**SUBPART 212.71—PILOT PROGRAM FOR ACQUISITION OF MILITARY-PURPOSE NONDEVELOPMENTAL ITEMS**

*(Revised June 30, 2016)*

**212.7100 Scope.**

This subpart establishes the pilot program authorized by section 866 of the National Defense Authorization Act for Fiscal Year 2011 (Pub. L. 111-383), as modified by section 892 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114-92).

**212.7101 Definitions.**

As used in this subpart—

“Military-purpose nondevelopmental item” means a nondevelopmental item that meets a validated military requirement, as determined in writing by the responsible program manager, and has been developed exclusively at private expense. An item shall not be considered to be developed at private expense if development of the item was paid for in whole or in part through—

(1) Independent research and development costs or bid and proposal costs, per the definition in FAR 31.205-18, that have been reimbursed directly or indirectly by a Federal agency or have been submitted to a Federal agency for reimbursement; or

(2) Foreign government funding.

“Nondevelopmental item” is defined in FAR 2.101 and also includes previously developed items of supply that require modifications other than those customarily available in the commercial marketplace if such modifications are consistent with the requirement at [212.7102-1\(c\)\(1\)](#).

**212.7102 Pilot program.**

**212.7102-1 Contracts under the program.**

The contracting officer may utilize this pilot program to enter into contracts for the acquisition of military-purpose nondevelopmental items. See [PGI 212.7102](#) for file documentation requirements. Each contract entered into under the pilot program shall—

(a) Be a firm-fixed-price contract, or a fixed-price contract with an economic price adjustment clause;

(b) Be in an amount not in excess of \$100 million;

(c) Provide—

(1) For the delivery of an initial lot of production quantities of completed items not later than nine months after the date of the award of such contract; and

(2) That failure to make delivery as provided for under paragraph (c)(1) may result in termination for cause; and

## Defense Federal Acquisition Regulation Supplement

### Part 212—Acquisition of Commercial Items

---

(d) Be—

- (1) Exempt from the requirement to submit certified cost or pricing data;
- (2) Exempt from the cost accounting standards under 41 U.S.C. 1502; and
- (3) Subject to the requirement to provide data other than certified cost or pricing data for the purpose of price reasonableness determinations.

#### **212.7102-2 Reporting requirements.**

Departments and agencies shall prepare a consolidated annual report to provide information about contracts awarded under this pilot authority. The report shall be submitted to the Office of the Deputy Director, Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), by October 31 each year in accordance with the procedures at [PGI 212.7102](#). See [PGI 212.7102](#) for annual reporting format.

#### **212.7102-3 Sunset of the pilot authority.**

(a) The authority to carry out the pilot program described in this subpart expires on December 31, 2019.

(b) The expiration under paragraph (a) of this section of the authority to carry out the pilot program will not affect the validity of any contract awarded under the pilot program before the expiration of the pilot program under that paragraph.

#### **212.7103 Solicitation provision.**

Use the provision at [252.212-7002](#), Pilot Program for Acquisition of Military-Purpose Nondevelopmental Items, in solicitations that meet the applicability criteria of [212.7102-1](#) and plan to use the pilot program.

**SUBPART 216.4—INCENTIVE CONTRACTS**

*(Revised June 30, 2016)*

**216.401 General.**

(c) See [PGI 216.401\(c\)](#) for information on the Defense Acquisition University Award and Incentive Fees Community of Practice.

(e) Award-fee plans required in FAR 16.401(e) shall be incorporated into all award-fee type contracts. Follow the procedures at [PGI 216.401\(e\)](#) when planning to award an award-fee contract.

**216.401-71 Objective criteria.**

(1) Contracting officers shall use objective criteria to the maximum extent possible to measure contract performance. Objective criteria are associated with cost-plus-incentive-fee and fixed-price-incentive contracts.

(2) When objective criteria exist but the contracting officer determines that it is in the best interest of the Government also to incentivize subjective elements of performance, the most appropriate contract type is a multiple-incentive contract containing both objective incentives and subjective award-fee criteria (i.e., cost-plus-incentive-fee/award-fee or fixed-price-incentive/award-fee).

