

DFARS Procedures, Guidance, and Information

PGI 201—Federal Acquisition Regulations System

(Revised March 23, 2018)

PGI 201.1—PURPOSE, AUTHORITY, ISSUANCE

201.106 OMB approval under the Paperwork Reduction Act.

The information collection and recordkeeping requirements contained in the Defense Federal Acquisition Regulations Supplement (DFARS) and Procedures, Guidance, and Information (PGI) have been approved by the Office of Management and Budget. The following OMB control numbers apply:

DFARS Segment	OMB Control No.
215.403-5	0704-0497

PGI 201.109 Statutory acquisition-related dollar thresholds – adjustment for inflation.

Statutory acquisition-related dollar thresholds are reviewed every 5 years to calculate adjustment for inflation, as required by Section 807 of the National Defense Authorization Act for Fiscal Year 2005 (Public Law 108-375). The matrix showing the most recent escalation adjustments of statutory acquisition-related dollar thresholds in the DFARS is available [here](#).

PGI 201.170 Peer Reviews.

The tenets of the DoD-wide architecture for the acquisition of services along with the associated review criteria are available [here](#). These matrices are to be used when conducting preaward and postaward peer reviews on acquisitions for services. See [PGI 237.102-76](#), Review criteria for the acquisition of services.

PGI 201.170-1 Objective of Peer Reviews.

The objectives of Peer Reviews are to—

- (a) Ensure that DoD contracting officers are implementing policy and regulations in a consistent and appropriate manner;
- (b) Continue to improve the quality of contracting processes throughout DoD; and
- (c) Facilitate cross-sharing of best practices and lessons learned throughout DoD

DFARS Procedures, Guidance, and Information

PGI 201—Federal Acquisition Regulations System

Defense Procurement and Acquisition Policy maintains a database of Peer Review recommendations, lessons learned, and best practices that is available at: http://www.acq.osd.mil/dpap/cpic/cp/peer_reviews.html.

PGI 201.170-2 Pre-award Peer Reviews.

(a) Pre-award Peer Reviews for competitive acquisitions shall be conducted prior to each of the following three phases of the acquisition:

- (1) Issuance of the solicitation.
- (2) Request for final proposal revisions (if applicable).
- (3) Contract award.

(b) Pre-award Peer Reviews for non-competitive acquisitions shall be conducted prior to each of the following two phases of the acquisition:

- (1) Negotiation.
- (2) Contract award.

PGI 201.170-3 Post-award Peer Reviews of service contracts.

(a) If the base period of performance is greater than one year, the first post-award Peer Review should take place at the mid-point of the base period of performance. If the base period of performance is one year or less, the post-award Peer Review should occur prior to exercise of the first option year. Post-award Peer Reviews should occur prior to every option period thereafter.

(b) Post-award Peer Reviews shall be focused on—

- (1) The adequacy of competition;
- (2) An assessment of actual contract performance; and
- (3) The adequacy of Government surveillance of contract performance.

PGI 201.170-4 Administration of Peer Reviews.

(a) The results and recommendations that are products of Peer Reviews are intended to be advisory in nature; however, in the event the Peer Review report includes a recommendation that is identified as “significant” and the contracting officer does not intend to follow that recommendation, the senior procurement official of the contracting activity for

DFARS Procedures, Guidance, and Information

PGI 201—Federal Acquisition Regulations System

the reviewed organization must be made aware of this fact before action is taken (or inaction, as applicable) that is contrary to the recommendation. Reviews will be conducted in a manner that preserves the authority, judgment, and discretion of the contracting officer and the senior officials of the acquiring activity.

(b) Peer Review teams will be comprised of senior contracting officials and attorneys from throughout DoD. A senior official designated by the OSD Office of Small Business Programs will participate as a team member on Peer Reviews of services acquisitions. Teams will include civilian employees or military personnel external to the department, agency, or component that is the subject of the Peer Review.

(c) Generally, each review will be conducted at the location of the executing contracting organization.

(d) A list of the documents that must be made available to the review team, along with the specific elements the team will examine, is provided at the end of this PGI section.

(e) The review team observations and recommendations will be communicated to the contracting officer and the senior procurement official immediately upon completion of a review.

(f) The contracting officer shall document the disposition of all Peer Review recommendations (i.e., state whether the recommendation will be followed and, if not, why not) as a signed memorandum for the record in the applicable contract file. This memorandum must be executed prior to the next phase Peer Review or prior to contract award for Phase 3 reviews. For post-award Peer Reviews of services acquisitions, the memorandum must be executed prior to the next option exercise. The contracting officer shall provide a copy of the memorandum to: Deputy Director, Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), 3060 Defense Pentagon, Washington, DC 20301-3060.

