212.301 Solicitation provisions and contract clauses for the acquisition of commercial items.

See DoD Class Deviation 2018-O0021, Commercial Item Omnibus Clause for Acquisitions Using the Standard Procurement System, issued October 1, 2018. This class deviation allows the contracting officer to use the SPS clause logic capability to automatically select the clauses that are applicable to the specific solicitation and contract. The contracting officer shall ensure that the deviation clause is incorporated into these solicitations and contracts because the deviation clause fulfills the statutory requirements on auditing and subcontract clauses applicable to commercial items. The deviation also authorizes adjustments to the deviation clause required by future changes to the clause at 52.212-5 that are published in the FAR. This deviation is effective for five years, or until otherwise rescinded.

(ii) If this exception is used for an acquisition of COTS end items valued at $5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at PGI 225.7003-3(b)(2).

(3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in 225.7003-2(a), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in 225.7003-2 if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (i.e., a domestic nonavailability determination). See guidance in PGI 225.7003-3(b)(5).
(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract. The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (i.e., a class domestic nonavailability determination), requires the approval of the USD(AT&L).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities website (www.FedBizOpps.gov or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets.

(c) Compliance for commercial derivative military articles. The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—
(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at 252.225-7010; and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at PGI 225.7003-3(c)). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) National security waiver. The USD(AT&L) may waive the restrictions at 225.7003-2 if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at PGI 225.7003-3(d)). This authority may not be delegated.

(1) The written determination of the USD(AT&L)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(AT&L) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

225.7003-4 One-time waiver.
DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

(a) Final acceptance takes place before September 30, 2010;
(b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;

(c) The contracting officer determines in writing that—

(1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;

(2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for future items produced, manufactured, or assembled in the United States; and

(3) The non-compliance was not knowing or willful;

(d) The determination is approved by—

(1) The USD(AT&L); or

(2) The service acquisition executive of the military department concerned; and

(e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities website at www.FedBizOpps.gov, stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

225.7003-5 Solicitation provision and contract clauses.

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at 225.7003-2 because the acquisition is covered by an exception in 225.7003-3(a) or (d) (but see paragraph (d) of this subsection)—

(1) Use the clause at 252.225-7008, Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and
(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

(A) Aircraft.

(B) Missile or space systems.

(C) Ships.

(D) Tank or automotive items.

(E) Weapon systems.

(F) Ammunition.

(b) Use the provision at 252.225-7010, Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items,—

(1) That contain the clause at 252.225-7009; and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at 225.7003-3(a)(2) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

225.7004 Restriction on acquisition of foreign buses.

225.7004-1 Restriction.
In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States or Canada.

225.7004-2 Applicability.
Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

225.7004-3 Exceptions.
This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States and Canada are needed for temporary use because buses manufactured in the United States or Canada are not available to satisfy requirements that cannot be postponed. Such use may not,
however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

225.7004 4 Waiver.
The waiver criteria at 225.7008(a) apply to this restriction.

225.7005 Restriction on certain chemical weapons antidote.

225.7005-1 Restriction.
In accordance with 10 U.S.C. 2534, do not acquire chemical weapons antidote contained in automatic injectors, or the components for such injectors, unless the chemical weapons antidote or component is manufactured in the United States or Canada by a company that—

(a) Has received all required regulatory approvals; and

(b) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

225.7005-2 Exception.
This restriction does not apply if the acquisition is for an amount at or below the simplified acquisition threshold.

225.7005-3 Waiver.
The waiver criteria at 225.7008(a) apply to this restriction.

225.7006 Restriction on air circuit breakers for naval vessels.

225.7006-1 Restriction.
In accordance with 10 U.S.C. 2534, do not acquire air circuit breakers for naval vessels unless they are manufactured in the United States or Canada.

225.7006-2 Exceptions.
This restriction does not apply if the acquisition is—

(a) For an amount at or below the simplified acquisition threshold; or

(b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.
225.7006-3 Waiver.

(a) The waiver criteria at 225.7008(a) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction for air circuit breakers manufactured in the United Kingdom. See 225.7008.

225.7006-4 Solicitation provision and contract clause.

(a) Use the provision at 252.225-7037, Evaluation of Offers for Air Circuit Breakers, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that require air circuit breakers for naval vessels unless--

(1) An exception applies; or

(2) A waiver has been granted, other than the waiver for the United Kingdom, which has been incorporated into the provision.

(b) Use the clause at 252.225-7038, Restriction on Acquisition of Air Circuit Breakers, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that require air circuit breakers for naval vessels unless—

(1) An exception at 225.7006-2 applies; or

(2) A waiver has been granted, other than the waiver for the United Kingdom, which has been incorporated into the clause.

225.7007 Restrictions on anchor and mooring chain.

225.7007-1 Restrictions.

(a) In accordance with Section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, four inches or less in diameter, unless--

(1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

225.7007-2 Waiver.
(a) The Secretary of the department responsible for acquisition may waive the restriction in 225.7007-1(a), on a case-by-case basis, if—

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing—

(1) The factors supporting the waiver; and

(2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

225.7007-3 Contract clause.
Unless a waiver has been granted, use the clause at 252.225-7019, Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

(a) When specifically authorized by reference elsewhere in this subpart, the restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.
(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see 225.7006) and the naval vessel components listed at 225.7010-1.

225.7009 Restriction on ball and roller bearings.

225.7009-1 Scope.
This section implements Section 8065 of the Fiscal Year 2002 DoD Appropriations Act (Pub. L. 107-117) and the same restriction in subsequent DoD appropriations acts.

225.7009-2 Restriction.

(a) Do not acquire ball and roller bearings unless—

(1) The bearings are manufactured in the United States or Canada; and

(2) For each ball or roller bearing, the cost of the bearing components manufactured in the United States or Canada exceeds 50 percent of the total cost of the bearing components of that ball or roller bearing.
(b) The restriction at 225.7003-2 may also apply to bearings that are made from specialty metals, such as high carbon chrome steel (bearing steel).

225.7009-3 Exception. The restriction in 225.7009-2 does not apply to contracts or subcontracts for the acquisition of commercial items, except for commercial ball and roller bearings acquired as end items.

225.7009-4 Waiver. The Secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in 225.7009-2, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7009-5 Contract clause. Use the clause at 252.225-7016, Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, unless—

(a) The items being acquired are commercial items other than ball or roller bearings acquired as end items;

(b) The items being acquired do not contain ball and roller bearings; or

(c) A waiver has been granted in accordance with 225.7009-4.

225.7010 Restriction on certain naval vessel components.

225.7010-1 Restriction. In accordance with 10 U.S.C. 2534, do not acquire the following components of naval vessels, to the extent they are unique to marine applications, unless manufactured in the United States or Canada:

(a) Gyrocompasses.

(b) Electronic navigation chart systems.

(c) Steering controls.

(d) Pumps.

(e) Propulsion and machinery control systems.

(f) Totally enclosed lifeboats.

225.7010-2 Exceptions. This restriction does not apply to—
(a) Contracts or subcontracts that do not exceed the simplified acquisition threshold; or

(b) Acquisition of spare or repair parts needed to support components for naval vessels manufactured outside the United States. Support includes the purchase of spare gyrocompasses, electronic navigation chart systems, steering controls, pumps, propulsion and machinery control systems, or totally enclosed lifeboats, when those from alternate sources are not interchangeable.

225.7010-3 Waiver.

(a) The waiver criteria at 225.7008(a) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction of 10 U.S.C. 2534 for certain items manufactured in the United Kingdom, including the items listed in section 225.7010-1. See 225.7008.

225.7010-4 Implementation.

(a) 10 U.S.C. 2534(h) prohibits the use of contract clauses or certifications to implement this restriction.

(b) Agencies shall accomplish implementation of this restriction through use of management and oversight techniques that achieve the objectives of this section without imposing a significant management burden on the Government or the contractor involved.