(3) See [PGI 216.401\(e\)](#) for guidance on the use of award-fee contracts.

**216.402 Application of predetermined, formula-type incentives.**

**216.402-2 Technical performance incentives.**

See [PGI 216.402-2](#) for guidance on establishing performance incentives.

**216.403 Fixed-price incentive contracts.**

**216.403-1 Fixed-price incentive (firm target) contracts.**

(b) *Application.*

(1) The contracting officer shall give particular consideration to the use of fixed-price incentive (firm target) contracts, especially for acquisitions moving from development to production.

(2) The contracting officer shall pay particular attention to share lines and ceiling prices for fixed-price incentive (firm target) contracts, with a 120 percent ceiling and a 50/50 share ratio as the point of departure for establishing the incentive arrangement.

(3) See [PGI 216.403-1](#) for guidance on the use of fixed-price incentive (firm target) contracts.

**216.403-2 Fixed-price incentive (successive targets) contracts.**

See [PGI 216.403-2](#) for guidance on the use of fixed-price incentive (successive targets) contracts.

**216.405 Cost-reimbursement incentive contracts.**

**216.405-1 Cost-plus-incentive-fee contracts.**

See [PGI 216.405-1](#) for guidance on the use of cost-plus-incentive-fee contracts.

**216.405-2 Cost-plus-award-fee contracts.**

(1) *Award-fee pool.* The award-fee pool is the total available award fee for each evaluation period for the life of the contract. The contracting officer shall perform an analysis of appropriate fee distribution to ensure at least 40 per cent of the award fee is available for the final evaluation so that the award fee is appropriately distributed over all evaluation periods to incentivize the contractor throughout performance of the contract. The percentage of award fee available for the final evaluation may be set below 40 per cent if the contracting officer determines that a lower percentage is appropriate, and this determination is approved by the head of the contracting activity (HCA). The HCA may not delegate this approval authority.

(2) *Award-fee evaluation and payments.* Award-fee payments other than payments resulting from the evaluation at the end of an award-fee period are prohibited. (This prohibition does not apply to base-fee payments.) The fee-determining official's rating for award-fee evaluations will be provided to the contractor within 45 calendar days of the end of the period being evaluated. The final award-fee payment will be consistent with the fee-determining official's final evaluation of the contractor's overall performance against the cost, schedule, and performance outcomes specified in the award-fee plan.

(3) *Limitations.*

(i) The cost-plus-award-fee contract shall not be used—

(A) To avoid—

(1) Establishing cost-plus-fixed-fee contracts when the criteria for cost-plus-fixed-fee contracts apply; or

(2) Developing objective targets so a cost-plus-incentive-fee contract can be used; or

(B) For either engineering development or operational system development acquisitions that have specifications suitable for simultaneous research and development and production, except a cost-plus-award-fee contract may be used for individual engineering development or operational system development acquisitions ancillary to the development of a major weapon system or equipment, where—

(1) It is more advantageous; and

(2) The purpose of the acquisition is clearly to determine or solve specific problems associated with the major weapon system or equipment.

## Defense Federal Acquisition Regulation Supplement

### Part 216—Types of Contracts

---

(ii) Do not apply the weighted guidelines method to cost-plus-award-fee contracts for either the base (fixed) fee or the award fee.

(iii) The base fee shall not exceed three percent of the estimated cost of the contract exclusive of the fee.

(4) See [PGI 216.405-2](#) for guidance on the use of cost-plus-award-fee contracts.

#### **216.405-2-70 Award fee reduction or denial for jeopardizing the health or safety of Government personnel.**

“Covered incident” and “serious bodily injury,” as used in this section, are defined in the clause at [252.216-7004](#), Award Fee Reduction or Denial for Jeopardizing the Health or Safety of Government Personnel.