<p style="text-align: center;">Pre-award Peer Reviews Required Documents and Elements</p>
--

Required Documents: At a minimum, Peer Review teams shall have access to the following documents (as applicable):

1. The requirements document, to include the Acquisition Decision Memorandum;
2. The acquisition strategy, or acquisition plan;
3. The source selection plan;
4. The initial Request for Proposals (RFP) and all amendments to include what, if any, RFP requirements (technical and contractual) were changed and why;

DFARS Procedures, Guidance, and Information

PGI 201—Federal Acquisition Regulations System

5. The Source Selection Evaluation Board (SSEB) analysis and findings to ensure the evaluation of offers was consistent with the Source Selection Plan and RFP criteria;
6. Any meeting minutes memorializing discussions between the Government and offerors;
7. All evaluation notices generated as a result of deficiencies in the offerors' proposals as well as the offerors' responses to those evaluation notices;
8. All minutes memorializing the conduct of Source Selection Advisory Council (SSAC) deliberations held to date;
9. The offerors' responses to the request for Final Proposal Revision;
10. The final SSAC deliberations;
11. The final SSA determination and source selection decision;
12. Award/incentive fee arrangements, documentation of any required HCA D&Fs regarding non-availability of objective criteria;
13. Justification and Approval for use of non-competitive procedures; and
14. Documentation of pre-negotiation objectives, cost/price negotiation and the assessment of contractor risk in determining profit or fee.

Elements to be addressed:

1. The process was well understood by both Government and Industry;
2. Source Selection was carried out in accordance with the Source Selection Plan and RFP;
3. The SSEB evaluation was clearly documented;
4. The SSAC advisory panel recommendation was clearly documented;
5. The SSA decision was clearly derived from the conduct of the source selection process;
6. All source selection documentation is consistent with the Section M evaluation criteria; and
7. The business arrangement.

Post-award Peer Reviews Required Documents and Elements
--

Required Documents: At a minimum, Peer Review teams shall have access to the following documents (as applicable):

1. The requirements document;
2. The business arrangement, including business case analysis;
3. Market research documentation;
4. The business clearance, including documentation of cost/price negotiation and the assessment of contractor risk in determining profit or fee.
5. Contractor surveillance documentation to include metrics, quality assurance surveillance plans; and

DFARS Procedures, Guidance, and Information

PGI 201—Federal Acquisition Regulations System

6. The contract and modifications thereof.

Elements to be addressed, at a minimum, in every post-award review:

1. Contract performance in terms of cost, schedule, and requirements;
2. Use of contracting mechanisms, including the use of competition, the contract structure and type, the definition of contract requirements, cost or pricing methods, the award and negotiation of task orders, and management and oversight mechanisms;
3. Contractor's use, management, and oversight of subcontractors;
4. Staffing of contract management and oversight functions; and
5. Extent of any pass-throughs, and excessive pass-through charges by the contractor (as defined in section 852 of the National Defense Authorization Act for Fiscal Year 2007, Public Law 109-364).
6. Steps taken to mitigate the risk that, as implemented and administered, non-personal services contracts may become de facto personal services contracts.

Elements to be addressed in post-award reviews of contracts under which one contractor provides oversight for services performed by other contractors:

1. Extent of the DoD component's reliance on the contractor to perform acquisition functions closely associated with inherently governmental functions as defined in 10 U.S.C. 2383(b)(3); and
2. The financial interest of any prime contractor performing acquisition functions described in paragraph (1) in any contract or subcontract with regard to which the contractor provided advice or recommendations to the agency.

DFARS Procedures, Guidance, and Information

PGI 202—DEFINITIONS OF WORDS AND TERMS

(Revised March 23, 2018)

PGI 202.1—DEFINITIONS

PGI 202.101 Definitions.

DoD contracting activities are—

- (1) Department of Defense.
 - Department of Defense Education Activity
 - Joint Improvised Explosive Device Defeat Organization
 - Washington Headquarters Services, Acquisition Directorate
 - Inspector General of the Department of Defense (limited contracting authority for use of the Governmentwide commercial purchase card)

- (2) Department of the Air Force.
 - Office of the Assistant Secretary of the Air Force (Acquisition)
 - Office of the Deputy Assistant Secretary (Contracting)
 - Air Force Materiel Command
 - Air Force Space Command
 - Air Combat Command
 - Air Mobility Command
 - Air Education and Training Command
 - Pacific Air Forces
 - United States Air Forces in Europe
 - Air Force Special Operations Command
 - Air Force Reserve Command
 - Air Force Global Strike Command
 - Air Force Life Cycle Management Center
 - Air Force District of Washington
 - United States Air Force Academy
 - Air Force Operational Test and Evaluation Center
 - Space and Missile Systems Center

- (3) Department of the Army.
 - Deputy Assistant Secretary of the Army (Procurement)
 - Headquarters, U.S. Army Materiel Command
 - Headquarters, U.S. Army Medical Command
 - National Guard Bureau
 - U.S. Army Corps of Engineers

PGI 204—Administrative Matters

(Revised March 23, 2018)

PGI 204.71—UNIFORM CONTRACT LINE ITEM NUMBERING SYSTEM

PGI 204.7103 Contract line items.