225.7011 Restriction on carbon, alloy, and armor steel plate.

225.7011-1 Restriction.

(a) In accordance with Section 8111 of the Fiscal Year 1992 DoD Appropriations Act (Pub. L. 102-172) and similar sections in subsequent DoD appropriations acts, do not acquire any of the following types of carbon, alloy, or armor steel plate for use in a Government-owned facility or a facility under the control of (e.g., leased by) DoD, unless it is melted and rolled in the United States or Canada:

(1) Carbon, alloy, or armor steel plate in Federal Supply Class 9515.

(2) Carbon, alloy, or armor steel plate described by specifications of the American Society for Testing Materials or the American Iron and Steel Institute.

(b) This restriction—

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used “as is” or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to be used in the facility, that contains carbon, alloy, or armor steel plate as a component.
225.7011-2 Waiver.
The Secretary of the department responsible for acquisition may waive this restriction, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7011-3 Contract clause.
Unless a waiver has been granted, use the clause at 252.225-7030, Restriction on Acquisition of Carbon, Alloy, and Armor Steel Plate, in solicitations and contracts that—

(a) Require the delivery to the Government of carbon, alloy, or armor steel plate that will be used in a Government-owned facility or a facility under the control of DoD; or

(b) Require contractors operating in a Government-owned facility or a facility under the control of DoD to purchase carbon, alloy, or armor steel plate.

225.7012 Restriction on supercomputers.

225.7012-1 Restriction.
In accordance with Section 8112 of Pub. L. 100-202, and similar sections in subsequent DoD appropriations acts, do not purchase a supercomputer unless it is manufactured in the United States.

225.7012-2 Waiver.
The Secretary of Defense may waive this restriction, on a case-by-case basis, after certifying to the Armed Services and Appropriations Committees of Congress that—

(a) Adequate U.S. supplies are not available to meet requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7012-3 Contract clause.
Unless a waiver has been granted, use the clause at 252.225-7011, Restriction on Acquisition of Supercomputers, in solicitations and contracts for the acquisition of supercomputers.

225.7013 Restrictions on construction or repair of vessels in foreign shipyards.
In accordance with 10 U.S.C. 7309 and 7310—

(a) Do not award a contract to construct in a foreign shipyard—

(1) A vessel for any of the armed forces; or
(2) A major component of the hull or superstructure of a vessel for any of the armed forces; and

(b) Do not overhaul, repair, or maintain in a foreign shipyard, a naval vessel (or any other vessel under the jurisdiction of the Secretary of the Navy) homeported in the United States. This restriction does not apply to voyage repairs.

225.7014 Restrictions on military construction.

(a) For restriction on award of military construction contracts to be performed in the United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf, see 236.273(a).

(b) For restriction on acquisition of steel for use in military construction projects, see 236.274.

225.7015 Restriction on overseas architect-engineer services.

For restriction on award of architect-engineer contracts to be performed in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Gulf, see 236.602-70.

225.7017 Utilization of domestic photovoltaic devices.

225.7017-1 Definitions. As used in this section—

“Caribbean Basin country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a Caribbean Basin country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Caribbean Basin country.

“Covered contract” means an energy savings performance contract, a utility services contract, or a private housing contract awarded by DoD, to be performed in the United States, if such contract results in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products. DoD is deemed to own a photovoltaic device if the device is—

(1) Installed in the United States on DoD property or in a facility owned by DoD; and

(2) Reserved for the exclusive use of DoD in the United States for the full economic life of the device.

“Designated country photovoltaic device” means a World Trade Organization Government Procurement Agreement (WTO GPA) country photovoltaic device, a Free
Trade Agreement country photovoltaic device, a least developed country photovoltaic device, or a Caribbean Basin country photovoltaic device.

“Domestic photovoltaic device” means a photovoltaic device that is manufactured in the United States.

“Foreign photovoltaic device” means a photovoltaic device other than a domestic photovoltaic device.

“Free Trade Agreement country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a Free Trade Agreement country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Free Trade Agreement country.

“Least developed country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a least developed country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a least developed country.

“Photovoltaic device” means a device that converts light directly into electricity through a solid-state, semiconductor process.

“Qualifying country photovoltaic device” means a photovoltaic device manufactured in a qualifying country.

“U.S.-made photovoltaic device” means a photovoltaic device that—

(1) Is manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of the United States.

“WTO GPA country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a WTO GPA country; or
(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a WTO GPA country.

225.7017-2 Restriction.
In accordance with section 846 of the National Defense Authorization Act for Fiscal Year 2011, photovoltaic devices provided under any covered contract shall comply with 41 U.S.C. chapter 83, Buy American, subject to the exceptions to that statute provided in the Trade Agreements Act of 1979 (19 U.S.C. 2501 et seq.).

225.7017-3 Exceptions.
DoD requires the contractor to utilize domestic photovoltaic devices in covered contracts that exceed the simplified acquisition threshold, with the following exceptions:

(a) **Qualifying country.** Qualifying country photovoltaic devices may be utilized in any covered contract, because 225.103(a)(i)(A) provides an exception to the Buy American statute for products of qualifying countries, as defined in 225.003.

(b) **Buy American—unreasonable cost.** For a covered contract that utilizes photovoltaic devices valued at less than $180,000, the exception for unreasonable cost may apply (see FAR 25.103(c). If the cost of a foreign photovoltaic device plus 50 percent is less than the cost of a domestic photovoltaic device, then the foreign photovoltaic device may be utilized.

(c) **Trade agreements.**

(1) **Free Trade Agreements.** For a covered contract that utilizes photovoltaic devices valued at $25,000 or more, photovoltaic devices may be utilized from a country covered under the acquisition by a Free Trade Agreement, depending upon dollar threshold (see FAR subpart 25.4).

(2) **World Trade Organization—Government Procurement Agreement.** For covered contracts that utilize photovoltaic devices that are valued at $180,000 or more, only U.S.-made photovoltaic devices, designated country photovoltaic devices, or qualifying country photovoltaic devices may be utilized.

225.7017-4 Solicitation provision and contract clause.

(a)(1) Use the clause at 252.225-7017, Photovoltaic Devices, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a contract expected to exceed the simplified acquisition threshold that may be a covered contract, i.e., an energy savings performance contract, a utility service contract, or a private housing contract awarded by DoD, if such contract will result in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products.

(2) Use the clause in the resultant contract, including contracts using FAR part 12 procedures for the acquisition of commercial items, if it is a covered contract.
Part 225—Foreign Acquisition

(b) Use the provision at 252.225-7018, Photovoltaic Devices—Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that contain the clause at 252.225-7017.

Basic. As prescribed in 217.208-70(a) and (a)(1), use the following clause:

EXERCISE OF OPTION TO FULFILL FOREIGN MILITARY SALES COMMITMENTS—BASIC (NOV 2014)

(a) The Government may exercise the option(s) of this contract to fulfill foreign military sales commitments.

(b) The foreign military sales commitments are for:

   (Insert name of country)   (Insert applicable CLIN)

(End of clause)

Alternate I. As prescribed in 217.208-70(a) and (a)(2), use the following clause, which uses a different paragraph (b) than paragraph (b) of the basic clause:

EXERCISE OF OPTION TO FULFILL FOREIGN MILITARY SALES COMMITMENTS—ALTERNATE I (NOV 2014)

(a) The Government may exercise the option(s) of this contract to fulfill foreign military sales commitments.

(b) On the date the option is exercised, the Government shall identify the foreign country for the purpose of negotiating any equitable adjustment attributable to foreign military sales. Failure to agree on an equitable adjustment shall be treated as a dispute under the Disputes clause of this contract.

(End of clause)

252.217-7001 Surge Option.

As prescribed in 217.208-70(b), use the following clause:

SURGE OPTION (DEC 2018)

(a) General. The Government has the option to—

(1) Increase the quantity of supplies or services called for under this contract by no more than ___ percent or ______________ [insert quantity and description of services or supplies to be increased]; and/or

(2) Accelerate the rate of delivery called for under this contract, at a price or cost established before contract award or to be established by negotiation as provided in this clause.
(b) Schedule.

