The CCL includes ten categories and five product groups in each category, many of which contain 600 series items. Since not all items covered by the USML or 600 series of the CCL are themselves munitions (e.g., protective personnel equipment, military training equipment), the requiring activity should consult the USML and the 600 series of the CCL before concluding that an item is or is not covered. See [PGI 225.770-4](#).

(c)(1) The official granting a waiver shall submit a report to the congressional defense committees, with a copy to the Director of Defense Procurement and Acquisition Policy (see [PGI 225.770-5](#)), not less than 15 days before issuing the waiver.

(2) In the report, the official shall—

(g) Emergency acquisitions by activities located outside the United States for personnel of those activities.

(h) Acquisitions by vessels in foreign waters.

(i) Acquisitions of items specifically for commissary resale.

Defense Federal Acquisition Regulation Supplement

(j) Acquisitions of incidental amounts of cotton, other natural fibers, or wool incorporated in an end product, for which the estimated value of the cotton, other natural fibers, or wool—

- (1) Is not more than 10 percent of the total price of the end product; and
- (2) Does not exceed the simplified acquisition threshold.

(k) Acquisitions of waste and byproducts of cotton or wool fiber for use in the production of propellants and explosives.

(l) Acquisitions of foods manufactured or processed in the United States, regardless of where the foods (and any component if applicable) were grown or produced. However, in accordance with section 8118 of the DoD Appropriations Act for Fiscal Year 2005 (Pub. L. 108-287), this exception does not apply to fish, shellfish, or seafood manufactured or processed in the United States or fish, shellfish, or seafood contained in foods manufactured or processed in the United States.

(m) Acquisitions of fibers and yarns that are for use in synthetic fabric or coated synthetic fabric (but not the purchase of the synthetic or coated synthetic fabric itself), if—

(1) The fabric is to be used as a component of an end product that is not a textile product. Examples of textile products, made in whole or in part of fabric, include—

(i) Draperies, floor coverings, furnishings, and bedding (Product or Service Group (PSG) 72, Household and Commercial Furnishings and Appliances);

(ii) Items made in whole or in part of fabric in PSG 83, Textile/leather/furs/apparel/findings/tents/flags, or PSG 84, Clothing, Individual Equipment and Insignia;

(o) Acquisitions that are interagency, State, or local purchases that are executed by DoD as a result of the transfer of contracts from the General Services Administration or for which DoD serves as an item manager for products on behalf of the General Services Administration. According to section 897 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114-92), such contracts shall not be subject to requirements under chapter 148 of title 10, United States Code (including 10 U.S.C. 2533a), to the extent such contracts are for purchases of products by other Federal agencies or State or local governments.

225.7002-3 Contract clauses.

Unless an exception at [225.7002-2](#) applies—

(a) Use the clause at [252.225-7012](#), Preference for Certain Domestic Commodities, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items.

(b) Use the clause at [252.225-7015](#), Restriction on Acquisition of Hand or Measuring Tools, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that exceed the simplified acquisition threshold that require delivery of hand or measuring tools.

(c) Use the clause at [252.225-7006](#), Acquisition of the American Flag, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that are for the acquisition of the American flag, with an estimated value that exceeds the simplified acquisition threshold.

225.7003 Restrictions on acquisition of specialty metals.

225.7003-1 Definitions.

As used in this section—

(a) “Assembly,” “commercial derivative military article,” “commercially available off-the-shelf item,” “component,” “electronic component,” “end item,” “high performance magnet,” “required form,” and “subsystem” are defined in the clause at [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals.

(b) “Automotive item”—

(1) Means a self-propelled military transport tactical vehicle, primarily intended for use by military personnel or for carrying cargo, such as—

- (i) A high-mobility multipurpose wheeled vehicle;
- (ii) An armored personnel carrier; or
- (iii) A troop/cargo-carrying truckcar, truck, or van; and

(2) Does not include—

- (i) A commercially available off-the-shelf vehicle; or
- (ii) Construction equipment (such as bulldozers, excavators, lifts, or loaders) or other self-propelled equipment (such as cranes or aircraft ground support equipment).

(c) “Produce” and “specialty metal” are defined in the clauses at [252.225-7008](#), Restriction on Acquisition of Specialty Metals, and [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals.

225.7003-2 Restrictions.

(a) The following restrictions implement 10 U.S.C. 2533b. Except as provided in [225.7003-3](#)—

(1) Do not acquire the following items, or any components of the following items, unless any specialty metals contained in the items or components are melted or produced in the United States (also see guidance at [PGI 225.7003-2\(a\)](#)):

- (i) Aircraft.
- (ii) Missile or space systems.
- (iii) Ships.
- (iv) Tank or automotive items.
- (v) Weapon systems.
- (vi) Ammunition.

(2) Do not acquire a specialty metal (e.g., raw stock, including bar, billet, slab, wire, plate, and sheet; castings; and forgings) as an end item, unless the specialty metal is melted or produced in the United States. This restriction applies to specialty metal acquired by a contractor for delivery to DoD as an end item, in addition to specialty metal acquired by DoD directly from the entity that melted or produced the specialty metal.

(b) For more information on specialty metals restrictions and reporting of noncompliances, see http://www.acq.osd.mil/dpap/cpic/ic/restrictions_on_specialty_metals_10_usc_2533b.html.

225.7003-3 Exceptions.

(a) Acquisitions in the following categories are not subject to the restrictions in [225.7003-2](#):

- (1) Acquisitions at or below the simplified acquisition threshold.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(6) Acquisitions of items for test and evaluation under the foreign comparative testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any acquisitions under follow-on production contracts.

(b) One or more of the following exceptions may apply to an end item or component that includes any of the following, under a prime contract or subcontract at any tier. The restrictions in [225.7003-2](#) do not apply to the following:

(1) Electronic components, unless the Secretary of Defense, upon the recommendation of the Strategic Materials Protection Board pursuant to 10 U.S.C. 187, determines that the domestic availability of a particular electronic component is critical to national security.

(2)(i) Commercially available off-the-shelf (COTS) items containing specialty metals, except the restrictions do apply to contracts or subcontracts for the acquisition of—

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

(2) The fasteners qualify for the commercial item exception in paragraph (b)(3) of this subsection.

(ii) If this exception is used for an acquisition of COTS end items valued at \$5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at [PGI 225.7003-3\(b\)\(2\)](#).

(3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(4) Items listed in [225.7003-2\(a\)](#), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in [225.7003-2](#) if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (i.e., a domestic nonavailability determination). See guidance in [PGI 225.7003-3\(b\)\(5\)](#).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract. The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (i.e., a class domestic nonavailability determination), requires the approval of the USD(AT&L).

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities website (www.FedBizOpps.gov or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See [PGI 225.7003-3\(b\)\(6\)](#) for a table of applicability of specialty metals restrictions to magnets.

(c) *Compliance for commercial derivative military articles.* The restrictions at 225.7003-2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at [252.225-7010](#); and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at [PGI 225.7003-3\(c\)](#)). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) *National security waiver.* The USD(AT&L) may waive the restrictions at [225.7003-2](#) if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at [PGI 225.7003-3\(d\)](#)). This authority may not be delegated.

(1) The written determination of the USD(AT&L)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(AT&L) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

225.7003-4 One-time waiver.

DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

(a) Final acceptance takes place before September 30, 2010;

(b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;

(c) The contracting officer determines in writing that—

(1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;

(2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for future items produced, manufactured, or assembled in the United States; and

(3) The non-compliance was not knowing or willful;

(d) The determination is approved by—

(1) The USD(AT&L); or

(2) The service acquisition executive of the military department concerned; and

(e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities website at www.FedBizOpps.gov, stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

225.7003-5 Solicitation provision and contract clauses.

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at [225.7003-2](#) because the acquisition is covered by an exception in [225.7003-3\(a\)](#) or (d) (but see paragraph (d) of this subsection)—

(1) Use the clause at [252.225-7008](#), Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at [252.225-7009](#), Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

(A) Aircraft.

(B) Missile or space systems.

(C) Ships.

(D) Tank or automotive items.

(E) Weapon systems.

(F) Ammunition.

(b) Use the provision at [252.225-7010](#), Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items,—

(1) That contain the clause at [252.225-7009](#); and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at [225.7003-3\(a\)\(2\)](#) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

225.7004 Restriction on acquisition of foreign buses.

225.7004-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire a multipassenger motor vehicle (bus) unless it is manufactured in the United States, Australia, Canada, or the United Kingdom.

225.7004-2 Applicability.

Apply this restriction if the buses are purchased, leased, rented, or made available under contracts for transportation services.