(b) The contracting officer shall include in the evaluation criteria of any award-fee plan, a review of contractor and subcontractor actions that jeopardized the health or safety of Government personnel, through gross negligence or reckless disregard for the safety of such personnel, as determined through—

(1) Conviction in a criminal proceeding, or finding of fault and liability in a civil or administrative proceeding (in accordance with section 823 of the National Defense Authorization Act for Fiscal Year 2010 (Pub. L. 111-84)); or

(2) If a contractor or a subcontractor at any tier is not subject to the jurisdiction of the U.S. courts, a final determination of contractor or subcontractor fault resulting from a DoD investigation (in accordance with section 834 of the National Defense Authorization Act for Fiscal Year 2011 (Pub. L. 111-383)).

(c) In evaluating the contractor’s performance under a contract that includes the clause at [252.216-7004](#), Award Fee Reduction or Denial for Jeopardizing the Health or Safety of Government Personnel, the contracting officer shall consider reducing or denying award fees for a period, if contractor or subcontractor actions cause serious bodily injury or death of civilian or military Government personnel during such period. The contracting officer’s evaluation also shall consider recovering all or part of award fees previously paid for such period.

#### **216.405-2-71 Award fee reduction or denial for failure to comply with requirements relating to performance of private security functions.**

(a) In accordance with section 862 of the National Defense Authorization Act for Fiscal Year 2008, as amended, the contracting officer shall include in any award-fee plan a requirement to review contractor compliance with, or violation of, applicable requirements of the contract with regard to the performance of private security functions in an area of contingency operations, complex contingency operations, or other military operations or exercises that are designated by the combatant commander (see [225.370](#)).

(b) In evaluating the contractor’s performance under a contract that includes the

clause at [252.225-7039](#), Defense Contractors Performing Private Security Functions Outside the United States, the contracting officer shall consider reducing or denying award fees for a period if the contractor fails to comply with the requirements of the clause during such period. The contracting officer's evaluation also shall consider recovering all or part of award fees previously paid for such period.

#### **216.406 Contract clauses.**

(e)(1) Use the clause at [252.216-7004](#), Award Fee Reduction or Denial for Jeopardizing the Health or Safety of Government Personnel, in all solicitations and contracts containing award-fee provisions.

(2) Use the clause at [252.216-7005](#), Award Fee, in solicitations and contracts when an award-fee contract is contemplated.

#### **216.470 Other applications of award fees.**

See [PGI 216.470](#) for guidance on other applications of award fees.

(a) The following restrictions implement 10 U.S.C. 2533b. Except as provided in [225.7003-3](#)—

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(1) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at [PGI 225.7003-2\(a\)](#)):

- (v) Weapon systems.
- (vi) Ammunition.

(2) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(b) One or more of the following exceptions may apply to an end item or component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in [225.7003-2](#) do not apply to the following:

(1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic Materials Protection Board pursuant to 10 U.S.C. 187, determines that the domestic availability of a particular electronic component is critical to national security.

(2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

(2) The fasteners qualify for the commercial item exception in paragraph (b)(3) of this subsection.

(ii) If this exception is used for an acquisition of COTS end items valued at \$5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at [PGI 225.7003-3\(b\)\(2\)](#).

(3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in [225.7003-2\(a\)](#), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in [225.7003-2](#) if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection,

### Part 225—Foreign Acquisition

determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (i.e., a domestic nonavailability determination). See guidance in [PGI 225.7003-3\(b\)\(5\)](#).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract. The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (i.e., a class domestic nonavailability determination), requires the approval of the USD(AT&L).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities website ([www.FedBizOpps.gov](http://www.FedBizOpps.gov) or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance

magnets containing specialty metals. See [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at [252.225-7010](#); and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at [PGI 225.7003-3\(c\)](#)). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(AT&L) may waive the restrictions at [225.7003-2](#) if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at [PGI 225.7003-3\(d\)](#)). This authority may not be delegated.