(1) When the Capabilities Analysis Plan (CAP) is included in the contract, the option delivery schedule shall be the production rate provided with the Plan. If the Plan was negotiated before contract award, then the negotiated schedule shall be used.

(2) If there is no CAP in the contract, the Contractor shall, within 30 days from the date of award, furnish the Contracting Officer a delivery schedule showing the maximum sustainable rate of delivery for items in this contract. This delivery schedule shall provide acceleration by month up to the maximum sustainable rate of delivery achievable within the Contractor's existing facilities, equipment, and subcontracting structure.

(3) The Contractor shall not revise the option delivery schedule without approval from the Contracting Officer.

c) Exercise of option.

(1) The Contracting Officer may exercise this option at any time before acceptance by the Government of the final scheduled delivery.

(2) The Contracting Officer will provide a preliminary oral or written notice to the Contractor stating the quantities to be added or accelerated under the terms of this clause, followed by a contract modification incorporating the transmitted information and instructions. The notice and modification will establish a not-to-exceed price equal to the highest contract unit price or cost of the added or accelerated items as of the date of the notice.

(3) The Contractor will not be required to deliver at a rate greater than the maximum sustainable delivery rate under paragraph (b)(2) of this clause, nor will the exercise of this option extend delivery more than 24 months beyond the scheduled final delivery.

d) Price negotiation.

(1) Unless the option cost or price was previously agreed upon, the Contractor shall, within 30 days from the date of option exercise, submit to the Contracting Officer a cost or price proposal (including a cost breakdown) for the added or accelerated items.

(2) Failure to agree on a cost or price in negotiations resulting from the exercise of this option shall constitute a dispute concerning a question of fact within the meaning of the Disputes clause of this contract. However, nothing in this clause shall excuse the Contractor from proceeding with the performance of the contract, as modified, while any resulting claim is being settled.

(End of clause)

As prescribed in 217.7005, use the following provision:

OFFERING PROPERTY FOR EXCHANGE (JUN 2012)
(a) The property described in item number ____________, is being offered in accordance with the exchange provisions of 40 U.S.C. 503.

(b) The property is located at ______________ (insert address) ______________. Offerors may inspect the property during the period ____ (insert beginning and ending dates and insert hours during day) ____.

(End of provision)

252.217-7003 Changes.
As prescribed in 217.7104(a), use the following clause:

CHANGES (DEC 1991)

(a) The Contracting Officer may, at any time and without notice to the sureties, by written change order, make changes within the general scope of any job order issued under the Master Agreement in—

(1) Drawings, designs, plans, and specifications;

(2) Work itemized;

(3) Place of performance of the work;

(4) Time of commencement or completion of the work; and

(5) Any other requirement of the job order.

(b) If a change causes an increase or decrease in the cost of, or time required for, performance of the job order, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the price or date of completion, or both, and shall modify the job order in writing.

(1) Within ten days after the Contractor receives notification of the change, the Contractor shall submit to the Contracting Officer a request for price adjustment, together with a written estimate of the increased cost.

(2) The Contracting Officer may grant an extension of this period if the Contractor requests it within the ten day period.

(3) If the circumstances justify it, the Contracting Officer may accept and grant a request for equitable adjustment at any later time prior to final payment under the job order, except that the Contractor may not receive profit on a payment under a late request.

(c) If the Contractor includes in its claim the cost of property made obsolete or excess as a result of a change, the Contracting Officer shall have the right to prescribe the manner of disposition of that property.

(d) Failure to agree to any adjustment shall be a dispute within the meaning of the Disputes clause.
(e) Nothing in this clause shall excuse the Contractor from proceeding with the job order as changed.

(End of clause)

252.217-7004  Job Orders and Compensation.
As prescribed in 217.7104(a), use the following clause:

JOB ORDERS AND COMPENSATION (MAY 2006)

(a) The Contracting Officer shall solicit bids or proposals and make award of job orders. The issuance of a job order signed by the Contracting Officer constitutes award. The job order shall incorporate the terms and conditions of the Master Agreement.

(b) Whenever the Contracting Officer determines that a vessel, its cargo or stores, would be endangered by delay, or whenever the Contracting Officer determines that military necessity requires that immediate work on a vessel is necessary, the Contracting Officer may issue a written order to perform that work and the Contractor hereby agrees to comply with that order and to perform work on such vessel within its capabilities.

(1) As soon as practicable after the issuance of the order, the Contracting Officer and the Contractor shall negotiate a price for the work and the Contracting Officer shall issue a job order covering the work.

(2) The Contractor shall, upon request, furnish the Contracting Officer with a breakdown of costs incurred by the Contractor and an estimate of costs expected to be incurred in the performance of the work. The Contractor shall maintain, and make available for inspection by the Contracting Officer or the Contracting Officer's representative, records supporting the cost of performing the work.

(3) Failure of the parties to agree upon the price of the work shall constitute a dispute within the meaning of the Disputes clause of the Master Agreement. In the meantime, the Contractor shall diligently proceed to perform the work ordered.

(c)(1) If the nature of any repairs is such that their extent and probable cost cannot be ascertained readily, the Contracting Officer may issue a job order (on a sealed bid or negotiated basis) to determine the nature and extent of required repairs.

(2) Upon determination by the Contracting Officer of what work is necessary, the Contractor, if requested by the Contracting Officer, shall negotiate prices for performance of that work. The prices agreed upon shall be set forth in a modification of the job order.

(3) Failure of the parties to agree upon the price shall constitute a dispute under the Disputes clause. In the meantime, the Contractor shall diligently proceed to perform the work ordered.

(End of clause)
252.217-7005  Inspection and Manner of Doing Work.
As prescribed in 217.7104(a), use the following clause:

INSPECTION AND MANNER OF DOING WORK (JUL 2009)

(a) The Contractor shall perform work in accordance with the job order, any
drawings and specifications made a part of the job order, and any change or
modification issued under the Changes clause of the Master Agreement.

(b)(1) Except as provided in paragraph (b)(2) of this clause, and unless otherwise
specifically provided in the job order, all operational practices of the Contractor and all
workmanship, material, equipment, and articles used in the performance of work under
the Master Agreement shall be in accordance with the best commercial marine
practices and the rules and requirements of the American Bureau of Shipping, the U.S.
Coast Guard, and the Institute of Electrical and Electronic Engineers, in effect at the
time of Contractor's submission of bid (or acceptance of the job order, if negotiated).

(2) When Navy specifications are specified in the job order, the Contractor shall
follow Navy standards of material and workmanship. The solicitation shall prescribe
the Navy standard whenever applicable.

(c) The Government may inspect and test all material and workmanship at any
time during the Contractor's performance of the work.

(1) If, prior to delivery, the Government finds any material or workmanship is
defective or not in accordance with the job order, in addition to its rights under the
Guarantees clause of the Master Agreement, the Government may reject the defective
or nonconforming material or workmanship and require the Contractor to correct or
replace it at the Contractor's expense.

(2) If the Contractor fails to proceed promptly with the replacement or
correction of the material or workmanship, the Government may replace or correct the
defective or nonconforming material or workmanship and charge the Contractor the
excess costs incurred.

(3) As specified in the job order, the Contractor shall provide and maintain an
inspection system acceptable to the Government.

(4) The Contractor shall maintain complete records of all inspection work and
shall make them available to the Government during performance of the job order and
for 90 days after the completion of all work required.

(d) The Contractor shall not permit any welder to work on a vessel unless the
welder is, at the time of the work, qualified to the standards established by the U.S.
Coast Guard, American Bureau of Shipping, or Department of the Navy for the type of
welding being performed. Qualifications of a welder shall be as specified in the job
order.