225.7004-3 Exceptions.

This restriction does not apply in any of the following circumstances:

(a) Buses manufactured outside the United States, Australia, Canada, or the United Kingdom are needed for temporary use because buses manufactured in the United States, Australia, Canada, or the United Kingdom are not available to satisfy requirements that cannot be postponed. Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States, Australia, Canada, or the United Kingdom.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States, Australia, Canada, or the United Kingdom may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States, Australia, Canada, or the United Kingdom are available at no cost to the U.S. Government.

(d) The acquisition is for an amount at or below the simplified acquisition threshold.

225.7004-4 Waiver.

The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

225.7005 Restriction on certain chemical weapons antidote.

225.7005-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire chemical weapons antidote contained in automatic injectors, or the components for such injectors, unless the chemical weapons antidote or component is manufactured in the United States or Canada by a company that—

(a) Has received all required regulatory approvals; and

(b) Has the plant, equipment, and personnel to perform the contract in the United States or Canada at the time of contract award.

225.7005-2 Exception.

This restriction does not apply if the acquisition is for an amount at or below the simplified acquisition threshold.

225.7005-3 Waiver.

The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

225.7006 Restriction on air circuit breakers for naval vessels.

225.7006-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire air circuit breakers for naval vessels unless they are manufactured in the United States, Australia, Canada, or the United Kingdom.

225.7006-2 Exceptions.

This restriction does not apply if the acquisition is—

- (a) For an amount at or below the simplified acquisition threshold; or
- (b) For spare or repair parts needed to support air circuit breakers manufactured outside the United States. Support includes the purchase of spare air circuit breakers when those from alternate sources are not interchangeable.

225.7006-3 Waiver.

The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

225.7006-4 Solicitation provision and contract clause.

(a) Use the provision at [252.225-7037](#), Evaluation of Offers for Air Circuit Breakers, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that require air circuit breakers for naval vessels unless—

- (1) An exception applies; or
- (2) A waiver has been granted.

(b) Use the clause at [252.225-7038](#), Restriction on Acquisition of Air Circuit Breakers, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that require air circuit breakers for naval vessels unless—

- (1) An exception at [225.7006-2](#) applies; or
- (2) A waiver has been granted.

225.7007 Restrictions on anchor and mooring chain.

225.7007-1 Restrictions.

(a) In accordance with Section 8041 of the Fiscal Year 1991 DoD Appropriations Act (Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not acquire welded shipboard anchor and mooring chain, four inches or less in diameter, unless--

- (1) It is manufactured in the United States, including cutting, heat treating, quality control, testing, and welding (both forging and shot blasting process); and
- (2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. However, the Appropriations Act restriction described in paragraph (a) of this subsection takes precedence over the restriction of 10 U.S.C. 2534.

225.7007-2 Waiver.

(a) The Secretary of the department responsible for acquisition may waive the restriction in [225.7007-1\(a\)](#), on a case-by-case basis, if-

(1) Sufficient domestic suppliers are not available to meet DoD requirements on a timely basis; and

(2) The acquisition is necessary to acquire capability for national security purposes.

(b) Document the waiver in a written determination and findings containing—

(1) The factors supporting the waiver; and

(2) A certification that the acquisition must be made in order to acquire capability for national security purposes.

(c) Provide a copy of the determination and findings to the House and Senate Committees on Appropriations.

225.7007-3 Contract clause.

Unless a waiver has been granted, use the clause at [252.225-7019](#), Restriction on Acquisition of Anchor and Mooring Chain, in solicitations and contracts requiring welded shipboard anchor or mooring chain four inches or less in diameter.

225.7008 Waiver of restrictions of 10 U.S.C. 2534.

(a) When specifically authorized by reference elsewhere in this subpart, the restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under [225.872](#), and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(ii) A notice of the determination to exercise the waiver authority shall be published in the Federal Register and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a case-by-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see [225.7006](#)) and the naval vessel components listed at 225.7010-1.

225.7009 Restriction on ball and roller bearings.

225.7009-1 Scope.

This section implements Section 8065 of the Fiscal Year 2002 DoD Appropriations Act (Pub. L. 107-117) and the same restriction in subsequent DoD appropriations acts.

225.7009-2 Restriction.

(a) Do not acquire ball and roller bearings unless—

(1) The bearings are manufactured in the United States or Canada; and

(2) For each ball or roller bearing, the cost of the bearing components manufactured in the United States or Canada exceeds 50 percent of the total cost of the bearing components of that ball or roller bearing.

(b) The restriction at [225.7003-2](#) may also apply to bearings that are made from specialty metals, such as high carbon chrome steel (bearing steel).

225.7009-3 Exception.

The restriction in [225.7009-2](#) does not apply to contracts or subcontracts for the acquisition of commercial items, except for commercial ball and roller bearings acquired as end items.

225.7009-4 Waiver.

The Secretary of the department responsible for acquisition or, for the Defense Logistics Agency, the Component Acquisition Executive, may waive the restriction in [225.7009-2](#), on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate domestic supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7009-5 Contract clause.

Use the clause at [252.225-7016](#), Restriction on Acquisition of Ball and Roller Bearings, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, unless—

(a) The items being acquired are commercial items other than ball or roller bearings acquired as end items;

(b) The items being acquired do not contain ball and roller bearings; or

(c) A waiver has been granted in accordance with [225.7009-4](#).

225.7010 Restriction on certain naval vessel components.

225.7010-1 Restriction.

In accordance with 10 U.S.C. 2534, do not acquire the following components of naval vessels, to the extent they are unique to marine applications, unless manufactured in the United States or Canada:

(a) Gyrocompasses.

(b) Electronic navigation chart systems.

(c) Steering controls.

(d) Pumps.

(e) Propulsion and machinery control systems.

(f) Totally enclosed lifeboats.

225.7010-2 Exceptions.

This restriction does not apply to—

(a) Contracts or subcontracts that do not exceed the simplified acquisition threshold; or

(b) Acquisition of spare or repair parts needed to support components for naval vessels manufactured outside the United States. Support includes the purchase of spare gyrocompasses, electronic navigation chart systems, steering controls, pumps, propulsion and machinery control systems, or totally enclosed lifeboats, when those from alternate sources are not interchangeable.

225.7010-3 Waiver.

(a) The waiver criteria at [225.7008\(a\)](#) apply to this restriction.

(b) The Under Secretary of Defense (Acquisition, Technology, and Logistics) has waived the restriction of 10 U.S.C. 2534 for certain items manufactured in the United Kingdom, including the items listed in section [225.7010-1](#). See [225.7008](#).

225.7010-4 Implementation.

(a) 10 U.S.C. 2534(h) prohibits the use of contract clauses or certifications to implement this restriction.

(b) Agencies shall accomplish implementation of this restriction through use of management and oversight techniques that achieve the objectives of this section without imposing a significant management burden on the Government or the contractor involved.

225.7011 Restriction on carbon, alloy, and armor steel plate.

225.7011-1 Restriction.

(a) In accordance with Section 8111 of the Fiscal Year 1992 DoD Appropriations Act (Pub. L. 102-172) and similar sections in subsequent DoD appropriations acts, do not acquire any of the following types of carbon, alloy, or armor steel plate for use in a Government-owned facility or a facility under the control of (e.g., leased by) DoD, unless it is melted and rolled in the United States or Canada:

(1) Carbon, alloy, or armor steel plate in Federal Supply Class 9515.

(2) Carbon, alloy, or armor steel plate described by specifications of the American Society for Testing Materials or the American Iron and Steel Institute.

(b) This restriction—

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished steel mill product that may be used “as is” or may be used as an intermediate material for the fabrication of an end product; and

(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

225.7011-2 Waiver.

The Secretary of the department responsible for acquisition may waive this restriction, on a case-by-case basis, by certifying to the House and Senate Committees on Appropriations that—

(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements on a timely basis; and

(b) The acquisition must be made in order to acquire capability for national security purposes.

225.7017 Utilization of domestic photovoltaic devices.

225.7017-1 Definitions. As used in this section—

“Caribbean Basin country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a Caribbean Basin country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Caribbean Basin country.

“Covered contract” means an energy savings performance contract, a utility services contract, or a private housing contract awarded by DoD, to be performed in the United States, if such contract results in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products. DoD is deemed to own a photovoltaic device if the device is—

(1) Installed in the United States on DoD property or in a facility owned by

Defense Federal Acquisition Regulation Supplement

Part 225—Foreign Acquisition

DoD; and

(2) Reserved for the exclusive use of DoD in the United States for the full economic life of the device.