(a) Separately identifiable contract line and subline items (i.e., all except those with characteristics described in DFARS [204.7103-1\(a\)\(2\)\(iii\)](#) or [204.7104-1\(a\)](#)) shall include a description of the item or service being procured, the associated Product or Service Code (PSC), the quantity, a unit of measure, defined acceptance and inspection locations and requirements, and the delivery schedule or performance period. Contracts for contingency operations shall include the project code at the line item level on each contract action. The list of applicable codes is maintained at http://www.dla.mil/j-6/dlms0/elibrary/ServicePoints/CD_ProjCd_nopoc.docx. The contracting officer is responsible for coordinating any changes from the purchase request to the contract with the requiring activity.

(1) The list of active PSCs is available on the Federal Procurement Data System website under the '[Worksite](#)' section under 'Reference'.

(2) The list of available units of measure is on the Defense Procurement and Acquisition Policy website at http://www.acq.osd.mil/dpap/pdi/eb/docs/Line_Item_UoM_List.xlsx.

(3) Delivery and acceptance locations shall be defined using Activity Address Codes published in (1) DoD Activity Address Directory (DODAAD), DoD 4000.25-6-M, or (2) Military Assistance Program Address Directory System (MAPAD), DoD 4000.25-8-M and available for verification at <https://www.daas.dla.mil/daasing/default.asp>.

(4) No activity shall be assigned acceptance responsibility unless that activity has acceptors registered in Wide Area WorkFlow (WAWF). Available roles for an Activity Address Code can be verified at the Active DoDAACs & Roles link on the WAWF homepage at <https://wawf.eb.mil/>.

(b) Fixed price line items shall include unit prices and total prices. Cost type line items shall not include unit prices, but shall contain the appropriate elements in accordance with FAR part 16. Not separately priced line items shall be so labeled. The notation "No Charge" shall not be used.

(c) The requirements at paragraph (a) and (b) shall be included in the appropriate parts of the contract Schedule.

(d) In structuring line items, especially on fixed-price contracts, due consideration shall be given to the effect of the chosen units of measure on administration and payment. No contract line item shall contain a quantity less than the number of deliveries anticipated on the line item. Contracting officers shall consider the need for periodic deliveries and payments in selecting a unit of measure. Included in this analysis shall be the impact of any financing arrangements under FAR part 32.

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

(i) Supplies: Line item quantities shall match the actual count of the supplies to be provided. For instance, if more than one delivery is expected, the quantity cannot be “1.”

(ii) Services: Line item quantities shall match the frequency with which performance will be reviewed, and on fixed-price line items, payment made. For example, a contract with a twelve-month period of performance should have a quantity and unit of measure suited to how the contract will be managed. If the intent is to review, accept, and pay for the services monthly, then the quantity should be 12, with a unit of measure such as “Months” or “Lots.” If the intent is to review, accept, and pay for the services quarterly, then the quantity should be 4, with a unit of measure such as “Lot”. If the quantity used is 1, then no payment for delivery can occur until the end of the period of performance. Services with tangible deliveries, such as repairs, shall be structured like supply line items.

(e) The following examples illustrate when the requirements at paragraph (a) apply—

(1) Separately identifiable subline items. The rule applies to subline items 0001AA and 0001AB. It does not apply to the line item 0001, because it does not have a deliverable.

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	Widgets				
0001AA	Red painted widgets	6	EA	\$10.00	\$60.00
0001AB	Unpainted widgets	6	EA	\$9.50	\$57.00

(2) Informational subline items. The rule applies to line item 0001. It does not apply to subline items 000101, 000102, and 000103 because they do not have deliverables.

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	Widget implementation Joint Service Study	1	LOT	\$60,000	\$60,000
000101	Army funding (AA: \$20,000)				
000102	Navy funding (AB: \$20,000)				
000103	Air Force funding (AC: \$20,000)				

(3) Line item with no subline items. The rule applies.

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	Red painted widgets	6	EA	\$10.00	\$60.00

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

(4) Line item is parent to an exhibit. The rule applies to the exhibit lines.

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	See exhibit A (\$117.00)				
A001	Red painted widgets	6	EA	\$10.00	\$60.00
A002	Unpainted widgets	6	EA	\$9.50	\$57.00

(5) Line is parent to a subline item which refers to an exhibit. The rule applies to the exhibit lines.

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	Widget program				
0001AA	Design and develop widgets	1	LOT	\$500.00	\$500.00
0001AB	See exhibit A (\$117.00)				
A001	Red painted widgets	6	EA	\$10.00	\$60.00
A002	Unpainted widgets	6	EA	\$9.50	\$57.00

PGI 204.7103-2 Numbering procedures.

(a) Contract line items shall consist of four numeric digits 0001 through 9999. Do not use numbers beyond 9999. Within a given contract, the item numbers shall be sequential but need not be consecutive.

