contracting officer authorizes use of one of the other options), or if the contracting officer intends the funds to be liquidated in the same proportion as the amount of funding currently unliquidated for each ACRN, insert the following:

252.204-0011 Contract-wide: Proration. (SEP 2009)

The payment office shall make payment from each ACRN within the contract or order in the same proportion as the amount of funding currently unliquidated for each ACRN.

(12) *Other.* If none of the standard payment instructions identified in paragraphs (d)(1) through (11) of this section are appropriate, the contracting officer may insert other payment instructions, provided the other payment instructions--

- (i) Provide a significantly better reflection of how funds will be expended in support of contract performance; and
- (ii) Are agreed to by the payment office and the contract administration office.

### **PGI 253.213 Simplified acquisition procedures (SF's 18, 30, 44, 1165, 1449, and OF's 336, 347, and 348).**

(f)(i) Use the OF 336, or a sheet of paper, as a continuation sheet for the DD Form 1155. Continuation sheets may be printed on the reverse of the DD Form 1155.

(ii) DD Form 1155c-1, Order for Supplies or Services (Commissary Continuation Sheet) may be used for commissary acquisitions.

### **PGI 253.213-70 Completion of DD Form 1155, Order for Supplies or Services.**

(a) The following instructions are mandatory if—

- (1) Contract administration has been assigned outside the purchasing office; or
- (2) The contractor is located in the contiguous United States or Canada.

(b) The entity codes (address codes) referenced in this subsection are codes published in—

- (1) DoD Activity Address Directory (DODAAD), DoD 4000.25-6-M.
- (2) Military Assistance Program Address Directory System (MAPAD), DoD 4000.25-8-M.
- (3) Commercial and Government Entity (CAGE) Codes Handbook H4/H8.

(c) For orders requiring payment in Canadian currency—

(1) State the contract price in terms of Canadian dollars, followed by the initials CN; e.g., \$1,647.23CN.

(2) Indicate on the face of the order—

- (i) The U.S./Canadian conversion rate in effect at the time of the award; and
- (ii) The U.S. dollar equivalent of the Canadian dollar amount.

(d) When the DD Form 1155 includes FMS requirements, clearly mark “FMS Requirement” on its face. Specify within the order each FMS case identifier code by line or subline item number.

(e) Instructions for DD Form 1155 entries. (Instructions apply to purchase orders, delivery orders, and calls, except Block 2, which applies only to delivery orders and calls, and Block 12, which applies only to purchase orders.)

### BLOCK

1 CONTRACT/PURCH ORDER/AGREEMENT NO.--Enter the Procurement Instrument Identification (PII) number and, when applicable, the supplementary identification number for contracts, purchase orders, and agreements as prescribed in DFARS subpart [204.16](#).

2 DELIVERY ORDER/CALL NO.--Enter the PII number for delivery orders/calls, when applicable, as prescribed in DFARS subpart [204.16](#).

3 DATE OF ORDER/CALL--Enter the four-position numeric year, three-position alpha month, and two-position numeric day.

4 REQUISITION/PURCH REQUEST NO.--Enter the number authorizing the purchase. When the number differs by line item, list it in the Schedule and annotate this block, "See Schedule."

5 PRIORITY--Enter the appropriate Program Identification Code as identified in Schedule I to the Defense Priorities and Allocations System Regulation.

6 ISSUED BY--Enter the name and address of the issuing office. In the code block, enter the DoDAAD code for the issuing office. Directly below the address, enter: Buyer/Symbol: followed by the buyer's name and routing symbol. Directly below the buyer/symbol, enter: Phone: followed by the buyer's phone number and extension.

7 ADMINISTERED BY--Enter the name and address of the contract administration activity. On purchase orders retained by purchasing offices for administration, mark this block, "See Block 6." Enter in the code block the DODAAD code of the contract administration activity. In the lower right or left-hand corner, enter the criticality designator code from FAR 42.1105.

8 DELIVERY FOB--Check the applicable box.

9 CONTRACTOR—

(1) Enter the full business name and address of the contractor. Enter in the first code block, the CAGE code of the contractor.

(2) If it is known that all the work covered by the order is to be performed at an address different from the address represented by the contractor's code, and any contract administration function will be required at that facility, enter in the facility code block the

organizational entity code for that facility, i.e., H8-1/H8-2 code for a non-Government entity or DODAAD code for a Government entity. (Use DODAAD codes only to indicate “performed at” locations for orders specifying services at a Government location.) If it is known that multiple facilities are involved, enter the codes for all facilities at which work is to be performed, including the contractor's code if work is performed at that address, in the Optional Form 336 Continuation Sheet and mark the facility code block with “See Schedule.”

10 DELIVER TO FOB POINT BY (Date)--If a single date of delivery applies to the entire order, enter date in this block. List multiple delivery dates in the schedule and mark this block “See Schedule.”

11 MARK IF BUSINESS--Check all applicable blocks.

12 DISCOUNT TERMS--Enter the discount for prompt payment in terms of percentages and corresponding days. Express the percentages in whole numbers and decimals, e.g., 3.25% - 10 days; 0.50% - 20 days.

13 MAIL INVOICES TO THE ADDRESS IN BLOCK--Enter a reference to the block number containing the address to which invoices are to be mailed. When not in Block 6, 7, 14, or 15, insert in Block 13, “See Schedule.”

14 SHIP TO--If a single ship-to point applies to the entire order, enter the name and address of that point in this block and a DODAAD code in the code block. For FMS shipments, enter the MAPAD code in the code block and an instruction for the contractor to contact the transportation office of the administering activity to obtain a name and a shipping address. Enter multiple ship-to points in the Schedule and mark this block, “See Schedule.”