“Designated country photovoltaic device” means a World Trade Organization Government Procurement Agreement (WTO GPA) country photovoltaic device, a Free Trade Agreement country photovoltaic device, a least developed country photovoltaic device, or a Caribbean Basin country photovoltaic device.

“Domestic photovoltaic device” means a photovoltaic device that is manufactured in the United States.

“Foreign photovoltaic device” means a photovoltaic device other than a domestic photovoltaic device.

“Free Trade Agreement country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a Free Trade Agreement country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a Free Trade Agreement country.

“Least developed country photovoltaic device” means a photovoltaic device that—

(1) Is wholly manufactured in a least developed country; or

(2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a least developed country.

“Photovoltaic device” means a device that converts light directly into electricity through a solid-state, semiconductor process.

“Qualifying country photovoltaic device” means a photovoltaic device manufactured in a qualifying country.

“U.S.-made photovoltaic device” means a photovoltaic device that—

(1) Is manufactured in the United States; or

(2) Is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or

articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of the United States.

“WTO GPA country photovoltaic device” means a photovoltaic device that—

- (1) Is wholly manufactured in a WTO GPA country; or
- (2) In the case of a photovoltaic device that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed, provided that the photovoltaic device is not subsequently substantially transformed outside of a WTO GPA country.

225.7017-2 Restriction.

In accordance with section 846 of the National Defense Authorization Act for Fiscal Year 2011, photovoltaic devices provided under any covered contract shall comply with 41 U.S.C. chapter 83, Buy American, subject to the exceptions to that statute provided in the Trade Agreements Act of 1979 (19 U.S.C. 2501 et seq.).

225.7017-3 Exceptions.

DoD requires the contractor to utilize domestic photovoltaic devices in covered contracts that exceed the simplified acquisition threshold, with the following exceptions:

(a) *Qualifying country.* Qualifying country photovoltaic devices may be utilized in any covered contract, because [225.103](#)(a)(i)(A) provides an exception to the Buy American statute for products of qualifying countries, as defined in [225.003](#).

(b) *Buy American—unreasonable cost.* For a covered contract that utilizes photovoltaic devices valued at less than \$180,000, the exception for unreasonable cost may apply (see FAR 25.103(c)). If the cost of a foreign photovoltaic device plus 50 percent is less than the cost of a domestic photovoltaic device, then the foreign photovoltaic device may be utilized.

(c) *Trade agreements.*

(1) *Free Trade Agreements.* For a covered contract that utilizes photovoltaic devices valued at \$25,000 or more, photovoltaic devices may be utilized from a country covered under the acquisition by a Free Trade Agreement, depending upon dollar threshold (see FAR subpart 25.4).

(2) *World Trade Organization—Government Procurement Agreement.* For covered contracts that utilize photovoltaic devices that are valued at \$180,000 or more, only U.S.-made photovoltaic devices, designated country photovoltaic devices, or qualifying country photovoltaic devices may be utilized.

225.7017-4 Solicitation provision and contract clause.

(a)(1) Use the clause at [252.225-7017](#), Photovoltaic Devices, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a contract expected to exceed the simplified acquisition threshold that may be a covered contract, i.e., an energy savings performance contract, a utility service

contract, or a private housing contract awarded by DoD, if such contract will result in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products.

(2) Use the clause in the resultant contract, including contracts using FAR part 12 procedures for the acquisition of commercial items, if it is a covered contract.

(b) Use the provision at [252.225-7018](#), Photovoltaic Devices—Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that contain the clause at [252.225-7017](#).

**SUBPART 232.70—ELECTRONIC SUBMISSION AND PROCESSING OF
PAYMENT REQUESTS AND RECEIVING REPORTS**

(Revised December 21, 2018)

232.7000 Scope of subpart.

This subpart prescribes policies and procedures for submitting and processing payment requests in electronic form to comply with 10 U.S.C. 2227.

232.7001 Definitions.

As used in this subpart—

“Electronic form” means any automated system that transmits information electronically from the initiating system to affected systems.

“Payment request” means any request for contract financing payment or invoice payment submitted by the contractor under a contract or task or delivery order.

“Receiving report” means the data prepared in the manner and to the extent required by Appendix F, Material Inspection and Receiving Report, of the DFARS.

232.7002 Policy.

(a) Payment requests and receiving reports are required to be submitted in electronic form, except for—

(1) Classified contracts or purchases when electronic submission and processing of payment requests and receiving reports could compromise the safeguarding of classified information or national security;

(2) Cases in which contractor submission of electronic payment requests and receiving reports is not feasible (e.g., when contract performance is in an environment where internet connectivity is not available);

(3) Cases in which DoD is unable to receive payment requests or provide acceptance in electronic form;

(4) Cases in which the contractor has requested permission in writing to submit payment requests and receiving reports by nonelectronic means, and the contracting officer has provided instructions for a temporary alternative method of submission of payment requests and receiving reports in the contract administration data section of the contract or task or delivery order (e.g., section G, an addendum to FAR 52.212-4, or applicable clause); and

(5) When the Governmentwide commercial purchase card is used as the method of payment, in which case only submission of the receiving report in electronic form is required.

(b)(1) The only acceptable electronic form for submission of payment requests and receiving reports is Wide Area WorkFlow (WAWF) (<https://wawf.eb.mil/>), except as follows:

Part 232—Contract Financing

(i) For payment of commercial transportation services provided under a Government rate tender, contract, or task or delivery order for transportation services, the use of a DoD-approved electronic third party payment system or other exempted vendor payment/invoicing system (e.g., PowerTrack, Transportation Financial Management System, and Cargo and Billing System) is permitted.

(ii) For submitting and processing payment requests and receiving reports for contracts or task or delivery orders for rendered health care services, the use of TRICARE Encounter Data System as the electronic form is permitted.

(2) Facsimile, email, and scanned documents are not acceptable electronic forms of payment requests or receiving reports.

232.7003 Procedures.

(a) DoD officials receiving payment requests in electronic form shall process the payment requests in electronic form. The WAWF system provides the method to electronically process payment requests and receiving reports.

(1) Documents necessary for payment, such as receiving reports, invoice approvals, contracts, contract modifications, and required certifications, shall also be processed in electronic form.

(2) Scanned documents and other commonly used file formats are only acceptable for processing supporting documentation.

(b) If one of the exceptions to submission in electronic form at 232.7002(a) applies, the contracting officer shall—

(1) Consult the payment office and the contract administration office regarding the alternative method to be used for submission of payment requests or receiving reports (e.g., facsimile or conventional mail); and

(2) Provide procedures for invoicing in the contract administration data section of the contract or task or delivery order (e.g., section G, an addendum to FAR 52.212-4, or applicable clause) for submission of invoices by nonelectronic means. If submission of invoices by nonelectronic means is temporary, the procedures should specify the time period for which they apply.

232.7004 Contract clauses.

(a) Unless an exception to submission in electronic form at [232.7002\(a\)](#) applies and instructions for invoices are contained in the contract administration data section of the contract or task or delivery order, use the clause at [252.232-7003](#), Electronic Submission of Payment Requests and Receiving Reports, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items.

(b) Use the clause at [252.232-7006](#), Wide Area WorkFlow Payment Instructions, in solicitations and contracts or task or delivery orders, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, when [252.232-7003](#) is used and none of the exceptions at [232.7002\(b\)\(1\)](#) apply. See

SUBPART 246.4—GOVERNMENT CONTRACT QUALITY ASSURANCE
(Revised December 21, 2018)

246.401 General.

The requirement for a quality assurance surveillance plan shall be addressed and documented in the contract file for each contract except for those awarded using simplified acquisition procedures. For contracts for services, the contracting officer should prepare a quality assurance surveillance plan to facilitate assessment of contractor performance, see [237.172](#). For contracts for supplies, the contracting officer should address the need for a quality assurance surveillance plan.

246.402 Government contract quality assurance at source.

Do not require Government contract quality assurance at source for contracts or delivery orders valued below \$300,000, unless—

- (1) Mandated by DoD regulation;
- (2) Required by a memorandum of agreement between the acquiring department or agency and the contract administration agency; or
- (3) The contracting officer determines that—
 - (i) Contract technical requirements are significant (e.g., the technical requirements include drawings, test procedures, or performance requirements);
 - (ii) The product being acquired—
 - (A) Has critical characteristics;
 - (B) Has specific features identified that make Government contract quality assurance at source necessary; or
 - (C) Has specific acquisition concerns identified that make Government contract quality assurance at source necessary; and
 - (iii) The contract is being awarded to—
 - (A) A manufacturer or producer; or
 - (B) A non-manufacturer or non-producer and specific Government verifications have been identified as necessary and feasible to perform.