(1) The written determination of the USD(AT&L)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(AT&L) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

#### **225.7003-4 One-time waiver.**

DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

- (a) Final acceptance takes place before September 30, 2010;
- (b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;
- (c) The contracting officer determines in writing that—
  - (1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;
  - (2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for future items produced, manufactured, or assembled in the United States; and
  - (3) The non-compliance was not knowing or willful;
- (d) The determination is approved by—
  - (1) The USD(AT&L); or
  - (2) The service acquisition executive of the military department concerned; and
- (e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities website at [www.FedBizOpps.gov](http://www.FedBizOpps.gov), stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

#### **225.7003-5 Solicitation provision and contract clauses.**

- (a) Unless the acquisition is wholly exempt from the specialty metals restrictions at [225.7003-2](#) because the acquisition is covered by an exception in [225.7003-3](#)(a) or (d) (but see paragraph (d) of this subsection)—
  - (1) Use the clause at [252.225-7008](#), Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—
    - (i) Exceed the simplified acquisition threshold; and

  - (2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.
- (c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at [225.7003-3](#)(a)(2) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.
- (d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

#### **225.7004 Restriction on acquisition of foreign buses.**

##### **225.7004-1 Restriction.**

In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States or Canada.

##### **225.7004-2 Applicability.**

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

##### **225.7004-3 Exceptions.**

This restriction does not apply in any of the following circumstances:

available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

(a) Has received all required regulatory approvals; and

(b) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

**225.7005-2 Exception.**

This restriction does not apply if the acquisition is—

(a) For an amount at or below the simplified acquisition threshold; or

(b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

**225.7006-3 Waiver.**

(a) The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction for air circuit breakers manufactured in the United Kingdom. See [225.7008](#).

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(a) The Secretary of the department responsible for acquisition may waive the restriction in [225.7007-1\(a\)](#), on a case-by-case basis, if—

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing—

(1) The factors supporting the waiver; and

(2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

#### **225.7007-3 Contract clause.**

Unless a waiver has been granted, use the clause at [252.225-7019](#), Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

#### **225.7008 Waiver of restrictions of 10 U.S.C. 2534.**

(a) When specifically authorized by reference elsewhere in this subpart, the restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under [225.872](#), and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

## Defense Federal Acquisition Regulation Supplement

### Part 225—Foreign Acquisition

---

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see [225.7006](#)) and the naval vessel components listed at 225.7010-1.

#### **225.7009 Restriction on ball and roller bearings.**

The Secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in [225.7009-2](#), on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

(1) Is manufactured in the United States; and

(2) The cost of its components that are mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic.

“Foreign photovoltaic device” means a photovoltaic device other than a domestic photovoltaic device.

“Free Trade Agreement country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a Free Trade Agreement country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Free Trade Agreement country.

“Least developed country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a least developed country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a least developed country.

“Photovoltaic device” means a device that converts light directly into electricity through a solid-state, semiconductor process.

“Qualifying country photovoltaic device” means a photovoltaic device manufactured in a qualifying country.

“U.S.-made photovoltaic device” means a photovoltaic device that—

(1) Is manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of the United States.

“WTO GPA country photovoltaic device” means a photovoltaic device that—

(a) *Inconsistent with the public interest.* For example, a public interest waiver may be appropriate to allow—

(1) Utilization of U.S.-made photovoltaic devices if the aggregate value of the photovoltaic devices to be utilized under the contract exceeds \$191,000; or

(2) Utilization of photovoltaic devices from a qualifying country, regardless of dollar value.

(b) *Unreasonable cost.* A determination that the cost of a domestic photovoltaic device is unreasonable may be appropriate if—

(1) The aggregate value of the photovoltaic devices to be utilized under the contract does not exceed \$191,000; and

(2) The offeror documents that the price of the foreign photovoltaic devices plus 50 percent is less than the price of comparable domestic photovoltaic devices.

**225.7017-5 Solicitation provision and contract clause.**

(a)(1) Use the clause at [252.225-7017](#), Photovoltaic Devices, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a contract that—

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

“Component” means an article, material, or supply incorporated directly into an end product.