(b) The contract line item number shall be the same as the solicitation line item number unless there is a valid reason for using different numbers.

(c) Once a contract line item number has been assigned, it shall not be assigned to another, different, contract line item in the same contract.

PGI 204.7104 Contract subline items.

PGI 204.7104-2 Numbering procedures.

(a) Number subline items by adding either two numeric characters or two alpha characters to the basic contract line item number.

(1) *Information subline item numbers.* Use numeric characters only for information subline items, running 01 through 99. Do not use spaces or special characters to separate the subline item number from the contract line item number that is its root. For example, if the contract line item number is 0001, the first three subline items would be 000101, 000102, and 000103. Do not use a designation more than once within a contract line item.

(2) *Separately identified subline items.* Use alpha characters only for separately identified subline items, running AA through ZZ. Do not use spaces or special characters to separate the subline item number from the contract line item number that is its root. For

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

example, if the contract line item number is 0001, the first three subline items would be 0001AA, 0001AB, and 0001AC.

(i) Do not use the letters I or O as alpha characters.

(ii) Use all 24 available alpha characters in the second position before selecting a different alpha character for the first position. For example, AA, AB, AC, through AZ before beginning BA, BB, and BC.

(b) Within a given contract line item, the subline item numbers shall be sequential but need not be consecutive.

(c) Exhibits may be used as an alternative to setting forth in the schedule a long list of contract subline items. If exhibits are used, create a contract subline item citing the exhibit's identifier. See DFARS [204.7105](#).

(d) If a contract line item involves ancillary functions, like packaging and handling, transportation, payment of state or local taxes, or use of reusable containers, and these functions are normally performed by the contractor and the contractor is normally entitled to reimbursement for performing these functions, do not establish a separate subline item solely to account for these functions. However, do identify the functions in the contract schedule. If an offeror separately prices these functions, the contracting officer may establish separate subline items for the functions; however, the separate subline items must conform to the requirements of DFARS [204.7104-1](#).

(e) The following examples illustrate subline items numbering—

(1) Subline items structured to identify destinations for identical items, identically priced (delivery schedule shall be established for each subline item, not the contract line item).

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	NSN 1615-00-591-6620 Shim, Aluminum Alloy,... Appl, Rotor, Helicopter PRON A1-9-63821-M1- M1 ACRN:AA				
0001AA	A3168R-9030-4025 A2537M IPD: 2 RDD: 334 PROJ: 501	10	EA	\$100.00	\$1,000.00
0001AB	A3168R-9030-4026 A51AXB M IPD: 2 RDD: 325 PROJ: 502	10	EA	\$100.00	\$1,000.00
0001AC	A3168R-9030-4027 A67KBCM IPD: 2 RDD: 349 PROJ: 503	15	EA	\$100.00	\$1,500.00

(2) Subline items structured to identify destinations for identical items, not identically priced (delivery schedule shall be established for each subline item, not the contract line item).

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

ITEM NO.	SUPPLIES/SERVICE	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0001	NSN 1615-00-591-6620 Shim, Aluminum Alloy,... Appl, Rotor, Helicopter PRON A1-9-63821-M1- M1 ACRN:AA				
0001AA	A3168R-9030-4025 A2537M IPD: 2 RDD: 334 PROJ: 501	10	EA	\$100.00	\$1,000.00
0001AB	A3168R-9030-4026 A51AXBM IPD: 2 RDD: 325 PROJ: 502	20	EA	\$99.00	\$1,980.00

NOTE: In this example, the prices of subline items 0031AB through 0031BF are included in the Integrator Assembly.

PGI 204.7105 Contract exhibits and attachments.

(a) *Use of exhibits.*

(1) Exhibits may be used instead of putting a long list of contract line items or subline items in the contract schedule. Exhibits are particularly useful in buying spare parts.

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

(2) When using exhibits, establish a contract line or subline item and refer to the exhibit.

(3) Identify exhibits individually.

(4) Each exhibit shall apply to only one contract line item or subline item.

(5) More than one exhibit may apply to a single contract line item.

(6) Data items on a DD Form 1423, Contract Data Requirements List, may be either separately priced or not separately priced.

(i) Separately priced. When data are separately priced, enter the price in Section B of the contract.

(ii) Not separately priced. Include prices in a priced contract line item or subline item.

(7) The contracting officer may append attachments to exhibits, as long as the attachment does not identify a deliverable requirement that has not been established by a contract line item or subline item or exhibit line item.

(8) Include exhibit line items and associated information in the electronically distributed contract documents identified in [PGI 204.201\(3\)\(i\)\(A\)](#) and (B).

(b) *Numbering exhibits and attachments.*

(1) Use alpha characters to identify exhibits. The alpha characters shall be either single or double capital letters. Do not use the letters I or O.

(2) Once an identifier has been assigned to an exhibit, do not use it on another exhibit in the same contract.