(e) The Contractor shall—

(1) Exercise reasonable care to protect the vessel from fire;
(2) Maintain a reasonable system of inspection over activities taking place in the vicinity of the vessel's magazines, fuel oil tanks, or storerooms containing flammable materials;

(3) Maintain a reasonable number of hose lines ready for immediate use on the vessel at all times while the vessel is berthed alongside the Contractor's pier or in dry dock or on a marine railway;

(4) Unless otherwise provided in a job order, provide sufficient security patrols to reasonably maintain a fire watch for protection of the vessel when it is in the Contractor's custody;

(5) To the extent necessary, clean, wash, and steam out or otherwise make safe, all tanks under alteration or repair;

(6) Furnish the Contracting Officer or designated representative with a copy of the “gas-free” or “safe-for-hotwork” certificate, provided by a Marine Chemist or Coast Guard authorized person in accordance with Occupational Safety and Health Administration regulations (29 CFR 1915.14) before any hot work is done on a tank;

(7) Treat the contents of any tank as Government property in accordance with the Government Property clause; and

(8) Dispose of the contents of any tank only at the direction, or with the concurrence, of the Contracting Officer.

(f) Except as otherwise provided in the job order, when the vessel is in the custody of the Contractor or in dry dock or on a marine railway and the temperature is expected to go as low as 35 °F, the Contractor shall take all necessary steps to—

(1) Keep all hose pipe lines, fixtures, traps, tanks, and other receptacles on the vessel from freezing; and

(2) Protect the stern tube and propeller hubs from frost damage.

(g) The Contractor shall, whenever practicable—

(1) Perform the required work in a manner that will not interfere with the berthing and messing of Government personnel attached to the vessel; and

(2) Provide Government personnel attached to the vessel access to the vessel at all times.

(h) Government personnel attached to the vessel shall not interfere with the Contractor's work or workers.

(i)(1) The Government does not guarantee the correctness of the dimensions, sizes, and shapes set forth in any job order, sketches, drawings, plans, or specifications prepared or furnished by the Government, unless the job order requires that the Contractor perform the work prior to any opportunity to inspect.
(2) Except as stated in paragraph (i)(1) of this clause, and other than those parts furnished by the Government, the Contractor shall be responsible for the correctness of the dimensions, sizes, and shapes of parts furnished under this agreement.

(j) The Contractor shall at all times keep the site of the work on the vessel free from accumulation of waste material or rubbish caused by its employees or the work. At the completion of the work, unless the job order specifies otherwise, the Contractor shall remove all rubbish from the site of the work and leave the immediate vicinity of the work area “broom clean.”

(End of clause)

252.217-7006 Title.
As prescribed in 217.7104(a), use the following clause:

TITLE (DEC 1991)

(a) Unless otherwise provided, title to all materials and equipment to be incorporated in a vessel in the performance of a job order shall vest in the Government upon delivery at the location specified for the performance of the work.

(b) Upon completion of the job order, or with the approval of the Contracting Officer during performance of the job order, all Contractor-furnished materials and equipment not incorporated in, or placed on, any vessel, shall become the property of the Contractor, unless the Government has reimbursed the Contractor for the cost of the materials and equipment.

(c) The vessel, its equipment, movable stores, cargo, or other ship's materials shall not be considered Government-furnished property.

(End of clause)

252.217-7007 Payments.
As prescribed in 217.7104(a), use the following clause:

PAYMENTS (DEC 1991)

(a) “Progress payments,” as used in this clause, means payments made before completion of work in progress under a job order.

(b) Upon submission by the Contractor of invoices in the form and number of copies directed by the Contracting Officer, and as approved by the Contracting Officer, the Government will make progress payments as work progresses under the job order.

(1) Generally, the Contractor may submit invoices on a semi-monthly basis, unless expenditures justify a more frequent submission.

(2) The Government need not make progress payments for invoices aggregating less than $5,000.
(3) The Contracting Officer shall approve progress payments based on the value, computed on the price of the job order, of labor and materials incorporated in the work, materials suitably stored at the site of the work, and preparatory work completed, less the aggregate of any previous payments.

(4) Upon request, the Contractor will furnish the Contracting Officer any reports concerning expenditures on the work to date that the Contracting Officer may require.

(c) The Government will retain until final completion and acceptance of all work covered by the job order, an amount estimated or approved by the Contracting Officer under paragraph (b) of this clause. The amount retained will be in accordance with the rate authorized by Congress for Naval vessel repair contracts at the time of job order award.

(d) The Contracting Officer may direct that progress payments be based on the price of the job order as adjusted as a result of change orders under the Changes clause of the Master Agreement. If the Contracting Officer does not so direct—

(1) Payments of any increases shall be made from time to time after the amount of the increase is determined under the Changes clause of the Master Agreement; and

(2) Reductions resulting from decreases shall be made for the purposes of subsequent progress payments as soon as the amounts are determined under the Changes clause of the Master Agreement.

(e) Upon completion of the work under a job order and final inspection and acceptance, and upon submission of invoices in such form and with such copies as the Contracting Officer may prescribe, the Contractor shall be paid for the price of the job order, as adjusted pursuant to the Changes clause of the Master Agreement, less any performance reserves deemed necessary by the Contracting Officer, and less the amount of any previous payments.

(f) All materials, equipment, or any other property or work in process covered by the progress payments made by the Government, upon the making of those progress payments, shall become the sole property of the Government, and are subject to the provisions of the Title clause of the Master Agreement.

(End of clause)

252.217-7008 Bonds.
As prescribed in 217.7104(a), use the following clause:

BONDS (DEC 1991)

(a) If the solicitation requires an offeror to submit a bid bond, the Offeror may furnish, instead, an annual bid bond (or evidence thereof) or an annual performance and payment bond (or evidence thereof).

(b) If the solicitation does not require a bid bond, the Offeror shall not include in the price any contingency to cover the premium of such a bond.
(c) Even if the solicitation does not require bonds, the Contracting Officer may nevertheless require a performance and payment bond, in form, amount, and with a surety acceptable to the Contracting Officer. Where performance and payment bond is required, the offer price shall be increased upon the award of the job order in an amount not to exceed the premium of a corporate surety bond.

(d) If any surety upon any bond furnished in connection with a job order under this agreement fails to submit requested reports as to its financial condition or otherwise becomes unacceptable to the Government, the Contracting Officer may require the Contractor to furnish whatever additional security the Contracting Officer determines necessary to protect the interests of the Government and of persons supplying labor or materials in the performance of the work contemplated under the Master Agreement.

(End of clause)

252.217-7009 Default.
As prescribed in 217.7104(a), use the following clause:

DEFAULT (DEC 1991)

(a) The Government may, subject to the provisions of paragraph (b) of this clause, by written notice of default to the Contractor, terminate the whole or any part of a job order if the Contractor fails to—

1) Make delivery of the supplies or to perform the services within the time specified in a job order or any extension;

2) Make progress, so as to endanger performance of the job order; or

3) Perform any of the other provisions of this agreement or a job order.

(b) Except for defaults of subcontractors, the Contractor shall not be liable for any excess costs if failure to perform the job order arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather.

(c) If the Contractor’s failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to perform the job order within the time specified.

(d) If the Government terminates the job order in whole or in part as provided in paragraph (a) of this clause—

1) The Government may, upon such terms and in such manner as the Contracting Officer may deem appropriate, arrange for the completion of the work so terminated, at such plant or plants, including that of the Contractor, as may be designated by the Contracting Officer.
(i) The Contractor shall continue the performance of the job order to the extent not terminated under the provisions of this clause.

(ii) If the work is to be completed at the plant, the Government may use all tools, machinery, facilities, and equipment of the Contractor determined by the Contracting Office to be necessary for that purpose.

(iii) If the cost to the Government of the work procured or completed (after adjusting such cost to exclude the effect of changes in the plans and specifications made subsequent to the date of termination) exceeds the price fixed for work under the job order (after adjusting such price on account of changes in the plans and specifications made before the date of termination), the Contractor, or the Contractor's surety, if any, shall be liable for such excess.