“Domestic end product” means—

(i) An unmanufactured end product that has been mined or produced in the United States; or

(ii) An end product manufactured in the United States if—

(A) The cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(1) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(2) It is inconsistent with the public interest to apply the restrictions of the Buy American statute; or

(B) The end product is a COTS item.

“End product” means those articles, materials, and supplies to be acquired under this contract for public use.

The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

“United States” means the 50 States, the District of Columbia, and outlying areas.

(b) This clause implements the Balance of Payments Program. Unless otherwise specified, this clause applies to all line items in the contract.

(c) The Contractor shall deliver only domestic end products unless, in its offer, it specified delivery of other end products in the Buy American Balance of Payments Program Certificate provision of the solicitation. However, if a COTS item is offered to the Government with an option that is not normally offered in the commercial marketplace, that option is subject to the restriction in paragraph (b) of this clause (e.g. - An aircraft is normally sold to the public with an option for installation kits. The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(3) Fasteners that are commercial items, if the manufacturer of the fasteners certifies it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and other customers, that is not less than 50 percent of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.*

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(i) The Contracting Officer has notified the Contractor of the items to be delivered under this contract that have been determined by the Government to meet the definition of “commercial derivative military article”; and

(A) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(B) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(2) The Contractor shall insert paragraphs (a) through (c) and this paragraph (e)(2) of this clause in subcontracts, including subcontracts for commercial items, that are for items containing specialty metals to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting this clause in subcontracts, the Contractor shall—

(i) Modify paragraph (c)(6) of this clause only as necessary to facilitate management of the minimal content exception at the prime contract level. The minimal content exception does not apply to specialty metals contained in high-performance magnets; and

#### **252.225-7040 Contractor Personnel Supporting U.S. Armed Forces Deployed Outside the United States.**

As prescribed in [225.371-5\(a\)](#), use the following clause:

#### CONTRACTOR PERSONNEL SUPPORTING U.S. ARMED FORCES DEPLOYED OUTSIDE THE UNITED STATES (OCT 2015)

(a) *Definitions.* As used in this clause—

“Combatant Commander” means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

“Contractors authorized to accompany the Force,” or “CAAF,” means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen n and third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Designated operational area” means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

“Designated reception site” means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

“Law of war” means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a party, and applicable customary international law.

“Non-CAAF” means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Subordinate joint force commander” means a sub-unified commander or joint task force commander.

(b) *General.*

(1) This clause applies to both CAAF and non-CAAF when performing in a designated operational area outside the United States to support U.S. Armed Forces deployed outside the United States in—

(i) Contingency operations;

(ii) Peace operations, consistent with Joint Publication 3-07.3; or

(iii) Other military operations or military exercises, when designated by the Combatant Commander or as directed by the Secretary of Defense.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel supporting the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.*

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

- (A) The Contractor cannot obtain effective security services;
- (B) Effective security services are unavailable at a reasonable cost; or
- (C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U. S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized.

(3) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(d) *Compliance with laws and regulations.*

(1) The Contractor shall comply with, and shall ensure that its personnel supporting U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable—

- (i) United States, host country, and third country national laws;
- (ii) Provisions of the law of war, as well as any other applicable treaties and international agreements;
- (iii) United States regulations, directives, instructions, policies, and

(ii) That the offenses addressed by the definition are covered under the Uniform Code of Military Justice (see paragraph (e)(2)(iv) of this clause). Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

(iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences to the contractor employees (see paragraph (h)(1) of this clause).

(4) The Contractor shall report to the appropriate investigative authorities, identified in paragraph (d)(6) of this clause, any alleged offenses under—

(ii) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18, United States Code).

(5) The Contractor shall provide to all contractor personnel who will perform work on a contract in the deployed area, before beginning such work, information on the following:

(i) How and where to report an alleged crime described in paragraph (d)(4) of this clause.

(ii) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (d)(4) of this clause.

(iii) That this section does not create any rights or privileges that are not authorized by law or DoD policy.

(6) The appropriate investigative authorities to which suspected crimes shall be reported include the following—