(3) The identifier shall always appear in the first or first and second positions of all applicable exhibit line item numbers.

(4) If the exhibit has more than one page, cite the procurement instrument identification number, exhibit identifier, and applicable contract line or subline item number on each page.

(5) Use numbers to identify attachments.

(c) *Numbering exhibit line items.*

(1) Criteria for establishing. The criteria for establishing exhibit line items are the same as those for establishing contract line items (see DFARS 204.7103).

(2) Procedures for numbering.

(i) Number items in an exhibit in a manner similar to contract line items.

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

(ii) Number line items using a four-position number.

(A) The first position or the first and second position contain the exhibit identifier.

(B) The third and fourth positions contain the alpha or numeric character serial numbers assigned to the line item when using a double letter exhibit identifier. The second, third and fourth positions contain the alpha or numeric character serial numbers assigned to the line item when using a single letter exhibit identifier.

(iii) Exhibit line item numbers shall be sequential within the exhibit.

(3) Examples.

(i) Two-position serial number for double letter exhibit identifier.

<u>Cumulative No. of Line Items</u>	<u>Serial Number Sequence</u>
1-33	01 thru 09, then 0A thru 0Z, then

PGI 204.7107 Contract accounting classification reference number (ACRN) and agency accounting identifier (AAI).

(a) Establishing the contract ACRN.

(1) The contracting office issuing the contract is responsible for assigning ACRNs. This authority shall not be delegated. If more than one office will use the contract (e.g., ordering officers, other contracting officers), the contract must contain instructions for assigning ACRNs.

(2) ACRNs shall be established in accordance with the following guidelines:

(i) Do not use the letters I and O.

(ii) In no case shall an ACRN apply to more than one accounting classification citation, nor shall more than one ACRN be assigned to one accounting classification citation.

(b) *Establishing an AAI.* An AAI, as detailed <http://www.acq.osd.mil/dpap/policy/policyvault/USA002246-09-DPAP.pdf>, is a six-digit data element that identifies a system in which accounting for specific funds is performed. The funding office will provide to the contracting office the AAI associated with the funding for each line item.

(c) Capturing accounting and appropriations data in procurement. Procurement instruments shall identify the funding used for the effort in one of two ways.

(1) In legacy system environments where the contracting and accounting processes are not sufficiently integrated to ensure use of the Procurement Instrument Identifiers (PIIDs) (see DFARS subpart [204.16](#)) and line item numbers as common keys, the contract shall include the accounting and appropriations data and ACRN as follows:

(i) Show the ACRN as a detached prefix to the accounting classification citation in the accounting and appropriations data block or, if there are too many accounting classification citations to fit reasonably in that block, in section G (Contract Administration Data).

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

(ii) ACRNs need not prefix accounting classification citations if the accounting classification citations are present in the contract only for the transportation officer to cite to Government bills of lading.

(iii) If the contracting officer is making a modification to a contract and using the same accounting classification citations, which have had ACRNs assigned to them, the modification need cite only the ACRNs in the accounting and appropriations data block or on the continuation sheets.

(iv) Showing the ACRN in the contract. If there is more than one ACRN in a contract, all the ACRNs will appear in several places in the schedule (e.g., ACRN: AA).

(A) Ship-to/mark-for block. Show the ACRN beside the identity code of each activity in the ship-to/mark-for block unless only one accounting classification citation applies to a line item or subline item. Only one ACRN may be assigned to the same ship-to/mark-for within the same contract line or subline item number unless multiple accounting classification citations apply to a single nonseverable deliverable unit such that the item cannot be related to an individual accounting classification citation.

(B) Supplies/services column.

(1) If only one accounting classification citation applies to a line item or a subline item, the ACRN shall be shown in the supplies/services column near the item description.

(2) If more than one accounting classification citation applies to a single contract line item, identify each assigned ACRN and the amount of associated funds using informational subline items (see DFARS [204.7104-1\(a\)](#)).

(2) The contract shall include AAls and ACRNs in system environments where the accounting systems are able to use PIDs and line item numbers as common keys to enable traceability of funding to contract actions. Include AAls and ACRNs as follows:

(i) Showing the ACRN in the contract. If there is more than one ACRN in a contract, all the ACRNs will appear in several places in the schedule (e.g., ACRN: AA).

(A) Ship-to/mark-for block. Show the ACRN beside the identity code of each activity in the ship-to/mark-for block unless only one accounting classification citation applies to a line item or subline item. Only one ACRN may be assigned to the same ship-to/mark-for within the same contract line or subline item number unless multiple accounting classification citations apply to a single nonseverable deliverable unit such that the item cannot be related to an individual accounting classification citation.

(B) Supplies/services column.

(1) If only one accounting classification citation applies to a line item or a subline item, the ACRN shall be shown in the supplies/services column near the item description.