(2) The Government, in addition to any other rights provided in this clause, may require the Contractor to transfer title and delivery to the Government, in the manner and to the extent directed by the Contracting Officer, any completed supplies and such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (hereinafter called “manufacturing materials”) as the Contractor has specifically produced or specifically acquired for the performance of the terminated part of the job order.

(i) The Contractor shall, upon direction of the Contracting Officer, protect and preserve property in possession of the Contractor in which the Government has an interest.

(ii) The Government shall pay to the Contractor the job order price for completed items of work delivered to and accepted by the Government, and the amount agreed upon by the Contractor and the Contracting Officer for manufacturing materials delivered to and accepted by the Government, and for the protection and preservation of property. Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause.

(e) If, after notice of termination of the job order, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the notice of termination had been issued for the convenience of the Government.

(f) If the Contractor fails to complete the performance of a job order within the time specified, or any extension, the actual damage to the Government for the delay will be difficult or impossible to determine.

(1) In lieu of actual damage, the Contractor shall pay to the Government as fixed, agreed, and liquidated damages for each calendar day of delay the amount, if any, set forth in the job order (prorated to the nearest hour for fractional days).

(2) If the Government terminates the job order, the Contractor shall be liable, in addition to the excess costs provided in paragraph (d) of this clause, for liquidated damages accruing until such time as the Government may reasonably obtain completion of the work.
(3) The Contractor shall not be charged with liquidated damages when the delay arises out of causes beyond the control and without the fault or negligence of the Contractor. Subject to the provisions of the Disputes clause of the Master Agreement, the Contracting Officer shall ascertain the facts and the extent of the delay and shall extend the time for performance when in the judgment of the Contracting Officer, the findings of fact justify an extension.

(g) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law under this agreement.

(End of clause)

252.217-7010 Performance.
As prescribed in 217.7104(a), use the following clause:

PERFORMANCE (JUL 2009)

(a) Upon the award of a job order, the Contractor shall promptly start the work specified and shall diligently prosecute the work to completion. The Contractor shall not start work until the job order has been awarded except in the case of emergency work ordered by the Contracting Officer under the Job Orders and Compensation clause of the Master Agreement.

(b) The Government shall deliver the vessel described in the job order at the time and location specified in the job order. Upon completion of the work, the Government shall accept delivery of the vessel at the time and location specified in the job order.

(c) The Contractor shall, without charge and without specific requirement in a job order—

1. Make available at the plant to personnel of the vessel while in dry dock or on a marine railway, sanitary lavatory and similar facilities acceptable to the Contracting Officer;

2. Supply and maintain suitable brows and gangways from the pier, dry dock, or marine railway to the vessel;

3. Treat salvage, scrap or other ship's material of the Government resulting from performance of the work as items of Government-furnished property, in accordance with the Government Property clause;

4. Perform, or pay the cost of, any repair, reconditioning or replacement made necessary as the result of the use by the Contractor of any of the vessel's machinery, equipment or fittings, including, but not limited to, winches, pumps, rigging, or pipe lines; and

5. Furnish suitable offices, office equipment and telephones at or near the site of the work for the Government's use.

(d) The job order will state whether dock and sea trials are required to determine whether or not the Contractor has satisfactorily performed the work.
(1) If dock and sea trials are required, the vessel shall be under the control of the vessel's commander and crew.

(2) The Contractor shall not conduct dock and sea trials not specified in the job order without advance approval of the Contracting Officer. Dock and sea trials not specified in the job order shall be at the Contractor’s expense and risk.

(3) The Contractor shall provide and install all fittings and appliances necessary for dock and sea trials. The Contractor shall be responsible for care, installation, and removal of instruments and apparatus furnished by the Government for use in the trials.

(End of clause)

252.217-7011 Access to Vessel.
As prescribed at 217.7104(a), use the following clause:

ACCESS TO VESSEL (DEC 1991)

(a) Upon the request of the Contracting Officer, the Contractor shall grant admission to the Contractor's facilities and access to vessel, on a non-interference basis, as necessary to perform their respective responsibilities, to a reasonable number of:

(1) Government and other Government contractor employees (in addition to those Government employees attached to the vessel); and

(2) Representatives of offerors on other contemplated Government work.

(b) All personnel granted access shall comply with Contractor rules governing personnel at its shipyard.

(End of clause)

252.217-7012 Liability and Insurance.
As prescribed in 217.7104(a), use the following clause:

LIABILITY AND INSURANCE (AUG 2003)

(a) The Contractor shall exercise its best efforts to prevent accidents, injury, or damage to all employees, persons, and property, in and about the work, and to the vessel or part of the vessel upon which work is done.

(b) Loss or damage to the vessel, materials, or equipment.

(1) Unless otherwise directed or approved in writing by the Contracting Officer, the Contractor shall not carry insurance against any form of loss or damage to the vessel(s) or to the materials or equipment to which the Government has title or which have been furnished by the Government for installation by the Contractor. The Government assumes the risks of loss of and damage to that property.

(2) The Government does not assume any risk with respect to loss or damage compensated for by insurance or otherwise or resulting from risks with respect to which
the Contractor has failed to maintain insurance, if available, as required or approved by the Contracting Officer.

(3) The Government does not assume risk of and will not pay for any costs of the following:

(i) Inspection, repair, replacement, or renewal of any defects in the vessel(s) or material and equipment due to—

(A) Defective workmanship performed by the Contractor or its subcontractors;

(B) Defective materials or equipment furnished by the Contractor or its subcontracts; or

(C) Workmanship, materials, or equipment which do not conform to the requirements of the contract, whether or not the defect is latent or whether or not the nonconformance is the result of negligence.

(ii) Loss, damage, liability, or expense caused by, resulting from, or incurred as a consequence of any delay or disruption, willful misconduct or lack of good faith by the Contractor or any of its representatives that have supervision or direction of—

(A) All or substantially all of the Contractor's business; or

(B) All or substantially all of the Contractor's operation at any one plant.

(4) As to any risk that is assumed by the Government, the Government shall be subrogated to any claim, demand or cause of action against third parties that exists in favor of the Contractor. If required by the Contracting Officer, the Contractor shall execute a formal assignment or transfer of the claim, demand, or cause of action.

(5) No party other than the Contractor shall have any right to proceed directly against the Government or join the Government as a co-defendant in any action.

(6) Notwithstanding the foregoing, the Contractor shall bear the first $50,000 of loss or damage from each occurrence or incident, the risk of which the Government would have assumed under the provisions of this paragraph (b).

(c) Indemnification. The Contractor indemnifies the Government and the vessel and its owners against all claims, demands, or causes of action to which the Government, the vessel or its owner(s) might be subject as a result of damage or injury (including death) to the property or person of anyone other than the Government or its employees, or the vessel or its owner, arising in whole or in part from the negligence or other wrongful act of the Contractor or its agents or employees, or any subcontractor, or its agents or employees.

(1) The Contractor's obligation to indemnify under this paragraph shall not exceed the sum of $300,000 as a consequence of any single occurrence with respect to any one vessel.
(2) The indemnity includes, without limitation, suits, actions, claims, costs, or demands of any kind, resulting from death, personal injury, or property damage occurring during the period of performance of work on the vessel or within 90 days after redelivery of the vessel. For any claim, etc., made after 90 days, the rights of the parties shall be as determined by other provisions of this agreement and by law. The indemnity does apply to death occurring after 90 days where the injury was received during the period covered by the indemnity.

(d) Insurance.

(1) The Contractor shall, at its own expense, obtain and maintain the following insurance—

(i) Casualty, accident, and liability insurance, as approved by the Contracting Officer, insuring the performance of its obligations under paragraph (c) of this clause.

(ii) Workers Compensation Insurance (or its equivalent) covering the employees engaged on the work.