246.404 Government contract quality assurance for acquisitions at or below the simplified acquisition threshold.

Do not require Government contract quality assurance at source for contracts or delivery orders valued at or below the simplified acquisition threshold unless the criteria at [246.402](#) have been met.

246.406 Foreign governments.

- (1) *Quality assurance among North Atlantic Treaty Organization (NATO) countries.*

Defense Federal Acquisition Regulation Supplement

Part 246—Quality Assurance

(i) NATO Standardization Agreement (STANAG) 4107, Mutual Acceptance of Government Quality Assurance and Usage of the Allied Quality Assurance Publications—

(A) Contains the processes, procedures, terms, and conditions under which one NATO member nation will perform quality assurance for another NATO member nation or NATO organization;

(B) Standardizes the development, updating, and application of the Allied Quality Assurance Publications; and

(C) Has been ratified by the United States and other nations in NATO with certain reservations identified in STANAG 4107.

(ii) Departments and agencies shall follow STANAG 4107 when—

(A) Asking a NATO member nation to perform quality assurance; or

(B) Performing quality assurance when requested by a NATO member nation or NATO organization.

(2) *International military sales (non-NATO)*. Departments and agencies shall—

(i) Perform quality assurance services on international military sales contracts or in accordance with existing agreements;

(ii) Inform host or U.S. Government personnel and contractors on the use of quality assurance publications; and

(iii) Delegate quality assurance to the host government when satisfactory services are available.

(3) *Reciprocal quality assurance agreements*. A Memorandum of Understanding (MOU) with a foreign country may contain an annex that provides for the reciprocal performance of quality assurance services. MOUs should be checked to determine whether such an annex exists for the country where a defense contract will be performed. (See Subpart [225.8](#) for more information about MOUs.)

246.407 Nonconforming supplies or services.

(f) If nonconforming material or services are discovered after acceptance, the defect appears to be the fault of the contractor, any warranty has expired, and there are no other contractual remedies, the contracting officer—

(i) Shall notify the contractor in writing of the nonconforming material or service;

(ii) Shall request that the contractor repair or replace the material, or perform the service, at no cost to the Government; and

(iii) May accept consideration if offered. For guidance on solicitation of a refund, see Subpart [242.71](#).

(S-70) The head of the design control activity is the approval authority for acceptance of any nonconforming aviation or ship critical safety items or nonconforming modification, repair, or overhaul of such items (see [209.270](#)). Authority for acceptance of minor nonconformances in aviation or ship critical safety items may be delegated as determined appropriate by the design control activity. See additional information at [PGI 246.407](#).

246.408 Single-agency assignments of Government contract quality assurance.

246.408-70 Subsistence.

(a) The Surgeons General of the military departments are responsible for—

- (1) Acceptance criteria;
- (2) Technical requirements; and
- (3) Inspection procedures needed to assure wholesomeness of foods.

(b) The contracting office may designate any Federal activity, capable of assuring wholesomeness and quality in food, to perform quality assurance for subsistence contract items. The designation may—

- (1) Include medical service personnel of the military departments; and
- (2) Be on a reimbursable basis.

246.408-71 Aircraft.

(a) The Federal Aviation Administration (FAA) has certain responsibilities and prerogatives in connection with some commercial aircraft and of aircraft equipment and accessories (Pub. L. 85-726 (72 Stat 776, 49 U.S.C. 1423)). This includes the issuance of various certificates applicable to design, manufacture, and airworthiness.

(b) FAA evaluations are not a substitute for normal DoD evaluations of the contractor's quality assurance measures. Actual records of FAA evaluations may be of use to the contract administration office (CAO) and should be used to their maximum advantage.

(c) The CAO shall ensure that the contractor possesses any required FAA certificates prior to acceptance.

246.470 Government contract quality assurance actions.

246.470-1 Assessment of additional costs.

(a) Under the clause at FAR 52.246-2, Inspection of Supplies—Fixed-Price, after considering the factors in paragraph (c) of this subsection, the quality assurance

Part 246—Quality Assurance

representative (QAR) may believe that the assessment of additional costs is warranted. If so, the representative shall recommend that the contracting officer take the necessary action and provide a recommendation as to the amount of additional costs. Costs are based on the applicable Federal agency, foreign military sale, or public rate in effect at the time of the delay, reinspection, or retest.

(b) If the contracting officer agrees with the QAR, the contracting officer shall—

(1) Notify the contractor, in writing, of the determination to exercise the Government's right under the clause at FAR 52.246-2, Inspection of Supplies--Fixed-Price; and

(2) Demand payment of the costs in accordance with the collection procedures contained in FAR Subpart 32.6.

(c) In making a determination to assess additional costs, the contracting officer shall consider—

(1) The frequency of delays, reinspection, or retest under both current and prior contracts;

(2) The cause of such delay, reinspection, or retest; and

(3) The expense of recovering the additional costs.

246.470-2 Quality evaluation data.

The contract administration office shall establish a system for the collection, evaluation, and use of the types of quality evaluation data specified in [PGI 246.470-2](#).

246.471 Authorizing shipment of supplies.

(a) *General.*

(1) Ordinarily, a representative of the contract administration office signs or stamps the shipping papers that accompany Government source-inspected supplies to release them for shipment. This is done for both prime and subcontracts.

(2) An alternative procedure (see paragraph (b) of this section) permits the contractor to assume the responsibility for releasing the supplies for shipment.

(3) The alternative procedure may include prime contractor release of supplies inspected at a subcontractor's facility.

(4) The use of the alternative procedure releases DoD manpower to perform technical functions by eliminating routine signing or stamping of the papers accompanying each shipment.

(b) *Alternative Procedures—Contract Release for Shipment.*

(1) For foreign military sales contracts, do not use alternative procedures. |

(2) The contract administration office may authorize, in writing, the contractor |

Defense Federal Acquisition Regulation Supplement

Part 246—Quality Assurance

to release supplies for shipment when—

(i) The stamping or signing of the shipping papers by a representative of the contract administration office interferes with the operation of the Government contract quality assurance program or takes too much of the Government representative's time;

(ii) There is sufficient continuity of production to permit the Government to establish a systematic and continuing evaluation of the contractor's control of quality; and

(iii) The contractor has a record of satisfactory quality, including that pertaining to preparation for shipment.

(3) The contract administration office shall withdraw, in writing, the authorization when there is an indication that the conditions in paragraph (b)(2) of this section no longer exist.

(4) When the alternative procedure is used, require the contractor to—

(i) Type or stamp, and sign, the following statement on the required copy or copies of the shipping paper(s), or on an attachment—

The supplies in this shipment—

1. Have been subjected to and have passed all examinations and tests required by the contract;
2. Were shipped in accordance with authorized shipping instructions;
3. Conform to the quality, identity, and condition called for by the contract; and
4. Are of the quantity shown on this document.

This shipment was—

1. Released in accordance with section [246.471](#) of the Defense FAR Supplement; and
2. Authorized by (name and title of the authorized representative of the contract administration office) in a letter dated (date of authorizing letter). (Signature and title of contractor's designated official.)

(ii) Release and process, in accordance with established instructions, the DD Form 250, Material Inspection and Receiving Report, or other authorized receiving report.

246.472 Inspection stamping.

Defense Federal Acquisition Regulation Supplement

Part 246—Quality Assurance

(a) DoD quality inspection approval marking designs (stamps) may be used for both prime contracts and subcontracts. Follow the procedures at [PGI 246.472\(a\)](#) for use of DoD inspection stamps.

(b) Policies and procedures regarding the use of National Aeronautics and Space Administration (NASA) quality status stamps are contained in NASA publications. When requested by NASA centers, the DoD inspector shall use NASA quality status stamps in accordance with current NASA requirements.

(D) For COTS items that are normally sold in the commercial marketplace with various options, items that include such options are also COTS items. However, if a COTS item is offered to the Government with an option that is not normally offered in the commercial marketplace, that option is subject to the restriction in paragraph (b) of this clause (e.g. - An aircraft is normally sold to the public with an option for installation kits. The Department of Defense requests a military-unique kit. The aircraft is still a COTS item, but the military-unique kit is not a COTS item and must comply with the restriction in paragraph (b) of this clause unless another exception applies).

(3) Fasteners that are commercial items, if the manufacturer of the fasteners certifies it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and other customers, that is not less than 50 percent of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers.

(4) Items manufactured in a qualifying country.