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

(2) If more than one accounting classification citation applies to a single contract line item, identify each assigned ACRN and the amount of associated funds using informational subline items (see DFARS [204.7104-1\(a\)](#)).

(ii) Showing the AAI in the contract. If there is more than one AAI in a contract, show the AAI in the supplies/services column of the Schedule next to the ACRN. A sample showing the AAI is as follows:

ITEM NO	SUPPLIES/SERVICES	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0002	BRU-32 B/A Ejector Bomb Rack	23	Each	\$22,206.00	\$510,738.00

MILSTRIP: N0001906P7PM230
PURCHASE REQUEST NUMBER: 0010144885-0001
ACRN: AA
AAI: 050119

PGI 204.7108 Payment instructions.

(a) *Scope.* This section applies to contracts and orders that are funded by multiple accounting classification citations and—

(1) Include deliverable line items or deliverable subline items (see FAR 4.1005-1) that are funded by multiple accounting classification citations;

(2) Contain cost-reimbursement or time-and-materials/labor-hour line items; or

(3) Authorize financing payments.

(b) For contracts and orders covered by this subpart—

(1) The contracting officer shall insert the table at (b)(2), or a link to the table at (b)(2) (https://www.acq.osd.mil/dpap/dars/pgi/pgi.htm/current/PGI204_71.htm#payment_instructions) in Section G of the contract, or equivalent, including contracts with incrementally funded line items. When some, but not all, of the fixed price line items in a contract are subject to contract financing payments, the contracting officer shall clearly identify to which line items the payment clause(s) included in Section I apply.

(2) The payment office shall allocate and record the amounts paid to the accounting classification citations in the contract using the table below based on the type of payment request submitted (see DFARS [252.232-7006](#)) and the type of effort.

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

For Government Use Only					
Contract/Order Payment Clause	Type of Payment Request	Supply	Service	Construction	Payment Office Allocation Method
52.212-4 (Alt I), Contract Terms and Conditions— Commercial Items 52.216-7, Allowable Cost and Payment 52.232-7, Payments under Time-and- Materials and Labor- Hour Contracts	Cost Voucher	X	X	N/A	Line item specific proration. If there is more than one ACRN within a deliverable line or deliverable subline item, the funds will be allocated in the same proportion as the amount of funding currently unliquidated for each ACRN on the deliverable line or deliverable subline item for which payment is requested.
52.232-1, Payments	Navy Shipbuilding Invoice (Fixed Price)	X	N/A	N/A	Line Item specific by fiscal year. If there is more than one ACRN within a deliverable line or deliverable subline item, the funds will be allocated using the oldest funds. In the event of a deliverable line or deliverable subline item with two ACRNs with the same fiscal year, those amounts will be prorated to the available unliquidated funds for that year.
52.232-1, Payments; 52.232-2, Payments under Fixed-Price Research and Development Contracts; 52.232-3, Payments under Personal Services Contracts; 52.232-4, Payments under Transportation Contracts and Transportation-Related Services Contracts; and 52.232-6, Payments under Communication Service Contracts with Common Carriers	Invoice	X	X	N/A	Line Item Specific proration. If there is more than one ACRN within a deliverable line or deliverable subline item, the funds will be allocated in the same proportion as the amount of funding currently unliquidated for each ACRN on the deliverable line or deliverable subline item for which payment is requested.

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

For Government Use Only					
Contract/Order Payment Clause	Type of Payment Request	Supply	Service	Construction	Payment Office Allocation Method
52.232-5, Payments Under Fixed-Price Construction Contracts	Construction Payment Invoice	N/A	N/A	X	Line Item specific by fiscal year. If there is more than one ACRN within a deliverable line or deliverable subline item, the funds will be allocated using the oldest funds. In the event of a deliverable line or deliverable subline item with two ACRNs with the same fiscal year, those amounts will be prorated to the available unliquidated funds for that year.
52.232-16, Progress Payments	Progress Payment*	X	X	N/A	Contract-wide proration. Funds shall be allocated in the same proportion as the amount of funding currently unliquidated for each ACRN. Progress Payments are considered contract level financing, and the “contract price” shall reflect the fixed price portion of the contract per FAR 32.501-3.
52.232-29, Terms for Financing of Purchases of Commercial Items; 52.232-30, Installment Payments for Commercial Items	Commercial Item Financing*	X	X	N/A	Specified in approved payment. The contracting officer shall specify the amount to be paid and the account(s) to be charged for each payment approval in accordance with FAR 32.207(b)(2) and 32.1007(b)(2).
52.232-32, Performance-Based Payments	Performance-Based Payments*	X	X	N/A	Specified in approved payment. The contracting officer shall specify the amount to be paid and the account(s) to be charged for each payment approval in accordance with FAR 32.207(b)(2) and 32.1007(b)(2).
252.232-7002, Progress Payments for Foreign Military Sales Acquisitions	Progress Payment*	X	X	N/A	Allocate costs among line items and countries in a manner acceptable to the Administrative Contracting Officer.
*Liquidation of Financing Payments. Liquidation will be applied by the payment office against those ACRNs which are identified by the payment instructions for the delivery payment and in keeping with the liquidation provision of the applicable contract financing clause (i.e., progress payment, performance-based payment, or commercial item financing).					