(2) The Contractor shall ensure that all subcontractors engaged on the work obtain and maintain the insurance required in paragraph (d)(1) of this clause.

(3) Upon request of the Contracting Officer, the Contractor shall provide evidence of the insurance required by paragraph (d) of this clause.

(e) The Contractor shall not make any allowance in the job order price for the inclusion of any premium expense or charge for any reserve made on account of self-insurance for coverage against any risk assumed by the Government under this clause.

(f) The Contractor shall give the Contracting Officer written notice as soon as practicable after the occurrence of a loss or damage for which the Government has assumed the risk.

(1) The notice shall contain full details of the loss or damage.

(2) If a claim or suit is later filed against the Contractor as a result of the event, the Contractor shall immediately deliver to the Government every demand, notice, summons, or other process received by the Contractor or its employees or representatives.

(3) The Contractor shall cooperate with the Government and, upon request, shall assist in effecting settlements, securing and giving evidence, obtaining the attendance of witnesses, and in the conduct of suits. The Government shall reimburse the Contractor for expenses incurred in this effort, other than the cost of maintaining the Contractor's usual organization.

(4) The Contractor shall not, except at its own expense, voluntarily make any payment, assume any obligation, or incur any expense other than what would be imperative for the protection of the vessel(s) at the time of the event.
(g) In the event or loss of or damage to any vessel(s), material, or equipment which may result in a claim against the Government under the insurance provisions of this contract, the Contractor shall promptly notify the Contracting Officer of the loss or damage. The Contracting Officer may, without prejudice to any other right of the Government, either—

(1) Order the Contractor to proceed with replacement or repair, in which event the Contractor shall effect the replacement or repair;

   (i) The Contractor shall submit to the Contracting Officer a request for reimbursement of the cost of the replacement or repair together with whatever supporting documentation the Contracting Officer may reasonably require, and shall identify the request as being submitted under the Insurance clause of the agreement.

   (ii) If the Government determines that the risk of the loss or damage is within the scope of the risks assumed by the Government under this clause, the Government will reimburse the Contractor for the reasonable, allowable cost of the replacement or repair, plus a reasonable profit (if the work or replacement or repair was performed by the Contractor) less the deductible amount specified in paragraph (b) of this clause.

   (iii) Payments by the Government to the Contractor under this clause are outside the scope of and shall not affect the pricing structure of the contract, and are additional to the compensation otherwise payable to the Contractor under this contract; or

(2) In the event the Contracting Officer decides that the loss or damage shall not be replaced or repaired, the Contracting Officer shall—

   (i) Modify the contract appropriately, consistent with the reduced requirements reflected by the unreplaced or unrepaired loss or damage; or

   (ii) Terminate the repair of any part or all of the vessel(s) under the Termination for Convenience of the Government clause of this agreement.

(End of clause)

252.217-7013 Guarantees.
As prescribed in 217.7104(a), use the following clause:

GUARANTEES (DEC 1991)

   (a) In the event any work performed or materials furnished by the contractor under the Master Agreement prove defective or deficient within 90 days from the date of redelivery of the vessel(s), the Contractor, as directed by the Contracting Officer and at its own expense, shall correct and repair the deficiency to the satisfaction of the Contracting Officer.

   (b) If the Contractor or any subcontractor has a guarantee for work performed or materials furnished that exceeds the 90 day period, the Government shall be entitled to rely upon the longer guarantee until its expiration.
(c) With respect to any individual work item identified as incomplete at the time of redelivery of the vessel(s), the guarantee period shall run from the date the item is completed.

(d) If practicable, the Government shall give the Contractor an opportunity to correct the deficiency.

1) If the Contracting Officer determines it is not practicable or is otherwise not advisable to return the vessel(s) to the Contractor, or the Contractor fails to proceed with the repairs promptly, the Contracting Officer may direct that the repairs be performed elsewhere, at the Contractor's expense.

2) If correction and repairs are performed by other than the Contractor, the Contracting Officer may discharge the Contractor's liability by making an equitable deduction in the price of the job order.

(e) The Contractor's liability shall extend for an additional 90 day guarantee period on those defects or deficiencies that the Contractor corrected.

(f) At the option of the Contracting Officer, defects and deficiencies may be left uncorrected. In that event, the Contractor and Contracting Officer shall negotiate an equitable reduction in the job price. Failure to agree upon an equitable reduction shall constitute a dispute under the Disputes clause of this agreement.

(End of clause)

252.217-7014 Discharge of Liens.  
As prescribed in 217.7104(a), use the following clause:

DISCHARGE OF LIENS (DEC 1991)

Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact)

“Commercially available off-the-shelf item”—

(i) Means any item of supply that is—

(A) A commercial item (as defined in paragraph (1) of the definition of “commercial item” in section 2.101 of the Federal Acquisition Regulation);

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under this contract or a subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

“Component” means any item supplied to the Government as part of an end item or of another component.

“Subsystem” means a functional grouping of items that combine to perform a major function within an end item, such as electrical power, attitude control, and propulsion.

(b) Restriction. Except as provided in paragraph (c) of this clause, any specialty metals incorporated in items delivered under this contract shall be melted or produced in the United States, its outlying areas, or a qualifying country.

(c) Exceptions. The restriction in paragraph (b) of this clause does not apply to—

(1) Electronic components.

(2)(i) Commercially available off-the-shelf (COTS) items, other than—
(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, or sheet, that have not been incorporated into COTS end items, subsystems, assemblies, or components;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems; and

(ii) A COTS item is considered to be “without modification” if it is not modified prior to contractual acceptance by the next higher tier in the supply chain.

(A) Specialty metals in a COTS item that was accepted without modification by the next higher tier are excepted from the restriction in paragraph (b) of this clause, and remain excepted, even if a piece of the COTS item subsequently is removed (e.g., the end is removed from a COTS screw or an extra hole is drilled in a COTS bracket).

(B) Specialty metals that were not contained in a COTS item upon acceptance, but are added to the COTS item after acceptance, are subject to the restriction in paragraph (b) of this clause (e.g., a special reinforced handle made of specialty metal is added to a COTS item).

(C) If two or more COTS items are combined in such a way that the resultant item is not a COTS item, only the specialty metals involved in joining the COTS items together are subject to the restriction in paragraph (b) of this clause (e.g., a COTS aircraft is outfitted with a COTS engine that is not the COTS engine normally provided with the aircraft).

(D) For COTS items that are normally sold in the commercial marketplace with various options, items that include such options are also COTS items. However, if a COTS item is offered to the Government with an option that is not normally offered in the commercial marketplace, that option is subject to the restriction in paragraph (b) of this clause (e.g., an aircraft is normally sold to the public with an option for installation kits. The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(3) Fasteners that are commercial items, if the manufacturer of the fasteners certifies it will purchase, during the relevant calendar year, an amount of domestically
melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and other customers, that is not less than 50 percent of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers.

(4) Items manufactured in a qualifying country.

(5) Specialty metals for which the Government has determined in accordance with DFARS 225.7003-3 that specialty metal melted or produced in the United States, its outlying areas, or a qualifying country cannot be acquired as and when needed in—

(i) A satisfactory quality;

(ii) A sufficient quantity; and

(iii) The required form.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) Compliance for commercial derivative military articles.

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(i) The Contracting Officer has notified the Contractor of the items to be delivered under this contract that have been determined by the Government to meet the definition of “commercial derivative military article”; and

(ii) For each item that has been determined by the Government to meet the definition of “commercial derivative military article,” the Contractor has certified, as specified in the provision of the solicitation entitled “Commercial Derivative Military Article—Specialty Metals Compliance Certificate” (DFARS 252.225-7010), that the Contractor and its subcontractor(s) will enter into a contractual agreement or agreements to purchase an amount of domestically melted or produced specialty metal in the required form, for use during the period of contract performance in the production of each commercial derivative military article and the related commercial article, that is not less than the Contractor’s good faith estimate of the greater of—

(A) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(B) An amount equivalent to 50 percent of the amount of specialty
metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) Subcontracts.