(5) Specialty metals for which the Government has determined in accordance with DFARS [225.7003-3](#) that specialty metal melted or produced in the United States, its outlying areas, or a qualifying country cannot be acquired as and when needed in—

- (ii) A sufficient quantity; and
- (iii) The required form.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (i.e., specialty metals not melted or produced in the United States, an outlying area, or a qualifying country, that are not covered by one of the other exceptions in this paragraph (c)), if the total weight of such noncompliant metals does not exceed 2 percent of the total weight of all specialty metals in the end item, as estimated in good faith by the Contractor. This exception does not apply to high performance magnets containing specialty metals.

(d) *Compliance for commercial derivative military articles.*

(1) As an alternative to the compliance required in paragraph (b) of this clause, the Contractor may purchase an amount of domestically melted or produced specialty metals in the required form, for use during the period of contract performance in the production of the commercial derivative military article and the related commercial article, if—

(A) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(B) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(2) For the purposes of this alternative, the amount of specialty metal that is required to carry out production of the commercial derivative military article includes specialty metal contained in any item, including COTS items.

(e) *Subcontracts.*

(1) The Contractor shall exclude and reserve paragraph (d) and this paragraph (e)(1) when flowing down this clause to subcontracts.

(2) The Contractor shall insert paragraphs (a) through (c) and this paragraph (e)(2) of this clause in subcontracts, including subcontracts for commercial items, that are for items containing specialty metals to ensure compliance of the end products that the Contractor will deliver to the Government. When inserting this clause in subcontracts, the Contractor shall—

(i) Modify paragraph (c)(6) of this clause only as necessary to facilitate management of the minimal content exception at the prime contract level. The minimal content exception does not apply to specialty metals contained in high-performance magnets; and

(ii) Not further alter the clause other than to identify the appropriate parties.

(End of clause)

252.225-7040 Contractor Personnel Supporting U.S. Armed Forces Deployed Outside the United States.

As prescribed in [225.371-5\(a\)](#), use the following clause:

CONTRACTOR PERSONNEL SUPPORTING U.S. ARMED FORCES DEPLOYED OUTSIDE THE UNITED STATES (OCT 2015)

(a) *Definitions.* As used in this clause—

“Combatant Commander” means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

“Contractors authorized to accompany the Force,” or “CAAF,” means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen n and

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Designated operational area” means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

“Designated reception site” means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

“Law of war” means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a party, and applicable customary international law.

“Non-CAAF” means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Subordinate joint force commander” means a sub-unified commander or joint task force commander.

(b) *General.*

(1) This clause applies to both CAAF and non-CAAF when performing in a designated operational area outside the United States to support U.S. Armed Forces deployed outside the United States in—

- (i) Contingency operations;
- (ii) Peace operations, consistent with Joint Publication 3-07.3; or
- (iii) Other military operations or military exercises, when designated by the

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

Combatant Commander or as directed by the Secretary of Defense.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel supporting the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.*

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

- (A) The Contractor cannot obtain effective security services;
- (B) Effective security services are unavailable at a reasonable cost; or
- (C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U. S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(iii) Medical or dental care beyond this standard is not authorized.

(3) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

(iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences to the contractor employees (see paragraph (h)(1) of this clause).

Basic. As prescribed in [225.7503](#)(a) and (a)(1), use the following clause:

BALANCE OF PAYMENTS PROGRAM—CONSTRUCTION MATERIAL—BASIC (NOV 2014)

(a) *Definitions.* As used in this clause—

“Commercially available off-the-shelf (COTS) item”—

(i) Means any item of supply (including construction material) that is—

(B) Sold in substantial quantities in the commercial marketplace; and

(C) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

Part 252—Solicitation Provisions and Contract Clauses

the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

“Cost of components” means—

(i) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

Cost of components does not include any costs associated with the manufacture of the construction material.

after negotiations of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled “Default.” The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled “Termination for Convenience of the Government.”

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

WARRANTY OF DATA—BASIC (MAR 2014)

(a) *Definition.* “Technical data” has the same meaning as given in the clause in this contract entitled Rights in Technical Data and Computer Software.

(b) *Warranty.* Notwithstanding inspection and acceptance by the Government of technical data furnished under this contract, and notwithstanding any provision of this contract concerning the conclusiveness of acceptance, the Contractor warrants that all technical data delivered under this contract will at the time of delivery conform with the specifications and all other requirements of this contract. The warranty period shall extend for three years after completion of the delivery of the line item of data (as identified in DD Form 1423, Contract Data Requirements List) of which the data forms a part; or any longer period specified in the contract.

(c) *Contractor Notification.* The Contractor agrees to notify the Contracting Officer in writing immediately of any breach of the above warranty which the Contractor discovers within the warranty period.

(d) *Remedies.* The following remedies shall apply to all breaches of the warranty, whether the Contractor notifies the Contracting Officer in accordance with paragraph (c) of this clause or if the Government notifies the Contractor of the breach in writing within the warranty period:

(1) Within a reasonable time after such notification, the Contracting Officer may—

(11) Process for screening GIDEP reports and other credible sources of counterfeiting information to avoid the purchase or use of counterfeit electronic parts.

(12) Control of obsolete electronic parts in order to maximize the availability and use of authentic, originally designed, and qualified electronic parts throughout the product's life cycle.

(iii) The Contractor's selection of such contractor-approved suppliers is subject to review, audit, and approval by the Government, generally in conjunction with a contractor purchasing system review or other surveillance of purchasing practices by the contract administration office, or if the Government obtains credible evidence that a contractor-approved supplier has provided counterfeit parts. The Contractor may proceed with the acquisition of electronic parts from a contractor-approved supplier unless otherwise notified by DoD; or

(3)(i) Take the actions in paragraph (b)(3)(ii) of this clause if the Contractor—

(A) Obtains an electronic part from—

(1) A source other than any of the sources identified in paragraph (b)(1) or (b)(2) of this clause, due to nonavailability from such sources; or

(2) A subcontractor (other than the original manufacturer) that refuses to accept flowdown of this clause; or

(B) Cannot confirm that an electronic part is new or previously unused and that it has not been comingled in supplier new production or stock with used, refurbished, reclaimed, or returned parts.

(ii) If the contractor obtains an electronic part or cannot confirm an electronic part pursuant to paragraph (b)(3)(i) of this clause—

(A) Promptly notify the Contracting Officer in writing. If such notification is required for an electronic part to be used in a designated lot of assemblies to be acquired under a single contract, the Contractor may submit one notification for the lot, providing identification of the assemblies containing the parts (e.g., serial numbers);

(B) Be responsible for inspection, testing, and authentication, in accordance with existing applicable industry standards; and

(C) Make documentation of inspection, testing, and authentication of such electronic parts available to the Government upon request.

(c) *Traceability.* If the Contractor is not the original manufacturer of, or authorized supplier for, an electronic part, the Contractor shall—

(1) Have risk-based processes (taking into consideration the consequences of failure of an electronic part) that enable tracking of electronic parts from the original manufacturer to product acceptance by the Government, whether the electronic part is supplied as a discrete electronic part or is contained in an assembly;

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(2) If the Contractor cannot establish this traceability from the original manufacturer for a specific electronic part, be responsible for inspection, testing, and authentication, in accordance with existing applicable industry standards; and

(3)(i) Maintain documentation of traceability (paragraph (c)(1) of this clause) or the inspection, testing, and authentication required when traceability cannot be established (paragraph (c)(2) of this clause) in accordance with FAR subpart 4.7; and

(ii) Make such documentation available to the Government upon request.

(d) *Government sources.* Contractors and subcontractors are still required to comply with the requirements of paragraphs (b) and (c) of this clause, as applicable, if—

(1) Authorized to purchase electronic parts from the Federal Supply Schedule;

(2) Purchasing electronic parts from suppliers accredited by the Defense Microelectronics Activity; or

(3) Requisitioning electronic parts from Government inventory/stock under the authority of [252.251-7000](#), Ordering from Government Supply Sources.

(i) The cost of any required inspection, testing, and authentication of such parts may be charged as a direct cost.

(ii) The Government is responsible for the authenticity of the requisitioned parts. If any such part is subsequently found to be counterfeit or suspect counterfeit, the Government will—

(A) Promptly replace such part at no charge; and

(B) Consider an adjustment in the contract schedule to the extent that replacement of the counterfeit or suspect counterfeit electronic parts caused a delay in performance.

(e) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (e), in subcontracts, including subcontracts for commercial items, that are for electronic parts or assemblies containing electronic parts, unless the subcontractor is the original manufacturer.

(End of clause)

APPENDIX F: MATERIAL INSPECTION AND RECEIVING REPORT
(Revised December 21, 2018)

PART 1—INTRODUCTION

F-101 General.