DFARS Procedures, Guidance, and Information

PGI 204—Administrative Matters

(c) Reserved.

(d) The numbered payment instructions ((d)(1) through (11)) are replaced by the table at paragraph (b)(2) of this section.

(12) *Other.* If none of the payment instructions identified in paragraph (b)(2) of this section are appropriate (i.e., multiple lot progress payments), the contracting officer may insert other payment instructions, provided the other payment instructions—

(i) Provide a significantly better reflection of how funds will be expended in support of contract performance; and

(ii) Are agreed to by the payment office and the contract administration office. A copy of the agreement will be kept in the contract file.

DFARS Procedures, Guidance, and Information

PGI 245—Government Property

(Revised March 23, 2018)

PGI 245.1 - GENERAL

PGI 245.102-70 Policy.

(1) A basic principle of the Federal Acquisition Regulations System is that, upon contract award, contractors bring all the necessary organization, experience, accounting and operational controls, property, and technical skills, or the ability to obtain them (reference FAR 9.104-1 (e), (f), and (g) of General Standards). Therefore, upon contract award, responsible contractors should have the means to provide effective and efficient stewardship of Government property.

(2) Government property, as defined at FAR 45.101, must be contractually accountable to a single contract and only one contract at a time. This requirement applies to both Government-furnished property and contractor-acquired property. Although accountable to only one contract at a time, contract terms and conditions may allow Government property to be used on other contracts (see FAR 52.245-9, Use and Charges).

PGI 245.103 General.

PGI 245.103-70 Furnishing Government property to contractors.

(1) The requiring activity (project or program manager, or purchase request generator), as part of its responsibility for acquisition planning (FAR part 7, Acquisition Planning), is the decision point as to whether or not to furnish property to contractors. The basis for any decision to provide Government property shall be documented by the requiring activity and provided to the contracting officer. Such documentation is not required when contractors are furnished property for repair, modification, or overhaul under a contract.

(2) Prior to furnishing Government property to the contractor, the contracting officer shall ensure that each of the requirements of FAR 45.102 are addressed as follows, and documented in the contracting file—

(i) *Element 1: In the Government's best interest.* Discussion should be specific, factual, and where necessary, address actual or projected dollars and percentages. Merely selecting one or two objectives supported by a general, perfunctory discussion does not address this element satisfactorily. Discussion should address the following factors:

(A) Economy – Furnishing Government property is the lowest cost or price alternative.

(B) Standardization – There is a critical need for precise replication.

(C) Security – Government property is needed due to national security issues/concerns.

(D) Expedite production – Government property is crucial to achieving timely or accelerated delivery of a supply item or service.

DFARS Procedures, Guidance, and Information

PGI 245—Government Property

(E) Scarcity – The Government can obtain scarce items, or is the only source of property necessary for successful execution of a contract.

(F) Maintain the industrial base – Government property is needed to ensure future capability to obtain a particular supply item or service.

(G) Contract type – Government property will enable the Government to obtain a more favorable contract type.

(ii) *Element 2: Overall benefit.* Demonstrate that the overall benefit to the acquisition significantly outweighs the increased cost of administration, including property disposal.

(A) Property in the hands of contractors drives program costs. Therefore, in order to make the case that providing Government property to the contractor is worthwhile, the associated costs must be considered and the business decision justified. The costs of Government property removal and disposal, including demilitarization and disposal of environmentally-regulated property, must be included.

(B) Costs must be either less than what the contractor might otherwise incur, or the demonstrated benefit to the Government must outweigh these additional contract costs.

(iii) *Element 3: Government assumption of risk.* Demonstrate that providing the property does not substantially increase the Government's risk.

(A) Risk must be discussed and documented. A risk analysis is warranted to demonstrate that the Government is not substantially increasing its risk. For example, when furnishing Government property, the Government is ordinarily responsible for suitability of use, timely delivery, and replacement of defective Government property.

(B) Other risks may need to be considered, discussed, and documented.

(iv) *Element 4: Government requirements cannot otherwise be met.* Document why the furnishing of Government property is critical and significant to meeting acquisition plan objectives.

PGI 245.103-71 Transferring Government property accountability.

(1) Use only the Standard Form 30 to execute transfers of Government property accountability between existing contracts. No other forms or documents, such as the DD Form 1149, Requisition and Invoice/Shipping Document, are authorized for the transfer of Government property accountability from one contract to another.

(2) Modifications for the transfer of Government property accountability shall:

(i) Use the fillable PDF formats prescribed at [PGI 245.103-72](#).