(1) The Contractor shall exclude and reserve paragraph (d) and this paragraph (e)(1) when flowing down this clause to subcontracts.

(2) The Contractor shall insert paragraphs (a) through (c) and this paragraph (e)(2) of this clause in subcontracts, including subcontracts for commercial items, that are for items containing specialty metals to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting this clause in subcontracts, the Contractor shall—

(i) Modify paragraph (c)(6) of this clause only as necessary to facilitate management of the minimal content exception at the prime contract level. The minimal content exception does not apply to specialty metals contained in high-performance magnets; and

(ii) Not further alter the clause other than to identify the appropriate parties.

solicitation, and if the Government approves the designation of the listed item(s) as commercial derivative military articles, the offeror and its subcontractor(s) will demonstrate that individually or collectively they have entered into a contractual agreement or agreements to purchase an amount of domestically melted or produced specialty metal in the required form, for use during the period of contract performance in the production of each commercial derivative military article and the related commercial article, that is not less than the Contractor’s good faith estimate of the greater of—

(1) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(2) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(d) Remedies. In addition to other remedies available to the Government—

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor or subcontractor personnel performing private security functions who fail to comply with or violate applicable requirements of this clause or 32 CFR part 159. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract;

(2) The Contractor's failure to comply with the requirements of this clause will be included in appropriate databases of past performance and considered in any responsibility determination or evaluation of past performance; and

(3) If this is an award-fee contract, the Contractor's failure to comply with the requirements of this clause shall be considered in the evaluation of the Contractor's performance during the relevant evaluation period, and the Contracting Officer may treat such failure to comply as a basis for reducing or denying award fees for such period or for recovering all or part of award fees previously paid for such period.

(e) Rule of construction. The duty of the Contractor to comply with the requirements of this clause shall not be reduced or diminished by the failure of a higher- or lower-tier Contractor or subcontractor to comply with the clause requirements or by a failure of the contracting activity to provide required oversight.

(f) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts, including subcontracts for commercial items, when private security functions will be performed outside the United States in areas of—

(1) Contingency operations;
(2) Combat operations, as designated by the Secretary of Defense;

(3) Other significant military operations (as defined in 32 CFR part 159), designated by the Secretary of Defense upon agreement of the Secretary of State;

(4) Peace operations, consistent with Joint Publication 3-07.3; or

(5) Other military operations or military exercises, when designated by the Combatant Commander.

(End of clause)

As prescribed in 225.371-5(a), use the following clause:

CONTRACTOR PERSONNEL SUPPORTING U.S. ARMED FORCES DEPLOYED OUTSIDE THE UNITED STATES (OCT 2015)

(a) Definitions. As used in this clause—

“Combatant Commander” means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

“Contractors authorized to accompany the Force,” or “CAAF,” means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen and third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Designated operational area” means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

“Designated reception site” means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

“Law of war” means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and
international agreements to which the United States is a party, and applicable customary international law.

“Non-CAAF” means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Subordinate joint force commander” means a sub-unified commander or joint task force commander.

(b) General.

(1) This clause applies to both CAAF and non-CAAF when performing in a designated operational area outside the United States to support U.S. Armed Forces deployed outside the United States in—

(i) Contingency operations;

(ii) Peace operations, consistent with Joint Publication 3-07.3; or

(iii) Other military operations or military exercises, when designated by the Combatant Commander or as directed by the Secretary of Defense.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel supporting the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) Support.

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil
authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

(A) The Contractor cannot obtain effective security services;

(B) Effective security services are unavailable at a reasonable cost; or

(C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U.S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized.

(3) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(d) Compliance with laws and regulations.

(1) The Contractor shall comply with, and shall ensure that its personnel supporting U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable—

(i) United States, host country, and third country national laws;

(ii) Provisions of the law of war, as well as any other applicable treaties and
international agreements;

   (iii) United States regulations, directives, instructions, policies, and procedures; and

   (iv) Orders, directives, and instructions issued by the Combatant Commander, including those relating to force protection, security, health, safety, or relations and interaction with local nationals.

(2) The Contractor shall institute and implement an effective program to prevent violations of the law of war by its employees and subcontractors, including law of war training in accordance with paragraph (e)(1)(vii) of this clause.

(3) The Contractor shall ensure that CAAF and non-CAAF are aware—

   (i) Of the DoD definition of “sexual assault” in DoD Directive 6495.01, Sexual Assault Prevention and Response Program;

   (ii) That the offenses addressed by the definition are covered under the Uniform Code of Military Justice (see paragraph (e)(2)(iv) of this clause). Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

   (iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences to the contractor employees (see paragraph (h)(1) of this clause).

(4) The Contractor shall report to the appropriate investigative authorities, identified in paragraph (d)(6) of this clause, any alleged offenses under—

   (i) The Uniform Code of Military Justice (chapter 47 of title 10, United States Code) (applicable to contractors serving with or accompanying an armed force in the field during a declared war or contingency operations); or

(5) The Contractor shall provide to all contractor personnel who will perform work on a contract in the deployed area, before beginning such work, information on the following:

   (i) How and where to report an alleged crime described in paragraph (d)(4) of this clause.

   (ii) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (d)(4) of this clause.

   (iii) That this section does not create any rights or privileges that are not authorized by law or DoD policy.
(6) The appropriate investigative authorities to which suspected crimes shall be reported include the following—

   (iii) Navy Criminal Investigative Service at http://www.ncis.navy.mil/Pages/publicdefault.aspx;

   (v) To any command of any supported military element or the command of any base.

(7) Personnel seeking whistleblower protection from reprisals for reporting criminal acts shall seek guidance through the DoD Inspector General hotline at 800-424-9098 or www.dodig.mil/HOTLINE/index.html. Personnel seeking other forms of victim or witness protections should contact the nearest military law enforcement office.

(8)(i) The Contractor shall ensure that Contractor employees supporting the U.S. Armed Forces are aware of their rights to—

   (A) Hold their own identity or immigration documents, such as passport or driver’s license, regardless of the documents’ issuing authority;

   (B) Receive agreed upon wages on time;

   (C) Take lunch and work-breaks;

   (D) Elect to terminate employment at any time;

   (E) Identify grievances without fear of reprisal;

   (F) Have a copy of their employment contract in a language they understand;

   (G) Receive wages that are not below the legal host-country minimum wage;

   (H) Be notified of their rights, wages, and prohibited activities prior to signing their employment contract; and

   (I) If housing is provided, live in housing that meets host-country housing and safety standards.

(ii) The Contractor shall post these rights in employee work spaces in English and in any foreign language(s) spoken by a significant portion of the workforce.
(iii) The Contractor shall enforce the rights of Contractor personnel supporting the U.S. Armed Forces.

(e) Preliminary personnel requirements.

(1) The Contractor shall ensure that the following requirements are met prior to deploying CAAF (specific requirements for each category will be specified in the statement of work or elsewhere in the contract):

(ii) All CAAF deploying in support of an applicable operation—

(A) Are medically, dentally, and psychologically fit for deployment and performance of their contracted duties;

(B) Meet the minimum medical screening requirements, including theater-specific medical qualifications as established by the geographic Combatant Commander (as posted to the Geographic Combatant Commander’s website or other venue); and

(C) Have received all required immunizations as specified in the contract.

(1) During predeployment processing, the Government will provide, at no cost to the Contractor, any military-specific immunizations and/or medications not available to the general public.

(2) All other immunizations shall be obtained prior to arrival at the deployment center.

(3) All CAAF and selected non-CAAF, as specified in the statement of work, shall bring to the designated operational area a copy of the U.S. Centers for Disease Control and Prevention (CDC) Form 731, International Certificate of Vaccination or Prophylaxis as Approved by the World Health Organization, (also known as "shot record" or "Yellow Card") that shows vaccinations are current.