(a) This appendix contains procedures and instructions for the use, preparation, and distribution of the Wide Area WorkFlow (WAWF) Receiving Report (RR), WAWF Repairable Receiving Report (WAWF RRR), the WAWF Energy RR, and commercial shipping/packing lists used to document Government contract quality assurance. The WAWF RR is the electronic equivalent of the DD Form 250, Material Inspection and Receiving Report (MIRR). The WAWF Energy RR is the electronic equivalent of the DD Form 250 for overland shipments and DD Form 250-1, Tanker/Barge Material Inspection and Receiving Report, for waterborne shipments. The WAWF RRR is the electronic equivalent of the DD Form 250 for repair, maintenance, or overhaul of Government-furnished property.

(b) The use of the DD Form 250 series documents is on an exception basis (see DFARS [232.7002](#)(a)) because use of the WAWF RR is now required by most DoD contracts. WAWF provides for electronic preparation and documentation of acceptance of supplies and services, and electronic invoicing. In addition WAWF allows the printing of a RR that can be used as a packing list or when a signed copy is required.

F-102 Applicability.

(a) DFARS [252.232-7003](#), Electronic Submission of Payment Requests and Receiving Reports, requires payment requests and receiving reports using WAWF in nearly all cases.

(b) When DoD provides quality assurance or acceptance services for non-DoD activities, prepare a MIRR using the instructions in this appendix, unless otherwise specified in the contract.

F-103 Use.

(a) The WAWF RR, WAWF RRR, and the DD Form 250 are multipurpose reports used—

- (1) To provide evidence of Government contract quality assurance at origin or destination;
- (2) To provide evidence of acceptance at origin, destination, or other;
- (3) For packing lists;
- (4) For receiving;
- (5) For shipping;

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

(6) As a contractor invoice (the WAWF RR, WAWF RRR, or DD Form 250 alone cannot be used as an invoice, however the option exists to create an invoice from the Receiving Report or a Combo (Invoice and Receiving Report) both of which minimize data entry); and

(7) As commercial invoice support.

(b) Do not use the WAWF RR, WAWF RRR, or the DD Form 250 for shipments—

(1) By subcontractors, unless the subcontractor is shipping directly to the Government; or

(2) Of contract inventory. The WAWF Property Transfer document should be used for this type of shipment. Training for the preparation of this document type is available at <https://wawftraining.eb.mil>, under the Property Transfer and Receipt section.

(c) The contractor prepares the WAWF RR, WAWF RRR, or the DD Form 250, except for entries that an authorized Government representative is required to complete. When using a paper DD Form 250, the contractor shall furnish sufficient copies of the completed form, as directed by the Government representative.

(d) Use the WAWF Energy RR or the DD Form 250-1:

(1) For bulk movements of petroleum products by tanker or barge to cover—

(i) Origin or destination acceptance of cargo; or

(ii) Shipment or receipt of Government owned products.

(2) To send quality data to the point of acceptance in the case of origin inspection on FOB destination deliveries or preinspection at product source. Annotate the forms with the words “INSPECTED FOR QUALITY ONLY.”

(e) In addition to the above uses, the WAWF RR and WAWF RRR provide additional functionality, not provided by the paper DD Form 250 that complies with the following requirements:

(1) Item Unique Identification (IUID), when the clause at DFARS [252.211-7003](#), Item Unique Identification and Valuation is used in the contract, reporting of IUID data is required. WAWF captures the IUID data and forwards the data to the IUID registry after acceptance. WAWF shall be used to report Unique Item Identifiers (UIIs) at the line item level, unless an exception to WAWF applies, and can also be used to report UIIs embedded at the line item level.

(2) Radio Frequency Identification (RFID), when the clause at DFARS [252.211-7006](#), Radio Frequency Identification, is used in the contract, WAWF will capture the RFID information and forward the data to the receiving location. Using WAWF is the only way a contractor can comply with the clause to furnish RFID data via an Advance

Appendix F--Material Inspection and Receiving Report

Shipping Notice (ASN). The RFID information may be added at time of submission, or via the WAWF Pack Later functionality after acceptance.

(3) Reporting of Government-furnished property, when the clause at DFARS [252.211-7007](#), Reporting of Government-Furnished Property, is used in the contract, use of the WAWF RRR will capture the shipment of Government-furnished property items after acceptance of repair services and forward the data to the IUID registry. WAWF is the only way a contractor can report the transfer of Government-furnished property items in the IUID registry.

F-104 Application.

(a) *WAWF RR and DD Form 250.*

(1) Use the WAWF RR or DD Form 250 for delivery of contract line, subline, exhibit line, or exhibit subline items. Do not use the WAWF RR or DD Form 250 for those exhibit line or exhibit subline items on a DD Form 1423, Contract Data Requirements List, that indicate no DD Form 250 is required.

(2) If the shipped to, marked for, shipped from, mode of shipment, contract quality assurance and acceptance data are the same for more than one shipment made on the same day under the same contract, contractors may prepare one WAWF RR or DD Form 250 to cover all such shipments.

(3) If the volume of the shipment precludes the use of a single car, truck, or other vehicle, prepare a separate WAWF RR or DD Form 250 for the contents of each vehicle.

(4) When a shipment is consigned to an Air Force activity and the shipment includes items of more than one Federal supply class (FSC) or material management code (MMC), prepare a separate WAWF RR or DD Form 250 for items of each of the FSCs or MMCs in the shipment. However, the cognizant Government representative may authorize a single WAWF RR or DD Form 250, listing each of the FSCs or MMCs included in the shipment on a separate continuation sheet. The MMC appears as a suffix to the national stock number applicable to the item.

(5) *Consolidation of Petroleum Shipments on a Single WAWF RR or DD Form 250.*

(i) *Contiguous United States.* Contractors may consolidate multiple car or truck load shipments of petroleum made on the same day, to the same destination, against the same contract line item, on one WAWF RR or DD Form 250. To permit verification of motor deliveries, assign each load a load number which can be identified to the shipment number in Block 2 of the DD Form 250. Include a shipping document (commercial or Government) with each individual load showing as a minimum—

- (A) The shipper;
- (B) Shipping point;
- (C) Consignee;

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

- (D) Contract and line item number;
- (E) Product identification;
- (F) Gross gallons (bulk only);
- (G) Loading temperature (bulk only);
- (H) American Petroleum Institute gravity (bulk only);
- (I) Identification of carrier's equipment;
- (J) Serial number of all seals applied; and
- (K) Signature of supplier's representative.

When acceptance is at destination, the receiving activity retains the shipping document(s) to verify the entries on the consignee copy of the DD Form 250 forwarded by the contractor (reference F-401, Table 1) before signing Block 21b.

(ii) *Overseas.* The same criteria as for contiguous United States applies, except the consolidation period may be extended, if acceptable to the receiving activity, shipping activity, Government finance office, and the authorized Government representative having cognizance at the contractor's facility. In addition, the contractor may include more than one contract line item in each WAWF RR or DD Form 250 if the shipped to, marked for, shipped from, mode of shipment, contract quality assurance, and acceptance data are the same for all line items.

(6) *Consolidation of Coal Shipments on a Single WAWF RR or DD 250.* Contractors may consolidate multiple railcar or truck shipments of coal made on the same day, to the same destination, against the same contract line items, on one WAWF RR or DD 250. To permit verification of truck deliveries, assign each load a load number which can be identified to the shipment number in Block 2 of the DD Form 250 and the analytical test report. Include a commercial shipping document with each individual truck load showing as a minimum—

- (i) The shipper;
- (ii) The name or names;
- (iii) Location and shipping point of the mine or mines from which the coal originates;
- (iv) The contract number;
- (v) The exact size of the coal shipped; and
- (vi) A certified weighmaster's certification of weight for the truckload.

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

Include a waybill with each rail shipment showing the identical information. To permit verification of rail deliveries, identify each railcar number comprising the shipment to the shipment number in Block 2 of the DD Form 250 and the analytical test report. When acceptance is at destination, the receiving activity must retain the shipping document(s) to verify the entries on the consignee copy of the DD Form 250.

(b) *WAWF RRR or DD Form 250*. Use as in paragraph (a) of this section for delivery of services for repair, overhaul, or maintenance.

(c) *WAWF Energy RR or the DD Form 250-1*.

(1) Use a separate form for each tanker or barge cargo loaded.

(2) The contractor may report more than one barge in the same tow on a single form if on the same contract and consigned to the same destination.

(3) When liftings involve more than one contract, prepare separate forms to cover the portion of cargo loaded on each contract.