15 PAYMENT WILL BE MADE BY--Enter the name and address of the activity making payment. Enter in the code block, the DODAAD code of the paying activity. When a purchase card is used for payment, enter “CRCARD” in the code block.

16 TYPE OF ORDER--Check the appropriate box. If a purchase order:

(1) Identify the type of quotation, e.g., oral, letter, e-mail, on which the order is based.

(2) Check the box when acceptance of the purchase order is required and enter the number of copies of the order to be returned to the issuing office.

17 ACCOUNTING AND APPROPRIATION DATA/LOCAL USE--Enter the accounting classification and the accounting classification reference number(s) in accordance with DFARS 204.7107.

18 ITEM NO.--Enter an item number for each item of supply or service in accordance

# DFARS Procedures, Guidance, and Information

with DFARS Subpart [204.71](#).

19 SCHEDULE OF SUPPLIES/SERVICES--The Schedule contains several elements of data. The order and arrangement of data in the Schedule is mandatory for purchase and delivery orders assigned to the Defense Contract Management Agency or the military departments for administration and is encouraged for all orders.

(1) National Stock Number (NSN)--Total item quantity for the line or subline item number followed by the appropriate national stock number or the word "none" if an NSN has not been assigned. On the same line and adjacent to NSN, enter the words "Total Item Quantity." This phrase is used in conjunction with the total quantity, unit of issue, unit price, and dollar amount of the stock number or item cited (see entries for Blocks 20, 21, 22, and 23).

(2) Item Identification--Enter first the most descriptive noun or verb of the supplies or services to be furnished, supplemented by additional description as prescribed in FAR Part 10. If multiple accounting classifications apply to the contract, enter the accounting classification reference number.

(3) Quantity Variance--Enter the quantity variance permitted for the line item in terms of percentages, indicating whether the percentage is plus or minus and if applicable to each destination.

(4) Inspection/Acceptance--Enter the point at which inspection/acceptance will take place.

(5) Preservation and Packaging--Enter the preservation requirements for the item described. These requirements may be expressed in terms of MIL-STD-2073-1, DoD Material Procedures for Development and Application of Packaging Requirements, and MIL-STD-2073-2, Packaging Requirements, codes. They may also be expressed by reference to applicable specifications.

(6) Packing--When required, enter the packing level designator and specification, standard, or document in which the requirements are stated or state the specific requirements.

(7) Unitization--When desired by the requiring activity, a requirement for cargo unitization for a particular destination should be specified for shipments involving two or more shipping containers having an aggregate total of not less than 20 cubic feet or 200 pounds.

(8) Ship To--Enter the DODAAD or MILSCAP H8-1/H8-2 (cage) as appropriate for the entity code of the ship-to point on the first line and the corresponding name and address on succeeding lines. If multiple accounting classifications apply to the same line or subline

---

item, enter the accounting classification reference number. When several items are to be shipped to the same point, the code will be listed; but it will not be necessary to repeat the address.

(9) Delivery Date--When multiple delivery dates apply, enter the required date of delivery on the same line with ship-to code.

(10) Mark For--Enter the DODAAD or MILSCAP H8-1/H8-2 (cage) as appropriate for the entity code on the first line and name and address of the ultimate recipient of the supplies and services on succeeding lines.

20 QUANTITY ORDERED/ACCEPTED--Enter the total quantity ordered for the line item. If applicable, enter the breakdown on quantities for each ship-to point within the line item.

21 UNIT--Enter the unit of measure applicable to the line item.

22 UNIT PRICE--Enter the unit price applicable to the line item.

23 AMOUNT--Enter the extended dollar amount (quantity x unit price) for each line item.

24 CONTRACTING/ORDERING OFFICER--Enter the contracting/ordering officer's signature.

25 TOTAL AMOUNT--Enter the total dollar amount for all line items on the order.

26 thru 42 These blocks are used in the receiving and payment functions. Procedures for making entries are prescribed by the respective departments.

### PGI 253.215 Contracting by negotiation.

#### PGI 253.215-70 DD Form 1547, Record of Weighted Guidelines Application.

(a) Use the DD Form 1547 as prescribed in DFARS [215.404-70](#) and [215.404-71](#).

(b) *General instructions.*

(1) Report amounts as they relate to the price of the contract action without regard to funding status (e.g., amounts obligated).

(2) Express all dollar values to the nearest whole value (e.g., \$200,008.55 = \$200,009).

(3) Do not express percentages beyond the nearest thousandth (e.g., interest rate--8.257%).

(4) If the contracting office is exempt from reporting to the DoD management information system on profit and fee statistics (see [PGI 215.404-76](#)), do not complete Block 1, 4, 5, 6, 7, 8, 9, 10, 11, or 12.

(5) Report an option amount for additional quantities as a separate contract action when exercised.

(6) Even though fixed-price type contract actions are negotiated on the basis of total price, prepare the negotiation summary portion of the DD Form 1547 showing the contracting officer's best estimates of cost and profit.

(7) For indefinite-delivery type contracts, prepare a consolidated DD Form 1547 for annual requirements expected to exceed the certified cost or pricing data threshold.

(8) Prepare a consolidated DD Form 1547, if possible, when multiple profit rates apply to a single negotiation.

(c) *Specific instructions for completion of DD Form 1547.*

(1) BLOCK 1--REPORT NO. Enter the four-digit local control number followed by a dash and the last two digits of the fiscal year (e.g., 0004-06 for 4th action in fiscal year 2006). Each field contracting office participating in profit reporting shall establish a control system for consecutively numbering completed DD Forms 1547. Always start with 0001 at the beginning of each fiscal year and always use four digits. This number will identify the specific DD Form 1547 in DoD's management information system and will be used for