(iii) Deploying personnel have all necessary passports, visas, and other documents required to enter and exit a designated operational area and have a Geneva Conventions identification card, or other appropriate DoD identity credential, from the deployment center.

(iv) Special area, country, and theater clearance is obtained for all personnel deploying. Clearance requirements are in DoD Directive 4500.54E, DoD Foreign Clearance Program. For this purpose, CAAF are considered non-DoD contractor personnel traveling under DoD sponsorship.

(v) All deploying personnel have received personal security training. At a minimum, the training shall—
(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract, in accordance with DoD Instruction 1300.23, Isolated Personnel Training for DoD Civilian and Contractors.

(vii) Personnel have received law of war training as follows:

(A) Basic training is required for all CAAF. The basic training will be provided through—

(1) A military-run training center; or

(2) A web-based source, if specified in the contract or approved by the Contracting Officer.

(B) Advanced training, commensurate with their duties and responsibilities, may be required for some Contractor personnel as specified in the contract.

(2) The Contractor shall notify all personnel who are not a host country national, or who are not ordinarily resident in the host country, that—

(i) Such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States in accordance with the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3621, et seq.);

(ii) Pursuant to the War Crimes Act (18 U.S.C. 2441), Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the United States;

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of U.S. diplomatic, consular, military or other U.S. Government missions outside the United States (18 U.S.C. 7(9)); and

(iv) In time of declared war or a contingency operation, CAAF are subject to the jurisdiction of the Uniform Code of Military Justice under 10 U.S.C. 802(a)(10).

(v) Such employees are required to report offenses alleged to have been committed by or against Contractor personnel to appropriate investigative authorities.

(vi) Such employees will be provided victim and witness protection and assistance.
(f) **Processing and departure points.** CAAF shall—

1. Process through the deployment center designated in the contract, or as otherwise directed by the Contracting Officer, prior to deploying. The deployment center will conduct deployment processing to ensure visibility and accountability of Contractor personnel and to ensure that all deployment requirements are met, including the requirements specified in paragraph (e)(1) of this clause;

2. Use the point of departure and transportation mode directed by the Contracting Officer; and

3. Process through a designated reception site (DRS) upon arrival at the deployed location. The DRS will validate personnel accountability, ensure that specific designated operational area entrance requirements are met, and brief Contractor personnel on theater-specific policies and procedures.

(g) **Personnel data.**

1. The Contractor shall use the Synchronized Predeployment and Operational Tracker (SPOT) web-based system, to enter and maintain the data for all CAAF and, as designated by USD(AT&L) or the Combatant Commander, non-CAAF supporting U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause.

2. The Contractor shall enter the required information about their contractor personnel prior to deployment and shall continue to use the SPOT web-based system at [https://spot.dmnl](https://spot.dmnl) to maintain accurate, up-to-date information throughout the deployment for all Contractor personnel. Changes to status of individual Contractor personnel relating to their in-theater arrival date and their duty location, to include closing out the deployment with their proper status (e.g., mission complete, killed, wounded) shall be annotated within the SPOT database in accordance with the timelines established in the SPOT Business Rules at [http://www.acq.osd.mil/log/PS/ctr_mgt_accountability.html](http://www.acq.osd.mil/log/PS/ctr_mgt_accountability.html).

(h) **Contractor personnel.**

1. The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who jeopardize or interfere with mission accomplishment or who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government’s discretion without prejudice to its rights under any other provision of this contract, including the Termination for Default clause.

2.    (ii) Carry the written authorization with them at all times.

(2) Contractor personnel may wear military-unique organizational clothing and individual equipment (OCIE) required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(3) The deployment center, or the Combatant Commander, shall issue OCIE and shall provide training, if necessary, to ensure the safety and security of Contractor personnel.

(4) The Contractor shall ensure that all issued OCIE is returned to the point of issue, unless otherwise directed by the Contracting Officer.

(j) Weapons.

(1) If the Contractor requests that its personnel performing in the designated operational area be authorized to carry weapons for individual self-defense, the request shall be made through the Contracting Officer to the Combatant Commander, in accordance with DoD Instruction 3020.41, Operational Contractor Support. (v) Understand that the inappropriate use of force could subject them to U.S. or host-nation prosecution and civil liability.

(4) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(5) Upon redeployment or revocation by the Combatant Commander of the Contractor’s authorization to issue firearms, the Contractor shall ensure that all Government-issued weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(k) **Vehicle or equipment licenses.** Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the designated operational area.

(l) **Purchase of scarce goods and services.** If the Combatant Commander has established an organization for the designated operational area whose function is to determine that certain items are scarce goods or services, the Contractor shall coordinate with that organization local purchases of goods and services designated as scarce, in accordance with instructions provided by the Contracting Officer.

Any change order issued in accordance with this paragraph (p) shall be subject to the provisions of the Changes clause of this contract.

The offeror represents that it has been duly authorized to operate and to do business in the country or countries in which the contract is to be performed.

(End of provision)

As prescribed in 225.372-2, use the following clause:

(a) Definition. “United States,” as used in this clause, means, the 50 States, the District of Columbia, and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall—

(End of clause)

Basic. As prescribed in 225.7503(a) and (a)(1), use the following clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL—BASIC (NOV 2014)

(a) Definitions. As used in this clause—
“Commercially available off-the-shelf (COTS) item”—

(i) Means any item of supply (including construction material) that is—

(A) A commercial item (as defined in paragraph (1) of the definition of “commercial item” in section 2.101 of the Federal Acquisition Regulation);

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

“Component” means any article, material, or supply incorporated directly into construction material.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means—

(i) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(ii) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

“Domestic construction material” means—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of
foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(B) The construction material is a COTS item.

“United States” means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference. This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial item; or

(3) The construction material or components listed by the Government as follows:

___________________________________________________________________________

[Contracting Officer to list applicable excepted materials or indicate “none”]

(End of clause)

Alternate I. As prescribed in 225.7503(a) and (a)(2), use the following clause, which adds definitions for “South Caucasus/Central and South Asian (SC/CASA) state” and “SC/CASA state construction material” to paragraph (a), and uses “domestic construction material or SC/CASA state construction material” instead of “domestic construction material” in the second sentence of paragraph (b):

(i) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA

“United States” means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference. This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material or SC/CASA state construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial item; or

(3) The construction material or components listed by the Government as follows:

____________________________________________________________________________

[Contracting Officer to list applicable excepted materials or indicate “none”].

(End of clause)

Basic. As prescribed in 225.7503(b) and (b)(1), use the following clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS—BASIC (SEP 2016)

(a) Definitions. As used in this clause—

“Caribbean Basin country construction material” means a construction material that—

(i) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

“Commercially available off-the-shelf (COTS) item”—

(i) Means any item of supply (including construction material) that is—

(A) A commercial item (as defined in paragraph (1) of the definition of “commercial item” in section 2.101 of the Federal Acquisition Regulation);

(B) Sold in substantial quantities in the commercial marketplace; and
(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(ii) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

“Component” means any article, material, or supply incorporated directly into construction material.

“Construction material” means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means—

(i) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(ii) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

“Designated country” means—

(i) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as “the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu” (Chinese Taipei)), Ukraine, or the United Kingdom);

(ii) A Free Trade Agreement country (Australia, Bahrain, Canada, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);
(iii) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

“Designated country construction material” means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

“Domestic construction material” means—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(B) The construction material is a COTS item.

“Free Trade Agreement country construction material” means a construction material that—

(i) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

“Least developed country construction material” means a construction material that—

(i) Is wholly the growth, product, or manufacture of a least developed country; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least
developed country into a new and different construction material distinct from the materials from which it was transformed.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“WTO GPA country construction material” means a construction material that—

(i) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction materials.

(c) The Contractor shall use only domestic or designated country construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;