(4) Prepare a separate form for each product or grade of product loaded.

(5) Use a separate document for each tanker or barge cargo and each grade of product discharged.

(6) For discharge, the contractor may report more than one barge in the same tow on a single form if from the same loading source.

**PART 2—CONTRACT QUALITY ASSURANCE ON SHIPMENTS
BETWEEN CONTRACTORS**

F-201 Procedures.

Follow the procedures at PGI [F-201](#) for evidence of required Government contract quality assurance at a subcontractor's facility.

PART 3—PREPARATION OF THE WIDE AREA WORKFLOW (WAWF) RECEIVING REPORT (RR), WAWF REPARABLE RECEIVING REPORT (WAWF RRR), AND WAWF ENERGY RR

F-301 Preparation instructions.

(a) *General.*

(1) Preparation instructions and training for the WAWF RR are available at <https://wawftraining.eb.mil>. The instructions on preparing a WAWF RR are part of the Vendor Training section.

(2) Prime contractors can direct subcontractors to prepare and submit documents in WAWF by giving their subcontractors access to WAWF via the creation of a Commercial and Government Entity (CAGE) extension to the prime CAGE.

(3) If the contract is in Electronic Document Access (EDA) (DoD's contract repository), then the WAWF system will automatically populate all available and applicable contract data.

(i) When source acceptance is required, WAWF will populate the "Inspect By" with the "Admin by" Department of Defense Activity Address Code (DoDAAC). The vendor shall change the DoDAAC if Government Source Inspection (GSI) is performed at other than the "Admin By."

(ii) Any fields that have been pre-filled may be changed.

(iii) WAWF will also verify that CAGE codes are valid and active in the System for Award Management (SAM), and that DoDAACs and Military Assistance Program Address Codes (MAPACs) are valid in Defense Automatic Addressing System (DAAS).

(4) WAWF will populate the address information for CAGE codes, DODAACs, and MAPACs from SAM and DAAS. These sites are the DoD definitive sources for address information. Any fields that have been pre-filled may be changed or additional information added.

(5) Do not include classified information in WAWF.

(b) *Completion instructions.*

(1) CONTRACT NO/DELIVERY ORDER NO.

(i) For stand-alone contracts, enter the 13-position alpha-numeric basic Procurement Instrument Identifier (PIID) of the contract. For task and delivery orders numbered in accordance with FAR 4.1603 and DFARS [204.1603](#), enter the 13-character order number. The contract or agreement number under which the order was placed may be omitted from the WAWF RR. Alternatively, the contractor may choose to enter the contract number on the WAWF RR in addition to the 13-character order number. If the order has only a four-position alpha-numeric call or order serial number, enter both the 13-position basic contract PIID and the four-position order number.

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

(ii) Except as indicated in paragraph (b)(1)(iii) of this appendix, do not enter supplementary numbers used in conjunction with basic PIIDs to identify—

(A) Modifications of contracts and agreements;

(B) Modifications to calls or orders; or

(C) Document numbers representing contracts written between contractors.

(iii) When shipping instructions are furnished and shipment is made before receipt of the confirming contract modification (SF 30, Amendment of Solicitation/Modification of Contract), enter a comment in the Misc. Info Tab to this effect. This will appear in the Comments section of the printed WAWF RR.

(2) SHIPMENT NO.

(i) The shipment number format requires first three data positions to be alpha, fourth position alpha-numeric and last three positions numeric, e.g., DFAR001 or DAR0001. Any document used as a packing list must include the shipment number information.

(A) The prime contractor shall control and assign the shipment number prefix. The shipment number shall consist of three alphabetic characters for each “Shipped From” address. The shipment number prefix shall be different for each “Shipped From” address and shall remain constant throughout the life of the contract. The prime contractor may assign separate prefixes when shipments are made from different locations within a facility identified by one “Shipped From” address.

(B) Number the first shipment 0001 for shipments made under the contract or contract and order number from each “Shipped From” address, or shipping location within the “Shipped From” address. Consecutively number all subsequent shipments with the identical shipment number prefix. While shipments should be created sequentially they can be released and accepted out of sequence.

(1) Use alpha-numeric serial numbers when more than 9,999 numbers are required. Serially assign alpha-numeric numbers with the alpha in the first position (the letters I and O shall not be used) followed by the three-position numeric serial number. Use the following alpha-numeric sequence:

A000 through A999 (10,000 through 10,999)

B000 through B999 (11,000 through 11,999)

Z000 through Z999 (34,000 through 34,999)

(2) When this series is completely used, the shipment number prefix will have to be changed when the series is completely used. WAWF will not allow duplicate shipment numbers to be created against a contract or contract and delivery order.

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

(ii) Reassign the shipment number of the initial shipment where a “Replacement Shipment” is involved (see paragraph (b)(16)(iv)(F) of this appendix).

(iii) The prime contractor shall control deliveries and on the final shipment of the contract shall end the shipment number with a “Z.” Where the final shipment is from other than the prime contractor's plant, the prime contractor may elect either to—

(A) Direct the subcontractor making the final shipment to end that shipment number with a “Z”; or

(B) Upon determination that all subcontractors have completed their shipments, to correct the DD Form 250 (see [F-304](#)) covering the final shipment made from the prime contractor's plant by addition of a “Z” to that shipment number.

(iv) Contractors follow the procedures in [F-305](#) to use commercial invoices.

(3) DATE SHIPPED. Enter the date the shipment is released to the carrier or the date the services are completed. If the shipment will be released after the date of contract quality assurance and/or acceptance, enter the estimated date of release. When the date is estimated, enter an “E” or select an "E" from the drop down menu in the “Estimated” block after the date. Do not delay submission of the WAWF RR for lack of entry of the actual shipping date. Correction of the WAWF RR is not required to show the actual shipping date (see [F-303](#)). Once the document is submitted the shipment date cannot be changed.

(4) B/L TCN. When applicable, enter—

(i) The commercial or Government bill of lading number after “B/L;” WAWF provides the capability to separately and correctly identify the Government Bill of Lading (GBL) from a Commercial Bill of Lading (CBL). An authorized user will select whether the entered bill of lading number is either a GBL number or a CBL number.

(ii) The transportation control number must be a 17 alpha/numeric digit min/max field, and WAWF provides the capability to enter two secondary transportation tracking numbers.

(5) LINE HAUL MODE. Select the Line Haul Mode of Shipment code from a drop down menu in WAWF.

(6) INSPECTION AND ACCEPTANCE POINT. Enter an “S” for Origin or “D” for Destination. In addition to “S” and “D,” WAWF allows acceptance at Other (O). For purposes of conforming to contract, "O" is equivalent to "D". In WAWF, destination acceptance is performed by the “Ship to” DODAAC organization and “Other” permits the acceptance of destination documents at a location other than the “Ship to.” The goods or services will be shipped to one location and the paperwork will be routed to another location for the actual acceptance.

(7) PRIME CONTRACTOR/CODE. Enter the prime CAGE code to which the contract was awarded.

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

(8) ADMINISTERED BY/CODE. Enter the DoDAAC code of the contract administration office cited in the contract.

(9) SHIPPED FROM/CODE

(i) Enter the CAGE or DoDAAC code of the "Shipped From" location. If it is the same as the CAGE code leave blank.

(ii) For performance of services line items which do not require delivery of items upon completion of services, enter the code of the location at which the services were performed. As mentioned in (i) above, if identical to the prime CAGE code leave blank.

(10) FOB. Enter an "S" for Origin or "D" for Destination as specified in the contract. Enter an alphabetic "O" if the "FOB" point cited in the contract is other than origin or destination.

(11) PAYMENT WILL BE MADE BY/CODE. Enter the DoDAAC code of the payment office cited in the contract.

(12) SHIPPED TO/CODE. Enter the DoDAAC, MAPAC, or CAGE code from the contract or shipping instructions.

(13) MARKED FOR/CODE. Enter the code from the contract or shipping instructions. Only valid DoDAACs, MAPACs, or CAGE codes can be entered. Vendors should use the WAWF "Mark for Rep" and "Mark for Secondary" fields for textual marking information specified in the contract. Enter the three-character project code when provided in the contract or shipping instructions.

(14) ITEM NO. Enter the item number used in the contract. Use a valid 4 or 6 character line item number under the Uniform Contract Line Item Numbering System (see [204.71](#)). Line item numbers with 6 characters with numbers in the final two positions are not deliverable or billable.

(15) STOCK/PART NUMBER/DESCRIPTION.