(ii) Incorporate FAR clauses 52.245-1, Government Property, and 52.245-9, Use and Charges, and the associated DFARS clauses (see [245.107](#), Contract clauses) to the extent that the gaining contract lacks the required clauses.

DFARS Procedures, Guidance, and Information

PGI 245—Government Property

PGI 245.103-72 Government-furnished property attachments to solicitations and awards.

(a) When Government-furnished property (GFP) is anticipated, include the fillable electronic “Requisitioned Government Furnished Property” and/or “Scheduled Government Furnished Property” formats provided at the URLs listed in paragraphs (b) and (c) in solicitations and awards to—

- (1) Specify the required GFP data elements; and
- (2) Accomplish the electronic transmission of requisitioned GFP lists and/or scheduled GFP lists.

(b) *Requisitioned Government-furnished property.* This format is a listing of Government Property to be authorized for contractor requisition from DoD supply sources in accordance with the clause at FAR 52.251-1. The fillable PDF format for this attachment is available at the DoD Procurement Toolbox <http://dodprocurementtoolbox.org/site/detail/id/26>. In accordance with [PGI 204.7105\(b\)\(5\)](#), enter a numerical sequence number for the attachment.

(c) *Scheduled Government-furnished property.* This format is a listing of the Government property to be provided, including when major end items are being provided under a modification or upgrade contract; or when reparable are being provided under a repair, modification, or overhaul contract. The fillable PDF format for this attachment is available at the DoD Procurement Toolbox <http://dodprocurementtoolbox.org/site/detail/id/26>. In accordance with [PGI 204.7105\(b\)\(5\)](#), enter a numerical sequence number for the attachment.

PGI 245.103-73 Government property under sustainment contracts.

(1) Sustainment contracts, including those for performance-based logistics, sustainment support, contractor logistics support, life-cycle product support, and weapon systems product support (see 10 U.S.C. 2337(c)), may require the contractor to hold or manage Government inventory. In such cases, regularly scheduled (typically, semi-annually) inventory reporting from the contractor is required to ensure that inventory levels meet program requirements and Government inventory in excess of authorized amounts is identified. The requiring activity is responsible for providing the contracting officer with reporting requirements for Government inventory. See the Data Item Description DI-ILSS-80727, Government Furnished Material (GFM) by National Stock Number, and the instructions for completing the DD Form 1423 Contract Data Requirements List (CDRL) for inventory reporting requirements on sustainment contracts available at <http://dodprocurementtoolbox.com/site-pages/gfp-resources>.

(2) During acquisition planning, pricing contracts, exercising options, and assessing past performance, contracting officers should review the requiring activity’s assessment of the information generated by the inventory reporting requirements.

DFARS Procedures, Guidance, and Information

PGI 245—Government Property

PGI 245.103-74 Contracting office responsibilities.

(1) Prepare modifications to execute transfers of Government property accountability between existing contracts in accordance with [PGI 245.103-71](#).

(2) Prepare the GFP attachments in accordance with the procedures in [PGI 245.103-72](#).

(3) Maintain the GFP attachments in the contract.

(4) Include in applicable solicitations and contracts the CDRL provided by the requiring activity for reporting Government inventory held under sustainment contracts (see [PGI 245.103-73](#)).

PGI 245.105 Contractors' property management system compliance.

(d) *Disposition of findings.*

(2) *Initial determination.*

(ii)(A) Within 10 days of receiving the report, if the contracting officer makes a determination that there is a significant deficiency, the contracting officer should provide an initial determination of deficiencies and a copy of the report to the contractor and require the contractor to submit a written response.

(C) *Evaluation of contractor's response.* Within 30 days of receiving the contractor's response, the contracting officer, in consultation with the auditor or cognizant functional specialist, should evaluate the contractor's response and make a final determination.

(3) *Final Determination.*

(ii)(A) *Monitoring contractor's corrective action.* The contracting officer and property administrator shall monitor the contractor's progress in correcting deficiencies. If the contractor fails to make adequate progress, the contracting officer shall take whatever action is necessary to ensure that the contractor corrects the deficiencies. Examples of actions the contracting officer can take are: withdraw or withhold approval of the system; bringing the issue to the attention of higher level management, implementing or increasing the withholding in accordance with the clause at [252.242-7005](#), Contractor Business Systems, and recommending non-award of potential contracts.

(B) *Correction of significant deficiencies.*

(1) When the contractor notifies the contracting officer that the contractor has corrected the significant deficiencies, the contracting officer shall request the property administrator to review the correction to determine if the deficiencies have been resolved.

(2) The contracting officer shall determine if the contractor has corrected the deficiencies.

DFARS Procedures, Guidance, and Information

PGI 245—Government Property

(3) If the contracting officer determines the contractor has corrected the deficiencies, the contracting officer's notification shall be sent to the property administrator; auditor; payment office; appropriate action officers responsible for reporting past performance at the requiring activities; and each contracting and contract administration office having substantial business with the contractor as applicable.