(i) Enter the following for each line item:

(A) The national stock number (NSN) or noncatalog number. If the contract contains NSNs as well as other identification (e.g. part numbers) the contractor should place the NSN information in the Stock Part Number field and the remaining numbers in the line item description field. The data entered in the NSN field must reflect the NSN of the material item being shipped and should be a valid NSN, 13 positions in length. In the "Type" drop-down field, select the corresponding type for the data entered. If no National Stock Number (NSN) or other valid "Type" is available, the word "NONE" may be entered for the Stock/Part Number, with a corresponding "Type" of any value other than NSN selected from the drop-down box.

(B) In the description field, if required by the contract for control purposes, enter: the make, model, serial number, lot, batch, hazard indicator, or similar description.

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

(C) The Military Standard Requisitioning and Issue Procedures (MILSTRIP) must be placed on the MILSTRIP Tab, not in the line item description field. Enter the MILSTRIP data for each CLIN when MILSTRIP data is identified in the contract.

(ii) For service line items, select SV for "SERVICE" in the type field followed by as short a description as is possible in the description field. Some examples of service line items are maintenance, repair, alteration, rehabilitation, engineering, research, development, training, and testing.

(A) For WAWF RRRs, the "Ship To" code is the DoDAAC, MAPAC, or CAGE code from the contract or shipping instructions.

(B) For service line items not using a WAWF RRR, the "Ship To" code and the "Unit" shall be filled out. The "Ship To" code is the destination Service Acceptor Code for WAWF. If source inspected and accepted, enter the service performance location as the "Ship To" code.

(iii) For all contracts administered by the Defense Contract Management Agency, with the exception of fast pay procedures, enter the gross weight of the shipment.

(iv) In the description field enter the following as appropriate (entries may be extended through Block 20).

(A) Enter in capital letters any special handling instructions/limits for material environmental control, such as temperature, humidity, aging, freezing, shock, etc.

(B) When a shipment is chargeable to Navy appropriation 17X4911, enter the appropriation, bureau control number (BCN), and authorization accounting activity (AAA) number (e.g., 17X4911-14003-104).

(C) When the Navy transaction type code (TC), "2T" or "7T" is included in the appropriation data, enter "TC 2T" or "TC 7T."

(D) When an NSN is required by but not cited in a contract and has not been furnished by the Government, the contractor may make shipment without the NSN at the direction of the contracting officer. Enter the authority for such shipment.

(E) When Government furnished property (GFP) is included with or incorporated into the line item, enter the letters "GFP."

(F) On shipments of Government furnished aeronautical equipment (GFAE) under Air Force contracts, enter the assignment AERNO control number, e.g., "AERNO 60-6354."

(G) For items shipped with missing components, enter and complete the following:

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

“Item(s) shipped short of the following component(s):
NSN or comparable identification _____,
Quantity _____, Estimated Value _____,
Authority _____”

(H) When shipment is made of components which were short on a prior shipment, enter and complete the following:

“These components were listed as shortages on shipment number _____, date shipped _____”

(I) When shipments involve drums, cylinders, reels, containers, skids, etc., designated as returnable under contract provisions, enter and complete the following:

“Return to _____, Quantity _____,
Item _____, Ownership (Government/contractor).”

(J) Enter the total number of shipping containers, the type of containers, and the container number(s) assigned for the shipment.

(K) On foreign military sales (FMS) shipments, enter the special markings, and FMS case identifier from the contract. Also enter the gross weight.

(L) When test/evaluation results are a condition of acceptance and are not available prior to shipment, the following note shall be entered if the shipment is approved by the contracting officer:

“Note: Acceptance and payment are contingent upon receipt of approved test/evaluation results.”

The contracting officer will advise—

- (1) The consignee of the results (approval/disapproval); and
- (2) The contractor to withhold invoicing pending attachment of the approved test/evaluation results.

(M) For clothing and textile contracts containing a bailment clause, enter the words “GFP UNIT VALUE.”

(N) When the initial unit incorporating an approved value engineering change proposal (VECP) is shipped, enter the following statement:

This is the initial unit delivered which incorporates VECP
No. _____, Contract Modification
No. _____, dated _____

(16) QUANTITY SHIPPED/RECEIVED.

(i) Enter the quantity shipped, using the unit of measure in the contract for payment. When a second unit of measure is used for purposes other than payment, enter the appropriate quantity in the description field.

(ii) On the final shipment of a line item of a contract containing a clause permitting a variation of quantity and an underrun condition exists, the prime contractor shall choose the Ship Advice Code "Z". Where the final shipment is from other than the prime contractor's plant and an underrun condition exists, the prime contractor may elect to direct the subcontractor making the final shipment to choose the Ship Advice Code "Z";

(iii) When the Government is performing destination acceptance the acceptor should enter actual quantity received in apparent good condition in the "Qty. Accepted" field of the Acceptor Line Item Tab.

(17) UNIT OF MEASURE. Enter the abbreviation of the unit measure as indicated in the contract for payment. Where a second unit of measure is indicated in the contract for purposes other than payment or used for shipping purposes, enter the second unit of measure in the description field. Authorized abbreviations are listed in MIL-STD-129, Marking for Shipping and Storage and in the WAWF Unit of Measure Table Link. For example, LB for pound, SH for sheet.

(18) UNIT PRICE. When using the WAWF RRR, the unit price is the price of the repair, overhaul, or maintenance service from the contract.

(i) The contractor may, at its option, enter unit prices on the WAWF RR, except when the contract has IUID requirements and the receiving report is being processed in WAWF, the unit price must represent the acquisition cost that will be recorded in the IUID registry. Therefore, in such cases, the unit price is required. See DFARS [252.211-7003](#), Item Unique Identification and Valuation.

(ii) The Contractor shall enter unit prices for each item of property fabricated or acquired for the Government and delivered to a contractor as Government furnished property (GFP). Get the unit price from Section B of the contract. If the unit price is not available, use an estimate. The estimated price should be the contractor's estimate of what the items cost the Government. When the price is estimated, enter "Estimated Unit Price" in the description field. When delivering GFP via WAWF to another contractor, WAWF will initiate a property transfer if the vendor who is initiating the WAWF RR is also registered as a vendor property shipper in WAWF and the vendor receiving the property is also a vendor property receiver in WAWF.

(iii) For clothing and textile contracts containing a bailment clause, enter the cited Government furnished property unit value as "GFP UNIT VALUE" in the description field.

(iv) For all copies of DD Forms 250 for FMS shipments, enter actual prices, if available. If actual prices are not available, use estimated prices. When the price is estimated, enter an "E" after the price.

Defense Federal Acquisition Regulation Supplement

Appendix F--Material Inspection and Receiving Report

(19) AMOUNT. WAWF will calculate and populate the amount by multiplying the unit price times the quantity.

(20) CONTRACT QUALITY ASSURANCE (CQA).

(i) The words “conform to contract” contained in the text above the signature block in the WAWF RR Header Tab relate to quality and to the quantity of the items on the report. Enter notes taking exception in Misc. Info Tab comment field or on attached supporting documents with an appropriate block cross-reference.

(ii) When a shipment is authorized under an alternative release procedure, contractors will execute the alternative release procedure in WAWF by including the appropriate indicator in the electronic transaction rather than through inclusion or attachment of the text of the certificate. The alternative release procedure only provides for release of shipment; Government acceptance must still be indicated by a Government official’s signature on the WAWF RR.

(iii) When contract terms provide for use of Certificate of Conformance and shipment is made under these terms, contractors will execute Certificates in WAWF by including the appropriate indicator in the electronic transaction rather than through inclusion or attachment of the text of the certificate. Government acceptance must still be indicated by a Government official’s signature on the WAWF RR.

(iv) *ORIGIN*.

(A) The authorized Government representative must:—

When individual shipments are held at the contractor's plant for authorized transportation consolidation to a single bill of lading, the contractor may prepare the WAWF RR or WAWF RRR at the time of CQA or acceptance prior to the time of actual shipment.

F-304 Correction instructions.

Functionality for correcting a WAWF RR or WAWF RRR is available for Defense Contract Management Agency administered contracts paid using the Mechanization of Contract Administration Services system with source acceptance. Preparation instructions and training for corrections is available at <https://wawftraining.eb.mil>. The instructions are part of the Vendor Training section.

(b) If the contracting officer authorizes the contractor to submit an invoice in paper form, the Government encourages, but does not require, the contractor to use the MIRR as an invoice, in lieu of a commercial form. If commercial forms are used, identify the related MIRR shipment number(s) on the form. If using the MIRR as an invoice, prepare the MIRR and forward the required number of copies to the payment office as follows:
